TB Seal Sale Moves Ahead in Steady Fashion

Steady flow of checks for TB Christmas Seals is coming in at the AAA office. Seal Sale Chairman C. E. Tarter of the Dawson County Tuberculosis Association, said Wednesday.

However, he added, many county people have evidently pigeon-holed their seals. He urged that they dig out those return envelopes and mail checks for the seals.

Through Wednesday noon, the total had reached \$681.50, the chairman said. The seal sale will continue through the Christmas holidays, with a \$2,000 goal in view.

Tarter was high in his praise of Houston Glasson, sponsor of the All Negro Mule Rodeo at the Lamesa baseball park scheduled Sunday. Glasson has pledged 10 per cent of gate receipts to the Dawson County Tuberculosis Association.

Brotherhood Meets Tonight at Klondike

Program for the associational Brotherhood meeting at the Klondike Baptist Church tonight will highlight an inspirational address by Rev. J. R. Forrester of Welch. Election of officers will be featured at the business session.

The meeting will open at 7 p. m., and supper will be served to attendants, said Frank Hogue, associational president.

The devotional will be presented by Alvin Hoge. June Hogue will welcome guests, and the response will be made by Harvey Weir. Dr. Clarence A. Morton, pastor of the First Baptist Church in Lamesa, will discuss purposes of the Brotherhood, and Owen Taylor of Lamesa will be presented in a vocal selection.

Water System Being Completed

Pipe for the new water system at Lamesa Country Club, one of several improvements in view for the golf course, is laid out and ready to be placed underground.

The report was made Wednesday by L. B. Vaughn, who with Bill White, is directing work on the grass greens.

Contour for the bent grass greens is being prepared this week in readiness for seeding in March or April, Vaughn said. The nine-hole course will be augmented by a putting green on the east side of the clubhouse.

REVIVAL OPENS FRIDAY

A revival meeting is scheduled to open Friday night at the Assembly of God Church, corner of North Second and Roosevelt Streets, Lamesa. Evangelist for the two-week meeting will be Rev. Maurice Evans of San Angelo. The public is given a cordial invitation to attend services each night at 7:30 o'clock, said Rev. W. M. Bozeman, pastor.

NAVYMAN IS VISITOR

Lt. Lloyd Hahn, navy pilot, was in Lamesa Tuesday on business. The navy officer, son of Mrs. T. H. Hahn of Lamesa, is back on leave following service in the Pacific. His wife was in her hometown, Bonham, while he was in Lamesa. Lieutenant Hahn is a graduate of Lamesa High School and Texas Technological College, Lubbock.

Bond Chairman White Speaker at ABC Meet

J. P. White, chairman of the Victory Loan drive for Lamesa and Dawson County, was the principal speaker at the regular Tuesday night meeting of the Lamesa ABC at the Plaza Hotel.

White pointed out that this county and the state of Texas as a whole are far behind on the E bond quota for the drive. He said that only 20 per cent of the E bond quota in Dawson County has been reached, and that the state has met only 40 per cent of its goal in this division of the drive. He asked that each civic club co-operate in the closing days of the drive to put this county over the top. Each civic club will be asked to sell or purchase about \$50,000 worth of small bonds, White said. The county chairman outlined other plans to make the drive a success as the campaign closes.

He was introduced by ABC first vice-president John Scoggin, James

TRUMAN'S PILOT AND BRIDE CUT CAKE—Lt. Col. Henry Tift Myers, Tifton, Ga., pilot of President Truman's Plane, "Sacred Cow," and his bride, the former Miss Maidee Williams, Fort Worth, Texas, cut the wedding cake after their marriage December 1, at the home of his sister, Mrs. A. LeRoy Miller, Bethesda, Md. (AP Photo).

Baseball Meeting Called Here Next Monday Night

A baseball meeting has been set for Monday night, December 10, at 7:30 in the district courtroom, baseball chairman J. R. "Dutch" Leuenberger announced today.

Fort Worth Firm Lists Four Tests In Dawson Field

Cascade Petroleum Company of Fort Worth has filed applications for permits to drill four tests on the southeast side of the Welch Oilfield in Dawson County for pay between 4,900 and 5,200 feet.

The quartet will be on the land of Mrs. M. E. Stovall in the south 121 acres of the east 142 acres of Section 47-M-EL&RR.

No. 1 will be 440 feet out of the northeast corner of the lease; No. 2, 440 feet out of the southeast corner; No. 3, 440 feet out of the southwest corner; and No. 4, 440 feet out of the northwest corner.

Operations are due to start as soon as the permits are granted.

Seaboard No. 1 S. E. Lee, proposed 7,500-foot wildcat 660 feet out of the northeast corner of the east half of section 47-34-5N-T&P, had spudded below 80 feet. It is one mile south of Seaboard No. 1 Sprayberry, a failure that had some good oil shows.

Tuesday Fire Is Controlled Early

Damage totaling approximately \$100 resulted from a Tuesday morning fire at the Lamesa Oil & Appliance Company, just outside the city limits on Highway 87. The blaze probably started from defective wiring, said Barney McKinney, owner of the butane place.

The fire call was answered about 9 a. m. Tuesday, and Lamesa firemen put out the blaze with their auxiliary tank.

Bond Chairman White Speaker at ABC Meet

Mrs. Richard Young was back on duty in her role of pianist and first lady.

M. E. Smart was a guest of Member Bob Periman and the club. Several proposed new members were announced by membership committee chairman John Scoggin.

Regular meeting time was moved up to 7 p. m. instead of 7:30 effective next Tuesday, four highway signs advertising the ABC were ordered by the club, and building attendance and urging the hiring of a child welfare worker here were items taken care of in the business session following the program.

Presidents Lyons announced that the names of under-privileged children to be assigned members for the Christmas Party to be staged by the club will be ready next week. A special effort will be made to get full attendance at the regular meeting next Tuesday, the last meeting until the second Tuesday in January. At this meeting next

Victory Loan Takes on Momentum as Bonds Are Declared Memorial for Dead War Heroes

Lamesans Attend Conference in Wichita Falls

The Regional Chemurgic Clinic, which is jointly sponsored by three organizations, the Wichita Falls Chamber of Commerce, The West Texas Chamber of Commerce and the Texas Chemurgic Congress held a two day session, Wednesday and Thursday of this week in Wichita Falls.

Representing the Lamesa Chamber of Commerce were T. A. Barfield, county agent; Sam Richardson and Dutch Leuenberger. They left Wednesday noon, for Wichita Falls and were in attendance at banquet held in the Texas Room of the Holt Hotel Wednesday night. Toastmaster for the banquet was Dr. James E. Boren, president of Hardin Junior College.

The sessions of the clinic got underway with a meeting at 9:30 Thursday morning with D. A. Barden, general manager of the West Texas Chamber of Commerce, presiding.

Welcome address was presented by Maj. W. B. Hamilton.

At 9:50 a. m. the group attended a lecture on "Potential Industrial Uses of Grain Sorghums," followed by an open discussion, 11:00 a. m. F. K. Pence, director and chairman of the Research Laboratory in Ceramics of Texas University, presented a lecture on "Ceramics, Raw Material and Products."

Those attending this meeting were the guests of the Wichita Falls Rotary Club at luncheon in the Kemp Hotel, Dean R. C. Goodwin, director of the division of Arts and Sciences of Texas Technological College, spoke on "College Research Seeks a Solution to West Texas Cotton Problems."

E. D. Marshall, director of Texas Forest Laboratories of Lufkin, Texas, held a discussion on the "Utilization of Mesquite," followed by a lecture on "Chemurgic Research at Southern Methodist University," presented Dr. Harold Jesky of the Institute of Technology and Plant Industry of SMU.

Because of the subjects discussed, "Sorghums and Mesquite," this clinic is of special interest to Dawson County and surrounding territory.

The program committee was composed of Victor H. Schoffelmayer, who was the keynote speaker, and is Agriculture and Science editor of the Dallas Morning News, and is also, president of the Texas Chemurgic Congress; Lester Brooks, G. R. McNeil and R. W. Knight.

On the arrangement committee were D. W. Wiley, Jr., chairman; D. M. Elder, Everett McCullough, Wynore Downing, Harry Meyers, J. V. Brookshear of Burkburnett and C. E. Burk of Iowa Park.

Leaders Urge Purchase Of \$1,500 in E Bonds Dedicated to Each Man

Dawson County's Victory Loan drive, scheduled to have a whirlwind finish despite the dragging start, will stand as a memorial to 60 county men who were killed in World War II.

The decision was made at a Monday night meeting of 12 civic leaders with Chairman J. P. White and Mrs. Tom Woods, co-chairman.

"These 60 boys died for our country, now let's buy bonds for them and for our country," the committee urged.

"Texas was first in war, first in peace, and now it's last in the final bond drive," reminded Chairman White.

An effort is being made by county bond salesmen to dedicate at least \$1,500 in E bonds to each of the 60 war casualties. Total tabulation of the memorial bonds will be made by the drive leaders.

Bond sales in the Victory Loan stood at \$60,000 in E Bonds and \$113,000 overall against quotas of \$250,000 and \$480,000. Less than one-fourth of the E bond goal has been passed.

Attending the plan-making meeting Monday night in White's office were representatives from the Lions Club, Rotary Club, American Legion, Veterans of Foreign Wars, both banks and women's civic leaders.

Names of the 60 Dawson County servicemen who died in World War II have been furnished the Courier by R. L. Price, veteran's service officer. Memorial bonds are to be dedicated to the following:

Pfc. Orbin Lee Arthur, killed in combat August 17, 1944.

Cpl. Buford Lee Aten, killed in action on Iwo Jima February 19.

Pfc. Max Otis Bassett, killed in combat on Luzon, Philippine Islands, April 25; parents, Mr. and Mrs. C. M. Bassett, Welch.

Floyd T. R. Billingsley, died of wounds received in Germany on May 1.

Pvt. Cecil M. Blair, 108th infantry killed in action on Leyte, April 17; wife, Mrs. Wanda Crouch Blair, 1013 South Fourth Street, Lamesa.

Second Lt. Vincent P. Boyer, glider pilot trained at Lamesa field, killed over Holland September 23, 1944; wife, the former Lillian Payne Austin, Lamesa.

Sgt. Robert L. Brown, killed in (Continued On Back Page)

NAA Chapter Planned For Organization Here Tuesday

Every person interested in aviation learning to fly or in the promotion of a top-flight airport for Lamesa is urged to attend the organizational meeting of the Dawson County chapter of the National Aeronautic Association in the district courtroom on Tuesday evening, December 11, at 7 o'clock.

The local chapter will be formally organized at this meeting. The election of officers, appointment of various committees, and the enrollment of as many charter members as possible will top the agenda.

All ex-airmen in the armed forces and all other ex-servicemen interested in aviation are particularly sought for membership along with aviation enthusiasts.

A pre-organization meeting was held in the chamber of commerce office in the city hall Monday afternoon. On hand to help lay the ground-work for the new chapter

was Don V. Seever, manager of the southwest division of the National Aeronautic Association. He said that he would be here for the organizational meeting if possible.

Temporary officers named at this meeting were Eddie Darrell, chairman; J. R. Earnest, secretary; and G. K. (Bub) McDonald, treasurer. Efforts will be made to enroll as many charter members as possible before the Tuesday meeting, and all those joining the chapter at that meeting will be charter members.

The president of the Lubbock chapter of the NAA and possibly other members of that group are expected to be here Tuesday. The group agreed that the first main project of the local chapter would be the promotion of a local airport.

Also present at the Monday meeting were Wright Boyd, Dale McIlroy, Billy Spencer, Monte Pelfrey, Paul Barron, J. H. Scoggin, Ben Allen and G. T. Hill.

Mrs. Leslie Pratt, leader for Troop No. 8, was elected at the leaders' meeting to serve as representative on the association's nominating membership committee.

Tentative plans are being made for the annual association meeting program in January. All Girl Scouts and adults interested in Girl Scouting in the community will be

Pastor Renamed By Mexicans at Sunday Meeting

Rev. E. B. Gonzales was re-elected pastor of the Lamesa Mexican Baptist Mission at an organization meeting held at the mission, North Fourth and Elm Streets, Sunday. Cooperation in all activities for the year was pledged by those attending.

Named assistant pastor was Daniel Garza. Other officers include Benie Masias, treasurer; Mrs. Natalia Garza, adult Sunday school class teacher; Mrs. J. Lopez, young people's teacher; Ipolito Ramirez, teacher for beginners.

Sunday School attendance goal for the year has been set at 100. Rev. Gonzales said, as was suggested by Dr. Clarence A. Morton, pastor of the Lamesa First Baptist Church.

"We have had a good year," the Mexican Baptist minister said. "During the next year we will make every effort to reach persons of Spanish descent in our community."

"First steps of our battle against vice and corruption have been won," Gonzales added. "But our efforts will not be relaxed."

Lamesa Optometrist At Business Meeting

Dr. Joe M. Harrington of Lamesa was in Lubbock Sunday to attend a meeting of the South Plains Optometric Society in the office of Dr. Weston A. Pettet. Installation of officers for 1946 was the feature business.

Installed were Dr. Joe Webb of Plainview, president; Dr. William Cauley of Lubbock, vice president; Dr. William Armistead of Littlefield, secretary-treasurer.

Ten optometrists from the South Plains attended the meeting.

PARENTS OF SON

Lt. and Mrs. Willard L. Freeman are the parents of a baby boy, born November 26th at the Lincoln General Hospital, Lincoln, Nebraska. The young fellow has been named Michael Lee. Mrs. Freeman is the former Miss Edna Payne Davis.

Final Rites For Prominent Farmer, Landowner, Wed.

Funeral services for Waldo McLaurin, prominent landowner, were held at the First Methodist Church in O'Donnell Wednesday, December 5 at 3:00 p. m., with Rev. E. H. Crandall, pastor of the First Methodist Church of O'Donnell officiating.

Mr. McLaurin was born in De Kalb, Mississippi, September 21, 1892, but has made his home in Lynn County, Texas, for the past 45 years, serving as commissioner of that County for several terms.

Pallbearers were E. T. Wells, Howard Simpson, Wallace Cox, Lon Light, Ray Everett, and Norman Everett.

Honorary pallbearers were George Small and Tom Hale of Tahoka, Alvin McMillan of O'Donnell, J. T. Middleton, Jeff Shook and John Ellis.

Survivors are one brother, Joe McLaurin of Ruidoso, New Mexico, and three sisters, Mrs. John Etter of O'Donnell, Mrs. Collier Fielder of Anson and Mrs. Rosaline Webb of O'Donnell. Three children, Mrs. J. T. Middleton, Jr., Waldo McLaurin, Jr., Charles C. McLaurin, and three grandchildren also survive.

Funeral arrangements were under the direction of the Higginbotham Funeral home and interment was in the O'Donnell Cemetery.

Servicemen Now Being Released At 50 Per Week

Dawson County servicemen are now being discharged at the rate of around 50 per week, and discharges in the county now stand at 36 per cent of the county's total number of men in service.

At least 728 Dawson County veterans have been discharged from the armed forces, and 1,044 are still in service. The 1,044 men still in service include the present 18-year-olds. However, that number does not take in the pre-Pearl Harbor volunteers and the 17-year-old volunteers who did not register before enlistment.

Those figures were secured Friday from the office of the Dawson County draft board. Total number of Dawson County men in service is over 2,000.

Registrations in the county have reached 4,236. That initial registration for service back in October, 1940, took in 2,200 Dawson County men.

Classified 1-C (discharged) by the draft board last week were 54 veterans. Forty-two were discharged the previous week. The two figures were higher than in previous weeks.

Veterans report to their home county draft board within 10 days of discharge for assistance in straightening out of papers, re-employment, the GI Bill of Rights and other suggestions.

RECRUITERS SCHEDULED

Set D. N. Vest of the marine recruiting office in Lubbock will be in Lamesa Friday to accept applications for enlistment in the regular marine corps. Sergeant Vest will be at the local post office from 2:30 until 5 p. m. Men enlisting now will have a choice of two, three or four-year enlistment, the recruiter said.

Early Christmas Mailing Is Urged By Postmaster

December 10 Set as Deadline for Packages To Assure Delivery

It's the same plea made for the same reasons as for every other wartime year, admitted Postmaster Owen Taylor, as he issued requests for early shopping and mailing for Christmas.

"This year the trains will be more crowded than ever, as thousands of servicemen make efforts to get home for the holidays," he said. The post office department has asked that Lamesa citizens mail all their Christmas packages by December 10 to assure delivery by December 25.

Every Dawson County citizen would rather have their boys home for Christmas than to have any Christmas package that will be mailed. The government has given servicemen priority, so there will be little room for packages on the trains from December 10 through the holidays, the postmaster reported.

The government has already announced that movement of troops throughout the fall and winter months is heavier than at any previous period.

Christmas cards this year will be accepted as usual with the 1-1-2 cent stamps, but the post office department has recommended using 3-cent stamps, which carry return and forward privileges.

Postmaster Taylor said that well-wrapped, the postmaster pointed out. Addresses should be in ink or typewritten with return addresses plainly attached, he said.

J. C. Norris, World War II veteran, has been added to the post office staff. Taylor said Norris will be termed a substitute clerk until he takes the regular civil service examination.

The mail situation is not too much improved, Taylor remarked, since last Christmas, in spite of the fact that many boys have returned from overseas.

The earlier the mailing, the bet-bond drive," reminded Chairman season.

Weather Shows 26-Degree Low

Temperature in Lamesa fell to 26 degrees both Tuesday and Wednesday nights, following the 31-degree low that came along with the snow last week end. The thermometers however, were back up to 41 degrees by 8:30 this morning, the official gauge read.

Moisture from the snow Sunday totaled 50 of an inch.

Temperature high and low since Sunday, as reported by Mrs. Roy Speck, Lamesa government weather reader, were as follows: Monday, 37 and 31; Tuesday, 41 and 26; Wednesday 51 and 26.

Wallace, Jr., St. Louis; third, Wayside Rit, handled by Leon Covington, Booneville, Ark., and owned by Lamar Fain of Wichita Falls, Texas. (AP Photo).

Birth Certificates

Delay of Dawson County physicians in filing birth certificates for permanent recording has caused a landslide in the county clerk's office. Twenty-three, October, November and December arrivals have not been previously reported from the official records.

Parents and birthdates for the new citizens are as follows:

Mr. and Mrs. W. K. Taylor, Welch, a daughter, Barbara Gene, November 17.

Mr. and Mrs. Dorman Grady Scott, a son, Donald D., November 4.

Mr. and Mrs. Allwyn Conrad Rutledge, a son, Allwyn Andrew, November 9.

Mr. and Mrs. Forest Aaron Ward, a daughter, Patsy Carolyn, October 30.

Mr. and Mrs. Seferina Garcia Sr. (Mexican), of Patricia, a son, Seferina Jr., September 21.

Mr. and Mrs. James Darrell Worley, a son, James David, November 3.

Mr. and Mrs. G. W. Tolbert, Star Route 4, a daughter, Ruth Ann, November 8.

Mr. and Mrs. Ray Eason of O'Donnell, a son, Eldon Ray, November 8. Eason is with the army at McCook, Neb.

Mr. and Mrs. Forest Knowles Lee, a son, Ricky Charles, November 16.

Mr. and Mrs. I. T. Demerson (colored), a daughter, Kay Sharon, November 8.

Mr. and Mrs. William Dorris

Kemp, a daughter, Edna Mae, November 17.

Mr. and Mrs. Kenneth Carl Langham, Route 1, Ackerly, a son, Danny Carl, November 16.

Mr. and Mrs. Forrest Dewett Hughins, Star Route 4, a son, Morris Doyle, November 18.

Mr. and Mrs. Victor Garcia St. (Mexican), a son, Victor Jr., November 17.

Mr. and Mrs. Frank Addison Sebert, a daughter, Dainne Jay, November 6. Sebert is with the army overseas.

Mr. and Mrs. Luther Edward Peterson, Star Route 2, a daughter, Geneva Dense, October 30.

Mr. and Mrs. William Joe Vanover Sr., Motor Route C, a son, William Joe Jr., October 24.

Mr. and Mrs. James Byron Edwards, a daughter, Norma Ruth, November 8.

Mr. and Mrs. Alejandro Cano (Mexican), a daughter, Celia, December 3.

Mr. and Mrs. Eugene Franklin Smith, a son, James Michael, November 18.

Mr. and Mrs. Mrs. James Alphonso

Green (colored), a daughter, Kay Sharon, November 11.

Mr. and Mrs. Tommie Samuel McKee, a daughter, Edna Marie, November 11.

Mr. and Mrs. Wilbur Jack Dyess, Route C, a daughter, Linda Lee, November 8.

Mr. and Mrs. H. H. Pool of Earth visited with his sister, Mrs. Mattie Johnson of 710 South Travis, several days this week.

Mr. and Mrs. George Gray and son, Joe Wicker of Lubbock were the guests of her sister, Mrs. Frank B. Jones Sunday.

McCarty HD Club Has November Meet

The McCarty Home Demonstration Club had their November meeting with a demonstration on Diets—how to gain and lose weight.

A discussion of the "Food Drive for Hungry Europe" was first brought before the club, and the decision was made that the club would donate several cases of canned food.

The coming paper drive was planned. Mrs. N. F. Peterson and Mrs. Emmitt Peterson will represent the McCarty Club by going to Lamesa with their cars December 7 to pick up paper.

Members present were Mrs. Emmitt Peterson, president; Mrs. Joe Peterson, Mrs. Luther Peterson and Mrs. N. F. Peterson, the hostess. Visitors were Mrs. Blaine Wiggins, Mrs. Doyle Shillingburg, Mrs. Claud Gowen.

A plate of sandwiches, cake and hot chocolate was served as refreshments.

The next meeting will be held at the home of Mrs. Joe Peterson January 23, 1946.

Car Owners Report: PREWAR PERFORMANCE AND BETTER FROM U. S. ROYALS

Since Pearl Harbor "U. S." scientists have made as much progress in applying synthetic materials to tire manufacture as had been made in the previous three decades with natural rubber.

Result—car owners are sending in reports from every section of the country that they are getting prewar performance and better from their U. S. Royals.

From tire dealers, tire service men and tire engineers, men who have made tires their life work, the evidence piles up—U. S. Royals are out in front in mileage, in safety, in all-round performance.

Follow this plan to get your U. S. Royals:

- Go to your U. S. Royal Dealer today for a thorough tire inspection.
- If you are in urgent need of new tires, he will show you how to get them at the earliest possible moment.
- If your need is not immediate, he will use his expert knowledge of tire care to keep your car on active duty until new U. S. Royals are available.
- The quickest way to get new U. S. Royals is to register your tire needs with your U. S. Royal Dealer now.

COURTHOUSE NEWS

Twenty-five warranty deeds recorded since last week are proof of the rapidity of property sales in Dawson County. The volume was higher than any recent period of similar length, said County Clerk Howard Humphrey.

One oil and gas lease, made October 9, was recorded this week. It was made by Mr. and Mrs. Ray Reed Barrett, San Angelo, to H. M. Reigel on Section 39, Block M, EL Railroad Company Survey, Dawson County, 640 acres.

WARRANTY DEEDS

E. W. Harris, trustee, to Cecil O. Speck, Block 24, Lovelace Subdivision, south half, League 276 Glasscock County school land, recorded November 28.

S. R. Simpson to Ray Dee Lawler, Lot 11, Block 13, College Addition, Lamesa, November 28.

S. Richardson to Grady Scott, Survey 6, Block 35, Township 5 North, T&P Railway Company Survey, Dawson County, November 28.

Mrs. Lottie White to Curtis White, west 80 acres in south half, Section 39, Block 34, Township 4 North, T&P Railway Company Surveys, Dawson County, November 28.

B. B. Alsbrook to H. L. Kidd, west half, southwest fourth, Section 2, Block 36, Township 5 North T&P Railway Company Surveys, Dawson County, November 28.

W. V. Lawrence to R. O. Parker, north half of each half, Lot 2, and north half of Lot 1, Block H. C. H.

McCormick Corrected Plat of Miller Addition, Dawson County, November 28.

Vertis Latham to James A. Robinson, North 60 feet of Lot 7, Block 1, Alexander Heights, Lamesa, November 29.

Ruby Townsend to Georgia Mae Gibson, Lot 1, Block 4, Hollis Addition, Lamesa, November 29.

L. A. Lewis to Mrs. May Pope, Lot 8, Block 7, D. W. Adams First Addition, Lamesa, November 29.

B. Fancher to Carl Rountree, Lot 3, Block 5, Hollis Addition, Lamesa, November 29.

Mrs. F. M. Weaver to C. Baldwin, tract out of Section 71, Block 35, Township 6 North, Dawson County, November 29.

F. B. Rutledge to W. O. Robinson, east 80 acres out of the southwest fourth, Section 2, Block 36, Township 5 North, T&P Railway Company Surveys, Dawson County, November 29.

J. W. C. Wood to B. F. Bennett, south part of east 140 feet of five-acre tract, Section 1, Block 36, Township 5 North, T&P Railway Company Surveys, November 29.

Irvin Wright to E. W. Cope, Lots 5, 6, and 7, Block 17, Hillcrest Addition, Lamesa, November 29.

V. O. Key to S. D. Walton, west third of east half, Tract D, Block 24, College Addition, November 29.

H. B. Glover to W. O. Robinson, tract out of the north end of Lot 1 S. B. Hodge Subdivision, and five

acres out of the north half, Survey 1, Block 36, Township 5 North, Dawson County, November 30.

John Barron to M. C. Lindsey, east 15 feet, Lot 5, and west 15 feet, Lot 4, Block 30, Original Town, Lamesa, November 29.

F. D. Deatherage to G. J. Martin, Lot 6, William P. White Subdivision, Lamesa, November 30.

W. B. Gray to Wesley Taylor, part of northwest fourth, Section 68, Block 3, EL&RR Railway Company Surveys, Dawson County, November 30.

Mrs. Frank D. Sebren to Dorothy Lee Chandler, Lot 18, Block 7, Depot Addition, November 30.

V. O. Key to Roy Self, Lot 7, Block C. C. H. McCormick's Corrected Plat, Miller Addition, Lamesa, December 3.

J. B. Britt to F. J. Mears Jr., Lots 15 and 16, Block 1, Welch, Dawson County, December.

A. F. Folkner to G. C. Burks, Lots 5 and 6, Block 10, Patricia, Dawson County, December 3.

L. A. Lewis to Henry Hendrix, Lot 6, Block 4, D. W. Adams First Addition, Lamesa, December 3.

P. H. Oates to Harold Mervyn Penn, west half, Lot 7, Block 21, Elwanda Heights Addition, Lamesa, December 3.

Season Provokes Sharp Increase in Cases of Influenza

Reports coming in from various sections of the state indicate that the number of influenza cases are increasing with the advance of the fall season.

Commenting on this situation, Dr. George W. Cox, state health officer, said that most of these cases are mild and lend themselves to treatment readily. He pointed out that two cooperative factors are essential to victims of this disease—to call the family physician promptly when suspicious symptoms manifest themselves; to take it easy for a reasonable length of time after the acute stage has subsided.

"It is essential to realize that influenza, no matter how mild the attack, calls for a period of convalescence," Dr. Cox said, "since

serious complications can occur if this important fact is ignored. Influenza is not mass-controllable. However, these persons who maintain the highest possible health level at all times, increasing their resistance to communicable disease germs, will have a protective advantage over those more careless persons who abuse their health."

The state health officer declared that living by the laws of nature, securing plenty of sleep, daily exercise in the open, nourishing foods and good personal hygiene offers the best known bulwark against all respiratory diseases. He added that avoiding habits of any and all kinds detrimental to maximum well being is a wise course to take in pursuit of good health.

A quarter-inch frog, the smallest in the world, is found in Cuba, which boasts also the world's smallest bird.

SINGING SCHEDULED

Regular monthly singing will be held at the Bryan Street Baptist Church Sunday, beginning at 2 p.m. G. C. Clift Sr. has announced. All singers are given a cordial invitation to attend each of the second Sunday singings.

Alexander Poriryevich Borodin, Russian composer, studied medicine so assiduously that he distinguished himself both in practice and research, and at the same time became an excellent musician.

COTTON TOTAL LOW
Dawson County's 1945 cotton crop shows approximately one-seventh of the 1944 tabulation, said R. L. Stanfield, special agent for the department of commerce's census bureau. Total of 4,192 bales of cotton were ginned before November 14 in the county, as compared with 29,589 bales for 1944.

In the spring the male woodcock performs its mating dance by flying high in the evening sky, then falling head over tail in a spectacular dive to the forest floor.

Remember Pearl Harbor!
VICTORY BOND DIGEST...
Why should I buy Bonds now that the War is over? A good question with many answers. Buy them for the sake of our boys... the millions still in uniform... the hundreds of thousands on the way home. To help them start life anew.
The shooting has stopped, but it's not all over yet... not till the last man is back can we on the home front consider our obligations met. Obligations we owe to every man who served in the cause of Liberty. It's a costly undertaking, a responsibility we must not neglect. That's why our Government needs Eleven Billion Dollars invested in Victory Bonds. Could there be a better reason?
● Remember? How can we ever forget! Disaster and death came out of the clear blue sky to strike like a thunderbolt! Never again will America be so totally unprepared... never again will America let her guard down. We're going to make sure it won't happen again by backing our words with action. Action that will make Post-war America strong. That means a solid economy... without inflation. That means giving the boys who did the fighting a break... backing up the G.I. Bill of Rights. The best way to do it... Buy Victory Bonds. The best time... right now... December 7th... a DARK day in America's past, a great day to reaffirm your faith in America's future.

Latest News From THE HOME DEMONSTRATION AGENT

MYRTLE DICKIE NEGY
County Home Demonstration Agent

Our desk is covered with letters, bulletins, professional magazines and news flashes every day. They come from Extension Service, commercial firms and the U. S. Department of Agriculture. In nearly every publication are suggestions and recipes the house wife might like to have. Some of this printed material is good. Some is not. It is a big job to go through it and decide what is worth passing on to you. And since other home economists and the local newspapers are on the same mailing lists that we are, it is also impossible to guess what parts of this column may appear in the same issue in another column. We hope you will find some of the things useful.

Here are some suggestions on caring for the sick in the home that come from Mrs. Bernice Clayton, Specialist in Home Improvements for the A. and M. Extension Service.

Raise the patient's bed to a comfortable height to save back strain on the person who does the nursing. To do this bore holes 6 inches deep to fit the legs of the bed in hard wood blocks 8x12 inches. The casters should be removed. If you have no blocks, fill four one gallon buckets 6 or 8 inches deep with sand and cover the sand with tin tops or boards sawed around. Take casters out of bed posts and put each post in a can of sand.

She says back rests can be made of wash boards, card tables or bread boards leaned against the head of the bed and covered with pillows. We have turned a cane bottom chair back side up and covered it with pillows. It works pretty well.

Knock out both sides of a soap box or orange crate for a bed table. If the patient is to be in bed for some time, paint or paper the box. He will enjoy it as he gets better. An ironing board placed on the backs of 2 chairs across a single bed makes a satisfactory bed table. Paper sacks pinned to the mattress for the disposal of Kleenex, if you are lucky enough to have any, and others to hold small articles the patient needs often are handy. Ice bags can be made by tying together the ends of a piece of inner tube. Warm bricks, flat irons, sacks of salt and iron lids make good substitute for hot water bottles.

YEAST ROLLS

Miss Kate Adele Hill, District Agent, left her favorite recipe for hot rolls the last time she was here. She says it is especially good for small families and for working women because it keeps so well.

The recipe:
1 cake yeast—crumble in mixing bowl with 1 T. sugar until mixture becomes a liquid. Add and cream:
1-2 c. fat (Crisco is o. k.)
1-2 c. sugar
Then add:
1 3/4 c. milk heated lukewarm
1-2 t. salt
2 or 3 eggs well beaten
4 to 6 c. sifted flour, or enough to make a soft dough. After about half of the flour has been added, beat thoroughly. Add rest of flour; knead until smooth and velvety. Does not stick to board. Make into rolls when dough has doubled in bulk; let rise and bake, or place in refrigerator until needed. Take

Line Chief Gets Release From AAF

T-Sgt. John T. Farmer, son of Mr. and Mrs. John Farmer, 1509 South First Street, has been separated from the army air forces at Antonio. Farmer has been serving San Antonio. Farmer has been serving as a line chief.

Air crewman and ground crewmen returning from combat areas and army personnel from continental installations are received at the San Antonio station. In three days of processing their records are straightened out, their army pay matters arranged and their physical condition checked thoroughly in a medical examination.

out, let rolls rise, bake. The dough will keep about one week in a refrigerator.

PORK CAKE

Mrs. B. B. Bolch of the Sparenberg Home Demonstration Club makes a wonderful pork cake. Many people like it better than fruit cake. If it is stored in a cool place, it keeps about as well. We got the recipe for you:

Ingredients:
1 pt. boiling water
1 lb. ground pork fat
2 cups white sugar
1 cup brown sugar
1 cup molasses
1 T. cloves
1 T. cinnamon
1 T. nutmeg
1 lb. raisins
1-2 lb. dates
8 cups flour
2 t. soda dissolved in small amount of water
1-2 t. salt
3 cups pecans or other nut meats
Method:
Pour boiling water over ground pork fat. Cool. Add molasses and soda, then sugar. Stir in half of flour. Add spices to other half. Sift several times. Roll dates and raisins in the speed flour and add a few at a time to cake mixture. Add nuts. Pour into large greased pan and cook at 250 degrees for 3 1/2 to 4 hours.

POT PLANTS

Jimmie Rosborough, Horticulturist of A. and M. College Extension Service, says that the African violet is a most satisfactory house plant for this time of year. Use a light loamy soil, put in a pot that has good drainage. Do not get water on leaves. A good way to water the plant is to set the pot in a saucer of water. Keep damp but not wet.

Everybody Makes More Money

Everybody makes more money as industry develops in a given state or region.

That, at least, is a conclusion which can be drawn from a study of the effect of industrialization in the 13 southern states on per capita income of those states. The study was made by W. E. Morgan, economist with the Texas A. and M. College Extension Service.

Morgan's study was made on the basis of 1940—a fairly normal year—figures. The analysis showed that as the number of non-farm workers within a given state increased by one per cent, the average per capita income for all gainfully employed persons of that state increased by slightly over eight dollars.

The explanation seems to be that as an industry comes to a region and employ workers there, more money goes into circulation in that trade territory, so that the income of farmers and tradesmen also increases to some extent.

Florida, with 80 per cent of her workers engaged in non-farm occupations, led the southern states in per capita income with \$427. Mississippi, on the other end of the income scale with \$205, had less than half of her gainfully employed persons working off the farm.

Texas ranked third among the cotton states, behind Florida and Virginia, and had 70 per cent of her workers engaged in non-farm enterprises. The per capita income for 1940 was \$419.

Morgan believes that if the proportion of Texans engaged in non-farm occupations can be raised from 70 to 75 per cent within the next few years, the average per capita income will be increased by as much as \$40. The tendency towards increased efficiency in agriculture and industry was taken into consideration in making the estimate, he said.

Mrs. J. L. Kitchens, son J. L. Jr., Louis and Billy and daughter Annie Larea, are visiting here from Concord, California. J. L. Jr., has just received his discharge from Air Corps service.

Jean Crawford's nail tips include one that will lessen the danger of splitting. She says never file your nails down too sharply at the sides. Let the nail grow out straight, then shape the edges gently.

Every Service Command Leads Recruit Campaign

The Eighth Service Command is still leading the entire army in the current recruiting campaign for soldiers in the regular army after enlisting 16.40 per cent of men joining the ranks of the Guardians of Victory. The report came from the Dallas headquarters.

Enlistments in the Southwest jumped to more than 30,000 last week, after former soldiers, discharged since May 12, jammed recruiting stations all over the Service Command on November 30, the last day they could reenlist and keep their former ranks as non-commissioned officers. Stations worked until midnight handling the rush.

This showing has brought a commendation from Lt. Gen. Walton H. Walker, commanding general of the Eighth Service Command, who is a personal letter commended Col. Robert L. Bacon, director of the military personnel procurement division, and all his personnel in the recruiting service.

General Walker and Colonel Bacon have also expressed their appreciation to all citizens of the Southwest who have cooperated to the fullest extent in lending all their efforts to make the campaign a success to keep the peace through the world.

Regular weekly visits are made to Lamesa by a recruiting team from the Big Spring procurement station. Personnel from the station is in Lamesa each Tuesday with headquarters at the draft board office.

HOSPITAL NEWS

The following persons were either admitted or dismissed the past week from a local hospital after receiving medical attention.

Mrs. O. E. Dunlop was admitted November 30, to receive medical treatment.

Mrs. Ollie Jordan was dismissed December 3 after receiving medical treatment.

Mrs. C. D. Applegate, Jr., was dismissed November 2, after receiving medical treatment.

Mrs. J. W. C. Wood was dismissed December 4, after receiving medical treatment.

N. T. Kelly was dismissed December 3, after receiving medical treatment.

B. R. Johnson of Lindale visited with friends and relatives of this city this week.

Marriage Licenses

Five couples secured marriage licenses from the office of the county clerk in Dawson County from Friday through Tuesday noon. The couples and dates of license applications were as follows:

Ernest L. Bowman and Miss Ruby Lea Reed, November 30.

Glendon Riddle and Miss Charlene Atterbury, November 30.

Alan McKaughan and Miss Claudine Brown, December 3.

Juan F. Conde and Miss Gaudalupa Rodriguez (Mexican), December 3.

James Howell and Miss Rodell Reader (colored), December 3.

Miss Charlene Atterbury Became The Bride Of Glendon Riddle In Candlelight Ceremony At The Raymond Hatch Home

Miss Charlene Atterbury, daughter of Mr. and Mrs. Louis B. Atterbury of the Union Community, and Glendon Riddle, son of Mr. and Mrs. Arthur Riddle of the Midway Community, were united in marriage in a candlelight, double ring ceremony at the home of Mr. and Mrs. Raymond Hatch, 212 South Bryan Street, Sunday, December 2 at 5:30 o'clock. Rev. Morrison of Lubbock officiated.

The improvised altar was composed of two tiered candelabra holding 40 tapers, flanked on either side by tall baskets of white chrysanthemums and fern, centering a backdrop of double window draperies.

Before the ceremony "O Promise Me," "The Rosary" and the traditional wedding marches were played. "I Love You Truly" was played while the vows were exchanged.

The bride, wearing a marriage by her father, wore a grey crepe afternoon dress with black accessories and a corsage of orchids. For something old she wore a sixpence in her shoe that her father had given her mother before their marriage. She carried a handkerchief sent from Japan by her brother. For something borrowed she wore a diamond and sapphire bracelet belonging to Mrs. Raymond Hatch.

W. C. Riddle, brother of the bride, groom, attended as best man. Following the ceremony a reception was held in the dining room of the Hatch home.

The table was covered with an oyster white linen cutwork cloth and centered with a white three tiered wedding cake placed on a reflector that was outlined with pink marble. It was flanked on either side by silver candelabra holding tall white tapers. A silver service appointed one end of the table.

Misses Willie Bedwell, Lottie Parchman and Paula Kosmacke presided at the coffee and tea service.

The bride is a graduate of Lamesa High School and Parsons' Beauty School in Abilene. Prior to her marriage she had been employed at the Modern Beauty Shop for six years.

The bridegroom, having graduated from Lamesa High School, enlisted in the Army Air Corps in 1941 and served in the European Theater of Operations 23 months. He received his discharge in October of this year and is operating a farm in the Midway Community.

The young couple plan to make their home in the Midway Community.

Delphian Club Has Xmas Dinner At County Club

The Christmas spirit reached Lamesa ahead of time this year when the Lamesa Delphian Club celebrated its first dinner in several years at the County Club Tuesday evening December 4, at 8:00 o'clock.

The traditional Christmas dinner of baked turkey with dressing, cranberry sauce, stuffed celery and fruit cake for dessert, was served to 48 members and guests all seated at one long table. The table was laid with a white cloth and divided at intervals with diagonal bands of red ribbon. It was centered with a large sugar-plum tree flanked on either side by snowmen and tall red and green tapers placed in holders in the shape of kneeling angels.

Before dinner was served, Mrs. Tom Conner led the group in singing Christmas carols around the fireplace and Christmas tree. Mrs. T. A. Kellam was in charge of the program which was presented during dinner.

Each person present described her most impressive Christmas, and then Mrs. Robert Wade gave a short talk on Christmas tastes. Mrs. Carl Rountree on Christmas odors, Mrs. Leslie Pratt on Christmas sight and sounds. Mrs. Kellam presented an essay on "Merry Christmas."

Following dinner the members gathered around the large, beautifully decorated Christmas tree and gifts were exchanged. As each member put a tag under the tree, she was given a tag with the name of a city on it. Each gift was tagged with the name of a state in the United States or of some foreign country. Mrs. Jack McLaughlin called out the names on the gifts, and the member with the corresponding name stepped forward to receive her gift.

A short business meeting was held at the close of the party, with two new members elected. They were Mrs. Richard Young and Mrs. Blanche Reilly.

Hostesses for the occasion were Mrs. Clyde Adams, Mrs. R. B. Kerbow and Mrs. M. C. Lindsey.

Recent Bride Feted With Gift Shower

Mrs. Dawson A. McCoy, the former Miss Betty Ann Taylor was honored Tuesday, November 27 with a bridal shower in the home of Mrs. Mildred Barron, 205 North Bryan Street.

Guests were greeted by Miss Blanche Thompson, sister of the honoree, and presented to the receiving line which was composed of Mrs. Dawson McCoy and Mrs. Roy McCoy, aunt of the bridegroom. Each wore a corsage of white carnations, as a gift of the groom.

Upon arrival, guests registered at the bride's book which was presided over by Mrs. Durward Schmidt. They were then shown the many lovely gifts which were displayed on a group of tables.

Hot spiced tea and cookies were served from a table which was laid with a pale blue cloth and centered with a colored vase of

Dawson County Teacher's Association Has Christmas Dinner December 3rd

The Dawson County Teachers' Association had a dinner in the gymnasium of the Union School Monday night, December 3, at 7:15 p. m.

The T-shaped dinner table was laid with a white cloth and long sprays of evergreens connecting candelabra holding red and green tapers ran the lengths of the table. Miniature Santa Claus were placed at intervals in the evergreens. Places for approximately 75 guests were marked with cards in Christmas fashion.

The elementary school choir,

Bridal Shower For Mrs. Glendon Riddle At Country Club

Mrs. Glendon Riddle, the former Miss Charlene Atterbury, was honored with a bridal shower at the Country Club Wednesday evening, December 5 at eight o'clock.

Guests were greeted at the door by Miss Lottie Parchman and Mrs. Ray Davis, who in turn presented them to Miss Paula Kosmacke, presiding at the guests book.

Hot spiced tea and red and green Christmas cookies were served from a table laid with a white linen cloth and centered with a large reflector outlined with cedar and holding a crystal bowl with white chrysanthemums, flanked on either side by

holly berries. Hostesses were Mrs. Durward Schmidt and Miss Blanche Thompson.

Miss Ruby Lea Read And Ernest Bowman Exchange Vows Sunday Afternoon, Dec. 2

Miss Ruby Lea Read, daughter of Mr. and Mrs. A. O. Read, became the bride of Ernest L. Bowman, son of Mr. and Mrs. W. H. Bowman, at three o'clock Sunday afternoon, December 2, in the parsonage of the Five Mile Baptist Church, Rev. M. R. Hancock, read the double ring ceremony.

The bride was attired in a pale blue woolen suit with brown accessories. Her corsage was of white carnations tied with blue ribbons.

The bride's sister, Miss Jean Read, was her only attendant. Everett Bowman, brother of the groom, attended as best man.

Following a short wedding trip to Dallas, the young couple will be at home in Lamesa.

The bride graduated from Lamesa High School in 1939 and attended Texas Technological College. For the past three years she has been teaching in the elementary school at Ackery.

The groom received his discharge from the Army in October after having served four years with the 41st Division. He spent 43 months in the Southwest Pacific.

The honoree, Mrs. Arthur Riddle, mother of the groom and Mrs. Louis Atterbury all wore corsages of pink carnations, a gift of the groom.

Hostesses were Mrs. J. F. Barkhurst, Mrs. Dutch Leuenberger, Mrs. Corbin Sumner, Mrs. Raymond Hatch, Miss Bernice Gilmore, Miss Nellene Martin, Mrs. Ray Davis, Miss Viola Stovall, Miss Paula Kosmacke, Miss Willie Bedwell and Miss Lottie Parchman, who all wore corsages of holly berries.

Invitations were issued to approximately 150 persons.

NOTHING BUT THE FINEST - Blended with Skill, Honesty and Experience

THIS BLEND of Coffee Makes Every Meal a Celebration

A RICH ROBUST MAGNIFICENT AROMA

The test of a coffee's freshness can be made in that first whiff of aroma you get on opening the package. If it's room-filling in its fragrance, as it is with every pound of Admiration, it's really fresh. That's why we emphasize aroma in our blend. We put the distinctive aroma into Admiration first through scientific selection of coffees for blending and secondly through special roasting. Once there it's there to stay until released into your cup. Small wonder then that a freshly brewed cup of better-tasting Admiration puts you in a celebrating mood. It's the coffee thrill of thousands.

Admiration Coffee
Luxurious Flavor in Every Cup

13 Servicemen List Discharges In County Office

Tuesday's check of service discharges registered with the county clerk found four navymen and nine army men in civvies in Dawson County. Only permanent record of discharges from the armed services is in the county clerk's office in the ex-serviceman's home county.

Dawson Countians filling their discharges for record since Friday included Whit E. Hambrick, Alvin Edward Bell, William L. Spencer, Lloyd E. Robinson, Wallace N. Cooper, Clarence M. Peterson, Charles H. Franklin, Joe B. Morris, Rufino Garcia, Robert H. Fry, James E. McCarty, Jarrell Dean Mabry and Azil McClintock.

Discharged November 21 at San Pedro, Calif., was Navyman Whit E. Hambrick, Route A, Hambrick, fireman second class, went into the navy May 11 and saw sea duty in the Asiatic-Pacific theater of war.

Twelve months sea duty in the Pacific was tabulated by Alvin Edward Bell, boatswain's mate second class, who was released from service at Camp Wallace on November 24. He was inducted November 15, 1943.

Pfc. William L. Spencer was discharged from the army air forces October 30 at Amarillo. He served on guard patrol, continental service, for 20 and a half months.

Cpl. Lloyd E. Robinson, Route C, served as a messenger dispatcher for more than a year in European operations in the Rhineland, Ardennes, Normandy, Northern France and Central Europe. He was with the 110th infantry regiment. Robinson's discharge was signed November 18 at Camp Bowie, Brownwood.

Fort Lewis, Wash., was the discharge point for Cpl. Wallace N. Cooper, Route B, who was released November 22. In Europe for seven months, Cooper served with the

63rd Infantry Division as an automatic rifleman.

Forty-six months total continental service with the army air forces of Sgt. William H. Vandyke, duty non commissioned officer. He was discharged from service October 23 at Kearns, Utah.

Jarrell Dean Mabry, boatswain's mate second class, received discharge from the navy November 26 at Camp Wallace. His 33 months of sea duty were aboard the USS Earl V. Johnson, destroyer escort 702.

Supply technician with the quartermaster, M-Sgt. Clarence M. Peterson served with the 484th Air Service Group in the European theater 25 months. He enlisted September 7, 1942, in San Antonio. He returned to the states November 17 and was discharged at Fort Sam Houston five days later.

Separation center for Sgt. Charles H. Franklin of the army air force was Fort Logan, Colo. He was released October 23 after serving as a firefighter in the European theater for 21 months. He enlisted August 8, 1940.

Cpl. Joe B. Morris, who saw almost four years of continental service with the army air force as a clerk typist, has been discharged. His release was signed at San Bernardino, Calif., on November 30.

After two months and 10 days of basic training, Pvt. Rufino Garcia was discharged November 28 at Camp Chaffee, Ark.

With a coast artillery unit, Pfc. Robert H. Fry, Route A, served as a heavy track driver in the Eastern Mandates. He returned to the states from the Central Pacific on November 18 and was discharged at Fort Bliss, El Paso, on the 26th.

T-3 James E. McCarty received army discharge at Ashburn General Hospital, McKinney, on November 30. As a surgical technician with a station hospital unit, McCarty spent more than two years in the European theater of war, returning to the states in July. The

Irregular Price Trend Featured in Swing of Southwest Farm Markets

Southwest farm products developed a decidedly irregular price trend during the last week of November according to USDA's Production and Marketing Administration.

Strength continued to prevail on cotton, eggs and grains and on most livestock, but some of the more plentiful fall vegetables declined, hogs developed the first easiness in months, and wools were lower in line with the new schedule of CCC selling prices.

Further gains on cotton lifted prices to the highest level in many years with demand especially strong for the better qualities in medium staple lengths while offerings continue light as a result of this year's small crop.

An excellent demand for wheat, sorghum grains, rice and peanuts continued to maintain ceiling trends on these products. At the close of the week, Fort Worth and Galveston quoted \$1.80 to \$1.82 per bushel, bulk in carlots for No. 1 hard ordinary wheat and \$2.54 to \$2.56 per hundred pounds for sorghum grains.

Milk prices continue strong and eggs are very firm with demand good. Supplies of fresh eggs are growing seasonally shorter throughout the Southwest with large Grade A's bringing around 50 to 55 cents a dozen. Poultry markets varied from weak to firm with offerings liberal and demand fair to good. Turkeys held up fairly well follow-

armyman was recalled into service January 13, 1942.

Azil McClintock, shipfitter first class in the seaboats, was given discharge at Camp Wallace on November 30. He served 10 months overseas with the 96th Naval Construction Battalion. He enlisted June 21, 1943.

T-3 James E. McCarty received army discharge at Ashburn General Hospital, McKinney, on November 30. As a surgical technician with a station hospital unit, McCarty spent more than two years in the European theater of war, returning to the states in July. The

choice trucked in lamb, Oklahoma City \$13.75.

Miss Frances McCollum, senior student at Baylor University, spent Thanksgiving here with her parents, Mr. and Mrs. Ted McCollum.

Bill Weaver, son of Mr. and Mrs. J. R. Weaver, is spending 10 days with friends in San Antonio.

Miss Faye Littlefield, student at Texas Tech, spent the Thanksgiving holidays here visiting her parents.

Some midwestern markets reported a considerably weaker trend. Extreme top prices for the week included a new \$16 high for the season on choice steers at San Antonio \$16.50 at Fort Worth, \$16 on steers and \$17 on yearlings at Oklahoma City, \$16 on steers at Wichita and \$17.60 at Denver. Best cows reached \$13 per hundred pounds in Fort Worth and Oklahoma City, \$11 to \$12 in Houston and \$11.50 in San Antonio.

At the close, Texas peppers of the California Wonder variety brought \$1.50 to \$1.75 per bushel crate, f.o.b. shipping points; U. S. No. 1 tomatoes, six by six and larger sizes, \$3.50 to \$4.25 per lug; spinach 80 to 90 cents a bushel. The peach harvest made good progress throughout the southwest and supplies are being marketed rapidly.

Texas and Oklahoma hog markets did not change, but Denver and Wichita both were affected by the break in the Midwest toward the close of the period. Wichita's top fell to \$14.25 from the ceiling of \$14.50 per hundred pounds. Denver reported difficulty in disposing of Friday's receipts at the \$14.80 top that has prevailed for several weeks. Greatest loss occurred in the Midwest with Chicago down from the ceiling of \$14.85 to a top of \$14.15 at the close of the week.

The southwest cattle markets also were stronger than those further

north. About the only easiness in this section was on low grade calves at San Antonio and on cows at Houston, and this was more than offset by 25 to 50-cent gains on other classes over the entire area.

Some midwestern markets reported a considerably weaker trend. Extreme top prices for the week included a new \$16 high for the season on choice steers at San Antonio \$16.50 at Fort Worth, \$16 on steers and \$17 on yearlings at Oklahoma City, \$16 on steers at Wichita and \$17.60 at Denver. Best cows reached \$13 per hundred pounds in Fort Worth and Oklahoma City, \$11 to \$12 in Houston and \$11.50 in San Antonio.

Sheep and lambs were strong to 25 cents higher throughout the Southwest. Fort Worth sold fat lambs as high as \$14.10 and ewes up to \$6.50. Wethers brought as high as \$6.50 in San Antonio, and good and choice lambs up to \$11.75. Denver quoted a top of \$14.75 on

Young, killed on Okinawa May 17; parents, Mr. and Mrs. J. E. Young, Hazenbotham Community.

VFW Adds 18 New Members

Eighteen new members have been added to the charter membership list of the Keathley Post, Veterans of Foreign Wars. The names were released following a VFW meeting last week.

Heavy Harvest Is Near Past Tense

Heavy portion of the Dawson County grain harvest should be past tense by this week end, C. E. Tarter of the AAA said early today. The Santa Fe Railway has placed a switch engine at the disposal of grain buyers here, and boxcars in sufficient numbers have been provided for removal of the bumper grain crop in this area. Little complaint has been voiced by the buyers since the arrival of extra boxcars. Two train schedules a day have been moving the grain cars to the Slaton junction. Thousands of tons of grain remain piled along the tracks in a half-mile radius near the elevator. Removal of that grain should get underway as soon as the buyers are caught up with the heavy part of the harvest, however, Tarter added.

Seven-Point Plan Outlined Here by District PTA Head

Mrs. J. L. Adams of Crosbytown presented a seven-point plan in which an active Parent-Teacher Association may participate in a well-rounded program before a small crowd of local PTA members in the elementary school auditorium last Thursday night.

Local Students in HSU Building Drive

Billie and Glenn White and Edith Esmond of Lamesa are members of one of the campus teams for the student drive of the Greater Hardin-Simmons University million dollar building program launched Wednesday morning on the campus of the Abilene institution. Goal for the three-day drive was \$21,000, said John Earl Seelig of Fredericksburg, student chairman. Lamesa committeemen on the drive are Dr. Clarence A. Morton and H. S. Fitzgerald.

I Give You Texas

By BOYCE HOUSE

Oratory: Platitudes, with gestures. Once upon a time there was a merchant in a small town who turned in an order for some printing and said, "Just take your time! I'm in no hurry." And now you tell one.

Bill Herrington, merchant in Rising Star, says he knows how it feels to be defeated and elected in the same election. Quite a few years ago, he was running for county tax assessor and he stayed up late on election night but at last decided he was a loser by about 20 votes. So he went home, slept late and when he went back up town, he found that the trend had reversed itself and he had won by about 20 votes.

About Ben Adhem said, "Write me down as one who loves his fellow man." Similarly, write me down as one who, when introduced to someone, never make some attempt at humor concerning his name. (Example, if the name is Jones, "Oh, one of the Jones boys, eh?") Probably the reason for my forbearance is that the name of "House" lends itself to such witticisms as "Cottage," "Shack" and "Cabin" or, "Is your first name Full or Rough?"

When a company goes broke, an official called a receiver goes into action and he is well named for, when he gets through receiving, there is usually nothing left to receive.

Suppose that you knew that this would be the last day of your life: how would you live it? Would you speak kindly to all you met and give everyone a cheery word? Certainly you would be considerate and courteous because you would want to implant sweet memories in the minds of your family and friends. Why not, then, live each day in that spirit?—live it in doing good, just as a flower sheds perfume and a bird sings happy songs, each fulfilling its part in the divine order of things by contributing to the beauty, the music and the joy of the world.

When the end does come, whether near at hand or yet afar off, a tear of true sorrow on the cheek of someone you have helped will be worth more than any fortune you could amass, only at last to leave behind.

Joan Leslie has a waistcoat of beaver styled with a deep V neckline and pointed front. Large gold buttons finish the front closing. She wears it with a cape suit of mustard gold wool crepe, and tops off the ensemble with a disc-like beret of matching beaver.

CITIZEN CITES IDEAL VIEW OF COUNTY'S OPPORTUNITIES

Included in the first batch of Santa Claus letters has come one that is "too good to keep." In the letter a Dawson county citizen has pointed out the view of an ideal citizen for any community.

The letter follows:

"Dear Santa: Perhaps you might consider this an unusual request but these are things we really need and whatever you do to help us fulfill this need shall be most sincerely appreciated.

"We of Dawson County are a representative cross-section of America. We have our wealthy and our poor. We have our weak and strong, saints and sinners and individually we seldom pass up an opportunity to make our own existence more comfortable.

"But a part of use are short on zeal toward all projects whose basic aim is to make our city, county, state and nation a better place in which to live. Some of us are practically void of the cooperative spirit which is so vital in successfully promoting all community efforts.

"Included are the Victory Loan drive, Red Cross, Parent-Teacher Association, Boy Scouts, Girl Scouts, Cub Scouts, Brownies, airport promotion, paving, sanitation and systematic parking—just to mention a few. The shining example is the status of the Victory Loan drive at present.

"Now, Santa, all I ask of you is that we all be given a generous share of enthusiasm, a courage to express our views and a determination to wholeheartedly support all projects which tend to improve our common existence."

AP Newsfeatures

SEATTLE — Cramped quarters for crew members — standard equipment in many former commercial planes — have been eliminated in the new Boeing Stratocruiser. Boeing engineers report that pilots who have tried it are enthusiastic about a control cabin providing room for comfort.

Boeing claims added safety is involved in the design which not only gives crew members room to sit and move about comfortably, but offers wide visibility, ease of handling controls and reduced vibration in the cockpit.

To indicate previous conditions, F. A. Spencer, a pilot writing in American Aviation is quoted.

"One must very gingerly lift one foot like a baseball pitcher, place it outside the control column and carefully slide the other foot in place. Failure to perform this maneuver gracefully results in

bruised legs, accompanied by a foolish feeling of awkwardness as one catches one's clothes" on various pieces of equipment.

The Stratocruiser cockpit in contrast, will hold 13 persons without crowding. Normally, it will hold only

the two pilots, flight engineer, radio-man and navigator. All controls are available to pilot, co-pilot and flight engineer and either pilot or co-pilot can fly the plane alone.

There is a large desk for maps.

OPENING PLAY OF TEXAS-TEXAS A. AND M. GAME—Hubert Bechtol (81), dark jersey, University of Texas end, dashes in the clear for a pass from Bobby Layne on the first play of the University of Texas-Texas A. and M. grid classis at College Station Nov. 23. Bechtol caught the pass, then fumbled. Texas' 20-10 victory brought it the Southwest Conference title and a spot in the Dallas Cotton Bowl January 1. (AP Photo).

SIDELIGHTS FROM WASHINGTON

By GEORGE MAHON

Hearing by the joint house and senate committee on the Pearl Harbor disaster are in full swing. It is doubtful that the whole truth of this tragedy will ever be known. The effectiveness of the hearing is being jeopardized by the partisan wrangling of certain members of the committee.

The people are entitled to know all the facts about Pearl Harbor, but they will not have time and opportunity to read the voluminous testimony now being taken. Yet, the press and radio are doing their best to cover the hearings and make pertinent information available to the public.

I dropped in on the hearings to listen briefly to some of the testimony of Admiral Richardson. There were 100 newspaper and radio reporters in attendance, and three motion picture cameras were in operation.

The banner cotton crop year for the 25 counties of the 19th Congressional District was 1939, when we produced more than a million bales. As of November 1 of this

year, our district had harvested 77,000 bales, which is 10,000 bales less than was harvested by the same date in 1934, an exceptionally poor crop year in West Texas.

Texas has been unusually honored in the nomination by the president of Gen. Dwight D. Eisenhower for the top position in the army and Adm. Chester W. Nimitz for the top position in the navy. Both are Texas born—General Eisenhower was born in Denison, and Admiral Nimitz in Fredericksburg.

General Eisenhower, the new chief of staff of the army, is perhaps the most popular military leader in the world. He has accepted his honors with modesty and good taste. His experiences as supreme commander of allied forces in Europe should be of great value to him as the chief military officer of the war department.

CALCUTTA AIRSTRIP AGAIN IS STREET

CALCUTTA—(AP) A strong link in the wartime defense network of Calcutta—a fighter plane strip located in the heart of the city's downtown section—has been returned to public use.

Sixty-foot wide Red road served as an RAF landing field during the dark days of the war.

Calcutta residents became accustomed to speedy fighter planes coming in at tree top level over Old Court House street and skimming the tops of the Great Eastern hotel and the governor's mansion.

When the Japanese threat to Calcutta subsided, the road was used as a storage area for military vehicles and supplies.

HOME SAVER

BRIDGEPORT, Conn. —(AP)—Now, thanks to thoughtful General Electric engineers, a husband and wife can share a double bed without quarreling over warmth of the bedclothes. GE has developed a two-control automatic electric blanket. Each half can be kept at a different temperature.

Most snakes' venom is secreted in modified salivary glands, located on each side of the posterior portion of the head.

A Hellcat scooting off a plane-carrier's deck never had pick-up like his. And he flies the skies even easier—in "the funnies." Still and all, he's got to grant now, that the real picture of zip and zing will be your car! For now you can have it powered—and deprived of bad ping—by war-bred Conoco N-tane gasoline.

War on the wing, as you know, demanded extremes of anti-knock power. Proudly we met that demand—with our new-day facilities—with our towering new-day knowledge, based soundly on all pre-war success in research. And now with all that heritage, comes your new-day Conoco N-tane...

The full anti-knock power of Conoco N-tane distinctly says new-day
The quantities of mileage from Conoco N-tane distinctly say new-day
The worryless Winter starting of Conoco N-tane distinctly says new-day

Conoco N-tane could set you wondering how much performance a new car's got that your old one hasn't... Revive it today—with Conoco N-tane. Continental Oil Company

IN FEEDING

LIVESTOCK AND POULTRY FEEDS

Minimax Feeds are carefully mixed from High Quality Ingredients, kept fresh at all time, contain correct amounts of protein fat carbohydrates, vitamins and minerals.

These feeds are very palatable because they are made from good ingredients, and kept fresh. They are mixed from the proper formulas, and in the proper amounts, giving your animals excellent nourishment resulting in rapid growth.

HIGGINBOTHAM
FEED & ELEVATOR CO.

Make Your Own Yuletide Wreaths

Colorful homemade decorations that lend gaiety to the Christmas tree and help out any lack of store trimmings can be made from such commonplace things as egg shells, peanuts, pine cones, squashes and colored paper.

Eggshell trinkets offer a variety of decorative possibilities. The shells can be salvaged from family baking days by running a darning needle through the shell at both ends and blowing out the contents. If necessary the holes can be enlarged so that a bright-colored string with a knot in the end can be run through the egg, so that it may be strung gaily on the tree.

Before stringing on the tree, shells may be colored all the hues of the rainbow as at Easter time. Or designs in pencil on the shell may be made in the form of scrolls, leaves or figures. The designs may be filled in with colors, outlined with black crayons. Christmas seals pasted on white eggshells will be bright and shiny. Colored confetti dots can likewise be used on the eggs.

Peanut dolls to hang on the tree can be made by stringing suitable sizes together and tying the cord tightly to keep them in shape. They can be painted gold or silver or any other color that will live on the tree and give the little folks a part in the decorative scheme.

A half-dozen star Santas swinging from the tree will add interest. Make some five-pointed stars from heavy paper. Paste a Santa head onto the top point and design white mittens on the next two, draw a belt and it's done. Run a string through Santa's hat and tie to a branch.

Small green squashes painted with shellac or varnish so they will retain their freshness can be either tied to the tree or arranged around the base.

CARD OF THANKS

We wish to thank all our good friends and neighbors for their beautiful floral offering and many kind words of sympathy during the illness and death of our dear mother.

Most especially do we appreciate the efforts of Dr. Frazier and the good nurses, also Mr. and Mrs. Sam Allen and others who were so thoughtful.

May God's richest blessings rest upon every one who in any way helped us to bear our grief.

Mr. and Mrs. H. E. Truitt,
Mr. and Mrs. E. A. Truitt,
Mr. and Mrs. L. R. Truitt,
Mr. and Mrs. W. G. Truitt,
Mr. and Mrs. J. H. Truitt,
Mr. and Mrs. J. H. Collett,
Mr. and Mrs. J. C. Riley,
Mr. and Mrs. E. J. Dyess.

The first great Florentine painter was Giotto (1276-1336) who painted in fresco on walls.

Constructive Toys Make Better Gifts

When you buy toys for children, give a thought to their constructive qualities. How much can they do with the gifts you are providing them? Will they soon tire of them and go back to the good old spoons and pans in the cupboard that they can do so many things with? If you buy a doll, get one that can be dressed, bathed and brushed. If a boy wants a doll, let him have it. Fathers love children.

Growing children need big toys that require lifting, tugging, running—movement of muscles. Blocks are ideal. Think of the things that can be done with them! One carpenter out of work made quite a good thing last Christmas of children's blocks. He collected odds and ends of boards at the lumber yard, painted them gay colors and sold them in lots of a dozen up to 100. Wagons, cars, scooters, skates, sleds, and skis are good. But the toy should suit the age of the recipient. Every boy should have a ball of some kind. Boys like trains, but wooden blocks painted to resemble cars are better than the kinds that can run only on tracks. Girls are pleased with rolling pins, doll beds, houses, trunks, small chairs and tables, and dishes. One mother writes that her son's most cherished gift last Christmas was five pounds of assorted nails given him by an understanding uncle.

For older folks, books and Christmas just seem to go together as naturally as bread and jam, or ham and eggs. A home-made book may make a hit. It may consist of leaves of brightly colored cambric, ten colors in all, sewed securely through the middle to hold them together, and with pinked edges.

HUNGARIAN LAB PACES INDUSTRIAL COMEBACK

FUZFO, Hungary—(AP)—New industrial experimental laboratories, directed by Dr. Laszlo Demeny, one time Rockefeller fellow at the University of California, have been set up in a modern factory here as one step in aiding tottering Hungarian industry to get back on its feet. The laboratories were instituted by the Hungarian oil companies. "We're interested chiefly in producing sugar from starch, alcohol from cheap grapes, acetin from methane gas of which we have large deposits, and the conversion of sunflower seed hulls in furfural for fine lacquers," Demeny said.

Christmas Card Ambassador

By ADELAIDE KERR
AP Newsfeatures Writer

Christmas cards with an international slant from the drawing board of a globe-trotting Guggenheim fellow will carry many Americans' Yuletide message of peace this year.

They are the work of Ruth Reeves, New York artist and textile designer, who turned her talents to this field when wartime regulations restricted her work in hand-printed textiles.

"When our boys started across Europe with the liberation army last year I felt I had to do some work that would express some of the things they were fighting for," said Miss Reeves, a vivid, black-haired, black-eyed woman, as she sat in her down-town apartment clothed in black pajamas and fire-red slippers. "So I turned out these Christmas cards."

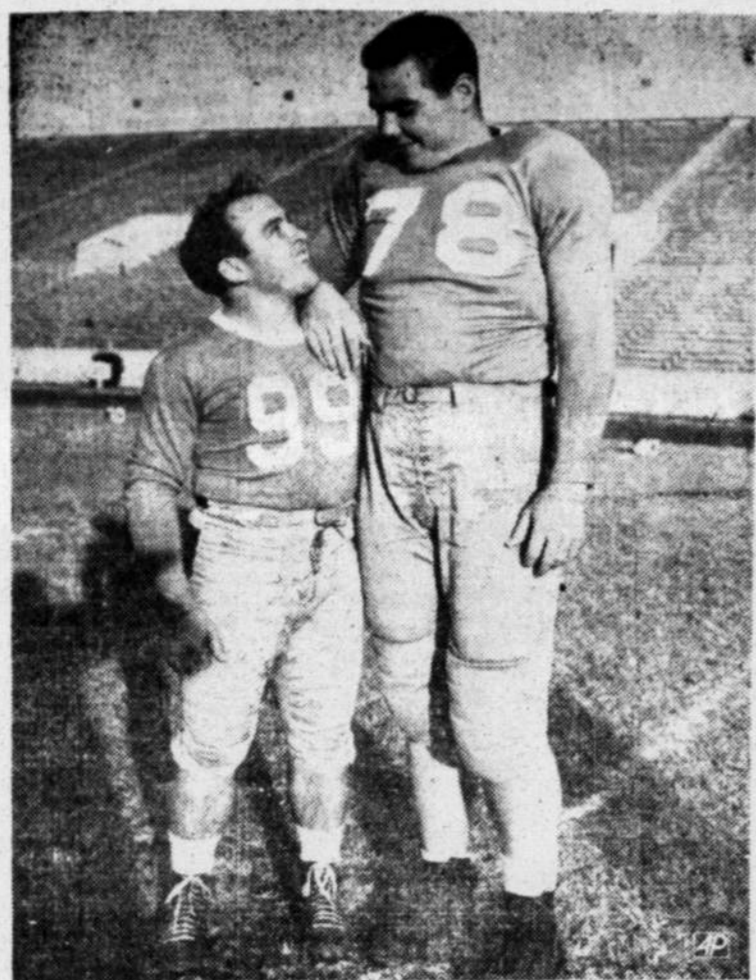

Persian paintings, Russian ikons, Flemish woodcuts, European cathedrals, South American fiestas, the Quechua Indians of the Andes and many other subjects covered in years of travel and study have contributed inspiration to the designs, which carry a message of international peace.

The theme of racial tolerance is expressed by three child angels—a white child, a Chinese and a Negro—singing together to music made by two large angels "borrowed" from a Fra Angelico mural. The theme of "joy to the world"—a world welded in harmony and peace—is expressed by a great globe silhouetted behind an angel's head.

Latin American relations are emphasized in a dozen different cards replete with designs borrowed from Indian potteries, fiesta ceremonies, etc. A Russian touch appears in designs inspired by ikons. The cards are sold by a group of department stores in various parts of the country (Saks).

Miss Reeves' art career got off to a fiery start in her youth and has been giving off fireworks ever since. When she was a student at Pratt Institute, Brooklyn, she and another student were arguing whether a certain bracelet was celluloid or coral. Miss Reeves set a match to it to prove it was not celluloid and would not burn—and it promptly went up in flames.

Miss Reeves resumed her studies in her native state of California at the San Francisco School of Design and continued them for three years at the Art Students League in New York. After her father's death she earned part of that schooling herself. Then she was off to Paris, where she made her living doing fashion sketches and spent the rest of the time studying with Fernand Leger.

CO-CAPTAINS FOR TRADITIONAL GAME—Billy Andrews of Dallas (left) student manager for the University of Texas football team, who also goes in to kick extra points for the Longhorns, and Giant Tackle Jim Plyler of Corsicana, Texas (right), are Longhorn Co-Captains for the traditional game between Texas and Texas A. and M. to be played at College Station, Texas, Nov. 29. (AP Photo).

Warnings Issued for 'Oat-Hay' Poisoning

Ranchers who plan to feed stacked oat hay this winter should watch for danger signs of so-called "oat-hay" poisoning, according to a bulletin issued in Austin this week by the American Foundation for Animal Health.

This disease, said foundation authorities, can kill many cattle in a single day's time. It is said to be due to the presence of excessive nitrates in some oat hay roughage. "If they are able to act quickly enough, veterinarians have often been able to save such nitrate-poisoned cattle and sheep by injecting methylene blue solutions directly into the blood stream," the bulletin reports.

"The poisoning is caused by the fact that forage plants such as oats may store up a heavy content of poisonous nitrates, under certain soil conditions. When consumed by livestock, these nitrates in the straw destroy the ability of the blood cells to carry oxygen. The resulting symptoms are similar to those affecting people who attempt suicide by turning on the gas."

Pit vipers and some boas and pythons are equipped with special organs (the facial, or labial pits) that function as extremely sensitive heat receptors. With such organs snakes can detect the presence of warm-blooded prey in total darkness and direct their strike with precision.

To remove chewing gum from clothing, rub the spot with ice until gum rolls into a ball, then scrape off with a dull knife or spatula.

GOODE AWAY TO SCORE FOR TEXAS A. AND M. — Bob Goode, Texas A. and M. Back, goes around right end for a touchdown against the University of Texas Nov. 29 at College Station, Texas, despite the valiant effort of Sweet of Texas to stop him. Texas 20-10 victory brought the Longhorns the Southwest Conference title and the host's spot in the Dallas Cotton Bowl New Years Day. (AP Photo).

Disease Hazards For Chicks Named By Experiments

Pullorum disease and coccidiosis are the greatest disease hazards of baby chicks in Texas during the breeding season, according to a three-year record of poultry disease determinations by the Texas Agricultural Experiment Station, College Station.

Leucosis, roup and reproductive disorders occurred more frequently in disease determinations for chickens over six weeks old. Coccidiosis and fowl typhoid in turkey poult and blackhead and botulism in turkeys over six weeks of age were more prevalent in submissions during the same period.

Progress Report No. 950, by Dr. John P. Delaplane, poultry pathologist, summarizes disease determinations from 804 submissions of poultry comprising 2,692 birds received from July 1, 1942 through October 25, 1945, at the laboratory of the station's division of veterinary science.

The extremely good showing during the 1945 brooding season for turkey poult reflects the benefits derived from the pullorum disease control program. Dr. Delaplane said. Also, incidence of fowl typhoid in turkey poult was very low during the 1945 brooding season, though high in the other years.

During the period covered, the laboratory received for disease determination 117 submissions of

brooder chicks, 320 submissions of chickens over six weeks old, 141 submissions of turkey poult and 162 submissions of turkeys over six weeks of age.

Until the invention of the "Fly Shuttle," the weaver of cloth, in order to interlace the filling threads would throw his shuttle from one hand to another. In 1733 John Key invented a device by which the weaver could pull a cord and send the shuttle on its course through the web without throwing it himself by hand.

Shop Early For Fertilizer

Early purchases of fertilizers will save Texas farmers from possible delay in getting their land prepared for cropping next spring.

Urging them to buy and store fertilizers now, E. A. Miller, agronomist for the A. and M. College Extension Service, says more of this soil improving material is being used than ever before. That is one reason why delivery might be delayed if orders are placed just ahead of planting. Another is slow movement from manufacturing points because railroads and trucks still are carrying a very large volume of retail.

"Shopping early for fertilizer and storing it on farms is the key to a plentiful and satisfactory distribution of plant food in 1946," Miller says. About 30 per cent of fertilizer used on farms over the nation last spring had been in home storage for a part of the winter.

Since many farmers may do so again this year, Miller recommends

that for safe keeping, fertilizer should be stored in a dry building with a floor above ground. Bags should be closely stacked to reduce absorption of moisture from the air. In handling and stacking take care not to break the bags, as loose fertilizer damages the good bags.

Continuing, Miller advises separate stacking of mixed fertilizer, superphosphate, ammonium nitrate or any other type of material. This makes it easier to clean up and keep separate if spilled accidentally. As a precaution, keep sodium nitrate and ammonium nitrate away from hay, feeds and organic meals to prevent fires. As a further safeguard, he adds, be sure to burn all empty bags from which sodium and ammonium nitrates are emptied. Farm animals should be kept away from stored sodium nitrate and ammonium nitrate because it might be harmful if eaten by them.

Miller quotes the Production and Marketing Administration on the

supplies of raw materials to make fertilizers are estimated to be slightly more than in the 1944-45 season. However, the bottleneck is delivery. A flood of late orders could make this much worse and result in some farmers receiving their fertilizer too late for use.

Accordingly, Miller says, it is good insurance to order now, accept delivery and store it.

Air moves faster over the upper surface of an airplane wing than its does the under surface, because wings are designed with greater curvature at the top, forcing the airstream to travel farther and faster. This results in a lower relative pressure on the top surface than underneath.

Latest News From THE HOME DEMONSTRATION AGENT

MYRTLE DICKIE NEGY
County Home Demonstration Agent
Electric Welder

If you have electricity on your farm and plan to buy an electric welding outfit to use, be sure to check with an REA representative or an experienced electrician before buying to be sure that your wiring will furnish enough current. Mr. M. R. Bentley, Agricultural Engineer for Extension Service of A. & M. College, says that some welding outfits require too much current for existing REA lines in a good many rural communities.

CH.D.A.A.
Miss Mary Grindstaff, Home Demonstration Agent of Gaines County, has gone to Chicago to represent District 2 at the National County Home Demonstration Agents' Association meeting at the Stephens Hotel, December 7, 8, and 9. Miss Grindstaff will also attend meetings of the National 4-H Congress. The writer attended both meetings last December. It is a wonderful experience to hear 1000 4-H club girls and boys sing their club songs. For one entire week each fall, approximately 1000 4-H club girls and boys from all over the United States, Alaska, and Hawaii who are winners in some club activity in their clubs, counties, districts and states go to Chicago as guests of such large commercial companies as International Harvester, Spool Cotton, Sears Roebuck, Kraft Cheese and Kerr Fruit Jar. There are many other large companies who donate such prizes as free trips to Chicago and college scholarships. One ambition of every good home demonstration agent is to have a 4-H Club girl win a trip to the National Four-H Congress.

Recipes
When Mrs. Harvey Weir entertained the Midway Home Demonstration Club in November, she and Mrs. Jay Bartlett served some unusually good cookies. We snatched the recipes from Mrs. Bartlett for this column and here they are:

Mrs. Grover Wilkes' Ice Box Cookies
1 cup brown sugar
1 cup white sugar
1-2 cup butter
4 1-2 cups flour
3 eggs, beaten
2 tsp. soda
1 tsp. cinnamon
1 cup chopped nuts
1 tsp. vanilla

Make into round loaf. Chill in refrigerator. Slice thin and bake as you need them.

Pinwheel Cookies
1 cup butter
4 1-2 cups flour
1 tsp. soda
1 tsp. vanilla
2 cups brown sugar
3 eggs, beaten
1 tsp. cinnamon
Make into roll and chill.
Filling:
1 cup nuts
1 box dates
1 cup water

Cook dates in water, add nut meats and cool.
Roll chilled cookie dough into thin sheet. Spread with filling. Roll as you would a jelly roll. Chill again. Slice and cook as needed.

If functional as well as replacement fangs are removed from a venomous snake, it will be permanently incapacitated so far as its venom-injecting abilities are concerned. Such techniques are commonly used by the so-called "snake charmers" of Asia and Africa.

Boxing Played An Important Part In The Army's Training Program

By **BUS HAM**
AP Newsfeatures

WASHINGTON—No other sport played quite so vital a part as boxing in the Army's training and recreational program during the war. This is the Special Services Branch's tribute to the two-fisted combative instincts of America's fighting men—and to the game.

While no count was kept of the number of bouts held or on attendance figures, the Army estimates that "75 per cent of the ground forces participated in boxing," either on their own time or as part of the training program.

Millions in the armed forces were entertained either by big-name professionals or rugged competitors from the ranks in elimination bouts from company on up to theater championships.

Joe Louis, world's heavy weight champion, and Billy Conn, who will meet in the first big post-war title bout next June, were among those who entertained countless thousands.

So were Ray Robinson, Bob Smith, Buddy and Max Baer, George Nicholson, Peter Scalzo and Boom-Boom Mancini.

Boxing shows still are being held on a weekly basis in most Army areas around the globe. Championship matches recently were held in London, Berlin, Paris and Australia.

Golden Gloves championships are being held in Manila and matches will commence about the first of the year in Hawaii, the Marianas and Japan.

Army-style Olympic games will

be held in Manila Christmas week, with boxing playing an important part. Panama and the Antilles will have championship run-offs soon.

During the winter, every service command in the United States will conduct tournaments. The European theater will hold title bouts in February in two classes, amateur and professional, in the eight recognized weights.

One of the Army's peak performances in boxing was the tournament conducted last year by the Persian Gulf Command. Known as the "Fighting Stevedores," the PGC champions are undefeated in tournament competition with Russia, Britain, India, Persia, Arabia and China.

During an 18-month period in the PGC area, more than 120,000 GIs spent 64 hours enjoying bouts staged by "kids who did not care

how they looked in the ring so long as they could fight and send the boys back to the barracks in a happy frame of mind."

Homemakers will welcome the supplies of smoked fish now coming to market. There is a variety of choice. All smoked fish are good, served with eggs, boiled potatoes, rice and vegetables. They excel as the filling for sandwiches, hors d'oeuvres and canapes.

Just a promise... OF WHAT'S TO COME!

THE FIRST MINUTE THEY'RE AVAILABLE OUR STORE WILL CARRY THE COMPLETE LINE OF WESTINGHOUSE ELECTRIC APPLIANCES

Take a good look at the masterpieces above... the last models Westinghouse made before the war. They'll give you a slight—but only slight—idea of what's to come. The exciting ranges, refrigerators, washing machines... the new home freezers, steam iron, electric clothes dryer... and the

many other appliances that will give such a Lift to Living Electrically, come postwar. And we've taken steps to make sure you can have them. All the appliances bearing this proud quality-wise name will be here for you to see and choose. Let's hope it will be soon.

30 MILLION PRE-WAR Westinghouse ELECTRIC HOME APPLIANCES
YOUR PROMISE OF STILL FINEER ONES TO COME

SCOGGIN SUPPLY

YOUR CAR, TRUCK TRACTOR, AND OTHER IMPLEMENTS

Should have our expert treatment and replacement parts wherever needed.

Complete Precision Factory Tool Equipment

DOES YOUR CAR, TRUCK OR TRACTOR HAVE "HEART TROUBLE"?

Is Your Motor in Poor Running Condition? Does It Need a Thorough Physical Exam?

The motor is the heart of your car and for that reason it must be kept in tip-top condition. If it is sluggish and balky, drive your auto in to one of our "Doctors of Motors." He'll examine it and prescribe a remedy for the ailment.

We are equipped to weld blocks and cylinder heads with the COLD WELD PROCESS used by the Army and Navy, and recommended by the Office of Defense Transportation.

WE SHALL BE VERY GLAD TO SERVE YOU
LAMESA TRACTOR & MOTOR COMPANY

Special today... Have a Coke

... no place like home for the pause that refreshes
After a bustling day shopping, what a relief to get home for a chance to pause and refresh with ice-cold Coke. Coca-Cola is right at home in your refrigerator. That's where it belongs to bring you, your family and your friends the pause that refreshes on a short moment's notice. Have a supply always on hand.
