

COTTON RESEARCH FEATURED IN TWO NEW PUBLICATIONS

Two Texas Agricultural Experiment Station publications, B-830, Cotton Production on the Texas High Plains and B-832, Smith-Doxey Classification, Fiber Testing and Problems of the Cotton Trade, are now available from the Agricultural Information Office, College Station.

The first named was prepared by the staff of the Lubbock sub-station headed by Superintendent D. L. Jones and Dr. H. C. Lane of the Department of Plant Physiology and Pathology, College Station.

Such items as seedbed preparation, planting, cultivation, irrigation, fertilization, insects, diseases, varieties, defoliation, harvesting and field storage of cotton are discussed. The authors point out a successful cotton program for the area is through lower cost of production. They say this can be accomplished only through understanding of the factors influencing cotton production, so that a sound integrated production program can be evolved. Listed in the bulletin are the results of research aimed at developing such a program.

Dr. R. L. Hunt, professor, Department of Agricultural Economics and Sociology, in the second

bulletin reports the findings of a study made last year. He interviewed or sent a questionnaire to members of the Texas Cotton Association and 65 merchants answered the questions in sufficient detail to use their replies. These firms represent shippers, f.o.b. merchants, spot brokers and mill buyers and have an annual business of approximately 4,864,000 bales.

On Smith-Doxey, 53 said they bought some cotton on S-D classification and in 1954 about 38 per cent of their total purchases were made on the basis of "green cards." Thirty-two said the service was satisfactory or at least partially so; 20 said it was not satisfactory and practically all made some criticism of S-D classification.

Some use of fiber testing was noted by 53 firms. Approximately half of the 4.8 million bales handled by the 65 firms was sold on the basis of Micronaire tests, but only 27 per cent was purchased on this basis. Fiber testing is still too new, points out Hunt, to give a definite set of discounts and premiums.

600,000 4-H'ers Hunt Hazards

14,000 LIVES LOST — Safety is an important crop that is being harvested on the farms and in the homes of 600,000 4-H Club members taking part in the 1956 National 4-H Safety Program. Through 4-H activities, club members in all 48 states are correcting hazards which are responsible for an annual toll of 14,000 lives and 1,200,000 serious injuries among farm residents, and an economic loss estimated to be a billion-and-a-half dollars.

547 County 4-H Club Members Wage Safety Campaign All Year Long

Five hundred and forty-seven Hall County 4-H Club members have waged an unrelenting campaign against safety hazards this past year, County Agent W. B. Hooser said this week.

Activities of members of the seven clubs in the county have included surveys of their farms and homes. In this, they located the hazards and assisted their fathers, or some other member of the family, in eliminating them. There are three 4-H Clubs in Memphis, two in Turkey, and one each in Estelline and Lakeview. Hall County 4-H Club members have won first in the National Safety Contest six, out of the last seven, years.

More interest is being shown in the program by club members,

as each year passes, the county agent said.

The county safety program has saved Hall County farmers many thousands of dollars, according to Hooser.

At club meetings, a safety picture has been presented and slides have been used to stress the value of a county safety program.

In conducting safety surveys, club members have located hazards, placed cross-bone signs on them, and then practiced caution in correcting them, Hooser said. Other phases of the program have emphasized safety with tractors, farm machinery, and electricity, and in handling fuel and farm animals.

LOCALS

Mr. and Mrs. Bud Mabry of Globe, Ariz., and mother, Mrs. Effie McKee, of Dennison visited in the W. D. Mabry home last week.

Hayden Goodnight of Amarillo, a former Memphis resident, visited here with friends Sunday.

Mr. and Mrs. Billy Ray Cocanougher and son Danny and Mr. and Mrs. Weldon Browning and sons, Dwane and Douglas of Idalou, visited in the James Freeman home over the weekend.

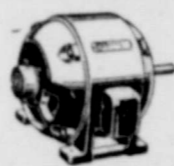

Mr. and Mrs. Claude Ferrel and children visited this past weekend in Pampa with Mr. and Mrs. C. W. Appleby, Mrs. P. F. Craver and Patty Nell Craver of Washington, D. C., returned to Memphis with them.

Mr. and Mrs. Arvil Gilreath of Gila Bend, Ariz., are visiting this week with her mother, Mrs. Edgar Melton.

Mr. and Mrs. J. M. Ferrel and daughter left Saturday on a weeks vacation.

Mr. and Mrs. Earl Richards of Muleshoe were weekend visitors in the T. J. Spry, Jr., home.

Miss Frankye Lynn Srygley visited this weekend in Lubbock with Mr. and Mrs. Gene Hamil. Mrs. Hamil is the former Miss Jo Ann Hart.

Clarendon Course Designed by Two Memphis Golfers

The Donley County Golf Club's new course will be ready to play on within another week, according to reports received here this week. The course was laid out by Sam and Tommy Hale of Memphis Country Club two weeks ago. The course consists of nine holes of which two are five par

and two are three par, Hal Par for 18 holes would be. The course is located on an old golf course site at the edge of town, southwest of the tower, Hale said. The greens have a 40 foot surface, he continued. The new club has created interest up to the present and it is believed that around families will be members spring.

How to be a Better Cook ... and save money too!

BY *Mary Blake*

Home Service Director Carnation Company

Make your sandwiches HEARTY—for lunches, suppers, midnight snacks.

NO. 1—BROILED TOMATO-CHEESE SANDWICH

Toast bread; top with: tomato slice, Carnation Cheese Sauce, crisp bacon slices. Place under broiler until bubbly and lightly browned.

CARNATION LIGHTNING-QUICK CHEESE SAUCE
(Makes 1 cup)

1/2 cup (small can) undiluted Carnation Evaporated Milk
1/2 cup cubed or grated process-type American cheese
Salt and pepper
Dash of Worcestershire sauce and prepared mustard

Heat Carnation in saucepan over low heat to just below boiling. Add cheese and seasonings. Stir until thickened and smooth, or until cheese is melted.

NO. 2—TUNA SALAD FRENCH TOAST

Flake one 7-oz. can of tuna; combine with 1/2 cup diced celery and 1/4 cup diced stuffed olives. Add enough mayonnaise to moisten. Use as sandwich filling (enough for 4). Dip sandwiches in French Toast mixture (2 eggs, 1/2 tsp. salt, 1/2 cup undiluted Carnation Evaporated Milk, 1 tablespoon sugar). Brown on both sides in hot butter.

Woman's Council Meets For Study At Church Monday

The Woman's Council of the First Christian Church met at 3 p. m. Monday, July 23, in the Church lounge. Jo Moore and Betty Tucker were co-hostesses for the meeting.

Lucille Randel was program leader for the afternoon study on "Africa."

Introducing the study the group sang, "Bring Them In" and prayer was offered by Faye Maddox. The scripture reading taken from Acts 16:9-14 was given by Lucille Randel. Mrs. Vero Knight then gave a paper on "A Modern Macedonian Call," and "The Gospel Goes to Germany" was discussed by Inez Aspreen. A reading, "A Day on the Mission" was given by Vivian Maddox and Lena Milan discussed "Persecuted Mexicans." The song, "Bless Be the Tie" concluded the study.

Delicious refreshments were served to the hostesses by the following members: Mmes. Vero Knight, Pearl McCanne, Inez Aspreen, Dorothy Stargel, Mabel Roberts, Ella Norman, Pearl Pinson, Lizzie Aduddell, Lucille Randel, Faye Maddox, Betty Tucker, Jo Moore, Vivian Maddox and one guest, Mrs. Liz Williams of Burnsville, Ga.

Curry Stephens arrived Saturday evening from Dallas for a visit with his mother, Mrs. Mildred Stephens and grandmother, Mrs. A. B. Jones.

CHAMPION DANCERS — Two former World's Champion Fancy War Dancers perform the Shield Dance before a Kiowa teepee. Both members of the Kiowa tribe, Gus Palmer, left, and Wilson Ware will perform solo dances at the Palo Duro Indian Ceremonial in Canyon on Sept. 1, 2 and 3.

CARD OF THANKS

When I recall how many years have passed since I have visited in my home town, I am amazed that so many of you, my friends, remembered me in the reestablishing of my home. I deeply appreciate every gift, but far, far more do I appreciate the people who sent such a bountiful shower. I am especially grateful to Jerrald McDaniel for the use of his pick-up, and to George Williams for bringing the gifts to me. I had forgotten that such good people as you folk in Memphis existed.

Martha Temple Betts
Josephine, Napoleon's wife, had two children before her marriage to Napoleon.

The Frank Tyner Family Meets for Weekend Reunion

The family of Mr. and Mrs. Frank Tyner enjoyed a reunion during the weekend. Mr. and Mrs. Claude Arnold were hosts to the group on Saturday at their home in Estelline and on Sunday they enjoyed the day in the home of Mr. and Mrs. J. F. Tyner in Memphis. Covered dish dinners were served both days.

Those attending were: Mr. and Mrs. Eddie Maupin and daughter of Amarillo, Mrs. James Lynn Billingsley and children of Carlbad, N. M., Mrs. Emma Blaine of Wichita Falls, Mr. and Mrs. Harry Simmons of Fort Worth, Mr. and Mrs. Walter Simmons and son of Oxnard, Calif., Sandra Crow of Washburn, Mr. and Mrs. Mickey Maupin and children of Turkey, Mr. and Mrs. Arless Crump and family, and Mrs. Clyde Rogers and family of Estelline, "Shorty" Tyner and Mr. and Mrs. J. F. Tyner of Memphis, and Mr. and Mrs. Claude Arnold and Neida of Estelline.

Around and About

We shall miss our friend, Mrs. W. L. Nabers. For the past four years while serving as Alaska correspondent, Mrs. Nabers has been a co-worker of ours. She did her job well as correspondent and sometimes amazed us with the amount of news she amassed each week. She was interested in her neighbors and fellow men and this interest was of aid to her in her work as well as gaining for her many friends. These words come to my mind in thinking of Mrs. Nabers, "A cheerful worker and a loving friend."

There's nothing like rain . . . and we wonder just what wouldn't grow in Hall County if we just had a little more of it. Why, you never saw anything like the way the weeds and "goat heads" have taken our place since the rains last week. We've always thought it a shame someone couldn't develop a use for "goat heads" — so we could all get rich!

Strange things happen, we learned, even around gardens. Remember those beans we planted? Well, they turned out to be running beans. We had plenty of fence to plant them near, but we put them out in the center of the plot of ground . . . now the husband has had to put up stakes!

To Memphis' newest grandparents — Mr. and Mrs. L. W. Stanford and Mr. and Mrs. B. O. Shankle — congratulations. For the Stanfords it's a seven-pound boy, Douglas Stanford, and for the Shankles a six-pound girl, Debra Ann. Being grandparents is a new experience for both families and we're sure they will agree with us — it's grand.

An American and a Dutchman were talking. "What does your flag look like?" asked the American. "It has 3 stripes," replied the Dutchman, "red, white and blue. We say they have a connection with our taxes. We get red when we talk about them, white when we get our tax bills, and say 'till we're blue in the face.'" "That's just how it is here," commented the American, "only we see stars too."

Yes, we joke about our taxes and maybe fuss a little too . . . but we are all proud to be Americans and live in a land of freedom . . . Saturday we will have the privilege of exercising one of our greatest American freedoms—that of voting for the candidate of our choice. How many of us are going to take advantage of this opportunity? Let's not forget to go to the polls Saturday and vote.

Friendship Class Meets in Home of Mrs. W. Linville

Mrs. W. W. Linville was a recent hostess to members of the Friendship Class of the First Methodist Church.

Leaves from this scrapbook were studied by the members. Mrs. Mildred Stephens read "The Weary Minister" from the scrap book.

The class made plans to serve Sunday dinner to the pastor's family, David W. Binkley, on August 5.

Refreshments were served to the following members and guests: Mrs. N. A. Hightower, Mrs. Stephens, Mrs. Perry Glover, Mrs. T. L. Robinson, Mrs. Tuck, Miss Dorothy Gowan, Mrs. Arthur Gidden, Miss Mary Foreman, Mrs. H. B. Bennett and Mrs. Linville.

Honey bees are sold by the pound with about 5,000 to the pound.

Steak Dinner Featured Thursday By B & PW Club

Members of the Business and Professional Women's Club enjoyed a grilled steak dinner at the City Park on Thursday evening.

Steaks were cooked on the new barbecue unit by Ralph Williams, Roy Coleman and Doc Saye. The unit was recently completed and is a donation to the park facilities by the Lion's Club.

Enjoying the dinner were Mildred Williams, Roselyn Williams, Jo Ann Edwards, Mary Smith, Susie Coleman, Tops Gilreath, Inez Mason, Connie Saye, Wilma Leslie, Martha Boren and Mary Jameson, members; and these guests: Sandy Saye, Martha Clark, Ralph Williams, Roy Coleman and Doc Saye.

Walter Williams Home Scene For Birthday Party

Mrs. Walter Williams entertained with a surprise party Friday evening honoring her husband on his birthday anniversary.

Delicious home made ice cream and cake were served to 24 guests.

Enjoying this affair were Mr. and Mrs. J. Claude Wells, Mr. and Mrs. Herschel Combs, Mr. and Mrs. Adrian Combs, Mr. and Mrs. James K. Porter and sons, George and Kenneth, Johnny Chamberlain, Billy Combs, Bobby Scott, Duane Foad, Misses Carol Glover, Judy Miller, Tanya Fletcher, Gloria Sue Williams of Kingfisher, Oklahoma, and Mr. and Mrs. Williams and Connie Faye, Conley Wayne, Tommy, Roger, and Norman David.

Jeanette Rankin, elected in 1917, was the first woman to sit in the house of representatives.

Jackie Davis Transferred to Alaska

Staff Sergeant Jackie Davis left Memphis last Friday for Fairbanks, Alaska, where he will be stationed with the Air Force.

He, Mrs. Davis and daughter, Sherry, had been in Memphis for about three weeks visiting his mother, Mrs. Rhodie Davis. He is a 1949 graduate of Memphis High School and entered the Air Force in about 1951.

Davis took his basic training at San Antonio and then spent several years in Wyoming. Following this he was stationed in New York until recently.

Parge Winn Hosts For Chicken Dinner Tuesday

Mr. and Mrs. Parge Winn hosts for a chicken dinner Tuesday evening at their home in the Parnell community.

Enjoying the dinner were Mrs. Bill Tucker and children of Temple, Mr. and Mrs. Pugh Thrasher, Mr. and Mrs. Bud Meacham, Mr. and Mrs. Turkey, Mrs. Elizabeth Lotus Winn, Mr. and Mrs. Hutcherson and hosts, Mr. and Mrs. Winn.

A Man Texans Know . . . and Respect

At What Price Is Your Safety?

Our DEAREST Earthly Possession is Our HOME & FAMILY

TODAY our homes are threatened as never before:

- by dope and narcotic addiction;
- by depraved people who molest women, children, murder, steal, etc.
- by foreign ideologies.

THE Office of District Attorney is NOT just another political job—it is the Protector of Your Home.

- Just another candidate cannot properly fill this office;
- He must be a FIGHTER, HARD WORKER, and LEADER.

PAUL SPILLMAN
of Wellington is such a Candidate

HIS FIGHTING COURAGE IS NEEDED

PAUL SPILLMAN

Proven his LEGAL ABILITY with experience:

- As CITY ATTORNEY, represented the people of Wellington against telephone company's rate increase — saving the people over \$50,000.00.
- Built his own successful law practice the hard way—individually.
- Is obligated to no law firm.
- Graduate of Baylor University Law School.

- Served as member of Board of Stewards of his church;
- Organized and works hard in Youth Training and Development program
- Veterans Service:—
- Led fight to save Veterans Hospital at Amarillo;
 - Chosen by Texas American Legion to head Legion's investigation of Law Board, and recommended corrective legislation;
 - At his own expense and initiative worked to Austin and worked for:
 - Water conservation laws;
 - Better Rural Road Program;
 - Teachers pay raise;
 - Additional old age assistance laws.

YES! PAUL SPILLMAN has already demonstrated his legal and civic responsibility and courage; and is asking for his First public office.

Report From Washington

By Walter Rogers
Congressman, 18th District

Debt continues to soar. On June 22, 1956, the Executive Office of the President, Office of the Budget, in answer to a question propounded by Members of Congress concerning the debt situation, gave out very interesting information. Information being that the fiscal year 1952 the national debt was 259 billion dollars. Interest on such debt was 10 billion dollars. This means that American taxpayers at that time were paying, in interest the staggering sum of approximately 16 million dollars every day.

Because during the fiscal year 1952 the debt has moved upward. At one time it has reached in the history of this nation. So high, in fact, that Congress had to pass a law to authorize the Secretary of the Treasury to put this debt over and above the debt ceiling. I cast my vote against granting the Secretary of the Treasury such authority. He still has that authority and will, no doubt, use it as tax collections begin to fall off. Because of the tax collection period in the past early summer, the national debt on June 30 was down from the record high. The Office of the Budget said that it is billions of dollars. That increase in the 4 years from 1946 to 1950 was 15 billion dollars. An additional increase in the amount that has to be paid in public debt. This increase is 500 million dollars, or the additional sum of 1 million, 300 thousand. This means that the people of this country are now paying 17 million dollars every day that passes for interest on the public debt.

Secretary of the Treasury is doing a lot of trumpet blowing about balancing the budget and you will, no doubt, get more about this in the future. Frankly, the whole fiscal year is somewhat confusing. It is never considered a sound genius in the field of mathematics. However, I have done simple arithmetic in an attempt to gain enlightenment, but

no matter how I figured it, borrowing more money in order to balance your budget is a very difficult way to get out of debt. Perhaps this is a new method of financing that will work fine until pay day. The Secretary of the Treasury has been advertised as a very brilliant financier. I am wondering if he has discovered some new scheme of financing that permits the borrowing of money without worrying about having to pay it back. If so, he really is a genius.

Congress Wastes A Week
During these last days of this session, both of the major parties have permitted a complete week to be wasted for the sake of politics. I have reference to the time that has been consumed in the debate on H. R. 627, the misnamed Civil Rights Bill. The leadership in both parties are grasping and clamoring for the credit of having passed this bill through the House. The bill was written by the Attorney General (lawyer?) Brownell, and has been repeatedly referred to in the debate as the Eisenhower Civil Rights Bill. Everyone who has read the bill recognizes it for what it really is . . . a loosely-drawn, political Mother Hubbard intended to cover everything and touch nothing. From a Constitutional angle it is about as legal as murder with malice aforethought. The

FALLING TOWER . . . Tower of old station in Ostend, Belgium, is blasted to make way for exposition scheduled for 1958.

bill itself, coupled with the political gymnastics surrounding its presentation to the House of Representatives, is a reflection on the intelligence of every fair, honest thinking American in this country. Everyone knows that the bill does not have the brightest chance of becoming law. Yet, it is brought before the House of Representatives in its closing days and em-

ployed to consume time that should be spent in handling necessary legislation. As I have always said, our democratic form of government is unquestionably the best government conceived by the mind of man; otherwise, how would it ever stand up against such tomfoolery?

Hospitality on the Highway!

● Having the inside of your car swept out is one of those extra little gestures of hospitality that you can expect when you drive in to a Phillips 66 Station.

You'll like the friendliness and courtesy of your Phillips 66 Dealer. You'll like the conscientious way he cleans your windows all the way around. You'll like his clean rest rooms. You'll appreciate the way he checks your tires, battery and radiator. To Phillips 66 Dealers, "Hospitality on the Highway" means much more than just selling gasoline and motor oil. It means pleasing you.

Your Phillips 66 Dealer believes that in the service he gives, as well as in the products he sells, "It's Performance that Counts." Drive in to his station soon.

A Vote For Elbert Reeves is A Vote For Good Government

[CANDIDATE FOR RE-ELECTION AS REPRESENTATIVE OF THE 88th DISTRICT]

Because of Elbert Reeves and other Representatives who share his honest, impartial views, West Texas is no longer a "colonial possession" of the Lone Star State. West Texas has a voice in Austin — a voice that is heard with respect and dignity. Check his record. Rep. Reeves has one of the most INDEPENDENT voting records in the House of Representatives because he has never been a member of any special interests, special group or faction. No member of the Legislature has contributed more to the welfare of Texas during the period he

has been in office than your PRESENT Representative of the 88th DISTRICT. All of TEXAS KNOWS that Elbert Reeves stands for and defends the principles of honesty, fairness and integrity. His work in the Legislature is a symbol of good government. He has been fearless in defending right and destroying the substance that sustains political parasites. Elbert Reeves' record is one of action, courage and brilliance; devoted to the welfare of his state in general and his district in particular.

Because of his SENIORITY in the House of Representatives he is in line for other important committee appointments (he is now chairman of the Agriculture Committee, member of the State Affairs Committee (one of the big three committees), and School Districts Committee and Education Committee. It is in these committees that 90 per cent of our legislation is developed. We have an investment in Elbert Reeves because of his experience and his influence. a vote for him is a vote for good government; progress with dignity for the State of Texas.

VOTE FOR -- WORK FOR ELBERT REEVES HE IS WORKING FOR YOU!

Law Hooks Fishermen

Most Texas fishermen had good catches to show for their trips to lake and stream but a comparative few had far unhappier reminders of their July angling exploits, according to the monthly arrest report by the Game and Fish Commission.

The document shows that more than half of the prosecutions for the period were for fishing law violations, mainly for lacking the \$2.15 individual angling license. This particular violation netted one hundred forty-three persons. Fines ranged up to \$25 plus costs.

Seven cases were made for using electrical devices to take fish, more commonly known as "telephoning fish." Field men observed, according to the Director of Law Enforcement, that recent severe penalties by justices of the peace have helped discourage this illegal practice.

A few of the outers got caught grabbing or using too many hooks. Two men were charged with dynamiting fish and two others from Troy got harsh treatment when they were taken into court for using illegal wire traps. Both paid fines of \$100 plus costs.

The other charges ranged from killing pheasant out of season to taking fawn deer in the mistaken belief that the young animal would benefit by being brought up in captivity.

Mrs. C. B. Culp's Father Dies in Dallas Hospital

Carl Gee, Sr., 58, father of Mrs. C. B. Culp, died July 7 in a Dallas hospital. Funeral services were held at 2 p. m. Tuesday, July 10, in the Dixie Heights Baptist Church with Rev. Don Jopling officiating.

Interment was in Mount Oliver Cemetery in Fort Worth.

Survivors are his widow, Mrs. Julia Gee, his mother, Mrs. J. L. Gee; six daughters, three sons and fourteen grandchildren. He is also survived by four brothers and two sisters.

Accidents are never cheap and that's why safety pays all ways. Farm accidents in the U. S. each year cause economic losses of one and a half billion dollars to say nothing of 14,000 accidental deaths and more than a million injuries.

The largest denomination of U. S. Currency is the \$100,000 bill.

An aviator, in World War I, was an ace after he shot down five enemy planes within his own lines.

A buoy with red and black horizontal stripes means Danger, Keep Off.

Cooks Sandwich Some Free Time With Sandwich Cold Cut Supper

How to sandwich in some free time for herself for outdoor fun is a problem for every cook. Let cold cut sandwich assemblies solve the problem. You furnish the makings. They make sandwiches to suit themselves. A great variety of cold cuts, are made in this country. Beside cold cut classics like bologna, salami, and liver sausage, there are lots of others at your market. Try some new ones. Those pictured are, left to right: chicken pattie, cooked tongue, meat loaf, liver sausage. In center is petite loaf and directly above it, chicken loaf. Each region produces its own specialties in cold cuts as well as those nationally known and distributed. A most comforting cold cut fact is that these convenient meats are good for your family. Just like the meats you cook yourself, they furnish complete high quality protein, B vitamins and essential minerals. Cold cuts can help to keep your family's nutrition quota high during the wintling summer months, when complete high quality protein is just as important to the diet as in winter.

There are many interesting ways to serve cold cuts, besides the proverbial, and always welcome, platter. Serve a sandwich assembly, with different kinds of bread and a variety of cold cuts and relishes, to save yourself work, and to give the family a novel meal in summer. They'll like helping themselves, muddling their sandwiches with just the meats and fixings they prefer.

HINTS FOR HOMEMAKERS

One of the most effective forms of outdoor-indoor living is to have a very large indoor area facing onto an outdoor paved patio, with the two separated by sliding glass doors. This plan frequently requires long laminated Southern Pine ceiling beams — 30 feet long and over — to provide large clear span areas free of posts or other supports. When they are used, the indoor area can be immense, and an entire outer wall can be installed as a series of sliding glass doors. The result is that the indoors and the outdoors seem merged into one huge light-splashed area. The use of Southern Pine paneling on one or more inner walls will reduce glare, and add a friendly appearance.

According to the Southern Pine Association, one of wood's greatest advantages is its high strength in proportion to weight. Pound for pound wood is stronger than steel. Hence, a very light structure which is entirely adequate from the standpoint of strength and safety can be erected when Southern Pine and other strong structural woods are efficiently utilized.

When your home has a deep roof overhang, it looks much larger than it really is; also it is cooler in the summer. An economical way to make the overhang is to use a roof deck of Southern Pine planks. Simply by extending the planks beyond the walls of the house, the overhang is created at negligible cost.

Discussions Held On Egg Production

How many hens are needed to provide a living income for the producer? The answer to this frequently asked question involves not only hen numbers but more important, says Ben Wormeli, extension poultry husbandman of Texas A&M College, is the number of eggs required each week to earn the expected living income.

It is generally considered, says the specialist, that about 50,000 dozens of eggs are required to earn a living for a poultryman. Production on a weekly basis would need to average about 1,000 dozens.

If average earnings were five cents a dozen, this production would return to the producer \$50 each week. Since feed and flock depreciation represent about 90 per cent of the cost of producing eggs, the successful producer should concentrate on these two items of management.

To produce 52,000 dozens of eggs in a year with hens that averaged 17 dozens of eggs each, about 56 per cent production, the poultryman would need a flock of slightly more than 3,000 hens in production the year-around. Since mortality and culling will take out about 20 per cent of the hens during the laying year, the poultryman will have the equivalent of a 12 months production from 90 per cent of the pullets housed, points out Wormeli.

By upping the rate of lay per hen, the total number required to produce the 1,000 dozens of eggs each week can be cut. Too, says the specialist, it is just as good business for the poultryman to carefully estimate his average cost and earnings and thus set a reasonable potential profit per dozen.

Too, Wormeli urges egg producers to seek a dependable graded egg market where he can get full pay for producing eggs of top quality. By starting replacement chicks several times each year, the producer can maintain both uniform marketing or egg volume and income from his egg business. Thus making his living income more stable.

Cotton Measuring About Half Finished

Cotton measuring in Hall County is progressing at a good rate, according to Lynn L. McKown, manager of the Agricultural Stabilization and Conservation office in Memphis.

Measuring personnel have been working hard and the job is about half completed, McKown said. We will probably finish most of the work during the next two weeks, he continued. The more measuring the crews do, the more familiar they become with the job and the faster they can do the work, he concluded.

Economist of Texas A&M College Predicts Fewer Hogs for Fall and Spring

COLLEGE STATION — A drop of eight per cent in the nation's spring pig crop and an indicated reduction of seven per cent in the number of sows to farrow this fall promise some relief for swine prices, says John G. McHaney, extension economist. Figures on Texas production closely follow the national trend, he adds.

Commercial slaughter of hogs during the first four months of 1956 averaged about 16 per cent above the same months of last year but after mid-summer the slaughter rate is expected to drop to last year's level and then later belcw it.

As a result of the announced decrease in spring pig numbers and the indicated drop in fall farrowings and fewer hogs going to market, McHaney says prices should average at least as high this fall as last and should not

drop to the low level of prices paid producers late in 1955.

Despite the indicated reduction in hog numbers, the specialist points out that total production of meat for 1956 is expected to be about 162½ pounds compared with 161 pounds last year.

Prices paid for hogs will respond to the reduction in supply, says the economist. If the seven per cent reduction in the fall pig crop occurs and general economic activities continue at present rate, the price of spring of 1957 should be above last spring's prices by more than seven per cent.

Low prices at the present time should not be reason for efficient hog producer to reduce production. Hogs should be when their weight reaches 200 to 220 pound level. Producers should guard against producing over-fat hogs.

LOANS

Our Loan Service is designed to meet practically every financing need of this community. We make loans to businesses, farmers, ranchers; also personal loans to individuals. Then there are Life Insurance Loans on the cash value of life insurance policies, and Collateral Loans on almost any type of negotiable security.

The usual terms of payment of a loan depend upon the type of each loan. The amount of the loan is determined in each case by the purpose of the loan, the necessity, income available to repay the loan, and the borrower's responsibility.

Our loan requirements are most reasonable. When you, as an individual or a business man, need a loan for any sound purpose, we cordially invite a confidential consultation of the officers of this bank.

Blue Panic Grass Helps Local Farmers

Blue Panic grass is beginning to show its value to some farmers in the Hall County Soil Conservation District, Charlie B. Cape, conservationist for the SCS said this week.

This tall growing grass is very high in protein and a lot of farmers are beginning to use it to replace Sudan grass, Cape said.

"It will last 8 to 10 years without replanting," said H. W. Zearing, 6 miles northeast of Turkey, who was one of the first to plant Blue Panic in the district about 10 years ago. Zearing is a strong believer in this grass.

Quilla N. Clark, one half mile east of Lesley also believes in Blue Panic. He has 20 acres that has been grazed since the first of April. All this time he has had 20 head of cattle on this grass and it will also make a seed crop, Cape said. It is estimated that Clark will make approximately 75 lbs. of seed per acre. This is a good cash return besides grazing, Cape added.

Foy Young, Memphis, is another man who is sold on Blue Panic grass. He has 25 acres that he sneaks an irrigation system in on once in a while, when he can spare the water from his cotton. Young has 56 grown cows and their calves on this 25 acres. He also intends to cut a seed crop off at least part of this acreage, Cape said.

For further details on this grass see one of the above farmers or the local Soil Conservation Service technicians.

Mrs. Ed Dishman of Clarendon is a visitor this week in the home of Mrs. C. W. Kinslow.

Mr. and Mrs. C. W. Kinslow, Jr., and Charles and Henry left Tuesday for their home in El Dorado, Ark., after visiting here for the past week with Mr. Kinslow's mother, Mrs. C. W. Kinslow, Sr. Also visiting in the Kinslow home Saturday and Sunday were Mr. and Mrs. Hayden Hensley of Texas, Okla., former Memphis residents.

Farm Accidents Pile Up

Farming is a dangerous job. So dangerous in fact that nation-wide attention has been focused on the problem by declaring July 22 through 28 as National Farm Safety Week.

Farm accidents in the U. S. kill, on the average, 40 farm residents each DAY. One farm person is injured every half-minute. This totals up to about 14,000 farm residents killed and 1,200,000 injured each year.

The 547 Hall County 4-H Club members have waged an unrelenting campaign against safety hazards during this past year but they need the help of every person associated with the farm to whip this monster of farm accidents.

One of the major accident creating situations is labor shortages. When hired help is scarce, the farmer toils longer and becomes tired long before the job is done. He is tempted to take risky short cuts or postpone needed repairs on machinery and buildings. This sets the stage for crippling accidents.

Careless handling of equipment causes many mishaps but even a careful operator may be hurt if he is running broken or worn machines.

Another common cause of injury is farm animals. Some of these are unavoidable, but still many others result from under-estimation of the animals' dangerous traits.

Fires are an even greater hazard on the farm than in the city, because equipment is not readily available to fight them. Farm fires occur at the rate of about 300 a day and most can be traced to defective heating units, flammable roofing materials, overloaded electrical wires and lack of protection from lightning.

However many accidents are caused by carelessness and thoughtlessness. An old board pile where rusty nails point upward, an unprotected electric outlet, an old rickety ladder, forks carelessly used or left about the barn, and guns which "we were sure were unloaded" are usually the cause of many uncalled for accidents.

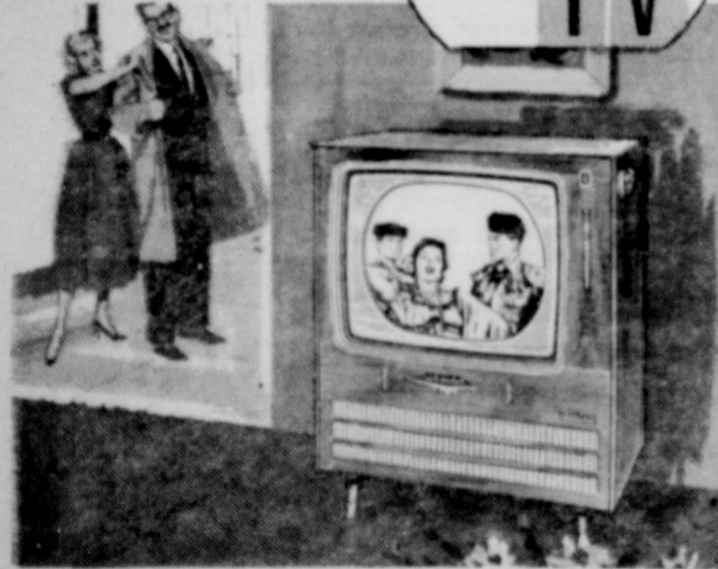

This problem of farm safety is a big one and one that we can only whip if we all work, not only this week but every week of the year.

Press Paragraphs— QUOTING OUR NEIGHBORS

Impossible
 A group of foreign manu-
 facturers being shown an American
 plant saw a machine that took a
 piece of steel and in one operation
 stamped, punched and shaped it
 into a finished product. After they
 had watched it for a while, an
 apparently bitter argument broke
 out, with much arm waving and
 finger shaking.

The guide asked the inter-
 preter accompanying the party what
 the shouting was all about. "Some
 of them," said the interpreter, "in-
 sist that it can't be done!" — The
 Graham Leader.

SIGNS OF THE TIMES: In an
 ice-cream parlor: "Teen-age
 spoken here!"... In an office: "Be
 sure your brain is in gear before
 engaging your mouth."
 Three "feminine" definitions:
 Confusion—one woman plus one
 left turn. Excitement—two women
 plus one secret. Bedlam—three
 women plus one bargain.

With vacation only half over
 most ladies here agree that school
 days are the happiest time of a
 persons life—if she's a mother.—
 The McLean News.

**Public Apathy Cause of
 Dirty Politics**
 Too many citizens are inclined
 to show distaste when the word
 politics is mentioned. They have
 the idea that politics is dirty and
 they, as clean and upright citi-
 zens, will have nothing to do with
 it.

Politics is only as dirty as the
 people permit it to be.
 Webster defines politics as the
 science and art of government. In
 practice, politics is government.
 The United States is a republic,
 governed by the elected repre-
 sentatives of the people. Ours is
 a government "of the people, by
 the people, for the people."

When citizens fail to participate
 in politics through the medium of
 the ballot box, they are leav-
 ing the field open to organized
 minorities acting as a political
 machine to capture elections.

Apathy and indifference by the
 voters, breed abuses of the rep-
 resentative system. Apathetic citi-
 zens must share the blame when
 the government becomes corrupt.

The apathy begins to make it-
 self apparent when the time comes
 for citizens to qualify themselves
 as voters. Texas requires payment
 of a poll tax. Citizens may pay
 the \$1.75 tax from October 1
 through January 31. Usually only
 half of those eligible to qualify
 as voters pay their poll taxes.

The apathy shows itself again
 at the elections, when only a frac-
 tion of the qualified voters turn
 out to cast their ballots.

Many important elections have
 been decided by a comparative
 handful of voters.

When voters are so apathetic,
 why should they be shocked by
 poor government or corrupt gov-
 ernment?

You can't achieve integrity
 through legislation. Integrity in
 government is achieved by elect-
 ing honest, capable persons to
 public office. An honest man will
 conduct his office honestly. A cap-
 able man will give his constitu-
 ents the kind of government to
 which they are entitled.

The voter has a twofold respon-
 sibility. He should make a
 diligent effort to inform himself
 to the best of his ability on the
 background, qualifications and
 character of the candidates seek-
 ing public office. He should in-

form himself on the merits and
 demerits of the issues to be voted
 on.

Then the citizen should go to
 his polling place and cast an in-
 telligent vote. Casting an intelli-
 gent vote does not necessarily
 mean that the citizen votes for
 any one faction.

It means that he has informed
 himself well as to each candidate
 and issue, and votes according to
 his convictions for honest and cap-
 able candidates who hold views
 nearest his own.

Too many voters are prone to
 select candidates on the basis of
 prejudice or propaganda. Emotion-
 al votes are highly susceptible to
 deception by a demagogue. Reason,
 not emotion, should be the
 controlling factor in voters de-
 cisions.

It is a civic duty for each citi-
 zen to inform himself on candi-
 dates and issues, then vote. To
 help citizens perform their duty
 is the objective of this special
 section.—The Groom News

United States "Nickel"

The United States five-cent
 coin, commonly referred to as a
 "nickel," was first issued in 1866.
 Containing 65 per cent copper
 and 25 per cent nickel, it is one
 of the most popular and useful
 coins in the United States coinage
 system. If all the "nickels" minted
 since 1866 were laid flat in a
 single row side by side they
 would reach around the earth at
 the equator with a good many
 miles to spare.

One of the Navy's newest type
 ships can load and unload all
 types of land vehicles, including
 heavy tanks. Designed for use in
 the Arctic, it will be especially
 valuable where there are only limited
 port facilities.

No United States man-o-war
 has ever mutinied or been in the
 hands of other mutineers, while
 in other navies whole squadrons
 and fleets have mutinied.

Pleasure boats are broadly
 classified into three groups, ac-
 cording to what makes them go:
 sail, motor or hand power. Some
 combine these.

Memories Turning Back Time

From
 The Democrat Files

19 Years Ago
 November 5, 1937
**FARMERS TOLD OF SERI-
 OUS COTTON SITUATION IN
 STATE**—The cotton situation in
 Texas is more serious than most
 people realize. This important crop
 from which over half of the farm
 income is derived has been taken
 for granted too long by farmers
 and business interests, farmers
 were told at a county-wide meet-
 ing held at the court house here
 Wednesday morning by two speak-
 ers of the A&M College Extension
 Service.

E. A. Miller, agronomist, and
 F. E. Licht, cotton gin specialist,
 were the speakers at the meeting
 which was attended by a number
 of the leading farmers of the county.
 These speakers stressed the
 fact that this is the first year
 buyers have attempted to buy
 cotton according to grade and
 staple in this section, and the low
 grade and short staple cotton fails
 to bring the price that better
 cotton brings.

The plan urged by the speakers
 is to form one-variety communi-
 ties of good quality cotton, block
 the cotton into groups of 100
 bales or more and sell cooper-
 atively.

**CITY BUSINESS IN GOOD
 SHAPE**—The books and records
 of the City of Memphis are in
 first-class shape in every way,
 according to the final audit report
 made by Auditor J. B. Wright to
 the City Council, Tuesday night.

Mr. Wright was employed by
 the City Council to make a com-
 plete audit of city business for
 the past four years — from Oc-
 tober 1, 1933 to September 31,
 1937, and his report was sub-
 mitted and accepted.

**TWO
 CHAMPIONS
 OF THE
 ROAD...
 both Chevrolets!**

To the eye, the new Corvette and
 the new Chevrolet are far different.
 But these two champions have one
 superb quality in common—both
 were born to cling to the road as
 though they were part of it!

Chevrolet's astonishing roadability
 is a big reason why it's America's
 sheet track stock car racing cham-
 pion. It can and does out-run and
 out-handle cars with 100 more
 horsepower. When you wed rock-
 solid stability to superb engines
 such as the 225-h.p. V8 that flashed
 the Corvette to a new American
 sports car record—then you get a
 real championship combination.
 Stop by for a sample!

Next Interchange 2 mi.

Thomas Principal Amarillo

L. Thomas, former principal of Travis Elementary School for four years ending in 1955, has been assigned to Summit Elementary School in Amarillo. He has taught in intermediate schools for the past school year at E. Lee Elementary School. His assignment as principal will have 15 teaching in the Summit

Thomas is a commercial artist at Palo Duro High School, Amarillo. In Memphis, she was a commercial arts department at Memphis High School.

Thomas is formerly of Oklahoma. She received her Bachelor's degree from Southwestern State College, Weatherford, Okla., and her Masters of Education from the University of Oklahoma, Okla. He taught in Oklahoma for three years before coming here.

WORD OF THANKS
I wish to extend my sincere thanks to the many friends and neighbors who remembered me during my recent illness. I am very thankful for the flowers, food and many visits received.
Jerry Wright

BALMORHEA STATE PARK has everything built on a scale to fit San Solomon Springs, the world's largest walled swimming pool. Here the big cantilever diving board furnishes a perch for six West Texas beauties.

Balmorhea State Park at Toyahvale Has World's Largest Walled Swim Pool

Balmorhea State Park in Reeves County is built around San Solomon Springs. The park is between Davis and the Barilla Mountains at an elevation of about 3,345 feet above sea level which assures cool nights.

San Solomon Springs are re-

markable in that there has been no sign of decrease in their flow since the early days when they watered buffalo herds. Even through the state's long drought the springs have steadily delivered 26 million gallons of crystal clear water daily into the world's largest walled swimming pool.

Park facilities include 18 air-cooled, Spanish type, stucco cabins with red tiled roofs, and a camping area with twelve units along the cool stream flowing from the springs. Each camping unit is concrete floored with a sheltering roof, and is supplied with an outdoor cooking place, electric lights and water. For cabin occupants and campers who do not wish to cook, there is a large dining room with well prepared meals.

Balmorhea State Park is on U. S. Highway 290 at Toyahvale. It is reached easily from Midland, Odessa, Monahans, Pecos and other cities on Highway 80 by turning south on State Highway 17 at Pecos. Farther west turn off at Kent.

Mr. and Mrs. Roy Grimes of Memphis and Mr. and Mrs. Frank Cunningham of Amarillo have returned to their respective homes after spending the weekend in Hobbs, N. M., in the home of Mr. and Mrs. Keith Weddel. Mrs. Weddel is the daughter of the Grimes and sister of Mrs. Cunningham. While gone they toured Carlsbad Caverns and picnicked in the Carlsbad Park on Sunday.

Texas Tech Hosts To Football and Basketball Games

Texas Tech is handling tickets to the All-Star basketball and football games held in Lubbock Aug. 9 and 10 for the Texas High School Coaches Association. These games are held at the conclusion of the Texas High School Coaches Clinic each year.

When Doc Hayer of Southern Methodist sends his North team against Ken Loeffler's South quintet at 8 p. m. Aug. 9, it will mark the first basketball play in Lubbock's new Municipal Coliseum. The 10,000 capacity structure is on Tech Campus, 900 feet west of Jones Stadium, site of

the grid contest. Opposing coaches in the football game are Abe Martin of Texas Christian, of the North, and Bear Bryant of Texas A&M, of the

South. It will start at 8 p. m. Aug. 10. Basketball tickets are \$1 for adults and 50 cents for students. Adult football tickets are reserved.

Tickets may be bought across the counter at the Tech Athletic Office in Jones Stadium or by mail provided a 25-cent mailing charge is included.

Fowlers Attend Convention in Houston This Week

Mr. and Mrs. Dick Fowler are to return Friday morning from Houston where they have been attending the Texas Pharmaceutical Association's 77th Annual Convention and Drug Buyers Market which was held Monday through Wednesday at the Shamrock Hilton Hotel.

Fowler, while at the convention, served as Pharmacy Councilor. Several druggists from this area attended the convention so they made the trip to Houston as a body, all taking the train. Mr. and Mrs. Fowler are to visit friends after the convention closes on Wednesday.

FOR ATHLETE'S FOOT USE A KERATOLYTIC BECAUSE—

It is an agent that deadens and peels off infected skin. Exposes more germs to its killing action. Get instant-drying T-4-L, a keratolytic, at any drug store. If not pleased IN ONE HOUR, your 40c back. Today at Fowlers Drug Store. Adv.

Re-Elect Wm. B. TEAGUE County Attorney

Qualified by Experience —
Seeks Re-Election on His Record

Here is the Record made by Wm. B. Teague
for 1955

Driving While Intoxicated Prosecutions ----- 47 cases tried

PARNELL

Mr. and Mrs. Harold Wheeler and children of Amarillo spent the past weekend in the home of her parents, Mr. and Mrs. Parge Winn.

Visiting in the home of Mr. and Mrs. Travis Bruce over the weekend were Mr. and Mrs. F. C. Newton of Cross Plains and Mr. and Mrs. Pat Teague and son of Amarillo.

Mr. and Mrs. Paul Phillips and children and Mr. and Mrs. A. T. Freeze and children were guests Sunday of Mr. and Mrs. Neil Smith of Plainview.

Guests of Mr. and Mrs. Jim Burk Sunday were Mr. and Mrs. C. E. Burk and family of Amarillo, the Don Davis family of Wellington, Mrs. Billie Joe Mullin and children of Memphis and Mr. and Mrs. Harold Burk.

Mr. and Mrs. Bruce Damron and son Jake were guests Sunday evening of Mr. and Mrs. Eric Trapp.

G. J. Ryan of Tishomingo, Oklahoma, was a visitor in the J. R. Moorehead home one night last week.

Mr. and Mrs. I. D. Mullin, Jr., and son, Ronald, visited in Memphis Sunday in the home of Mr. and Mrs. I. D. Mullin, Sr.

Susan and Nancy Mothershead of Estelline spent the past week with their grandparents, Mr. and Mrs. Bob Mothershead.

Mr. and Mrs. J. W. Isler and children of Roswell, N. M., visited Monday afternoon in the Zeb Latham home.

Mr. and Mrs. Finis Curtis of Vernon visited with relatives here over the weekend.

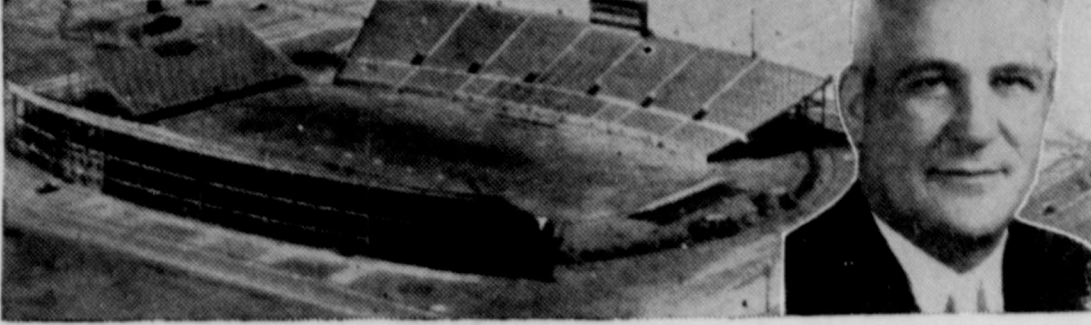

Mr. and Mrs. T. W. Potts went to Denver City Sunday to attend the funeral service of Mr. R. S. Crow. Mr. Crow is the father of Mrs. Hershel Potts of Memphis.

Sherman Canada of Cincinnati, Ohio, visited with relatives here last weekend.

Mrs. Roberson, Mary Ann and Harold, of Turkey were guests Monday and Tuesday in the home

1956 Texas Tech Schedule

Table with 2 columns: Date and Location. Rows include Sept. 22-Texas Western at Lubbock (N), Sept. 29-Baylor at Waco, Oct. 6-Texas A&M at Dallas (N), Oct. 13-West Texas at Lubbock (N), Oct. 27-Arizona at Tucson (N), Nov. 3-Oklahoma A&M at Lubbock (HC), Nov. 10-Texas Christian at Lubbock, Nov. 17-Tulsa at Tulsa, Nov. 24-Houston at Lubbock, Dec. 1-Hardin-Simmons at Abilene.

SOUTHWEST CONFERENCE MEMBERSHIP has been attained by Texas Tech. Although the Red Raiders will not compete for the grid title until 1960 or for other championships until 1957-58, the big (8,000 enrollment) West Texas school at Lubbock will meet three Southwest Conference foes on this fall's rugged schedule. Above are Tech's Jones Stadium, capacity 28,000, scheduled for expansion, and the Lubbock Municipal Auditorium-Coleiseum, which seats 10,000 for basketball. Pictured also is DeWitt Weaver, athletic director and head football coach, who in five seasons piloted Tech to four Border Conference titles and a Border record of 19 wins, one loss, and two ties.

Weaning Weight Tests for Breeding Herd Replacements Being Conducted

A fear expressed by some Texas cattlemen that selecting replacements for breeding herds on the basis of weaning weight would tend to lower the quality or grade of the herd has not proved true in initial reports from cooperating cattle producers.

On the contrary, Texas A&M College System Animal Husbandman, L. D. Wythe, L. A. Maddox, Jr., and J. K. Riggs, report a definite relationship between high weaning weight and high grade among the 929 Hereford and Angus calves processed in the first studies. All calves grading fancy had an average weaning weight

of 442 pounds as compared with 413 pounds for all calves grading good.

They also found that heifer calves tended to grade higher than bull calves of the same age with 19.5 per cent of the heifers grading fancy compared to 12.6 per cent for all calves graded.

Another finding was that cows 2 to 3 years of age and over 10 years at the time their calves were dropped, weaned lighter calves than cows 4 to 9 years of age. Also that in a herd where replacement heifers had been selected on the basis of weaning weight and yearling gain as well as grade since 1953, 20 calves from 2-year old heifers sired by known high-gaining bulls weighed only 3 pounds less than those from cows in the same herd ranging in age from 4 to 8 years of age.

Calves from a herd participating in the Extension Service cattle improvement program for the first time in 1955 weighed seven per cent less than those from cows of the same age in the herd which had been under the program since 1953.

The animal husbandmen say the early results are a strong

indication that rapid progress can be made in both weaning weight and conformation grade when a program as outlined in Texas Bulletin 809 is put into practice.

The initial results of the beef cattle improvement program are carried in Progress Report 1880 released jointly by the Texas Agricultural Experiment Station and Extension Service. It is available from the Agricultural Information Office, College Station.

Visiting with Mrs. Verner Phillips Sunday were Mr. and Mrs. Grady Phillips and daughter Janice Sue of Amarillo. They are former Memphis residents.

Mr. and Mrs. Rex Snell, former Memphis residents, visited Tuesday with Mrs. Verner Phillips. The Snells are now living at Rankin.

Mr. and Mrs. Walter Thompson and children, Tommy and Sue, of Midland visited here this week with Mr. and Mrs. Louie Goffinet en route to their home following a month's vacation in Colorado. Mr. Thompson is a brother of Mrs. Goffinet.

Mr. and Mrs. Lee Triggs, Jr., and children, Muffet Ann and Lee Merrell, left Wednesday for their home in Kansas City, Mo., after visiting here with Mrs. Triggs' mother, Mrs. L. B. Merrell. While here the Triggs family and Mrs. Merrell enjoyed a few days vacation in Colorado.

Mr. and Mrs. Edwin Hutcherson and Lera Kate and Mr. and Mrs. Bobby Dick Hutcherson visited in Lubbock over the weekend with Mr. and Mrs. Ernest Lindsey and family.

Mrs. T. V. Ward visited in Las Cruces, N. M., over the weekend.

Mr. and Mrs. Herschel Combs and Billy and Mr. and Mrs. Adrian Combs visited in Borger Sunday with Mr. and Mrs. A. J. Welch and Susan.

Mr. and Mrs. Bo Phillips and daughters of Wichita, Kan., visited here Friday with Mr. and Mrs. Adrian Combs. From Memphis they went to Newlin to visit other relatives.

Mrs. R. Ernest Clark is visiting in Indianapolis, Ind., with her son, John Clark and family.

Re-elect JOHN C. WHITE TEXAS COMMISSIONER OF AGRICULTURE FOR CONTINUING PROGRESS IN TEXAS' LARGEST INDUSTRY

Mrs. E. M. Wilson had as guests her sister, Mrs. Eugene Garrett, and daughters, Genie and Mrs. G. T. Watkins and baby, all of San Antonio. Mrs. Wilson accompanied them to Colorado Springs and Estes Park for a short vacation trip.

Mr. and Mrs. Howard C. Weatherby and sons, Howard Frank and Tom David of Shamrock spent the weekend with his brother and wife, Mr. and Mrs. T. D. Weatherby at their cabin at Lake Kemp.

Mrs. Irene Brewer Kenney of Dalhart spent last week with Mr. and Mrs. T. D. Weatherby at their cabin at Lake Kemp. Fishing and boating was enjoyed during the week.

R. M. Saunders and family of Houston visited last week here with his parents, Mr. and Mrs. J. R. Saunders. He also visited with Zeno Lemons and in Hedley with friends. His daughters, Judy and Sandra remained here this week visiting.

Rev. and Mrs. Jeffrey Hoy and daughters Mary Elizabeth and Mrs. Frank Gray and Cathy of Pueblo, Colo., arrived here Monday evening for a visit with Mrs. Hoy's parents, Mr. and Mrs. R. L. Madden and sister, Helen Madden.

Mr. and Mrs. W. H. Butler and daughters, Sharon and Susan of Arlington visited in the home of Mrs. Butler's parents, Mr. and Mrs. J. R. Saunders over the weekend. They also visited in the Zeno Lemons home.

Rev. and Mrs. Jim Sharp of Shamrock were Memphis visitors Tuesday. Rev. Sharp is a former pastor of the First Methodist Church here. While here they visited in the home of Mrs. J. S. Ballard and Mary Lou Erwin.

Visiting in the C. F. Stout home last week were Mrs. Stout's sister, Mrs. O. B. Quarles of Alford, and Mrs. Stout's niece, Mrs. M. E. Barnes and children of Brownwood.

Mr. and Mrs. Dean Morgenson and children, Martha and Rickey, of Oklahoma City, visited last Friday and Saturday here with Mr. and Mrs. T. H. Deaver and other friends.

Mr. and Mrs. Raymond Brumley of Austin spent the weekend with Mrs. Brumley's mother and sisters, Mrs. A. B. Jones and Mrs. Mildred Stephens and Mrs. Lloyd Ward. The Brumleys had been vacationing in Los Angeles and

San Francisco, Calif., Reno, Colorado Springs, Colo., and Midland.

Laying hens should not be rationed containing nicarbazin of the newer drugs for coccidiosis in growing chickens. Schlamb, extension marketing specialist, says tests conducted at Texas College bear out the manufacturer's recommendations on the use of the drug.

LAFF OF THE WEEK

"Yessir—your curve is breaking much better, old man."

Agent's Acts Bind Principal

Suppose that you hire your neighbor's teen age son, Jimmy, to cut your grass, and he runs your new mower into another neighbor's hedge. The hedge is ruined. Are you responsible for the damage? Quite likely you are.

Or, lest you suppose that you find you need a loaf of bread for the evening meal. You ask a friend to take your car and run to the store for it. On the way, he runs down old Mr. Peabody, seriously injuring him. Can you be held responsible? It is possible that you can.

In both instances, an "agent" was acting for you. His acts while performing those duties are, in the eyes of the law, your acts. In legal terms, you are the "principal."

You may be liable despite the fact that you may have cautioned him to be extremely careful.

The average individual expects to answer for his own actions. He does not usually consider that he may be responsible for the actions of other persons. That, however, is frequently the case.

Suppose you ask another person to do something for you, that is, to act as your agent. You may pay him, or he may be doing it without compensation.

You may ask him to buy or sell property for you. Or, his responsibility may be to negotiate an agreement for you with a third person.

If representations or warranties are made by your agent in performing the task which you assigned to him, you are responsible.

In a like manner, you are responsible for the contract made by him while he was acting for you.

You may be held responsible for the acts of a person who customarily represents you even though he entered into a contract for you without your consent or approval.

For example, you may have a partner in a business, and you and he have agreed that certain contracts shall be made only upon the signature of both of you.

Unknown to you and without your consent, your partner signs such a contract with a third person involving partnership business. If the person with whom this contract is made has no knowledge of the terms of your partnership agreement, you are responsible for the contract which your partner has made.

You may have agreed between you that neither of you would buy, without the other's consent, any items of merchandise costing more than \$50. You did not give this information to salesmen who called on you. In your absence on a Thursday afternoon, your partner ordered merchandise for your store costing more than the \$50 limit.

When the merchandise is delivered, you can not refuse to accept it because you can be bound by the contract of your partner. This

COOL CAREER . . . Lonny Johnson, 18, Chicago model, avoids hot, crowded street traffic by going to her downtown job in a motorboat.

Government Seeks Clerks and Typists

The United States Civil Service Commission announces examinations for fiscal accountant at salaries ranging from \$4525 to \$6390 per year and accountant and auditor at salaries ranging from \$4525 to \$7570 per year, for employment in various federal agencies in Texas, Oklahoma, Louisiana and Arkansas. Apply at any post office for application forms or information as to where they may be obtained, or secure them from the Branch Manager, Eighth U. S. Civil Service Region, 1612 Masonic Temple Building, 333 St. Charles Avenue, New Orleans, La., or the Regional Director, U. S. Civil Service Region, Room 103, 1114 Commerce Street, Dallas, Texas.

1955 Nickel Applications
Consumption of nickel by uses in the free world in 1955 was approximately as follows: stainless steels, 30 per cent; engineering alloy steels, 17 per cent; high-nickel alloys, 16 per cent; electroplating, 15 per cent; copper-base alloys, 6 per cent jet engine alloys, 5 per cent; cast irons, 5 per cent, and industrial chemicals and miscellaneous, 6 per cent. This consumption was fundamentally affected by the abnormal conditions arising through defense and stockpiling and inadequate supply.

Without iodine secreted by the thyroid gland people would all be idiots.

is true in many situations, and the salesman is not bound by your partnership agreement because you did not advise him of the \$50 limitation.

As the actions of your agent are considered to be your actions, you assume the responsibility of his doing them correctly.

Mrs. Claude Hickey and granddaughter, Janet, returned to Memphis for a weekend visit in their home here. Mr. Hickey and Bettye Claude are staying in Memphis for the present. Mrs. Hickey is working in Amarillo.

Mr. and Mrs. Dewey Simmons and son, and Lowell Houston left Monday for a week's vacation at Malvern, Ark.

Mrs. R. L. Hendrickson and children visited here with parents, Mr. and Mrs. T. E. Lenoir. They are from Greeley, Colo.

Mr. and Mrs. Henry Houdashell and daughter Carolyn of Amarillo visited this weekend in the F. A. Liner home.

Mrs. Ira Foster of Amarillo visited this weekend with her daughter, Mrs. Jim Hansard and family.

Mr. and Mrs. George Dipert of Amarillo visited over the weekend with Mr. and Mrs. T. M. Cox.

Mr. and Mrs. Bobby Jack McMurry and children of Amarillo are visiting here with his parents, Mr. and Mrs. Gip McMurry, and her parents, Mr. and Mrs. Clyde Manis.

Mr. and Mrs. Pete Shankle were weekend visitors in Lockney, where they visited their daughter, son-in-law and granddaughter, Mr. and Mrs. Carl Lee, Jr., and Debra Anne.

U. S. Department of Agriculture Lists Plentiful Foods for Month of August

Supplies of broilers and fryers are making prices which should prove popular with consumers, U. S. Department of Agriculture announced this week. August supplies are expected to be 20 per cent above a year ago with an average of nearly 29 million birds going to market weekly. Prices are running 20 to 22 per cent below last year.

Too, the USDA announced that the turkey crop is at least a third larger than a year ago with heavy breed hens and toms making up

most of the excess.
Food shoppers will also find plenty of beef available. Large quantities of all grades are expected for August.

Fresh plums and Bartlett pears are two plentiful fruits listed. The plum market has its peak in August and prices usually break.

Other plentiful listed for August include fresh and processed lemons, peanuts, peanut butter, rice and hens.

The USDA suggests that menus featuring broilers and fryers and even turkeys be used during the coming month because of the supplies and favorable prices of these food products.

Baseball Teams Have Active Weekend Ahead

Little League Baseball teams are going to be very active this weekend, according to Ted Myers, summer recreation director, with the Cardinals playing tonight.

Tomorrow night the Yankees meet the Giants and the Eagles play the Chiefs at the City Park diamond, Myers said. Next Tuesday, Aug. 2, the Cardinals are scheduled to go to Wellington to meet their neighboring foe.

Due to wet ground this week the Little League teams didn't get to perform as usual, with only one game played. This was played Tuesday night at City Park between the Giants and the Yankees with the out come the same as the World Series. The Giants walked off with a 10-4 victory.

Team members who chalked up double runs for the Giants were: Bobby Chumley, Jerry Moss and David May. Single runs were made by: Jack Stargel, Jimmy Sturdevant, Hoot Jones, and Mickey Daugherty. Hitting for the Yankees were: Jimmy Harrison, Billy Ed Thompson, Robert Noah and Bobby Jeffries.

Also Tuesday night, the Eagles and the Chiefs went to Amarillo to see the Amarillo Gold Sox and the Lincoln Chiefs play.

Winston Churchill, the American author, was born three years before the English statesman.

Before World War II the U. S. Navy had had but four fleet actions, but in each one it captured and destroyed every enemy ship.

THE BAFFLES By Mahoney

Services To Be

(Continued From Page One)

was married to W. A. Anthony in July 1905, also in Wood County. Before her marriage she was Sadie R. Chaney.

The Anthonys moved to Hall County in 1906 and settled near Estelline where they continued to live until 1954.

One daughter and two sons preceded Mrs. Anthony in death. Her husband died on Aug. 7, 1954.

Survivors include six sons: T. F. Anthony, Estelline; Alva Anthony, Carney, Okla.; Denton Anthony, Memphis, Benton, California; James Alton Anthony, Amarillo; and Conley Anthony, California; five daughters: Mrs. W. T. Jones, Amarillo, Mrs. E. F. Sustaie, Oji, Calif.; Mrs. T. F. Jones, Oji, Calif.; Mrs. Roy Hethcox, Amarillo; and Mrs. P. R. Thompson, Amarillo.

She is also survived by 43 grandchildren, 12 great grandchildren, and one sister, Mrs. Annie Morgan of Gunnar.

Grandsons will act as pallbearers and burial will be in Fairview Cemetery.

Final Rites

(Continued From Page One)

11, 1904, was married to W. L. Nabers at Tupelo.

Mr. and Mrs. Nabers came to Hall County January 1, 1921. They lived in the Lakeview community for two years and then bought the Fred Boon farm, near Plaska, which has been their home since that time.

Mrs. Nabers had been active in community and church activities until a short time before her death. She was a member of the First Baptist Church of Lakeview. She had served as Plaska correspondent to The Democrat for a number of years.

Two years ago, Mr. and Mrs. Nabers celebrated their 50th wedding anniversary with open house at their family home.

Mrs. Nabers was preceded in death by one son, Kenneth Nabers, who died in December, 1950.

Survivors are her husband, W. L. Nabers of Route 1, Memphis; one son, A. J. Nabers of Valmeier, Ill.; one daughter, Mrs. A. W. Molloy, Route 1, Memphis; 12 grandchildren and 6 great grandchildren; two sisters, Mrs. Victoria Houston and Mrs. Molly Davidson of Baldwin, Miss.

Hall County Electric Co-op To Hold Meet

Plans were being laid this week for the annual meeting of the membership of the Hall County Electric Cooperative, Inc., according to Office Manager J. W. Coppedge.

The meeting will be held at the City Park in Memphis on August 8, Coppedge said. Door prizes and a short program of entertainment will be offered.

Harold A. Hodges

(Continued From Page One)

ceeds Del E. Wells of Lakeview whose term expired this year.

The other two members of the committee are L. I. Davis of Rt. 2, Memphis and Crump Ferrel of Estelline.

Each agricultural county in the United States has a similar committee of three members who are responsible for determining loan applicants' eligibility, certifying the value of farms being purchased or improved through FHA loans, and making recommendations on loan approvals and loan and loan servicing actions, Moore said.

Each member is named for a 3-year term and one appointment expires each year, Moore continued. A member completing his term cannot succeed himself. At least two of the members must be farmers, he said.

The committee works with the county supervisor in connection with all types of loans. These include farm operating loans, and loans to buy, improve, or enlarge efficient family-type farms in this area, he said. They also include loans to farmers or their nonprofit associations to establish and carry on approved soil and water conservation practices including improving permanent pastures, terracing, soil erosion measures, farmstead water systems, irrigation, drainage, and many other conservation practices.

Most of the soil and water conservation loans and loans to buy or improve farms are made from funds advanced by private lenders and insured by the agency, Moore said. Some of these loans, however, and all loans for operating farms, are from annually appropriated funds.

The agency makes emergency loans in areas designated for that purpose by the Secretary of Agriculture. Hall County is designated for emergency loans because of the drought for the past several years.

No loan of any type can be approved for an applicant whose credit needs can be adequately handled by other credit sources, Moore concluded.

Funeral

(Continued From Page One)

M. Bownds, Herbert Payne and Vern Hoggatt.

Honorary pall bearers were W. H. Spears, Rev. I. T. Hoggatt, Russell Payne, Geo. Blewer, W. J. McMaster, R. C. Edwards, J. Z. Duren, Ted Montgomery, Lyman Davenport, Pat Lewis and Dr. T. A. Hunt.

Survivors include the husband, J. A. Brooks of Lakeview, four daughters, Mrs. Nathan Payne of Amarillo, Mrs. G. R. Nabers of Spade, Mrs. Randolph Gill of Salinas, Calif., and Mrs. O. E. Gardenhire of Lakeview, one sister, Mrs. Mary Hankins of Nesbitt, Miss.; 8 grandchildren and 6 great grandchildren.

Four children, 2 sons and 2 daughters, preceded her in death.

First Primary

(Continued From Page One)

year, slightly more than 3,000 votes were cast.

A total of 61 absentee votes had been cast as of late Wednesday afternoon, according to Mrs. Ruby Goodnight, county clerk. The ballots had to be picked up before July 24 and have to be returned by 1 p. m. Saturday. A total of 23 absentee ballots are still out, Mrs. Goodnight said.

In the county races the only contested position is that of county attorney, where William B. Teague, incumbent, is opposed by William J. Bragg.

In Precinct No. 3, S. E. Winkler, Pete Davis and Edward F. Kennedy are all seeking the job as commissioner.

Three men, Allen Harp, John T. Forbis and Paul Spillman, are vying for the position of District Attorney.

Another regional race where opposition exists is the State Representative slot which is being sought by Elbert Reeves and William L. (Will) Ehrle.

Candidates who have no opposition are as follows: Luther Gribble, District Judge; Mildred Stephens, District Clerk; Mrs. W. C. Anderson, Tax Assessor and Collector; W. P. (Bill) Baten Jr., Sheriff; Edwin Hutcherson, Commissioner Precinct No. 1; and J. Claude Wells, County Chairman.

Polls will open at 8 a. m. and close at 7 p. m., according to J. Claude Wells, chairman of the Hall County Executive Committee. Voters in Memphis voting precinct No. 1 will cast their ballots in the commissioners courtroom in the courthouse, while voters in Memphis voting precinct No. 13 will cast theirs in the tax assessor-collector's office.

Democratic precinct conventions will be held at 2 p. m. in the 12 voting precincts of the county. The county convention is scheduled for Saturday, Aug. 4, and will begin at 2 p. m. in the county courtroom in Memphis.

VOTE FOR HERBERT C. MARTIN

An Associate Justice of Proven Ability

EDUCATION AND EXPERIENCE:

- Graduate of University of Texas Law School.
- Served two terms as District Attorney of Hale, Lamb, Bailey, Castro and Swisher Counties.
- 22 years experience as a trial lawyer.

Your election of HERBERT C. MARTIN to a first term as ASSOCIATE JUSTICE, based on his legal experience shown above, has proven to be a wise investment in your COURT OF CIVIL APPEALS as shown by the record below:

THE FIRST TERM RECORD of HERBERT C. MARTIN

- CITIZENS APPROVED— Herbert C. Martin was elected by a strong majority vote for a first term as Associate Justice, Court of Civil Appeals.
- SUPREME COURT APPROVED— Herbert C. Martin has written 165 opinions to date during his first term as Associate Justice with only 7 reversals by the Supreme Court of Texas.
- LAWYERS APPROVED— The State Bar of Texas conducted a secret poll of the lawyers of the District to ascertain their opinions as to the best qualified man of the two candidates for Associate Justice. The results of the poll were announced June 15, 1956.
- The majority of the lawyers voting in this poll cast their votes for Herbert C. Martin as the best qualified man for Associate Justice of the Court of Civil Appeals.

On a FIRST TERM RECORD OF PROVEN SERVICE, re-elect HERBERT C. MARTIN to a SECOND TERM AS ASSOCIATE JUSTICE OF THE COURT OF CIVIL APPEALS. ONE GOOD TERM DESERVES ANOTHER

Herbert C. Martin of LAMB COUNTY Now serving a first term as your Associate Justice of the Court of Civil Appeals in Amarillo.
