Rescue Try For Climbers Abandoned

GRINDELWALD, Switzerland (AP)—The huge rescue operation for a group of Alpinists trapped on the north wall of the Eiger Mountain was officially abandoned today.

The only survivor among the four climbers, Claudio Corti of Lecco, Italy, arrived at the Eiger funicular station on a stretcher. He was to be taken to Interlake Hospital by special train.

The 90 volunteers from seven nations who took part in the rescue operation were ordered off the mountain by the rescue chief, Peter Frei, who said the three other members of the group were undoubtedly dead.

The four climbers had been on the mountain since Aug. 3, and became trapped on the steep face two or three days after they started the climb.

Blizzards halted rescue operations yesterday afternoon and today after Corti had been lifted 1,200 feet to the summit by a brave Alpinist swinging at the end of a winch-operated cable.

Air and telescope observations of the other Italian trapped on the wall, Stefano Longhi, 44, also of Lecco, left no doubt that he died of exhaustion and exposure during the night. He had been injured by a rock fall earlier and remained suspended at the end of a rope some 300 feet below the other three since Thursday.

He was seen hanging face down, covered by snow and motionless all day today.

The two German members of the group, Guenther Nothdurft, 27, and Goetz Meier, 26, apparently left the ledge they shared with Corti earl. Sunday morning in a desperate attempt to make their own way to the top.

All trace of them has been lost.

Guides said the two men would certainly have been spotted on the vertical rock face if they were still alive, and it was assumed they fell to their deaths into an unknown crevasse lower down the cliff.

A rescue column carrying Cordi down from the summit was forced to pitch camp in the snow during the night and resumed the difficult descent at dawn.

Cordi's dramatic rescue was carried out by Alfred Helepart, a German guide who was lowered three times on a winch-operated cable. No one has ever before climbed down the north wall, an operation similar to clambering down the side of New York's Empire State Building.

On the first two attempts, Helepart came down too far to one side and had to be hauled up again.

On the third attempt rescuers at the top heard him say over his portable radio: "Further, further, I can see him now."

Later Helepart messaged that Cordi was too weak to make the climb alone and that he had tied the rescued man to his back. It took an hour to haul the two to the summit.

Cordi mumbled his thanks and asked for water on reaching the top. Then he collapsed.

SOBLES IN COURT—Jack Soble, 54, despite handcuffs, holds his wife, Myra, 53, by the arm as they leave federal courthouse in New York for the federal house of detention. Federal Judge Richard H. Levet sentenced Mrs. Soble and Jacob Albam to five and a half years in prison as admitted spies for Russia. Soble like his wife, pleaded guilty to the spy charges and will be sentenced September 18. Library Board To Be Named

The county commissioners court voted unanimously this morning to appoint an advisory board for the new Scurry County library.

The action came after a discussion which lasted about an hour in which about a dozen Snyder women participated.

The board will have eight members, probably with the first group having staggered terms.

It was agreed in discussions that the board should have no powers to spend money except by authorization of the commissioners court, that it would be strictly an advisory board.

The board will work with the librarian in planning activities which will stimulate use of the library and help it to be used to the best advantage of citizens.

Members of the board have not yet been appointed. While the women were present, they were asked if any would object to serving on such a board. The board will be appointed in the near future, and a librarian will be employed soon.

In discussions, most of those attending this morning's meeting said they did not feel the library would need the number of personnel recommended last week by John Hudson, assistant state librarian, during a meeting here. Interested citizens would help where needed if the library had sufficient basic personnel, they said.

Some commissioners, in previous discussions about a library board, wondered about having such a board, they said, if it were one which could spend money and set salaries. Those meeting with the court said they did not believe that should be the purpose of a library board, that it should work with the librarian in detailed planning and that it should act in an advisory capacity to the commissioners court. The board would coordinate activities at the library and take the small, miscellaneous details off the shoulders of commissioners.

A library board, some of the women said, should be a group of persons who would also act as a public relations group for the library, letting citizens know what is happening at the library and what the county facility has to offer.

Many libraries receive gifts of books, or sets of books, and a library board could help to take care of donations to the library.

A library board, the women said, could help to plan children's hours, special sections, lectures, etc.

Former Pal Says Dio Tried To Be 'Honest'

WASHINGTON (AP) — Anthony Doria, onetime pal of racketeer Johnny Dio in the labor movement, described Dio today as a frustrated man who sought to become an honest labor leader but "society wouldn't let him."

And, Doria testified to the Senate Rackets Investigating Committee, Dio himself has told him within recent weeks that he had "nothing to do" with the acid blinding of labor writer Victor Riesel.

Dio had opportunity last week to give the senators his own version of what he aimed to do, and what he has done. But he pleaded the Fifth Amendment to all major questions, saying his answers might tend to incriminate him.

Dio is under indictment on conspiracy charges in the blinding last year of Riesel.

Doria said he visited Dio's home recently and asked the racketeer about the Riesel case, and got the answer that the charge is "absolutely a farce."

"He knows nothing about it," Doria added.

He said he didn't ask whether Dio knows who was responsible for dashing searing acid into Riesel's eyes, and that Dio suggested no names to him.

Doria said he personally has been contacted four times by FBI agents questioning him about the case and that this has convinced him "there is no evidence against Johnny Dio."

Doria left the union under pressure. Questions as to his fitness to hold union office had been raised in the AFL-CIO, partly because of Doria's associations with Dio.

There was testimony last week that Doria agreed to resign on condition that the union pay him $80,000 and give him a Cadillac car. He has been paid $25,000 and contends the union still owes him $55,000.

Doria said he is now a resident of Encino, Calif., and is helping develop mining properties in Arizona.

Doria told the senators how Dio took over Local 102 of the UAW-AFL sometime after 1952 when the local was chartered for a drive to organize New York City taxi drivers.

It is that local about which the committee has produced testimony showing it became a nest of hoodlums which fanned out into a series of Teamsters locals, especially chartered to elect a man picked by James R. Hoffa, Midwest boss of the Teamsters Union, to control Teamsters affairs in the New York City area.

The committee contends there was an alliance between Hoffa and Dio aimed at enhancing Hoffa's power on the East Coast.

Hoffa now appears in line to succeed Dave Beck as international president of the Teamsters.

Doria put up a staunch defense of Dio in his testimony, saying the convicted extortionist wanted to become an honest union man and was "imbued with the spirit of the union movement" but was hounded out of labor because of his criminal record.

BenJack To Return Today

MEXICO CITY (AP)—Insurance promoter BenJack Cage, charged with embezzling $600,000 of ICT Insurance Co. funds, planned to fly to Texas today "to face whatever is waiting for me there."

Cage made the announcement after a five-hour conference with Dallas Dist. Atty. Henry Wade, W. H. Cothrum, foreman of the special grand jury which indicted Cage and Cage's attorney, M. R. Irion.

"I shall appear before the special Dallas County grand jury and tell all the true facts concerning ICT and answer all questions that there may be propounded to me," Cage said in a written statement given to newsmen.

Cage and the three Dallas men were scheduled to leave here on an American Airlines flight. Wade said Dallas County Sheriff Bill Decker would be in San Antonio to arrest Cage when the plane lands there. He said Cage would have an opportunity to make bond of $10,000 when the craft reaches Dallas.

It was the second such conference between Cage and Wade, who said after Saturday's talks that Cage had made written statements concerning affairs of the ICT, which collapsed a year after he resigned as president.

Cage also may face quizzing by two interim legislative committees and the Travis County grand jury, which also probed the ICT collapse.

His troubles don't stop there. The federal government has a $123,045.10 income tax lien against Cage and his wife.

The affable insurance promoter has been in Brazil for 18 months.

Wade said the talks yesterday were general and no more written statements were made. "I am satisfied with the trip here," he said. "It certainly was worth the time and expense."

"I think the new information from Cage eventually may involve other people who have not yet been indicted."

Travis Grand Jury To Wait For Cage

AUSTIN (AP) — Dist. Atty. Les Procter said today the Travis County grand jury would wait until the Dallas County grand jury completed its questioning of BenJack Cage before issuing a subpoena.

Procter said "we want to cooperate with the Dallas County grand jury" in its investigation of ICT Insurance Co., promoted by Cage.

Hermleigh Project Set

A major improvement of telephone plant facilities between Snyder and Hermleigh has been announced by Southwestern Bell Telephone Co.

Truman Black, manager here, said that work will include recentering, reconstructing and extending facilities into Hermleigh. The project will cost more than $100,000.

Black said that 57 miles of the proposed cable construction will be buried. A special cable plow will be used for this operation and it will be the first time this unique equipment has been used in Texas.

The project is still in the planning phases and no dates for start or completion can be established at this time.

The Hermleigh Telephone Exchange was purchased last February by Southwestern Bell Telephone Co.

Carr Picks Chairman Of Probe Panel

AUSTIN (AP)—Speaker Waggoner Carr named Rep. Reagan Huffman of Marshall today chairman of the new house General Investigating Committee that may take another look at the ICT Insurance Co. failure.

Carr said Saturday he would expedite naming the committee to give it a chance to question ICT promoter BenJack Cage if it wanted to.

Lt. Gov. Ben Ramsey also said he would name the Senate's General Investigating Committee within two weeks.

Cage was to return to Texas today after a long absence during which both House and Senate committees looked into the multimillion dollar failure of the big labor-backed investments and insurance enterprise.

Other members named by Carr were Reps. H. J. Blanchard of Lubbock, Carl Conley of Raymondville, William Elliott of Pasadena and Joe Chapman of Sulphur Springs.

Cage was in Rio de Janeiro during much of the ICT investigation by the last Legislature.

Committees that questioned scores of witnesses were discharged.

Huffman has been on a previous House General Investigating Committee and is a former prosecuting attorney. Conley was a member of the House ICT Investigating Committee and also is a former district attorney.

SPOT MUSE

FARMERS in Scurry County, who may well have a bumper cotton crop this year, seem to be showing much interest in helping to promote cotton a little more, since synthetics have been crowding into the markets more every day through research, promotion, and pricing. That will be discussed at a meeting set for 3 p.m. Thursday in the high school auditorium. The meeting is open to all interested.

PARENTS whose children are not yet enrolled in pre-school might want to get them in when it starts tomorrow. Pre-school, for children who will be in the first grade this school year, will be held tomorrow morning in all the elementary schools in Snyder and will last through Aug. 23. Classes are at 8 a.m. and 10 a.m.

Man Injured In Collision

One man was injured in a two-vehicle accident at about 2:45 a.m. Sunday four miles south of Ira on State Highway 350.

He was Allen Vansickle, 30, Snyder Courts, driver of a 1950 Buick sedan which collided with a house trailer being pulled by a 1955 Pontiac sedan driven by Doyal H. Holder, 33, of Odessa.

Vansickle suffered three fractures in one arm and cuts in the accident. He was taken by Bell ambulance to Cogdell Memorial Hospital.

Jim Kinser, highway patrolman, investigated, assisted by officers of the sheriff's department.

Kinser said Holder's car was traveling south and pulling the trailer. Vansickle's car, he said, was on the wrong side of the road and struck the left front of the trailer, dragging along the entire side of the trailer.

The Vansickle car, Kinser said, ended up about three-fourths of a mile from the point of impact and about 300 yards off the highway on a country road.

A passenger, J. W. Puckett, about 64, was not injured.

Kinser estimated damage at about $350 to the Vansickle car and $700 to $800 to the trailer.

Swamp Hampering Probe Of Canada's Worst Air Crash

ISSOUDUN, Que. (AP)—The fuselage of a wrecked Canadian airliner began sinking slowly into a deep swamp today, complicating the task for an investigating team and the searchers going after the bodies of the 79 dead.

The four-engine DC4 plunged into the swamp during a summer thunderstorm yesterday 15 miles south of Quebec City. The death toll made it Canada's worst air disaster. There were no survivors.

Evidence pointed to lightning as a possible cause of the midafternoon tragedy. The chartered airliner was carrying veterans and their families back to Canada from a vacation with their folks in Britain.

The plane's fuselage was believed stuck in a 25-foot water-filled hole. Dr. Jean-Paul Pouliot, coroner of Lotbiniere County, said the army was being asked to pump out the hole.

The boggy crash scene was sealed off today from photographers and souvenir hunters. Bits of bodies, clothing, personal papers and charred remains of the plane were spread far and wide.

The first body found last night was that of an infant.

The toll of 33 men, 41 women and 5 children, including 6 crew members, surpassed Canada's [illegible] high of 62 persons aboard a plane that crashed last December in the Rockies.

The Maritime Central Airways plane left London for Toronto on a flight chartered by the Imperial Veterans Division of the Canadian Legion's Ontario command.

Many of the men were former British servicemen who had moved to Ontario. They had taken their families for a month visit to their former homes.

The pilot, 37-year-old Norman Ramsay of Montreal, whose flying license had once been suspended on a charge of negligence in a plane crash, stopped in Iceland on the way home.

He brought the plane up the St. Lawrence River valley in sunny weather, making the prescribed radio checks. At 2:07 p.m. he reported passing over Quebec.

Canon Alexandre DeBloir, out visiting sick parishioners at Ste. Croix, about five miles from the crash scene, said he saw the plane flying very low when it ran into a summer thunderstorm. Lightning lashed this farm area on the south bank of the St. Lawrence.

"When I returned to Ste. Croix, the nuns who work in the presbytery said they had seen a plane flying very low. Seconds later there had been a frightening blast," the parish priest said.

"They thought it was a highway crash."

IN CLOSED SESSION

Unions Talk Housecleaning

CHICAGO (AP)—Top labor leaders went into a conference today to consider housecleaning and other problems.

The 29-member AFL-CIO executive Council met in the Drake Hotel.

The session was closed to press and public. But President George Meany arranged to hold a news conference afterwards.

No agenda was announced before the meeting began, but sometime during the four-day parley the group is expected to receive interim reports on corruption in some unions from the organization's ethical practices committee.

The AFL-CIO chieftans met while the Senate committee investigating labor-management practices resumed its hearings in Washington.

One of the Executive Council's major tasks was formulation of a policy for settlement of jurisdictional disputes between former AFL craft unions and the shop unions of the old CIO.

Some action on corruption accusations involving leadership of individual unions was expected. Of five such cases, only one was apparently ripe for council action, the others being under consideration by the AFL-CIO Ethical Practices Committee.

Although matters involving leadership of the 850,000-member Carpenters Union are still awaiting outcome of a grand jury investigation in India, Meany indicated that he may push for the ouster of Carpenters President Maurice A. Hutcheson from the Executive Council.

Hutcheson and two other Carpenter chiefs, Vice President O. William Blaier and Treasurer Frank Chapman, were charged with participating in a five-way split of $81,500 in quick profits made on the sale of land earmarked for Indiana highway construction.

The Executive Council was expected to act upon a recommendation of the Ethical Practices Committee with respect to President James G. Cross of the 160,000-member Bakery and Confectionery Workers.

Cross was accused before the Senate Rackets Committee to having negotiated a substandard contract for members of his union employed at the Zion (Ill.) Industries, after having borrowed $97,600 from Martin Philipsborn Sr., a heavy investor in the Zion bakery enterprise.

The Bakers' president was accused of other irregularities, including failure to account for $32,000 of the union funds he spent last year.

The Executive Council was expected to hear first reports on Senate committee testimony that President Anthony Valente and Secretary-Treasurer Lloyd Klenert of the 90,000-member United Textile Workers misused some $100,000 in union funds.

No action was expected at the current session on the Teamsters Union, whose president, Dave Beck, has been accused of misapplying $400,000 in union funds. The Ethical Practices Committee has set a hearing for the Teamsters for Aug. 28.

Nevertheless, the 1½-million-member Teamsters Union, biggest in the AFL-CIO family, was expected to come up for some discussion.

Law Reaches Under Water

MIAMI BEACH, Fla. (AP)—The long arm of the law is reaching underwater to curb antics of divers at City Pier.

Irate anglers have been complaining of aquatic antics by spear fishermen, said Lt. Jerry Kedriersky.

"These skin divers have been cutting the fishermen's lines under water," Kedriersky said. "Other fishermen reported that their lines were jiggled and when they brought up the lines, nothing was on them.

"And some had their nets, holding fish they'd caught, cut open, while rocks had been tied to other lines."

Skin divers simply eluded uniformed policemen by swimming away.

Four spear fishermen were caught with their snorkels down, however, when police, harbor patrolmen and a life guard teamed up to track them down.

Gas Bill Shelved For This Session

WASHINGTON (AP)—The controversial natural gas bill was shelved for this session of Congress today with an announcement by House Speaker Rayburn that it will not be taken up.

Rayburn said at a news conference that no further controversial bills will be scheduled for action. The gas bill, to free producers from utility type regulation by the federal government, is extremely controversial.

Trinity River On Rise After Rains

LIBERTY, Tex., (AP)—The Trinity River, 6 miles wide near here, stood at 25.77 feet today after rising nearly a foot since yesterday.

Farmers in low areas moved out before an expected 27.5 foot crest tomorrow.

Liberty was declared in no immediate danger.

Heavy rains in North and East Texas caused the sharp rise.

First Step Taken To Widen Highway

A tentative step toward widening the Big Spring highway to four lanes from Thirty-first Street to Cogdell Memorial Hospital was taken this morning by the commissioners court.

On a motion by Doyle Parmer, seconded by T. B. Knight, the court voted unanimously to pay for curb and gutter for the four-lane widening job on the condition that the city of Snyder provide all the additional right-of-way necessary inside the city limits, and on condition that the state highway department would then widen the pavement to four lanes.

Roy Dunlap, city manager, who met with the commissioners this morning, said that he would carry the request to the city council.

It was estimated that curb and gutter construction on the project would cost between $15,000 and $20,000.

From Thirty-seventh Street south to the city limits the right-of-way is 100 feet wide. Pavement 64 feet wide will be requested from the state highway department, members of the court indicated.

In other action the commissioners court voted unanimously to request the city of Snyder to annex either or both county parks, Towle Memorial Park and the new Negro park south of Thirty-seventh Street at Avenue M, for police patrol purposes only.

The county would pay for operation and maintenance of the two parks if they are annexed by the city under specifications of the proposal.

Employment Shows Gain

WASHINGTON (AP)—The nation's employment rose to an all-time high of 67,200,000 for July, the government announced today.

The increase of 700,000 workers over the June total was attributed mainly to the continued hiring of young people in summer jobs and a slight increase in farm work. The joint report was made by Secretary of Commerce Weeks and Secretary of Labor Mitchell.

This monthly rise in the labor total was described as "one of the largest on record for this time of year."

Some moderate job reductions were reported among adult workers in educational services and manufacturing, a normal occurrence in July.

Unemployment for the month was three million, a drop of 300,000 caused by the employment of students and graduates who had been listed previously.

Employment in nonagricultural fields, including domestics, the self-employed and unpaid family workers, was up ½ million for a total of 59,400,000, largely the result of further hiring of students.

Flu Vaccine Is Released

WASHINGTON (AP) — The first 502,000 doses of the new vaccine to combat Asiatic flu were released today by the Public Health Service for military and civilian use.

Surgeon General Leroy E. Burney said the released vaccine consisted of 320,000 doses made by National Drug Co., Philadelphia, and 182,000 produced by Lederle Laboratories, New York.

It was understood that National Drug's vaccine would be available for civilian use through normal commercial channels to public health authorities and family physicians. There were indications the Lederle product was intended for the military.

Burney told a reporter that some 13,000 cases have been reported in influenza outbreaks in this country in n which cases of Asiatic flu have been confirmed. Another 6,000 cases of influenza-like illnesses have been reported in recent weeks in outbreaks in which there has been no confirmation of the new strain.

Hearing Scheduled On County Budget

The county commissioners court this morning set its annual county budget hearing for Aug. 26.

The hearing will be at 10 a.m. that day in the commissioners courtroom. The county budget for 1958 will be aired, and the tax rate will be set.

Child Electrocuted

SEYMOUR, Tex. (AP)—Patricia Tomblin, 19-month-old daughter of Mr. and Mrs. Bill Tomblin, was electrocuted while playing at the family home near here today. She became entangled in an extension cord.

Texas Violent Death Count Totals 24 During Weekend

By The Associated Press

At least 15 persons died in traffic accidents and other types of violence brought the total deaths to 24 in Texas during the weekend.

Two of the traffic deaths were blamed on rains touched off by the remnants of tropical storm Bertha as it cut through the eastern part of the state.

Patricia Ann Lewis, 4, was killed Sunday when she was struck by a pickup truck that slipped off a jack on Highway 84 near Waco.

Marion Hillman, 63, and his wife, Lola, 53, of Borger, were killed in a two-car collision Sunday night on rain-slick Highway 152 near Borger.

Jesse Sheffield, 16, Houston, drowned Sunday while swimming in Lake Houston.

Leon Tyler, 25, Galena Park, was found beaten to death outside a tavern in Houston Sunday.

Margaret Rodriquez, 24, was found shot to death Saturday night on a restaurant parking lot in Houston. Police held Martin Moreno, 26, on murder charges.

Mrs. Ernest Hancock, 57, Irving, Tex., was killed Sunday when a car collided with a northbound Santa Fe railroad freight train near Bluff Dale in West Texas.

Three Negro residents of Dallas were killed Sunday in a one-car acident near Marshall. They were Morris Blaylock, 26, his wife, Alma, 23, and their 5-month-old daughter, Lawanda Jean.

John Pitrucha, 62, of Seaton, was found shot to death Saturday and a verdict of suicide was returned.

Mrs. R. M. Adkins of Waca was killed Sunday in an automobile accident south of Brenham.

Winifred Alexander, 30, of Midland, was beaten to death Sunday outside following a family argument.

L. B. Henry, 35, a Negro policeman at Houston was shot to death Friday following a family argument.

Sgt. Stanley Bennett of Boody, Ill., was killed in a two-car collision at Ft. Hood Saturday.

Wesley Beard, 62, was found dead in a Waco park Saturday and Justice of the Peace Vic Hall ruled he committed suicide by taking poison.

Mrs. Thomas Yarbrough Jr. was shot to death in her home at Odessa Friday. Murder charges were filed Saturday against her husband.

Frances Kervin, 15, of Keltys was killed Saturday when the car in which she was riding hit a tree near Rusk.

Sibyle Watkins 9, was killed Saturday when a motor boat struck her as she was swimming at Lake Waxahachie.

Mrs. J. T. Grayhill, about 25, of Houston, was killed in a headon car collision near Rice Saturday.

James Walls, 20, of Greenville was killed Saturday when his car struck a telephone pole near Greenville.

Mrs. Virgie Howard, 46, was killed Saturday when thrown from a three-wheel motorcycle near the city limits of Dallas.

Mrs. Allie Wells, 21, of Houston, was killed in a car collision in Houston Saturday.

O. C. Lollar, 39, was killed in a car acident near Livingston Saturday.

Military Is Given Data On Its Funds

WASHINGTON (AP)—The Pentagon spelled out today what each military service can spend during the current year and remain within the rigid 38-million-dollar limit imposed by the administration.

The breakdown appeared to hit the Army hardest.

None of the services will be permitted to spend as much as originally scheduled, and all have announced economies to reduce the impact of rising costs of military goods and services.

Under the Defense Department's new directive, the Army can spend $8,950,000,000 in the fiscal year which ends next June 30. This is 220 million less than the estimate in the original defense budget.

The Air Force can spend a maximum of $17,900,000,000. This is actually 300 million more than the estimate made last January, but 900 million less than the Air Force had originally wanted to spend.

Navy spending will be held to $10,400,000,000, or 11 million more than the original budget estimate. Like the Air Force, the Navy had expected to spend even more to meet the rising costs of weapons, planes, missiles and aircraft.

The Defense Department itself postponed the commitment of 115 million originally scheduled for expanded military housing.

Following up a Pentagon freeze on civilian hiring, announced last week, the Air Force today ordered all its agencies to cut civilian payrolls by approximately five per cent by the end of October and warned industrial contractors to follow this lead in order to hold over-all spending.

Some 20,000 jobs will be eliminated, the service estimated.

The Air Force said the civilian reduction to be handled largely by failure to replace workers who retire, die or quit, will save between seven and eight million dollars monthly starting Nov. 1.

Car Rolls Into Store Building

A car rolled into a grocery store building here early yesterday morning when its brakes failed to hold, causing about $500 damage.

Sheriff Earl Abercrombie, who investigated the accident, said the car was owned by Paul B. Willingham, 43, of Hamlin.

Willingham was out of his car and in a service station on the East Highway when the car's brakes failed and ran into the Bronco Grocery.

The front of the building, including a plate glass window, was knocked out by the car.

Truck, Auto In Collision Sunday

There were no injuries in a two-vehicle collision at about 8:30 p.m. Sunday 11 miles east of Snyder on U. S. Highway 180.

Involved were a 1956 Ford sedan driven by Willie G. Doss, 67, of Lubbock, and a 1949 International truck and trailer, loaded with hay, driven by Bobby N. Williams, 20, of Plainview.

Jim Kinser, highway patrolman who investigated, said Williams was headed east and Doss west when the Doss' car struck the front of the trailer and dragged along the side of the trailer.

Damage to the car was total, Kinser said, while there was no damage to the trailer.

The Doss car ended up in a cotton patch. Doss's wife was a passenger in the Ford.

Two Vehicles Are Damaged In Crash

An accident at Thirty-fifth Street and Avenue V about 9:45 o'clock yesterday morning heavily damaged the two vehicles involved, but there were no injuries to the passengers, T. L. Steele, police chief, said.

One of the cars involved was a 1954 Pontiac owned and driven by Georgia T. Tefertiller, box 942, Snyder. The other was a 1955 Chevrolet driven by Doris Whitmire Jones, 3012 Austin.

The accident was investigated by Alfred Kohl of the pllice department, police records showed.

Service Clubs Set Ball Game

The Kiwanis Club will tangle with the Evening Lions Club in a ball game at 8 p.m. Tuesday.

The action is scheduled on the Little League diamond in Towle Memorial Park. There will be no ticket sales, but a collection will be taken during the game, with all funds going to support boys and girls activities of the two clubs.

The Kiwanis Club announced that its starting battery would feature the Rev. John Reaves on the mound, with Roy McCloskey catching.

The recent Inventors Fair in Paris revealed that the French have built a helicopter on skis.

Fine Assessed On DWI Count Here

A fine of $50 plus court costs was assessed in county court this morning against Dal Leland Boyd of Snyder.

Boyd pleaded guilty to a charge of driving while intoxicated. He was arrested by officers of the sheriff's department.

Bertha Produces Welcome Showers

By The Associated Press

The remnants of tropical storm Bertha dissipated over northeast Texas Sunday after touching off welcome rains on parched farmlands in the eastern part of the state.

Earlier heavy rains, however, posed a threat of lowland flooding Monday along the Trinity River near Liberty, 46 miles east of Houston.

The Weather Bureau said the river could rise to 27.5 feet due to the torrential rains upstream that totaled as much as 12 inches. Farmers were advised to move livestock to higher ground.

The Weather Bureau said the river would have to rise to 36 feet to pose a threat of flooding at Liberty itself.

A flow of moist, southerly air from the Gulf of Mexico wafted over northeast Texas Sunday in the wake of once-feared Bertha, triggering scattered showers Sunday, but the Weather Bureau said no rain was reported after midnight.

Thousands of persons fled their homes along the Louisiana and Texas coast Friday before the storm moved inland near the Louisiana-Texas border and began breaking up without causing any great damage.

The rains in east Texas were hailed by cotton and grain sorghum farmers whose crops have not matured in dry topsoil.

A. B. Jolley, former Dallas County agricultural agent, called Bertha the "finest thing that could have happened."

He said there was some crop damage in isolated areas where 6 to 10 inches of rain fell over the weekend. The heaviest downfall was reported north of Palestine in east Texas, where 12.8 inches was recorded.

There was some minor flooding of homes and business places at Trinity, 100 miles southeast of Palestine, and at Trinity, 35 miles northwest of Livingston. Livingston got 11 inches of rain Friday and Saturday and Trinity reported 10 inches.

Two weekend traffic deaths in Texas were blamed on the rains.

Paris recorded 4.42 inches of rain for the 24 hours ending at 6 a.m. Monday. Other totals included Cooper 3.06, Clarksville 1.68, Arthur City 1.37, Deport 1.31, Ferris 1.25, Texarkana .16, Sherman .13 and Van Horn .03.

Early Monday a sprinkle fell at Texarkana with a thundershower receding to the northeast. Rain also fell east of Dallas and southwest of both Beaumont and El Paso.

Sunday temperatures ranged from 105 at Cotulla to 85 at El Paso.

Auto Is Reported Stolen Saturday

A 1953 Ford four-door sedan was reported stolen here last night, T. L. Steele, police chief said.

The owner, A. E. Vernon, 800 Twenty-seventh Street, reported that he left the car parked at the Hilander Drive In Restaurant on the Big Spring highway, and when he returned it was missing.

Members of the police department said that the car was believed to have been received since then.

Reports Of Prowlers Investigated Here

Police investigated three prowler reports Saturday night and Sunday morning, but all the prowlers were gone when investigating officers arrived at the scenes.

First of the prowler reports was from 2100 Thirty-seventh Street, at 10 o'clock Saturday night.

The second report of a prowler was from 316 Twenty-eighth Street at 3:02 o'clock Sunday morning.

Almost an hour later a prowler was reported at the Hilander Drive In restaurant on the Big Spring Highway at 3:58 o'clock Sunday morning.

Snyderite Is Hurt In Rodeo

Billy Joe (Goat) Hataway, 19, of Snyder was in good condition in Methodist Hospital at Lubbock today after being gored by a bull in a rodeo at Post Saturday night. Hataway, a contestant in the rodeo, along with several others from Snyder, suffered a broken jaw. The bull's horn went all the way through his jaw. He was taken by ambulance to the Lubbock hospital and underwent surgery.

Hataway is the son of Mr. and Mrs. E. E. Hataway, Sweetwater highway.

Six of the top 10 bull riders at Post were from Snyder. Billy Roberson, who was the only one Saturday night to complete a bull ride in the finals, won the average in that event. Booger Townsend of Snyder was third in his go-round, while Roberson was fifth. Others in the top 10 were Jimmy Cloud, Sonny Harrell, Hataway, and John Billy Koonsman.

Roberson won a buckle for his top average.

At Pampa rodeo, which was also held last week, Delbert Hataway and Townsend split for first and second in the first go-round of bull riding. Hataway ran third in average at Pampa in bareback riding and first in average in bull riding.

Wake Island, an airliner fueling station 4,000 miles west of California, has a population of 550 people. Their brick houses are reinforced and low in height to offer minimum targets to typhoons.

Fluvanna Girls Take Top Awards In Dress Review

Fluvanna girls paced the field among blue ribbon winners in the Scurry County 4-H Club Dress Review held Saturday at the Northeast Elementary School.

Miss Pylant had the top exhibit in the senior division, while Miss Beaver was winner in the intermediate division and Miss Landrum was winner in the junior division.

In the senior division, blue ribbons went to Betty Pylant of Fluvanna, Jacquelyn Martin of Fluvanna and Eudera House of Ira. Winners of red ribbons were Karen White of Ira, Alma Nell Hillis of Plainview, Sadie Fern Hillis of Plainview and Brenda Maddox of Snyder.

In the intermediate division, blue ribbon winner was Robyn Beaver of Fluvanna, while a red ribbon went to Carolyn Engler of Snyder. White ribbons were awarded to Mary Ann Carey of Snyder, Lydia Blair of Snyder, Barbara Floyd of Snyder and Helen Stirl of Hermleigh.

In the junior division, blue ribbon winners were Gwen Landrum of Fluvanna, Sue Herring of Fluvanna, Mary Ellen Ainsworth of Fluvanna, Joy Sterling of Ira, Sharon Rollins of Ira, Yvonne Frazier of Snyder, Nita Erwin of Ira, Janice Bishop of Ira and Patsy Jones of Ira. Red Ribbons were awarded to Norma Allen of Snyder, Wanda Hudgins of Hermleigh and Sue Christian of Snyder.

Among the girls who have been in clothing workshops during the past two years, only two placed as low as the red ribbon class, said Miss Ruby Butts, County Home demonstration agent.

Judges for the review were Mildred Cox and Jean Brazeale, Home Demonstration Agents of Plainview, Mrs. Carmen McCown, Ira homemaking teacher, and Mrs. Edward R. Kellenberger.

Crusade For Egg Money Is Launched

By MARTHA COLE

WASHINGTON, Aug. 10 (AP) — Mrs. Coya Knutson, a blond Democratic congresswoman from Minnesota, has started a crusade for more egg money for American farm women.

The wheels of economic progress may grind to a halt, she warns, unless more cash is put into farm housewife's sugar bowl.

Prices of eggs at the farm (as distinguished from the grocery store) are so low, she says, that it doesn't pay to sell them.

Just to show people how she feels, she inserted a speech in today's Congressional Record. And if it sounded facetious in places, she said, sometimes that helps to get a point over.

Mrs. Knutson said the price of eggs "should be studied by the executive branch of our government with the same care that branch gives to atomic energy because—like atomic energy — the price of eggs exert a tremendous influence on the future of the nation."

What does the American farm woman do with her egg money? Mrs. Knutson asked. "She uses it to finance the daily operation of her household. She uses it to clothe herself and her family. She uses it to educate her children."

"The unjustly treated farm woman is going to save money wherever she can," Mrs. Knutson said.

"She is going to use eggs in her home rather than sell them at give-away prices."

Red Hot Braves Break NL Race Wide Open

By DON WEISS
The ssociated Press

There's a pennant race missing in the National League today and the chief suspects are Conley, Spahn, Burdette and Buhl.

Milwaukee's "Big Four and no more" has the Braves 5½ games in front of a pennant scramble that is quickly changing from a riddle into a romp with no sign of a letup.

Lanky Gene Conley, veteran Warren Spahn, controversial Lew Burdette and strong-armed Bob Buhl . . . they have done it all in the Braves' two-week breakaway that has left the four other NL pretenders lagging in the dust.

Since July 28, the Big Four has drawn 13 consecutive starting assignments and come away with 12 victories.

It was the rejuvenated Conley's 6-0 Sunday, a 5-0 6-6 right-hander, free again of his arm miseries, turned in a steady seven hitter as Milwaukee whipped St. Louis for its seventh straight 5-1. The triumph, coupled with Brooklyn's double defeat by Pittsburgh, Philadelphia's split with New York and rainout of Cincinnati's doubleheader with Chicago, opened up the once torrid National League race.

St. Louis, losing six straight, trails by 5½, Brooklyn by 6½, Cincinnati by 7 and Philadelphia by 9.

The Braves lead now matches the New York Yankees' first place advantage in the American League. The Yanks went 5½ up Sunday by defeating Baltimore 7-2 while runner-up Chicago split with Detroit, salvaging an 11-2 nightcap after losing 8-5.

In other AL games, Boston won twice from Washington 8-5 and 4-3 in 11 innings, and Kansas City dragged Cleveland down to sixth place, its lowest standing in 10 years, with 7-0 and 9-8 victories.

Ken Boyer's ninth-inning homer deprived Conley of a shutout but he had long since wrapped up his fifth straight victory and his eighth in nine decisions since his return to form. Sam Jones lost it as Eddie Mathews drove in two with his 22nd homer and a single and Johnny Logan hit a two-run double.

The last place Pirates slammed 11 hits in cuffing Brooklyn 6-2 in their second game after Bill Mazeroski's two-out single had won the opener, 4-3 in 10 innings. Vern Law and Charles (Whammy) Douglas were Pittsburgh's winning pitchers and Clem Labine and Roger Craig the losers.

Rookies Jack Sanford and Curt Barclay traded three-hit shutouts at the Polo Grounds, Sanford winning his 15th for the Phils 2-0 after Danny O'Connell's three-run homer had helped Barclay win the opener for New York 5-0.

Johnny Kucks evened his record at 7-7 behind a 14-hit Yankee attack, including Bill Skowron's 16th homer and three hits apiece for Darrell Johnson and Andy Carey.

The victory represented a half-game pickup on Chicago, which salvaged the nightcap with a 14-hit splurge against the Tigers' Billy Hoeft and a bevy of relievers. Jim Bunning, helped by Duke Maas in the ninth, won his 14th in 18 decisions in the first game.

Gus Zernial hit two home runs, Woody Held blasted a grand slammer and Lou Skizas chipped in with a solo home run in Kansas City's second game whipping of Cleveland. The A's Ned Garver fired a two-hitter in the opener in breaking a personal seven-game losing streak.

Gene Stephens, known to the Red Sox as Ted Williams' standin, tripled home the 11th inning run that gave Boston a sweep over Washington. The Red Sox rallied for four runs on five hits in the eighth inning to win the opener. Williams set a major league record, drawing his 27th intentional walk to break the season mark of 26 set by Brooklyn's Duke Snider last year.

Vet Jockey Breaks Leg

LA JOLLA, Calif., (AP) — Grandpa Johnny Longden today shrugged off a broken leg and said he expects to resume his fabulous riding career when the leg heals.

"I like to ride," said the 47-year-old jockey. And, in Longden's view, that's all the explanation needed for his determination to carry on in the saddle at an age when most athletes have long since retired to their trophy dens.

Longden's right leg was broken in two places just above the ankle yesterday when a nervous filly making her first trip to the post reared and pinned his leg against the starting gate in the fourth race at Del Mar.

Propped up in bed at Scripps Memorial Hospital with his leg in a cast, Longden said he has given no thought to the possibility that the accident might end his 30-year career.

Sanner Pitches, Bats Victoria To Victory

By The Associated Press

Speaking of one-man efforts, take that pitching-batting exhibition put on Sunday night by Roy Sanner in giving Victoria a 6-1 victory over Temple in the Big State League.

He worked a 4-hitter and he batted in five runs, four of them with a grand-slam homer. He got other with a bases-empty home run.

The guy even scored Temple's run for it—he fumbled a bunt and it permitted Jim St. Clair to score from third. St. Clair had gotten there with a triple.

Victoria increased its lead over idle Beaumont to five games.

The Rosebuds appear in a good position to win the second half and enter a playoff with first half champion Corpus Christi.

APPRECIATION GIFTS—Two members of the Snyder Girls All-Star softball team are shown presenting gifts to the team's two managers, Sherwood Edwards, far right, and Prentice Osburn, second from right. Presenting the gifts are Flo Watson, left, and Linda Ivison. The girls made the gifts on behalf of the team as a token of appreciation for services rendered. (Lee Watson photograph)

Paris Wins To Cut Gap In Sooner State

By The Associated Press

The Paris Orioles moved within 4½ games of leading Ardmore Sunday night as the sagging Cardinals dropped their fourth straight Sooner State League game.

Paris clobbered Shawnee 14-4 while Muskogee beat Ardmore 10-5. In other games Greenville stymied Lawton twice 9-2 and 2-1 and Seminole trimmed Ponca City 5-3.

Dick Simpson homered and Dick Hernandez smacked a double and three singles for Paris. Bill Dunnam hit a two-run homer for Shawnee.

BAKER TO HURL FOR SOX

Sun, Blue Sox Clash Tonight

Unbeaten Sun Oil takes on one of its closest challengers, the Blue Sox, in tonight's City League game at Towle Park. Game time will be 8.

The Blue Sox are currently tied for second place in the Second Half race with Hermleigh, each owning 2-2 records.

Sun, who won the first half, is coasting along with a 5-0 record in the second half.

The Blue Sox are expected to send newly-acquired Ronnie Baker to the mound tonight in an attempt to remain in the thick of the second half pennant chase. Baker, who recently returned from Colorado after two months of semi-pro ball, has won his only start in the City League, a 7-3 verdict over Snyder Furniture.

Wayne Whiteside or Alan Snead are expected to draw the starting pitching assignment for Sun Oil tonight.

This will be a full week in City League play. Games are scheduled each night through Saturday with Wednesday night off. Snyder Furniture and Hermleigh clash tomorrow night.

In last Saturday's action, Hermleigh edged past the Blue Sox, 3-2, breaking a 2-2 tie in top of the seventh inning.

Rex Robinson led Hermeligh at the plate with three hits in four trips. Pitcher Dwayne Prince, with two-for-two, was the top Blue Sox batsman. Robinson and Prince were the only bat men getting more than one hit.

Following are the second half City League standings:

Southwestern League Is Tightening Up

By The Associated Press

The Southwestern League race has become one of the closest in baseball and another night like Sunday will find it closer yet—with a new leader.

Hobbs is poised to take over first place. It can do so if it beats Carlsbad again and Ballinger loses to Lamesa. Then Hobbs would be first place by a single percentage point.

Sunday night Ballinger took a 17-6 thumping from Lamesa while Hobbs was nosing out Carlsbad 9-8 for a climb into second place.

Lamesa, winning its second game in 10 days of replacing Midland in the league, bashed 22 hits, rolling up 10 runs in the first three innings.

Sammy Hernandez doubled in the winning runs as Hobbs shaded Carlsbad.

New U. S. Gal Net Prospect

SEWICKLEY, Pa. (AP) — The United States celebrated another Wightman Cup victory today—its 21st straight since 1930—but tennis people hailed a big, gawky British girl as the future queen of the courts.

She is Christine Truman, a freckle-faced lass of 16 who towers close to six feet and who whacks a tennis ball with the ferocity of a man.

"She has great potential," said Maureen (Little Mo) Connolly, former women's tennis champion who reported America's 6-1 rout of the British in the latest cup series. "I don't see how she can miss."

Mrs. Mary Hardwicke Hare, one of Britain's prewar stars, and Margaret Osborne du Pont, captain of the U.S. team, were others to predict a champion's role for the towering Christine, possibly within the next two years.

Miss Truman, a surprise semi-finalist at Wimbledon this year, lost both her singles matches but left the impression in her first American appearance that she cannot be denied future greatness.

Wimbledon champion Althea Gibson beat Christine yesterday 6-4, 6-2 as Mrs. Dorothy Head Knode of Forest Hills, N.Y., had outsteadied her the day before in the American near-sweep.

In other matches on the final day, Mrs. Knode scored the clinching triumph over Shirley Bloomer, Britain's top player, 5-7, 6-1, 6-2; Ann Haydon, 18-year-old British left-hander, upset Darlene Hard, Montebello, Calif.

Mayer 'Sneaks' In To Win Tam Title

By JERRY LISKA

CHICAGO (AP) — Handsome Dick Mayer, who became the year's richest golfer by winning just two tournaments—the National Open and the $101,000 "World"—had a chance to become even richer today by the stroke of the pen.

Onetime Wall Street investment broker, 33-year-old Mayer of La Jolla, Calif., made a $50,000 "killing" yesterday in the "World" with the same sort of sleeper finish which gave him the prestige-loaded U.S. Open title in June.

Today, Mayer decides whether to sign with "World" tourney promoter George S. May an exhibition contract which could produce an additional $50,000.

Mayer, now leading the pros with $66,145, captured golf's biggest cash prize yesterday by a one-stroke margin over the two men who were expected to make the "World" a private scrap — veteran Sammy Snead and Canadian Al Balding.

Snead, who held a 54-hole lead of one stroke over Baldin, staggered to a final 74, while Balding took a 73, being hamstrung by a double bogey 6 on the 67th hole. Snead and Balding each received $7,500 for sharing second.

Mayer started the final round at the crowded Tam O'Shanter course five strokes behind Snead. With all attention focused on Snead and Baldin, Mayer scored a 68 and sewed up the meet with his fourth birdie of the round by sinking a 9-footer on the 71st hole.

He wound up with rounds of 72-69-70-68 for a 9-under-par total of 279.

In the Open, which was worth $7,200, Mayer came through with a closing 70, tying Cary Middlecoff after 72 holes with 282. All attention was focused on Middlecoff, but when the playoff came, Middlecoff proved a spent golfer and Mayer drubbed him 72 to 79.

Fourth place in the "World" was shared by Gene Littler and big George Bayer, each with 281 for $5,500 apiece.

Mike Souchak had a windup 74 and 282 for sixth place and $2,000. Knotted at 284 and sharing $1,800 each were Bob Rosburg, Dow Finsterwald and Art Wall Jr.

The concurrent "World" women's pro tourney had a photo finish between Patty Berg and Fay Crocker, each with 302. They will play off at 18 holes today for the $6,000 first prize.

The men's amateur crown went to professional singer Don Cherry in a wierd finish which saw defending champion Ward Wettlaufer of Buffalo, N.Y., knocked out of an apparent first-place tie by a score card error.

Cherry and Wettlaufer finished with 296s, but meet officials ruled Wettlaufer erred in okaying a card crediting him with a 76 instead of a proper 77. Wettlaufer was penalized two strokes and finished third with 298. Second at 297 was Howard Everitt, Northfield, J.J.

The women's amateur crown went to 18-year-old Clifford Ann Creed of Opelousas, La., who won by 10 strokes with 317.

Scores of Texans:
Ernie Vossler, Midland 291
Don January, Lampasas 290
Bo Wininger, Odessa 291
Fred Hawkins, El Paso 291
Cary Middlecoff, Dallas 293
Bill Maxwell, Odessa 294

Zulueta In Feature Bout

By The Associated Press

Orlando Zulueta, Cuban lightweight, makes his first ring appearance since he was stopped by champion Joe Brown in the 15th round of a Denver title bout when he tops tonight's show at St. Nicholas Arena in New York.

His opponent is Frankie Ippolito.

Zulueta, clever left jab artist, has fought 101 pro bouts and compiled a 63-27-11 record. His opponent, only 23, has a 20-5-1 mark to show for his 26 starts.

Du Mont will telecast in some sections.

A newcomer from Mexico, Victor Manuel Quijano, makes his first United States start Wednesday at Syracuse, N. Y., where he boxes Davey Moore of Springfield, Ohio. Quijano won the Mexican feather crown last December. It's a TV bout.

A rematch of a Baby Vasquez-Paoli Rosi fight will be the Friday offering from Louisville over NBC radio-TV. Vasquez, a rough Mexican, stopped Rosi in the seventh round last December at Miami.

Wharton, Whetzle Win Partnership

AMARILLO (AP) — Frank Wharton and Dick Whetzle of Dallas won the sixth annual Amarillo Invitational Partnership golf tournament yesterday.

Wharton, the University of Houston star, was 14 under and Whetzle 6 under as they downed Jerry Pittman of Tulsa, the Southern Methodist Southwest Conference champion, and John Paul Cain of Sweetwater 7 and 4. Pittman shot 10 under par and Cain 5 under.

Dallas Eagles In 'Tail-Spin'

By The Associated Press

Not enough games are left to play for Dallas to lose first place in the Texas League race but from the way the Eagles are now acting it is a good thing they got that cushion early.

In the past week Dallas has lost five out of seven—four to the San Antonio Missions, once patsies for the Eagles.

Sunday night San Antonio clubbed the Eagles 9-6 and, having won five out of seven, moved into a tie for fourth place with the idle Tulsa Oilers.

Houston beat Oklahoma City 7-6 to break a 6-game losing streak and trim Dallas' lead to 11 games.

Austin held onto a 2-game bulge over fourth place with a 7-3 decision over Fort Worth.

Mike Gaspar was the man in the clutch for San Antonio. He hit a home run with two on base in the eighth to furnish the Mission victory margin.

Sen. Johnson Says Rights Bill Effective

WASHINGTON (AP)—Sen. Lyndon Johnson (D-Tex) said yesterday the civil rights bill passed by the Senate is an effective and enforceable measure with which the South could live.

Johnson said opponents who claim the bill is meaningless "are hoping to keep the issue alive because it divides Americans....they hope to profit from hatred," he said.

His statement was recorded on the eve of the Senate vote last week and was heard yesterday over Texas radio stations.

Johnson said he felt the South could live with the civil rights legislation.

"There may be some people who do not like it. They will not be found in the South alone. There are always people who seek to deny others the right to vote. They will not be able to carry out their desires so easily under this bill.

"But the measure does not seek to change our society overnight. It is not punitive legislation directed against the South. It is a law designed to fit all Americans.

"As such," Johnson said, "it has my support and I believe it will have the support of all reasonable Americans who care more about progress than they do about politics."

Johnson said one reason he voted for the bill was the adoption of the jury trial amendment.

"The other was the vote which eliminated the force bill provisions," he said. "These were the clauses that revived some of the worst features of the reconstruction period."

Completes Training

Army Pvt. E. L. Green, son of Mrs. Edna Stewart, 2800 Avenue G, recently completed eight weeks of basic combat training under the Reserve Forces Act program at Fort Chaffee, Ark.

NEEDLECRAFT ADDS LINGERIE—Miss Ginger Palmer, a Snyder High Junior and employe of the Needlecraft Shop on the east side of the square, models a neglige set while holding up another above. New Line Of Lingerie Now At Needlecraft Shop Here

A popular and high quality line of lingerie has just been added by the Needlecraft & Music Shop, located on the east side of the square here.

Mrs. Kathlene Glover, owner and operator of the shop, said that the complete line of Gilbreath lingerie, including pajamas, gowns, can-can petticoats, slips, pants and brassieres are included in the line.

"The Gilbreath line is one of the best known quality brands of lingerie, and has been popular throughout American for many years," she said.

This is a completely new department of the Needlecraft & Music Shop, which has constantly expanded since it was opened about two years ago by Mrs. Glover.

The shop has become a popular headquarters for many items necessary to homework in high school and junior high school homemaking studies.

Members of homemaking classes ca.. find all the supplies necessary for sewing such as scissors, tape measures, thimbles, tracking kits, and even sewing machines at the Needlecraft & Music Shop.

The shop features the famous line of Brother Sewing Machines in both the straight stitch and automatic zig-zag models.

Knowland's Plans Worry His Party

WASHINGTON (AP)—The expected announcement of Sen. Knowland (R-Calif) that he will seek the California governorship may plunge Republicans into a battle over their Senate leadership in the next session.

Knowland has announced he will not seek re-election to the Senate next year. He has indicated he intends to hang on to his GOP leader's post, however, until his term ends.

But if he becomes a candidate for the Republican nomination for governor and is faced with a campaign fight, some of his colleagues doubt he will want to be tied down in Washington next spring.

California primary battles usually are a 60-day affair, carried on in April and May before the June test at the polls. This is about the time Congress begins to get busy considering major legislation.

If Knowland were forced to campaign against GOP Gov. Goodwin J. Knight he would have little time to spend handling his leadership duties at a critical period.

Knight has given no sign he will step out of the way for Knowland. The governor has said he doesn't want to run for the Senate.

But a Knowland announcement would be likely to bring a statement from Vice President Nixon that he is supporting the senator. This is on the theory that Knowland would be the stronger candidate and that Nixon feels it is necessary to keep California in Republican hands if the GOP is to win in 1960.

Sen. Kuchel (R-Calif) and a majority of the 17 GOP California congressmen could be expected to line up behind Knowland also.

Faced with any such weighty opposition, some politicians think Knight might find it the better part of political valor to switch to the Senate contest.

In Sacramento, Calif., Knight declined to comment.

If he faces no major primary battle, Knowland can be expected to continue as Senate GOP leader.

As assistant leader, Sen. Dirksen (R-Ill) is the obvious heir apparent. Dirksen made every effort to establish himself as an Eisenhower Republican in last year's campaign when he won re-election in Illinois.

Some of the original Eisenhower supporters have not forgotten, however, that Dirksen fought hard for the late Sen. Robert A. Taft of Ohio in 1952.

Circus Performers Wed In New York

SYOSSET, N.Y. (AP)—A bareback rider and a blonde trapeze artist were married yesterday in a ceremony that united two of the circus world's best known families.

Belmonte Cristiani, 40, and Delia Zacchini, 19, were wed as a calliope piped "Here Comes the Bride." A hundred guests, including jugglers, giants, dwarfs and tumblers, attended.

The groom is a member of the bareback-riding Cristianis.

The shapely bride is a member of the family specializing in being shot out of a cannon.

Juvenile Woes Deeper Than Environment, Says Graham

NEW YORK (AP) — Evangelist Billy Graham, opening a week-long series of sermons devoted to juvenile delinquency, said last night that sin produces "boredom, mischief, gang war—all kinds of things."

Conceding the importance of slums and family trouble in contributing to juvenile crime, Graham declared: "The trouble is deeper than environment. The trouble is deeper than parents."

Addressing an audience of 18,500 at Madison Square Garden, Graham urged youth to shun lust and dedicate themselves to Christ. About 40 per cent of the audience was estimated to be under the age of 25.

Graham has taken note of recent outbreaks of crimes of violence by teen-agers in the city.

In his sermon he drew an analogy between today's youth and the story of Samson in the Bible.

"Samson squandered his God-given strength on lust and passion," Graham said. "Many young people are yielding to the passions of the moment.

"True love is kind and long-lasting. Lust is selfish and short-lived. . . ."

Graham urged youth to dedicate their lives to Christ, and said, "There is no boredom in a life dedicated to Christ."

"Samson's real problem was sin," he continued. "Sin is the cause which produces gang wars and all the ensuing troubles. The road to sin may have its kicks and blasts but it ends in destruction. . . ."

Graham said that poor environment, too much leisure time, lack of parental guidance, bad literature and bad movies are among the factors in juvenile delinquency. But—making clear that he was talking about sin—he said, "We must get at the cause."

Urging parents to provide good Christian examples for their children, Graham advised the parents: "Don't send your children to Sunday school—take them."

Gov. Price Daniel of Texas and his wife Jean attended the meeting.

Daniel told the audience in a brief talk: "We can have a Christian state and nation only insofar as our boys and girls are taught to carry out the principles of God and the saving grace of Jesus Christ."

After the sermon, 621 persons stepped forward to make "decisions for Christ." This raised the total to 45,144. Total attendance since Graham's New York crusade started May 15 stands at 1,494,300.

In line with Graham's schedule of taking off Monday nights for rest, there will be no meeting tonight. Graham's New York crusade is scheduled to conclude with an open air meeting at Times Square Sunday night, Sept. 1.

A spokesman for Graham said he has "almost quite definitely accepted" an invitation to go to Australia. "It is quite probable that he will go," the spokesman said.

Anglican and other Protestant church leaders at Melbourne have invited Graham to visit Australia, probably in 1959.

Graham has never been in Australia.

STACKS OF NOTEBOOKS are included in the back-to-school stocks at Bennett Office Supply 1907 Twenty-fifth Street. Bennett employes, such as Mrs. Hattie Burnett, left, and Shirley Watson, are at the store to help customers find their needs. (Lee Watson photograph)

Bennett's Office Supply Is Ready With School Supplies

The back-to-school rush is about to begin, and Bennett's Office Supply, 1907 Twenty-fifth Street, has prepared for the many demands the firm usually has for the numerous items needed for the school student.

These items include everything from pencils to typewriters, with a wide variety in plentiful supply.

Typing students many times want to rent or buy typewriters to do their best in typing courses and to help them in other courses. Bennett's is well-stocked in both standard and portable models in Smith-Corona, Remington, Underwood, and Royal.

Typewriter rental service is provided by Bennett's at $5 per month for portables and $6.50 for standard models.

Bennett's also has typing tables, typewriter ribbons, typewriter erasers, typing paper, and other typing needs.

Notebooks are probably among the most plentiful of Bennett stocks. Bennett's has notebooks ranging in price from 65 cents to $8. These include hard-back binders with plain covers, those with Snyder Tiger or Blue Devil covers.

There are also many kinds of zipper notebooks in all colors. They include those with spaces on the outside for class schedules and autographs. There are also the rock 'n roll zipper notebooks.

The school student has many needs in supplies, and Bennett's has them all. There are such things as notebook paper, tablets, Spiral notebooks, paste, erasers, pencils, indexes, crayolas, water colors, zipper pockets, rulers, scissors, ink, protractors, compasses, construction paper, sketch pads, drawing pencils, and many others.

Bennett's has Sheaffer, Parker, Esterbrook, and Scripto pens and pencils, with types to suit every need and pocketbook.

Those visiting Bennett's are now registering for a drawing to be held Sept. 16, and the person whose name is drawn will receive a $19.75 Bull's Eye camera outfit.

Gable, Ava, Crawford May Be Called

LOS ANGELES (AP) — A private eye says Clark Gable, Ava Gardner and Joan Crawford may be among the famous faces in the crowd of witnesses being subpoenaed by the defense for the Confidential magazine crimnial libel trial.

The Superior Court trial resumes today with further cross-examination of former Confidential Editor Howard Rushmore.

Private detective Fred Otash said yesterday he has a summons for Gable.

"We're holding his subpoena back, waiting to see if the (defense) lawyers want us to serve it as things develop in the case," he said.

"We also hold subpoenas for Ava Gardner and Joan Crawford, but we don't know if we will get a chance to serve them.

Miss Gardner is reported to be in Spain and Miss Crawford to be touring Europe.

Otash said he is employed by Arthur J. Crowley, attorney for two of the defendants, Fred Meade and his wife Marjorie.

Crowley is reported to have ordered subpoenas for about 100 persons, mostly film personalities. He has said he wants to ask them whether stories about them in Confidential and its sister publication Whisper are true.

But Dep. Dist. Atty. William L. Ritzi said the state will seek to have the celebrities' testimony ruled inadmissible.

"I doubt very much that the testimony of such witnesses is admissible, and we mean to raise many points of law to show that it is not," Ritzi declared.

"We cannot understand what the defense is trying to prove with such witnesses, all of whom have been damaged by stories in Confidential.

Ritzi said also: "The purported or alleged truth of other articles has nothing to do with the articles on which we're basing our case."

As the foundation of their case, Ritzi and Clarence Linn, assistant state attorney general, have listed articles about Maureen O'Hara, Dorothy Dandridge, Dick Powell, Robert Mitchum, Corinne Calvet, Mae West, John Carroll, Mark Stevens, Frank Sinatra and Alan Dale.

DESPITE DANGERS

Lord Altrincham Has Got An Ally

By INEZ ROBB

If it is true, aeronautically, that this is one world and anyone can reach any place within the turning of the sun, then I am probably in grave danger of having my face slapped within the next 24 hours. For I am rushing in where angels would head for home.

My only excuse is that I am fascinated by the present internecine strife in England caused by a few candid words of criticism of Her Majesty written by a peer of the realm. Another irate Briton has already slapped the offender's sassy face. And before this can see print it is possible that the critic, Lord Altrincham, will have been hanged, drawn and quartered at Tyburn.

To one at this unsafe distance, it seemed that Milord spoke a few blunt words, not so much about the Queen as about that tight little, not so bright (in his opinion) little group of stiff-upper-lip, hold-that-U-line British aristocrats, in advisory capacity, who eternally surround England's rulers.

It is Lord Altrincham's contention that they are turning this charming young woman into a prig who, on public occasions, is permitted to mouth nothing but the fatuous platitudes they put into her pretty mouth. Although he claims to be a Conservative, Lord Altrincham is so radical he believes the monarch should have a personality. Not only a personality, but a personality of her own!

This firebrand wants Elizabeth II to bounce the diehard Palace hands around her and get a new batch hep to the exigencies of the 20th Century.

Well, sir, I think Lord Altrincham will probably stop hitting himself in the head pretty soon, if only because it feels so good. Granting that my experience with royalty is limited, nonetheless I believe that one of the crosses the British royal family must bear is the everlasting vigilance of that Palace guard of horse-faced British aristocrats.

In 1939, I got a good look and came in fairly close contact with the Palace guard that rode herd on the late George VI and his Queen, Elizabeth, now Queen Mother. For six weeks in May and June of '39 I travelled back and forth across Canada and down into the U.S.A. with the parents of Elizabeth II and their trail bosses.

At the time, it seemed to me that Their Majesties were warm, pleasant persons who were agreeably human and vivacious in public whenever they dared to be, i. e., when their aristocratic guardians weren't looking. But most of the time, the Palace guard kept a tight rein and Their Majesties were regal, as demanded.

At the risk of getting my face really mauled, the British royal family looks mighty cozy and middle-class. It has escaped the long, lean, horsey and haughty lineaments of the English aristocrat who so often looks as if he smelled something offensive.

Too often, the Palace guardians have resembled those aristocrats caricatured by Gilbert and Sullivan in the last centruy and by Noel Coward in this. The royal family looks intelligent and well-bred, but in appearance it bears no relation to the titled Blimps who try to mold it in the Blimp image.

Queen Elizabeth is an intelligent, pretty and charming young woman. But at this point in her life she is, to the public and through no fault of her own, more a picture postcard than a person. But maybe her subjects like her that way, and Lord Altrincham and I are doomed to be punching bags.

Cooler Air Over Plains

By The Associated Press

Cooler air prevailed today across the northern portion of the country from the northern Plains through the upper and mid-Mississippi Valley, Ohio Valley, Great Lakes to mid-Atlantic Coast states as Canadian air surged into the region.

Scattered showers and thundershowers were expected to accompany the cooler air mass into the Ohio Valley and the mid-Atlantic region.

Meantime, warm and humid weather was to continue from the Gulf states westward into the southern and central Plains. Scattered afternoon and evening showers were likely in this area.

The tail end of tropical storm Bertha dissipated in northeast Texas yesterday, triggering welcome rains on a bone-dry farmland and causing some crop damage.

Thomas Blanton Sr. Dies At Albany Home

ALBANY (AP)—Former U.S. Rep. Thomas Blanton Sr. died here yesterday. He was 85.

Blanton served in Congress from 1917 to 1936.

Metthews Blanton, a son, said his father had been confined to his home since completing a law case 15 weeks ago. He said he died in his sleep during the night.

Besides Matthews, he is survived by his widow, three other sons, Thomas Blanton Jr. and Joe Blanton, both of Albany; William Blanton, Odessa, and a daughter, Ann Blanton, Albany.

Efforts Continue To Settle Strike

WACO (AP)—Negotiations reopen here today in an effort to settle a week-old strike of 560 operating engineers at the Phillips rocket fuel plant in McGregor.

Federal mediator Ted Morrow was to confer with company officials and representatives of Local 260, International Union of Operating Engineers. The strike resulted from a wage dispute.

Irate Miner Blasts Self, Kin To Bits

YREKA, Calif. (AP)—A part-time gold miner just out of jail on a wife-beating charge sought to blast his wife out of existence yesterday.

He ended, said the sheriff's office, by blowing himself to bits and killing his son, daughter and son-in-law with a homemade dynamite bomb.

Wilbur Smith, 47, died instantly as his 16-year-old son Ted, his daughter Mrs. Charlotte Sturgis, 20, and her husband Doug, 25, sought to wrest the bomb from him. They too died in the blast that rocked this mountain town and the countryside.

"We're definitely labeling it murder and suicide," said Undersheriff George Banich.

He said Smith had been released Thursday from jail, where he had served a term for disturbing the peace and wife-beating that began with his arrest July 14.

Banich said Smith had vowed to "get Clara," his wife, 45. She was inside the house and was not injured in the explosion.

A neighbor, Patricia Swickard, 15, told Siskiyou County sheriff's officers she saw Smith arrive outside the house. She said the Sturgises and young Ted went outside and argued with him, then tried to take something from him.

The blast followed, hurling pieces of Smith's body as far as 200 feet from the driveway where he had been standing. The scene was littered with broken bodies and smouldering bits of clothing when police arrived with volunteer firemen.

Mrs. Smith was hospitalized for shock and hysteria.

Banich said dynamite caps and fuses were found in Smith's car and fragments of oiled paper such as that used for dynamite wrapping were found in the blast area.

Snyderites Due Degrees

Two Snyder residents are scheduled to receive degrees at the annual summer commencement exercises at Hardin-Simmons University.

Kenneth Lane Simmons is a candidate for a bachelors degree, while Loraine Henry Griffin is due to receive a masters degree.

Baccalaureate service is set for 8 p.m. Aug. 21, while the commencement program will be at 8 p.m. Aug 23. Dr. William O. Beasley, former assistant to the president and professor of Bible at H-SU and now with the Dept. of Summer Assemblies of the Virginia Baptist Board of Missions and Education, will deliver the baccalaureate address.

Commencement speaker will be Judge Alton B. Chapman, associate justice of the Court of Civil Appeals in Amarillo, and an ex-student at H-SU.

A total of 108 degrees will be awarded, including 75 bachelors degrees and 33 masters degrees.

Triplets Make 10 Children In Family

GARDENA, Calif. (AP)—Birth of triplets has raised the total of David F. Schmunk children to 10—including two sets of twins.

Mrs. Eva M. Schmunk of nearby Redondo Beach, a bricklayer's wife, gave birth to a boy and a girl late Saturday night on her 34th birthday. A 6-pound, 9-ounce girl arrived at 11:40 p.m., a 6 pound boy at 11:51 p.m. The third triplet, a 5-pound, 6-ounce boy, followed at 12:19 a.m. yesterday.

The Schmunks' seven other children range up to 10 years of age.

Because both pairs of twins were born there, Gardena Hospital told Schmunk the triplets were "on the house."

Panel To Review Student Aid Plan

By HERMAN ALLEN

WASHINGTON (AP) — Secretary of Welfare Folsom has appointed a special task force to review the recommendations of the presidential Committee on Education Beyond the High School.

The committee, in a report to President Eisenhower, proposed among other things that parents of college students be given income tax relief through deductions o. credits, that the federal government back a work-study program for students, and that college teachers' salaries be doubled in 5 or 10 years.

Sen. Clifford P. Case (R-NJ), meanwhile, said he planned to introduce a bill calling for 2½ million dollars for a state-by-state survey of what colleges will need to meet an enrollment which the committee estimated will double by 1970.

Case said the bill would allot money to states on the basis of school-age population, with the states matching the federal contributions. No state would get less than $10,000 in federal money.

Case said also that "before the Senate completes its business for the year I plan to introduce another bill to provide a program of assistance for the establishment and expansion of public community (junior) colleges."

The presidential committee, headed by Devereux C. Josephs, New York insurance executive, recommended in general that existing colleges and universities be expanded before new institutions are built to meet increased enrollment. However, the group urged that two-year community schools be given serious consideration where need for them is established.

Folsom, in announcing his task force, called on state, local and regional education agencies to give the Josephs report careful study. But he added, "There are certain national considerations involved in education, and the department wants to make the best contribution it can."

The task force is headed by Lawrence G. Derthick, U.S. commissioner of education.

Leader In Favor Of School Aid

HERSHEY, Pa. (AP) — Gov. George Leader of Pennsylvania stood firmly opposed today to a report by six other governors urging the Eisenhower administration to stay out of school construction.

"I have been in support of federal aid for schools as a matter of necessity in Pennsylvania," Leader said after a two-day conference with the other governors and federal officials.

The governors' committee urged the administration to leave the school construction field exclusively to the states.

Secretary of the Treasury Anderson, President Eisenhower's spokesman at the session, acknowledged that the governors pressed the school position.

A conference participant, indicated the governors' demand may revise the President's think on the school construction issue.

The house recently defeated legislation calling for federal aid for school construction, despite Eisenhower's backing for such legislation.

Anderson said there was "a general sense of agreement" to return completely to the states such functions as federal aid for the school lunch program, vocational education, needy old-age assistance, disaster relief and sewage treatment construction.

Wife Is Against Husband's Overtime

LOS ANGELES (AP) — Here's a wife who's against overtime for her husband.

Mrs. Virginia Scales, 34, was booked on suspicion of assault with a deadly weapon.

She walked into an electronics plant where her husband John was working overtime. Police said she hit his boss Frank B. O'Brien, 41, over the head with a 2-by-4 when he turned his back on her.

"Sure, I hit O'Brien in the head," officers quoted her. "He should be hit every day. He's stealing my husband from me. My husband's working too long."

O'Brien was treated at a hospital for a head laceration.

Youths End Big Festival In Moscow

MOSCOW (AP)—The 34,000 delegates to the Communist-sponsored World Youth Festival began to leave Moscow today after 15 days of meetings often heated by arguments from both sides of the Iron Curtain.

Some of the delegates were returning to homes all over the world. Others—including a group of Americans defying the State Department—are going on to visit other Communist countries.

The delegates got a flag-waving sendoff at the festival closing yesterday before some 65,000 Russians in Lenin Stadium. They heard an appeal from Bruno Bernini, Italian president of the party-line World Federation of Democratic Youth, to work for abolition of atomic and hydrogen bombs.

As the State Department had warned, the festival was a propaganda show that clearly impressed some delegates from Africia and Asia. But other youths found as many bad points as good ones about the Russians.

The more than 150 Americans ranged from three who spent hours presenting the American viewpoint for attentive crowds to one unidentified youth who is reported planning to defect and stay in the Soviet Union.

Forty-seven of the Americans began turning their passports over to Red Chinese authorities last night for visas to visit China as guests of the Peiping government.

Papers Still Idle In Boston

BOSTON (AP) — Bostonians went hungry again today for printed news as Boston newspapers failed to publish for the third day because of a strike.

Six of the city's seven daily newspapers suspended publication Friday night when 300 mailers, subordinate members of the International Typographical Union, struck for a pay raise.

Affected by the walkout are the morning and evening Globe, the morning Herald, the afternoon Traveler, the morning Daily Record and the afternoon American. Their combined circulation is 1¼ million.

Only the Christian Science Monitor is not affected by the strike. That paper is distributed nationally from Boston.

Mayor John B. Hynes called the news famine "a tragedy," adding that "a daily paper is like bread and butter—you can't get along without it."

He said representatives of the publishers and the union would meet sometime today in an effort to reach accord in the disagreement. Both sides indicated strong desires for a quick return to work and republication.

BIRTHS

A son weighing seven pounds, seven and three-fourths ounces was born at 5:50 a.m. yesterday in Cogdell Memorial Hospital to Mr. and Mrs. Billy Glenn Wylie, 1010½ Twenty-eighth Street.

Born to Mr. and Mrs. Charles Stephens, route 3, was an eight-pound, two-ounce son at 1:10 p.m. Saturday in Cogdell Memorial Hospital.

Mr. and Mrs. Bobby Gene Clan- 2505 Thirty-first Street, are parents of a seven-pound, 11-ounce son, born at 9:22 p.m. Saturday in Cogdell Memorial Hospital.

The average $4,500 a year man in the U.S. must work two hours and twenty-six minutes a day just to pay his taxes, according to a survey made by Tax Foundation.

The number of students enrolled in higher education in the United States has increased from 50,000 in 1870 to more than 3 million in 1957.

MORE FLYOVERS

Air Travel Here Shows A Decline

Air transportation has not been in use as much this year as last, according to reports.

There have been many more flyovers at Winston Field here because of bad weather here this year, however. Usually, there are several flyovers here in bad winter weather or on extremely windy days, but this year the pickup in rainfall caused many more flyovers.

Records on boardings at the Continental Air Lines office here show that during the seven months ending July 31, there were 336 passengers who had boarded Continental planes here. By the same time last year, there had been 409.

Only one month this year has exceeded last year. That was January with 58 boardings, compared to 46 the previous January.

In other months this year, there were 31 in February, 56 in March, 47 in April, 37 in May, 54 in June, and 53 in July.

The July figure was only four under the previous July.

The monthly figures this year averaged 48 per month, compared to an average of 58 per month during the first seven months last year.

August showed possibilities of a pickup in service, according to Jim Babcock, Continental station manager. During the first nine days there were 22 passengers. That compares to 14 during the same period last year.

The most popular flight out of Snyder is the early morning eastbound, which leaves at 6:55. Next in use is the evening eastbound, at 7:31. The two westbound flights are at 6:59 p.m. and 8:30 p.m.

The majority of those leaving here on eastbound flights are headed for Dallas, while Fort Worth ranks next in destinations.

No records are now kept on inbound passengers, but they usually number almost as many as those boarding planes here, Babcock said.

Flyovers have plagued Snyder's air service many times, and the new east-west runway now under construction at the airport is expected to cut down on the number of flyovers. The airport is already equipped with a homing device.

Krush Now In Secret Talks

BERLIN (AP)—Soviet Communist party boss Nikita Khrushchev switched today from public speeches to secret talks on the sixth day of his stay in East Germany.

Fresh from a three-day swing to woo the friendship of the East Germans, Khrushchev set aside the entire day for consultations on economic and political problems of this satellite state.

He arranged to meet first with Walter Ulbricht, Communist party leader, for a political discussion. Then he was to join Soviet Deputy Premier A. I. Mikoyan and Foreign Minister Andrei Gromyko for economic talks with East German leaders.

Allied authorities said that such questions as these were likely to come up for decisions:

1. What to do about East Germany's lagging export program to the Soviet Union.

2. Measures to tighten East German cooperation with the other satellite states.

3. Steps to bolster the unpopular East German regime which is maintained solely by the presence of 22 crack Soviet divisions.

4. Soviet actions to influence the crucial West German national election Sept. 15.

Church Funds Stolen

SHICKSHINNY, Pa. (AP) — The Rev. Stephen Yanak left the rectory of the Roman Catholic Church of the Ascension to answer what he thought to be a sick call. That much accomplished, burglars broke into the rectory and took $750—the receipts of the annual church picnic.

Bandmasters To Parley

Three instrumental music directors for the Snyder schools will attend the convention next week of the Texas Bandmasters Association in San Antonio.

They are Melvin Montgomery, high school director; Tim Dennis, junior high director,; and Phil Cherry, director of elementary bands.

The convention will be held Monday through Wednesday. Montgomery is regional chairman for a sister organization, the Texas Music Educators Association.

During the convention, there will be several well-known speakers. There will also be clinics on marching bands, and the Fourth Army Band and Lackland Air Force Band will play music conducted by composers and arrangers. The larger music companies will be represented at the meeting. By hearing new music at the convention, directors can save money in purchasing music by knowing whether it fits the needs of their bands.

Democrats Slate Regional Parley

WASHINGTON (AP)—The Democratic National Committee will hold a regional conference at Oklahoma City Sept. 18-19 to discuss ways of strengthening party organization, finances and to find methods of getting the issues before the voters.

The Oklahoma City conference will include party officials from Arkansas, Texas, Colorado, Kansas, New Mexico and Oklahoma.

Chased By Bees

SELINGSGROVE, Pa. — Terry Schemck, 10, of Middleburg, Pa., and three friends were playing near a road 15 miles west of here when they turned over a bees' nest. Young Schemck, in trying to escape the bees, ran into the street and was struck and killed by a car.

Convention Opens Today In Houston

HOUSTON (AP)—Mayor pro tem Louie Welch will address the opening session of the Vocational Agriculture Assn. convention today.

More than 500 delegates registered for the convention yesterday.

Also scheduled to speak are Houston's Jack Binion, a member of the State Board of Education, and Billy Penn, current president of the Texas Assn. of the Future Farmers of America.

Blast Delayed Again

ATOMIC TEST SITE, Nev. (AP)—The nuclear test shot scheduled to have gone off this morning has been postponed another 24 hours because of adverse winds. It is the 15th time the blast has been delayed.

Students Are Given Chance To Win Trip

CHAPEL HILL, N.C. (AP) — University of North Carolina students have a chance to win a nine-day all-expenses-paid trip to Bermuda.

All a student has to do—says the campus paper's offer—is to discover and phone in the whereabouts of three bandits who took $42,000 from the Apex branch of the Durham Bank and Trust Co. several weeks ago in a daylight hold-up.

Police are still hunting the bandits.

The student can win an extra three days in Bermuda by bringing the three bandits in person to the paper's office, the offer added.
