Thousands Stranded By Huge Storm

BY THE ASSOCIATED PRESS

Thousands of Midwesterners were stranded. Schools closed. Glazed highways turned into parking lots. Several persons died shoveling snow.

That was the bleak picture today as snow and ice storms thundered out of the Great Plains, and swept across the Midwest and into the Ohio Valley.

The snowstorm to the north hit Chicago with a knockout punch, blanketed southern Lower Michigan and northern Indiana and thrust eastward. The ice storm followed a parallel course to the south, turned roads into sheets of glass, and left town after town without electricity or telephones.

Cold storm air colliding with warm southern breezes struck off tornadoes that hit in Louisiand, Mississippi and Arkansas.

The storms dumped a foot of snow across northern Missouri and Kansas. As they came charging across Illinois they clogged everything north of Peoria and Springfield with snow and bombarded areas to the south with ice.

At midnight, 16.4 inches of snow had fallen on Chicago. The 24- hour record, set Jan. 30, 1939, had been 14.9 inches.

Snow was still falling today, and 63-mile-per-hour lakefront winds whipped up a stinging mist of snow.

Public and parochial schools were closed in Chicago and in nearby suburbs. Many area colleges and universities canceled classes. Two hundred students were stranded overnight at th University of Illinois' Chicago Circle campus.

Worse was the plight of the occupants of 1,000 vehicles stranded in the snow at the southern city limits. Many of them were schoolchildren marooned in several school buses. About 1,000 persons were put up overnight in four school gymnasiums.

Forty prisoners of the snow became overnight "prisoners" in Cook County Jail when they couldn't leave the Criminal Courts building. Warden Jack Johnson sent around an evening meal of hamburgers for the "inmates," who included judges and lawyers.

Downtown hotels were filled to capacity. Traffic at O'Hare International Airport was halted. All the major taxi companies pronounced the roads too hazardous and took their cabs off the streets, except for emergency calls.

Interest Rate Trend Viewed With Favor

WASHINGTON (AP) — The government, led by President Johnson, has reacted with predictable pleasure to indications of a significant break in the prime interest rate charged by banks.

Chase Manhattan, the nation's second largest bank, announced Thursday it is slicing from 6 to 5½ per cent the rate it charges its best credit risks.

Other New York banks said they are studying the action. In Los Angeles, the 81-branch First Western Bank dropped its rate by the same amount as Chase. Several smaller banks had similarly cut their rates in recent days.

The White House said Johnson "believes that a reduction of interest rates and easing of credit availability at this time will contribute to the sound and healthy development of the American economy."

The Treasury Department and Council of Economic Advisers echoed Johnson's comment. Prices on the New York Stock Exchange also rose after the announcement.

The President had called for lower interest rates in his State of the Union message Jan. 10.

US Winds Up Big Operation

By ROBERT TUCKMAN

SAIGON, South Vietnam (AP) — U.S. infantrymen today wound up the biggest operation so far in the Vietnam war, claiming 720 enemy dead. Meanwhile U.S. Marines pressed ahead with a new drive in the northern part of South Vietnam.

Backed by tanks, artillery and planes, the Leathernecks in the new Operation Tuscaloosa reported killing 74 Red soldiers in day-long fighting 5 miles southeast of Da Nang, the big Marine base on the northern coast.

The U.S. command announced the end of Operation Cedar Falls, which sent an estimated 30,000 Americans to the jungled "iron triangle" 20 to 30 miles northwest of Saigon for a 19-day scorched earth campaign.

In addition to the 720 Communist dead reported, the Americans captured a record 3,709 tons of rice, enough to feed 10,000 troops for a year. The purpose of the operation was to make the triangle useless as a base from which to menace Saigon and the area around the capital.

In the northern end of the country, 6 miles south of the demilitarized zone, U.S. helicopters lifted out a surrounded Marine reconnaissance patrol and a relief force that had been sent in to help and was also surrounded. Marine spokesmen said Leatherneck casualties were light but one big helicopter crashed and burned and two others were forced down by enemy fire.

On the political scene, South Vietnam's ruling military junta headed by Premier Nguyen Cao Ky met behind closed doors to discuss a shakeup in the government set in motion by the ouster of the deputy premier and defense secretary, Lt. Gen. Nguyen Huu Co. Co is in Hong Kong, and late Friday the outcome of the junta meeting was not known.

Rusk Speaks To Students At HSU

ABILENE (AP)—Secretary of State Dean Rusk said today that it is essential to the survival of man that a solution be found in organizing "a durable peace in the world."

He told a youthful audience on the campus of Hardin-Simmons University that finding the the solution to a durable peace is a question they must not forget.

"This is the question that both generations, young and old, must discuss together," he said.

Rusk urged the young people to recognize the lessons from World War II, declaring:

"There will be no opportunity to use the lessons of World War III and start over again—there will be nothing left."

Speaking extemporaneously, Rusk hammered at the need of a lasting peace, adding that this has been the "constant preoccupation of every president of the United States in this modern period."

RAID RESTRICTIONS

Senators May Appeal To LBJ

By WALTER R. MEARS

WASHINGTON (AP) — Republican Sen. Peter H. Dominick said today critical senators may go directly to President Johnson with their complaints about the restrictions imposed on U.S. pilots operating over North Vietnam.

And Sen. John G. Tower, R-Tex., forecast a campaign to mobilize public opinion and seek relaxation of the rules.

Dominick said senators who contend that target restrictions are preventing aerial success in the war will press their case with the administration, and may seek to do so at the White House.

"I see that as a possibility," the Colorado senator said. He said Johnson is keeping close rein on the air war "on the grounds that this is a political war."

Tower and Dominick, both members of the Senate Armed Services Committee, made their comments in interviews after an angry round of Senate debate over the targeting restrictions.

Sen. Stuart Symington, D-Mo., told the Senate Thursday "it would be better to terminate hostilities" than to continue the air war under targeting restrictions he called "abnormal and unprecedented."

Informed sources reported a day earlier that the Johnson administration has forbidden American air operations within five miles of the center of Hanoi. The Pentagon would neither confirm nor deny the report.

Tower said the question of restrictions on air operations near Hanoi has come up this week during Secretary of Defense Robert S. McNamara's appearances before the Armed Services Committee.

But Tower would not discuss the matter. "I can neither confirm or deny it because we're getting into classified areas," he said.

New Clashes Reported In Chinese Upheaval

TOKYO (AP)—A wall poster in Peking reported today that more than 100 persons were killed and many wounded in clashes between supporters and opponents of Mao Tse-tung in Red China's remote Sinkiang Province.

The poster, reported by Japan's Kyodo News Service, said the fighting occurred in the city of Shihotzu in the northwestern province bordering on the Soviet Union.

The report did not specify when the clashes occurred, but indicated it was a fresh outbreak in the province where anti-Mao forces have been reported dug in and putting up strong resistance.

The poster said most of the Red army troops in the area are backing the anti-Mao provincial military commander and the head of the provincial party committee.

Kyodo, quoting another wall poster in Peking, said the situation in Sinkiang Province is "too tense for a deputy military commander there to settle."

Quoting a dispatch from Urumchi, provincial capital of Sinkiang, the report of fighting in Shihotzu said machine guns, rifles, field artillery and hand grenades were used in clashes.

The center of Shihotzu is under control of anti-Maoists, main highways have been closed, and long-distance telephone lines have been cut, it said. Similar clashes occurred in nearby towns, it said.

"There are not merely the suppression of mass movements but an antirevolution rebellion," it added.

Apparently girding for a protracted struggle, Mao's followers sought today to rally additional military and peasant support throughout the mainland.

The official New China News Agency admitted that opposition had cropped up in Manchuria and around Shanghai, both areas where Mao's group had claimed victories.

The agency said the pro-Mao Peking People's Daily in today's issue prominently featured an urgent appeal by four revolutionary rebel—pro-Mao—organizations in Heilungkiang, a Manchurian province.

Japanese reports from the mainland told of wall posters in Peking reporting that Premier Chou En-lai had informed Mao "the recovery of authority has only started."

Other wall posters said that Mao's chief purge administrator, Chen Po-ta, had complained that Red Guards in the capital were "falling behind the rest of the country."

Mao's own propaganda outlets indicated the shape the struggle was taking. There was growing emphasis on the military, and the New China News Agency poured out thousands of words claiming that army support at the "decisive moment" had routed anti-Mao forces in Shansi Province and the Manchurian industrial city of Pinkiang (Harbin).

But in reporting pledges of support from pro-Mao forces in other parts of the country, NCNA appeared to be indirectly disclosing that his opponents, led by President Liu Shao-chi, were entrenched almost everywhere.

Japan's Kyodo news agency and the Tokyo newspaper Sankei reported from Peking that a wall poster told of a meeting between Mao and Chou earlier this month. Mao was said to have asked Chou how the "recovery of authority" was progressing.

Chou replied that it was only starting and added that there were five targets: the really bad antiparty elements, supporters of the capitalist line, bourgeois reactionaries, erring comrades who admit their mistakes but don't correct them, and erring comrades who correct their mistakes.

Mao, according to the wall poster, said those in the first groups should be isolated and attacked. He reportedly said party organizations must be thoroughly shaken up if necessary, but that some erring authorities might be kept at their posts under supervision.

Red China, Soviet Union Rift Grows

WASHINGTON (AP) — The Soviet Union is toughening its defenses against Red China because of serious border problems between the two nations, reports Secretary of Defense Robert S. McNamara.

Breaking a long administration silence on the Sino- Soviet dispute, the defense chief noted that "while an outbreak of hostilities between China and the Soviet Union does not appear probable at this time, the tension on the borders is likely to continue."

McNamara depicted the Soviet Union as more "self-confident" and said this attitude is reflected in its open renewal of the ideological dispute with the Chinese.

"Although the Soviets have not succeeded in reading China out of the international Communist movement," he said, "only Albania among the ruling Communist parties still remains exclusively aligned with China."

The remarks came in McNamara's annual posture report to Congress, a long summation of the U.S. defense position given on the eve of congressional hearings on the administration's $72.3-billion defense budget. The 210-page McNamara document was made public Thursday night.

In it, McNamara again restated his case against deployment of a Nike X antimissile defense system and, in what amounted to a direct warning to the Soviet Union, said a further push in the arms race by the Soviets would be "dangerous and expensive."

To counter the possibility that current U.S.-Soviet arms ban negotiations break down, McNamara said the Pentagon now is "undertaking a very comprehensive study of a new strategic missile system."

He also revealed the United States expects to maintain a significant lead in Intercontinental missiles over the Soviet Union until well into the 1970s, and again emphasized this nation's reliance on offensive weapons, and not defensive systems, to deter a nuclear war.

Interest Rate Cut Boosts Market

NEW YORK (AP)— Buoyed by interest rate cuts by a string of big banks, the stock market rallied in active trading early this afternoon.

Gains of fractions to 1 or 2 points among leading issues outnumbered losers by a ratio of more than two-to-one.

The market was higher from the start, then widened its gains in lively trading as Thursday's cut the prime interest rate by the nation's second biggest bank, Chase Manhattan, was emulated by other banks although the reductions today were to 5¾ per cent from 6 per cent instead of 5½ per cent.

The market responds as it always has to news of lower interest rates and easier credit.

Steels, chemicals, nonferrous metals, tobaccos, drugs and office equipments are among the gainers.

The Associated Press average of 60 stocks at noon was up 1.2 at 313.5 with industrials up 2.6, rails up .3 and utilities up .2.

The Dow Jones industrial average at noon was up 5.01 at 843.71.

Among the steels, Jones & Laughlin spurted more than 3 points. Republic and U.S. Steel gained more than a point each.

General Motors added a fraction while Ford was off a bit and Chrysler held firm.

Xerox climbed nearly 4, Anaconda and IBM 2 each.

Bendix, which sold on a big block, was off a point and pacing the list on volume.

Prices advanced in heavy trading on the American Stock Exchange.

Ships Crash Off Norfolk

NORFOLK, Va. (AP) — Two ships groping through fog in the Chesapeake Bay collided today near the mouth of the Potomac River 60 miles north of Norfolk.

The Coast Guard said the 34 crewmen aboard one of the ships, the Bodoro, were removed and the vessel appeared to be sinking.

The second ship was the SS Beaver State, a freighter owned by States Marine Corp., of Delaware, with home port in New York.

The Bodoro is an ore carrier believed to be of Liberian registration. The Beaver State, carrying a grain cargo, sailed from Baltimore Thursday night, en route to New York to load more cargo before sailing for the Far East.

Federal Bugging Alleged By Hoffa

By BARRY SCHWEID

WASHINGTON (AP) — Fighting to stay out of prison, James R. Hoffa has told the Supreme Court he and two of his lawyers were subjected to widespread Justice Department eavesdropping and telephone tapping during his 1964 jury-tampering trial.

And, attorneys for the Teamsters Union president claim, an assistant director of the FBI suggested to a newspaper publisher that Hoffa's lawyers ask the Justice Department to conduct an investigation of wiretapping in connection with Hoffa's trials.

Two government officials mentioned in the briefs each denied such wiretapping took place.

The allegations were in papers filed with the court Thursday in an effort to convince the justices to reconsider Hoffa's conviction and eight-year prison sentence. These were upheld by the high court Dec. 12 — before "direct evidence" of the eavesdropping was obtained, Hoffa's lawyers said.

The Justice Department should be directed to respond to the allegations, they told the court.

The core of the eavesdropping claim is that radio transmitters were placed in Hoffa's hotel rooms and those of the lawyers a day or two before the trial began by "an informer and wiretapper" for the FBI.

The same alleged wiretapper, identified as Benjamin David Nichols, of Heiskell, Tenn., tapped the telephones in the rooms and placed eavesdropping devices in the hotel rooms of the jurors, the court was told.

Hoffa's attorneys claimed Nichols operated under the supervision of Walter Sheridan, a special consultant at the time to then-Atty. Gen. Robert F. Kennedy, and that Sheridan supplied Nichols and another man who was not identified "with a sketch" and "some keys."

"Discovery of the foregoing facts is the culmination of prolonged effort to establish that the federal government for many years has been intruding on Hoffa's right to counsel and obtaining evidence against him by unlawful methods," Hoffa's "motion for relief" said.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Last April an accountant "friend" (I thought) made a pass at me. I told him off, but I didn't tell my husband as I didn't want to start trouble. I've told no one of this incident as the accountant has a very nice wife, children, and a flourishing practice.

Now I am already worrying about the next time we will be filing our income tax. I don't want to work with this man again as the sight of him makes me cringe. I'm afraid if I suggest changing accountants my husband will say, "Why? — I like so and so."

What should I do?

TROUBLED

DEAR TROUBLED: Tell your husband to line up another accountant—one who appreciates the business and will keep his mind on it. He'll catch on. And if he takes his "friend" apart, it might improve the old boy's manners.

DEAR ABBY: I am 17 and last year I was engaged to a boy named Bernie. We broke up, and then I started going with Ernie. We plan to be married in a couple of months.

While I was engaged to Bernie I made a terrible mistake, altho it was the first and last.

As my wedding date is approaching I am afraid to tell Ernie about Bernie because Ernie thinks I am a "nice" girl. (I am, except for that one time.) Should I tell Ernie now, or should I wait until after the wedding? Or do I have to tell him at all? I am so dumb about things like that.

DON'T KNOW

DEAR DON'T: If Ernie asks you—tell him the truth. If he doesn't bring it up, don't you. He may never ask.

• • •

DEAR ABBY: We have recently moved into a new community. Ours is the most modest house on the block. I am slowly refurnishing. We have no draperies—only sheets at the windows. We are eating on a card table and have only kitchen chairs.

Well, quite by accident I found out that my darling husband called a neighbor (whom I hardly know) and asked her to "round up" the neighbors and organize a surprise party for me. (Someone called asking me, which Saturday night my mister hired the Hawaiian musicians for!)

I finally got the details out of my husband. Forty people are coming! I will be mortified to death to have them see my house with such poor and meager furnishings. Should I call and postpone the party? Or must I go thru with it?

MORTIFIED

DEAR MORTIFIED: Yes, you must go thru with it or you'll humiliate your husband. Forget about your "poor and meager" furnishings. When 40 people are there having a good time, no one will notice. And you will "save" the furniture you don't have.

With two cameras mounted in opposite positions, ESA 4 is designed to snap eight pictures during each orbit.

Each photo is to show an area 2,000 miles. The pictures, transmitted to ground stations in 35 nations, continue the global weather coverage of ESA 2 which has drifted off course in its year in orbit, officials said.

Six Arrested In Valley Labor Rift

RIO GRANDE CITY (AP)—Two men protesting the arrest of four farm union pickets joined the quartet behind bars Thursday night.

Sheriff's deputies arrested the pair while they were demonstrating outside the Starr County jail in what the group called a nightlong "prayer vigil."

"You all go home or I'll have to arrest you," Chief Deputy Sheriff Paul Pena told the nine other persons taking part.

Six men nevertheless stuck with their vigil at a late hour. Three women companions departed.

Pena jailed the Rev. James Drake, 29, a Congregational church minister from Porterville, Calif., and Gilbert Padilla of Delano, Calif., on charges of disturbing the peace.

Officers arrested the first four men earlier Thursday on misdemeanor charges of using abusive language while picketing at a farm.

Pair Charged With Damage To Local Park

Brad Harman and John Brinner, both of Snyder, were charged with malicious mischief in Justice of the Peace Court Thursday. They were released on their own personal recognizance.

Both boys are in their teens. They are suspected of damaging property in Towle Park by painting black letters on the entrance fence to the park.

"When property damage amounts to $50 or more," said Police Chief Chester Simons, "it is a felony offense."

The Chief said that apparently some young residents of the community do not realize the seriousness of these and related offenses. "A person convicted of a felony offense could be sent to prison," he pointed out.

At the very least, destruction of property indicates a lack of respect for others, he said. Often what starts out as a boyish prank lands young people into serious trouble from a lack of understanding of the seriousness of the offense, he added.

"We aim to stop acts of vandalism or prosecute persons persons who commit them," he concluded, "and we appreciate any help the public can give us with respect to this."

Jack Greene Has Surgery

Jack Greene, Snyder resident who recently received a plastic cornea to help him regain his sight, underwent another operation in Houston Thursday.

Relatives of Greene said he came through the operation as expected. The purpose of the surgery was to repair part of the eye around the cornea. Parts of the eye came loose last week when Jack removed a "cosmetic shell" that holds the cornea in place. The covering usually is removed for the night.

The former oilfield worker went to Houston Monday and the operation was performed yesterday. He will return home in a week or two, depending on how fast the eye heals. Physicians indicated it will be several weeks before it can be determined if any permanent damage was done.

Forensic Squad In Midland Meet

Twenty-two members of the Snyder High School Debate and Forensic Squad went to Midland today to compete in the Tall City Speech Tournament sponsored by Lee High School.

Some 32 schools in Texas and New Mexico were to be on hand for the contests. Snyder High students are competing in debate, informative speaking, persuasive speaking, prose reading and poetry reading.

Defending both affirmative and negative sides of the question are SHS debate teams composed of Dana Thompson and Susie Hendrix; Terry McNair and Mike Levens; Ronnie Potts and Dennis Pharris; and Chere Reneau and Marsha McGlaun. The Snyder debaters will be involved in at least 16 rounds of debate during the two-day meet.

Defending SHS reputation in public speaking are Informative Speakers Ricky Rhodes, Dean Kaplan and Ralphene Neal. They are speaking on a variety of subjects, all pertaining to current state, national and international situations.

Competing in persuasive speaking are Mike Stevens, Bobby Wright, and Loretta Bryce. They are given a subject of international interest and must convince an audience to accept their point of view in regard to the subject.

In the area of oral interpretation are prose and poetry readers, Otis Archie, Donna Davis, Cynthia Phillips, Johnny von Roeder, Diana Lewallen, Sharon Carter and Kent Noble.

In their last forensic tournament, SHS debaters won 14 of 21 rounds of debate. They also placed second in poetry reading and third in prose reading. A duet acting team of Pam Black and Beth Vestal took first place honors. This was in Brownfield shortly before the Christmas vacation. The students were accompanied to Midland by Jerry Worsham, SHS teacher, and Jim Casey, choral director at SHS.

Mrs. Dryden Speaks At Atheneum

Atheneum Club met at Martha Ann Woman's Club, Tuesday, January 24th. Mrs. Joe Sentell was hostess. Mrs. J. M. Kayser, president, presided.

Mrs. Bill Dryden gave a delightful program on "Fine Arts in the Country of France."

"Bon jour, mon amis. Comment Allez-nous? Tres bien, nest-ce pas?"

"This about constitutes my French vocabulary. I had a year of French in college but there are several years between then and now and I had to brush up to remember this much.

"I had a choice of several countries to choose from, but, I immediately chose France. It wasn't really difficult for me to figure out why. The language is beautiful, France has a colorful and exciting history filled with exciting and colorful people, and probably the main reason for my choice is my interest and enthusiasm for the French impressionist painters.

"There are three things I would like to discuss with you, with a few points concerning literature and music thrown in.

"The language: (a) One of the romance languages along with Spanish and Italian. (b) Beautiful and pleasant to listen to with its low nasal long vowel sounds. (c) French is called the universal language of love. 1. Probably because it sounds more romantic than the reputation of the French lovers, though the question might be debatable. 2. Many popular songs are in French and we all enjoy them, even if we don't understand them. 3. Maurice Chevalier.

"(d) About half of the words in the English language come from French. 1. English began to absorb French words after the Norman conquest in 1066. 2. Some of these words are art, army, bouillon, dinner, fashion, garage, government, hors d'oeuvre, preach, sermon and theater."

Mrs. Dryden also covered "French Men and Women," "Writers" and "Painters."

TEXAS STATE OPTICAL

Century Club Elects Officers

The Twentieth Century Club met Tuesday in the home of Mrs. Bob Johnson.

During the business meeting new officers were elected. They were: Mrs. Charles Tyer, president; Mrs. B. J. Bartels, first vice president; Mrs. J. Nelson Dunn, second vice president; Mrs. Idolph Crooks, recording secretary; Mrs. John English, corresponding secretary and Mrs. Bob Dupree, treasurer.

Mrs. Frank Wilson, program leader, said in part: "Possibly no other state has taken the leadership in so many varied fields of endeavor as has Georgia, whose rich and colorful history dates back to February 12, 1733, when General Oglethorpe landed at Savannah."

Mrs. Wilson then listed about 30 "Georgia Firsts." Some of these were: 1. The University of Georgia at Athens, chartered in 1785, was the first state - chartered university in America, 2. The first school of forestry in the south was established at the University of Georgia in 1906. 3. The first American orphanage, Bethesda, was established in Savannah in 1741. 4. The first protestant Sunday school in America was founded in Savannah in 1736, by John Wesley. 5. Georgia was the first state to require birth registration.

Mrs. J. Nelson Dunn discussed Atlanta, transportation hub of the South, saying: " 'Gone With The Wind' is Atlanta's book just as Peach Tree is Atlanta's street. Southern charm and hospitality are her heritage, and the legendary phoenix is the symbol of her determined progress and energy.

"Atlanta is the transportation hub of the south. The city is served by 13 railroad lines, 91 motor carrier systems, and her $20,000,000 jet air terminal is the busiest in the nation. Atlanta boasts of having 19 colleges and universities and 700 churches. Her past is illustrious and her future looks very bright."

Mrs. Bob Johnson discussed the "Huge Monument" on Stone Mountain saying in part: "They are still working on Georgia's ambitious old Stone Mountain carving, but you have only two years left to see this bit of history being made. It's due for completion in 1968, just a half century after men first touched chisels to the world's largest hunk of granite in an effort to create the world's largest sculpture.

"Measuring 190 feet high by 305 feet wide, the deep relief carving depicts the horse-mounted figures of Robert E. Lee, Stonewall Jackson, and Jefferson Davis. The figure of Lee is 90 feet high, and 27 feet wide. His famous horse, Traveller, will measure 141 feet from nose to tail.

"The monument is in Stone Mountain Memorial Park which is located 16 miles east of Atlanta on U.S. Highway 78."

Old Salem, which celebrated its 200th birthday in 1966, preserved its name and separate identity until 1913 when it merged with its bustling neighbor, Winston.

FINE TEXAS HORSES, By Malcolm D. McLean (Texas Christian University Press, $2.50, paperback)

"Fine Texas Horses" is the first volume in Texas Christian University's monographs in history and culture. It tells of horses in the state from 1830 through 1845.

The book material largely is taken from newspapers of the era and tells of the races, prizes, prices and the rewards for missing animals. Some of the newspaper pages are reproduced.

The period was picked because the first advertisment about horses in Texas was found in an 1830 publication.

The author, a member of the TCU faculty, points out that fine horses are not declining in number. There has been a major increase in registered horses between 1960 and 1965, and 43 per cent of the registered horses are in Texas.

Some of the races told about in the book would make modern Thoroughbred owners shudder and a Quarterhorse owner jump off the nearest clubhouse roof.

For some of the early Texas races were for distances as great as five miles, and in others there were enough heats on the same day to wear out the toughest animal.

Although the mustang is famous in legend, it was not highly prized in many quarters. For instance, one advertisement offering pasture land for rent as sure prospects that the land is "clean" of mustangs.

There were early quarterhorse races, but apparently not on a really formal basis, certainly not to the extent of the present. But if anyone has a belief that such races are an innovation, the author found that such races were run even before the American Revolution.

Much of the book is organized so that if the reader is interested in a particular town he can find it easily. And the pedigrees of horses held as much importance then, apparently, as they now do. — The AP

Hoffa's Charges May Bring A Far-Reaching Explosion

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Teamsters President James R. Hoffa has had his trials and troubles but he has just cooked up something now which might cause an explosion.

The best way to follow the story is step by step.

In 1962 Hoffa won a mistrial in federal court in Tennessee on a charge of illegally accepting more than $1 million from a trucking firm. This wasn't the end of it. Then he was charged with tampering with the jury which freed him.

In 1964 he was tried and convicted on this charge in federal court in Chattanooga and given an 8-year sentence. He appealed this to the Supreme Court which on Dec. 12, 1966 upheld his conviction.

But just about then New York's Democratic Sen. Robert F. Kennedy — who had been attorney general at the time of Hoffa's two trials and conviction had a hassel with J. Edgar Hoover, director of the FBI.

They were in an argument over who had authorized — while Kennedy was attorney general — the use of wiretapping and electronic eavesdropping, or "bugging." Hoover said Kennedy did. Kennedy said this was untrue.

On Dec. 15 — three days after the Supreme Court had turned down Hoffa and in the midst of the Kennedy-Hoover dispute — William Loeb, publisher of the Union-Leader newspaper in Manchester, N.H., offered a $100,000 reward.

This was for proof of the use of wiretapping or eavesdropping by the federal government before or during Hoffa's court troubles in Tennessee.

Court records at Hillsboro County registry of deeds in Nashua, N.H., show Hoffa's union pension fund loaned Loeb's newspaper $2 million in June, 1965, with a mortgage on the plant and equipment as security.

Loeb, offering the reward, said his newspaper "believes that in a large part the prosecution of Mr. Hoffa was motivated by personal spite by the then Atty. Gen. Robert Kennedy, who now, in the opinion of this newspaper, stands revealed through the testimony of J. Edgar Hoover as one of the greatest wiretappers of all time."

Now, in an affidavit revealed Thursday, Loeb says that on Dec. 20, five days after denouncing Kennedy and offering the reward, he had a conversation with an assistant to Hoover, Cartha D. DeLoach.

Loeb says DeLoach suggested to him that he tell Hoffa's lawyers that their best bet would be to "ask the Department of Justice (which Kennedy left in 1964) to conduct an investigation of wiretapping in connection with the various Hoffa trials."

DeLoach told him, Loeb says, he felt sure an investigation would turn up "extensive evidence" of wiretapping in connection with Hoffa's trials.

Further, Loeb says, DeLoach told him he would deny he had ever talked to Loeb about the matter if Loeb attempted to publish "this information."

There seems no doubt Loeb talked it over with Hoffa's lawyers because Thursday his affidavit, swearing he had told the truth about DeLoach, appeared in a brief Hoffa's lawyers filed with the Supreme Court, asking it to reconsider its decision against him last December.

Hoffa told the court he and two of his attorneys were subjected to eavesdropping and wiretapping during his 1964 jury-tampering trial. And he identified the wiretapper as Benjamin David Nichols, saying the latter had operated under the supervision of Walter Sheridan, a special consultant at the time to then attorney general, Kennedy.

Nichols gave a similar account of the alleged tapping in an affidavit of his own in the Hoffa brief. Justice Department and FBI spokesmen declined comment, saying they did so because the case was before the court. Kennedy, in Europe, was unavailable for comment.

This month, for the 10th time, the Justice Department admitted it had engaged in electronic eavesdropping, although it hasn't admitted that about Hoffa.

Junior Editors Quiz on DINOSAURS

QUESTION: *What was the strongest dinosaur?*

• • •

ANSWER: The strongest animals are generally the largest. So if you think of a creature 80 feet long and weighing 50 tons, it must be very strong indeed. This length and weight refers to the animal marked as the biggest in our picture, the Brachiosaurus, largest of the extinct dinosaurs, so tall it could have looked over a three-story building. Even longer was the Diplodocus, about 90 feet, although, with a more slender body, it weighed less than Brachiosaurus. Though so huge and powerful, these two dinosaurs were rather inofensive. They ate plants and spent most of their time in the water, which buoyed up their enormous bodies. Our choice for most powerful dinosaur is the mighty flesh eater shown in front, Tyrannosaurus, who lived by eating other dinosaurs and consequently needed enormous strength to kill them and tear them apart for food. Some 50 feet long, with a huge head armed with savage-looking teeth, Tyrannosaurus is usually considered the strongest and most savage animal which ever lived.

Resolutions Should Be Achievable

By HAL BOYLE

NEW YORK (AP)—A lot of people are in the dumps because they already have failed to live up to the noble New Year's resolves they made to change their lives for the better.

The trouble with most of them probably is that they set themselves impossible goals.

Instant reformation may be possible for saints but it is uncharacteristic of ordinary human beings. The first wise measure toward reformation isn't to make yourself any better — it's to keep yourself from getting any worse.

Set yourself achievable goals. Instead of resolving what you will do, decide what you won't do. Be positive in a negative way.

For example, I decided it would be a better world for me in 1967 if I firmly made up my mind not to do the following things:

Stuff a whale and exhibit it on a cross-country tour.

Learn any modern dance step.

Bet against the Green Bay Packers football team — even if I get 24 points.

Buy a race horse, an astrakhan hat, or a solid gold ear cleaner.

Drink dry martinis through a damp straw.

Attend any marijuana orgies.

Read any magazine articles on how one's sex life can be made more interesting, or how one can get rich by investing in the stock market or raising chinchillas in the basement.

Take up the study of Yoga or Zen Buddhism in order to discover the wisdom of the mysterious East.

Acquire any new diseases. The only sure way to stay healthy is to take care of the diseases you already have.

Run for congress — or a bus.

Write any article saying dogs are superior to cats, or cats superior to dogs as pets.

So far, with the help of a firm will and a lot of inherited character, I've kept every one of my good resolutions for 1967.

Miner Rally Stops Arizona State, 56-50

By TED MEIER
Associated Press Sports Writer

Dave Scholtz says Lew Alcindor isn't perfect so maybe underdog Illinois will spring college basketball's upset of the season tonight by defeating the unbeaten and top-ranked UCLA Bruins.

A sellout crowd of 18,000 at Chicago Stadium is expected to watch the fighting Illini try to stop Alcindor, UCLA's agile 7-foot-1 super-sophomore, and snap the Bruins' 14-game winning streak.

Scholtz, a 6-7 soph, has been assigned to guard Alcindor.

"He's not perfect," Scholtz said. "I watched him play during the Los Angeles classic at Christmas time and I have a definite plan on what to do against him."

Scholtz didn't give any details about his plan, but he isn't awed by Alcindor's reputation. As for Alcindor "I don't know what to expect, but as long as they're not hanging on me all the time I can play my game."

UCLA's invasion of the midwest to play Illinois tonight and Chicago Loyola Saturday night highlights increased activity in the college dribble sport after a lull for mid-year exams.

Texas Western, the defending national champions and currently ranked sixth in the Associated Press poll, came from behind to defeat Arizona State 56-50 at El Paso in Thursday night's top game.

The Miners, who meet Brigham Young in Chicago Saturday on the same bill as UCLA-Chicago Loyola, erased a six-point deficit late in the second half to beat the Sun Devils.

Nebraska moved into a four-way tie with Kansas, Colorado and Kansas State in the Big Eight Conference by beating Oklahoma 97-78 at Lincoln.

Nick Jones' 21 points paced Oregon to a 65-55 road triumph over Portland.

Allan Treece's basket with one second left in an extra period gave Jacksonville U. an 87-85 squeaker over The Citadel.

In other home court triumphs Stetson edged Miami, Fla. 56-53, Tennessee Tech downed Centenary 96-82, Utah State walloped Hawaii 106-64, Pitt beat Bucknell 63-58 Portland State humbled Montana State 98-83 and American Univ. whipped Adelphi 86-72. On the road Los Angeles Loyola defeated UCal, Santa Barbara, 74-67.

Buckpasser Back In The Picture

ARCADIA, Calif. (AP) — Buckpasser, apparently recovered from a hoof ailment, was very much back in the picture today on the eve of the $100,000 Charles H. Strub Stakes at Santa Anita Saturday.

Famed as the only horse in thoroughbred history to attain status as a millionaire at the age of 3, Buckpasser was one of 14 formally entered in the 1¼ feature, a race restricted to 4-year-olds.

Trainer Eddie Neloy kept a close watch on Buckpasser today after announcing the day before that the colt had responded to treatment for the quarter crack in his front forefoot.

Neloy said he was almost 100 per cent sure Buckpasser would run.

Arrayed against the star of the Ogden M. Phipps are some of the 4-year-old colts whom he whipped in the 1⅛ mile San Fernando Stakes Jan. 14.

They were Fleet Host, Pretense, Drin and Fleet Shoe.

Others entered in the Strub were Fleet Discovery, Hill Clown, Rehabilitation, Bright Monarch, Vague Image, Quicken Tree, Road Hog, Model Fool and Kings Favor.

Buckpasser, packing the maximum high weight of 126 pounds under conditions of the race, will be favored to run his 15th straight triumph.

The last two were registered at Santa Anita, starting with the Malibu Stakes Dec. 31 at seven furlongs.

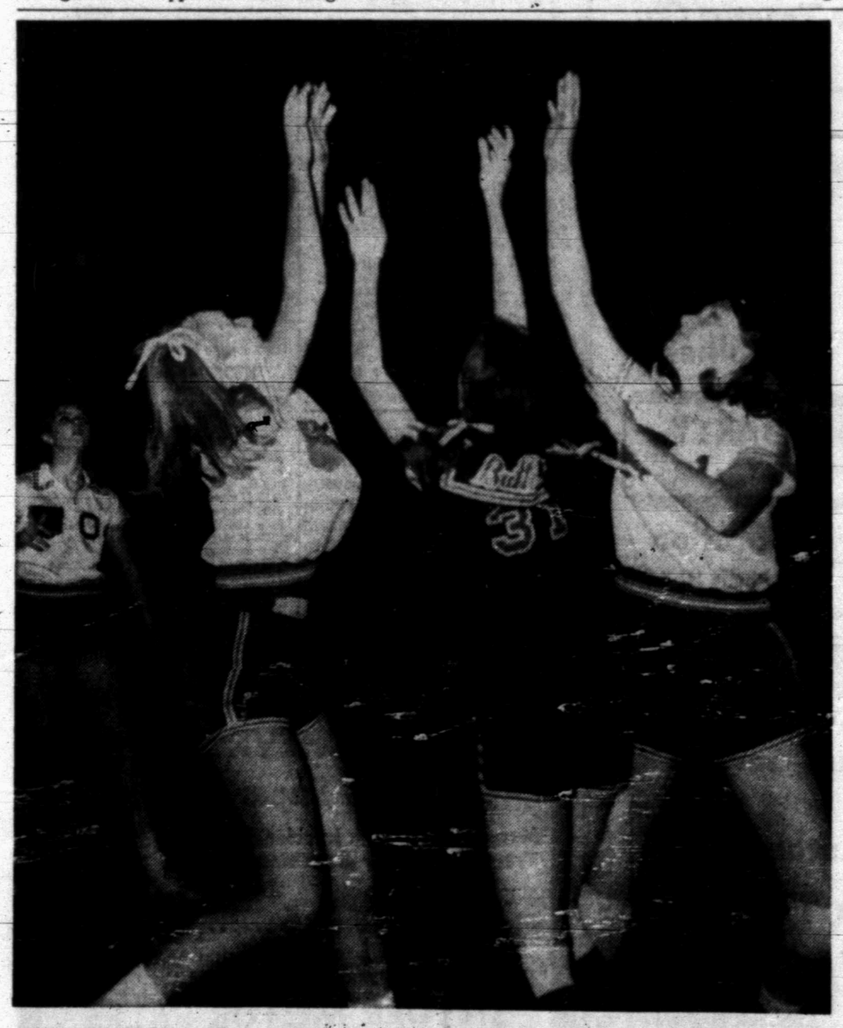

Buckpasser, with Braulio Baeza, his regular jockey, aboard, gave his backers a scare in the Malibu, coming from behind to beat out Drin by three-quarters of a length, and Kings Favor third.

Share Lead In Lone Star Loop

SAN MARCOS, Tex. (AP)— Southwest Texas and Howard Payne share first place in the Lone Star Conference today and barring an upset by the two last-place teams Saturday they should go into their Monday night clash here still tied.

Southwest Texas won its fourth conference game without defeat Thursday night by beating Texas A&I 83-79. It was the only conference game scheduled.

Howard Payne, the defending champion and also 4-0, meets Texas A&I, 0-4, at Kingsville Saturday night. Southwest Texas plays Sul Ross, loser of 13 consecutive games this season, at San Marcos the same night.

NEW DANCE? — These girls look as if they are inventing a new dance. Actually, the jumping occurred during the Fluvanna-Hermleigh basketball game Thursday night. The visiting Cardinals edged Fluvanna with a late rally. Girls in white uniforms are Cardinals. Charlotte Toombs (No. 31) is one of the "Buffalo Gals."

Buffaloes Win Thriller, 64-61

FLUVANNA — The Buffaloes leaped into an early lead, saw it vanish in the third period, and then rallied again in the closing seconds to take a thrilling 64-61 victory over the Hermleigh Cardinals in a District 70-B basketball game here Thursday night.

According to the district rules, the teams that finish in first and second place will meet in a playoff unless the winner goes through undefeated. That means these same two teams will tangle in a best 2-of-3 playoff after the regular season closes.

The Buffs scored with ease inside during the first half to build a 38-23 lead. Then Hermleigh began hitting well from outside and at the top of the circle and cut the margin to 47-45 going into the final stanza.

Both teams put on spectacular performances in the last quarter as the lead changed several times. The Redbrids went into a 3 point lead with 2½ minutes remaining, but the Buffs rallied on a long shot and a free throw by Bobby Hall and forced the Cardinals to go after the ball.

Joe Belew copped scoring honors with 24 points for Fluvanna. Henry Contreras added 20, and Hall contributed 14 to the winning cause. Ted Winters meshed 17 points to pace the Cardinals. Tom Chorn pitched in 15 points; David Creswell and Danny Peterson each made 10.

In the girls game, Fluvanna saw its 15-8 lead in the first period cut to 22-21 at halftime. Hermleigh outscored the host girls by three points in the third quarter and by two points in the last period to take a 46-43 decision.

Mary Hudgins played a big role in the Hermleigh victory by pulling down virtually every rebound. June Stansell was outstanding for Fluvanna. She hustles well and is a good ball handler and play maker.

HERMLEIGH (61) — Chorn 7-1-15; Creswell 4-2-10; M. Peterson 4-1-9; D. Peterson 5-0-10; Winters 8-1-17; totals 28-5-61.

FLUVANNA (64) — Hall 4-6-14; H. Contreras 9-2-20; Belew 7-10-24; V. Contreras 0-1-1; Dunnam 2-1-5; totals 22-20-64.

* * *

HERMLEIGH GIRLS (46) — Wall 5-10-20; Pieper 5-2-12; Averitt 3-7-13; Hudgins 0-1-1; totals 13-20-46.

FLUVANNA GIRLS (42) — Bruner 7-10-24; Turner 2-0-4; Stansell 1-0-2; Toombs 2-8-12; totals 12-18;42.

Travis 9th Hits Hornets In Overtime

Travis 9th grade tallied 9 points in overtime here Thursday night to upset Lamesa, 60-56, in a thrilling basketball game.

The lead see-sawed back and forth throughout the tilt. Lamesa led, 13-12, after one frame, and the score was deadlocked at 30-30 at halftime. Travis took command, 45-40, after three periods, and the regulation tilt ended at 51-51 all.

Wesley Bishop sparked the Travis attack with 24 points. Other local lads who scored: Merce Hernandez 16, Jim Patrick 11, Dennis Carlton 5, Ricky Glasscock 2, Don Light 1, and Robert Durst 1.

The Jenkins boys copped scoring honors for Lamesa. Loyd was credited with 20 points, and Floyd registered 15.

White, Red Teams Win

The Travis White thumped the Lamar Gray, 37-28, and the Lamar Red nudged the Travis Blue, 38-37, in two exciting 7th grade basketball games held in the Lamar gym Thursday.

Bill Stokes got off a shot at the buzzer and it dropped in as the Red edged the Blue in the last second of play. Bill had a total of 6 points for the night, but his last basket couldn't have come at a more opportune time. Other Red scorers; David Thompson 15, Gary Lankford 13, Mitch Butler 2, and Scott McCaleb 2.

For the Blue, Donnie Durst and Butch Buchanan each sank 13 points. Other Blue scorers: Kent Horsley 5, Billy Clayton 3, and Albert Hernandez 3.

The Travis White led the Lamar Gray all the way as three boys collected all of the points for the victors: Jackie Murray 18, Gary Durst 13, and Mike Glasscock 6.

Travis Bunch hit the nets for 16 for the Grey. Other Grey scorers: Mike Line 7, Mark Bostick 2, W. T. Brice 2, and Steve Norred 1.

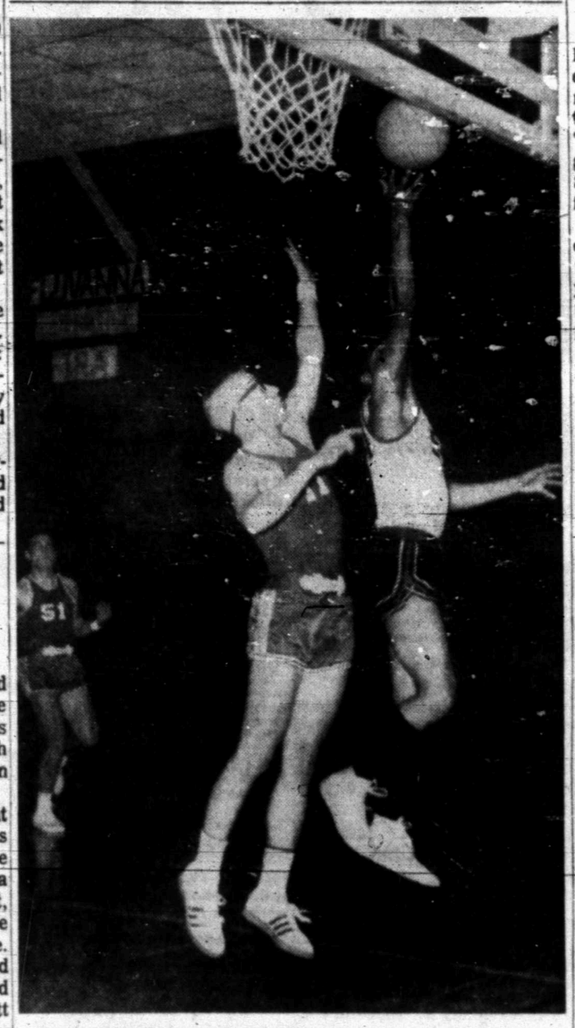

TIGERS TANGLE WITH CHIEFS

The upset minded Lake View Chiefs host the Snyder Tigers tonight in a District 3-AAA basketball game. Tipoff is set for 8:15 p.m., following a clash between the "B" teams of both schools.

A Chief victory would leave both teams with a 4-4 record and tied for third place in the league behind Levelland and Lamesa. A Bengal win would leave Coach Ned Underwood's crew with a 5-3 record and in sole possession of third place.

Lake View is paced by Rocky Woods, 6-3 All-State high jumper. He's the leading scorer in the district.

Probable starters for Snyder include Tommy Bullard, Mickey Almond, Eldon Woodward, M. C. Powell and Frankie Grimmett.

FAST ACTION — Fluvanna's Henry Contreras drives in for a layup during the fast-paced District 70-B game with Hermleigh Thursday night. Defending for the Cardinals are Mike Peterson (No. 51) and Ted Winter (No. 11).

It's Getting Worse—Koufax

By TED SMITS
Associated Press Sports Editor

NEW YORK (AP) — Sandy Koufax is as coldly realistic facing arthritis as he was facing Willie Mays in the batter's box.

He knows the arthritis will get worse. He knew Willie Mays could hit home runs.

"The joint of my left arm is pitted. You can look at the X rays. The arthritis is not going away. It's here. Maybe if I don't pitch I won't lose the movement of the arm until I'm 50 or older. If I do pitch maybe I'll lose it in two years."

Koufax is now 31. Last November at the very height of a sensational career he retired as a Los Angeles Dodger after making a reported $125,000 salary in 1966 and took a job as an announcer with the National Broadcasting Company at $100,000 or so.

Over 12 years in the majors he won 165 games, lost 87, for an average of .655, and had 2,396 strikeouts, only 189 short of the National League career record held by Warren Spahn. He was the league's Most Valuable Player in 1963, and won the Cy Young Award as the best pitcher in the majors in 1963, 1965, and 1966 — the only man to win it more than once.

Now that he is not pitching, says Koufax, "It is not going to hurt as much. But the condition is going to get worse. I only hope it will take longer to get worse. As you get older the joint deteriorates more, and there is more pain and less movement.

"Anything that you do constantly provides pressure on a joint. That's why I quit pitching. I'm confining my sports now to things that don't aggravate my left arm. Fortunately I can still play golf. But if I try to lift a heavy object with my left arm I know about it for the next four or five days.

"I've been offered lots of cures, but if there were any cures there wouldn't be any arthritis."

Lamar Teams Break Even At Stamford

STAMFORD — Lamar Junior High basketball teams broke even in a doublebill Thursday night with Stamford junior teams. Lamar's 9th grade Texans waxed the Stamford 9th graders, 59-25, after Stamford 8th had taken a 33-27 decision from Lamar 8th.

The Lamar 9th graders took command early and were never threatened. Coach John Gary yanked his starting five about two minutes deep in the second period as the Texans led 25-4. At half-time, the Lamar 9th lead was 31-7.

Lee McNair scored 22 points to pace Lamar 9th, while Larry Greene had 13, Dennis Wolfe 6, Billy Bowder, Phil Ator and Randy Levens 4 each, Steve Boydstun, Ronald Gladson and Jamie Boren 2 each.

Lamar 8th grade made a strong rally in the second half but could not overtake Stamford 8th after the hosts had surged to a 17-5 lead at halftime. Larry Wall was Lamar 8th's top scorer with 9 points. Jeff Stewart, Max Falls and Bill Wilson had 4 each, Mike Shearburn had 3, Bid Cooper 2 and Mike Carter 1.

Wartes scored 11 points to lead the Stamford 8th scorers.

Volleyball Girls Win

Snyder's volleyball girls won a scrimmage with Colorado City here Thursday afternoon. The varsity won 2 of 3 matches, 15-12, 12-15, and 15-13. The junior varsity also came out on top in two of three matches, 15-8, 5-15, and 15-10.

Kay Echols is coach of the Tiger girls.

Roan Cobb was high scorer for the varsity girls with 9 points. Lucille Brooks scored 7, and Helen Rios and Carolyn Walton each tallied 6.

Jackie Stewart registered 11 points for the "B" team, Donna Lester had 10, and Mina Emerson notched 9.

The first district game is set for 7:30 p.m. March 14 in Lamesa. However, the girls will go to Colorado City Monday night for their last scrimmage.

Lamesa Nips Travis 8th

Lamesa's 8th grade basketball team edged Travis, 35-27, here Thursday in a thrilling Junior High School tilt.

Davis sparked the Green Hornets with 11 points.

Stewart Sims was the big gun in the Travis attack with 14 points. Other Travis boys who scored: Harvey Pinkerton 8, Eric Clay 4, and Norman Davis 1.

Be still

"Thou wilt keep him in perfect peace whose mind is stayed on Thee." Isaiah 26:3.

It is true that what we think—
we are!
Fearless and free we climb toward a star
Or grovel in dirt as the lowest worms;
Yet heaven is here if we seek its terms.
Father, help us stay our minds on Thee
Then only from weakness are we free!

Marine's Cheer-Up Letter Leads To Wedding Bells

By GEORGE ESPER

NEW YORK (AP)— Almost a year ago, Marine Cpl. Richard A. Mazzochi Jr., 21, who was serving in Vietnam, received about 4,000 letters after writing his hometown newspaper that his fellow Marines were not receiving any mail.

Mazzochi distributed the letters to his buddies, but decided to take some for himself, even though he was receiving mail from his family. One of them was a cheer-up letter from Margaret Bai, 18, who like Mazzochi is from the New York City Borough of Queens. He had never met her, however. She was one of 10 girls to whom he decided to write.

Mazzochi has long since forgotten the others. Today, he and Margaret are married.

After a regular exchange of letters since last March, Mazzochi returned home last Nov. 19, and called Margaret at Queen of Apostles College in Harriman, N.Y., where she was a freshman. He then drove there to keep a date with her.

"All of a sudden Margie came running out of the building," Mazzochi recalled. "She ran right up to me and kissed me. And I knew who she was."

They were married Dec. 16 by a judge. They kept their marriage secret for a few weeks, then told their parents.

Thursday, the newlyweds left for the Marine Air Base at Beauford, S.C., where Mazzochi will be stationed for the remaining 58 days he has to serve before becoming a civilian. His wife has dropped out of school.

"She didn't want to stay away from him," said Mazzochi's mother, Mrs. William Cooper.

When Mazzochi returns, he and his wife will stay with Mrs. Cooper until they find an apartment and he establishes himself in a job. He also plans to attend college on the GI bill while working.

Mazzochi's mother said that he wrote a letter last February to the Long Island Press, where he once worked as a carrier, complaining that his buddies did not receive mail and it depressed them.

They would much rather receive mail than have chow, he wrote.

Then came the letter from Margaret.
