

Jr. and Sr. Wolverines Hold To Undefeated Record

NOSIN.....
WITH POLLY

Anna's really on the ball these days, she answers the telephone now each time almost before it rings. (The reason for the rush is, she's expecting that long distant call from Hollywood to sign her up in movies, since we sent a copy of the paper to screen and TV Star Rufe Davis in Hollywood after he visited the news last week, and we snapped their picture together.) Anna says, "Maybe some movie producers will see me and sign me up, you know Ma Kettle will be to old some day to play that roll."

The Wolverines hard charging line continually pushed through to rush the passer and the Springlake secondary was on their toes every minute to ward off any pass that might be thrown.

The statistics show that Anton was definitely outclassed from the opening kickoff.

Springlake picked up 14 first downs with 256 yds. rushing and 36 passing. They returned two punts one for 70 yds. and other for 75 yds. counting for two of their scores. They had rough luck on penalties again this week, drawing a total of 115 yds.

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests! Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases! Lydia Pinkham's is modern in its action! So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron. See it — taken through the month — it doesn't give relief from those backaches, jitters — help you feel better before and during your period! Or — if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

"Man, it's true, all right. When you're burning butane or propane in an engine, you sure need a real SPECIAL oil. That oil I was using used to thicken up just about like gear-grease. But not this AMALIE L. P. G.! Still looks fine when I drain — and I don't drain near as often!"

Ordinary, common-grade oil won't do! It has to be ENGINEERED just for an engine burning butane or propane (Liquid Petroleum Gas). There's nothing like AMALIE L. P. G. Oil. From selected Pennsylvania crude — no other crude like it in the world. Refined to HOLD its viscosity, its flowing qualities: not let them burn away. Has special additives, to hold dust, grit, rust, etc., in suspension — so the filter takes them out. How it does cut engine wear! And it's cross-graded, 20W-30 (or 40) — use it summer and winter.

Give YOUR engines — and your bank balance — a break!

DON'T BREATHE A WORD BUT —

by VIOLA HALL

Hi once again. This is six weeks and I doubt if there will be much humor around school next week. Anyway, we'll make an attempt to catch up with the teenagers.

Here is a couple we haven't seen together for a long time. Henrian Rudd and Harold were together in Earth after the ballgame Friday and Sunday they went to Palo Duro Canyon. Henrian doesn't stop here, though. She was with Ledford Enlo Saturday at the show in Earth.

Barbara Lott and A. C. is a couple we see a lot of. They were together Monday, Friday and Sat.

A new couple is Virgil Vaughn and Judy Wood. They were together Friday and I must say they make a swell couple.

Laverne Bibby and Harvey Kendrick were together Friday, Saturday and Sunday. Were you hitting for awhile Saturday night, Laverne? I guess Harvey finally found you though.

Here is a couple that have been seeing an awful lot of each other

lately. They are John Blackwell and Yvonne Louder. They were together Friday, Saturday and Sunday.

Sharon Hay and Joe EMI Wheat are still on the go. Sharon was with Joe EMI Monday, Friday Saturday and Sunday.

Marilyn McGeath and James Cooper were together Wednesday, Friday and Sunday. What was that you were saying about Saturday night, Marilyn? Did James go to Muleshoe?

Thursday night found Beverly Province and Gary Bulls together. At the show?

Joe Ann Elmore was with Jerry Alexander Friday, Saturday and Sunday. One night they went to Clovis. Quite a way from home isn't it?

Say, Shirley Chaney, why don't you let us in on the guy you were with Friday?

I managed to catch up with Melvin Lewis and Evelyn Clayton once again. They were together Friday, Sunday afternoon and night.

Jane's Dent and Bob Price was with Evelyn and Melvin, Friday and Sunday.

Listen to this! Mary Jane Shirley was with Mike Burgess Friday. I wonder if this is only the beginning. Anyway we will have an eye open.

I would like to make mention of a few of the ex's that were at our Friday ballgame. They were Joe Lee Campbell, Janis Jones, Ernie Watkins, Ronald and Donald Sander, Lois Lewis, Nonetta Bollinger and Millie Bell Armstrong. It was sure good to see each of them.

Here is another new couple. Kay Jones was with Tracy Angeley Friday night.

This is also initiation week for the freshman girls. I understand it is going to be pretty rough. Poor kids!

I hope to have more news for you next week. Until then, goodbye.

The Assembly of God Sunday School Enlargement Campaign is going full speed. Last Sunday was Rally Day. There were 91 in Sunday School. This next Sunday we expect to go over the 100 mark. Next Sunday's theme is, There is a Place for you in Sunday School.

Someone has said that Sunday is 'the saving bank of human existence.' C. Reade refers to Sunday as the Green oasis, where, after the week day's journey, the pilgrim halts for refreshments and repose. We want you to know that there is a place in our Sunday School for YOU. We're anxious to have you as a part of our group every Sunday morning. There is a class especially for YOU.

Sunday morning offers you refreshment as you look into God's Word, worship, fellowship and serve the Lord with other Christians.

This coming Sunday's theme is 'THERE'S A PLACE FOR YOU IN SUNDAY SCHOOL.' We would like to break all previous records of attendance on October 14. Won't you help us do it by being at Sunday School at 9:45, Assembly of God Church.

Ike Can't Make It Rain, But He's Still Best Man

"The other day I asked a farmer if it was dry out his way. He said it sure was. 'Looks like we just can't get any rain,' he said. 'Why, when Noah had his 40-day flood, we didn't get over half an inch.'"

There's no mistake about it, Texas is having itself a real drought. Some of the farmers and ranchers in our county are in such bad shape that they may vote for Stevenson.

Old Man Jones, from across the river, said he wasn't going to go to any such extreme. He said he needed rain as bad as anybody else. He claimed water was so scarce in his community that the preacher was baptizing new members with a wet handkerchief. But he was holding out awhile longer, anyway.

"I may be stubborn," said Old Man Jones, "but I just ain't been convinced that President Eisenhower is keeping it from raining."

He said he knew that Stevenson and Kefauver acted like they thought so, and they had a right to their opinion. Lyndon Johnson, he figured, knew better, but he was sticking with Adlai and Estes for the sake of unity. He said he didn't figure Mr. Sam Rayburn had known whether it was raining or not for the last 25 years.

"I hate not to go along with such a widely known crowd of weather-observers," Old Man Jones said. "If there's anybody

who keeps up with which way the wind is blowing, generally speaking, it's Stevenson, Kefauver and Johnson."

Then he went on to say that he realized the national farm program hadn't pleased everybody—including him. If he was in the White House, he would do things different, at least in our county. He allowed that the \$61,000,000 spent by the Eisenhower administration for drought relief in Texas could have been doubled and still not made all the farmers happy and prosperous.

"But," said Old Man Jones, "I keep remembering that the main reason for our troubles, besides the drought, is the fact that we are not at war. Now, if Adlai and Estes really want to jump on President Eisenhower, there is a real issue. They've sure got the goods on Ike in that respect. If he hadn't stopped that Korean War, farm prices would be higher, no doubt. I wonder why they never mention that."

Old Man Jones was kidding a little, of course, in his usual way, but I think he had something there. We have got to adjust to peace-time, which is taking awhile but President Eisenhower is working at it. And meanwhile our boys aren't fighting and dying on foreign soil. It's worth thinking about.

Yours truly,
Jex
