SIXTY THIRD YEAR

Sonora, Texas, Friday, September 18, 1953

FIFTY-SECOND WEEK

Soil Conservation District News

Prepared by Local SCS Personnel

News of Edwards Plateau Soil Conservation District

Sonora's volunteer firemen had quite a round Wednesday morning beginning at 8 o'clock when the siren announced a blaze at the hospital.

First thoughts were that the fire was in the building and perhaps patients were in danger. It became apparent at this point that an extension ladder was missing from the pumper.

On arriving at the hospital, firemen found the building safe and sound. A pickup truck had caught fire, and, ironically enough, it belonged to a fireman. That problem out of the way, the search for the missing ladder was resumed, and sure enough, it was found that morning. Who had it? A fireman.

The bank is installing a complete new gas-fired boiler this week. Lone Star is doing the work. The schools are also about through with their switchover to natural gas.

School will be dismissed this afternoon at 2:45 o'clock so all will have plenty of time to drive carefully to Big Lake for the opening game. On the way you will pass quite a few Fort-Stockton people on their way to the Panther's game in Eldorado, and on the way home you will pass them again, so let's all be careful and live to see football games for years to come.

Reserve Tickets On Sale Monday

Reserve seat season tickets for all home football games will go on sale Monday morning at 11 o'clock at the First National Bank, according to Norman S. Davis, high school principal, who will handle the sale this year.

Davis said the sale would close Monday at 3 o'clock, but invited patrons unable to come to the bank to call him for tickets.

Fans who bought reserve season tickets last year will get first choice on the same seats this year, Davis said, provided they notify him on or before Tuesday.

Miss Shirley Whittemore of New, Kansas, is here this week as the guest of her sisters, Mrs. Roy Cooper and Mrs. Maxine Ellingson and families.

Hopes of ranchmen for improved moisture conditions and a good wet winter were lifted several weeks ago when clouds left a little moisture on the parched lands of the Edwards Plateau.

Suffering from almost four years of unprecedented drought ranchers are hoping that the current drought is about to become history. They fully realize the moisture they have received is only the beginning and that they need much more in order to safely call the drought broken.

It doesn't take a keen observer to see the ravages of drought. Dead cedar and liveoak along with bare hillsides and flats is common. It is a dark and dismal picture to ranchmen who had reduced livestock numbers to practically nothing and had tried to save their ranges.

With the coming of several weeks of wet weather the landscape has brightened up, grass is not as dead as everyone had feared. To cooperators of the Edwards Plateau Soil Conservation District it is evident that the response of grass to improved moisture conditions varies. Some pastures are coming back faster than others even though they have received the same amount of rainfall. In looking for the reason cooperators find the pastures that are coming back faster have been deferred previous to or during the drought. Pastures that have been continuously stocked are not coming back as rapidly.

Drought alone, without grazing, would have killed a lot of desirable vegetation. The pattern of the little moisture received during the drought was a factor in this death loss. Perennial grasses start growth in the spring from food stored in the root system. When moisture and temperature become favorable growth starts. Grass continues to draw on the food reserves all through the growing period until seed matures. After seed maturity and until frost, the food produced by the leaves returns to the root system, where it is stored for the winter to begin growth next spring.

The rainfall pattern of the drought was such that it alone tended to weaken the plant. Soon

after moisture conditions become favorable growth began, followed by hot dry weather. The grass died back to the roots. Each time this happened the food reserves left in the roots was reduced. The plant had no opportunity to replace these food reserves and the process was repeated until the plant died.

This same process is repeated under a system of continuous grazing. When the most desirable plants are grazed the year around, they never have a chance to replace the food reserves in the root system. They eventually die and are replaced by plants that are not as palatable to livestock.

Put the two together, plants weakened by continuous grazing followed by further weakening of the root systems by drought. The end result was death to the plant.

Grasses that went into the drought in a good healthy condition are more apt to survive. Their root systems are in better condition to overcome the wet periods of short duration followed by hot dry weather. This is being observed by cooperators of the Edwards Plateau Soil Conservation District.

Ranchmen must take into consideration the weakened condition of their grass cover and make plans to carefully manage their ranges if they expect a rapid recovery. With good rains most of the grasses that have survived the drought will recover provided they are given a chance. Resting of pastures is a necessity if these weakened grasses are to make full recovery. With feed as scarce as it is livestock will remove top growth of palatable plants, placing these plants in still a weaker condition.

Resting of pastures from now until frost should permit palatable plants to produce seed and regain some of the vigor lost during the drought.

Ranchmen are very lightly stocked at the present time and consideration should be given to a program of moderate stocking and pasture deferrals for the next several years to permit full range recovery in the shortest possible time.

SERVICES FOR SONORAN'S BROTHER HELD MONDAY

Funeral services for Luther Wemble, 63, brother of Mrs. G. G. Bennett of Sonora, were held at 2 o'clock Monday afternoon in Odessa. He died Sunday in Pecos.

Survivors include a daughter, Mrs. R. C. Guley of Pecos, three sons, W. H. of Wichita Falls, L. D. of Snyder and J. T. of Midland. Also surviving are a brother, Elmer, of San Angelo; three sisters, Mrs. D. D. Smith of Brownwood, Mrs. George King of Shawnee, Okla., and Mrs. Bennett. Ten grandchildren and one great-grandchild also survive.

Attending the funeral from Sonora were Mr. and Mrs. G. G. Bennett and Mr. and Mrs. H. B. Smith.

SPIRITUAL SUN-BATHING By W. H. Marshall

In many cases the best form of prayer is just to think about God and His Presence with you. This quiet contemplation of God is simply to enjoy the Presence without attempting, so to speak, to do anything with it.

Particularly, if you are emotionally disturbed about something, or when you are worried about a number of different problems, this gentle but persistent preoccupation with the Great Creative Mind will restore your inner peace and open the way to fuller life.

We need to learn to relax spiritually as well as physically. We easily forget that it is the power of God that solves our problem and not our own efforts in the making of our prayers. Sun-bathing offers an excellent analogy here. In sun-bathing you expose the skin to the sun to do the rest. You would never think of trying to help the sun. You would never think of trying to rub the sunbeams into your skin, nor would you strain upward in an endeavor to get nearer to the sun, for instance. You relax quietly and have perfect faith that the sun will do its work.

In meditating on the Presence of God the same quiet relaxed confident attitude will bring the same inevitable result.

Let us always remember we can never force God even in our prayers. Prayer is not asking something. Prayer is acting out something. When the act is in keeping with the prayer-word, results will be obtained. No prayer is answered by proxy.

Broncos Open Season In Big Lake Tonight

Grand Jury Indicts Two Men

The grand jury returned two indictments Monday, charging Arturo Ortega with assault with intent to murder and Manuel Luna with burglary.

Ortega is charged with assaulting his wife, Mrs. Gloria Ortega with intent to murder on or about June 11. He is held in County Jail on \$2,500 bond.

Luna is charged with burglary of the home of Endvijen Ortega on or about May 11. He is held in County Jail on \$1,000 bond.

Judge Garland Casebier, presiding judge of the 112th District Court, granted two divorces.

Mrs. Hazel O. Wright was granted a divorce from T. O. Wright, and Mrs. Maggie Archer was granted a divorce from D. L. Archer.

Trial dates for Ortega and Luna have not been set.

City Laying Main To Elliott School

The City of Sonora began construction this week on connecting the Elliott School with a six-inch water main. The completed job, which runs from the J. F. Hamby home will total seven-tenths of a mile.

The main will cross the Dry Devil's River underground and will have four new fire plugs placed along its route.

Total cost of the operation will be about \$11,000 said R. M. McCarver, superintendent of utilities, Wednesday. McCarver said if good weather prevailed work should be completed in 30 days.

Lone Star Steel Company of Danerfield, Texas was low bidder on the 154 joints of cast iron pipe and made delivery Wednesday.

The City Commission is also considering plans to pave from the Elliott School to St. Ann's Catholic Church.

Shrine Circus To Be In San Angelo

The big all new 1953 Shrine Circus is coming to San Angelo and there will be tons of performing elephants, funny clowns by the score and 46 all star feature acts appearing in the gigantic 2 1/2 hour big top extravaganza filled to the brim with spine tingling thrills to delight oldsters and youngsters alike, in the greatest Shrine Circus on Earth.

Heading the conclaves of stupendous arenic artists will be Miss Dolly Jacobs with her performing military elephants, also the world's only performing twin baby pachyderms "Tillie & Millie" with their tiny cousin "Baby Dumbo"; the world's only herd of performing Andes Mountain Llamas and Arabian Camels; 24 waltzing and dancing horses; three troupes of tiny midget horses, troupes of performing dogs and all sorts of trained wild and domestic animals.

Vast troupes of aerial and arenic thrillers will include the Flying Malkos, monarchs of the air; the Loegos, high wire bicyclists; the Zoppe Troupe, of bare back riders; Victor & Gaona, aerial maniacs; Guiterres Troupe, wizards of the wire; Senor Morelli, slack wire thriller; American Delford Troupe of whirl wind acrobats; the De Wayne Troupe of tester board experts; 20 funny clowns headed by "Kinko" with his miniature car; the 24 Ladderettes; the Hollywood aerial ballet and a delightful array of features to please the multitudes of circus lovers.

Several colorful spectacles will be presented with hundreds of people and animals, with elaborate electrical effects. The performances are scheduled afternoon and night of Friday September 25 and Saturday September 26 at 2:30 and 8:15 P. M. and a Sunday matinee performance only on September 27. The circus will be located at Guinn Field, where box offices and gates will open one hour earlier.

Tickets are offered at popular low prices.

Mrs. W. H. Marshall, Mrs. J. T. Sellman and Mrs. O. G. Babcock attended the Education Seminar of Women's Society of Christian Service at the First Methodist Church in San Angelo Tuesday.

Mr. and Mrs. Jack Whitley and son, Jeffrey, of Austin were here last week with her parents, Mr. and Mrs. H. V. Morris.

Mrs. Annie Sharp and Mrs. Ruth White were in San Angelo Saturday on business.

Sheriff Hurt In Mishap Saturday

Sheriff B. W. Hutcherson is recovering at home this week from injuries received Saturday afternoon in an auto crash south of Rocksprings.

Hutcherson and Mrs. Hutcherson and Mr. and Mrs. Rex Hutcherson were traveling north on State Highway 55 about 12 miles south of Rocksprings when their car collided with a pickup truck driven by D. H. Denmark, 52, of Uvalde. Hutcherson suffered cuts, bruises and severe shock. The others passengers were not injured seriously.

Denmark, a highway construction machinery operator, received a head cut. Both vehicles were severely damaged.

Investigation was made by Ernest Brownrigg, Edwards County deputy sheriff, and State Highway Patrolman Herman E. Moore.

LIN TURNEY SELLS INTEREST IN FEED STORE

Lin Turney, manager and partner in the Stockmen's Feed Company, announced this week that he has sold his interest to his partners, Bryan Hunt and George H. Neill. Turney said ill health forced the move.

Andrew Moore, local ranchman, assumed management of the company this week. Turney said he will spend most of his time at his stock farm near Christoval. Beyond that, he added, his plans are indefinite.

A native of Sonora, Turney began working at the store October 1, 1938, when it was owned by H. V. Stokes. He became a partner in the business in 1946 and in 1950 Stokes sold his interest to Hunt and Neill.

Stanolind To Offset Wallace Discovery

Stanolind Oil & Gas Co., has filed application to drill a one-location well offset to Ashland Oil & Refining Co. and Felmont Oil Corp. 1 W. D. Wallace estate, Sutton County Strawn reef lime discovery, 17 miles southeast of Sonora. It will be drilled as the No. 1 Ella Wallace.

Rotary drilling to 6,600 feet will begin when permit is granted.

Location, on a 7,680-acre tract, is 660 feet from the north and east lines of 67-14-TW&NG.

Ashland and Felmont 1 Wallace was finished August 26 for a daily flowing potential of 86.72 barrels of 33 gravity oil plus 11 percent basic sediment and water, with gas-oil ratio of 3,200-1. Production was from between 5,006-28 feet. The Strawn was topped at 5,000 feet on elevation of 2,290 feet. The project drilled to total depth of 6,650 feet in the Ellenburger, where salt water was logged.

MISSIONARY TO SPEAK

Dr. Ernest W. Weiss, a medical missionary who served for years in China, will speak at the Methodist Church Sunday night at 7 o'clock.

Mr. and Mrs. John Hunt of Kerrville spent Saturday night and Sunday here as the guests of her parents, Mr. and Mrs. Boyd Moore.

Mrs. Wesley Granger, Mrs. Nellie Allen and Mrs. Robert Rees were in San Angelo Saturday where they visited Mrs. John Bunnell who is a patient at St. John's Hospital.

Mr. and Mrs. J. C. Luttrell and children, Joe and Elaine, were in Bronte last weekend as guests of her parents, Mr. and Mrs. B. A. Bell and family.

Lions, P-T A Honor Faculty

Members of the Parent-Teachers Association and the Lions Club honored faculty members Tuesday night with a dinner and program at the Central Elementary School.

Mr. and Mrs. W. D. Bradley, Jr., led the group in singing the first verse of "America," and the Rev. W. H. Marshall gave the invocation.

Dinner was served in the cafeteria and the program followed in the auditorium. E. A. Broadhead presided.

Mrs. Frank Potmesil, president of the P-T A, welcomed faculty members and Clay Puckett introduced members of the faculty. Broadhead completed the introductions.

Mrs. Herbert Fields introduced Richard Hardin, head of the department of art, San Angelo College. Hardin gave an illustrated lecture explaining some of the purposes of art courses in colleges today.

"No matter how we think or how we feel," Hardin said, "we are influenced by art today. One of the main purposes of college art instruction is to influence creative thinking and creative use of the hands."

John A. Martin, Jr., and Travis Glascock played string music during the dinner.

Record Trout?

WEST BEND, WIS.—The three trout held by Ethan Maxon of Cedar Lake near here all measure over 24 inches. They were caught in Alaska where the Russian and Kenai Rivers meet, and are among the biggest of their species landed in the territory.

HOWARD SERVICES HELD IN ANGELO TUESDAY

Funeral services for Jack Howard, 40, brother of Mrs. B. W. Emert of Sonora, were held Tuesday afternoon in San Angelo. Elmer Adcock, Merton Church of Christ minister, officiated.

Howard died Sunday at his Merton home following a heart attack. Besides his wife, he is survived by his mother, Mrs. J. A. Howard of San Angelo, two brothers, Elton of Merton and Roland of San Angelo; and a sister, Mrs. Emert.

Mr. and Mrs. J. C. Luttrell and children, Joe and Elaine, were in Bronte last weekend as guests of her parents, Mr. and Mrs. B. A. Bell and family.

Speech Before UN Political Committee

NEW YORK CITY—Sir Selwyn Lloyd, of British delegation to UN, gestures toward Adlai Vishinsky (right) during his speech before UN political committee. Lloyd lashed out at Vishinsky for attempting to "dictate" the shape of the Korean Peace Parley and for trying to "pack" it with countries mostly favorable to Russia. Henry Cabot Lodge of the US Delegation looks on (left).

Joe Turner's 1953-Model Bronco, without a known defense line-up as yet, open the season against Big Lake tonight at the Owens field. Games time is 7:30 o'clock. The game is non-conference.

Big Lake will have a slight edge on Sonora, having opened their season a week earlier, defeating Ozona 13-0.

Coach Turner said Wednesday he did not know the defense yet "because we lost our defense last year and still don't have one."

Sonora is very much an unknown quantity this year, in spite of favorable publicity received in several daily newspapers.

Starting offensive line-up will include the following:

L. E. Jim Skinner
L. G. Eddie Smith
L. T. Ted B. Joy
C. Joe Renfro

R. G. Donald Fuqua
R. T. James McLaughlin
R. E. Rus Chalk
Backs: George Wright, Jodie Minnick, Jack Johnson and Tracy Crites.

Reserves, including defensive line-up, are Tommy Adams, Jack Adkins, Armando Badillo, Gene Eubank, Turney Friess, Harold Garrett, Eusebio Gonzales, Samuel Gonzales, Reed Jennings, George Johnson, Preston Love, Shannon Ratliff, Francisco Sanchez, Billy F. Turney, Don Valliant, and Jerry White.

Humble To Air S W Conference Games Saturday

Humble Oil & Refining Co. will broadcast five kick-off games for Southwest Conference teams Saturday over a network of nearly 60 radio stations.

All of the games will be inter-sectional. Texas A. & M. will meet Kentucky at Lexington; Baylor faces California at Berkeley; Rice meets Florida in Houston; T. C. U. plays Kansas in Fort Worth and Texas battles L. S. U. in Baton Rouge. In another game to be broadcast, Texas Tech meets West Texas State in Lubbock.

Airtime for the Texas Tech-West Texas State, Texas A. & M. Kentucky, Rice-Florida, and T. C. U.-Kansas games will be 8 p. m. Baylor-California will be at 2:50 p. m. and Texas-L. S. U. will be at 8:05 p. m.

Popular announcers Kern Tipp and Alec Chesser will describe the T. C. U.-Kansas game direct from T. C. U. stadium in Fort Worth over stations KRJZ, Fort Worth, and KGKL, San Angelo. Ves Box and Coit Butler will bring fans the Texas A. & M.-Kentucky games direct from Lexington, Kentucky, over stations KRLD, Dallas; WOAI, San Antonio and KEYS, Corpus Christi.

The Baylor-California game will be described directly from Berkeley, California by Dave Russell and Joe Cullinane over stations KABS, San Antonio and WRR, Dallas.

Announcers Bob Walker and Ed Hill will be on hand to bring the Rice-Florida game from Rice stadium over KXYZ, Houston; KTS, San Antonio and WFAA-WEB, AP-570, Dallas-Fort Worth.

John Ferguson and Dave Smith will announce the Texas-L. S. U. game from Baton Rouge, La., over KPRC, Houston; WFAA-WBAP, 820, Dallas-Fort Worth; KABC, San Antonio and KRIS, Corpus Christi.

The Texas Tech-West Texas State game will be aired directly from Lubbock by Eddie Barker and Jack Dale over KFYO, Lubbock.

Mrs. Hub Hale spent last week in Fort Worth with her brother, Dorsey Mitchell and sister, Mrs. Jack Head, and families.

WAR ON DISEASE in Korea takes U. S. Army medical men into native homes and farmlands. Here two soldiers from the 219th Medical Detachment set rat traps in a Korean courtyard as part of their probe into causes and prevention of mysterious hemorrhagic fever.

BOYD LOVELACE ATTENDS DISASTER RELIEF SCHOOL

Boyd Lovelace returned this week from College Station, where he attended the Defense and Disaster Relief Conference Wednesday and Thursday. Purpose of the meeting was to plan, at the community level, to handle any disasters or emergency situations that might arise.

Local disaster relief appointments are made by Mayor Alfred Schwiening and County Judge G. A. Wynn.

They include Lovelace, who is chairman of the county welfare emergency commission. He is assisted by Miss Nan Karnes and Mrs. Maymie Brown. R. M. McCarver is county defense director. Matt Adams is fire defense director, and Dr. J. F. Howell and Dr. C. F. Browne are emergency health officers.

Expenses to the conference were paid by the city.

Mrs. Willie Andrews spent last weekend in San Antonio with her sisters, Mrs. Ray Dixon and Mrs. Pete Burgstaller and families.

Mr. and Mrs. T. R. Monk and family of Odessa were here Sunday visiting their daughter and son-in-law, Mr. and Mrs. Durl Wright.

MARINE RECRUITER TO BE HERE MONDAY MORNING

The Marine Corps Recruiting Station in San Angelo today announced that a Marine recruiter will visit Sonora at the Post Office from 10 o'clock till noon, Monday, September 21. He will be accompanied by a member of the 91st Special Infantry Company of the Marine Corps Reserve in San Angelo. Persons having questions pertaining to enlistment in the Marine Corps or the Marine Corps Reserve are asked to come to the Post Office Monday and see the Marines.

Mr. and Mrs. John Venters spent last weekend in Port Arthur.

Mr. and Mrs. W. B. McMillan and son, Dick, were in Mason last weekend to visit his parent, Mr. and Mrs. Marvin McMillan.

Mr. and Mrs. Jimmy Doty had as guests last weekend her grandparents, Mr. and Mrs. J. T. Bowers, her parents, Mr. and Mrs. E. H. Babb, and sister and brother, Camille and James all of Del Rio.

Mrs. W. C. Anthony and children, Nancy and Wallace, were in Ricksprings Sunday as the guests of her brother, T. A. Ralston, Jr., and family.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I want to apply for VA's vocational counseling to help me choose a training objective under the Korean GI Bill. There aren't any counseling facilities in my town. Would VA pay my transportation costs to and from a counseling center?

A - No. VA may not pay the travel costs of a veteran who merely desires counseling. But VA could pay these costs, in the case of a veteran for whom counseling is mandatory.

Q - If I meet all the eligibility requirements of the Korean GI Bill, would I be allowed to take training, even though I've gone back on active duty and am now in uniform?

A - No. The Korean GI Bill prohibits training by veterans on active duty, even though they do meet all the eligibility requirements of the law.

Q - I'm planning to buy a house with a GI loan. What should be my first step?

A - Your first step should be to go to your VA Regional Office and obtain a Certificate of Eligibility. Be sure to bring your original discharge or separation paper with you. Once you have the Certificate, see a lender for a GI loan.

Q - I've just come out of service, and I'm planning to apply for \$10,000 worth of GI insurance available to Korean veterans. I have a \$5,000 commercial life insurance policy. Will I still be able to get the full \$10,000 GI policy, even though I hold commercial insurance?

A - Yes. The amount of com-

LULAC Marine Platoon To Be Organized

The San Angelo recruiting office announced today the formation of a recruit unit to be called the LULAC MARINE PLATOON, scheduled to be enlisted during September for shipment to recruit training on September 30.

United Latin American Citizens, the unit will be similar to the Alamo Marine Platoons which were enlisted and shipped during July of this year.

As with the Alamo units, the LULAC MARINE PLATOON will be enlisted together, will be sent to San Diego, Calif., for recruit training, and they will, in most cases, be given leave to come home together at the completion of this training. They will also carry their own flag to recruit training.

Mr. Albert Armendariz, El Paso, president of the National LULAC, has pledged the support of the national organization, and local LULAC units in many cities throughout Texas and New Mexico have also announced their support of this unit.

Captain James R. Jones, officer in charge of Marine recruiting at the San Antonio Main station, whose recruiting district covers South, Central and West Texas, and the Southern half of New Mexico, stated that the unit enlisted in July was such an outstanding success that it was decided to ship this new unit.

He pointed out that, in line with Marine enlistment policies, there are no restrictions as to who or how many many join this unit. The immediate goal, however, is 150 men to come from the whole San Antonio station area.

Capt. Jones stated that there are units of the LULAC in cities through Texas and New Mexico which can be contacted for information on joining this unit. Although some of these LULAC councils may not be in his district, he said that plans are being formed for the possible joining of men from without his area of jurisdiction.

He listed the following important requirements for enlistment: bet-

ween 17 and 28 years of age; ability to pass the mental and physical exams; and high moral qualifications.

Young men interested in joining the LULAC MARINE PLATOON should contact the recruiting station nearest their home; or, if there is none nearby, they should watch their local paper for an announcement of a recruiter's visit to their locality.

In San Angelo, the Marines can be contacted at room 201 of the Post Office Building.

3 PERCENT OF PEOPLE
GET SOCIAL SECURITY

Nearly three million retired wage

earners and retired self-employed persons and over two and a half million dependents and survivors are now receiving monthly social

security benefits. George Clark, manager of the San Angelo social security office announced today. In 17 years the program has steadily expanded and its insurance benefits are now being paid to about three percent of our total population.

The social security benefit is not a pension, but a social insurance protection against the loss of income because of old age or death. The program provide a basic floor of protection upon which the bread winner can plan for personal and family income in the event earned income stops, Clark pointed out.

Family benefits can amount to as much as \$168.75 per month; a retired man and his wife can receive as much as \$127.50. However, before retirement, inquiry should be made at your local office, Clark said.

The field office servicing this area is located at San Angelo and Clark advised anyone having questions about the old-age and survivors insurance protection to visit or phone that office.

To five and a half million persons, social security is now monthly income. If you are receiving benefits, protect them by advising your field office of change of address.

"Workers who earn more than \$75 per month in work covered by the programs, or self-employed persons averaging more than \$75 per month, must let the field office know, since benefits cannot be paid

W. S. C. S. MEETS WEDNESDAY

The Program Committee of the Women's Society of Christian Service of the Methodist Church met last Wednesday afternoon at the ranch home of Mrs. Ben Cusenbary.

Mrs. Edgar Shurley, chairman of the program committee, presided. Plans were made for the years work. Work was planned for the Circle meetings and Joint Circle meetings.

Coffee and cake were served to Mmes. Edgar Shurley, Dan Caut-horn, L. E. Johnson, Jr., J. T. Davis, E. E. Sawyer and O. G. Babcock.

Mrs. Robert Rees had as her guests her daughter and son-in-law, Mr. and Mrs. J. H. Chipman of Bandera and Mr. and Mrs. O. O. Brigman and daughter, Linda, of San Antonio.

Mrs. Doshie Davis of Menard is visiting here with her son, Birl Davis, and family.

Mrs. J. P. Smith accompanied by her niece, Mrs. Frank McGraw, of Del Rio spent the past ten days in Springville, Arizona, with her sister and brother-in-law, Mr. and Mrs. Fred Montgomery and in Coolidge Arizona, with two brothers, Everett Jone and Otis Jones and their families.

while the beneficiary is working and earning over these amounts," Clark stated.

KA TASTA CLUB MEETS

The Ka Tasta Canasta Club met Thursday afternoon at the home of Mrs. W. C. Bricker for their weekly party.

Mrs. Adam Delrie won high club score, Mrs. J. A. Harris won low and Mrs. R. E. Smith won high guest score.

Cake, iced-tea and coffee were served to Mmes. E. L. Harris, Adam Delrie, W. E. Gatlin, G. W. Kisselburg, J. A. Harris, A. C. Petty, G. W. Neill, and guests Mmes. C. L. Smith, R. E. Smith, C. F. Harris, and J. F. Harris.

Personal Notes

Sgt. and Mrs. Earl C. Long of San Angelo spent Tuesday here with her mother, Mrs. Thelma Guest and children.

Mr. and Mrs. A. L. Bolt and children were in Mason over the weekend as guests of her parents, Mr. and Mrs. Willie Reichenau.

Mr. and Mrs. Sam Adams have as their guests this week her son and daughter-in-law, Mr. and Mrs. D. L. Slone and children Dixie Lynn and David Lee of Hobbs, New Mexico.

J. P. COURT

The following fines were collected in Justice of the Peace Alfred Cooper's court following pleas of guilty.

Lenadro Rodriguez, no operator's license, \$14.

Eugene Huddleston, over length trailer, \$14.

SUNRISE, SUNSET HOURS TO BE DEFINED BY TEXAS GAME DEPT.

Texas hunters from border to border are going to have sunup and sundown hours pinpointed for them.

The executive secretary of the Game and Fish Commission said Hoye S. Dunham, chief United States meteorologist in Austin, will prepare a time table for sunrise and sunset covering representative parts of the state.

Dunham is arranging with stations at El Paso, Amarillo, Wichita Falls, Texarkana, Beaumont,

Brownsville, and Austin to obtain the data. When it is compiled, it will be distributed to all Texas public information media.

The executive secretary said the exact sunrise and sunset time is vital since beginning and ending of daily shooting periods for most major species hinges on the official time. This arrangement is designed to inform every Texas hunter so that he may hunt within the legal time.

Harold Briscoe, son of Mrs. Thelma Briscoe, spent last weekend here with his mother and other relatives.

THE DEVIL'S RIVER NEWS

A LOOK AT THE BOOK

By DR. BOB JONES, JR.
PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

All too often our perspective is wrong, our sense of values is distorted. We are so occupied with perishable things. We spend precious time on houses and clothes

and food and physical comforts. Clothes wear out, and houses fall down, and food is consumed and forgotten. The body which we care for and dress up and make comfortable dies and goes back to dust. We neglect our souls. They go unfed and uncared for. We are not concerned about them. Yet, they are the only part of us which lives forever.

The Lord Jesus Christ condemned such an attitude when He commanded those who follow Him to seek first the kingdom of God, and His righteousness; and He promised them that all these needful things shall be added unto them. He emphasized the stupidity of spending a lifetime in the pursuit of wealth and the accumulation of earthly possessions at the sacrifice of more important things when He asked, "What shall it profit a man, if he shall gain the whole world, and lose his own soul?" (Mark 8:36). There are men who think themselves too smart to sell any piece of property without realizing a profit on their investment, but who set a very poor price on their souls. One night of pleasure, one word of approval from godless men, is the pittance for which they sell the immortal part of themselves. There are women who spend hours every week and more money than they can afford on clothes

and beauty treatments who never have a moment for study of God's Word and the contemplation of His love with which to increase the soul's beauty. While they hang in their closets more dresses than they need, they neglect to provide for themselves a robe of righteousness. The body goes to dust but the

soul lives forever. The residences which men build for themselves on the earth grow old and deteriorate in value. Fire consumes them; age destroys them. Death comes and takes away the ones who dwell in them. Infinitely more important is a "building of God, an house not made with hands, eternal in heavens" (II Corinthians 5:1).

How much happier we would be if, viewing our lives in the light of eternity, we would obey the Word of the Lord, "Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal; but lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal" (Matthew 6:19, 20).

These are some of the major legal problems you are likely to encounter in purchasing a home. Of course, a number of others may arise in some cases due to peculiar individual circumstances. A free pamphlet containing useful information on legal and other problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Austin 15, Texas.

IT'S THE LAW
in Texas
A public service feature
of the State Bar of Texas

SERIOUS LEGAL PROBLEMS INVOLVED IN HOME PURCHASE

With "National Home Week" being observed September 20-26 many people are now thinking at least casually about the purchase of a new home. Those who become seriously interested should proceed cautiously when making a deal, as many important legal problems are involved in such a transaction.

For the average person, the buying of a home is the largest single transaction of his life. It is also, in most instances, the most permanent or longest term investment he will ever make. Whether or not he bought wisely will be determined by his ability to resell without difficulty, or to enjoy the use of the premises without annoyance or interruption.

Possibly the first legal problem you will meet will be when you are asked by the seller or his agent to sign a contract of sale or earnest money contract. In connection with the latter, you will be asked to deposit a sum of money which would be forfeited to the seller and agent for damages in event you do not fulfill the contract. Although no forfeit money may be required with the former, you may still be legally liable for damages if you renege. Be sure, therefore, that you know exactly what your obligations are.

The next legal problem would probably be to determine the status of the title to the property. Many persons become confused during this stage, thinking that securing possession of an Abstract of Title Insurance Policy will afford them complete protection against title defects. This is not necessarily true in either case.

Keep in mind that an abstract is merely an outline of public records on the tract. Any person may purchase an abstract covering any piece of land, whether he owns it or not. A Title Insurance Policy indemnifies you only up to a certain maximum sum of money, and contains various exceptions to the specified coverage.

Following this would be the problem of transferring the title from the legal owner to you, as purchaser, in such manner that no legal question might later arise concerning your sole and exclusive ownership.

Incidental to your title problems is that of ascertaining what restrictions exist upon the lot you are buying and upon the neighborhood generally. Municipal zoning ordinances and restrictive covenants placed upon the tract by pre-

vious owners or developers of the subdivision may prove a protection or a hindrance, according to the plans you may have for future use or improvement of your property.

Other legal questions may arise in arranging the method of payment for the house. The fact that most people need years in which to complete such payment makes this a matter to be considered carefully.

These are some of the major legal problems you are likely to encounter in purchasing a home. Of course, a number of others may arise in some cases due to peculiar individual circumstances.

A free pamphlet containing useful information on legal and other problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Austin 15, Texas.

(This column, based on Texas law, is written to inform-not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Mrs. W. C. Anthony and children, Nancy and Wallace, were in Ricksprings Sunday as the guests of her brother, T. A. Ralston, Jr., and family.

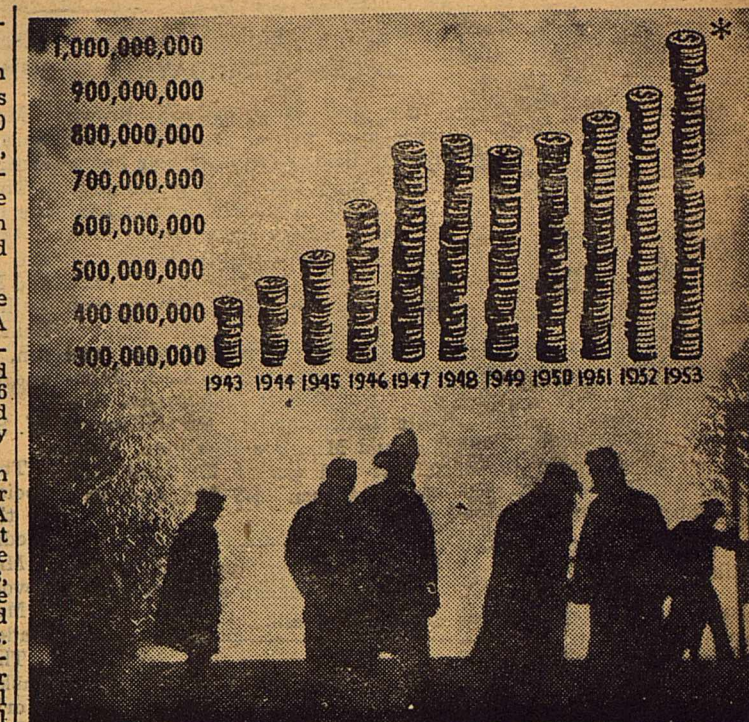

Fire Loss Doubles in Last 10 Years

Americans are paying a shocking price for carelessness.

The National Fire Prevention Association reports that a fire loss of slightly more than \$400,000,000 in 1943 has climbed until in 1952, just ten years later, the loss exceeded \$896,000,000, partially due to inflated values. Deaths from fires totaled 12,535 in the United States and Canada.

Based upon the fire loss in the first 5 months of 1953, the NFPA predicts a loss in excess of \$900,000,000 this year. This would mean a loss of approximately \$6 per capita this year, a record peace-time high for this or any other nation.

"Americans lead all others in burning up their homes, their jobs, and themselves," the NFPA asserts and points out that at least 80 percent of the fires that take such a high annual toll in homes, on farms, and in industry can be prevented by being careful and practicing sensible living habits. Fire Prevention Week, proclaimed by President Eisenhower and sponsored by the National Fire Protection Association, will be observed this year from Oct. 1-10.

*Estimated on basis of first five months. Photo, Rochester (N.Y.) Times-Union.

Why just look and sigh—and pass up so much real automobile?

Why—when this big and beautiful new Buick SPECIAL delivers for a figure you'd pay for a "six"?

Could be you're one of those folks who still don't believe that the price of a Buick really is just a few dollars more than that of the so-called "low-priced" cars. So we'll show you the price tag to prove it.

But beyond that—what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coil-spring cushioning on all four wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling—and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?

81-year-old Scientist Advises Youth

Dr. Benjamin Duggar, world famous microbiologist who discovered the "wonder drug" Aureomycin, technically known as chlortetracycline, celebrated his 81st birthday on September 1. He still carries on a full research program. Dr. Duggar is shown here giving advice to 14-year-old David Pruess, would-be scientist, in his laboratory at Lederle Laboratories, Pearl River, N. Y. David, who will begin his science studies this fall, wanted some help in deciding what type of research work to prepare for. Dr. Duggar, incidentally, discovered the "wonder drug" several years after he was retired by the University of Wisconsin.

Your Health

Most parents know exactly what State Health Officer George W. Cox means when he says "there is no such thing as natural resistance to impetigo."

They know, perhaps from bitter experience, that the same child can suffer repeated attacks of what Dr. Cox calls an "offensive, annoying skin infection."

Impetigo, a purulent, highly infectious ailment can be found in any age group at any time of the year. But children are unusually susceptible, and most cases occur during summer. It isn't too serious, except in new born babies, but it can cause days of itching misery to afflicted youngster and adults alike.

It's caused by a pus-forming bacteria called staphylococcus-the same sort of germ found in boils and sores where pus is present. Usually it forms an unsightly crust over wide areas of the body, and the material underneath is very infectious if allowed to get on other body parts.

It can easily be transmitted to anyone who uses the towel of an infected person, since towel mois-

41 Years Ago

Mrs. D. B. Cusenbary and daughter, Miss Hattie B., have returned from their summer trip to Colorado.

C. A. Yaws was in from his stockfarm near Mayer Tuesday on business.

Mrs. Stella Stanley and Mrs. A. H. Nathan returned Tuesday from Galveston and San Angelo.

Dr. J. S. Allison returned Thursday from Galveston and Kansas City.

Sam Holland and daughter, Mrs. Otis Smith of Eldorado are visiting relatives in Sonora this week.

The best way to minimize the ill effects of impetigo is to keep the infection localized by preventing the serum under crusts from exuding into "clean" skin surfaces. The family physician is the infected child's best friend, since he will advise mother how best to combat the disease and how to keep it from spreading like a grass fire through the whole family.

Wes Bryson was in Sonora this week on business. The school at the Bryson precinct will be conducted by Miss Nellie Smith.

Mrs. L. L. Craddock is visiting in San Angelo this week. During her absence the Doctor is doing the best he can to keep the chickens and things about the house quiet.

The First National Bank publishes in this issue the report of its condition on September 4. The institution shows its usual good form. More than \$200,000 in loans \$180,000 on deposits and no bills payable.

Bob Bennett one of Eldorado's bright young men and Randall Robbins of Sutton County who expects to attend school at Eldorado were in Sonora Sunday for a few hours.

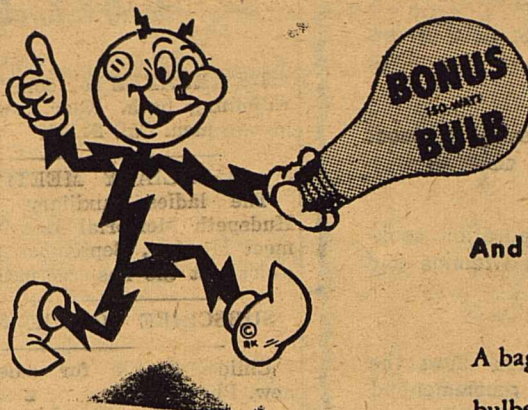

Lee Williams and daughter Miss Ethel were in Sonora this week from the ranch in Schleicher County. Mr. Williams and daughter were the guests of Mr. and Mrs. Will Holland.

Doss Russell proprietor of the Ozona Optimist and Homer Smith of Ozona were visiting in Sonora Thursday.

West Texas Utilities
Company

It's a bargain, folks...
buy 'em by the bagful!

- Fill empty sockets
- Replace burned-out bulbs
- Discard dark, dirty bulbs
- Keep spare bulbs on hand

Eyes are priceless...
Protect them with good light!

*Sept., Oct., Nov., and Dec., 1953, ONLY

... But don't take our word for it. Try Mobilgas and see. Since one out of every three dollars you spend on your car goes for gasoline, mileage economy is mighty important. So do as the experts do in the Annual Mobilgas Economy Run: 1. Give your car regular Mobil-Care. 2. Drive with care. 3. Always use Mobilgas or Mobilgas Special.

From where I sit... by Joe Marsh

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy The Clarion, but they weren't.

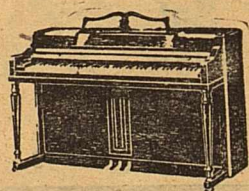

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed

green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinner time, it's just each to his own taste and everything's "smooth as cream" between them.

Joe Marsh

Again this year, the Humble Company will bring you exciting radio broadcasts of Southwest Conference football games... but remember this: neither television nor radio gives you the color, the excitement, the fun of seeing a football game with your own two eyes. So plan now to drive to as many football games as possible during the season of 1953. On your way, stop for service under the Humble sign.

Go to the games with Humble

Follow the Humble route to as many football games as possible; tune in Humble's broadcasts of those you just can't attend.

HUMBLE

HUMBLE OIL & REFINING CO.

"BUT DON'T I GET ENOUGH VITAMINS FROM MY FOOD?"

To this often asked question . . . the answer is "not always." Most persons are careless in selection of diet, but even a carefully planned diet does not always provide sufficient amounts of all the vitamins and minerals needed for optimal health and function.

Why You May Need a Nutritional Supplement:

BECAUSE widespread depletion of important nutritional elements in the soil results in crops poor in certain vitamins and minerals.

BECAUSE storing, transporting, processing of foods further reduce their vitamin and mineral content.

BECAUSE common methods of food preparation, cooking, home storage, etc., cause losses in vitamins and minerals.

BECAUSE numerous authoritative surveys shows the average American diet does not provide recommended quantities of all important vitamins and minerals.

Your doctor's prescription for a vitamin-mineral supplement gives you "nutrition insurance" . . . gives you each day a predetermined amount of essential minerals and vitamins you require for optimum health . . . without guesswork.

NOTHING DOWN TERMS TO SUIT 3 Years To Pay

Foxworth Galbraith Lumber Co.

THE MESSAGE IS FOR US...

WHEN THIS PICTURE WAS TAKEN, this man was calling a message to a battery of artillery. Today, he has a message for us: "Soldier or citizen, we all want peace. We want it enough to defend it—as we would defend our freedom. And if a peaceful future for our country depends upon our strength, we will be ready."

We at home are keeping America economically strong—by investing in Savings Bonds—just as our Armed Forces are keeping her militarily strong. An enormous thing, but we're equal to it—43 million of us now own Bonds! Because we want security for ourselves. And because we know that peace is only for the strong!

Plan to save more—starting today—through U. S. Savings Bonds. Join the Payroll Savings Plan where you work—a simple, sure plan that saves something out of your pay check before you're tempted to spend it. If you are self-employed, join the Bond-A-Month Plan at your bank.

Here's how E Bonds now earn more money for you!

Now safe, sure U. S. Series E Savings Bonds pay an even better return than ever before . . . thanks to 3-brand new money-earning features announced by the U. S. Treasury.

1 Now every Series E Bond you get begins earning interest after only 6 months. It earns 3%, compounded semi-annually, when held to maturity.

2 Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!

3 All maturing E Bonds automatically earn interest at the new, higher rate (average 3% compounded semiannually). Start now! Invest more savings in better-paying Series E Bonds—through the Payroll Savings Plan where you work.

Peace is for the strong!
For peace and prosperity invest in U. S. Savings Bonds!
