ROAD BOND PETITIONS READY TODAY

ADVOCATES TO TAKE STREETS WITH MEASURE

COUNTY COMMISSION TO HEAR PROPOSITION PROBABLY MONDAY

The next step in Lubbock county's steady march for county-wide paving was taken today with meeting of both the executive committee and the directors of the Lubbock County Good Roads association.

Circulation of copies of the petition for a bond election to care for the paving project was scheduled to begin late this afternoon in every school district of the county. Officials of the association hope to have the petition ready to present to the county commissioners court next Monday at the regular meeting.

The executive committee, composed of the officers of the Good Roads association, met with Chamber of Commerce officials in the city hall at 11 o'clock this morning. A number of details of the petition were worked out.

Directors Rotary Guests
Following this, directors of the association and members of the commissioners court were guests at the luncheon of the Rotary club at the Hotel Lubbock.

The Good Roads association includes one director from each school district, three from both Dallas and Tarrant and six from Lubbock. Although only fifty names are required on a petition of this kind it is planned to get as many names on the paper as possible. Possibility of holding the proposed bond election is being considered.

JUDGE DEFIES MOB THREATS

NEGRO ATTACKER WILL BE TRIED IN COUNTY WHERE INDICTED

(By Associated Press)
GAINESVILLE, Oct. 17.—Meeting threatened by mob violence with the assertion that he would wear in a number of special officers and instruct them to "shoot to kill" anyone interfering with the court, Judge Alvin Owsley here announced he would try Elias Jorman, negro, in Gainesville Monday.

The negro was indicted by the Cooke county grand jury late Tuesday on charges of criminal assault upon Mrs. A. R. Hassenflog, Jr., and theft of the Hassenflog automobile. The assault and theft occurred on the morning of October 8.

"I have been informed from at least five sources," Judge Owsley said, "that certain persons do not intend to allow the negro to go to trial in Cooke county. Intending instead to lynch him. I believe there are enough law-abiding citizens in Cooke county to assist me in giving this man a fair trial."

Overripe Fruit Is Hurdled At Speaker

OKLAHOMA CITY, Oct. 17 (AP)—A barrage of overripe fruit was hurled today at John A. Simpson, president of the Oklahoma Farmers Union, when he spoke in behalf of the presidential candidacy of Gov. Alf S. B. Smith last night at Bethel, a small town a few miles west of Oklahoma City.

O. T. Stover of the sales department of the Farmers Union, who attended the meeting with Simpson, said it was his opinion that the apples were hurled by boys. None took effect.

Furlough Granted To Convict Today

AUSTIN, Oct. 17 (AP)—Riley Williams, serving two years in the penitentiary from Montague county where he was convicted of perjury May, was granted a furlough today by Governor Moody today.

TIGHTEN DOWN ON AUTOISTS

Violators of the ordinance allowing right turns on red lights will be arrested from now on, Chief of Police John Lemond said this morning.

He said that to make a right turn when the traffic light was red it must be necessary to be on the inside traffic lane and to come to a complete stop.

Chief Lemond said that members of the police force had been warned to catch every violator of this ordinance. It is thought that times will be the surest way of insuring enforcement of the ordinance.

EASTLAND LAD SENTENCED TO DIE IN MURDER

OIL FIELD SLAYING IS CLIMAXED BY TRIAL HELD YESTERDAY

(By Associated Press)
EASTLAND, Oct. 17.—Clyde Thompson, a youth still in his teens must die in the electric chair for the murder of Lucian Shook, September 7, unless his attorneys can overturn in some manner a sentence passed upon him here late yesterday by a jury in district court.

Thompson was arrested with two other boys, Thomas Davis and Woodrow Wilson Davis, the latter only 12 years old, a day after the bodies of Shook and his brother Leon, scarred by a beating and by gunshot wounds, were found by neighbors.

An alleged statement from Thompson admitted in testimony said that he had gone to the Shook cabin, near Leary, Texas, to rob it. The shooting, according to the statement, climaxed the argument which followed.

Woodrow Wilson Davis, on the stand yesterday, however, testified that Thompson had said he intended to kill Lucian Shook while the trio was making its way to the Shook cabin. Charges against the younger Davis were dropped yesterday.

Thompson's attorneys are expected to ask for a new trial and take the case to the higher courts. The defense yesterday was dramatic because of its simplicity and brevity. Thompson's father testified to his youth, three friends testified to his character and the defense rested.

Woman Found Dead In Gotham Home

NEW YORK, Oct. 17 (AP)—Mrs. Alta Bonello, who also went under the name of Mrs. S. C. Wolch, was found dead today in her apartment in Sunnyside, Queens, by a detective who went there to question her about Tony Bonello, reported to be her husband, under arrest at Kansas City for alleged complicity in a bank robbery there. Her throat had been cut and her head was crushed.

A carving knife, a flatiron and hammer, all blood stained, were found in the apartment. The body, clad in a silk night gown was on the bed.

Kansas Youth Wins In Cattle Judging

MEMPHIS, Tenn., Oct. 17 (AP)—Raymond Cohorst, Maryville, Kan., high school boy won the National Dairy Show cattle judging contest yesterday taking first place from more than 100,000 competitors who participated in preliminaries in 32 states and in the finals here.

The Kansas team, led by Cohorst was first in judging all breeds. New Jersey was second. Oklahoma scored first in Guernsey and Holstein judging.

COTTON YIELD LOOMS LARGER THAN THOUGHT

BEGINNING OF HARVEST SHOWS OPTIMISM IS JUSTIFIED HERE

The cloud of pessimism precipitated on the South Plains by the unprecedented depredations of pests and insects during the cotton growing season had a silver lining.

Farmers this morning were optimistic. Beginning of the harvest has brought about the fact that cotton yields, in nearly every case, will be heavier than was thought possible two weeks ago.

Cotton is maturing earlier than expected and the great cotton pickers are expected to meet by the end of the week.

Frost misses Lubbock
Frost predicted for the Panhandle this morning failed to arrive and farmers and business men alike breathed a sigh of relief. Minimum temperature today was 33 degrees, same as the low mark for yesterday. The cold weather has been of no damage whatever to cotton, as yet. And the forecast is for "fair."

Straggling forerunners of a large delegation of cotton pickers, headed in this direction from Central and Southern Texas, have begun to show up at the offices of the Lubbock Chamber of Commerce.

Requests for cotton pickers and other farm workers continued to come in this morning.

Floyd Everhart, government labor bureau agent, here during the harvest season, said this morning that he expected rapid relief for the labor need in Lubbock county and surrounding counties.

A report was received here yesterday that about 4,000 cotton pickers, who had been released from

Louisiana Woman Freed In Slaying

FARMERSVILLE, La., Oct. 17.—Mrs. Mollie Day, member of a prominent Union parish family, was acquitted here tonight on a charge of manslaughter. Mrs. Day was charged with killing Mrs. M. M. Medlin, wife of Dr. Ira Medlin, last August. Witnesses for the defense declared that Mrs. Day shot and killed the other woman in self-defense, after Mrs. Medlin had fired the first shot.

The shooting occurred on a roadside near here August 2 when Mrs. Medlin, drove up in her automobile during a conversation between her husband and Mrs. Day.

Mrs. J. F. BACON IS ILL
Miss Virginia Bacon arrived here this morning from Nashville, Tenn., where she is a student in Ward-Belmont College, to be with her mother, Mrs. J. F. Bacon, who is seriously ill. Mrs. Bacon's condition has shown little change for several days, members of her family said today.

Winter Releases Icy Grip In Rocky Mountain Area

(By Associated Press)
DENVER, Colo., Oct. 17 (AP)—Rising temperatures and rain today brought promise of relief from the mid-winter blizzard which has swept the Rocky mountains for three days, claiming two lives, mauling 7 persons on Pikes Peak and endangering hundreds of deer hunters scattered throughout the wild Colorado highlands.

The dead are Joe Miller, 65, a sheep herder, frozen to death near Carson, Wyo., and James Lindsey, 32, a Colorado school of mines graduate, who froze to death near Cortez, Colo., while deer hunting. An

unidentified oil driller was missing from the Prairie Oil and Gas company's holding near Rock Springs, Wyo.

Mr. and Mrs. Alex Simonson and J. I. Nichols, employees of the company which operates the Summit House on Pikes Peak, were snow-bound in the house 14,000 feet above sea level, but their position was not believed dangerous, as they have a large supply and adequate fuel.

Bandits Grab \$23,500 In Raid On Arkansas Bank; Lock Five In Vault

One Dead, Two Shot In Liquor Search

WINNIE, Ga., Oct. 17 (AP)—One man was slain and two others wounded, one of them seriously, in a gun battle which ensued after local police, armed with an "information" search warrant, had ransacked the home of Grady Morgan here today in a vain hunt for liquor.

Jesse Morgan, father of the man whose home was searched, is dead. Grady Morgan, wounded three times, was said to be in a critical condition, and Policeman Hall, one of the raiding officers was suffering from less serious wounds. The grand jury, which was in session, immediately after the shooting indicted Jess Morgan for violation of the prohibition law.

Smith Itinerary For Final Weeks

SEDALIA, Mo., Oct. 17 (AP)—A tentative speaking itinerary for Governor Smith for the final two weeks of the campaign, it was indicated here today, calls for addresses in Boston and Philadelphia next week and Baltimore, Newark, Brooklyn and New York City the final week.

The itinerary, subject to change, would take the democratic presidential nominee to Boston next Wednesday or Thursday after a two or three day layover in Albany at the end of the present tour, and to Philadelphia the following Saturday night.

Winter Releases Icy Grip In Rocky Mountain Area

(By Associated Press)
DENVER, Colo., Oct. 17 (AP)—Rising temperatures and rain today brought promise of relief from the mid-winter blizzard which has swept the Rocky mountains for three days, claiming two lives, mauling 7 persons on Pikes Peak and endangering hundreds of deer hunters scattered throughout the wild Colorado highlands.

The dead are Joe Miller, 65, a sheep herder, frozen to death near Carson, Wyo., and James Lindsey, 32, a Colorado school of mines graduate, who froze to death near Cortez, Colo., while deer hunting. An

Mr. and Mrs. Alex Simonson and J. I. Nichols, employees of the company which operates the Summit House on Pikes Peak, were snow-bound in the house 14,000 feet above sea level, but their position was not believed dangerous, as they have a large supply and adequate fuel.

Near \$3,000,000 Is Spent By Democrats

WASHINGTON, Oct. 17 (AP)—The Democratic National Committee today reported receipts up to Oct. 15 of \$2,753,192.04, and expenditures of \$2,553,353.18.

A statement filed with the house campaign funds committee showed that from September 1 to October 15 it had received \$1,539,441.70 including a loan of \$500,000 from the County Trust company of New York. The committee reported a balance on hand on Oct. 15 of \$197,538.85.

EDUCATORS TO VISIT LUBBOCK

FOUR TEXAS COLLEGE PRESIDENTS TO BE IN CITY THURSDAY

Presidents of four state colleges will be in the city tomorrow and will participate in the convocation set for 11 o'clock Thursday morning at Texas Technological college. Dr. Paul W. Horn, Tech president, announced today. The four presidents coming here are Dr. H. Y. Benedict of the University of Texas at Industrial Arts; Dr. R. L. Marquis, president of the North Texas State Teachers college; and Dr. C. E. Evans, president of the South Texas State Teachers college.

On Friday the visiting educators will be the guests of Dr. Horn on a motor trip which will carry them to Canyon, where a new building of the West Texas State Teachers college will be formally dedicated, with Dr. J. A. Hill, president of that institution in charge of the ceremony.

Dr. Horn urged a large public attendance at tomorrow's convocation.

Seventy Drown In Ship Crash, Rumor

SHANGHAI, China, Oct. 17 (AP)—Seventy persons were drowned, according to reports from Tientsin, when two coasting steamers of the China Merchant Steam Navigation company collided near Taku. The Yung Hsing was sunk and sixty of the 300 passengers she carried to Tientsin with ten members of the crew were missing. The other vessel was the Hainan.

Cold Wave Slows Up Cupid In City

McGehee, Ark., Oct. 17.—Two men unmasked but wearing smoked glasses locked five employees of the Citizens Bank here in the vault and escaped with \$23,000 in cash today. Posses of citizens and officers from adjoining cities were organized and immediately started the search for the bandits.

The men both wearing khaki had been seen in town several days. They entered the bank through a rear door, covered employees who were preparing to open the bank, with pistols and forced them into the vault.

A man working next door saw the bandits leave and released the bank employees from the vault.

Hoover Welcomes Rockford Fliers

WASHINGTON, Oct. 17 (AP)—Herbert Hoover today greeted Bert Hassell and Parker Cramer, the two aviators who were forced to land in Greenland during an attempted flight from Rockford, Ill., to Stockholm, Sweden. Later the fliers were received by President Coolidge at the White House.

"I am very glad to have the privilege of greeting you," Hoover said, "of meeting men who have come through a great adventure with great courage and with success. We certainly welcome you to the United States. We are all proud of you and of all the citizens in our country who come from the same blood."

Woman's Death Is Being Investigated

SOUTH BEND, Ind., Oct. 17 (AP)—An alleged love affair between Charles Rhyer, real estate operator, and Mrs. Genevieve Stultz, beauty parlor operator, was the basis of police investigation today in the murder of Mrs. Stultz, whose body was found near Elkhart Monday. Rhyer and his wife were arrested following the identification of Mrs. Stultz's body, found with the skull crushed and with two bullet holes in the breast.

COMMANDER McDONALD, YOUNG BRITISH AVIATOR TAKES OFF FROM ST. JOHNS WEDNESDAY

ST. JOHN'S, N. F., Oct. 17.—Commander H. C. MacDonald, English Aviator, took off from Harbor Grace today in a Moth type airplane in an attempt to fly across the Atlantic ocean to England.

MacDonald, who is 28 years old, came to Newfoundland about three weeks ago and began assembling his plane in preparation for the attempt. Although he said he had only 80 hours of flying he was confident he could make the flight alone in the small plane.

Since his arrival here the young English flier has been awaiting favorable weather conditions. He had declared he would not take off until he had a "hunch" that everything was right.

MacDonald said the flight was being financed privately. He was assisted in preparing for the flight by A. F. Williams, a mechanic who accompanied him from England.

Flight Commander H. C. MacDonald arrived from England with his Haviland Gypsy Moth plane on September 26 with the announced intention of attempting a trans-Atlantic flight from Harbor Grace.

Four days later he said he would take off on October 2, if weather conditions permitted. He made a series of test flights shortly after his arrival by steamer.

ECONOMY MYTH OF FOES FALLS BEFORE SMITH

NOMINEE TEARS INTO REPUBLICAN CLAIMS IN FIERY ASSAULT

(By D. HAROLD OLIVER, Associated Press Staff Writer)
SEDALIA, Mo., Oct. 17.—Leaving Missouri to ponder over his triple assault on Coolidge economy, Governor Smith carries his party's standard into Illinois today to await the signal for the seventh and last speech of his second campaign tour. Chicago was the destination of the democratic presidential nominee, who planned to board his special train here in the forenoon. The schedule calls for his arrival at 9:45 o'clock tonight in the Lake Michigan metropolis and for stops enroute, for near platform appearances, at Springfield, Bloomington, Joliet, and possibly other Illinois cities. The governor will spend three nights in Chicago, his speech being planned for Friday night.

Slashing into republican claims of huge savings in the cost of government in recent years, the nominee, in his address last night before an audience that packed the huge livestock pavilion at the state fair grounds and cheered him on, painted what he called "three pictures," with economy claims as his model.

After charging his opposition with "misrepresentation," the nominee took up his first picture and asserted that claims that federal expenses have been reduced through "misrepresentation," the nominee took up his first picture and asserted that claims that federal expenses have been reduced through

Crop Favorable To Opening Of Cotton

WASHINGTON, Oct. 17 (AP)—The Department of Agriculture's summary of weather and crop conditions for the week ended yesterday says:

The weather was abnormally warm throughout practically the entire cotton belt, and the week was mostly fair. In the cotton belt, cotton opened rapidly and picking and ginning made satisfactory advance in all sections. Late bolls are still developing on some lowlands of the central northern portions of the belt, while progress of the crop was fairly good in the more northwestern districts, though there were still complaints of premature opening in Northwestern Texas where some was blown out by high winds.

Brownfield Paving Bond Issue Fails

BROWNFIELD, Oct. 17.—A paving election held yesterday was defeated by twenty-nine votes. Those opposed to the issue were very active in their efforts to defeat it while ones in favor contented themselves in casting their votes but took no other active interest.

Brownfield Crops Miss Frost Today

BROWNFIELD, Oct. 17.—This section of the state missed freezing weather last night by a very narrow margin, the thermometer reaching thirty-eight degrees. Some lowland crops are damaged but it is not believed that any large section of the country will be affected.

ZEPPELIN WILL FLY BACK SOON

TOUR OF UNITED STATES CITIES PLANNED TO PRECEDE RETURN

(By Associated Press)
NEW YORK, Oct. 17.—The Graf Zeppelin plans to start a return flight to Germany in about ten days. First, however, after repairs have been made to her damaged fin, she will make a tour of Eastern United States.

Announcement of his plans was made by Dr. Hugo Eckener, commander of the big air cruiser, during a breathing spell in the recuperation which the city gave him, his officers, crew and passengers on the 6,300 miles flight.

The damaged horizontal fin, the mishap which threatened disaster off Bermuda, will be repaired by the end of the week, he said. Then the Zeppelin will start her tour of United States cities. Pittsburgh, Akron, O. Detroit and "perhaps Chicago and some other cities" were listed by Dr. Eckener on his tentative itinerary.

Expect To Reduce Time
Although the trip from Friedrichshafen to Lakehurst required almost five days, Captain E. H. Lehman, first officer, believes the return voyage will be made in two

School Dynamited And Two Are Hurt

VERDIGRE, Neb., Oct. 17 (AP)—A country school dynamiting similar to that which occurred near Ottawa, Ill., a year ago, had the Verdigre countryside aroused today. Two small children, injured in the explosion, were in a hospital, painfully though not seriously hurt.

The dynamite, as was the case in the Illinois bombing, was planted in the school house stove. Only the fact that the children had gone outside to play just before the explosion rocked the building prevented a heavy casualty list.

The stove was blown to pieces and a large hole was blown in the roof. Miss Agnes Motica, the teacher, had walked to the school house door to call the children back to their classes when the dynamite exploded.

DUNCAN TALKS TO ROTARIANS

SCHOOL EXECUTIVE IS FAVORABLE TO TWO AMENDMENTS

An address supporting two amendments to the state constitution by M. H. Duncan, city schools superintendent, a short talk by Rev. Dr. Virgil Wallace, conductor of a revival campaign now in progress at the First Christian church, and vocal presentations by Mrs. Virgil Wallace were features of the Rotary club's program at noon today, when members of that organization met in their regular weekly luncheon session.

Ensign A. Shultz of Dallas, financial campaign officer assigned to Lubbock county for the approaching \$4,000 drive, also spoke shortly, giving the aims of his organization.

With Rev. Walter P. Jennings in charge of the program, Mr. Duncan explained the proposed constitutional amendments, both of which deal with problems of public education. The first calls upon the legislature to pass a law setting the appointment or election of a state board of education, with no term longer than six years, to provide for the fixing of terms for public school officials, school boards and clerical agents at not more than six years per term. Mr. Duncan stated that he favored the passage of both amendments and that practically all educators in Texas were in favor of passing them.

Dr. Wallace declined to speak before the club due to the lack of time to cover his subject but introduced Mrs. Wallace, who sang two selections, accompanied by the choir. The second selection Mrs. Wallace was aided by Neil H. Wright, here-to-fore unknown as a singer, who chimed in at an important place in the song.

SMITH

(Continued from Page 1)

"prudent spending," economy and good business methods, forming the basis of the greatest failures offered by the republican party."

Statistics Disprove Claims—Picture No. 2, as he called it, led the governor through a maze of figures on what matters he said were actually spent during the last two republican administrations, and he was loudly applauded when he said that "all of the departments of the government together in 1927 cost \$200,000,000 more than they did in 1924."

For the third picture, the nominee chose as his subject the "neglect of the postmaster," the failure to appropriate for certain well known wants of the government, and in this connection he charged the Washington administration with a "new kind of truck bookkeeping" which he said could not operate in the state of New York.

Rite Treatment of Indian—Near the end of his address Governor Smith seized upon a report made by Chairman Work of the republican national committee while he was secretary of the interior in which he was quoted as having said the government was trying to send Indian children at the rate of nine cents a day per child and a statement once made by Secretary of War Davis during a session that housing facilities for the American soldier amounted to almost a national disgrace.

He then directed a question to Mr. Hoover.

Does he approve of a national economy that starves out the Indian children and neglects to provide proper housing sleeping and eating facilities for the country's very first line of defense?

"Does he see these pictures in their true light?"

"If he does not," he declared, "then I am prepared to say he does not understand the operation of government."

WINTER

Fractured Leg Is Suffered By Youth

Arthur Bradshaw, son of Mr. and Mrs. A. A. Bradshaw, 2618 22nd street, in the West Texas Hospital with a broken leg, the injury having been received in football practice yesterday afternoon. He was resting very well this morning, his mother said. Arthur is a student in the junior high school.

COTTON

(Continued from Page 1)

the fields of Central Texas because of rains, were migrating in the direction of the South Plains. A large part of this number is expected to report to Lubbock as the central point. From here they will be distributed by Mr. Everhart to the various places where they are needed.

In answer to a call made from here yesterday for 6,500 pickers, C. W. Woodman, head of the U. S. federal farm employment bureau at Fort Worth, advised all of the agents of the state to centralize on Lubbock, sending all pickers in this direction.

Representatives from every section of the South Plains are expected to meet at the Chamber of Commerce offices here Friday afternoon at 2 o'clock to compile a thorough survey of the actual need here. Representatives will report the need from their sections and present some plan for the distribution of the pickers.

Don L. Jones, head of the state experiment station, reports that the present cold weather will hold up the maturity of the crop slightly.

Paradoxically, the storm which occupied most of the three day deer hunting season ending yesterday, served not only to discomfort and endanger the hunters, but to actually protect the deer. R. G. Parvin, fish and game warden, said that low visibility coupled with the storm danger, undoubtedly had resulted in a much larger number of deer killed than last year.

WINTER

(Continued from Page 1)

Carl Anderson and William Sharkey, other employees of the co-operations company, were stranded in the Hall Way house. Snow plows manned by many volunteer workmen early today began working their way up the cog road.

The fate of many of the estimated 10,000 deer hunters caught in the walls of the unbreakable storm remained in doubt today, although many of the hunters caught on the western slope Sun-

ing Mayor McKee extended the city's official welcome, they were taken up LaFayette street and Fifth Avenue to the Hotel Warwick, where they will stay while in New York.

Crowds continued to throng the big hangar at the naval air station at Lakehurst where the Graf Zeppelin is berthed as mechanics and craftsmen of the United States navy overhauled the ship's motors, examined the envelope for possible tears and ripped the torn fabric from the damaged part.

ROAD BONDS

(Continued from Page 1)

election by December 1, after the required time limit of thirty days, is voted by leaders of the paving movement.

The petition, legality of which has received the approval of Attorney General Claude Pollard specifies the specific amounts to be expended on each road and included provision which prevents the money from being used for any other purpose. The entire project entails an expenditure of \$2,000,000 and includes provision for the hardsurfacing of the following highways in the county: State highways No. 7, No. 9, and No. 83; road north of Stanton to Highway No. 8; road north of the Lynn county line through Stanton and Idalou to the Crosby county line; and the road from Lubbock through Acouff to the Crosby county line.

Members of the executive committee to attend the business session this morning include: J. A. Rix, Lubbock, chairman; L. A. Wilson, Stanton, secretary; and E. T. Daniels, Idalou; T. J. Overby, Stanton; and W. H. Smith, substituting for P. G. Stokes, all vice-presidents.

Tax Figures Soon—Tax figures concerning what increase would be effected by the proposed bond issue are being prepared and will be presented in the near future.

Twenty-seven copies of the petition have been prepared and will be circulated throughout the county during the remainder of the week. According to provisions of the petition, it will be impossible to sell in proposed bonds until the county is ready to use the money for the designated road construction.

Storm Of Arrests Breaks In Philly

(Continued from Page 1)

PHILADELPHIA, Oct. 17 (P)—The storm of arrests which threatened Saturday night when District Attorney John Monaghan disclosed that "Al" and Ferguson Hendrie, whom he characterized as "the biggest beer runners in Philadelphia," had talked, broke today and swept a police captain, 10 city hall detectives, three district patrolmen and a special policeman into court.

The Hendrie brothers were arrested in connection with the special grand jury's investigation of bootlegging, police corruption and gang murders, and were kept incommunicado over the week-end while questioned by Monaghan, who is in charge of the investigation.

Heavy Rains Halt Houston Traffic

(Continued from Page 1)

HOUSTON, Oct. 17 (P)—Traffic was normal here today after being handicapped last night by a rain of 2.94 inches. A temperature drop of 15 degrees accompanied the rain.

Most of the rain fell during a deluge which lasted more than two hours. Streets became sheets of water, motorists and pedestrians were marooned and public utilities in some sections of the city were crippled.

SNYDER CRASH-TOLL MOUNTS

REV. CARNEY DIES OF INJURIES RECEIVED IN GRADE SMASH

(Special to The Journal) SNYDER, Oct. 17.—Rev. John Carney, 76, Cleburne, who with Mrs. Carney was seriously injured in collision with a Santa Fe freight Monday morning died last night at the Emergency hospital here. Mrs. Carney was killed instantly and her body has been held here pending the arrival of a son from Los Angeles. Both bodies will be sent from here this afternoon to Cleburne where the double funeral will be held Friday morning.

Rev. Carney had made the trip here for a sermon at the First Baptist church Sunday night and premonition of his death was indicated in a number of personal expressions made during the sermon. The aged couple have lived in Cleburne for two years. Prior to that time they lived in Handley and resided in Fort Worth about 20 years. The parents are survived by a daughter, Mrs. A. D. Simons, of Cleburne, and three sons, Sam Carney of Cleburne, P. E. Carney of Fort Worth, and C. F. Carney of Los Angeles.

LOS ANGELES—Young Nationalists, Philippine, knocked out Johnny Torres, Los Angeles, (1).

JUDGE FINES ATHEIST HEAD

PENALTY FOLLOW TALK IN OPPOSITION TO EVOLUTION LAW

(By Associated Press) LITTLE ROCK, Ark., Oct. 17.—Found guilty of a charge of distributing printed material "calculated to provoke a breach of the peace," Charles Smith of New York, president of the American Association for the Advancement of Atheism, was fined \$25 and costs by Municipal Judge Harper Harb today.

His arrest late yesterday resulted from his activities in opposition to a proposed initiative act to prohibit teaching evolution in tax supported schools of the state which is to be voted on in the general election next month.

Smith was arrested yesterday by police, but was released on his own recognizance. Placards appearing in the window of headquarters of his organization here asserting that "evolution is true; the Bible's a lie. God is a ghost," and "Atheism trumps free" were taken as evidence to be used against him in his trial.

CHICAGO, Oct. 17 (P)—Explosion of four bombs in widely separated parts of town broke the otherwise calm of last night and early today in Chicago.

Three of the bombs were directed at tire and battery shops. The fourth shattered the front of the Kennard shoe store on Roosevelt Road. Owners of the places bombed were unable to surmise a motive, but the case of the Illinois Battery Service, police saw the hand of labor racketeers.

BORAH RAPPED BY ROBINSON

DEMO NOMINEE AVERS REPUBLICAN CHANGES IN ELECTION YEAR

(By Associated Press) BOISE, Idaho, Oct. 17 (P)—Striking a contrast between the Borah of the senate and the Borah of the present campaign, Senator Joe T. Robinson, contended in a campaign speech here last night that the Idaho statesman at election time, puts aside "his armor of righteousness" and becomes a "swashbuckling political partisan."

It was the first attack of the Democratic vice-presidential nominee upon the man who has been conducting a strenuous campaign for Herbert Hoover in the Middle West and South and Senator Robinson asserted that the statements made in the campaign "present a striking contrast" to Borah's remarks on Hoover in the senate some years ago.

"Borah and I are personal friends," Robinson said, "we have been associated together for many years in the senate, he on one side of the aisle, and I on the other."

"For the greater part of the time he has been moved by exalted conceptions of public duty. When election time approaches, however, something comes over the Senator that is difficult for those not close to him to understand. He puts aside the armor of righteousness and buckles on the garb of partisanship and goes forth a swashbuckling political partisan."

Senator Borah declined the second place on the Republican ticket four years ago because he disapproved of the policies of President Coolidge. Mr. Hoover has pledged himself to carry on the Coolidge policies and Senator Borah with characteristic inconsistency, becomes one of his chief advocates.

POLITICS COME DOWN LAST LAP IN TENNESSEE

POLITICAL HORSE RACE LOOMS FOR CAMPAIGN IN BORDER STATES

By BYRON PRICE
(Associated Press Staff Writer)

NASHVILLE, Tenn., Oct. 17. (AP)—Here at the center of the border country, presidential politics is coming down the stretch in a furious whirl, guaranteed to satisfy the most inveterate follower of political horse racing.

Even at this late day the politicians of Tennessee and Kentucky speak in comparatively modest figures, and there is an all-around agreement that the situation still is changing. The republicans comforted by an undenied earlier swing in their direction and buoyed up by Mr. Hoover's recent visit to eastern Tennessee say the latest shifts of sentiment continue to favor Hoover. The democrats, taking encouragement from the rally of party leaders in recent weeks and from Governor Smith's trip across the troubled areas of both Tennessee and Kentucky, say the trend is steadily toward Smith.

Stray Aside Once
In tradition and present political complexion these two states are sufficiently similar to warrant a joint examination of their inclinations and their possibilities. In the past quarter of a century each has strayed once from the circle of the southern democracy—Tennessee in the Harding landslide of 1920, and Kentucky in the Coolidge landslide of 1924. This year, the southern revolt against Smith has tapered off, consistently against the promptings of Democratic allegiance, and for weeks the party leaders in the two states have claimed no more than a fighting chance. Now they speak more hopefully, professing to see a recession of Hoover time, to claim which the republicans by no means concede.

Anti-Smith Move Factor
In these states where normal democratic majorities are far more slender than they are to the southward, the crusade of the anti-Smith democrats is a recognized factor of prime importance. Even in the Wilson southern and westward sweep of 1916, the democrats had out 28,000 plurality in Kentucky, 10 of a half million votes, and but 17,000 plurality in Tennessee. In some 270,000. In that same election they carried Texas, for instance, by more than four to one, and Georgia by ten to one.

As in the other dry southern states, many protestant ministers have enlisted against Smith in Kentucky and Tennessee and are at work with an evangelical fervor among their congregations. The imposing list of those who refused to follow the party nominee includes such influential churchmen as Bishop H. M. Dabney of Nashville, ranking official of the Methodist Episcopal church, south, in Tennessee, and E. Y. Mullins, president of Baptist Theological Seminary of Louisville. The charge of religious prejudice has been freely and there is much open dispute over the propriety of political speaking from the pulpit. The republican organization, the anti-Smith organization and many of the preachers have denied the religious charge, and have listed prohibition and Tammany as principal considerations in the fight against Smith.

Sufficient to Gauge
The politicians find it difficult to gauge the effect of these activities, particularly among the women. How large a percentage of his congregation a minister may be expected to sway on a political issue, and how large a "silent vote" will emerge on election day to support the tenets preached Sunday after Sunday from the pulpit are questions which many political leaders in the country over are pondering. Here in the border, the democratic organization is making direct efforts to offset this influence, and democratic women's clubs are at work in most of the counties to get to the polls every woman who can be mustered for the party ticket.

In Kentucky the democrats are hopeful of the offsetting influence of several factors which have come into the picture late in the campaign. Senator Barkley, an outstanding dry leader, has returned to the state after a long absence and has taken active charge of the fight for Smith. Another democrat, former Senator Beckham, who has been through many state fights on a bone dry platform, came out a few days ago for the party ticket. So did former Senator Camden.

The Tennessee democrats rest much reliance on Senator McKellar, one of a champion of the dry cause, and a popular figure in the state. He is a candidate for re-election and is campaigning for Smith. Other conspicuous members of the Smith organization include representatives Hull and Byrnes who are among the ranking democratic members of the house. Hull is a former democratic national chairman and received the support of

Unintentional Suicide
Many people are slowly poisoning themselves just as surely as if they drank poison every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their congested digestive systems. Sooner or later disease will consume their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The most pleasant and reliable for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Lubbock Drug Company.

'FORNEY GAP' ELIMINATED

NOTORIOUS STRETCH ON HIGHWAY FIFTEEN TO BE PLUGGED UP

(By Associated Press)
AUSTIN, Oct. 17.—The state highway commission gave definite orders today for bridging the notorious "Forney Gap," a bad stretch on highway 15.

State Engineer G. B. Gilchrist was authorized to proceed at once on preparation of plans, secure right of way and advertise for bids. Location of the new construction was given in a motion by Commissioner Cone Johnson as beginning at the end of the concrete slab in Kaufman county, near Forney, to intersect number fifteen on the west.

"It is a waste of money for the commission to authorize the 'turning and winding' of highways through small towns and villages in order to accommodate a 'couple of filling stations and a hamburger stand,'" Commissioner Johnson observed in the course of the plea of Forney to route the road through that town. The commission's choice of a routing would miss Forney's main business section. A delegation from Brown county was temporarily denied its request for designation of a highway from an intersection with highway 124 at San Saba to Cross Plains, via Brownwood. The state engineer was authorized to investigate the feasibility of the proposed route and report back with recommendations.

Two Killed When Truck Overturns

SONORA, Oct. 17. (AP)—Sanctor Elias, 12, was instantly killed and Avallito Pecania was probably fatally injured late yesterday when a truck in which they were riding went over an embankment one mile south of here.

The truck, carrying a dozen Mexicans from Crystal City, rolled over several times. Antonio Pecania received a broken leg and all of the others suffered minor cuts and bruises.

Dirigible Returns To Its Home Port

SCOTT FIELD, Ill., Oct. 17. (AP)—The RS-1, largest semi-rigid dirigible in the world, arrived home here tonight about 10:30 o'clock after approximately 35 hours after leaving San Antonio, Texas, where the craft went for the American Legion convention. No trouble to the dirigible was reported on the homeward trip.

his state at Houston for the presidency. Neither Kentucky nor Tennessee has a large foreign element, and the Hoover campaign in both states have been charging, and the democrats denying, that Governor Smith favors a material liberalization of the immigration laws. In both states prohibition is argued warmly and both sides are asking for the support of the negro.

These birds with the lantern and jimmy Go into cigar stores and steal what they please. They're pretty tough babies and ain't doin' right. But they pick Little Tom, soot (least they are bright!

THE TINYMITES

BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE.)

"Hey, wait a minute," Clowry cried. And all the Tynmites vainly tried to catch one of the ground folk, as they ran with all their might. Then Scoutly said, "I'm sorry we were just as thoughtless as you. If we had let the tots alone, all would have been all right."

A wide cave hole, upon a hill, then seemed to open wider still. The ground tots ran right in. Just what the Tynmites all feared. "Come, follow them," one Tyn cried. "Look! Everyone has run inside." But, as the Tynmites reached the spot, the cave hole disappeared.

At first no one could say a word. Then Carpy cried, "What has occurred? Those little tots are out of sight and no cave's to be seen." Soon Scoutly answered, "Serves us right. The reason they have run from sight is 'cause we tried to play with them, which they considered mean."

"Oh, well," laughed Carpy, "we just lose the fun we planned, but I don't choose to stand and fret about it. That is simply wasting time. Let's look around the land nearby. We may as well start out and try to find a little town, or else a mountain we can climb."

Just then their friend, the sparrow, said, "I have a better plan, instead. Climb in your little plane again, and I will carry you. When we were in the air before, I found that I could fly no more, 'cause I was all tired out, but now I feel real fresh and new."

"Say, you're a good sport," Scoutly

cried. "We'll all be mighty glad to ride. But you must take it easy as you're floating 'round and 'round." So all the Tynmites hopped aboard, and up in the air the sparrow soared. It was a very pretty sight to see them leave the ground.

(The Tynmites get a real scare in the next story.)

ONE MAN WAR

Warring Irish Finally Sign Armistice

CORK, Irish Free State, (AP)—A one-man war in Ireland has come to an end. An armistice has been declared between the Irish Free State and Cornelius Healy, known as the "one-eyed" gunman of the Saorstat.

For five years the one-eyed gunman has been the most sought after man in the Free State. When De Valera ordered his followers to cease fighting some five years ago, the one-eyed gunman had only just begun.

Since then he marched up and down the country, with his machine gun over his shoulder, waging war on his own account. When the Free State decided that Healy had better be given free lodgings at the state's expense, police and soldiers were sent after him to tell him the tidings. He avoided their clutches. Several times he dashed from houses which were surrounded by police.

But at last the Free State police heard that the one-eyed gunman was at his home near Cork. They waited until night. Then they surrounded his home, and carried the fort by surprise.

Skins That Attract People
They must be soft and colorful—free from ugly shine—not dry or sailor—pores must not show. Just try this new wonderful French Process Face Powder called MELLO-GLO. Stays on longer—very pure—you'll be amazed at its superior beautifying qualities. Nothing like it—get MELLO-GLO—Wylie-Jarrett Drug Co.

Lamesa Goes After Creamery For City

LAMESA, Oct. 17.—Recent surveys disclosed the following facts

concerning Dawson county and Lamesa: 3,000 milk cows, 10,000 head of hogs, an average of 150 hens to the 160 acres of land, 23,000 population, 3,000 school children in the rural schools, 29 school districts, and 2,249 farmers in the county. In Lamesa, population 3,255, school children 1,300 in high school 370 in senior class 95, light meters 485, water meters 200, houses 1,012, business homes 118. Upon the two surveys the local chamber of commerce is seeking a milk plant or creamery for the county and city milk delivery for the city.

concerning Dawson county and Lamesa: 3,000 milk cows, 10,000 head of hogs, an average of 150 hens to the 160 acres of land, 23,000 population, 3,000 school children in the rural schools, 29 school districts, and 2,249 farmers in the county. Two Will Compete In Radio Audition

Representing Lubbock and Amarillo, Ronnie Shepherd, son of Mr. and Mrs. B. F. Shepherd, 2010 13th Street, and Mrs. Emmett Porter, of Amarillo, daughter of Mr. and Mrs. J. M. Oettinger, of this city, expect to sing in the Atwater Kent radio audition Saturday evening at station WFAC.

This is a part of the annual contest conducted in a search for new singing talent and the vote of the radio audience largely determines the winners in the contest, which is to open at 8:30 o'clock Saturday evening in Dallas.

Mr. Shepherd will leave tomorrow with his accompanist, Miss Evelyn Carter, of Technological college, if they go to the audition. Mr. Shepherd has not decided definitely whether or not he will sing at Dallas.

Mrs. Porter, who lived here until recently, was sent to Dallas to the audition last year and the Harmony club of that city is sponsoring her appearance in radio recital Friday evening by the Amarillo College of Music, singing "Just a Cottage Small," "A May Morning," "Indian Dawn" and "The Winds in the South." She will sing one of these numbers at Dallas.

Mr. Shepherd expects to sing "A Dream" and "Barcarole."

Short Fur Jackets, Tweeds for Sports, Figured Velvets For Afternoon—That's What Paris Will See This Season

BY ROSETTE
NEA Service Writer

PARIS, Oct. 16.—Although foreign buyers saw the winter collections some weeks ago and advance Paris models now are being shown in America and other countries, the couturiers' creations are being put to the real test with the return of Parisiennes from fashionable summer resorts.

Generally speaking, tweed for sports or early morning wear is favored by the chic Frenchwoman. Top coats are short and mostly mantled and some are entirely lined with a flat fur. As a trimming, nutria, beaver and astrakhan in black and tan are the most popular.

The jersey de laine dress or three-piece ensemble also shows promise of a great vogue here. The ensemble consists of a skirt, woolen jumper and sleeveless jacket. The jacket and skirt are more often made of jersey but lightweight tweed and other woolen materials will also be seen. The newest and most attractive designs are sweaters, reproductions of chevron patterns after English chevrons. Poka-dot design and checks are good, too, and certain larger modern designs appeal to some women.

Tweed Hats Too
With her tweeds the Parisienne will wear a hat made of the same material in the new irregular cloche shape, simply banded with a program ribbon and rows of stitching on the brim. As an alternative the matching felt will also be in the mode.

Chief among the new accessories is the flat for the woman in the suit or coat and knitted in a mass of velvet scarf. This generally comes in a patterned velvet, either the color of poka-dot or the color of the sweater. The scarf is worn around the neck with both ends hanging down.

The tweed jacket for coat is a novelty in the Parisienne and is made of tweed with a large collar, like beaver, caribou, beaver and shaven lamb in pinks and browns, seem to lead the way and they are always shown with a mass of velvet scarf.

The short fur jacket is a novelty in the Parisienne and is made of fur with a large collar, like beaver, caribou, beaver and shaven lamb in pinks and browns, seem to lead the way and they are always shown with a mass of velvet scarf.

Black Broadcloth Practical
Although for afternoon coats black velvet will find much favor, the couturiers are just now favoring broadcloth. Broadcloth and velvet have returned to fashion and are being worn in a variety of ways. The short fur jacket is a novelty in the Parisienne and is made of fur with a large collar, like beaver, caribou, beaver and shaven lamb in pinks and browns, seem to lead the way and they are always shown with a mass of velvet scarf.

For her afternoon frock the Parisienne seems to have taken quite a fancy to figured velvet. The velvet is shown in a variety of ways. The short fur jacket is a novelty in the Parisienne and is made of fur with a large collar, like beaver, caribou, beaver and shaven lamb in pinks and browns, seem to lead the way and they are always shown with a mass of velvet scarf.

Lace and Tulle
For evening wear, lace for undergarments and small affairs and tulle for full dress functions are chiefly favored. Couturiers predict that we shall see many evening wraps of lace copied from old Persian designs. The principle line with velvet in contrast to the all velvet type of garment. Ermine of course is the most sumptuous of evening wraps, but within the reach of a favored few only. They are always lined with velvet and black seems to be most favored.

As a matter of fact, for everything but sports clothes, black is predicted as being the dominating color throughout the coming winter—a matter of rejoicing for the Frenchwoman, who never feels quite happy in color for very long.

Living and Loving

BY MISS VIRGINIA LEE

NAME OF HIS PUBLIC OPINION
TWIN SISTERS, WORK HAVOC

Talk is cheap and it may be cruel. It is true to say that many a career has been ruined by idle tongues. It is no more the less true. One of our readers writes to tell of the unhappiness brought into her life by gossip or, as she euphemistically says, the twin sisters, Dame Gossip and Public Opinion.

"Dear Mrs. Lee: In the column recently was a woman signing herself 'Broken Hearted L. L.' She was in love with a man separated from his wife, who was talking divorce and re-marriage, only to find the wife wouldn't consent. Let her read my tragic life of loneliness, then advise everybody not to do it for no matter how much you love the man, when Old Dame Gossip and her twin sister, Public Opinion, get their tongues going, there is nothing left. Old friends, such as the new ones shake you as soon as one of the twins happens along with a friend I met my man. He and his wife had been separated six years before I ever met him. She had been married two years when we started to know each other. He had gone with other girls she with other fellows. We were all in our early twenties. When the graduated and came back as an 'E. N.' and started in her work was when the twins commenced to talk. I had gone with the man four years before he married. Have been married 14 years. I loved him dearly and still do, though I haven't a friend or acquaintance in the whole town. I have been dropped like a red hot iron. Even so, marrying him I was never taken in as one of his family, Mrs. Lee. I will swear I did nothing wrong, and was as I am now morally clean in mind and body. It never hurt him. He has his work and these twins never bother him. I often wonder if they will ever pay for what they have done."

Do you know I cannot understand

CIA Exes Will Have
Banquet Monday

Miss Ruth Knox, secretary of the ex-student association of the College of Industrial Arts at Denton, is to be in charge of the program Monday evening when former students of the college gather at the Transcontinental college cafeteria for a banquet. R. G. Williams, president of the ex-student chapter, is in charge of the program.

Those who assisted Mrs. Ater in the presentation of an interesting program were Mesdames Harry Hall, C. D. Gross, C. L. Fowler, C. E. Massey, David S. Martin and Ed O'Sullivan.

Appeal dismissed: L. E. Martin, Jr. et al. vs. Paris Fish, from Midway; J. P. Miller vs. Vernon Hall, from Hale.

Held on agreement: Panhandle and Santa Fe Ry. Co. vs. Liske Grain Co. from Hemphill.

Submitted: Mrs. W. D. Long vs. W. M. Collins et al. from Floyd; J. W. Alexander vs. Fox Worth and Denver South Plains Ry. Co. from Castro; city of Pampa vs. F. F. Todd et al. from Gray; Jno. R. Griffin vs. J. R. Burrus from Lubbock; J. R. Ward et al. vs. J. R. Bond et al. from Cochran.

Six Incarcerated In Local Bastille

Five drunks and one disturber of the peace were guests of the city jail last night at the "chow-house." The six persons, five men and one woman, were corralled by members of the police department last night and given free lodging for the night. Their release this morning, however, free, it was \$15 around. Each made a plea of guilty.

Finances Discussed At Water Conference

DALLAS, Oct. 17.—Having devoted the first two days of their annual convention primarily to discussion of the question of water purification methods, members of the Southwest Waterworks association turned today to the accounting and financial departments of waterworks and sewage.

Novel By Frances Is Studied By Club

Annie's novel, "Queen Pedagogue," was studied yesterday afternoon when the Junior Twentieth Century club met at the Technological college. Dr. Allen Carter, lecturer on the book and the life of the author. There was an excellent attendance of members.

Program Announced For P. T. A. Meet

M. H. Duncan, superintendent of the city schools, is scheduled to make the principal address tomorrow afternoon when the Central Ward P. T. A. meets at the school at 3:40 o'clock. Mrs. R. T. Campbell, president, announced today. His subject will be "Obedience and Discipline."

School children in the rooms of Mrs. Fred Childress and O. C. Horne will present a program. A delegate will be elected to the state P. T. A. meeting in Amarillo next month.

Mrs. G. H. Ater Leads Delphian Lesson

Mrs. G. H. Ater was lesson leader yesterday afternoon when the Delphian chapter met at the First Baptist church for a review of the last two programs, which dealt with the beginning of civilization.

Mrs. James S. Garrett resigned as vice-president. Mrs. R. I. Tubbs, president, was in charge of the business session.

Those who assisted Mrs. Ater in the presentation of an interesting program were Mesdames Harry Hall, C. D. Gross, C. L. Fowler, C. E. Massey, David S. Martin and Ed O'Sullivan.

Held In Poison Plot

Mr. and Mrs. Stanley F. Presler, pictured here, are jointly charged with murder in the "poison powder" plots in North Carolina. The pair are alleged to have caused the death of L. M. Lockamy, Mrs. Presler's first husband, made use of his insurance and gone into another state to marry 23 days after the funeral.

SEEK MISSING GIRL IN LUBBOCK

NEW MEXICO ABDUCTOR WAS LAST SEEN IN AMARILLO; PARENTS MAKE PLEA

Out at Wagon Mound, New Mexico, a mother's heart and a mother's prayers, a father's heart and a father's prayers, vibrate in unison for the safe return of their daughter, Clara Maxine, into their loving arms; two pairs of arms that hugged and cuddled and caressed and helped in the care of her from babyhood.

Fear fills the thoughts of these two, Mr. and Mrs. T. J. Bolt, of Wagon Mound, New Mexico.

A portion of a heart-rending letter from Mr. and Mrs. Bolt to A. S. Patterson, Pecos old man, tells part of their plight.

Daughter Elopes
"We are in awful trouble and thought you might help. While we were on a trip to Nebraska and Iowa visiting relatives, Maxine disappeared with a man named Charles Andrew Smith. They claimed to be married, but we are afraid they are not. We know nothing of this until we got home October 1. We have been running down clues ever since, but it is a cold trail. The last heard of them was at Tulsa, where she, or maybe he, telegraphed back here to Turley Miller for money. The telegram read, 'Andy has left Maxine.' He sent a ticket and \$10, but she didn't come, and we found they had used the ticket, probably sold it. That was the 18th or 19th of September."

"We have notified the chief of police in Kansas City and Tulsa. They left in a stolen car and there is a trail of bad checks and forged ones from here to Amarillo. People tell us he said he would go to Los Angeles, Kansas City, Canyon City and Old Mexico and make a barrel of money by November. We are afraid he might have gone to Juarez to engage in the dope traffic. God only knows what may happen to Maxine. Dr. Latta thinks he may have hypnotized her and the more we talk to people the more we believe it must be true. She surely couldn't have been in her right mind. If only we had stayed at home, but it can't be helped now. She had a school at Valmore and

was to have begun teaching September 4.

Just About Crazy
"We are just about crazy. Pray for us and for her. I don't dare think what may happen if we don't find her."

The letter was written from Levy, New Mexico. Descriptions given of the missing girl and her supposed-to-be husband are:

Clara Maxine Bolt, goes by name of Maxine. Age 21, weight about 135, figure tall, eyes large dark brown, hair medium brown bobbed, complexion fair, nose irregular and slightly disfigured as though once broken, hands long and slender, good education and speaks Spanish to some extent but is English.

Charles Andrew Smith, sometimes known as Andy. Age 36, complexion fair, hair light or red-brown, eyes light or red-brown, medium height and build with pronounced Irish features and large ears. Man wanted on charges of automobile stealing, bad checks and possibly the Mann Act and kidnapping if he has not persuaded the girl to marry him. His home unknown, but girl's home at Wagon Mound, New Mexico. Last seen in Amarillo, Texas, and supposed to be headed west. Traveling in stolen car, make unknown. Rewards offered and held at any cost. Notify the El Paso chief of police or officers in Pecos, Texas; Wagon Mound or Las Vegas, New Mexico.

Oppose Changes In Auto Registration

SPEARMAN, Tex., Oct. 17.—Resolutions opposing any change in the present automobile registration fees and placing the district to the support of improved highways with a gasoline tax of not more than three cents a gallon were passed at the closing session of the Trans-Columbia district of the West Texas Chamber of Commerce convention here yesterday.

Guyton, Oklahoma, was chosen the site of the organization's 1929 convention.

Every Woman Knows
Every woman knows how easy it is to burn or scald herself while working in her home. Every woman knows that these burns and scalds are painful and sometimes very slow to heal. Every woman should know that the pain of burns and scalds will be quickly relieved, infection positively prevented and speedy healing assured if Liquid Boron is instantly applied. Get a bottle of Liquid Boron and keep it handy in your medicine cabinet. Sold by Lubbock Drug Company.

Prayer Meetings Are Continuing

Cottage prayer meetings are continuing to be conducted each morning by women in the First Christian church, where a revival is in progress. There is considerable interest among women in these services and each circle has an excellent attendance daily. It was announced this morning.

The town has been divided into 11 districts for these meetings and women from other churches in the city are attending and having the meetings in their homes.

Guaranteed all wool, full size Brockman Blankets, \$15 Value, only—

\$11.85

Cows were fed seaweed on an Illinois farm on the theory that the milk they'd give would cure gonorrhea. Why not give them an aspirin tablet every day? So no one who drinks milk ever would be bothered with headaches. . . . The trouble is that it isn't the people who drink milk who get headaches. . . . The experiment might be carried further. A man might buy a cow these days mix up a few political speeches with the animal's hay, take a drink of milk and go to bed disgusted, saving time and the expense of a radio. Sufferers with insomnia might find relief by buying a cow and feeding it on grand opera selections. . . . If this experiment is a success, however, the bootleggers all will go to the dairy business, feed the bovine corn mash and sell milk at \$12 the quart.

Every Woman Knows

Every woman knows how easy it is to burn or scald herself while working in her home. Every woman knows that these burns and scalds are painful and sometimes very slow to heal. Every woman should know that the pain of burns and scalds will be quickly relieved, infection positively prevented and speedy healing assured if Liquid Boron is instantly applied. Get a bottle of Liquid Boron and keep it handy in your medicine cabinet. Sold by Lubbock Drug Company.

Prayer Meetings Are Continuing

Cottage prayer meetings are continuing to be conducted each morning by women in the First Christian church, where a revival is in progress. There is considerable interest among women in these services and each circle has an excellent attendance daily. It was announced this morning.

The town has been divided into 11 districts for these meetings and women from other churches in the city are attending and having the meetings in their homes.

INDIANS OVERHAUL OFFENSIVE TO FIT MATADORS' DEFENSE

T.I.A.A. TRIPLE TIE DUE TO BE BROKEN THIS WEEK-END

FREELAND NOT TAKING TRIBE TILT LIGHTLY

TECH IS PREPARED FOR MOST ANYTHING IN MCMURRY CLASH

Reports from the McMurry Indians camp in Abilene indicate that anything may happen when Coach Medley's warriors invade the Matador stronghold this week. Following their 13 to 0 defeat at the hands of the Daniel Baker Hill Blues last Saturday, the Matadors' offense is undergoing a strenuous overhauling.

Tech scouts if any at the Daniel Baker-McMurry game will be all messed up when the Indians visit Lubbock on a Abilene sport. Whatever the results of this week's practice may be, anything may be expected from the fighting Indians when they appear here Saturday. The reserves on the McMurry squad have been beating the brunt of the training sessions this week while the regulars are nursing bruises received in the fracas with the Brownwood team last week.

Will Be In Good Condition

The first stringers have been taking it easy during the early part of the week but are expected to be in good condition for the clash Saturday. Micker Pool the Tribe's chief signal caller who suffered a broken collar bone in a recent engagement will in all probability be out of the lineup. With this exception Medley will be able to send his full strength against the Matadors.

The Matadors continue to show improvement and are expected to flash their best exhibition of football when they line up against the Indians Saturday. The Tribe's offense against the freshmen griders for the past two days has been one of the most complete of any seen in the state. Coach Freeman and the entire squad are taking the coming engagement with all seriousness. No changes will be taken with the light but fast Indian aggregation. The Tribe's defense is expected to be used to stop the offense of the Abilene team in the event that Medley's plan shows unexpected possibilities.

Hooks and Slides

Just a Fair Match

It makes good sense to use a number of strategies to come out of the game. The Tribe's defense is expected to be used to stop the offense of the Abilene team in the event that Medley's plan shows unexpected possibilities.

But there are so many ball players scattered around the National League who are so tired and discouraged by McGraw and the Giants. The remarks that he directed at his former boss when he turned the club after the third week may have come direct from the line.

It is quite reasonable to expect McGraw when he is asked to leave the home run in the end of the game. McGraw is expected to leave the home run in the end of the game. McGraw is expected to leave the home run in the end of the game.

But it is another situation when McGraw is cast in the role of the demon inspired by revenge but because Art happened to pitch a winning ball game for the Cubs against his old pals at a time when those winning ball game was the Giants meant the wrath of McGraw.

He himself spelled that little situation when he said that he was not inspired by McGraw or his players. He intimated that it was only painful duty and honor that inspired him to beat the Giants.

I wanted to see the Giants win the pennant," McGraw said. "The New York players are all friends of mine and I had nothing against McGraw. But I happened to be pitching for Chicago and my club was out to catch third place money and I did my best to win that game."

Freddie Maguire, the second baseman of the Chicago players, was injured in a game in the series against the Giants that he too might have been pictured as Old Man McGraw himself. Freddie also is a Giant discards.

But Freddie didn't see the threat of McGraw on every ball that was pitched to him. He said it was just a ball in a ball game and when he got his hands on it he followed the instinct to get rid of it. McGraw wanted the Giants to win but he wanted some of that third place dough.

Sevenside It Back Fires

It is quite possible that McGraw's second may help in leading the championship after he had approved, possibly at least the trade which sent Burleigh Grimes to the Cubs for a pitcher who finished second in the league.

McGraw's idea may be muddled him-

GEORGIA BACKS COMPARE WITH FAMOUS 'FOUR HORSEMEN', COACH DECLARES

One doesn't offer much opportunity for criticism by volunteering the belief that the greatest backfield ever assembled was the one Knute Rockne had at Notre Dame in 1924 and which was still in known as the Four Horsemen.

It is possible, perhaps, that greater individual backs may be named and that squads of a larger number of good backs may be offered. But for just four backs who could and did do everything asked of them the choice seems to be rather universally agreed upon at Notre Dame.

Don Miller, who now coaches the Georgia Tech backfield, at Georgia Tech was a member of that immortal backfield. Which you might say makes any comparison of backfields he gives rather interesting.

Miller, talking football recently, made such a comparison.

"I think about the backfield will be just about the same in the land this year," he said. "You can't beat a backfield composed of Johnson at quarter, Hooks and Dudley at halves and McCrary at fullback."

"Do you think they compare with the immortal Four Horsemen of Notre Dame?" he was asked.

"Absolutely," Miller answered.

His words were said in all sincerity and earnestness and if you know Miller you also know that his statement was not a gesture at impressing a few local officers of Jimmy Crowley, the All-American teammate who is coaching the Georgia backfield.

In many ways the Georgia backfield, all of whom are seniors and team leaders, is a far cry from the famous Notre Dame backfield. And there are similarities in many respects although they vary by comparison in many aspects.

Georgia's regular backs are heavier than the Four Horsemen were. They are more of the charging type but they are not as swift nor quite as versatile on their field running.

The Georgia backfield has three good players and one more team leader. The member of the Georgia backfield can punt like a lancer, and Georgia's line is great and sturdy for the punting line but they lack the quickness of the Four Horsemen.

In the Georgia backfield, the four backs are all seniors and team leaders. The member of the Georgia backfield can punt like a lancer, and Georgia's line is great and sturdy for the punting line but they lack the quickness of the Four Horsemen.

Like the Notre Dame backfield, the Georgia backfield has three good players and one more team leader. The member of the Georgia backfield can punt like a lancer, and Georgia's line is great and sturdy for the punting line but they lack the quickness of the Four Horsemen.

Above, Notre Dame's famous 'Four Horsemen' backfield of 1924, reading left to right, Miller, Layden, Crowley and Stuhldreher. Below, Georgia's 1928 'Four Horsemen' backfield, reading left to right, Johnson, McCrary, Dudley and Hooks. Miller, who now coaches the Georgia Tech backfield, says the Georgia backfield, coached by Jimmy Crowley, is the best backfield in the country this year.

AGGIES AFTER REVENGE FROM HORNSBROGS

BATTLE EXPECTED TO HAVE BEARING ON TITULAR CHASE

COLLEGE STATION, Oct. 17

Determined to wipe out their recent defeat by the Central's Aggies with a victory over the T. C. U. Hornsbrogs in what will be the first conference game of the season on the field Saturday.

The Aggies are looking forward to one of the hardest battles of their schedule when they meet the Hornsbrogs and it is likely that the result of the T. C. U.-Aggie tilt will have an important bearing on the outcome of the conference title race, for both teams are considered to be among the strongest contenders for the flag this season.

From: Hare Edge

In their games thus far in the season the Aggies have been on the edge of the Aggie band, scoring a decisive victory in each of four contests while the Aggies are credited with three losses and one tie in their early season games. That the Aggies have one of the strongest teams in several years is indicated by the fact that they scored a 19-0 victory over the Simmons Cowboys who were playing all of their men regardless of eligibility under Southwest Conference rules, while the E. M. U. Mustangs were barely able to nose out a 6-0 victory over the same team with a large number of the players ruled out under Conference rulings.

The Aggies have a real triple-threat team entered in the conference race and promise Coach Billie's eleven a hard battle. In kicking especially the Hornsbrogs have an advantage if the results of early games can be taken for an indication.

Both teams are expected to resort to an open method of attack and if they continue the style of play which they have used in their non-conference games, there will be little a plenty for the spectators. In each of the Aggies' victories their passing attack has been a big factor and the Aggies are well known for their open style of playing.

The West Virginia team is playing one of the toughest schedules in the country this year but hope to keep defeat to a minimum.

CUBS WILLING TO 'BUY' HORNSBY

CHICAGO, Oct. 17

If money is any object, Rogers Hornsby will play with the Cubs next season. William Winter, principal owner of the Cubs, said today.

"I don't mean the Boston National League club," he said, "but to them, the Cubs are the only team that would pay him in cash."

The Cubs in any dealings to bring the Boston second baseman to Chicago, it was indicated by the club's manager, most likely would come through the number and salary of players in Boston club's demand.

NEW YORK, Oct. 17 (AP)—Lycidas, most promising of James Butler's two-year-olds, has been destroyed. The winner of the East View stakes at Empire City and the Grab Bag handicap at Saratoga, broke a leg in a final game at Empire City yesterday.

Stewart to Quit As Grid Mentor

EL PASO, Oct. 17

Stewart, football coach at the Texas College of Mines here, who has coached college teams from the far southeastern Atlantic states through the Midlands to Oregon will close his thirty year gridiron career at the end of the present season he announced today.

He plans to devote all of his time after the end of the season, to his private business ventures, which include two athletic camps and a mountain resort hotel.

Mack Saxon, former Texas football star who is assisting Stewart, is scheduled to become coach of the Mines next year.

THREE GAMES TO BE PLAYED IN CONFERENCE

DANIEL BAKER AND A. C. LOOM AS STRONGEST TITLE TEAMS

(By Associated Press)

DALLAS, Oct. 17.—The triple tie for leadership in the T. I. A. A. football race is due to be broken as six members swing into action this week against conference opponents and three others find opposition outside the organization.

Abilene Christian College, which tops the standing column with two victories and no setbacks, engages East Texas Teachers, also undefeated in the loop, and Daniel Baker which already has chalked up a conference victory, play Sam Houston Teachers.

By virtue of its 20 to 0 triumph last week over Southwest Teachers of San Marcos, A. C. C. is picked to humble their foes for the day, while Daniel Baker, conference observers believe, should not have undue difficulty in downing the Sam Houston squad.

Because of their 13 to 0 triumph last week over McMurry Indians of Abilene, last year's title holders, Daniel Baker has stamped itself as a team which probably will fight it out with Abilene Christians for conference supremacy.

North Texas Teachers College, after a trio of preliminary games, takes on its first T. I. A. A. team in Stephen F. Austin at Nacogoches.

In non-conference games Southwest Teachers play Trinity University at San Marcos, McMurry College lines up against Texas Technological College at Lubbock and West Texas Teachers plays hosts to Simmons in a homecoming affair.

ROUGHING IT

But Baseball Players Have Conveniences

DOAKTOWN, N. B., Oct. 17. (AP)—Roughing it de luxe is the lot of the group of major league baseball players who are making a hunting trip into the New Brunswick woods near here.

Fresh milk is provided by a cow driven into the camp and a radio has been installed to keep them in touch with the outside world.

The people of Doaktown had the first opportunity of seeing Mickey Cochrane, chosen the most valuable player to his club in the American league, in action after he was given the honor. Cochrane caught an exhibition game the big leaguers played against a local team before they left last night for Hopewell Lodge, 12 miles from here. The visitors won 8 to 4.

BIG GAMES TO FEATURE WEST

INDIANA AND ILLINOIS TO RENEW MEETINGS ON THIS SATURDAY

(By Associated Press)

CHICAGO, Oct. 17 (AP)—The "T" will have it hard and heavy in the "Dads" game at Campagna this week-end when Indiana and Illinois meet for the first time in many years.

Indiana already has a Western Conference victory on the books, a 6-0 conquest of Michigan last Saturday. Illinois has not yet engaged in Big Ten competition this year.

For the thirtieth time in Big Ten history Purdue and Wisconsin will meet Saturday, with Wisconsin holding a big edge in the argument. Only once has Purdue been victorious, in 1922, and twice the teams have tied.

Iowa and McLain played havoc with Coach Stagg's Chicagoans, and the veteran coach is faced with the problem of revamping a squad beset by injuries in preparation for Minnesota's pile-driving backs.

It will be Wildcat against Wildcat when Northwestern and Kentucky meet Saturday. Beaten by Ohio Coach Dick Hanley is grinding his men for the Kentucky fracas as if it were a Big Ten game.

Michigan's rookie eleven, humiliated by Indiana last week, will attempt to abandon the losing column Saturday at Columbus against Ohio State.

HOOVER PLANS 'FRONT PORCH' CAMPAIGN NOW

NOMINEE WILL BE IDLE FOR WEEK PRIOR TO START FOR WEST

BY JAMES L. WEST
Associated Press Staff Writer
WASHINGTON, Oct. 17 (P)—Herbert Hoover is to conduct a "Front Porch" campaign during the week intervening between his last eastern trip, that to New York City next Monday, and his departure for his California home to vote on election day.

In that period a number of delegations are expected to call on the republican presidential candidate at his headquarters here and in his talks to them he will emphasize that he has advanced as the paramount issues of the campaign and the manner in which his party will deal with them if it is granted a further extension of the administration of government.

Between the visits of these delegations Hoover will find time to prepare the last two formal speeches to be made during the campaign, one to be delivered in the Middle West while he is enroute to Palo Alto and the other over the radio from the study of his home on the afternoon of November 3.

While the itinerary of the transcontinental trip still is to be approved finally, the G. O. P. standard bearer probably will leave Washington on October 29 or 30 and make his speech enroute on either November 1 or 2.

Just at present the republican candidate is leaning toward St. Louis as the place for the delivery of his last talk in the Middle West. This not only is the largest city in that region generally as one of the doubtful border states, but also is on the edge of the great farming belt.

Having rested from his strenuous trip to Massachusetts, where he crowded into one day as much campaigning as he has done in any Hoover today resumed work on the speech he is to deliver at Madison Square Garden next Monday night.

Says Smith Would Appoint Only Whites

MIAMI, Fla., Oct. 17 (P)—All appointments at the disposal of the president of the United States during the next four years will be drawn from the ranks of the "whites," Governor Alfred E. Smith of New York is elected Charles A. Walsh of Florida, former democratic national committeeman from Iowa and at one time secretary of the democratic national committee, told an audience here last night.

EVANGELIST SAYS PRIDE KEEPS MANY AWAY FROM JESUS

"The reason that some folk are never saved is because they are not willing to get down out of the chariot of their self-will, egotism and pride. Too many people let the pride of life keep them from confessing and obeying Jesus Christ."

Dr. Virgil Wallace shot this truth home last night in his sermon on "Naaman, the Leper," at the First Christian church revival. He spoke of the "deadness of this dreaded disease—leprosy—how that little by little it finally claimed its victim. He said that Naaman, upon realizing his condition and being directed by a little maid to the Prophet Elisha, showed his self-will and the spirit of disobedience in not obeying the commands of the prophet of God. Naaman wanted to be saved in his own way.

"Thousands of people right here in Lubbock want to be saved but they will not come in God's own appointed way," Dr. Wallace said, "but God can not save you when you persist in having your own will, but God will save you when you throw aside the things that hinder your coming."

This is the last week of the special services in the First Christian church. The pastor, Rev. Walter P. Jennings, spoke of the splendid interest and fine results already obtained and predicted that the closing week would accomplish much more.

Gitlow Cancelled Speech At Dallas

DALLAS, Oct. 17 (P)—The Dallas city commission, it was revealed, worried itself needlessly over the question of permitting Ben Gitlow, vice presidential nominee of the workers' party, to speak in the city hall auditorium.

Street Commissioner Arthur Reinhardt, after wrangling most of the day with other members of the commission, decided to deny Gitlow the use of the auditorium.

Last night members of the workers' party advised the commission that they had received a telegram from Gitlow early in the day cancelling his local appearance.

The candidate is on his way to Arizona, they said.

A chief of police in a New Jersey city the other day announced that "any policeman caught protecting saloons will be fired at once." Well, it doesn't hurt a policeman to know that, anyway.

THE HEAT-is the thing

THERE is only one thing that coal is good for, and that is to give heat. Unless it gives you the maximum of heat and the minimum of waste you are not getting your money's worth and the value you are entitled to. We guarantee every ton of our coal to give you just that. We keep your home clean, we keep it warm, we keep your budget low—if you use our coal.

MRS. DOUGAN WILL HELP MOTHERS

MRS. MYRA OLIVER DOUGAN

A golden opportunity for mother. It is the belief of Mrs. Dougan to keep up with daughter is to be that "this business of being a woman should in truth be treated as a business. It is Mrs. Dougan's mission in life to teach women the fundamentals of home making and point out to them the new and more scientific ways of preparing foods into tempting dishes.

For the "flapper daughter" knows much more about the science of cooking and home economics than many of her circus-pet elders, leading educators declare.

Feed Means Health "The biggest single factor in

health and happiness is food," says Mrs. Dougan. "Beginning in the seventh grade and continuing through high school and college, girls are taught the scientific planning of meals, perfectly balanced and attractive to the eye. This is done with the thought that such training is essential to these girls who expect to make a success of their home management."

The five day school of cookery will give to the women of Lubbock an opportunity of receiving first hand information from a recognized expert along these lines. Economy will be stressed in these lectures by Mrs. Dougan for she feels that the women who can excel in the art of cookery and at the same time save something from the family budget is after all, the true artist. The lectures will be free and all women are invited to hear this series of illuminating talks, auspices of the Avalanche-Journal.

Watch Tongue For Signs of Illness

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system—and physicians say that 90 per cent of all sicknesses start with stomach and bowels trouble.

A white or yellowish coating on your tongue is a danger signal of those digestive disorders. It tells you why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach, dizzy spells.

And it's a sign you need Tanlac. This good old reliable medicine has helped thousands who were physical wrecks. See how the first bottle helps you.

Tanlac contains no mineral drugs; it is made of barks, herbs and roots—nature's own medicines for the sick. Get a bottle from your druggist today. Your money back if it doesn't help you.

Tanlac
52 MILLION BOTTLES USED

Green county court house here last night was W. S. Kelly, 81-year-old pioneer of West Texas, one of the five commissioners appointed by Governor Coke when the county was organized in 1875.

A house at Rio Vista, Nevada is

built entirely of beer bottles. The structure is 20 feet long and 16 feet wide and has two rooms. Ten thousand bottles went into its construction.

The new Buick is the new Style

If you want beauty—if you want luxury—if you want up-to-the-minute smartness—there's only one choice . . . the choice of America . . . the new BUICK with Masterpiece Bodies by Fisher . . .

From one end of the country to another—in New York, in Miami, in Chicago, in Los Angeles and all towns between—overwhelming praise for the distinctive beauty of the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

All agree that here is a new style—a new mode—an entirely different and original interpretation of motor car beauty, forecasting the trend of smart body-design for months to come.

Thrilling new lines—graceful contours—gently rounded steel panels at sides and hood, lend matchless charm and beauty to the Buick silhouette.

Vivid new colors—smartly-contrasting chrome-plated headlamps and cowl-lamps—striking new radiator, tender and bumper design—impart added dash and distinction. And wonderful new interiors—with new adjustable front seats and full-width rear seats—new velvet mohair upholstery—and the most attractive hardware and trimmings—all combine to form ensembles of rare and distinguished artistry.

If you want beauty—if you want luxury—if you want up-to-the-minute smartness—there's only one choice . . . the choice of America . . . the new Buick with Masterpiece Bodies by Fisher. It's the new style—the new mode—in motor cars!

INVESTIGATE FRAUD CHARGE

GRAND JURY REFUSES TO DROP CASE THAT HARDIN STARTED

(Special To The Journal)
LAREDO, Oct. 17.—Instructed to investigate election irregularities charges made by Sid Hardin, unsuccessful candidate for nomination as representative in the recent democratic primary, the grand jury today was attempting to determine whether they believe anyone violated the law in the election or in making his charges against election officers.

If the grand jury finds that the law was violated in either instance, District Judge J. F. Mulhally said it would be their duty to bring in an indictment, and I shall expect it.

Hardin, defeated by Congressman John Garner by about an 8,000 vote margin, charged that votes were cast under fraud in the fifteenth district primary. He filed a suit contesting the election and asked the congressional committee to investigate. Later, he retracted his charges, withdrew his suit and asked the congressional committee to drop it.

The committee chairman, who, however, that the investigation would be continued at the request of Congressman Garner.

Oil Firms Plan Export Company

NEW YORK, Oct. 17.—Tentative plans have been made by representatives of several of the larger oil companies to form an oil export association under the Webb act. The proposal now is before directors of the companies for consideration. It was learned today, and a meeting will be held shortly to take final steps of organization if general approval is received.

Similar associations already have been formed in other industries, notably copper, steel, food products, lumber and zinc. The organizations, acting as clearing houses for foreign sales information and activities and promoting orders among the members.

Among those interested in the oil association are Walter C. Teague of Standard Oil of New Jersey, Axel T. Bruhn of Tidewater Associated, W. F. Sinclair of Sinclair Consolidated, G. P. Whaley of Vacuum Oil, F. W. Marland of Marland Oil, and H. L. Pratt of Standard Oil of New York.

Lamesa Building At A Rapid Pace

LAMESA, Oct. 17.—Building permits in Lamesa have exceeded a quarter of a million dollars since the first of June this year. Local capital is doing the building here. There is still a big demand for rent houses. There is ample labor here to take care of the building now in progress.

CROSBY HAS YOUNGEST JUDGE

NEW JURIST AT CROSBYTON IS ONLY 22 YEARS OF AGE; SHERIFF IS ONLY 25

(Special To The Journal)

CROSBYTON, Oct. 17.—The Crosby county commissioners court met here yesterday in special session for the purpose of appointing a county judge to serve out the unexpired term of County Judge Jace M. Mabe, who tendered his resignation at the last regular session of the court. County judge-elect, Edgar Hutchins, was appointed by the court to serve the unexpired term.

Judge Mabe has served most of his third term of office in this county as county judge, and has made the county an excellent official. He has been instrumental in getting many miles of public roads opened and was instrumental in getting the destination of highway No. 53 through the county. He did not offer himself for re-election.

Judge Hutchins is the youngest county judge in the state of Texas and perhaps the youngest in any other state, being only 22 years of age when he was elected. He has taught school in Crosbyton for the past two years, and was a favorite candidate at the recent primary, having won a vote of \$88 to 1,476. He is a graduate of Baylor college and the University of Texas.

Crosby county now boasts of having two of the youngest officials in the state, the other being Sheriff Elmer Reed, who was elected to serve his second term as sheriff at the age of 25 years. Sheriff Reed has made an excellent record and was re-elected without an opponent.

Two Die When Car Plunges Off Ferry

NEW ORLEANS, Oct. 17.—Mr. and Mrs. Lee Martin were the survivors today of a tragedy which claimed the lives of Mrs. August Ladimer, 18, and a negro chauffeur when an automobile in which they were riding plunged off the Chief Menier ferry last night and plunged into 40 feet of water.

Mr. and Mrs. Martin alone were able to extricate themselves from the car. The former succeeded in reaching the shore without difficulty, and a negro passenger on the ferry went to the rescue of Mrs. Martin. While they were swimming ashore the negro was seized with cramps but succeeded in keeping himself afloat until both were pulled to safety aboard a skiff.

All occupants of the car resided at Logtown, Miss.

Labor Continues Short In Dawson

LAMESA, Oct. 17.—Labor conditions continue to be short in this section. Cotton picking and feed harvesting are coming this year at the same time and consequently the demand for both pickers and mule drivers. Farmers have made arrangements for proper housing facilities to take care of families who want work here. Crops are good.

Rail Commission Faces Busy Meet

AUSTIN, Oct. 17.—The state railroad commission opened its October hearing term today with four cases to be disposed of before the reopening of the Galveston-Houston port equalization hearing Wednesday.

Hearing was given today to the proposal of the Texas-New Orleans Railroad company for reduced rates on petroleum fuel oil from Galveston, Houston and Texas City to Parkdale, petition of the Missouri Pacific lines for authority to establish a per car rate of \$10.00 on shipments between Afraco and Houston, petition for establishment of Waco rates as maximum on sand and gravel shipments from Texarkana to other Texas points; application of Gulf Gravel company and St. Louis, Brownsville and Mexico Railway company for authority to deviate from terms of the clearance law.

Other cases, including the application for sanction of removal of the Texas Midland shops at Terrell, have been postponed.

Love Raps Smith On Tammany Stand

SHERMAN, Oct. 17.—Declaring that as a loyal democrat he cannot vote for Governor Alfred E. Smith of New York for president because his election would mean permanent domination of the party by Tammany hall, State Senator Thomas E. Love of Dallas spoke here last night in the interest of Herbert Hoover, republican standard bearer.

Mr. Love, who is a member of the Texas Midland shops at Terrell, have been postponed.

GRANT HEADS COUNTRY CLUB

DORRANCE RODERICK IS VICE-PRESIDENT; PLAN DANCES

Meeting in a business session yesterday afternoon, directors of the Lubbock Country Club named Homer D. Grant as president and Dorraunce D. Roderick as vice-president.

Mr. Grant was formerly vice-president of the organization. As president he succeeds George E. Benson, who yesterday was given a vote of appreciation by the directors for his work as president of the organization for the past year.

Charles H. Read was elected secretary and Jack Randal, treasurer. Frank Jones was appointed chairman of a committee to arrange for a Thanksgiving dance at the club.

Coolidge To Speak At National Grange

WASHINGTON, Oct. 17.—President Coolidge today accepted an invitation to address the National Grange which holds its 62nd annual meeting in Washington on November 16. The address will be broadcast.

Body Of Woman Identified Today

ELKHART, Ind., Oct. 17.—The body of a woman found late yesterday in a shallow grave near here was identified today as that of Mrs. Ina Lee, 31, of South Bend, who disappeared last March 28. The skull had been crushed.

Mrs. Lee, some times known as Genevieve Stultz, was formerly a beauty shop proprietor.

Josephus Daniels Hits 'Prosperity'

ORLANDA, Fla., Oct. 17.—Asserting that with 3,000,000 men walking the streets in idleness under the "highest protective tariff in the history of the country," republican claims of prosperity are "merest bunk," Josephus Daniels, former secretary of the navy urged the candidacy of Governor Alfred E. Smith here last night.

The custom of having the first Monday in the month designated as "Trades Day" will start with October 1, in Petersburg.

The NEW 5 HAMILTON FISH CIGAR is different

GORDON'S Stops Stomach Trouble

For eighteen years people with stomach trouble have been turning to Gordon's (named for its discoverer) as a safe and sure means of overcoming such ailments as indigestion, gas, bloating, constipation, heartburn, dyspepsia, excess acid, that "tired feeling," bad breath, sour stomach, sick headache, and nervousness, when caused by faulty digestion.

Gordon's, being an internal antiseptic, goes right to the seat of stomach and bowel troubles. It exercises a distinctly antiseptic as well as digestive effect. It stops and prevents fermentation (souring of food matter), soothes and heals the irritated or inflamed condition and quickly stimulates the stomach and bowels to their normal functions. A few doses will convince you. A large 8-ounce bottle, price \$1.50—less than three cents a dose. At druggists.

To the 5000 who daily become owners of the new Ford car

THE service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

You will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been specially trained and equipped to do this work promptly, thoroughly and economically.
