"Over There"

A cable from Robert Jones, above, early in February to his parents, Mr. and Mrs. Ed Jones, said he had landed safely. His location was not given. He sailed from San Francisco early in January.

Robert, who was graduated from high school here, has lived in Arizona for the last five years. He enlisted for service at Tuscon in 1941. On Oct. 17, he graduated from the weather observation school at Chanute field, Ill. Following the date of his graduation, he visited his parents here before returning to the air base at Tuscon.

He was transferred from Tuscon to Hamilton Field, San Francisco, and first sailed from there early in December. His ship was 600 miles out of San Francisco on Dec. 7 and it returned to that port after the outbreak of hostilities. The voyage which took him to his war zone destination started in early January.

Robert's twin brother, Roy, who is employed by the Santa Fe railroad, out of Clovis, N. M., is to enter military service next month .

CLOSE-UP PICTURES OF OUR BOYS IN UNIFORM WANTED

In order that we may present clearer pictures of our boys, the cooperation of parents is requested. If you haven't a good close-up picture of your boy in his uniform, write hi mtoday — if he's still in the states, and ask him to have one made. A studio snapshot 2x3 inches, or 3x4 inches, with a glossy finish, is better for reproduction in the paper.

Several of our boys who are "Over There" now left no clear pictures of themselves, and we are going to use the ones that are available.

Bring your picture to the Review office as soon as you get it. All will be returned without damage to the photo.

Abernathy Weekly Review

ABERNATHY, HALE COUNTY, TEXAS, THURSDAY, MARCH 19, 1942 — VOLUME XXI, NUMBER 40.

Bring Your Sugar In

Texas rationing headquarters ask that the folowing information be stressed in newspapers:

"We are beginning a campaign to be termed 'Repurchasing program.' Those in possession of more sugar than can be allowed under the rules, which is 2 lbs. to a person, should return the sugar to the stores where they purchased it, prior to registration time. This cannot be overemphasized because the rationing booklets are not sugar rationing booklets, but are general rationing booklets and may in the future be used for any number of things, such as hosiery, radios, bicycles, etc. All citizens should register on registration day, because without booklets, they would not be able to secure articles that may be rationed, other than sugar."

At press time, no dates had been set for registration for rationing booklets. Following is information given by A. C. Koeninger, Hale county superintendent, to Abernathy Superintendent R. Lee Snider in a letter this week:

"In a very short time you will be called on to supervise the first food registration. It will be necessary before that time for you to secure the services, without charge, of 25 people to assist you in the registration. You may use teachers, civilians or high school pupils as you see fit.

"I wish you would get this information out in your school district—all people who reside in Lubbock county must register at the nearest elementary school located in Lubbock county. I suppose this means the New Deal school. In other words, be sure that you do not register or give a booklet to any one who resides in Lubbock county."

★ THE BOYS Write Home

(Editor's note: This week we continue with letters written from England by Ershel Lroy, an Abernathy boy who is in the Civilian Technical Corps.)

AN ABERNATHIAN SEES ENGLAND

Most of the girls are in uniform, WAAF or ATS or some part of the army. There are no silk stockings, no cosmetics but the girls manage to look pretty anyhow.

According to all the papers, the Yanks have landed again. Papers are full of it every day. They express great surprise at the salary of the American private, nearly two pounds a week they say with their mouths open. And, not only that, the food he gets and his quarters are luxurious compared to the British private.

We have (censored) weeks of school here. About 40 Americans are here. All of them have been here awhile except seven of us who came in several days ago. There are more WAAFS here than anything else. WAAFS are women, you know, and they think all Americans are millionaires and don't feel backward about going out with us. They get paid about ten shillings a week, or half a pound, while we get seven pounds, which is why they think we are rich.

We are in an isolated spot, this is no base or anything, but it is in the country, anyhow. However, we have a cinema, dances every night, radios in all the huts (a hut holds 30). We CTC men have many extra privileges such as going out anytime, having a fire in our huts, late lights, etc.

Just had an inspection of quarters. W. O. wanted to know if we were afraid of fresh air. We are supposed to have windows open all the time. The British guys have some quaint ways (censored), they call us blokes and chappies. As I went out the gate yesterday I pulled out my pass to show the guard, he just said, "carry on, chummy," and "swing your bloody respirator right, next time, will you, bloke?"

We get German stations on the

Finis A. Holcomb Seeks Sheriff's Office

Finis A. Holcomb

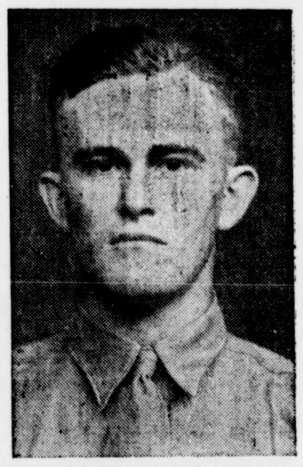

Finis A. Holcomb has announced his candidacy for the office of Hale county sheriff. He makes the following statement to voters of the county:

"I wish to take this means of announcing myself candidate for the office of sheriff of Hale County I feel well qualified to fill this office in the manner you want it filled. I am 49 years old and 25 years of that time has been spent in this county, rearing a family of two boys and a girl, and contributing my energy and effort at all times to build up this community in any way possible for good.

"In view of my acquaintance with a representative element of citizens and having been associated in the past with many of the problems of our community, I feel that I know the wishes of the voters of this county, and am capable of carrying them out as far as possible. I am not in position to make rash or hasty promises, nor do I so desire, but I do ask the voters of Hale county to elect me and I will do my best to make you the best public servant you have ever had. Of course, it will not be possible to see every one of you personally, my own work keeps me well occupied as it reasonably should, but I take this means of soliciting your vote and influence and inviting you to beeter acquaint your self with me and making any inquiry you see fit.

"FINIS A. HOLCOMB."

Lieut. Gorman Webb, above, is due to arrive here Tuesday night or early Wednesday of next week, to visit his parents, Mr. and Mrs. Jno. D. Webb. In the Marine Corps, he received his commission last May as a Second Lieutenant following completion of training in the officers candidate school at Quantico, Va.

NAZARENE CHURCH

The revival at the Church of the Nazarene was well attended over Sunday, and interest reached a high point, Rev. H. E. McClain, pastor, said.

An interesting feature of the evening service was a patriotic program arranged by Rev. Mrs. Jimmy Heasley, a member of the Heasley-Brannon trio.

A number of out of town visitors have been attending the revival and several others are expected this week.

Some of the sermon topics to be delivered this week are: "The Banquet Hall of Sin," "The Cost of Being Damned," "The power of Sanctification," and "The Funeral of the Wicked."

The public is cordially invited to attend all services, the pastor states.

Plays Set Tonight

Stop, look, come! To the plays by the speech class. A full evening's entertainment, fun, laughter, drama and music!

Thursday evening (tonight) the speech class is to present three one-act plays. "Pink and Patches" is the one-act play to be entered in the district contest. It will represent not only Abernathy, but all of Hale county. The cast consists of: Texie, an ambitious mountain girl of 15, played by Avalee Fuchs; Rexie, her lazy twin brother, played by Foy McMaster; Ma, a hard working mountain woman, the mother of Texie and Rexie, played by Mary Stevens; and Mrs. Allen, summer guest in the hotel, played by Marilyn Homesley. This is the story of Texie who wants to raise herself from her lowly surroundings and who is yearning her heart away for a new pink dress. The play, "Pink and Patches," brings out some of her trials and tribulations.

"The Kettle Singing" is the story of Bessie, who, when she gets the house she has longed for over 15 years, can't enjoy it because she has lied to her husband. Bessie Miller is played by Marie Reagan; Henry Houpt portrays the part of Jim Miller, her husband. Their 15-year-old daughter, Elizabeth, is played by Norma Ruth Lebow; and Marjorie Ruth Price plays the part of a 75-year-old Grandma.

And, then, we have for you an old time Mellerdrammer, "A Princess in Distress." As it is very amusing we think you will enjoy this play. Included in the cast are: The king, Morgan Douthitt; the queen, Merle Goebel; the princess, Elouise Koonce; the duke, Marvin Floyd; and the kitten, Virginia Pierce.

For numbers between the plays a trio of the girls, consisting of Avalee Fuchs, Marilyn Homesley, and Elouise Koonce, will sing some popular numbers. We will also have a patriotic interlude—a declaration to be given by Virgil Rhodes on Patriotism during the present war.

We want you all to come for we feel you will enjoy yourselves greatly. When: Thursday evening, March 19; time, 8:30 p. m. war time; place, school auditorium; admission, 10c 20c.

Telegram Sent To President

Members of Abernathy War Board and Farmers & Merchants club officials, in a meeting Tuesday night, voted to send the following telegram to President Roosevelt. It was filed here Wednesday morning:

Abernathy, Texas
March 18th, 1942

Franklin D. Roosevelt,
President of the U. S. A.,
White House,
Washington, D. C.

Dear Mr. President:

Let us respectfully point out that General MacArthur and his men did not have a 40-hour week and did not strike for time and a half for overtime and we feel that the time has come to take a definite stand on the demands of labor and not let one group of men hinder the tasks we have before us today. All good Americans are disgusted with the demands of labor at a time like this, and we believe the president should use the powers of his office at this time of extreme emergency to prevent any man or group of men from hindering the production of vital materials necessary in winning the victory. We have been with you all along and we do not believe that you will fail the American people in this hour of national peril.

Rev. J. F. Nix, Chairman Local War Board
A. B. Reid, president of Farmers & Merchants Club.

PART OF RURAL CLUB WOMEN IN WAR EFFORT IS OUTLINED IN LETTER

Following is a letter which outlines the part rural club women can play in our war effort. From Mrs. Meade F. Griffin of Plainview, chairman, woman's division, Hale county committee for civilian defense, the letter is a reply to an inquiry made by Mrs. I. C. Houston.

The letter follows:

"My dear Mrs. Houston:

"I am very glad to have your card of inquiry regarding the Victory gardens and to know your interest in civilian defense.

"There is a great deal that the rural club women can do in this program and I am glad to have you ask if there is any way in which they can help other than knitting and sewing. Indeed, there is, and a most important way it is. We need to enlist every rural woman, whether she belongs to a club or not, in the interest of production. More and more we are coming to realize that that is the big contribution we can make in this area to war needs. It is going to be our own very special job to speed up and increase and improve food production, and I know of no better way to do it than thru our rural communities.

"I am referring your card to our home demonstration agent, Miss Lucille Shultz, who will be glad to help you with planting plans. We need to know the best garden crops for this country, time of planting, quantity of seed necessary for given amount of land and number in family, and other such details. She will be glad to give you all this information, and will send you material shortly.

"In the meantime, try to organize your rural women; arouse their interest in this vital need and get them ready for this phase of war production. Keep up your knitting and sewing, of course, but remember that we are now approaching the season of the year when we can turn most of our attention to food production. Tell your women to try to raise everything they possibly can to supply their family's needs. both for the growing months and for next winter. Tell them, also, please that we are working on a canning project whereby the surplus may be taken care of.

"If I can help you in any way, please feel free to call on me at any time. If I don't have the information you need, or the material, I will be glad to try to help get it. And don't forget to keep your women interested and informed on the subject of U. S. Stamps and Bonds.

Very sincerely your,

Mrs. Meade F. Griffin,
Chairman, Women's Division,
Hale County Committee on
Civilian Defense, Plainview.

F. H. T. QUILT AND PLAY

March 27, 1942! Don't forget the date! Because on that night the F. H. T. club will hold forth in the auditorium of the school house with two big attractions — a beautiful, full sized quilt — made by the F. H. T. girls, and their mothers, and a play! Not just an ordinary play. No, indeed —this play is thrilling and laughter packed. Three whole acts of fun and excitement! For a whole evening of entertainment, come to see "There's a Man in the House" at 8:30, Friday, March 27.

Coming back to the other attraction, the quilt. This beautiful quilt is to be given away on the night of the play to the person holding the lucky number. Bids may be bought for 10c from any Future Homemaker of Texas member.—Reporter.
