FLOOD SETS MOUNTAIN MOVING AGAIN

Arch-Devil Of Russian Trial Confesses All Crimes

Pioneer Dies

Mrs. J. T. Benton, 84, pictured above, died Wednesday night at her ranch home five miles southeast of Pampa where she had resided for nearly 40 years. Born in Arkansas, Mrs. Benton spent most of her life in Texas. She first moved to Texas when about three years of age but returned to Arkansas, her birth place, after her parents had been slain by Indians. She married at an early age and returned to Texas and Oklahoma to make her home.

Surviving Mrs. Benton are three daughters, Mrs. J. M. Saunders, Mrs. Tom Darby and Mrs. Tom Eller, and three sons, Thomas, Charles and Joe Benton, all of Pampa.

Mrs. Benton was buried in Fairview cemetery by the side of her husband who passed away in 1928.

10 LOCATIONS FILED IN AREA

New locations staked in the Panhandle field last week numbered 10 despite rain and snow which curtailed activity considerably.

Hutchinson county, which opened strong in 1937 and repeated this year, led in locations with five, followed by Carson with three and Gray and Moore with one each. All of the locations were in proven territory.

Nine different companies reported new locations during the week with British American Oil Production company making two in Carson county. The Gray County Production company joined with Dave Rubin in making their first test in Hutchinson county.

Intentions to drill:

British American Oil Prod. Co., B. F. Block No. 3, 990' from the south and 330' from the east of W½ of NE-1-4 of section 112, block I&GN, Carson county. B. F. Block No. 4, 330' from the south and east lines of above location.

Magnolia Petroleum Company, Fee 244 No. 38, 2310' from the north and

LEECH ANNOUNCES FOR ASSESSOR-COLLECTOR

F. E. Leech today authorized the Pampa News to announce his candidacy for the office of tax collector and assessor for Gray county, subject to the action of the Democratic primary.

Mr. Leech stated:

"I appreciate very much the support and cooperation of the citizens of Gray county in my election and in the administration of my official duties."

He makes his appeal for re-election on the basis of former work and his experiences in the intricate duties of the office and will, his statement adds, appreciate support in the coming election.

I HEARD - - -

Howard Neath, when asked the question, "Why do I contribute to the Boy Scout fund?" reply without hestitation, "The Boy Scout program provides the most wholesome plan of properly supervised training for boys of the nation that has even been advised. No boy should be allowed to do what John Dillinger and other criminals have done—get their early training with bums and toughs. I owe it to my family, state and nation to make a contribution to the job of helping make boys into all that men should be and to do all that men should do."

WRITER SAYS HE DIRECTED TROTSKY PLOT

MOSCOW, March 5 (AP)—Nikolai Bucharin, second only to Leon Trotsky as the Soviet-designated arch-devil of the Bolshevik revolution, tonight made a sweeping confession of all crimes charged against him in Russia's greatest treason trial.

Eucharin pleaded guilty to all the charges "even those I did not know about because I was the leader and not the switchman."

Bossed By Trotsky

The one-time chronicler of the red revolution said he was guilty of "belonging to a Rightist-Trotskyist bloc, having been leader of a rightist organization illegal since 1928, and all crimes committed by that organization."

The purpose of all the confessed conspiracy, was the restoration of capitalism to Russia, he declared.

"Germany, Japan and partially England," were the foreign powers he said the plotters sought to enlist with promises of Soviet territory in return for aiding in the disemberment of Russia.

Though admitting full responsibility for the entire conspiracy, Bucharm denied numerous details saying he had not given approval to spying, wrecking or sabotage but was "occupied with the general supervision of the ideological side."

Deny Assassination

Both Bucharin and Alexis Rykoff, former Premier and a fellow defendant, said they had nothing to do with the assassination of Sergei Kiroff, Joseph Stalin's right-hand man, in 1934.

"Eucharin and Rykoff lie," retorted another defendant, Genrikh G. Yagoda, one-time head of the dread secret political police. "We did not want to do it, but we yielded to Trotsky's insistence."

Before the crowded courtroom heard Bucharin and Yagoda, the

YOUTHFUL GUNMAN ROBS LULING BANK OF $500

LULING, March 5 (AP)—A youthful looking gunman, dressed as a cowboy, held up two women employes of the Citizens State Bank of Luling this afternoon and escaped with more than $500.

Miss Addie Walker, assistant cashier, and Miss Anna Marie Wallace, an employe, were alone in the bank when the man entered. Threatening to use his pistol if they did not obey his commands, the robber ordered the women to shove all the cash in their cages through the windows to him.

The gunman then walked from the bank and drove away in an automobile he had parked at the curb. Later the robber was reported seen passing through Gonzales, about 35 miles southeast of Luling. A description of the man was broadcast and highway patrolmen in South Texas were instructed to be on the watchout.

Ironically a bank examiner was in Luling a short time before.

Pampans Will Follow Two School Bands To Borger And Amarillo

The Pampa junior chamber of commerce and Board of City Development have issued an appeal for a large number of citizens to go to Borger Tuesday, occasion of the 12th birthday of that city. The delegation will be accompanied by the Pampa Junior high school band which will march in the parade.

Pampa's delegation has been invited to attend a birthday dinner at noon in the American Legion hall. Those who can attend are urged to call BCD headquarters in the city hall, telephone 384, and make reservations by 5 o'clock Monday night.

Because of the invitation, the regular monthly membership luncheon of the Pampa chamber of commerce has been postponed, President Reno Stinson of the BCD announced yesterday.

As many Pampans as possible are urged to secure car stickers and hat bands and meet at the high school at 8:30 o'clock to accompany the band. Others who must leave later can secure the stickers and bands at the BCD office.

Pampa will also send the high school band and a delegation of citizens to Amarillo on Wednesday when Mrs. Franklin Roosevelt will be honor guest at Amarillo Mother-in-Law day.

JOHN TATE ANNOUNCES FOR COUNTY TREASURER

John M. Tate announces his candidacy for the office of county treasurer subject to the action of the Democratic primary of June 23, 1938.

Mr. Tate is not a stranger among the people of Gray county. He came to the Panhandle from Stephens county, Texas, in 1899, accepting employment on the ranch of the late D. C. Davis, located east of Pampa. Since 1906, he has almost continuously been engaged in the barber business in Pampa, his being one of the first shops of early Pampa. He has never before sought an office of any kind and in seeking this office he invites the citizenship to earnestly consider him for this post. If he should merit your support and be elected, he assures each and every one of his allegiance to a faithful and business-like administration of the duties of such office. Mr. Tate expects to visit every voter before the primaries and to personally present his claims for your support and to express his appreciation therein.

100 MEN WILL SEEK $4,000 FOR COUNCIL

Citizens of Pampa this week will be given an opportunity to donate to a worthy cause—the Boy Scout program. The drive to raise funds with which to carry on the worthy movement will begin tomorrow morning with 100 Pampa men thinking enough of the problem to raise $4,000 for the Pampa district of the Adobe Walls area.

The workers will be called to arms by the siren on the top of the fire station which will be "opened up" at 7 o'clock sharp. That will be the call for workers to arise from their slumbers and report to the Schneider hotel for breakfast at 7:30 o'clock. It will also tell citizens of Pampa to be ready for the solicitors when they call for pledges.

Adult leaders of Pampa will tell radio listeners at 12:45 o'clock this afternoon over station KPDN facts about the Boy Scout movement and the drive for funds. James Collins will be master of ceremonies with speakers including Mayor W. A. Bratton, Supt. L. L. Sone, Coach Odus Mitchell and Judge Ivy E. Duncan. Boy Scouts will also have their part on the program.

An advanced scouting program will be conducted in Pampa this year. More troops will be sought and more boys enrolled. The cubbing program, for boys under Scout age, will also be enlarged.

Pampa is the headquarters of the Adobe Walls council, one of the largest in the southwest. President of the council is C. R. Stahl of Borger. Fred Roberts is executive. He will return tomorrow from Galveston where he attended a conference of leaders during which the enlarged program was outlined.

Many persons ask the question, Why the Boy Scouts? The answers are many. One advanced by Police Chief Art Hurst yesterday was that the Boy Scout movement reduced the number of criminals in the nation. He revealed that seldom has he found a man who was a Boy Scout in the list of criminals.

"Do you realize," Chief Hurst declared, "that there are 3,500,000 criminals arrested yearly in the United States and that more than 700,000 of them are under 21 years of age? I firmly believe that the number would be much greater if it were not for Boy Scout training."

The drive to raise the Pampa quota will be under diretcion of R. G. Hughes and M. A. Graham, finance directors.

MOBEETIE WOMAN, 33, WILL ATTEND FETE

Pampa will share with Mobeetie in the distinction won by the Wheeler county town in having the youngest mother-in-law at the celebration in Amarillo, March 9.

Mrs. Ed A. McCormack of Mobeetie, 33, is the youngest mother-in-law. She is the mother of Edward Lee McCormack, 17, who on January 4, married Ilene June Tharp, 13, at the Methodist church in Mobeetie, Mr. McCormack said.

Mr. McCormack is employed by the Phillips Petroleum company service station, 301 West Kingsmill. Mr. and Mrs. McCormack have resided in Pampa for nine months, Mrs. McCormack coming here from Woodward, Okla., Mr. McCormack from Mobeetie.

DROUGHT FREIGHT RATE EXTENDED TWO MONTHS

AUSTIN, March. 5 (AP)—The Railroad Commission today announced a two-months extension of reduced drought freight rates on livestock feed shipments to 15 counties in the Panhandle.

The counties are Carson, Dallam, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Oldham, Ochiltree, Potter, Randall, Roberts and Sherman.

Eagle Scout Rank To Be Conferred On Five LeFors Boys Tuesday

The largest group ever to appear at one time for the rank of Eagle Scout in the history of the Adobe Walls Council will become Eagle Scouts at the LeFors Father and Son banquet Tuesday night, March 8.

These five scouts, after having passed 21 merit badges during the past year or two and after submitting evidence from their home, school, and church that they had satisfactorily practiced the ideals and laws of Scouting, were given a final examination.

For one hour and forty-six minutes these five scouts stood before the Board of Review and answered all questions that were fired at them. Before the ordeal was over, the boys felt as if they were taking oral examination that is required before a master of arts degree is conferred. In fact, the boys suspected that such was true as two members of the Board of Review hold master of arts degrees. Those that are to be Eagles are Allen B. Cumberledge, assistant scoutmaster, Paul Jenks, Ben Cheek, E. T. Autry, and Maynard Johnson.

Scoutmaster J. H. Duncan will be awarded the Gold Eagle Palm. Harold Ellis and Lynn Fite will become Star Scouts.

F. L. Mize, superintendent of the LeFors schools and chairman of the Scout organization and extension committee of the Gray county district, will be toastmaster. Rev. Robert Boshen, of Pampa, who is Chairman of the Scout advancement committee of Gray county district, will deliver the address of the evening.

This banquet is an annual affair, to which all men and boys are invited. A large group of men from Pampa usually attend. The excellent food is prepared and served by the LeFors Boy Scout Mothers club.

'Thermopylae Had Her Messengers Of Defeat But The Alamo Had None!'

As the sun, dripping blood, broke through the clouds and shone on the city of San Antonio, March 6, 1836, the deathless incidents portrayed in the upper picture were taking place. The artist of the painting, "Dawn At the Alamo" which hangs in the state capital at Austin, depicts the immortal heroes as they battle overwhelming odds. Silhouetted against the rising sun can be seen Commander William Barrett Travis brandishing his sword and defying the Mexican horde. James Bowie, dying of pneumonia in one of the rooms of the old church, used the famous knife that was named for him with superhuman strength, as he fought off his attackers. The lower picture shows a view of the Alamo as it is today.

Alamo Ceremonies To Be At Milam's Grave

LARGE CROWDS INSPECT CARS

Prospective buyers flocked to Pampa used car lots and automobile sales rooms in an unprecedented rush yesterday, and dealers today were expecting another influx of prospects on the second day of National User Car Exchange Week in Pampa.

Each of the seven cooperating automobile dealers reported splendid patronage from persons interested in the unusual, low-priced guaranteen used cars being offered for sale this week.

Frank Culberson, chairman of the dealers' committee which made the arrangements for Used Car Exchange Week here, said last night:

"There probably never will be another week like this, when all dealers combine to offer so many bargains in used cars in an effort to stir the automobile industry and clean up used car stocks."

The Pampa observance of the week is in line with a national movement and dealers in every city of the United States are participating.

Chief of Police Art Hurst said last night that National Used Car Week probably will more than justify all the effort it involves, from the safety standpoint alone.

Chief Hurst sees in the campaign an incidental benefit rivalling in importance the primary objective, which is to stimulate used car sales. This is expected to lead to reemployment of tens of thousands of

See NO. 3, Page 5

SAN ANTONIO, March 5 (AP)—A bit of world history and a story of courage in the face of over-whelming odds will be commemorated here tomorrow at services in memory of the defenders of the Alamo.

The ceremonies will be held at the grave of Benjamin R. Milam in Milam Square. Milam was killed in an assault on San Antonio on the December 9, preceding the fall of the Alamo on March 6, 1836.

On the former date the Mexicans, led by General Cos, were in possession of San Antonio. Stephen F. Austin, commander of the Texas forces, had been called from the army to serve as a commissioner in seeking aid of the United States government. Milam, who had escaped from a Mexican prison and had aided in the capture of Goliad in October, was among the besiegers when Austin went away. The volunteers became restless. There were those who wanted to storm th Alamo; others wanted to go home.

"Who will go with Ben Milam into San Antonio?" Milam is quoted as having said. Some 300 men responded. Outnumbered three-to-one, on December 5 they marched on the Alamo, with some artillery, but mostly house-to-house fighting. Cos surrendered December 9, but Milam was among the several Texans killed.

The reprisal came in the form of General Santa Ana and his siege of the Texans in the Alamo.

The political situation in Texas at that time was foul. Governor Henry Smith's call to arms was taken with a grain of salt. It was planting time, anyway. So the garrison in the Alamo was left to the executioners.

The story of the fall of the Alamo is one of those stories of mass martyrdom which transcends the issues involved. It belongs to the history

THIRD VICTIM OF BLAST DIES

Death yesterday morning claimed Raymond F. Suttle, 27, third man burned in an explosion at the Phillips Petroleum company's Red booster plant eight miles east of LeFors on the morning of Feb. 13. Charles Bracken died on Feb. 20 and J. Frank Line on March 2.

Mr. Suttle had been a resident of Pampa and this area for 12 years. He had been with Phillips Petroleum company for four years and at the time of the accident was an engineer at the pump station.

An explosion wrecked the station and fire followed. Mr. Line was on duty at the time of the explosion but Mr. Suttle and Mr. Bracken rushed from their homes to the station only to be met by roaring flames.

Surviving Mr. Suttle are the widow, a son, Richard Eugene Suttle, at home, his parents, Mr. and Mrs. G. N. Suttle, Pampa, aunts, Mrs. R. F. Babb, Clarendon, Mrs. Bessie Brown, Mrs. Mattie Elkins and Mrs. Cecil Bourland, all of Vernon, and uncles, Bob Suttle and Willie Suttle, both of Vernon, Hal Suttle, Pampa, Walter Suttle, Electra.

Funeral services will be conducted at 9 o'clock this morning in

See NO. 5, Page 5

B&PW APPROVE PLAY BUILDING

Suggestions of the Business and Professional Womens club for a community center for Pampans of every age, to be located east of the city at Recreation park, were approved at a called meeting of the board of directors of the club, held Friday night at the Pampa Hardware and Supply Company.

As to the type of building, the directors suggested a large, frame building, similar to the Amarillo Tri-State exposition buildings, the structure to consist of two large rooms, one for games and dancing, one for ball courts, two lounges and a kitchen.

Supervision of the community center would be by a recreational board, with a paid supervisor.

Outlined as uses of the buildings are 13 activities: boxing matches, poultry and agricultural contests, 4-H boys and girls club activities, banquets, bowling matches, all kinds of game tourneys, supervised play, summer recreational program for younger children, Little Theater activities, skating rink, annual pioneer clebrations, dancing of all kinds (folk, old-fashioned, and sponsored dancing for young people).

FIREMEN EXTINGUISH BURNING GRASS HERE

Firemen were called to 1237 Mary Ellen street Friday afternoon to extinguish burning grass, caught from fire in an open trash fire. No property damage resulted.

The call was the second of the month. During February the department made 14 runs with a total insured loss of only $111. Ten of the runs came in a five-day period.

CALIFORNIA'S DEATH FIGURE REACHES 159

LOS ANGELES, March 5 (AP)—Elysian Park's moving mountain, apparently given new impetus by heavy rains, began moving in a new section today, causing police to order persons from seven homes and three business places.

A crack opened for a distance of 300 feet and about 1½ miles west of the slide which recently wrecked Riverside drive. In one place the earth had sunk nearly two feet.

The flood death list stood at 159, with 63 identified and 22 unidentified dead, and 74 reported missing.

Estimates of public and private property losses climbed to $60,000,000.

Eleven astronomers were marooned at the Mount Wilson observatory by highway washouts, but reported plenty of food on hand.

Following the looting of two homes in Anaheim last night, 100 men with police power patrolled the city tonight, 60 of them from the national guard.

Many hundreds still are homeless, being cared for by the Red Cross and others in schools and churches. Many have no homes to which they can return.

Hundreds Isolated

Some, like Frank Ritano, a Mexican laborer in a little Orange county community, would rather not go back to their homes. Frank's wife and his three children were swept to their deaths. Their bodies were found in the mud last night.

A new storm area is forming off the coast, the weather bureau said. Officially the forecast was for "increasing cloudiness tonight, becoming unsettled Sunday."

"A secondary low pressure area from the main storm area in the Aleutian islands has swung as far south as the California coast," meteorologist L. H. Daingerfield said.

Business in Los Angeles was proceeding normally little by little, roads, communication lines and railroads were being repaired.

The Santa Ana river, which raged over its banks at Santa Ana and Riverside, was going down today and no further damage was expected.

Waters in the San Fernando valley lowlands, where 100 special police have been pressed into service to hunt for bodies, were receding also.

All of the private cabins in Lytle Creek canyon, near San Bernardino, were destroyed.

Airplanes, a blimp, tractors, horses, bucket lines and sundry other methods of transportation were be-

See NO. 6, Page 5

TALLEY ON GUARD OF HONOR FOR ELEANOR

Sheriff Earl Talley has been chosen as one of the sheriffs from Top O' Texas counties who will compose a guard of honor for Mrs. Franklin Delano Roosevelt at the Mother-in-Law celebration in Amarillo Wednesday.

The guard of honor will be on duty throughout the day's program.

Sheriff Talley will leave for Amarillo early Wednesday morning to join other sheriffs who will compose the guard of honor for the First Lady of the Land.

$4,375 IN BUILDING PERMITS ISSUED HERE

Permits for construction of three residences and for several repair jobs were issued last week by Sam Thomas, city building inspector. The total amount for the week was $4,375, making the total for the year $35,325.

Permits for residents were issued to Elmer Black for a $2,000 house in the White House addition; M. H. Allaway for a $1,000 residence on South Ballard street; Helen Vaught for a $1,000 house in the South Side addition.

I SAW - - -

Coach Prejean laughing over the vigorous things Carl Brown said about him while the big Harvester was coming out of the ether after a tonsillectomy this week-end. It seems Prejean, line coach, worked Carl pretty hard in practice the previous afternoon.

KPDN's New Studio Pipe Organ To Be Dedicated Today

KILGEN PETIT ENSEMBLE ON AIR FIRST TIME

Radio Station KPDN, Voice of the Pampa Daily News in Pampa, today takes an unique place among broadcasting stations throughout the United States when it becomes the only 100-watt station in the southwest with a pipe organ in its main studios.

Between 1 and 2 p. m. this afternoon, KPDN listeners will be given an opportunity to hear a program of dedication for the new Kilgen Petit Ensemble, installed last week in the station's main studio atop the Culberson-Smalling Chevrolet building in Pampa. The beautiful, pipe organ was installed by the Tarpley Music Store of Pampa, distributors for Kilgens in the Panhandle territory.

At the dedication hour this afternoon the new pipe organ will be demonstrated by Mrs. May Foreman Carr and Ken Bennett. Mrs. Carr will play classical selections. Mrs. and Mrs. Fidelia Yoder, pianist, will be heard in an organ and piano duet. Mr. Bennett will play popular numbers, accompanied on the violin by Oscar Croson. Mr. Bennett also will play a piano and vocal number. John Sullivan, station announcer, will be master of ceremonies for the dedicatory program.

The new Kilgen organ will be heard, beginning Monday at four periods each day. Ken Bennett will play and sing old time songs at 7:30 a. m., Mrs. May Foreman Carr will give a recital at 10 a. m., Tarpley's Music Store will present Mrs. Carr again at 2 p. m., and Mr. Bennett will return to the console again at 6:30 p. m. in a program to be titled, "Organaires."

The public is invited to listen in, or to visit the studios of KPDN this afternoon and to see and hear the new Kilgen organ in operation, Sid Patterson, station manager, said last night.

"We are very proud of the addition to our studios," Mr. Patterson said, "and we invite our listeners to tune in this afternoon and hear the excellent tonal qualities of this wonderful new pipe organ. The Kilgen Petit Ensemble is especially adapted for broadcast purposes and is ideal for chapels, smaller churches, musical conservatories, and residences."

Mrs. Carr, Mr. Bennett and their accompanists have been rehearsing nightly for the dedication program which will be presented this afternoon between 1 and 2 o'clock.

KPDN's New Organ and Dedicatory Console Artists

—Photos By Fletcher's Studio

The top photo shows the new Kilgen Petit Ensemble organ which will be dedicated over KPDN at 1 o'clock this afternoon. On the main studio wall at the left may be seen the case which contains the organ pipes and mechanism, and at the right of the top photo is the console which controls the instrument.

In the next photo down is shown Mrs. Mae Foreman Carr, Pampa music instructor, seated at the console of the organ. Mrs. Carr will play twice daily at 10 and 2 p. m., presented by the Tarpley Music Store, of Pampa, distributors of the Kilgen in the Panhandle territory.

In the bottom photo is Ken Bennett, of Pampa, a popular member of the KPDN artists' staff, who also will be heard daily at 7:30 a. m., playing old time selections, and again at 6:30 p. m. in the "Organaires" program.

METHODISTS TO HAVE YOUNG PEOPLE'S DAY

In all southern Methodist churches, young people's day will be observed today.

The local First Methodist church will have a young people's service at the evening hour in which this group will have complete charge of the program.

A quartet composed of young people will entertain the assembly and solos will be sung by Miss Louise Smith and Miss Mary Douglass. A pageant, "Who is Steering?" will follow.

At the morning service, the sacrament of the Lord's supper will be observed. All other services throughout the day will be as usual.

Surprise Birthday Party and Shower Entertain Four

Mmes. Rex Elliott, Herman Lambrecht, Tom Southard, and Miss Ruby Jackson were entertained in the home of Mrs. Lambrecht last week with a surprise birthday party and handkerchief shower by members of the Ladies Home League of the Salvation Army.

After a prayer by Mrs. Lambrecht, the group joined in singing "Happy Birthday." A reading was given by Mrs. Lillie Ulrich and Mrs. C. L. Martin. Games were played and the Bible lesson was conducted by Mrs. Lambrecht.

The birthday cakes were baked by Mrs. D. B. Love and Mrs. Nell Bybee.

Refreshments of cake, sandwiches, and tea were served to Mmes. Herman Lambrecht, Lillie Ulrich, Rex Elliott, Nell Bybee, Tom Southard, C. D. Marlin, Mildred Rochell, Mary Curb, A. J. Dickerson, Vivian Ruff, Geneva Bean, Leola Jackson, Nancy Bell Clemmons, J. J. Mangis, Blanch Jenkins, D. B. Love, Mayme Jackson, Maurine Ruff, and Miss Ruby Jackson.

BUILDING PERMITS
(By The Associated Press)

Galveston led Texas cities reporting building permits for the week just ended with $473,937, of which $450,000 was for a new school building. Houston was second with $282,805.

By cities the totals for the week and year to date were:

City—	For Week	For Year
Galveston	$473,937	$ 837,459
Houston	282,805	3,023,845
Dallas	63,246	1,435,684
Pampa	4,375	35,325

A great deal has been said of late regarding what we believe to be a most vital question; that of DANCING. We would like to say a few words on the subject; and we certainly ask our readers to give it earnest consideration. We were just wondering why the question ever came up in Pampa in the first place! Is there some question as to whether DANCING is WRONG? Has some one taken the position in Pampa that DANCING is conducive to the BETTER morals of the people in Pampa? Are we living in a day when not even preachers can decide just what to do about DANCING? Must we admit that we have come to a time when "TAX SUPPORTED" property must be turned over to DANCERS? Have we reached the place and time when preachers leave the condemnation of DANCING up to what some refer to as the "LAITY?" Do churches have so many DANCERS in their membership that preachers are afraid to preach against DANCING with all their might and soul? You don't mean to tell me that preachers are merely "DRAWING THEIR BREATH AND DRAWING THEIR SALARY!" You don't mean to tell me that there are not enough people in Pampa with BACKBONE enough to put a stop to the use of SCHOOL BUILDINGS for DANCES? You don't mean to tell me that there is any question in the minds of TAX PAYERS, PREACHERS, MEMBERS OF THE SCHOOL BOARD, MOTHERS, FATHES, GOOD CITIZENS, as to whether we should voice our disapproval of DANCING? Watch this space for a series of articles on this subject.

Market Briefs

NEW YORK, March 5. (AP)—Stocks idled at slightly lower levels in today's market as traders conducted a fruitless search for buying inspiration.

After four consecutive weeks of net advances, the list turned in a loss for the past six week.

The Associated Press average of 60 issues was off .1 of a point at 44.5. On the week the composite was down 1.6 points. The turnover amounted to only 222,000 shares compared with 303,230 on the preceding Saturday. The week's volume of 2,678,875 shares was the smallest in more than three years.

Steels and coppers were up most of day, but few managed to retain gains. Ahead at the noon closing were Bethlehem Steel at 57, Republic 17¼, Anaconda 32⅛ and Ceddro De Pasco 40¾.

Rails marked time along with leading utilities, mail orders, rubbers and aircrafts.

Improvement was held by General Electric at 39¾, General Motors 34⅝, Southern Pacific 18¾, Westinghouse 93⅞, Allied Chemical 169, and J. I. Case 88¼.

Borg-Warner dropped 2 points at 25¼ following action of the directors in omitting a dividend on the common.

Union Pacific was off 2 at 75 and minor declines were recorded for U. S. Steel at 53¼, Chrysler 52⅛, American Telephone 135⅝, Deere 22⅝, Douglas Aircraft 39, U. S. Rubber 31; and Woolworth 43⅝.

Weekly developments considered by markets included further declines from a year ago in bank clearings, steel production, freight loadings, electric power production, automobile output and retail trade.

NEW ORLEANS COTTON

NEW ORLEANS, March 5. (AP)—After reacting partially from an opening advance cotton rallied in late trading today and closed at the highs. Final prices were steady, 5 to 9 points above the previous close.

Foreign markets were lower but more favorable than expected and induced enough buying at the start to life initial prices 1 to 4 points. Recent buyers liquidated, however and hedging orders from the interior were executed.

Offerings were absorbed around yesterday's close and prices recovered rapidly in late trading under covering by shorts, commission house buying and increased trade calling.

When the final gong sounded prices were at the top with March at 9.24, May at 9.27, July at 9.32, Oct. at 9.30, Dec. at 9.41, and Jan. at 9.41.

CHICAGO GRAIN

CHICAGO, March 5. (AP)—The wheat price slide registering market reaction to improved crop conditions in the southwestern belt came to a halt today.

Buying credited to export and milling interests and scattered short covering lifted quotations as much as ⅝ cent at times but the gains could not be maintained in the face of lagging speculative activity and the market closed practically unchanged.

Some early buying was believed to be based on indications of revived export and miller interest in wheat as a result of the recent price break. Only moderate trade was reported, however. It was understood some flour had been worked for export out of Kansas City. One cargo of hard wheat was reported sold on Great Britain.

Wheat futures closed ⅛ higher to ⅝ lower compared with Friday, May 90¼-⅜, July 85-85⅛, September 85¼-⅝, corn was ⅛ off to ⅛ up, May 58¾-⅞, July 60⅝, September 61½; oats unchanged to ¼ lower, May 29⅝; rye ⅛-⅜ lower, May 72; provisions 2 to 10 cents down.

PAMPA STUDENTS WIN IN BORGER CONTESTS

Pampa's shorthand, bookkeeping, typing, and girls' debate teams were among the winners at the Commercial and Speech Tournament held Saturday in Borger. Pampa, Borger, White Deer, Memphis, Miami, Canyon, and Amarillo schools participated.

Dowell, Keenan, and Jackson composed the Pampa shorthand team which won first place. Keenan won third in the individual shorthand contest.

First place in the bookkeeping team contests went to the Pampa team. Betty Elkins Bell won first place in individual bookkeeping.

Pampa's typing team won second place, while third place in individual typing was won by Schoolfield of Pampa.

Madge Sirman and Carolyn Surratt, the Pampa girls' debate team, won third place. Wayne Coffin and Don Taylor composed the Pampa boys' debate team, which did not place.

Kenneth Carman was the director of the debating teams, while Bob Curry was in charge of Pampa's commercial teams.

Some Korea millers still grind grain by the ancient "seesaw" method. Put in a stone basin beneath a wood club attached to a long plank, the grain is pulverized when the miller stands on the other end of the plank, which is fulcrumed on an axle, and leaps into the air by grasping a rope.

The English Parliament passed the famous Stamp Act on March 8, 1765.

TODAY'S SERMONETTE

"Not slothful in business, fervent in spirit; serving the Lord," furnishes a complete platform for a successful life, broad enough to care for duty to fellow man, neglecting not the service of God, and calling for equal activity along all lines.—Chivers.

SUPPORT SCOUTS

Pampans can confidently contribute to the Boy Scout drive which opens tomorrow knowing that they are giving financial life to the only tested and proved solution to the so-called "boy problem", and that solution is the Boy Scouts of America. Pampans may disagree on the recreation problem that is holding the attention of the citizenship now, but they will all agree that Scouting is no experiment. They know what it does, what it has done for their boys.

They will help raise the Boy Scout quota; they have failed to contribute the quota a few times in the past, but the fault was not theirs—rather it was the lack of a well-functioning solicitation system. There is a group of determined men at the head of the Boy Scout drive, men who know that the quota must be raised, the same as taxes.

These men will begin their drive tomorrow. Every Pampa citizen will be asked to give his share. They will be asked to contribute in the spirit that they give to the Red Cross or flood relief. Only the solicitors and the Scout leaders feel earnestly that the matter of helping the boys in this community to become good citizens is far more important than helping faraway refugees—and that in itself is highly necessary and important.

There is no recreation problem for boys of Boy Scout age. The Scout activities take care of all that. It is only when boys reach the age of 15 and pass the Scout age that they need a recreation program. However if the Scout program is not operating in high gear a recreation program is needed for the boys of Scout age, boys between the ages of 12 and 15. The Scout program is the cheapest recreation and citizenship training course any town can buy for the boys it can reach. Pampa without a Scout program would be almost as bad as a Pampa without churches. That is why every citizen should contribute to the Scout drive, both employes and employers.

MAKING SCHOOLS SAFER

Here is good news. According to the National Board of Fire Underwriters, the country has been making real progress in protecting children against the most horrible of hazards, fire.

School officials and fire chiefs have shown enthusiasm in co-operating with the National Board, which has prepared a Self Inspection Blank for schools.

In the last three years, 400,000 copies of the blank have been used. Various state departments of education have endorsed and recommended it. In the words of W. E. Mallalieu, general manager of the Board, "we never will know how many school fires and deaths have been prevented by this work, but we are satisfied that the plan for periodic inspections of school buildings is practical and effective. Even in new schools of modern design and fire resistive construction, constant supervision of the maintenance factors is necessary if the lives of the school children are to be properly safeguarded. The Self Inspection Blank for schools covers the maintenance as well as the structural conditions in schools."

School boards which take advantage of this service to check the schools nder their jurisdicion, and correct hazards, are to be commended. The school boards which do not, to put it mildly, are derelict in their duty. Thousands of American schools contain grave dangers which can be eliminated. Every school district in the United States should make scientific inspection of schools a periodic job.

Yesteryear In Pampa

TEN YEARS AGO TODAY

A contract was signed between A. S. Page, post office building inspector of Fort Worth, and J. N. Duncan, owner of the local postoffice building, to erect a 25-by-30 addition at the rear of the building.

★ ★ ★

Sixty-five absentee votes were cast in the courthouse removal election, 55 of that number coming from Precinct 2.

★ ★ ★

FIVE YEARS AGO TODAY

D. E. Cecil was elected commander of the Pampa chapter of the Veterans of Foreign Wars, replacing J. W. Woodworth, who resigned.

★ ★ ★

Laying drainage tile at the municipal swimming pool and installation of piping were under way.

Tex's Topics

There is much pro and con comment being heard about the fairgrounds park situation with particular reference to the grandstand structure . . . In all fairness to everyone concerned, it should be stated that city officials are endeavoring to get the best deal they can for Pampa on a new grandstand . . . They have been successful so far in that they have obtained government approval of an expenditure of $8,400 for a new steel structure and a promise to rebuild it.

★ ★ ★

The city commission has been between, so to speak, the devil and the deep blue in this matter . . . One contingent of their constituents keeps after them to get the grandstand built, citing need for it in civic events that are held each year, including the annual fiesta and the summer-long softball games . . . Another group shouts equally as loud its disapproval, declaring there is no need for the grandstand . . . They say that the city should use its efforts to get a recreational building instead.

★ ★ ★

Both sides have their arguments, and many of them are good ones . . . However, the grandstand is there now . . . It seems to be good judgement that we ought to get the most out of it that we can . . . One hears that the city has plans under its hat to get both of these projects for Pampa, without going into any additional bonded indebtedness . . . The city commission has not been approached yet on the recreational building program . . . No committees have called on the commission to talk the matter over . . . This, no doubt, is because the civic center committee wishes to have a concrete plan of some kind before it goes before the commission . . That is good business, too.

★ ★ ★

One dislikes to see a political issue made out of civic projects . . . The grandstand and fairgrounds park long have been falling into that category. . . It is to be hoped, mightily, that the recreation building plan is not made fodder for any political binder. . . . What you read here is merely one man's opinion. . . . I believe that level-headedness and fairmindedness should accompany both the grandstand and recreational hall plans . . . If that isn't the case, both of them will fall by the wayside, and all Pampa will get out of it is a lot of unproductive wrangling insofar as city progress and growth are concerned.

★ ★ ★

In what has been said in the foregoing paragraphs there is no intention to condemn or commend. . . The idea that I am trying to make is that we ought to be fair in our considerations of the matter and hold any destructive criticism in check until we are absolutely certain that we know what we are talking about and that what we might say will serve, instead, as a constructive criticism and get us off onto the right track for a united citizenry . . . One hopes that this point has been made clear.

Sharing the Comforts Of Life ... By R. C. Hoiles

PROPOSED REVISION OF UNDISTRIBUTED PROFITS TAX

The news reports constantly refer to a revision of the Undistributed Profits tax. The reports indicate that the committee is attempting to pass a law that will discriminate between the Undistributed Profits Tax on corporations widely held and those held by a small group or a family. Any revision of this kind is just a legal form of anarchy and robbery. In the long run, it will hurt every worker.

Any tax law whch does not apply the prnciple of attempting to charge each individual as nearly as possible in proportion to what he costs the government, or in other words, the Universal Rule, is just a legal form of collective robbery. It is the large group, because they have the power of the votes, taking from a small group their ability to manage and harness the forces of nature and convert them to the benefit of mankind as a whole. It is not even intelligent robbery.

This kind of tax revision will be of little value to restoring prosperity and furnishing jobs at good wages to workers. As long as we continue the policy of collective robbery from those people with natural talents, our people as a whole will suffer. When we violate the common laws of decency and honesty and interfere with the natural and free division of labor, we hurt the humblest worker. Until we begin to realize these principles, we can have no permanent prosperity. Our original Constitution, under which we prospered as no other nation in the world has prospered, recognized that the Universal Rule was the Golden Rule. Since we have abandoned these principles, we have reaped the inevitable punishment for these violations.

★ ★ ★

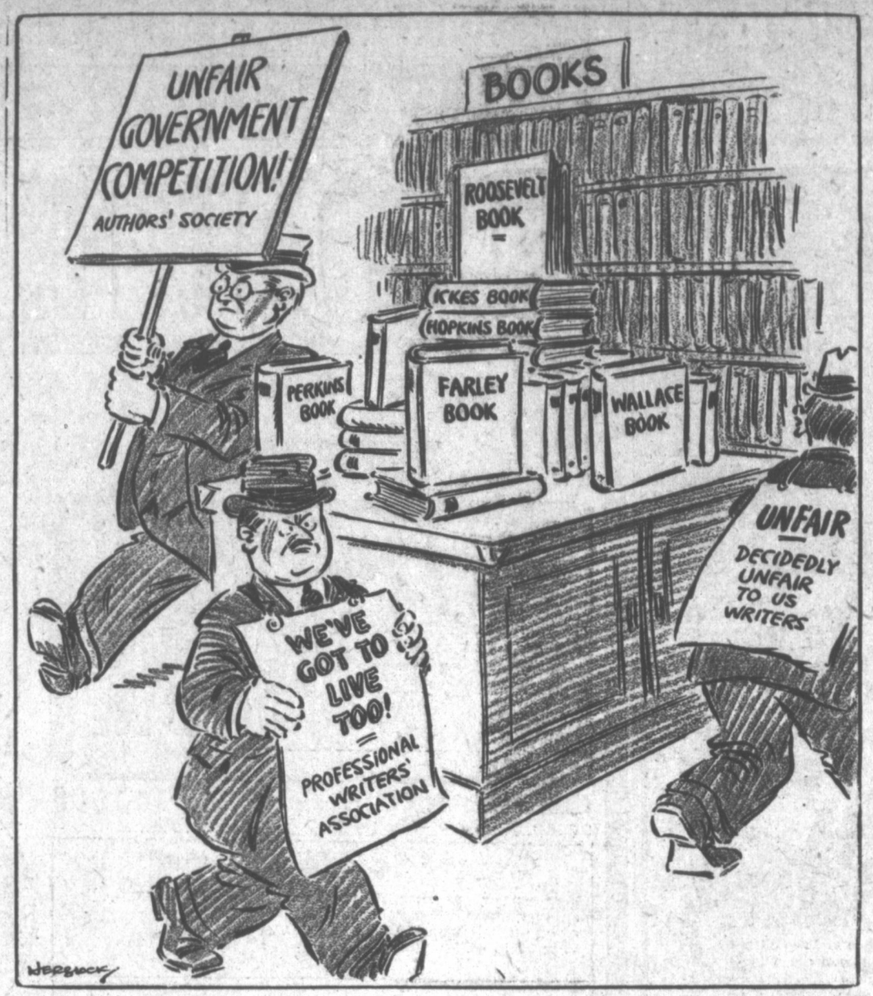

BIG WRITE OFF

As the administration is proposing again to follow the Hoover tactics of loaning money to business men, it might be well to note that a bill was passed last week in one-eighth of a minute, wiping out as lost 2800 million dollars of assets of the R. F. C., heretofore carried on the treasury books as collectable.

We wonder what year this will be charged up as a deficit. Will we add nearly $3,000,000,000 this year or will we regard it as a deficit in former years

It is difficult to tell what we are doing with our present method of government bookkeeping.

Will It Come To This?

Man About Manhattan

—By GEORGE TUCKER

NEW YORK—Alexander Woollcott's debut as a full-fledged dramatic actor in "Wine of Choice" was an interesting first night event.

There was something intriguing in the idea of this ex-critic appearing before his former colleagues in actor's clothing. It suggested the parallel of that nosey Mexican general who elected to face his own firing squad. And not one in that audience of famous names, ermine wraps, and raised eyebrows could tell how it would turn out.

Happily, Mr. Woollcott is a man whose talents are not limited to a single field. As a critic he was esteemed; as a broadcaster he was cheered; as an author, honored. But this donning grease-paint was a clinical experiment which the probers of the drama watched with rapt attention.

"Mr. Woollcott, I think, carried the greater share of audience interest at last night's showing," comments one reviewer. "He has gained both in stature and self-possession and he speaks with conviction. . . and that nice sense for rhetorical values that is his gift. It may be because of personal interest, but I find Actor Woollcott a fascinating study. I can not for the life of me understand why, being rich and independent, he wants to act."

Meanwhile another of Mr. Woollcott's ex-conferes was happy to find him "detached from that twin sofa on which he languished so eloquently" eight years ago in another comedy in which he appeared briefly. "He plays a gossipy busybody. . . and though he is more acted against than acting, he recovered from his first act jitters to finish with complete aplomb, suggesting, indeed, by his impetuous humors, the stabbing comedy of his idol, the lamented Mrs. Fiske, under full sail."

But if Mr. Woollcott was accorded a red posey, Mr. S. N. Behrman, as author, escaped less fortunately. "There is little to praise," suggested a third reviewer, "beyond a taut and sparkling performance by a band of first rate professional actors with the portly Alexander Woollcott tossed in for groaningly full measures."

And corroborating this: "The weakness of the play is that there is very little play, an while sophisticated conversation is agreeable, three hours of it—and nothing more—doesn't make drama."

However, our Town Crier, "upholstered in a dressing gown," and "looking just a wee bit like a captive balloon," is always "engaging," "engrossing," "effective" "agreeable.'

In sum, the play is mostly hit and miss, but Wollcott in person deserves a hearing. His acting may delight or disappoint you, but, like a parade or an eclipse of the moon, it is something that shouldn't be missed.

I still think the meanest man in the world was the father who named his daughters after three race horses—Cryula, Pryula, and Abdel.

INDIAN'S WIFE TOLD TO PAY LAWYER $15,000

LOS ANGELES, March 5 (AP)—Mrs. Anna Laura Barnett, one-time wife of the late Jackson Barnett, oil-rich Indian, was under court order today to pay $15,000 to her former attorney, Paul R. Hutchinson. The attorney had sued for $25,000.

Hutchinson represented Mrs. Barnett in her fight against the United States to prevent annulment of her marriage to the elderly Indian. The government succeeded in having the marriage annulled with the result that most of Barnett's $2,000,000 estate reverted to other heirs.

People You Know

By ARCHER FULLINGIM

At least one local high school play fan believes that Kenneth Carman has gone as high as he can go. "That play he put on the other night, 'Her Step Husband,' was as good as any I ever seen at Harley Sadler's," he said, and Mr. Carman accepted the doubtful compliment because he knew that to that man a Sadler play represented the peak in entertainment. As a matter of fact, the high school play turned out to be more successful at the box office than any Sadler play ever staged here. The high school auditorium was packed both nights, and more people saw the farce than ever saw a play here. Life with Mr. Carman is just one play after another. That was the seniors' play Thursday and Friday nights. Later on, he will have to direct the junior play, and the juniors will have to go some to beat the seniors. The juniors want a mystery. Now Mr. Carman does not like mystery plays, but he reckons that in the end he'll pick a mystery for the juniors. Already taking up plenty of his time is the one-act play, "Rich Man, Poor Man," with nine characters. This play, to those who have heard it, is even funnier than "Cabbages," last year's play. Mr. Carman will again break precedent. Most directors would not "touch" a contest play with as many as nine characters. Pampans who think they laughed a lot at 'Her Step Husband' should not miss the one-act play. . . There are 55 students who will try out for the comedy.

Cranium Crackers

(In this series of Cranium Crackers with a court room query, unusual local statutes may alter slightly the legal decisions given.)

In 1927 a bank sold a tract of forest land adjoining the Cabinet National Forest to Mrs. Christie for $2,500, to be paid in installments over a period of years. Until the entire purchase price was paid the bank was to retain title to the property, but, from the date of the transaction, Mrs. Christie was to have the right to its possession and use.

Before the sale price was fully paid a fire broke out on the land. The bank made no attempt to control the fire, but the Supervisor of the Cabinet National Forest dispatched men and equipment to the scene and after more than a week of fighting, extinguished the blaze at a cost of $1,163.28.

The state statute provided that the person or firm on whose property an uncontrolled or spreading forest fire exists is responsible for taking reasonable steps to control the fire and upon failure to do so becomes liable for the cost of extinguishing such fire. The United States sued the bank and recovered judgment. The bank appealed, claiming that under the terms of the statute they were not the person on whose property the fire existed.

(Answer on classified page.)

Around Hollywood

—By ROBBIN COONS

HOLLYWOOD—Add to the fast-vanishing tribes of Hollywood the old sailing salts who can tell you what a dead-eye is, or a swifter, or a cathead.

"There's just about a dozen men left," mused Chris Christensen, "who know about an old-time rigrin'."

Old-time rigging has been the movie livelihood of Captain Chris these 15-odd years. During that time he's built most of the windjammers and schooners used in pictures—built them on sound stages, or remodeled practical craft used in sea-going scenes.

Sailors conversant with royal halyards and gallant halyards are becoming so rare that Chris Christensen, himself 25 years at sea, has been placed under exclusive contract to 20th Century, where it's his worry to round up enough veterans of the seven seas to whip together in quick time a wind-jammed for "Slave Ship" or the current "Kidnapped."

"We can do it with regular studio carpenters," he said, "but it takes longer. Because I've got to explain what I mean when I use the jargon. We put up that ship for 'Kidnapped' in 10 days, with help of some veterans. But they're scarce. Lot of 'em get back to sea, slack times in pictures, then I get a call and have to prowl around down the harbor, hunting new ones."

Must Be Perfect

Modern "old-time ships" are equipped with hydraulic jacks. They can pitch and roll and shiver—on a sound stage—under control of levers. Makes sea films a heap simpler. But none of Christensen's movie boats, even the sound stage variety, is a shoddy makeshift. The camera can look in any direction on them and not find fault. Once, long time ago, Captain Chris thought he'd save money by "fixing up" only those parts the director would shoot. That was on "The Divine Lady," Frank Lloyd diceting. Came a day when Lloyd changed his mind about an angle. Chris and crew did some scampering to "cover up,"—he doubts that Lloyd suspected it—but that taught him a lesson. Stem to stern, his ships now are camera-worthy to the last knot.

At sea at 12, Danish Chris has lived through shipwrecks and fires, was twice "around the Horn" before he was 21, has been shanghaied, and had hair-raising experiences to fill a book. Maybe when there's a slack time in movie shipbuilding, he'll fill it.

Once 'Rigged' A Desert

But there hasn't been much slack time since "Mutiny on the Bounty" clicked. "Souls at Sea," Captains Courageous," "The Buccaneer," "Slave Ship" and other sea pictures have been kept Hollywoods ocean veterans busy.

And even when the movies stick to land, there's work for Chris. He had a big job—handling 14 miles of rope and canvas for tents on "Under Two Flags," in which the entire background was desert!

What happens to these movie ships that never go to sea? Most of them go to the studio incinerator. There's no space for them on the stages, once the picture's done, and outdoors they warp and rot. Picture requirements, sadly, make salvage impossible. For the camera they paint the ropes, spray the canvas sails. And after that, as Chris or any seaman will tell you, they're no use to anybody.

Rose Fritz won the first world's professional typewriting contest in 1906, with 62 words per minute. Today's champions average more than 135 words a minute for one hour.

Behind the Scenes In Washington

By RODNEY DUTCHER, Pampa Daily News Washington Correspondent.

Commissioner Paul V. McNutt's chances for the presidency in 1940 seem to be about as good as those of anyone else.

That statement means nothing at all except that no presidential possibility can be said at this time to be nearer the goal than any other, that all nags are still at the post and that no one yet can forecast weather conditions or the state of the track.

The big blowout organized here in McNutt's honor by Senator Sherman Minton and other Democratic admirers from Indiana, although razed by most commentators and largely boycotted by the administration, did give the commissioner to the Philippines a huge amount of publicity and did let the country know that McNutt was a candidate.

Three Handicaps.

Otherwise there is no discernible effect. There's always a legend that it's dangerous to start a presidential boom at such an early stage. But it would be difficult to prove that any harm has been done to the McNutt candidacy. Troubles and triumphs of 1940 candidates are in the future.

McNutt has proved himself an able practitioner in party politics and war-veteran poltics. As governor of Indiana he was more efficient than most governors and built a very strong Democratic machine.

His chief handicaps are the coolness of Farley and Roosevelt toward him, antagonism from labor ranks and widespread opinion among his critics that he would be a dangerously ruthless man to have on top if the nation were threatened with Fascism. It's quite possible that within another two years these handicaps may not seem so large.

Senator Burton K. Wheeler's public assertion that President Roosevelt couldn't be elected if he were nominated for a third term merely demonstrates that the Wheeler-Roosevelt mutual antipathy is still in full bloom and that Wheeler feels he needn't worry if he continues to make Roosevelt sore. Two years and eight months before the presidential election, Wheeler probably isn't any better qualified to prophesy than many others who aren't sure.

The brilliant Montana senator's promise to urge nomination of a "progressive Democrat" of the type of Republican Senators Johnson of California or Borah of Idaho is especially interesting because in 1940 Johnson will be 74 years old and Borah 75. No man past 55 has been elected since the election of James Buchanan, who was 65. Wheeler himself, who insists he won't be a candidate, will be only 56 in 1940.

Few more startling figures have been issued by the government in recent years than those giving a year's record of 9407 families in American villages—sampled to give a representative cross-section—which show 5,191 families "getting ahead" financially, 3,229 falling behind and 987 breaking even.

The implications are accentuated when these facts are considered: 1. The 12-month period used for comparison was in the years 1935-36, when recovery was marching right along. 2. The masses of families on relief were excluded from the survey. 3. Disastrous effects of the depression which began last fall are, of course, not reflected.

ROAD CROSSING WORK STARTED AT DALHART

DALHART, March 5.—The State Highway Department began work Wednesday on the hard-surfacing of 600 feet of road from the asphalt-topped section of U. S. highway 54 to the junction of Denrock avenue and Second street over the Fort Worth & Denver railway crossing. The job will cost around $2,000 and employ from 11 to 13 men, said Billy Grundy, highway section foreman.

How's Your Health?

By IAGO GALDSTON, M.D.

This is a cardinal principle among physicians: If you cannot benefit a patient, for certain you must not harm him.

Unfortunately, many a patient does not show the same concern for his own welfare, not at least when he tries to treat himself for a cold.

Sedatives, alcohol, anti - fever drugs, blood vessel constrictors, cathartics, and so forth, are the ingredients of the remedies commonly used in self-treatment. None of these can really cure a cold. In fact, there are no drugs or remedies that can.

In their advertisements, the makers of some of these so-called remedies claim that they can break up a cold, or bring quick relief from the cold. But such claims are meaningless.

The facts are that most patented cold remedies are either worthless, and hence a waste of money, or they are dangerous.

I include among dangerous drugs those with an ancoholic "vehicle." Alcohol is likely to give the patient an entirely false sense of well-being and to mask important symptoms. Sedative drugs are likely to prove injurous in the same way—by masking symptoms. And more than a few sedative drugs are toxic in that they destroy both white and red blood cells.

Fever remedies must not be used indiscriminately for it has not been shown that fever, except when excessive, in any way injures the body. On the contrary, in the attempt to cut short a cold, we usually try to raise the body's temperature to a point where sweating results.

Nose drops, consisting of an oil vehicle (liquid petrolatum) carrying aromatic drugs and blood vessel constrictors, are neigther entirely helpful nor entirely safe. Such nose drops, as well as oily-sprays, frequently interfere with the self-cleansing action of the lining membrane of the nose and throat.

The blood vessel constrictors are open to suspicion on the same score, and some believe they pave the way for involvement of the sinuses.

Drastic purges upset the water balance of the body, and are likely to irritate the already sensitive gastro-intestinal tract.

So They Say

Girls have stopped blushing. The result is that they never get any blood in their face, their skin fades and they become ugly.
—MISS GRACE DONAHUE, Chicago, who is forming a National Association of "Blush of the Month" clubs.

Since I became an eligible bachelor many women from 15 to 70 have been simply insisting that they bless me with another marriage. I may have to marry again to get peace.
—ELY CULBERTSON, bridge expert.

Five-suit bridge is a false alarm. Most people can't even handle four-suit bridge and I know some who are pretty bad even with two suits.
—ELY CULBERTSON, bridge expert, commenting on the new five-suit bridge game.

A quarantine of the Atlantic and Pacific coasts could be effected by gases, making penetration by an enemy force impossible.
—DR. FRANK C. WHITMORE, president, American Chemical Society.

RANCH AT SAN SABA HAS "XMAS" BOVINE

SAN SABA, March 5.—"Believe It Or Not" Ripley would be interested in this Texas cow that is evidently a firm believer in Santa Claus.

Frank Chamberlain, owner of a ranch five miles west of San Saba, has a cow named Nancy that was born on Christmas day, 1933. When she was two years old, Christmas day, 1935, she gave birth to a heifer calf.

And she has given birth to calves on each Christmas day since, Dec. 25, 1936, and Dec. 25, 1937.

Side Glances

By George Clark

"Well, you can just go back and tell my old friend Jackson to stop sending young blockheads around with letters of introduction."

TEN SETS OF TWINS ACCEPT INVITATIONS

Pampa twins will gather at 2:30 o'clock this afternoon at the home of Mr. and Mrs. L. B. Schlemeyer, 454 North Starkweather, to celebrate the second birthday of Velma and Selma, twin daughters of the Schlemeyers.

At this unusual party, only twins will be guests. An effort was made to contact as many Pampa twins as possible and invite them to the party. Ten sets of twins have accepted invitations. Ages of the twins range up to 12 years.

There'll be a cake with candles, and games will be played during the two-hour party.

Little Misses Velma and Selma were two years old yesterday, but the party is being given today, as more adaptable for the "twins convention."

workers in the automobile plants who are now either out of work entirely or on restricted schedules.

"Without in the least discounting the importance of putting men back on the job, we in accident prevention work are also impressed by the safety possibilities of the campaign," the police head commented. "Worn-cut cars, and especially those with old tires and unsafe brakes, are at the bottom of many of the accidents which we investigate today.

In Chief Hurst's opinion, National Used Car Exchange Week should offer owners of old cars a powerful inducement to step up to better transportation.

"However much I might approve of the general idea," he said, "I cculdn't generate as much real enthusiasm as I feel if I didn't honestly believe that the drive would 'take hold' with the public, and that a good many worn-out cars would be retired from the streets. After seeing what some of the dealers are going to offer this week, I'll go on record and predict that the drive will reduce not only the industry's problems, but my own."

The following Pampa automobile dealers are cooperating in "National Used Car Exchange Week": Tom Rose (Ford), Cullum & Son, Tex Evans Buick Co. Inc., Lewis Pontiac Co., Culberson-Smalling Chevrolet Co., Hampton & Allen Motor Co. Inc., and the C. B. Gloar Motor Co.

the chapel at Pampa Mortuary after which the body will be taken overland to Vernon for burial Monday afternoon at 4 o'clock. The Rev. John Mullen, pastor of First Christian church, and the Rev. W. M. Pearce, pastor of First Methodist church, will have charge of arrangements here.

Pallbearers will be O. O. Ingram, Jack Farris, John Cooper, Fred Newcome, Ray Stepp and C. L. Courson.

RELIGIOUS CENSUS TO BE CONDUCTED TODAY

For the purpose of obtaining exact information on the total number of church members in Pampa, an intensive house-to-house canvass will be made this afternoon by 150 workers.

Equipped with census cards that will show the name, address, denominational membership, and whether or not the person interviewed was a member of some church in another city, the workers will cover the 20 areas into which the census has been divided.

Members of the Ministerial Alliance, sponsoring the census, are urging that Pampans remain at home Sunday afternoon so that an accurate check may be made.

There are 15 members of the Alliance and the volunteers who will make the census are from the churches represented in the Alliance.

ing employed to hasten progress from the canyon sections.

At Camp Baldy, there were 13 children, 25 women and 20 men. A crew of rescue workers sent into the canyon failed to get through last night and were to make a new attempt today.

A. C. C. C. camp, on the ridge of San Antonio canyon, signaled to sheriff's aviators that 50 youths there were badly in need of provisions.

From the flood control station at Big Tujunga, came this appeal today:

"We need bread, milk, candles and coffee. We need gasoline for our stoves. No groceries."

There are at least 25 people at Big Tujunga. The resort hotel was wiped out. The 25 are sleeping in the one tiny remaining cabin.

Mud, silt and debris—piled six to eight feet deep in some sections of the Anaheim-Fullerton-Atwood district—may cover bodies that never will be found. There are many Mexican communities, such as La Jolla (not to be confused with the San Diego county town of the same name), where many who are missing are feared lost forever in the sea of mud.

March field, the great army air base, was still isolated. Eight thousand pounds of food were flown to it today.

March field aviators joined in the humanitarian work of flying food to devasted sections. They also were completing an aerial photograph of the flooded district to aid in estimating the total damages and to help in the rehabilitation work.

A nervous, indecisive man, whose war tactics against the Americans during the Revolutionary War are still a mystery, Sir William Howe officially reported that he couldn't beat the rebels when his army was 4 times as strong as Washington's and the British Navy was on hand.

WOODROW WILSON OF DALLAS BEATS ABILENE FOR STATE CAGE TITLE

WEST TEXANS DEFEATED IN FINALS 41-27

By RAY NEUMANN

AUSTIN, March 5 (AP) — Woodrow Wilson's wily Wildcats of Dallas tonight won the 1938 Texas high school basketball championship, walloping a willing but outclassed Abilene aggregation, 41-27.

Malcolm Kutner, Wilson's great forward, took high point honors with 13 in leading the fast-breaking team-work which spelled victory for the Dallas five.

Kelly Simpson, other Wildcat forward, annexed runner-up honors, looping 11, while Jimmy McCarthy, a guard, snagged 10. Guards Frank Brahaney and P. H. Hill tied with nine each to lead Abilene's scoring.

The Eagles played a blazing brand of basketball compared with their ragged showing against Bowie of El Paso n the semi-final contest this morning, but their best was to no avail against the smooth-functioning Wildcat crew.

John Reagan's Bulldogs of Houston, pre-tourney title favorites, vanquished a fighting Bowie combination from El Paso, 25-22, for third place honors in the curtain raiser to the championship clash.

Bowie's brilliant bears, small in stature, compared to Reagan's towering five, fought every inch of the way, pushing the Bulldogs, exhausted from their feverish semi-final contest with Dallas, to the utmost.

The blazing Bears, showing unbelievable stamina, smeared play after play of the winners with quick floor work and the game was in doubt until the final whistle.

Wilson's Wildcats, led by their brilliant captain, blonde Malcolm Kutner, upset the high-powered Reagan outfit in the semi-finals by the scant margin of one point, the winning score swishing thru the hoop in the final minutes.

Furious passing inside Reagan's defense finally enabled the Bulldogs to overcome a lead the Wildcats held for three quarters and the score stood 28-27 for a moment. While the stands screamed, the elongated Kutner sank a field goal to make it 29-28 for Wilson and the Dallas club then froze the ball.

Kutner, a forward, led both clubs in scoring, totalling 11 points.

Abilene Falters

Abilene's high-flying Eagles, looking like anything but the fast-breaking team which took the court in the first round, could thank the inaccuracy of Bowie's free shots for their 27-20 win over the irrepressible El Paso cagers

The fighting but outclassed Bears nervously missed 11 free tries in all, but managed, through rapid floor work and under-the-bucket goaling, to whittle down a long Abilene lead in the last half. The clever Jesus Rios, a guard, was responsble for half of Bowe scoring.

In first round games yesterday, Reagan coasted to a 37-16 win over Bailey, "dark horse" entry from East Texas; Wilson washed out Belton of Central Texas, 43-24; Abilene blasted Carey, 1937 champions, by 36-14, and Bowie eliminated Kingsville, 45-30.

Former Guerillas And Reapers Cause Worries

Football coaches worry all the time, it is understood, and Mrs. Odus Mitchell and Mrs. J. C. Prejean verify the statement regarding their Harvester-coach husbands. This year the coaches have company along the worrying lines and their fellow sufferers are Harvester lettermen who reported for spring training last Tuesday.

And the lettermen have cause to worry. That cause is the crop of ex-Guerilas and former Junior high Reapers trying for places on the Harvester team this year. They are a good looking bunch who will give every single Harvester back from last season a few headaches before a starting lineup is selected.

Starting tomorrow, coaches plan a campaign of scrimmages and practice games with ex-Harvesters still in school. The coaches don't have any more idea of a starting lineup than do the rail birds, and they, for a change, are buffaloed.

"Every boy will get a chance to show his stuff and the best man will get the call regardless of whether he is a letterman, Guerilla or Reaper," was the warning handed out to the 70 boys in uniform. "It's going to be work and more work this spring. Our plan is to get all the practice possible so that the fall will be devoted to learning and perfecting plays with as few scrimmages as possible which will cut down injuries."

New Boys Promising.

Principal worries of the coaches were search for a tackle and center. With the failure of Tommy Solomon to report for spring training, the mentors figured they had major troubles but that worry has lessened daily with the excellent showing of Carroll Montgomery, who joined the Guerillas late in the 1937 season, James Carlisle, up from the Reapers, Jack Hessey and James Evans, a couple of big fellows out for the first time, and a couple of boys up from the Reapers and Guerillas.

The center job is developing into a battle among R. G. Candler, last year a Guerilla, LeRoy Giles, former Reaper, Herbert Maynard and Leonard Dull and Glen Nichols, lettermen from last year. Nichols is also working at fullback and that appears to be his natural position.

A host of backfield men, ends and guards are battling neck and neck.

Brown Out Week.

Carl Brown will be out of uniform for a week. The big tackle had his tonsils removed Thursday and will be unable to practice for a while. Doyle Aulds, Guerilla fullback, will be unable to work out for some time because of a recent illness.

Among Harvesters lettermen out are:

BACKS—Captain J. W. Graham, John Kidwell, Albert Kemp, Bob Karr, Melvin Watkins, Pete Dunaway, Jack Leavitt.

GUARDS—Bill Stiles, Welby Parish, Truman Rumple.

TACKLES—Leonard Dull, Carl Brown.

ENDS—Bob Andis, Eugene Flemming.

CENTER—Glenn Nichols.

Guerillas scheduled to report include: Lester Clemmons, Robert Clemmons, Wayne Giddons, L. C. Bailey, Clifford Bailey, Carl Ripple, R. G. Chandler, Doyle Aulds, Walter Word, Willard Saulsbury, A. C. Miller, Grover Lee Heiskell, Cal Montgomery.

Junior high Reapers of last year in uniform include: L. B. Allison, Jack Morris, Clarence Mathews, Jimmy Shofner, Kenneth Mullings, Jack Termin, Wilburn Carr, Roland Phillips, Gerald Nichols, LeRoy Giles, John Thompson, James Carlisle.

STAGEHAND BEATS SEABISCUIT IN THRILLING PHOTO FINISH

By ROBERT MYERS.

SANTA ANITA PARK, Los Angeles, March 5 (AP)—Stagehand, a mere colt but a mighty one, captured the fourth running of the richest horse race in the world today—the $100,000 Santa Anita handicap.

Fifty thousand hysterical fans saw the rollicking 3-year-old drop the curtain on the race favorite, Seabiscuit, in a head-to-head battle down the stretch and in a camera finish by a nose.

Pompoon, who shared the pre-race favoritism with the great Seabiscuit, ran third.

Victory to Stagehand, owned by Maxwell Howard and trained by the ex-jockey king, Earl Sande, brought $91,450 net to the stable and marked the second major triumph of the black and white silks to Howard at the Santa Anita meeting. Stagehand won the $50,000 Santa Anita derby Feb. 22.

Jockey Nick Wall, flown here from Florida to take Stagehand into the race, booted the 3-year-old son of Sickle and Stagecraft over the mile and one-quarter in track record time of two minutes one and three-fifths seconds—a mark that has held here since Azucar won the first Santa Anita handicap in 1935 in two minutes two and one-fifth seconds.

Stagehand, running virtually the same race he turned in the derby, came up from behind, racing wide, to challenge Charles S. Howard's erstwhile handicap king, Seabiscuit, as they pounded down the stretch.

It was a bitter disappointment to Seabiscuit Howard for Mr. Biscuit lost the Santa Anita classic just a year ago by a nose to Rosemont.

Stagehand, emerging as a powerful threat to every 3-year-old in the nation, broke Mr. Biscuit's heart as they pounded the wire.

Jerome H. Louchheim's Pompoon, rated as "the horse Seabiscuit would have to beat," ran two lengths or more back of Seabiscuit, and Gosum, a slightly regarded candidate owned by still another Howard, Nelson A. Howard, ran fourth.

Top Row, A. A. Baroni's winner of the classic in 1936, apparently broke down in the gruelling struggle and his racing days were believed ended.

Given a great ride in a stirring rush at the finish, Stagehand nosed out the great Biscuit to bring his backers $9.20, $3.80 and $3. Seabiscuit paid $3.40 and $2.80 to place and Pompoon's third spot was worth $3.40.

A record also was set for the track in betting when $406,994 was wagered.

Seabiscuit made his bid for first off the back turn with Stagehand, winner of the Santa Anita derby and an entry in the Kentucky Derby, getting his head on the turn to pass Aneroid, the early leader.

They battled neck and neck to the wire, with the brown colt by Sickle out of Stagecraft showing the greatest stamina.

Top Row, winner in 1935 and an entry in each of the handicaps here, broke down on the back turn.

The old record of 2 minutes 2 1/5 seconds, was set in the inaugural race by Azucar.

ALL-SOUTHWEST CAGE QUINTET FEATURES THREE UNIVERSITIES

By FELIX R. McKNIGHT.

DALLAS, March 5 (AP)—One of the most explosive mythical offensive combinations in history today formed the Associated Press' all-Southwest conference basketball team, chosen, almost unanimously, by the seven coaches.

Three repeaters off the 1937 honor roll bobbed up again in the following five:

Forwards—Don Lockard, Arkansas, and J. D. Norton, Southern Methodist. Center—Hubert Kirkpatrick, Baylor. Guards—William Dewell, Southern Methodist, and Jack Robbins, Arkansas.

For Dewell, Norton and Lockard it was old stuff. Robbins, gridiron idol, moved up to a first team he missed by a single vote last year. Kirkpatrick, Baylor's thin man, pulled himself from nowhere to unanimous acclaim as the sector's ranking center.

Make 750 Points.

Some 750 points poured through the hoop from the fingertips of these five tall stars—or an average of 150 each. To Kirkpatrick, a gangling senior who didn't find himself until his last season, goes full credit for the amazing scoring punch. He shattered the league's single-game individual scoring record with 35 markers against Texas Christian, then moved along to top 200 points and set an all-time scoring record.

Ball hustlers Dewell and Robbins worked in their scoring as a "side line." Defensive bulwarks and backboard specialists, they probably had their hands on the ball more than any other men in the conference. Once, against Texas A. and M., Dewell, cat-like giant, missed only one rebound off the Aggie backboard. Robbins, together with Lockard, was instrumental in regaining Akransas' lost cage glory.

Deadpan Don Lockard, who finished the season with 168 points, nine more than his winning total of 1937, ran a ragged second in defense of his individual laurels but sacrificed many shots in teaming with Robbins, who roped 149 points.

Norton surged past his 125 total of 1937 to easily grab a forward position for the second straight year.

Of the five only Dewell, a junior, will be back next year.

Personnel of the second team: Forwards—Willie Tate, Texas, and Everett Clark, Texas A&M. Center—Ray Hamilton Arkansas. Guards—Clarence Gernand, Baylor, and Mike Seale, Rice Institute.

Honorable mention awards went to James Benton, Arkansas; Robert Moers, Texas; Ed Mabry and Jack Reedy, Texas Christian; Sam Dwyer, Texas A. & M.; Raymond Acker, Southern Methodist; Louie Freiberger, Texas A. & M.

SENTRY SLAPS U. S. WOMAN IN SHANGHAI

SHANGHAI, March 6 (Sunday)—Japanese asserted today 200,000 Chinese defenders of Shansi province were in complete rout, while Chinese reported new successes in North Honan province to the east.

The Japanese claims were on top of earlier reports that 20,000 of Generalissimo Chiang Kai-Shek's soldiers were captured in northwest Honan and another 1,800 wiped out in Shansi.

Both of these reported successes were behind the lines of Japanese advance columns.

Chinese said their advances were on the cross-line railroad between Paoi and Taokow, slightly north of th Yellow river, and was a prelude to a counter offensive. Their troops were advancing on Sunsien, six miles north of Taokow, northeastern terminus of the line, they said, while irregular units were menacing the Sinsiang area where the line crosses the main north and south Tientsin-Hankow railway.

The Chinese movement was believed to be a counter-thrust to relieve pressure on the Shensi province front where a wide-swinging Japanese encirclement was threatening the western extermity of the Lunghai railway corridor.

Another Protest Made.

Ma Liang is believed to be the oldest living official of the former Manchu dynasty overthrown by the 1911 revolution.

His installation left Shantung with two governors, as General Shen Hung Lieh, former mayor of Tsingtao, is carrying on in an administrative capacity for the central Chinese government.

While bitter fighting continued for domination of the important central China railway lines, United States Consul General Clarence E. Gauss protested to Japanese military authorities against the slapping of an American, Miss Grace Brady by a Japanese sentry.

Miss Brady, former resident of San Diego, Calif., was said to have been stopped by the sentry last Wednesday as she returned to St. Mary's Hall Episcopal school, in Japanese-occupied territory, where she is a teacher.

The sentry allegedly struck her while she was opening her bag at the soldier's orders. A Japanese spokesman's only comment on the protest was that "the Chinese woman accompanying Miss Brady talked back to the sentry."

LABOR UNION WARNS AGAINST ADVERTISING

Pampa merchants are being warned by the Pampa Credit association to contact that office if approached regarding purchase of advertising in an "official Labor Publication."

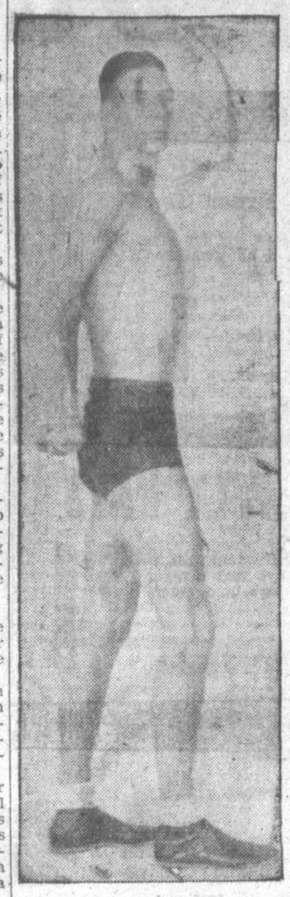

The Amarillo Central Labor union at its last regular meeting voted unanimously to continue its war on all unauthorized publications in this territory, W. H. Rogers, secretary, has announced.

The warning has been sent out to merchants, political office seekers and other advertisers that those publishers do not and can not belong to the Texas Labor Press association.

"Pampa merchants are urged to advertise in only authorized papers and magazines and that donations are given for recognized and approved causes," Walter Daugherty, secretary of the Pampa Credit association warned yesterday. "When merchants or individuals are approached for advertising or donations they should demand to see a permit issued by the Pampa Credit association."

Wrestling Card Monday Night Will Be Varied

Rubber Man

BILL "SLIM" HALL.

The elongated gentleman above, who looks like a basketball center, is "Slim" Hall, wrestler de luxe. The lengthy gent is a freak, yet he is a great wrestler. He is known as the rubber man of wrestling and he will appear at the Pampa Athletic arena tomorrow night, meeting Basanta Singh of Bombay, India, in the preliminary at 8 o'clock. Headlining the card will be Bill Venable and Gorilla Poggi. The semi-final will see George Hartay, another newcomer, facing Dick Sampson.

Variety will be featured on the weekly wrestling card at the Pampa Athletic arena Monday night when Promoter Cliff B. Chambers will present a rubber man, an Argentine wildman, a Hungarian, a woodchopper, a Sikh from India, and a baldheaded American.

And the beauty of the whole thing is that everyone of them are wrestlers. Even the rubber man is a top artist at the grapple business. He is Bill "Slim" Hall, 6 feet 4 inches of man from Hollywood. His job will be to meet Basanta Singh of Bombay, India, who appeared here, and made a real hit, about four years ago.

The newcomer, George Hartay, is a Hungarian who is recognized as one of the best middleweights in the country. He will be introduced to Pampa fans in the semi-final meeting with Dick Sampson who has no hair. The bout is expected to be clean and scientific because both have the reputation of being wrestlers and not roughnecks.

A main event in which anything can happen, but which is expected to see more roughing than wrestling, will feature Gorilla Poggi, wildman from the Argentine, and Wild Bill Venable, the woodchopper from Tuscaloosa, Ala. Poggi is the veteran who scared Sailor Jack Moran into wrestling fairly clean last week. Venable is the bird who likes to think he is forced to get rough.

Festivities will open at 8 o'clock sharp and fans are warned to be on hand for the preliminary. This lad Hall is a knockout. His opponent can tie him up in knots and he'll squirm and wriggle loose. Unless Basanta Singh has learned things on his recent trip to India he is liable to lose his head trying to pin the freak grappler.

Johnny Revolta Wins Tourney

ST. PETERSBURG, March 5 (AP)—Johnny Revolta, former P. G. A. champion of Evanston, Ill., won the St. Petersburg Open championship today by defeating Chandler Harper, 23-year-old Portsmouth, Va., professional, two strokes in an 18-hole playoff.

Revolta had a 75—four over par.

Revolta had intended to leave the golf caravan at Thomasville, Ga., but changed his mind at the last minute when he learned that the tournament would be played at the Lakewood Country club where he got his start as a course patrolman 11 years ago.

He blazed the way to the 54-hole mark with successive rounds of 69, 69 and 71 but faltered in the stretch and was tied by Harper, who posted cards of 69 and 68 for the last 36 holes yesterday.

They tied at the end of 72 holes with 282's, bettering par by two strokes.

Prison Baseball Prospects Gloomy

HUNTSVILLE, March 5 (AP)—Baseball prospects behind the walls of state penitentiary are very, very gloomy.

Diamond talent among the gents with stained characters has either reformed or is staying out of trouble.

Manager Albert Moore, who has guided five prison Tiger nines, admits "things aren't looking so hot this season." Two hours daily he sends 23 candidates through hard drills—getting them ready for the season opener against the Houston Buffs of the Texas league April 3.

War Admiral Wins $50,000 Turf Race

MIAMI, Fla., March 5 (AP)—War Admiral, unbeaten three-year-old champion of 1937, today won the $50,000 Widener challenge cup at Hialeah park for his tenth straight victory.

Zevson, New Orleans invader from Mrs. E. H. Bartlett's stable, was second, and Mrs. Emil Denemark's War Minstrel third in the field of 13.

War Admiral, carrying the silks of Samuel D. Riddle of Philadelphia covered the mile and a quarter in 2:03 4/5 under top weight of 130 pounds.

Allison Cagers To Compete in State Tourney

Coach John Peeples and the Allison Ramblettes will leave tomorrow for Greenville where they will participate in the State A. A. U. basketball tournament in which between 40 and 60 of th best girls teams in the state will participate.

The Ramblettes ended their campaign Friday night with a 35 to 22 victory over the Conlen-Mobeetie All Stars in the third game of a series played before packed houses in Wheeler. Allison won the first game, dropped the second and won the final clash.

Brown of Allison was high scorer with 12 points. Knight of the All Stars followed with 11. O. Jones, who has scored nearly 800 points this season, added nine points.

The loss to the All Stars was the first of the season for the Ramblettes who won more than 30 victories.

Is Your Credit Record Holding You Back?

Remove the "ball and chain"! Start now and rebuild your credit record by paying promptly.

YOU'VE seen them! Men who gave promise of brilliant careers—men who plodded and strove, year after year—yet failed just short of success!

Held back by the "ball and chain" of a bad credit record—their efficiency impaired by worries about bills—their chances at important positions and business opportunities were blocked by the shadow of "poor credit."

Not because they had planned it that way—but because they hadn't planned the right way!

Would thou heal up
The evenest of ill?
Pay every debt as if
God wrote the bill!
—Emerson

Today's plans are the realities of tomorrow. Plan now to make your credit a help in life—not a hindrance. Use your credit as a stepping stone to better things—a foundation stone for the future—by building an "O. K." credit reputation now.

Use your credit and pay all bills promptly; that makes—and keeps—your credit "O. K."

Pampa Daily News

Items for the Woman's Page are welcomed from Pampa and surrounding territory.

(VOL. 31. NO. 301) PAMPA, GRAY COUNTY, TEXAS, SUNDAY MORNING, MARCH 6, 1938.

MISS EDWINNA GILBERT AND ALBERT AYER WED RECENTLY

Federation Will be Formed by Women

Women of Pampa and surrounding territory felt the value of the fellowship experienced at the World Day of Prayer meeting at the First Methodist church Thursday so much that they voted to make plans to effect the organization of a Federation of Church Women following an inspiring talk by Mrs. W. M. Pearce.

"This is a national organization which is pledged through the united efforts of women of every denomination to the work of the church in its many phases.

Much credit is due Mrs. W. Purviance and her program committee for a morning of prayer and worship that will long be remembered. 132 women gathered in the Methodist church auditorium as Mrs. Jack Skelly played softly on the organ. A spirit of reverence prevailed during the entire session.

Mrs. Purviance spoke on the origin and meaning of the World Day of Prayer, while Mrs. J. M. Turner and Mrs. F. A. Hurst gave accounts of World Day of Prayer meetings held in the cathedral at Shanghai and in the mission station at Dulce, New Mexico in 1937. Mrs. C. Gordon Bayless talked on "The Church's Character of Fellowship" and led a group of women in responses which were followed by periods of silent prayer and the hymn, "What A Friend We Have in Jesus."

The Rev. Robert Boshen, representing the Ministerial Alliance, spoke on "The Church—A World Fellowship," emphasizing the oneness of all denominations in their faith in God and their love for Jesus Christ. He said that the whole Christian church must cooperate if we are ever to have world peace and if people everywhere are to have the right to worship God as they desire.

In keeping with the spirit of the day was the presence of the children of the negro school who sang spirituals under the direction of the school instructor. The panel on prayer, led by Mrs. A. C. Burge and including Mrs. J. B. Townsend, Mrs. C. W. Stowell, and Mrs. C. L. Thomas, was one of the inspiriational parts of the program. Mrs. F. C. Wilson then led a group in responses and intercessary prayer built around the subject, "Fellowship in Prayer and Service." Mrs. Harry Lyman sang "O Master, Let Me Walk with Thee," and Mrs. Wilson closed her period of devotion with a reading.

During the noon luncheon the Oil City Harmonizers sang the negro spirituals that are loved by all. The Methodist ladies showed their spirit of friendliness by serving coffee to everyone and by providing lunch for the Harmonizers. Mrs. Fred Roberts, in charge of the noon program, wel-

See FEDERATION, Page 10

Training School To Be Conducted By Church Group

Mrs. J. William Mason of Memphis will teach the young people's book, "Planning a Life," and the Rev. C. Gordon Bayless will be teacher of the adult book, "The Fine Art of Soul Winning," at the training school to begin at the First Baptist church Monday evening, March 7, at 7 o'clock.

Mrs. Merl Coday will teach the primary and beginner book, "Touring Story Land," and Mrs. John Josey of Amarillo is to instruct the juniors in the study of "The Junior and the Church." The intermediate book, "The Meaning of Church Membership," will be taught by Mrs. W. A. Fite.

In the intermission period from 7:45 to 8:15 o'clock, recreational games will be played. At the final recreational period on Friday evening, the juniors will present a play, "The Old Woman in the Shoe."

Anyone wishing to study these books is urged to be present Monday evening. The nursery at the church will be open each night.

Mrs. Green Named President of High School P-TA Unit

Officers for the new school year were elected at the meeting of the high school Parent-Teacher association in the school cafeteria Thursday afternoon.

Mrs. A. C. Green will follow Mrs. C H. Schulkey as president of the unit. Other officers elected were Mmes. L. L. McColm, vice president; T. C. Ritchey, secretary; Cyril Hamilton, treasurer; and W. D. Price, historian.

"Your child and his Avocation" was the theme of the program presented for the afternoon. A talk on art was made by Carroll Killebrew, art instructor in the Woodrow Wilson school.

The Rev. Robert Boshen spoke to the group on "Your Child and His Hobby." Two numbers by a double quartet concluded the program.

Pie Supper Set Fcr Friday Evening At Hopkins School

Plans are being made for an evening's entertainment on Friday March 11 at 7:30 o'clock in the Hopkins school number two school building when the Hopkins Parent-Teacher association will sponsor a pie social.

Mrs. Roy Reeder will present a program which will include two numbers by a chorus, numbers by the rhythm band, a solo by Daris Jones; tap dance, Vernell Bynum; and a song and dance duet by Daris Jones and Vernell Bynum. Other entertainment will be a solo by Ruby Faye Johnson, a duet number by Beth Fowler and Wileda Partridge. Accompaniment for these numbers will be played by Jerry Pace, who will play a piano solo.

Tickets are being sold at 50 and 25 cents. Pies will not be auctioned; instead they will be numbered and each ticket holder will be entitled to a number to be drawn from a box which will correspond to a number on a pie. Each lady is asked to place her name on the pie so that those holding the numbers will know whose pie they are getting.

Hostesses Named For Dinner-Dance At Country Club

Mmes. Ivy Duncan, Edwin Vicars Jack Dunn, and W. D. Kelley will be hostesses at their regular monthly dinner and dance to be given Thursday evening at 7 o'clock at the Country club.

Reservations may be made by Tuesday evening by calling Mrs. Duncan at 1062, Mrs. Vicars at 194, Mrs. Dunn at 1012-W, or Mrs. Kelley at 1108.

Music for the dancing will be played by Jessie's orchestra.

Loma Jean Simmons Celebrates Eighth Birthday With Party

Mr. and Mrs. I. P. Simmons entertained Thursday with a party honoring their daughter, Loma Jean, on her eighth birthday.

After registering in a pretty birthday book, the guests followed the rainbow to the end where they found clever St. Patrick baskets filled with candy.

Several games were played for which prizes were given to the winners, and many gifts were presented to the honoree.

Refreshments of ice cream and green and white birthday cake were served to Jolynn Jones, Arlene Proctor, Neoma Barrett, Ronald Jones, Yvonne Pickering, Rob Mallow, Jimmie Pickering, Jim Gilbert, Billy Ann Pickering, Mrs. C. C. Jones, Mrs. W. R. Pickering, the honoree, and the host and hostess.

Gifts were sent by Eleanor Ann and Catherine McNamara.

Sixth Grade Pupils Complete Series of First Aid Lessons

W. A. Noland, a patron of Horace Mann school, has completed a series of lessons on first aid for the pupils of the sixth grade of that school.

Mr. Noland, who is employed at the Portland Gasoline plant, has taken the course on first aid offered by the company.

Instructions in dressing wounds end fractures, treatment of poisoning, and the uses of bandages in emergencies were taught by Mr. Noland.

The sixth grade boys and girls of the school wish to express their appreciation for the interst shown in the work by the instructor.

Rebekah Lodge Entertains Guests, Members at Social

A social hour was conducted following the regular meeting of the Rebekah lodge Thursday evening in the I. O. O. F. hall.

Ruth Roberts, Noble Grand, presided at the regular meetng which was attended by 35 members.

Arrangements for the entertainment which followed were made by Flo Spoonmore.

After esveral games were played, refreshments of pie and coffee were served to 75 members and guests.

Sour Milk to Order

A little baking soda added to milk "on the turn" will sweeten it sufficently to use in baking. Also, if your favorite cake recipe calls for sour milk and you have none, vinegar or lemon juice added to the milk will sour it. If you use vinegar, add two tablespoons to a cup of milk.

Ace of Versatility in Spring's Leading Suits

This new spring blouse, of soft-finished organdy in a fine, shadow-printed lace patterning, can be worn with soft tailleurs or strictly tailored suits. Both tailored and feminine, it is trimmed with self-fabric edging, and is shown here with a tailored skirt with built-up waistline and Tyrolean-like suspenders.

Educators Will Address Group At Canyon Soon

By EUGENE MANN

The Northwest Texas conference for Education will convene at West Texas State college at Canyon on March 18 and 19, Charles M. Rogers, superintendent of schools, Amarillo, is president of the conference and will preside at the general sessions. Teachers and those interested in education will attend from over the Panhandle section.

Prominent educators who have been scheduled to address the convention include: Dr. A. J. Stoddard, superintendent of Denver, Colorado, schools; Dr. B. F. Pittenger, dean of the school education, University of Texas; Hon. L. A. Doods, state superintendent of public instruction; Dr. A. W. Evans, head of department of education, Texas Tech; Dr. Maycie Southall, professor elementary education, George Peabody college for teachers.

Panhandle school men appearing will include: Dr. J. A. Hill, president of West Texas State; Superintendent Irby B. Carruth, Canyon; Dr. Harris M. Cook, West Texas State; and many others who will take part in sectional meetings.

Parent-Teacher workers, administrators and others are invited to the luncheon on Cousins hall, Friday noon. Plates are 75 cents.

W. B.: Weatherred, county superintendent of Gray county will head a symposium, "Parent-Teacher Problems." Assisting Supt. Weatherred will be 20 principals and superintendents.

Conference Periods At Childress

Conference periods with Mrs. H. P. Clemons of Dimmitt in charge will be conducted on Friday, April 1, at the Eighth District conference at Childress. Program making and yearbooks, financing and budgeting, city and county councils, junior and senior high school associations, publications and publicity, executive boards and study groups make up the various classes.

George Heath, superintendent of White Deer schools, will lead conference goers in a play hour Thursday, March 31, following the evening sessions of the convention. He is to be assisted by A. L. Patrick, principal Sam Houston school, Pampa.

National Field Secretary At Canyon

Mrs. Charles E. Roe, national field secretary of the Congress of Parents and Teachers will conduct an all day meeting of parents and teachers at West Texas State college, Canyon, on March 25. Mrs. C. T. Hunkapillar, district president, will be Mrs. Roe's official hostess while in this district.

Lubbock district has been invited to attend. Those in charge urge as many members as possible to attend as they are to register and the district registering the greatest number will receive recognition.

Announcement of Engagement Made At Skellytown

SKELLYTOWN, March 5—Mr. and Mrs. C. H. Jacobs of Skellytown announce the engagement of their daughter, Melba Pearl, to Buster West of Borger.

The couple plan to be married after the school term and will make their home in Borger.

Mr. West is employed with the Columbian Carbon company at Borger.

Fourth Birthday Of Couples Class Observed at Party

Celebrating the fourth birthday of the Couples class of the First Methodist church, Mr. and Mrs. Roy Kretzmier entertained with a party at their home west of town on Friday evening.

After an hour of games, refreshments of ice cream and cake were served by the hostess to Messrs. and Mmes. George Swingle, Ted Stites, Campbell White, Irl Smith, Bennie Adams, J. C. McWilliams, Homer Lively, Temple McQuirk, A. B. Whitten, and Mrs. John Skelly.

Dancing Instructor Leaves for Europe With Ballet Troup

Miss Constance Ferguson, teacher of ballet dancing in Pampa and Amarillo, is en route to New York to sail with Col. de Basil's "Ballet Russe de Monte Carlo" as companion and chaperone to Miss Sid Finklea, 16-year-old dancing progidy of Amarillo, who has recently joined the greatest ballet troupe as a featured ballerina. The company sails on March 12 for a month in London, after which it will have engagements in Vienna, Berlin, Rome, and other principal European cities.

Miss Ferguson will remain with the company in Monte Carlo during the preparation of the new repoitoire for next season and the month's vacation in that city. It is probable that she will act as assistant to Col. de Basil in rehearsals, having held a similar position in Theodore Kosloff's ballet school in Los Angeles. She described the association with the company and the great ballet master as an unusual opportunity for new study ballet master as an unusual opportunity for new study.

Col. de Basil, on his part, paid notable compliment to Miss Ferguson's ability as a teacher, in declaring the technique of her former pupil, Miss Finklea, as superior to that of the Ballet Russe's prima ballerina. All of young Miss Finklea's technique and fundamental training were received in five years of daily study with Miss Ferguson, with further training in dancing in California.

Miss Ava Lee Sullivan, another talented pupil of Miss Ferguson, will be in charge of the latter's Pampa classes until next October, when Miss Ferguson expects to return to her studios. Many who attended the one recital which Miss Ferguson has presented during her three years in Pampa will remember Miss Sullivan as one of the several pupils from Amarillo who gave beautifully executed solo and featured numbers. She will conduct classes on Saturdays only in the Pampa studio, with the younger groups meeting in the mornings.

Intermediate G. A. Girls Have Regular Meeting Recently

Intermediate G. A. Girls of the First Baptist church met last week in the home of Doris and Betty Roundtree for a program and devotional by Lyndall May.

Present were Phyliss Davis, Audrey Richardson, Lyndall May, Virginia Covington, Doris and Betty Roundtree, and Mrs. J. C. Roundtree.

The group will meet Tuesday evening at 7 o'clock at the home of Mrs. L. M. Salmon, leader. All girls between the ages of 14 and 16 are asked to attend and to take the gifts for the negro school.

Miss Shirley Feted At Party by Friends

Miss Merle Shirley, who will be connected with the Pampa-Jarratt hospital, was honored by a group of friends with a party which began at the hospital Wednesday evening.

The vening of entertainment was continued at the Ernest Sander's home.

Expert to Conduct Course in Bridge

Five afternoons and evenings will be devoted to nothing but contract bridge in Pampa next week when W. Rufus Steele, internationally known expert, conducts his course at the City Club rooms in City Hall, beginning Monday, March 14.

The contract bridge school is sponsored by the finance committee of the Pampa Boy Scout fund campaign and The Pampa Daily NEWS. A percentage of the proceeds will go to the Boy Scout fund drive, which opens in Pampa tomcrrow morning.

If folk in the Pampa community—the school is open to both men and women—respond to the invitation to "learn the game," as people did at Amarillo a week ago, a great many tables will be occupied afternoon and evenings in the City Club rooms. The school will run through Friday and the full five-day course costs only $2 for each person.

Mr. Steele will lecture upon and explain the game of contract. He is one of the few recognized authorities on the game in America, holder of several international bridge tournament trophies, and author of books on the subject. He represents the American Brigade Congress. His instruction will follow the Culbertson system, which now is regarded as the standard everywhere.

Table reservations can be made now by calling the Boy Scout office in City Hall.

Three Hostesses Honor Mrs. Moore At Pretty Social

Complimenting Mrs. Glen Moore, Mmes. L. G. McCaw, Frank Olsen, and Price Harrison were hostesses at a shower given last week in the home of Mrs. McCaw.

A number of games were played by the group and refreshments were served to Mmes. C. W. Masters, J. F. Moore, Hooker, Bill Terry, Clyde Scarberry, Rufus Holmes, and Geneva Bean.

Gifts were sent by Mmes. Bertha Fortner, R. C. Grider, Roy Holt, Osman, Huff, Sandy Strickland, C. W. Ashley, Lee Howell, E. C. Lytle, Longbeach, California; Arthur Kirkwood, White Deer; Ward Kelly, J. N. Hess, M. D. Dwight, Bess Southard; Phyllis Kuykendall, Cora Lou Terry, and Ila Lee Southard.

P-TA Chairman

Mrs. Burl Graham, above, is serving her third term as membership chairman of the Horace Mann Parent-Teacher association. Room mothers under her direction have done outstanding work in making contacts between the home and school. Mrs. Graham also is secretary-treasurer of the Band Parent's club which is under the auspices of the P.-T.A.

Hostess of Kewanee Kamp Klub Feted At Novelty Shower

At the meeting of the Kewanee Kamp Klub in the home of Mrs. C. H. Cannon at the Kewanee camp last week, tea towels were worked on during the afternoon and the hostess was honored with a novelty shower.

After a short business session, refreshments were served to Mmes. Vance Sharpe, G. F. Morris, W. R. Cook, E. J. Robinson, L. F. McDaniel, and the hostess.

The next meeting will be held in the home of Mrs. J. A. Marsell on March 17.

ANNOUNCEMENT MADE AT DINNER FRIDAY EVENING

A dinner announcing the marriage of Miss Edwinna Gilbert and Albert Ayer, which was solemnized on December 30, at Erick, Oklahoma, was given by Mrs. D. C. Hartman in her home Friday evening. Assisting Mrs. Hartman was Mrs. J. E. Gilbert.

Centering the tables, at which the announcement was revealed by a word game, were arrangements of yellow spring flowers in attractive blue and yellow vases. Blue and yellow cards marked the places for the guests, and red roses were used in decorating the living room.

A three tiered wedding cake, topped with a minature bride and groom and encircled with tiny flowers, was cut by the bride.

Refreshments were served by the hostess to Mmes. J. E. Gilbert, Ivan Noblitt, Ray Mundy; Misses Violet Turner, Katheryn Ward, Petesie Cason, Betty Curtis, Lois Foster, Betty Bell, Donna Jo Berry, Dorothy Burton, Elizabeth Mullinax, Helen Jean Shellabarger, Eloise Simmons, Jessie Marie Gilbert, and the honoree.

Mrs. Ayer, who is the daughter of Mr. and Mrs. J. E. Gilbert, is a popular senior in the local high school where she was a pep squad leader last fall.

Mr. Ayer, son of Mr. and Mrs. E. J. Ayer, was graduated from Pampa high school in 1937. He is connected with the Ayer and Son Mattress company here.

The couple will make their home in Pampa.

Girl Scouts Learn Polka at Meeting In Little House

Robbie Lee Russell, president of troop one of the Girl Scouts, called the meeting of the group to order Thursday afternoon at the little house.

Following the salute to the flag, the pledge of allegiance, the roll call, and the reading of the minutes, Mrs. Katie Vincent gave a talk on the American flag. Mrs. H. H. Isbell taught the group the heel and toe polka.

The meeting was closed with the "Golden Sun."

Attending were 29 girls, three adults, and two visitors, Mrs. Katie Vincent and Mrs. H. H. Isbell.

RED DIPLOMAT TAKES BLAME FOR TWO WARS

MOSCOW, March 5 (AP)—A repentent Soviet diplomat today shouldered partial blame for war in China and Spain as he testified in the fourth day of Russia's greatest treason trial.

Efforts of the 21 confessed conspirators to get British aid for overthrow of the Soviet regime highlighted testimony of the defendants who said they acted under orders from exiled Leon Trotsky.

Christian Rakovsky, once Russian ambassador to Great Britain, told the crowded court room his activities as a spy for Japan and Britain "helped the aggressors," a consequence which he said made him confess and denounce Trotskyist plotting against the Soviet Union.

During eight months in prison "I learned of Japanese aggression against the Chinese people and the impudent aggression of Italy and Germany in Spain," said Rakovsky.

Fear of a Fascist "annihilation of culture," caused him to confess he said at the trial session concerned largely with the British connections of the defendants.

I. A. Zelensky, former chief of Russia's cooperatives, declared the head of British cooperatives told him he thought the Russians would be granted commercial credits in Britain if the righist plotters came to power.

Carrying out their conspiracy Zelencky said rightists put nails and ground glass in butter, spoiled 50 carloads of eggs, caused shortages of sugar and salt, and had their 13,000 cooperative stores give short measure to Soviet housekeepers.

Turkestan Coveted.

Both Rakovsky and Zelensky brought Britain into their testimony and another defendant, Akmal Ikramoff, deposed Communist leader of central Asian Uzbkeistan, said he had been informed the British might be tempted to join an attack on Russia because they long had coveted Turkestan.

The information came in 1936 from Nikalo Bucharin, the former official newspaper editor who is one of the principal defendants. Ikramoff confessed to sabotage and anti-Soviet plotting since 1928.

Rakovsky earlier explained the plotters sought British aid for fear Japanese assistance might get bogged down in Siberia when the day came for the conspirators to strike.

He said he told Ambassador Constantine Youreneff in Tokyo in 1934 that "the Japanese card" in the game they were playing was "of tremendous importance but must not be overestimated."

Trotsky told him, said Rakovsky, that he inspirted the British raid on the London offices of Arcos, Ltd., a British-Russian trading company, which led to the rupture of relations between the two countries in 1927.

Exiled Trotsky, now a resident of Mexico, impressed on him the necessity of isolating Joseph Stalin diplomatically and to this end Rakovsky said he also attempted to prevent French signature of the Franco-Soviet mutual assistant pact in 1935.

The former ambassador declared a British intelligence service officer told him he was accepted at the Court of St. James's because he was close to Trotsky.

Party Given for Skelly Faculty

SKELLYTOWN, March 5—Misses Lillian Davis, Frances Hamner, Lois Butler and Mrs. Earl Hooper were co-hostesses recently when they entertained members of the school faculty and a few friends with a party at the school teacherage.

Bridge was enjoyed during the evening, with Mrs. Chester Strickland winning high award in the card games for ladies and Ogden Stroud making high score for men.

Refreshments and able appointments were in Saint Patrick motif. Those attending were: Mr. and Mrs. Chester Strickland, Mr. and Mrs. K. A. Sorenson, Mr. and Mrs. Marshall Gordon, Mr. and Mrs. Earl Hooper, Misses Margaret Harvey, Mary Etta Bean, Oriena Bandy, Billie Campbell, Lillian Davis, Frances Hamner, Lois Butler, Messrs. Ogden Stroud, Hank Ayers, Johnie Stine, Melvin Campbell, Bill Arwood, and Ralph McClure.

Mrs. Young Gives Bridge-Luncheon

SKELLYTOWN, March 5.—Mrs. Wallace Young entertained members and a guest with a bridge luncheon at the Skelly Drug Thursday afternoon.

A green and white color note was the hostess chosen colors for the table appointments and refreshments. High score in the card games was won by Mrs. Joe Miller and travelling went to Mrs. Jack Propst. Mrs. Earl Groberg was a special guest for the occasion. Members present were Mmes. John Stewart, Rome Johnston, J. H. Forbes, Jack Propst, Ray Mackey, Joe Miller, and the hostess.

First used as a food, coffee became in succession a wine, a medicine, and then a beverage.

FEDERATION

(Continued from Page 9)

ocmed the visitors and Mrs. I. E. Walker of White Deer responded.

Mrs. Hubert Bratcher, reporting on registration, announced an attendance of 132, including the following denominations: Baptist, Christian, Church of Christ, Episcopalian, Salvation Army, Methodist, and Presbyterian. Visitors were present from White Deer, LeFors, Skellytown, McLean, and Tulia. Colored churches represented were Macedonia Baptist, St. Mark's colored Methodist, Episcopal, and the Progressive Baptist.

Mrs. R. L. Allston reported a morning offering of $24.03 which was soon raised to $25. The offering will help to maintain those interdenominational projects: Women's Union Christian colleges in the Orient; Christian literature for children in other lands, Christian service in migrant labor camps in the United States, and directors of religious work in the United States Indian schools. These projects were presented by Mrs. L. L. McColm, Mrs. Joe Shelton, Mrs. J. C. Richey, and Mrs. H. H. Boynton.

The Rev. W. M. Pearce spoke on "Fellowship," stressing the need for it and the joy it brings. He said that although all denominations might be on different boats, they are all bound for the same harbor.

Mrs. Raymond Harrah sang "If You Pray" and a sacred hymn with words set to "The Rosary." She was accompanied by Mrs. Raymon Wilson. After which Mrs. Pearce spoke on the Federation of Church Women, pointing out its values to the church at large and to the community in which it works. She showed what it meant in other cities and so inspired the women that Mrs. F. E. Leech moved that the committee in charge of preparation for the World Day of Prayer act as a committee to draw up plans for the organization. This committee consists of Mrs. C. Gordon Bayless, Mrs. John Hodge, Mrs. C. P. Buckler, Mrs. John Scott, Mrs. R. L. Allston, Mrs. Kit Autry, and Mrs. Fred Roberts, chairman.

The Rev. Hubert Bratcher gave one of the "mountain top" experiences of the day when he closed the meeting with readings from Kagama's "Songs of the Slums" to the accompaniment of "Near the Cross" played by Mrs. Wilson.

BURNETT EXECUTIVE DESCRIBES RANCHES

John Burns, senior trustee and general manager of the S. B. Burnett estate, describes the King county Four-Six ranch and the Four-Six ranch located in the Top O' Texas area in the March issue of West Texas today.

His description of the Dixon creek ranch, located near Borger:

Dixon Creek ranch contains 107,112 acres. Operated mainly as a steer ranch, fewer employes are required. A foreman, two camp men, and three or four additional employes take care of the work there in good shape, except when cattle deliveries are made, in which case a few additional cow hands are required and are generally provided from the King county ranch. A remuda of 25 to 35 horses is kept there. Normally around 7,500 steers, including yearlings, two-year-olds, and three-year-olds are maintained on this ranch throughout the late spring, summer, and early fall months and with the disposal of the three-year-old in the fall, about 5,000 head are wintered there.

TRAVEL LABELS HOBBY OF RAIL TELEGRAPHER

It's not the gypsy spirit, but a genuine liking for the hobby that has resulted in a collection of more than a half-hundred travel labels by Thomas A. Cox, Panhandle & Santa Fe railway telegraph operator.

Railroad stickers are naturally most numerous in Mr. Cox's collection, but hotels, steamship and air lines are not omitted.

United, TWA, American, and Pan-American air lines are represented in the telegraph operator's collection. Shipping lines include Dollar, NYK, and Grace labels.

Mr. Cox has a sticker of the Hotel Grande Bretagne Lampsa, Athens, and one of the streamline train, "City of San Francisco."

Among the railroads represented in the label collection are Maine Central, Bangor and Aroostook, Atlantic Coast line, National Railways of Mexico, Burlington, Canadian Pacific, Baltimore & Ohio, Erie, Soo line, and New York Central.

First Grade Pupils Make Oilfield Tour

SKELLYTOWN, March 5.—Miss Lillian Davis, teacher of one first grade rooms in Skellytown school, took her pupils on an observation tour of some oil wells, tank batteries and engine rooms this week as their room is working on that unit. They are building a lease with derricks and things in their sand table.

Those making the trip accompanied by Miss Davis were: Ramona Campbell, Leona Cannon, Doris Best, Homer Body, Lota Mae Hughes, Frances Hughes, Wanda Honaker, Ruby Smith, John Snyder, Jacquelyn Snyder, Bill Terry, Virgil Webb, Nedra Webb, Kent Wymore, Robert Hinkley, Marie Reeves, Clifford Martin, Roy Martin, and Lois Potter.

Jones Brothers Increase Stock

HIGGINS, March 5.—Jones and Jones, the largest land and cattle owners in this part of the Panhandle, have received 12 cars of extra good Hereford heifers from Lubbock to add to their cow herd.

Since acquiring the Ben Evans ranch south of Higgins, recently, Jones Brothers have control of around 70 sections. Evans Jones of Lebo, Kas., part owner of the outfit, arrived here to receive the cattle and cut them three ways—as to condition. Mr. Jones was accompanied here by Lew Humphries also of Lebo, who has been trying to buy around 800 2-year-old steers of good quality.

"Texas" Program Topic of Club

SKELLYTOWN, Mar. 5—"Texas" was the program topic of the Eleanor Roosevelt Study club when members recently met at the home of Mrs. Chester Strickland of Skellytown.

Mrs. J. M. Mause led the following program: A paper on "Education in Texas" prepared by Mrs. J. A. Arwood, was read by Mrs. Hause. Mrs. T. B. Barron, gave the "Life of John Nance Garner" "James V. Allred," was discussed by Mrs. S. C. Dickey.

Mrs. Geo. L. Stanley, president, presided over the business meeting. The following committees for next year, were selected by the new president, Mrs. E. J. Haslam. "Year Book Committee," Mrs. Chester Strickland, Mrs. T. B. Barron, Mrs. J. C. Jarvis, and Mrs. S. C. Dickey; "Financial Committee," Mrs. H. W. Sherrieb, Mrs. Geo. L. Stanley, and Mrs. J. M. Hause. "Social Committee," Mrs. Earl J. New, Mrs. Geo. Heath, Mrs. Henry Johnson and Mrs. O. L. Station.

Delicious refreshments in the St. Patrick motif were served to the following Mesdames E. J. Haslam, J. C. Jarvis, S. C. Dickey, Earl J. New, T. B. Barron, J. M. Hause, Geo. L. Stanley, H. W. Sherrieb, J. W. Lee, Henry Johnson, Stella Tomlin, and the hostess.

High School Names Outstanding Pupils

McLEAN, March 5.—Miss Dorothy Sitter, daughter of Mr. and Mrs. E. L. Sitter, was elected outstanding girl student of McLean high school, and Kid McCoy Jr., son of Mr. and Mrs. Kid McCoy, was given the title of best all-around McLean high school boy, it was announced here last week, following a count of the votes of high school students. Medals were awarded both winners.

W. M. S. Studies Lesson From Mark

SKELLYTOWN, March 5.—The Woman's Missionary society of the First Baptist church of Skellytown met recently in the church for Bible study.

The meeting opened with a song, "Close to Thee," led by Mrs. C. H. Tiffany, and a prayer by Mrs. Bert Schaef.

Mrs. W. E. Freeman taught the lesson from the sixth to the seventh chapter of Mark. Questions were asked by Mrs. Freeman and answered by those present.

Mrs. Frank Awrty, president, presided over the business meeting. It was decided to send flowers to Mrs. Bob Busbee, who is ill in a Pampa hospital.

Those present were Mmes. I. P. Delong, J. C. Kennedy, Frank Awtry, W. E. Freeman, C. H. Tiffany, Bill Fulton, A. C. Carroll, Keith Caldwell, Ed Harman, B. A. Armoer, and Bert Scaef.

Bluebonnet Bridge Club Gives Party

WEBB, March 5.—Husbands and friends of members of the Bluebonnet Bridge club were entertained with a party in the home of Mrs. Emmett Gatlin, with Mrs. C. E. Corts, Mrs Racy Morse, Mrs. Clyde Steph and Mrs. Gatlin as hostesses, Thursday evening.

A St. Patrick's day theme was carried out in the table decorations and refreshments.

High score was won by Mr. and Mrs. Ted King, low by Mr. and Mrs. Racy Morse, high for guests by Miss Bennie Purnell.

Those present were Messrs. and Mmes. O. L. Ringham, P. B. Kratzer, Cool Griffith, Ted King, Racy Morse, Morse, B. L. Webb, C. E. Corts, Emmitt Gatlin, and Misses Bennie Purnell, Madge Richardson, Hannah Chambers, Mrs. Clyde Steph, Ebb McCauley and "Dusty" Gatlin.

10 Oil Wells Completed For Total Of 3,670 Barrels

4 GAS WELLS GOOD FOR 170 MILLION FEET

Heavy rain and snow last week curtailed activity in the Panhandle oil field but despite the handicap, 10 wells were given potentials and 10 new locations were filed. Six of the new producers were for oil and four for gas.

New production totaled 3,670 barrels with Hutchinson county registering five of the six wells for a total potential of 2,822 barrels. The other well was in Gray county.

Four gas wells were gauged for a total open flow of 170,139,000 cubic feet. Carson county had two of the gassers with one in Moore and one in Wheeler.

One of the largest gas wells ever completed in Carson county was the Southwest Production Company's No. 1 Percival in section 199, block 3, I&GN survey, which gauged 91,315,000 cubic feet. Th well is located four miles northwest of Kingsmill, in proven oil and gas territory.

Best oil producer of the week was the Shell Petroleum Corporation's No. 4 Belle Wisdom in section 21, block M-23, TCRR survey, Hutchinson county, which was given a potential of 751 barrels.

Five of the ten new locations were staked in Hutchinson county with Carson reporting three, Gray one and Moore one. All were in proven territory.

The Panhandle field to date this year has recorded 131 completions, oil and gas, compared with 100 for the same period last year, proving early reports that 1938 would be an even more active year than 1937.

Completions for the week by counties:

In Hutchinson County.

Magnolia Petroleum Company No. 1 Southwestern Oil & Development Company, East Day Land & Cattle Company survey, gauged 464 barrels with the lime pay between 3,138 and 3,147 feet.

Midstates Oil Company, formerly Turman Oil Company, No. 17-A Whittenburg, section 11, block M-21, TCRR survey, tested 698 barrels. Lime pay was from 2,905 to 2,969 feet.

Seaboard Oil Company No. 4 Whittenburg, section 17, block 47, H&TC survey, tested 401 barrels with pay between 2,640 and 2,699 feet.

Shell Petroleum Corporation No. 4 Belle Wisdom, section 21, block M-23, TCRR survey, was given a potential of 751 barrels. Pay was from 3,090 to 3,167 feet in lime.

Simpson Oil Company No. 1 Harvey Sisters, section 14, block M-21, TCRR survey, gauged 608 barrels with lime pay from 3,000 to 3,083 feet.

In Gray County.

Shell Petroleum Corporation No. 3 Hughey, section 129, block 3, I&GN survey, was given a potential of 748 barrels for the second best producer of the week. Lime formation was from 3,150 to 3,246 feet.

Gas wells tested were:

In Carson County.

Texoma Natural Gas Company No. 1-E Ramming, section 18, block 4, I&GN survey, gauged 17,144,000 cubic feet.

Southwest Production Company No. 1 Percival, section 199, block 3, I&GN survey, was given a potential of 91,315,000 cubic feet.

In Moore County.

Shamrock Oil & Gas Company No. 1 H. M. Kelley, section 23, block 3-T, T&NO survey, gauged 47,421,000 cubic feet.

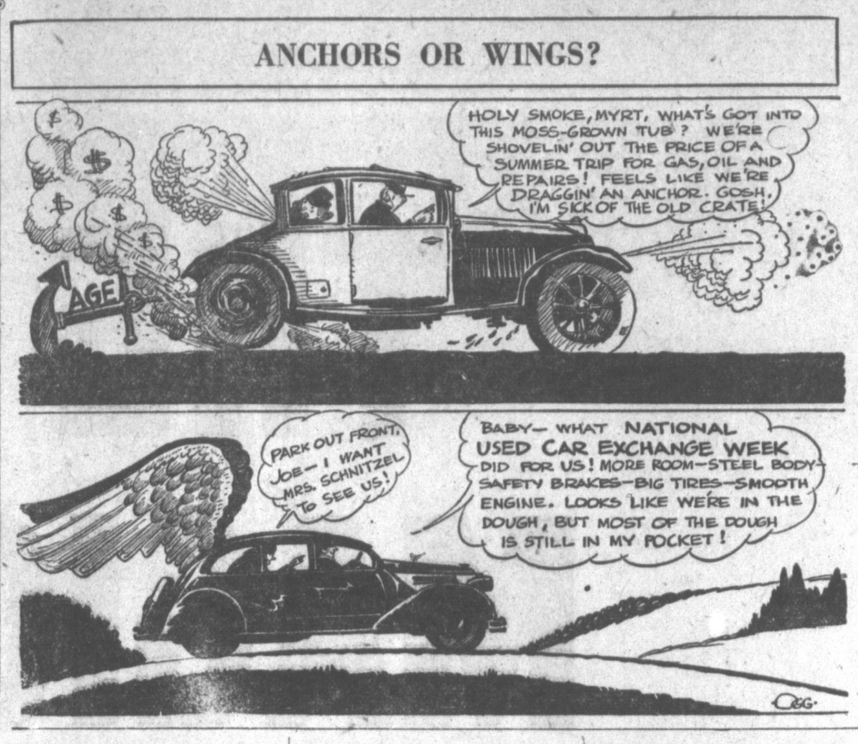

In Wheeler County.

Dumar Oil & Gas Company No. 1 Bardley, section 54, block 17, H&GN survey, tested 4,259,000 cubic feet.

One qualification of voters in some boroughs of 18th century England was that they be pot-wallopers, or own a separate fire-place at which to cook their meals. Some non-householders, it is said, qualified by boiling pots on improvised open fireplaces, thus dodging the law.

ANCHORS OR WINGS?

PAMPAN IN RAILROAD GROUP PHOTO OF 1911

Published in the March issue of the Santa Fe magazine is a picture of the station building and force at Higgins, in 1911.

In the force is Harry Edenborn, then first trick operator, now a druggist in this city, the magazine says.

O. T. Hendrix, Santa Fe agent, says he recalls Edenborn as a boy who used to watch Mr. Hendrix at work as a telegraph operator in Fargo, Okla., back in 1908.

When Mr. Hendrix was transferred to Umbarger in 1917, he had an odd feeling when he saw the "station" there. It was the box car station that had been moved from Fargo.

BROOKS MANAGER OF SOUTH CUYLER STORE

Marshall Brooks, for the past six and one-half months assistant manager of the Harris Food store 3, 322 West Kingsmill, will tomorrow begin his work as manager of the Harris Food store 6, 306 South Cuyler, it was announced Saturday by Otis Pumphrey, general manager of the Harris Food stores in Pampa.

The Harris Food stores have headquarters in Amarillo. There are two of the company's stores in Pampa, the original store on West Kingsmill having been installed by the firm 16 months ago.

Mr. Pumphrey has been general manager of the Harris Food stores in Pampa since the company began business here.

PAMPA RAIL SCHEDULES UNAFFECTED BY FLOODS

Floods in California have not affected the schedule of Santa Fe trains through Pampa, O. T. Hendrix, Santa Fe agent, said Saturday.

No information has been received by Mr. Hendrix as to the exact route followed by trains as they near the flooded Southern California areas.

There has been a slight change in the time of Santa Fe train 9, westbound, and in the time of Santa Fe train 10, eastbound.

Train 9 now arrives in Pampa at 2:23 p. m. instead of 2:09 p. m., and train 10 arrives in Pampa at 6:09 p. m. instead of the former time of 6:19 p. m.

SON OF OLD TIMER IS LAND CHIEF CANDIDATE

AMARILLO, March 5 (AP)—Morris Browning, son of the late James N. Browning, lieutenant governor of Texas from 1899 to 1903, announced his candidacy today for land commissioner of Texas.

Browning, a former student of civil engineering at the University of Texas, and a veteran of the 36th division of the A. E. F. in the World war, has been a Texas licensed surveyor and a land law consultant for the past 25 years and is county surveyor of Potter county.

Browning avenue, one of Pampa's most prominent thoroughfare, was named for the late Judge Browning.

LIBRARY CORNERSTONE TO BE LAID MARCH 8

LUBBOCK, March 5—Eight state officials, eight Texas college presidents, and two former directors of Texas Technological college, besides other notables have accepted invitations to attend the cornerstone laying for the new $300,000 library building March 8.

Governor James V. Allred is principal speaker.

Grand Master John Temple Rice of the Grand Lodge of Texas, A. F. and A. M., is in charge of the cornerstone ceremony.

NORRIS SAYS JOBLESS PROBLEM MOST URGENT

WASHINGTON, March 5 (AP)—Senator Norris (Ind-Neb), reviewing his 25 years in the senate as "the cream of my life," declared today that solution of unemployment was the most urgent problem before th country.

The 76-year-old, gray-haired Nebraskan became a senator March 4, 1913. Sunk deeply in an easy chair in the President's room off the senate chamber, he drew slowly on a stub of a cigar and he discussed what has happened smce then.

"I have seen a great many improvements," he said. "There have been a lot more I would liked to have seen. But we are improving and getting better all the time and on the whole going forward."

He paused for a moment before continuing:

"There are times when it appears that we can't see our way out. That's the situation in which I find myself right now. But I hope, and I have the supreme belief that there is a brighter day ahead."

"What still needs to be done most of all?" he was asked.

"Ah, that's plain," he said quickly. "We simply must solve the unemployment problem. And there is only one solution: we must limit the hours of labor whether we like it or not."

SOUR GAS HEARING TO BE HELD MARCH 25

The scheduled sour gas hearing Monday in Amarillo has been postponed until March 25, according to Chairman C. V. Terrell of the Texas Railroad commission, who notified Jack Dunn, deputy supervisor, here.

Data on sour gas production in the Panhandle will be presented at the hearing.

Honor Court Held By McLean Scouts

McLEAN, March 5.—Promotions to second class rank were granted to Filmore Clark, Robert Dwight, Joe Cooke, Earl Green, Thomas Mills, David Dwight, Kenneth McMullen, J. D. Roth, John Lee, Ira Petty, and William Mills at a court of honor held here last week.

Jeff Coffey was promoted to first class, Kid McCoy Jr. to Star Scout.

Assistant Scoutmaster Rev. W. B. Swim, pastor of the Methodist church, W. E. Bogan, Dr. C. B. Batson, W. W. Boyd, and Lee Wilson composed the honor court.

Sam Branch is scoutmaster of the troop, which is sponsored by the McLean Lions club.

CONSTRUCTION OF ROADS IN AREA PUSHED

Road work was speeded in the Top O' Texas area last week by improved weather.

On the Pampa-Borger road, grading and putting in of culverts has advanced so far that it is expected the work in Hutchinson county will be completed by the latter part of this month. Culverts are 60 percent completed and half of the grading work has been done.

All of the piling has been driven on the 370 foot structual steel bridge over Dixon creek, and forming and pouring of the bridge deck is expected to be started this week.

On the other Hutchinson county bridge, 25 of the 30 pillars have been driven, and holes have been drilled for the remaining five. Length of the Bear Creek bridge is 175 feet.

Piling has been cast for the 280 foot Spring Creek and the 175-foot White Deer creek bridges in Carson. Three of the 45 of the piling at the Spring Creek bridge have been driven.

Employed on the project are 100 men.

On highway 152, east of Pampa only 1 1-4 mile of first course caliche base is unlaid to complete the work into Wheeler county. About 3½ miles is lacking on the second course. Asphalt is expected to be put on the road the latter part of May. The Highway 152 project is employing 125 men.

Mile Graded on 83

On Texas Highway 4-U. S. 83, 16 miles south of Canadian, a mile of grading work has been completed during the week on the 5.3 mile strip, which is to have grade revision, flexible base and asphalt treatment, to provide an all-weather road between Wheeler and Canadian.

A 12-yard scraper and an elevating grader is the equipment now being used, and a caliche crushing plant is expected to be moved on to the job sometime this week. At the present time 15 men are at work on the job.

South of Pampa on Texas Highway 88, one-half mile of the first course of caliche has been laid on the south side of the Salt Fork of Red River, three miles north of Clarendon. Laying of two courses of caliche for a distance of two miles on each side of the river on Highway 88 is the project, which is employing 120 men.

Bids may be called on March 22 for paving a four-mile strip on Highway 170 in Hemphill county, starting at a point 2.8 miles east of the junction of highway 4 and 83 and extending four miles east.

THIRD PALO DURO ART SCHOOL OPENS JUNE 6

CANYON, March 5.—Announcement was made today of the third annual Palo Duro School of Art of the West Texas State college, which will be held in Palo Duro state park from June 6 to July 16. The park is locted 12 miles from Canyon.

The curricula consists of drawing, painting, art lectures, sculptoure, pottery, woodcarving, applied textile design. There will be a class for children, in addition to the classes for adults. Students may enroll for one, three or six weeks. College credits are given.

Members of the faculty are: Isabel Robinson, head of the art department, West Texas State college, director; Alexander Watson Mack, painting, art lectures, sculpture, Jackson, Amarillo college instructor, painter, ether, woodcarver; Harold Bugbee, western life painter and illustrator.

Gene H. Brock, Houston ceramic instructor, potter and craftsman; Hester Gates, Palo Duro Art club president and Amarillo school art instructor; Irene J. Beckett, librarian and secretary to the director, and Memphis art instructor.

There are large cotton mills, canning and packing plants, sugar and syrup mills, and plants for the production of vegetable oils, wood, pulp, paper, rosin, and lumber in the state of Florida.

RHEUMATISM

Your pharmacist will tell you that the chances are that your rheumatism, neuritis or sciatica is caused or aggravated by excess uric acid or other circulating poisons. That being the case, he can also tell you that one swift and safe prescription is Allenru—often the terrible pain and agony are gone in 48 hours—ask any live druggist in America for 8 ounces prescription Allenru. Henie And Don Ameche Featured In "Happy Landing"

STARS OF "ONE IN A MILLION" TEAMED AGAIN

A whole new world of joy-laden wonder comes winging from the snow-silvered Norseland with Sonja Henie—radiant beyond imagining in "Happy Landing," Twentieth Century-Fox production, opening today for a four-day showing at the LaNora.

This lithe, ecstatically graceful Norse nymph, who came to American motion picture fans only two pictures ago and astonished the entire world with her skill as a skater and an actress, is radiantly reunited with her "One In a Million" sweetheart, Don Ameche, in her third hit, "Happy Landing."

Cesar Romero, cast as an ego-eccentric orchestra leader who, with his companion, Don Ameche, flies across the Atlantic, starts this musical of superlative splendor on a fast moving pace. An ocean fog puts the fliers off their course and they land in Norway where Jean Hersholt's five daughters (one of them Sonja) are happily engaged in a "Brides' Fair" festival.

The local custom that a young man who dances twice with a girl is proposing to her gets Romero involved in a love affair which is all hero-worship on the part of a love-lorn Sonja, and all basking in the ever-satisfying warmth of egotism by Romero.

Don Ameche, sincere in his interest, tries to keep things on an even keel but there is the matter of another girl of Romero's back in the States.

The two fliers swing from Norway to Paris, Miami and New York in the course of the story. How Romero finally is snagged by Ethel Merman—and how the "One In a Million" sweethearts, Sonja and Don, are reunited—is a silvery, sumptuous, superlative musical from Hit-Creator Darryl F. Zanuck.

The two love stories are capably handled by Director Roy Del Ruth from the original screen play by Milton Sperling and Boris Ingster.

LaNORA

NEW DIETRICH FILM.

There comes a time in every married woman's life when she must decide whether to accept "one more romance" or remain a sober wife, safe with the friends she has always known. Marlene Dietrich, in "Angel," is thus torn between two men—Herbert Marshall, her busy statesman-husband, and Melvyn Douglas, central figure in a romantic interlude in Paris. "Angel" is the first picture Ernst Lubitsch has directed in two years, and has a fine supporting cast, including Ernest Cossart, Edward Everett Horton, and Herbert Mundin.

Thursday.

COMEDY-SATIRE.

New York, with all its maddening whirl, with its fiery blaze of neon by night along with the "gay white way" that today is more red than white, with its night clubs, giant buildings, crowded tenements, penthouses—all the striking contrasts of human handiwork is now revealed to the world in its true colors.

David O. Selznick who made the amusement world applaud with his technicolor production of Hollywood "A Star is Born," has turned his showmanship talents to the east and "Nothing Sacred," the comedy-satire of New York co-starring Carole Lombard and Fredric March will glorify Manhattan and eastern resorts in technicilor.

Friday and Saturday.

Reunited in New Musical

Reunited in romance after their appearance in "One in a Million," Sonja Henie and Don Ameche are radiantly in love in "Happy Landing," Twentieth Century-Fox picture opening a four-day run today at the LaNora.

Detective Story—Rex

Warren William, Virginia Bruce, and Melvyn Douglas are the principals in Metro-Goldwyn-Mayer's modern detective story, "Arsene Lupin Returns," showing today, tomorrow and Tuesday at the Rex.

CROWN

MYSTERY-THRILLER.

Chills, thrills, surprises, fast paced drama and plenty of heart interest, make a first rate screen mystery thriller of Universal's "The Black Doll." In addition to the tense drama and the bright thread of romance, "The Black Doll" also brings the audience a sequence of highly amusing situations revolving around a fat-headed sheriff and his deputies that most unexpectely relieved the nerve strain and caused the audience to rock with mirth.

The story from a Crime Club novel tells how Nelson Rood (C. Henry Gordon), a cruel and shrewd financier, finds "The Black Doll" on his desk in his home. It is a sign to him that vengeance is due as a result of his having slain one of his partners after the discovery of "The Black Doll" mine, many years ago.

There are six persons who would benefit by the death of Rood. They have every reason to hate him and all are present in his home when he is struck down. But it would take a master mind to determine which is the guilty one. And we are not going to give the answer away here.

Standouts in the cast are Donald Woods, as the hero; Edgar Kennedy and Syd Saylor as Sheriff Renick and his deputy; Nan Grey as the lovely Marian Rood; William Lundigan as Rex, and C. Henry Gordon as Nelson Rood. Diction by Otis Garrett is swell.

Sunday, Monday, Tuesday.

REX

SLEUTH.

Arsene Lupin, that famous fictional character created by Maurice Le Blanc, is revived in "Arsene Lupin Returns." In this new mystery thriller the adventures of the famous gentleman jewel thief, who is supposed to be dead, are continued.

Melvyn Douglas, Virginia Bruce, and Warren William share leading roles with John Halliday and Nat Pendleton also prominently cast. In the supporting cast are Monty Woolley, E. E. Cline, and George Zucco. The picture was directed by George Fitzmaurice.

Today, tomorrow, and Tuesday.

MADCAP.

Irene Dunne and Cary Grant are starred in Columbia's "The Awful Truth." Irene is again cast in an all-comedy role, described as more madcap than her unforgettable performance in "Theodora Goes Wild" for the same studio. Leo McCarey, who won memorable fame for his direction of "Ruggles of Red Gap," directed "The Awful Truth" from Vina Delmar's adaptation of Arthur Richman's famous stage play. Featured in the cast are Ralph Bellamy, Cecil Cunningham, Alexander D'Arcy and Robert Allen.

Wednesday and Thursday.

CHEROKEE STRIP.

A counterpart of the thrilling, history-making Oklahoma land rush of 1891, when the Cherokee Indian strip was opened for settlement, is depicted in Columbia's "Rolling Caravans."

Featuring Jack Luden, Eleanor Stewart, Harry Woods and an all-star supporting cast, the film's producers left no stone unturned in presenting as near to possible a land rush that would compare with that exciting day of September 22, 1891, which played such an important part in the building of a new state.

Friday and Saturday.

STATE

SHIRLEY.

Shirley Temple as "Heidi"!

Millions the world over have been enthralled by the warmth, the tenderness and the charming beauty of Johanna Spyri's beloved story of Heidi and all the colorful folk who lived and laughed and loved high up in the Swiss Alps, just beneath the stars. Translated into all languages and read everywhere, it is a story that had to wait for its star before it could be brought to the screen. The Twentieth Century-Fox production of "Heidi" starring Shirley Temple, is the picture for which she'll be remembered always.

Today and tomorrow.

COMEDY-ROMANCE.

Jack Oakie takes personal charge of the love affairs of John Boles in "Fight For Your Lady," and almost has the singer slaughtered by the sabre of Erik Rhodes, who appears as a Hungarian duellist of terrific killing reputation. Besides Oakie and Boles, who are starred, Ida Lupino and Margot Grahame have leading roles, both featured.

Tuesday.

DRAMATIC MUSICAL.

Jeanette McDonald is starred and Allan Jones and Warren Williams have featured roles in Metro-Goldwyn-Mayer's adaptation of Rudolf Friml's operetta, "The Firefly," a dramatic story of Spain in the era when Napoleon was conquered at Vittoria by Wellington.

Wednesday and Thursday.

BLUEBOOK OMITS MANY OF FILMDOM'S ELITE

HOLLYWOOD, March 5.—Filmland elite, who crash page 1 of the newspapers with monotonous regularity, have thumbed vainly thru a new social register of Southern California for mention of their names.

The 1938 edition of the southwest blue book, like its predecessors, gives most of the brightest stars of Hollywood the cold shoulder.

On the 467 pages of the book are found few names of families known to the movie fans.

The Barrymores, the Fairbankses, Mary Pickford, Claudette Colbert, Clark Gable and Robert Taylor were left out.

Best-known families to make the list were Harold Lloyd's, late Will Rogers', Cecil B. DeMille, and John G. Blystone.

AGGIE ANNUAL QUEENS CHOSEN BY BERKELEY

COLLEGE STATION, March 5.—Eight beauties whose pictures will be printed in the "Vanity Fair" section of The Texas Longhorn, Texas A. & M. college student yearbook, have been selected by Busby Berkeley, prominent motion picture dance director, Editor Sidney L. Loveless, of Corsicana, has announced. Busby made his selections from more than 50 pictures of girls submitted by members of the graduating class.

The eight beauties are as follows: Mrs. Iris Arcularius, College Station; Miss Dorothy House, Yoakum; Miss Maxine Doak, Fort Worth; Miss Eloise Hunt, Brackettville; Miss Mary Elizabeth Harris, Hearne; Miss Evelyn Newman, Milano; Miss Charlotte Drouet, San Antonio, and Miss Maulice Searcy, Bryan.

SEARCH LAKE FOR BODY OF MISSING BOY

NEW ROCHELLE, N. Y., March 5 (AP)—Uncertain whether hoax or terrible truth confronted them, New York police turned to a Bronx lake today in search of the body of 12-year-old Peter Levine, missing since Feb. 24 and believed to have been kidnaped.

Distracted by the possibility the son was dead, Murray Levine New York attorney, and his wife waited at home, praying the search would be fruitless and Peter would be returned for $30,000 rasom.

Search of the lake followed police receipt of three anonymous telephone calls from widely separated parts of New York City.

Acting Captain William J. Sullivan said the messages which sent the police to Indian lake in Crotona park might be the work of a hoaxer, but they investigated nevertheless.

On the lake bank, drawn in the snow, was a message:

"Find Levine boy in middle of lake."

A crudely made arrow pointed to the lake.

Two emergency crews were called and began grappling, but after three hours, the work stopped. It was suggested that the lake be drained. This would require two days.

Meanwhile there was inactivity at the Levine home, where ransom of $30,000 was ready. Levine refused to say whether Rabbi Abraham Nowak, to whom the last ransom note was addressed, was serving as intermediary, but through all of Friday an unaccustomed light burned on the rabbi's porch.

Both federal and local officers apparently have withdrawn from active participation in the case at Levine's request.

Per capita tea consumption in the United States amounts to seven tenths of a pound per year compared with about 11 pounds of roasted coffee. Tea, however, makes about five times as many cups of liquid as the same amount of coffee.

NEW BETTER SIGHT LAMP
speeds up
SLOW PARTY

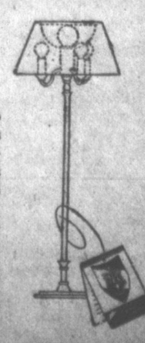

IT'S AMAZING how much more life one of these new direct-indirect I. E. S. Better Sight Lamps can put into a bridge party. For its generous light keeps people alert ... perks up the party.

I. E. S. Better Sight Lamps come in many attractive styles, both table and floor models. All of them are scientifically designed to give better light for seeing, especially for reading, sewing, and other concentrated visual tasks. See the many attractive new models on display ... cost little to buy and little to operate.

When measured with the light meter, this I. E. S. Better Sight Lamp gives 20 footcandles of light at 30 inches from the lamp ... the minimum amount science prescribes for eye tasks.

See Your Electric Dealer and See

New models of the direct-indirect lamp have a glass reflector especially adapted for a MAZDA Indirect Three-Lite Lamp which gives three levels of illumination from the same bulb. Besides throwing light against the ceiling for general illumination, the glass reflector permits ample, direct, downward light. For more severe visual tasks, add the light from three candles beneath the shade—taking 40 or 60 watt MAZDA lamps.

IMPORTANT—Be sure to look for the authorized certification tag on the lamp you buy. It isn't an I.E.S. Better Sight Lamp if it doesn't have this tag.

Southwestern PUBLIC SERVICE Company

For Love of Polly

By RACHEL MACK

Copyright, 1938, NEA Service, Inc.

Yesterday: At sea, Jerry and Banks attack a British merchantman, their first chance at a prize of war. And at home, Polly bears a son for Jerry.

CHAPTER XXVII

THE Gray Gull, by means of the sweeps, was held poised like a restless bird in the darkness while the long boat was lowered away. In the boat were Jerry Whitfield and 12 volunteers, hastily chose. He had said to the crew, "Those that go with me will get no more in prize money than those that stand by in the Gull. Let that be understood." Yet many had clamored to go. It was very heartening. Those 12 had accompanied him were Americans, all, each with a crow to pick with England. Revenge, it seemed, could flick as keen a whip as greed or patriotism.

According to plan, the Gray Gull again ran out to sea a distance and stood by.

The long boat was rowed to the merchant ship's stern. Now the great hulk loomed and towered above them. The oarsmen held the boat pressed to the hull's great timbers while Jerry Whitfield stood on a thwart and grasped a piece of loose tackle that hung from the ship's stern like a ribbon on an untidy woman's bonnet. By means of this he hauled himself aloft, gaining foothold here and there by any means afforded....

His mocassined feet came silently over the taffrail, and now he stood on the quarter-deck behind the slouching helmsman. It was true, that thing they had observed from the Gull; the quarter-deck was deserted except for the man at the wheel, and he was none too keen. A rum bottle stood beside him on the deck ....

Jerry Whitfield seized and bound this man, gagging him against outcry. He felt no pride in his achievement, for this fellow had forfeited half his strength and wits on the rum. Jerry doused the lantern and looked down onto the main deck. He counted a score of sailors prostrated from drink and possibly 10 that were still active. The watch was a late one. All others had evidently gone below to forecastle quarters. No officer was visible, either.

Armed with this knowledge he went astern and signaled his men to come aboard. This they did, each man drawing another after him like stealthy Indians taking a stockade. As the last man left the long boat it bobbed away in the darkness, the symbol and the reality of a retreat now beyond reach. Jerry, seeing it go, uttered a smothered exclamation of concern. And yet, what matter? They must take this ship or fail....

DELAY would be deadly. Jerry put one of his men at the wheel. With the others he stood for a moment at the turn of the quarter-deck while they picked their opponents on the main deck.

The events that followed were as swift as vengeance and as brutal as warfare. The 12 Americans rushed upon the English sailors, overpowered them and herded them into forecastle quarters like so many sacks of meal, throwing them, shoving them, pitching them with a sort of gleeful exhilaration. This accomplished, they closed the hatches and secured them with the locks that they found there. The locks were stout, as English locks were always stout against the chance of mutiny at sea.

No shot had been fired, no call piped. There had been only the subdued, repressed noise of men in bodily combat, schuffling, thudding, falling. Jerry ran up to the quarter-deck and stood at the opening of the companionway. He had not long to wait, and it was no hero's work that followed. Several of his men had jonied him; as the officers emerged they were overpowered and herded down the ladder they had just ascended. There were but four of them, and the captain was their spokesman.

"Who are you?" he shouted at Jerry.

"First mate off a privateer, sir. American."

"Pirates!"

"I disagree, sir. We carry a letter of marmarque from President Madison. This is an old custom in warfare. England helped make the rules. A good game if you know how to play it. We're learning." They were divesting the infuriated officers of their weapons. "We bid you good night, sirs," Jerry said. "My men and I bid you good night." He spoke without malice or triumph, but with satisfaction.

"This is preposterous,' said the lieutenant who was second in command. "It's beyond reason. We're just off the coast of England. We're part of a convoy. We've two gun brigs to guard us."

The captain's gloomy face brightened. "You're right, Mr. Carter. You are quite right. It couldn't happen. Our men won't allow it. Some of the convoy ships will discover this outrage—"

"Americans have devilish good luck,' spoke up the officer who wore the insignia of a third lieutenant. "I'll not be surprised if they pull it off."

HAD Cabell Banks been there he would have made some witty rejoinder. Jerry had a sudden realization that the occasion warranted it, that a small but vital bit of history was being enacted here without benefit of repartee or quip from one who had accomplished it. But he was an inarticulate man, and when he had sent his sailors out and had started back out himself, his pistol before him, he could think of no more suitable exit than to repeat earnestly, "My men and I bid you good night, sirs." His sailors were amused. Especially one young giant of Irish ancestry who guffawed aloud in spite of himself.

Jerry Whitfield was now in command of the ship which he presently discovered to be a 12-gun merchant brig named the May Queen, 90 days out of Canton. One of the sailors had brought the log book from the cabin; these interesting facts and others were clearly set forth in it. Her hold was filled with Chinese tea and silk, and there was a good deal of carved ivory listed, and furniture of teakwood; several pages of the log were devoted to a listing of Chinese porcelain vases at unbelievable appraisement.

"It's enough to knock yer eye out!" said the Irish giant, reading over Jerry's shoulder.

Though all this had taken only a half hour of time, Jerry hastily put aside the log book and gave orders for running the May Quen out to sea. His reaction now was an urgency for flight, and his tenseness all but tortured him. This rich ship was only half theirs until they had plucked her from the convoy and hidden her in the vast darkness to larboard.....

An hour later they came upon the Gray Gull and spoke to her. On the Gull's deck the 60 seamen crowded the forecastle head to bear....."Captain Banks! Jerry sang out. "Our compliments, sir! Jerry Whitfield commanding the prize brig May Queen 90 days out of Canton, formerly bound for Bristol!'

Cabell Banks had trouble controlling his voice. "Well, you fool!" he shouted. "You've done it! Any dead or wounded!"

None. Will you come aboard?"

"Aye, aye, sir! At once!" answered Cabell, remembering to be nautical.

An interval passed. A boat was lowered away from the Gray Gull. Another interval, and Cabell Banks came over the side of the May Queen, followed by a dozen men.

"I've brought you some hands, Captain Whitfield. They're willing. You'll need them to handle your prisoners. If you need more, ask for them." He spoke gruffly, for the occasion was charged with emotion.

Jerry grasped the long thin hand of the elegant young man from Boston. "Thank you," he said. "Thank you all for it."

"Nonsense!" said Cabell. "You owe me nothing." He was a small man in stature, but spiritually he was measuuring with the giants and the gods; he was rejoicing without stint in the success of a friend.

(To Be Continued)

CHILDRESS JUBILEE INVITATIONS MAILED

CHILDRESS, March 5.—Personal letters of invitation to the Golden Jubilee banquet of the chamber of commerce here March 10 have been mailed by presidents of the chamber of commerce and board of city development to the 186 member firms in Childress.

The letters were signed by Dr. T. L. Lewis, chamber of commerce president, and A. Power, president of the board of city development.

However, it was explained, the banquet will not be exclusively for members and invited guests, but will be a city-wide, area-wide affair and anyone who wishes to attend will receive a cordial welcome.

In the letters to the members, Power and Lewis said, "The year 1938 marks the fiftieth anniversary of the founding of Childress. Let's celebrate appropriately with the biggest and best annual banquet ever held in Childress; or in northwest Texas for that matter.

Two hundred out-of-town guests have been invited, including 25 F. W. & D. railway officials.

Douglas Malloch of Chicago will deliver the principal address.

CANYON MAN AVIATOR IN CHINESE SQUADRON

AMARILLO, March 5.—One of the American ace fliers in the Chinese "Foreign Legion of the Air" is a former Canyon resident, Capt. Howard Strubeheart, modern soldier of fortune.

Col. Ralph Chenault heads the volunteer air force, which includes some 50 Americans as well as numerous Russian, French, German, and Austrian aviators.

Sunday the air force claimed to have sunk two Japanese warships in the Yangtze river.

Capt. Strubeheart has fought in many countries, including Ethiopia and Spain. He's reported one of the most daring fliers today. While a student at Canyon he assisted the late J. D. Gamble in organizing and training the National Guard there.

ZEIGLER RITES HELD IN OKLAHOMA CITY

Funeral services for O. O. Zeigler, Pampan who died in an Oklahoma City hospital Thursday, will be conducted in the chapel of Street & Draper Funeral home in Oklahoma City at 4 o'clock Monday afternoon.

Mr. Zeigler had been in ill health for several years. He left here three weeks ago to enter the Oklahoma City hospital. He had resided in Pampa for 2½ years and was employed at the Danciger Refineries, Inc.

Survivors are the widow, a daughter, Mrs. Howard Doty, Oklahoma City, a son, Ralph Zeigler, Pampa and a grandson, Ralph Zeigler, Jr.

MRS. MOWERY'S BODY TAKEN TO OKLAHOMA

The body of Mrs. Ora Sea Mowery, 46 years and 8 months, was taken to Lawton, Okla., yesterday by Pampa Mortuary. Burial will be at 2 o'clock Monday afternoon in Lawton.

Mrs. Mowery, wife of J. Mowrey of Lawton, died yesterday morning at the home of a brother, Corley Bonner of Skellytown where she had been visiting for a few weeks.

Survivors are the husband, two sons, Warren Glen and Bobby Lee, both of Lawton, a sister, Mrs. H. H. Herndon, Lawton, and brother, Corley Bonner.

Today's Answers to Cranium Crackers

(Problem on editorial page.)

No. The United States Circuit Court in the case of First State Bank vs. United States, 92 Federal Second 132, (1937), held that the contract of sale vested in the entire beneficial interest in the land in Mrs. Christie and that during the life of the contract the bank retain the bare legal title only as security for the purchase price.

PHONE LINES UNHURT BY MAGNETIC STORMS

Did your radio or telephone cut up prankishly on February 21?

If so the trouble may have been due to a magnetic storm caused by the creation of titantic volcanoes of gas on the sun's surface, according to Dr. A. G. McNish, a leading authority on the earth's magnetism and a member of the Carnegie institution.

However, this trouble was not prevalent on telephone lines in Pampa on that date, according to Jack Thompson, manager of the Southwestern Bell Telephone company here.

It's the dust storms that fill the air with vitamin K and static and cause wires to sway that causes some trouble in telephone communication, Mr. Johnson said.

TUBERCULIN TESTS TO BE RESUMED THIS WEEK

As rapidly as it will be possible to arrange schedules, tuberculin tests of Gray county pupils will be resumed this week.

Schools prepared to have the tests given are Pampa Junior High school, Baker, Grandview, Schaffer, Bell, and Farrington.

Results of the tests are noted within a period of from 48 to 72 hours after they are given.

Wednesday, tests were made of 275 pupils at Pampa high school and of 240 at Horace Mann. Also during the week tests were made of 140 pupils at LeFors schools.

Remainder of pupils to take the tests at Pampa high school are 300, at Horace Mann 200, and at LeFors, 300.

In the Scandinavian countries, midwives receive a small salary from the state and community, besides being permitted to charge a small fee.

LI'L ABNER — The Double-Cross — By AL CAPP

HERNDON WILL HELP PAMPANS FILE RETURNS

Each year the office of the Collector of Internal Revenue at Dallas sends a deputy collector to Pampa to assist citizens in filling out their income tax returns. On Monday and Tuesday L. P. Herndon will be here and will be located in the basement of the postoffice. Office hours will be between 8:30 a. m., and 4 p. m.

Mr. Herndon will not be here to make out income tax returns for citizens but to assist them by clarifying sections of the law with which they are not familiar.

A few of the difficulties usually encountered by citizens making income tax returns are cleared in the following questions and answers:

On what income must I pay tax?

On gross income less allowable deductions, exemptions and earned income credit.

What is included in gross income?

In general, salaries, wages, interest, rents, dividends, gains from sales, profits from business, partnerships, trusts and fiduciaries and profits from any source whatsoever.

What income is not taxable?

Accident insurance proceeds, alimony payments, inheritances, interest on postal savings, interest on state or city bonds, interest on United States government bonds, (with a few minor exceptions), jury fees and salaries of state, county and city employes.

What deductions am I allowed by law?

General property taxes, Ohio sales tax for 1937, automobile license fee, state gasoline tax (three cents), contributions to church and organized charities, interest on indebtedness and union dues.

What deductions are not allowable?

Living expenses, street car fare and other transportation to and from work, federal gasoline tax of one cent and state tax of one cent; cigaret tax, and social security taxes (employers may deduct for social security.)

Exemptions Cited

What exemptions from net income am I permitted?

Single persons are not taxed on the first $1,000 of net income; married couples are not taxed on the first $2,500 of net income; and an additional exemption of $400 for each dependent is granted by federal law. (A dependent is a child under 18 years of age or a person over 18 if he is physically or mentally defective.) In addition, an earned income credit of 10 percent of earned net income up to $14,000 is given.

What are the rates of tax?

The normal tax is 4 percent on net incomes up to $4,000 above deductions, exemptions and credits. A surtax, starting at 4 percent on net incomes of from $4,000 to $6,000 and running up to 59 percent on incomes of $1,000,000 is imposed on surtax net income.

Are dividends from stocks taxable?

Yes, they must be included in gross income, and are subject to both the normal tax and surtax.

When must the tax be paid?

At least one-fourth must be paid when the return is filed. The remainder may be paid in three quarterly installments due June 15, Sept. 15 and Dec. 15. If the quarterly payments are not made when due, the installment privilege is forfeited.

How to Compute Tax

Will you illustrate simply how I compute my tax?

Yes. Suppose you are a married man who earned $3,000 in salary; you have one child; you paid taxes and made contributions to church and welfare funds amounting to $200 in 1937. You must file a federal return, but owe no tax. Your return would be as follows:

Total income		$3,000
Deduction		200
Taxable income		$2,800
Less exemption	$2,500	
credit for one child	400	
credit	280	$3,180
Excess of exemptions and credits over taxable income		$ 180

Since your exemptions and credits exceed your taxable income you have no tax to pay, but you must file a return.

If your salary was $5,000 and your taxes and contributions were $300, you would derive benefit from the federal earned income credit thus:

Total income		$5,000
Deduction		300
Taxable income		$4,700
Less exemption	$2,500	
credit for child	400	
an earned income credit	470	$3,370
Balance for figuring tax		$1,330
Tax, at 4 percent		$53.20

New Manager

Enthusiastic in his praise of Pampa and its people is M. C. Johnson, new manager of Montgomery Ward and company. Mr. Johnson believes that prospects for good business are better now than they have been at any time during the past 11 years. He has always been in the South since his association with the company, having been supervisor at Nashville, Tenn., manager at Austin, and manager of the store at Childress, from which he was transferred to Pampa, succeeding F. C. Nelson, who this week became manager of the Amarillo store, after have been Pampa store manager for three years.

FRED ROBERTS ATTENDS NINTH REGION MEET

GALVESTON, March 5.—(Special)—Boy Scout executives of Oklahoma, Texas and New Mexico, comprising the ninth region, will conclude their eighteenth annual conference here Saturday afternoon.

Attending from the Adobe Walls council is Fred M. Roberts, Scout executive.

All in all, some 90 professional men with their families have made the Hotel Galvez their headquarters for the five day conference under their veteran regional executive, James P. Fitch of Dallas.

From the national council, Boy Scouts of America, New York City, are Arthur A. Schuck, division of operations; O. D. Sharpe, division of registrations; Frank W. Braden, assistant, division of senior scouting, and E. I. Vredenburgh, assistant, division of health and safety, who have figured prominently on the program of the daily sessions.

A more effective Scout program and further membership growth in 1938 is the theme of the conference. Emphasis in the earlier sessions was laid on the advanced program for the young man 15 to 18 years, senior scouting, completing the whole "scout family." This picture is Cubbing for the 9, 10 and 11 year olds; Boy Scouting for the 12 to 15 year olds and senior Scouting which has its branches of explorer scouting, rover scouting and sea scouting for the older boys.

Schuck, who participated in the 1936 conference in Mineral Wells, Texas, presented a new and revised constitution and by-laws which has not as yet been approved. He also brought greetings from Dr. James E. West, chief Scout executive, of New York to the conference.

Entertainment for the ladies has been arranged by Mrs. James P. Fitch, Mrs. Minor Huffman, wife of the deputy regional executive, and M. H. McMasters, host executive at Galveston.

TEXAS TECH PLANTS 12,000 TREES, SHRUBS

LUBBOCK, March 5—Twelve thousand trees and shrubs of 15 varieties were planted on Texas Technological College campus "Independence Day. More than 1,000 students and faculty mothers participated.
