VOL. 6 NUMBER 10 | HART, CASTRO COUNTY, TEXAS, THURSDAY, SEPTEMBER 14, 1967 | 10 CENTS A COPY

FARMERS STATE
BANK
Member F.D.I.C.
HART, TEXAS

Enrollment Is Higher

School Supt. W. A. Gardenhire told a meeting of trustees Tuesday night that total school enrollment here after the first two weeks of classes was 703.

Most of that number--453 students-- were reported in grade school. Another 115 students enrolled in junior high with the remaining 135 in high school, he said.

Masonic Lodge To Receive Recognition

Three Masonic Lodges in this area will be honored during a Workshop to be held Tuesday, Sept. 19, at 9 a. m. in the Masonic Hall in Bovina.

Castro Lodge 879 (Dimmitt), Vega Lodge 899 (Miles) and Friona Lodge 1332 will receive Honor Roll Awards, which are given by The Grand Lodge of Texas in recognition of outstanding attendance during the Spring series of Masonic Workshop programs. Hereford and Bovina Lodges are also invited to attend.

James W. Caba of Canyon, chairman of the eight-county Masonic Workshop Area E-6, will present the awards and conduct the meeting.

He said the Workshop is part of a semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. The Masonic Fraternity is noted for its activities in the field of charity and in the self-improvement of its members.

Mules To Meet Hart Longhorns

Hart Longhorns will try their hands at mule skinnin' as they confront the Muleshoe High School B team on a foreign field Saturday night.

Kickoff time for the contest is 8 p. m.

Don Ewing and his squad will be trying hard to recover from their 8 to 0 defeat in the season opener with the Silverton Owls here last week.

The 1966 team, caught in similar circumstances last year, took advantage of the Muleshoe Bs to even up their won-loss record by taking them 12-0.

Longhorns are expected to hit the field at or near full strength this time with the possible exception of a 175-pound starting senior halfback Tony Gonzales, suffering from a knee injury, and 160-pound starting sophomore end Donnie Black.

For details of last Friday night's grid action, see story pages 4 and 5.

FOOTBALL PENNANTS--Lisa Lacy and Dena Gardenhire are now preparing football pennants for sale to junior high students on the eve of the game between Bovina Junior High and the Hart Shorthorns.

Local Classes Elect Officers For New School Year

Members of the Hart High School and Junior High classes elected officers for the new term this week.

High school appointments include:

SENIORS--President Danny Rice, Vice-President W. A. Hawkins, Secretary Lynda Shive, Treasurer Linda Popejoy, and Reporter Mandy Rogers. Student Council Representatives are Linda Popejoy and W. A. Hawkins. Adult class sponsors are Mr. Keller and Mrs. Irby.

JUNIORS--President Cathy Sharp. Vice-President Joe Quiroz, Secretary Iona Clevenger, Treasurer Reba English, and Reporter Rebecca Futrell. Student Council representatives are Reba English and Joe Quiroz. Adult sponsors are Mr. Bledsoe and Mr. Ewing.

SOPHOMORES-- President Andy Rogers, Vice-President Danny Smith, Secretary Terry Newman, Treasurer Mike Armstrong, and Reporter Harold Bob Bennett. Student Council Representatives are Danny Smith and Pam Shive. Adult sponsors are Mr. Washburn and Mrs. Cunningham.

FRESHMEN -- President, Pancho Diaz, Vice-President, Joan Dudley, Secretary Ralph Bell, Treasurer Janet McLain, and Reporter Denise Lowery. Student Council Representatives are Donnie Shive and DeRonda Brown. Adult sponsors are Mr. Tucker and Mr. Rich. Junior High appointments include:

EIGHTH--President David Guzzman, Vice-President David Martinez, Secretary Cindy Dyer, Treasurer Amelia Castillo, and Reporter Steve Cox. Adult sponsors are Mrs. Rich and Mr. Shaw.

SEVENTH--President Alan Shive, Vice-President Ricky Black, Secretary Jean Foster, Treasurer Suzanne Hawkins, and Reporter Roni McGill. Adult sponsors are Mr. Huggins and Mr. Johnson.

Hart Lions To Support Eye Bank

Lions Club met Monday in the Community Room.

Members voted to contribute $2 per member to the High Plains Eye Bank. Plans were also made to sponsor a watermelon feast prior to the Turkey-Hart football game Sept. 22. Proceeds of this project will be sent to Girlstown.

Guests were Rev. Cunningham, pastor of the First Baptist Church, and three Texas state bank examiners. Eighteen members were present.

American Ass'n Of University Women To Host Reception In Plainview

The Plainview Branch of the American Association of University Women will host a seated reception Monday evening, Sept. 18, at 7:30, in the Heritage Room of the VanHoweling Library at Wayland Baptist College. Members of the Branch extend a cordial invitation to the many women in the area who are eleigible for membership to attend. Those who wish to check on eligibility of their college or university are most welcome to call the Branch Membership Chairman, Miss Lucile Flowers, CA4-4801, or the Branch president, Mrs. McDonald W. Held, CA3-3429.

The membership policy of the American Association of University Women is aimed at lifting up and unifying standards of education in the country at large. As more women register in colleges and universities, the Association maintains in their interest standards which insure adequate provision for intellectual, physical and social development with a qualitative approach in regard to basic philosophy in curricula, on principals and procedures underlying the development of its educational philosophy, on cultural resources available on the campus and on a counseling program which emphasizes the importance of a broad liberal base for an educational objective.

The AAUW study-in-depth program centers on four topics selected each two years. For the 1967-69 biennium, members are exploring "The Politics of Public Education," " The Growing Gap Between the Rich and the Poor Nations," "Society's Reflection in the Arts," and "Testing Values in a changing Society."

Four areas of interest encompass the Association's program and define AAUW traditional commitments. They are Community Problems (local, state, and national), Cultural Interests (values and forms centered in the individual, as the arts and philosophy), Education, and World Problems (world conditions and our relationship to them).

Watermelon... All You Want

All the watermelon you can eat and for only fifty cents.

Local Lions Club members will sponsor a watermelon feast Fri., Sept. 22, 6:30 to 8 p. m. prior to the Turkey-Hart football game with proceeds going to Girlstown.

All Lions Clubs within this district are setting aside one project during Sept. for this worthwhile cause.

Your fill of watermelon can be found at the American Legion Hall across from the football stadium.

Davenport Services Held

Graveside services for a former area resident, Dewey Davenport, 33, of Collinsville, were held Saturday morning in Hart Cemetery.

Davenport died Wednesday in Collinsville following a long illness.

Davenport attended Olton schools and was a 1952 graduate. His parents farmed northeast of Olton.

Survivors include his wife; one daughter, Peggy; two sons, Daven and Douglas; his mother, Mrs. A. M. Davenport, Collinsville; and two brothers, Howard of Payola, Okla. and James of Arvada, Colo.

Olton Gun Club To Have Shoot

Olton Gun Club will have a regular shoot Sunday, Sept. 17 at 3 p. m.

Membership dues of $5.00 per year are now due and may be paid to Richard Roberson, Dr. Lynn Fite, Elmer Houston or mailed to Olton Gun Club, Box 108, Olton.

IN PLAINVIEW

Mr. and Mrs. Otto Dinwiddie and Mr. and Mrs. Charles Martin enjoyed Sunday dinner in the home of Mrs. Tylene Perry at Plainview.

THURSDAY GUESTS

Mr. and Mrs. Clinton Richburg and Sandra of Estelline visited on Thursday in the home of Mr. and Mrs. Lowell Richburg and DeAnn.

1967 Grain Sorghum Crop Predicted To Be Largest Ever

"The 1967 Grain Sorghum crop, predicted to be the largest on record at 821 million bushels, can also reap the producer record prices and income if he will do an astute job of studying market information and will respond with orderly marketing plans."

That statement was evoked from Bill Nelson, Executive Vice President of the Grain Sorghum Producers Association, in response to anxiety currently being expressed by many area farmers at declining grain sorghum prices being quoted as harvest approaches.

Nelson, a nationally recognized agricultural economist and member of the Grain Advisory Committee to the Secretary of Agriculture, said that close analysis indicates that the price slump is an apparent " over reaction of the market" to recent crop report releases which point to record feed grain production nationally.

These raw statistical production figures do not reflect the whole story about the individual grains such as corn and sorghum and how their carry-over, stocks, export and domestic situations differ, nor do they indicate what grain sorghum has "going for it" in the area, he contended. Nelson drew the following contrast from additional statistics to support his claim:

Total supply for 1968 use -- corn, up 11% -- sorghum, down 6%

1967 production -- corn, up 13% -- sorghum, up 14%

Carry-over -- corn, same -- sorghum, down over 50%

Domestic use -- corn down 2% -- sorghum, up 8%

Exports -- corn, down 28% -- sorghum, up 5%

Hunters,Look Again--

That 'Game' You Shoot May Be Something Else

This article is aimed directly at the hundreds of thousands of hunters who are taking to the fields and woods this fall in search of game-

Before you pull the trigger, know what you're firing at.

Sporting arms, from a single-shot .22 calibre rifle to a heavy big game weapon to a fast-shooting automatic scattergun, are designed to kill birds and animals. They also can kill or wound humans.

Each fall several hundred hunters return from fall outings via hearse. Thousands of others return with a load of bird shot or a rifle bullet to be dug out. Behind almost every hunting accident is one cause: carelessness. The hunter who blazes away at everything that moves runs a big risk of bagging a fellow hunter.

Never cross over or through a fence or climb a tree with a loaded gun. It might fall and discharge. Unload first and reload after crossing. Don't shoot at a hard, flat surface. Ricochetting bullets can carry long distances with killing power.

Even a small bore rifle has considerable range. Know where your bullet will stop before pulling the trigger.

Keep guns away from children. Never leave a weapon unattended without unloading it. Store guns and ammunition beyond reach of youngsters, preferably under lock and key.

Always carry a gun so that you can control the direction of the muzzle even if you stumble. Keep the safety catch on until ready to shoot. Always be sure the barrel is clear of obstructions. A barrel clogged with mud or snow may burst.

Guns and alcohol don't mix. If you like a nip around camp, wait until you're through hunting for the day and all weapons are unloaded and cased.

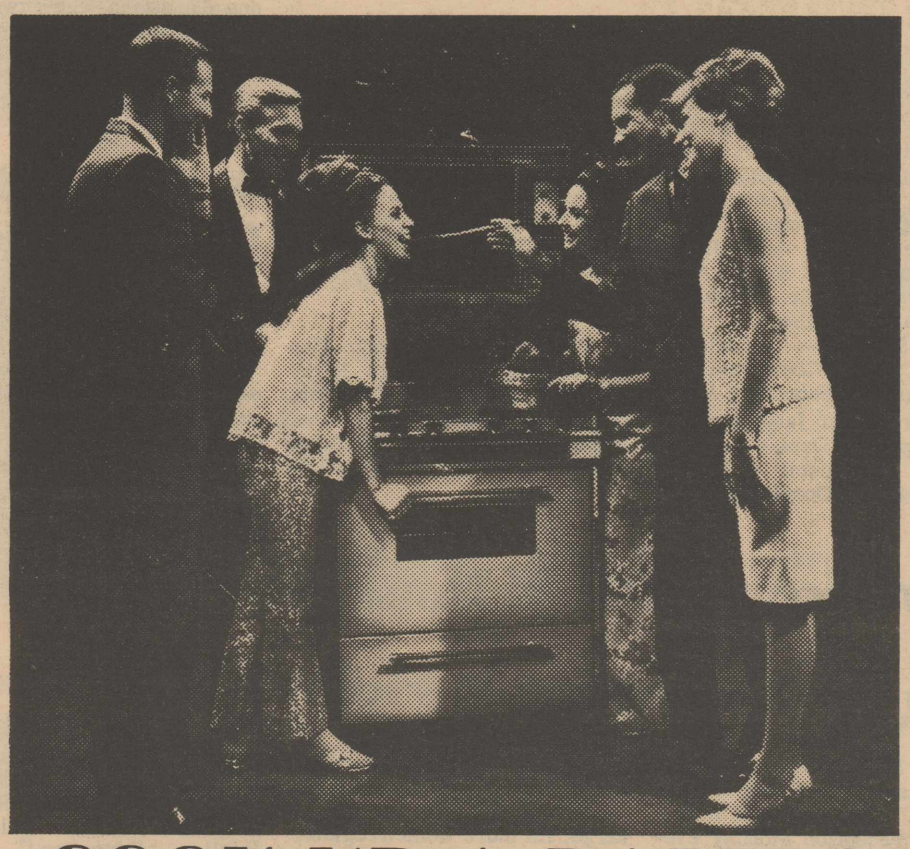

Treat guns with respect at all times. They may be loaded. despite all precautions. Thus never point a weapon at something unless you plan to shoot it.

WEEKEND VISIT

Virginia Floyd of Lubbock spent the weekend here in the home of her parents, Mr. and Mrs. O. L. Floyd and Linda.

RECENT VISIT

Recently Mr. and Mrs. Percy Hart visited in Spearman with Mr. and Mrs. Wes. Nivens and came back by Pampa and visited Mrs. Ann Dixon and at Groom with Mr. and Mrs. Woods.

COOK UP A PARTY!

And what a party it's going to be with a new gas range to help. You can create all kinds of festive recipes. With a gas range you have unlimited temperature control, not just a few fixed dial settings. You adjust your gas range to the perfect temperature for the most delicate recipes. And when a quick temperature change is required, it's easy . . . . with instant on - instant off control. No hangover heat. A gas range lets you broil with the oven door closed. Inside, grease spatters and smoke are consumed by the gas flame. No mess, no over-heated kitchen. Your friends will notice! Delicious foods always leave a good impression. So, how about it. Cook up a party with clean, economical gas.

Backaches Are Common Ailment

Oh, my aching back!

How often have you heard someone say that? Or said it yourself?

Backache is such a common ailment among civilized man that there are very few adults who haven't had a touch of it now and then.

Some physicians credit soft beds, soft chairs and other comforts of modern civilization with an increase in the number of persons who suffer from low back pain, says Today's Health, the magazine of the American Medical Association.

Once called lumbago, back pain is often caused by poor posture, obesity, ill-fitting or inappropriate shoes, a sedentary life, overly strenuous work, or participating in sports. It may also be due to disease not directly relating to the back or to injury or strain.

Low back pain may occur at any age but it seems to bother middle-aged persons most. It occurs in both sexes and in all races, and is more common among people who do work that requires stooping or lifting.

Good posture of the entire body is important in preventing low back pain. Sit with the head, shoulders and trunk erect. When standing, the spine should be straight. Not the military "ramrod" posture, but straight.

A soft, saggy bed and low, soft chairs contribute to backache. Chairs, ideally, should be firm, straight and have the contour of a normal back.

A low-heeled shoe is best for standing or walking. High-heeled shoes tend to throw the posture off balance and increase strain on the lower back. Loafers, ballet slippers and sneakers also may lead to backache if worn extensively.

In lifting heavy objects, keep the back straight and lift with knees and thigh muscles, rather than bending over and straining the spine.

Like many other ailments, backache may be aggravated by emotional tension or anxiety.

Treatment of backache varies with the cause. When it's due to strain, usually rest, heat and a pain reliever will help. Massage, used in moderation, may help relieve discomfort. Your doctor may also recommend exercise to strengthen the muscles of the back and to improve posture.

Owls Screech By

Hart Longhorns, plagued by a stuttering offense, dropped their season opener to the Silverton Owls here last Friday night as they came out of the short end of an 8 to 0 score.

The Owls grabbed the lead early in the first quarter and then held on to their slim margin under a determined attack by the aroused Longhorns.

Longhorns were able to march up and down the field, picking up yardage almost at will but never being able to cross the goal line.

On their second possession of the ball, Silverton caught the Longhorn defense asleep as a third down pass from Lanny Arnold at the Hart 45 found Tim Matthews wide open at the Hart 30.

Matthews added another five yards on his own and the Owls found themselves on the Hart 25 with a first and 10.

On first down, the Owls sent Tim Matthews around left end and after Matthews had accomplished some mighty fancy footwork the Owls were leading 6-0. Fullback Cletus Grady powered over for two extras and the Owls upped the score to 8-0.

W. A. Hawkins took the ensueing kickoff of his own 10 and put a little life back into his teammates as he twisted his way to the Hart 36 before going down. The Longhorns were unable to pick up a first down in three tries as they moved the ball out to only their own 43--three yards shy of a first.

The Horns got their first break of the game as a personal foul against the Owls gave the Horns a first and 10 at the Silverton 42.

A first down pass from W. A. Hawkins to Clifford Ray went wild and W. A. and Quincy Hawkins could move the ball only to the 34 in a try apiece to bring up fourth and still two needed.

Horns elected to try for the first but another W. A. Hawkins to Clifford Ray pass went wide of its mark and the Owls took over on the 34.

The rest of the second quarter went down as a fine defensive battle as the Longhorns kept their opponents deep in their own territory but Hart failed to start a drive of their own and the entire second quarter passed without either team being able to make a first down.

Horns penetrated to the Silverton 22 but Tim Matthews intercepted a Hawkins pass on the goal line and worked his way out to the 12 to kill the drive.

Three plays later Hart recovered a Silverton fumble on the 24 but the half ended without the Longhorns being able to take another shot at the end zone.

Second half got underway with a bang as the Horns took the kickoff and with the aid of two penalties, moved the ball out to the Owl 41 before being forced to punt.

Cletus Grady took the kick on the 20 and Tommy Gonzales and Danny Smith combined talents to keep him there as the Owls took over once again deep in their own territory.

With the aid of an offside penalty against the Horns, Owls were able to pick up two first downs and work the ball out to the Hart 43 before Danny Smith crashed in to drop Lanny Arnold on the Silverton 40.

After taking the punt on their 27, the Horns--in three tries--still found themselves on the same line and went into punt formation.

Quincy Hawkins' boot carried to the Silverton 40 and two plays later Danny Smith recovered a Silverton fumble on the Owl 41. A pass interference call and a completed pass from WA to Quincy Hawkins moved the ball down to the Silverton 20.

Longhorns went back to their ground game and four plays later surrendered the ball on the 21 as Hawkins and Danny Smith were both thrown for losses and stopped at the line of scrimmage.

Owls returned to their kicking game after gaining only three yards and watching two passes broken up before they had to return to the kicking game.

tries moved the ball out to the 41 and Quincy Hawkins boot from there sailed down to the Silverton 30.

With Cletus Grady and Lanny Arnold alternating ball carrying duties, the Owls put together two first downs and moved the ball down to the Hart 27 before giving it up on downs.

A pass from Gary Rambo to Ronnie Barham went wild before a second down race brought the home stands to a peak of excitement.

Danny Smith, Hart's hard-charging fullback, broke free on a dive up the middle and raced down to the Silverton 24 before being brought down from behind.

The Owls again proved equal to the task as they held for three plays and then picked off a fourth down desperation pass by Hawkins and returned the ball to the Longhorn 47.

This spelled the end of the Longhorn hopes and the Owls were able to use only one more play before the time ran out with the final score Silverton Owls 8 and the Hart Longhorns 0.

The country music documentary will be an hour-long special.

Appropriately, the new honor will come as the fair celebrates its golden anniversary, which officials hope will attract record attendance.

Arnold, The Kids Next Door, who appeared here last year as the Young American Singers, and ventriloquist Jimmy Nelson, will be appearing twice daily in Fair Park Coliseum throughout the weeklong fiar run.

Tickets for 3 p. m. matinees are priced at $1.50, $2, $2.50 and $3 and children 12 years and under will be admitted for one-half price. Tickets for the evening performance, slated at 7:30 p. m., are priced at $2, $2.50, $3 and $3.50. All tickets purchased prior to the fair opening will be accompanied by free gate admission passes.

Tickets are now available at the box office in Fair Park Coliseum from 8 a. m. to 6 p. m., Monday through Saturday, and at all four Dunlap stores.

Mail order requests also are being accepted by the fair association. PO Box 208, Lubbock.

The 1967 fair will salute A. B. Davis, general manager for 43 years.

In addition to hundreds of women's and agricultural exhibits, the fair has scheduled two state shows--the largest rabbit show in Texas and the State Milking Shorthorn Breeders show--along with the first annual quarter horse show.

Premiums totaling $32,256 are being offered to exhibitors.

Other attractions include the parade of bands on opening day, the 14th annual West Texas Twirling Festival, Our Little Miss Fair preliminary pageant, a massive military display and the Gene Ledel carnival on the midway.

Nearly 150,000 students and more than 5,000 teachers from the South Plains area are being invited as special guests of the fair. Five "special" days also have been slated. Monday is area school day. Tuesday and Wednesday are Lubbock school days. Thursday is Reese AFB day, and Friday will be college day.

IN RUIDOSA

Mr. and Mrs. H. H. Buchanan and Mr. and Mrs. Claude Ray spent the Labor Day holidays vacationing at Ruidosa, N. M.

DINNER GUESTS

Mr. and Mrs. T. R. Davis were Sunday dinner guests in the home of Mr. and Mrs. Percy Hart.

GRANDSONS VISIT

Marty Lee and Michael Roy Malone spent the week with their grandparents, Mr. and Mrs. Roy Taack.

"Texas" Ends Second Year

The performance on Labor Day, Sept. 4, 1967, completes the second season of 59 scheduled performances of the production "TEXAS" which plays in the Pioneer Amphitheatre in the Palo Duro Canyon State Park, and it completes it without cancellation of a single show because of rain which is an unusual record for an outdoor production.

Although one performance could not be completed because of rain the audience was able to see the whole first act and so it counts as a performance according to the published rain policy of the production.

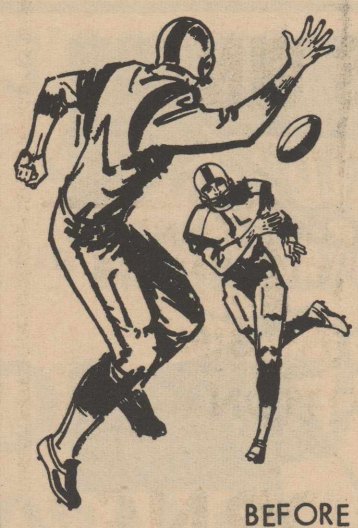

The executive board of the Texas Panhandle Heritage Foundation Inc., the organization which produced "TEXAS" has voted to present the production again in the summer of 1968. They have already arranged conferences between the directors, William and Margaret Moore, and Paul Green, concerning it. Administrative responsibility will continue to rest in the capable hands of the executive vice-president Raymond Raillard.

TULOMA CROP/GUIDE PLAN
helps crop input dollars do double duty

A modest investment for the right liquid mixed fertilizer makes all crop input dollars work harder to return higher yields . . . more profit.

For your fertilizer to do a good job without waste, you need a sound plan. And that's where the new TULOMA CROP/GUIDE Plan comes in.

Here's how it works.

First, comes information about your farm . . . your yield goals, cropping history, management methods . . . those things which go into building a bigger and better crop. Then we take careful field-by-field soil tests and complete the CROP/GUIDE Series Analysis. From these facts, our recommendations to you point out exactly what to do to get the most from each drop of fertilizer you use.

Makes sense, doesn't it? The TULOMA CROP/GUIDE Plan is built to help your input dollars do double duty. We can help you plan bigger yields and a bigger income. Give us a call today.

KITCHEN KORNER

By Lela Gallion

Fall is with us for sure with the really cool nights and another way to tell is the football games have started again. And this Wednesday morning the cool front coming in really made a difference. And these hot breads taste good on cool days.

PEANUT BREAD

1 3/4 c. all-purpose flour
1 tsp. soda
1/2 tsp. salt
1 c. brown sugar, packed
1/3 c. peanut butter
1 egg, well beaten
1 c. buttermilk

Sift flour, measure and resift 3 times with soda and salt. Blend sugar into peanut butter. Stir in well-beaten egg and beat until smooth. Add flour mixture and buttermilk alternately, beating until smooth after each addition. Turn into buttered loaf pan 4"x8"x2 1/2" Bake in a moderate oven (350) 1 hour or until well browned. One loaf.

BAKING POWDER BISCUITS

2 c. all purpose flour
3 tsp. baking powder
1/2 tsp. salt
1/3 c. shortening
3/4 to 7/8 c. milk

Sift flour, measure, and resift 3 times with baking powder and salt, the last time into a 3-qt. mixing bowl. Add shortening and cut in with pastry blender or 2 knives until particles are size of rice grains. Add milk all at once and stir vigorously until dough just stiffens up. The larger amount of milk will probably be required in cold weather; dough should be rather soft. Turn out onto floured board or pastry cloth, knead from 12 to 15 times; then roll or pat out 3/8 to 3/4 inch thick(according to whether you want thin crusty biscuits or fat soft ones). Cut out with Biscuit cutter dipped in flour, lift onto a greased baking pan. Brush tops with melted butter. Bake in hot oven (450) 10 to 15 minutes.

HAWAIIAN FRENCH TOAST

2 eggs
Dash of salt
1/2 tsp. cinnamon
2 T. sugar
2/3 c. pineapple juice
6 slices white bread
4 T. butter
3 slices pineapple, heated

Beat eggs until light, then add salt, cinnamon, sugar and pineapple juice and beat thoroughly. Soak the bread well in this mixture and saute' in the butter heated in a heavy skillet until nicely browned on both sides. Serve hot with a hot half-slice of pineapple (cut in halves to make 6 thin slices) on each piece of toast. 3 to 5 servings.

RELATIVES VISIT

Visiting in the Roy Taack home were her parents, Mr. and Mrs. F. C. Beyer of Bartlett and Roy's sister and her grandson, Mrs. Nell Hart and James of Phoenix, Ariz.

Sneaky Spider's Bite Can Be Serious

An innocuous-looking little spider named "The Brown Recluse" has recently been found to be even more dangerous than the long-feared "Black Widow."

The Brown Recluse has become enough of a health problem --several deaths and a number of serious bites-to become a subject of a research study and a recent report published in the Medical News Section of the Journal of the American Medical Association.

The spider tries to steer clear of humans-hence its name-but because it likes to hide in dark recesses of buildings, it comes under inadvertant human assault in bedding, shoes and other places where it seeks daytime refuge.

The Brown Recluse has been found in at least 13 states in the South, Southwest and Midwest, and is thought to be moving into other sections of the country. Because of the spider's tendency to retreat into wadded-up newspapers or blankets or other dark areas in daytime, it easily could be transported north by vacationers to states where it has not yet been seen.

The spider may bite without the victim being aware of it. There is little early pain associated with a bite. Unlike the Black Widow, both males and females can inject venom.

Castro County Youth Fair

The Castro County Youth Fair was held Saturday in the Assembly Room of the Courthouse. Seventeen boys and ten girls participated. Mrs. Judy Cumiford, County Home Demonstration Agent of Stratford and John Brazzil, County Agricultural Agent of Canyon were judges.

4-H Council met Saturday and made plans for the annual awards program which will climax the 4-H Week on Oct. 7. All 4-H'ers are looking forward to this event.

The Tri-State Fair will begin in Amarillo. Several from Castro County will have entries.

THE HANDICAP

Get A Physical Exam Before Playing Football

Football season is here again.

All over the nation American males are tossing and kicking and running with footballs, all the way from eight-year-olds in the backyard to junior and senior high and college teams to the big bruisers of the professional leagues.

Football is a rough contact sport and inevitably will produce its full quota of bumps and bruises, strains and sprains, cuts and gashes. Most of these aren't serious and the lads concerned are back in the game shortly.

A thorough medical examination is highly important for boys preparing to go out for football to make certain that a lad has no physical conditions that should be noted before he begins the rigorous training and hard knocks of the game.

Proper physical conditioning hardens the body and increases resistance to fatigue, thus helping to prevent injury. A minimum of three weeks of conditioning are recommended prior to the first game of the season. Coaches and physicians are alert to the fact that many injuries occur when the player is tiring and thus less alert.

Careful coaching enables the players to perform better and thus become less prone to injury. Good officiating makes for better games and also helps to protect players. Proper equipment and facilities also are important to reduce injuries. Good first aid procedures and medical care, with a physician readily available for practice drills and on the bench during games, are major factors in cutting down on serious injuries.

Precautions against the extreme heat of early season days also are important. Many coaches are now scheduling the hot weather workouts in early morning and late afternoon to avoid the heat of the day. The old rule against drinking water during drills and games has long since been proved invalid and dangerous. Water and salt is necessary to replace fluids lost through copious sweating.

If your boy is playing on an organized team, the chances are good that all of these safeguards are observed. If most of his playing is done on a vacant lot in the afternoons and on Saturdays, it becomes the parents' responsibility to see that the player has the benefit of the safe guarding principles.
