THE SNYDER DAILY NEWS

VOL. 8, NO. 5 — SNYDER, TEXAS, MONDAY, MAY 6, 1957 — EIGHT PAGES—PRICE 5c

SAILING THE HARD WAY—Sailing a racing dinghy has its moments of tension for Mrs. Jim Kenny, of Chichester, England. Her husband, background, is rear commodore of a sailing club. Scene of this action is Chichester harbor—and this near-horizantal pull continued for nearly 30 miles.

Teamsters Union Rapped

WASHINGTON (AP)—The AFL-CIO Ethical Practices Committee today charged the giant Teamsters Union with failing to clean up alleged corruption and gave the union until May 24 to answer.

The delay was requested by Teamsters President Dave Beck and fellow union leaders at a two-hour closed hearing before the AFL-CIO committee.

Beck and the Teamsters Executive Board were presented with a 22-page listing of complaints against the conduct of Teamsters officials, topped by the allegation that the union's board has demonstrated no intention of conducting an investigation or cleanup.

The Ethical Practices Committee's detailed charges included references to Beck's refusal to tell the Senate Rackets Investigating Committee about his acknowledged used of large sums of his union funds. But the charges also referred to allegations against many other national and local Teamsters officials.

The Teamsters board, headed by Beck, entered the meeting with a statement denouncing the charges against the union as "malicious and unfounded slander."

After the hearing, Beck said the Executive Board would meet this afternoon, presumably to discuss the 22-page charges.

In a statement, Beck said some of the charges were based on "hearsay and secondary sources" while others raised "serious legal and policy questions affecting personal and constitutional rights of some of our individual officers and members."

"Under the circumstances, and because of this committee's delay in providing us with any information until this morning, it will be necessary for us to fully consider all the matters which have been presented this morning before we can state our position thereto," Beck's statement said.

"We shall attempt to do so within a reasonable period of time," he added.

In addition to Beck, the committee's bill of particulars specifically named two Teamster vice presidents—Frank W. Brewster, boss of the Western Conference of the union; and Sidney L. Brennan of Minneapolis — and what it said was the apparent failure of the Teamsters to take action.

The Ethical Practices Committee's 22-page bill of particulars noted that Beck repeatedly invoked the Fifth Amendement's protection against self-incrimination when questioned by the Senate Rackets Investigating Committee about his handling of union funds.

The document then said: "His constitutional right to do so is recognized.

"It does not appear, however, that the international union has undertaken, or proposes to undertake, any investigation into whether its president was in fact guilty of personal corruption in the handling of union funds and in the conduct of union affairs and invoked the Fifth Amendment to conceal that fact."

All major figures in the Teamsters Union, except for Brewster, attended the meeting with the AFL-CIO committee.

Beck, who is under indictment on income tax evasion charges, and James R. Hoffa, a Teamsters vice president who is under indictment for conspiracy to bribe a Senate Rackets Committee investigator, chatted and posed for pictures with hands on each other's shoulders outside the AFL-CIO headquarters.

The AFL-CIO hearing could lead to ouster of the Teamsters Union from the federation. In that event, the AFL-CIO might seek to organize a new union of truck drivers.

The Teamsters board has served notice it will fight any attempt "to break up or interfere with our organization."

The board statement given to newsmen spoke of the Teamsters long tradition in the labor movement and success in achieving collective bargaining gains.

It said the AFL-CIO charges were based on a "belief this democratic organization is 'dominated, controlled or substantially influenced in the conduct of its affairs by corrupt influence.'"

"We deeply resent, and we vigorously deny this malicious and unfounded slander of our membership in our official family, local and national," the statement said.

"ROCK HOUND"—Cute Betty Stein, one of San Antonio's Poster girls has been chosen "Miss Precious" by the Texas Federation of Mineral Societies to reign during their National Gem and Mineral Show to be held in San Antonio. A freshman co-ed at San Antonio College, Betty will be official hostess for the show with its expected attendance of 12,000 "Rock Hounds".

Four Rigs In South Borden County Are Being Picketed

GAIL (Spl.) — Oilfield drilling workers, unionized only a few weeks ago in this area, were picketing four rigs in south Borden County today in the first strike of this area since their organization.

No rigs had yet been shut down today, since there were still enough non-union workers on the job to keep drilling.

It had not been learned this morning what demands were being made by the union.

Texas rangers were being sent into the area as the result of near-violence last night. Frank Garrett of Midland, vice-president and drilling superintendent for Cactus Drilling Co., which has two of the rigs being struck, said about 150 men went out to the locations last night, crowding up to the rigs and trying to get remaining workers to leave.

Five workers did quit work, but the remainder stayed on the job and kept the rigs running.

Besides the two Cactus rigs, others being struck are one rig of Denver Drilling Co., which is drilling for Continental Oil Co. on the Tom Good lease, and one rig of Black Drilling Co.

Reportedly, all the rigs being struck are in the areas of the Good Field and Jo Mill Field in Borden County.

The Borden County sheriff's office said this morning that three rangers were being called into the area to aid Sheriff Sid Reeder in case violence breaks out. Two of the rangers, Capt. Raymond Waters of Lubbock and John Wood of Midland, were already in the area, and another, Gene Graves of Sweetwater, was on his way.

O. W. Clark of Odessa, district representative for Local 672, International Union of Operating Engineers, said the local has 16 pickets on county roads approaching the four wells.

The strike started yesterday afternoon. There was no word whether it will spread to other rigs.

Flooded Streams Start To Recede

Snyder had its first full day of sunshine Sunday since April 24, but weather forecasts this morning indicated that more cloudy weather, with some possible rain, is in prospect.

Temperatures were unusally low over the weekend, dipping to 43 degrees Saturday night and 45 degrees Sunday night. The high Saturday was only 53 degrees, while the mercury climbed to a mere 67 degrees Sunday.

There was only a trace of moisture over the weekend, which came in the form of a light mist Saturday.

The Weather Bureau predicted increasing cloudiness today for West Texas, with possible light rain late this afternoon and tonight.

By The Associated Press

Rain-swollen rivers and streams were fast receding to normal levels in flood-weary Texas Monday after nearly three weeks of turbulent weather.

The Weather Bureau said dry, cool air was being circulated across the state by a low pressure system moving north of Texas.

There was no significant rainfall Sunday and the Weather Bureau forecast clear to partly cloudy skies except for a few showers in the Rio Grande Valley.

At Wichita Falls, where dozens of families were forced to flee their homes, things were returning to normal. Wichita Lake was reported seven or eight feet lower than Sunday's level and Holliday Creek was rapidly receding. High water flooded streets in Wichita Falls late last week.

On the lower Sabine in deep southeast Texas, the river was still running at a high level, but the flood threat to Deweyville appeared past.

The few persons still away from their homes in Wichita Falls were expected to return Monday.

A threat to a million dollar bridge across the Brazos also appeared to be over. Patrolman J. W. Barton of Cleburne said the river rose 18 inches in 12 hours Sunday, but the water was still six feet beneath the bridge.

Louisiana was getting the brunt of the flood threats Monday. The Red River threatened Clarence and Powhatan after cresting at Shreveport. The river forced hundreds from their homes and swept over thousands of acres.

The Sabine River also was reported rising at Logansport on the Texas boundary. A crest of 40-41 feet was expected Tuesday.

The Texas floods caused total damage that could not be calculated. The Red Cross estimated some 9,000 persons fled homes during the period of high water and 2,000 homes were destroyed or damaged. Some farm crops were washed out and heavy rains delayed or prevented planting.

The state estimated the floods caused five million dollars damage to government facilities. A million dollar grant was allocated by President Eisenhower for repair of public property.

More engineers were being flown to flood-damaged areas over the weekend to expedite field survey work.

The Federal Civil Defense Administration and State Civil Defense and Disaster Relief Office have assigned three disaster teams to survey the damage to city, town and county facilities following the declaration of a major disaster by President Eisenhower.

Service Held For McCarthy

WASHINGTON (AP)—The Senate chaplain eulogized Sen. Joseph R. McCarthy as a "fallen warrior" in the cause of Americanism today in a funeral service in the Senate chamber where the Wisconsin Republican was a storm center in life.

The Senate ceremony, unusual in recent years, followed a solemn funeral mass at St. Matthew's Roman Catholic Cathedral.

At the cathedral services, drawing a crowd of more than 1,100 which overflowed the pews, a churchman called the senator a fearless "watchman of the citadel" who revealed to millions of Americans the threat of communism.

McCarthy, 48, died late Thursday from an acute liver ailment.

The service in the Senate chamber was the first since the 1940 funeral of Republican Sen. William E. Borah of Idaho.

Mrs. McCarthy, the former Jean Kerr, fought back tears as she left the cathedral for the trip to the Capitol,

Standing at attention in the bright sunshine outside the church was a Marine honor guard which later was moved to the Capitol and formed a double line through which the flag-draped casket was carried up the steps to the Senate wing.

McCarthy was a Marine veteran of World War II.

Vice President Nixon and other high officials attended the ceremonies. President Eisenhower sent an aide, I. Jack Martin, as his representative.

In the Senate ceremony, the Rev. Frederich Brown Harris said the furor over McCarthy's investigating methods in the early 1950s could be forgotten in this solemn hour.

Now, the Senate chaplain said, "there is the peace of a calmer appraisal" in which all Americans can hail "his clearly defined objective—which was to expose cunning foes who under cowardly cover plot the betrayal of our freedom."

"And so," Harris said, "this fallen warrior through death speaketh, calling a nation of free men to be delivered from the complacency of a false security and from regarding those who loudly sound the trumpets of vigilance and alarm as mere disturbers of the peace."

New Courses For Schools Under Study

AUSTIN (AP)—The State Board of Education deferred action today on proposed high school curriculum changes pending further committee study.

Because of requests for further study on problems such as the shortage of teachers, the committee will resume its job again. It hopes to report at the June meeting.

The committee recommendation thus far is that new courses be made available and changes made in requirements for graduation.

New courses would be made available in many schools under a report prepared by a committee, changing requirements for graduation.

Cecil Morgan of Fort Worth, chairman of the committee, said accredited high schools would be required to make these courses available every year or on alternate years beginning in September 1958:

Four units in English, three of which would be required for graduation.

One unit in world history, one unit in American history, one-half unit in government, all required for graduation.

Four units in mathematics, including algebra, geometry and general mathematics, with two units of mathematics required for graduation.

Four units in laboratory science including general science, biology, chemistry and physics with two units required for graduation.

Enough elective units to make alternatives available to students.

The committee suggested that no limitation be put on the number of electives a high school may offer, but the above list specifies 14½ units which every high school must make available, with 9½ of those specified units required for graduation. Each student must then choose enough elective courses so that he will have a minimum of 16 units over and above those required in health and physical education.

The committee also recommended an adequate program of health and education and foreign language "if there is demand."

The committee proposed that the state commission of school accreditation be asked to determine the manner in which two units of vocational education courses might be substituted for one year of general science. "Scientific concepts" included in such courses as agriculture would justify the substitution, the committee said.

The committee also recommended that the one-half unit in government should include an intensive study of the state and federal constitutions.

It recommended that the new requirements be introduced voluntarily by local school districts in September 1957. They would become mandatory for accredited schools beginning with the 1958-59 school year.

The committee also suggested a further comprehensive study of the high school curriculum be made to raise and made more uniform public school standards.

Eden Goes To Ottawa

BOSTON (AP)—Sir Anthony Eden, tanned and smiling, took off for Ottawa by plane today for a two-week visit and further rest after surgery last month for a bile duct obstruction.

Hears Noise, Shoots Aunt

WAYNE, W. Va. (AP) — Buddy Claxton, 15, told police he heard a noise outside his farm home last night, picked up a rifle and queried "Who's there?"

There was no answer, he said. He heard a door slam on the family's parked car. He fired.

His aunt, Mrs. Anna Pauline Hysell, fell dead. She couldn't have heard her nephew's query or reply. She was a deaf mute.

State Police Cpl. O. S. Neely said he is going to investigate further.

"There are some peculiar circumstances in the case," the corporal said without elaborating.

Mrs. Hysell, a divorcee, lived with her mother, her two children and the nephew on a farm near the Kentucky border.

The corporal was told the family had been nervous about thieves" recently because gasoline was taken from the car.

Man Kills His Wife And Shoots Himself

COLUMBUS, Ohio (AP) — Mrs. Thelma Robinson, 25, died today 19 hours after she was shot in the head by her husband, Paul, 27, who later took his own life.

Police said Robinson, a construction worker from Olton, Tex., shot his wife and then fired a revolver bullet into his right temple because she threatened to leave him and go back to her home in Amarillo, Tex.

Budget Use Is Explained

FORT WORTH (AP)—State Comptroller Robert Calvert told tax men today where the state is going to spend a two billion dollar biennial budget.

Speaking before the Tax Assessors and Collectors Assn., Calvert said education is going to get the biggest bite, 40 per cent.

Second, Calvert said, will be highways, and third, public welfare. The three, he pointed out, will spend 80 per cent of the entire budget.

Calvert said the general fund, only one of 200 state funds, will be tapped for 310 million dollars, an increase of 100 million.

He withheld comment on possible pay raises for state employes and for Texas school teachers.

Local Stage Band Leaves For Tour

The Snyder High School stage band, perennial winner of the top class in the state stage band contest left this morning on a tour of Central Texas.

A total of 21 students are making the trip under the leadership of Melvin Montgomery, director of instrumental music for the schools here.

This is the first tour ever taken by the band, which had concerts scheduled in San Angelo, Brady, Austin, Marlin, and Killeen.

The group was to play this morning at San Angelo High School and this afternoon at Brady High School.

The band will spend tonight in Austin, and tomorrow it will play concerts at Travis High School in Austin during the morning and at the University of Texas during the afternoon.

On Wednesday the band is to play at Marlin High School during the morning and Killeen High School during the afternoon, coming home after the Killeen concert.

MAY 15 DATE SET

Adjournment Talk Spreads

AUSTIN (AP)—A plan calling for final adjournment of the Legislature May 15 was talked in the House today.

Rep. Harold Parish said he would introduce the final adjournment resolution tomorrow, the 120th day of the session. Legislators begin work for no pay Wednesday.

If both houses adopt a sine die resolution, they can not back up and whatever legislation is finally enacted must be pushed through before that date.

Parish said that his resolution would have heavy backing in the House.

The Senate concurred in House amendments to a bill setting up a state securities-regulating agency, sending it to Gov. Daniel. The securities bill would take insurance securities regulation away from the Insurance Commission and abolish the securities division under the secretary of state which administers other securities matters, combining them under one head.

As lawmakers got back on the job, with much of the 55th session's major work still listed as unfinished business. There were some prospects of final action on the proposed 200 million dollar water reservoir construction aid plan.

It all depends on Sen. George Parkhouse of Dallas. He is chairman of the Senate Water Committee and past chairman of the between-session Texas Water Resources Committee, which under his leadership drew up the program. The House approved the conference committee report on the proposed constitutional amendment (HJR 3) for the plan.

Parkhouse has been at odds with Sen. Ottis Lock of Lufkin about the program. Parkhouse wants to get the Senate to approve another 100 million dollar water development program, whereby the state would use the money to buy storage space in yet-to-be constructed federal reservoirs. Lock said the main program is enough and the second would cost money.

The senator said last week he would dump the entire program if Lock did not support the water storage space plan. Later he said he would go ahead with the aid plan which would be self-paying, but wanted Lock "to sweat it out a little."

Europe Has Cold Snap

LONDON (AP)—A freak cold snap gripped Europe today. Snow fell over much of the Continent. There was heavy damage to crops in Britain, France and Italy.

Testimony Resumed In NAACP Hearing

TYLER (AP)—Testimony was resumed today in the permanent injunction hearing against the National Assn. for the Advancement of Colored People.

The state is seeking to ban the NAACP from Texas on charges of soliciting integration lawsuits, making a profit while chartered as a non-profit organization, and other matters.

The organization now is under temporary injunction which bans it from operating in Texas.

There was continued talk today of a possible compromise and attorneys conferred during the morning.

Waco Traffic System

WACO (AP)—A $150,000 electronic system to control downtown traffic was put into operation here yesterday.

SCIENTIFIC SNAFU

Old 'Sad Sam' Is Up A Tree

MINNEAPOLIS (AP)—A stratosphere balloon flight, designed to test high altitude parachute equipment but frustrated by a scientific snafu, ended in a tree in northeastern Iowa today.

A spokesman for General Mills, Inc., builder of the balloon and gondola which carried dummy parachutist "Sad Sam" to 90,000 feet, said either the gondola or balloon or both had come to earth near Cresco, Iowa.

"Sad Sam," he said, apparently rode the gondola to earth.

It was not learned exactly when the balloon came down, but technicians said it was "sometine during the night."

"Sad Sam," attached to the gondola, was to have been used as a guinea pig in a test preview of actual manned Air Force experiments from approximately 90,000 feet later this year.

Failure of release devices prevented him from bailing out.

The balloon was sent aloft from New Brighton, near St. Paul, Minn., early yesterday morning. Before skies turned dark last night the 275-foot plastic bag was visible over Red Wing, Minn., about 55 miles south of the launching site. Cresco is about 140 miles south of the twin cities.

Technicians hoped the balloon would come down before long, that someone would spot it and report the find promptly.

It was sent aloft at dawn yesterday by General Mills, Inc., to test the gondola to be used in this summer's manned Air Force "high dive" bailout project over New Mexico. The dummy fastened to the outside of the gondola was dubbed "Sad Sam" by Capt. Henry P. Nielsen of the Air Force, who has volunteered to make a similar ascent next summer and then jump 90,000 feet to earth.

Capt. Nielsen, of the Wright Air Development Center's Aero-Medical Laboratory, Dayton, Ohio, set the record for high altitude bailout in 1954 when he parachuted from a B47 bomber flying at 45,200 feet.

The balloon launching went smoothly. The balloon climbed to 90,000 feet without a hitch.

But trouble developed in two systems designed to drop the dummy and the valuable gondola. Neither remote control nor an automatic timeclock device would dislodge Sad Sam. The plan had been for the dummy to be released first, with the gondola following on its own chutes moments later.

Handling Of Soil Bank Is Blasted

WASHINGTON (AP)—House investigators say some farmers have collected federal insurance for crop failure on the same land for which they received soil bank payments not to grow crops.

A House Agriculture-Appropriations subcommittee listed this and other instances of what it called "lax handling" of federal soil bank funds last year in a report of hearings made public today.

The general reply of Agriculture Department officials was that the soil bank law was passed late in the season last year and rushed into effect with the result that some unusual payments undoubtedly were made. They termed this a "1956 peculiarity" that they said "won't happen again."

The subcommittee's investigators also reported, according to the hearing testimony, that in other instances, farmers were paid for not planting corn on land on which they were legally forbidden to plant corn.

And in some cases, investigators say, farmers were paid for taking land out of one type of wheat and then in turn were paid a premium for planting it in another type of wheat.

These reports were the subject of sharp criticism from committee members considering Department of Agriculture requests for a billion dollars to pay farmers during the 1958 fiscal year to place part of their surplus producing cropland in the soil bank.

Subcommittee Chairman Whitten (D-Miss.) told Asst. Secretary of Agriculture Marvin L. McLain that findings of staff investigators on handling of soil bank funds "surprise me."

Whitten said it appeared that soil bank payments were "dished out" just before the 1956 fall elections to offset dropping farm income in the Midwest farm belt.

The bulk of soil bank funds in 1956, or approximately 169 million dollars, went to Midwestern corn belt farmers.

McLain told the subcommittee that the soil bank law was "dumped in our lap" late in 1956, and "we have to administer the law the way it is laid in our lap."

McLain said it was generally agreed "that we did not accomplish much in 1956 (in reducing production) simply because the crops were all planted and the only crops we got were those that did not amount to anything."

Whitten asked about the double payments—for crop failure and soil bank participation involving the same land—as reported by investigators.

Howard J. Doggett, director of the Soil Bank Division of the Commodity Stabilization Service, explained that "by and large" crop insurance was paid in these cases on "destroyed crops," and said:

"We didn't see how we could abrogate a contract that had already been entered into between crop insurance and the farmers."

Whitten said an analysis of the investigative report shows that much of the 169 million dollars of soil bank payments in the corn belt "was made on land that was not even planted to corn" and that under the acreage allotment section of the soil bank law could not be planted to corn.

McLain said the department followed the law, but "some of these things were bound to happen."

Tiny Town In Danger From Flood

SHREVEPORT (AP)—Tiny Powhatan, 50 miles south of here, was in danger "of being washed off the map" today as the maddened Red River engulfed thousands of acres in north Louisiana.

The turbulent stream forced hundreds from their homes as it swept across low-lying areas yesterday. There was no accurate estimate on the number of evacuees or the acreage flooded.

The river went over a low spot in the levee at Powhatan as hundreds fought the flood waters along a 60-mile front. Clarence, 50 miles south of Shreveport, also was threatened.

The Weather Bureau reported the river gauge at Powhatan, Grand Ecore and near Natchitoches read 40.2 feet with a 42-foot stage forecast by nightfall today. Flood stage is 33 feet.

Sheriff Earl Morris of Natchitoches, seven miles west of Clarence, said the river might wash Powhatan away.

Patrols watched sandbagged river stretches with some danger still existing from seepage. About 300 men from Barksdale Air Force Base worked with gangs from penal farms to stop any new threat.

Water poured through gaps as wide as 30 feet at some points in the levee, but the holes were plugged before causing too much damage.

The Kansas City Southern Railroad closed its line from Shreveport to Alexandria through Coushatta. U.S. 71 from Shreveport to Alexandria was under water for about four and a half miles on Bossier Parish with the water one foot deep in places and still rising.

Logansport reported the Sabine River on the Texas boundary was still rising with large areas in Texas under water. The river was 18 inches higher than Saturday at 38.5 feet with flood stage 25 feet. The crest tomorrow is expected to reach 40-41 feet.

THE EMPEROR IS 56—Emperor Hirohito of Japan works in his laboratory aboard his 50-ton yacht carrying out his hobby: marine micro-biology. This is, perhaps the most informal birthday picture of him ever published as he observed his 56th birthday. A luncheon was given him by distinguished Japanese while the diplomatic corps was entertained at a tea party in observance of the occasion.

Toss Bombing Is Perfected By Air Force

EGLIN AFB, Fla (AP)—The Air Force said today the Boeing B47 Stratojet has successfully accomplished the "toss bombing" maneuver for delivery of an atomic bomb.

This was "a revolutionary addition to strategic bomber tactics and a complete departure from earlier employment of this tactic," the air force said.

In the toss bombing maneuver, the aircraft enters the bombing run at low altitude to avoid radar detection and then pulls into a sharp climb.

The bomb is released while the craft is climbing and the plane rolls out on top of a half loop and speeds away in the opposite direction. The bomb travels through a high arc and falls on target a great distance from the point of release.

The maneuver enables the bomber to be a considerable distance away when the bomb detonates.

U.S. Tanker Is Boycotted

DAMASCUS, Syria (AP) — The Arab League boycott headquarters today blacklisted the American tanker Kern Hills for carrying oil to israel.

The 10,441-ton vessel will be barred from all Arab ports under the order.

The league charter provides that all of boycott commitments be automatically endorsed by governments of the members—Syria, Egypt, Lebanon, Jordan, Saudi Arabia, Yemen, Iraq, Sudan and Libya.

The Kern Hills steamed through the U.N.-controlled Tiran Strait into the Israeli port of Eilat with oil from Iran last month. Arab governments protested that the shipment violated arab territorial waters.

George Parr Jury Panel Is Reduced

HOUSTON (AP)—A panel of prospective jurors for the fourth George Parr mail fraud trial was reduced to 56 today after 10 men told Federal Judge Joe Ingraham they held opinions which amounted to prejudice against Parr and 10 co-defendants.

Ingraham disqualified the 10, all of whom said they read accounts of the three previous trials.

The jury was expected to be completed late this afternoon. Testimony is to begin tomorrow. The government has called over 50 witnesses.

Stabbed To Death

CORPUS CHRISTI (AP)—Two men were stabbed to death Sunday in unrelated incidents. James Harlan, 36, died of a knife wound in the abdomen. R. M. Miller, 58, was found dead with his jugular vein severed.

Clear Skies Forecast For Most Sections

By The Associated Press

Pleasant spring weather, with clear skies and rising temperatures, was the outlook for most of the nation today.

There were only a few wet spots during the night. The most widespread precipitation was in the far Northwest, from western Montana and Idaho westward to the Pacific Coast. However, rainfall was light.

Light showers fell in eastern Wyoming and western sections of South Dakota and Nebraska. Showers also sprinkled Miami and Glenwood, N. M., and in scattered areas along the California coast.

The flood situation in Texas appeared easing, with most rivers receding and no heavy rainfall indicated. However, in Louisiana, the surging Red River forced hundreds of persons from their homes and flooded thousands of acres of land.

The big river was near flood levels along a 60-mile stretch as the crest swirled past Shreveport and threatened Powhatan and Clarence, between 50 and 60 miles.

Services Set For Minister

Word was received here this morning of the death of the Rev. Seaton Augustus Barnes, Sr., well-known Methodist minister, in Fort Worth. Mr. Barnes was the father of Seaton A. Barnes Jr. of Snyder.

He served as a minister in the Methodist Church for 50 years before retiring in 1947 while pastor of the Arlington Heights Methodist Church in Fort Worth. He also had served as district superintendent of several Methodist Districts, including the Abilene and Fort Worth Districts, and among his pastorates were the Tyler Street Methodist Church in Dallas and the First Methodist Church in Wichita Falls.

Rev. Barnes has been in ill health for the past six months, having suffered a heart attack last Nov. 4, followed by a stroke on Nov. 10.

He is survived by his wife, one son, Seaton A. Barnes Jr., of Snyder; two daughters, Mrs. B. W. Minor of Fort Worth and Mrs. Cecil Putty of San Antonio. Four grandchildren also survive.

Funeral services will be held in the Arlington Heights Methodist Church in Fort Worth at 3 p. m. Tuesday. Burial will be in the Greenwood Cemetery, under direction of Robertson, Muller and Harper Funeral Home.

Solar Energy May Replace U. S. Oil

DALLAS (AP)—Texas can use solar energy for heat and cooling when it runs out of oil and other resources, a professor predicted yesterday.

Dr. Farrington Daniels, chairman of the Chemistry Department at the University of Wisconsin, said the "sun is a tremendous asset for the future."

"Solar energy can not compete with the present cheap electricity, coal and oil in industrial countries like ours," he said. "But these won't last forever."

Governor Calls For War Against Crime

AUSTIN (AP)—Texas needs an all-out war against crime to stem the growing rate of increase in lawlessness, Gov. Daniel said today.

The increase was 8 per cent in 1956 over 1955, he said.

"Texas' greatest need is an all-out war against crime and for heavier and more certain punishment for those who violate the law," Daniel told the attorney general's law enforcement conference.

Somoza Agrees To Cease-Fire

MANAGUA, Nicaragua (AP)—Nicaragua and Honduras have agreed to halt their border skirmishing. President Louis Somoza signed the cease-fire last night. It became effective upon word that the three-man junta governing Honduras also had signed.

A peace mission of the Organization of American States negotiated the agreement. It was flying to Tegucigalpa today for a formal signing ceremony there.

Ricardo Arias of Panama, chairman of the five-nation OSA committee, signed with President Somoza. The agreement calls on Nicaragua and Honduras to "refrain from any activity including troops advances susceptible of aggravating the situation."

The OAS committee was given four days to present a plan for withdrawal of troops from the disputed frontier and creation of a buffer zone.

The cease-fire halts the fighting between rival border patrols that has been going on the past five days in a large tract of jungle called the Mosquito Coast, which both Nicaragua and Honduras have claimed since the 19th century. Although the area is undeveloped and inhabited mostly by the Mosquito tribe of Indians, there have been reports in the past year that oil deposits had been found there.

The ground fighting never involved more than 300 soldiers of both sides. Up to 50 have been claimed killed.

Over the weekend both countries claimed that the other's air force had bombed and strafed Indian villages in the disputed territory.

Somoza, 36-year-old successor to his assassinated father, Gen. Anastasio Somoza, showed the OAS peace mission rifles, grenades and helmets he said were captured from Honduran troops at Mocoron, where the conflict began.

Mocoron, a village of 110 population, is in the center of the disputed area which Honduras recently made a part of its new Gracias a Dios province. A little over two weeks ago Honduras protested that about 50 Nicaraguan soldiers had occupied Mocoron, calling the move an "act of aggression."

Nicaragua rejected Honduras' demand that the troops leave, saying Mocoron is and always has been Nicaraguan territory. Then last Wednesday Honduras troops attacked Mocoron, driving off the Nicaraguans.

Provision On Segregation Turned Down

WASHINGTON (AP)—The House Education Committee today voted against adding an antisegregation provision to the big bill for federal aid to school building.

Chairman Barden (D-NC) reported this following a closed session on the disputed measure. Barden, who scheduled another closed meeting for the afternoon, said he could not tell yet when work on the measure would be completed.

Rep. Wainwright (R-NY) proposed an amendment aimed at barring federal funds from being used to help build segregated public schools.

Before the morning session began, Wainwright said that if his proposal was rejected in committee he would again offer it when the measure comes to the House floor. A similar amendment by Rep. Powell (D-NY) was adopted on the floor last year, and the 1956 school aid bill later went down to defeat.

Uniform Is 'Too Hot'

SLANT, Va. (AP) — "General" John Salling has put in his requisition for a summer - weight Confederate uniform. The current issue, he says, is just "too hot for all this summer weather."

There is a good chance the 110-year-old Civil War veteran will have his wishes fulfilled. His Scott County friends and neighbors say they will see to it.

On May 15 Salling will be saluted in birthday festivities that have just about become tradition in the hills of southwestern Virginia.

The honorary title of "General" was bestowed during a ceremony last November, in which Salling was presented a gold medallion by the Department of Defense. Only two other medallions of this kind are in existence.

One is worn by Salling's "senior"—113-year-old W. W. Willians of Franklin, Tex. The other is held by the "junior" in this proud trio—108-year - old William Lundy of Laurel Hill, Fla.

Reaffirms Belief

PARIS (AP)—Premier Guy Mollet and Secretary of State Dulles reaffirmed today their belief that the Suez Canal should be maintained as a genuinely international waterway.

Crisis Grips Italy After Party Dispute

ROME (AP)—The fall of Italy's three - year - old government and new elections appeared imminent today as anti-Communist Social Democrats pushed plans to quit the coalition.

The shakeup was not believed likely to affect Italy's pro-Western foreign policies, however. The main differences involved are purely domestic. Italy's non-Communist political parties agree on the need for continued membership in NATO and continued cooperation with the United States and free Europe.

The crisis arose last night. Delegates from the party's majority center bloc voted unanimously to demand a walkout when the full party congress meets next month. Approval by the full congress appeared certain.

Although the government of Christian Democrat Premier Antonio Segni had several weeks' grace, there was speculation the Cabinet might resign much sooner.

Withdrawal of the Social Democrats would leave Segni with only the support of his own Christian Democrats and the small Liberal party, about 275 of the 590 members in the Chamber of Deputies. A fourth member of the coalition, the Republicans, quit two months ago, contending they wanted a free hand.

Vice Premier Giuseppe Saragat, leader of the Social Democrats, called for the walkout last night at a mass meeting of the party's center bloc. The usually cautious Saragat charged the government was no longer able to carry on its job, that the coalition "no "no longer has enough support to bring about any efficient reform action."

Southerners Are Lauded

DETROIT (AP)—A prominent Negro educator says that, "as a group, the people of the South have conducted themselves with dignity and honor in compliance" with the Supreme Court's integration rulings.

Dr. Mordecai Johnson, president of Howard University at Washington, told a fund-raising dinner of the National Assn. for the Advancement of Colored People last night that Memphis, Tenn., the "most segregated city in the country," is a good example.

"As soon as the court's decision reached the people, they immediately opened their schools to all students," he said.

In San Antonio, he said, the City Council met at once after the court decision, "completely desegregated the city and was home in time for supper. It was as simple as that."

Boy Is Saved When Man Steps On Him While He Is Wading

HOUSTON (AP)—Frankie Lee Mullen, 7, was saved from drowning in a lake here when a man coming to his rescue stepped on him while wading.

The boy had gone to the small lake with his sister. A short time later, neighbors saw the girl running and screaming near the edge of the water.

Nelson Bailey, 36, and Alonzo Howland, 53, jumped in and waded toward each other from opposite sides. They met about halfway across where Howland stepped on the boy's body. He said it was in a hole about five feet deep.

The boy was carried to shore and revived by artificial respiration. His condition was reported good at a hospital later.

Bananas, dipped in batter and fried, make an excellent accompaniment to a ham steak.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Bobo Pavlas, route 1, Hermleigh; Judy Angel, Snyder; Mrs. Mary Beams, Box 912; Lula DelaCruz, Box 95; Joe Vincent, Gen Del.; Marcia McCraw, Box 744; W. D. Shiflett, Box 9498; C. Y. Trousdale, Snyder; Mrs. M. B. Crosby, 804 Twenty-seventh Street; Charlie Morrow, 3311 Avenue G; Sally Avilla, Box 340; Walter Howard, 2306 Fortieth Street.

BIRTHS

Mr. and Mrs. L. C. Leach, 3713 Avenue U, are parents of a six-pound, 16-ounce son, born at 11:39 a.m. Sunday in Cogdell Memorial Hospital.

Born to Mr. and Mrs. Waddell Griffin, 1909 Coleman, at Cogdell Memorial Hospital at 6:06 a. m. Friday was a son weighing seven pounds, 10 ounces.

A son weighing six pounds, 12½ ounces was born at 2:31 p.m. Friday in Cogdell Memorial Hospital to Mr. and Mrs. Bobert W. Painter, Box 709.

Bridge Not Damaged By Flood Water

AUSTIN (AP)—The State Highway 174 bridge over the Brazos River at Kimball Bend is sound and not damaged by the flood, the state Highway Department said today.

It gave this summary of conditions on major roads affected by floods, by districts:

Atlanta—U.S. 79 closed east of Carthage until further notice with traffic detoured over U.S. 59 and FM 1186.

Waco—State 174 closed until further notice at Kimball Bend between Meridian and Clebúrne. The district engineer reported the bridge over Brazos is sound and is not damaged by high water and drift; it is closed as a precautionary measure to facilitate moving heavy equipment onto bridge to remove drift if necesary.

Fort Worth—State 24, Jacksboro to Chico, closed but estimated to open May 13.

Lufkin—These roads closed until further notice: State 7 at Trinity River and State 147 at the Angelina River.

Bryan—U.S. 287 closed in Freestone County.

Dallas—State 78 closed east of Wylie until further notice.

Jury Being Picked Here

A civil district court jury was being chosen this morning here for the second trial of the case Etta Carrol vs. E. C. Carrol and others, a suit to declare heirship.

The case was tried last November here and resulted in a hung jury. It involves heirship to the estate of R. T. Carroll, who died last year.

Representing the plaintiffs were Pat Beene and George Killam of Snyder and Dallas Scarborough and Davis Scarborough of Abilene. Attorneys of the defendents are John Sentell, James Rosser, and Art Blanchard of the Snyder firm of Sentell & Rosser.

Members of the jury panel are Mrs. Francis Brown, O. H. Hooper, Mrs. Billy J. Clifton, Gilbert Fields, Mrs. James Davidson, John D. Curtis, Raymond House, Oran Sturdivant, Mrs. W. M. Dabbs, W. D. Casebolt, Howard Gray, Earl W. Hall, David Strayhorn, Sam Houston, Leonard Spence, Jake W. Greene, Mrs. O. N. Lassiter, Leonard White, and Mrs. Buford Browning.

Cost Of Blizzard

HAYS, Kan. (AP)—Power and telephone company officials said this weekend that more than three million dollars was required to repair facilities in western Kansas after the blizzard six weeks ago.

Accident Is Fatal To Two In Refugio

WOODSBORO, Tex. (AP) — Two youths were killed and nine persons were injured near here yesterday in what police said was the worst traffic accident in Refugio County in three years.

The collision occurred two miles east of Woodsboro, 50 miles south of Victoria.

The victims were Esperanza Tellez, 14, and Alfredo Evara, 15, both of Woodsboro.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.** At your druggist. Money back guarantee.

Gail High School Seniors Make Trip To West Coast

By BARBARA SHARP
Borden High School Senior

GAIL — On Thursday, April 18, at 12:40 p.m. the seniors of Borden High, consisting of Effie Stuart, Dortha Jackson, Carolyn Franklin, Ben Lockhart, Barbara Sharp and Nancy Telchik, their sponsor, S. A. Davis, and three mothers, Mrs. Oscar Telchik, Mrs. Roscoe Kropp and Mrs. J. D. Robison, left for 10 wonderful days of fun and sightseeing.

We spent our first night in El Paso. The next morning we were up bright and early because we had a lot of traveling to do. We stopped in Las Cruces, N. M., for breakfast. For lunch we stpooed in Bowie, Ariz.

Just as we drove into Benson, Ariz., a big bolt stuck into a tire on our bus and we had to have it changed. From there we went on to Phoenix, where we spent the night. That evening we enjoyed a swim in the motel's heated pool, dinner and a movie downtown.

The next day also was a day of traveling, since we were to spend the night in San Diego, Calif. Saturday night we went on a tour of the city and also drove out to Point Loma. Sunday morning we had chruch services in our rooms and then breakfast at the El Cortez Hotel. After breakfast we went to Balboa Park and the San Diego Zoo. From the zoo we went to the Beach and then on to San Juan Capistrano. There we visited the old mission and saw some very beautiful flowers. Sunday night we stayed at Long Beach.

That night, Mr. and Mrs. Edward Rinehart, formerly of Snyder, visited us and we all went to the Nu Pike Amusement Park.

The next day we went to Disneyland, and stayed at the Disneyland Hotel. After going through Disneyland, we went to Knott's Berry Farm. Tuesday we went to Los Angeles and on to Santa Monica.

There we got a guide to drive our bus and show us all the sights, including some of the movie star's homes. We also attended a television show, "Truth Or Consequences."

The next day we headed for Boulder City, Nev. That night we went out to see Hoover Dam while it was all lit up. From there we went to Las Vegas and toured the City.

The next day we took a guided tour through the dam. It was very educational and interesting.

The Grand Canyon was the next stop on our list. There we stayed at the Bright Angel Lodge. The highlight of that night was a snowball fight between Mr. Davis, Ben and the girls. We were all surprised to see snow so late in the year.

Friday morning we drove to several places along the canyon and took some pictures. Later on in the day we stopped at the petrified forest.

That night we stayed in Gallup, N.M., and the next morning we headed for home. On the way we stopped in Albuquerque for some souvenirs, and then it started raining on us in New Mexico and rained until we got nearly home. We had a little trouble on the way. Our bus got stuck in the mud and had to be pulled out by a wrecker from Sudan. Before we got to Lubbock the generator went out on the bus and we had to have another one put on. We arrived home early Sunday morning.

Although everyone was tired and sleepy for a few days after the trip, all enjoyed it to the utmost.

MRS. SMITHERMAN HONORED—Mrs. Carl Smitherman, second from right above, was honored with a gift tea at 2:30 o'clock Friday afternoon in the home of Mrs. E. B. Robberson, 311 Thirty-fifth Street. The guest of honor and hostesses above from left are: Mrs. E. J. Holt, Mrs. Robberson, Mrs. Smitherman, and Mrs. Maude Woolsey. (Lee Watson photograph)

Mrs. James Thompson Is Honored At Shower Here

Mrs. James Thompson was honored at a bridal shower Friday evening in the home of Mrs. Willard Gladson, 2705 West Thirty-fifth Street. Mrs. Thompson, the former Janis Devenport, is the daughter of Mr. and Mrs. Lloyd Devenport of Snyder.

The table was covered with a pink linen table cloth and featured a silver coffee service and crystal punch bowl and cups. Pink roses and greenery encircled the punch bowl. The centerpiece was made of pink roses, greenery and a small umbrella. The favors were miniature umbrellas.

Musical selections were presented by Miss Jackie Dean. Miss Judith Gladson and Miss Janis Gladson sang several selections. Random photographs were taken by Mrs. Don Adams to be sent to Mrs. Thompson's husband, who is stationed in Korea with the Air Force.

Hostesses were Mrs. Willard Gladson, Mrs. Carl Stokes, Mrs. Hardy Scarborough, Mrs. Clyde Garrison, Mrs. H. J. Young, Mrs. Jack Dean and the Gleaners Sunday School Class of the North Side Baptist Church.

Gifts were displayed in the family room and refreshments were served to 24 guests.

Dinner Held By Cosmorama Club

Cosmorama club members and their husband were honored with a buffet dinner Friday night at the Martha Ann Women's club.

Hostess were Mmes. Lee Smyth, C. V. Thompson, Jr., and W. W. Clark.

The serving table was laid with a green and tan burlap tablecloth and centered with ceramic roosters. Group tables were centered with ceramic and foil roosters and hurricane laterns.

A barbecued chicken dinner was served to 21 couples. Following the dinner bridge and forty-two were played in the Terrace room.

Tuberculin Patch Test Is Important For Tots

By DOROTHY V. WHIPPLE
AP Newsfeatures

Tuberculosis is a disease that is becoming less frequent in this well-fed nation of ours. However, tuberculosis still exists and we must be careful about it.

It is recommended that children be given a tuberculin test when they are about 2 years old and that this test be repeated every 4 or 5 years until they are adolescent.

The tuberculin test is one test that can be done without a needle. The medicne is on a piece of adhesive tape like a bandaid. The esive strip is placed on the child's skin (usually on the middle of his back so he can't pull it off). It is left there for hours and must be kept dry during that time. It is then pulled off. Forty-eight hours after it has been removed the test is "read" by the doctor. If there are no remaining red marks where the medicine was held in contact with the skin the test is negative. If there are little red square areas at these spots the test is positive.

A negative tuberculin patch test means that the child has never come in contact with the germ of tuberculosis. You can rest easy.

If the test is positive it does not necessarily mean that the child has tuberculosis, but it does call for further investigation.

The first thing needed is an X-ray of the child's chest to see if there is any evidence of the disease in his lungs. Very often this examination does not reveal any disease. It is a good idea to X-ray a child who has shown a positive tuberculin test every six months for a year or two to make sure nothing does develop.

The more important thing to investigate when a child shows up with a positive tuberculin test reading is: Where did he get it?

The positive tuberculin means that sometime in his life the child has come in contact with the germ of tuberculosos. If the contact was brief and not too great the child can cope with it quite satisfactorily. His body kills or wards off the germs and does not permit them to grow and he does not develop the disease.

However, if he continues to be bombarded with the germs the time will soon come when they get the upper hand and the child develops tuberculosis.

We want to know where he got his first batch of germs from so that we can protect him from getting more. A positive tuberculin test in a child calls for investigation of his whole family. It's surprising how often a positive tuberculin in a child is the first evidence that there is something the matter with one of the adults.

Young Patty Sue was in blooming health when she was 2. The tuberculin test was run on her as a routine measure. Her mother thought it a little foolish to do, but agrd when her doctor said it should be done. Patty Sue showed up with a strongly positive test.

Investigation of Patty Sue's family showed that her mother and father were completely free of tuberculosis. Finally however the fact was disclosed that Aunt Bessie had spent a month with the family last summer. She had a chronic cough which she said was a sinus cough. When Aunt Bessie was X-rayed she was found to have active tuberculosis. The disease was not far advanced in Aunt Bessie and with adequate treatment she made a good recovery. If it hadn't been for the tuberculin test on Patty Sue, it might have been too late before the nature of Aunt Bessie's illness was discovered.

Patty Sue herself was all right, but had she spent another vacation with Aunt Bessie it is highly likely she would have come down with tuberculosis.

Press the breast bone if you want to determine the age of a chicken before buying it. The bone of a young bird will be soft and pliable; it becomes firm and hard as the bird ages.

WOMEN'S CALENDAR

MONDAY

Evening Circle of First Presbyterian Church meets with Mrs. R. T. Roberts, 3749 Highland, 7:30 p.m.

TUESDAY

Friendly Hannah Sunday School Class meets with Mrs. Joe McIntosh at Knapp, 7:30 p.m.

Art Guild Study Club meets in Martha Ann Woman's Club, with Mrs. O. M. Fowler hostess, 7:30 p.m.

Iota Psi Chapter meets at 7:30 p.m.

Snyder Junior Women's Club meets at 2504 Avenue I, with Mrs. Jimmie Rogers and Mrs. Billy Don Snider, hostesses, 7:30 p.m.

WW Circle meets with Alma Fowler, 601 Twenty-fifth Street, 7:30 p.m.

Board of Provisional League of Women Voters meets with Mrs. Harold Brown, 2900 Avenue U, 4 p.m.

Afternoon Circle of First Presbyterian Church meets in home of Mrs. John R. Covey Jr., with Mrs. John R. Covey Sr. hostess, 2:30 p.m.

Morning Circle of First Presbyterian Church meets with Mrs. Frank Butler, 2333 Sunset, 9 a.m.

Daughters of the Nile Sewing Club meets with Mrs. M. L. Andress, 4:30 p.m.

WEDNESDAY

Altrurian Daughters Club meets for spring social in Martha Ann Woman's Club, 12:30 p.m.; call 3-5775 for reservations.

Ladies Golf Association meets at Country Club, tee-off time, 9 a.m.

Tri-Community Home Demonstration Club meets with Mrs. Jerry Edwards, 2000 Avenue M, 2:30 p.m.

Luncheon meeting of Duplicate Bridge Club at Mary Lynn's Tea Room, with Mrs. W. W. Carey and Mrs. A. L. Bethel hostesses, 1 p.m.

THURSDAY

Town and Country Garden Club meets in Martha Ann Women's Club, 2:30 p.m.

Snyder Twilight Garden Club instalation, with Mrs. J. R. McCrary and Mrs. Robert B. Pierce hostess, 7:30 p.m.

Join installation of officers for all city Parent-Teachers Association units, Northeast Elementary School 7:30 p.m.

Discussion Unit No. 2, provisional League of Women Voters, meets in community room of Snyder National Bank, 7:30 p.m.

University Women to meet with Mrs. E. A. Brooks, east of city, 7 p.m.

Pleasant Hill Home Demonstration Club with Mrs. Doyle Parmer, 2 p.m.

FRIDAY

Altrurian Club meets in Martha Ann Woman's Club, with Mrs. C. T. McLaughlin hostess, 3 p.m.

Duplicate Bridge at Country Club, 9:30 a.m.

For a quick appetizer: put sardines on individual strips of bread, top with thick tomato sauce and grated cheese, and slide under the broiler until brown.

Here's a treat to make with canned or stewed pears: fill centers with vanilla ice cream and sprinkle with chopped toasted almonds.

NEWS FROM GAIL

By MRS. V. L. CLARK

Mr. and Mrs. Shorty Farmer were in Lamesa Saturday.

Weekend guests of the Frank Miller's were Mr. and Mrs. Franklin Miller and girls of Camp Wood, Tex.

Mr. and Mrs. C. E. Riggs of Roscoe visited Mr. and Mrs. C. L. Harrison the past weekend.

Mr. and Mrs. E. E. Moser of Stephenville visited Supt. and Mrs. S. P. Stewart and family this week. Mr. Moser was principal of Borden High School several years ago.

L. A. Pearce has been in a Snyder hospital with a light heart attack. He is now visiting in the home of his daughter Mrs. Ted Johnson in Snyder.

Mrs. Attie Jackson and Mrs. O. D. Jackson, Don and Catherine were shopping in Snyder Wednesday.

Guests of the Sam Skeens the past weekend were Mr. and Mrs. David Foster of Lubbock.

Mr. and Mrs. Billie Holley and daughter are spending the weekend in Hico.

Mr. and Mrs. Frank Birmingham and Mrs. T. G. Hudson were shopping in Snyder Friday.

Bill James and Bud Steele attended the rodeo in Colorado City Friday night.

Guests of the Jap Joneses Friday were Mr. Everett O'Neal of Dallas, Mrs. E. A. Dunbar, Raymond and Guy of Munger.

Mr. and Mrs. V. L. Clark and Roy Pearce were in Lamesa on business Tuesday.

Guests of Mrs. Attie Jackson Sunday were Rev. and Mrs. Homer Anderson and Mrs. Mary Leake of Abilene.

Mr. and Mrs. Jim Johnson of Midland visited Mr. and Mrs. Olen Keen Sunday.

Mrs. E. Everhart of Lamesa presented her piano pupils of Gail in a "Spring Piano Solo" last Sunday in the Borden High School auditorium at 3:30. Her pupils are Jerry Stewart, Kay Sneed, Marie Gray, Sue Bledsoe, Pamela Beavers, Sherry Barr, Brenda Reed, Vickey Brinson, Judy Kelly, Tony Isaacs, and Charles Teague. A large crowd attended.

Know your vinegars! There are many types available and each has a distinctive flavor. Vinegars are made chiefly from cider, wine, malt, grain or spirit.

Use fresh cold water to cover bones and meat when you make stock.

Summer Job Can Lead To A Permanent Career For You

By VIVIAN BROWN

If that summer job in the offing is one you'd like to have on a permanent basis after you are graduated from school, better be prepared to put your best self forward. How? By making the boss happy he hired you, instead of rueing the day. Many a summer job has led to a wonderful career because the student put so much into the temporary employment that the employer was anxious to have her back.

These are ways you can make a hit on the job, further your chances of advancement and increase your take-home pay, say girls who have held summer jobs:

1. Plan to observe all rules and regulations of your firm. The fact that older employees abuse privileges doesn't mean they are fooling anyone.

2. Be reliable. Develop a sense of responsibility to the job so that you may be depended upon by the employer. Arrive promptly at your desk, barring unavoidable and unforeseen delays.

3. Let the "mice play when the cat's away." If your boss takes a day off to go to the ball game, it doesn't mean that the entire office should go on strike. He'll know what your work output should be, so if you should be, no doubt, so if you slacken off it'll catch up with you.

4. An "I hate the boss too" attitude will get you no place if you are following the example set by dissatisfied employees. There are always people who have a chip on their shoulder, and resent anyone in authority, justifying it anyway that comes to mind. If you don like your boss for one reason or another resign from your job, rather than make yourself miserable and your boss an unfair target of your criticism.

5. Dress properly for work — avoid wearing dungarees and sloppy dress to an office. Perk up for an office job, avoiding fancy clothes and accessories such as tight apparel, too-short skirts, revealing necklines, dangling earrings, too-high heels heavy makeup. Eyeshadow and mascara will not make you look older if that is what you are trying to achieve.

6. Desk hopping is the mark of a slacker. Before you stamp yourself as a water-cooling lingerer, quick on the coffee-break uptake, consider that you are being paid for so many hours work, and your boss has every reason to expect you to be on the job when he looks for you. Any firm recognizes that brief respites are necessary, but don't run a good thing into the ground.

7. Even if you are the femme fatale of your class, don't try to work your feminine wiles on your boss to hold your job. If he isn't getting the work out of you, he won't have you back anyway, so it will be a waste of time to expend so much effort to charm him. Be pleasant without being overly exuberant to your employers.

8. If you want to establish a good work record, avoid taking a day off for every little thing. Any working girl owes it to her job to get a good night's rest so she can appear bright-eyed and alert each day.

YOU AND YOUR TEEN-AGER

By BEVERLY BRANDOW

"Home is where the heart is," and teen-gaers congregate where they feel "at home."

This is my answer to parents who wonder why their son or daughter is constantly on the go and never seems to light at home one minute longer than absolutely necessary.

Teen-agers, by nature, are full of spirit and enjoy activity, but happy ones also enjoy their homes and like to spend some of their time there. When a teen-ager feels he is being punished when he is asked to stay home "just to visit with the family" and when he is restless there, something is wrong with that home.

How much of a home do you have in the house where you live? Does your teen-ager feel "at home" there? If not you may be driving him away without even realizing it. Many parents make their teen-agers uncomfortable.

Do you make sport of your son's changing voice or his awkwardness? Do you poke fun at your junior high miss who is a bit on the puggy side and longing for the fluffy ruffles worn so well by the slim girls

Can you be counted upon never to let a mistake of theirs go by with out correcting it?

When your teen receives a call at home or is found mooning over a picture, do you tease him about being "in love," and make light of the feelings he finds so real and intense?

Do you tell him you certainly can't see what he sees in "so and so?"

Are you full of criticism for him? Are you bubbling with suggestions for his improvement all the time he is home? Do you never find time to say thank you for something well done without advising how it might better have been done?

The desire to be helpful and cooperative dies without appreciation.

Do you dislike having his friends over and do you gripe when they are gone because of the mess? Does your teen feel he is really "putting you out" to have friends in, or do you help him know that it is his home too and his friends are as welcome as your own?

"Home is where the heart is." Teen-agers congregate where they find a real home. They seek a place of cheerfulness and lightheartedness where laughter that rocks the room is not forbidden. They seek a place of welcome where they are made to feel comfortable and where they are appreciated.

Try this with leftover cooked cereal: pack while warm into a clean loaf pan, cool thoroughly, remove from pan, slice and pan fry.

Try these variations with packaged vanilla pudding: stir in instant coffee, or tiny semi-sweet chocolate pieces.

CONSTIPATED?
New laxative discovery un-locks bowel blocks
without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses COLONAID's great *moisturizing* capacity, *plus* COLONAID's *stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Get COLONAID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

Tigers Meet Potent Eagles Here Tuesday

The Tiger baseballers will be out to even their four-game setto with the Abilene Eagles tomorrow afternoon when they host the Warbirds at Towle Memorial Park.

Game time will be 4:15 p.m.

Abilene currently holds a 2-1 edge on the Tigers. The Bengals won the first game, 2-1, but the Eagles bounced back to win the second and third games by 13-5 and 7-6 respectively.

Ronnie Baker, who beat Abilene with a two-hitter for the Tigers' lone win over the Eagles, is expected to draw the starting mound assignment for the Tigers in tomorrow's game.

Abilene's probable starting pitcher wasn't known at press time today but it will likely be big Kenny Schmidt. Schmidt's only loss this season was against the Tigers when the two teams met for the first time this season.

Schmidt was the starting pitcher in Abilene's surprise 16-9 defeat to San Angelo in a District 2-AAAA game Saturday but he wasn't charged with the loss.

Eagle coach Blacky Blackburn may decide to go along with Gaylord Armstrong who received credit for the Eagles' 7-6 victory over the Tigers. Armstrong blanked the Tigers through six innings but was chased during a big six-run seventh inning by the Bengals.

The Eagles, however, owned a 7-0 lead going into the seventh which just barely stood up.

Abilene will bring a very impressive 19-3-1 record to Snyder tomorrow to the Tigers' 12-9 mark.

The Tigers haven't played in over a week as all three games on tap last week were rained out.

After tomorrow's game, the Tigers will meet Midland here Wednesday in a make-up game and then close out their regular schedule Saturday with a doubleheader at Big Spring.

Wednesday's game is ticketed for 3:30 p.m.

The Tigers are awaiting the outcome of the 4-AAA race of which Vernon and Mineral Wells are the only contenders. These two teams will meet at Mineral Wells tomorrow and at Vernon Friday.

The Tigers will meet the winner of the 4-AAA race in bi-district play.

CLOSE FINISH OF KENTUCKY DERBY—Iron Liege, right, on rail, wins the Kentucky Derby in Louisville, nosing out Gallant Man (5). Round Table, left, is third. (AP Wirephoto)

Jockey's Blunder Cost Gallant Man

By ORLO ROBERTSON

LOUISVILLE, Ky. (AP)—Something trainer Jimmy Jones learned less than a week ago and the 101st way to lose a horse race carved a niche in Kentucky Derby history for Iron Liege, the equine buck private from Calumet Farm.

Iron Liege, considered merely a good horse in Calumet's well-armed 3-year-old division of which Gen. Duke was the supreme commander, won America's most glamorous horse race Saturday in a fighting nose decision over Ralph Lowe's Texas-owned Gallant Man.

The victory was considered lucky by some today as they reviewed the running of the 1¼ miles on a raw, blustery day in 2:02 1-5. Willie Shoemaker, veteran jockey riding in his sixth Kentucky Derby, misjudged the finish line and stood up in Gallant Man's saddle momentarily some 70 yards from the end.

Others, however, were of the opinion that the little Irish-bred Gallant Man never would have headed Iron Liege as Willie Hartack whipped Calumet's son of Bull Lea to victory in the tightest finish in 24 years.

Not since Brokers Tip edged Head Play in the 1933 Churchill Downs "rodeo" has there been such a close finish.

The 1933 Derby, however, was, in contrast, a roughly run race with Don Meade, up on Brokers Tip, and Herb Fisher, astride Head Play, grabbing each other's saddle cloths and whipping the other's horse through the last sixteenth of a mile.

"I thought we had a terrific chance except for Bold Ruler even with Gen. Duke unable to start because of his injured front foot," said Jones. "But I discovered something in last Tuesday's Derby Trial that may have been the difference between victory and defeat."

Iron Liege was far back in the trial, won by Clifford Lussky's Federal Hill with Gen. Duke second. And Jones was far from happy.

Jimmy, who was saddling his first Derby winner to run Calumet's total to six, declined to say what he learned about Iron Liege.

"We managed to cover it up well Saturday," Jones added. "And I prefer not to disclose it."

But it was believed Jones decided that Iron Liege could not be raced as Dave Erb had done in previous races. With Hartack replacing Erb in the saddle after Gen. Duke was withdrawn, Iron Liege ran close to Federal Hill's pace from the start. He never was more than three lengths back. He disposed of Federal Hill and Bold Ruler, the 6-5 favorite who wound up fourth, at the top of the stretch and staved off Gallant Man's stiring finish.

Round Table, owned by the T. M. Kerr family of Oklahoma City, was third and Federal Hill fifth.

Shoemaker admitted his mistake when called before the stewards.

"I've always heard there are 100 ways of losing a horse race," said trainer Johnny Nerud of Scottsbluff, Neb. "Now I know there are 101."

Yankees Take Over AL Lead

By ED WILKS
The Associated Press

The question is: "Who did Ernie Johnson surprise the most—Brooklyn or his own manager, Fred Haney?"

The 32-year-old right-hander ranked somewhere ba. of everybody else on the Milwaukee pitching staff. Haney hadn't used him in a month.

When the Dodgers knocked out Bob Buhl for a 3-2 first-inning lead yesterday at Ebbets Field, Ray Crone was Haney's relief selection. It wasn't until the fourth, after Henry Aaron had belted a three-run homer to cut the Dodger lead to 7-6, that Haney gave Johnson a call.

Johnson hustled on, set down the first 16 men he faced and wound up with a 10-7 victory—knocking in the clincher himself with a single in a three-run fifth.

If Johnson had been troubled by a sore arm or wildness, it didn't show. He struck out five, walked just one and permitted one hit, Gino Cimoli's blooper to left in the ninth.

The New York Yankees took two from the Chicago White Sox 4-2 and 3-0 behind Bobby Shantz and Johnny Kucks — sweeping the three-game set and replacing Chicago in the American League lead by half a game.

Cincinnati put together the season's longest winning streak in either league, beating Pittsburgh 6-2 and 7-3 for seven in a row.

Elsewhere in the NL, the St. Louis Cardinals defeated Philadelphia twice 8-2 and 4-0 with ex-Phillies Del Ennis driving in five runs. The New York Giants and Chicago Cubs split, the Cubs winning 8-3 in 10, then losing 6-2.

Detroit, another AL "contender," made it four in a row with a 3-1 decision over Baltimore. Boston, after losing four took two from Cleveland 5-1 and 4-3 but lost Ted Williams with a bruised elbow. Kansas City defeated Washington 7-2.

Shantz collected his second complete game with a six-hitter in the opener at Chicago, striking out six and rolling home after Mickey Mantle's third homer, with one on, helped a three-run fourth against loser Billy Pierce. In the nightcap, Kucks had a three-hitter and the Yanks stuck to the fourth-inning script, with Elston Howard's two-run triple and an RBI single by Yogi Berra. Mantle pulled a groin muscle in the second game, but it wasn't thought serious.

The Redlegs also were touched by injury, with left fielder Frank Robinson forced out of the second game after crashing a wall. It was Robinson's three-run homer that bagged the opener for Brooks Lawrence. Don Gross went all the way for the nightcap decision, helped by Gus Bell's second home run.

Ennis batted in three and Stan Musial two as the Cards scored four in the sixth and three in the seventh to win the opener after being held to three hits by Curt Simmons for five frames. Lloyd Merritt, gaining his first decision in the majors, shut out the Phils on three hits in five relief innings. Sam Jones then four-hit the Phils for the sweep, with Ennis singles beating Harvey Haddix.

The Cubs blew a 3-1 lead in the ninth inning of the opener, then came up with five in the 10th. In the second game, the Giants junked their five-game slump with the help of errors, walks and Daryl Spencer's two-run homer.

Williams was struck on the forearm by one of reliever Stan Pitula's pitches at Cleveland as the Red Sox scored four unearned runs in the first inning to beat Bob Lemon. Jackie Jensen homered for two and Gene Stephens, subbing for Williams, doubled home the clincher in the second game to beat Mike Garcia.

Harvey Kuenn, who homered in the first, singled to open the seventh as the Tigers broke a 1-1 tie with Charlie Maxwell's two-run single for Frank Lary's second victory.

Harry Simpson drove in four runs and the A's pulled four doubleplays to give Tom Morgan a 2-0 record with a 10-hitter against the Nats.

News Sports Editor

SOME FUNNY THINGS can happen in track.

Pasadena High School didn't win either her district or regional meets but she proceeded to win the state meet. The state meet title, in fact, was the only championship Pasadena won during the season.

And then here in our own back yard, Abilene's Eagles placed third in their district meet but then won the regional meet.

The main answer to Pasadena's case is that the team with at least one or two outstanding boys has the better chance of winning a state meet than a team with several "above average" boys.

In all three classes at this year's state meet, in fact, it was strictly a "one-man" show on the part of the division champions.

Bert Coan personally was responsible for all of Pasadena's 46 points. Coan was credited with 34 points with the other 12 being divided between three members of the 440-yard relay team.

However, Coan was responsible for Pasadena winning the 440-yard relay. The husky Coan, the anchor man on the sprint relay team, took the baton well back in fifth or sixth place and then made up the difference in the final 110 yards of the event.

Same Story In Class A

It was the same story in Class A. Stamford's Mike McClellan collected 32 of champion Stamford's 44 points, with the other 12 points going to sprint relay members. McClellan, like Coan, was the anchor man on the sprint relay team and he took the baton in about the fifth or sixth place and then sprinted past all others to win the race.

State meet fans were treated to better times in the preliminaries Friday than they were in the finals. Reason for this, of course, was the more pleasant weather and track conditions for the prelims.

Several records were expected to fall in the finals Saturday but the soft track caused by rain and the wind held down the times.

All sprinters and hurdlers ran against a 7-mile per hour wind. This combined with the already softened track made it virtually impossible for the athletes to run in "decent" times.

The state track meet is a pretty big show for track fans. When you look down on the field where the hundreds of athletes are assembled you are looking at the best tracksters Texas has to offer.

And if you have lived in Texas long enough, you know that Texans have the best of everything.

There was a total of 280 schools that sent athletes to the state track meet. Wichita Falls had the biggest squad—12. The Coyotes, however, finished way down the line in the team standings as they collected only 6½ points.

Of the 280 schools represented, 146 qualified only one boy for state competition.

"Flat Top Kids"

We must say we enjoyed our trip down with the Tiger track team.

We felt sorta out of place though. All three Tiger tracksters and their coach, Jim Stehley, sported "burr haircuts" and another member of the troupe, Dan Martin of the high school faculty, of course, has a permanent flat top.

Rex Wilson joined the "Flat Top Club" on the eve of the departure. Team mates Bud Morgan and Bobby Pollard and coach Stehley had long been members of the FTC.

Our wig, you might say, was rather conspicous on the trip.

We wish to apologize to our readers (?) upon not publishing the summaries of the state meet in Sunday's edition. We were told by the Associated Press man in the press box Saturday that the summaries would be moved on the wire. Consequently we did not include the summaries in our report of the meet.

As it turned out, the AP did not move the summaries on the wire, thus the absence of the summaries in Sunday's edition.

For the benefit of those who are still interested, you will find the Class AA summaries elsewhere on this sheet.

Three members of Detroit's 1940 American League champions are major league managers. They are Birdie Tebbetts with Cincinnati, Fred Hutchinson with St. Louis and Mike Higgins with Boston.

Buffs Reach TL's Top Rung

By The Associated Press

The Houston Buffs are right where they were expected to be long ago—atop the Texas League.

The Buffs, heaviest favorites in years to win the pennant, floundered around for weeks before they found themselves. Sunday they edged Shreveport 2-1 to move into first place ahead of Dallas, which took a 6-2 trimming from old enemy Fort Worth.

Another change saw Tulsa climb into a fourth place tie with a double triumph over Oklahoma City. The Oilers also had been living well below pre-season expectations.

Al Widmar checked Oklahoma City with three hits as Tulsa took the first game 4-2 while Charles Hagen pitched a 5-hitter in sending the Oilers to a 1-0 triumph in the second.

De Vincenzo Bags Title In Colonial

FORT WORTH, Tex. (AP)—Roberto de Vicenzo, the "play for fun" golfer who wins the big checks incidentally, went home to Mexico City today to convert $5,000 first money in the Colonial National Invitation Tournament into pesos.

"It weel be somethin' like 60,000 pesos," he smiled and licked his lips as he left the PGA golf tour. The others rolled on to Hot Springs, Ark., for a tournament starting Thursday.

De Vicenzo won Colonial yesterday with the highest score ever recorded—284 for 72 holes—but his cool, devil-may-care play down the stretch as Dick Mayer of La Jolla, Calif., saw his castle of dreams felled by bogeys under the pressure, was of championship caliber.

De Vicenzo had a 2-under-par 68 in the third round and he closed out with a 70 on the final while Mayer, who had taken a 4-stroke lead to start the last 18 holes, wilted to a 75.

Mayer had 285. Third was Ed Furgol, St. Andrews, Ill., who had 71-72 for 286, while down in a tie for 11th place at 291 was Art Wall Jr. of Pocono Manor, Pa., who blew a 2-stroke lead he held at the halfway point with 75 and 76 on the last two rounds.

FORT WORTH (AP)—Scores of Texans in the 72-hole Colonial National Invitational Golf Tournament:
Ben Hogan, Fort Worth, $800 — 291
Joe Conrad, San Antonio, $315 — 293
Billy Maxwell, Odessa, $315 — 293
Byron Nelson, Roanoke, Tex. — 296
Cary Middlecoff, Dallas — 296
Bill Trombley, Dallas — 296
Ernie Vossler, Fort Worth — 298
Doug Higgins, Midland — 301
Fred Hawkins, El Paso — 302
Don January, Lampasas — 302
Bo Wininger, Odessa — 308

Clovis Gains League Lead

By The Associated Press

Clovis forged into first place in the Southwestern League Sunday and did it most convincingly.

The Pioneers swept a doubleheader from Midland while Plainview was taking a 6-4 licking from El Paso. This combination pushed Clovis to the top and tumbled Plainview into second place.

Marty Rosell and Jess Gonder were the heroes for Clovis. The former batted in five runs with a triple and two singles in the first game, which Clovis won 10-4, while Gonder went him one better and drove in six with a homer and double in the nightcap, captured by the Pioneers, 9-5.

El Paso jammed five runs across in the eighth inning to down Plainview. Plainview carried a 3-0 lead into the eighth when El Paso tallied on Tommy Cantrell's homer. Then in the eighth an error opened the dikes for the El Paso flood of runs.

Ballinger beat Hobbs 9-6 as Ed Maier yielded only seven hits and was given a 5-run lead by the Westerners in the very first inning. Ballinger pounded 11 hits and never was close to being caught although Hobbs got to Maier for three runs in the fifth and two in the ninth.

Kiser drove in four runs with three hits and Jim Moore accounted for three with a double and single.

Carlsbad halted a losing streak that had spread to three straight by walloping Pampa 6-4. The Potashers were outhit by Pampa 10-9 but Harry Young kept ten Oiler hits scattered enough that he survived seven innings. In the eighth, Pampa pushed three runs across and Bobby Dear came in to halt the threat.

Boys Club Wins Fort Worth Meet

Scurry County Boys' Club won the Ft. Worth Boys' Club Invitation Track and Field Meet with a score of 100 points to Ft. Worth Boys' Clubs 77. Panther Boys' Club of Ft. Worth trailed with 26 points.

Texas Nears SWC Title

By The Associated Press

The University of Texas can virtually clinch the Southwest Conference baseball title if things go their way this week.

Baylor helped the Longhorns take over the lead last week. The Bears whipped defending champion Texas Christian 7-3, but then dropped a 11-1 decision to the Longhorns.

Baylor could have gone into a virtual tie for the top by beating Texas, but fell to third.

Texas and TCU play a third game at Austin Tuesday. Friday Texas tangles with Southern Methodist at Dallas. By winning both games, the Steers will be 9-1 and Texas Christian will have a 7-3 record.

Southern Methodist and Rice meet at Houston Tuesday and Baylor and Texas A&M clash at College Station.

Friday's schedule finds A&M and TCU meeting at College Station and Rice meeting Baylor at Waco.

Matt Miller tossed a six-hitter and Doyle Traylor slammed in three runs, two with a homer, in leading Baylor to its victory over TCU.

A 3-run homer by Jerry Good headed Texas' 11-hit attack that downed Baylor. The Bears fumbled four errors and gave up 10 bases on balls to assist the Steers.

Basis For Settlement Reached In Dispute

SAN FRANCISCO (AP)—Negotiators said last night they had reached a "basis for settlement" in a contract dispute between the American Newspaper Guild and San Francisco's four major papers.

The contract with the Chronicle, Examiner, News and Call-Bulletin expired March 27. Guild members had authorized a strike. Top minimum pay for newsmen was $130, under the old contract.

Greenville Moves Into Sooner Lead

By The Associated Press

The Sooner State League finally got in a full slate of games Sunday, with Greenville moving into the lead.

The New York Yankee farm club took both ends of a doubleheader from Paris, 8-7 and 9-6 to gain a three-game series sweep and the leadership in their first three games as league members.

Ardmore also won a doubleheader, topping Lawton 4-2 and 14-2 to take over second place. Ponca City trimmed Muskogee 8-6 and Shawnee stopped Seminole 8-3 in other games.

Bruce Swango pitched 8-hit ball for Greenville in the nightcap and benefited from a seven-run third inning by his mates.

Johnson Was Fred Haney's 'Ace In Hole'

BROOKLYN (AP)—"Now I feel like a member of the ball club."

That was Ernie Johnson's reaction to yesterday's brilliant one-hit relief job of six scoreless innings in Milwaukee's 10-7 victory over Brooklyn.

Johnson, a 32-year-old right-hander who came to Milwaukee from Boston with the franchise in 1953, hadn't thrown a ball for the Braves this season until Manager Fred Haney called on him in the fourth inning.

He had worked only three innings in spring training and hadn't pitched since April 7 in an exhibition with Brooklyn at Fort Worth.

Johnson pitched five perfect innings, 15 up and 15 down, and retired his 16th successive batter to start the ninth. Then Gino Cimoli dunked a fly ball into short left. Shortstop Johnny Logan went out and left fielder Andy Pafko came in.

At the last minute Pafko "shouted" Logan off the ball but it bounced off his glove for a single. Following the fluke hit, Johnson walked Duke Snider and mowed down the next two.

In the clubhouse, Johnson said he thought a 1954 relief job against Brooklyn (no runs and two hits in 8 1-3 innings) was a "better game" but this was "more important because it helped me get back in."

Was Johnson worried because he hadn't been used?

"A little but not much," he said. "I was throwing batting practice all the time. Haney made a statement during the winter that I did a good job and he mentioned me with seven other pitchers.

"If you start feeling you're not going to make a ball club, you've had it."

Haney explained Johnson's inactivity by pointing out that he had 24 pitchers in the South and still has 11 on his roster.

MEN PAST 40
Troubled with GETTING UP NIGHTS
Pains in BACK, HIPS, LEGS
Tiredness, LOSS OF VIGOR
If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.
Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy. The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.
The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. H563, Excelsior Springs, Mo.

HILANDER'S BUFFETERIA—Part of the lunch hour chowd of the Hilander Drive In Restaurant's buffeteria is pictured above at noon yesterday. Each Sunday at noon the huge banquet room of the Hilander is turned into a dining room where buffet style meals with a wide selection of meats, vegetables, desserts and drinks are available to the customer. Gordon Goss, owner, said that each customer may select the exact meal he desires—and it is ready to serve and eat as soon as he arrives with no waiting while it is being prepared. (Lee Watson photograph)

Chuck Wagon Operation To Be Taken By Gordon Goss

Gordon Goss, owner of the Hilander Drive In Restaurant on the Big Spring highway, has announced the purchase and operation of the Chuck Wagon Restaurant at Twenty-fifth Street and Avenue L in east Snyder.

Goss said that the Chuck Wagon will be operated with the thought of providing quality food, quickly prepared and tastefully served in a pleasant and clean atmosphere. "We know that the main thought of every patron of a restaurant is to get good food, and to get it without unnecessary delay while it is being fixed," Goss said.

Those are the operating policies of the Hilander, also owned and operated by Goss.

Both restaurants offer many outstanding services and advantages. Small parties can be fed and accomodated at the Chuck Wagon in complete privacy, and large gatherings and banquets can be handled at the Hilander in its double banquet room.

Delivery of food orders to the home or scene of any party is also offered. No delivery charge is made for orders of 32 or more.

HAPPY CLAN!

Family Blessed With Top Cook

By INEZ ROBB

Some people never know when they've hit the jackpot. Or when they're sitting in a tub of butter.

These cut-rate relfections are occasioned by newspaper stories recounting the distress suffered by a purse-proud family on the marriage of their son and heir to the family cook.

If ever I have heard cause for rejoicing and congratulations all down the line, it is this splended union. Who, in this servantless age, would not pass up a marriage made in Heaven if only he could achieve that far rarer phenomenon, one made in the kitchen?

Here is a family shot with luck, now blessed with a cook who cannot leave without notice, quit two hours before a big dinner party or demand a 50 percent increase in wages between breakfast and luncheon.

Oh, happy clan! What mother will not envy this family for its brilliant son who not only brings home the bacon but someone to cook it? What mother will not look upon her own unmarried offspring and wonder why in the world he hasn't the git-up-and-gumption to hang around kitchens instead of pool rooms?

In the mid-20th Century, a good cook, unless bound by marriage vows, is a sometime thing. She may be here today, but — one thing is certain and the rest is lies — she'll be gone tomorrow. No bromide of our troubled times is more certain than the old wheeze, "She was a good cook, as cooks go, and as cooks go, she went."

"She went thataway," might well be the motto of the whole tribe of peripatetic, modern cooks. Cooks may not yet be filled with the divine efflatus, but they are top-heavy with divine discontent. Every pasture is greener — long greener, that is. Yet here is a proud family upset because henceforth and forever its nembers include a girl who knows what to do with a stove instead of a can opener.

Their lucky son has escaped a miasma of bicarbonate of soda by marrying a cook rather than a debutante. The world is his oyster because he has married a marvelous woman who knows how to open one of the darn things.

Bulwer Lytton — may his Victorian shade rest in peace! —once put it neatly, to wit:

"We may live without poetry, music and art;

"We may live without conscience and live without heart;

"We may live without friends; we may live without books;

"But civilized man cannot live without cooks.

"He may live without books — what is knowledge but grieving?

"He may live without hope — what is hope but deceiving?

"He may live without love — what is passion but pining?

"But where is the man that can live without dining?"

Where, indeed? This bridegroom has it made! And his family, if if it will only take the long view, can surely see that it has not lost a son but gained that priceless ingredient, a cook.

Dr. Kennedy Dies Sunday

ST. LOUIS (AP)—Dr. Joseph W. Kennedy, one of the discoverers of plutonium—an atomic bomb ingredient—died yesterday of cancer.

Dr. Kennedy was head of the chemistry department at Washington University in St. Louis. He was 40 and had been ill since last fall.

He and three associates did experimental work at the University of California in 1940 and 1941 which led to the discovery of plutonium. In 1955, the Atomic Energy Commission awarded them $400,000 for their plutonium separation process.

Dr. Kennedy later was director of the Chemistry Division of the atomic bomb project at Los Alamos, N. M.

He was a native of Nacogdoches, Tex.

Movie Stars Have 'Audience Fever'

HOLLYWOOD (AP)—Top movie stars can never retire successfully because they have "audience fever," says a Hollywood psychoanalyst.

Dr. Mason Rose said great doctors or writers, face retirement realistically. But great entertainers?

"With their audience fever they have to remain 'on stage' throughout their lives," he said.

Boy Killed At Picnic

HOUSTON (AP) — A 14-year-old junior high school boy was electrocuted while on a family picnic in Milby Park while two playmates watched in horror.

The dead youth was Edward Dale Manuel.

Jimmy Wayne Dobbs, 14, and Dennis Byles, 15, told officers they were taking a walk Saturday when Manuel suggested they climb a 100-foot power pole. Byles went halfway up, then came back down, they said.

Dobbs said Manuel reached the top and then started back down, and stopped, and "began kidding us about how small we looked. "We told him he'd better hurry up, and he started down again."

"I turned away for a second, then I heard this awful buzzing sound. I looked up and saw Dale just standing there with white light all around his body. After about 30 seconds he fell forward."

Police said the youth probably was dead before he hit the ground.

Man Killed In Car And Tractor Mishap

RUSSELLVILLE, Ky. (AP)—Logwin Bryant Baker, 59, (of 2458 Russell St.) Abilene, Tex., was killed Saturday and his wife was injured when their car collided with a tractor eight miles south of here.

His wife, Mrs. Janie B. Baker, was listed in fair condition at Logan County Hospital.

State Trooper Rogell Blankenship said a tractor driven by Guy M. Jones, 51, crossed the road in front of the Baker car. Blankenship said Jones was charged with failure to yield the right of way.

BUCKLEY

"THE WINNAH.... HUH?"

SNYDER BUSINESS NEWS

SERVICES of Ezell-Key Feed & Seed for farmers in this area are numerous. They include such things as this joint service of the firm and of the Ralston Purina Co. Here, left to right, are Dana Westfall, Jack Meholin, and Max Coffee debeaking chickens at the Don Westfall farm west of Snyder. Meholin, district salesman for Purina, is available for service and advice for poultry and livestock problems. Coffee is service man for Ezell-Key.

EZELL-KEY FEED & SEED CO. personnel are, left to right, Max Coffee, Lowell Thornburg, Jim Kelly, and Roland Key. Kelly is manager of the firm, formerly Clark Feed & Seed. (Lee Watson photograph)

Ezell-Key Ready To Serve Planters, Poultry Raisers

Two things are especially important on the calendars of farmers at this time of year.

One of them is spring planting, something toward which farmers are looking this year with more optimism than in the past several years. The other is proper spring and summer feeding of poultry for developing layers between now and fall and for developing fryers and broilers.

The planting season is the top item on the calendar, of course, since it affects every farmer, and Ezell-Key Feed & Seed, formerly Clark Feed & Seed, 1607 Twenty-fifth Street, has been making preparations for properly servicing farmers this spring.

In its preparation, the firm has filled out a complete staff of employes for the best po sible service. Newly-appointed manager is Jim Kelly, who moved here from Sterling City. He has spent many years working in the field of agriculture. Other members of the staff include Max Coffee and Lowell Thornburg, both well-known locally after having lived here many years.

Ezell-Key Feed & Seed, in readying for spring, has built up a good stock of all kinds of field seeds, and many farmers are already getting their supplies ready for planting.

The stock at Ezell-Key includes the popular Northern Star cotton seed. There are grain sorghums, including the Texas and DeKalb hybrids, seeds for soil bank land, including both annual and perennial grasses like sorghum almum, blue panic, and weeping love grass.

Hybrid sorghums are much in demand this year. Popular at Ezell-Key are two DeKalb varieties especially suited for dryland. They are C-44 and C-50, which are both available in limited quantities. DeKalb also has a hybrid forage available, designed especially for grazing and ensilage.

Ezell-Key is exclusive dealer here for Purina products, and Purina feeds are widely used in this area for poultry and all kinds of livestock.

Poultry feeds include Purina Chick Startena and Purina Growena for developing poultry. Purina growing chows are fully fortified with nutritional elements to meet the needs of birds, whether they are on the range or confined. Small grains and grasses will reduce feed consumption considerably. Purina lines include broiler finisher for broilers and fryers, and the well-known Purina Lay Chow.

Ezell-Key stocks a complete line of sanitation products for taking care of any problem of insects or diseases in the home, garden, yard, barns, and stock. It has a full line of plant and field crop insecticides.

Included in services at Ezell-Key is custom mixing through use of special mixing equipment. The firm can checker mix feed, using local grain mixed with Purina concentrates for poultry, cattle, and hogs.

Fertilizers for yards, and in large quantities for field use, are available in such brands as Armour's, Mathison, and Phillips 66 at Ezell-Key. Different formulas are in stock for various uses, depending on the requirements of the land, including 16-20-0, 10-10-5, 5-10-5, and ammonium sulphate.

Ground-Breaking

SAN ANTONIO (AP)—Representatives from seven countries and the United States will be present for ground-breaking ceremonies Friday for the new School of Aviation Medicine at Brooks Air Force Base.

Nicey Gets Little Mean

PITTSBURGH (AP)—Mr. and Mrs. William Adams can't get into their bedroom because their pet racoon Nicey is so mean.

Adams said Nicey was a fine pet until the mating season last February.

"We noticed about then that Nicey started to get mean," he said.

Last weekend Nicey gave birth to some baby racoons in a dresser drawer in the Adams' bedroom. She spat and raged at Mr. and Mrs. Adams until they left the bedroom.

"We decided to sleep in the living room," Adams said.

Asked how his wife plans getting rid of the babies, he replied: "She isn't. She's going to keep them all."

Family Tragedy Is Set Off By Youth

MARYSVILLE, Kan. (AP)—A boy fell into the Blue River yesterday, triggering a swift tragedy that took the lives of a father and three of his seven sons.

The victims were Clarence Koch, 35, a power company line foreman, and his sons, Alan, 8; Darrell, 7, and Bryan, 6.

Koch, Alan and a friend, Jack Ryan, were setting a trotline from a boat when one of the boys on the bank fell into the river and the other leaped in to help him.

Koch dived in to rescue his sons, upsetting the boat, as he jumped. The father became entangled in the trotline and sank with his three sons clinging to him. Ryan was the only survivor.

Angler's Paradise

GRAYLING, Mich. (AP) — The State Conservation Department has set up a young anglers' paradise here on a stretch of river, well stocked by the state with trout and open only to fishermen under 16.

Wisconsin Demos To Fight Plans For Naming Senator

MADISON, Wis. (AP)—Wisconsin Democrats are determined to fight any effort to give the state's GOP governor special power to appoint a U. S. senator to complete the term of the late Joseph R. McCarthy.

This was announced by State Democratic Chairman Philleo Nash after a meeting of Democratic leaders.

There has been no announcement that the Republican majority in the Legislature will attempt to give the governor such power, now denied him under Wisconsin law, which says a special election may be called. Such a move has been suggested.

Yesterday Gov. Vernon Thomson said he was "concerned" about the possible costs of a special election for a term expiring at the end of 1958. He estimated the price at "one-half million dollars or more."

He told newsmen at Galesburg, Ill., he hadn't given the question of making an appointment much consideration, and he declined to say anything about his possible candidacy in a special election. If he were authorized to appoint a successor, he could name himself to the post.

Republicans have a two-thirds majority in both the Wisconsin Embassy and Senate, but a two-thirds vote would be needed to get such legislation up for immediate consideration. Some Republicans would balk at the maneuver, and their votes with those of the Democrats would be enough to defeat the plan.

The possibility was further minimized last night when Philip Kuehn, state GOP chairman, reported at a 10th Dist. Republican caucus that he believed Thomson would order a special election.

Nash said that yesterday's Democratic meeting was held "because we want to continue to operate on the premise that the voters should have the right to choose the man who should represent them in the Senate."

DELINQUENCY REPORT

Pornography Is 'Big Business'

WASHINGTON (AP) — A Senate subcommittee says the peddling of pornography has become big business and is contributing to mounting juvenile delinquency.

In a report yesterday, the group said traffic in erotic photographs and other pornography "may run higher than half a billion dollars annually."

It related this situation to what it said is an upward trend in delinquency. If that trend continues unchecked, the report said, more than one million children will be involved in court actions in 1965.

Listed as aspects of the juvenile delinquency problem were drinking, the use of narcotics, vandalism, venereal disease, gangs, and crime in comics and TV programs.

The subcommittee said at least 200,000 teen-agers contract venereal disease each year. The subcommittee made a number of proposals. It urged a more specific delineation of the present policy of admitting into the armed forces some youths with delinquency records, while barring others.

The report said the chief responsibility for fighting drug addiction among juveniles should be taken from the police and put into the hands of what it called "socio-medical workers."

The subcommittee renewed a recommendation that the Mexican border be closed to youths under 18 because of vice conditions in Mexican towns.

The report said "prostitution, drunkeness, sale of narcotics and pornography, perversion, and all forms of vice flourish openly" in Mexican cities and towns along the border.

"California, Arizona, New Mexico and Texas are confronted with substantial numbers of juveniles between 13 and 18 years of age going unescorted into Mexican border towns...such as Laredo... seeking recreation, thrills and excitement."

Family's Vacation Is Ended

ATLANTA (AP)—A flash flood in a small south Georgia stream ended a vacation trip for the W. E. Tyndales—and almost ended their lives.

The flood washed their auto from a highway and the family of four was suddenly battling death in swift churning water.

Tyndale, his wife and their two children, Nancy, 7, and Billy, 5, were sucked through a 42-inch steel culvert beneath a railroad track.

A cloudburst Friday night forced them to stop their auto just south of Nashville, Ga., on U. S. 129. Several other motorists were stalled nearby.

"Suddenly the car moved sideways and we saw water coming in through the floorboards," said Tyndale. "I tried to open the door but the water was nearly to the windows and I couldn't get it open The car was settling fast. We each grabbed one of the kids and dived headfirst out the windows."

Tyndale held to the car and removed a leg brace he wears as a result of a polio attack five years ago.

"We held to the car until the front end began to sink and we decided to try to swim back to the highway," said Mrs. Tyndale. "He took Nancy because she is the biggest. I held Billy and we struck out."

In the darkness and rain the Tyndales did not know they were swimming toward a strong whirlpool twisting at the end of the railroad culvert.

Girl Could Use A Few More Driving Lessons

WARWICK, R. I.—Miss Joan E. Ahlstedt, 18, of Cranston got into a convertible at the Mayfair Motors showroom to move it.

Police said Miss Ahlstedt, who got her learner's permit to drive 11 days ago, apparently stepped on the accelerator instead of the brake.

Result: The car crashed through four plate glass windows and struck a 1957 model car.

She was not injured.

Legation Stormed

SAIGON (AP)— More than 1,000 locally born Chinese again stormed Nationalist China's legation to protest a law making them Vietnamese citizens.

34 Killed In Violence Over Texas

By The Associated Press

Weekend violence caused 34 deaths in Texas, including 6 persons killed in a headon collision near Monahans.

Three died in a double shooting and suicide at Decatur.

Deaths Sunday included:

The six killed in the headon car accident near Monahans were Norman Vogel, 20, of Grand Falls; James Freeman, 19, of Royalty, and Kenneth Weaver, about 18, of Imperial, who were riding in one car; and Jasper Willis, 53, Mrs. Monteen Tillman, 40, and her son, Benny Thompson, 7, all of Grand Falls.

Three persons were killed at Decatur Sunday in what an officer called a "double shooting and a suicide." The dead were Willard Blackburn, about 71; his wife, about 68; and their son, Claude, about 38. Deputy Sheriff Vernon Green said he saw the elder Blackburn shoot himself. Green said he and other officers had rushed to the home after the younger Blackburn's wife told police of the shooting.

Edna Brandes, 45, and Edward Brandes, 37, both of Dallas, were killed in a three-car collision near Troy.

Charles Canary, 59, of Dallas was killed when his auto left the highway near McKinney Sunday.

Edward Manuel, 14, was accidentally electrocuted at Houston when he climbed a power line pole.

Juan Ruiz, 53, of San Antonio, was killed when hit by a car as Mrs. Margaret Turner, 48, was found shot to death at San Antonio.

Six Killed And Two Injured In Accident

MONAHANS (AP)—A headon collision 13 miles south of this West Texas town yesterday killed six persons and injured two.

The dead were Norman Vogel, 20, of Grand Falls; James Freeman, 19, of Royalty; and Kenneth Weaver, about 18, of Imperial, all riding in one car; and Jasper Willis, 53; Mrs. Monteen Tillman, 40; and her son, Benny Thompson, 7, all of Grand Falls.

Bonnie Ivey, 18, of Fort Stockton was in a critical condition. Clayton Holden, about 20, of Grand Falls, a passenger in the car with three youths, was seriously injured.

Leftists Win In Syrian Election

DAMASCUS (AP) — Syria's pro-Egyptian leftists have won three important parliamentary by-elections, downing a new anti-Communist coalition. The government forces lost a fourth contest, but it involved only local issues.

The government-backed candidates scored victories in weekend elections marked by a light turnout of voters and charges of political foul play. All three seats in the 142-member Parliament previously were held by right-wingers now in jail on charges of trying to topple the government of President Shukri Kuwatly.

In Damascus, victory went to handsome, 32-year-old Riad el Maliki, who stumped on a platform of all-out support for Egypt and condemnation of the Eisenhower Doctrine. El Maliki polled 20,929 votes to 18,457 for right-winger Mustafa Sibai, leader of the Moslem Brotherhood in Syria and Jordan.

Supporters of rightist publisher said Tellaway conceded defeat by leftist Jamal Kalaleeb in Homs, central Syria.

In Suweida, leftist Abou Asali defeated rightist Sitan Nassr 2,671-2,160.

The fourth contest was decided Saturday in the south Syrian tribal district of Houran, where Sheik Zaar el Jumaa was elected.

This was the first time the rightist Moslem Brotherhood, People's party and other anti-Communist groups merged into a national front. However, observers believed a victory for the right would have had little effect on Syria's relations with the West. The rightists came out strongly for Arab nationalism, opposed ties with the West and campaigned against the Eisenhower Doctrine.

The leftists made the United States particularly a campaign issue. Two left-wing papers claimed U. S. agents were buying votes for the right with "brief cases stuffed with dollar bills."

Sibai protested formally to President Shukri Kuwatly that government police and agents stood over ballot boxes in violation of election law. He also asserted that many voters were given faulty ballots which were thrown out by election officials.

Big Civil Defense Test Held

DEPOSIT, N. Y. (AP) — Fifteen hundred persons from Binghamton, 28 miles away, moved into this rural village yesterday in the largest civil defense evacuation ever attempted in the nation.

Local homes and schools were opened to the visitors, who fled their homes because of a mock H-bomb attack.

In effect, the affair turned into a pleasant Sunday picnic.

Civil defense leaders came here from across the country to see whether such a test would work. They left praising the "remarkable cooperation."

A top federal civil defense official said he was "satisfied" that many of the operations worked out in the exercise could be adapted to the U. S. program for survival against an H-bomb attack.

The exercise, labeled "Evac 12," had been planned by the New York Civil Defense Commission for more than a year.

The exercise called for an "H-bomb", to strike the middle of highly industrialized Binghamton.

The evacuees volunteered from among 10,500 residents in Binghamton's 12th Ward, a fringe area where the number of survivors might be larger than in other areas.

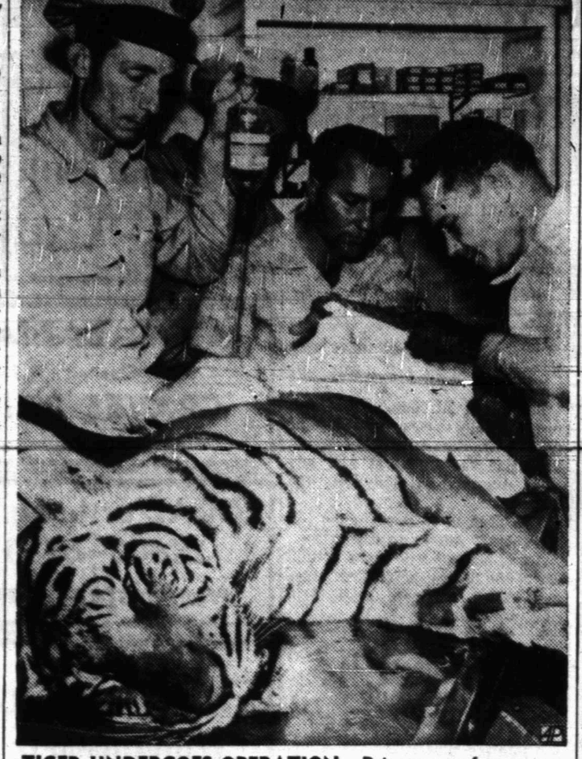
As sirens screamed, mothers and fathers hustled their children into private automobiles. Two caravans, totaling 374 cars, made the trip over a winding, mountainous road without accident to this village of 2,000 along the New York-Pennsylvania state line.

Those without transportation rode school buses.

A train carried 110 persons, including 30 adults on litters, the "wounded" and "disabled," and children "separated" from their families.

Deposit was ready for them. Men and women wardens led the evacuees to shelter in the homes of the villagers.

Deposit's modern, new high school was turned into general headquarters.



TIGER UNDERGOES OPERATION—Princess, a four-year-old Bengal Tiger, undergoes a Caesarean operation at the Dallas, Tex., zoo. Dr. Jack Brundrett, right, performs the operation while zoo curator, Elvie Turner, center, and George Bulloch, operating supervisor of the zoo assist. Another zoo attendant is in the center background. The two kittens were stillborn, but Princess came through the operation nicely.

IN ROYAL ROMANCE

Jazz Pianist Not Giving Up

STOCKHOLM — A British socialite jazz pianist today was reported to have told a Stockholm newspaper his romance with Princess Margaretha of Sweden is not all over.

The master of the Swedish royal household announced last night that Robin Douglas-Home had proposed to the princess, granddaughter of King Gustaf, but her family rejected him.

The royal spokesman said the "innocent little affair" ended more than a month ago.

Sweden's biggest daily paper, Dagens Nyheter, said Douglas-Home told it by telephone from London that the royal statement was "mere nonsense."

"This is far from being finished, I assure you," he was quoted.

One report said his latest letter to the princess arrived here yesterday, carrying his family seal with the motto, "True to the end."

Douglas-Home, 25, works by day in a London advertising agency and plays piano at night at a hotel. He is a nephew of the Earl of Home, lord president of the council in the British government and Conservative leader in the House of Lords, and is a close friend and frequent companion of younger members of the British royal family.

He met the 22-year-old princess while she was living with friends of her family in London last winter. The London Sunday Express reported her family called Margaretha home and forbade her to communicate with her suitor.

The Express said King Gustaf disapproved of the romance. The palace spokesman, Count Carl-Reinhold Van Essen, said Margaretha's mother Princess Sybilla had written Douglas-Home that the marriage was "unthinkable."

Von Essen said the princess' family objected to the Briton's "circumstances."

Margaretha's father was killed in a plane crash 10 years ago. Her 11-year-old brother, Karl Gustaf is next in line for the throne but Margaretha herself is not in the line of succession. Unlike British law, Swedish law permits her to marry anyone she wants without royal consent since she is of age.

In London, Douglas-Home refused to comment on the reports.

Grace Not Expecting

ROME (AP)—A member of Prince Rainier's staff today denied reports Princess Grace of Monaco may be expecting another baby.

"There's nothing to them," said the spokesman.

"Of course," he quickly added, "we would all be very happy if the princess were to have another child, especially a boy."

Grace and Rainier are vacationing in Rome. They plan to leave tomorrow by car for north Italy.

One report abroad said Grace was believed to be expecting another baby about Christmas. The report said it had been noted the princess requires considerable rest.

The Italian magazine Incom also reported rumors that Grace might be expecting.

Shelly Winters And Spouse Honeymoon

CARSON CITY, Nev. (AP)—Actress Shelly Winters and Anthony Franciosa, a leading player in a film being made here, are honeymooning today.

The blonde, 34-year-old actress and Franciosa, 28, were married Saturday night under their real names. Justice of the Peace Dan Murphy said he had no ideo that Shirley Schrift and Anthony Papaleo were film stars.

"I didn't tumble to who they were until today," he said.

Native Of Iraq Has Trouble In America

hammed Bashka, 27, bicycling from his native Baghdad Iraq to Chicago, told newsmen he pedaled across Jordan, Syria and Lebanon without a mishap but when he got to Dover, N. J., two young thugs socked him on the head

He crossed the Atlantic by ship In Chicago, he will take a refrigeration and airconditioning course.

COMPARE THE MIGHTY CHRYSLER

DURING "MIGHTY VALUE MONTH"

THE MIGHTY CHRYSLER WINDSOR 2-DOOR HARDTOP

YOUR BIGGEST VALUE IN THE $3000 PRICE RANGE

...AND RIGHT NOW'S A GREAT TIME TO TRADE!

TO GET the most for your money in a car, check the facts you can see and touch. Compare cars . . . Chrysler is longer, lower, and roomier than any other car in its price class. It has the five Mighty Values listed here . . . no other car in its class offers *even one of them!* It has the biggest windshield, the largest brake lining area — both outstanding safety features.

Compare prices . . . the glamorous prestige-class Chrysler is priced right down with many models of low-priced cars. If you can afford any new car, we can prove you can afford a Mighty Chrysler. Finally, compare performance . . . here are real luxury-car power and driving ease that leaves the others way behind. See us now for an eye-opening Mighty Value demonstration.

MIGHTY VALUE! New Pushbutton TORQUEFLITE* Transmission!

In actual tests, TorqueFlite*-equipped Chrysler left all competitors far behind in acceleration. Pushbutton TorqueFlite is the most responsive, trouble-free transmission in its class.

*Optional at extra cost.

MIGHTY VALUE! Revolutionary new TORSION-AIRE Ride

This combination of torsion bar front suspension, new ball joints and outrigger rear springs, is exclusive in Chrysler's field. It reduces "lean" on turns, eliminates brake dip on stops.

MIGHTY VALUE! CHRYSLER ENGINEERING

World-famous Chrysler engineering gives you years-ahead features like Full-Time Power Steering, Oriflow Shock Absorbers, and many other exclusive Chrysler firsts.

MIGHTY VALUE! Greatest Styling Advance IN 20 YEARS!

Sales records prove Chrysler's pace-setting Flight-Sweep style is the sensation of the year. From long, low hood to trend-setting stabilizer rear fins, it's all new, fresh, and functional.

MIGHTY VALUE! TOP RE-SALE VALUE!

Because of its outstanding features, the Chrysler you buy today will be worth more next year and the year after that. Right now Chrysler is among the most-wanted used cars anywhere.
