

Vicious Storm Hits North-east

At Least 65 Persons Die

NEW YORK (AP)—Winter's most vicious storm—the worst in many years for some areas—piled up mountainous snowdrifts and staggered the activities of millions in the Northeastern states today.

As it swept through the Northeast with the same fury previously unleashed on much of the country, it left a trail of at least 65 deaths across the country.

Thousands of schools were closed. Hundreds of businesses were forced to shut down. Auto, bus, rail and air travel was hit hard. Stalled cars, many buried under mounting drifts, dotted roads and highways and made snowplow work difficult.

The storm began to let up around dawn today after a 24-hour siege in the New York City area, one of the hardest hit. New York got its worst snowfall since 1948, when nearly 17 inches of snow fell in the third worst storm on record.

As of 7 a. m. today, the official measurement was 14.2 inches. Little more was expected.

But millions of New Yorkers, who went through a grim struggle to get home from work late Thursday, faced almost equal troubles trying to get back on the job today.

Crowds far greater than could be handled sought to board buses and subways. To add to the difficulties, parts of all three New York subways were out of operation during the morning rush hours.

Similar tribulations were experienced by both city and country people all over the Northeast.

In the New York metropolitan area, thousands who could not make it home spent the night in hotel rooms, when they could get them. Cabs in Red Cross shelters and benches in crowded railroad stations also were used. Others dozed fitfully in their marooned cars.

As breakfast time came, many restaurants were thronged.

Some places as far south as Pennsylvania measured 30 inches. Drifts four and five feet high were not uncommon.

The famous blizzard of 1888 dumped 21.9 inches of snow on New York. The worst recorded snowfall in the city, 2.8 inches, came in 1947.

The current storm was still howling through New England at midmorning. It was not expected to ease up there until late today. Maine anticipated as much as 15 inches of snow before the end.

New York City was one vast tangle of traffic and confusion as weary suburbanites tried to make their way back to offices.

In the city's environs and Nassau County and Queens 12 deaths were caused by heart attacks while shoveling snow or plodding through the drifts.

Suffolk County on Long Island a man slipped and fell to his death while trying to board a moving train at a railroad station.

Pennsylvania counted at least nine deaths as residents battled drifts up to 30 inches. In Maryland, weather-attributed deaths totaled at least five.

New York City was a scene of confusion Thursday. Education officials announced that public and parochial schools and municipal colleges would be closed today.

Thousands of commuters were stranded overnight in Manhattan, although many factories and offices closed early in the day to give employees a chance to get home. There just weren't enough transit facilities—drastically taxed and hampered by the snowfall—to get workers to their dwellings in Westchester County, Westchester County and the farther reaches of Long Island.

Virginia was blanketed by a 4-to-18-inch snowfall which was expected to last through the weekend. Most schools were shut down until Monday. Three deaths—one heart attack and two traffic fatalities—were attributed directly to the storm.

The mountains of West Virginia got as much as 20 inches of snow. Maryland got 12 inches in some areas. At Washington, D.C., sessions of the House of Representatives had to be postponed because members or witnesses were snowbound away from the Capitol.

Airports at Washington, Philadelphia and New York practically gave up. At New York's Idlewild Airport more than 300 flights were canceled. In Philadelphia all schools were closed. Hundreds of schools in New Jersey canceled classes.

The wind-driven storm blanketed Massachusetts, Rhode Island and southern Vermont and New Hampshire, with an expected 6-to-12 inch accumulation. Four persons died of heart attacks—all storm-attributed fatalities. At the storm hit, Boston's Logan Airport was closed to all traffic.

The snow had reached depths of 12 inches in parts of Connecticut Thursday night.

Nearly two feet of snow blasted New Jersey, New York, making it one of the worst storms to hit the state in years.

New York City had a better outlook for public transportation today. Officials told the city's subways and buses that they needed facilities to be in fairly good shape.

Police asked people to leave cars at home.

Crews worked through the night at the approaches of the Lincoln and Holland tunnels. The New York-bound tubes of the Lippitt tunnel were blocked for many hours Thursday when a truck jackknifed across the roadway.

"IT'S WONDERFUL, SO THEY SAY" and whether the subject is love or the performance last night of the cost of "Annie, Get Your Gun" the wonderful applies to both. Despite opening night jitters, everyone turned in performance surpassing the term "amateur", with Charlie Esterwood (as Charlie Davenport) almost stealing the show. Ovationers were in order all through the three hour musical. Here Frank Butler (Tommy Minton) tells Annie Oakley (Kathy Mott) that "falling in love is wonderful".

School Play Is Applauded

Even those who had witnessed previous dramatic efforts of Snyder High School youngsters were impressed.

"Many who had never seen a school play here before were downright amazed at the opening-night performance of "Annie Get Your Gun" last night in the high school auditorium.

Although the play runs "long," there was little wasted time, or lost motion, as the students reeled off the highly-publicized musical comedy before a well-filled auditorium.

The second performance is set for 8 o'clock tonight, with the third and closing night scheduled Saturday.

Impressive sets and costumes added substantially to the capable performance of the all-student cast.

Kathy Mott, as Annie, was a tower of strength in both the dramatic and singing areas, and her co-star, Tommy Minton, turned in a convincing portrayal of Frank Butler.

Usually, such productions get their extra impetus from a less-able character who carries off a role in spectacular fashion, and last night's performance was no exception. Charles Esterwood, playing the role of Charlie Davenport, Buffalo Bill's agent or business manager, carried the ball

Ike To Face More Critics

By MARVIN L. ARROWSMITH
RAMEY AIR FORCE BASE, Puerto Rico (AP)—President Eisenhower, admittedly "bushed" from 12 days of touring, planned to break his weekend west to today for another talk on Latin-American affairs.

Facing an audience that includes some critics of United States policy, the President may give a preliminary report on his goodwill mission to four South American nations.

Arriving here Thursday, Eisenhower was undisturbed by an engine mishap that put him almost two hours over wild Amazon jungles in a plane with one of its four jets out of action. The pilot said the President never was in any danger, and he switched in Dutch Surinam (Guiana) to another jet for the rest of the flight from Buenos Aires.

The President planned to fly by helicopter to address a luncheon of the Caribbean section of the American Assembly meeting at Dorado Beach, a resort owned by Laurence Rockefeller, about 60 miles west of this Strategic Air Command base. Eisenhower hoped to get in some golf after lunch before taking a helicopter back to the base.

The assembly is a nonpartisan organization Eisenhower helped to create while president of Columbia University. It holds study and discussion sessions at which leaders in various public and private activities consider vital issues—including Latin America.

The delegates at the Dorado meeting are considering many of the same hemispheric problems that confronted the President on his four-nation mission to Brazil, Argentina, Chile and Uruguay.

Eisenhower was expected to give a brief, extemporaneous talk, touching on the highlights of his trip. He was indicated that he plans a full report after his return to Washington Sunday.

One of the delegates to the Dorado conference, W. Averell Harriman, criticized Eisenhower's tour as a "tour of exchange of compliments." Harriman, former Democratic governor of New York who held several important foreign affairs posts under Presidents Roosevelt and Truman, told a reporter:

"I am unhappy Eisenhower had not presented any new or broader policies through which the United States can contribute to the social and economic growth of Latin America."

Arctic Blast Under Study

By BERNIE MORRIS
JUNEAU, Alaska (AP)—The Atomic Energy Commission said today its Project Chariot, a plan to make a huge excavation on the arctic coast with an atomic blast, will be under study for at least another year.

Plans for further study of the proposed project were announced by a three-man AEC team arriving here Thursday night en route to the far north to talk with native village councils from Kotzebue to Barrow.

The three AEC representatives hope to allay fears, expressed by some of the predominantly native population, that the project might be dangerous to life in the remote, sparsely populated arctic.

The project is part of Operation Plowshare, the AEC's program for the peaceful use of nuclear energy.

The AEC team is composed of R. L. Southwick, assistant to the commission operations manager in San Francisco; Russell H. Ball, also from the AEC's San Francisco office; and Charles L. Weaver, safety coordinator for the project. They will be joined next week by Dr. Robert Rausch of the Arctic Health Research Center.

Fear Pestilence To Follow Quake

AGADIR, Morocco (AP)—Wary refugees streamed away from Agadir today as pestilence threatened to sweep the quake-shattered city.

Amid the stench of death, rescue workers continued searching for survivors who might be trapped in the ruins.

The Moroccan government announced that 2,864 dead had been buried in graves hastily dug in the rubble of the Atlantic resort. But that figure did not include uncounted numbers of graves filled during the confused hours following the two earthquakes and a tidal wave Monday night.

Moroccan officials feared that 6,000 of the city's 40,000 residents may have died in the disaster, but it was apparent that the exact toll would never be known.

At least 3,200 persons were injured, 1,200 of them seriously. Some estimates of the injured ran to 5,000.

The government ordered Agadir evacuated in the face of the threat of pestilence. Several cases of typhoid fever already have been reported among the predominantly Moslem population.

The ruined city was sprayed with disinfectant.

Sixty-eight French and U.S. military planes kept up a round-the-clock airlift from a nearby French airbase, taking injured and unhurt survivors to other Moroccan cities and bringing in supplies. Up to Thursday night, more than 3,000 persons, most of them French or other foreigners, had been evacuated by air.

Three tent cities were set up in the surrounding countryside for 10,000 other evacuees, mostly Moslems. Thousands more plodded away from the area on foot, or by horse or mule, seeking refuge elsewhere.

More help was on the way today. U.S. Air Force planes were bringing in 1,000 Moroccan troops. The French aircraft carrier Lafayette was carrying 1,500 French sailors from Casablanca. The U.S. cruiser Newport News, anchored in the bay, put its entire crew at the disposal of the Moroccan government.

Johnson Hints Break In Long Debate

By G. MILTON KELLY
WASHINGTON (AP)—Rival factions among supporters of civil rights bill stood their ground today in a squabble that could affect the whole fate of the legislation. But Senate Democratic Leader Lyndon B. Johnson of Texas hinted a break may be in the offing. He spoke early today of the possibility of a bipartisan move next week to limit debate and get down to voting.

As the dispute continued some Republican senators were contending that the administration's package program of civil rights legislation is too harsh. On the other side, a group of Northern Democrats was assailing it as too weak.

Some from both factions said they never would vote to choke off the marathon Southern filibuster against any civil rights legislation unless their objections are met.

Unless their divergent views are compromised, their refusal could halt any effort later to get a Senate vote on any civil rights bill.

Complicating the picture were evidences of factions within the

factious, and a lot of individual working at cross purposes.

It all presented a challenging problem for Johnson and Sen. Everett M. Dirksen of Illinois, the Senate Republican leader. Both are working — but on separate beams — for a civil rights bill.

The Southerners meanwhile working on a teamwork schedule, they say they can maintain in definitely, talked through the fourth full day of around-the-clock sessions.

A quorum call at 4:06 a. m. brought civil rights supporters into the Senate looking tired and more than usually disheveled.

Sen. Ernest Gruening (D-Alaska) was in shirt-sleeves, with an open collar. Sen. Kenneth B. Keating (R-NY) wore a jacket over pajama tops. Many were tieless or wearing bedspread slippers.

Sen. George A. Smathers (D-Fla.) asked if there wasn't some rule about suitable attire of senators. Sen. Philip A. Hart (D-Mich.) acting as presiding officer, said there was no such rule.

A quorum was obtained at 4:40 a. m. and Smathers took up the Southern speaking chore.

Although party leaders on both sides have thus far avoided any such action, Sen. Wayne Morse (D-Ore.) started without success Thursday night a move to end the debate.

Southerners blocked Morse's effort to file a cloture petition, and Sen. Thurston B. Morton (R-Ky.) tore up the paper Morse had left at the Senate clerk's desk.

"If we are to have cloture, I don't want it to come from a turncoat," Morton told newsmen. He referred to Morse's change from Republican affiliation to Independent and then to Democratic.

He told the Senate later he had destroyed the petition because he thought Morse was making a "purely partisan, selfish gesture."

Morse had another copy of his petition prepared and said he was leaving it at the desk so Republicans and Democrats both could sign it. He said he favored a non-partisan approach to the whole issue.

Later the two men ceremoniously shook hands.

A petition for cloture, or debate limitation, requires 60 signatures.

Texas Braces For A New Cold Blast

By The Associated Press
Ice cold Texas, hit by everything winter can deliver recently, braced itself for another onslaught Friday as low pressure areas headed for the state.

Temperatures fell to a cold 7 degrees at Dalhart early Friday and light snow fell on that Panhandle city and Amarillo—the only areas to receive precipitation early in the day.

Northwest Texas is expected to get snow Friday night and the Panhandle, Southwest and North Central Texas will get snow or rain Saturday. Temperatures will

drop to 15 degrees in North Central Texas and freezing weather will grip most of the state Friday through Saturday.

No precipitation fell on Texas Thursday and temperatures climbed above freezing in most areas. The low maximum was 34 at Amarillo, Childress and Wichita Falls and Van Horn had a 70 degree reading while Presidio had a warm 78.

Electrical power was restored at 4:30 a. m. Friday to a vast section of Marshall, in East Texas, that had been without electricity since an ice storm earlier in the week snapped power lines. Four-fifths of the city was without electricity—the power needed to keep central heating units in homes in operation.

Police Friday morning said that "very few places do not have power now." These places were in the outlying sections of the city.

Other East Texas points struggled to restore electrical service to homes and industry.

The Panola Electric Co-Op, serving nearly 6,000 rural homes in Panola and Harrison counties, hoped to restore full service by 10 a. m. Saturday.

The Marshall News - Messenger estimated that only 10 to 15 percent of homes were without electricity Friday.

"If that many homes were without electricity at any time, it would be pretty bad," said a Marshall resident. "But after almost everyone being without electricity for awhile, the situation looks pretty good now."

Latest to receive electricity were two sections of new homes, most of which had central heat, at systems which cannot operate without electricity.

Most residents of such homes huddled in their kitchens for the warmth from gas cooking stoves.

Residents poured into the area from all East Texas.

Marshall schools opened Friday after being closed two days.

BUSY WOMEN — This group of women who work so diligently with the Girl Scouts organization were up to their necks in cookies Thursday afternoon. Mrs. V. V. Shearburn, who is southwest Snyder's neighborhood cookie chairman had 137 cartons of cookies to distribute to various leaders. Pictured above from left to right are some of the leaders who arrived to pick up their cookies, Mrs. Shearburn, who is checking the list, Mrs. W. M. Womack, Mrs. D. V. Merritt, Jr., Mrs. Gail Henderson, Mrs. Lloyd Scott, and Mrs. John Blum who is also District 3 Girl Scout chairman. Snyder is divided into three neighborhoods.

Jane Wright In Race For Princess

The Texas Woman's University Redbud Festival is scheduled for March 19 and will present 74 students chosen by their classmates as most representative of the ideal young woman.

Gowned in pastel evening dresses to an audience of students, parents and guests in the TWU main auditorium at 8 p.m. Saturday, March 19. Six ladies-in-waiting, representing all-campus organiza-

tions, also are in the court. Five crown princesses are to be named following the presentation, and one of them will be crowned Redbud Queen by Dr. John A. Giffin, university president. The queen will be honored at a coronation ball after the ceremonies.

The spring festival is named for the hundreds of redbud trees on the TWU campus which bloom during March each year. The pageant climaxes TWU's Self-Development Week, which is devoted to special programs on self-im-

provement, personality and grooming analysis.

One of the Redbud Princesses vying for the honor this year is Miss Jane Wright, a junior nursing student and daughter of Mr. and Mrs. William R. Wright, 2308 Thirty-second Street.

Anchovy Salad

Ingredients: 6 hard-cooked eggs, romaine or other salad greens, flat anchovy fillets, 1/2 cup mayonnaise, 1 teaspoon yellow mustard, 16 tiny pickled white onions (cocktail size), 1/2 teaspoon drained capers (minced).

Method: Cut eggs in half lengthwise and arrange on salad greens. Cut the long anchovy fillets in half crosswise and cross one on each egg half. Mix together the mayonnaise and mustard; slice onions thin and add with capers. Serve dressing with salad. Makes 4 servings — 3 egg halves to each portion.

Note: If you open a 2-ounce can of anchovies for this salad, empty the remaining fillets with their oil into a small jar, cover tightly and refrigerate. When using, remove from refrigerator ahead of time so oil can reliquify.

Donna Newman Honored With Party

Science Shrinks Piles

New Way Without Surgery Stops Itch—Relieves Pain
 New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like, "Piles have ceased to be a problem." The secret is a new healing substance "Bio-Dyn" — discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Prostration H. At your druggist. Money back guarantee. *See 11-4 Pat. Off.

How is it possible for a complete, well-rounded newspaper to be published and sold at so little cost? As most of us know, advertising pays the freight! Without it, the price of a newspaper would be a luxury few could afford. You would be forced to pay dearly for the same value you now get for pennies.

AND YOUR DAILY NEWSPAPER IS A WHOPPER OF A BUY! FOR PENNIES A DAY IT COMES RIGHT TO YOUR DOOR, 312 DAYS A YEAR!

These few cents a day bring you up-to-the-minute news, interesting and informative features, plus top-notch entertainment for the whole family to enjoy.

Sundays, you get an even bigger bargain package crammed with good reading and information on all the local and national news.

Without your response to the ads in your daily paper — there would be few bargains of any kind to be found! Merchants and manufacturers are able to sell quality merchandise at low prices because the newspaper ads bring them such a high volume of sales! Take a look at all the bargains advertised in today's paper!

Shingle Hairdo May Return, And It Has Plenty Of Merit

By INEZ ROBB

In general, the fashions of the John Held generation—with wandering waist and slack-sack fit—arouse no more vociferous enthusiasm in me than, say, bathtub gin.

But the general resurgence of the late 'twenties and early 'thirties continues, including widespread bootlegging of the cup that cheers before it chills. At least, it did in the old days. Ask any retired blind tiger of the 'twenties how he got that way!

However, there have been strong hints recently in the fashion world of the return of a John Heldism. I am prepared to welcome solely on the basis that it is a far, far better thing than any gimmick we have at present.

I refer to the return of the shingle hairdo, a stunning (in those days) hunch or crew cut favored by chic chicks in a time when even strong men drank cocktails in which cow cream was an ingredient. Bobbed hair was no longer a novelty or a scandal in those days, but the shingle was 'way out.

The shingle was cut almost as short as a man's hair, but not quite. And usually it boasted spic curls on each cheek. It was a thing of beauty, but it was neat, and it made the female head look tidy. And that is why I am cheering for its return.

Anything is better than the so-called beehive hairdo, a slattern fashion over which the busy bee, who keeps a neat hive, could see. Ninety-nine beehives out of a hundred can't be distinguished from a leaky bale of hay in a high wind. The chief trouble, I believe, is that most women today don't know how to deal with long hair. Our mothers and grandmothers could twist long hair into elaborate coiffures 10 times as intricate as the beehive, slap hairpins in the

Election Year Is Always Eventful

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—Each election year has its own unpredictable events. And this one is no exception.

There never seemed much doubt in 1956 that President Eisenhower would beat Adlai Stevenson again. But the world got complicated before election day that year.

There was the Hungarian revolt against Communism, its oppression by the Soviet Union, and the American decision not to intervene.

And there was the British-French-Israeli attack on Egypt when the Soviet Union threatened to get into it and this country possibly averted world war by intervening to the extent of telling the British, French and Israelis to quit and get out.

In the end none of these events changed anything in the election returns. Eisenhower swamped Stevenson again.

But there was a time when no one could confidently say he knew what might happen.

This year Vice President Richard M. Nixon is staying pretty quiet, riding the crest of the Eisenhower wave. The President still remains enormously popular and Nixon, by trailing along, can hope the Eisenhower popularity will rub off on him.

But this year, quiet so far, is

Things You Hear, But Never See

By HAL BOYLE

NEW YORK (AP)—There are things in this world you hear about all your life but never get to see yourself.

Ever make a list of them? Here is one:

A kid who wears a silk top hat. Most kids are asleep when men go out in top hats.

A business executive who actually worked 15 or 16 hours a day. Anyone who spends that long on the job must be juggling the firm's books.

The little man who wasn't there. Any intelligent person could quote any other line from Gertrude Stein besides "A rose is a rose is a rose."

A successful career woman who would really rather be a housewife with five kids.

Toothpaste that would leave your mouth feeling fresh all day.

A hair tonic that would make beautiful girls chase you in the street.

A talking dog that could say a word that doesn't rhyme with roof.

A reporter who thought the desk had improved his copy of judicious cutting.

A garbage collector who gently placed the can back on the sidewalk.

Anyone who ever learned to play the piano, the guitar, or the kazoo by taking 10 easy lessons by mail.

A person who kept five cats and could still stand people.

A cab driver who ever said anything worth carving in bronze.

An Internal Revenue agent who suffered from insomnia because he felt he had been unfair to a taxpayer.

Any woman who actually died of a broken heart.

A wife who paid her divorced husband alimony.

Between You And Me

By Jerry Jackson

"Organized confusion" would come closest to summing up the situation. Or possibly "semi-organized."

Anyway, that's fundamental—how things were up in Lubbock Wednesday night as the "grunt" 'n groaners granted 'n groaned.

The curtain-raiser pitted Pretty Boy Collins of Dallas against El Mongol (translated: The Mongol), who hails from China, which covers quite a bit of territory, to say the least. The Pretty One is a platinum blonde with biceps, whereas Mongol Boy is striking in contrast, having black hair and a cute accentuated pony-tail. Also a goatee, which isn't a baby goat at all, but rather a modest bit of a beard. And as always a gold tooth has

ever been seen in ANY wrestling ring anywhere. Needless to say, that tooth served to keep all the ringers squinting from the time that he bounced call-like through the ropes and discarded his imported llama-skin robe to the final bitter grimace he evinced as the bell sounded saying, "That's enough, boys."

The bout ended in a draw as the Blonde Menace was unable to get the Chinese Bandit (an affectionate term which El Mongol calls himself—in his native tongue, of course). Where he got that name is open to conjecture. Some say that he got kicked off the LSU team because the other players were getting jealous of his pony-tail and had begun to fight amongst themselves.

You Always Hurt The One You Love

NONETHELESS, every time Pretty Boy managed to get a half-way decent hold on him, El Mongol would bite him a good one on the nearest exposed part of his body, tipping it so that the referee was never quite able to catch him in the act at the precise moment of contact. Collins carried on a running complaint with the ref. of course. As best I could tell from a layman's lipreading viewpoint, he kept saying something about, "Gawd! Never in my borned days been hit by no gold-toothed Chinaman, and I just sure do wish that you'd go ahead and make him cut it out."

He didn't, however, and as brought out previously the

match ended in a draw. Next came the 2 out of 3 fall semi final event matching, Strangler Stan and Gentleman Ed Strangle against Alex Perez and The Mighty Ortega. They were all really peppy fellows, and it was all but referees' lots of kicking in this one, with The Strangler and Sir Sharpe administering the final and deciding kick in taking the third fall.

Oh, yes, that "Gentleman" tag on Sharpe is misleading. He almost got obnoxious once or twice there, you see, and was always complaining that he thought his team was getting a raw deal.

Double Trouble

THERE WERE TWO MAIN EVENTS, only one of them didn't quite come off, it being the FIRST main event. The whole trouble was that they let this fellow Tommy Phelps into the ring first, and he must have been a little bit mad at his opponent for the night last week, 'cause he just wasn't too overly sociable in his dealings with him.

His downtrodden foe was named Silento Rodriguez. He's called that because he's a deaf-mute and his folks probably thought that Silento would be a right good name for him under the circumstances.

Well, every time Silento would try to crawl up into the ring, here would come Unsociable Tommy and plant a boot in his face, with the result that Rodriguez would flop down on the floor and almost get knocked out, then would finally get up and try again. All the crowd was rooting for him to make it, but of course poor Silento couldn't mutter even so much as a word to let the referee know that he

thought he was getting gyped. Up he'd come, trying to get on the mat, then Phelps would run over and hit him like he was some old hound dog. Then in between times Phelps would walk around and try to look tough, holding his arm up in the air like he figured he'd already won the bout even before it had got started.

Trying to look mean was a full-time job with him, though, since he looked a lot like Rudy Vallee. Anyway, the whole thing ended up in a brawl when the tag-team boys who had fought the previous bout sprung up out of nowhere and began to egg both of them on. Phelps being out of the ring and landed right on top of already roughed-up Rodriguez, who had just about "had it" by then. They everybody began to pick up folding chairs like maybe they meant business, so the law stepped in and put a stop to the whole thing.

Oh, about that second main event, I just forgot it. It was anti-climatic

Frogs Bop Steers In Season Finale

By The Associated Press

It was all over in the Southwest Conference basketball race Friday with the champions, University of Texas Longhorns headed for Manhattan, Kan., and the NCAA regional playoffs.

But the Longhorns, who clinched the title Monday as Texas Tech whipped Southern Methodist, will take the memory of a stinging defeat with them to Manhattan.

Texas Christian soundly beat the Longhorns 81-73 Thursday night.

In the other two games Thursday Texas A&M, a nationally-ranked quintet most of the season, beat Baylor 77-63 while Texas Tech was edging Rice 73-72.

The final night's work left SMU and the Aggies tied with 10-4 conference records behind Texas' 11-3 mark. Arkansas and Texas Tech finished with 7-7 marks to tie for fourth, followed by 6-8 Baylor, 4-10 TCU, and 1-13 Rice.

Texas' loss snapped a Longhorn victory string at 9 games. Tommy Meacham led the Frogs with 19 points but four other TCU players shot in double figures to make it a team job.

Domnie Lassiter led the Longhorns with 22 points while Brenton Hughes dropped in 17. Jay Arnette, the big Texas center and the conference's leading scorer, fouled out after scoring only nine points.

TCU, avenging an earlier 96-77 loss to the Longhorns, grabbed an early 7-5 lead and were never

headed although the Steers knotted the score on five occasions. A late Rice rally at Houston fell short as Texas Tech drove to break even in the conference standings. David Craig, the great Rice shotmaker, led the scoring with 29 points. But it wasn't enough as the Raiders showed five men scoring in double figures with Roger Hennig's 16 points high for the team.

Craig became the fifth Rice player in history to score more than 400 points in a season. He finished with a 24-game total of 412.

Deadly shots from the foul line was the difference at Waco as the Aggies took their finale with Baylor.

The Aggies, paced by Wilmer Cox's 24 points, made 29 out of a possible 34 charity shots while the Bears were sinking only 15 out of 26. Cox had a perfect evening at the free-throw line, getting 19 out of 19.

The final conference standings:

State Cage Tournery In Full Swing

By JOE BENHAM

AUSTIN (AP)—Chance B teams battle for a conference at the championship the medium-sized schools fight for third-place honors and the larger schools play for the first time today in the second day of the State Schoolboy Basketball Tourney.

South Plains powerhouse McAdoo meets Gilmer East Mountain in a Conference B game between teams which won their opening games Thursday.

Danbury meets defending Conference B champion Henrietta Midway in the day's second clash. Ingleside and Llano, which dropped a pair of Conference A games, open for third-place honors in the afternoon morning game.

The afternoon opener sends Belton against League City Clear Creek to decide third place in Conference AA.

Other afternoon and night games gave fans at the University of Texas Gregory Gym their first look at the Conference AAAA and AAA teams seeking to replace Pampa and Houston Smiles as state champs.

South San Antonio faces Fort Worth Castleberry and Houston Aldine meets Lamesa in AAA action, while AAAA pairings send Beaumont South Park against Dallas Oak Cliff and Borger against Austin Stephen F. Austin.

Opening day put one record into the books. George Scott's 43 points for McAdoo against Wink was the highest single-game total recorded in Conference B action. It broke the 39-point mark set by Kelly Jim Duncan of Cayuga in 1956. Huntington, seeking the Class A championship for the second year in a row, reached the finals with Thursday's 56-42 victory over Ingleside.

Sunday became the other Conference A finalist by taking a 45-39 victory over Llano.

Dimmitt, the 1952 Class A champion, ruined the hopes of 1958 Class AA champ Belton to make it two titles in three years as the Bobcats took a 65-62 victory.

The tournament's only unbeaten team, Linden-Kildare, wrapped up victory No. 30 at the expense of League City Clear Creek, 61-51.

All-American Cagers Named

By TED MEIER

Associated Press Sports Writer

NEW YORK (AP)—The "Big O" and the "Cabin Creek Comet" top the 1960 College Basketball All-America announced today by The Associated Press.

That means, of course, Oscar Robertson of the top-ranked University of Cincinnati Bearcats, and Jerry West of West Virginia's Southern Conference champions.

These two seniors, regarded as the best college players of the season, topped the voting by 329 sports writers and broadcasters from all parts of the country.

Rounding out the first team is Jerry Lucas, famed sophomore of Ohio State's Big 10 champions; Darrell Imhoff, 6-10 senior from California's defending NCAA champions; and Tony Jackson, a junior from St. John's University of New York, the defending NIT champion.

Robertson polled 311 first place votes in making the All-America for the third straight year. West, the only other repeater from the 1959 All-America, received 304. Lucas polled 253 and Imhoff 234. There was a big spread in the voting thereafter with Jackson beating out Tom Stith of St. Bonaventure for the first team, 61-58.

Stith, a junior second only to Robertson among major college seniors, was named to the second team along with sophomores Terry Dischinger of Purdue and Chet Walker of Bradley. Junior Roger Kaiser of Georgia Tech and senior Len Wilkerson of Providence.

Lee Shaffer of North Carolina, Billy McGill of Utah, Horace Walker of Michigan State, Bill Kennedy of Temple and Tiny 5-6 Dick Hickox of Miami (Fla.) were named as a third team. Hickox, perhaps the smallest player in major college ranks, led the Hurricanes into the NCAA tournament with their best record ever.

Dave Debuschere, of Detroit; Jimmy Darrow of Bowling Green; Frank Burgess of Gonzaga; York Larese of North Carolina; Chris Smith of Virginia Tech; Jeff Cohen of William and Mary and Jay Arnette of Texas—top an honorable mention list of 25. Those on the first three teams will receive certificates from The Associated Press.

Seminole In Twin Win Over Tigerettes

SEMINOLE—Snyder's Tigerettes absorbed a twin licking here last night in a pair of volleyball games, as the "A" team went down by 20-15 and the "B" teamers were taken to the tune of 35-22.

Three girls shared high point honors for the local varsity six, including Donna Taylor, Alma Nell Evans, and Helen Iverson. The Tigerettes came out from under a 6-12 halftime deficit to play an even terms throughout the second half, but the Seminole lead proved to be too great to overcome.

Jackie McNabb was the pace setter in the "B" team's losing effort, as she took high point honors for her sextet.

The Tigerettes swing into their conference play this Tuesday here in Snyder as they host Colorado City in a pair of games.

The titles will be played in Tiger Gym the "B" contest starting at 8:30 and the varsity encounter following at 7:30.

Says Marriage Lacks Harmony

MOUNT CLEMENS, Mich. (AP)—Arden K. Wier, 26, said her marriage had less harmony than her husband's barber shop quartet.

She said her husband, Edmund, 30, spent three or more nights a week with the quartet. He never spoke of anything but his singing. And, she added, he spent a lot of money traveling to songfests and such.

Circuit Judge Alton H. Noe granted the couple a divorce Thursday.

Houston In Links Lead

LAREDO (AP)—University of Houston led the College Division of the Border Olympics golf tournament today.

The Cougars, defending champions, had a team total of 283 Thursday to take a 5-stroke lead in the first 18 holes. Thirty six holes are scheduled today and 18 Saturday.

The high school division, with eight teams, headed by defending champion Alamo Heights of San Antonio, plays its first 18 holes today. It winds up 18 more Saturday.

Texas, ACC And Houston Border Picks

LAREDO (AP)—A tight fight among Texas, Houston and Abilene Christian College was projected today as the huge Border Olympics opened.

Junior college and high school athletes were the first to hit the clinders in this meet that has drawn 1,065 runners and jumpers from 88 schools.

The university class, with nine teams, gets going Saturday as Texas defends its championship against power-packed Houston and ACC.

Coach John Morris of Houston said he figured there would be a range of about seven points among the three favored teams.

East Texas State, with awesome strength, puts its title on the line in the college division which has 13 teams. This class also swing into action Saturday.

There were a dozen record potentials in the two major classes but the university division was robbed at the last minute of a promising duel in the 9-mile between Jan Ahlberg of Southern Methodist and Al Lawrence, Houston's world's indoor record-holder.

Lawrence withdrew to go to Australia to try out for the Olympic team. Ahlberg, who set the record of 8:16 here last year, will

have a most formidable opponent anyway. John Macy, Houston's tireless distance runner, will go against Ahlberg. It should produce a record.

Texas doesn't have many record prospects but it does have a big squad—34 men—to gather in the points for a repeat with the title.

Abilene Christian has such stars as half-miler Jarrell Edwards, miler Jim Reeves, weightman Rayford McMillaney and hurdler Calvin Cooley and a couple of swift relay teams to endanger the records and Texas' championship.

Houston comes up with star discus thrower Bobby Weise to go with its distance runners as probable record-smashers.

There also will be a special 100-meter dash matching Eddie Southern of Texas, Bill Woodhouse of ACC, Jimmy Weaver of North Texas State and Ray Justice of Fort Sil, Okla.

School Personnel To Be Recognized

Superintendent of Schools, T. E. McCollum, will speak briefly at the morning worship hour at the First Baptist Church when all public school officials and teachers will be recognized in a special service. Others having a part in the worship service are Ralph Lasswell, Junior High Principal, Silas Davenport, Northeast Elementary Principal and T. D. Wiman, High School Principal.

The pastor, Walter A. Mitchell, will preach on the subject, "Stewardship of Life" with a solo, "How Lovely Are Thy Dwellings" to be sung by Mrs. J. C. Barnett. The message for the evening worship service at 7:30 p. m. is "A Blessed Company."

Sunday marks the first day of the Prove Your Love Campaign for this month. It is designated to reach members of the church, the unenrolled and prospects for the church. It is hoped that during the month of March that the attendance in all organizations will increase as efforts are made to have the best attendance ever reached in the church.

March 7 through 11 is the Annie Armstrong Week of Prayer for Home Missions. Women of the church will meet each day to study the needs and to pray for missions on the home fields. Monday evening at 7 p. m. the women will meet for program and prayer. Tuesday at 11 a. m. there will be a playlet presented on the life of Miss Annie Armstrong who gave her life in the cause of Home Missions, followed by a luncheon. Wednesday evening at the prayer service the pastor will bring a message on missions and show slides of some of the frontier western mission points supported by Southern Baptists. Thursday is visitation as the members of the church go afield to witness. Friday at 9:30 a. m. the women will meet to see the film, "Home Missions in Action" depicting the various areas where home missionaries serve.

Last Sunday night in the youth fellowships over 70 participated. This Sunday the Young People will take a program on Hymnology to the Snyder Nursing Home during the Training Union hour after they have had light refreshments at the church. Intermediate II Training Union will meet at the parsonage, 3807 Thirty-fourth Street, for fellowship.

Catholics Set First Census In Diocese

Plans for the first Catholic census in the Diocese of Amarillo will be outlined at an orientation meeting Tuesday, March 8, at 8 p. m. at the Katherine A. Ryan School, Snyder.

The Rev. Joseph Brennan, assistant pastor at St. Elizabeth's Catholic Church, Lubbock, who will conduct the meeting, said parish chairmen and captains of the Snyder Deaconry have been urged to attend. The diocesan-wide census will be conducted by the Diocesan Council of Catholic Men on the Sundays of March 20 and 27.

Following the Snyder briefing, the parish chairmen and captains will hold meetings in their individual parishes to instruct those men who will assist in the house-to-house canvass.

Purpose of the census, according to Bishop John L. Morkovsky, is to determine the exact number of Catholics living in each parish and mission of the 73,000-square mile diocese.

Officers of the Snyder deaconry of the DCCM are the Rev. John O'Connell, O. M. I., of Holy Family Church, Sweetwater; deaconry moderator: J. L. Wadleigh of Snyder; president: Joseph Murry of 1610 Bristol Drive, Sweetwater; vice president: Walter Terrell of 901 Locust St., Sweetwater; secretary: Rudy Lotief of Rotan; treasurer.

The Christian At The Cross will be the sermon subject of the Rev. Walter L. Lentz at the Grace Baptist Church, Lamesa, Lakeview Baptist Church, Lubbock, Missionary Baptist Church, Seminole, Hillcrest Baptist Church, Lamesa, Beacon Baptist Church, Odessa and the Missionary Baptist Church, Hobbs, N. M.

Sunday afternoon at 3 o'clock, the church council will conduct an "Every Member" visitation to secure pledges for the building fund. Calvin Lange is the visitation chairman.

The congregation is entering the final phases of its building program to erect the first unit, which will include a parish hall and Sunday School wing. In addition to the pledging effort, construction drawing will now be perfected.

Every Saturday at 11:45 a. m. Rev. Lentz presents Religion in the News over station KSNV.

RUSSEL F. ARMACOST

Supervisor To Visit Witnesses

The Snyder congregation of Jehovah's Witnesses on Clairmont Road is making preliminary plans for a week's visit by their circuit supervisor, Russel F. Armacost, March 8-12.

The purpose of this visit by Mr. Armacost, J. D. Cook, presiding minister, said, "is to provide Bible instruction and a better understanding of prophecy, to enable Witnesses and others to apply Bible principles more fully to their everyday lives and to train them for more efficient ministerial activity."

"The program for the week stresses to call upon the homes of the people in our locality to bring them the good news of God's Kingdom and to stimulate interest in reading and studying the Bible."

Tuesday, March 8, beginning at 7:30 p. m. the Bible classes will be conducted. The first is to improve speech and speaking ability with practice sermons given by the students enrolled. The other is a ministry improvement class.

First Presbyterian

The Rev. R. Charles Snavely, pastor, will have as his sermon subject, "The Spirit Speaks to Smyrna," at the Sunday morning worship service of the First Presbyterian Church.

The Sunday evening service is set for 6:30 p. m., at which time Rev. Snavely's subject will be "The Meaning of Lent."

On Wednesday evening, the last in a series of mission studies on Africa will begin with a covered dish supper at 6:30 p. m. The program will consist of a film titled "New Faces of Africa."

CHURCH NOTES

Dunn Baptist
"The Divine Outcast" will be the sermon subject of the Rev. Don Laing, pastor, at Sunday morning services of the Dunn Baptist Church.

At the evening service, his subject will be, "How Shall We Escape?"

The ordinance of Baptism will be observed following the evening service.

Green Hill Baptist
The Green Hill Baptists have set aside the week of March 7-11 as the Woman's Missionary Union Week of Prayer for Home Missions.

Mrs. Dot Hart, W. M. U. president announced they will meet at the church from 9:30 to 10:15 a. m. each day with the exception of Wednesday when the program will be presented during the Prayer Meeting hour.

The theme for the 1960 Week of Prayer for Home Missions is based on Isaiah 40:9, "Behold Your God," according to the Program chairman, Mrs. Marvis Hendrix.

On Monday, the Burrows Circle will present the program, "Prepare Ye the Way—through teaching." Tuesday, the program, "Lift Thy Voice—through Preaching" will be presented by the Howell Circle. The program on Thursday, with the Greenway Circle in charge will be, "Bring Good Tidings—through Building." All the circles will unite Friday in presenting the program, "Make Straight the Way—through Witnessing."

The pastor, the Rev. Kenneth L. Everett, will preach on "The Master Evangelist" at the 11 a. m. service Sunday. At the 7:30 p. m. service, he will speak on "A Revival of Bible Reading."

Colonial Hill Baptist
"The Harvest We Reap" will be the sermon subject of the Rev. Jimmie Nelson, pastor of Colonial Hill Baptist Church, for the 8:30 a. m. and 11 a. m. worship services Sunday.

At 7:30 p. m. Rev. Nelson will have as his subject, "The Exchange of Life."

continue throughout the month of March. The last Sunday in this month will be special "Show Your Faith" Sunday with the church striving for a record attendance. The campaign challenge is based on Luke 8:25A in which Christ asks, "Where is your faith?" This question is a challenge to each member to show his faith. The task of the leadership of the church is to bring each member to say with James, "I will show thee my faith by my works." (James 2:18)

During the campaign each member and prospect will have the privilege and opportunity to show his faith by these and other works: By entering wholeheartedly into the campaign; by being present in every service; by visiting and seeking to enlist others; by using his talents and influence for Christ, and by praying for and witnessing to the lost.

In connection with the campaign, Rev. Jack Dean, pastor of the church, will preach Sunday morning on "Have Faith—Will Prove" and his Sunday night topic will be "Why Christ Died."

Calvary Baptist
"The Sovereignty of God," based on the 9th chapter of Romans, will be the topic of the Rev. T. Gerald Cates for the 10 a. m. Bible Study at the Calvary Baptist Church.

At the 11 a. m. worship hour, Rev. Cates will have as his subject, "The Parable of the Talents," and at 7:30 p. m. he will preach on "Saving Religion, A Religion of Faith."

First Christian
"The Three Cs" will be the sermon topic of the Rev. John W. Reeves, pastor, at the First Christian Church here Sunday morning.

The choir will sing an anthem at the Sunday morning service. The official board of the church will meet Wednesday at 8:15 p. m. in the fellowship hall.

The Kum-Dubie Sunday School class will meet tonight at 7 o'clock to go calling on prospective members. They will return to the church at 8:30 p. m. for a business meeting.

The meeting of the Christian Women's Fellowship was postponed last week. It will be held at 7:30 p. m. Monday in the Kum-Dubie classroom.

37th Street C-C
"Cult of the Comfortable" will be the subject of C. Dale Brooks in the second lesson of a series at the Thirty-seventh Street Church of Christ on Sunday morning.

NEW ASSISTANT—Ray Bailey is the assistant minister for the Twenty-fifth Street Church of Christ. A graduate of Abilene Christian College, he has served as deacon, elder and part-time minister for the Hale Center church for about 10 years, coming here from Edmonson where he preached for 15 months. The Baileys have six children, Mike, 17; Carl Ray, 15; Tim, 11; Terri, 9; Debbie, 7; and Bob, 1. They live at 2701 Avenue F.

Nazarene Church
A spring emphasis program will begin during the Sunday School hour Sunday at the Church of the Nazarene.

The campaign has been mapped to bring in all unenrolled, and it will be climaxed on Easter Sunday.

Church of God
A revival which has been underway throughout the week will close this evening at the Church of God, located at Twenty-first Street and Avenue O.

The Rev. and Mrs. W. F. Williams, visiting evangelists, are leading the revival. The service is set for 7:45 p. m.

St. John's Episcopal
The order of Morning Prayer with Sermon is set for 10:30 a. m. Sunday at St. John's Episcopal Church. Gene Green and Bob McAlister, lay readers, will be in charge of the services. Bob McAlister will deliver the sermon titled "Triple Temptation," written by the Rev. Thorne Sparkman, D. D., Rector of the Church of the Redeemer, Bryn Mawr, Pa.

Mark McLaughlin, warden, has announced that word has been received that a new vicar, the Rev. Custis Fletcher Jr., and family, will arrive in Snyder March 6. Rev. Fletcher and family will reside at St. John's vicarage at 3003 Thirty-fourth Street.

F And 30th C-C
Leroy Nelson of Lubbock will be the speaker for both services Sunday at the Church of Christ at Avenue F and Thirtieth Street.

His subject for the 10:30 a. m. service will be "Christian Activities," and at 7 p. m. his subject will be "Why Be A Christian?" Wednesday services will be at 7:30 p. m. The public is invited to attend all services.

District Auxiliary Meeting Set Here
The District Ladies Auxiliary of the West Texas-New Mexico Association of Missionary Baptist Churches will meet on Friday Night with the Northside Baptist Church. The program is entitled "Dedicated to God's Service" and parts will be given by Calvary Baptist Church, Lamesa, Lakeview Baptist Church, Lubbock, Missionary Baptist Church, Seminole, Hillcrest Baptist Church, Lamesa, Beacon Baptist Church, Odessa and the Missionary Baptist Church, Hobbs, N. M.

Dear Mr. Feather:
We have always heard that there is a little bad in the best of us, or perhaps, a little good in the worst of us, but we haven't found anything but good in the very fine church feature page which is published each week in The Daily News.
We have always been a sponsor of this feature, which is a very definite aid to the program of service offered by the churches of our community. Actually, we are happy to be a sponsor and we know the other fine firms are equally happy. As long as the page contains the type message that it has in the past, we will continue to give our support. The art is always good and every message meaningful, dignified and captivating. The feature contains strength and direction we can well afford to live by.
Again, may we say thank you for this page, and especially for the opportunity to help the cause of God and our churches through this combined effort.
Sincerely yours,
Wayne L. Potts

Our Symbol

One of our most treasured relics is the Liberty Bell. It is so-called because it was rung on July 8, 1776 to summons the citizenry for the terse announcement that the Declaration of Independence had been adopted. Today, it remains the greatest symbol of a nation free from tyranny in government and intolerance in religion

... that nation is America.

But one fact often overlooked is that when the historic bell was originally cast its makers turned to the Bible, to Leviticus, for the words inscribed around its contour: "Proclaim Liberty throughout the land unto all the inhabitants thereof." What a beginning! What a heritage! What a privilege to be a son or daughter of Freedom's Land. What a blessing to be an American.

How great is our Symbol!!!

The Ninety and Nine Were Safe — But One!?

Vicious Storm Hits Northeast

At Least 65 Persons Die

NEW YORK (AP) — Winter's most vicious storm—the worst in many years for some areas—piled up mountainous snowdrifts and staggered the activities of millions in the Northeastern states today. As it swept through the Northeast with the same fury previously unleashed on much of the country, it left a trail of at least 65 deaths across the country. Thousands of schools were closed. Hundreds of businesses were forced to shut down. Auto, bus, rail, and air travel was hit hard. Stalled cars, many buried under mounting drifts, dotted roads and highways and made snowplow work difficult. The storm began to let up around dawn today after a 24-hour siege in the New York City area, one of the hardest hit. New York got its worst snowfall since 1948 when nearly 17 inches of snow fell in the third worst storm on record. As of 7 a. m. today, the official measurement was 14.2 inches. Little more was expected. But millions of New Yorkers, who went through a grim struggle to get home from work late Thursday night, almost equal troubles trying to get back on the job today. Crowds far greater than could be handled sought to board buses under the sky. To add to the difficulties, parts of all three New York suburbs were out of operation during the morning rush hours. Similar tribulations were experienced by both city and country people all over the Northeast. In the New York metropolitan area, thousands who could not make it home spent the night in hotel rooms, when they could get them. Cots in Red Cross shelters and benches in crowded railroad stations also were used. There sat fitfully in their marooned cars as much as 20 inches of snow. As breakfast time came, many restaurants were thronged. Some places as far south as Pennsylvania measured 30 inches. Drifts four and five feet high were not uncommon. The famous blizzard of 1888 dumped 21.9 inches of snow on

“IT’S WONDERFUL, SO THEY SAY” and whether the subject is love or the performance last night of the cast of “Annie, Get Your Gun” the wonderful tunes to both. Deere before were down, performance surpassing the term “amateur” with Charles Easterwood (as Charlie Davenport) almost stealing the show. Ovation were in order all through the three hour musical. Here Frank Butler (Tommy Minton) tells Annie Oakley (Kathy Mott) that “falling in love is wonderful.”

School Play Is Applauded

Even those who had witnessed previous dramatic efforts of Snyder High School youngsters were impressed. Many who had never seen a school play were downright amazed at the opening night performance of “Annie Get Your Gun” last night in the high school auditorium. Although the play runs “long,” there was little wasted time, or lost motion, as the students reeled off the highly-publicized musical comedy before a well-filled auditorium. The second performance is set for 8 o’clock tonight, with the third and closing night scheduled Saturday. Impressive sets and costumes added substantially to the capable performance of the all-student cast. “Kathy Mott, as Annie, was a tower of strength in both the dramatic and singing areas, and her co-star, Tommy Minton, played the role of Charlie Davenport, a convincing portrayal of Frank Butler. Usually, such productions get their extra impetus from a less publicized character who carries off a role in spectacular fashion, and last night’s performance was no exception. Charles Easterwood, playing the role of Charlie Davenport, Buffalo Bill’s agent or business manager, carried the ball

drop to 15 degrees in North Central Texas and freezing weather will grip most of the state Friday night and Saturday. The precipitation fell on Texas Thursday and temperatures climbed above freezing in most areas. The low maximum was 34 at Amarillo. Children and Wichita Falls and Van Horn had a 70 degree reading while Presidio had a warm 78. Electrical power was restored at 4:30 a. m. Friday to a vast section of the state. In East Texas, that had been without electricity since an ice storm earlier in the week snapped power lines. Four-fifths of the city was without electricity—the power needed to keep central heating units in homes operation. Police Friday morning said that “very few places do not have power now.” These places were in the outlying sections of the city. Other East Texas points struggled to restore electrical service to homes and industry. The Panola Electric Co-Op, serving nearly 8,000 rural homes in Panola and Harrison counties, hoped to restore full service by the weekend. The Marshall News - Messenger estimated that only 10 to 15 percent of homes were without electricity Friday. “If that many homes were without electricity at any time,” it would be pretty bad,” said a Marshall resident. “But after almost everyone being without electricity for awhile, the situation looks pretty good now.” Latest to receive electricity were two sections of new homes, most of which had central heating systems which cannot operate without electricity. Most residents of such homes huddled in their kitchens for the warmth from gas cooking stoves. Repairmen poured into the area from all East Texas. Marshall schools opened Friday after being closed two days.

Texas Braces For A New Cold Blast

By The Associated Press Ice cold Texas, hit by everything winter can deliver recently, braced itself for another onslaught Friday as low pressure areas headed for the state. Temperatures fell to a cold, cold 7 degrees at Dalhart early Friday and light snow fell on that Panhandle, Southwest and North Central Texas will get snow or rain Saturday. Ike To Face More Critics

By MARVIN L. ARROWSMITH HAMEY AIR FORCE BASE, Puerto Rico (AP) — President Eisenhower, admittedly “bushed” from 12 days of touring, planned to break his weekend of rest to give a preliminary report on his Latin American tour. Facing an audience that includes some critics of United States policy, the President may give a preliminary report on his goodwill mission to four South American nations. Arriving here Thursday, Eisenhower was undisturbed by an engine mishap that put him at most two hours over wild Amazon jungles in a plane with one of its four jets out of action. The pilot said the President never was in any danger and he switched in a Dutch Surinam (Guiana) to another jet for the rest of the flight from Buenos Aires. The President planned to fly by helicopter to address a luncheon of the Caribbean section of the American Assembly meeting at Dorado Beach, a resort owned by Laurence Rockefeller about 60 miles west of this, St. John Air Command base. Eisenhower hoped to get in some golf after lunch before taking a helicopter back to the base. The assembly is a nonpartisan organization Eisenhower helped to create while president of Columbia University. It holds study and discussion sessions at which leaders in various public and private activities consider other issues—including Latin America. The delegates at the Dorado meeting are considering many of the same sensitive problems that confronted the President on his four-nation mission to Brazil, Argentina, Chile and Uruguay. Eisenhower was expected to give a brief, extemporaneous talk touching on the highlights of his trip. He was indicated that he plans a full report after his return to Washington Sunday. One of the delegates to the Dorado conference, W. Averell Harriman, criticized Eisenhower’s tour as a “tour of exchange of compliments.” Harriman, former Democratic governor of New York who held several important foreign affairs posts under Presidents Roosevelt and Truman, told a reporter, “I am unhappy Eisenhower did not present any new or broader policies through which the United States can contribute to the social and economic growth of Latin America.”

Arctic Blast Under Study

By BERNIE MORRIS JUNEAU, Alaska (AP) — The Atomic Energy Commission said today its Project Charon, a plan to make a huge excavation on the arctic coast with an atomic blast, will be under study for at least another year. Plans for further study of the proposed project were announced by a three-man AEC team arriving here Thursday night en route to the far north to talk with native village councils from Kotzebue to Barrow. The three AEC representatives hope to allay fears, expressed by the predominantly native population, that the project might be dangerous to life in the remote, sparsely populated arctic. The project is part of Operation Ploshare, the AEC’s program for the peaceful use of nuclear energy. The AEC team is composed of R. L. Southwick, assistant to the commission operations manager in San Francisco; Russell H. Bell, also from the AEC’s San Francisco office; and Charles L. Weaver, safety coordinator for the project. They will be joined next week by Dr. Robert Rausch of the Arctic Health Research Center.

Fear Pestilence To Follow Quake

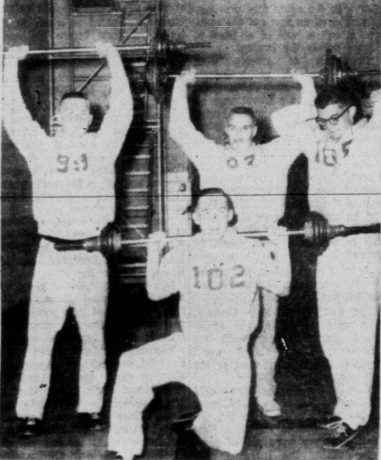

MOROCCO (AP) — Thousands of refugees streamed away from Agadir today as pestilence threatened to sweep the quake-shattered city. Amid the stench of death, rescue workers continued searching for survivors who might be trapped in the ruins. The Moroccan government announced that 2,964 dead had been buried in graves hastily dug in the rubble of the Atlantic resort. But that figure did not include uncounted numbers of graves following the confused hours following the two earthquakes and a tidal wave Monday night. Moroccan officials feared that 6,000 of the city’s 40,000 residents may have died in the disaster, but it was apparent that the exact toll would never be known. At least 3,200 persons were injured, 1,200 of them seriously. Some estimates of the injured ran to 5,000. The government ordered Agadir evacuated in the face of the threat of pestilence. Several cases of typhoid fever already have been reported among the predominantly Moslem population. The ruined city was sprayed with disinfectant. Sixty-eight French and U.S. military planes kept up a round-the-clock airlift from a nearby French base, making injured and unhurt survivors to other Moroccan cities and bringing in supplies. Up to Thursday night, more than 3,000 persons, most of them French or other foreigners, had been evacuated by air. Three tent cities were set up in the surrounding countryside for 10,000 other evacuees, mostly Moslems. TROMPING THE TRAMPOLINE—Joyce Cartwright shows her classmates in the seventh and eighth grade P.E. class how far she has progressed in the art of bouncing.

BEGINNERS' NET BALL—With twenty pupils to a side, there isn't much this Northeast Elementary class can do but throw the ball over and throw it back.

KEEPING IN SHAPE OUT OF SEASON regardless of the sport pursued by the individual is vital, so these high school boys keep their muscles busy lifting weights.

Planned Program Of PE In Schools

Editors Note—This is the last in a series of articles on the curriculum in the Snyder Public Schools. The series was developed in cooperation with the school administration in connection with observance of Texas Public School Week.

There is a planned program of physical education in the Snyder Public Schools.

The program is conducted from the first through the 12th grade. Each elementary school is equipped with a gymnasium and a full-time physical education director to carry on the program. For pupils in the fourth through the sixth grade there is both a man and woman teacher for boys and girls classes.

The primary grades have activities during their physical education period that are suited to their ages and interests. The program is designed to teach healthful living, muscular coordination and sportsmanship.

In the junior and senior high schools, physical education classes and the students dress in gym clothing for the activities.

During the 1955-56 school year a planned course of study guide was completed for physical education teachers to use in planning the program for each grade level. The school feels that the physical education period should not be a

period of supervised play, but should be a class where pupils learn good habits for exercise, muscle development and body posture.

Visit a class in physical education and see what your child is doing and learning.

Foul Weather Is No Obstacle To Bandits

PITTSBURGH (AP)—Foul weather and a foot of snow didn't keep a trio of bandits from plying their trade Thursday night.

Their forced attendant Paul Letky to hand over \$90 at a service station in suburban McKees Rocks without getting out of their car.

The driver kept Letky covered with a gun while he returned to the station's office and got the money from the cash register.

Elvis Begins His Last Day As A Soldier

FT. DIX, N.J. (AP)—Set. Elvis Presley begins his last full day as a soldier today with an orientation lecture—one of the last formalities before the rock 'n' roll idol returns to show business.

The 24-year-old singer will be instructed with 200 other men on the rights and obligations of a veteran. During the rest of the day, he'll face sheets of papers to sign.

Saturday morning he picks up his final sergeant's monthly pay check of \$145.24.

Presley spent a quiet night as the snow piled up around the Army separation center here. He had undergone a hectic homecoming from active duty in Germany. He told reporters and squealing teenage admirers he would give rock 'n' roll everything he had "as long as people keep appreciating it."

But he added to the 50 newsmen and fans who braved the snowy weather to meet him:

"My ambition now is to become a movie actor."

The singing star has something to do for the next few months, his manager pointed out. Col. Tom Parker said Presley would get \$125,000 for his first appearance May 12 on the Frank Sinatra television show.

Dr. Mickey Back On Job

BATON ROUGE, La. (AP)—Dr. George H. Mickey, insisting he was accused unjustly of murdering a woman professor, reports back to Louisiana State University today where he is dean of the Graduate School.

After nearly three weeks of investigation, a deadlocked grand jury recessed Thursday without deciding whether to indict the 50-year-old scientist.

The case was left open for possible future action by this or another jury. The charge remains on the books, and investigation in the case will continue, officers said.

Mickey was arrested Jan. 14 and charged with murder in the fatal clubbing of Dr. Margaret McMillan, 38, an unwed biologist and longtime associate of Mickey. He has been held incommunicado from newsmen.

The scientist left jail grim and pale. He read a statement that referred to the "unjust accusation of being implicated in the crime."

On advice of counsel, he answered no questions.

A \$10,000 property bond put up by university friends gave Mickey his freedom from jail.

Dr. McMillan, an Illinois-born assistant professor of biology at the LSU branch in New Orleans, was found slain south of here Jan. 16.

There are about 288,600 miles of railway tracks in the United States.

Larger Meals Means A Bigger Mess

DETROIT (AP)—Dr. John Hannan Jr. says a rabbit has full run of his \$40,000 home in suburban Grosse Pointe.

In a divorce petition Thursday the dentist charged his wife kept their home in constant disorder.

Hannan said his wife explained the messy condition of their former home by saying it was too small. But when they moved to the larger house, Hannan said, the result was "a bigger mess."

we cordially invite...

our city neighbors to join us this year, as we celebrate the 25th birthday of rural electrification.

THERE'S A GOOD REASON. City jobs are more secure, paychecks fatter, and business is better, since rural Americans banded together to serve themselves with electric light and power.

THIS YEAR THEY WILL BUY over a billion dollars worth of electric appliances and equipment—made and sold in cities and towns. And this market didn't exist until rural America was electrified by member-owned, private enterprises, such as ours.

THOUSANDS OF MEN, WOMEN, CHILDREN—our city neighbors—live happier, safer lives today, because of this great surge of buying power provided by the growing needs of rural America.

That's why we're proud to say . . .

RURAL ELECTRIFICATION is good for ALL Americans!

Jane Wright In Race For Princess

The Texas Woman's University Redbud Festival is scheduled for March 19 and will present 74 students chosen by their classmates as most representative of the ideal young woman.

Gowned in pastel evening dresses the princesses will be introduced to an audience of students, parents and guests in the TWU main auditorium at 8 p.m. Saturday, March 19. Six ladies-in-waiting, representing all-campus organizations, also are in the court.

Five crown princesses are to be named following the presentation, and one of them will be crowned Redbud Queen by Dr. John A. Gunn, university president. The queen will be honored at a coronation ball after the ceremonies.

The spring festival is named for the hundreds of redbud trees on the TWU campus which bloom during March each year. The pageant climaxes TWU's Self-Development Week, which is devoted to special programs on self-im-

provement, personality and grooming analysis.

One of the honor this year is Miss Jane Wright, a junior nursing student and daughter of Mr. and Mrs. William R. Wright, 2908 First-second Street.

Anchovy Salad

Ingredients: 6 hard-cooked eggs, romaine or other salad greens, flat anchovy fillets, 1/2 cup mayonnaise, 1 teaspoon yellow mustard, 16 tiny pickled white onions (cocktail size), 1/2 teaspoon drained capers (minced).

Method: Cut eggs in half lengthwise and arrange on salad greens. Cut the long anchovy fillets in half crosswise and criss - cross one on each egg half. Mix together the mayonnaise and mustard; slice onions thin and add with capers. Serve dressing with salad. Makes 4 servings - 3 egg halves to each portion.

Note: If you open a 2-ounce can of anchovies for this salad, empty the remaining fillets with their oil into a small jar, cover tightly and refrigerate. When using, remove from refrigerator ahead of time so oil can reliquify.

Things You Hear, But Never See

By HAL BOYLE
NEW YORK (AP)—There are things in this world you hear about all your life but never get to see yourself.

Ever make a list of them? Here is ours:

1. A man who ever threw a snowball at a man in a silk top hat.

2. Most kids are asleep when men go out in top hats.

3. A business executive who actually worked 15 or 16 hours a day.

4. Anyone who spends that long on the job must be juggling the firm's books.

5. The little man who wasn't there.

6. Any intellectual who would quote any other line from Gertrude Stein besides "A rose is a rose is a rose."

7. A successful career woman who would really rather be a housewife with five kids.

8. Toothpaste that would leave your mouth feeling fresh all day.

9. A hair tonic that would make beautiful girls chase you in the street.

10. A talking dog that could say a word that doesn't rhyme with roof.

11. A reporter who thought the desk had improved his copy of judicious cutting.

12. A garbage collector who gently placed the can back on the sidewalk.

13. Anyone who ever learned to play the piano, the guitar, or the kazoo by taking 10 easy lessons by mail.

14. A person who kept five cats and could still stand people.

15. A cab driver who ever said anything worth carving in bronze.

16. An Internal Revenue agent who suffered from insomnia because he felt he had been unfair to a taxpayer.

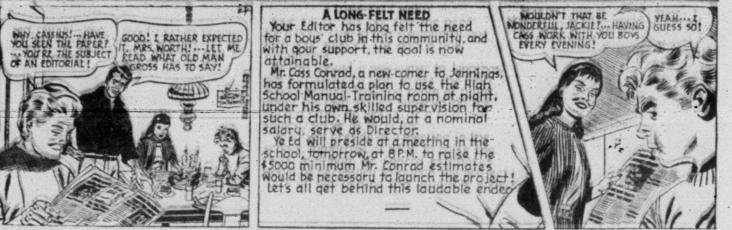

17. Any woman who actually died of a broken heart.

18. A wife who paid her divorced husband alimony.

Shingle Hairdo May Return, And It Has Plenty Of Merit

By INEZ ROBB
In general, the fashions of the John Held generation—with wandering waist and slack-sack trousers—no more vociferous enthusiasm in them than, say, bathtub gin.

But the general resurgence of the late 'twenties and early 'thirties continues, including widespread bootlegging of the cup that cheers before it chills. At least it did in the old days. Ask any retired blind tiger of the 'twenties how he got that way!

However, there have been strong hints recently in the fashion world of the return of a John Heldism I am prepared to welcome solely on the basis that it is a far, far better thing than any gimmick we have at present.

I refer to the return of the shingle hairdo, a stunning (in those days) but crew cut favored by chic chicks in a time when even strong men drank cocktails in which cow cream was an ingredient. Bobbed hair was no longer a novelty or a scandal in those days, but the shingle was 'way out.

The shingle was cut almost as short as a man's hair, but not quite. And usually it boasted spiky curls on each cheek. It was not a curl of beauty, but it was neat. And it made the female head look tidy. And that is why I am cheering for its return.

Anything is better than the so-called beehive hairdo, a slattern fashion over which the busy bee, who keeps a neat hive, could sue. Ninety-nine beehives out of a hundred can't be distinguished from a leaky can of hay in a high wind.

The chief trouble, I believe, is that most women today don't know how to deal with long hair. Our mothers and grandmothers could twist long hair into elaborate configurations 10 times as intricate as the beehive, slap hairpins in at the

Election Year Is Always Eventful

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—Each election year has its own predictable events. And this one is no exception.

There never seemed much doubt in 1956 that President Eisenhower would beat Adlai Stevenson again. But the world got complicated before election day that year.

It was the Hungarian revolt against Communism, its opposition by the Soviet Union, and the American decision not to intervene.

And there was the British-French-Israeli attack on Egypt when the Soviet Union threatened to get into it and this coalition possibly averted world war by intervening to the extent of telling the British, French and Israelis to quit and get out.

In the end none of these events changed anything in the election returns. Eisenhower swamped Stevenson again.

But there was a time when no one could confidently say he knew what might happen.

This year Vice President Richard M. Nixon is staying pretty quiet, riding the crest of the Eisenhower wave. The President still remains enormously popular and Nixon, by trailing along, can hope the Eisenhower popularity will rub off on him.

But this year, quiet so far, is going to be a busy one and the picture could change.

For example, if the summit conference where Eisenhower and Premier Nikita Khrushchev are the principals, is a success, it ought to help the Republicans and Nixon, the only Republican presidential candidate in sight, in next November's elections.

If the summit conference blows up, if relations between America and the Soviet Union turn sour and fierce, tension and uneasiness will build up in this country. Who benefits from that—Democrats or Republicans—is hard to guess.

As for the Democratic candidates, some of whom are running now with their tongues hanging out, the picture is not sure for any of them.

Sens. John F. Kennedy (D-Mass.) and Hubert H. Humphrey (D-Minn.) are doing the campaigning, the hard running, most of the speaking. Possibly Humphrey will get knocked off early. But that wouldn't give Kennedy (D) the Democratic presidential nomination.

No matter how he shows up in primaries there is still the convention where he could get sidetracked. Still, if he does, no one now can say confidently who'll get the nomination away from him.

Sen. Lyndon Johnson of Texas, one of the Democrats' presidential hopefuls, is a shrewd operator.

Between You And Me

By Jerry Jackson

"Organized confusion" would come closest to summing up the situation. Or possibly "semi-organized."

Anyway, that's fundamentally how things were up in Lubbock Wednesday night as the grunt 'n groaners grunted 'n groaned.

The curtain-raiser pitted Pretty Boy Collins of Dallas against El Mongol (translated, The Mongol), who hails from China, which covers quite a bit of territory, to say the least. The Pretty One is a platinum blonde with biceps, whereas Mongol Boy is striking in contrast, having black hair and a cute, accentuated pony-tail. Also a goatee, which isn't a baby goat at all, but rather a modest bit of a beard. And as flashy a gold tooth as has

ever been seen in ANY wrestling ring anywhere. Needless to say, that tooth served to keep all the ring-siders squinting from the time that he bounced cat-like through the ropes and discarded his imported lambskin robe to the final bitter grimace he evinced as the bell sounded saying, "That's enough, boys."

The bout ended in a draw, as the Blonde Menace was unable to pin the Chinese Bandit in an afternoon, and the one which El Mongol calls himself—in his native tongue, of course. Where he got that name is open to conjecture. Some say that he got kicked off the LSU team because the other players were getting jealous of his pony-tail and had begun to fight amongst themselves.

You Always Hurt The One You Love

NONETHELESS, every time Pretty Boy managed to get a half-way decent hold on him, El Mongol would bite him a good one on the nearest exposed part of his body, timing it so that the referee was never quite able to catch him in the act at the precise moment of contact. Collins carried on a running complaint with the ref. of course. As best I could tell from a layman's lip-reading viewpoint, he kept saying something about, "I ain't never in my borned days been bit by no gold-toothed Chinaman, and I just sure do wish that you'd go ahead and make him cut it out."

He didn't, however, and as brought out previously the

match ended in a draw. Next came the 2 out of 3 fall semi final event matching Strangler Stan and Gentleman Ed Sharpe against Alex Perez and The Mighty Ortega. They were all really pretty fellows, and it was all both referees could do to keep them in line. Lots of kicking in this one, with the Strangler and Sir Sharpe administering the final and deciding kick in taking the third fall.

Oh, yes, that "Gentleman" tag on Sharpe is misleading. He almost got obnoxious once or twice there, you see, and was always complaining that he thought his team was getting a raw deal.

Double Trouble

THERE WERE TWO MAIN EVENTS, only one of them didn't quite come off, it being the FIRST main event. The whole trouble was that let this fellow Tommy Phelps into the ring first, and he must have been a little bit mad at his opponent for the night from last week 'cause he just wasn't too overly sociable in his dealings with him.

His down-drodden foe was named Silento Rodriguez. He's called that because he's a deaf-mute and his folks probably thought that Silento would be a right good name for him under the circumstances.

Well, every time Silento would try to crawl up into the ring, here would come Unsociable Tommy and plant a boot in his face, with the result that Rodriguez would flop down on the floor and almost get knocked out, then would finally get up and try again. All the crowd was rooting for him to make it, but of course poor Silento couldn't mutter even so much as a word to let the referee know that he

thought he was getting gipped. Up he'd come, trying to get on the mat, then Phelps would ring the bell and kick him like he was some old bawd. Then in between times Phelps would walk around and try to look tough, holding his arm up from last week 'cause he just wasn't too overly sociable in his dealings with him.

Trying to look mean was a full-time job with him, though, since he looked a lot like Rudy Vallee. Anyway, the whole thing ended up in a brawl when the tag-team boys who had fought the previous bout sprang up out of nowhere and began to egg both of them on. Phelps flew out of the ring and landed right on top of already roused-up Rodriguez, who had just about "had it" by then. Then everybody began to pick up folding chairs, like maybe they meant business, so the law stepped in and put a stop to the whole thing. Oh, about that second main event, just forget it. It was anticlimactic.

Frogs Bop Steers In Season Finale

By The Associated Press

It was all over in the Southwest Conference basketball race Friday with the champion University of Texas Longhorns headed for Manhattan, Kan., and the NCAA regional playoffs.

But the Longhorns, who clinched the title Monday as Texas Tech whipped Southern Methodist, will take the memory of a stinging defeat with them to Manhattan. Texas Christian soundly beat the Longhorns 81-73 Thursday night.

In the other two games Thursday Texas A&M, a nationally-ranked quintet most of the season, beat Baylor 77-63 while Texas Tech was edging Rice 73-72.

The final night's work left SMU and the Aggies tied with 10-4 conference records behind Texas' 11-3 mark. Arkansas and Texas Tech finished with 7-7 marks to tie for fourth, followed by 6-8 Baylor, 4-10 TCU, and 1-13 Rice.

Texas' loss snapped a Longhorn victory string of 9 games. Tommy Meacham led the Frogs with 19 points but four other TCU players shot in double figures to make it a team job.

Donnie Lassiter led the Longhorns with 22 points while Brenton Hughes dropped in 17. Jay Arnette, the big Texas center and the conference's leading scorer, fouled out after scoring, only nine points.

TCU, avenging an earlier 98-77 loss to the Longhorns, grabbed an early 7-5 lead and were never

headed although the Steers knotted the score on five occasions. A late Rice rally at Houston fell short as Texas Tech drove to a 65-62 victory. David Craig, the great Rice shotmaker, led the scoring with 29 points. But it wasn't enough as the Raiders showed five men scoring in double figures with Roger Hennig's 16 points high for the team.

Craig became the fifth Rice player in history to score more than 400 points in a season. He finished with a 24-game total of 412.

Deadly shots from the foul line was the difference at Waco as the Aggies took their finale with Baylor.

The Aggies paced by Wilmer Cox's 24 points, made 29 out of a possible 34 charity shots while the Bears were sinking only 15 out of 26. Cox had a perfect evening at the free-throw line, getting 10 out of 10.

The final conference standings:

Early Wynn of the Chicago White Sox leads the American League's active pitchers in shutouts with 42. He had five last season.

State Cage Tournery In Full Swing

By JOE BENHAM

AUSTIN (AP)—Conference B teams battle for a chance at the championship, the medium-sized schools fight for third-place honors and the larger schools play for the first time today in the second day of the State Schoolboy Basketball Tournery.

South Plains powerhouse McAdoo meets Gilmer East Mountain in a Conference B game here today. The two teams which won their opening games Thursday.

Danbury meets defending Conference B champion Henrietta Midway in the day's second clash. Ingleide and Llano, which dropped a pair of Conference A openers, try for third-place honors in the other morning game.

The afternoon opener sends Del Rio against League City Clear Creek to decide third place in Conference AA.

Other afternoon and night games gave fans at the University of Texas' Gregory Gym their first look at the Conference AAAA and AAA teams seeking to replace Pampa and Houston Smiley as state champs.

South San Antonio faces Fort Worth Castleberry and Houston Aldine meets Lamesa in AAAA action, while AAAA pairings send Beaumont South Park against Dallas Oak Cliff and Borger against Austin Stephen F. Austin.

Opening day put one record into the books. George Scott's 43 points for McAdoo against Wink was the highest single-game total recorded in Conference B action. It broke the 30-point mark set by Kelly Jim Duncan of Cavuya in 1950.

Humington, seeking the Class A championship for the second year in a row, reached the finals with Thursday's 56-42 victory over Ingleide.

Sunray became the other Conference A finalist by taking a 45-30 victory over Llano. Dimmitt, the 1952 Class A champion, ruined the hopes of 1953 Class AA champ Belton to make it three titles in three years as the Bobcats took a 65-62 victory.

The tournament's only unbeaten team, Linden-Kildare, wrapped up victory No. 30 at the expense of League City Clear Creek, 61-51.

All-American Cagers Named

By TED MEIER

Associated Press Sports Writer NEW YORK (AP)—The "Big O" and the "Cabin Creek Comet" top the 1960 College Basketball All-America announced today by The Associated Press.

That means of course, Oscar Robertson of the top-ranked University of Cincinnati Bearcats, and Jerry West of West Virginia's Southern Conference champions.

These two seniors, regarded as the best college players of the season, topped the voting by 329 sports writers and broadcasters from all parts of the country.

Rounding out the first team is Jerry Lucas, famed sophomore of Ohio State's Big 10 champions; Darrall Imhoff, 6-foot senior from California's defending NCAA champions; and Tony Jackson, a junior from St. John's University of New York, the defending NIT champion.

Robertson polled 311 first place votes in making the All-America for the third straight year. West, the only other repeater from 1959, also repeated, received 304. Lucas polled 253 and Imhoff 234.

There was a big spread in the voting thereafter, with Jackson beating out Tom Smith of St. Bonaventure for the first team, 61-58. Smith, a junior second only to Robertson among major college scorers, was named to the second team along with sophomores Terry Dischinger of Purdue and Chet Walker of Georgia Tech and senior Len Wilkins of Providence.

Lee Shaffer of North Carolina, Billy McGill of Utah, Horace Walker of Michigan State, Bill Kennedy of Temple and Tiny 5-6 Dick Hickox of Miami (Fla.) were named as a third team. Hickox, perhaps the smallest player in major college ranks, led the Hurricanes into the NCAA tournament with their best record ever.

Dave Debuschere of Detroit, Jimmy Darrow of Bowling Green, Frank Burgess of Gonzaga, York Larese of North Carolina, Chris Smith of Virginia Tech, Jeff Cohen of William and Mary and Jay Arnette of Texas top an honorable mention list of 25. Those on the first three teams will receive certificates from The Associated Press.

Robertson, a 6-5 wizard from Indianapolis who has broken about every collegiate scoring record with the exception of Frank Selvy's single game high of 100 points, is the "greatest college basketball player we have ever had anywhere." That is the opinion of the Cincinnati coach, George Smith.

West's loyal followers believe he is just as good, if not better than the "Big O." The 6-3 star from Cabin Creek, W. Va.—hence his nickname—has kept West Virginia near the top of major college teams for three straight years and for the second straight year has been named the basketball player of the year in the Southern Conference.

The advent of the 6-8 Lucas inaugurated a new winning era at Ohio State. He's a winning player in that of 99 games as a varsity high school and college player he's been on the winning side 95 times.

Imhoff, who scored the basket that brought California its first NCAA title a year ago, is an outstanding individual and team performer for the Golden Bears.

Lucas, a tremendous rebounder for a 6-4 player, is vastly improved over his sophomore year when he led St. John's to the 1959 NIT crown.

Seminole In Twin Win Over Tigerettes

SEMINOLE—Snyder's Tigerettes absorbed a twin licking here last night in a pair of volleyball games, as the "A" team went down by 20-15 and the "B" team were taken to the tune of 30-22.

Three girls shared high point honors for the local varsity six, including Donna Taylor, Alma Nell Evans, and Helen Iverson. The Tigerettes came out from under a 6-12 halftime deficit to play an even terms throughout the second half, but the Seminole lead proved to be too great to overcome.

Jackie McNabb was the pace setter in the "B" team's young effort, as she took high point honors for her sixth set.

The Tigerettes swing into their conference play this Tuesday here in Snyder as they host Colorado City in a pair of games.

The lifts will be played in Tiger Gym, the "B" contest starting at 8:30 and the varsity encounter following at 7:30.

Texas, ACC And Houston Border Picks

LAREDO (AP)—A tight fight among Texas, Houston and Abilene Christian College was projected today as the huge Border Olympics opened.

Junior college and high school athletes were the first to hit the courts in this meet that has drawn 1,063 runners and jumpers from 88 schools.

The university class, with nine teams, gets going Saturday as Texas defends its championship against power-packed Houston and ACC.

Coach John Morris of Houston said he expected there would be a range of about seven points among the three favored teams.

East Texas State, with awesome strength, puts its title on the line in the college division which has 13 teams. This class also swing into action Saturday.

There were a dozen record potentials in the two major classes but the university division was robbed at the last minute of a promising duel in the 2-mile between Tom Ahlberg of Southern Methodist and Al Lawrence, Houston's world indoor record-holder. Lawrence withdrew to go to Australia to try out for the Olympic team. Ahlberg, who set the record of 9:16 here last year, will

have a most formidable opponent anyway. John Macy, Houston's 100-yard distance runner, will go against Ahlberg. It should produce a record.

Texas doesn't have many record prospects but it does have a big squad—31 men—to gather in the points for a repeat with the title.

Abilene Christian has such stars as half-miler Jarrell Edwards, miler Jim Reeves, weightman Rayford McElhinney and hurdler Bobby Weise to contend for the records and Texas' championship.

Houston comes up with star discus thrower Bobby Weise to go with its distance runners as probable record-smashers.

There also will be a special 100-meter dash matching Eddie Southern of Texas, Bill Woodhouse of ACC, Jimmy Weaver of North Texas State and Ray Justice of Fort Sil, Okla.

School Personnel To Be Recognized In Diocese

Superintendent of Schools, T. E. McCollum, will speak briefly at the morning worship hour at the First Baptist Church when all public school officials and teachers will be recognized in a special service. Others having a part in the worship service are Ralph Lawell, Junior High Principal, Silas Develport, Northeast Elementary Principal and T. D. Wiman, High School Principal.

The pastor, Walter A. Mitchell, will preach on the subject, "Stewardship of Life" with a solo, "How Lovely Are Thy Dwellings" to be sung by Mrs. J. C. Barnett. The message for the evening worship service at 7:30 p.m. is "A Blessed Campaign."

Sunday marks the first day of the Prove Your Love Campaign for this month. It is designated to reach members of the church, the unenlisted and prospects for the church. It is hoped that during the month of March that the attendance in all organizations will increase as efforts are made to have the best attendance ever reached in the church.

March 7 through 11 is the Annie Armstrong Week of Prayer for Home Missions. Women of the church will meet each day to study the needs and to pray for missions on the home fields. Monday evening at 7 p.m. the women will meet for program and prayer. Tuesday at 11 a.m. there will be a playlet presented on the life of Miss Annie Armstrong who gave her life in the cause of Home Missions, followed by a luncheon. Wednesday evening at the prayer service the pastor will bring a message on missions and show slides of some of the frontier western mission points supported by Southern Baptists. Thursday is visitation as the members of the church go afield to witness. Friday at 9:30 a.m. the women will meet to see the film, "Home Missions in Action" depicting the various areas where home missionaries serve.

Last Sunday night in the youth fellowships over 70 participated. This Sunday the Young People will take a program on hymnology to the Snyder Nursing Home during the Training Union hour after they have had light refreshments at the church. Intermediate II Training Union will meet at the parsonage, 2607 Thirty-fourth Street, for fellowship.

Catholics Set First Census In Diocese

Plans for the First Catholic census in the Diocese of Amarillo will be outlined at an orientation meeting Tuesday, March 8, at 8 p.m. at the Katherine A. Ryan School, Snyder.

The Rev. Joseph Brennan, assistant pastor at St. Elizabeth's Catholic Church, Lubbock, who will conduct the meeting, said parish chairmen and captains of the Snyder Deaconry have been urged to attend. The diocesan census will be conducted by the Diocesan Council of Catholic Men on the Sundays of March 20 and 27.

Following the Snyder briefing, the parish chairmen and captains will hold meetings in their individual parishes to instruct those men who will assist in the household canvass.

Purpose of the census according to Bishop John L. Morkovsky, is to determine the exact number of baptized Catholics living in each parish and mission of the 73,000 square mile diocese.

Officers of the Snyder deaconry of the DCCM are the Rev. John O'Connell, O.M.I., of Holy Family Church, Sweetwater, deaconry moderator; J. L. Wadleigh of Snyder, president; Joseph Murry of 1610 Bristol Drive, Sweetwater, vice president; Walter Terrell of 901 Locust St., Sweetwater, secretary; and Rudy Lotz of Rotan, treasurer.

The District Ladies Auxiliary of the West Texas-New Mexico Association of Missionary Baptist Churches will meet on Friday Night with the Northside Baptist Church. The program is entitled "Dedicated to God's Service" and parts will be given by Calvary Baptist Church, Lamesa, Lakeview Baptist Church, Seminole, Hillcrest Baptist Church, Lamesa, Beacon Baptist Church, Odessa, and the Missionary Baptist Church, Hobbs, N.M.

The congregation is entering the final phases of its building program to erect the first unit, which will include a parish hall and Sunday School wing. In addition to the pending effort, construction drawing will now be perfected.

Every Saturday at 11:45 a.m. Rev. Lentz presents Religion in the News over station KSNV.

T. E. McCOLLUM

Street and Avenue Q. State services include Sunday School at 9:45 a.m., morning worship at 11 a.m., Training Union at 6:15 p.m., evening worship at 7:30 p.m. and mid-week services at 7:45 p.m.

Eight nurseries are open for services, with a registered nurse available.

Supervisor To Visit Witnesses

The Snyder congregation of Jehovah's Witnesses on Clairmont Road is making preliminary plans for a week's visit by their circuit supervisor, Russell F. Armacost, March 8-13.

"The purpose of this visit by Mr. Armacost," J. D. Cook, presiding minister, said, "is to provide Bible instruction and a better understanding of prophecy, to enable Witnesses and others to apply Bible principles more fully to their everyday lives and to train them for more efficient ministerial activity."

Tuesday, March 8, beginning at 7:30 p.m. the Bible classes will be conducted. The first is to improve speech and speaking ability with practice sermons given by the students enrolled. The other is a ministry improvement class.

Sunday, March 6, will be the first Sunday in the "Show Your Faith" campaign held by the Northside Baptist Church and the

continue throughout the month of March.

The last Sunday in this month will be special "Show Your Faith" Sunday, with the church striving for a record attendance. The campaign challenge is based on Luke 8:22 in which Christ asks, "Where is your faith?" This question is a challenge to each member to show his faith. The task of the leadership of the church is to bring each member to say with James, "I will show thee my faith by my works." (James 2:18)

During the campaign each member and prospect will have the privilege and opportunity to show his faith by these and other works: By entering wholeheartedly into the campaign; by being present in every service; by visiting and seeking to enlist others; by using his talents and influence for Christ, and by praying for and witnessing to the lost.

In connection with the campaign, Rev. Jack Dean, pastor of the church, will preach Sunday morning on "Have Faith—Will Prove" and his Sunday night topic will be "Why Christ Died."

Calvary Baptist

"The Sovereignty of God," based on the 9th chapter of Romans, will be the topic of the Rev. T. Gerald Cates for the 10 a.m. Bible Study period Sunday at the Calvary Baptist Church.

At the 11 a.m. worship hour, Rev. Cates will have as his subject, "The Parable of the Talents," and at 7:30 p.m. he will preach on "Saving Religion, A Religion of Faith."

First Christian

"The Three Cs" will be the sermon topic of the Rev. John W. Reeves, pastor, at the First Christian Church here Sunday morning. The choir will sing an anthem at the Sunday morning service.

The official board of the church will meet Wednesday at 8:15 p.m. in the fellowship hall.

Dear Mr. Feather:

We have always heard that there is a little bad in the best of us, or perhaps, a little good in the worst of us, but we haven't found anything but good in the very fine church feature page which is published each week in the Daily News.

We have always been a sponsor of this feature, which is a very definite aid to the program of service offered by the churches of our community. Actually, we are happy to be a sponsor and we know the other fine firms are equally happy. As long as the page contains the type message that it has in the past, we will continue to give our support. The art is always good and every message to give our support. The art is captivating. The feature contains meaningful, dignified and can well afford to live by.

Again, may we say thank you for this page, and especially for the opportunity to help the cause of God and our churches through this combined effort.

Sincerely yours,
Wayne Potts

Our Symbol

One of our most treasured relics is the Liberty Bell. It is so-called because it was rung on July 8, 1776 to summons the citizenry for the terse announcement that the Declaration of Independence had been adopted. Today, it remains the greatest symbol of a nation free from tyranny in government and intolerance in religion... that nation is America.

But one fact often overlooked is that when the historic bell was originally cast its makers turned to the Bible, to Leviticus, for the words inscribed around its contour: "Proclaim Liberty throughout the land unto all the inhabitants thereof." What a beginning! What a heritage! What a privilege to be a son or daughter of Freedom's Land. What a blessing to be an American.

How great is our Symbol!!!
