Recommendations are in order for Mrs. Tom Sharpe of Olden as "gardener par excellence." First it was strawberries, then sweet, green onions and now radishes. Perfect specimens all, grown with tender care and eaten with zest, without regard for calories or heartburn. . . . Our town's hard-working Mr. Frank Deaton has elected to be known as mayor, and he has our own personal endorsement for the title. The name "mayor" sounds better to us than "chairman." Every committee has a chairman, but a town can have only one Mayor, and when our Mayor is introduced as such, everyone can take pride in the title. It's in step with the times. Our neighbors have mayors, and we think it's a title befitting Mr. Deaton. He's concerned with Eastland, and its people. He's been a faithful commissioner and we're guessing will be long remembered as a top "Mayor." You have our backing, Mr. Mayor.

... We saw the best travelogue ever this week. Mr. B. L. Clements of Abilene, representative of Blue Cross Insurance who serves our county and city, showed a film on our favorite state. Won't tell you the name, but its initials are TEXAS. Best color, best selection of subject matter and best production we've ever seen. The Blue Cross people made it and they deserve the heartiest for showing our state the way it "really" is — the best. If you've got a need for a film for your club or group, get this.

... Principal Charles Marshall informs that baccalaureate for EHS seniors will be Sunday, May 31, and graduation the following day. Has a year gone by already? Wasn't it just yesterday that these seniors were juniors, or were they freshmen? Probably doesn't go by as fast for them, but they are a wonderful bunch, don't you think?

... And now for Memorial Day! It's apparent that once again there may be a quagmire in our town over the celebration of the day, through no one's fault. Rather routinely the chamber of commerce board of directors voted to observe the same holidays this year as last — well, that means New Years, Memorial, Independence, Labor, Thanksgiving and Christmas.

Well and good, but, there are many in our town who do not want to close on Memorial Day, mainly because so few other towns do. We're all in business to make a living and to close on a day when competitors, near and far, are open, means lost business. And this Memorial Day is a Saturday.

Chamber President James Smith plans to observe the day by closing because the directors voted that way and he conscientiously wants to cooperate because he's a good officer. And many others feel the same as he. So there we are.

Memorial Day, formerly Decoration Day, is observed to pay respect to the past. To those who have died for this country's freedom, to those who have fought in wars to protect that freedom. It's a deserving holiday. Many areas, such as in Eastland, have chosen to observe it rather than Veteran's Day, because Veteran's Day comes in November, a month when there is already a major holiday, Thanksgiving. The purpose in observing Memorial Day rather than Veteran's Day has been to "spread out" the holidays over the year, and not have too

'Water Rates' May Be Topic At Meeting

The oft-used phrase "summer water rates" might possibly turn what had been expected to be a rather "quite" City Commission meeting Monday evening into something else again.

The matter of summer rates will likely be brought up for discussion and possible action when the city fathers gather at City Hall Monday at 7 p. m., reports are.

Such reduced rates were tested last summer, and the city lost approximately \$1,800 per month during the three-month period, it is reported. However, feeling seems to be that special rates should be considered again for this year.

It is known that the commission is split in their feelings toward the reduced rate. How a vote on the matter might go isn't known at this time however.

The original rate was set up on the basis of the more water a consumer used, the cheaper it became.

4-4-4 Would Put Crusade Over Big Top

"Four dollar bills, four dimes and four pennies would do it."

That's the amount short of \$1,100 the Eastland Cancer Crusade is, Local Chairman Mrs. Dale Trout has reported.

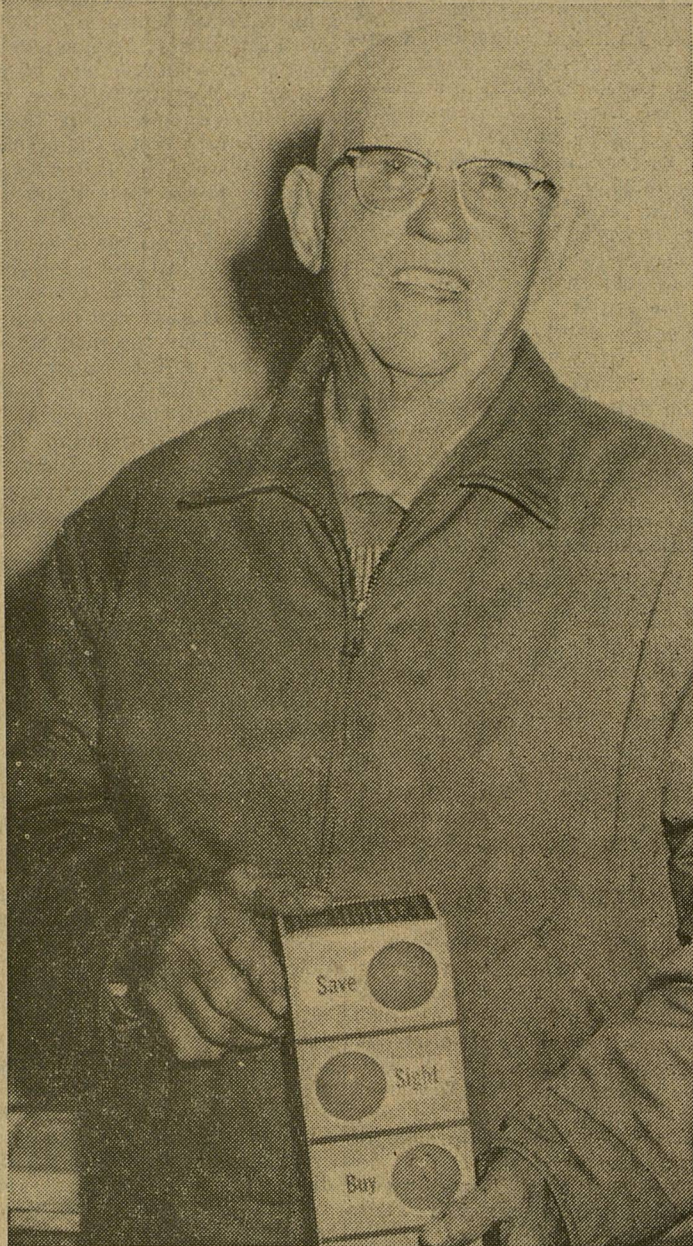

"We'd sure like to report an even \$1,100," she said, "although we are very happy with the wonderful response the volunteer workers have had this year. It's undoubtedly a record, or near-record, for Eastland in the important Cancer Crusade."

Special Gifts Chairman Ann Justice and Jeannette Harris were reminding downtowners Friday morning that "a \$5 bill" would put the Crusade over the top. Last minute donations may be made with either of these women, it was said.

Bids Asked

The State Highway Department has invited contractors to submit bids by 9 a. m. June 17 on a major construction job on IH 20 in Eastland County from 1.5 miles east of Ranger to 3 miles west of the Erath County line, to be completed in 350 working days.

The job calls for grading, structures, flexible base and asphaltic concrete pavement and is to be completed under the supervision of engineer R. P. Haun of Eastland.

ACTIVE PROMOTER — Among the most active backers of the Lions Clubs Glaucoma Screening in Eastland Sunday has been Mr. S. S. Sherrill of Carbon. Mr. Sherrill, a county native, has lost much of his sight because of glaucoma and therefore knows its dangers first-hand. He was the first to buy a light bulb pack when the Eastland Lions were raising funds for the screening. Club President Marcus O'Dell has announced that Mr. Sherrill will be made an honorary member of the Eastland Club. (Staff Photo)

2 Men Auto-Theft Charged After Quick Apprehension

"Two suspects are in custody. What crime has been committed?"

That virtually was the situation in Eastland County Thursday as two brothers were apprehended moments after an automobile was stolen in Eastland.

In Eastland County Jail are Olin, 37, and James 31, Johnson, who listed Andrews as their home. Both were charged with car theft, speeding and driving without licenses in Justice of the Peace Wells Dalton's court Friday. Bond of \$2,600 each were set.

The lightning chain of events began Thursday about 3 p. m. when Herman Rushing, owner-manager of Rushing Motor Co. on S. Seaman St. and Salesman Bill Hunter noticed that a 1960 Chevrolet sedan was missing from their lot. Mr. Rushing had seen the car on the lot about 2:30. The two notified the sheriff's department and Sheriff Lee Horn issued the alert over law enforcement networks.

At the time the report was received in the Department of Public Safety unit, Patrolman Jack Therwanger and Sgt. Roger Soesebe had the Johnson men in custody. The patrol car had been eastbound from Cisco, and the patrolmen saw the west-bound Chevrolet top the hill just outside of Cisco, racing at a high rate of speed. Swinging around, the patrolmen stopped the auto near the housing area on the east side of Cisco and were questioning them when the report came in.

In less than 25 minutes, the men were impounded in the county jail and the undamaged auto was returned to Mr. Rushing.

The younger of the two men, James, had just completed a six-year sentence for car theft and was released from Huntsville Tuesday, it was reported.

R. L. Copeland Dies; Rites Held Friday

Funeral services for Robert Lee Copeland, 76, were held at 3 p. m. Friday, May 15, in the Hamner Funeral Chapel with Larry Marshall, minister of the Church of Christ, officiating. Burial was in the Eastland Cemetery.

Born October 26, 1887, in De Leon, he had made his home in Eastland for 32 years. He was a retired farmer. He married Maudie Lee Reed on April 25, 1909, in De Leon. He was a member of the Baptist Church.

Survivors are his wife; one son, Cecil Lee Copeland of Eastland; one sister, Mrs. George Walker of De Leon; four grandchildren and five great grandchildren.

Weekend visitors in the home of Mr. and Mrs. Homer Lawrence were Mr. and Mrs. Polk Valliant of Olney and Mr. and Mrs. R. L. Reed and daughter Tresa of Odessa. Mrs. Valliant and Mrs. Lawrence are sisters.

Burns Fatal To William O'Neil

William O'Neil Jr., 66, died Friday in Eastland Memorial Hospital after suffering burns in a kitchen fire in his home Thursday.

Mr. O'Neil was cooking when his clothing caught fire. Neighbors took him to the hospital where he was treated. His home, at 204 E. Patterson, was not damaged.

Funeral will be held Sunday at 4 p. m. at Little Flock Baptist Church with the Rev. Johnson officiating. Burial will be in Eastland Cemetery under the direction of Hamner Funeral Home.

An Eastland resident since 1920, Mr. O'Neil was born June 19, 1897, in Crockett. His wife died two years ago.

Survivors include a half brother, Willie Lee of Aspermont.

Glaucoma Screening Project Of Lions Clubs At Eastland Today

Today is the day you may take the first step toward saving your eyesight.

Take a few minutes this afternoon and be at the Eastland High School Gymnasium between 1 and 5:30 o'clock and have your eyes tested for glaucoma, "the sneak thief of sight."

The simple and painless test is free — and quick.

All area residents who are 40 years of age or over are urged to attend. All adults are welcome.

Sponsoring the Free Glaucoma Detection Screenings are the Texas Society for the Prevention of Blindness and the Eastland, Cisco and Ranger Lions Clubs, in cooperation with the Eastland County Medical Society and local health departments.

Tests will be administered by members of the Eastland County Medical Society and Dr. James C. Whittington of Fort Worth, serving as a public service. The doctors will be assisted by local volunteer nurses.

The gym is located two blocks south of Main St. (Highway 80) on Ammerman Street.

Dr. B. B. Alexander of Eastland and Dr. Whittington will serve as medical chairman of the project. Mrs. Pauline Outland, Houston, executive director of the Texas Society for the Prevention of Blind-

ness, is in Eastland to assist in coordinating the program. Marcus S. O'Dell, president, Eastland Lions Club, Roy Benton, president, Cisco Lions Club, and David Allsup, Ranger Club president, said the test are aimed at tracking down unknown cases of glaucoma, one of the leading causes of blindness.

Signs suggesting chronic glaucoma are: Frequent changes of glasses, none of which is satisfactory. Inability to adjust the eyes to darkened rooms, such as theatres. Loss of side vision. Blurred or foggy vision. Rainbow-colored rings around lights.

"Keep in mind," Dr. Alexander says, "that having any

of these symptoms does not necessarily mean a person has glaucoma. They may be caused by some other less serious eye trouble. On the other hand, these symptoms might not even be present, and yet you could have early glaucoma."

The test is simple. An instrument called a tonometer is placed against the eye and registers the pressure inside the eyeball. An abnormal pressure reading marks a possible case of glaucoma. In the latter case, the person is urged to seek medical care by an eye specialist for further tests to determine whether the disease is present.

Mayor Thanks League For Clean-Up Effort

Eastland people are proud of their beautiful city, and obviously want to keep it that way, Mayor Frank Deaton said late this week, in praising all who had made the recent Clean-Up Campaign such a great success.

Especially giving credit to the officers and members of the Civic League and Garden Club, Mayor Deaton pointed out that these women have worked untiringly to encourage the "beautiful Eastland" image. "They spend long hours on beautifying projects and their special Clean-Up Campaign stimulates all of us to want to help them by doing everything we can to eliminate unsightly trash and refuse."

"We appreciate the Civic League and Garden Club and its members and are indebted for the good work they do for Eastland," he said.

The club sponsors the event annually, publicizing and encouraging citizens to "clean-up," and get rid of trash. The city cooperates by running special garbage pickup schedules.

"There's no two ways about it," Mr. Deaton said, "This year's campaign is a big success and our city is prettier because of it."

Funeral Services For Mrs. Marvin Grubb At 2:30

Funeral for Mrs. Marvin Grubb, 48, of 517 S. Daugherty St., will be held Sunday at 2:30 p. m. at the Church of Christ with minister Larry Marshall officiating.

Burial will be in Eastland Cemetery with Hamner Funeral Home in charge.

Mrs. Grubb died Friday at 11 a. m. at Sunrise Manor Nursing Home following a long illness.

Born Sept. 6, 1915, she had lived most of her life near Fort Worth, where she married Marvin Grubb about four years ago. Mr. and Mrs. Grubb had moved to Eastland about three years ago.

Survivors besides the husband are one sister, Mrs. Jack Thompson of Fort Worth; and two brothers, W. H. Hance of Del Rio and James Hance of New York City.

many grouped together. Briefly that's the background. We've had special services on Memorial Day, poorly attended, it is regrettable to add.

Reckon it wouldn't be a good idea if we just said "Whoa" for a minute. There's no real hurry. The 30th of May is two weeks away. The board of directors will meet again on Thursday, May 28, and perhaps that body could draft and issue a formal statement urging that all Eastlanders acknowledge the day in whatever way they choose — by staying open if they like, or closing if they like. All agree that a chamber's business is not to tell its members how to run their business. The chamber's business is to coordinate the efforts of all its members toward mutual goals.

In order to inform the public, the Telegram will be happy to publish the names of firms that will be open and those that will be closed. That way, all will be forewarned, and everyone, including the hard-working businessmen and women in Eastland, can celebrate the day in the manner they choose.

JUNIOR HIGH STUDENTS OBSERVE LIBRARY WEEK

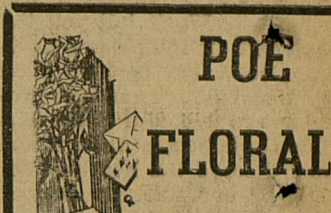

Several short plays and numerous book reports were presented at Junior High School recently, under the direction of Mrs. Joe Stephen, speech teacher. Posters were also made and exhibited by various students.
The names of the plays were: "Book-worms Don't Have to Bite" presented by the girls and "Sit Down to Supper," staged by the boys.
Plays and poems have been done all year by the eighth grade speech class. One of their favorites is the following:
"I do not need a steamship grand
To take me to a far off land
I do not need streamline trains,
To help me see wide open plains
Nor do I need a rocket to the moon

For BOOKS will get me there as soon
I have been to England, Sweden, and France
And at the Mardi Gras I joined the dance
I have seen old China and that of today
And witnessed again the fall of Pompeii
Africa, India—I've been there, too
With the aid of a book — and so can you
I feared the pirates big and bold
When the hero and I had found their gold
It attended the Queen's Ball—it was so gay
And watched the dancers glide and sway
The knowledge that wonderful books unfold
Can never be stolen, bought, or sold.

How were your tulips and hyacinths this year? If you didn't get as many large blooms as usual, they probably need replanting. A few small flowers are a sign of overcrowding.

Wait until the leaves turn yellow before digging the bulbs. To be sure they are ready, uncover a few without disturbing them. The bulb coat should be light brown.

Keep the bulbs out of direct sunlight, particularly just after digging. Spread them in shallow trays and dry them in an airy, shaded spot.

When the outer scales are dry, move the bulbs to a cool,

dry, dimly lit area — your garage or cellar. Be sure not to leave any soil on the bulbs during storage. Check them at least once a week and remove any bulbs that are rotted or diseased.

In early fall — when the bulbs are dry — separate those that have formed clumps. But don't forcibly tear apart any that are not dry.

Plant the bulbs no later than September in the North and late October in the South. You can plant tulips and hyacinths until January in areas where the ground is not frozen, but you get better results from

an earlier planting.

If you have fretted about the storage problem created by tall cereal packages, here's some welcome news. Look for changes by the major manufacturers of ready-to-eat cereal in the coming months. They'll be re-designed for storage convenience.

Consumers and grocers have found the tall packages difficult to shelve efficiently. In fact, they have stored the packages flat in many instances.

Forty-one per cent of the ready-to-eat cereal volume of one billion pounds sold annually by major processors is in packages more than 10 1/2 inches high. These packages are too tall to fit most kitchen cabinet shelves, and many consumers reported that the height discouraged them from buying the larger cereal sizes.

Making '80' Tourist Attractive Discussed By Cisco - Eastland

Developing the nine-mile stretch of highway between Eastland and Cisco was subject for discussion when representatives of the two towns met in Cisco Wednesday.

Members of the two towns' chamber highway committees met at the Cisco chamber office with Leo Phagan of Cisco presiding.

The group asked that Cisco Manager Tom Stevenson contact other towns which have faced similar conditions and determine what had been done that effectively attracted traffic off the "by-passes" and into town.

During the meeting, various suggestions were made concerning the creation of an attraction of the between-towns highway. Landscaping was mentioned as was the building of such things as a "boom town," a "coal mine," and other ideas. Both Eastland and Cisco will each have two interchanges into and off the Interstate Highway, and the one being asked for between the two towns has not been approved it was announced.

The men agreed that traffic "buled off" the highway at either town, will most likely stay on the old U.S. 80 through the other town before returning to the interstate road.

This particular nine - mile stretch is unique in its advantages, all agreed. Actually the old highway (present 80) is shorter than the planned Interstate between the two towns — by .35 of a mile, the exact figure likely would not be used in advertising the "old" and "short" routes.

It was also suggested that present tourist attractions (including Cisco's dam, large swimming pool and golf course and Eastland's Old Rip, the three lakes, modern theater and bowling facility) be exploited.

Utilizing the recreation idea, one party suggested that a general theme might be "Twin Cities of Fun."

The advantages of working together to stimulate traffic on the present highway between the two towns would at the same time serve as a magnet for industry, possibly resulting the realization of an

industrial park between the two which would enhance the economic status of the entire area, it was also suggested by another member.

The two committees will meet individually during the next weeks and then huddle together again in about a month, Mr. Phagan announced.

ced.

Attending were: Virgil T. Seaberry Jr., chairman of the Eastland committee, H. V. O'Brien, Parks Poe, Bruce Pipkin, and Lewis Tiner, all of Eastland; and J. D. Yardley, Tom Stevenson, Jim Webb, Clarence Dill, Bill Wright and Mr. Phagan of Cisco.

A SAD STORY
FOR SALE
Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

History Of Smoking Is Traced At Cancer Meet

"More people died from lung cancer in the United States in 1963 than were killed in automobile accidents," said Dr. Charles Meadows of Abilene in his address at the annual meeting of the Eastland County Chapter of the American Cancer Society Thursday in Cisco.

Deaths from lung cancer totaled 43,000 last year, Dr. Meadows said, as he traces the history of tobacco smoking back to 1492 and compared the increase in smoking to the rising increase of lung cancer. Before the early 1920's, he stated, lung cancer was uncommon, as was heavy smoking. Statistics show that as the tobacco industry grew, lung cancer increased, Dr. Meadows related.

"Between 95 and 98 per cent of lung cancer is what we call smokers' cancer," Dr. Meadows added, "as it is a type not found in non-smokers."

The speaker concluded with a warning that symptoms of lung cancer usually termed "early" symptoms by the patient actually may be "late" symptoms. "People who smoke should have chest x-

rays made at least every six months," Dr. Meadows warned.

Following his discussion, Dr. Meadows showed slides picturing x-rays made of persons with lung cancer in varying stages.

During the business session, presided over by Sam Kimmell of Cisco, Eastland County president, annual reports were given, certificates of appreciation were awarded, and officers for the new year were elected.

Mr. Kimmell was re-elected president, and other officers re-elected were Mrs. Austin Flint of Cisco, vice president; Mrs. O. G. Lanier of Ranger, secretary; and Richard Moore of Cisco, treasurer.

Names of members of the board of directors, appointed prior to the crusade, were read, and those appointed since then will be announced later.

Mrs. Flint, 1964 County Crusade chairman, reported the most successful drive since the first crusade in 1956. She attributed the success of the drive, in which a total of \$4,378.41 was contributed, to good organization, more interest and better education. Reporting on education in the county during the past year, Mrs. Flint said that both colleges and every public school except one had shown films from the American Cancer Society. Also, films were shown by a large number of women's and men's clubs throughout the county.

Mrs. Ernest Schaefer of Cisco, County Service chairman, reported a total of 3,352 cancer dressings made by approximately 65 volunteers in ten service groups during the year. Twenty-four patients were served by the Eastland County Chapter with dressings, wheel chairs, walkers, and other necessities.

Representatives from Eastland, Ranger, and Cisco attended the meeting.

Buster Elliott visited his wife and son, Marvin, Sunday.

This community is badly in need of rain. We hope to get one soon.

CISCOAN'S NEPHEW WRITES SONG FOR ELVIS PRESLEY

J. F. (Karky) Karkalits, Jr., of Fort Myers, Florida, a nephew of Miss Louise Karkalits of Cisco, was featured in a story in the May 2 issue of the Fort Myers News-Press.

The occasion was the composition of a song by the 14-year old youth which had been bought by the Elvis Presley Music Co., Inc., for Elvis to sing in a new movie, "Roustabout," now being filmed in Hollywood. The name of the song is "Sawdust in My Shoes."

Karky, who has been visually handicapped from birth and is now almost totally blind, started playing the piano at the age of three before he was able to reach the pedals and is now an accomplished pianist and organist having made many public appearances in Fort Myers, the story said.

Karky collaborated with Dolores Fuller, who has written the lyrics for Presley's songs in a number of movies, on the new song — she wrote the lyrics, he wrote the music.

"I loved the name from the start," Karky was quoted. "The only thing was, my math teacher said I had sawdust in my head."

Actually, Karky regularly makes the honor roll at the Florida School for the Deaf and the Blind in St. Augustine, where he is in the 8th grade.

The son of Mr. and Mrs. J. F. Karkalits, Sr., of 2845 Valencia Way, Fort Myers, Karky plans a career as a composer and performer. He won the Edison Pageant talent show three years ago and held down a regular summer job last year playing in a restaurant. When he becomes 16, he will be eligible for a seeing eye dog.

The Florida Karkalits family visits in Cisco regularly.

In later years, Mr. Sellers became an invalid, so much so that he took residence in a Cisco nursing home. It was due to this Mrs. Sellers sold the big house and purchased a small, cozy home on South Anderson, a block away from the Nursing Home. Faithfully, she set about to create and improve her home and premises during the year, a huge task for tiny Mrs. Sellers, who won the first prize for her achievement.

Alton Roan, band director, whose home is on West Austin, was second place winner of \$10 and \$5; third place winner was J. N. Childers on East Ross Street.

Trucks of the city, and those belonging to the commissioner's precinct will be available during the week to haul away the trash and rubbish accumulated. The trucks will start their rounds on Wednesday. This will allow time for residents to clean and collect rubbish from their premises and placed where it may be reached conveniently.

Along with the cleaning of prefiles, residents are to take inventory on jobs for improving residential areas and business property by repair and repainting.

Prizes of \$30, \$10, and \$5 will be awarded for the most improved places.
