TWENTY-FOURTH YEAR

TALCO, TITUS COUNTY, TEXAS, THURSDAY, NOVEMBER 5, 1959

NUMBER 39

Dates and Game Limits, Counties In This Area

Deer hunting season opens in Texas on November 16.

Red River, Bowie, Fannin and Titus County are under regulatory power of the Game and Fish Commission. And this year, Red River and Bowie Counties get a longer season, November 16 thru 30 both days inclusive.

Titus County has only a nine-day season, from November 16 through 24.

Other counties have seasons that can be changed only by the Legislature. Lamar will have a five-day season, November 16 through 20. Delta, Franklin and Hopkins Counties have five-day seasons, November 21 through 25, both days inclusive.

Game limits are also varied. Contact your game warden.

Bowie County allows you two bucks this year, or two does if you have two doe permits. Or one of each, if you have the right combination of permits.

Red River County has a one-buck limit, but you can take an additional doe in specified areas if you have the proper permit.

The limit in Titus, Fannin, Lamar and the rest of the counties in this area is one buck. Under certain conditions, you can kill a buck in one county and go to another for another buck. But get those conditions clarified by your game warden.

The matter of guns is another condition.

You can use only a shotgun in Precinct 4 of Lamar County.

No 22 rifles may be used in Fannin, Titus, Red River or Bowie Counties. In the rest of the counties, all legal weapons may be used.

Mrs. Bill Woods and Tina of Longview, Mrs. James Meeks and Stevie of Big Sandy, visited their parents, Mr. and Mrs. V. L. Williams, Thursday.

Two Pick-Ups Crash at Deport

Two pickups crashed together at 8:30 a. m. Friday at the street intersection near the home of Buck Mathews and Highway 271 and both received an estimated \$800 damage.

A 1957 GMC pickup, driven by Sandra Ruth Parks of Deport, collided with a 1958 International pickup, driven by Nathaniel Harris of Chicota as the Parks vehicle started to make a left turn and one driven by Harris attempted to pass and crashed into the side of the Parks vehicle. The Harris pickup overturned into the highway ditch.

Sandra received a cut on the left side of her head which required several stitches to close. Other occupants of the Parks pickup, Sid J. Parks and Bobby Wright of Deport, were shaken up but escaped injury, as did the occupants of the other vehicle. Sandra was treated at Deport Medical Clinic, and remained there for the day.

Halloween Pranks Reported Rotten In Talco Area

By W. R. YOUNG

Hallowe'en night proved to be not so much fun for some Talco citizens as a great number of tricksters ran amuck until 4:30 o'clock on Sunday morning. Sparked by a lack of adequate law enforcement, and by apparent lack of parental authority, supervision, and concern, many of the pranksters—even though they had received their share of the treats—soaped cars, unrolled toilet tissue, placed trash on the sidewalks, and roared through town at a dangerous rate of speed with noisy pipes open. Stores and post office windows were left a mess vulgar words soaped on cars, filth thrown on the door of at least one home and insults were shouted from the cars speeding by.

The home of Superintendent of Schools, W. R. Young, seemed to bear the brunt of their "fun" as trash was strewn over the entire yard, a decayed skunk was hung on the porch, and numerous annoyances that continued until late hours.

Damage was expected to the school, but a close watch was kept on the grounds and building by Mr. Young, who was much surprised when his flashlight picked up two high school girls hiding in the shrubbery. Mr. Young firmly advised the girls against messing up of any school property, and assured them they would be held at least partly responsible if such occurred.

Their "fun" began on Wednesday night, when toilet bowl decolorizers were stomped into the school corridors. Thursday night at the talent show, shrimp was placed in the lockers at school. Friday night a pound or more of spoiled shrimp as placed in the Young car and the windows tightly closed. Monday night the air was released out of the two back tires of the school car parked downtown. Prior to this, gasoline tanks have been drained, and many anonymous telephone calls have been received, some as late as 2:30 in the morning, at the home of the Superintendent.

Quite a contrast to this kind of action is the report coming from a neighboring "little town" where one school official's car as taken by the students, and when it was returned to him, it was not soaped—painted up—nor did it have rotten shrimp in it, but it was washed, swept and sparkling clean. This is just positive proof that even in a "little town" the golden rule is still taught—still learned—and still practiced.

Annual Talent Show Well Attended

Annual Talent Show Thursday night at Talco High School was well attended. Lana Sue Brown was High School Hallowe'en queen. She was escorted by Larry Slaughter. Wanda Hanks was grade school queen; she was escorted by Jerry Duncan.

First prize, high school talent, went to Butch Black and his three rancheros. Sandra Penn, Jimmy Clemmons and David Waddell. Second prize to James Rodgers.

In grade school first prize went to Marla Pittman, second prize to Janie Webb and Jennifer Wilson. They took in \$114 which will be applied to annual staff expense.

Whitney Hound Wins Fourth

Judy, a four year old Walker bitch owned by Russell Whitney of Minter, placed fourth in the all-age trial event at the Texas State Fox and Wild Hunt Association, Camp Tonkawa near Garrison last week. Whitney brought home a trophy and ribbons in connection with the winning field event.

The hound, which placed first in this event last year at the meet, was in competition with more than 400 other dogs entered in the show. Don Norrell of Minter, Carlys Denison of Deport and Arthur Fisher of Fulbright, entered dogs in the field trials.

Attending from this area were Mr. and Mrs. Don Norrell, Whitney of Minter, Fisher, Denison, V. A. Hulet and Dr. A. G. Elder. This was the 41st time for Dr. Elder to attend the annual affair.

Red River Deer Season 15 Days

Deer hunting season in Red River County this year is twice as long as in other years—November 16-30. Bag limit will be one buck and one doe by special permit, depending on the area.

Doe area is in the extreme northeastern part of Red River County.

Summer rains produced much feed for deer and the animals are fat.

SALESMAN SUFFERS HEART ATTACK

Elmer (Lonnie) Davis, salesman for Texarkana Barber and Beauty Supply, suffered a heart attack recently while calling on a Mt. Pleasant beauty shop. He was taken by ambulance to a hospital.

visited his grandmother, Mrs. Ora Stephenson, and Mrs. W. H. Crawford over the week end.

Detroit Man, 81 Shows Up After Night in Woods

C. M. Guest, 81, was apparently his usual self Monday after being missing all night Saturday, when he lost his way home on a short cut through the woods and fell in a creek.

When daylight came Sunday, however he found himself near Bunker Smith's home, and Mrs. Smith phoned Mr. Guest's relatives, who with others, had made an all-night search for him. He refused any medical attention and seemed none the worse for his experience.

Mr. Guest was spending the week end in Liberty community with his grandson, Russell Guest, while Mr. and Mrs. John Guest, with whom he makes his home, were visiting in Stephenville.

He had gone fishing Saturday afternoon and went to the Baker pool. It was late when he started back and decided to take a short cut through some timber, where darkness overtook him. Losing his way, he wandered about in the woods while searchers in cars on horseback and afoot combed the area for him.

The John Guests had been notified during the night and they arrived home about the time word came that Mr. Guest had been located.

Improvements at Leo Miller's Cafe

Remodeling has been completed at Leo Miller's Cafe. A brick front and concrete porch were built, plate glass windows installed and interior and exterior both painted. A central heating and air-conditioning plant were installed, a new room and carport were added.

In the kitchen a new range, steam table and deep fryer were put into service. New tables and chairs replaced old ones and the dining room made larger. It now has a seating capacity of 67. About \$8,000 was spent on improvements.

Miller has been in and out of Talco since 1937: did a hitch with Uncle Sam and opened his cafe at its present location five years ago. He is assisted in operating the cafe by Mrs. Miller, the former Jeraldine Gable.

FIRE DAMAGE AT TANNER HOME

The W. C. Tanner home caught fire Monday morning while they were at the Ford orchard. Someone passing their home saw the smoke and Talco Fire Department was called. They soon had the fire under control. Mrs. Tanner's cook stove was completely ruined and her kitchen will have to be repainted.

TROJANS LOSE HARD-FOUGHT GAME TO HUGHES SPGS 20-6

By KENNETH DAVIS

Hughes Springs Mustangs took advantage of Talco's errors Friday night in beating the Trojans 20 to 6.

Trojans received the kickoff but were forced to punt. The punt was blocked and Hughes Springs took over on the Trojan 5 yard line. The Trojans put up a tough goal line stand and took over on their own 5 yard line. The Trojans moved the ball to the 50 yard line where they were forced to punt again. A few plays later Hughes Springs QB passed to End Simpson for a 45 yard run and pass play. This was good for the TD. PAT failed.

In the second quarter the Mustangs covered a fumble on the Talco 25 and marched to the 1 where McDonald, Mustang QB, went over for the 6 points. Golden made the extra 2 points.

The Trojans threatened late in the second quarter when Virgil Jones made a spectacular 70 yard run after intercepting a Mustang pitchout. Again the Trojans lost the water soaked ball on a fumble just short of pay dirt.

The third quarter was scoreless, but the Trojans took the initiative. Wide-awake Virgil Jones intercepted another Mustang pass to stop a definite threat. Late in the 3rd quarter Dale Funderburk recovered a Mustang fumble which set up a series of plays that took the Trojans to the Mustang 3 yard line where Freddie Stephenson took it over for the only Trojan tally. Try for PAT failed.

On their next series of downs the Trojans were making good yardage on rushing plays and pass completions when Bubba Lyles intercepted a Trojan pass and ran all the way for 6 more. PAT also failed. The clock ran out before the Trojans could put it over again. Final score Mustangs 20, Trojans 6.

The Trojans outplayed the Mustangs in every department, including fumbles except touchdowns. Junior linebacker John Whitten played his best game of the year on defense. Parrish got in two 35 yard runs, Funderburk and Stephenson are always dependable to do a good job at their position in the backfield.

Junior Halfback Frog Jones played his best game of the year. The Trojan fans can expect a lot of action from this boy next year. The services of Linebacker Jerry Miller and Pepper Cole, who have been sidelined from injuries for several weeks, have been desperately missed by the team.

The Trojans finish their schedule in Mt. Vernon next Friday night. We hope that many fans will go and give their boys the support that is so necessary to win. See you in Mt. Vernon.

Bond Elect'n May Come in December

A bond election to decide the fate of the county's share of right of way costs for the proposed Highway 271 route around Mt. Pleasant probably will be called sometime in December.

Petitions calling for a \$100,000 bond election had been presented by the Highway Committee of the Mt. Pleasant Chamber of Commerce.

Voters on Sept. 15 turned down a \$200,000 bond issue put up by the county for the highway project and other county road improvements. A city of Mt. Pleasant bond issue for the project carried by a large majority on the same day.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

IF YOU THINK TV SHOWS ARE RIGGED, JUST TRY FARMING

Editor's note: Achin Alcorn, philosopher, on his Johnson grass farm on Sulphur brings up a novel idea this week, but he's probably confusing farming with what he does.

Dear Editor: Now that everybody has pretty well found out that television quiz shows were fixed, I have been looking around out here and doing some heavy thinking and have come to the conclusion that the investigating committee that brought this to light has only scratched the surface.

If you think television quiz shows are fixed, you ought to try farming.

Do you reckon farming is fixed?

It has a lot of the ear-marks. For example, like a T. V. contestant you start out on a farming year feeling like you're going to hit the jackpot, you've got the answers this time straight from the experts ahead of show time, but when the time comes to cash in, it seems that the producers of the show trip you up and run in another contestant known as the middle man who winds up with the big money. Or maybe he doesn't get it, but it goes somewhere, as groceries on the shelf keep going up and groceries in the raw straight off the farm keep going down. If the middle man doesn't get it, the insects do, or the weather. Regardless of how many books they give us to take home and read, even with the pages marked, we can't find the right answers.

I wish you would contact that Congressional Investigating Committee and have it look into this farming situation.

On second thought, though, maybe they'd better not. When people found out quiz shows were rigged, the shows collapsed. We can't have that happening to farming. Just forget I ever mentioned it.

Let's change the subject. If you think Mr. Khrushchev's claim that "he'll bury us" has the United States Diplomatic Corp upset, you ought to hear what the American Undertaker's association thinks about it.

Yours faithfully, A. A.
