Physician to begin practice here

By Ray Mayo
Editor

The Mitchell County Hospital District board of directors accepted the recommendation of the Root Memorial Hospital medical staff Tuesday and granted staff privileges to Dr. Ernest Mullinaux, M.D.

The 64-year-old physician is moving to Colorado City from Mason where he has been in family practice for the past six months, Ray Mason, hospital administrator, explained.

The special called meeting of the hospital board Tuesday was to ratify the recommendation of the medical staff to extend staff privileges. The medical staff, composed of Dr. Thomas Aguillon, Dr. Joe Terry and Dr. Rod Caldwell, met with Mullinaux last Thursday, said Mason.

The new physician will be moving here Friday and should begin his practice by mid-week next week. He will share clinic space with Caldwell at the hospital-district owned clinic on Chestnut Street.

Mason said that Mullinaux was born in New Orleans and received his medical degree from the Southwestern Medical School in Dallas. He practiced medicine in Colorado for many years before joining a physicians group which sent him to Mason.

Mason explained that Mullinaux was unhappy in Mason and disassociated himself with the physician's group in order to move to Colorado City.

Mrs. Mullinaux is a surgical nurse and is pursuing a degree at a Colorado university. She will be joining her husband here in another year.

"Dr. Mullinaux was thoroughly impressed with the hospital as well as the clinic," reported Mason.

Mason said he has "confirmed all his (Mullinaux's) credentials" and everything is in order for him to begin practice in Colorado City.

The unanimous decision to extend staff privileges to Mullinaux was on a motion by Gus Armstrong, seconded by Jane McCarley and Marion Bassham. Bob Reily was absent.

In other business, the board unanimously approved to hire Joe Morren to prepare the complete audit for this year.

MAX SHAW, right, president of First National Bank, congratulates Mrs. Marion Bassham after Mrs. Bassham was named a director of the bank.

At First National Bank

Bassham named director

Mrs. Marion Bassham of Colorado city has been elected to the board of directors of First National Bank, announced Max Shaw, president.

Mrs. Bassham, who recently retired as a registered nurse at Root Memorial Hospital, is coowner of the Renderbrook-Spade Ranch which will be observing its 100th anniversary in 1989.

She currently serves as a member of the Mitchell County Hospital District board of directors and is chairman of the library board.

An avid civic supporter, she has recently made generous contributions to the Pool and Park Fund for Ruddick Park and to the new fire station for the Colorado City Volunteer Fire Department. She is also sponsoring the restoration of the Scott-Majors home.

She has three children, Frank Bassham and Brian Bassham, both of Colorado City, and Mrs. Ida Jean Goss who lives near Nacogdoches in East Texas. She has 11 grandchildren.

"I consider it a great honor to be named to the bank's board of directors," said Mrs. Bassham. "I want to compliment Max Shaw and his associates. Starting a new bank in a community is an ambitious venture."

"Two banks in a community is good business, and I hope I'll be able to assist in the excellent service provided by First National Bank."

Former resident to be speaker

Former Colorado City resident Fannie Bess Earnest Sivalls, a resident of Midland, will be featured speaker Saturday at the annual Mitchell County Old Timer's Reunion to be held at the Colorado City Civic Center.

Mrs. Sivalls was born in Colorado City and spent her early years here. She has two daughters, Mary Martha Reed and Mrs. Paul (Betty) Davis II, both of Midland, and three grandchildren.

Mrs. Sivalls will be speaking at the noon luncheon which will be prepared by the Women of the All Saints Episcopal Church.

Registration and hospitality will begin at 9:30 a.m. at the Civic Center and will continue until noon.

Shirley DeLaney is president of the Old Timers Reunion. Other officers are Ray Anne Carlock, treasurer; Sissy Merritt, invitation chairman; Virginia Warren, decoration chairman; Mildred Boyd, registration chairman; and Bertie Costin and Nell Dorn, hospitality chairmen.

Graham top picker

Jerry Graham of Loraine was the top picker in last week's Jackpot Football contest sponsored by the Colorado City RECORD.

Graham along with Doug Chitsey and Bruce Backlund, both of Colorado City, missed only two of the 26 games. However, Graham won the contest by having the closest guess on the tie-breaker game between Colorado City and Wylie. Graham predicted a 24-13 Wylie win while Backlund guessed a 26-12 Wylie win and Chitsey a 35-6 Wylie win.

Graham will receive $25 for his picking ability.

This week's Jackpot Football contest can be found elsewhere in today's RECORD.

PUC gives turbine approval

Texas Utilities Electric Company (TUEC) has filed an application with the Public Utility Commission to construct combustion turbines at three of the company's existing gas-oil-fueled plants.

The units, which are part of TUEC's 10-year resource plan for meeting growth, will provide an additional 960 megawatts of generating capacity.

On Sept. 12, the PUC voted to allow TUEC to apply for a certificate to add the combustion turbines at the Permian Basin Steam Electric Station near Monahans, at the Morgan Creek Steam Electric Station near Colorado City and at the DeCordova Steam Electric Station near Granbury.

The estimated cost for the total project is $488.6 million.

To gain certification for the projects, TUEC next must obtain approval of the PUC through the hearings process.

If the PUC grants approval, TUEC plans to install 190 megawatts for commercial operation in 1988 and 110 megawatts in 1990 at the Permian Basin plant; 400 megawatts for commercial operation in 1990 at the Morgan Creek plant; and 260 megawatts for 1990 at the DeCordova plant.

Combustion turbines are well suited for peak load duty. They can be started in a very few minutes, increasing operational flexibility and reliability by allowing quick response to peak demand for electricity. TUEC intends to use the units only for short periods of time, as needed, during peak load periods throughout the year.

Park fund nears $65,000 mark

The Pool and Park Fund for Ruddick Park has reached almost $65,000 according to Gay Houston, chairman of the finance committee of the Park Board.

Mrs. Houston said that donations of $75 have been added to the fund this week to bring the total to $64,880.49.

The Park Board has set a goal of $125,000 to match a grant from the Texas Parks and Wildlife Commission with which to build a new swimming pool and make other improvements to Ruddick Park.

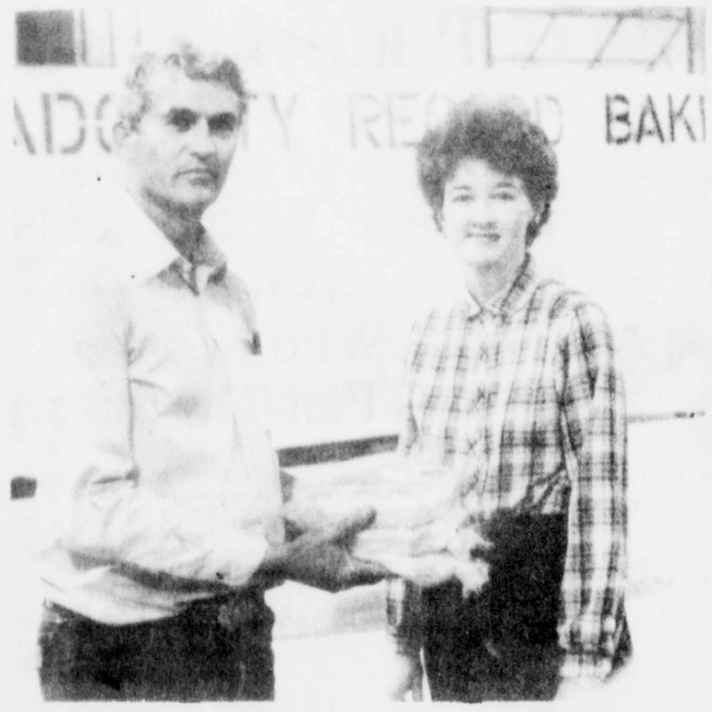

In addition to the new pool, other plans include a hike and bike trail, new play areas for children, new restrooms and an underground sprinkler system. A water well will be drilled to provide water for the sprinkler system and city officials have pledged to keep the park grounds in good condition.

Tax deductible contributions may be made at City National Bank, First National Bank, First State Bank of Loraine, Homestate Savings and First Western Savings and Loan.

In addition, memorials may be made at city hall.

1985 looking like a good pecan year

COLLEGE STATION–What should be a bumper pecan harvest for Texas has started in southern counties.

This year's crop, estimated at 61 million pounds, is 44 percent more than last year's, but one expert is predicting that prices will hold firm with 1984 due to a nominal increase in the nationwide crop and low carry over stocks.

"Some producers have expressed concern over market prospects in the face of this large crop from Texas," says Joe Pena of Uvalde, economist-management with the Texas Agricultural Extension Service. When compared to the national pre-harvest estimate of 261.8 million pounds, which is up 12.5 percent over the 1984 crop, this year's crop may not be large enough to adversely affect market prices."

The nationwide crop is about 8 percent lower than the 1983 crop of 283.5 million pounds when prices held at $80 per hundredweight (cwt.) for improved varieties and $40 cwt. for natives, Pena notes.

"If we take into account the lower carry over stocks, we may even have an advantage over the 1984 crop," says the economist.

According to the U.S. Department of Agriculture's July 1985 cold storage report, carry over stocks totaled 27.6 million pounds, down 22 percent from the same period in 1984. Carry over stocks of in-shell pecans total 35.3 million pounds, down 49.3 percent from the same period in 1984.

"Combining the crop with carry stocks, we find that the 324.7 million pounds available in 1985 is about 3 percent lower than the 333.6 million available at the start of the season last year. Last year prices held at $90 cwt. for improved varieties and $50 cwt. for natives," notes Pena.

Dr. George Ray McEachern, Extension horticulturist at College Station, says that the current inventory of pecans is the lowest since 1981 and that many of these are off-grade pecans. He also points out that this year's pecan crop in the southern states was hard hit by Hurricane Elena about a month ago, resulting in a loss of some 25 million pounds. Alabama had a good crop and was particularly hard hit.

McEachern says that while the Texas crop is above average in volume, the size of kernels will be slightly below normal but kernel quality will be average to above average. He also notes that the quality of the Texas pecans will surpass those produced in Georgia, the leading pecan state.

"While consumers will be paying slightly more for pecans this year, they can be assured of high quality nuts if they buy Texas pecans," emphasizes McEachern.

Native pecans are beginning to split and early varieties such as Wichita and Mohawk should mature this week in South Texas, Pena points out. The crop is about two weeks earlier than normal due to the more than two months of hot, dry weather that has blanketed the state. Improved varieties are expected to comprise 16-21 million pounds of the total poundage in Texas, which is about the same as last year.

"The native estimate of 40-45 million pounds is what's really bringing the total up," Pena adds. "Only five million pounds of natives were produced in the state last year."

However, McEachern feels that if the wholesale price of native pecans falls below 40 cents a pound, a lot of them will not be harvested.

Obituaries

Truan

Funeral services for Mildred Marie Truan, 80, of Lampasas, were at 2 p.m. Tuesday in the Briggs-Gamel Funeral Home Chapel in Lampasas with Rev. Billy Joe Hammond, pastor of First United Methodist Church officiating. Mrs. Truan died Sunday evening in the Lampasas Manor Nursing Home, following a lengthy illness.

She was born May 31, 1905 in Hillsboro. She was a former long time resident of Colorado City where she worked as an accountant for the Guitar Oil Co. before she retired. She was also a former school teacher and was past president of the Business & Professional Womens Club. She was a graduate of Bowling Green University in Kentucky. She had been a resident of Lampasas for the past nine months. She married Curtis Truan July 11, 1931 in Bowling Green, Kentucky and was a member of the First United Methodist Church in Colorado City.

The Transdermal Patch

The transdermal patch offers an innovative approach to taking medicine. The patch looks like an adhesive bandage and sticks to the skin. A membrane controls the gradual release of medicine through the skin and directly into the bloodstream for prolonged periods. The patches make many prescription drugs safer, more effective and easier to take. When medication is swallowed, it is quickly released then followed by a drop to less-than-therapeutic levels. Dosage may have to be frequent to maintain optimum levels. Orally taken medicine must also pass through the gastrointestinal tract and liver. The liver metabolizes and destroys all or part of the drug's action before it can reach targeted organs or tissues. Larger doses, which encourage side effects, are thus required.

When your physician prescribes medication for you or a member of your family to be taken orally or through the skin on a transdermal patch have him call EDDIE'S of Colorado City directly. As a full service drug store we feature a complete inventory of RX products. Close collaboration between your physician and us is very important as we are both members of a team devoted to the betterment of your health. Inquire about special discounts for senior citizens plus we provide free prescription delivery. You'll find us at 1001 Hickory, 728-3476. Mon.-Sat., 8-6, 24 emergency service available. Visa plus most insurance plans including P.C.S., Paid Prescriptions and Medicaid accepted.

Hint: Transdermal patches cannot be used with every drug or for all patients.

Loraine News

Dream comes true for Loraine native

Linda Hair Grissom, a Loraine native, has been able to see her dreams materialize with the recent release of her first country-gospel album, "Christian Country Sunshine."

"It's not the money that matters to me," she states, "it's being able to tell people how much of a difference God has made in my life and what a wonderful change he can make in theirs."

The album was recorded in Abilene at Castle Sound Productions, which is owned by former KTXS Henry's Den host Michael Henry Martin. Martin engineered and co-produced the album as well playing lead guitar on many of the tracks. Former Roscoe resident, Les Huff, who is now a member of the Debonairs who won the Wrangler National Battle of the Bands competition in 1984, provided keyboard and brass accompaniment.

Born in Sweetwater, Mrs. Grissom is the daughter of Mr. and Mrs. Lloyd Hair of Loraine. She attended school in Roscoe and Loraine where she was a percussionist for the Loraine Bulldog Marching Band. She later attended Western Texas College where she graduated with an Associate of Applied Science degree in 1977.

Piano lessons and a second grade talent show began her performing before audiences after which she was pianist for Wastella Baptist Church for two years beginning at the age of nine. She performed with numerous groups ranging from rock to country during her five year stay in Odessa before returning to Loraine. She also appeared on stage in "The Spiral Staircase" and "The Effects That Gamma Rays Have On Man-In-The-Moon Marigolds" for which she was voted as actress of the year for the Colorado City Playhouse.

"It took a serious accident in 1982 which almost took my voice to make me realize that I had been given my voice for more than just entertaining. It was then that I knew what my calling was. I feel it a privilege to be able to tell people about Christ and the great things He can do and to tell about His next coming. It hurts me to know there are those who ignore God's calling for whatever reason. If it's the fact they don't know God I hope I can be a stepping stone through which they can learn whether by my music or just be talking," she says.

As a member of the Loraine First Baptist Church, Mrs. Grissom is active in choir and occasionally provides special music for services. She has sung for numerous weddings, funerals and many other events including gospel music jamborees. She is married to Petty Officer Larry Grissom who is presently stationed on board the USS Carl Vinson stationed at NAS Alameda, California. They have three children.

At present, it is available in cassette form. Albums will be available later. Recordings are on Clifty Record, Paris, Tenn.

Cover for the record was done by Jill Lowe of Colorado City and photography taken in the back yard of Dr. and Mrs. Jene Steakley, Colorado City.

St. Jude fund-raiser nets $678

The annual St. Jude Bike or Walk-a-Thon was held September 14. Twenty persons participated and a total of $678.70 was raised for the St. Jude Children's Cancer Research Hospital.

Turning in the most money was Terry Munoz. She won a telephone-clock-radio plus a T-shirt and tote bag from St. Jude.

Winning a Mexican dinner from Lujan's was Mark Pantoja. Marcela Rios from Snyder won the cut-shampoo-style from Fielda's Beauty Shop.

Rene Pantoja and Karen Hackfeld won a hamburger, fries and drink from the Cree-Mee. Others turning in $25 or more also got a T-shirt.

Senior citizens hear singers at meeting

The Loraine Senior Citizens Club met for their regular monthly meeting at 6 p.m. Tuesday, September 14, for a supper and program.

Herbert Mearse, president, welcomed guests and members and Rev. Rick Alkire gave the blessing before the pot luck meal.

After the meal, Mrs. Syble Walker announced the program which opened with the men's quartet singing several numbers. Members of the group are Homer Richburg, L. R. Wright, Evert Henderson and Willie Taylor, with Mrs. Taylor accompanying at the piano. The Rev. Alkire and his wife, Debbie, sang one hymn, and the quartet sang two other songs. Rev. Alkire sang several hymns.

Mrs. Syble Walker and Mrs. Ila Walker were hosts for the evening.

Loraine Baptist Women meet at Compton home

Loraine Baptist Women met with Mrs. Lynn Compton at 9:30 a.m. Wednesday for a mission and Bible study with Mrs. T. L. Holman presiding and giving the opening prayer.

Mrs. Frances Porter directed the mission study entitled "Neighbors in the City," with others assisting in discussion.

Mrs. Compton led in the Bible study taken from St. John, entitled "Jesus the Model Neighbor." The lesson brought out the truth that his life and ministry can be summed up in the word love. Subjects discussed were "Love that restores, love that accepts, love that changes."

The next meeting will be on the third Wednesday in October with Mrs. Jeannine Rundell hosting.

Wolves hope to spoil Homecoming No. 3

By Tony Franco
Sports Editor

After opening the 1985 football season with consecutive victories over Slaton and Seminole, the Colorado City Wolves are now 2-2 following last week's loss at Abilene Wylie and a loss to Denver City two weeks ago.

The 13-12 loss to the Wylie Bulldogs and the 21-6 defeat at the hands of the Denver City Mustangs were similar in the fact that they were both Homecoming games and contests that Colorado High School head football coach Tom Ramsey felt the Wolves could have won.

"With a few breaks we could be 4-0," said Ramsey.

The Wolves, whose .500 record has to be a surprise to those familiar with the graduation toll taken on last year's area champions, shut out both Wylie and Denver City in the second half, but were unable to overcome leads spotted to the Bulldogs and Mustangs on big first half plays.

Wylie scored all 13 points in the first half–one score on an 80 yard run and another following a big 30 yard completion to the Wolves 15 yard line.

The biggest play of the game, though, came late in the second half.

With the Wolves trailing 13-12 and driving for a fourth quarter score and the lead, running back Sam Rivera took a handoff from quarterback Mike Ligon on a fourth and goal from the Wylie seven yard line.

Rivera carried behind the right side of the line and broke through for an apparent go-ahead touchdown. The officials, however, ruled that he fell short of the goal line and the Bulldogs were able to hold on for the victory.

"After talking to people and looking at the film, I think we scored," said Ramsey. "It doesn't matter now I guess."

"He (Sam) said he was in. All the kids said he was in. He was across the plane and came back in. When he went down he was still over. The kids said it wasn't even close."

"The official was probably out of position watching the line of scrimmage and didn't have time to watch the goal line."

Another factor in the outcome might have been the playing conditions.

"The grass was extremely tall," said Ramsey. "We measured it when we got there. It makes a difference. It slows you down and effects extra points.

Only one of the kicks after the game's four scores was successful. The Wolves missed short and left both attempts.

"I don't think we can work any harder on extra points."

Ramsey said the one main area the Wolves would be working on this week is "catching the ball."

The passing game (four of 28, two interceptions, one touchdown), had a "dropped pass here and an overthrow there," that really hurt.

Other than that, it was a good game for the Wolves–especially mentally.

"We learned what it is to not play and what it is to play. We have to play emotionally. We can't run scared. That doesn't work against anybody."

"The biggest part is you don't let a loss get you down. People who let their head get down get drummed. The kids realize we could have won. In our hearts we feel we did."

"It was an exciting game. It's hard to lose, but it's something you have to overcome."

Ramsey also jokingly said "We're going to start wearing carnations," referring to tomorrow's contest at Clyde Which marks the third (charmer) straight Homecoming game for the Wolves after losing their own and then Wylie's.

"We've made more this year than I can remember," said Ramsey.

The Clyde Bulldogs also own a 2-2 record and have more than taken their share of lumps.

After opening with big losses to AAAA Sweetwater and AA Hamlin, both ranked in the state's top 10, the Bulldogs have rebounded with routs of Jim Ned and Rotan.

"They're big," said Ramsey. "They've got two kids 6'4", 270 pounds. They'll be the biggest team we've played all year. No doubt about it."

The Bulldogs count 20 seniors and eight players over 200 pounds.

"They're mainly a running team–the kind of team that likes to line up and whip you. Lately they've been doing whatever they want to do."

"They threw for three touchdowns last week so they can throw. It's going to be very physical."

"With Clyde it's always the mental part of the game. Every year, win or lose, they've beat us up physically. Sometimes it's Wednesday before we can work out again."

Returning for the Bulldogs is senior running back Ismael Carrion, a 5'6", 165 pounder.

"We don't know if he's hurt or not, he didn't play last week."

There will be some changes for Colorado City as the Wolves prepare for the district 7AAA opener against Coahoma here next Friday.

An ankle injury "cropped up" on Wylie Dakan after the Wylie game. "He's doubtful," said Ramsey. "He's on crutches right now."

"We'll move Raymond Martinez at guard."

Defensively Albert Rivera continues to do a "tremendous" job and Sam Rivera will start at outside (strong) linebacker.

"He's doing an excellent job of running. He's got to be our offensive punch. We try to rest him, but this week we're going to have to have him in there."

Kickoff at Clyde is at 8 p.m.

Bulldogs gain confidence

By Tony Franco
Sports Editor

Despite losing 21-14, coach Sandy McSpadden said two good things happened for the Bulldogs in the Loraine loss to Snyder's junior varsity last Thursday.

"The kids felt we had every opportunity to win," said McSpadden. "We realized we could move the ball and have a real good offense. They came together offensively and defensively."

"You've got to have unity and feel like you can win."

The Bulldogs amassed 356 yards rushing.

"That's the first time any team I've coached had that many yards and didn't win or blow them out for that matter."

"I feel like we learned a lot from it. We're not that far from being a good ballclub."

Snyder was able to produce a 14-0 halftime lead, mostly said McSpadden, because of 102 yards of penalties thrown against the Bulldogs in the first half.

Loraine was also twice stopped inside the Snyder five yard line and twice more in the second half.

Snyder had a chance to make it 21-0 at half after Loraine fumbled deep in its own territory late in the second period, but the Bulldogs made a goal line stand.

Loraine drove to inside the Snyder 10 yard line early in the third quarter, but bobbled a chance away.

Defensive plays by safety Eddie Benitez ignited the Bulldogs for an early fourth quarter score that made it 14-6, but Snyder returned the kickoff to inside of Loraine's 10 yard line.

Snyder punched it in to go back on top 21-6, but a long run and score by Billy Mayes put Loraine back in it at 21-14.

The Bulldogs were again inside Snyder's five with under 50 seconds to play.

"Our own mistakes did us in," said McSpadden.

"The whole team had a super effort for that second half come back. They didn't get beat. Time just ran out."

Loraine, which has only four or five substitutes on the sideline, has a game against Spur tomorrow before hosting Roby for the district 7-A opener next week.

"They're going to be ready. I look for good things to happen."

Spur is 2-2, having beaten AA Ralls and Meadow and losing to Wilson and AA Lorenzo last week.

"They're not settled on the defense they want to run," said McSpadden.

Dale Matlock returns at quarterback for Spur, which beat Loraine 26-0 last year.

Kickoff at Bulldog Stadium is at 7:30 p.m.

Roy Wells celebrated 75th birthday

The family of Roy Wells helped him celebrate his 75th birthday Sunday. Hosting the affair were Mr. and Mrs. C. L. Mendenhall and Stephanie, Mr. and Mrs. Allen Mendenhall, all of Midland. Also, Mr. and Mrs. Cecil Robinson, John and J'Lynn of Aspermont.

Also attending were Mr. and Mrs. Garland Wells of Baird, Mr. and Mrs. Don Blassingame of Colorado City and Mr. and Mrs. Tommy Davis of Snyder.

Texas past cataloged in new publication

The physical evidence of Texas's colorful past is cataloged in a new publication from the Texas Historical Commission entitled A Catalog of Texas Properties in the National Register of Historic Places. The book describes more than 1,000 buildings, structures, objects, and archeological sites recognized for their historic significance.

For more than 15 years the THC has been nominating properties to the National Register and documenting their roles in national, state, and local heritage. The list began in 1969 with the best-known Texas landmarks, such as the State Capitol in Austin and the Bishop's Palace in Galveston.

Through the years, more obscure--but no less important--properties have been listed. The John Nance Garner House in Uvalde and the Caddoan Mounds of East Texas are not as famous as the Alamo or the Battleship Texas, but they all represent a significant contribution to Texas history.

The list of Texas properties in the National Register presents an interesting cross section of the development of this land. From prehistoric rock art to art Deco skyscrapers, from the campsites of nomadic Indians to the opulent homes of cattle and oil barons, the Register documents a wide variety of cultural artifacts.

The new 250-page publication is the first updated catalog of National Register properties in Texas since 1980; hundreds of properties listed since then have been added. A 3,500-entry index helps readers locate properties and more than 200 illustrations provide examples of architectural styles, archeological artifacts, and boundary maps of historic districts.

A Catalog of Texas Properties in the National Register of Historic Places is available free from the THC, National Register Dept., P.O. Box 12276, Austin, TX 78711, 512-475-3094.

October 6 deadline nears for registration

Time is running out for eligible Texans to register to vote for the November 5th General Election. The deadline for registering is Sunday, October 6th.

An estimated 7.4 million Texans are registered to vote, but there are over 11 million Texans of the eligible voting age.

Registering to vote is one of the easiest things a Texan can do and yet many choose not to become a part of the election process even though they are greatly affected by it.

Post card registration applications are available in State Office Buildings, Federal Post Offices, County Voter Registrar offices, and various supermarkets throughout the state.

The postage free voter registration application, if mailed, must be postmarked no later than October 6th, 1985 for the applicant to be able to vote on November 5th.

Those who wish to register in person must do so at their County Voter Registrar's office by the close of business on October 4th, 1985.

Voter registration applications and further information about voter registration may be obtained by calling the Secretary of State Elections Division toll free at 1-800-252-VOTE.

Ratliff wins drawing

Peggy Ratliff of Colorado City was the winner of a drawing at the Mitchell County Fair.

Mrs. Ratliff won a beauty palette of Beauty Control Cosmetics from Gene Rowe, consultant.

Names omitted

Mrs. Margaret Rees' third grade class was left out of the list of winners in the Mitchell County Fair craft competition.

All the third grade classes at Hutchinson entered an apple mural to capture first place and a rosette.

Members of the class are Phillip Garcia, Cody Barker, Kendrick Johnson, Eric Mays, Shawn Pilcher, Jeremy Rivera, Alan Rivera, Jessica Vidal, Christy Levesque, Linda Limones and Trixie Johnson.

Chris Lopez, a student in Mrs. Deitra Tutle's third grade class, was also omitted from the list of winners.

Body control class set

A new session of body control will begin Monday, October 7, at the Administration Gym. The six week course will be instructed by Joanne Sanderson.

Classes will be held on Monday, Tuesday, and Thursday nights from 6-7 p.m. Tuition for the class will be $25 for two nights per week and $30 for three nights.

Pre-registration may be made by coming to the Community Education Office at the Wallace Center. For more information call the Wallace Center at 728-2392.

LSC September birthdays

Those celebrating September birthdays were honored at the Senior Citizen Center Wednesday. Those honored were Syble Walker, Iva White, Ruby Lee Small, Dorothy Johnson and Juanice Butler.

Also Hazel McCollum, Ina Armstrong, Audy Boyd, Roy Wells and Lee Lauren Dera.
