COME TO THE OYSTERFEST!

And get some of these beauties that Jody Fox is holding. Jody was queen of last year's First Fulton Oysterfest and is going to try for the title again this year at the second one. Activities get underway Friday, March 6, at the Paws & Taws Building on Fulton Beach Road. The King and Queen of this year's 'Fest' will be chosen Saturday on the basis of who can eat the most raw oysters.

Oysterfest II Starts This Weekend In Fulton

FULTON — A western dance and the chance to ride a mechanical bull will kick off Fulton's second annual Oysterfest starting at 8 p.m. Friday, March 6, on Fulton Beach Road

around the Paws and Taws Building.

Events will continue Saturday with the Blessing of the Fleet and a boat parade at 9 a.m. The arts and crafts and seafood booths

will also open at that time. At 10 a.m., live music will get underway in the entertainment tent.

Other highlights Saturday will include the Raw

Oyster Eating Contest at 5 p.m. The winners of this contest, one male and one female, will be crowned the King and Queen of Oysterfest II.

Registration for the contest will get underway at noon.

Booths will close at 8 p.m. Saturday but a dance will start at 9 p.m. featuring the music of Johnny Bush and the Bandereros.

The mechanical bull will remain open all day Saturday from 9 a.m. until the dance ends at 1 a.m. Sunday.

Booths will open and activities will start at 10

a.m. Sunday — which is the day of the Oyster Stew Cook-off.

Registration for the Cook-off will begin at noon with judging scheduled for 4 p.m.

Live bands will entertain 'Fest-goers starting at 1 p.m. Sunday.

A highlight of both days will be a demonstration of the 'Jaws of Life' purchased with money raised last year in Fulton's first Oysterfest.

The Oysterfest is sponsored by the Fulton Volunteer Fire Department and proceeds are used to benefit the department.

Chief Craigmile Resigns

Rockport Police Chief James Craigmile has tendered his resignation from the police force to accept a position in the private business sector in the Austin area.

Craigmile said he resigned in a letter to Rockport Mayor Walter S. Falk Jr. Falk was out of town Tuesday, March 3, and could not be reached for

comments, but city officials said he did know of the chief's resignation.

The letter will be presented to other members of the city council in a meeting, but it is not known at this time whether the Mayor will call a special meeting or wait until next Monday's regular session.

Craigmile has been chief of the Rockport police force

for the past eight years. Prior to coming to Rockport, he was a deputy sheriff in San Patricio County.

He is a former chief of police for Aransas Pass.

Lady Pirates Host Toast Of Coast Meet This Weekend

The Lady Pirate Track Team will host the annual Toast of the Coast Meet for girls on the Pirate track this weekend, March 7-8.

Some of the top teams in South Texas, including the high flying Gregory-Port-

land Wildcats with Pam Mitchell as their featured runner, will compete.

Rockport-Fulton's Terri Moore will be the featured performer in the weight events.

By Pat Blair
Local shrimpier Raymond James urged area residents to write President Reagan and "inform him what's going on here" during a public meeting on the problems between American and Vietnamese shrimpers here.

Eight state and federal representatives — including an administrative assistant from Governor Bill Clements office, State Senator Buster Brown, a representative from the office of U.S. Senator John Tower of Texas and a representative from the Justice Department — were present at the session that got underway at 10 a.m. Monday, March

2, in the Paws & Taws Building.

The representatives discussed what was being done to alleviate the problems between American and Vietnamese shrimpers along the Texas Coast, including bills pending in the Texas legislature, and listened to comments and answered questions from area residents attending the two and a half hour session.

Allen Clark, special assistant for administration to Governor Clements' office, told those at the meeting that he was seeking "a disinterested local citizen" to be in charge of a community-wide committee

that would be set up in Rockport to discuss the local problems.

The chairman would be appointed by Governor Clements and would then be expected to meet with community leaders, local government heads and business leaders — including fishermen — for recommendations on the other members of the proposed committee.

Clark told those at Monday's session that he had presented this idea to local government leaders in a meeting with them — and with representatives of the Vietnamese community — Sunday evening.

During Monday's session, Clark pledged that "intensive efforts will begin immediately" to enforce federal documentation laws — and added that this is something the Vietnamese themselves have requested.

"They (the Vietnamese) want to be legal," Clark said.

Federal documentation laws require that a boat weighing five tons or more must be documented — and such a vessel must be owned and operated by an

American citizen.

Senator Brown last month sent telegrams to Governor Clements, U.S. legislative representatives from Texas and Transpor-

tation Secretary Drew Lewis urging more Coast Guard personnel in the Texas Coastal area to enforce the documentation

Copano Shrine Meeting

The Copano Shrine Club will hold its regular meeting at the Cattleman's Sandollar Restaurant on Wednesday evening, March 4. The social hour will be at 6:30 p.m. with supper at 7:30. Please make reservations by calling Dave Gruber at 729-6688 or Frank Samson at 729-1187 by Monday, March 2. Visiting nobles and their ladies are invited.

Rockport Elementary PTA

Rockport Elementary Parent-Teacher Association will hold a meeting on Monday, March 9 at 7 p.m. The program will focus on Parent-Teacher-Principal relationships. The election of officers will be held. All PTA members are urged to attend.

PTA T-Shirt Sale

Rockport Elementary PTA is having a T-Shirt Sale during Public School Week. The top quality shirts will sell for \$5 each for children and \$5.50 for adults. A sample shirt is on display at the PTA refreshment table in the main hall at the elementary school.

Handwriting Analysis

An introduction to personality assessment through scientific handwriting analysis will be offered in the home of Nancy J. White, certified Graphoanalyst. The sessions will be held on Tuesday evenings, 7:30 to 9 p.m. beginning March 10. Enrollment for the "Eight Basic Steps" classes is limited in size for individual instruction. Fee for the course is \$22 and includes all materials and certificate of credit upon satisfactory completion of the program. For further information call 729-1627.

Church Plans Women's Day

The women of the Rockport Church of God will celebrate their annual Women's Day Sunday, March 8, at 3 p.m. in the church. The theme will be "Women Advancing in Christian Service". There will be several women from area churches as guest speakers. Special singing by Rockport Church of God S.C.G. soloists Frankie B. Simmons, Debra Armstrong and Susie Odoms will be featured.

P.E.O. Meeting

Chapter EO, P.E.O., will meet at 1 p.m. Tuesday, March 10, in the home of Mrs. Evelyn Lytel, 1921 South Commercial in Aransas Pass.

Little League Registration

The Aransas County Little League Association will hold registration for its 1981 baseball season on Saturday and Sunday, March 7 and 8, from 6-9 p.m. in the County Courthouse. No further registration sessions are planned, so those interested are urged to sign up at these times. Any boy who has turned eight or who has not turned 19 before August 1 is eligible for baseball. Any girl who is nine or not 19 before August 1 is eligible for softball. Parents must present proof of age for players at the registration. Donations of \$15 per player are being asked for. For families with more than one player, \$5 per additional player will be asked.

World Day of Prayer

The First Baptist Church will host the Church Women United in the service held at noon March 6 in observance of the World Day of Prayer, held each year at this time. This year's program was written by the American Indian Church Women in the theme "The Earth Is the Lord's". The public is invited to join in this special fellowship service. Refreshments will be served afterwards.

Little League Asso. Meeting

The Aransas County Little League Association will hold its next regular meeting at 7:30 p.m. on Monday, March 23, at the County Courthouse. The Association asks that all Little League parents keep the date Saturday, April 18, in mind. The date marks the Little League parade and opening ceremonies and all parents are urged to attend.

Key Allegro Rummage Sale

The Key Allegro Women's Club will hold its annual rummage sale on Saturday, March 14, from 7 a.m. to 6 p.m. at the Allegro House, 29 Mazatlan. The public is urged to come and browse.

B&PW Dinner & Style Show

The Business and Professional Women's Club will hold their annual St. Patrick's Dinner and Style Show Benefit on March 14 at 7 p.m. in the VFW Hall. Styles will be provided by Kitty's Fashions. Entertainment will be provided and guests will have a chance at winning door prizes. Tickets are \$6 per person and may be purchased at "A" Blossom Shop, Sail Printing, First National Bank and Live Oak State Bank or from any B&PW member. Proceeds from the affair will go to a \$1,000 scholarship fund.

Social Security Help

A representative of the Social Security Administration will be at the Courthouse in Rockport on Thursday, March 5, at 9:00 a.m. The representative will answer questions and also help claimants file applications for the regular Social Security and Supplemental Security Income benefits.

Steiner, Allen File For City Council

Brad Steiner and W.B. Allen have filed for posts on Rockport's city council, bringing the total council candidates to three and creating a race in Ward 2.

Deadline for filing for the

city council elections is Wednesday, March 4. Elections are set for April 4 with the absentee voting to get underway on March 16.

Steiner, owner of Seaside Gems at 502 South Austin,

has filed for the Ward 2 alderman's seat now held by Burt Mills. Mills has filed for re-election to the post.

Allen, who resides at 735 South Pearl, has filed for the Ward 1 council post. Incumbent in this place is Charlie Garrett who has announced he will not seek re-election.

Local Troops To Observe Girl Scout Sunday March 8

March 8 is "Girl Scout Sunday" and marks the beginning of National Girl Scout Week.

All seven of Rockport's Girl Scout Troops will meet at the Band Shell at 7:30 a.m. that morning for a "Scout's Own" and will then take part in a candle lighting ceremony that Scouts all over the country will be participating in at the same time.

Prior to the ceremony, Mrs. Dale James, leader of Troop 516 will lead the group in "The Girl Scouts Together Song."

Mrs. Lou Simpson, leader of Troop 321, will then lead the girls in the Pledge of Allegiance and Troop 411

leader Mrs. Mary Green will lead the scouts in "America".

The "Make New Friends Song" will be led by Troop 431's Mrs. Carol Sander and "The Brownie Smile Song" will be led by Mrs. Donna Barksdale, leader of Troop 491.

"This Land is Your Land" will be led by Troop 517's leader, Mrs. Nancy Calawa.

After the candle lighting the Girl Scout Promise will be recited and Troop 469 will sound the Night Time Taps.

All Girl Scout parents are urged to attend the ceremony.

Cubs Honored In Blue And Gold Banquet

Harold Brown received a gold and three silver arrow points in the Bear rank and was inducted into the Webelos Den during Cub Scout Pack 49's annual Blue and Gold Banquet Tuesday night, February 24.

Kevin Callam, Patrick Flenniken, Juan Sandoval Jr. and Joseph Trimyer received their Webelos badges and several activity awards each during the event held at Live Oak Elementary School Cafeteria.

Guest speaker at the event was "Uncle John" Leslie who gave a brief talk on the history of Scouting before entertaining the group with some of his magic tricks.

Den No. 2 formally opened the meeting with the Flag

Ceremonies. That was followed by the meal of barbecue furnished by Mac's Bar-B-Q in Gregory with side dishes furnished by the parents of the Scouts.

Six boys in Pack 49 received Bobcat badges.

They are: Jerry Krosgaard, Darby McLead, Robert Hattenbach, Tim Blackford, Eric Flores and Dwayne Solis.

Also at the banquet were John Galbrath, a retired Scout executive from Corpus Christi, and Cyrus Richards

III and his son. Richards is the Scouting Coordinator for the Rockport Rotary Club which sponsors Pack 49.

H.E.B. Food Stores donated two briskets for the barbecue and ice was donated by Jackson Seafood.

Oil Discovered Off Matagorda

Oil has been discovered 30 miles off of Matagorda Island by a group of companies led by InterNorth, Inc and McMoran Oil and Gas Company.

The well drilled on the site marks the first significant oil flow from a deep-water offshore well near the Coastal Bend. Drilled in water 100 feet deep, the

well is on property leased from the federal government.

Oil was found at a depth of 10,190 feet.

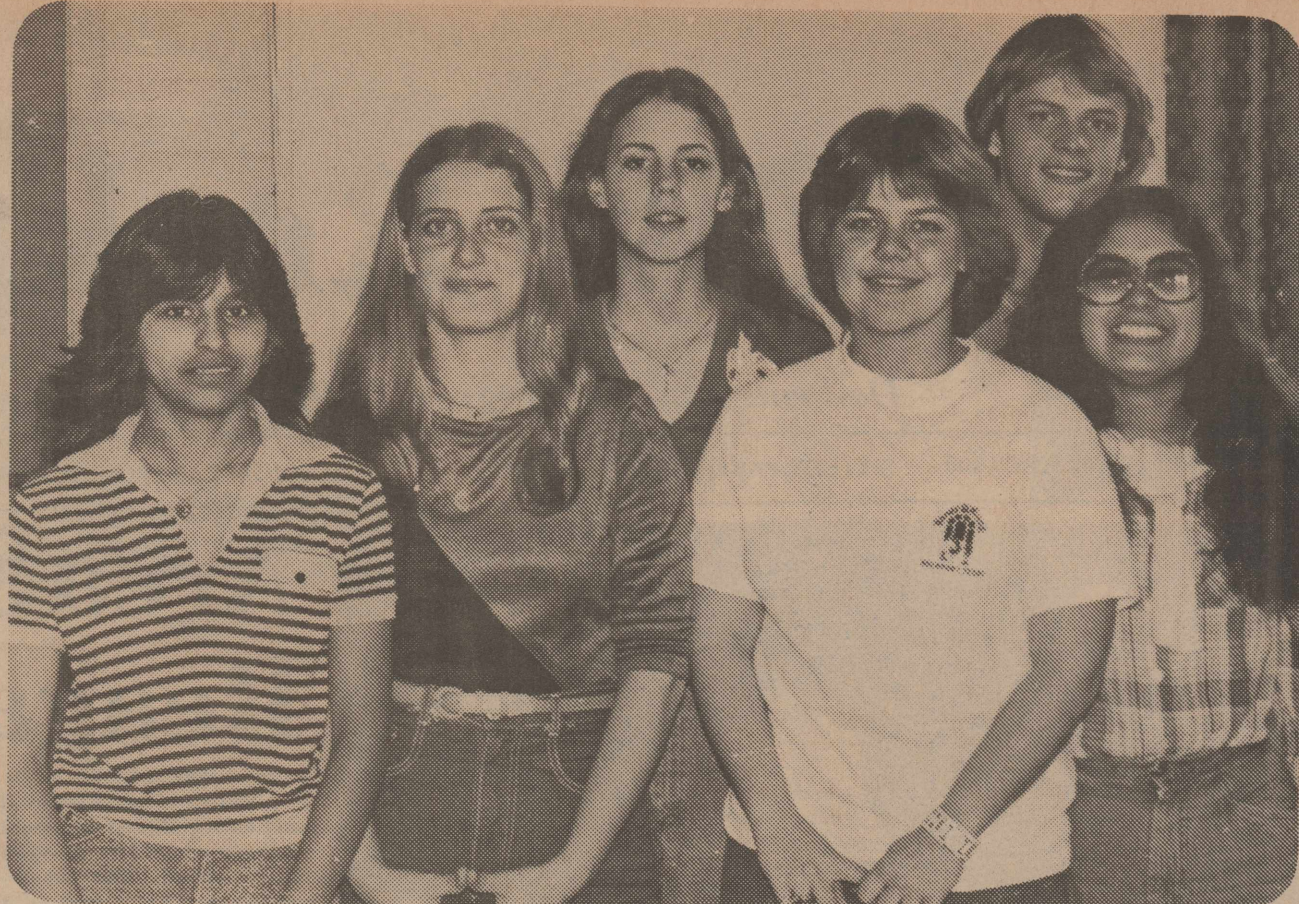

The oil flow amounts to 1,030 barrels of oil per day so far. The natural gas production has been three million cubic feet per day.

Gas had been discovered in the area of the oil find

several times before and discoveries of condensate - petroleum liquids mixed with natural gas - had been made as well, but this is the first "big" oil discovery, officials said.

DANZIG OCCUPIED

Poland occupied Danzig (Gdansk) on March 6, 1933.

'FIESTAVAL' WINNERS

These six students of the Rockport-Fulton High School speech-drama department, plus a seventh not shown, all received "Superior" and "Excellent" ratings at the Texas A&I University-sponsored speech "FiestaVal" January 30. From left, the students and the rating they received are Patty Ramirez, Excellent in prose; Carolyn Farn-

worth, Excellent in prose; Beth Randow, Superior ratings in both prose and poetry divisions; Nancy Adams, Excellent in prose and poetry divisions; Gary Crary, Excellent in poetry; and Linda Rinche, Excellent in prose. Not shown is Georgie Garrett who rated an Excellent in prose. [Pilot Photo by Pat Blair]

at 2 p.m. Tuesday, March 3, at the Evergreen Cemetery in Skidmore.

Mr. Fuller, 71, died Sunday, March 1.

He had been a member of the First Baptist Church in Angleton and a member of the Beeville Masonic Lodge 261 AF and AM.

Other survivors include his wife Mary Fuller of Beeville; one daughter, Mrs. Sarah Flournoy of Oxnard, California; one son, John Harold Fuller of San Antonio; one brother, Lane Fuller of Runaway Bay; five grandchildren and two great-grandchildren.

Galloway and Sons Funeral Home in Beeville.

Johnnie A. Wertman

ARANSAS PASS — Funeral services for Johnnie Alexander Wertman, 72, of Aransas Pass were set for 2 p.m. Saturday, February 28, in the Marshall Funeral Chapel in Aransas Pass with Father James Hamilton officiating.

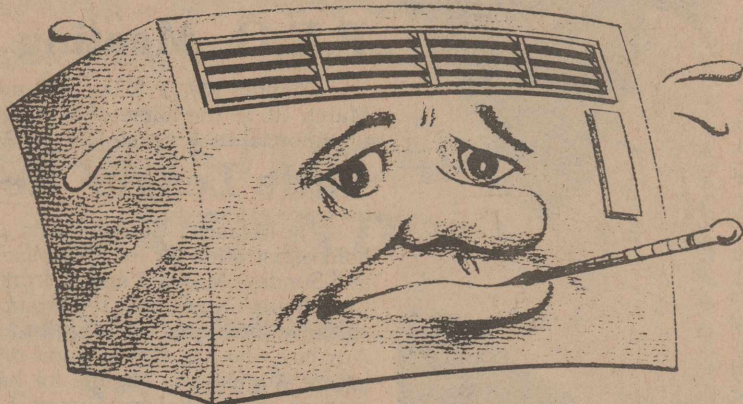

Burial was scheduled in Prairie View Cemetery. Mr. Wertman died Thursday morning, February 26, in a Taft hospital.

A resident of Aransas pass since 1945, he was employed by Bryan Trailer Park and had traveled with a carnival for many years.

Survivors include his wife, Delaphine of Aransas Pass; two daughters, Betty Lou Wertman Keill of Aransas Pass and Rita Faye Martin of Altus, Oklahoma; a son, Bobby Wertman of Hollice, Oklahoma; and a sister, Ruth Bishop of Laguna Beach, California.

Save energy this summer.

Get your
air conditioner
checked now!

Before the really hot weather arrives, have a qualified technician clean and check your air conditioning system to make sure it's running at top efficiency.

Preventive maintenance makes good economic sense in at least two ways. First, a tune-up now could prevent a costly breakdown later on. Equally important, an air conditioner in good working order uses less energy, thus helping you keep your electricity bills in line. Dealers report that many units two or more years old may be operating at only 50 per cent of normal efficiency if they have not been properly serviced. The result: paying twice as much as you should to operate your air conditioner!

- Don't overcool. Keep your thermostat at the highest comfortable temperature —about 78°. (For each degree of cooling below 78°, you add 14% to the cost of operating your air conditioner.)

- Clean or replace the filter every two weeks.
- Clear obstructions away from the outside sections of central air conditioning to assure free circulation of air.
- Stop air leaks by caulking and weather stripping cracks around windows and doors.
- Use draperies, blinds, shades or awnings to keep direct sunlight out of the house. Provide additional shade by planting trees or shrubs.

The brain makes chemicals that keep fevers from getting too high, according to a Canadian researcher. Studies may lead to development of drugs that could control high-fever convulsions in children.

An enzyme now being investigated is reportedly effective against rheumatoid arthritis, osteoarthritis, muscular dystrophy, and the side effects of radiation therapy. Called orotidin, it's already known to work on horses.

Psychological tests indicate that sibling ties are among the strongest of all throughout life. Study showed that rivalry, dependency, and other facets of the relationship continued strong in adulthood.

In lab tests, some compounds related to vitamin A have inhibited the growth of cancer cells and made them sticky so they could not break off and spread. Clinical trials are planned.

Iron deficiency may cause gastric ulceration — and may contribute to stomach cancer, too — according to a report by a Boston University School of Medicine microbiologist.

innoculated against rabies.

Some counties in Texas are reporting more positive cases of rabies in cats than in dogs.

Vaccination is the only effective way to protect your pet — as well as yourself. If symptoms develop, the disease is generally fatal.

Some pet owners have the mistaken impression that cats do not need a rabies vaccination. They forget that a cat is a natural hunter and will stalk any small animal.

A mouse or rat can — and sometimes does — gain entrance in the best constructed homes. Therefore, a house cat that never goes out-doors can easily become exposed to rabies. Outside cats can also be bitten by rabid skunks, raccoons, bats or even another cat or dog.

Not all pets react in the same way to rabies infection. With "furious" rabies, animals become aggressive. Cats that are normally gentle and shy will attack family members and strangers, clawing and biting. Kittens may seem friendly, but will bite viciously even during gentle play.

Some animals may develop a type of "dumb" rabies. Pets that are generally affectionate and outgoing become withdrawn and sullen. These animals develop a paralysis of the throat muscles, as if a foreign body is lodged in the throat. Saliva will likely drip from the jaws.

High School Students Begin Preregistration

Students at Rockport - Fulton High School will begin preregistration for the 1981-82 school year during the first week in March.

Preregistration gives students the opportunity to select elective courses to complete their schedule for next year.

Student choice of electives are based on their plans for the future. The variety of elective courses offered students enables them to prepare for employment or admission to a college or technical school after they graduate.

Elective courses that can be offered during the 1981-82 school year will be based on selections of students during preregistration.

105 S. MAGNOLIA 729-5977 Rockport

By Betty Paul

Dr. Ted Gorton, son of Col. and Mrs. Ted Gorton of Rockport, last week found a most novel method of letting his wife, Dr. Aree Gorton, know he would be late for dinner due to a flight delay. He was in a London Airport unable to get a telephone line to Beirut, Lebanon — where his wife was visiting her parents — so he called his parents in Rockport and told them his problem. Mama Dorris Gorton got thru to Andree and gave her the message. His explanation of this was international interplay(?): "I knew if anyone could get thru to Beirut it would be my

mom."

Henry Hale went to Houston for a winter vacation visiting his daughter, Rose-Mary Lainza, and Mrs. Hale went to Temple to visit two sisters, Maye Messer and Jewel Saharp. Mrs. Hale then went on to Austin to visit her daughter, Joyce Markow, before returning home.

Deacon E.R. Cantwell Jr. is leaving Sacred Heart Catholic Church and going into church work in the Diocese of Puebla in Colorado. The church is planning a big send-off party for him. Brady Laqua and Benny Arispe III are enjoying

a nail. The injury, though not serious, is very painful. Agnes and Boyd Williams visited their daughter and her family, Mr. and Mrs. L.R. Sheernski and their young son L.R. III in Albany, New York. The trip for the Williams was a Christmas present from the Sheernskis. Sue Ocher is at home now after being in the Osteopathic "misery" together. The two friends both have broken wrists.

Robert Hattenbach is now at home after being in Doctors Hospital for a week. Mrs. Rose Willets is recovering from surgery in her home after being in

Partyline

Memorial Hospital. Father Rory Deane at the Sacred Heart Catholic Church had a minor accident last week. He was picking up some lumber and stepped on ic Hospital for two weeks. Betty Thomas, Myrtle DeForest, Mary Burke, Gerry Kisling and Thomasyne Greenfield entertained many friends of Elvira Sanchez and Blas Ramirez at a bridal shower in the VFW Hall. Mrs. Douglas Ocher was also a hostess but she was in the hospital and sent her best wishes via the telephone. The honorees will be married March 14. HAPPY BIRTHDAYS!

Cathy Hicks, March 1; Tom Luker, March 4; Ed Welch, Thomas Wideman and Leo Nelson, March 5; Pat Barnett, March 6; Kathy Langham and Louise Knappe, March 8; and Kevin and Kathleen Carter (four years apart), March 9. Pennzoil Producing Company will drill a 14,500-foot wildcat four miles northeast of Lamar in Aransas County. The No. 20 V.H. Tatton is 2000 feet from the northeast line and 1600 feet from the southeast line of the John Durst Survey A-51.

Dr. J. Curtis Kovacs staff physician at the Enterprise Medical Center and new County Health Officer, has completed continuing education requirements to retain active membership in the American Academy of Family Physicians (AAFP), the national association of family doctors.

Members of AAFP must complete a minimum of 150 hours of accredited continuing medical study every three years. Members become eligible for reelection at the end of the third year following their election to membership. The Academy, the country's second largest national medical

association, was the first national medical group to require members to keep up with medical progress through continuing education.

The AAFP, founded in 1947 as the American Academy of General Practice, and headquartered in Kansas City, Missouri, was instrumental in the estab-

lishment of a new primary specialty in family practice in 1969.

The new specialty is expected to increase the numbers of family physicians available to serve the public

in the future. The Academy's continuing education program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

Nebraskans Enjoy Pot Luck Dinner

A group of 52 Nebraskans met at noon on Thursday, February 19 for a pot luck dinner at the Tourist Association Building.

Before dinner was served, the Lord's Prayer was recited. Then everyone enjoyed a delicious meal and a program presented

by Jesse and Margaret Roberts who gave an informative talk about the china dolls they make and sell.

A registration fee of 50 cents was paid and it was decided to donate \$10 to the tourist association in appreciation for the use of the

building.

The affair was organized by Ann Johnson, Leona Dittburner and Irma Douglass.

Guests attending were: Kathryn and Ray Allen; J.E. Brumigan; Lois and Roy Bruening; Dorothy and Perry Coler; Mae and Tom

Chandler; Myrtle and W.R. Caine; Leona and Art Dittburner; Irma and Harry Douglass; Dorothy and Elmer Drie; Margaret and Dan Fuleckson; Helen and Francis Hiner; Mr. and Mrs. W.J. Helvey; Ann Johnson; Alfred and Ann Jensen; Berlyn and Aileen

Johnson; Dorothy and Lynn Johnson; Jean and Mel Kreifels; Elva and Joe Loomis; Una and Harold Lapp; R.E. McEarchen; Dorothy and Paul Mal-

zacher; Ione and Gunner Nelson; Cage and Edna Nielson; Mable and Victor Northouse; Nellie Overturf; Stanley and Amanda Peak; Margaret and Jessie Roberts and Elaine and L.G. Stevens.

IMPORTANT NEWS FOR BACKACHE SUFFERERS!

MOMENTUM® Tablets are 50% stronger than Doan's.

Before you take Doan's Pills for muscular backache, remember this: MOMENTUM Tablets are 50% stronger than Doan's. That means MOMENTUM gives you 50% more pain reliever per dose to relieve backache.

To reduce pain, soothe inflammation so muscles loosen—you can move more freely in minutes! There's no stronger backache medication you can buy without a prescription than MOMENTUM Tablets. Take only as directed.

Most Often-Asked Questions On Nutrition

the oil directly onto pimples and old scars.

Acne has also been successfully treated by using the B vitamin, niacin. In test cases patients were given 100 milligrams of niacin three times daily. It must be noted that for acne one must use regular niacin and not its synthetic counterpart niacinamide. Niacin causes a tingling and itching sensation and an intense flushing of the skin due to a dilation of the lumen in the blood vessels. This is not considered dangerous and lasts approximately 15 minutes. This "flushing" is apparently necessary in treating acne.

Q. I know someone who takes two aspirin every three or four hours around the clock day after day, thinking they are totally harmless. Doesn't aspirin have harmful side effects? What are they?

A. Aspirin increases the need for oxygen AND for every known nutrient. It interferes with digestion, the production of tissue proteins, the formation of body starch, and the ability of cells to absorb sugar; it slows the clotting of blood, and speeds up the urinary losses of calcium, potassium, vitamin C and all the B vitamins. Severe aspirin toxicity has been known to cause ulcers and loss of hearing. Also, statistics show that more than 150 children accidentally die each year from eating aspirin!

Until next week, folks, stay happy and healthy! It's a beautiful world!

Please send questions to: Jean Glowka, Rt. 1, Box 437, Rockport, TX 78382 or call 729-3424.

Twelve Members Attend Auxiliary Meeting

Twelve members and one guest attended the meeting of the Rockport Fireman's Auxiliary Tuesday, February 24.

Auxiliary members appointed Myrna Koubek as chairman of this year's annual benefit dance and awarded a five-year pin to Carolyn Cox.

Lois Gurley won the treasure chest provided by

Evalon Redden.

Other members at the meeting were Elizabeth White, Joan Truelove, Ivela Hinz, Beth Evans, Pam DeRoy, Beverly Kelly, Janet Truelove and Mona McNutt. The guest was Melissa Ondrej.

A birthday cake decorated with a fire truck highlighted refreshments at the meeting. The business session was followed by an evening of games.

The meeting celebrated the 18th anniversary of the Auxiliary which was organized in 1963. Joan Truelove presented a brief history of the organization.

Way found to use hardwoods in paper

A new method, the "press-dry papermaking process," can save energy, conserve a vital natural resource and boost the economy, say the federal scientists in Madison, Wis., who came up with the idea and developed it.

"Conventional papermaking processes rely on softwood, which is more expensive and less available than hardwood," said Vance Setterholm, one of the discoverers.

Portland Seafood Fair

The second part in the series of Seafood Programs being held at Portland Community Center is set for Wednesday, March 11, from 10 a.m. to noon. This program will feature Fin Fish and will include information on sport and commercial fishing, handling, processing and cleaning. There will be a demonstration in preparing fin fish for family meals as well as free recipes for all participants.

Sponsored by the Texas Agricultural Extension Service, the program is free of charge and open to all persons regardless of age, race, color, socioeconomic level or national origin.

The information and demonstrations will be presented by County Extension Agents Kaye Wood-

ward and Jeff Messinger and Extension Consumer Seafood Education Specialist Annette Reddell Hegen.

For more information concerning the program call 364-2334 or 643-7571.

In A Different Vein By 'Uncle John' Leslie

Let's Clean Up Rockport And Vicinity

from supposed containers — yes, right in downtown Rockport. Just get in your car and drive around our streets in all parts of the town and county and you will see the need for a clean up.

Let's organize a Clean Up Campaign for our entire community. I hope the Chamber of Commerce will lead out on this and I am sure the City and the County will join them in a real clean-up campaign.

Let's make this a joint venture of the entire community. Let's organize a committee composed of the above and an honorary group — but a working group made up of all the Civic Clubs, Churches and other volunteers in the area who want to see a pretty, clean community.

Let the leaders set a date and let's all join in. Anywhere you drive you see garbage overflowing

It is also time to cut, stack and get hauled away — lots of tree limbs that are blocking the views of many corners in town. See how many of these you can locate.

Some fool is going to cross one of these "vision-blocked streets" and hit you or me. Why? Simply because he does not have a clear intersection.

You, or whoever picks up your trash, are going to have to haul it to Gregory. Our fathers in government have not furnished us a place to dispose of just "trash" — tree trimmings and the like

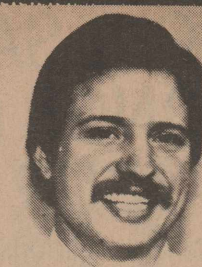

Household garbage is pretty well taken care of — but not the trash that is accumulated around so many of our houses.

I am asking the Pilot to leave a space at the end of this article for you to sign your name, or the name of your organization that will work on this and mail it back to me.

Let's see how many clubs, organizations, governmental bodies really want to see Rockport — (I mean Fulton and all of Aransas County) — where we live cleaned up. Let's get going! (Please don't overlook our harbors. They don't make a good impression on visitors.)

TELL UNCLE SAM YOUR MONEY BELONGS IN THE BANK — NOT IN YOUR MAILBOX.

Every year, thousands of Social Security Checks fail to reach people because they are misdirected, stolen, forged, lost, or the recipients are away from home. Just tell the Government to make your Social Security deposit direct into your account at Live Oak State Bank. That way, if there is bad weather or you're on a trip, your money will still be where it belongs. You can come to the bank any day you like — to make withdrawals,

transfer funds, or whatever you need to do. No matter where you are, you can write checks with absolute confidence. We guarantee your deposit to be in your account on the day it is due! Who could ask for more than that? To get started, all you do is bring your next check to the bank so we can take the necessary information!

TOPS IN METAL SHOP

Eight of Jim Huffman's metal shop students went to District Vocational-Industrial Contest last weekend and all eight came back with honors. [Left to right] Brian Rascoe won an honorable mention with his coolant pump, Russell Cole also got an honorable mention for his pick-up "Headache Rack", Bob Ayers won a first place rating with a three-piece hammer set, Mac Schmidt got a third place

rating with his skinning knife, John Janacek received a third place rating for a vise as did Aaron Pena, Tony Paul won a first place honor with a bronze and stainless steel machinist's vise, and Kevin Viken [not shown] collected a first place for his Danfourth anchor. The three boys receiving first places will go on to State contest with their projects in April.

Police

Gilbert Louis Solis of Fulton was admitted to Memorial Medical Center in Corpus Christi after being injured in a car-pedestrian accident early Saturday, February 28. Solis was reported to have suffered two broken legs, a skull fracture and possible back injuries after he was struck by a car driven by Adam Jay Harden of 2408 Lakeview Drive. Harden told police he was driving about 30 miles per hour when he saw Solis standing in the road. He

said he braked but could not avoid hitting the man. The accident occurred about 12:58 a.m. at the intersection of Market and Young. While investigating the incident, police arrested a woman, Theresa Garcia Perkins, 20, of Rockport on a charge of disorderly conduct. Police alleged she was interfering with their investigation. Mrs. Perkins was fined \$53.50 on the charge. **Three Injured** Three persons were in-

jured in an accident on Bronte at East Market about 12:26 p.m. Sunday, March 1. Injured were Esperanza Palacio Martinez, 50, of 1004 Pine; Jewel Marie Eldridge, 52, of 501 East 2nd, No. 501; and Robert Stanley, a passenger in the vehicle driven by Mrs. Eldridge. Mrs. Eldridge was ticketed for failure to control speed of vehicle to avoid an accident and Martinez, driver of the second car, was ticketed for failure to yield right of way.

Police said the accident occurred as Martinez was attempting a left turn onto Market. Mrs. Eldridge traveling south on Bronte, struck Martinez's vehicle which in turn struck a vehicle being driven by Reginald Thomas Bradford of Rockport. Bradford was not injured in the mishap. Martinez was taken by private vehicle to Memorial Medical Center. Mrs. Eldridge was reported to have sustained possible injuries and Stanley was reported to have suffered visible in-

juries but refused treatment. **Charged After Accident** Joseph Ray Everitt, 25, of Rockport was charged with public intoxication and driving without a license after his vehicle was reportedly in collision with a police car at the intersection of Pearl and Murray streets. Everitt, driving a pickup, allegedly struck the patrol car head on. He was fined \$73.50 on the intoxication charge and \$28.50 for driving without a license.

Laurel Street Mishap Kevin Ray Morgan, 20, of 1907 Picton was ticketed for failure to yield right of way to an emergency vehicle after his car was in collision with a patrol car driven by Police Officer James N. Tanner Friday afternoon. The February 27 accident reportedly occurred about 4:16 p.m. while Tanner was responding to an alarm. Tanner said he was operating his lights and siren and attempted to pass Morgan's vehicle as Morgan attempted a left

turn into a parking space. The accident occurred on Laurel approximately 24 feet east of Wood. **Drug Charge Follows Mishap** Michael Joe Gregory, 26, of Taft was charged with possession of hashish and driving while intoxicated after an accident on Bronte Street about 8:55 p.m. Saturday. Bond was set at \$1,500 on the possession charge and \$500 for DWI. A passenger in Gregory's vehicle, Julie A. Vaden, 22,

of Ingleside was fined \$53.50 after pleading guilty to a charge of public intoxication. Gregory was arrested in front of the Rockport Church of God where it came to rest after running off the road on Bronte, veering into a ditch then into a CP&L utility pole and going across Litron Street where it allegedly struck a stop sign and trash cans. The light pole was reportedly broken in half by impact. **DWI Charge**

HOMES WITH A VIEW

EASY CARE YARD lets you spend your free time the way you want to... Front and back stairs give you access to the 3 bedrooms & 2 baths on the second floor, with den, kitchen & dining areas — all panelled. Downstairs, you'll have carport space, a large storage room, plus an all-purpose room with bath & shower. View of Aransas Bay. **\$89,500**

CANAL LOCATIONS

STURDY CONSTRUCTION, APPEALING DESIGN. The pod design of this home makes it quite a delight. Upstairs, the den (with fireplace), 2 bedrooms, 2 baths, and kitchen form an appealing whole. The construction is steel and concrete covered with cedar, sturdy and attractive. Downstairs, a guest bedroom and half bath with utilities; enclosed entertainment area with kitchen facilities; garage; dock; fish-cleaning table; patio. FURNISHED. **Only \$95,000**

LIVING IS EASY in this Key Allegro home on Flounder Canal. Large family room, four bedrooms, three baths, nice kitchen, extra large garage. **\$125,000**

BREATH-TAKING INSIDE & OUT... The full green of the landscaping sets off the bright yellow of the exterior, both complementing the clean lines of the architecture itself. Within, cool blues and whites blend with the high ceiling to create a light and airy atmosphere upstairs. Downstairs, hues of brown decorate the rooms, accented with a white mock fireplace and contemporary panelling. All of the house is carefully furnished and tastefully decorated — 4 bedrooms, 3 baths, living room & den, kitchen & dining area, game room, even covered decks & patio space. Extras include a rock bordered pool with fountain, a spiral staircase, a canopied den, and deck, dock, and large utility room. **\$145,500**

SHIPSHAPE, NEAT AND TRIM, an **SOLD** on of this three bedroom, two bath home. Living room with a cathedral shop, utility, 2 car garage.
BEAUTIFUL SPANISH DESIGN with an 8' veranda all around the second floor. Stucco construction, high arches and the beauty of this home make it one you will be proud to own. Four bedrooms, three baths, spacious family room, excellent outdoor facilities. **\$185,000**

A DISTINCTIVE HOME PLANNED FOR GRACIOUS LIVING—The beautiful brick exterior shapes an elegant design for a breathtaking 2 story living area that looks out over Aransas Bay. Off the main living room is the master suite with 2 walk-in closets. There is also a powder room, bar, dining room, and a spacious kitchen with a cooking island. On the second floor, 2 guest bedrooms (with bath), open onto a balcony that overlooks the two story panelled living area. Many extras include the utility room ice machine, washer and dryer; a wooden deck to the edge of the canal; quartz fishing lights; a quality stereo set and marine radio; rock landscaping; and fireplace. Good Assumption. **\$270,000**

Air Alive
Negative Ion Generator

The Amazing Ion -- Nature's Own Air Cleaner.

The ion is an important part of the natural forces at work in the air we breathe. The air by the ocean or in the mountains is naturally cleaned through the process of "ionization." As the air passes through the sunlight and over the water it takes on a slight electrical charge. These charged air molecules circulate and discharge themselves on airborne pollutants and draw them harmlessly to earth keeping the air smelling fresh and free of pollutants. This process continues as long as the ionized air is produced faster than the pollutants. In today's modern urban environment, where tons of pollutants are dumped into the air every day, the balance of nature is destroyed. The natural cleansing ions are used at a much faster rate than they can be produced. The air becomes stale and dirty. The same is true in the modern household or commercial environment where cooking odors, dust, pollen and other particulates foul the air. Aerosol perfumes, humidifiers and air conditioners do very little to freshen the air the way nature intended it. Only the amazing ion can rebalance and purify the air. Air Alive is designed to restore the delicate balance of ions that give you clean fresh air naturally.

**HOW AIR ALIVE WORKS**

Air Alive's cleaning action is extremely gentle.

Bringing an Air Alive into a smoke or dust filled room will not instantly clear the air. However, in 15-30 minutes the air will be clean and fresh with no lingering odors.

Air Alive cleans the air in the same way nature cleans the air, with a negative ion which is the electron part of an air molecule. These negative ions attach themselves to dust, pollen, etc. causing them to fall harmlessly to the ground.

Air Alive "manufactures" negative ions by putting a high voltage charge on a plate inside the unit. The negative ions (electrons) are transmitted into the room via the plated steel needles where they "live" for about 35-45 seconds — negative ions are merely an energy source with limited life. The internal voltage is completely safe and is less than a color television set operates at. The current coming from the needles is very low (less than 50 microamphers) and cannot produce a lethal shock.

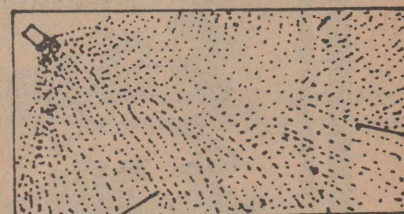

Air Alive

- Cleans the air of dust, pollen, smoke odors and other airborne pollutants in your film processing areas, restaurant, bar, beauty salon, home or commercial applications.
- Effective area covered is up to 1200 square feet (35x35 feet) under normal conditions — for extreme dust, smoke, odors and the like closer spacing is required.

Accent On Health

Many Texas babies are getting a new chance at life within just a few short days of birth.

This second chance is provided through the Texas Department of Health (TDH) Newborn Screening Pro-

gram, which tests babies for four diseases caused by inborn errors of metabolism. These diseases, which produce severe mental retardation or death if not treated at a very early age, are phenylketonuria (PKU),

galactosemia, homocystinuria and hypothyroidism. Treatment for the first three is dietary, while for hypothyroidism the treatment is medication.

Hypothyroidism screening is the newest of the four tests and also the most productive. It began last February and in the remaining 11 months of 1980 a total of 67 cases were detected. During 1980, seven PKU cases were diagnosed, three cases of galactosemia were found, and no cases of homocystinuria were discovered, although one case has been diagnosed since the program began in June, 1978.

The PKU program began

in 1965, and through December 31, 1980, a total of 216 cases had been discovered. At present, 85 youngsters are on a special formula supplied by TDH to ward off bad effects from the metabolic disorder.

All babies born in Texas are mandated by law to have this screening. At present, the TDH Laboratory in Austin is processing approximately 38,000 to 40,000 filter tests a month from blood samples taken following birth. Some family physicians have the tests run in private laboratories which have been approved by the State laboratory. From a small puncture made on the heel of every baby, blood is collected on a special filter paper which is sent to the TDH Laboratory. Four small discs are automatically punched out from the single blood spot for laboratory analysis. The laboratory tests indicate the babies with certain hereditary traits which could cause retardation.

The large number of tests done in Austin includes the initial newborn screening, a repeat after seven days and other repeat tests if initial results are abnormal. When an abnormal test is reported, physicians are contacted by telephone. Instructions are given to repeat the filter or to do follow-up blood studies as indicated.

Consultants for these disorders are available at several centers throughout the state to assist the private physicians with diagnosis and treatment of babies

identified through this program. An average of almost two cases of hypothyroidism is diagnosed per week, while one case of PKU is diagnosed every two or three months.

The aim of the program is to eliminate retardation from any of the diseases for which testing is available, says Dr. Walter P. Peter, Jr., Director, Maternal and Child Health Division, with TDH. Dr. Peter emphasized that the program is designed for screening and not for diagnosis. "Infants with abnormal results should have further evaluation before treatment is recommended," he said. This is where the importance of immediate telephone contact with the private physician comes into play.

Dr. Peter said from 36 hours to 10 days of age is the best time for testing, even though all infants should be tested before leaving the hospital, regardless of age. Infants should have been on milk feeding for at least 24 hours for PKU screening, he said.

Any child with undetected hypothyroidism, PKU, homocystinuria or galactosemia tests a lifetime of mental retardation. You can't measure the emotional impact of an unfulfilled life in dollars and cents, but you can put a dollar value on the savings produced by preventing retardation in a newborn.

In cases where a family doesn't have the resources to cope with a retarded child, a common step is to institutionalize the child in a Texas

Department of Mental Health/Mental Retardation (MHMR) facility.

Although the expense of private care is higher, the cost for the average resident in a State School ranges up to \$48 per day, with indirect costs raising the total average cost to \$53.50 per day. On an annual basis, this is

some \$19,400 for just one patient. A 25-year stay in a state institution would cost a staggering \$485,000. With costs escalating, this figure is rising constantly.

Saving just one child from a lifetime of retardation produces an enormous monetary saving while

allowing that child to live a normal, productive life.

(For further information regarding the above, please contact Dr. Walter P. Peter,

Jr., Maternal and Child Health Division, 1100 W. 49th Street, Austin, Texas 78756.)

HEARING TESTS SET FOR ROCKPORT

As a special service to residents of this community, free electronic hearing tests will be given at Tropics Inn, Rockport, on Thursday, March 5 from 1-6 p.m. by Jim Cox. Factory-trained Hearing Aid Specialists [licensed by the state of Texas] will perform the tests.

Anyone who has trouble hearing or understanding is welcome to have a test using modern electronic equipment to determine his or her particular loss.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now wearing an aid or those who have been told nothing could be done for them should have a hearing test and find out about what's new in hearing help that Beltone can provide. If you are unable to be at the Tropics Inn, call 884-2217, Corpus, for appointment.
