Approve Sewer Line Under Little Bay

AUSTIN — With neither proponents nor opponents in attendance, a Parks and Wildlife Department hearing on a request to install a sewer line under Little Bay near Rockport ended with administrative services director J. W. Cutbirth recommending a permit be issued.

The Casa del Sur Corp. applied for a permit to install the six-inch steel main under the water on April 7. Cutbirth recommended a permit be granted. The matter will be taken up at the next commission meeting April 28.

The pipe is to run three feet below mean low tide from the east bank, near Key Allegro Isle Estates, across the bay to the channel where it will drop to an average depth of 11 feet below mean low tide. It will then connect with a main at the bank, in the city of Rockport.

Parks and wildlife coastal fisheries Supt. Ernest Simmons of Rockport has recommended the permit be granted. —Caller-Times.

Chamber Happenings

The Chamber of Commerce welcomes Sea Gull Cottages as a new member.

Refreshments for the Chamber of Commerce hospitality program this week are being supplied by Aransas Natural Gas Company. As a result of this year-round program, visitors stopping in at the C of C office are offered cookies, fruit juice or coffee while receiving information about the Rockport area.

In last week's Pilot it was pointed out that the Chamber would welcome additional volunteers to contribute \$5 for refreshments for one week to help keep this program going. The first volunteers to respond were Mr. and Mrs. Henry Hopkins who phoned in and were listed for next week's refreshments. Thank you, folks.

The Chamber of Commerce has almost 200 members, most of them being owners and/or operators of business firms, or professional people. The income from membership dues provides the funds for new and continuing projects designed to help the Rockport area keep growing by attracting new residents and tourists, thus increasing business.

One activity that has produced good results has been the placement of ads in northern newspapers, such as the Des Moines Register and the Kansas City Star, describing the numerous attractions of our area as a place to live or visit on vacations.

In an attempt to expand this and other projects for the benefit of our area, the Chamber is considering various ways to increase its income.

One method is to invite and encourage interested people living here to sign up for a personal membership in the Chamber of Commerce. By taking out this type of membership, a local resident would have the satisfaction of helping the Chamber do a better job of publicizing our area.

If you are interested, please call the C of C office, 729-6445. The dues for this type of membership are only \$2 a month.

LITTLE LEAGUE

A Little League meeting will be held at 7:30 p.m., Tuesday, Apr. 28 at the Chamber of Commerce Building. All parents of Little League boys are urged to attend. On May 2, parents are urged to report at the baseball field to help clean and prepare the facilities for the season opening.

Centennial Parade Set for June 18

The Centennial Parade Committee reports that the Centennial Parade, which is to be held at 2 p.m. Thursday, June 18, will be the largest and most interesting ever held in Rockport. Local reception has been most excellent, as has that of out-of-town participants.

A few of the highlights will be a salute of recognition from the "Blue Angels," ARADMAC Color Guard, three helicopters flying overhead, and the Corpus Christi Naval Air Station will be represented by their Color Guard, Drill Team and Band. There will be many other exciting entries, both local and out of town to look forward to.

Thanks are extended to all participants for their warm reception and cooperation, and if the committee has failed to contact anyone who would like to place an entry in the parade, please contact Don Meek 729-6178 or Lou Ragot 729-2035.

A&I Alumni to See Championship Film

All local graduates and former students to Texas A&I University are invited to attend an alumni meeting Monday night, April 27th at 7:30 p.m. at the Reef Club of Sea Gun Sports Inn.

The football game in which the A&I Javelinas defeated Concordia College of Minnesota for the National Association of Intercollegiate Athletics title will be shown on film. Ray Hickie, 1968 All American player for A&I, and an outside linebacker for the New York Giants, will be present to encourage persons attending to join and support their Alumni Association.

Joe Bishop, Executive Director of the Alumni Association since July, 1968, will give a report of the activities and accomplishments of the association during his tenure. Bruce Withers of Houston, Chief Plant Engineer for Tenneco Oil Company and First Vice President of the Alumni Association, will explain the methods by which his Century Club Fund Drive Committee hopes to attain the \$60,000 goal set by the association.

A local Board of Directors member, Lola L. Bonner, wishes to encourage all those persons in the area who have either graduated from or attended A&I to come to the meeting Monday night, not only to see the film, but to learn what the association is doing and how the local alumni can become active participants in association activities.

Be Patient — Your Census Taker Is Coming

Mary Bodger, district manager, reports that the 1970 Census of Population and Housing is nearing completion in the area, that in about another week the census takers should have visited every residence on their lists.

Census takers began visiting households on April 1 and have been working continuously to cover their territories. The district manager asks that householders hold their questionnaires, which were delivered prior to April 1, and have them filled out, ready for the census taker to pick up. This will save time for both the householder and the census taker and will speed up the completion of the census.

For every fifth household, the census taker will have a longer questionnaire which she will fill out by interviewing a member of the household. The district manager asks householders to welcome these census takers when they call and to give them full cooperation in getting the required census information.

Most of the census takers are women. Each wears a red, white, and blue identification badge which is her official (Continued on page 8)

Memorials to Be In Centennial Booklet

Memorials may appear in the Aransas County-Rockport Centennial Historical Booklet, it was announced this week.

If there is a member of your family or a friend you would like to dedicate a page or part of a page "in memory of," this is an ideal opportunity to do so.

If you wish to dedicate a full page for \$100, it will appear at the bottom of the page as follows:

This page was sponsored by Mr. and Mrs. John Doe "in memory of" Mrs. Jane Brown. If you wish to dedicate a page jointly with another family, the price is \$65 each, or with three others, it is \$35 each.

The Revenue Committee would like to repeat that individuals as well as businesses may become sponsors and have their names listed on a page, or part of a page for the same rate listed above. Or they may be listed in the sponsorship list in the back of the booklet for \$15.

Businesses and organizations are still urged to send in their sponsorship preferences to Bob Mosier, Secretary-Treasurer of the Centennial.

This booklet, which is being written by the Rev. Lester Hill, will be one of the most valued souvenirs of the Centennial. It will not only belong to us and to our friends and relatives, but it will be buried in the "time capsule" which will be exhumed 100 years from now.

If there is any questions about individual sponsorships or memorials, please contact Mrs. Monte Taylor, Revenue Chairman. Otherwise, memorials may be sent to Bob Mosier, P.O. Box 271.

Suicide Prevention Methods Told

The most effective help one can give a person bent on suicide is to listen to him with sympathy and understanding, according to John Duncan who is a volunteer member of the Prevention, Inc., of Corpus Christi. Duncan described the organizations program at a luncheon meeting of Rotary Club at Corky's Restaurant Wednesday.

He said the organization, which has approximately 80 active members—doctors, psychologists, lawyers, police officials, clergymen, housewives, and business men and women, last year responded to 923 telephone calls for help, many of them from persons contemplating suicide.

Although most of the calls originate in Corpus Christi, 12 came from Rockport and others from as far away as Seattle, Wash. The telephone number is 883-6244, which is manned 24 hours a day.

Appeals for help that apparently cannot be handled adequately by telephone are turned over to the organization's "Face to Face" team which immediately goes to the home of the caller, often to provide emergency first aid or to get him to a hospital. According to Duncan, statistics indicate that most prone to suicide is a male, over 40, and living alone and who has been drinking.

Duncan said that a surprising number of those who call do not know where to get help, even though there are a number of governmental agencies, private groups and individuals available to them. Suicide Prevention provides this information in addition to on-the-spot counseling, Duncan added.

The following were elected new directors of Rotary: Sam Wilcox, Pat Smith, Bob McBride, Jim McCord and Dave Crooks.

Seek F.H.A. Aid for Tie-Down Ramp

Aransas County commissioners have decided to apply to the Federal Aviation Agency for a 50-50 grant for a new tie-down ramp at the county airport.

Commissioner Mrs. Wanda Sparaks voted yes, and Commissioners W. B. Allen, Raymond Owens and Mrs. Ludene Wofford voted no.

Other actions included: —Bids were opened for hospitalization insurance for county officials and employees. Blue Cross-Blue Shield, Metropolitan Insurance Company and Travelers Insurance Company submitted bids which were taken under advisement.

—Upon recommendation of the Library Board, Mrs. Joe Slocum was appointed to the board to fill the unexpired term of John Ross, and Mrs. Travis Bailey, Jr., was appointed to fill the term of Sam Wilcox.

—The Spill Study Board requested a place to store hay and spill equipment at the radar site until same is leased or otherwise disposed of by the county.

An Investor Owned Business Serving A Million People

Leroy Wieting, L, has represented Aransas, LaSalle, Live Oak, McMullen and San Patricio Counties in the House for eight years. Speaker Gus Mutscher, R above, recognizing his ability, has named him to eight important committees.

**ABILITY,
SENIORITY,

EXPERIENCE**

Don't throw away Mr. Wieting's prestige and seniority. It would take a new man eight years or more to earn the prestige and seniority that Mr. Wieting already has. - even if the new man were as capable as Mr. Wieting.

Of the candidates for State Representative, District 44, only Leroy Wieting has those qualifications. His ability has been recognized by Speaker Gus Mutscher who has named him to eight of the most important House committees - chairman of two, vice-chairman of two.

Fewer than 20 of 150 House members have as much seniority as has Mr. Wieting. He is now serving his fourth term. That seniority adds greatly to his effectiveness.

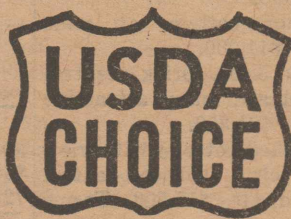

Mr. Wieting's prestige as a House member is evidenced by the many statements of fellow members that he is one of the most respected and effective House members.

Eight years of service in the House have given him valued and essential experience.

VFW News

The coming meeting, April 28, will be a covered dish supper meeting to be held jointly with the Ladies Auxiliary.

Although a complete slate of officers has been nominated, the nominations are still open. Election of officers will be held the same night.

The 112 flags put out by the VFW for San Jacinto Day was an all time high. If you do not belong to this worthwhile program, contact any member of the VFW and he will have your name included. Your business establishment or private home should be included in this program.

The last report on membership showed only four members are needed for the Post to reach its membership quota. 98 per cent is not good enough. Sign your renewal or new application now.

We have been asked to provide a marching unit for the Centennial Parade. Are you interested? Let us know by the next meeting.

Yesteryear Belles

A meeting of the Belles of Yesteryear was held Tuesday at the home of Mrs. D. R. Adams to discuss plans for the box supper which will be held May 1 at the Navigation District Park at 6:30 p.m. after the promenade. The public is invited. There will be booths of many kinds and entertainment by local talent. Bring your box supper and join in the fun of buying it back at auction. A prize will be given for the most unusual and prettiest box.

B&PW Club Elects Officers

By Loyce Ogle

The regular B&PW Club meeting was held Monday at the home of Marie Tong. A most delicious covered dish supper was enjoyed by all. The following officers were unanimously elected to serve the coming term:

Mary Lake Segler, president; "Tony" Harden, 1st vice president; Clara Brymer, 2nd vice president; Pat Harper, recording secretary; Bird Harrell, corresponding secretary; and Veronica Klaeser, treasurer.

Special guests were introduced: Laura Ragland, district director; Mollie Kusel, district director-elect; Inez Morrow, president of Alice B&PW; Jean Walker of Sinton, and Gladys Gibson, guest and prospective member sponsored by Clara Brymer.

President Bernita Kinsey introduced the Golden Anniversary Year's six new members: Pat Harper, Kitty Theodore, Peggy Bloomer, Billie Griffith, Thelma Sours and Patricia Smith, and presented them and the guests with inscribed bookmarks.

The District Director, Laura Ragland, gave a talk on the history, aims objectives and achievements of the Business and Professional Women's clubs. Her speech was basically for the new members to acquaint them more with the club they had joined, but was enjoyed by all, and made us quite proud to be even a small part of the achievements of the National Federation of B&PW.

Twenty-four attended the meeting, and we were especially glad to see Miss Katie Lee Clarke attend. Other members attending were Clara Brymer, Margo Del Rocco, Ettil Elter, "Tony" Harden, Bird Harrell, Elsie Hawes, Golda James, Bernita Kinsey, Veronica Klaeser, Dorothy Morrison, Loyce Ogle, Barbara Rogers, Mary Lake Segler, Virginia Shivers, Deane Steele, Bona Suttles, Marie Tong, Doris Tribble, Pat Harper, Kitty Theodore, Peggy Bloomer, Billie Griffith and Thelma Sours.

Before the meeting adjourned, a standing applause was given to our "Tom Sawyer" President Bernita Kinsey for her outstanding performance during our Golden Anniversary year, by inspiring us all, making us work like crazy and enjoying every second of it.

MISS HARELSON HONORED
Miss Debbie Harelson, daughter of Mr. and Mrs. Rob Harelson was honored at a luncheon at La Fonda Mexican Restaurant in Corpus Christi last Saturday. Hostess was Mrs. W. W. Stubbs, Jr. Debbie is a senior at Rockport-Fulton High School and will enter Stephen F. Austin State College this summer.

Uncle Sam's Selective Service

Editor's Note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 209 W. Ninth Street, Austin, Texas 78701. He will welcome your questions.

Q—Can I find out how my neighbor's son is classified?

A—Yes, the classification of men is a matter of public record at the local draft board office. Individuals' files, however, are confidential.

Q—This year I am beginning graduate study in physics. Can I get a college deferment?

A—Not under present criteria. Deferments for graduate study currently are limited to the fields of medicine, dentistry, veterinary medicine, osteopathy, and optometry. The National Security Council can recommend that additional

fields of study be added to this list, but it has not done so.

Q—If I appeal a classification made by my draft board, who decides this appeal?

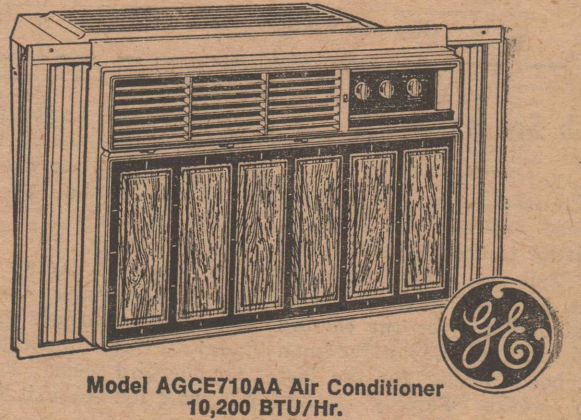

A—An appeal board having jurisdiction over your case. There are four such boards in Texas—one for each federal judicial district—and one panel, which in effect makes five boards. Each board has five members who are appointed by the President.

Q—Under what conditions may I take an appeal to the President?

A—If the appeal board decision in your case is not unanimous, you may appeal to the President.

Vote May 2 to Restore to Our District An INDEPENDENT Voice In the Texas Legislature

I believe that people are entitled to know their representative's stand on the serious issues which face us today. Therefore I present the following for your examination:

HOW DO I STAND ON POLLUTION?

I believe air and water pollution is one of the most serious problems confronting our district. We desperately need more effective methods of combating this problem which threatens to destroy our environment. If elected, I will fight for meaningful legislation to improve the quality of the water we drink and the air we breathe. I will work vigorously to stop the pollution of Texas bays which is doing untold damage to our state's shrimp- and water recreation industry.

HOW DOES MY OPPONENT STAND ON POLLUTION?

On May 15, 1967, he opposed House Bill 69 which made it possible for industrial corporations to be prosecuted for polluting the air and water. He was one of only 22 who opposed this legislation. One hundred sixteen (116) State Representatives supported it. This Bill was endorsed by most major newspapers and conservation organizations.

This past year he opposed an amendment to Senate Bill 147 to allow LOCAL REGULATION of water pollution by the County Commissioner's Court and to allow the Court to enact minimum air and water quality standards to protect public health.

We've made a good start in fighting pollution, but much remains to be done. On the basis of past performance, what do you think my opponent will do? Has he represented YOU?

Den 2, Pack 49

The meeting on April 7 was opened with the Pledge of Allegiance to the Flag. We talked about our Field Day to be held April 25. Then we practiced our skit for the coming pack meeting. Bryan Pohlman has been Denner for the last two weeks. Sammy Kelley

furnished refreshments. Den Chief Danny Setterbo led the boys in an outdoor game. We closed with the song, "If You're Happy."

On April 14 Danny Kelley held our opening ceremony. This helps in earning the Wolf Badge. Our project was "Thunderbird pencil holders." We practiced our skit for this

month's pack meeting. Lawrence Miculka served refreshments. Our Den Chief, Danny Setterbo, led the boys in an outdoor game. For our closing, we practiced the closing we will present at the pack meeting later this month.

Mildred Brundrett, Den Mother.

Den 6 met Monday afternoon. The meeting was opened with a flag ceremony and the boys then voted by raising their hand to keep Lionel Vargas as denner for the rest of the month. They went outdoors to practice the sack race, ball throw and broad jump for the field day event that will be held Saturday, April 25 at the Live Oak Elementary school at 9 a.m. Since the month theme is the "circus" the meeting was closed with the singing of the "Merry, Merry Go Round."

Lionel Vargas, Denner

GIRL SCOUTS NEWS

Troop 469, Girl Scouts

First we had the opening ceremony, after which each patrol went to its patrol area and made a menu for camp at Green Hill, April 24-26. We had a getting-ready outing April 10-11. On April 10 we made our buddy burners. That night when everyone was asleep, the tents kept falling down so we kept putting them up again.

The next morning we fixed breakfast on our vagabond stoves. We fixed eggs, cinnamon toast and French toast and had milk. In the afternoon we went on a five-mile hike. We stopped at Paws and Taws to eat our lunch. By the time we got back we were all tired out. Out feet were sore. After the meeting, we had the closing ceremony and left.

Letter to the Editor

Editor, The Pilot:

Last week I was visiting with a marine biologist who lives in Corpus Christi. We were discussing some of the problems faced by salt water areas in preserving their ecology.

This biologist stated that in his opinion the shell dredgers now operating in San Antonio Bay would be finished in about a year and that Copano Bay would likely be up for dredging.

I, for one, would like to see Copano Bay preserved and am opposed to the shell there being exploited. I hope that there are many more in this area who feel as I do.

At any rate the time is short and I feel that we are entitled to a statement from our legislative candidates on their position regarding shell dredging in Copano Bay. I favor leaving fishing practices and laws in Copano Bay alone, but its time for us who live here to secure a commitment from our candidates on the dredging of Copano Bay. After May 2, 1970 it may be too late.

"Pot" Doesn't Cost Much—Or Does It?

While the debate over marijuana rages, teen-agers play a dangerous game of attempting to beat the law by using it.

What if they get caught? Probably, on first offense, they'd get a suspended sentence and never serve a day in jail. So what difference does that first offense make?

The Carbon Copy, a college newspaper at Frank Phillips College at Borger, came up with this food for thought for the youngsters who think they're getting away free with that first conviction.

"A youth was stopped for a traffic violation. The officer recognized the odor in the violator's car. The defendant had a few joints (of marijuana) with him.

"He was convicted of possession, a felony, and received a suspended sentence.

"Did he lose anything? "All he lost was the right to vote, the right to own a gun and the right to run for public office.

"He lost the opportunity of ever being a licensed doctor, dentist, CPA, engineer, lawyer, architect, realtor, osteopath, physical therapist, private detective, pharmacist, school teacher, barber, funeral director, masseur or stock broker.

"He can never get any job where he has to be bonded or licensed.

"He can't work for the city, county or federal government.

"He can enlist in the military service, but will not have a choice of service and will possibly be assigned to a labor battalion.

"If this happened to you, would you think you had lost anything?"

(Reprinted from The Dallas Morning News of Monday, March 30.)

TIPS FOR OUTDOORSMEN

by Vern Sanford

Most outdoorsmen have at one time or another suffered from poison ivy . . . that irritating, itchy skin rash that seems to spread with every scratch.

Here's a simple prescription which will provide much desired relief: Mix 25 Aspirin tablets to two ounces of camphor gum in a pint of rubbing alcohol . . . and apply to infected part of the body twice daily.

This poisonous ivy plant is an American climbing plant with a somewhat vinelike habit. Actually, it is a species of sumac, with leaves in three. It is poisonous to many persons merely by touch.

A variant name of the poison ivy plant is poison oak or poison sumac.

It can be identified by its trifoliate leaves, greenish flowers, white berries and an irritant oil. It is the oil which renders the herbiage poisonous to touch.

"Poison Sumac" differs from "poison ivy" in that the form is a shrub or tree usually six to eight feet tall, and is found in the swamp lands. It's

leaf-stalks bear clusters of smoothly greenish yellow seed pods.

The whole plant is poisonous to taste or touch. Give it wide birth.
