Hundreds Flee Town Rocked By Explosions

CHESTERTOWN, Md. (AP) — A fireworks and munitions plant on the west edge of Chestertown blew up today in a 90-minute series of explosions felt as far as 16 miles away.

Two hours after the first blast, rescue workers still weren't able to get near the Kent Manufacturing Co. plant to count casualties among the 275 workers known to be there today.

Tom Small, a worker who said he was in the first building that went up, reported seeing one dead pers.... He could not identify the man.

Firemen and police cleared all houses in the area in fear the explosions and fire would reach large stores of high explosives.

Sheriff Bartus Vickers moved to clear the whole town but the explosions began to diminish after noon.

Among the 20 injured brought to Kent-Queen Annes Hospital were six listed as seriously.

The explosions grew in intensity as they spread through the plant, made up of 30 to 40 small buildings and two larger assembly houses on a 20-acre site.

Firemen reported at 1 p.m. that the fires were worming their way to eight small buildings where lead azide is stored.

Lead azide is a white detonating powder.

Hundreds of residents, including mothers pushing baby carriages, fled across the Chester River bridge to safety.

Chestertown, population 3,140, is directly east from Baltimore across Chesapeake Bay.

There was one big explosion as late as 11:20 a.m., 50 minutes after the first blast.

Wallace H. Ford, county tax assessor, said he was the only one left in the courthouse by that time and the bridge across the river into the adjoining county was jammed with cars fleeing town.

Rescue workers concentrated their first efforts at clearing houses near the plant.

"There can't help but be some fatalities," said Bill Usilton, Chestertown newspaperman who was a witness.

Smoke columns rose into the air for a thousand feet.

The plant occupies a 20-acre site at the west edge of Chestertown about a quarter of a mile from the center of town. It is made up of about 30 or 40 buildings. Most of them are small and dispersed.

Usilton said first reports from the scene indicated there might be many casualties in one of the larger buildings where women workers assemble fireworks and detonator fuses.

Whole bundles of fireworks were blasted into the air and then exploded.

Rescue work was hampered by the continuing explosions.

The local civil defense organization went into immediate operation to help in the rescue work.

Defense Plant Probe Halted By McCarthy

WASHINGTON (AP)—Sen. McCarthy (R-Wis) today cancelled at the request of Senate Republican leaders his plans to open hearings in Boston Saturday on alleged Communist infiltration of defense plants.

Sen. Knowland (Calif) disclosed this in the Senate when Sen. Flanders (R-Vt) began a speech protesting McCarthy's plans.

Knowland interrupted and announced that McCarthy "has agreed to cooperate." He told Flanders "it will not be necessary to object."

Minutes later, Francis P. Carr, the McCarthy subcommittee's staff director, announced cancellation of the scheduled Boston hearing.

Carr said McCarthy had agreed at Knowland's request, not to have any out of two sessions. He said McCarthy would have hearings here Monday and Tuesday to question some of the witnesses he had planned to interrogate in Boston, and that "ultimately we will have some hearings in Boston."

Knowland said in the Senate that he had called McCarthy, told him that the Senate plans to be in session all day Saturday and that McCarthy "agreed to cooperate and said he would hold no meeting outside of Washington Saturday."

Flanders said he was protesting McCarthy's plans because "I doubt if the committee has jurisdiction." He said it was a matter involving private industry instead of government operations.

A second reason for objecting, Flanders said, is that "the senator has a date with me on the floor of the Senate July 20" when Flanders plans to seek a test on his efforts to have McCarthy fired from committee chairmanships or censured.

On that same date, which is next Tuesday, McCarthy may face a new effort by some members of his investigations subcommittee to force a shake up of the subcommittee staff.

Sen. Potter (R-Mich), who is pressing for a shake up, said "I'll stand pat" despite McCarthy's ta22

Felony Expert Goes To Duval

SAN DIEGO, Tex., (AP) — Duval County, political boss George Parr's famed "duchy," was host today to King Haney—felony expert from the Harris County district attorney's office.

Haney came to San Diego yesterday at the request of State Atty. Gen. John Ben Shepperd. The felony expert will work with Duval County's grand jury and help at drawing up indictments at which he is an authority.

For all indications, the grand jury's work was going to pick up.

A citizens committee of three named recently by Judge A. S. Broadfoot began work at looking over county and school district records. Broadfoot named the citizens committee at the request of the grand jury.

Two men from the state auditor's office in Austin—C. W. Lingdeau and H.L. Leinburg—assisted the committee yesterday as it started looking into the minutes of the county commissioners court.

Committee members are Robert Leo, Rodolfo Garcia, and G. F. McBride.

Meanwhile, Dist. Judge Maxwell Welch of New Boston, Tex., here to help Broadfoot with a crowded docket, refused yesterday to withdraw his appointment of John May of Karnes City as temporary prosecutor of indictments returned by the grand jury.

Highway Flood Damage Exceeds $2-Millions

AUSTIN (AP)—Damages totaled $2,030,000 to South Texas highways in the June 27-29 floods, the State Highway Department reported yesterday.

State Highway Engineer D. C. Greer said the U.S. Bureau of Public Roads will be asked to assist in the cost of repairs to federal aid highways under the bureau's emergency disaster policy.

Up to one half the costs would be paid by the federal government under the policy.

Greer said damage to the federal aid primary system amounted to $1,840,300 and to the federal aid secondary system, $190,000.

Most of the damage, $1,885,000, was in the Del Rio district where the Pecos River bridge on U.S. 90 was destroyed.

Builder Says Gifts To FHA Men Common

WASHINGTON (AP)—A Richmond, Va., builder who said he is a friend of Clyde L. Powell, ousted Federal Housing Administration official, told probing senators today it was a common practice for builders to give gifts to FHA employes.

Bertram Bonner of Richmond, New York and Florida said he would not call Powell an "intimate" friend but acknowledged under a barrage of questions that Powell had "dropped by and paid his respects ... maybe once or twice," including once in Florida.

He said he did not recall that Powell ever stayed overnight with him.

Powell, former FHA official in charge of rental housing programs at the time Bonner built seven government-backed apartment projects, has twice refused to testify before the Senate Banking Committee in its probe of government housing programs. He stood on his constitutional rights not to be a witness against himself.

Chairman Capehart (R-Ind) said at one point in the questioning of Bonner:

"It's like pulling teeth here to get information out of this gentleman."

The committee also planned to dig into financial details of a big Long Island apartment project which housing officials say put profits of nearly a half million dollars into British pockets.

Also on its agenda was an appearance by William S. Banks, sponsor of an Arlington, Va., project and several others.

Capehart told newsmen in advance of today's public session that he is "particularly fascinated" with the Long Island project, known as Oakland Gardens and located in Bayside.

Heat Death Toll Hits 190

By The Associated Press

The death toll from heat and storms rose to 190 today as cool northerly winds routed the season's severest heat wave in most parts of the country.

The cooler air extended from Kansas and Oklahoma eastward over Missouri, Illinois, Indiana, Kentucky and Ohio to the North Atlantic coastal states. Daytime temperatures in that area yesterday were 10 to 25 degrees cooler than on the preceding day.

Temperatures in the 90s and 100s still covered most of the southern half of the nation, with Little Rock, Ark., recording 107, Fort Worth, Tex., and Springfield, Mo., reported 102.

But the temperature reached a high yesterday of only 92 in St. Louis compared with 113 the preceding day. More than a week of scorching heat was blamed for 46 deaths in St. Louis.

Kansas City fell from a high of 112 Wednesday to 93 yesterday and New York City airport from 99 to 84.

Missouri was hardest hit by the heat wave, counting 60 deaths. Oklahoma had 44; Kansas, 34; Illinois, 11; Kentucky, 8; Pennsylvania, 5; Colorado, 4; West Virginia, 4; Ohio, 3; Arkansas, 3; New Hampshire, 2; Nebraska, 2; Massachusetts, 2; New York, Iowa, Indiana, Louisiana, Connecticut, Virginia, Tennessee and Maryland, 1 each.

Market Dips Worry Panel

AUSTIN (AP)—Worried about a declining market for Texas crude, the Texas Railroad Commission today ordered a big cut in allowable for the second straight month, dropping the permissive flow for August to 2,721,104 barrels daily. That will be a reduction of 121,642 barrels per day.

The curtailment will force allowable Texas production downward to its lowest level in more than two years. The last time it was lower was in July, 1952, when daily permissive output was 2,707,276.

With purchasers in almost unanimous agreement that Texas production should be lowered, the commission effected the cut by lopping one day off the producing schedule both statewide and in the big East Texas field.

That will mean 15 producing days in both instances during August. The Pantex field will continue on 15, Kelly-Snyder 15, Sandusky (in Grayson County) 13, and Pickton, 9.

The statewide monthly proration hearing which preceded insurance of the August order brought a strong statement from commission member Olin Culberson about the need for developing new markets for Texas oil.

Culberson pointed to the West Coast as the logical customer.

"I am deeply concerned with the recent press release citing the necessity of California refiners to 'wildcat' in Peru and Canada to meet their crude oil deficiency while Texas is forced to make another drastic reduction of allowables for August following a 190,000 barrel per day reduction in July," Culberson said in a prepared statement which he read as the hearing got underway.

He said he thinks it "extremely urgent, in view of the critical military situation in the Far East" for the crude-short refineries on the West Coast and West Texas producers to get together and build a big-inch pipeline from Texas to California.

"It is high time that Texas producers begin a concerted drive to supply the increasing West Coast demands by building a crude pipeline to California immediately and thus prevent our rightful market from being taken over by Canada and Peru," Culberson said.

The decline in demand for Texas crude was emphasized by Guy Warren of Renwar Oil Co., Corpus Christi, who said he is faced with potential shutdown of production in a number of coastal fields because he can find no buyers.

H. P. Nichols, Tyler, speaking for independent producers in the East Texas district, was deeply pessimistic. He said the "situation lacks just a little of being a shutdown for the state."

Appropriations Request Pared By Committee

WASHINGTON (AP)—Singling out civil defense, military and hospital construction and shipbuilding programs as special targets, the House Appropriations Committee today slashed 39 per cent from President Eisenhower's requests for $1,959,958,267 in emergency appropriations.

If sustained by the house, the committee's action will represent the biggest percentage cut of 1954, and one of the largest in decades, in any presidential money requests. The House will consider the GOP-dominated committee recommendations early next week.

For the 10 federal programs involved in an omnibus supplemental appropriation bill—providing funds not allotted in regular money measures—the committee recommended $1,194,188,079, a reduction of $756,770,188 from amounts requested by the President.

Actually, however, the over-all cut was not as drastic as it appeared on the surface.

This was particularly true in the case of military construction, for which the President requested $1,100,000,000 in new money and the committee recommended only $571,600,000. The committee said the Defense Department should use unobligated balances of previously allotted funds to help foot the construction bill, instead of seeking new cash and retaining the balances.

The Defense Department sought approval for a public works program of $1,427,622,000, of which the committee approved $1,235,958,000 with the understanding that more than half of the total be financed from unobligated balances.

Former Policeman At Houston Is Indicted

HOUSTON (AP)—A second former Houston policeman has been indicted by a federal grand jury for narcotics law violations.

Former Houston detective Sidney L. Smith yesterday was indicted on a charge he conspired to violate the federal narcotics laws. On June 25, Foy D. Melton, former head of the Houston police departments' vice squad was indicted on a similar charge.

Smith's indictment alleges he and two other men illegally acquired about 100 grains of dilaudid, a medicinal narcotic, between June 14 and Aug. 17 of last year.

The eight-page indictment alleged 30 overt acts.

There was no mention in the indictment of a large cache of heroin seized last August and which led to the police department dope scandals now under federal probe.

Shivers Defends GOP Stand, As Foe Pledges Soldier Bonus

By CLAYTON HICKERSON
Associated Press Staff Writer

Ralph Yarborough says he wants to get veterans of World War II and the Korean action a state bonus to be financed by a state bond issue.

Gov. Allan Shivers, fighting Yarborough's bid to unseat him, told East Texas audiences that he was not disloyal to the Democratic Party as charged.

Shivers told a Henderson audience Thursday that he left the Democratic Party ranks in 1952 and led Texas Democrats into the Republican fold to protect the Democratic Party.

"The liberal, leftwing, pinko bunch in the North and East is trying to take over our Democratic Party, and I'm fighting them today, just as I was two years ago," Shivers said. "I will keep on fighting."

Shivers spoke in Tyler, Henderson, Nacogdoches, Rusk and Palestine before he quit for the day. Yarborough spoke at East Texas points, too, and ended the day with a television appearance in Texarkana.

Yarborough said in his Texarkana address that his proposed bond issue for a veterans bonus would require approval by the citizens of Texas of a constitutional amendment. The bond issue would be paid off in installments, he said, "but I propose that the veterans bonus be paid all at one time."

The Austin attorney said he decided on including the veterans bonus in his platform after talks with "my buddies in the American Legion and my comrades of the VFW."

Earlier in the day, Yarborough threw a charge of communist-coddling back at Shivers. At Gilmer, he asked:

"Who is the man in the race for governor who is soft toward communism? That man is my opponent, who proposes trade with a nation whose hands are dripping red with the blood of Americans."

While the governor and Yarborough slugged it out for the East Texas vote, there were these other developments:

1. Candidate for U.S. Senate Dudley T. Dougherty, in Houston, advocated 100 per cent of parity price supports in proposing a program he said was needed to restore profitable farm prices. Later, in a TV appearance, Dougherty attacked the voting record of Sen. Lyndon B. Johnson, whom he hopes to unseat.

2. C. T. Johnson, in a speech prepared for Friday delivery at Fort Worth, said old age pensions had not been increased a cent by state money in the past five years. Johnson, a candidate for lieutenant governor opposing incumbent Ben Ramsey, said the constitutional ceiling on welfare spending should be removed. He also advocated permitting pensioners to earn income without losing pension checks.

3. Atty. Gen. John Ben Shepperd, questioning a statement by Senator Price Daniel, said that if U. S. Atty. Gen. Herbert Brownell thinks Texas owns tidelands to the three-league (10.5 miles) limit, that Brownell should tell his own legal adviser, Lee Rankin, about it.

Rankin, Shepperd said, repeatedly has said the Justice Department will not recognize the three-league claim of Texas. Daniel quoted President Eisenhower earlier in the day as backing up the Texas claim.

French Premier In Race Against Clock

GENEVA (AP)—French Premier Pierre Mendes-France raced the clock today in a quest to win an Indochina cease-fire based on division of Viet Nam at the 18th parallel. But his efforts were set back by a four-hour session with Russia's stubborn V. M. Molotov.

French sources said last night's meeting with the Soviet Foreign Minister resulted in a complete deadlock. Both statesmen stuck to their positions and no progress was achieved, the informants said.

The partitioning of disputed Viet Nam was said to have been the main topic of the parley which broke up early this morning.

Mendes-France was reported to have pressed for a cease-fire line running from Dong Hoi on the Vietnamese coast, westward to Thakhek, on the Laotian border.

Western diplomats said the Communists seemed willing to do business, but that they were dickering for a bigger chunk of Viet Nam—most important of the three associated Indochinese states.

The Reds appeared to be seeking a compromise between the 18th Parallel across Viet Nam's narrow waist and their original demand for partition at the 14th Parallel.

The French want to hold the line at least to the 17th Parallel. To set it below that point would mean handing over to the Communist-led Vietminh the important air and naval base at Tourane and the old Annamese capital of Hue. Loss of the latter particularly would be a severe blow to the prestige of ex-Emperor Bao Dai, chief of state for the government the French have set up in Viet Nam.

Mendes-France has hinted he might be persuaded to turn over Viet Nam's northern war capital Hanoi, to Ho Chi Minh's forces. But the Premier was reported holding out stubbornly to retain at least temporary control of Haiphong, the major port of the rich Red River delta through which the French may have to evacuate their forces.

In return for retaining Haiphong, 65 miles east of Hanoi and well above the 18th Parallel, the French have offered to let the Vietminh keep control of some of their pockets in the South.

The French believe the Communists will agree eventually to a neutralization of the other two Indochinese states, Laos and Cambodia, based on withdrawal of Vietminh forces and incorporation of local Communist resistance movements into "national communities."

Mendes-France, who has promised to resign if he fails to get a cease-fire by July 20, is feverishly trying to iron out points of difference in small, private huddles between French and Communist delegates.

'Confession' Is Reversed

LANSING, Kan. (AP)—Two years ago a deputy sheriff was killed in a gun battle near Zarah, Kan., with two men who were trying to tow a stolen car from a ditch with a stolen truck.

One of the men, Charles Isgrigg, 40, of Joplin, Mo., was captured a few hours later. He was sentenced to a life term.

The second man, Merle William Martin, 40, also of Joplin, was captured Aug. 30, 1952, in St. Louis. He pleaded innocent but was convicted Nov. 29, 1952. He was sentenced to die.

Legal moves followed to save Martin's life. This year Isgrigg, from his prison cell, issued a statement that he killed the deputy and Martin was innocent. The statement, however, had no effect, and last week the U.S. Supreme Court, Martin's last resort, denied a stay of execution.

Last night Martin was hanged at Kansas Prison.

Just before he went to the gallows he gave a handwritten note to Warden Charles A. Edmondson. It said:

"On June 23, 1952, I fired the shots that killed officer Willard Carver near Zarah, Kansas."

And, regarding his friend who had attempted to take the blame, it said:

"Now that I am about to die I wish to set the record straight before I go to meet my maker.

"Isgrigg did no shooting."

Tracy Service Is Set Today

Funeral services for Leonard Ray Tracy, 41, who was killed in an automobile accident near Union Wednesday, will be held at 4 o'clock this afternoon in the Bell Funeral Home chapel.

Services will also be held in Drumright, Okla., at 2 p.m. tomorrow, with burial in the Drumright cemetery. This service was originally scheduled to be the only one, but plans were altered so Mr. Tracy's co-workers might attend. Mr. Tracy was employed by J. P. (Bum) Gibbons, Inc., in Hobbs, N.M.

Pallbearers will be Max Foulds, Bill Roddenberry, Charles Gilmore, Grover Beard, Dub Kennedy and Vernon Herdwig.

Boyd D. Fanning of Dallas, formerly minister of the Twenty-fifth Street Church of Christ here, will be the speaker for a revival meeting opening Sunday at the church. He is to arrive here Monday. Services will be held at 9:30 a.m. and 8 p.m. daily through July 28.

Another Insurance Firm Is Restrained

AUSTIN (AP)—Atty. Gen. John Ben Shepperd today announced issuance of a restraining order to halt operations of another Texas insurance company—the Commercial Security Insurance Co. of Houston.

The company was licensed only last April 20.

Shepperd said the restraining order was signed by 53rd District Court Judge J. Harris Gardner late yesterday but announcement was withheld pending service of restraints against the company officials and other defendants.

The attorney general charged the company was fraudulently organized, claiming $200,000 of its original $250,000 capitalization was borrowed money in violation of the state's insurance laws.

A Person Can 'Play It Safe' Too Long

By HAL BOYLE

NEW YORK (AP)—Too few people will take the risk of doing better," said Budd Schulberg.

"If you play safe too long you reach a line of mediocrity. And by being afraid to go higher you actually will wind up lower than the average."

Schulberg, author-son of a famous Hollywood producer, was talking about the problem of making better movies. But in a larger sense he also was pursuing a problem that has always held him as a writer—the theme of success.

Budd, who is now 40, raised a few eyebrows with his first novel, "What Makes Sammy Run," a merciless study of the how-to-get-ahead formula of a guy on the make in Hollywood.

He did the same thing for the boxing industry in his second novel, "The Harder They Fall." His third novel, "The Disenchanted," analyzed the decay of a Scott Fitzgerald-type writer under the influence of alcohol and Hollywood pressure to turn out the job the boss-man wants.

Budd, who is fascinated by the price of success in our time, wrote the script for "On the Waterfront," starring Marlon Brando, a tough film which he hopes is a step toward realism in Hollywood.

Like most writers he feels that the movie moguls generally lowrate the public taste—and that in trying to make dollars they sometimes don't make sense.

"The test of the movies in the next 10 to 20 years is whether they will go in for honest story telling," he said. "I don't hold with the idea that there has to be a split between an artistic picture and a mass audience picture.

"If the ancient Greeks were entertained by real tragedy and good writing—as the Elizabethans were by Shakespeare—there is no reason why we shouldn't be.

"The biggest mistake in Soviet Russian writing—which is subsidized—is that it is designed by those in authority to serve what they feel are the immediate literary needs of the people.

"That's where they have gone way off. Culture isn't for a moment. It is a matter of centuries."

It was this feeling of having too much direction from above that led Schulberg to give up screen writing as a boy wonder back in the 1930s.

"I like fiction better," he said.

Budd does his writing on a 40-acres farm near New Hope, Pa., where he lives with his wife and three children. Recently he sold off 20 pigs after finding they were costing him money.

Patrolmen On Job Rounding Up Wetbacks

MCALLEN (AP)—Hundreds of border patrolmen went about their work of rounding up illegal Mexican aliens today as Fletcher Rawls, area patrol chief, said, "the day of wetback labor in the Rio Grande Valley is over."

In the first day of the huge roundup yesterday, Rawls' men picked up some 4,000 wetbacks for deportation. One Hidalgo County collection point alone rounded up 2,000 of the aliens.

But many of the Mexicans, in Texas for the cotton harvest, left voluntarily. Whole families crowded across the internatidnal bridges up and down the lower valley.

The Border Patrol, with Chief Harlan B. Carter in personal charge, threw a gigantic net of planes, radio-equipped jeeps, cars and trucks into the drive to catch any Mexican nationals who did not want to return to their homeland.

Most of the aliens brought here were sent westward quickly by bus to El Paso. From there Mexican authorities were to send them into the interior of Mexico.

The lower Rio Grande Valley action is the Border Patrol's second large-scale, concentrated roundup of wetbacks. The first was put on last month in Southern California.

Harold Klinite, El Centro, Calif., chief of bracero centers is in McAllen for a week, one of the immigration service experts brought here from all over the country to work on the project.

Carter, and other border patrol authorities, have said the roundup will continue until not a wetback is left in the citrus-producing, cotton-rich valley.

Some farmers complained they need the illegal workers desperately ,regardless of their legal status. Cotton picking, late this year because of a June hurricane and cool, cloudy weather, is expected to reach a peak in the first week of August.

Carter has promised an adequate supply of braceros, however.

Aid Bill Goes Up Unchanged

WASHINGTON (AP)—The Senate Armed Services Committee unanimously agreed to report the $3,100,000,000 foreign aid authorization to the Senate today without change.

Earlier a formal report from the Foreign Relations Committee approving the measure said the program has "paid off" in "greater total free world strength."

Chairman Saltonstall (R-Mass) said some armed service members may offer amendments on the floor or object to some provisions now in the bill.

"But we thought it best to get the matter before the Senate promptly where final decisions can be made," he said. "From a military point of view the bill is in good shape."

Saltonstall aid Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, opposed a provision now in the bill that would terminate major foreign aid programs July 1 of next year.

The cutoff date was put into the big foreign aid bill on a 7-6 vote by the Senate Foreign Relations Committee. Saltonstall said that Radford "indicated it might be modified and be acceptable."

Crowell To Instruct At C of C Institute

Bob Crowell, Chamber of Commerce manager here, will leave this week end for Dallas, where he will be an instructor in the Southwestern Institute of the U. S. Chamber of Commerce next week.

Crowell will teach an agriculture course in the week-long school, where about 350 to 400 managers from eight states are expected. A 1950 graduate of the school, he has attended a part of the school's graduate seminar for the past two years.

H. W. Cargile, president of the chamber, and Claude McCormick, vice-president, plan to be at the school Monday for president's day activities.

Swindling Suspect Is Arrested Here

Lewis Minica, 48, Big Spring highway, was arrested last night by officers of the sheriff's department and was being held in the county jail to face a charge of swindling by worthless check.

The county court charge filed July 6 alleges Minica passed a worthless check to Harold C. Denson.

The Rev. Wilson Garner, pastor of the First Baptist Church in Arp, Tex., will show moving pictures he made in the Holy Land at 8 o'clock tonight in the North Side Baptist Church. This service will also mark the close of the Vacation Bible School at the church. Enrollment for the school was 195.

Father, Son Die In Lake

HAGUE, N.Y. (AP) — A father died with his infant son last night in a futile attempt to save the boy as he rolled in a runaway automobile down an embankment into Lake George.

Witnesses said the man, Carl Vaux, 39, of Philipsburg, Pa., chased the car on foot and followed it into the water.

The bodies of Vaux and his son David, 20 months, were recovered from the lake shortly afterward. Dr. Hilton H. Dier of Lake George, a Warren County coroner, issued verdicts of accidental death by drowning.

Elmer Hoffman, a desk clerk at the nearby Island Harbor House, said Vaux, his wife and four older sons had gotten out of the car to view the scenery around the lake. They left David in the automobile.

Hoffman said the car rolled down a rocky embankment and into six feet of water.

The family was believed en route home to Pennsylvania.

Garden Club Valuable To Green Thumb Enthusiasts

By JANE GILMORE

The woman who has a green thumb and the one who just wishes she had, learn something from the programs of the Snyder Garden Club.

Flower shows and garden pilgrimages, flower arrangements and horticulture study are some of the activities that absorb the Garden Club member's time.

During the past club year a school with two teachers to explain design and horticulture was held for the members. A number of them took the standard examination required for flower show judging and are now qualified judges.

Minutes of the recently completed club year, according to Mrs. W. R. Bell, secretary, show that a pilgrimage to the Frank Miller Ranch in Borden County was one of the most interesting and unusual activities of the club.

Spring rains had worked a miracle on the dry prairies, Garden Club members had noted, spreading color everywhere. So they planned a "wild flower pilgrimage" and returned with 36 species of wild flowers.

Next year the Woman's Home Companion Garden Book will be the basis for study.

When outdoor plants are studied, the locality is always considered, so that Garden Club studies are really practical.

Arrangements are studied from the practical stand point too. Often a member brings an arrangement she has made herself and it is judged critically by other women in the club. Thus members learn by doing.

Another test of members' artistic ability and ingenuity came during the spring when everybody attending the meeting wore a hat that she had decorated herself with fresh flowers.

The Garden Club is another youngster among local organizations.

According to its yearbook, it was organized and federated June 15, 1949, and is affiliated with district, state and national Garden Club groups.

Officers of the club are Mrs. Wade Winston, president; Mrs. Frank Miller, vice president; Mrs. W. R. Bell, recording secretary; Mrs. Bill Davidson, treasurer and corresponding secretary; Mrs. Edward Bolger, parliamentarian; Mrs. Herbert Feather, reporter; and Mrs. Bell, historian.

The first officers elected by the group included Myrtle Harrell, president and Mrs. A. G. Pruitt, recording secretary. Mrs. F. G. Sears was the second president.

The group has always sent delegates to district and state Garden Club meetings.

Among committees that the constitution provides for, one suggests the down-to-earth gardening interests of the women in the club. According to the by-laws, "The plant and exchange committee shall promote the exchange of plants and seeds among members and keep a seasonal list of material to be exchanged."

Working together, the members keep their own gardens attractive and plan civic work which usually takes the form of assistance in landscaping or interior decoration with plants.

Committee Reports Reds Facing Crisis

NEW YORK (AP) — The Free Europe Committee said today that food shortages in Russia and the satellite countries "have brought the Kremlin face to face with the greatest crisis since the conquest of its European empire."

The committee, which describes itself as a privately financed American anti-Communist organization, said that in view of a breakdown in the Soviet agricultural production, "the last thing Moscow wants at the moment is a war which could conceivably bring about the collapse of the entire Soviet structure."

COMPANY DISH
. . . chicken 'n' stuffing with a new flavor

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5488.

Chicken and stuffing is always a good dish, but sometimes it's nice to have a little something different as to flavor.

This recipe offers the difference: chicken quarters layered over a dressing that this time is made with buttery tidbits of fresh bread and flavored piquantly with lemon juice, parsley and pimiento.

This is a good company dish because you can put it in the oven half an hour or so before dinner is to be served and forget about it. When everyone is ready to sit down, out comes the chicken— tender as can be and a beautiful golden-brown atop its good dressing.

Since you will have your oven on for the chicken, you might as well bake potatoes at the same time to serve with it. But if the potatoes are large ones, put them in the oven a little ahead of the chicken to make sure they get done. Corn on the cob and a salad of raw fresh vegetables will round out the main course; dessert might be a fruit shortcake. Or if you are in a take-it-easy mood, serve the chicken with just a hearty salad of lettuce, pineapple and berry-topped cottage cheese; for dessert have a coffee gelatin mold or a chocolate Bavarian cream so as not to repeat the fruit flavors of the salad.

CHICKEN ANITA

1 quart tiny soft bread cubes (about 8 thin slices bread with crusts)
¼ cup chopped canned pimiento
2 tablespoons minced parsley
1 teaspoon salt
⅛ teaspoon pepper
5 tablespoons butter or margarine
3 tablespoons lemon juice
2 to 2½ pounds (ready-to-cook weight) frying chicken (quartered)
1 tablespoon lemon juice
1½ teaspoons butter (melted)

Mix bread cubes with pimiento, parsley, 1 teaspoon salt, pepper, butter and 3 tablespoons lemon juice. Line a shallow baking pan with aluminum foil. Place 4 mounds of stuffing apart from each other on the foil, using about 1 cup in each mound. Clean chicken; pat dry. Sprinkle inside of each piece of chicken lightly with salt; place one-quarter chicken over each mound of stuffing. Mix 1 tablespoon lemon juice and 1½ teaspoons melted butter; brush chicken with mixture. Bake (uncovered) in a hot (400 degrees) oven 30 to 40 minutes or until chicken is tender and golden-brown. Cut foil into 4 pieces and serve chicken on foil, if desired. Or remove chicken and dressing from foil with large spatula. Makes 4 servings.

Here's a young man who's going places!

IN FACT, he is already on his way. He is already a successful young business man, operating a small business of his own which fits in nicely with his school work and also rewards him handsomely in profits for the small amount of time required.

Yes, he is an independent newspaperboy. He is proud and his parents are too, of the fact that he is able to earn money for his clothes and hobbies and has a growing bank account.

But much more important than the money he earns is the knowledge and training he is receiving for the future. He is getting basic training in the operation of a business—service to the customer, securing orders, making collections and saving his money. He is learning salesmanship, and how to meet and deal with all types of people.

Carrying a newspaper route is the most valuable training a boy can receive, as a supplement to school work.

Tomorrow's business leaders are carrying Daily News routes today!

Milwaukee Win Boosts Giants; Moore Takes Reins Of Phillies

Braves Snap Out Of 8-3 Bum Lead

By The Associated Press

It was Milwaukee's last turn at bat. There were two outs. And the Brooklyn Dodgers were leading 8-3.

It looked like the end, and Milwaukee's all-time record crowd—43,633—was ready to go home satisfied at least with an even split, the Braves having won the first game 2-0.

Except for one detail—

The bases were loaded.

Joe Adcock came to bat. Reliefer Jim Hughes cocked his arm and prepared to finish off the side. But Adcock connected. Two men came in on his single.

Brooklyn Manager Walt Alston, taking no chances at this point, rushed Erv Palica to the mound.

The crowd went wild.

Andy Pafko came up. Palica tried hard, but Pafko got his number and slammed out a double that brought in two more runs. It was now 8-7.

Then Johnny Logan came up. This was it. And he did—a single. In came the tying run. Logan took second on the throw to the plate.

By now the incredulous crowd was ready for the kill, and catcher Charlie White's single over second, bringing Logan in, was all the Braves needed.

The score was 9-8. Milwaukee had dealt Brooklyn its first double defeat since Sept. 6, 1952.

The two losses, combined with New York's 4-0 triumph over the St. Louis Cardinals, boosted the Giants' first-place National League margin over the Dodgers to 6½ games.

Cleveland's Indians retained their half-game edge over New York in the tight American League race, defeating the Philadelphia Athletics 4-0 as the Yankees edged the Baltimore Orioles 3-1.

Chicago's third-place White Sox fell four games off the pace, losing to Washington 3-2. Detroit and Boston divided a day-night doubleheader, the Tigers winning the nightcap 4-2 after the Red Sox had taken the opener 3-1.

Cincinnati's Redlegs climbed into a three-way tie for third place with Milwaukee and Philadelphia, sweeping both ends of a twi-night twin bill from the Phillies 2-1 and 4-3 to spoil Terry Moore's managerial debut. Chicago's Cubs knocked off the last-place Pittsburgh Pirates twice in the afternoon 9-3 and 3-0. Hank Sauer and Ernie Banks homered in each game.

The Dodgers were limited to only three singles in the opening game by Milwaukee's Bob Buhl, who won his first game of the season after seven defeats.

Eddie Mathews slammed two homers, his 20th and 21st of the season, for the Braves. His first came in the seventh of the opener with a mate aboard to break up a scoreless duel between Buhl and Brooklyn's Bob Millikin. His second also came with a man on base to furnish Milwaukee's first two runs.

Pitcher Don Liddle and catcher Wes Westrum combined their talents to down the Cardinals. Liddle, the tiny southpaw, limited the Redbirds to five hits while Westrum walloped a home run and a single to drive in three runs.

Home runs by Andy Seminick and Jimmy Greengrass enabled Art Fowler to win a pitching duel from Philadelphia's Curt Simmons in the opener of their twin bill. Gus Bell's bases-loaded single in the eighth drove in the tying and winning runs in the nightcap.

Early Wynn tamed the Athletics with four hits for his 11th victory as the Indians snapped a four-game losing streak. Al Rosen doubled in the first Cleveland run and Wynn participated in the three-run rally later with a run-scoring single off loser Alex Kellner.

The Yankees scored a run on each of two passed balls by catcher Les Moss and added another on Irv Noren's homer. Their victory string is now 10 straight.

Veteran southpaw Johnny Schmitz pitched a five-hitter and outfielder Tom Umphlett drove in all three Washington runs with a single and triple in their 3-2 victory over the White Sox.

Outfielder Bill Tuttle's two-run double in the ninth snapped a 2-2 tie and gave the Tigers the nightcap victory over the Red Sox. Ted Williams' ninth homer helped Willard Nixon pick up his eighth victory in the afternoon game.

BROKEN ARM IN LITTLE LEAGUE

Baseball gets a little rough sometimes, and occasionally there is an injury in a game.

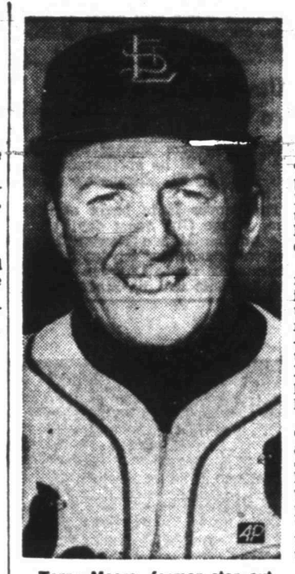

Jerry Minor, member of the Kiwanis Braves in the Little League, suffered one of those injuries last night. Playing in the outfield, Minor saw a long fly ball bounce out of the field over the outfield fence. He jumped onto the fence and was going to jump down and get the ball when he fell and broke both bones in his arm.

Minor, 11, the son of Mr. and Mrs. E. E. Minor, 3006 Fortieth Street, was taken to a Colorado City hospital for treatment.

Texans Are Placing

SALINAS, Calif. (AP)—Rocket, ridden by J. T. Fischer of Midland, Tex., placed first in cutting horse competition yesterday in the 38th annual California Rodeo.

Toots Mansfield, Pecos, Tex., and Jim Brister, Lordsburg, N.M., placed third in team roping.

Terry Moore, former star outfielder of the St. Louis Cardinals, has been named manager of the Philadelphia Phillies succeeding Steve O'Neill. Announcement was made by Roy Hamey, his first major move since becoming general manager of the club.

New Pilot Takes Over In 3rd Place

CINCINNATI (AP) — "Amateur" Terry Moore had a major league ball club to manage today and the Philadelphia Phillies were hopeful the former center fielder of the St. Louis Cardinals' Gas House Gang, can rejuvenate the Whiz Kids.

Moore was handed his very first managerial assignment yesterday in a surprise road-trip shift. "Gentleman" Terry took up where rough-hewed Steve O'Neill left off—directing the endeavors of a ball team in third place in the National League, 15 games behind the first-place New York Giants and a far piece from preseason expectations.

General Manager Roy Hamey called sportswriters together and announced that Moore was being called up to replace O'Neill in hopes he might be able to instill in the cooled-off 1950 National League pennant winners some of the "alert" type of play that characterized Moore's own tenure with the Cards.

Hamey said the selection of Moore was "a shot in the dark," decided on after only 48 hours of serious deliberation.

O'Neill, veteran manager of long standing and onetime catcher with the Detroit Tigers, said the announcement that he was through came as a "bolt from the blue."

Moore had little to say. He pointed out he had seen the Phillies play only twice in the last two years.

Moore, who also was a coach for the Cardinals following his 11th season as an active player, had planned — until tapped by Hamey — to retire and devote all his time starting next fall to a dance hall, bowling alley and cocktail lounge he owns near St. Louis.

He took over immediately after the press conference and his first day at the helm was marred with a double defeat at the hands of Cincinnati. The Redlegs won a twi-night double-header 2-1 and 4-3.

Moore was signed to a one-year contract, salary undisclosed, Hamey said, adding that one-year pacts would be a Phillies policy with managers from now on. O'Neill will receive the pay coming him for the balance of this year, the extent of his contract.

O'Neill packed and left the club last night with no apparent hard feelings. He wished his successor "better luck than I had. I hope you will be there for a long, long time."

Other than the club's failure to hold down the No. 1 spot in the league, the main reason for the Moore appointment seemed to be a belief in the oft-tested precept—if the team isn't doing so well, get a new manager.

That was the way Hamey expressed it.

Public Links Is Now In Semi-Finals

DALLAS (AP)—Bill Scarbrough, a giant chief petty officer who makes a golf club behave like a Navy rookie, and Los Angeles city champion Gene Andrews loomed as top favorites in the 29th National Public Links Tournament today.

Scarbrough, 30-year-old Jacksonville, Fla., naval petty officer, boomed his way into the semi-finals yesterday with an assortment of terrific chip shots and a torrid putter.

He squares off against Jack Zimmerman, 26-year-old Dayton, O., mechanical engineer, in one 36-hole semi-finals match today.

In the other is Andrews, oldest contender left at 40, and Joe Evans, 31, St. Louis, Mo., baker.

Scarbrough, veteran of 153 combat missions as a gunner and bombardier in World War II, easily knocked out Richard Preston of Detroit, 3 and 2, and Thomas Lambie, Phoenix, Ariz., 4 and 2 yesterday.

For the 81 holes of golf he has played in his first attempt at the Publinx title, Scarbrough is three under par.

He was one under par against Preston and two under against Lambie over Cedar Crest's par 71, 62,296-yard course.

Andrews, who lives at Pacific Palisades, Calif., defeated E. F. Shively, Dayton, O., 3 and 2, and then eliminated John Hatch of Dallas, 6 and 5.

Zimmerman won his morning round yesterday by default from Hal McCommas of Dallas, who was ill. He brushed off Dallas policeman Andy Sword 2-up in the quarter-finals.

Andrews eased by Dante Vicini, Ottawa, Ill., 2-up and Rodney Funseth, Spokane, Wash., 6 and 4 in the quarter-finals.

Andrews, city champion of Los Angeles twice and runnerup twice in a 4-year span, is in his first Publinx tournament also. He's five over par for 95 holes played thus far in the meet.

Andrews, like Scarbrough a long-ball hitter, overwhelmed Funseth with three straight birdies on the back nine of this quarter-finals match.

Funseth, who had gone 23 holes to beat George Dayiantis, Chicago, 1-up yesterday morning, won only one hole.

Lambie gained the quarter-finals on a 4 and 3 victory over William Alcorn of McKeesport, Pa.

Sword beat George Johnson, Georgia Tech links ace, 1-up.

Hatch had defeated Richard Masterson, Seattle, 1-up.

The 36 hole finals will be played tomorrow.

Three Homers Not Enough For Ardmore

By The Associated Press

Gene Green of Ardmore hit three home runs against league leading Shawnee Thursday night, but even that wasn't enough to check the rampaging Hawks who took the Sooner State baseball game 10-7.

Lawton held on 13½ games back in second place by downing McAlester 2-1 in the tightest game of the evening.

Gainesville, the erstwhile runner-up, continued to challenge Lawton, hanging on a half-game back with an 8-2 triumph over Ada.

A four-run spree in the eighth inning brought Seminole from behind to defeat last-place Pauls Valley 10-8.

Borger Is Having Financial Troubles

By The Associated Press

The Borger Gassers, floundering deep in the second division of the West Texas-New Mexico League, are just as deep in financial trouble.

The seventh-place Gassers had to sell shortstop Gil Valentin yesterday to get enough money to meet their payroll. Valentin was sold to the Albuquerque Dukes for $2,000.

The deal had hardly been completed when the Gassers dropped their second straight decision to the Lubbock Hubbers, eighth place club, 8-6.

In the other games, Pampa cut Clovis' lead to two games by taming Amarillo 9-7 while the Pioneers were bowing 14-8 to Abilene. Plainview edged Albuquerque 6-5.

Special Meeting Of Little League Called

A special meeting of all officers, directors, umpries, managers, and other workers with the Little League has been called for 8 o'clock Tuesday night by Speedy Moffett, president.

The meeting is being held to make preliminary plans for the Little League district playoffs, which will be held here Aug. 5-7. Moffett said he has not yet been notified what leagues are in this district but that he expects that information within the next few days.

SPORTS

Cubs, Giants Take Wins In Little Loop

The Lions Cubs and Quarterback Giants, who had for awhile been in the habit of losing games in the Little League, both surprised their opponents last night.

The Cubs downed the Kiwanis Braves 8-3, while the Giants edged the Holder Indians 4-3. This knocked the Braves out of a tie with the Rotary Cardinals for third place in the league and pulled the Indians farther down in their second place spot.

The Cubs got several extra base hits in their game. They were all doubles, one by Pat Gibson in the second inning to drive in one run, one by Franklin Moore with none on base in the first, one by Bill Bollinger with none on in the second, and two by Bill Shaw in the second and third, each time driving in a run. For the Braves, Charles Popnoe got a home run with one on base in the fifth inning. Jerry Fleming hit a no-run double in the fourth.

Devane Jones pitched the win. He went all the way to allow five hits, strike out seven, and walk three. The loser, Billy Foree, also pitched the whole game to give up 10 hits, fan two, and walk five.

The Giants downed the Indians in the fifth inning. The Indians had been leading 3-0, but in the fifth Doug Brunson slammed a double with the bases loaded to bring in two. Another was walked in by Ronnie Jones, the losing hurler, and the last run came in while a runner was being put out.

That put the Giants ahead. An attempt by the Indians to tie the game came in the top of the sixth when Freddie Miller made a try to steal home, but he was thrown out from shortstop Buch Niedecken to catcher Stanley Kruse.

Doug Brunson was winning hurler. Pitching all the way, he allowed five hits, fanned four, and walked two. Jones went four and one-third innings to give up two hits, walk one, and strike out seven. Tim Roberts, who relieved Jones, finished the game, allowing no hits, fanning two, and walking one.

Times of tonight's games have been changed. The Cubs and Cards will play at 7 o'clock instead of 9 o'clock, and the Braves and Yanks will meet in the first game. The Yanks are leading the league.

Artesia Edges Big Spring, 2 Homers

By The Associated Press

A bit of home run trading by Artesia and Big Spring put a story book finish on their Longhorn League game Thursday night, as Artesia took the clash 4-3.

Julio DeLaTorre put Big Spring ahead with a bases-empty homer in the top of the ninth which he hit with two out and two strikes against him. Then, again with two outs but with a man on base, John Goodell did the same thing for Artesia in the last of the ninth.

The victory moved Artesia back a game and a half into the league lead when second-place Roswell dropped a 11-9 decision to Carlsbad.

Odessa beat San Angelo 7-4 and Midland downed Sweetwater 8-2 in the night's other play.

Friday night's schedule is the same.

Andrews To S'water

ABILENE (AP)—D. C. Andrews, Hardin-Simmons University football star, has signed a contract as assistant coach at Sweetwater High School, thus turning down a chance to play professional football with the Chicago Bears.

Only Tornado Can Stop The Pirates Now

By The Associated Press

A tornado blew the Waco Pirates clear out of their home town last year, and it looks like it would take about the same thing to get them out of the way this season.

The Pirates moved to a 9½-game lead over second place Corpus Christi Thursday night with a 7-1 trouncing of Bryan. For Waco manager Jack Paepke's crew, it was the 11th victory in their last 12 starts and their third straight over Bryan.

Corpus Christi and Tyler, the nearest thing to challengers that the Big State has produced, both took it on the chin. Corpus Christi lost to Austin 3-0 and Tyler dropped before Galveston 5-3.

Harlingen beat Temple 10-7 in the league's other game.

For Waco it was an average night. Roger Sawyer pitched five-hit ball, Ray Mejias hit safely in his 38th straight game and the Pirates broke loose with five runs in the eighth to win going away.

Jack Falls, the league's leading hitter, was also the top man for Waco with three for four of the 10 hits picked up off Virgil Frazier of Bryan.

The Indians' lone tally was a home run by Juan Pérez in the eighth. Ronnie Boone matched it for Waco in the eighth.

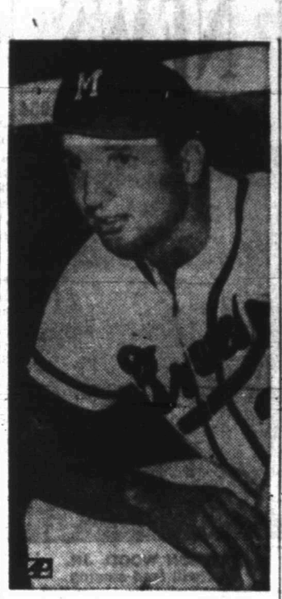

Lefthander Roger May baffled Corpus Christi with a three-hitter as Austin took the rubber game of a three-tilt series. He retired the last 12 men in order, walked three and didn't give up a hit after the fifth inning.

Tyler picked up only four hits off Mike Conovan as the Tigers lost their second straight to Galveston. A home run by Oren Davis in the sixth and a bases-loaded walk issued to Ted Browning in the ninth gave the Tigers their lost-cause runs. Galveston led all the way.

A triple play was the high point in a run-happy game at Temple.

The host Eagles pulled off the three-time killing in the first inning, but found Harlingen too much to cope with the rest of the way as the Capitols bashed 18 hits off three Temple pitchers.

Bobby Thomson, Milwaukee Braves outfielder who suffered a broken ankle in spring training, has been returned officially to the active list. Bobby still wears a special shoe—a football shoe with baseball spikes—to support the ankle.

John (Windy) McCall, relief pitcher for the New York Giants, was given his nickname by Ted Williams when both were teammates on the Boston Red Sox.

Lubbock, Plainview Men Lead Tourney

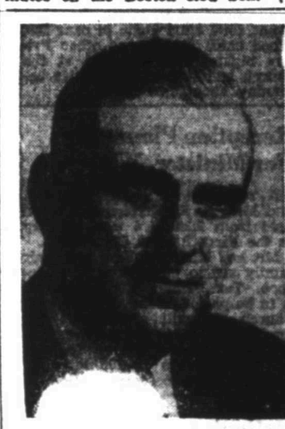

AMARILLO (AP)—A three-time champion and a man who'd like to hold that honor led the Tri-State Senior Golf Tournament into its quarterfinal round here today.

Chick Trout, three-time former champion from Lubbock, Tex., and Frank Day of Plainview, Tex., who has won the title twice, both came through yesterday with victories. Trout nipped medalist J. R. Brown of Amarillo, 1-up, and Day beat Ray LeCrone of Tulsa, Okla., by the same score.

Today's play sends Day against Tom Davis of Petersburg and Trout against Beigh Black of Oklahoma City. Other quarterfinalists matched Red Covington of San Angelo vs. A. N. Ridings of Chillicothe and Roy Cooper of Lubbock vs. O. F. Sandy of Blackwell, Okla.

Clarence Beaumont of Pittsburgh is the only National League batting champion who failed to hit a home run during the season. He won the 1902 crown with .357.

Revival Set At Hermleigh

HERMLEIGH — The Rev. Jack Selcraig, pastor of the First Baptist Church in Colorado City, will be the speaker for a seven-day revival opening Sunday at the Central Baptist Church here.

Britton Wood, Jr., music director for the First Baptist Church in Snyder, will lead singing during the revival. Mr. Wood, a senior at Hardin-Simmons University in Abilene, is a ministerial student there.

Services during the meeting will be held at 10:30 a.m. and 8 p.m. Evening prayer services will begin at 7:30.

Mr. Selcraig is a graduate of Baylor University and the Southwestern Theological Seminary. He was formerly pastor of the church at Sherman.

The Rev. Jimmy Burleson is pastor of the Central Baptist Church.

Meeting Is Held By Victory Bible Class

Mrs. W. J. Ely, Mrs. Mary Cronk and Mrs. A. D. Johnson were hostesses for the monthly meeting of the Victory Bible Class of the First Methodist Church Wednesday.

Guests at the covered dish luncheon were the Rev. and Mrs. Lennol Hester and their daughters, T. G. Deffebach, Oliver McClinton, Betty Sanderson and Jean Everett. Twenty-four class members were present.

Reports read showed 89 visits made, 26 trays of food given, nine floral offerings, 127 cards sent to shutins and others, and six garments. A gift of $5 was also given a needy family for groceries. A quilt was made and sold by class members.

The next meeting of the class will be on August 11.

Green Hill Baptist Schedules Revival

An open-air revival at the Green Hill Baptist Church will open July 23, the Rev. Jack O'Neal, pastor of the church, said yesterday.

The Rev. Boyce Evans of Fort Worth will speak during the revival, with John Petrie as song leader.

Construction on the new auditorium for the church is in progress now, and the revival will coincide with the continuation of the construction, Mr. O'Neal said.

Party Is Planned

A weiner roast and swimming party for the Methodist Youth Fellowship of the Trinity Methodist Church will be held Monday night in Towle Memorial Park. Persons planning to attend are to meet at 7 p.m. at the E. B. Boone residence, 3005 Thirty-ninth Street.

Tournaments Are Due Completion This Month

Sports tournaments now underway at the First Baptist Church are expected to be completed by the end of this month, Britton Wood, music and education director for the church, said.

About 55 individuals are entered in the activities, which include doubles and singles in tennis, badminton, horse shoes and volley ball. Since several of the entrants are competing in more than one event, total entries run to near 200, Wood said. Tonight, as other Friday nights, is play night at the church building, with activities beginning about 7:30 p.m.

Reception Planned For Minister, Wife

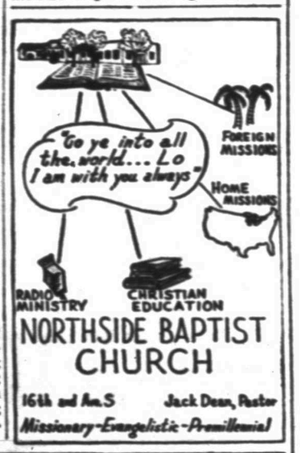

A reception to honor the Rev. and Mrs. E. K. Shepherd is to be held from 2:30 to 4 p.m. Sunday at the First Baptist Church.

Mr. and Mrs. Shepherd and their family are to move soon to Muleshoe, Tex., where Mr. Shepherd is to be pastor of the First Baptist Church. He will speak for both morning and evening services of the church here Sunday for the last time before beginning work with the Muleshoe congregation.

Methodists Schedule Attendance Campaign

Adult Sunday school classes of the First Methodist Church will participate in an attendance campaign from July 25 through August 22.

Classes in the group are the Tinie Clark, Progressive Couples' Wedding Band, Nancy Caton, Hayley, Crusaders', Men's Bible and Victory Bible. Frank Patterson is chairman of the commission on membership and evangelism.

SOME FACTS ABOUT THE CHURCH OF CHRIST (No. 2)

Ted Norton

THE CHURCH IS CONGREGATIONAL IN GOVERNMENT WITH CHRIST AS THE HEAD (EPH. 1:22,23; 1 PET. 5:1-4). The elders of a congregation are overseers—bishops (Acts 20:17,28). The overseers (bishops; elders) are to shepherd (feed; tend) the flock—the church (Acts 20:28; 1 Pet. 5:1-4). Thus it is seen that the terms, elders, bishops, shepherds (pastors) refer to the same group of men. A congregation may go for a while without elders (Acts 14:19-23) but just as soon as men qualify themselves the church is to have shepherds (pastors, elders, bishops) to look after the congregation. There is to be a plurality of elders always in every church. The New Testament always refers to a plurality of elders—never in the singular when applied to men. Christ is the only "chief Shepherd" in the church (1 Pet. 5:1-4). Deacons are helpers—ministers (servants) along with the elders (Acts 6:1-6; 1 Tim. 3:1, 8-13; Phil. 1:1).

THE CHURCH IS COMPOSED OF: Believers (Acts 5:14; 2 Cor. 6:15), Brethren (Rom. 12:1), Members (1 Cor. 12:12-27), Disciples (Acts 6:1), Saints (Acts 9:13; Rom. 1:7), Priests (1 Pet. 2:5,9; Rev. 1:6), sons (children) of God (1 John 3:1,2), and Christians (Acts 11:26; 26:28,29; 1 Pet. 4:15,16). Either of the above terms is applicable to members of the church—and they should be so used. When a person is "born of water and of the Spirit" (John 3:5), he is baptized into Christ (Gal. 3:26,27); the Lord adds him to the church (Acts 2:47) and he can be referred to by either of the above names; but he cannot glorify God in other names (1 Pet. 4:15,16; Eph. 3:21).

HUMAN POWERS DID NOT: Purpose the church (Eph. 3:10,11), Purchase the church (Acts. 20:28), Build the church (Matt. 16:18; Acts 2:47), Name its people (Acts 11:26), Add to the church (Acts 2:47), nor give the church its doctrine (Gal. 1:6-12). When a person becomes a member of the church of Christ, he is identified with that great host of people, both living and dead, who have been redeemed by the blood of Christ from the beginning to the end of time (Heb. 9:15).

NINETEEN HUNDRED YEARS AGO THE CHURCH OF CHRIST WAS ESTABLISHED! Today, she has the same name, worship, organization, doctrine, and life. "The churches of Christ salute you." (Rom. 16:16). To get accurate information about the church of Christ, read the New Testament.

... ONE MILLION juvenile delinquents last year! Increase expected this year!

These are not dull statistics. They are flesh and blood figures. They are the tragedy of America written not with paper and pen, but with the wreckage of young lives.

"But why?" you ask. "What is the cause?"

Judges and social workers, almost with one voice, lay the blame on home influences and lack of religious training.

It's up to you, then, Mother and Dad, to help YOUR child. Give him a home filled with love and understanding rather than indifference—a home that leads him into service rather than crime.

Bring YOUR child to Sunday School and Church. Help him become a happy, useful personality, instead of a sad statistic.

Statistics aren't dull when they're human

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily

NO SATURDAY BATHS NOW

A heat wave, combined with a water shortage, has put the 43 children at the Turley Home on short rations for drinking and bathing. During the hot days, they are having to line up for a drink. Residents of Turley, Okla., located near Tulsa, have helped by sending some of their own short supply to the orphanage.

Prosecution Barred For Some Who Admit 'Windfall' Profits

By JAMES MARLOW

WASHINGTON (AP) —Promoters have admitted making millions in "windfalls" out of mortgages on apartments built with government-insured loans. Did they commit a crime and, if so, can they be prosecuted?

There is no simple answer. Getting a "windfall" profit is not, by itself, a crime. This much can be said in a general way:

It would be a crime if the promoter, in order to get the "windfall," deliberately deceived the government on his application for a government-backed loan. Even so, prosecution would depend on when it happened.

If it was before 1951, there could be no prosecution. There could be if it happened since then. The reason: one kind of law covering this field ended in 1950. Another law, similar to it, began in 1951.

In order to punish a man for a pre-1951 fraud, the government would have had to prosecute within three years. It's too late now. Most of the "windfall" cases brought to light in the Senate Banking Committee's fiery hearings occurred before 1951. It's beginning now on cases that happened since then.

But the government could move in another direction — that is, in the tax field — against promoters who got "windfalls," whether or not they committed any fraud in obtaining the guaranteed loan.

If a businessman can report his income as a capital gain he pays less tax than if he reports it simply as income. The government has rules as to which way income can be reported.

If a promoter reported his "windfall" as a capital gain, the government, claiming now he should have reported it as income, can try to collect the difference. It's questionable whether it can collect.

During and after the war Congress wanted to encourage the building of apartments because of the housing shortage. It passed a law — under Title 6 of the National Housing Act — which expired in 1950.

Under this a promoter who wanted to build apartments could get a loan from a bank — with the government guaranteeing the bank against loss up to 90 per cent — if the Federal Housing Administration approved.

To get FHA approval, the promoter had to file an application with that agency, giving his estimate of the cost. Then, if FHA investigators approved, the bank would make the loan.

His estimate would include the price of the land, the builder's fee, the architect's fee, and so on. Say Jones estimated his cost at a million dollars, the FHA approved, and the bank, with a government guarantee up to $900,000, made the loan. Then Jones completed the project at a cost of only $700,000.

That was $300,000 below the estimated cost. Was this "crooked"? Not necessarily. Jones may have found, when work began, a way to cut the actual cost by $300,000.

That $300,000 has been called the "windfall." Say, further, Jones' company split this $300,000 up among the stockholders. The full loan of a million dollars still had to be paid.

Was this then a $300,000 profit for the Jones company? It could be because the government fixed the rents that could be charged in Jones' apartments according to the total estimated cost.

So long as the loan was paid off, the government lost no money. The only ones who got stuck were the tenants since they'd have to pay higher rents than the FHA would have allowed if the estimated cost had been only $700,000.

But Jones would have committed a crime if he had deliberately falsified the estimates on his application for the government-guaranteed loan. Yet, FHA investigators, having checked his estimates, had said his one million dollar estimate was all right.

Suppose there was crooked work — collusion — between Jones and the FHA investigators. Could they be prosecuted? Not if it happened before 1951. Title 6 of the National Housing Act expired in 1950.

But in 1950 Congress passed Title 8 of the act. This was to encourage rental housing near military installations. It works similarly to the old Title 6 except that the Defense Department has to agree the housing is needed before the project is backed by a government-guaranteed loan.

Decision On Death Delayed

CHICAGO (AP)—A decision on how mail order heir Montgomery Ward Thorne met his death has been put off for at least two weeks.

A panel of pathologists announced yesterday they will require much additional time to complete their examination of all his vital organs and of veins removed from his arms.

They expect to determine whether punctures in the veins were caused by injections of narcotics shortly before his mysterious death June 19—nine days after he made drastic revisions in his will.

Dr. Harry Leon, coroner's physician, has blamed the death on a combination of drugs, narcotics and wood alcohol. He opined a second person might be involved. However, some physicians disagreed with his published findings and the panel of pathologists was delegated the job of making a new and more complete examination.

Thorne's body was exhumed Tuesday and the autopsy and preliminary examination made yesterday.

In the rewritten version of his will, Thorne, 20, left three quarters of his near-two-million dollar estate to his sweetheart, Maureen Ragen, and her mother Aleen. His own mother, Marion, who was sole beneficiary under his original will, was left a one-eighth share.

Okinawa Towns In Improvement Contest

Entries include village meeting places, schools, libraries and nurseries — but no tea houses like the one in the celebrated play of "The August Moon."

Earth's Shadow Puts Moon Into Eclipse

NEW YORK (AP) — The shadow of the earth moved across the face of the moon last night, obscuring part of it.

This was the second and last lunar eclipse this year. The first, a total one, occurred in January.

The partial eclipse, affecting about 41 per cent of the moon's face, lasted from 8:17 p.m. to 9:31 p.m., Eastern Daylight Time.

Americans Are Still Managing To Save

NEW YORK (AP)—People are going right on saving, it says here in the statistics put out by the government, the bankers and the life insurance people.

It's hard for a lot of people to believe that anyone can save in these days of the high cost of living, of big baby crops and larger families, of high taxes, of a business slowdown and lower take-home pay for many.

But figures released this week show that by and large Americans are putting as much or more away this year than last and that total savings continue to rise. It's going into U.S. Savings Bonds, into life insurance, bank deposits. Totals for all of them are rising.

And merchants will tell you—some of them rather sadly—that many consumers are putting a reverse English on saving too.

They are paying up their installment debts faster than they are taking on new debt by buying gadgets on time. Getting out of debt is one form of saving. Merchants think this can be carried too far.

There are other forms of saving which a man may not realize he's making.

"I can't save anything," a man will tell you. "After I've made the life insurance payment, paid the monthly installment on the mortgage on my house, put money each month in that fund that the wife insists we have against the time junior goes to college, why, I have a hard time finding enough to meet the payment on the car and the freezer."

But life insurance is a form of saving, a way of building an estate. A home of your own is a form of saving.

The U.S. Treasury reports that in the first half of this year of supposed recession it sold 13 per cent more in E and H Savings Bonds than in the same period of booming in 1953, and, in fact, set an eight-year sales record. And sales are exceeding cash-ins.

Deposits in the savings banks of New York state alone increased 393 million dollars in the first half of this year.

The Institute of Life Insurance reports record purchases of new life insurance policies in the first six months of this year for a gain of 18½ billion dollars. The total of such insurance is now estimated at 319 billion dollars for the nation as a whole.

Accident and health insurance purchases are also running much higher than a year ago.

All of this is being done, curiously enough, on a lower total of personal income, according to the Department of Commerce. It finds that in May, its latest figure, personal income totaled about one billion dollars less, on an annual rate, than in May a year ago.

804 Scouts Attend Camp

Eight hundred and four Boy Scouts, Explorers and Leaders attended Camp at the Buffalo Trial Scout Ranch this summer, it was announced today by officials of the Buffalo Trail Council. This is the largest attendance for long term camping in the seven years the Council has conducted camping at the 6,000 acre rugged area in the Davis Mountains.

Seventy-five Scout Troops and Explorer Units from over the Council's seventeen West Texas Counties were represented.

Four hundred and eighty Scouts qualified for marksmanship patches of the National Rifle Association. Nearly every one of the 758 boys rode horseback and enjoyed swimming. In addition the program attracted most Scouts to archery, skeet shooting, handicraft and hiking. Several hundred advancements in Scouting rank were earned, many boys securing five or more merit badges.

Joe Niedermayer, Camp Director, stated it was not only the best attended camp but the best in all respects.

Council officials expect the total long term (6 or more days) camping record to exceed 1,000 Scouts before summer end.

A special Aquatic Camp at Lake Sweetwater from August 2-7 is expected to attract some 200 Scouts and a number of Troops have conducted their own independent Camps.

P. V. Thorson, Scout Executive said this summer camping season is the best in the past ten years.

Mexico's Fine Arts Director Quits Post

MEXICO CITY (AP)—The director of Mexico's Fine Arts Institute resigned last night following criticism that he let the funeral of Diego Rivera's wife be turned into a Communist demonstration.

Frida Kahlo, the 44-year-old wife of the leftist painter, was found dead in bed Tuesday morning. Before the funeral her coffin, draped with the Communist flag, lay in state in the Fine Arts Institute.

Citing this, the minority Mexican National party said in a statement yesterday that the institute director, Dr. Andres Iduarte, should be fired. Several hours later the institute issued a statement saying Iduarte had resigned.

Typographical Error On Birthday Cake

Soviet Ships Make A Visit To Sweden

STOCKHOLM, Sweden (AP) — The brand new Soviet cruiser Admiral Ushakox and four modern Soviet destroyers sailed into Stockholm today on the first Russian naval visit to Sweden since long before the Russian Revolution.

Earlier today a Swedish naval squadron of similar strength, including the Swedish navy's new flagship cruiser Tre Kronor, anchored in the Neva River opposite the winter palace in Leningrad.

The Soviet naval visit was the most spectacular Soviet gesture so far toward traditionally neutral Sweden in the Malenkov regime's peace offensive.
