VOLUME 76—NUMBER 11 BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, MARCH 11, 1960 SUPPORT OUR HOME TOWN

SWEET N' SOUR

By A. Dill

March, that old schizophrenic has taken her own sweet time to unmask her dual personality -- for the past few weeks all we've seen was the lion, and we'll say one thing, that beast isn't lacking in endurance or stamina, now if the lamb will be just as dominant - whee - we got it made!

But come what may, Thursday next is Sa'nt Pat's Day, and if hearts can't ride high then, there's just no hope for the kit 'n kaboodle of ye. And don't let us catch you out that fair mornin' without wearin' the green - that comes under the head of a mortal crime at this shanty. Sure 'n you know that to wear the green for St. Pat is snake bite insurance for the rest of the year, so get along with you and tuck a green ribbon under your chin come Thursday.

March, for all of her blow and bluster, brings a rising tide of hope that the corner which spring is supposed to be just around is only a step away. Through an open window comes the sweet clear whistle of a blackbird and yesterday's ice and snow seem far away.

Soon now the folk on Cherry Street will unroll the red carpet of welcome and present the 'Key to the neighborhood' to Terrell and Maurine Williams, Debbie and Wilda. That lovely family has purchased the Sybil Dickey home and we'll be happy to welcome them to 'the hill.' The Newtons, by the way, Todd, Joan, Larry and Candy, will move to their new home on North 10th, and that's only a skip away, so we aren't losing these good neighbors, just gaining more.

Heartiest congratulations to Freddie Foy who came home from the Houston Stock Show this week just loaded with blue ribbons, which his lambs won and if he isn't West Texas' happiest young stockman he's a reasonable facsimile thereof. Freddie made the trip to Houston with Glen Green, and the youngsters really had a ball with Glen there to show them the sights, give pointers, and add that jigger of morale that young people need. Fred's ram lamb placed champion of his class and pulled down Reserve Championship of the show. His ewe lamb placed third in her class and the two lambs together took a coveted 'Best Pair of Two' for a special award from the Hampshire Association. With two lambs, Foy racked up four wins, and that's a good batting average in any league.

Special congratulations to the Harmonettes, Wayne Boyd and their director, Melba Foy. Mrs. Foy presented her talented group in an audition program this week and won an invitation to appear on the Abilene Automobile Show Saturday, March 19th, at the Fair Park. The show will be headlined by Mollie B. and other professional stars, so you can well imagine that the audition to find talent for the program was exacting, in fact, the Harmonettes (with music by Wayne Boyd) are the only out of town guests to make the line-up. The girls will sing Saturday at 7 p. m. and again at 8 p. m. It will help if you Bairdites go give some rousing cheers to let the girls know you know they're good - helps the spirit to feel the homefolks are backing you.

Our own local talent show - 'Star-Bright' will be presented March 25th on the High School Auditorium stage. Three divisions will be made in the contest: primary and pre-school, elementary schools and high school. Out of town judges will select the winners and you are urged to get your entry in to Mrs. Clyde White or a Junior class member as soon as possible. Rehearsal will be called Thursday, March 24, and, best news possible, Dale Glasson will be on hand to M.C. the show, and when that boy throws a ball it bounces. This promises to be the best show to date and Junior class and sponsors are working hard to make it so.

School holiday Friday - our teachers will hie themselves to Sweetwater for district meeting of the Oil Belt Teachers Association, and the youngsters have a long week end - s' wonderful.

Congratulations to the Marvin Swinsons of Hamilton - they have a brand new baby girl - Sandra Jean, born Feb. 24 - paternal grandparents are Mr. and Mrs. Bob Swinson of Baird.

Car Inspections Deadline Near

Col. Homer Garrison, Jr. director of the Texas Department of Public Safety, said today that more than two-million motor vehicles remain to be inspected before the April 15 deadline. He urged all Texas motorists to obtain their new inspection stickers at an early date.

The DPS director pointed out that inspection stations cannot inspect vehicles during wet, rainy weather, a condition normally prevailing during late winter and early spring. To make sure every vehicle owner is able to obtain his 1960 inspection sticker in time, Garrison suggested that plans be made now to visit an inspection station before inspection lines grow long.

Fire Dept. Sponsors Home Fire Crusade

How safe is your home! In case of a small flash fire, caused by burning grease, rags or some other flammable material. Could you stop this fire before it destroyed your home or car? Could you control this fire before it caused injury to some member of your family? Many fires that have caused total destruction to homes and furnishings could have been avoided if some method of prevention had been used when the fire was still in the infant stage. Money can replace destroyed property, but money cannot replace the value placed on personal objects lost in both small and large fires.

The Baird Volunteer Fire Department will hold a fire demonstration at 3:50 p. m. Saturday, March 12, at the corner of Market and 3rd Streets, to show a new home fire extinguisher that is cheap in price but very high in value. Starting Monday, March 14th, the Baird Volunteer Fire Department will conduct a house to house canvass to place one of these Save-A-Life Extinguishers in very home in Baird.

Young Men Wanted For Patrolmen

Young men interested in becoming patrolmen in one of the greatest law enforcement organization in the nation will be given their chance during April.

Colonel Homer Garrison of the Texas Department of Public Safety, announced today that entrance examinations will be given April 12, 13 and 14 in cities throughout the state to young men interested in the patrolmen positions.

The state police director said exams will be given April 12 in Tyler, Beaumont, Harlingen, El Paso, Lubbock and Austin. April 13 the exams will be given in Dallas, Lufkin, Corpus Christi, Abilene, Amarillo and Waco. And on April 14 the examinations will be given in Fort Worth, Houston, San Angelo, San Antonio and Wichita Falls.

Garrison said young men between 21 and 35 years of age have until April 1 to file applications for these important positions. They must be a graduate of high school, be in good physical condition and of good moral character. Applicants must be not less chan 68 inches or more than 76 inches tall and weight not less than two pounds or more than three pounds per inch of height.

He said requirements are rugged, but that the results will be rewarding for those who are selected to juoin the corps of well trained law enforcement officers

Complete information may be obtained by writing to the Texas Department of Public Safety in Austin, or by contacting the nearest regional or district DPS office.

Common Errors Made On Income Tax

With income tax season in full swing, we asked A. E. Fogle Jr., Administrative Officer of the Abilene office, to furnish a list of the most common taxpayer errors in filing 1959 tax returns. The errors are:

1. Many taxpayers are filing a separate Form 1040-A for each W-2 they received during the year. These taxpayers worked for several employers and do not realize that they should total their income and the tax withheld on one Form 1040-A;

2. Many returns are being received that have not been signed. Some of these are joint returns that must be signed by both husband and wife;

3. Errors in arithmetic. This is an old complaint and many taxpayers are failing to check their arithmetic again this year;

4. Claiming a deduction for cigarette tax. Cigarette tax is not deductible in Texas;

5. Claiming no exemption for self. The taxpayer is entitled to at least one exemption. A wife cannot file a separate return and fail to claim the exemption for herself in Texas since she must split the total family income with the husband under community property law. A school child is entitled to his or her own exemption in addition to the father claiming the exemption under a special provision of the law;

6. Failing to observe community property laws in Texas. Husband and wife must file a joint return or split the income under community property law in Texas. Taxpayers who move to Texas from other states find this provision hard to understand.

7. Many taxpayers are filing a Form 1040-A or Form 1040-W when interest income of more than $200 requires that they file a Form 1040. These taxpayers should get a Form 1040 from the nearest post office, bank or Internal Revenue Service office and file the correct form:

8. Failure to list dependents. The names of the dependants must be listed in order to avoid delaying the refund;

9. Taxpayers using the Form 1040-W are reversing the entries on wages and taxes withheld. The 1040-W form is printed backwards from the 1040.

10. Many 1040-A's are being received showing only the taxpayer's name, the employing companies or company, and the amount of tax withheld. No information on the amounts of wages received is listed. Other 1040-A's are being received where taxpayers who worked for more than one employer during the year failed to total their wages, amounts, and also the amounts of tax withheld. The taxpayer must list his wages and his employers' names or Internal Revenue will have to return his tax form to him to correct the error.

Tecumseh Topics

By Lillian Crawford

I wonder if anyone could tell me when the 6 weeks period will be up since ground-hog came out and saw his shadow. I guess whenever it's up, he will surely come out and take another peek.

Mr. and Mrs. L. V. Harris and your reporter, Lillian Crawford, got out Monday and went to Baird but we didn't see any shadows.

While in Baird, we visited Mrs. Sallie Crawford, and her son, Jim, who has been in and out of the hospital for several weeks now. Jim looks better at present and seems to be in less pain than in the past few weeks.

Aunt Sallie, as we all call her, told us she was only a girl of 16 when she married Mattie Crawford. She spoke of how much the different Crawford families had meant to her down through the years. Mrs. Tebie Arlige was also visiting Aunt Sallie.

Mr. and Mrs. Elbert Crawford visited Mr. and Mrs. Claude Wilkerson Saturday night, and found Claude not feeling so well. Later he visited the doctor, and was better at last report. He has had a sore on his leg that has bothered him for several years and was made to feel better when the doctor said he could cure that sore.

I was sorry to hear last week that Mrs. Bonnie Hodges of Abilene hadn't been well since she had the flu in the latter part of December.

I got news that a group of ladies from Tecumseh was going over to visit her, so here's hoping we will hear good news that she is feeling better.

Ours sympathy goes out to Bonnie, for during her illness, her brother, Clyde Tunnell of Midland, passed away of a heart attack, and she was unable to attend funeral services.

Oplin Observations

By Daphene Floyd

After having a bout the past few weeks with a severe cold, I guess you could say I'm complaining of feeling better.

Sam Windham returned home last Friday from Scott & White Hospital in Temple. While there he suffered a second light stroke but did receive some treatments for an ulcerated stomach. Even though he was able to return home, the trip must have been rather tiring for Sam hasn't been feeling well.

Mrs. John Jordan also suffered a light stroke one day last week and entered Hendrick Memorial Hospital in Abilene to do some recuperating.

Mr. and Mrs. C. W. Barnard Sr., of the Dudley community, visited Sunday afternoon in the home of her brother and wife, Mr. and Mrs. Clyde Floyd.

A good day of warm sunshine would be most welcome in these parts, for since a hard freeze on the 6th of February, we have had a month of continued cold weather, with ice most every night.

A welcome card from our friend Sallie Eastham - says she is vacationing in the Rio Grande Valley at Raymondville.. She'll return to Fort Worth March 11 but meanwhile she and daughter Agnes have the Star relayed to them so they keep in touch - now, you can't beat loyalty of readers like that, can you? Just the type every paper (and person too) should have on their list of friends.

March birthdays are comin' in - the Walls family will be about the celebratingest folks in town if we see it right - Billy Hall heads the list with a birthday March 2nd, daughter Gwen followed on the 5th and tiny Debbie Simmons (Gale's daughter) had her number one birthday on that day too. Kim Davis (Moray's child) will celebrate on the 20th and David Walls will blow out candles on the 28th - happy birthday all of you. Jimmy England had a 10th birthday March 2nd and guess who celebrates March 10th - Elizabeth Alexander. That green thumbed lady has already put the bite on the family for flowering plants for her natal day gifts and this spring the Alexander yard should be prettier than ever.

And don't be forgetting that Saturday is Trades Day - same time, 4 p. m. - same place, Market Street in Baird. Come and 'make a day of it each Saturday' - it's fun, it gives shopping in Baird an extra lift and it's all possible through your local merchants who appreciate your business and tell you so - drop by any day and be sure and remind them that all of us enjoy Trades Day!

SOIL CONSERVATION DISTRICT NEWS

Costal bermuda is off to a good start in most sections of Texas. It is adapted to our upland sandy soils and also to our heavier soils that receive additional water. It will grow any where that common bermuda grass will grow.

Costal bermuda is a deep rooted high forage producing crop. It may be used for grazing or for a high quality hay.

Coastal bermuda must be propagated by sprigging as it normally does not produce seed.

There are many sandy fields in this general area that are "laying out". These fields will produce Coastal bermuda at a profit to the operator. Soils lacking in fertility should be fertilized so as to make satisfactory yields. Here is another opportunity to provide more income to our section by producing a grazing crop, hay or sprigs for others desiring to produce this grass.

Farmers planning to produce grass this year should sprig before our spring rains come. Now is an excellent time, while moisture is plentiful.

For additional information contact the Soil Conservation Service technicians.

Jr. Wednesday Club Meets in Harris Home

The Junior Wednesday Club met at 7:30 p. m. March 7, in the home of Mrs. Joe Harris, with Mrs. Ray Black as co-hostess.

Mrs. Bruce Williams and Mrs. Garland Betcher were elected as delegates to attend the Sixth District Convention, to be held in Colorado City on March 17-18.

Mrs. S. L. McElroy presented a book review "Stars In My Crown," by Joe David Brown.

Refreshments were served to 14 members.

CARD OF THANKS

We wish to extend our sincere thanks to everyone for their kindness shown to our father while he was in the hospital, and for every expression of sympathy in his passing. For the beautiful flowers, cards and food we are deeply grateful.
