DONOR—Tom Waugh, fire chief of Perryton, was one of the 209 blood donors at the Monday night drive. Shown taking his blood is Red Cross nurse Pat Dotter, one of the crew who visited Perryton.

Cross Blood Drive Called Success With 209 Donors

A blood drive held Monday night at the Perryton High School gymnasium was a success as 209 donors gave blood. The drive was organized by the Red Cross and the Perryton High School. The drive was held from 7:00 to 10:00 p.m. and was a success as 209 donors gave blood. The drive was organized by the Red Cross and the Perryton High School. without having previously signed a pledge card. Eight beds were used, with registered nurses taking care of donors on two beds. Refreshments were served from the canteen in the Christian Church educational building during the day. A total of 52 volunteers assisted with the drive, working from 2 1/2 to eight hours. There were 10 local nurses assisting the Red Cross personnel.

The blood was taken by truck to Fort Worth immediately after the last pint had been collected, and it will be processed there for overseas shipment. Local nurses working during the drive included Mrs. Don Boyle, Mrs. Bertha McAnally, Mrs. R. C. Allen, Mrs. Grace Pyle, Mrs. R. D. Stephenson, Miss Kathleen Lee, Mrs. Jess Cudd, Mrs. Geo. Clennan, Mrs. Ruth Brillhart.

Meeting of Teachers September 22

A meeting of the Perryton Teachers Association will be held Monday night, Sept. 22, at the Perryton High School. The meeting will be held from 7:00 to 9:00 p.m. and will be a success as 209 donors gave blood.

Motor Grader Bought Monday By Commissioners

The county commissioners court authorized the purchase of a new motor grader for county roads in their Monday meeting. The machine is an Allis-Chalmers, purchased from the Tom Carpenter Equipment Co. at Amarillo for \$15,300. A trade-in allowance of \$6,800 was secured on an old grader. The county has six motor graders in operation.

The court also authorized the transfer of \$5,000 to the general fund at the meeting. A total of \$3,000 was transferred from the jury fund and \$2,000 from the courthouse and jail fund.

Western Union Office Moves To New Location

Effective today, the local Western Union office is now located in the Taylor Drug and Erwin Jewelry building at 213 South Main. The same phone number 2591 will be used.

Seek Christmas Decorations Here

The Chamber of Commerce is contacting several decorating firms in an effort to secure new Christmas decorations for Perryton's Main street this year. The Chamber of Commerce plans to either lease or buy the new decorations and have them up sometime in November, according to Charley Pyle, chairman of the committee.

Local Democrats Attend Convention

Max W. Boyer, Mr. and Mrs. Jack M. Allen, Mr. and Mrs. F. N. Reynolds and Otis Burk represented Ochiltree county at the state Democratic convention Tuesday in Amarillo.

The convention passed a resolution requesting Texas Democrats to "work and vote" for the election of Dwight Eisenhower as president of the U. S., but turned down a proposal to put a "dual set" of electors on the ticket, naming Eisenhower and Nixon on the "Texas Democrat" slate.

Governor Allan Shivers had asked that Adlai Stevenson and John Sparkman be put on the ballot heading the Democratic ticket and that Eisenhower and Nixon head the Republican ticket. The local delegation went along with this proposal, which carried by a 2 to 1 majority.

Home Game Reserved Seat Tickets Left

There are still a number of good reserved seat tickets for the home football games, reports W. C. Holdeman, Ranger Club president. The reserved seats are good for all home games and sell for \$2 for a season ticket. The reserved seats are located in the center section of the grandstand at Ranger Field and all are between the 40 yard lines of the field. There are six home games, including the opening contest with Gruver Friday night.

Services Held Wednesday for L. H. Lance

Funeral services were held at the Methodist church Wednesday afternoon for Lewis H. Lance, 82-year-old Ochiltree county pioneer who died in a local hospital.

He had lived in the county since 1910 and had extensive farming interests here.

The services were conducted by Rev. S. M. Dunnam, Rev. H. L. Thurston of Canyon, Rev. R. Luther Kirk of Midland and Dr. Lance Webb of Dallas.

Active pallbearers were Carl Ellis, Brandt Griffith, L. E. Thomas, Earl Waide, Van W. Stewart, E. W. Thomas, Clyde Cofer, Omar Truax. Honorary pallbearers were J. H. Neufeld, Aldon Bell, W. C. McMillen, H. B. Urban, W. C. Herndon, W. B. LaMaster, Leonard Wright, O. A. Schuster, W. C. Bryan, W. M. Shrader, H. C. Brillhart and Jim Sims.

Masonic services were conducted at the graveside by four nephews, Herring Lance, Perryton; W. H. Lance, Chillicothe; Creighton Lance, Chillicothe; and Rev. Lance Webb, Dallas.

Mr. Lance is survived by his wife, Ethel; three sisters, Mrs. John Byers of Chillicothe, Texas, Mrs. Della Webb and Mrs. Nettie Phipps of Fort Worth; three brothers, L. L. Lance of Perryton, Luther Lance and Sam Lance of Chillicothe.

Interment was in the Ochiltree cemetery.

Obituary
Lewis Henry Lance was born June 17, 1870, in Union county.

Legion Juniors Win Title of Plains League

The American Legion Junior baseball team won the championship of the North Plains Junior League Sunday afternoon at the local park, trouncing Guyton by a 13-0 score. A handsome trophy to the champions is being presented by the Perryton Coca-Cola Bottling Co.

Roy Rogers, Legion pitcher, hurled a one-hitter, with only a scratch single in the fourth inning marring a perfect game.

The Legion team went through the North Plains league with seven wins and two losses. They were defeated by Lubbock in a bi-district playoff for the Plains title in the state Legion baseball tournament.

Gold baseballs have been presented by Ranger Club president W. C. Holdeman and coach Glynn Braden to Shorty Dear, Roy Rogers, Landrum Osborne, Gene Burkhardt, Billy Drake, Dean Burkhardt, Billy Farrington, Bill Thrasher, Paul Simpson, Jack Wright, Harvey Joe Holdeman, Larry Bell, Don Bell, Rodney Symons, Dan Pearson and Cecil Hurst.

North Plains Fair Annual Meeting Set October 2

The annual meeting of the North Plains Fair Association will be held on Thursday, October 2, at the courthouse and everyone interested in the fair is asked to attend, according to president Hood Willis.

At this annual meeting, the officers for the coming year will be elected, and suggestions heard for improving the fair program.

A nominating committee composed of Louis Bryan, Giltner LaMaster and Jim Latham has been named to submit two candidates for the offices of president, three vice presidents, and secretary-treasurer. There will be five directors elected for a two-year term.

Building Permits Total \$10,300

Building permits for the month of August totaled \$10,300, with one new residence and one new business building included, records at the city hall indicate.

Permits issued during the month included \$9,000 for a residence built by J. D. Johnson; \$1,000 for a grocery store built by Frank Eason; and \$300 for porch remodeling by A. E. Pittman.

CO-CAPTAIN COOPER—Don Cooper, 195-lb. tackle, is the co-captain of the 1952 Ranger football team. He has been a regular for the past two seasons and is seeking his third letter. He won all-district mention last year and is expected to be a mainstay on the team.

CAPTAIN DIETRICH—Don Dietrich, 190-lb. fullback, has been elected captain of the 1952 Ranger football team. Don is seeking his fourth letter, having made the team in 1949 when he was a freshman. He missed most of last year with a broken arm but is ready to go this year.

Squad In Good Shape for First Contest

The Rangers open the 1952 football season Friday night at Ranger Field against the Gruver Greyhounds and local fans have hopes that this year's edition of the Rangers will be the most successful in four years. The Rangers are rated favorite over the Greyhounds, who come to Perryton with a new coach, Joe Ogden, and seven regulars from last year's team. Game time is 8 p. m.

Perryton beat Gruver last year, 26-0, to break a two year losing streak and went on to finish the season with three wins and seven losses. It was Gruver's first year in 11-man football.

The Greyhounds have returning regulars Gene Wyatt, I. L. Harris, C. Mitts, D. Peddy, C. Sanders, C. Soapes and M. Winkler. The team averages 154 pounds in the line and 160 pounds in the backfield, with a team average of 156.

The Rangers lost B. R. Fletcher, Verle Downey and Bill Johnson off the 1951 team, but have appeared better in pre-season workouts than they did a year ago. The team averages 181 pounds in the line, 170 in the backfield and 180 pounds overall.

Only injury on the squad is Doc Carter, regular guard, who has a bruised shoulder muscle. All other Rangers are physically fit and ready to go.

Coach Pete Peterson said Wednesday that he planned to start Laurel Lovett and Dick Haar at ends; Don Cooper and Johnnie Witt at tackles; Ronnie Witt and either Doc Carter or Don Scott at guards; Charles Parker at center; Landrum Osborne, Gene Devers, J. B. Langwell, and either Don Dietrich or Edward Cummings in the backfield.

All of these players, except Parker, are lettermen. The Rangers have looked good in scrimmages against Boise City.

East of Boyd

By Mrs. Aldeen Rodgers

The weather is getting cooler in our community.

The school at Turpin began September 1 with a complete staff of teachers.

Mrs. Lizzie Giles returned to her home at Weatherford Monday after a visit at the home of her sister, Mrs. John Winter. Mr. and Mrs. Winter took Mrs. Giles to Forgan, Oklahoma to meet

the bus.

The community honored Mr. and Mrs. Barr Brown at a miscellaneous shower Saturday night at the Anthony schoolhouse.

Hostesses were Mrs. Glen Myers and Mrs. J. L. Bobbitt.

A variety of nice gifts were presented to the newlyweds. Mrs. Brown is the former Miss Mary Catherine Beatty of near Floris. Both Mr. and Mrs. Brown graduated from Turpin High School with the class of '52.

Arthur Stickler and Aldeen

Rodgers have been binding maize fodder.

John Winter has been helping Vernon Ratzlaff cut feed.

Mr. and Mrs. George Kirtan and Jerry went to Enid Sunday evening.

John A. Beck and daughter, Helen, visited Sunday at Aldeen Rodgers.

Some of the 1952 graduates of Turpin who are entering schools of higher learning this month are Miss Joyce Ann King, who is entering Oklahoma A & M at Stillwater; Miss Patsy Atkinson, who enrolled at Hillcrest Memorial Hospital at Tulsa for nurses training; Miss Betty Hendricks, who enrolled at a hospital in Amarillo for nurses training and Mrs. Marilyn Rowbotham and Paul Dean Kirtan, who are enrolled at PAMC at Goodwell.

Hugh Williams sowed wheat on the land they farm near Beaver last week end.

James Rodgers spent Thursday evening with Hugh Williams.

The teachers reception at Turpin Tuesday evening was well attended. Refreshments of sandwiches, pie, coffee and iced tea were served to those present.

Mrs. Arthur Stickler, Teddy and Sherry and Mrs. Roy Stickler of Turpin called at the Aldeen Rodgers home Friday evening. Mrs. Arthur Stickler had been in Perryton for a check-up following her recent operation.

Scout Troop Meets Tuesday

Boy Scout Troop 55 met Tuesday night at the Legion Hall and discussed plans for a camping trip in two weeks to Elmwood, Okla. Further plans will be made next Tuesday night at the regular Scout meeting.

Scoutmaster Harry Stumpf requested all Scouts and ex-Scouts to return the tents which have been issued. Several tents are missing and are needed for the camping trip.

Imogene Matzka, R. N., who has been employed at the Sanford Hospital for the past year, has accepted a position as assistant superintendent at the Newman Memorial Hospital, Shattuck, Okla. She took over her duties Monday of this week.

Young Preacher Billie Walker Is 'Quite a Boy'

Billie Walker, an "old" child of almost nine, is arousing lots of talk among those who have heard him at People's Chapel and those who are just speculating on his ability as a preacher.

Young Bill has been preaching to standing-room-only congregations this week and will conclude his meeting Sunday night at People's Chapel, according to Calvin Cook, pastor.

He's quite a boy. In an interview Wednesday morning Bill was given the full treatment of an adult and he handled himself like a trooper, giving some intelligent answer to all queries.

The forty-nine inches of preaching dynamite said that he spoke before the World Baptist Fellowship at Fort Worth recently to more than 6,500 persons. Another time in Alabama about 4,000 heard him talk.

Games, football and baseball, become trivial, "because I want to learn all I can about God and tell the people." His parents, Rev. and Mrs. Walker instruct him in his regular Alabama school work. Bill is tackling the fourth grade today.

One minute Bill beams at the mention of cowboy boots, a western shirt and trousers but he keeps such youthful ambitions secondary to his burning desire to "learn about God."

Fried chicken drew the biggest grin and the loudest "Sure! I really like fried chicken." That seemed to fit in with most stories about preachers. Folks just know that "the parson" loves fried chicken.

You wouldn't classify Bill as a genius. He cannot read above his years, however his father said that he could actually read most scripture verses in the Bible. His memory is keen but not photographic.

Bill is peculiar, in the sense

Mickey Huston Grid Candidate

LEXINGTON, Mo., Sept. 8 — Cadet Mickey Huston, son of Mr. and Mrs. Fred Huston of Perryton, is a candidate for a varsity berth on the Wentworth Military Academy football team, according to Capt. John Readecker, athletic director.

The first few days were devoted to conditioning exercises, but the team is now undergoing intensified training in preparation for the tough schedule facing Wentworth this year.

Huston was an ember of the Wentworth team last year. He was a regular on the Ranger teams of 1949 and 1950.

that his interests are all centered on preaching. And he's peculiar in the sense that you don't expect to carry on a "grown-up" conversation with a child of almost nine.

This young man of God probably gets a lot of his talent from his father who at 26 years has preached the last 13 years. At present Rev. Walker is pastor of the Highland View Baptist church, Trussville, a Birmingham, Ala. suburb.

Thousands of persons have heard Bill since he started "telling about God" on July 24, 1951. More than 1,600 persons have been converted in his services.

His messages run for about an hour, except one time he spoke an hour and 50 minutes and still held his audience.

Evangelist Bill leaves you wondering "can he really do these things, yet he is doing them; can he really know what he is doing, yet he does know; can he lead the ordinary normal life, no, preachers just don't have a normal life."

He's quite a boy!

Clyde Israel, who has made his home with Mr. and Mrs. Henry Richardson this summer, left last week end for Oklahoma A & M. College at Stillwater, Okla.

Dorine Wright Gets Room at Wayland Dorm

PLAINVIEW (Spl.)—Miss Dorine Wright, daughter of Mr. and Mrs. Ray Wright, Perryton, is one of the lucky girls at Wayland College because she is one of 33 to occupy for the first time a room in Agnes Mays Dormitory, which will be dedicated at 3 o'clock, Sept. 14. Friends of Wayland College are cordially invited to attend the dedication services and open house that follows.

President J. W. Marshall will accept the gift of the building from Mr. and Mrs. W. A. Mays, Amarillo. In recognition of this gift from the Mays family and associates, the Wayland Board of Trustees has named the residence hall for young women in honor of Mrs. Mays.

Miss Wright and her roommate Miss Virginia Fagala, Dallas, will receive in their room the hundreds of guests who will attend the dedicatory ceremonies.

and open house which follows. The dormitory, a two-story brick veneer, is in modified colonial architecture to harmonize with the other new buildings on Wayland campus but the interior is one of the most modern to be found on a college campus. Striking color combinations, Chinese modern light fixtures, many built-ins, and modern design blond furniture provide an unusual setting for the occupants. Two kitchenettes for party preparations, laundry and sewing rooms, special storage space for luggage and evening dresses, as well as bathrooms with tile floors impregnated with carbondum to keep them from ever getting slick show how no detail has been neglected to insure every convenience for the residents.

Mr. and Mrs. Joe E. Batis and daughters Ramona and Kathryn of Abilene were guests, Saturday and Sunday, in the Philo Butler and Dan Manning homes. Mr. Batis is a brother of Mrs. Manning and Mrs. Butler.

From where I sit... by Joe Marsh

Narrow Town—Broad Outlook

The wife's cousin Ben, and Belle his bride are back from honeymooning in the Rockies. Took them to dinner last night at the Garden Tavern. Ben told about the trip:

"Went through a town in Idaho that was only 100 feet wide. No kidding! Built into a long, narrow canyon. And it shares those 100 feet with a railroad track that runs right through the hotel!"

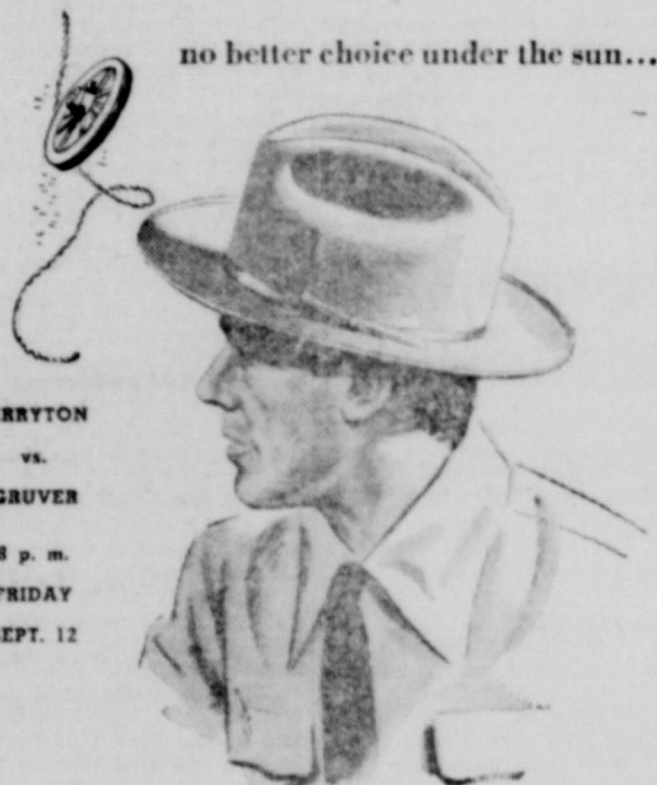

"To get gas there we had to park right on the tracks. Suddenly Belle screams—"there's a train coming!" But the gas fellow just laughs and says we were there

first. Blamed if the engineer didn't stop the train and wait, too!"

From where I sit, it's a good illustration of how people can learn to "think of the other fellow" so that the community benefits. Railroaders and townspeople, Democrats and Republicans, malted milk fanciers and those who prefer a temperate glass of beer—we all have to share the same space. Let's maintain our neighbor's "right of way."

The tangible substantiality of Spirit, and the consequent fleeting changeableness and unreality of matter will be set forth in the Lesson-Sermon titled "Substance" to be read at Christian Science services next Sunday.

The Golden Text is from Hebrews: "Faith is the substance of things hoped for, the evidence of things not seen" (11:1).

This verse from Psalms will be among the selections read from the Holy Bible: "Thy kingdom is an everlasting kingdom, and thy dominion endureth throughout all generations" (145:13).

The following citation will be among those read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Substance is that which is eternal and incapable of discord and decay. Truth, Life, and Love are substance, as the Scriptures use this word in Hebrews: 'The substance of things hoped for, the evidence of things not seen' (page 468).

Early Visit To
Dentist Chair
Saves Teeth

AUSTIN, TEX.—One-half of all children between three and nine have never been to a dentist, according to surveys, and the State Department of Health tags that as one reason why there are some 284 million cavities in the teeth of American kids between those ages.

Dr. Geo. W. Cox, State Health Officer, recommends these four rules as a method of getting children into sound dental health habits:

1. A well-balanced diet with consumption of sweets kept to a minimum. Sugar in excessive quantities produces the destructive mouth acids that cause dental decay.

2. Proper tooth brushing, beginning at an early age. This means brushing the teeth with ten minutes after eating.

3. Early detection and care of dental defects. This will prevent larger troubles later. Neglect may produce serious dental problems which will continue throughout life.

4. Either access to drinking water from a community water system containing the proper amount of fluorides for tooth decay prevention, or application of sodium fluoride to the teeth at periodic intervals. Children who drink fluoridated water from birth have from one-half to two-thirds less tooth decay than those who drink fluoride-free water.

Americans as a whole are highly susceptible to tooth decay by virtue of their diet, the state health officer points out. As a matter of fact, dental authorities say, this country has often been called "a nation of dental cripples."

They urge all parents to realize that so-called "baby teeth" are vital to good dental health in adulthood.

Wheat

NEW YORK (AP)—Argentina, for half a century a leading exporter of wheat, is negotiating in world markets for the purchase of 200,000 tons of wheat.

Grain experts said a poor yield in the last harvest and a decline in wheat acreage are responsible for the shortage. The Argentine wheat crop is harvested in December and January.

ITS DROUGHT TIME IN TEXAS—Cattle in Denton County, Tex., are having a hard time finding drinking water these days as the Texas drought continues on its million-dollar damaging way. On the Clyde Rosson Ranch, 13 miles west of Denton, the 46 head of cattle are being watered by well water—the same well that provides Rosson's family and several other families in the community with water. Better light means better grades!

Back to school means back to home study—and that means plenty of good light is needed to protect young eyes from strain.

Better check your children's study lamps now and see that they have bulbs large enough for easy, effortless seeing—150 watts for table lamps and 300 watts for floor lamps.

See also that the lamps are properly shaded to eliminate glare, and placed where they'll provide maximum light on the work area. Better light means better grades!

Billion Dollars Needed For Texas Roads

AUSTIN, TEXAS—Texas needs \$1,570,000,000 to bring its highways up to adequate standard of safety and utility, according to recent studies of the State Highway Department.

This program would permit completion of the present farm-to-market road system of 35,000 miles, with all gaps and fillers, at a cost of \$228,862,000 according to the Texas Good Roads Association, which is sponsoring a movement for the modernization of the entire state's system.

This almost equals the \$289,896,000 needed for the primary system. Arterial highways would amount to more than \$1 billion.

It would take more than \$2 billion to replace the present highway system of Texas, which totals approximately 44,000 miles. Present highway income is slightly in excess of \$100 million annually from gasoline tax and automobile registration fees. Maintenance work requires almost half of that amount, leaving insufficient funds for complete modernization of roads.

Texas has always used a pay-as-you-go system, which means there is no debt against its highway system.

Mr. and Mrs. Kenneth Balzer and children, Gary, Kay and Terry, who have made their home in Wichita, Kansas for the past year have moved back to Perryton to make their home.

Mr. and Mrs. Henry Richardson and Marilyn were week end guests of Mr. and Mrs. T. C. Israel of Amarillo.

Letters Written Hundred Years Ago Reveal Considerable Difference In Way of Life

(Ed. note: The following two letters, one written in 1861 and the other in 1852, were discovered recently in a family trunk by Mrs. L. T. Tucker of Perryton. The letters were written by nephews to Mrs. Tucker's grandfather, William J. Powell of Hempstead City, Ark. The letters were found in the trunk belonging to Mrs. Tucker's father, C. M. Powell, an Arkansas and Oklahoma newspaperman who died in 1941. He was editor of the Cleveland, Okla., American at the time of his death. Both letters were folded so that they formed their own envelope, and there were no stamps on either letter, the postage being noted with pen and ink.)

Giles County, Tenn.
August 26, 1852
Dear Jack and Becky:

Long and vain have I looked for an epistle from you, but behold I have seen it not, up to the present time I have written to you twice and have not received a line. I know Jack the difficulty under which you labor but not withstanding I think you ought to have written to me once at least as you promised when I left you in Memphis. When I came home from Mississippi I sat down and wrote you and Becky about my travels I had a very pleasant trip. I went to several parties and enjoyed myself very well at them, and by the bye we had one at pars, we danced and all those sort of things and you may know how the old coon looked about that time.

Jack you may have forgotten me but if you have I am coming out there to make you recollect me again. If nothing happens more than I expect at the present time I shall be there sometime between now and Christmas.

Well, Jack, I am still listening to the gibber of children in other words I am teaching school at the meeting house called Smyrna. I started the 8th of March and am still here but I shall stop about the last of October, in consequence of their (the people) having the house on a cell and plaster this fall, at which time I will square up matters and then I am ready to start anytime. Jack, write and tell me all about that country and what I could do if I was there and

whether it would be profitable or not. I am ready for anything almost so I can get a dime or two. I want the dimes and I intend to find them somewhere or somehow, if Providence will only smile. Let me know how things are for you know what a hard task it is for a young man to leave parents, relations and friends and acquaintances whom he has always loved and respected to go to some unknown part of the world to take up his abode among strangers.

I have been petitioned by some of the people to stay and teach another year, but I am in for the dimes as I said before. I have had until fodder pulling time about 25 scholars, since that time about 20.

Well, as for my health it is good I haven't been sick, that is, to say sick a day since I saw you. I have enjoyed myself very well all the time, flourish largely (as is coms. with me you know) among the girls. I have just come from the Spring and saw a girl there but she probably won't stay for dinner.

Crops are good all over this country as far as I can hear. Pa said he had 60 acres of cotton that would make 1,000 lbs. to the acre. Bob's crop is fine. He has no cotton, but he thinks he will make 500 barrels of corn on 70 or 80 acres. I wish I had more paper so I could write more but I must close. Give my love to all.

W. R. Crutcher
P. S. I received a letter from a young lady the other day giving me her heart and soliciting my hand, but I can't find out who

she is.

W. R. C.

August 25, 1861

Mr. J. W. Powell:

Dear Uncle: I avail myself of this opportunity of dropping you a few lines to inform you that I am well and all of the family is very well. Mother had a spell of the pneumonia last winter. She did not have the Dr. but she was very sick for a week.

The health of this vicinity is very good. Tell Aunt Becca that her folks are well.

Mr. Hatchett's was only tolerable well. Charley Hatchett's little girl Mary Jane was complaining some little yesterday. Old Mrs. Holloway died recently after a long illness; consumption was the disease and old age.

Uncle Jack we have the finest crops I ever saw, or ever heard of. We will make enough corn to do us two years if we have good luck in saving it. Cotton looks fine. It is bowled and squared from bottom to top. Old corn is giving out rapidly. Money is about as scarce as corn. People up here can hardly get enough to pay taxes. They have levied another tax upon us 100 per cent which makes it 150 per cent.

Farmers generally made a fine wheat crop in this country. Pa made about half a crop. I can't account for it. It did not have the rust, just the blade was affected. There seems to be a prospect for a mass crop of everything. Corn is selling for \$1 per bu. Wheat \$1. Coffee 25¢ per lb. Sugar about the same. Everything is very high what little there is for sale.

District Cage Schedule Set at Sunday Meeting

Members of the District 1-AA basketball committee met at Phillips Sunday and decided upon a round-robin basketball schedule to determine the district champion this year, instead of a tournament. This is the first time that the basketball season will see conference games during the season.

Each team will play the other three teams of the district two

games, one at home and away, and the champion will be determined from the win percentages. District play will begin January 30.

H. F. Rallsback, Dallas, is the district chairman.

Representing Perryton at the meeting were Kenneth Peterson, coach, and Verdie Peterson, assistant basketball coach. Supt. Gilbert Mize was unable to attend the meeting.

Shivers Says Texas Men Will Help Federal Drought Program

AUSTIN — Governor Allan Shivers has assured Washington officials that Texas personnel will be available to help in the drought relief program for Texas farmers and ranchers and at the same time he called on federal agencies to get the relief program underway without further delaying activities.

Almost two weeks ago, Governor Shivers requested President Truman to declare Texas a "drought area." Following a meeting of farmers, ranchers, bankers and state and federal officials in the governor's office, Shivers asked President Truman to aid Texas farmers and ranchers under U. S. Public Law 875 so that they could be moved into Texas at reasonable prices and other necessary help given to drought-stricken areas. He told President Truman: "Many of the small farmers and ranchers are desperately in need of assistance."

Truman passed Governor Shivers' request over to Administrator Raymond M. Foley, of the Federal Housing and Home Finance Agency. The Governor then commented that he hoped the Washington Administration would not play politics in an election year while Texas farmers and ranchers were in dire need.

Governor Shivers has repeatedly told Administrator Foley that Texas has no state funds appropriated for obtaining drought assistance such as securing out-of-state hay for basic herds.

Administrator Foley has insisted that the Federal government must have assurances from the Governor of Texas that "a reasonable amount" of state and/or local funds must be available for the hay program before the state could be declared a disaster area and federal aid extended.

Polio Victim Returns Home

Marvin Genuchi, minister of music of the First Methodist church, who was stricken with polio Sept. 2, was returned home from the West Texas Polio Clinic at Plainview Monday afternoon and is recovering from the illness.

He is still very weak from the attack. His was the spinal type of polio which does not leave the patient paralyzed.

Kathleen Waters, 9-year-old daughter of Mr. and Mrs. Jimmie Waters, is still in the Plainview clinic with the disease. She was taken to Plainview August 30 and her parents have been with her since that time.

It is reported to be a moderate case of the "sleeping sickness" type of polio.

Arrangements Complete for Lipscomb County Fair

The Lipscomb County Fair will be held Thursday and Friday, September 18-19, with a complete display of exhibits expected for the annual event.

All exhibits, except livestock, will be in place Thursday and the judging of all exhibits except livestock will begin that day. Livestock judging will begin at 10 a. m. Friday.

Food exhibits include baking, candy, canned food, jelly, preserves, butter, garden and orchard, fruits, pickles and relishes.

There will be sewing, handwork, quilts, bed spreads, afghans, rugs, in the sewing division.

Flowers, ceramics and china, painting and novelty exhibits will also be seen.

The livestock division includes Hereford and Angus beef cattle, dairy cattle, horses, swine.

The agronomy department includes threshed grains and seed, head or ear grain, sheaf grain, special grass contest.

There will be judging in the poultry and rabbit divisions of the fair.

Horse Show Set At Lipscomb Fair

The Horse Show which is held each year at the Lipscomb County Fair attracts much interest. This year there will be four classes of Shetland Ponies and six classes of Quarter Horses. Anyone having a horse in Lipscomb County that you would like to show bring it to the Lipscomb County Fair on Friday, September 19th.

The cost of seed treating materials is small when considered on a bushel or acre basis. Norton says several good compounds are readily available for doing the seed treating job. He urges farmers to follow closely the directions printed on the containers and to use care when doing the treating job because the materials are mostly poisonous.

He reports that out of 54,000 carloads of Texas wheat shipped last year only one was graded as smutty. This is a fine record but, he adds, it does not remove the need for a continuing small grain planting seed treatment program. Seed treatment is cheap and is always good insurance for a more profitable crop.

Bethel-Camrick

By MRS. J. E. BURKHAM

Early Thursday morning, the
Elmer Cagles arrived home from
a vacation in California. Their
daughter, Mrs. Vance Powell and
children of Guyton, went with
them.

Friday evening, a surprise
birthday party was given Ewing
Phelps by his brothers and sis-
ters and families, as follows: Mr.
and Mrs. C. D. Ragsdale, Perry-
ton; Mr. and Mrs. Carter Burk-
hart and family, Perryton; Mrs.
Jesse Etter and son, Hardesty;
Mr. and Mrs. Elmer Ragsdale,
Hardesty; Mr. and Mrs. Elmer
Cagle and Charles, Hardesty;
Mr. and Mrs. Vance Powell and
sons, Guyton; Mr. and Mrs.
Rich Coburn, Liberal; Mr. and
Mrs. Jack Phelps, Turpin; Mr.
and Mrs. Ray Phelps and chil-
dren, Spearman; Mrs. Robert
Phelps and daughter, Spearman
and Mrs. Norma Phelps and son
of Perryton.

Grandma Cagle was pleas-
antly surprised, Saturday evening,
when her grandson-in-law, Gay-
lord Stewart and his son, Dickie,
of Colorado Springs, Colorado,
visited her.

Mrs. Ewing Phelps is visit-
ing her son-in-law and daughter,
the Gordon Smiths, at Carlsbad,
New Mexico.

We were happy to have Mr.
Gordon Burton as a visitor in
services Sunday morning at Beth-
el Baptist Church.

The Don Seaton of Minneap-
olis, Kansas, also attended the Sun-
day morning worship service at
Bethel Baptist Church. Everyone
"fell" for the five-week-old Seaton
baby girl who, with her long
black hair, is as "pretty as a pic-
ture."

A change has been made in
the time of meeting for evening
services at Bethel Baptist Church.
Training Union will start at 7:00
p. m., Sunday evenings. The
Wednesday evening services will
begin at 8:00 p. m.

Last Sunday evening, baptis-
mal services were held for Mrs.
Lee Crawford at Bethel Baptist
Church. We are happy to wel-
come her into our fellowship.

B. L. Barnes returned home
Friday from Homer, Alaska, af-
ter visiting for several weeks.

Sharon Cook spent Thursday
with Connie Smith.

Martin McCarter and Myron
were in Dalhart Monday to pur-
chase a bull from the Alford
Meeks.

Ralph Pattison was in Kim,
Colo. over the week end on busi-
ness.

Dayton Roper and LaHoma
Nelson of Weatherford, Okla.
visited several days with Mr. and
Mrs. Floyd Nelson and family.

Mrs. A. F. Cook spent Thurs-
day morning with Mrs. Leroy
Smith.

Mr. and Mrs. Sam Judice and
children were dinner guests Sun-
day in the home of Mr. and Mrs.
W. B. LaMaster.

Grandmother Hardy is visit-
ing in the Willis Hardy home.

Mrs. Floyd Nelson, Mrs. Ralph
Pattison and Mrs. May Pattison
were shopping in Amarillo Tues-
day.

There has been telephones in

Georgia, the son of W. H. and Margaret Lance. He moved to Chillicothe in Hardeman county in 1890 and was married to Ethel Johnson on December 4, 1901. He was converted in a revival meeting conducted by Abe Mulkey, noted evangelist, in about 1902 at Chillicothe.

Mr. Lance moved to Ochiltree county in 1910. He was made a Master Mason in 1902 and a member of the chapter at Chillicothe and Commandry at Vernon and was a past Master of the Chillicothe Lodge. He was a charter member of the Moslem Shrine Temple at Fort Worth and a charter member of Khiva Shrine Temple at Amarillo. He was also a past Master of the Ochiltree Lodge.

He had served several terms as Ochiltree county commissioner in the earlier days of the county. Most of his adult life was spent as a member of the official board of the Methodist church.

Two brothers and one sister preceded him in death. The brothers were Lush and John Lance and the sister was Mrs. J. B. Conley of Perryton.

Lipscomb Clubs Enjoy Camp at Boiling Springs

LIPSCOMB—The 4-H Clubs of Lipscomb County attended their yearly encampment at Boiling Springs which is near Woodward, Oklahoma again this year. There were 66 children and 8 sponsors present. The encampment began August 25 and ended August 26. R. D. Brown, county agent, and Mrs. Clyde Pugh, county home demonstration agent, had charge of arranging the program for the two day encampment.

They had a well rounded program planned. Soft ball, target shooting, and swimming as well as many other games and singing was enjoyed. The children were divided up into four groups with one sponsor responsible for each group. Each group also had certain duties assigned to them to do during the encampment.

Everett Tarbox, county sheriff, had charge of the target shooting. Every boy and girl had a chance to join into this. Several of the children showed themselves to be pretty good marksmen. Each child was given fifteen shells to use and their score depended upon the number of times that they hit the target.

The 4-H Clubs broke up camp the second day after lunch. They will have their encampment there next year.

The Home Demonstration Club Women arrived for their encampment after the 4-H Clubs had broken camp and gone home. There were four different clubs represented at the encampment this year. Those clubs represented were Darrouzett, Follett, Booker and Higgins. A pot luck supper was served along with a fabulous cake brought by Mrs. Charles Imke. One thing that made this cake so extra special was that it was dressed up in a new kind of frosting. This frosting was made from two egg whites and one cup of brown sugar. The way that this is made is to beat the egg whites until stiff but not dry adding one tablespoon of sugar at a time beating in well after each addition. Spread this frosting on the cake batter also use nut meats on it before you put it in the oven to bake.

The group got to sleep late the next morning and coffee was served to them in bed. After the wonderful coffee everyone went to the mess hall for a good breakfast.

Mrs. Fred Boen of Follett gave to the women a demonstration on "Hand Painting with Textile Tube Paint." Every woman enjoyed this very much. Mrs. Max Blau and Mrs. Charles Imke gave another demonstration on making ear screws and corsages out of rick rack. A luncheon of baked ham with all the trimmings was served to the group after the demonstrations were over. The encampment was broken up earlier than was planned because of the death message received by one of our club members.

Mrs. Turner Is Bridge Hostess

Mrs. Fred Turner was hostess to her bridge club, last Friday afternoon, in her home at 721 South Harvard.

Darrouzett to Meet Follett Friday Night

DARROUZZETT — The Darrouzett Longhorns and the Follett Panthers will meet in a football game at Longhorn Field in Darrouzett Friday night at eight o'clock. Both teams are members of District 1, Six-Man football. Friday night's game is a non-conference affair. The conference game between the two teams will be played in Follett on Sept. 26.

Both the Panthers and Longhorns were victorious in their opening games last week. The Longhorns were hard pressed in getting past Booker last Thurs- day night by a 19 to 17 score, while Follett defeated Miami 28 to 14.

Probable starting line-up for the Longhorns will be Buddy Meier and Jackie Schoenhals, ends; Chester Robins, center; Bobby Schneider, quarterback; Russell Altmiller, halfback, and Clarence Helfenbein, fullback.

going on among the Home Dem- onstration women who are try- ing to finish their work for the Beaver Fair this week. They will have Club at Mrs. Carter's house Tuesday and there select the things to take to be put in the booth Wednesday. The exhibit will then be judged Thursday and will be open to the public Friday and Saturday. The Rural Progress of this community will also have a booth at the fair.

There may not be as much as usual but it may surprise one as to just how much can be gathered even during such a dry year. Here's hoping we can do as well as the other groups at least. We would like to win first with our booth this year as we took sec- ond last year when the Grange took first.

The community would like to wish Ellsworth Hoover a speedy recovery. Word has been receiv- ed that he is in the Veterans Hospital at Amarillo and we know he is anxious to return home.

Q—A friend of mine, the wid- ow of a serviceman who was killed in Korea, is planning to remarry soon. She has been get- ting indemnity payments as a result of his death. Will the pay- ments stop after she remarries?

A—No. The remarriage of the widow will have no effect on the indemnity payments, and she will continue to receive them.

Q—Is VA medical treatment av- ailable to World War II veter- ans studying under the GI Bill?

A—A veteran-student is en-

titled only to such medical treatment from VA as he would otherwise get by virtue of his military service. The World War II GI Bill makes no special provision for medical treatment of trainees.

Q—I recently received a gift of several hundred dollars from my son. In figuring out my an- nual income—for purposes of getting a VA pension—do I count the gift as income?

A—Yes. Gifts are counted in determining annual income for pension purposes.

Q—I lost a leg in service, and I recently obtained an automo-

bile with special attachments, with VA paying \$1,600 toward the cost of the car. Is the car ex- empt from taxation by my State because it was purchased with federal funds?

A—No, unless the State law provides for such exemption. Even though VA paid part of the cost of the car, you still are required to pay city, county or State taxes, if they are called for.

Milk Can be a Party Drink!

By MARY MANNING

A glass of cold, fresh FAIRMONT MILK is a grand treat anytime.

Its deep-down creamy goodness pleases, satisfies, refreshes.

Teenagers and adults need this nourishing food every day. It's the "Grow" food—the "Go" food.

There are so many ways to serve FAIRMONT MILK—ways that appeal to every member of the family. Here's a regular party drink that is delicious and healthful. Try it. This recipe serves 6.

Banana Milk Punch

Mash 4 ripe bananas until smooth and creamy. Beat yolks of two eggs until thick. Add one quart of cold FAIRMONT MILK, mashed banana, 1/4 teaspoon salt, 1 teaspoon vanilla. Beat whites of two eggs until stiff and fold into above mixture. Blend thoroughly. Serve very cold, topping each glass with three teaspoons Fairmont Vanilla Ice Cream, and a sprinkling of grated nutmeg or chopped nuts.

Here's a real party fare—made with delicious FAIRMONT MILK. Try it. You'll say it's the best milk in town.

Home Town

You can't build a home town.

The cleverest architects and the most determined builders in the world never designed or erected a home town.

And yet the world is full of them, revolves around them, would fall apart without them.

They are hard to find. They hide behind streets and buildings and trees and houses, until they look just like ordinary towns.

You could be looking right at a home town, and unless you belonged there or came from there, you'd never know it. That is, until you had learned some of the magical things that make up a home town.

Home towns are made up of borrowed cups of sugar, first names and easy hellos. They are noted for father-and-son banquets, tricycles in driveways, football heroes, village belles, neighborhood belles, belles of the block and many assorted sweethearts . . . all of the latter being the most beautiful in the world.

Home towns have plenty of nearby fields for Saturday Indian massacres, quantities of evening breeze to help the sounds of choir practice get around, and one of the world's best back-yard wireless systems.

They're long on lodge meetings, school meetings, business meetings, town meetings, meetings in the drug store, in the barber shop, or in somebody's kitchen after the show. All are characterized by a wealth of opinion, freely given, freely disputed, but never forbidden.

Home towns are heated in winter by steaming coffee pots, cooled in summer by small boys whizzing down the sidewalk after dark on bicycles. They are lit up by the sparkle of tinsel on Christmas baskets down at the firehouse. They are shaded by a wealth and profusion of family trees whose minutest branches are known to all.

Home towns are warm, wonderful places.

They're happiness, family-style. They're the star-spangled excitement of a Fourth of July afternoon with its unshamed patriotism. They're George the butcher, Scout Troop Three, the price of potatoes, and the Gaiety girl getting married.

People living a life and dreaming a dream together.

And home towns are hard to find . . . unless you know just where to look!

In your heart.—Denver City Press.

Few Signers For 'Declaration'

OMAHA, Neb. (AP) — Omaha World-Herald Reporter Tom Al-lan took the second paragraph ("We hold these truths to be self-evident," etc.) from the Declaration of independence, fixed it up in petition form and asked persons encountered at random to sign it.

Of 25 persons approached, only four signed. Sample comments: "Sounds sorta Communist. Some of these Communist writers have a way of writing things, you know."

"What are you trying to do, overthrow the government?"

In Britain the fenders of an automobile are called wings or mudguards.

From the SIDELINE

with HAROLD HUDSON

The turn-out for the blood drive Monday exceeded all expectations, when 208 people gave blood, and the Red Cross crew that took the blood said this number was actually too many people to go through the line in a half day. Drawing blood is a rather delicate process for the nurses and they really got a workout during the day they worked here.

The 208 pints of blood collected here compares with 139 pints taken this week in a similar six-hour period at Pampa. There could have been many more pints taken here if there had been time. The doors were closed at six o'clock and people were still waiting in after them.

An old boy told us in all seriousness Tuesday morning that he heard the Red Cross was selling this blood for \$12.50 per pint to the Army and that they really cleaned up in Perryton. Now this is a ridiculous rumor and you wouldn't think it would gain much credence, but several more asked us about the price of blood during the day, showing how wild tales can get started. Don't know who was responsible for starting this one, but they shouldn't have done it.

The weather we've had the past two or three years has been hard on the farmers, but it has been hard on businessmen, too. For example, we learn that the clothing merchants have been hit hard on the sales of heavy winter clothing, overshoes and raincoats. They loaded up on this kind of merchandise several years ago and haven't had much demand since then. We doubt if any merchant could make a living in Perryton on the sale of raincoats alone, but the sale of winter clothes is a fairly good fall business normally. But we haven't had any snow to amount to anything since 1949.

Up at Guymon recently, Julius Cox, state highway commissioner from Boise City, told a group, "We want to build up highways in Oklahoma's Pan-handle to the point where people can't tell the difference when they come in here from Texas." That's what we call a smart man, and we have a high regard for Mr. Cox, although we didn't think we'd

find a native Oklahoman with such a frank appraisal of his state's highways.

The Miss America contest is over, with Miss Georgia winning the title, but all the young beauties were eclipsed by the radiance of Miss Marilyn Monroe, a publicity conscious screen star who has used her nude calendar portrait as a springboard to fame and fortune. While the young contestants were trying for the title, Miss Monroe went around Atlantic City in a white summer dress, cut square in front and exposing about half of her bosom. In fact, the pictures were so revealing that an embarrassed United Press killed the pictures after they had been sent out on the telephoto network.

"I am very surprised and very hurt," Miss Monroe said. "People were looking at me all day long, and I thought they were admiring my grand marshal's badge."

We heard the other day that the 1953 Chevrolet will come out with a 135-horsepower V-8 Rocket type engine and will be brand new from stem to stern. But then you can hear almost anything these days.

If it's any consolation to you young fellows, a Dr. H. C. Lehman, Ohio State University psychologist, has reported that your best chances of having an annual income of a million dollars or more will come when you are between 80 and 99 years old. Old age itself is no guarantee, the professor hurriedly points out.

We went out to Ranger Field last Thursday to see the team scrimmage Boise City and for a moment thought we had, our dates mixed up and that the first game of the season was going on. Cars were parked completely around the field and there was a good crowd in the grandstand. The Rangers put on a good show for the railbirds, scoring about ten touchdowns to two in the scrimmage, and everyone seems quite enthused.

Little Gene Devers, the 140-pound wingback, has broken loose for long touchdown runs against Boise City and Monday night against Beaver. He's getting some good downfield blocking and both he and Billy McLanahan are displaying more speed than the Rangers have had for several seasons.

The Rangers were strengthened this week with the return of Dick Stewart, the 175-pound tackle who was a mainstay on the B team last year. Stewart, although not now in the best of condition, was one of the best linemen we saw last year and coach Peterson is really glad to see him show up. Bobby Mitchell, the regular guard of last year, still isn't enrolled in school.

The Ranger football games will be broadcast this year—after all. The district committee had set a ruling earlier this year barring the broadcasting of home football games, but in a meeting at Phillips Sunday, reversed the ruling and all games are free to go on the air. This means that all ten of the Ranger football games will be on the air this fall as usual.

We don't know about the rest of you, but we're ready for the Rangers to tee off on this 1952 football season. We intend to be on hand Friday night for the season opener and every Friday thereafter.

Wolf Creek Philosopher

Some Good Points in Washington

(Ed. note: The Wolf Creek Philosopher has a queer idea which he won't get anywhere with, his letter this week reveals)

Dear editor:

Everybody cusses Washington these days, it's sort of a national pastime, a man who has something good to say about the place, he's sort of brought under suspicion at once, about the only platform a lot of candidates feel they need these days is opposition to Washington, but I think the thing has gone too far. There's a lot of good in Washington, if the people just had enough sense to recognize it and follow the lead.

For example, I was out here the other day huntin for signs of Fall. I haven't got any objections to summer, but I'm always glad when it's over, it's like a vacation trip, it sounds like a good idea at the start but before it's over it wears pretty thin, and I stumbled on a copy of a newspaper and since I had just about as soon sit down in one place as another I sat down right there and read where a man who owed the government \$800,000 in back income taxes had settled for \$50,000, another owing \$100,000 had settled for \$15,000, etc. The government said that was good business as the delinquent taxpayer didn't have as much cash as they owed and their earning capacity had diminished and it was better to get something than nothing.

Now that's an example of what I'm talkin about. Why can't private business follow the lead of Washington in this matter? Say I owe the grocery store \$60 and am five or six months delinquent about it. Why can't the store get up on the Washington level and settle for \$5? I can meet the same terms as them \$800,000 tax payers, I don't have as much cash as I owe

either and my earning capacity has diminished, too, especially for the past three years.

Instead of sittin around lambastin what's goin on in Washington, business would be better off, my business anyway, if it caught on to these newer methods of handlin ticklish situations.

But of course, business has got to know which Washington method to follow and which to ignore. I read the other day where a man who was behind \$800 on a \$1200 income tax debt was sent to jail for 18 months. I wouldn't be interested in business followin that trend. It's the \$800,000 bracket that I want employed around here.

Yours faithfully,

J. A.

Fire Hazard Is Great On Dry Farms

COLLEGE STATION — Texas crop and livestock producers are taking a terrific beating from the elements. Economic losses are mounting steadily and should the drought end suddenly, months and perhaps years will be required in some cases for the most severely hit areas to make a full recovery.

But, according to W. L. Ulich, agricultural engineer for the Texas Agricultural Extension Service, unless care is exercised the situation may become even worse. The high temperatures and the lack of moisture have created a situation that is tailor-made for fires. Carelessness on the part of motorists or any citizen could lead to damages even more serious than those caused by the drought.

A fire for example could destroy what forage is left in pastures or fields; stored crops; barns and other outbuildings; farming equipment; the home and might even take the life of a member of the family. Conditions are such that Ulich recommends neighborhood and county-wide action to hold fire losses to a minimum.

A common awareness of fire hazards will do much to prevent the accidental starting of fires. Fire lanes and careful back-firing are practical aids for keeping fires out of woods and pasture lands. Weeds and tall grass around buildings or feed stacks should be removed and warns the specialist, don't burn trash unless you control the fire.

Remember, he says, rural fires are caused chiefly by smokers, incendiaries, and careless burning by rural residents themselves. He adds we can't keep Texas as green this year but every ef-

What's the MOST SURPRISING THING about this BUICK

2 door, 6-passenger Special

WE'll tell you the answer to that one — it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room—which is true.

Maybe it is because so many distinguished people own Buicks—which is also a fact.

But the fact remains—if you can afford a new car, you can own a Buick—so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head—as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflow Drive.*

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

PERRYTON RANGERS

CAPTAINS

AIN DIETRICH—Don Dietrich, 159-lb. fullback, has been captain of the 1952 Ranger team. Don is seeking his letter, having made the team when he was a freshman. Last year he was a starter but is ready to go this year.

CO-CAPTAIN COOPER—Don Cooper, 195-lb. tackle, is the co-captain of the 1952 Ranger football team. He has been a regular for the past two seasons and is seeking his third letter. He won all-district mention last year and is expected to be a mainstay on the team.

4-YEAR-LETTERMEN

LAUREL LOVETT—An end on the 1952 Rangers, Lovett is seeking his fourth letter, having made the team in 1949 as a freshman. He has played end, halfback and center for the Rangers and will be an end this year. He is expected to be one of the best players on the team.

J. B. LANGWELL—Seeking his fourth letter, Langwell is the blocking back this year and has apparently recovered from a knee injury suffered in the Phillips game last year. He is a senior and weighs 170 lbs.

AMY O'DELL—A 155-lb. senior, O'Dell was on the A squad last year and a member of the 1950 B team. He will play regularly on defense and is one of the scrappiest players on the team.

GENE McLAIN—A three-year letterman, McLain will be used principally on defense at guard. He is one of the best tacklers on the team and is hard to handle in the line, even though he weighs only 145-lbs. He is a senior.

LANDRUM OSBORNE—A 165-lb. junior, Osborne was the best kicker in the district last year and is the triple-threat tailback for the Rangers. He is a good runner and passer and will be one of the outstanding players this year.

EDWARD CUMMINGS—The regular fullback last year, Cummings is looking better than ever this year and has grown to 195-lbs. He has shown up well in pre-season practice and the junior is expected to be one of the stars of the team.

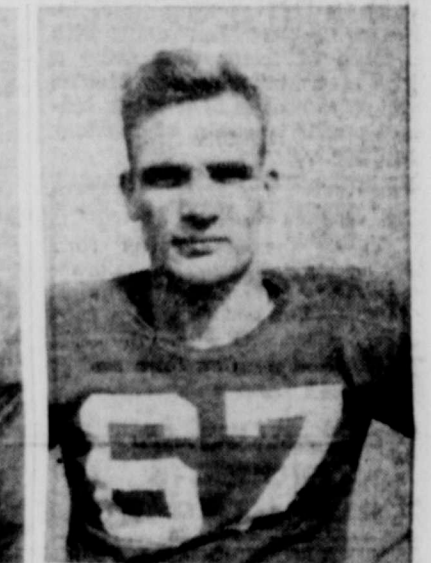

BILLY McLANAHAN—At 115 lbs. he's the lightest man on the squad, but little Bill is a scouter who is holding down a second string halfback position. He has shown up well in pre-season practice and will play a lot this fall. He is a junior, one of the best players on the team.

LESTER WARD—A junior 160-lb. squadman, Ward is expected to play a lot of football this year at tackle for the Rangers. He played on the B team two years ago and was on the A squad last year. He is the only substitute tackle on the roster and has learned both tackle positions.

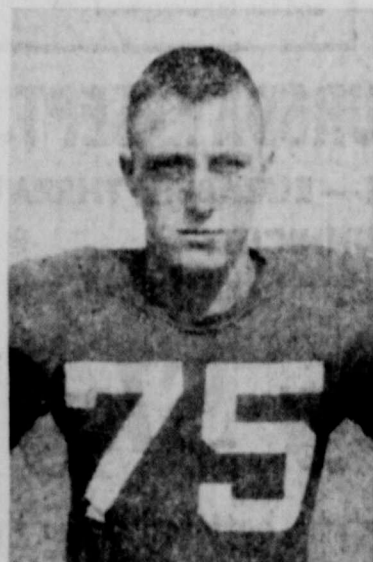

DICK HAAS—Seeking his third letter, 190-lb. Dick Haas will be a mainstay of the team at end this year. He has played both end and in the backfield during this Ranger career and is expected to reach his peak at a terminal post this season. He is a senior.

DICK STEWART—A star tackle and line backer on the B team last year, the 175-lb. Stewart will play end and tackle this year. He lettered on the Ranger team in 1949, missed the 1950 season and was ineligible last year. He will add a lot of power to the line. He is a Sr.

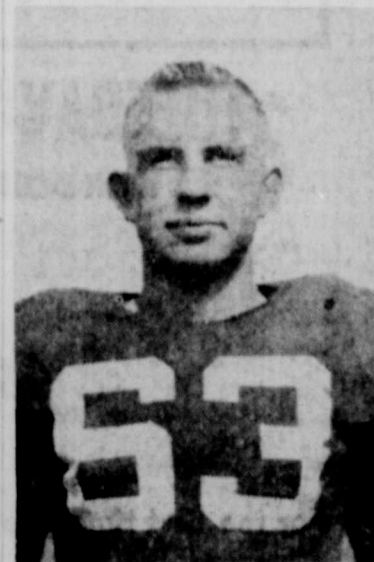

RAY CHISUM—A 140-lb. senior, Chisum is playing his first year of letterman. He showed up well enough in training and in pre-season practice to make the A squad. He will play defensive halfback.

MARVIN FLOWERS—A 150-lb. sophomore, Marvin was center on the B team last year and is making a real fight for the starting center position this year. He is a good blocker and tackler.

DON SCOTT—A reserve guard, Scott is a 140-lb. scrapper who will play plenty of football this fall. He was on the B team for the past two years and showed up well in spring training. He is a senior.

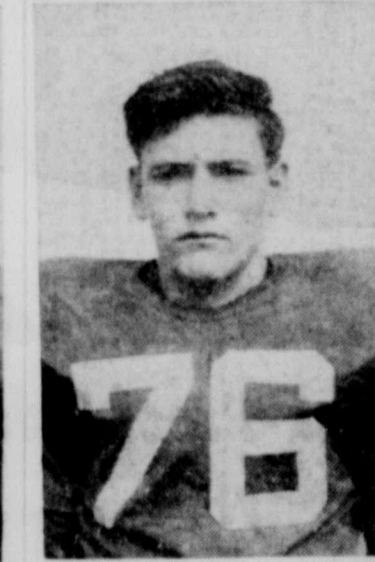

JOHNNIE WITT—A regular guard last year, Witt is the right guard on the team this year and will play offense and defense. He is a good blocker and tackler. He will graduate this year.

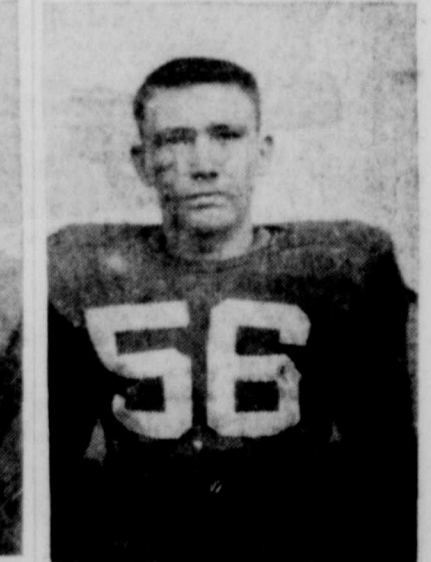

GENE DEVERS—The scabbard of the team, the 140-lb. Devers has improved tremendously since last year. He is seeking his third letter and has shown up well in pre-season scrimmage and practice.

JEROME WOODS—A 140-lb. back, Woods was a member of the B team last year. He is expected to get lots of experience this year and will be a valuable member of the team in the future.

RAY WILLIAMSON—A 170-lb. junior, Williamson was one of the stars of the B team last year and is expected to play plenty of fullback this year. He backs the line on defense and is a hard tackler.

BILL DRAKE—A letterman quarterback, Drake made the T formation go when the Rangers use it. He's a good passer and ball handler and is the blocking back in the single wing. He is a 155-lb. junior.

RAY FARRINGTON—A B-team player, Farrington is a sophomore who will see plenty of action this year, especially on defense. He weighs 150 pounds.

DON HULSEY—A 135-lb. guard, Hulsey is a scrapper and is expected to play a lot of football this year. He was on the B team last year and is only a sophomore now.

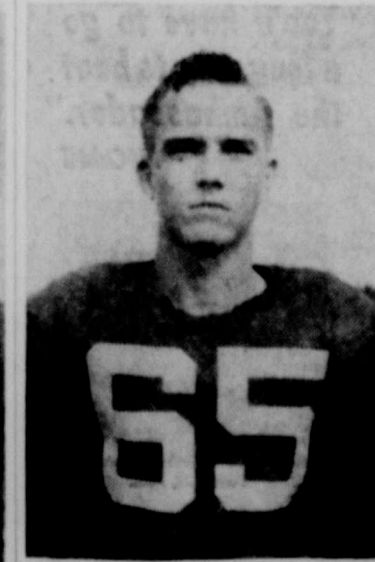

JACK WRIGHT—A 145-lb. sophomore, Wright will see a lot of service at end this year and has shown up well in pre-season practice. He was on the B team last year.

DOC CARTER—A regular guard last year, Carter made the all-district team and is counted upon for heavy duty this year. He weighs 175 lbs. and is a senior.

CHARLES PARKER—The center of the Rangers this year, Parker is a 165-lb. squadman who improved rapidly in spring training. He will play both offense and defense.

GENE GOOD—A sophomore fullback, the 150-lb. lad is expected to play both offense and defense this year. He was on the B team last year.

ARCHIE BRASHEARS—A guard on the B team last year, Brashears will see plenty of action this year, especially on defense. He is a 155-lb. junior.

RONNIE WITT—A 185-lb. guard, Ronnie is a junior who lettered last year. He has put on a lot of weight this summer and is expected to be good on offense and defense.

STILL GOING DOWN—The odor of dying fish and sound of swarming mosquitoes hang heavy over Lake Wichita near Wichita Falls, Texas, these days. Residents along the lake say it is going down more and more each day. Millions of gallons of water have been drained from the lake by evaporation and for city water use. Here a solitary fisherman casts his line into three feet of water from a dock near the lake's pavilion. Next week he may find this spot dry. (L.P. Photo).

Leopard Man and King Kong Seen

Eerie thrills, strange loves and fascinating mystery are blended in "The Leopard Man," the release which is part of the twin bill at the Ranger Theatre on Friday and Saturday. The other picture is the famous "King Kong" which thrilled moviegoers a generation ago and which is still packing them in.

"The Leopard Man" deals with a reign of terror that grips a little resort town in New Mexico when the escape of a black leopard starts a chain of mystery slayings.

"The Finest Shock-Proof Ride In the World Today!" —says Tom McCahill

THIS IS THE VERDICT OF THE NATION'S LEADING IMPARTIAL MOTOR CAR EXPERT AS REPORTED IN MECHANIX ILLUSTRATED MAGAZINE, SEPTEMBER, 1952, ISSUE

NEVER has an automobile received a finer tribute than that accorded the Nash Ambassador by MECHANIX ILLUSTRATED Magazine's Tom McCahill, outstanding car expert.

Tom McCahill tests all makes of cars—200 different models in the past six years. He puts them through back-breaking grinds and reports his impartial findings. He writes of Nash:

"The finest shock-proof ride in the world today... Undoubtedly the best bump-leveler we have."

"On an acre-per-dollar basis, the bargain of the year."

"Among the best performing cars made in America."

"In hill-climbing, it takes a back seat to none."

"This year's line is by far the best Nash has ever offered, and that's saying a lot."

Law Clerk Has Lots of Trouble In New Picture

The story of a young law clerk whose ambitious wife drives him to success, but only after he has weathered a series of tragic comic experiences, comes to the Ellis Theatre on Sunday and Monday, starring Glenn Ford, Ruth Roman and Denise Darcel.

Ford enacts Max Webster, the young man in a hurry to achieve a partnership in his Montana law firm, with Miss Roman as Julie, his wife, who, when his request is turned down, urges him to make a fresh start elsewhere. So Max takes his family, including two precocious young daughters, to Los Angeles, where he enrolls in a refresher course in law in the hopes of passing the California bar examination. The move is impregnated with troubles from the beginning. The family discover that their apartment was previously a bookie joint, with the result that they find themselves unhappily involved with a group of tough racketeers. Max's involvements become even more desperate when he finds himself pursued by two predatory females, the first an attractive law student, (Nina Foch), the second a dynamic French showgirl (Denise Darcel). Things reach a hilarious crisis when Max becomes the center of a free-for-all night club brawl and winds up in jail. But at the ensuing trial, Max presents so brilliant a case, as his own lawyer, that he is not only acquitted but wins his long dreamed-of partnership, after all.

"King Kong" is about a 50-foot ape brought to the U. S. from a tropical island and who creates panic when he decides to break his chains and explore New York City alone.

Mitchum, Blyth Star In Film Of War Days

Filmed under simulated fighting conditions, "One Minute to Zero" brings a highly dramatic war picture to the Ellis screen on Friday and Saturday. Starred in the film are Robert Mitchum and Ann Blyth.

Mitchum is seen as a highly efficient Army officer concerned primarily with completing a difficult and dangerous job. Miss Blyth is a courageous civilian attached to the UN forces. As a team, these two come to grips when their military and civilian viewpoints clash, but each recognizes the other's unflinching integrity.

The scenes were filmed in Colorado with thousands of foot soldiers and hundreds of planes enrolled in the action scenes.

Big Adventure U-Boat Mystery

The capture of a disguised mystery ship motivates the exciting plot of "Sealed Cargo," the new romantic drama which stars Dana Andrews, Carla Balenda and Claude Rains. The picture comes to the Ranger Theatre on Wednesday-Thursday, Sept. 17-18.

With its setting along the bleak coast of Newfoundland, the picture deals with the entrapment of a seemingly innocent square-rigger which turns out to be a mother-vessel for a pack of Nazi submarines operating on the Grand Banks. An American fishing-boat captain, decoyed into towing the crippled ship into a little Newfoundland harbor, finally discovers her real identity, and sets about defeating the German scheme.

'The Big Sky' Historical Saga Of Old West

Rated one of the finest epics of pioneer adventure in movie history, "The Big Sky" comes Tuesday-Thursday to the Ellis Theatre, starring Kirk Douglas and Dewey Martin.

Made from A. B. Guthrie, Jr.'s remarkable novel of the same name, the picture vividly presents the struggles and hardships faced by the fur-trading mountain men who opened up the unexplored country that today comprises the Dakotas and Montana. The plot is woven around an expedition which sets out from St. Louis in a keelboat to reach the headwaters of the Missouri River, a region which at that period (1830) few white men had ever seen.

Two young Kentuckians, an older mountain man and an Indian girl are the principal characters. Kirk Douglas and Dewey Martin portray the young men and Elizabeth Threault, makes a film debut as the heroine, a Blackfoot Indian girl.

Most of the picture was filmed on the upper waters of the Snake River, in Wyoming's scenic Jackson Hole country.

Scientists Plan Mountain Climb

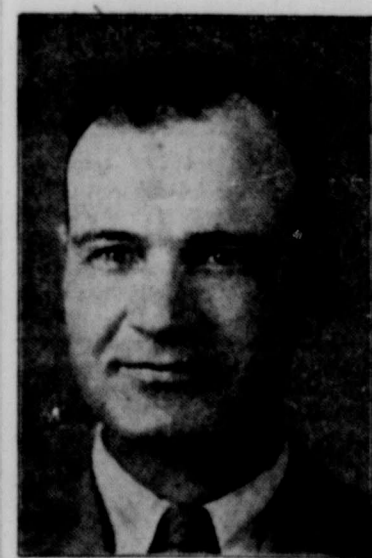

PASADENA, Calif. (AP)—Three mountaineering scientists from California Institute of Technology plan a dual-purpose assault this month on the Brooks Range in Alaska.

Making the trip are Professors Gunnar Bergman, Alfred Tissier and G. W. Beadle. They plan a climb up 10,000-foot Mt. Doonarak, about 100 miles north of the Arctic circle.

They'll take observations of spruce plantings above timberline made in 1939 by Robert Marshall, a pioneer mountain climber. The three will also make corrections in current Air Force and Geological survey topographical maps which have been incorrect in important details of the area.

CAN'T GO ASHORE—Spirodon Zagouris, 31, a Greek seaman who has a Texas wife and a 17-month-old son, has asked a U. S. District Court in New Orleans why federal authorities have refused to let him go ashore in the United States for almost two years. Zagouris told the court that every time the American ship he sails on docks in the United States an immigration official serves a writ of detention on him. Zagouris' wife lives in McAllen, Tex., and has been permitted to visit her husband occasionally when his ship docks at Texas ports. (AP)

Bear Visits New City

FONTANA, Calif. (AP)—Residents of Fontana were proud when their city was incorporated recently, but something happened to dampen their ego.

It seems a 500-pound brown bear hadn't heard about the in-

corporation order and wandered into town from the mountains nearby. Sheriff's deputies shot it six blocks from the center of the city.

Marsden Austin of Enid was a guest of his uncle and aunt, Mr. and Mrs. H. C. Sanford, Monday and Monday night.
