Mavericks Lose Big, TidBits 'Ettes by 1 at Coleman

By H.V.O.

EASTLANDERS FOR months have been hearing little bits and pieces about Native-Son Don Pierson's project in Haiti, but few were ever able to understand the full scope of the plan. During a meeting of the Eastland Chamber of Commerce Industrialization Committee Friday afternoon, Mr. Pierson explained the project to some 40 local men. And it's an exciting piece of news. Although Don talked "of the record," it's safe to say that Eastland will be the main headquarters for the operation and could, as things develop, become an important part of the over-all plan.

Also helping describe the wonders of the Caribbean Isle was Mike Collins, who is associated with Pierson in the project. Mike, Cisco Junior College President Leland Willis and Bob Brouard, CJC student from Haiti, flew down last weekend to visit the island.

Committee Chairman H. T. Wilson presided and Pierson used maps and charts to show the location of the island and its importance to international tourism and world trade. Further announcements about the elaborate plans are to be made soon.

DIRECTORS AND advisors of the Sabanna Watershed Association will meet at the Southwestern Peanut Growers' Association offices Thursday, Jan. 28 at 1:30 p.m. to make preliminary plans for the official planning the final project.

Ross Wilson reports that the Planning Party of the Soil Conservation Board will begin its work next week. Planning and site work will require several months and this must be done prior to initiating construction.

WHY I ATTEND CHURCH

By CARL GARRETT

My parents were devout Christians and church and Sunday School attendance was a requirement for their five children. I appreciate them today for this early training.

When I became independent of my parents and made all my own decisions, I decided I could do just fine without the church and still be a pretty good fellow. It was then for many years I quit attending church except for rare occasions. I did not give to the church and made no effort to help any church in any way.

I thought I was happy and my work, social activity and recreation filled all my time. After numerous mistakes and moral lapses, I decided that God was telling me something.

I finally listened and became interested, then active in the church and its mission in the world of winning lost people to Jesus Christ.

The church has made a real difference in my life. I shall make mistakes each day, but the church and what it stands for gives true meaning to life today.

Perhaps some readers have shared the same experiences and have not yet decided to go back to church. Don't wait too long. Select a church and attend regularly, become active for your life CAN and WILL influence others. If you want to make the greatest investment in the world, then invest your life in God's church.

The public is invited and encouraged to attend Church every Sunday, by the Eastland Ministerial Alliance.

An inter-denominational Prayer Breakfast is held each Wednesday at 7 a. m. at the White Elephant Restaurant, dutch treat, and are welcome to attend.

Ex-Gangster Sullivan To Speak at Church Here

Mr. J. C. Sullivan, a notorious gangster during the 1920s and 1930s, will present his life's story "From Crime to Christ" through personal testimony and a full-length color film in Eastland.

During his life of crime, Mr. Sullivan was associated with gangsters such as John Dillinger, Pretty Boy Floyd, Bonnie Parker and Clyde Barrow, Wilbur Underhill and Machine Gun Kelly.

Rev. T. S. Whitesel invited the public to hear this dynamic, true-life story Wednesday, Jan. 27, at 7 p.m. at the First Church of God, 501 S. Lamar Street, Eastland.

Special music will be presented by Verle and Bev Whitesel.

New Family Movie Due At Majestic Jan. 27, 28
New Family Film Depicts Life In The Rockies Through The Eyes Of A Mountain Lion.

Filmed in the high mountain wilderness of picturesque Colorado, "Cougar Country," by American National Enterprises, Inc., of Salt Lake City, is slated for screening at the Majestic Theatre January 27 and 28.

"Cougar Country" is an outdoor adventure movie for the entire family. Moviegoers travel with "Whiskers," an adventuresome young mountain lion, through the first two years of his life.

Joining the cougar family shortly after "Whiskers" and his two sisters are born, the viewer watches the mother lion teach her cubs how to survive in the beautiful "Cougar Country."

During his first few months of life, "Whiskers" is exposed to the many dangers of the mountains. The young cubs are prey for soaring eagles, coyotes, snakes, and many other "neighbors" in "Cougar Country." But the mother cat is always there to protect her young.

Through mother's example, "Whiskers" learns to stalk his own food. He watches intently as his mother teaches him how to catch rabbits and pluck fish from icy mountain streams. When "Whiskers" reaches the age of two, he has learned all he must know to care for himself. It is time for him to leave his family and go off on his own. From then on he is entirely independent and must find his own food or go hungry. And he does have some hungry moments.

also, Teresa Duran and Karen Hallmark had 24 and 23, respectively, for the winners, while Sherry Stubblefield had 20 for Carbon. The Carbon girls are now 3-1 in loop play. Rehab '71 to Star Names, Raise \$\$

ABILENE—While stars of the "Rehab '71" television benefit, to be staged by the West Texas Rehabilitation Center here January 30th, vary in their talents from the screen to the rodeo arena to the football field, they all have one thing in common—providing the Center's operating budget for 1971.

The six and one-half color-cast, to be presented over television stations KRBS in geolo, KMID in Midland, and KWSO in Lawton, Oklahoma, will kick off the Center's 1971 public education and fund raising program.

Featured on the program will be Rex Allen, a long-time friend of the Center; Rosemary Clooney, million-record selling singer; Slim Pickens, noted screen and television actor-comedian; and Pedro Gonzalez-Gonzalez, zany comedy character actor in both television and the movies.

Allen, known as "Mister Cowboy" to rodeo fans around the world has soared to the top of the nation's hit charts many times with such songs as "Crying in the Chapel," "Streets of Laredo," "Don't Go Near the Indians," and "Tiny Bubbles."

Born on an Arizona ranch, Allen starred in the rodeo arena as bronc rider and roper before hitting the professional acting-singing spotlight.

Allen has appeared in Abilene almost annually to help with promotion for the Cattleman's Round-Up for Cripple Children.

Miss Clooney is a member of a small group of artists whose recordings have earned more than one gold record. Her versions of "Come-On-A-My-House" and "Half as Much" won her the coveted gold discs and "This Ole

House" and "Hey There" brought her the even rarer platinum records reflecting sales in excess of two million copies. It is estimated that her total record sales is well over 16 million.

Among her movie credits is the perennial holiday favorite, "White Christmas," in which she starred along with Bing Crosby.

"Adding the talents of Miss Clooney to those of Rex Allen and the other entertainers will insure our audience a top-notch television viewing."

REHAB '71—

Continued From Page ONE
commented Bobby Sayles, of Tuscola, West Texas Rehabilitation Center President.

Other stars and celebrities lined up the spectacular include Arthur Duncan, singer-dancer on the Lawrence Welk Show; Rex Allen, Jr., who is following in his father's footsteps as a singer, The Men of the West; Austin TV personality Cactus Pryor; a 16 piece house band, The Hilltoppers, The Citizens, The Apollos, The Heritage Singers, The Hardin-Simmons University Cowboy Band and the folk singing group, Chris, Chris and Lee.

Other guests to be interviewed by Pryor during the show, which will follow a "Tonight Show" format, include Congressman Omar Burleson, Coach Daesell Royall and staff and players of the University of Texas.

Sayles pointed that the guest listed was still incomplete at this time. Other guests will include noted medical, educational and civic leaders from around the state.

"Viewers will be asked to call their local banks to set up a pledge by a monthly bank draft or call the program directly through a special number," Sayles said.

Arrangements have been made for a toll free number to be announced during the program, to be available for individuals wishing to help the Center.

Sayles stressed that "Rehab '71" is a year-long story and a year-long fund raising project. He said he hoped checks would start coming in from throughout the area as they have in previous newspaper presentations.

Checks can be mailed directly to the West Texas Rehabilitation Center, 4601 Hartford, Abilene, Texas, 79605.

Tickets will be available at \$2.00 apiece to the show with the outstanding array of entertainers in the Moody Coliseum, on the Abilene Christian College campus, Saturday, January 30th.

Perhaps this might be the answer to what appears to be a dry-spell of some duration. It hasn't rained in quite a while. The last 'good' one was in September.

Actually, the 1970 total wasn't too far below normal—but compared to the rain-bonus years of 1968 and 1969, it gives one pause and a dry throat.

Total for '70 was 24.73 inches. That's below the generally considered 26.35 inches average. In 1969, we had 40.03 inches and in 1968, 40.

Last comparable year in total rain was back in 1960 when 24.85 fell, and far above the drought years of the early '50s when 18s, 17s, 16s and 15s were recorded.

Seasoning and stock water seem to be greatest need right now with the winter months to date bringing mostly higher temperatures, sunshine and generally unseasonable pleasant weather—but no moisture.

For instance, 1.90 was measured in October; zero in November; and .32 of an inch in December. There's been no measurable rain in January.

Figures are from the U.S. Weather Bureau Adsercer in Eastland. Cisco totals run higher.

Sunday Subject Is Announced Here

The divine source of wisdom and integrity and their availability to each individual will be emphasized at Christian Science Church services this Sunday.

Highlighting the Lesson-Sermon on "Truth" is the Golden Text from Psalms: "The truth of the Lord endureth forever. Praise ye the Lord."

A passage to be read from Science and Health with Key to the Scriptures by Mary Baker Eddy states: "No wisdom is wise but his wisdom; no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows."

Services in Eastland will begin at 11 a.m. in the First Church of Christ, Scientist, on the Corner of Lamar and Plummer.

Weekend guests in the home of Mr. and Mrs. H. S. Packwood were his nephew, J. C. Snead and wife of Hale Cen-

already proved itself. At 6:30 p. m. Friday, the Sheriff's Dept. placed a report on the wires that a 1960 model welding truck had been stolen from a construction job midway between Eastland and Cisco, where a new turkey production plant is being installed. The truck was taken Thursday night, but identifying data couldn't be rounded up until Friday afternoon. At 9 p. m. Friday, Roswell, N. M., authorities reported to Sheriff L. E. Sublett that the truck had been recovered, and that an Oklahoma prison escapee was being held and had been charged with the theft. The truck belongs to Joe Fambrough of Stephenville, contractor for the construction project here.

IT'S GOOD to see that married men go to church — judging from today's column on "Why I Go To Church," written by Carl Garrett. Previous writers were bachelors. One saint tells us that if he went to write he'd say: "I'm bad enough now, if I didn't go to church regularly, there's no telling what kind of bum I'd be."

The Texas Highway Commission today reduced the normal work week of hourly-paid maintenance employees of the Texas Highway Department from 45 to 40 hours a week.

The change is effective March 1.

Is Speaker for FHA Meeting

The Future Homemakers of America met in Eastland High School Auditorium at 1:30 p. m. Jan. 20.

The meeting was called to order by Christy Jolly, President. New business was discussed concerning the Area IV FHA meeting at Tarleton State College in Stephenville. This meeting will be held March 5 and 6th. Also the Crisco Award, which is a trophy presented to the most outstanding student in homemaking for the past semester was awarded to Mary Jo Clearman.

Mrs. M. A. Treadwell Jr. was the guest speaker for the meeting. She gave a talk on how we should be satisfied with ourselves as we are.

The F. H. A. Members presented Mrs. Treadwell with a box of candy.

The action was taken to bring the work week of hourly-paid maintenance employees into line with those of salaried employees of the Department who have been on a regular 40-hour work week for several years.

The Commission has had under study for a considerable time a proposal to place all employees on a uniform work week without a reduction in gross pay. The action today implements this proposal.

Gets Crisco Award Here

Mary Jo Clearman, daughter of Mr. and Mrs. J. C. Clearman, was awarded the Crisco Trophy for her outstanding work in homemaking at Eastland High School, Wednesday afternoon.

The gold trophy was presented to Miss Clearman by the homemaking teacher, Miss Loretta Morris, at the Future Homemakers of America meeting. Mary Jo is a senior, and is enrolled in third year homemaking. She has an average of 97 for the first semester and displays outstanding qualities of cooperation, enthusiasm, creativity and helpfulness, in her classwork and FHA.

Mr. and Mrs. Luther Davis and Mrs. Belle Harmon all of Fort Worth visited Mrs. Flora Mitchell Sunday.

LOOKING TO '76—County Agent DeMarquis Gordon, County Judge Scott Bailey and County Program Building Committee Chairman Sam Kimmble prepare announcements and proclamations for "3.76 in '76" campaign which begins Monday.

Program Launched; Up Agricultural Income

Cash income to farmers and ranchers in Eastland County should be more than \$15.6 million by the end of 1976, according to DeMarquis Gordon, county agricultural agent.

This will be an increase of more than 3.7 million from 1968-69 figures, with Beef cattle and peanuts contributing a large part of the gain. The projections are based on studies of the Texas Agricultural Extension Service and are part of the "3.76 in '76" program, a state-wide project to increase Texas agricultural cash receipts by more than one billion dollars.

Total cash receipts from all agricultural enterprises in Eastland County are presently about 8.1 million, says Gordon. The most important ones are peanuts, livestock and forage crops. They are expected to account for about 90 percent of the projected 1976 totals.

Extension specialists will hold a peanut meeting in Rising Star on February 3 to discuss improved production of Peanuts. Other such meetings are scheduled to help producers improve production

of other commodities. Production guidelines in all major commodities are also being prepared and mailed to producers.

The projections are based on estimates from the County Program Building Committee and Rural Development Committee; after separate predictions were made by Extension economists. The figures were published for each county, Extension district and economic area in Texas.

"Eastland County producers will have access to production information and techniques that can help spell success for the Texas goal of \$3.76 billion in 1976," says Gordon.

County Judge Scott Bailey has issued the following proclamation in connection with the special week:

PROCLAMATION

"3.76 in '76 Week"

WHEREAS, the Texas agricultural industry, in all of its phases, continues to be our most important industry, and WHEREAS, agriculture continues to have great growth potential in our county with the rewards from such growth accruing to the benefit of all citizens, and

WHEREAS, there is an urgent need for an active crusade to increase the public's knowledge, acceptance, and appreciation for the highly significant contribution which agriculture makes to the economy of our county and to the level of living enjoyed by its citizens, and

WHEREAS, it is recognized that all citizens of this county have a vital stake and a legitimate self-interest in the general well-being of the farmers and ranchers who provide the great abundance and

variety of food and fiber of highest quality which we all enjoy, and

WHEREAS, "3.76 in '76" is a well-conceived program designed by the Texas Agricultural Extension Service, with the endorsement and active support of agricultural agencies, organizations, and individual leaders, to help the agricultural industry achieve its full potential through an intensification of efforts by producers, agribusinesses, and professional agriculturists to bring about an increase in income to Texas farmers and ranchers of \$1 billion by the end of crop year 1976, and

WHEREAS, "3.76 in '76" will narrow the gap between knowledge and practice through the coordinated application of improved production and marketing practices that have been proven to be sound and profitable, and

WHEREAS, the achievement of an increase of (\$3,742,740) in agricultural income by the end of crop year 1976 will improve the net profit and competitive position of Eastland County farmers and ranchers and make highly significant contributions to the future economy of the county.

NOW THEREFORE, I, Scott Bailey, County Judge of Eastland County, Texas do proclaim the week of January 25-30, 1971 as "3.76 in '76 Week" in Eastland County and call upon all citizens to join in this observance and to dedicate their efforts to the achievement of its stated objectives.

Dated this 18th day of Jan. A. D. 1971.
Signed Scott Bailey
County Judge, Eastland County

Jan. 25-30 Is Named Farm Bureau Week

The week of January 25-30 has been designated "Farm Bureau Week" in Eastland County by County Judge Scott Bailey.

During this period the Eastland County Farm Bureau will have a special membership enrollment drive as a part of a statewide effort to exceed last year's total of 121,168 member families. Eastland County ended its 1970 year with 886 members. Governor Preston Smith has proclaimed the same period as "Farm Bureau Week" in Texas.

Jack Cozart of Cisco is president of county Farm Bureau. Membership chairman is Dee Williamson of Eastland. Membership captains who will be working on the drive include: Sam Kimmell, Zella Jordan, Muri Campbell, and J. C. Clearman.

The county president said farmers and ranchers need an organization more than ever before. "We producers need to be organized for more effectiveness in marketing, agricultural public relations, tax problems, as well as other matters affecting our net income," Mr. Cozart said.

The text of the proclamation issued by Judge Scott Bailey reads:

"Agriculture is vital to the economy of Eastland County, our State and Nation. A large percentage of our citizens are dependent directly or indirectly upon agriculture for their livelihood. All of our people benefit from the productive efficiency of modern agriculture.

"Farmers and ranchers have learned to promote their industry through organization. Four out of five agricultural producers in this Nation belonging to a general farm organization are members of Farm Bureau.

"Farm Bureau is an independent, non-partisan, non-governmental voluntary organization of families united for the purpose of analyzing their problems and formulating solutions to those problems.

"Therefore, I, Scott Bailey, County Judge of Eastland County, do hereby designate January 25-30 as Farm Bureau Week in Eastland County, and urge our citizens to

give due recognition to this observance honoring the Eastland County Farm Bureau.

"In official recognition thereof, I hereby affix my signature this 18th day of January, 1971.

"Scott Bailey,
"Eastland County Judge."
