

Cotton Loss May Run Up to 20 Percent From High Wind

High wind and sand early Wednesday, June 25, destroyed cotton on what may run as high as 20% of the planted acreage, and left another 25 to 30 per cent badly burned. Little if any of the crop escaped without damage of some kind.

These estimates have been made by men well acquainted with the county's cotton situation, who have been over much of the county since the windstorm.

Damage was spotted, however, it was heaviest southeast of Wellington in the tight land, and in the Lutie, Samnorwood and Doier areas. Sandy land as a whole suffered less than tight land.

Some growers lost their entire crop; others lost entire fields of up to 100 acres.

Most have replanted, barely July 4, considered the last that cotton can be planted and with favorable conditions to a crop. Most of these growers consider their cotton has a chance.

Others, however, left cotton there was any sign the were alive, and now, one later buds are beginning to out on the stalks of much of

Experienced cotton men estimate the wind storm set cotton three weeks to a month. The favorable side are the root system most of the crop and the ample moisture con-

Growers who replanted were warned this week they will have to take better care of the cotton than the earlier crop, and doctor it for flea hoppers and other insects.

In the Dodson area, an estimated 1,500 acres of cotton was lost and all the remainder was damaged to some extent. Most of the destroyed cotton has been replanted, and owners of some of the more dam-

aged cotton, while it is putting out leaves slowly, say frankly they don't know what it will be like when it comes out.

Several farmers in the Samnorwood-Dozier area were reported to have lost as much as 100 acres each. Not all of this was small cotton, and at least a small part of this had been plowed twice and hoed.

Succeeds Dr. J. M. Orr

Paul Bell Installed as Rotary President

Paul Bell, assistant vice-president of the Wellington State Bank, was installed as president of the Wellington Rotary Club Tuesday, June 24, succeeding Dr. J. M. Orr.

Bell's term of office begins immediately.

Installed with him were Bennett Goodloe, vice president; and Eldon Holley, secretary. Directors are these three officers and Dr. Orr, Robert Lewis, George Henry and Sandy Parsons.

Bell also announced his committee heads for 1958-59. Each director heads one department of Rotary work, and has under him a group of committees.

Lewis heads international service, covering these committees: international contacts, Zook Thomas; international information, John Justice; international student project, Goodloe; Rotary Foundation, Justice.

Community service is directed by Parsons. His committees are boys and girls work, Bill Eller, community safety, Wayne Gray; crippled children, Rev. Frank Weir; rural and urban relations, Elvis White; scholarship awards and student loans, Fred Saled; student guests, Melvin Burks; youth, Eller.

Henry heads vocational service, with these committees: competitor relations, Roy Horn; buyer-seller relations, N. M. Higdon; employer-employee relations, Jim Cochran; Four-Way test, R. F. Curry; occupation information, Doyle McElroy.

Club service, headed by Dr. Orr, includes attendance, Rev. Frank Weir; classification, Kelly Pigg; club bulletin, N. M. Higdon; fellowship, O. T. Lackey; magazine, Justice; membership, Henry Sullivan; program, Goodloe; and sergeant at arms, Douglas Barker.

Miss Elizabeth Owen, field representative for the National Council of Camp Fire Girls, was the program speaker, explaining the work of Camp Fire and Blue Bird groups.

Savings Bond Sales \$18,184

May Sales of Series E and H Bonds for the county totaled \$18,184, John Forbis, county chairman, reported this week.

This brings sales for the year to \$75,557, or 58.1 per cent of the 1958 goal, which is \$130,000.

Ask Better TV Reception

Mayor Cudd Testifies At Senate Hearing

Mayor Hiram Cudd, along with Mayor O. L. Helm of Memphis and Alderman Jack Fox of Childress testified at a hearing of the Senate Committee on Interstate and Foreign Commerce in Washington regarding television reception in this "fringe" area Tuesday, June 24, at the close Senator Lauche, chairman, volunteered to relay to the Federal Communications Commission their appeal for a permit for the use of microwave equipment to give better TV reception in the three towns.

The men appeared before the committee in connection with its hearing on the use of community TV antennas.

Vumore Company, which has the community antenna systems in the three towns, has before the FCC an application for a permit to set up microwave equipment to boost rec-

ption in the towns, Bill Turk, former manager of the Ritz Theatre, and now district manager for Video theatres and Vumore, said while visiting here last week.

"We have done everything we can to give you better reception until we can set up microwave pickup equipment," he said.

It was on this point that the three lower Panhandle city officials testified. At the close of their testimony, Senator Lauche first suggested the trio present this same information to the FCC, then on second thought said he'd be glad to do it himself.

Cudd told him the group would sincerely appreciate his doing this.

At present, FCC has a freeze on all microwave permits, and until this freeze is broken, there is nothing Vumore can do, Turk explained.

Telephone Co. Asks Extension of Franchise

General Telephone Company has put before the city council a request for extension of its franchise to operate in Wellington and also its contract on the gross receipts tax paid for use of the streets and alleys.

The 20-year franchise under which the telephone company has been operating expired May 28.

Mayor Hiram Cudd said the company is asking that the franchise be extended 35 years. Action on the request was tabled at the last meeting of the city council because all members were not present.

General Telephone Company has paid a gross receipts tax of 1 1/2 per cent on income derived from local calls, within the corporate limits of Wellington. Both Mayor Cudd and City Manager Bura Handley said this will be increased to two per cent. The gross receipts tax has amounted to between \$450 and \$500 per year in the past.

The telephone company is asking for no special privileges, Handley said.

Conversation between city officials and Roy Brewer, district manager of General Telephone brought out that the company has on its agenda converting Wellington to a dial exchange, and the company expects to have this in operation by 1960. A contract has been let with the company to do installation here, at Memphis and Clarendon.

J. E. Reeves, 78, Pioneer Shinnery Farmer, Dies

John Edward Reeves, 78, died at 11:05 a. m. Monday, June 30, in Smith Rest Home here, a week after he had suffered a stroke at his home in the Shinnery community.

He had lived on this farm continuously since he homesteaded it in 1903. Located in what was to become the controversial Oklahoma Strip, he was one of the small group who often recalled that they lived in two states and three counties without moving from their farm.

Funeral services for Mr. Reeves were held at West Avenue Church of Christ Tuesday at 1 p. m., with Minister Howard Mitchell officiating. Burial was in the Independence Cemetery by the side of his wife who died March 9, 1950. The Kelso Funeral Home was in charge.

Surviving Mr. Reeves are two sons and four daughters: E. D. Reeves of Jayton; G. G. Reeves of Latham, Kansas; Mrs. Era Holder of Utah; Mrs. Lillie Cox of Wichita, Kansas; Mrs. L. N. Howell of Lefors; and Mrs. Roger Haynes of Vinson. Other survivors are a brother, G. B. Reeves of Quail; and two sisters, Mr. Emma Kromer of Bakersfield, Calif.; and Mrs. Ollie Keese of Amarillo. There are 19 grandchildren and 11 great grandchildren.

Mr. Reeves was born November 16, 1879, in Houston County, and lived there until 1902, when he came to Oklahoma. He was married in 1899 to Miss Allie Mae Bynum at Crockett.

He had been a member of the Church of Christ since 1908.

Surviving Mr. Reeves are two sons and four daughters: E. D. Reeves of Jayton; G. G. Reeves of Latham, Kansas; Mrs. Era Holder of Utah; Mrs. Lillie Cox of Wichita, Kansas; Mrs. L. N. Dozier Church Sets Meeting

A gospel meeting will be held at the Dozier Church of Christ from Friday, July 4 through Sunday, July 13, according to Frank Massey, who is helping with plans.

Minister Truman Teel of Dill City, Oklahoma, will be the speaker.

Song services will begin at 8:15 p. m. each night and the public is invited, Mr. Massey said.

Wheat Quotas Pass 88 to 5

Collingsworth county wheat growers voted 88 to 5 in favor of wheat marketing quotas Friday, June 20, according to the county ASC office.

This margin of more than 17 to 1 is one of the heaviest votes cast for quotas here in recent years.

Bank Deposits Almost Quarter Million Above Figure Year Ago

The first half of 1958 ended on an optimistic financial note as assets of the county's three banks rose above six million dollars, surpassing the figure of a year ago, and deposits stood at nearly a quarter of a million dollars above the figure for the same period in 1957.

Bank calls as of June 23 reflect these conditions, and statements of condition of the individual banks are published in this week's Wellington Leader.

Combined assets total \$6,013,414.43. A year ago they were beneath the six million mark.

Deposits now reach \$5,580,385.81. However, this figure does not reflect any of the wheat crop, nor does it show any soil bank money, which is only now beginning to come in. Not in the financial picture this year is the bonus money from oil leasing, which entered in the picture, although almost all case rentals have been paid as they fall due.

Deposits a year ago were \$5,362,143.50.

Almost the entire wheat crop went into the government loan, the estimate of one bank is that this will be around \$700,000 for the county. Not all of this will be placed on deposit in the banks, since many farmers will hold wheat money in cash to pay for farming operations, and a considerable amount will go out to pay for the harvesting.

When this money finally settles down in the form of deposits, it should be above \$300,000, it was estimated. This will push deposits toward the six million dollar mark, highest in recent years.

Of this year's deposits, 3,606,702.99, in demand deposits of individuals and business firms. An additional \$429,611.93 is in time deposits and the remainder is covered by the deposits of various political subdivisions such as the school districts, city, county, and also state and United States funds.

Loans and discounts now stand at \$2,856,356.64, a little above the figure last year.

Undivided profits as shown by the bank statements are \$79,900.56.

Annual Event Now

Panhandle Baptists to Hold Outing at Panfork July 4

Members of Baptist Churches throughout the Panhandle will observe the Fourth of July at the church-wide outing at Panfork Encampment northeast of Wellington.

While this is primarily an all day event, a number of families observing a long week end will come Thursday night and remain in the cabins maintained by their churches through Saturday, the Rev. Russell Pogue, pastor of First Baptist Church said.

Approximately 500 are expected for Friday from the North Fork Panhandle, Palo Duro and Canadian Associations.

The day will begin with a program at 10:30 a. m., directed by Rev. T. O. Upshaw of Pampa, president of Panfork Encampment. There will be a guest speaker, still to be announced, a musical program and other features.

Lunch will be served at the cafeteria for a nominal fee. The afternoon will be given over to recreation, which will include swimming, volley ball, baseball, horseshoe pitching, visiting and beach hikes.

This is the second year the July 4 outing has been held, and due to the success of last year's event, it was made an annual affair, Rev. Pogue said.

"Most of the families who attend will come for a day's outing, seeking a place of good clean fun that is not expensive and where there is plenty of room," Rev. Pogue said.

These totaled approximately \$33,280.

Friday's checks, amounting to around \$20,000, were under the cotton program along with one wheat check.

The additional \$13,280 was the practice payment for seeding grass under the conservation reserve program, Mrs. Guy Owens, who was in charge of that work in the ASC office, said.

Funeral services will be held at First Methodist Church at 10 a. m. Thursday, and burial in Wellington Cemetery under direction of Kelso Funeral Home.

Black was born May 11, 1880, in the Indian Territory. Her husband, Jake Black, died a number of years ago.

Surviving are a son and three daughters, Clarence Black of Dodson, A. E. Reddick of Amarillo, J. L. Green of Hereford, and Leo Popwell of Wellington. She also has a sister, Martha Daniels of Hollis; two sons, Clarence Denny of Oklahoma, and Lewis Denny of Amarillo; and 15 grandchildren.

dy Rogers Is Platform

Rogers of Childress, who is being re-elected as senator from the 30th District, has authorized Wellington Leader to make a statement following his campaign.

"Citizens of the 30th District, I announced my intention of becoming a candidate for senator on your State Senator weeks ago, I wish to take this opportunity to make the customary statement in your paper.

First, it is not possible to know all that I would prefer to know about myself and my district. I will hit some of the points, and urge you to contact those in a position to answer any questions you have. It is my desire that this be a book to you.

I have served four years (two as State Representative and two as one and one-half terms) as State Senator. I am 33 years of age, a farmer, cattleman, businessman. I am a native of South Plains-Panhandle area, my wife, two daughters and I served in the uniform of the United States Army for three years during World War II, and college education.

In different times during the past few years, I have been threatened with various threats.

Grasshopper Control Will Require Co-operative Efforts

The lack of interest in the state and federal grasshopper poisoning program, and its strict limitations as to what can be sprayed, calls for farmers to get together, work up their own block spraying of cropland, and enter into private contract with a commercial sprayer.

Roughly 262,000 acres of cultivated land in Collingsworth county is not even eligible for government spraying. The U. S. Department of Agriculture program pays one-third the cost of spraying range land only, and from our standpoint, that is not where most of the damage will be done. Hoppers already are moving out of the pastures, into the turn rows, and last Wednesday's high wind scattered them over the crops.

Block spraying is the only answer to the grasshopper at this time. It does no good for one farmer to spray his quarter section if no one around him poisons hoppers. He soon has as many as ever. But if he and all his neighbors in a large area have their land sprayed together, all of them will get relief.

The county agricultural agent will help any farmer or group of farmers who want to work us such a spraying block.

Range land should be sprayed, too, and probably some of the county's 302,000 acres will be, either by eventually getting into the government program, or individually as with cropland. The 11,000 acres of right-of-way is due to come under the state's program.

But spraying the rangeland is not as simple as it sounds. We do not face the dire threat that Colorado faced. The cost of spraying range is higher than crop land on the basis of return received. Some ranchers feel the cost is too high in comparison. Others, especially the smaller cowmen, have nowhere to move their cattle during the danger period following spraying. Others with cattle contracted believe the loss in weight suffered from a move or taking the cattle off the grass would offset the gain from spraying.

We are in a fringe area of grasshopper infestation this year, but we could be a center next year. Individual farmers making full use of their own resources and energy, plus the state and federal programs, will help stamp out infestation this year and cut down the prospects for further infestation in 1959.

No Time to Rush

"Keep off the gas!"

This is not a typographical error, but a life-line of advice from J. O. Musick, general manager of the Texas Safety Association, whose organization is sponsoring the current Slow Down and Live program being conducted throughout the state.

"Summertime — like any other season of the year — means safety time, but a lot of Texans forget this," Musick said. "They let the warm days and balmy nights detract from their driving responsibility as they hurry from one cool spot to another."

"They step on the gas and rush to vacation spots, picnic areas or a day at the water's edge — forgetting to ask themselves: 'How much time do I really gain by speeding. IF I get there.'"

"Too often vacation trips are planned without any thought for safety on the road, and what starts out to be a pleasure trip often ends up as another traffic tragedy."

Musick pointed out that traffic engineering and enforcement are important in public speed control, but that the final answer lies with the individual driver.

"Every driver on our streets and highways must initiate his own personal campaign to obey all the traffic signs and signals and to regulate his speed so that is neither too fast or too slow," Musick said.

The TSA general manager said the purpose of the Slow Down and Live campaign is to simply draw the public's attention to the fact that speed is dangerous, but especially now, during peak vacation months through Labor Day.

The best way to keep out of danger on the vacation road is to plan certain basic safety measures, and to stick to them. These safety measures are (1) control of speed, (2) keeping the car safety-checked and in good condition at all times, (3) scheduling your driving for short hours and allowing for occasional breaks to minimize fatigue, and (4) obeying traffic signs and signals.

Out on the road fully determined to observe these sense rules, his vacation will be

Dr. John McFarland's election as Houston School superintendent recalled some of his down-to-earth advice when he spoke at PTA here last winter. In a day when there is a theory for helping Johnny do everything under the sun, Dr. McFarland said that if parents would just get Johnny out of bed in the morning in time to eat a good breakfast, and wash his teeth and get to school on time without rushing frantically, they'd be surprised how much it would help. Later, eating bacon and eggs with friends, Bonnie and Mack Willis, one secret of his success was revealed: He is on the job and has half a day's work done, every day, before most of his teachers come to school.

Styles — the short skirts, some style authorities say, will never be dispensed with because of their many advantages, some of them are: free, unhampered movements by the women of today which goes into the making of beautiful healthy bodies of this generation and several generations to come. Others say that the short skirts is just another form of barbarism that has cropped out in this decade that is ruining the morals of our entire generation of today, both male and female, and if it isn't stopped will cause the next generation to be one of loose morals and turpitude of a deplorable end.

★ REPORT

Dear Editor:

I see where our Representatives in Washington are figuring on voting themselves an assistant apiece, same as Mr. Eisenhower has got an assistant president.

My unassisted neighbor says he doubts their need of this extra help, on account of now that we have got a depression they won't have to work such long hours to keep the money spent faster than we can make it.

He says that if assistants get any thicker in Washington, every citizen is going to have to have an assistant to help him pay his taxes.

I see where a famous editor pretty near swallowed his chewing gum here the other day when he noticed a frying size girl right out in plain sight on Main Street dressed in a dress.

I guess he had just about forgot how cute they can look when sort of frilled up instead of stripped down.

My teen-queen neighbor says she wears shorts on account of modesty and not wanting to attract attention to herself like the editor's subject did by going around with her clothes on.

My postoffice expert neighbor says it used to take two days for an air mail letter to get here from 800 miles away, but the last one took four days, after the PO people got a raise in pay.

Says lots of them are good friends of his, but he can't help being a little glad they didn't get any bigger raise.

On account of he couldn't stand the mail service getting any slower. When his wife's mother writes to him to jump she means now, and too much delay in getting the word from her is liable to detranquillize his home life.

My always commenting neighbor says "Yank Go Home" seems like is getting to be the national anthem of nearly every other country in the world.

Says apparently some of the Old World people don't like to associate with us because we haven't got much culture, but she thinks maybe time and another generation or two will fix this.

Already her small son is acting like a cultured foreigner. Next birthday he wants the other kids to send their gifts instead of bringing them.

I see where our political party planners are aiming to raise campaign money this year by soliciting everybody to buy a \$1 slice of his favorite party.

My irregular neighbor says they are asking for trouble, though, on account of satisfying some of these \$1 investors will be lots harder than pleasing the old style rich campaign contributor.

Says many of their bargain rate party stockholders will be expecting government jobs and/or wanting their income tax returns routed through the blind agents department.

I note that Mr. Khrushchev wishes to buy a lot of merchandise from the U. S. just as soon as we can get him fixed up with a credit card.

Likely figures on promoting some richer-living for his own bureaucrats via the U. S. system of charging it and borrowing money to pay off when it comes due.

My psycho neighbor says that's the way it goes, though. We envy the Russians how they can fly a sputnik, and they envy us our ability to steal from our grandchildren.

Banking and Competition

The City State Bank believes in both

The American System of Competition is the greatest means yet devised to serve the public with the greatest service at the least cost.

We here at City State have and do gauge our every goal by that yardstick. To our many old and new customers we again pledge ourselves to unexcelled services in the banking field at reasonable rates.

We have a lot of policies that help us in the field of competition. The latest in Bank Building and Equipment were installed by us to the goal of greater service to our customers and our territory and paid for by us out of past earnings — NOT out of current operations. We did not feel that charges to present and future customers should be burdened with these items.

Some of you may have wondered why our Bank Building is carried by us as a \$1.00 asset and our Furniture and Fixtures likewise carried as a \$1.00 asset.

The above is our answer, and one we are proud to have made,

STRONG and SAFE — your business is solicited at reasonable rates

Drue Wyrick Weds Patsy Carol Burdett Saturday in Home Ceremony at Midland

Miss Patsy Carol Burdett, daughter of Mr. and Mrs. Walter L. Brasher, 1123 East Pine Street, Midland and Drue Wyrick of Amarillo, son of Mr. and Mrs. Willie West of Wellington, were married at 8 p. m., Saturday, June 28, in the home of the bride's parents.

The Rev. Oliver Nelson, pastor of the Glenmore Baptist Church, read the vows before a setting of greenery with baskets of white gladiolas and candelabra holding white tapers. Piano music was presented by Leola Faye Dunn of Lubbock, cousin of the bride.

The bride was given in marriage by her father. Her gown was made of Chantilly lace over white satin and was styled with a sweetheart neckline, long pointed sleeves and short train. Her fingertip veil of illusion fell from a scalloped crown of seed pearls and rhinestones. She carried a white Bible topped with a bouquet of feathered white carnations and showered with white satin ribbons tied in love knots and maline puffs.

Mrs. Marsha Thornton was matron of honor. She wore an ice blue satin ballerina length dress and carried a bouquet of feathered pink carnations with satin streamers tied with maline puffs.

The flower girl, Linda Howard, cousin of the bride, wore a pale blue dress with white lace trim. Peggy Burdett, sister of the bride, and Kay Wright of Midland, were candlelighters. Miss Howard carried a maline basket filled with pink rose petals and the candlelighters wore pink carnation wristlets.

A reception in the Brasher home followed the ceremony. The bride's table was centered with an arrangement of white majestic daisies.

MRS. DRUE WYRICK

Beverly Fields, Mrs. W. E. Howard and Becky Sims were in the house-party.

For traveling the bride wore a copper toned sheath dress with Winter white accessories. She is a graduate of Midland High School and has been employed by Ector Office Equipment Company.

Her husband is a graduate of Wellington High School and is employed by Hubb Motor Freight Company in Amarillo, where the couple will reside.

Mallouf-Kaneb Marry Here Wed.

Miss Madeline Mallouf, daughter of Mrs. N. Mallouf, and George Salem Kaneb of Wichita, Kansas, formerly of Windsor, Canada, were married Wednesday, June 25. The ceremony was performed in the office of the Justice of Peace by Judge Raymond Horton.

Mr. Kaneb came to Canada six years ago from Lebanon and Miss Mallouf's parents were born in Lebanon.

Advanced Dress Workshop Set

The first session of an advanced clothing workshop for Home Demonstration Club women and all others interested will be held at the homemaking cottage at Quail Thursday, July 3 at 1 p. m., under the direction of Miss Kathryn Potter, agent.

The workshop will continue for the next four weeks, with these meetings being on Monday, July 7, 14, 21 and 28.

The initial session will be devoted to fitting patterns to the individual, and this will be followed by other advanced phases of dress making.

In the receiving line were Mrs.

Morris, Mrs. Morgan, Mrs. Brantley and Mrs. Louis Allred.

Mrs. Cox registered the guests. After the guests had seen the bridal gifts, displayed by Miss Robertson, they were served from the lace-covered punch table. An arrangement of blue carnations surrounding a silver and white wedding bell was used as the centerpiece, and appointments were of crystal. Mrs. Camp poured.

Soft recorded music was played during the evening. Guests called between 7 and 9 o'clock.

Bridal Shower in Hartman Home Honors Miss Nina Harrison Friday

Miss Nina Harrison, bride-elect of Gerald Jackson of Hollis, Oklahoma, was honored with a bridal shower in the home of Mrs. Leon Hartman Friday evening, June 27, between the hours of 7:30 to 9:30.

Hostesses for the occasion were Mesdames Leon Hartman, Emil Kersten, M. C. Cleveland, A. L. Cartwright, Sandown Smith, Wayne Ketchum, Earl Epps, Misses Glenda Epps and Cecilia Cartwright and Mrs. Hartman.

The guests were met at the door by Mrs. Hartman and presented to the honoree, her mother, Mrs. Earl Harrison, and the groom-to-be's mother, Mrs. Q. D. Jackson.

Mrs. Sandown Smith and Mrs. A. L. Cartwright showed the gifts to the guests as they arrived.

The serving table was covered with a white cutwork cloth and centered with a crystal bowl of yellow carnations with "Nina and Gerald" written in silver. Appointments were of crystal. Miss Nell Smith, Mrs. Wayne Ketchum, and Miss Cecilia Cartwright served at the refreshment table.

Honor Mrs. Holt on 78th Birthday

Mrs. Susie Holt was honored with a birthday dinner Sunday, June 29, at the Community building. She was 78 years of age Tuesday, July 1.

July 15 Deadline for Girls Entering County Four-H Club Dress Revue

The Collingsworth County 4-H Club dress revue will be held Friday, July 18, when approximately a dozen girls will model dresses they have made as projects in their work.

Winner of the senior division in the revue will represent the county in the District 1 dress revue in Amarillo August 1, Miss Kathryn Potter, county home demonstration agent, said.

The deadline for girls to turn in both their garments and club record books is Tuesday, July 15. They will be judged the following day.

The revue, open to the public, will be in Fellowship Hall of First Christian Church, beginning at 2:30 p. m.

Both junior and senior 4-H girls will participate, although only seniors are eligible to represent the county in the district, Miss Potter said.

Miss Potter to Training School

Miss Kathryn Potter, county home demonstration agent, will attend a training school on food preservation and freezing at Panhandle Tuesday and Wednesday, July 8 and 9.

The school will be conducted by Miss Maeona Cox, extension food and nutrition specialist with the Extension Service.

Lugert Picnic for HD Clubs

A small group of Home Demonstration Club women attended the annual picnic of that organization, held this year at Lugert.

Miss Kathryn Potter, home demonstration agent, directed the event, which was altogether recreational.

Mr. and Mrs. Charles Cowan and children returned recently from their vacation. They first spent two nights at the Stamford Lake where they met a number of Mr. Cowan's relatives for a family reunion. They then visited relatives in Littlefield, and her parents, Mr. and Mrs. R. N. Kayer in Fort Worth.

B&PW Members Attend Meeting

Three members of the Business and Professional Women's Club attended the State Convention of the Texas Federation of Business and Professional Womens Clubs at the Adolphus Hotel in Dallas June 13, 14, and 15.

Those attending were Mrs. E. H. Harwell, Mrs. Heber Brantley, and Mrs. B. M. Sims.

Mrs. Lester Bengel, a former resident of Wellington, presented a Memorial Service, in which Miss Katherine Boverie was included.

At the president's dinner, the group witnessed the unveiling of 2 portraits of past national presidents, Dr. Minnie L. Maffitt and Judge Sarah T. Hughes, who are members of the Texas Federation.

The portraits will be hung in the new National Business and Professional Womens Headquarters in Washington, D. C.

CARDS OF THANKS

Words cannot adequately ex-
press our appreciation and grati-
tude to all those who were so help-
ful to us during the illness and
passing of our beloved husband
and brother.

You so graciously ministered to
our every need. We wish to thank
Dr. Carter Holcomb, Kelso Funeral
Home, and the Sisters and nurses
at the hospital, and the many
friends and neighbors who called,
those who brought food and the
many beautiful flowers, and for
every other act shown us in any
way.

May God richly bless each of you
is our prayer.

Mrs. S. B. Owens Jr., and the
brothers and sisters of
S. B. Owen Jr.

We wish to express our sincere
appreciation to all those who were
so helpful to us in our recent sor-
row.

For the food, many expressions
of sympathy, floral offerings, the
beautiful service, and other kind-
nesses, we are deeply grateful.

May God bless each one of you.

said court and styled LULU C.
BOOKER, Plaintiff, vs. HER-
MAN BOOKER, Defendant.

A brief statement of the nature
of this suit is as follows, to-wit:
Action for Divorce, Plaintiff al-
leges that defendant was cruel and
unkind to plaintiff, and that he
would leave her at home at night
alone while he was out drinking
intoxicating liquors to excess with
other people of questionable char-
acter, and that he deserted said
plaintiff without any cause or pro-
vocation on the part of said plain-
tiff, and refused to, live with her
as her husband.

as is more fully shown by Plain-
tiff's Petition on file in this suit.
If this citation is not served
within ninety days after the date
of its issuance, it shall be return-
ed unserved.

The officer executing this writ
shall promptly serve the same ac-
cording to requirements of law,
and the mandates hereof, and
make due return as the law directs.
Issued and given under my hand
and the seal of said court at Well-
ington, Texas, this 14th day of

LEGAL NOTICE

THE STATE OF TEXAS
TO THE SHERIFF OF
COLLINGSWORTH COUNTY,
TEXAS — Greetings:

YOU ARE HEREBY COMMAN-
DED to cause to be posted for not
less than 15 days prior to the
hereinafter set forth date of hear-
ing at the Courthouse door of Col-
lingsworth County, Texas, a copy
of the following notice and also to
publish this notice in the Welling-
ton Leader, a paper of general cir-
culation in the County of Collings-
worth, State of Texas, once a week
for two consecutive weeks, the
first publication thereof to be
made at least twenty days prior to
the date of hearing:

THE STATE OF TEXAS:
TO ALL PERSONS INTEREST-
ED in the formation of COLL-
INGSWORTH COUNTY WATER
CONTROL AND IMPROVEMENT
DISTRICT, Number one:

Notice is hereby given that on
the 18th day of July, 1958 at 10:00
A. M., in the County Commission-
ers Court room in Wellington,
Texas, a hearing will be had on a
petition filed with the County
Clerk, which petition calls for the
formation of Collingsworth County
Water Control and Improve-
ment District Number One which
will have boundaries contiguous
with the County boundaries of
Collingsworth County, Texas which
petition reads as follows to wit —
PETITION FOR THE FORMA-
TION OF COLLINGSWORTH
COUNTY WATER CONTROL
AND IMPROVEMENT DIST-
RICT, NUMBER ONE:

Now comes the undersigned and
respectfully petition the Commis-
sioners Court of Collingsworth
County, Texas to form Collings-
worth County Water Control and
Improvement District, Number One
in accordance with the laws of the
State of Texas in accordance with
Section 59 of Article 16 of the
Constitution of the State of Texas.
That the name shall be Collings-
worth County Water Control and
Improvement District, Number one.
That the boundaries of this dis-
trict shall be contiguous with the
boundaries of Collingsworth Coun-
ty, Texas, as said County is or-
ganized and exists under the laws
of the State of Texas and more
particularly said boundaries are as
follows to wit: "BEGINNING at
a point being the South East cor-
ner of Collingsworth County,
Texas and the South-East corner
of Section number 34 A Block O. S.
in Collingsworth County, Texas;
THENCE West along the South
boundary line of Collingsworth
County, Texas to a point being the
South-West corner of Collings-
worth County, Texas and being the
South-West corner of Section
Number 30 in Block 19 of the H &
G N Ry. Co. Surveys situated in
Collingsworth County, Texas;
THENCE North along the West
Boundary line of Collingsworth
County, Texas to the North-West
corner of Collingsworth County,
Texas and being the North-West
corner of Section number 17 sit-
uated in Block 23 of the H & G N
Ry. Co. Surveys situated in Col-
lingsworth County, Texas;
THENCE East along the north
boundary line of Collingsworth
County, Texas, to the North-East
corner of Collingsworth County,
Texas and being the North East
corner of Section number 84 in
Block O. S. situated in Collings-
worth County, Texas; THENCE
South along the east boundary line
of Collingsworth County, Texas to
the place of beginning and con-
taining 585,162.61 acres of land."

That this district is to be or-
ganized for the following pur-
poses:

(1) For the conservation and
development of the water of
Salt-Fork of Red River as same
is situated in Collingsworth
County, Texas, including the con-
trol, storing, preservation and
distribution of its storm and
flood waters,
(2) For irrigation of land
needing the same,
(3) For power and all other
useful purposes,
(4) For the preservation and
conservation of all water resour-
ces of Collingsworth County,
Texas,
(5) Furnish water for indus-
trial purposes,
(6) Recreation and wild life
conservation.

The general nature of the work
to be done is the construction of
a dam upon Salt-Fork of Red River
at a Dam site suitable according
to engineering standards approxi-
mately 8½ miles down the river
from where Highway 83 crosses
Salt Fork of Red River situated
in Collingsworth County, Texas, or
at such other location as the en-
gineers representing the district
shall deem advisable.

That said dam to be constructed
shall be in an approximate length
of 4500 feet and in an approximate
height of 80 feet.

That the estimated cost of the
construction of such a project will
be one million dollars.
That there is a need for the con-
struction of such a dam as the
waters of Salt-Fork of Red River
as it now passes through Collings-
worth County is unharnessed and
causes much flooding of land and
there is sufficient water that the
same may be conserved and used

for irrigation and other purposes
as heretofore set forth. That there
are thousands of acre feet of water
which flow through this County
and serve no useful purpose and
the same could be stored and used
for industrial purposes.

That A. M. Woolverton, a regis-
tered engineer of the State of
Texas will furnish evidence as to
the feasibility of this project.

That the above set forth project
is feasible and the undersigned
respectfully request the County
Judge of Collingsworth County,
Texas, to issue an order setting
the date for the hearing by the
County Commissioners Court on
this petition and that the County
Clerk of Collingsworth County issue
the necessary notice in com-
pliance with the law and upon a
hearing that the Commissioners
Court enter an order creating the
Collingsworth County Water Con-
trol and Improvement District,
Number One.

At this hearing evidence will be
heard before the Commissioners
Court of Collingsworth County,
Texas to determine if said Col-
lingsworth County Water Control
and Improvement District Number
One should be created in compli-
ance with the Statutes of the State
of Texas.

GIVEN UNDER MY HAND
AND THE SEAL OF SAID
COUNTY CLERK OF Collings-
worth County, Texas, on this the
23rd day of June, 1958.

County Clerk of Collings-
worth County, Texas 1-2-c

Honor McIlhany on Contribution to Agriculture

WHEELER, Tex. — The agriculture committee of the Wheeler Chamber of Commerce honored State Representative Grainger McIlhany with a special appreciation banquet recently for his "outstanding contributions to agriculture".

Rep. McIlhany received the award following a county poll which indicated that he had contributed the most to the betterment of agriculture in Wheeler County.

T. M. Britt, Wheeler County rancher and community leader, was the principal speaker and outlined the work of Rep. McIlhany in the Texas Legislature which was the basis for his selection for the agriculture award. Cotton John Smith, Amarillo, presented McIlhany with a scroll signed by the officers of the Wheeler Chamber of Commerce.

Britt pointed out that during 1957, McIlhany sponsored legislation to set up on-the-farm demonstrations of improved farming methods in the eastern Panhandle area. This program has already been set up in Collingsworth, Hall, and Wheeler Counties. McIlhany also secured state aid in the eradication of crows, which annually cause damage to grain crops.

McIlhany successfully sponsored amendments to the general appropriations bill to expand the services of the county agent's office and to improve the Texas A&M experiment station and forestry programs. He was the author of the complete revision of the livestock feed laws of Texas.

He was one of the planners of the present loan program for the building of water conservation dams.

The speaker noted that Rep. McIlhany is now a senior member of both the House Agriculture and Livestock Committees. These two committees hear all bills that apply to farm and ranch problems. McIlhany was a co-sponsor of the state farm-to-market road program which was enacted in 1949.

Goodnight Exes Meet August 3

The annual reunion of former students of the old Goodnight Baptist College will be held August 3, Mrs. E. L. Rankin, said this week.

It will be an all day meeting in the old college building, with a basket dinner at noon.

Miss Mary Miller of Goodnight, secretary of the Goodnight College Ex-Students Association and a former Collingsworth county resident, is urging those who cannot attend to let her hear from them.

in the home of her parents, Mr. and Mrs. Mac Horton. She and the children came down with Tommy's parents, Mr. and Mrs. Homer McGary and family.

Mr. and Mrs. Homer McGary are visiting Mr. and Mrs. C. R. Barnett south of town and Mr. and Mrs. Osa Davis east of town. Mr. Davis and Mrs. Barnett is a brother and sister of Mrs. McGary.

Mr. and Mrs. Haskell Manuel spent last Wednesday night in the home of their son and family, Mr. and Mrs. Don Manuel of Fritch.

Mr. and Mrs. L. J. Dolloff of O'Donnell, Texas, spent Saturday night in the home of Mr. and Mrs. Elmer Haralson. Mrs. Dolloff is a sister of Mrs. Haralson.

Rose Mary and Shirley Horton and Jan Langford spent Sunday in the home of Mary Finley.

Mrs. Woodrow Wilson has something wrong with her throat and had to spend the night Sunday in St. Joseph's Hospital. We wish her a speedy recovery.

Mr. and Mrs. W. M. Scott and Jack spent last week in Wichita Falls with their son and family, Mr. and Mrs. Bob Scott.

LILLIE NEWS

By Mrs. Haskell Manuel

The high winds last Wednesday hurt the crops badly out here in our community. Some had to plant all their cotton over and some were fortunate just to lose a little.

There was a nice crowd at both the morning and evening services at the Baptist Church. Rev. and Mrs. Virgil Smith and Lana were dinner guests in in the J. T. Finley home.

Mrs. Cleo Thomas of Lindsey, Okla., visited in the home of her aunt, Mrs. G. D. Thomas one day last week.

Purina Dedicates Danforth Farm Youth Center

Approximately 800 persons included in rural youth of America observed ceremonies at the Purina Danforth Farm near Gray Summit, Missouri, recently, dedicating the Danforth Farm Youth Center. Among the visitors were some 300 deans and faculty members of agricultural colleges throughout the United States.

Principal speaker at the dedication ceremonies was Secretary of Agriculture Ezra Taft Benson. Of the Danforth Farm Youth Center, he said, "This Center is dedicated to those who are trustees of the future: Youth. Here farm youth groups will have facilities for such projects as club meetings, judging contests, field days, and instruction sessions. Research in this Center will contribute to the success of club projects of young men and women on farms throughout the country. It will help bring about a better animal agriculture for tomorrow."

"We congratulate the Ralston Purina Company and all who have had a part in the building of this Center. To this institution we and we expect — will come the youth who as adults in their own fields will surpass the achievements of the young people who have preceded them."

Platform—

(Continued from page one)

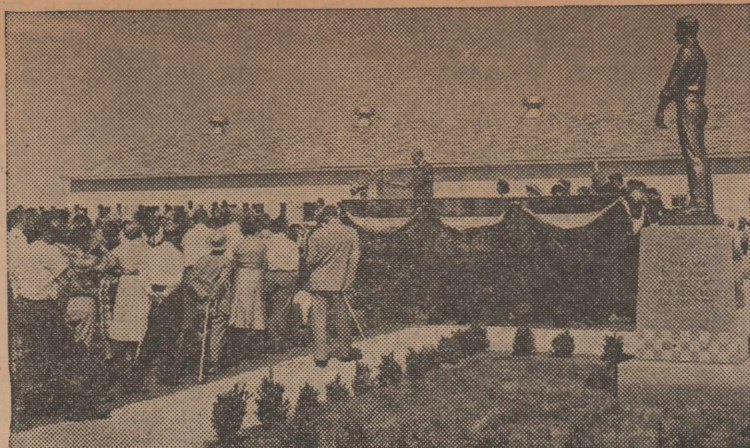

I am not to seek re-election of you who know I have been threatened with disqualification if you did not permit me to make this race. Behind this is a long one, which on many things that happened in Texas politics, they are covered below—will discuss later.

In my first race for the Senate in 1952, there was a cry to "clean up the Washington". I was among candidates THEN. I then that "Austin is as Washington" and that integrity is needed most."

I ended a law requiring state and legislators to file, for record, a statement showing some and its source. I was popular in some circles.

4 I, and a few others, urged inclusion into several state including the Insurance Commission, certain land transactions in which the State was in and State contracts. For I was slandered. A few after the lid blew off.

No candidate would dare high office without a pledge of honesty and integrity restored to our State government. Rogers is the only candidate.

FOR AMERICAN YOUTH

A part of the crowd witnessing the dedication of the Danforth Farm Youth Center at the Ralston Purina Research Farm at Gray Summit, Missouri, is shown here listening to Secretary of Agriculture Ezra Benson deliver the dedicatory talk. At right in the foreground is the centerpiece of the quadrangle which constitutes the Danforth Farm Youth Center. It is a bronze statue of a typical American farm youth.

ate in this race who has supported and voted for lobbyist control, lobbyist registration, and a code of ethics for legislators; for anti-labor shark legislation and compulsory financial statements of State officials' incomes.

Andy Rogers has authored more strict laws on the sale and distribution of narcotics and filthy literature and bootleggers than any other candidate in this race.

I have made many good friends among those who work for the interests of our district. I have made good enemies of those minority blocs whose interests conflict with the interests of our district. Some of these minority blocs have done well for themselves in Austin. But their position is now threatened. They are desperate to continue feathering their nests at your expense, to protect their "darlings", and to gain new ones.

I am on their list for extermination. They will stop at nothing and stoop to anything. Their methods of political slander, deceit and legislative control have been perfected to an art. And, as has been said, "the perfection of art is to conceal art."

It is well known in Austin and Dallas that the Top brass of the loan-sharks, electric utility monopolies, gas pipelines, the liquor lobby and others are licking their chops over the slick tricks and schemes they have cooked up to deceive you about your Senator.

Actually, theirs is an old tune with a few new verses — only a little face lifting to bring their show up to date. I have suffered economically, socially and politically at their hands. But I have not run from them in the past, and I will not do so now or in the future.

Taxes and Economy

There is no need for either a sales or income tax for Texas. No other state has ever abused its citizens on tax matters as has Texas. A few examples: Nearly

55% of present taxes collected in Texas are consumer (or "hidden") sales taxes. The consumer gasoline tax take is more than that paid on all crude oil. The consumer cigarette tax is larger than the total natural gas tax. Other states, even communists, can buy our gasoline tax free, but you pay 5¢ per gallon. Other states tax our natural gas up to ten times as much as we do. Roughly, 70% of both of these Texas products are consumed outside of Texas. Few of the really big industries in Texas pay more than a proportional TOKEN of taxes, compared with the average businessman, farmer and worker.

Last year two (2) groups had their taxes reduced — natural gas producers and part of the Texas electric utility monopoly. Two (2) groups had their taxes raised — 10% increase on YOUR car and truck licenses and a doubling of tuition on students of State Colleges.

CONCLUSION: Stating such facts is often political suicide in Texas, but we merely need legislators who will see that these out-of-state corporations pay their share of the load while exploiting our resources. I have fought for this.

Labor

I will continue to fight to maintain a strong and workable RIGHT-TO-WORK law in Texas. This should be supplemented by a little Taft-Hartley law for Texas, as our present labor laws are a hodge-podge and leave loopholes unfair to business, labor and the public.

Appointments and More Representation

I was one of a dedicated group that forced legislative redistricting. West Texas gained NINE new Representatives and THREE new Senators thereby.

For the first time in history, since I have been your Senator, our immediate area (District) has had a Chairman and member of

the Highway Commission, Chairman of Water Engineers, The State Water Planning Board, the State Dental Board, the State Optometric Board, the Public Safety Commission, two of seven members of the State Board of Colleges and others.

These appointments are made with the advice and consent of the State Senate. Such things don't "just happen", and have never happened to us before.

Schools and Colleges

Our young people are our greatest resource. In 1952 I stated that we were "destroying our future with a false economy school program". We had made some advances. In these, Andy Rogers has been in the forefront.

One law I authored, which equalized our share of the State's school financial burden, has ALREADY saved our fifteen county Senatorial District nearly TWO (2) MILLION DOLLARS (from your pocket) in only 4½ years.

Agriculture

The economy of our Senatorial District is based, first and last, on agriculture. No present member

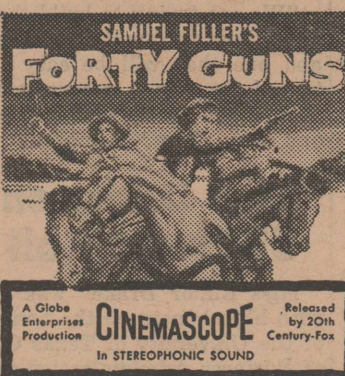

of our State Legislature has a record to surpass my efforts in this field. This record was made on such legislation as has been requested and approved by the farmers, ranchers and businessmen of our District. Andy Rogers' record includes accomplishments and efforts regarding underground and surface water, rural roads, seeds, feeds, "gas for irrigation", experiment station work, animal health, the Extension Service and many others.

I STILL believe that in Austin, as elsewhere, "moral integrity is needed most". I will conduct no smear campaign; I will stick to the record and the facts.

YOU, the people of our agricultural 30th Senatorial District, elected Andy Rogers to be your State Senator in 1952 by an overwhelming majority for one-half (½) a term. In 1954 you gave me a full four-year term without an opponent.

It has been a privilege and an honor to be your State Senator. With humility and sincerity, I ask for the opportunity to continue to serve you.

On-the-Farm Experiment

Johnson Grass Control Study Begun in County

The county's on-the-farm experiment program has added a Johnson grass control plot, using as one of the compounds an experimental chemical so new it is not yet named.

The experiments are on the Woodrow Wilson farm in Lillie community and are directed by Dwane Scott, farm demonstrator assistant, and County agent Bob Lynch.

Five compounds were used, four mixed with diesel oil to be applied at the base of the plants, and the fifth mixed with water and applied as a spray.

Newest of these compounds is simply called Dow, because it is made by Dow Chemical Company. It is mixed with diesel oil at the rate of one quart per 10 gallons.

One gallon of HCA is mixed with 10 gallons of diesel oil; one-half cupful of C-56 with 10 gallons of oil; and naphtha and diesel oil are mixed half and half.

Dowpon is mixed with water at the rate of two pounds per 10 gallons and used as a spray.

Although the field is heavily in-

fest with Johnson grass, Wilson has planted it in cotton.

Each compound is put down on two rows of cotton 300 feet long, repeated three times at varying intervals. Between each is a check row.

"We feel that out of this, we'll find a compound that will help Collingsworth county farmers who have Johnson grass," Lynch commented.

Troop 32 Goes To Camp Kiowa

Troop 32 of the Boy Scouts went to Camp Ki-O-Wah near Lake Marvin Sunday, June 22, and returned Saturday, June 28.

Men taking them and going after them and staying with them at different intervals were: Richard Bailey, Scoutmaster; Raymond Horton, assistant scoutmaster; David Peters, H. L. Duncan, A. J. Fires, and Calvin Hurst.

Members of the Troop going were Ronald Hurst, Mark Fires, Raymond Horton Jr., Skippy Duncan, Craig Adcock, Harold Pigg, Jennings Wells, Freddy Peters, Tim Bailey, Gene Sweat, and Joe John Henard.

Methodist Trio at Assembly

Three girls from First Methodist Church, Lynda Orr, Diane Owens, and Patricia Sullivan, attended the Northwest Texas Conference Summer Youth Assembly at McMurry College, Abilene. This was in session from Monday through Friday, June 23 to 27.

The program for the assembly included study courses, training clinics, recreation and worship.
