President Pledges To Recommend Tax Cuts

Excise Tax To Be First

By FRANK CORMIER

ATLANTIC CITY, N.J. (AP) — President Johnson told a bell-ringing, cheerng c.owd of labor union members today that he will recommend a cut in excise taxes next year. And he hinted at other tax cuts if prosperity continues.

This was Johnson's first flat disclosure that he favors lower excises — taxes on the retail prices of such items as lipsticks, auto tires and telephone calls.

Johnson, returnng to Convention Hall where he was nominated by last month's Democratic National Convention, addressed some 3,500 delegates to the 12th biennial convention of the United Steelworkers Union.

Minutes before his arrival, the delegates unanimously endorsed his candidacy.

Talking of bread-and-butter issues, Johnson sought to associate the Republican party with "voices of doom and despair." Although he did not mention the GOP, the President said these voices have been using "the same worn-out phrases against progressive legislation from Social Security through the war on poverty."

He said the public hears — but will not heed — "the same old arguments in the same old way, written, I imagine, by the same old man."

Turning to tax policy, Johnson had this to say:

"We will continue a fiscal policy which expands purchasing power to meet our power to produce. The tax cut was a part of this policy. In the future, we will not permit federal revenues to become a drag on our economy. Next year, we are planning to cut excise taxes."

By pledging that revenues would not be allowed to drag down the economy, Johnson hinted at further tax reduction. The 1964 tax cut, for example, was based largely on the theory that revenues were putting a brake on the economy.

Sen. Barry Goldwater, Republican presidential candidate, already is on record as favoring new tax cuts. Goldwater earlier this month proposed income tax reduction of 5 per cent for five years, contingent on tight budget control.

Johnson, returning to Convention Hall where he received the Democratic nomination on Aug. 26, emphasized bread-and-butter issues in his text for the steelworkers.

Hailing current prosperity, Johnson said, "America cannot afford a recession." He went on to paint this picture:

"A recession today, like those of the 1950s, would mean a loss of $20 billion a year in production—a loss of 1½ million jobs —a 40 per cent rise in unemployment."

Industrial Development Discussed

About 25 members of the Scurry County Industrial Development Corporation and other interested persons met for a two hour meeting Monday evening.

Meeting with the group was Larry Lidstrom, a representative of the fund-raising firm of Hockenbury and Company. The firm had conducted a survey here, and had reported their findings at a dinner meeting here recently.

The consensus of those attending the meeting Monday evening was that while a fund-raising campaign to raise capital to induce industrial development here was a worthwhile project, a better campaign could be waged if a need for the funds could be shown.

Most of those present felt that the public would accept the drive if there was a specific goal.

Claude McCormick, a member of the Development Corporation, said he felt that the drive should be conducted now, because not only would the funds be raised, but also because the city would gain a unity of purpose. He added that industries which were seeking sites preferred a city which had demonstrated its interest in attracting industry.

Discussion was also held with regard to whether a "team" approach by local citizens, or a full-time salesman approach was preferable in contacting prospects.

No action was taken by the group other than to defer any action on a fund - raising campaign.

CONFERENCE AT THE FARM — Former President Dwight D. Eisenhower gestures while walking with Sen. Barry Goldwater, Republican Presidential candidate, on the Eisenhower farm near Gettysburg, Pa. Goldwater visited Gen. Eisenhower at the farm where the pair did a television show for the Republican campaign. (AP Wirephoto)

Viet Answers Due Charges Goldwater

TULSA, Okla. (AP) — Sen. Barry Goldwater said today President Johnson has "hundreds of lives and hundreds of lies to answer for" as a result of his policy for South Viet Nam.

The Republican presidential nominee described the fighting in South Viet Nam as "a conflict without end and without apparent purpose."

"The situation in Viet Nam seems to have deteriorated from confusion to chaos in the past 24 hours," Goldwater said, in a speech prepared for the first stop of a two-day campaign swing through the Southwest.

He added: "Reports of collapse and crisis along the fighting front, in the government, in the cities and in the villages have poured in."

Goldwater began his campaign swing on his 30th wedding anniversary. The trip will take the Arizona Senator and his wife through Texas and New Mexico, then back through the Midwest to New England, winding up Saturday in Michigan.

He hit the campaign trial again after taking a day off Sunday and spending most of Monday taping a television show in Gettysburg, Pa., with former President Dwight D. Eisenhower. It will be shown tonight on a nationwide hookup.

Mrs. Goldwater stayed behind Monday night when the senator flew down to Charlotte, N.C., for his third stop in that state within a week.

More than 12,000 cheered and applauded in the Charlotte Coliseum as Goldwater challenged President Johnson to a television debate.

"I challenge my opponent, the interim President Lyndon Baines Johnson, to face the issues," he said. "I dare him to face me before the world. I ask of him — debate."

The prepared text had said, "I demand of him — debate." Goldwater changed "demand" to "ask" in delivering the speech. There was no explanation for the change.

Last Jan. 31, Goldwater said that if he were President he would not debate an opponent on television. He said that a President might make a slip in a television debate would could be costly to U.S. security.

Oil Field Engineer Is Killed

Stanley Price Hulen, 23, an employe of the Dow Chemical Company, was dead on arrival at a Big Spring hospital at 6:30 p.m. Monday after being overcome by acid fumes on an oil field lease 15 miles south of Big Spring.

Mr. Hulen, who moved to Colorado City on Aug. 1, was a graduate of Snyder High School, and had recently graduated from Texas Tech. He had gone to work for Dow on Aug. 1 and was working in their engineers' field training program.

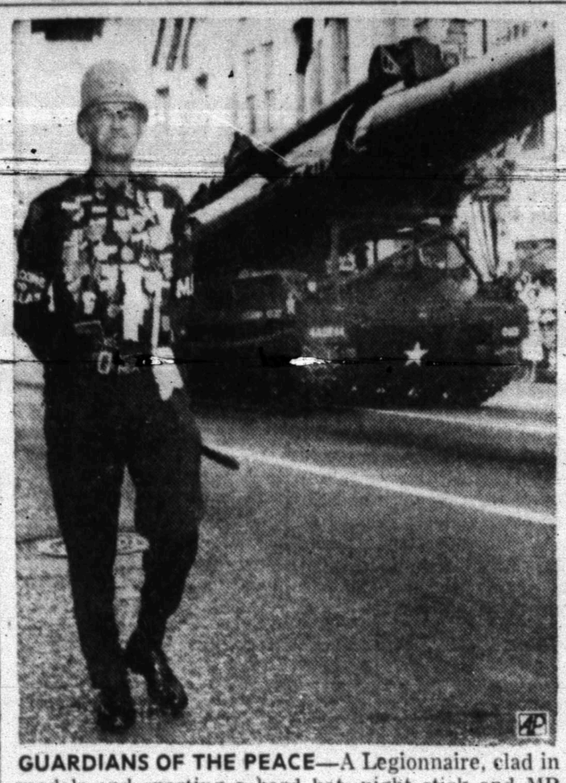

It was reported that he was on top of a 500-barrel acid tank which was being filled preparatory to acidizing a well when he was overcome. Co - workers at the scene applied artificial respiration, and continued to do so in the ambulance until he was pronounced dead at the hospital.

Mr. Hulen married the former Miss Danny Callaway of Snyder in August, 1962. Mrs. Hulen survives.

Also surviving are his parents, Mr. and Mrs. S. P. Hulen of Snyder; his maternal grandmother, Mrs. Maude Franks of Snyder; paternal grandparents, Mr. and Mrs. V. E. Hulen of Clark, Mo.; and one sister, Mrs. R. A. Garden of Olney, Ill.

Mr. Hulen was born May 18, 1941, at Winfield, Kan.

The funeral services will be held at 2:30 p.m. Wednesday at the Colonial Hill Baptist Church here with the Rev. Jimmie Nelson, former pastor of the church, and the Rev. Miller Robinson, pastor, officiating. Burial will be in Hilside Memorial Gardens under the direction of Bell - Seale Funeral Home.

Floods Hit Del Rio Area

By The Associated Press

Flood waters routed about 350 people from homes at Del Rio on the Mexican border during the night, and intermittent showers kept other Texans uneasy in deluged areas as far as 400 miles to the north today.

A hard thunderstorm which tapered into a steady downpour sent small San Felipe Creek out of banks at Del Rio, where it boosted the rainfall measurement to more than 10 inches since Saturday night.

Muddy crests rolled down other streams, meanwhile, from the swollen Trinity in the flood-plagued Dallas-Fort Worth vicinity to the Rio Grande, which flows 3 miles outside Del Rio.

Rains measuring up to 12.10 inches stopped in the area around Dallas and Fort Worth and flash floods subsided.

Widely scattered showers and occasional thunderstorms persisted in early morning, however, north and west of a curving line between Sherman, San Antonio and the southeast corner of New Mexico.

Cloudbursts which first struck during the weekend in remote areas of far Southwest Texas, pouring an unofficial 17 inches of rain onto watersheds of the Rio Grande and Nueces rivers, left a vast cleanup job.

Rushing torrents swept away several highway or railroad bridges and deposited costly layers of mud in several hundred homes across a broad section.

At Del Rio, San Felipe Creek spread from a normal width of eight to 10 feet in the east and south parts of two to 150 feet wide. Water surged into at least 100 houses, swept a driverless car downstream and blocked most bridges over the creek for a time.

Volunteers using high-wheeled vehicles evacuated occupants of flooded Del Rio homes. Rescue workers reported about 350 were taken to spend the rest of the night in the city's San Felipe High School and Sam Houston Elementary School.

Laughlin Air Force Base outside Del Rio sent blankets and a mobile kitchen to feed the evacuees.

High wind at the outset of the Del Rio storm felled dozens of trees, dropping a big one atop an empty car downtown, toppled a 60-foot short wave tower across a power line at a radio station, and overturned a house trailer onto a small foreign car. The only injuries reported, however, were scratches.

Helicopters from Laughlin AFB rescued eight campers from Silver Lake near Bracketville.

Larry Lewis Dies Monday

Funeral services will be held at 2 p.m. Wednesday for Larry D. Lewis, 17, a Snyder High School senior.

The youth was taken to Cogdell Hospital Monday evening. He died at 1:40 a.m. today.

Born Aug. 1, 1947 in Snyder, his residence here was at 1505 Avenue S.

The funeral services will be held at the North Side Baptist Church of which he was a member. The Rev. Jack Dean, pastor of the church will officiate. Burial will be in Snyder Cemetery under the direction of Bell-Seale Funeral Home.

Classmates of young Lewis will serve as pallbearers.

He is survived by his parents, Mr. and Mrs. Jimmy Browning of Snyder; his grandmothers, Mrs. Della Edmonson of Snyder and Mrs. J. C. Browning of Sweetwater; and one sister, Brenda Browning.

UAW Steps Up Bargaining Talks

By GENE SCHROEDER

DETROIT (AP) — Negotiators for General Motors Corp. and the United Auto Workers Union stepped up their bargaining efforts today to prevent a threatened nationwide walkout at the auto industry's biggest company.

Prodded by two strike deadlines, negotiating teams were expected to hold lengthy sessions this week and next to thrash out both a new contract for 354,000 UAW - represented employes and to settle local grievances.

UAW President Walter Reuther served a double strike notice on GM Monday, threatening to pull assembly-line workers off he job at 10 a.m. Friday unless a new national agreement is reached by that time.

Simultaneously, the union advised the giant automaker that even with a national contract on economic and noneconomic issues, there will be walkouts one week later if no settlement is forthcoming on more than 18,000 local at the plant demands.

Such a strike would affect 129 GM-plants in 71 cities.

The UAW made its move as GM came up with a new economic offer virtually matching the agreements reached by the union earlier this month with Ford and Chrysler.

Louis Seaton, GM vice president in charge of personnel, said the proposal was in line with the pattern established originally at Chrysler and would put the company's hourly rated workers "on an economic par with respect to wages and benefits."

WEATHER

SNYDER TEMPERATURES: High Monday, 71 degrees; low, 62 degrees; reading at 7 a.m. today, 67 degrees; precipitation, .08.

Coast: Southeasterly winds 8-18 knots with showers and thundershowers through Wednesday.

South Central Texas: Considerable cloudiness and warm this afternoon, tonight and Wednesday with occasional showers and thundershowers. Low tonight 70-80. High Wednesday 85-95.

Southeast Texas: Considerable cloudiness and warm this afternoon, tonight and Wednesday with occasional showers and thundershowers. Low tonight 70-80. High Wednesday 84-92.

Southwest Texas: Considerable cloudiness this afternoon, tonight and Wednesday with occasional showers and thundershowers. Turning cooler north Wednesday. Low tonight 64-78. High Wednesday 75-85 north 85-90 south.

Extreme Southwest Texas: Cloudy to partly cloudy this afternoon, tonight and Wednesday with occasional showers and thundershowers. Turning cooler tonight and Wednesday. Low tonight 55-70. High Wednesday 70-80.

Northwest Texas: Considerable cloudiness this afternoon and tonight; scattered thundershowers east and north ending tonight. Wednesday partly cloudy. A little cooler Wednesday and north tonight. Low tonight 48 northwest to 70 southeast. High Wednesday 75-75.

Rail Strike Postponed Indefinitely

WASHINGTON (AP) — The nation's trains chugged past another major strike threat today after a scheduled daybreak walkout was postponed indefinitely.

There appeared little likelihood of a renewal of the strike threat by 150,000 shop workers after negotiators announced a "tentative settlement" of their job security dispute.

The announcement Monday came about 14 hours before the scheduled 6 a.m. strike deadline and ended the second major threat of a vrtually nationwide rail tieup since April.

"We have reached an agreement on four of the major issues involved and feel certain we will be able to complete the agreement very soon," said Michael Fox, spokesman for six shop craft unions.

The unions had called the strike against most of the nation's railroads except the Pennsylvania and Long Island railroads, the Southern Railway System and the Florida East Coast.

Francis A. O'Neill, member of the National Mediation Board, said talks were to resume today "to try to wrap up the balance of this dispute."

NEAR LAS VEGAS

Four Men Still Trapped In Shaft

By JOHN LENGEL

MERCURY, Nev. (AP) — Workmen sought urgently today to extricate a mass of electrical cable and free four men trapped 1,800 feet underground in a nuclear test shaft.

"It's a slow, agonizing process," said an Atonic Energy Commission spokesman. "The workmen have never come up against a problem like this before."

A steel cable supporting the electrica. cable snapped about 6 p.m. Saturday and whiplashed upward striking and killing one man and injuring three others, none seriously.

The cable, thick as a man's wrist collapsed in a spaghetti-like snarl and clogged the bottom 300 feet of the 1,800-foot shaft. The shaft, cylindrical and steel-lined, is four feet in diameter.

Three 35-man crews in eight-hour shifts were working at extracting the mass of cable.

The trapped men were "comfortable and cheerful and were settling down for a good night's sleep," an AEC spokesman said Monday night.

They were in a 30-square-foot room with a 10-foot ceiling, adjoining the base of the shaft and built to hold test instruments for a nuclear test blast.

Plastic-wrapped food was lowered to the men through a 10-inch ventilation shaft.

The trapped men are George R. Cooper, Tucson, Ariz.; Art Luhnow, North Las Vegas, and Lloyd L. Shaw, Santa Barbara, Calif., all electricians, and Leland Roeder, a miner, Pioche, Nev.

Killed by the lashing cable was James C. Gray, 45, Indian Springs, Nev.

More than 100 underground test blasts — in as many different shafts — have been conducted at the site, at Yucca Flats, about 110 air miles northwest of Las Vegas.

Coliseum Site Is Approved

In an afternoon meeting Monday the Scurry County commissioners court authorized Commissioners Bill Hairston and Marion Dabbs to draw up a contract for the purchase of the Starlite Theatre property as a building site for the Scurry County coliseum.

The court had heard expressions of opinion regarding that site and the P. W. Cloud property on Avenue S at a meeting Monday morning which was attended by 125 citizens.

N. R. Clements, owner of the Starlite Drive - In, met with the court Monday afternoon. Clements had originally withheld a 900 foot strip of highway frontage on the East Highway, or about one-half of the East Highway frontage.

At the meeting Monday afternoon, however, Clements agreed to furnish an additional 200 feet, and retain only about 700 feet of frontage.

Following the meeting with Clements the authorization was given to prepare the contract, which will, of course, be subject to approval by both Clements and the court.

Some discussion was also held at the meeting regarding the other sites, but it was agreed by the court that the Starlite Theatre site was still their choice for the coliseum site.

Laborers Claim Win In Saigon

SAIGON, South Viet Nam (AP) — The general strike in Saigon was called off today. Labor leaders claimed a "complete victory."

Communications were restored. Electric power and water came on Monday night. Petroleum plants, tobacco factories, most dock facilities, textile factories and municipal buses were still idle but were expected to be back to normal Wednesday.

Government sources said the strikers still out had been given the rest of today as a holiday.

Premier Nguyen Khanh's government announced striking workers fired by a leading textile plant would be reinstated. The general strike of 20,000 workers Monday started in support of them but produced other, more sweeping demands.

Government negotiators apparently held the line against a labor demand for repeal of a state of emergency regulation barring strikes. Instead, the government was reported to sign a decree banning lockouts. It also offered a decree prohibiting employers from firing workers during the state of emergency.

Some labor leaders conceded the communist Viet Cong apparently was seeking to manipulate the strikers. A number of unidentified persons not connected with the labor leaders urged strikers on to demonstrate Monday, and some called for a charge on the premier's office building. Several thousand strikers had camped in front of the building as rain poured down.

Mobs have run wild in several cities in South Viet Nam during the past few days.

Deny Request Of Martin

AUSTIN — The State Supreme Court today denied a request by J. Ray Martin of Snyder to hear arguments on whether Martin's name should be on the ballot as an independent candidate for district attorney of the 132nd judicial district.

Martin earlier had been refused in his request to the secretary of state on the grounds that an independent candidate must indicate his intention to run before the filing deadline for candidates in party primaries.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My name is Dickie and I am ten years old. I went to Montana to visit my aunt and uncle for two weeks this summer and I had a very good time. They own a ranch and they let me ride a horse. They don't have any kids of their own and they let me do just about anything I wanted to do. When I got home, my mother said I had to write them a bread-and-butter letter. This is a letter saying thanks for the good time. Well, I started about 100 of these bread-and-butter letters and they all ended up sounding so stupid I tore them up and called them long distance on the telephone and told them thanks again for the neat time. The call came to $6.70. I didn't think it would cost that much but that is what it came to on the telephone bill. I want to draw $6.70 out of my savings account but my mother won't let me. She says that was no bread-and-butter letter and I have to write one anyway. Do you think this is fair?

DICKIE

DEAR DICKIE: Your mother is trying to teach you something that everyone should know. It is necessary to write a bread-and-butter letter after you've been a guest. Your short-cut showed refreshing (if extravagant) ingenuity, but it did not do the job of a "bread and butter" letter. Mind your mother, Dickie.

• • •

DEAR ABBY: My husband came home from a convention with LIPSTICK on his cigar holder! How about that?

JEALOUS

DEAR JEALOUS: You have nothing to worry about. A chronic Casanova would have removed the evidence.

• • •

DEAR ABBY: My husband and I just had the biggest fight of the year. We have two children, one and two, and I am expecting again. My husband wants to move to the country to a two-room house. It isn't even a modern house and you have to carry water a full block. The closest neighbor is 15 miles away and the store is 35 miles away. We have only one car, which he takes to work. There is no phone in the house and he says he isn't putting one in. (What if one of the children needs a doctor?) He says we will have no TV and not even a radio as I will have plenty to keep me busy. He says I'll have to make a vegetable garden so we can have fresh vegetables. His reason for all this is that I have too many friends. Abby, I have only one friend and she lives in my block. I visit her maybe an hour three times a week as she is an invalid. And I always take both children with me. My husband lets me go to the store only once a week and as soon as I get home he asks me who I talked to, what they looked like and what we said. His mother says I am his wife and it is my duty to live where he wants me to. Can you help me?

TRAPPED

DEAR TRAPPED: If your explanation of your husband's reasons for a move to the country is accurate, your hubby is a candidate for the couch. YOU don't need help — HE does! So help me.

NEW BAPTIST ASSOCIATION OFFICERS—Elected yesterday to serve as officers of the Mitchell-Scurry Baptist Association were, from left, the Rev. Thomas Hall, pastor of Fluvanna Baptist Church, vice moderator; the Rev. Allan Cartrite, pastor of Green Hill Baptist Church, moderator, and Mrs. T. J. Riden of Loraine, as Woman's Missionary Union president. Greeting the new officers is the Rev. Byron Bryant, right, religious activities director at Hardin - Simmons University. Rev. Bryant brought a message on Christian Education. Other speakers included the Rev. Roy Haynes, Dr. Frank Royal of Southside Baptist Church in Abilene, and Dr. James Basden of Dallas, who represented the Baptist General Convention of Texas. The 41st annual meeting of the association was held at First Baptist Church here. Dr. A. B. Lightfoot, program chairman, said the next meeting will be held Oct. 13 at First Baptist Church in Colorado City.

"Sleazy Smears" Says Bill Miller

By ROBERT T. GRAY

WASHINGTON (AP) — Rep. William E. Miller said today he is the target of "sleazy, unsubstantiated smears" and charged that the Johnson administration apparently had given tax and other records to "favored columnists and the Democratic National Committee."

But, said the Republican vice presidential candidate, "combined they cannot come up with any evidence which reflects on my integrity and character."

He volunteered to testify if a full-scale investigation is opened into alleged irregularities in the House of Representatives. Such an investigation does not appear likely at this point.

Miller said the Johnson administration apparently "has placed at the disposal of certain favored columnists and the Democratic National Committee all of the facilities and records of the Internal Revenue Bureau, the Department of the Army and other agencies."

As for allegations against himself, Miller said he would devote no further campaign time to answering them.

He said his responsibilities in the campaign were to discuss the principal issues facing the nation — "including the questions of Lyndon Johnson making a massive personal fortune during his year in Congress in an industry wholly controlled by the federal government (and) the obvious coverup and whitewash by the administration of the Bobby Baker case."

The Republican vice presidential nominee commented in a statement issued through his press office as he headed for a marathon campaign swing that will take him to more than 30 cities in 16 states over the next 12 days.

Most of the trip will be concentrated in the West and will include four days in California which Miller has termed a "strategic battleground" for the GOP in the election.

TODAY'S MARKETS

NEW YORK (AP)—Noon cotton: Oct. 31.81, Dec. 31.46 and March 31.57.

AUSTIN (AP)—Poultry: South steady; supplies adequate; demand moderate. Prices unchanged.

Notables Arrested At Deb Parties

DARIEN, Conn. (AP)—Three corporation executives, a psychatrist and a teacher are among 12 persons charged with serving liquor to minors at dinner and debutante parties in two Darien homes.

The arrests Monday drew wide attention throughout Fairfield County, one of New York City's most fashionable suburban areas.

The charge is based on a 1933 Connecticut law that prohibits the serving of liquor to anyone under 21, except by his parents. No one could recall it being invoked before.

The minimum age for buying liquor in Connecticut is 21, in New York state, just a few miles from here, it is 18.

The statute was invoked by Circuit Court Judge Rodney S. Elelson presiding at the trial of Michael Smith, 18, who pleaded innocent to charges of reckless driving and negligent homicide in the death of Nancy Hitchings, 17, last June 23.

The two were in a car that crashed shortly after the parties. Smith's trial has been continued until Sept. 30.

One of those arrested was Carlton Josselyn of Westport, a science teacher in Farifield Public School who was a bartender at one of the parties.

His lawyer, Louis Stein, said: "There were four Darien policemen at the party. They saw everything that went on, including the drinking. I have asked that they be arrested as accessories after the fact."

Police often stand by at larger house parties to control traffic on the narrow roads and prevent party crashing.

Gladys Still Poses Threat

MIAMI (AP)—An unexpected switch in course by hurricane Gladys brought the Atlantic Coast from Cape Hatteras, N.C., to Sandy Hook, N.J., into the danger zone today.

The Weather Bureau put this section of the coast on a "hurricane watch" and warned of tides three to four feet above normal from Cape Hatteras to New York and in lower Chesapeake Bay.

Monday, indications had been that the 100-mile-an-hour storm would pass northward off the coast, a danger only to ships at sea.

At dawn, the hurricane watch was ordered for the coast and gale-warning flags were hoisted from Wilmington, N.C., northward to Provincetown, Mass., and on Chesapeake and Delaware bays.

Cubs To Organize At East Elementary

An organizational meeting for Cub Scouts will be held at 7 o'clock tonight at the East Elementary School. Boys aged 8, 9 and 10 are invited to attend.

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you sent it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

BOOK LEARNING FIRST — A school teacher — Petita Saa de Robles, future First Lady of Panama, explains a problem to a future citizen while several other young pupils wait.

Panama's Future First Lady —

By LUIS C. NOLI

PANAMA CITY (AP) — When the school year opened in Panama on May 20, Mrs. Petita Saa de Robles reported for work along with 6000 other elementary school teachers in the country. Her gesture won widespread praise.

For Mrs. Robles on that day already was the First Lady-elect of the country, yet she thought of herself first as a teacher.

At 38, Mrs. Robles (her real name is Petra Queruba Saa de Robles) will be one of the youngest First Ladies in the history of Panama. She also will be one of the most attractive.

Her Spanish ancestry — her parents immigrated into Panama from Spain many years ago — shows sharply in her features. Born the fifth child in a family of six in the interior town of Penonome, in Cocle Province, 93 miles from the capital, she graduated as a teacher in 1944.

Leave of Absence

Her elevation to the position of First Lady found her as assistant principal of the Republic de Chile elementary school.

After October 1, when her husband, Marco A. Robles, 58, is sworn in as president for a four - year term, she must take an indefinite leave from her job.

"But this won't affect my teaching career at all," she says. "I'll keep in touch with out educational problems, and every teacher will find in me a sister who will strive for the improvements and rights to which the teaching profession in entitled."

Poor Children

The now First Lady campaigned actively for her husband, principally through the party's feminine centers and by frequent appearances on television and radio programs. She also contributed newspapers articles, urging women to vote for her husband.

The thick of the political campaign came during the months of February, March and April during which the schools are closed for the dry season.

But she never let political activities interfere with her first concern — looking after her husband and their three daughters, Raquel Aracolli, 13; Lia Gisela, 11, and Roxana Querube, 3½.

New Goal

One of her goals as First Lady, she says, will be the construction of a "Children's Town" as a state project.

"If everyone works together to help Panama's poor children," says Mrs. Robles, "then the newspapers, the radio and television will have no stories about juvenile delinquency."

Mrs. Robles feels that Panama's women are increasingly aware of their "supremely important" role in the nation's social development.

As First Lady, Mrs. Robles also will be president of the National Red Cross. One of her projects is to raise funds for a new Red Cross headquarters building.

Judging from the drive she displayed in campaigning for her husband, most people agree she will achieve all of her goals as First Lady of the Republic.

WOMEN

Band Parents Club Holds First Meet

The Snyder High School Band Parents Club held their first meeting of the year Monday at 7:30 p.m.

President Harold Bennett presided until new officers were duly elected. New officers are: Mr. Jurden Brunken, president; Dr. Robert Hargrove, vice president; and Mrs. Robert Clinton, secretary - treasurer.

Committee chairmen are: Banquet - Mrs. Bill Starnes. Telephone - Mrs. Dan Westfall. Chaperone - Mrs. Robert Eime. Spring Party - Mr. and Mrs. Bill Byers. Social - Mr. and Mrs. D. V. Merritt. Membership - Mr. and Mrs. J. C. Burton. Fruit cake committee - Mrs. Elmo Crowder. Publicity - Mrs. Troy Ramon Welch.

A nomination was made and passed to present two $250 scholarships to talented, deserving senior band students, and $50 scholarship for one junior student to summer band school, also one $50 scholarship in the same category to a sophomore student.

Various projects and plans for future fund raising were discussed. The High School Band Parents Club urges all parents and interested persons to join this active organization.

China Grove News

By MRS. N. F. HALL

Recent guests of Mr. and Mrs. T. J. Webb were Mr. and Mrs. Ivan Beezley and Mrs. Mae Webb, all of Snyder.

Mr. and Mrs. A. R. Thompson visited Mrs. W. C. Wood and Mr. and Mrs. Russell Dunn and children of Valley View recently.

Darrell Mize visited friends in Dallas over the weekend.

Those attending the Fair in Abilene this week were Mr. and Mrs. R. L. Hall and Wetonia, Darrell Mize, Donna Hall and Hollis Mize, Jr.

Mr. and Mrs. Roy Allen recently visited Mr. and Mrs. Mac Allen and family of Snyder.

The singing of old gospel songs was given in the home of Mr. and Mrs. J. D. Hill Saturday night. A number of guests attended.

The musical in the N. F. Hall home Saturday night was enjoyed by a number of guests. The Western Swing Band consisted of Everett Haggerton, Arlis Cotton, Curtis Shaw and Robert Hoyle.

Mr. and Mrs. L. C. Mize were in Abilene Thursday.

Mr. and Mrs. Bo Merket and family of Colorado City recently visited Mr. and Mrs. Floyd W. Merket.

Mrs. Richard McFarland of Dunn recently visited Mr. and Mrs. Charlie White and family.

Mr. and Mrs. Buddy Bryant of Odessa were guests in the N. F. Hall home Sunday.

Mr. and Mrs. Frank Wilson recently visited Mrs. Maggie Bullock and Mr. and Mrs. Lawrence Ruddick and family of Colorado City.

Mr. and Mrs. Tommy Jones of Lubbock recently visited Mr. and Mrs. Pete White and Rayburn.

Quick luncheon sandwiches! Make them from sardines mashed with mayonnaise and spread over slices of toasted bread; top with plenty of grated cheddar cheese and broil just until cheese melts. Be sure to have the sardine mixture and the cheese come over the edges of the bread so there's no scorching.

Firemen Licking Monsterous Fire

By RON SOBLE

CALISTOGA, Calif. (AP) —A monster forest fire that marched 18 miles in 15 hours, charring 90 square miles of timber and brush and endangering two cities, neared control by firemen today.

Like a fiery giant in seven-league boots, the blaze strode across the rugged mountains separating the Napa Valley resort town of Calistoga and Santa Rosa, seat of adjacent Sonoma County.

By dawn, weary firefighters appeared to have beaten back the fire 1½ miles southwest of exhausted Calistoga after a siege of two days.

The meandering blast furnace that hopscotched the tops of lofty pines over the mountains into Santa Rosa also was contained, but only after three fiery fingers had laid waste to some 25 homes, forced evacuation of about 2,000 persons and threatened a hospital and a convent.

Whipped by high winds to express-train speeds, the fire started on its devastating trek late Monday afternoon.

Earlier in the day, it had swept into Calistoga, destroying or charring 50 homes and putting half the population to flight.

Beaten off once, the fire spread eastward from Calistoga, only to turn once more on the beleaguered city ahead of a shifting wind.

Again firefighters blocked the path of the blaze. And again a capricious wind sent it eastward.

The fire crackled into Santa Rosa early this morning.

Burning out of the mountains and across fields of tinder-dry brush, the fire first threatened Lomita Heights, a new subdivision of homes in the $50,000 to $100,00) range.

Firemen saved the subdivision but the blaze then sped toward the 150-bed Sonoma County Hospital. As city buses stood by to evacuate patients, the fire ran out of fuel at bulldozer-gouged fire lines just 200 yards from the hospital.

The fire burned along the ridges on both sides of Rincon Valley, where most of the damage to homes occurred.

Some 200 city employes manning bulldozers and steam shovels joined firemen in throwing a protective ring around the fire's next threatened target—the Ursuline Convent housing 116 students and 16 Catholic nuns.

By early morning, the convent was believed out of danger.

And officials in both communities — despite the devastation —were thankful.

"It was a miracle there were no major injuries," said Kent Bathurst, assistant city manager of Santa Rosa.

Most serious injury reported was a shoulder separation suffered by an unidentified youth who tumbled down the side of a canyon while fighting the fire near his home.

Heightening hope the fire will be controlled today is the anticipated use of borate bombers provided by the California Division of Forestry.

The danger point also appeared to have passed in Napa, 30 miles south of Calistoga at the opposite tip of the wine-rich Napa Valley.

Controversial Plane Has Troubles

By CHARLES MAHER

EDWARDS AIR FORCE BASE, Calif. (AP) — The nation's biggest bomber ran into trouble its first time up, but trouble is nothing new to the XB70, a breed of plane regarded by some as an absolute must and by others as an obsolete bust.

Off the drawing boards the better part of a decade, the 185-foot-long monster finally got off the ground Monday, and:

—First off, developed either instrument or mechanical trouble and went through most of its 65-minute maiden flight with one of its six engines dead.

—Developed landing gear trouble, and, as a precaution, kept its wheels and its speed down the rest of the flight.

—Landed with a fiery splash, burning two tires that apparently were held rigid by a locked brake.

The Air Force brushed aside these annoyances, expressed satisfaction with the flight, and said it expects the triangular-winged craft to carry on as a research vehicle — a role somewhat less dramatic than the one in which the XB70 was originally cast.

The XB70, which has a slender fuselage and looks like a flying serpent, was designed to go as fast as 2,000 m.p.h. and as high as 80,000 feet.

Monday it was expected to reach 700 or 800 m.p.h. and about 35,000 feet, but the malfunctions held the speed to about 375 m.p.h. and the altitude to 16,000 feet.

About $1.2 billion has already been sunk into the XB70 program. Before the testing is over the investment may be $1.5 billion.

The Air Force issued a requirement for such a plane in October 1954. North American won a design competition the next year.

The first flight was to have been in December 1962, but there were technical delays.

Gorillas Just Don't Have Much Appeal

SEATTLE, Wash. (AP) — Woodland Park Zoo's Frank Vincenz is tired of hearing jokes about his two unmateable gorillas, Bobo and Fifi.

He asked a Tacoma couple, Mr. and Mrs. Rueben Johnston, to bring over their baby gorillas Monday in hopes the young ones might give his charges romantic ideas.

Despite the babies' rompings, Bobo tossed garbage, and Fifi turned a cold shoulder.

Three of the first four houses in Chevy Chase, Md., still stand.

Phils Finally Reveal A Single Weakness

By MIKE RATHET
Associated Press Sports Writer

It's taken 150 games but the National League-leading Philadelphia Phillies finally have revealed a weakness.

All the opposition has to do is get a man to third base. Then it's all downhill.

Cincinnati's Chico Ruiz reached third in the sixth inning Monday night and promptly became the second player in three games to beat the Phillies by stealing home.

Ruiz' theft and John Tsitouris' six-hit pitching gave the Reds a 1-0 victory and pulled second-place Cincinnati to within 5½ games of the Phillies, who were beaten by the Los Angeles Dodgers 4-3 Saturday night when Willie Davis stole home in the 16th inning.

In the only other game scheduled Monday, Rusty Staub drove in two runs and Ken Johnson pitched a four-hitter as the Houston Colts defeated San Francisco 3-1 for their fifth straight victory — and the third under new Manager Luman Harris.

The loss left the fourth-place Giants seven games back of the Phillies with only a dozen games remaining. The Phillies tangle with the Reds again tonight, seeking to move closer to their first pennant since 1950 sending Chris Short, 17-7 against Jim O'Toole, 15-7.

The American League pennant race resumes this afternoon when second-place Baltimore meets Detroit. The Orioles, one game behind the front-running New York Yankees, will start Milt Pappas, 15-5, against the Tigers' Hank Aguirre, 5-10.

The Yankees are scheduled for a twi-nighter at Cleveland while third-place Chicago, trailing by two games, is at Los Angeles for a night game.

Tsitouris, who brought his record to 8-11 with his first shutout of the season, was locked in a scoreless duel with Art Mahaffey, 12-9, until Ruiz darted home.

Chico led off the sixth with a single, moved to third on a single by Vada Pinson and, with Mahaffey pitching to Frank Robinson, suddenly broke for the plate. Mahaffey's throw was wide of the plate and skipped by catcher Clay Dalrymple.

Ruiz, however, was officially credited with his seventh steal of the season on a play that admittedly surprised everyone involved.

Johnson, now 11 - 16, was tagged for a homer by rookie Jim Hart in the fourth inning, then shackled the Giants on one hit the rest of the way.

Staub tied the score in the Colts' half of the fourth when he homered off Bob Bolin. Houston scored the tie-breaking run in the fifth on a single by Jim Wynn, a sacrifice and John Bateman's double.

The final Colt run scored in the eighth on a walk, Joe Morgan's single and a sacrifice fly by Staub.

SPORTS

Tittle Flattened By 270-Pounder

By HAL BOCK
Associated Press Sports Writer

NEW YORK (AP) — Hanging out the pro football wash — and didn't the Pittsburgh Steelers put Y. A. Tittle through the wringer.

John Baker, a 270-pounder, put Tittle in a daze and the New York Giants in a tizzy with a bone jarring tackle that knocked the veteran quarterback out of Sunday's game.

The injury, diagnosed as severely bruised cartilages around three ribs, left Tittle as doubtful at best for Friday night's game with the Washington Redskins. If Y.A. can't go, Gary Wood, a rookie, will handle the signal calling.

It would be a tough spot for a 21-year-old from Cornell with the Giants 0-2 and desperately needing a win to stay alive in the National League's Eastern Division race.

If that fellow who kept scoring touchdowns for San Francisco in its upset victory over Philadelphia looked familiar to Eagle Coach Joe Kuharich, there was a good reason.

Mike Lind played for Kuharich for three years at Notre Dame. At least he was on the Irish roster. Injuries limited him to five games in the three seasons, so that Kuharich never did see much of him.

Lind made up for it Sunday, scoring three times, and Kuharich would just as soon not see any more of him.

One man's meat and potatoes is leftover hash for another.

After the Los Angeles Rams had blown a fourth-quarter lead and had to settle for a tie with the Detroit Lions, Ram Coach Harland Svare was philosophical.

"A tie in this league is like a win," said Svare.

Not so for Lion Coach George Wilson. "We lost because we didn't block and tackle," the disappointed Wilson said.

Boston Patriot Coach Mike Holovak was talking to reporters after his club lost the American League title to San Diego by 51-1 last January.

"For the life of me," Holovak said, "I can't believe that's the difference between the two teams."

The Pats proved he was right coming back to knock off the Chargers 33-28 Sunday.

Dumas Back In Familiar First Place

DALLAS (AP) — Dumas, which won back-to-back state championships in 1961 and 1962, has returned to the No. 1 spot in Class AAAA schoolboy football.

The Demons beat Borger 34-15 last week and that shot them into first place, knocking Pharr-San Juan-Alamo down to seventh.

Otherwise, the Dallas News poll of schoolboy football remained much the same with Garland and Spring Branch 1-2 in Class AAAA, Phillips and Ballinger 1-2 in Class AA and Hull-Daisetta No. 1 in Class A.

McKinney, which scored an impressive victory over Athens last week, moved into second place in Class AAA, with Vidor holding No. 3 and Brownwood No. 4.

Petersburg, the defending champion of Class A, continued to move up. Petersburg now is No. 2.

Rankings by classes:

Class AAAA—1, Garland; 2, Spring Branch; 3, Amarillo Tascosa; 4, Galena Park; 5, Victoria; 6, Dallas Hillcrest; 7, Pasadena; 8, Houston Lee; 9, Tyler; 10, Port Arthur.

Class AAA—1, Dumas; 2, McKinney; 3, Vidor; 4, Brownwood; 5, Clear Creek; 6, Palestine; 7, Pharr-San Juan-Alamo; 8, Andrews; 9, Kermit; 10, Austin Lanier.

Class AA—1, Phillips; 2, Ballinger; 3, Rockwall; 4, Hondo; 5, Crane; 6, Denver City; 7, West; 8, Iowa Park; 9, Paul Pewitt; 10, Palacios.

Class A—1, Hull-Daisetta; 2, Petersburg; 3, Ingleside; 4, Albany; 5, Idalou; 6, Seagraves; 7, George West; 8, White Oak; 9, Jefferson; 10, Waller.

Lions Owner Says Over One Fined

DETROIT (AP) — William Clay Ford, owner of the Detroit Lions, said Monday night "more than one" of his National Football League players had been fined for violating an 11 p.m. curfew last Friday before Saturday's game against Los Angeles.

Ford said the fines ranged up to $100 "and they're going to stick."

Asked if a report were true that "several, meaning three or more" had been fined, Ford replied: "Let's just say more than one."

The Lions and Rams tied 17-17 Saturday.

Welsh Fans Backing Fellow Countryman

LONDON (AP) — Thousands of Welsh boxing fans arrived in London to root for Brian Curvis, their national idol, in his bid for Emile Griffith's world welterweight title tonight.

Griffith, the hard-hitting, 26-year-old New Yorker, is a 2-1 favorite to win the 15-rounder before a sellout crowd of 10,300 in Wembley's indoor stadium. The fight is scheduled to start about 3 p.m., EST.

The 27-year-old Welshman holds the British and Empire titles.

Three Holes In One Logged In One Day

ROCHESTER, N.Y. (AP) — A hole-in-one — a golfing rarity — was accomplished Monday by three players at the Oak Hill Country Club.

Joseph Scanlon of Rochester, a retired tire dealer who is in his 70s, scored his ace on the 132-yard 4th hole of the club's West course, using No. 6 iron.

Carl Jones, a 52-year-old ice cream manufacturer from Rochester, put in a No. 4 iron shot on the East course's 161-yard 11th hole.

J. P. Scullin, 40, a dentist from Oswego, bagged a hole-in-one with a No. 7 iron on the 120-yard 15th hole of the East course.

Colts Down Toads, 22-0

The Colts broke a scoreless tie in the third period and went on to defeat the Toads, 22-0 in a Pee Wee football game Monday afternoon.

Kari McKinney scored all three touchdowns for the Colts, while Mike Line and Johnnie Rushing picked up two extra points each.

For the Toads, Randy Wright was cited for his play on both offense and defense, and Marty Tate showed to advantage on offense and Kerry Clay on defense.

Royal Reserves Judgment

AUSTIN, Tex. (AP) — Before the season started Coach Darrell Royal said his Texas team just couldn't possibly be as good as last year's national champions.

After the Longhorns played a game — beating Tulane 31-0 without getting up much of a sweat — Royal wasn't so sure.

He said today he still couldn't figure out how his squad compares with 1963.

At least the guy is wavering. He'll just have to see more of them to make up his mind.

One of the things that prevented his reaching a conclusion was the way the Longhorns played against Tulane.

"I was disappointed when we got 10 points ahead and started just standing around, shoving around, with no sparks flying," he said. "Champions have to play if it snows or rains, if it's hot and humid or whatever the situation."

Royal added, "It's easy to play when conditions are good. It takes champions to play when they are bad. Football is a spartan game."

Royal was asked if this year's squad had a different attitude than his 1963 champions.

"That's one of the things that I don't know," he replied. "I don't know what kind of team we have. We haven't been put to a test. Tulane was just shy of personnel. They were no test against us until the fourth quarter."

Rice has been a nemesis for LSU since 1959. The Tigers haven't beaten the Owls since that year and they haven't won in Houston's 70,000-seat Rice Stadium since 1958 — the same year LSU won the national championship. The skein of defeats in the stadium includes a loss to Baylor in the Bluebonnet Bowl last December.

In fact, Jess Neely and John Howard Vaught of Mississppi are the only two football coaches in the business who can say that McClendon has never beaten one of their teams.

As McClendon starts his third year at LSU, his teams have beaten every team they've played at least once except Rice and Ole Miss.

Royal from making a decision is the fact that he has no No. 1 quarterback as was the case last season.

Jim Hudson and Marvin Kristynik have been alternating and Royal says there's very little to choose between the two.

Other coaches might think he had an enjoyable controversy going on in his mind when he has two quarterbacks who are so good he can't choose between them.

He also might be glad to hear that Texas Tech coaches already have made a decision for him on the strength of this year's team.

Scout Berl Huffman of Tech looked over Texas against Tulane and said "10 points better than last year's national champions."

Coach J. T. King of Tech said, "We know that we are facing the nation's No. 1 team this week."

Texas meets Texas Tech Saturday night to open the Southwest Conference race. Then come Army and Oklahoma.

Neely Impressed By Screen

By BEN THOMAS

BATON ROUGE, La. (AP) — The gray-haired football coach got on the elevator to ride down from the press box in Tiger Stadium after watching Louisiana State nudge Texas A&M 9-6.

"What did you think, coach?" asked a sports writer.

"Nice game from a spectator standpoint," replied the coach.

"I mean, what did you think of LSU's new offense?"

"Boy, it sure was hot tonight."

Jess Neely has been coaching football for 38 years — 25 at Rice University. "That's one year more than I'm old," says LSU Coach Charlie McClendon, who takes his team to Houston Saturday night to play the Owls.

Jess Neely wasn't talking much last Saturday night. He had a few things more to say Monday.

Talking via long distance to the New Orleans Quarterback Club, Neely said "Tell Mrs. Screen to keep that boy of hers at home this Saturday."

Mrs. Screen's Boy, Pat, guided the Bayou Bengals last Saturday as McClendon unveiled a new pro-type offense with end Doug Moreau converted to a flanker back. Screen, a junior, got 116 yards passng plus another 67 rushing.

Later in the day, Neely was asked at Houston what was the difference between the LSU team that beat the Aggies and the one the Owls defeeated 21-12 last year in Houston.

"Screen," said Neely, with a fixed stare.

Reminded that Screen had quarterbacked the Tigers at the start of last season until injured against Miami, Neely continued, "sure, but he didn't pass

Quarterback Session Set

The Snyder Quarterback Club will hold its regular weekly meeting at 7:30 tonight in the high school cafeteria.

In addition to club business, the meeting will feature reports from coaches of all teams in the local school system and a scouting report on the Big Spring Steers, this week's opponents of the Tigers.

A film of the Snyder - Stamford game will be shown at the conclusion of the session.

Bring out the beauty in your home...

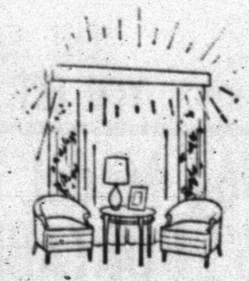

with modern *light for living*...

The lighting in your home can do much more than merely dispel darkness. Good light in the living room, for example, can add an atmosphere of charm and cheer. It can bring out the beauty of your furnishings. It can make the room a hospitable background for entertaining . . . and an inviting center for your family's leisure hours. To enjoy both beauty and eye comfort in the living room, you need three kinds of light: (1) general lighting for overall room illumination; (2) local lighting at chairs and sofas for close visual tasks; (3) accent lighting for decorative purposes. Your lighting dealer will gladly help you choose the lamps and fixtures you need for modern Light for Living. Or call our office and we'll send a lighting specialist to help you with suggestions.

For close visual tasks, like reading or sewing, portable lamps should be a part of each furniture grouping. The average living room needs from three to five portable lamps.

Overall lighting adds glamour and spaciousness to rooms. A lighted valance like this provides indirect light on the ceiling plus dramatic downlight on drapes and wall.

Accent lighting with recessed or exposed downlights brings out focal points of beauty. Lighted wall brackets may be used for the same purpose.

Texas Cities To Lose Air Service

WASHINGTON (AP) — The Texas cities of Borger, Paris and Galveston were listed Monday among 72 across the country that failed during the last fiscal year to generate sufficient airline traffic to meet minimum standards set by the Civil Aeronautics Board.

The CAB has authorized airlines operating at those cities to discontinue service. The criterion for retaining service is the generation of at least five passengers a day.

"Unless adequate use is made of the air service, its cost to the government is not warranted," the CAB said, "and continuation of the service would not be in the best interests of the public."

Airlines serving Texas and affected cities are:

Trans-Texas: Galveston, Tex., Morgan City, La., and Santa Fe, N.M.

Central: Borger and Paris, Tex., Dodge City, Garden City and Goodland, Kan., Guymon, McAlester and Muskogee, Okla., and Lamar, Colo.

Senator's Financial Worth Short Of Other Hopefuls'

By BARRY SCHWEID

WASHINGTON (AP) — Sen. Hubert H. Humphrey has made public his assets down to the dollar and turns out to be last — or first, depending on how you look at it — in the presidential and vice presidential financial derby.

The Johnson, Goldwater and Miller returns already were in when the Minneapolis accounting firm of Touche, Ross, Bailey & Smart reported Monday that Humphrey and his wife have total assets of $171,396.

This is within striking distance of the $260,730.57 in net assets credited to Republican vice presidential candidate William E. Miller and his wife. But it's a long way distant from the $1.7 million-a-year net assets GOP presidential nomine Barry Goldwater listed for himself and his wife and the $3,484,098 an auditors' statement credited to President and Mrs. Johnson.

A shower of criticism greeted the Johnson figure when it was made public last month because the assets were on a cost basis — perhaps one-third or less of present market value. Some estimates on the Johnsons' worth ranged up to $14 million.

Humphrey's report, on the other hand, was made on the basis of present market value — a "basis of reporting we believe to be appropriate in the circumstances," the accountants said in a statement.

To arrive at the final figure of $171,396, liabilities of $19,887 were subtracted from total assets of $191,283.

The liabilities included an $8,887 mortgage on a home in Waverly, Minn., and household bills totaling $1,000.

Among the assets were $20,140 in the U.S. Civil Service retirement fund, government notes and bonds of $45,913, stocks and bonds worth $40,389 and $7,341 in cash in banks.

Real estate in Chevy Chase, Md., and in Waverly was listed at a total market value of $64,000.

A registered pharmacist, Humphrey has a $3,900 stock interest in the family pharmacy in Huron, S.D.

Before the report was released, the Democratic vice presidential nominee predicted it would show he is eligible neither for aid from the poverty program nor for membership in th millionaires' club. But, he said then, "There'll be enough there to take care of Mother."

The Bureau of Indian Affairs is training 60 Chippewas in Turtle Mountain, S.D., to turn out factory-made reproductions of Indian crafts. Other tribes are receiving similar help.

Rains Will Delay Crop Harvesting

AUSTIN (AP)— Rain forced abandonment of farming activities in most areas of Texas last week and eased moisture shortages in some critically dry areas, the U.S. Agriculture Department reports.

The southern High Plains, trans-Pecos and portions of the Lower Rio Grande Valley received only light showers.

Some rains delayed the maturing and harvest and initiated second growth in cotton and sorghum. Small grain farmers benefitted from moisture which will sprout dry planted seeds and encourage rapid planting of prepared seedbeds.

The cotton crop is one-third harvested and 59 per cent of the sorghum crop is harvested, both about the same as last year. Corn harvest is 87 per cent complete.

Rain interrupted field activity in High Plains vegetable fields, but cooler weather benefitted all crops. In South Texas, planting of cabbage, carrots, broccoli, cauliflower, lettuce and onions continues.

Warren Report To Be Published This Weekend

By STERLING F. GREEN

WASHINGTON (AP) — The Warren Commission's report on the assassination of President John F. Kennedy will be unfolded to the world next weekend.

The commission headed by Chief Justice Earl Warren, which has been probing the Dallas tragedy of last Nov. 22, will submit its findings to President Johnson on Thursday, the White House announced.

Press secretary George Reedy said the report — a volume of a quarter of a million words, plus 20 or more additional volumes of testimony and evidence — will be made public over the weekend. He did not specify the day or hour.

Reedy said he did not know who would deliver the report, but commission sources said they expect Warren and his six colleagues to visit the White House personally late Thursday morning.

The six other members who have been working with Warren for the past fortnight to complete the 10-month inquiry, are:

Allen W. Dulles, former director of the Central Intelligence Agency; John J. McCloy, lawyer, banker and former high commissioner for Germany; Sens. Richard B. Russell, D-Ga., and John Sherman Cooper, R-Ky.; and Reps. Hale Boggs, D-La., and Gerald Ford, R-Mich.

They have worked for utmost secrecy and under heavy security precautions, but are understood to have found no substantial evidence to refute the original conclusions of Dallas authorities and the Federal Bureau of Investigation — that:

Lee Harvey Oswald, 24-year-old Marxist, marksman and unstable ex-Marine, planned the slaying alone and executed it from a sniper's perch in the Texas School Book Depository overlooking the presidential motorcade.

And that Jack Ruby, the Dallas night club owner convicted of murdering Oswald two days later, was not linked to any plot or conspiracy of the left or right.

Legionnaires Have Parade Despite Rain

DALLAS (AP)— Rain poured down and dripping American Legion bandsmen from Valley City, N.D., marched along tootling "Somewhere Over the Rainbow."

Along came a Hutchinson, Kan., drum and bugle corps doing a lusty "Row, Row, Row Your Boat."

And as a group of Brownsville musicians struck up "September in the Rain," a couple of matronly women spectators stepped off the curb and danced gaily in the street.

Everybody had fun Monday as the Legionnaires, many now portly and graying, marched between motor units carrying old soldiers no longer able to keep pace and assorted beauties.

Actually, the rain didn't fall throughout the five-hour parade, which was a prelude to today's first general sessions of the 44th annual convention of the ex-servicemen.

The procession began in sunshine, showers grew into a near-cloudburst and then the sun popped out again in about 30 minutes. Near the end Legion national commander Daniel Foley, who stuck to the reviewing stand through the deluge, remarked: "It's a lovely afternoon."

Formal sessions began today for Legion delegates. After a morning of committee reports, they were to hear a keynote address by Secretary of Defense Robert McNamara. He was invited after President Johnson declined an invitation.

Sen. Barry Goldwater, the Republican presidential nominee, will speak at the convention Wednesday afternoon.

By police estimates more than 100,000 spectators viewed the giant parade. Gov. Pedro R. Dizon of Bataan Province in the Philippines was among guests on the reviewing stand.

Miss Lena Nearn of Memphis, Tenn., drew applause as she marched in her World War I nurse's uniform.

Trudging with the Oklahoma delegation was Clarence R. Kneedler, 70, of Kaw, Okla., in his 1918 private's uniform with moth-eaten puttees.

Suspect Escapes — Right Into Trouble

SAN FRANCISCO (AP) — Rape suspect Benjamin Hamilton, 22, ran so fast Monday he ran right into the arms of the law.

While being handcuffed after a court appearance, the Ft. Ord Army private broke away from the bailiff and raced through a hallway into the arms of Municipal Judge Clayton Horn, who held him for the bailiff.

Joe Louis held the heavyweight boxing title 11 years, 8 months, 7 days, longer than any other fighter.

MIGHTY CASEY STRIKES OUT---AGAIN!

Are Campaign Brickbats Finally Beginning To Fly?

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Perhaps now the 1964 presidential campaign, bumping along with little fire and less light, will finally get heated up.

The day after he got the nomination Sen. Barry Goldwater predicted there'd be some "brickbats flying around all over the place" in this campaign.

He has been flinging some at President Johnson who has tried to ignore most of them by using this tactic:

Stay above the strife, avoid personalities, talk generalities, and don't say anything to antagonize Republicans who don't like Goldwater and might come over to his side.

This has made for a dull campaign, although the tactic is understandable.

Since Johnson is away ahead of Goldwater in the polls, without any slam-banging on his part, he can ask: "Why tamper with success?"

But the restraint must have galled him for now he has announced he will campaign all over the country.

He told newsmen Monday he will discuss issues and not personalities. That resolve may not last long if Goldwater gets rougher.

Goldwater started roughing Johnson during the Republican convention when he called him a "faker" and a "phony."

But, as if he had never said this, a few hours later Goldwater was saying:

"I intend to conduct a vigorous campaign. It will not be a personal attack. It will be waged on issues solely.

"I've never believed anybody enhances their position or their beliefs by delving into rumors and gossip about the opponents."

But time passed and Goldwater was complaining about Johnson's broadcast to the nation that he had ordered retaliation against North Viet Nam for attacks on U.S. ships in the Gulf of Tonkin:

"I cannot imagine a Republican president warning the Communists in advance of an action such as that recently taken in response to the attacks on our ships. Certainly the element of surprise was shattered by the advance warning."

He found fault with Johnson's acceptance speech at Atlantic City because he "did not even mention communism" and with his Labor Day speech because he had neglected to mention "freedom" as an element of Johnsons "Great Society."

Goldwater repeatedly has talked of scandal in Washington, saying the White House "is under a dark cloud" with the "shadow of scandal" falling across it.

He has referred to Johnson as "Whitewash Lyndon" and added: "I want to clean up the government; he wants to clean out the Treasury."

In the heart of depressed Appalachia Goldwater called Johnson's announced war on poverty a "phony" designed to "further selfish political ambitions."

Up till now it has been Johnson's vice presidential running mate, Sen. Hubert H. Humphrey, who has had to do the in-fighting for the Democratic ticket, either with mockery or direct swipes at Goldwater.

Some Democratic senators, like J. W. Fulbright of Arkansas, have pelted Goldwater, and so have some Cabinet members like Dean Rusk and Robert S. McNamara, secretaries of state and defense.

Rusk and McNamara called Goldwater "irresponsible" when some of his comments on Johnson's orders to naval commanders in the Tonkin area were interpreted as meaning he said Johnson told them they could use atomic weapons.

It was in this same instance that Johnson made perhaps his severest public criticism of Goldwater.

He accused him of making "loose charges without any shadow of justification," thereby "doing disservice to our national security and disservice to peace and, for that matter, a disservice to the entire free world."

Monday night Goldwater, a few hours after Johnson said he would now really start campaigning, stuck another needle in him.

Goldwater "dared" Johnson to debate him — "I demand of him—Debate."

—Although in delivery he changed the "demand" of his prepared text to "ask."—

Only last January Goldwater said he wouldn't debate an opponent if he was president.

"I wouldn't debate him," Goldwater said. "Why buy his audience? Let him get his own."

Remarks That Usually Lead To Trouble

By HAL BOYLE

NEW HORK (AP) — Remarks that lead to nothing but trouble:

"My daddy can lick your daddy."

"The two blondes down at the other end of the bar look lonesome. Whaddaya say we buy 'em a drink and tell 'em the story of our lives?"

"Of course, it's really none of my business, but—"

"Other wives seem able to get by on their household budgets. What makes you so different?"

"I don't think there's any other car coming around the bend. Go ahead, speed up and pass him."

"Well, I wouldn't mind sitting in the game for a while if the stakes are small."

"Since none of us seem to agree on politics, why don't we discuss religion?"

"Take it or leave it."

"Put up or shut up."

"Put your money where your mouth is."

"I'm feeling pretty good today. Let's play for a buck a hole."

"Are you just going to stand there and let a total stranger talk like that to your wife, Rodney?"

"What do you mean you gave me the best years of your life? If they were the best, I'd hate to see the worst."

"Look, I've handled guns since I was a kid — and I know this one isn't loaded."

"My wife would never suspect me in a thousand years."

"This time I'll carry the ball, and you kids try to stop me. I'll show you how we used to do it at old Siwash U."

"Gentlemen, I couldn't help overhearing you arguing, and I wonder if you'd be intersted in a couple of constructive suggestions from an outsider?"

"If they don't like what I'm doing, they can always fire me."

"You're not just talking to a nobody. I'm a taxpayer."

Reports indicate that some of Alaska's coastal land mass has been thrust upward six feet or more by the earthquake on Good Friday 1964. Scientists think that the mechanism which triggers earthquakes is associated with the same forces that build mountains.

A Junior Editors Quiz About PETRIFIED WOOD

QUESTION: How did wood become petrified?

* * *

ANSWER: More than 150 million years ago large trees of the ancient kind called Auraucaria Pine crashed in the dense forests which in those days bordered the humid swamps of western Arizona (1). As years passed and land levels changed, sand and mud covered these forests; then shallow seas covered the mud (2). The water was rich in the mineral silica. As water penetrated into the cell structure of the tree trunks, the silica was brought in and over a long period of time replaced, cell by cell, the once living structure of the tree. Various minerals in the silica, such as iron and manganese, made colors which gave a life-like look to the tree trunks, now changed into solid stone. With more ages of time, there was an uplift of land which made the Rocky Mountains. The tree trunks were thrown up and often cracked into sections. The seas drained away. Running streams carried off the mud and sand. So, in (4) Marcia and Dick find one of the tree trunks, in petrified form, which crashed in (1). There are petrified forests in other states, such as California, Wyoming and New York. But the wonderful Arizona forest has been preserved for the American people as the Petrified Forest National Park. 9-22

FERDINAND

HIS PAST REVEALED—Walter Cecil Fugett, 53, sits in Los Angeles county jail where he is held on Ohio fugitive warrant, accused of walking away from a work camp at the London, Ohio penitentiary 17 years ago. He had been serving a 1-to-20 year sentence after being convicted of killing his wife in Dayton. Since his escape he married, became the father of six children, and managed to conceal his past until an arrest on an intoxication charge — with a routine fingerprint check — disclosed his true identity. (AP Wirephoto)

War Of Wet Wash Ironed Out

CLIFTON, N.J. (AP) — The war of the wash in Richfield Village has been ironed out.

Today no wet wash laundry dots the landscape of the village, a complex of two-story garden apartments housing 1,200 angry housewives and their families.

Wednesday, the Brunetti Corp., owner of the apartments, will send crews to put back the poles and restring the clotheslines they tore down last Thursday.

A truce between the housewives and the corporation was negotiated Monday night by a bipartisan team, Democratic committeeman Robert Hughes and Republican committeeman Ted Breene, of Passaic County. Both live in the development.

Hughes, son of Gov. Richard J. Hughes of New Jersey, hesitated to call the agreement a victory.

"Let's just say that we have a nice spirit of cooperation and rapport established now between tenant and landlord," he said.

The power struggle began in the dead of night last Thursday when the owners sent maintenance men to tear down the clotheslines.

"What burned me up was that they came through at 4 and 5 in the morning to take the lines down," said Mrs. Robert Graves. "Why can't men face women about things like this?"

Brunetti Corp. said the clotheslines were unsightly. Furthermore, it wanted the housewives to use newly installed automatic dryers — at 10 cents a whirl.

"The old American Monday morning wash is a pretty established thing," said Hughes. "I don't think there's anything unsightly about wash."

Besides, said the housewives, sunlight is infinitely superior to automatic dryers — and free, too.

The wives decreed that if they couldn't hang wash on lines, they'd just have to use what was available. Suddenly every bush and tree in Richfield Village bloomed with wet underwear, towels, sheets and diapers. New lines were strung — from door knobs to trees.

The owners sued for peace.

Pa Kettle Recovering

HOLLYWOOD (AP) — Actor Percy Kilbride, known to millions for his film role as Pa Kettle in "The Egg and I," was recovering today from serious injuries suffered when he was struck by a car.

Kilbride, 76, was walking with retired actor Ralf Belmont, 72, who was killed in the accident Monday night.

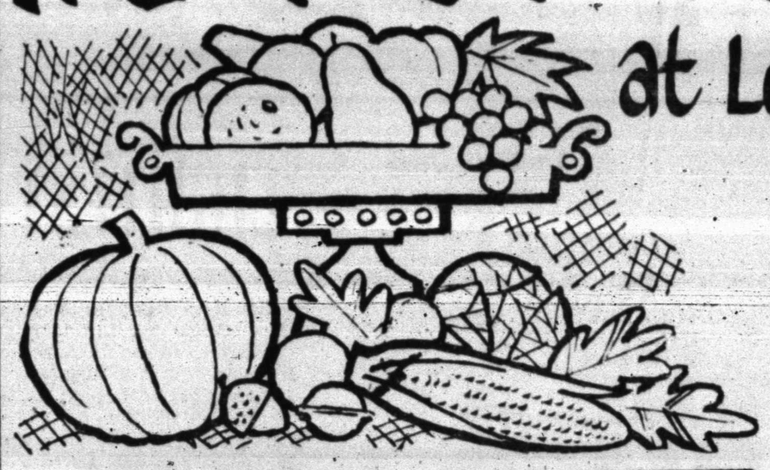

Officers said Kilbride suffered head injuries and abrasions.

The driver of the car, Gerald Beckhahn, was held on suspicion of manslaughter.

Before silver was mined in the United States, owners took silver articles to a mint and had them melted down and coined.

Mexico Rail Cars Are Fired Upon

SAN LUIS POTOSI, Mexico (AP) — Bullets spattered two cars of a Mexico City-Nuevo Laredo passenger train Monday but no casualties were reported. Damage to the train was slight.

Railway officials said the train, with approximately 3,500 passengers aboard, had just left the station at Laventanill, near here. The shots apparently were fired by unidentified men hidden behind bushes, they said.

BIRTHS

Mr. and Mrs. Darrell Sturdivant, 201 Thirty - fourth Street, are the parents of an 8 lb. 8 oz. baby girl born at 11:33 a.m. Sept. 21 at Cogdell Hospital.

In 1963, 11,017 ships traveled through the Panama Canal.

LIGHTEST MEXICO

BY JOHN ABNEY

SAN JUAN DEL RIO, Mexico — Dusted over here today to visit Mr. Pancho Cabrera and his gems. And as it happened, everything happened.

First of all, should we fly? It's only a few minutes by the sky but you have to walk maybe a mile from the landing strip to town. By highway it is a couple of hours. But no walking, so we take the land route.

You would never in the world believe it but almost there, the gas pump gave a dying gasp and. . well, I walked probably two miles to a filling station that had a mechanic and accessories.

This proves the dangers of driving.

Topping the icing on the cake, Pancho Cabrera was not home when I reached his gem establishment at 2 p.m. You know where he was? In Mexico City for the day, that's where. .

I was so burned I would gladly have shot a couple of the Lady from Puebla's relatives if they had been handy. This is a wonderful way to work off a rage and with hundreds of relatives, they are not missed.

But Mama Cabrera came out with her smile, as bright as a freshly polished star sapphire, and said would I like to sit for a spell with some ice cold refreshments and let jewelry trickle through my fingers? While she bustled about to attend the needs of flocks of tourists who drift in to study high class items.

Now aside from the fact that I like to relax in the antique mansion they have converted into a fine jewelry establishment, I was looking for some equipment which is badly needed in Honest John's Gem Shop.

For instance, after going across Mexico City 325,000 times looking for cutting, grinding and polishing machinery to bolt together, I discovered it was merely scenery.

Nowhere in the city did your sapphire - minded correspondent find such things as diamond powder for cutting or proper polishing agents. And it occurred to me maybe Don Pancho might have a little of this and that I could buy off him, plus some interesting things like topaz crystals, fire opals and such.

So Mama Cabrera said it was a shame but as fast as they could turn out stones people came along and bought 'em. The opal stock was down to the bottom of the barrel. And they were waiting for a shipment of topaz and aquamarine.

And about the diamond prowder and polishing stuff, she said yes, she believed they used things like that except Pancho was in Mexico City and he was the only one who could tell these things from asphalt.

Of course, this was merely a small setback. Because being hosted by the Cabreras is living. You sit in the cool of the old inside veranda and contemplate the comfortable garden.

Mama Cabrera pulls out another frosty soft drink when you get that desert look and there is nothing to do but sit and relax.

And for kicks, she will pile up trays of stones of all sorts so you can rub them on your face, wash your hands in them, maybe eat a couple if you're hungry.

Same as if a bank president says, "Sit right down here, friend, while I serve you something cool and give you a bucket of thousand dollar bills to count."

Now that'll be the day.

Arctic flowers bloom on Banks Island, Canada, in July.

Six-Mile Deep Hole Is Planned

HOUSTON, Tex. (AP) — A hole designed to tap for the first time the area beneath the earth's crust will be drilled either east of Antigua in the West Indies or north of Mauri in the Hawaiian Islands.

Just where the six-mile-plus penetration into the earth will be made is to be determined late this year or early in 1965.

The site for Project Mohole, a $70-million venture, has been narrowed to two locations, it was revealed Monday before the Geophysical Society of Houston. Lloyd Paitson, a Houston geophysicist for the project, said Puerto Rico once had been considered as a possible site but now had been abandoned.

He described the project as "worth more per dollar spent than any trip to the moon," pointing out that only one per cent of the earth's volume has been explored.

Either location, Paitson said, would require going through at least 12,000 feet of water before drilling into the earth's crust.

At the Atlantic side the hurricane season and distant ports of supply must be taken into consideration, he said, but the treasured mantle is believed to be at less depth off Antigua than off the Hawaiian Islands.

Scientists believe the mantle extends 1,800 miles into the earth.

After that there is an outer core, thought to be liquid, that goes in another 1,360 miles and, finally an inner core, believed to be solid, which extends 815 miles.

Paitson was asked if a deep land hole was considered rather than one over water. He said it was, but generally it is believed the mantle lies deeper under continents than under oceans.

Records indicate the deepest hole thus far drilled on land is less than 26,000 feet. It is not unusual, scientists believe, for the mantle under continents to be 20 miles down.

Under oceans, such as the two sites being considered, the mantle is about six miles down.

Paistson said in an interview several benefits may accrue from Project Mohole in addition to the extention of scientific knowledge.

One is development of a drilling platform that would operate in deep oceans without anchors. Another is that the project also may help open up mining of ocean waters.

Project Mohole gets its name from the transition zone that is believed to separate the bottom of the earth's crust from the top of the earth's mantle.

Andrija Mohorovicic, a Yugoslav scientist, discovered the zone in 1909.

Rev. Scott Now Bishop

HOUSTON (AP)—Amid pomp and solemnity in 125-year-old Christ Church Cathedral, the Rev. Cannon Scott Field Bailey was consecrated as a suffragan bishop of the Episcopal Diocese of Texas Monday.

Leaders of the church, including nine bishops, participated in the two-hour ceremony.

The right Rev. John E. Hines, bishop of Texas, led the service as consecrator. The Right Rev. Percy Goddard, suffragan bishop of Texas, and the right Rev. George H. Quarterman, bishop of Northwest Texas, were co-consecrators.

The right Rev. Robert R. Brown, bishop of Arkansas, delivered the sermon and was one of the presenting bishops. The other presenting bishop was the right Rev. Everett H. Jones, bishop of West Texas.

Bishop Bailey was elected the 57-county diocese's second suffragan bishop May 22 as a special session of the 115th diocesan council at Beaumont. Previously he was canon to the ordinary, an administrative post in Bishop Hines' office here.

New Ramblers To Show Tomorrow

Three distinctively different lines of 1965 Rambler cars with the wide selection of models and performance choices ever offered by the company are scheduled to go on display here tomorrow at Dupree Motors.

Each of the three lines — Ambassador, Classic and American — is on a separate wheelbase and each has its own strong "curbstone" identity.

"With new powerplant choices and the addition of convertible models to the Ambassador and Classic lines, we will have the broadest model lineup in the history of American Motors," Thomas A. Coupe, vice president - automotive sales said, "and for the first time, each line will offer a full range of body styles."

In summary, there are 29 models and seven engines offered in the three Rambler lines for 1965. They include:

American - 10 models, including two and four-door sedans, four-door station wagons, convertibles and two-door hardtops. Engines include six-cylinder 90-horsepower I-head, 125 - horsepower overhead valve and 155-horsepower Torque Command.

Classic—11 models, including two and four-door sedans, four-door station wagons, convertible and two-door hardtops. Engines include six-cylinder, 128-horsepower, 145-horsepower and 155-horsepower Torque Command, 198-horsepower V-8 and 270-horsepower V-8.

Ambassador - 8 models, including two and four-door sedans, four-door station wagons, convertibles and two-door hardtops. Engines include six-cylinder 155 - horsepower Torque Command, 198 - horsepower V-8 and 270-horsepower V-8.

The '65 Ambassador, longer and more luxurious, features all new exterior and interior styling. The wheelbase has been increased four inches to 116 inches. The top volume Classic which retains 112 inch wheelbase, also is all new in appearance.

Styling of the American, which recorded a sales gain of more than 40 per cent during the past model year, after undergoing a complete body change, has been tastefully refined. The American wheelbase of 106 inches is unchanged.

"We have increased the overall length of the Ambassador and Classic lines, but none of the increase is in the nature of wasteful overhang," Coupe said. "A five inch increase in the length of most Classic models was designed to importantly enlarge the trunk area."

THE 1965 RAMBLER LINEUP includes the widest selection of models in American Motors' history with convertibles offered for the first time in the completely-restyled Classic and Ambassador series. Shown is the Classic 770 convertible which features a new horizontal fine-line grille, dual horizontal headlights, horizontal wrap-around tail lights and numerous other styling changes. The Classic line for 1965 has a distinct "curbstone" identity — as do the Ambassador and American lines — and includes a full selection of two and four-door sedans, station wagons and hardtops in addition to the new convertible model.

Overall length of the Ambassador, except station wagon models, is 200 inches - about the same as the 1961 Ambassador. Part of the increase was dictated by the longer wheelbase with the balance going into additional trunk space."

In addition to the wider selection of models, the 1965 Ramblers offer a broader choice of engines - including a high - performance - seven-main bearing "Torque Command" six-cylinder engine in all three lines.

"The Torque Command engine provides exceptional performance and response in all driving ranges," Coupe said. "It rivals many larger V-8s in performance and smoothness while retaining the basic operating economy of the sixes."

Coupe said all of Rambler's long-life and safety features such as advanced unit construction, ceramic - armored exhaust system and double safety brakes have been carried over to the 1965 models, and are augmented by many new features for improved operating economy and durability, including alternators as standard equipment on Americans in addition to other lines, optional front disc brakes on Classics and Ambassadors and elimination of the 1,000 mile engine oil and oil filter change and new car inspection. "Weather - Eye" heaters will be standard equipment throughout the Rambler lines.

Truck Not Worth Beer?

GALVESTON (AP) — A used fire truck doesn't have much value, except perhaps to a fire department.

A galveston tavern operator wouldn't even take one in trade for a case of beer.

Elmer Scates, 48, was charged with felony theft after police found a missing truck from the airport fire station parked in front of a tavern Monday.

Officers summoned to the tavern asked who was driving it. Scates said in jail and later them he had tried to trade it for a case of beer at another place but had been refused.

He said he found himself at the airport without transportation back to town. At the time firemen were away on fire prevention inspections.

Scates also faces charges of vagrancy and drinking in a public place.

The individual in an African tribe owes absolute loyalty to his chief, who often is regarded as a holy figure embodying the spirit of the tribe.
