Tuesday night's hearing on the 1968 - 69 budget for Snyder Schools probably set a modern record. There were probably fewer questions asked and fewer complaints made than at any other such session in the past 15 years.

All concerned are more amicable, of course, when the tax rate goes down. And the budget for the coming year, although about $50,000 higher "on paper," is almost exactly the same as that of last year, except for programs in which the federal government participates.

Discussions of budgets and taxes are never exactly pleasant, but there were a few moments Tuesday evening when the conversation turned to an almost nostalgic course.

The opening remarks on behalf of the tax-paying interests present were made by R. E. McBride, the veteran tax representative of Standard Oil Co. of Texas, who has attended more school budgets hearings in Snyder than any of those present who actually live in the community. Noting that he had been coming to Snyder for budget hearings ever since the first Canyon Reef oilwell came in, McBride expressed considerable pride in the local school system. He has seen all of the present school physical plant emerge, with exception of the original building at Travis Junior High School. Many who were students down in the grades in those early days now have children in school, McBride observed.

Another of virtually equal association with the schools here and in a similar capacity, is Claude Gallemore, for many years tax representative for Tidewater Oil Co., which now is a part of the Getty Oil Co.

His remarks, also tracing some of the experiences of the local school system from the early days of the oil boom to the present, concluded the comments by the representatives of the major taxpayers of the district. He also expressed pride in the Snyder School System, noting that the "product" of the schools here had been rewarding.

It was easy for everyone to agree that it is the product that counts. —WACIL McNAIR.

MARINES LEVELLING BUNKERS

Troops Leaving Khe Sanh

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — U.S. troops are abandoning and leveling the Khe Sanh combat base, freeing its defenders to join mobile strike forces combating increased enemy forces in South Vietnam's northernmost provinces.

The U.S. Command said abandonment of the base in the northwest corner of South Vietnam where U.S. Marines took more than 2,300 casualties in a 77-day siege last winter "is part of a new concept of mobile warfare being put into operation" below the demilitarized zone, said Brig. Gen. Winant Sidle, chief of information for the U.S. Command.

"Khe Sanh will be leveled, bulldozed and the bunkers closed up," said Sidle. "It's already under way."

On the ground South Vietnamese troops reported killing 125 enemy troops in a running battle east of Quang Tri City and 19 miles below the demilitarized zone. Government casualties were put at seven killed and 50 wounded.

South Vietnamese infantrymen also uncovered a huge cache of weapons 12 miles west-northwest of Saigon that included 126 rounds of big Russian and Chinese rockets of the type that have been used in shelling the capital.

In the air war, over North Vietnam, the U.S. Command reported that Navy F8 Crusader pilots sighted two Communist MIG21s 12 miles south of tte 19th parallel Wednesday and downed one with air-to-air missiles.

It was the first MIG shot down since Feb. 14 and the first since President Johnson ordered a bombing curtailment March 31, limiting American pilots to targets below the 19th parallel.

U.S. pilots now are credited with downing 106 MIGs in aerial combat compared to 47 U.S. planes lost to the MIGs.

U.S. headquarters also reported that on Tuesday Navy pilots spotted three MIGs northeast of the coastal city of Vinh and fired on them. The MIGs headed north above the 19th parallel, apparently undamaged.

In its weekly casualty report issued today, the U.S. Command said the number of Americans killed in action last week—299—was the lowest in two months. It said 2,220 Americans were wounded.

South Vietnamese headquarters said 355 government troops were killed last week and 1,149 wounded compared to 286 and 1,189 the previous week. The U.S. Command said 1,819 Viet Cong and North Vietnamese soldiers ware killed by allied forces last week, a drop of 200 from the week before.

The western anchor of the allied defense line below the demilitarized zone is being moved 10 miles to the east, to a supply base with an airstrip known as Landing Zone Stud.

Because of the importance U.S. officers publicly put on Khe Sanh while it was under siege for 77 days last winter, its abandonment is a propaganda setback for the United States. But veteran observers of the war don't think the American military position is reduced significantly.

The allies poured 8,500 Marines and 500 South Vietnamese troops into Khe Sanh's bunkers. Before the North Vietnamese pulled back and a 20,000-man relief force lifted the siege on April 6, more than 300 Americans were killed and more than 2,000 wounded. The U.S. Command said 2,605 North Vietnamese soldiers also were killed.

Informed Vietnamese military sources said South Vietnam's generals advised Gen. William C. Westmoreland last winter that Khe Sanh—isolated in the northwest corner of South Vietnam—was not worth holding or fighting for. These sources said Westmoreland, who then was commander of U.S. forces in Vietnam, ignored the advice because it contradicted his own strategy and because of the

PANEL HEARS CONFLICTS

OEO Project Issue

By LAWRENCE L. KNUTSON
Associated Press Writer

WASHINGTON (AP) — The certainty that investigating senators have been lied to has become a major issue in a probe of a federal antipoverty grant intended to rehabilitate members of two Chicago street gangs.

"If the stories that have been told here are false, everyone involved should go to jail," Sen. Carl T. Curtis, R-Neb., said Wednesday at the end of the fifth day of hearings into the Office of Economic Opportunity's $27,000 grant for the gangs.

"Transparent perjury has been committed," declared the Rev. John R. Fry, a slim, intense Presbyterian minister who has been charged with encouraging members of the Blackstone Rangers to step up criminal activity. "This is disgusting contempt of the Senate."

"I look at Rev. Fry right now and say he is a malicious liar," said George Rose, former Ranger "warlord" who has testified under oath Fry allowed his church to be used as a gang arsenal, that he allowed marijuana to be smoked there, that he relayed an order for the killing of a narcotics peddler and that he warned gang members of impending police raids.

"I specifically and categorically deny each and everyone of these allegations," Fry told Sen. Jacob K. Javits, R-N.Y., at one point in Wednesday's hearing.

Meanwhile, the regional Presbytery in charge of Fry's church met in Chicago, voted to support what they called his 'creative and courageous" approach to the solution of urban problems.

They protested against what they said is the 'manner in which the character of the Rev. John Fry has repeatedly been maliciously maligned" by Senate witnesses.

The senators heard these allegations Wednesday:

—Mrs. Annabelle Martin said two of her ten children were solicited by Eugene "Bull" Hairston, 23, Ranger president, to kill a narcotics peddler whom she said Hairston accused of infringing on his gang's territory.

She said she heard Fry tell lawyers he had provided for her he would pay her to take her family out of Chicago so her sons could not testify against Hairston.

Fry denied all her allegations.

—James L. Pierson, an investigator for the State's Attorney's office of Cook County (Chicago) said that during rioting that swept Chicago the Rangers sold protection to South Side neighborhood merchants.

He said they charged $50 to $150 for crudely scrawled signs, bearing the name of the Ranger vice president, which told all potential looters: "Do Not Touch!"

Earlier, Fry denied he counseled the Rangers to engage in extortion.

Mrs. Woodard Dies; Rites At Amarillo

AMARILLO — Mrs. Ida Mae Woodard, 77, a resident of Snyder for the past 20 years, died Wednesday in an Amarillo Hospital.

Funeral service will be held at 2 p.m. Friday at the Schooler-Gordon Colonial Chapel. Burial will be in Memorial Park Cemetery in Amarillo. The Rev. Harold Fleming of Lubbock will officiate.

Mrs. Woodard had been visiting in Amarillo for nine days at the time of her death. She was the daughter of Mr. and Mrs. E. J. Buck, first family to settle at Coleman.

Surviving are the husband, Estes Woodard; three daughters, Mrs. T. L. Cave of Amarillo, Mrs. Ronald Ray of Monahans and Mrs. Virgil Harrison of Harrah, Okla.; six sons, E. J. of Pamona, Calif., Donald of El Paso, L. M. of Amarillo, Randall of Chatsworth, Calif., Glen of Princeton, Tex., and Odell of Marquette, Tex.; two sisters, Mrs. Ethel Birdwell of Snyder and Mrs. Ida Manning of Houston; two brothers, Bryan Buck of Sweetwater and Bland Buck of Houston; 38 grandchildren and 39 great - grandchildren.

WILEY T. BRICE

Wiley Brice Dies; Rites Set Friday

Wiley T. Brice, 52, well - known Snyder business man who operated an abstract firm here, died unexpectedly at about 11:30 p.m. Wednesday. Mr. Brice was stricken with a heart attack at his home and was pronounced dead on arrival at Cogdell Memorial Hospital where he was taken by Snyder Ambulance Service.

A native of Snyder, Mr. Brice was married to Billie Anderson on Feb. 7, 1953 in Clovis, N. M.

Surviving are the wife; a daughter, Tracey; two sons, W. T. Brice Jr., and Henry Jack Brice; a sister, Mrs. Guy Stoker of Snyder, and a brother, Richard Brice, of Snyder.

The funeral service has been set for 10 a.m. Friday at the First Baptist Church. The Rev. Miller Robinson, pastor of Colonial Hill Baptist Church, will officiate. Burial will be in Hillside Memorial Gardens, under direction of Bell - Seale Funeral Home.

Pallbearers will be Sam Joyce, Loyce Adams, Charles McCaleb, David Adams, Shorty Graham, Hermon Bond of Palacious and W. R. Carnes of Odessa.

The family has suggested memorials to the Heart Fund.

Supersonic Plane Funds Withheld

WASHINGTON (AP) — The House Appropriations Committee voted today to withhold any new funds for development of a supersonic airliner until an acceptable new design is worked out.

The committee turned down the Johnson administration's request for $223 million to carry on the SST project and further recommended that $30 million already advanced be returned to the Treasury.

If supported by Congress, the committee's action would mean at least a year's delay in the effort to build the huge transport, throwing the United States farther behind in its race with France and England, which are working jointly on a similar aircraft.

The $223 million cut was by far the largest in a bill approved by the committee calling for fiscal 1969 appropriations totaling $1.353 billion for the Department of Transportation.

The total is $332 million below administration budget requests and $179.8 million below the amount the department got in fiscal 1968.

The Federal Aviation Administration, in charge of the SST development bore the brunt of the economy axe. Besides cutting the entire request for the SST, the committee voted to withhold any new funds for the program of grants-in-aid to airports, for which the FAA asked $65 million.

In its report on the bill, the committee said the administration has submitted a new airport aid program to Congress that calls for major changes. Until the new program is enacted, the committee said, action on the budget request should be deferred.

Miss Wool Contest Nearing Climax

SAN ANGELO (AP) — The 20 national finalists were interviewed by the judges today in one of the last steps toward naming Miss Wool of America for 1968.

The climax will come tonight when the field is narrowed to four after each contestant has modeled three changes of fashions in the nationally televised pageant.

Senate Rejects Sales Tax Hike

By JAC KKEEVER

AUSTIN (AP)—Senators, apparently piqued by pressure to approve Gov. John Connally's minibottle liquor bill slapped down a proposal Wednesday to raise the state sales tax a penny and posed the threat of another special session.

They had two immediate choices today to settle the state's 1969 taxing problems—change their minds on the sales tax or close out the session and start a new one with a fresh-look bill from the House.

There was indication the senators would reconsider the 13-18 vote by which they rejected the measure after day-long debate, which was dominated by liberals' futile attempts to rub out or slice the proposal to raise the sales tax and state motor vehicle tax from 2 to 3 per cent.

It was to have gone into effect Jan. 1.

Connally himself said, 'I think they'll vote to reconsider." In talking to a reporter after a brief speech to the Lions International convention in Dallas, the governor declined to speculate on whether a second session might be necessary.

The tax climax Wednesday startled observers, who had watched vote after vote tick off in favor of the bill, passed by the House, 91-56, last Thursday.

"Ahaaa!" yelled Sen. Charles Wilson, Lufkin, who raised his arms above his head and stepped rapidly down the aisle after senators had turned back the motion to give tentative approval of the bill.

"The appropriaion committee probably will quit meeting for awhile," said Lt. Gov. Preston Smith as lawmakers and spectators milled around on the floor.

Senate-House conferees have been trying for a week or so to work out a $6 million difference in the $2.5 billion Senate and House spending bills. A measure needing some $140 million in new taxes was expected to emerge from the joint meetings.

A. R. Sutton Service Set

A. R. Sutton, 77, who lived at 1905 Thirty - first Street, died shortly after midnight this morning in Cogdell Memorial Hospital.

The funeral service will be held at 3 p.m. Friday at the Bell - Seale Chapel. Bill Minick will officiate and burial will be in Hillside Memorial Gardens, under direction of Bell - Seale.

Mr. Sutton is survived by his wife, Mrs. Ruby Sutton; two daughters, Mrs. J. C. Massingill of Snyder and Mrs. Lanell Bomar of Moore, Okla.; three sons, Charles Sutton and Billy Bob Sutton, both of Snyder, and Floyd Sutton of Artesia, N. M.; 14 grandchildren and three great - grandchildren.

Also surviving are a brother, Roy Sutton of Gruver, and a sister, Mrs. Violet Foster of Long Beach, Calif.

Limit Asked On Imports

WASHINGTON (AP) — The Independent Petroleum Association of American called on Congress today to limit imports and 'encourage the domestic industry to remain capable of supplying our oil requirements at all times."

The association president, Harold McClure Jr., of Alma, Mich., commented in testimony prepared for house ways and means committee.

"Our margin of safety in oil supplies is unnecessarily and artifically dwindling, and our security is thereby threatened," McClure said.

He said oil imports have increased since World War II from less than 400,000 barrels daily to almost 3 million, despite a voluntary oil import program.

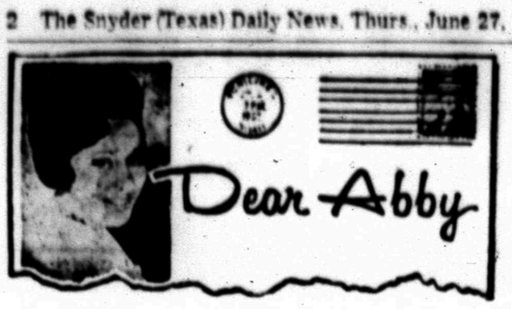
A 34 per cent drop in drilling of new exploratory wildcat wells in this country has resulted, he added, although great areas in the United States remain to be explored.

The U. S. peroleum industry has the capability of providing the nation with petroleum supplies adequate to meet national securiy needs," McClure said. 'Under the present administration of the oil import program, it is our opinion that the domesic oil industry will continue to deteriorate and our nation unnecessarily will become dependent upon unreliable foreign oil."

Eggers Scheduled In Snyder Today

Paul Eggers, Republican candidate for Governor of Texas, was scheduled to arrive in Snyder at 4:40 p.m. today on a campaign tour of West Texas.

Eggers, who defeated two opponents in the first primary election, is on a bus tour of this region.



By ABIGAIL VAN BUREN

DEAR ABBY: I never thought I'd be writing to you, but nobody else will listen.

Abby, my mother is a first class A-1 square. I am nearly 13 years old and she treats me like I was four. She won't let me wear the kind of clothes I want. She won't let me use ANY make-up, and SHE tells me how I should fix my hair. I look like a creep. It is a wonder a boy will even look at me. I asked her if I could have boys come over and she said "NO, you are too young!"

She showed me something from your column about when a girl could be her own boss. You said when a girl can pay for her own education, buy her own clothes, pay for her room and board, dentist, doctor, and all that crud, she could be her own boss. Believe me, you didn't make any points with me.

What I want you to do, Abby, is to tell me how to convince my mother that I can be trusted with a boy. I am an honor roll student and it is time I had a few privileges. By the time my mother thinks I am "old" enough, nobody will want me.

NOWHERE GIRL

DEAR NOWHERE: **Simmer down! I think your mother is right. Send me her name and address and I'll nominate her for MOTHER OF THE YEAR.**

DEAR ABBY: There is a "swinger" who moved into our apartment building recently. She lives on our floor, and ever since she has moved in, my husband wants to empty the trash all the time.

She's big, blonde, and buxom, and I've never seen her in anything but a Japanese kimono.

I used to BEG my husband to take out the garbage, now he goes around the house looking for waste paper baskets to take to the incinerator room.

When he happens to see this lady in the hall, he stands around talking to her and getting his eyes full for 15 or 20 minutes. Should I worry?

THE WIFE

DEAR WIFE: **Not as long as he's in the hall.**

• • •

DEAR ABBY: I must disagree with you. You said, "Kissing, when inspired by honest affection, is instinctive. An inexperienced kisser may be clumsy at first, but with practice, he'll improve."

Sorry, but that wasn't true in my case. Before I met Joe I had been kissed by some talented amateurs. When I met Joe and started going with him, I discovered that he didn't know the first thing about how to kiss. I tried to teach him, but he never caught on. I married him anyway, and he still doesn't know how.

Abby, I just want to say that a man doesn't have to be an expert at kissing to show a woman how much he loves her. In fact, I regard my husband's uneducated kisses as all the more precious because it proves he hasn't been around very much.

LOVES JOE

DEAR ABBY: This is for the woman who was so upset because her neighbor named her dog "Lester" — which was her husband's name. When I married my second husband I had three little girls by my first husband. Shortly after we were married, my husband bought three small pigs, and he named them ROSE, JOYCE, and MARIE after my daughters.

People say pigs are dumb, but they aren't. Those pigs knew their names, and when my husband would call, "ROSE, JOYCE, and MARIE," the girls and the pigs would come running.

pressure of public opinion in the United States.

The headquarters of Gen. Creighton W. Abrams, who succeeded Westmoreland less than three weeks ago, said in a statement today that both the allied and enemy strength in the northernmost provinces has increased, the enemy has changed his tactics, and U.S. and South Vietnamese forces "must be used to the utmost to attack, intercept, reinforce or take whatever action is most appropriate to meet the enemy threats."

"Therefore, we have decided to continue the mobile posture we adopted in western Quang Tri Province with Operation Pegasus which relieved Khe Sanh in April. This decision makes the operation of the base at Khe Sanh unnecessary," the statement said.

The statement added that the enemy now has the equivalent of eight divisions in the five northern provinces, an increase of two since January, and "this gives him the capability of mounting several sizeable attacks concurrently."

The Khe Sanh base, seven miles from the Laotian border originally was established as a Special Forces camp to monitor North Vietnamese infiltration.

Because of increasing enemy pressure, the U.S. Marines were sent to reinforce Khe Sanh in 1967. But the Marines were unable to check or effectively monitor the enemy traffic past the base.

Shining Bars Are Not Gold

RANCHITO, Tex. (AP) — Laboratory tests have revealed that the gold Ramiro Vasquez found while digging on an outhouse in this Lower Rio Grande Valley village was not gold.

The 36-year-old garage owner had been digging on the outhouse when he uncovered an undetermined number of pre-cast metal bars. The bars glittered inside like gold, but tests arranged by Los Fresnos banker Ira Breedlove and KGBT-TV News Director Lee Harr revealed that they were composed mostly of copper and a mixture of zinc and lead.

The bars were each covered with lettering in Spanish indicating that they were Mexican gold minted in 1909 and each had what appeared to be three replicas of the official seal of Mexico.

Vasquez, who said he had been recently plagued with medical bills for his two children, said his garage business had been slow and mostly on credit, believed for a time that his financial problems had been solved.

"Maybe the next time I will find gold," he shrugged after being told the results of tests conducted at Pan American Laboratories at Brownsville and the U.S. Mint at Denver.

Late Rallies Turn Tide

BY THE ASSOCIATED PRESS

Two-out singles by Bob Turzilli and Jim McDonald in the home half of the last inning brought the Shreveport Braves and the Dallas-Fort Worth Spurs Texas League victories Wednesday night.

Turzilli's blow came in the 11th inning and scored Ed Pacheco, who had walked and had stolen second base, as Shreveport edged El Paso 2-1.

McDonald's hit in the ninth brought in Brock Davis, who also had walked and was sacrificed to second, as the Spurs defeated Albuquerque 3-2.

In other games, Arkansas saved all its scoring for the ninth inning and beat San Antonio 3-2 and Amarillo whipped Memphis 7-4.

Shreveport's victory moved it into a second-place tie with Memphis in the Eastern Division. They are three games behind Arkansas. The Braves' triumph went to Monte Sharp who faced only one batter in the 11th.

Network Reports Film Is Seized

NEW YORK (AP) — The American Broadcasting Co. said today that former Alabama Gov. George C. Wallace ordered a personal bodyguard to seize and destroy ABC TV news film of Wallace shaking hands with a man the network said was Robert Shelton, an imperial wizard of the Ku Klux Klan.

The network said on a radio broadcast that the film was forcibly removed from one of its cameras Wednesday night at a fund-raising dinner in Eutaw, Ala.

The network said the Wallace bodyguard, who refused to identify himself, first asked the camera crew to give up the film. When the crew refused, ABC said, the third-party presidential candidate told the bodyguard, "Take it."

The bodyguard pulled the camera from the shoulder of cameraman Charlie Jones and removed the exposed film, the network said in a news report from Eutaw by Sam Donaldson.

Wallace was not reached immediately for comment.

Shelton said in Tuscaloosa, Ala., he attended the rally but he refused to say whether he joined the file of people who shook Wallace's hand.

"I don't see that there's any issue involved," Shelton said. "I was there and paid my money to support him just like every body else."

He said Wallace shook hands with hundreds of people, including a Negro cook. "I don't see what difference it would make if they had a picture of me shaking his hand," Shelton said.

Donaldson's report said the film was taken by force by a Wallace bodyguard while Secret Service men assigned to guard the candidate and state police looked on. It added:

"Wallace did this because he didn't like the fact that we had filmed him shaking hands with Robert Shelton, imperial wizard of the principal KKK organization in the south, United Klans.

"Shelton had joined a receiving line apparently without Wallace's knowledge, walked up to the candidate while our TV light was on. Shelton was wearing a Wallace for president button but it should be noted that George Wallace has declared he does not welcome the endorsement of the KKK.

Aussie Net Plans Face Opposition

By GEOFFREY MILLER
Associated Press Writer

WIMBLEDON, England (AP) — Australian tennis officials have just a week to try to persuade other countries that professionals should be allowed to play in the Davis Cup—and the odds are stacked against them.

Tennis sources at Wimbledon, where pros and amateurs are competing together for the first time, said most delegates are likely to vote against the plan when the Davis Cup committee meets in London next Thursday.

Bob Kelleher, president of the U.S. Lawn Tennis Association, dropped a broad hint that he will not be supporting the Australians.

"We are not against it in principle, but we don't think the time is ripe to bring in the pros," Kelleher said.

Australia, winner of the Davis Cup eight times in the last nine years, has changed its opinion after years of bitter opposition to having pros in the tournament.

The cream has been skimmed off Austgalia's Davis Cup talent by the promoters in the last year. Roy Emerson, Fred Stolle, Tony Roche and John Newcombe have all joined the touring professionals.

The current Wimbledon tournament is only the fifth open event since the International Lawn Tennis Federation sanctioned open tennis three months ago. Each member nation was given freedom to deride its own policy, and even tennis officials find it hard to agree on who is an amateur and who is not.

At Wimbledon 79 players—some acknowledged pros, others ranked as amateurs—are playing for prize money.

Rain continued to spoil the first open Wimbledon tournament Wednesday. Play was restricted to 3½ hours.

It has rained all three days.

Wednesday's big duel was between two Americans—pro Dennis Ralston of Los Angeles and amateur Cliff Richey of San Angelo, Tex. Ralston won 6-3, 3-6, 7-9, 6-3, 13-11.

Amateur giant-killer Herb Fit Gibbon of Garden City, N.Y. —who on Tuesday knocked out Yugoslav pro Nikki Pilic—was eliminated by Britain's Mark Cox in another five-set cliffhanger, 4-6, 6-3, 7-9, 9-7, 12-10.

Ray's Prints Are On Rifle

By GODFREY ANDERSON
Associated Press Writer

LONDON (AP) — James Earl Ray's fingerprints were found on the rifle which U.S. police believe was used to kill Dr. Martin Luther King Jr., a British lawyer representing the U.S. government told London's chief magistrate today in asking for Ray's extradition.

The lawyer, David Calcutt, told Magistrate Frank Milton that Ray's fingerprints were found on a rifle which police recovered after King was shot.

"The bullet which killed Dr. King was examined when recovered," he continued, "and there is a strong likelihood that the bullet came from the rifle found by the police."

Calcutt told the crowded Bow Street Court that King was the victim of "a calculated, brutal and senseless murder—a murder that was bitter with irony."

Injured In Fall

Antonio Zapata, an elderly employe of Holder Construction Co., sustained possible back injuries in a fall near the Monsanta Company about 3 o'clock yesterday afternoon. A ladder fell out from under him while he was preparing to paint above a garage door. He was taken to Cogdell Memorial Hospital by Snyder Ambulance Service and placed under observation.

Texas Mostly Cool, Dry

Thunderstorms romped around in the Lower Rio Grande Valley and it was at least partly cloudy along much of the Texas coast today.

Other parts of the state stayed dry and pleasantly cool.

Authorities at Conroe reported, meanwhile, the flood waters were subsiding to the south along the San Jacinto River, where overflows chased about 100 families from homes on the stream's east and west forks Wednesday.

The surprise floods washed away a summer house and invaded at least half a dozen subdivisions in Southern Montgomery County and Northern Harris County, rising close to the rooftops in dozens of houses. All persons in the affected areas apparently escaped.

Reporting a funnel cloud whirled through the air two miles north of Harlingen at 2:08 a.m., the Weather Bureau placed parts of two counties under a tornado warning for a couple of hours. It expired without word of any damage.

Thunderstorms lasting into the morning over parts of Cameron, Hidalgo and Willacy Counties.

Cool, dry air covered most of Texas in the wake of a front which finished sweeping across the state Wednesday, followed by a high pressure center.

Clear to partly cloudy skies and little or no moisture were predicted for all sections through Friday.

Top temperatures Wednesday afternoon ranged from 78 degrees at Dallas and Palacios up at Texarkana with most other points showing marks in the 60s to low 70s.

Texans On Casualty List

WASHINGTON (AP) — Twenty-three servicemen killed in action in the Vietnam war were named Wednesday in a Defense Department casualty list.

They included:

Army

Texas — Cpl. Charles P. Barnes, son of Mr. and Mrs. Barney B. Barnes, 5809 Manila Drive, El Paso; Pfc. Donald J. Roe, son of Mr. and Mrs. John P. Roe, 1503 Rusk St., Sherman.

Marine Corps

Texas— Pfc. Jesus R. Perez, son of Mr. and Mrs. Adan A. Perez, 931 E. Santa Gertrudis, Kingsville.

Changed, missing to dead—hostile:

Army

Texas—Pfc. Jesus Martinez, son of Mr. and Mrs. Bartolo L. Martinez, 318 Keralum St., Mission.

Bitten By Dog

Vickie Pherigo, 13, 3606 Irving, was bitten on the leg by a dog as she rode her bicycle in the 3600 block of Houston at 7 p.m. Tuesday.

Police have determined who the owner is and will contact him about placing the animal under observation.

Red Assistance Bolsters Arabs

WASHINGTON (AP) — Russian arms assistance has placed the Arab World back on a footing comparable to before last year's June war with Israel, Secretary of Defense Clark Clifford has told Congress.

Clifford told the House Foreign Affairs Committee Wednesday that the Middle east is one of several areas where Russian activity is causing the United States deep concern.

He added that although Russian attitudes have changed some in the past 25 years, the United States must protect ourselves and our friends."

In pushing for approval of a bill that would authorize $296 million in the coming fiscal year to finance military credit sales, Clifford cited as other reasons for concern Soviet supplies to North Vietnam and presence of the Russian fleet in the Mediterranean.

In other congressional action:

—A Senate Labor subcommittee approved a bill to provide jobs for low-income and unemployed people, but left details and dollar amounts to be worked out by the full labor committee. The bill, as introduced by Sen. Joseph Clark, D-Pa., would have provided $10.3 billion to provide 2.4 million jobs, half in government and half in private industry. Republicans have proposed scaling down Clark's figures.

—Senate Democratic Leader Mike Mansfield said he had no plans to call up a bill that would give enforcement powers to the Equal Employment Opportunity Commission unless the House takes similar action.

Such a bill was passed in the House last year, but died in the Senate and House leaders have said no further attempts will be made in that chamber until the Senate acts.

The Senate leadership took steps to meet Congress goal of adjournment by Aug. 3 by saying business after the July 4 holiday recess would be limited to major legislation connected with the administration program.

— President Johnson asked Congress for $98.6 million to carry out provisions of the Crime Control Bill he signed last week. The money would be used for training and equipping police and reducing congestion in the courts.

Radar Put To Work On County Roads

A new radar machine has been put into use outside the city limits by local law enforcement agencies. It will be used primarily to check traffic on U. S. 84, although it could be used on any of the roads leading into and out of Snyder.

It was purchased, upon authorization of county commissioners, from the Safety and Enforcement Supply Co. of Dallas.

Rugelach

¼ pound (1 stick) cream cheese, soft
¼ cup sugar
1 large egg
1½ cups unsifted regular flour, stir to aerate before measuring
Nut Filling (see below)

In medium mixing bowl with electric beater blend together the butter, cream cheese and sugar; thoroughly beat in egg. Stir in flour until blended. Flatten dough in bowl; mark off into 4 portions; shape each into a ball and cover tightly with transparent plastic wrap; refrigerate to chill overnight. Work with one portion of dough at a time and leave others refrigerated. On prepared pastry cloth with stockinet-covered rolling pin, roll out the ball of dough to an exact 8 - inch round; cut into 8 wedges. Using a generous tablespoon of Nut Filling for each round, sprinkle a little of it over the center of each wedge; roll up each wedge from wide edge. Place seam side down and slightly apart on ungreased cookie sheets. Bake in preheated 350 - degree oven 30 minutes. With wide spatula remove to wire rack to cool. Store cold pastries in tightly covered tin box. Makes 32.

Nut Filling: Melt 2 tablespoons butter and mix with ¼ cup finely chopped walnuts, ¼ sugar, ¼ teaspoon vanilla and 1½ teaspoons grated lemon rind.

Man May Be Forced Into Space

By PAUL RECER

SAN ANTONIO (AP)—A shortage of food, land and raw materials may force man to turn to space and other planets to survive, a noted scientist said Wednesday.

Dr. K. A. Ehricke, assistant director in a division of North American Rockwell Corp. and a rocket pioneer, said man may be forced to establish mining operations on other planets and to grow food in space stations orbiting the earth to feed its billions.

Ehricke said farms growing food could be established in orbit and fertilized by chemicals produced on Mars and other planets.

He told scientists at the Fourth International Symposium on Bioastronautics and the Exploration of Space that the development of higher speed and more efficient propulsion systems, such as through nuclear reaction, would make such food production economically possible.

Ehricke compared earth to a space ship whose press of population will force it to depend on sister space ships—the other planets—to support its crew—human beings.

"As we look at the total ecology of man—the rising demands for land and food—we ought to look at our sister space ships," he said.

Using the resources of other planets to feed earth requires "no far-out premise," he said. "No impractical level of effort is required; no more than the cost of a limited war or two, but at a vastly lower expenditure rate and infinitely more constructive."

On a graph Ehricke projected space exploration and resource use as beginning to pay for itself within two to three decades.

Ehricke said mercury already is growing very scarce and gold will become that way because of increasing industrial use. Such minerals, he said, may be found on other planets.

The scientist said the standard of living sought for the world population could not be maintained on just the resources of earth.

"In the year 2000," he said You'll have four and one-half to five billion people. You'll have to run like crazy just to stand still."

Just as in the past, Ehricke said, man will develop hybrid food products that do a better job of feeding and can be grown more easily. He said it would be possible to grow algae or duck weed on chemical farms in space, feed these to livestock there and produce food economically enough to justify the expense of putting the "space farm" aloft.

HHH Gains Supporters

WASHINGTON (AP) — Rep. Henry B. Gonzalez, D-Tex., says an "Arriba Humphrey" movement is gaining strength among minority groups in supporting the vice president for the presidency.

Gonzalez, from San Antonio, was picked by Humphrey as chairman of the movement.

The organization hopes to do for Humphrey what the Viva Kennedy clubs did for John F. Kennedy. Roughly translated, the name means "Up with Humphrey."

In an interview Wednesday, Gonzalez said he hoped that Humphrey would be in San Antonio to dedicate the Arriba Humphrey headquarters in July.

The San Antonio congressman said the clubs will direct their efforts toward the Spanish-speaking, but not to the exclusion of others interested.

"Some of the landmark legislation of this century has Humphrey's imprints," Gonzalez said.

Chuck Dobson Twirls 3-Hitter

By HAL BOCK
Associated Press Sports Writer

Neat, quiet and nice.

That was the way Oakland's Chuck Dobson put away the California Angels 3-0 on a three-hitter Wednesday night.

No fussing. No feuding. Just a professional, clean-cut job.

Listening to Bill Rigney, manager of the Angels, talk the night before, you'd have expected the two teams at each other's throats. It never happened.

'My players are sore at someone," Rigney had said after three batters were hit by pitches and another spiked in California's 7-6 victory Tuesday night. "I wouldn't miss Wednesday night's game for anything in the world."

In other AL action Wednesday, Baltimore rapped Boston 6-2 and Washington whacked Cleveland 8-2. Detroit's game at New York was rained out.

In the National League, Philadelphia shaded Atlanta 3-2 in 11 innings, Cincinnati outlasted New York 7-6, Houston nipped Chicago 2-1, Los Angeles edged San Francisco 2-1 and St. Louis split a doubleheader with Pittsburgh, winning 3-0 before losing 3-1.

Dobson, staked to a quick 2-0 lead, was in command from the start and didn't allow an Angel past first base after the first innings. Jim Fregosi had two of the three singles Dobson, 5-7, allowed.

Mike Hershberger doubled one home run and scored another for the A's in the first and Phil Roof completed the scoring with his first homer of the year in the second.

Baltimore used a familiar theme to beat Boston with Frank Robinson, Brooks Robinson and Boog Powell all smashing home runs. It was the kind of power show that carried the Orioles to the American League pennant in 1966.

Brooks tagged his seventh of the year—a two-run shot in the fourth. Powell hit No. 12 and Frank followed with No. 4 for two more runs in the sixth.

Elston Howard's two-run homer was the only damaging blow off Dave McNally, who finished with a six-hitter.

Washington scored eight runs in the first two innings and Camilo Pascual coasted past Cleveland on a four-hitter.

Catcher Jim French, recalled earlier Wednesday from the minors, drove in two first inning runs with a single and Bernie Allen's two-run triple keyed a six-run Senator uprising in the second.

Pascual, who won his seventh, owns Washington's only two victories in the last 13 games.

FISHING IMPROVES — Joan Knox, who helps her uncle operate the North Side Marina at Lake J. B. Thomas, holds a 6-pound bass that was caught by Smoky James of Sundown. The interested observer is Joan's 6-year-old daughter, Starrlyn.

GOOD LUCK — L. P. Dent, operator of a bait house and service station near Lake J. B. Thomas (right), congratulates Eldon Thompson, Snyder businessman, on his good luck. Eldon, fishing near the dam yesterday afternoon, caught these black bass in about 30 minutes. The total catch was just over 11 pounds.

Angling Improves At Thomas

Lake J. B. Thomas may be at its lowest point in years, but the fishing out there is really good.

Yesterday afternoon, Eldon Thompson, local businessman, pulled three black bass from water near the dam. He was standing on the rocks under the dam and casting with a special plug. The biggest of the three weighed 4¼ pounds. He said he caught them all in about 30 minutes. Eldon is a member of the Snyder Bass Club that held a tournament at Lake Thomas last weekend.

The 12 entrants in the tournament didn't fare quite so well. Leamon Wilburn, who is president of the club, caught a 3-pound, 7-ounce bass to cop first prize. Second place went to Red Pinkerton for his 2 pound, 15-ounce fish. James Liner took third with a 2-pound, 1-ounce bass. The Bass Club meets every second Thursday night at Stanfield Cafeteria.

Fishing yesterday seemed to be good all over the lake. One man angling with plugs on the north shore landed a 2½-pound catfish and another one caught two black bass, one sand bass and a channel cat in a couple of hours. Roger Blakney of New Home, plugging in the area near the former Boyd's Lodge, landed a 5½-pound black bass just before noon Wednesday. Last week; he caught one that weighed six pounds.

'The black bass seem to be running well now, and many people are having good luck getting catfish on their trotlines," said Joan Knox of Tahoka. Her parents, Mr. and Mrs. John T. Eaker and her uncle, Ted Flowers, are the new operators of Boyd's Lodge. They changed the name to the North Side Marina. They operated Lem's bait house last year, which is located southwest of the Marina.

The North Side Marina continues to operate a fishing barge. They are open from 8 a.m. until about 7:30 p.m. each day. Boyd's aunt Mattie still makes home made pies for the Marina on weekends.

Joan said the first time she ran a trotline (last year) she caught a 37 - pound yellowcat. She reported several good catches by fishermen last week. Smoky James of Southdown caught a black bass that weighed over six pounds. So did Freddie Selman of Floydada. Tim and Larry Pearcy of Andrews brought in an 8-pound channel cat. Elizabeth Beavers of Snyder caught a 6¼-pound black bass and a 6 - pound white bass. The Beavers also have had good luck with their trotline. Also last week, Mr. and Mrs. Herman Lobbar of Post caught a 4-pound black bass, and Pete Hegi of Tahoka netted one that tipped the scales at 3 - pounds.

Two weeks ago, Dennis Herman of Lubbock brought in a 23-pound yellow cat, and Charles Jackson of Odessa caught one that weighed 24 pounds. Jess Long of O'Donnell caught a 42 - pound yellowcat, fishing with minnows on a trotline. L. C. Robinson of Lamesa had a 43 - pounder early in June.

There are many other such reports of good fishing. Three weeks ago, Callaway Huffaker, an attorney from Tahoka, caught a bass that weighed 8¾ pounds, and Ron Scott of Lamesa, fishing last week got a 17-pound cat.

"A lot of people think the fishing isn't any good since the lake is at such a low level," Joan said, "But there's just as many fish as there ever were, and they are in a smaller area. Perhaps that's why it's easier to catch them. Anyway, it looks like they've gone to biting."

Clippers Topple Hapless Jets 4-1

The Clippers toppled the Jets 4-1 Tuesday night in a Senior Teenage League contest that developed into a pitcher's duel between Tony Suttle and Brad Morgan.

Suttle, who won the verdict, was touched for four hits — a triple by Jodi Williamson and singles by Steve Moffett, Mike Morris and Morgan.

Morgan gave up only three hits, although he was the losing pitcher. Mickey Almond and Jim Patrick got to him for singles while Suttle blasted a double.

Suttle's two - bagger — in the 7th — produced the only earned run of the game. The Clippers also scored another unearned tally in the 7th after single runs in the 4th and 5th.

The Jets had gone ahead in the bottom of the 1st on an unearned run following the single by Moffett.

Sir Lipton Wins Race

NEWPORT, R.I. (AP) — Schoolteacher Geoffrey Williams of England sailed the Sir Thomas Lipton into Newport early today and became the first across the finish line in the transatlantic single-handed yacht race from Plymouth, England.

Williams looked none the worse for wear as he waved and joked with well-wishers.

"I feel fine," he told those aboard the eight boats that came out to meet the 57-foot ketch at the end of the long voyage.

The 25-year-old Williams, who left Plymouth June 1 as part of a 35-yacht fleet, passed the finish line at Brenton Reef Tower at 2:33 a.m. to post an unofficial time of 25 days, 19 hours and 33 minutes. This compared with the 27 days, 23 hours and 57 minutes clocked by French Navy Lt. Eric Tabarly in the last such race in 1964.

There was some question about the course Williams took near the end of the trip, however, and it was not immediately known whether he would be declared the official winner.

A member of the race committee said Williams had sailed between Nantucket Light and Nantucket Island whereas the amended instructions to the racers told them to sail south of Nantucket Light.

Hangman Vs. Funk In Mat Re-Match

Wrestling returns to Snyder at 8:30 p.m. Friday in the Scurry County Coliseum with another giant wrestling card.

The main event will be a Texas Death Match — the Hangman vs. Terry Funk. The reason wrestling is returning to Snyder so soon is because the matchmakers have received many letters from local fans requesting a return match between the Hangman and Terry Funk, according to promoters. Two weeks ago in the Coliseum, the Hangman gave Terry a bloody, savage beating. This upset the fans. This time, the match will be fought under Texas Death Match rules. There will be no stopping the match because of blood, there is no time limit, there is no disqualification, falls are not counted since it is a fight to the finish with the last man standing being declared the winner.

Young Terry Funk says he can and will beat the Hangman.

The semifinal will be a tag-team match — Thunderbolt Patterson and Chris Talos vs. The Lawman and Nick Bockwinkle. The giant Negro wrestler, Thunderbolt Patterson, returns to Snyder. He is the biggest and most feared wrestler in the game today. He recently was crowned Southwest States Wrestling King. When these two tangle with the popular Lawman and Nick Bockwinkle, anything can happen.

There also will be two other great matches. For reservations, call the Scurry County Coliseum. Ringside tickets are $1.50, general admission $1.25, and children under 12 will be admitted for $1.

College Grid Stars Clash Friday Night

By RON SPEER
Associated Press Sports Writer

ATLANTA (AP)— Last fall's college football standouts battle Friday night in the eighth annual Coaches All-America game which either kicks off the 1968 season or wraps up the 1967 campaign.

The nationally televised duel matches quarterback Gary Beban of UCLA, the heralded Heisman Trophy winner, against Greg Landry of Massachusetts.

Beban, who has been erratic in practice, will direct the West while Landry will quarterback the East.

West Coach Dee Andros of Oregon and East Coach John Pont of Indiana both have predicted an explosive game, although last year's scrap ended in a 12-9 conquest for the East.

This year's game may be another low-scoring show, with both teams boasting top defensive players.

The East's defense will be led by tackle Kevin Hardy of Notre Dame, tackle Claude Humphrey of Tennessee A&I, linebacker D. D. Lewis of Mississippi State and halfback Frank Loria of Virginia Tech.

Heading up the West's defense will be tackle Wayne Meyland of Nebraska, guard Granville Liggins of Oklahoma, linebacker Fred Carr of Texas El Paso and halfback Dick Anderson of Colorado.

The West, which trails in the series 4-3, has some offensive standouts including pass-catching whiz Rick Eber of Tulsa, explosive halfback Max Anderson of Arizona State and long-range kicker Jerry De Poyster of Wyoming.

Andros admitted, however, that he doesn't have a block-busting runner with the power of the East's Larry Csonka, 235-pound Syracuse fullback.

'Csonka is all everybody said he was," said Pont who also can call on Tennessee halfback Walter Chadwick and Tulane's Bobby Duhon for running assignments.

Both Pont and Andros indicated they would give all 30 members of each squad a chance to play, because temperatures probably will be in the low 80s.

Kickoff is set for 8:30 p.m., with ABC televising the game.

Recent Changes Indicate 'New Game' In Stock Market

By JOHN CUNNIFF
AP Business Analysts

NEW YORK (AP) — The stock market has been so frantically shuffling paper the past few months that there has been a tendency to overlook some fundamental changes that could affect prices.

Most recent of them: the Federal Reserve Board action in raising margin requirements from 70 per cent to 80 per cent; the prospect of sharply lower government spending; and, of course, the passing of a tax increase measure.

What this adds up to, in the opinion of many securities analysts whose most recent literary works were examined, is both a more stable economy and a less volatile stock market. In other words, a new game.

As some of these analysts view the future—and their telescopes sometimes find imaginary objects—the good old blue chips that rise or fall with the economy and which pay solid dividends are now going to attract more interest.

This would be quite a change, as anybody can tell you who has held the price-stagnated shares of the American Telephone & Telegraph Co. Such blue chips have lagged well behind the newer, smaller, more glamorous stocks.

For example, while AT&T has held at a few points on either side of $50 for many months now, dozens of glamor stocks have risen 50 to 100 per cent and even more. And, of course, some untested new issues have been scorching hot.

Some of these price rises have occurred, it is suspected, because of the inflationary psychology that infused many traders with the attitude that the only way to keep out of the inflaion flames was to rocket ahead on a hot stock.

Reflecting this, the market has been volatile, wildly active, a traders' market, a market in which the quick gain rather than the long-term investment was sought.

Now that there is at least some prospect, that inflation will be cooled a bit, the ardor of the in-out traders might be chilled also.

A feeling also exists among stock analysts that some of the companies that have looked good during the past six or seven years of economic boom now might be squeezed the hardest in any upcoming contraction or disinflation.

Some of these companies have had tremendous gains, not just in their stock prices but in sales and earnings. The question now is: Will they be able to continue pyramiding their statistics in a calmer economy.

John Wright of Bridgeport, Conn., a widely followed analyst, believes that a good and relatively riskless living can be made from investing in quality stocks.

Wright looks for a sharp selloff soon in "overpriced speculative issues," but maintains that investment grade equities can be held with every confidence in their growth over the longer term."

Wright and his like believe that within a year or so the economy may be on much more solid footing, with inflation and interest rates retreating and confidence in the dollar rising along with an improvement in the balance of payments situation.

Baldness Is Ordeal For 40 Per Cent

by HAL BOYLE

NEW YORK (AP) — One of life's little ordeals is to become bald.

Some 40 per cent of men are afflicted to a greater or lesser degree with hereditary early baldness.

The first warning often comes from an offhand remark by a barber:

'Getting a bit thin on top, sir. I'd do something about it if I were you."

Panic seizes you, at once. What can you do about it?

Every time you use your comb after that and a hair comes out it looks like the last leaf upon the tree. So you take scalp treatments, douse your skull with all kinds of tonics, rub into your scalp enough unguents and ointments to grease a battleship.

But the more you do about it, the more you worry. And the more you worry, the more you can't help noticing that your forehead is getting higher.

Sorrowfully, you are forced to admit that there are two things money can't do. It can't buy true love, and it can't grow hair on a permanently bald head—except, perhaps, by expensive surgical transplants beyond the ordinary purse.

"No practical remedy for this common baldness is available," says the Encyclopedia Britannica, which puts the chief blame on heredity, age, and the influence of male sex hormones.

The same bitter truth is embalmed in the homely old folk saying, "The best way to avoid losing falling hair is to keep it in a cigar box."

Baldness is not actually a physical handicap, or in most cases a social handicap. It is simply an emotional handicap. With his hair gone or going a fellow simply doesn't feel quite all there. But it isn't nearly as bad as losing your teeth—or your judgment.

The worst thing about it is the jests of your friends who pretend to mistake your gleaming pate for a lighthouse on sunny days or insist on calling you "Curly." A few punches to the nose, however, can cure this.

The second worst thing is to see so many dull young hippie-type men going around with such long thatches of hair dangling from their heads it's no wonder their brains are heated to a boil.

But envy never helped anybody, and it is of no help to a baldy. He must find other solaces, and they are avilable.

For example, he might learn to take pride in his condition. After all, many modern savants predict the whole human race will be bald in a few centuries. The baldy is merely ahead of the pack.

Also, baldness saves a man time, money and makes him look crisper and neater. Doesn't a cueball look tidier than a hairball?

The ordeal of baldness could be lessened in other respects if society itself would show a bit more kindness.

Let's stop kidding bald men.

Another constructive step would be to start a campaign to get Congress to have the bald eagle replaced by the bald man as our national symbol.

This makes real sense. The bald eagle is slowly dying out, but there are millions of new bald men every year. Nothing is more symbolic of America today than baldness.

Junior Editors Quiz on ELEPHANT TUSKS

QUESTION: *Are the teeth of a human and an elephant's tusks made of the same substance?*

* * * *

ANSWER: Like man, nearly all the higher animals have teeth — hard structures in the jaw which enable them to chew food and to do a number of other things as well. Because of the numbers of jobs animal teeth do, such as seizing and killing prey, cutting down trees or grubbing for roots, animal teeth are modified. That is, each species has the kind which will be the most useful. The beaver has very sharp cutting teeth in front with which to gnaw down tree trunks. The elephant likes to grub in the mud to find soft, edible roots; consequently, the two upper cutting teeth of this animal gradually enlarged into huge tusks, which can be 11 feet long. These are modified rather than actual teeth, for the elephant cannot chew with them. Yet they developed from dentine, the same basic substance as human teeth. In the elephant, dentine has been modified to make the beautiful, creamy-white substance ivory, which is wonderful to carve and from which many precious works of art have been made. Real ivory has a delicate grain, which can be seen if a piece of it is cut directly across.

Thornberry, LBJ Are Old Friends

WASHINGTON (AP) — When the two young Texas boys met more than 45 years ago, there was nothing in the backgrounds of either Lyndon Johnson or Homer Thornberry to indicate they would achieve more than moderate success.

Yet on Wednesday, President Lyndon Johnson nominated Homer Thornberry, the only child of deaf mutes, to be an associate justice of the U.S. Supreme Court.

Thornberry will take the place on the court held by Abe Fortas, whom the President nominated to succeed Earl Warren as chief justice.

When the two met, Thornberry was a page in the Texas Legislature, while Johnson was around the State House because his father was a legislator.

Both men were of modest background—Thornberry's parents taught at a school for the deaf—and their careers remained closely related as they moved toward political success.

Born 59 years ago, Thornberry made his life politics. Immediately after graduating law school at the age of 27, he was elected to the Texas Legislature. He also served on the Austin, Tex., City Council and when Johnson left the U.S. House of Representatives in 1948 to go to the Senate, Thornberry won the House seat.

Thornberry, a man of medium height and white wavy hair, remained in Congress until 1963 when, through the efforts of the then Vice President Johnson, he was appointed a federal district judge.

In 1965, Johnson appointed his old friend to the Circuit Court of Appeals. The swearing-in ceremony took place at the President's ranch at Johnson City.

Thornberry was considered a liberal in Congress. While he declines to classify his leanings as a judge, many think he will join the generally liberal justices on the Supreme Court, which includes Abe Fortas, William O. Douglas, Hugo L. Black, William J. Brennan Jr., and sometimes Potter Stewart.

Thornberry was married in 1945 to Eloise Engle. They have three children, and true to their Texas heritage they all attend the University of Texas, where their father graduated with B.A. and LL.B degrees.

Ask Ballots For Ex-GI's

LUBBOCK, Tex. (AP)—Texas county and district clerks want service men returning to the state on their discharge to be able to vote in the November general election.

The County and District Clerks Association of Texas Wednesday passed a resolution asking that servicemen returning from active duty be allowed to register when they are discharged.

A bill for introduction during the special session of the Texas Legislature was to be prepared by Mary K. Wall of the state Secretary of State's office.

Copies of the resolution were sent to the governor, lieutenant governor and speaker of the Texas House of Representatives.

The convention, which began Wednesday with 425 clerks registered, continues through Friday.

Man Held In Bank Holdup

SAN ANTONIO, Tex. (AP) — Henry Lyle Soric, 26, was jailed in lieu of $35,000 bond today on a charge of robbing the Frost National Bank of $970.

Soric, an ex-convict, was captured while he walked near the Bexar County Jail a few hours after the morning holdup.

Bank teller Mrs. Clare Weaver said a man wearing dark glasses, a straw hat and levis approached her window shortly after the bank opened and handed her a typewritten message which read:

"I'm a deaf mute. Please understand. If you get excited I'll have to shoot you and some of your customers. So just put all of your $100's and $50's in the pouch and keep cool."

The note ended: "Thank you."

Soric, Dist. Atty. James Barlow said, was convicted in San Antonio in 1964 of two counts of swindling by worthless checks and given two year sentences in the Huntsville State Prison.

Detective A. E. Zapata said Soric had been in prison in Salem, Ore., and had been returned to Bexar County early this month on a detainer warrant Oregon issued for Bexar County. The detainer concerned a charge of swindling under $50, a charge that saw Soric released in $50 bond.

Soric was arraigned before U. S. Commissioner Frank Baskin late Wednesday.

CECIL NIXON

New Agent On FB Staff

Cecil Nixon, a resident of Scurry County since 1966, has joined the staff of the Scurry County Farm Bureau as a special agent, according to an announcement by Marlin Terrell, general agent.

Nixon, 23, is the son of Rev. R. C. Nixon, pastor of the Hermleigh Methodist Church. He and his wife, Sharon, live at 2112 Forty - first Street. A 1963 graduate of Dumas High School, he formerly was employed by Ezell - Key after a stint in the Marine Corps from 1964 to 1966.

The staff has moved into the new Farm Bureau office building, Big Spring Highway at Thirty - third Street. Formal opening will be held in about six weeks.

Go-Ahead For Pecan Bayou

WASHINGTON (AP) — The Bureau of the Budget has informed Sen. Ralph Yarborough, D-Tex., it is giving a go-ahead to the $31.5 million Pecan Bayou Watershed project near Brownwood.

Yarborough said Wednesday the bureau has authorized the Secretary of the Army to seek funds for the project in the fiscal 1970 budget which goes to Congress next January.

The project, which has been in planning stages since 1945, calls for $24.8 million in federal funds to reinforce Lake Brownwood Dam on the Colorado River in Brown County and to build Pecan Bayou Reservoir upstream for flood control.

The U.S. Army Corps of Engineers has estimated that flooding in the 2,200-square-mile watershed has resulted in annual damages estimated at $982,100 over the past several years.

American War Dead List Down

SAIGON (AP) — The number of Americans killed in action in South Vietnam last week was the lowest for U.S. forces in two months, the U.S. Command reported today.

South Vietnamese forces reported a small increase in their casualties over the week before, while the U.S. Command said enemy casualties decreased slightly.

U.S. Headquarters said 299 Americans were killed in action and 2,220 were wounded in the week ending last Saturday. It was the lowest number killed since the week ending April 20 when 287 U.S. servicemen died in action.

The figures reflected a general slackening in ground fighting but raised the number of Americans killed from Jan. 1 through June 22 to 9,370, or nearly equal the 9,419 killed in all of last year.

South Vietnamese headquarters said 355 government troops were killed last week and 1,149 were wounded, compared with 286 and 1,189 the week before.

The government headquarters also reported that 262 Viet Cong and North Vietnamese soldiers were captured or surrendered last week, probably the highest total of the war.

The U.S. Command said 1,819 Viet Cong and North Vietnamese soldiers were killed by allied forces last week, a decrease of exactly 200 from the week before.

Of the 2,220 Americans wounded last week, the U.S. Command said 1,184 were hospitalized.

The U.S. Command said the weekly report raised the total of American casualties since Jan. 1, 1961 to 25,367 killed, 82,972 wounded and hospitalized, 74,545 wounded but not hospitalized, and 1200 missing or captured.

A total of 366,160 enemy have been killed since the start of 1961, the command said.
