Copano Bay Completed Land Fill

Work has been completed on hydraulic fill at each end of the planned 2.5-mile Copano Bay Causeway, H. W. Hass, State Highway Department district designing engineer for the $2.5 million project, said yesterday.

Completion of the causeway itself will not be for another 18 months or two years.

The hydraulic fill is dredge material from the bay which has been deposited on the roadbed to make the opproaches to the causeway itself.

Meanwhile, the Austin Bridge Co. of Houston, who has the contract with the highway department to build the causeway, has applied to the U.S. Army Corps of Engineers in Galveston for the construction of two temporary 9 by 200-foot piers within the Texas Highway Department right-of-way at Aransas Bay, adjacent to the northeast end of the causeway about seven miles north of Rockport.

The structures would be removed on the completion of the causeway. They would be spaced 90 feet on centers having a top elevation of eight feet above mean low tide and would extend southwesterly from land leased from the American Liberty Oil Co.

Ski Show To Have Kite Man

One of the premier attractions of Rockport's Third Annuel Sea-o-rama is a water ski show from San Antonio, which specializes in spectacular acts like that of O. W. Maxey, 50-year old grandfather of six who floats through the air with the greatest of ease on a man-carrying kite, towed by one of the fast outboards the group uses.

The two-and-a-half hour show, which will be both morning and evening on Sunday, June 21, is replete with out of the ordinary exhibitions.

Two Open Houses For Artists Here During Sea-o-rama

There will be two open houses held for visitors during the Third Annual Sea-o-rama, June 20-21 at Rockport. The first will be a Security, Inc., which will be the site of the Sea-orama Art Show; the second will be at the recently-opened Gallery of Fine Arts.

Mrs. James A. Jarboe, Mrs. Kit Dinger and Mrs. George Dickey are the committee in charge of the art show.

All work for this must be submitted for hanging on June 18 by 5 p.m., and will be judged on Friday, June 19, by Mrs. John Hansborough, well-known Corpus Christi artist. Only artists who live in Aransas County or who own property here may compete.

Judging will be in four categories: Portrait, marines and landscapes, free form, and still life. First, second and third place ribbons will be awarded, and an overall favorite will be selected at the end of the show by popular vote of those who have visited the exhibition.

All work must be original and not previously shown in a Sea-o-rama show. Each artist is limited to four entries. Ten per cent of any sales made during the show will go into the Sea-o-rama Fund.

The art show will be open from Friday, June 19 through Sunday, June 21, and the open house at the exhibit will be given Friday by Security, Inc., a real estate firm which had opened its new building early to accommodate the exhibit.

At the same time there will be a continuous open house at the Rockport Gallery of Fine Arts, recently opened, with Mrs. Grace Lentz as hostess.

The paintings there are from all over the Coastal Bend area and elsewhere. One of the most sought is a simply-named oil, "Pigeon Nest" by Mrs. Madeline O'Connor of Victoria.

The story behind its popularity is as simple as the painting and its title.

One day at a Victoria Art Guild class taught by Simon G. Michael, her eye was attracted to the fire-blackened coping of a ruined theater building, just outside the window. A brick or two had fallen from this, leaving a little cave on the wall in which the pigeon was nesting.

With infinite care Mrs. O'Connor reproduced the scene on her canvas: the sunlight on the mellowed brick; the soot stains from the fire; the cave-like interior of the opening; the three egs, one of which had been left by another pigeon that had tried to crowd in; and then, on the wall, the shadow of the pigeon which, from a point outside the picture, is resting on a telephone wire and casting its shadow as it prepares to re-enter its nest.

The gallery, the first of its kind in South Texas, was opened only a short time ago, and has attracted considerable attention already. On a typical Sunday, for instance, there were visitors from Corpus Christi, Aransas Pass, Chicago, Kenedy, Dallas, Houston, Oklahoma City, Victoria and Louisiana.

OAK INN BURGLARS APPREHENDED

Calvin E. Barnhill and Leroy Linder of Aransas Pass are in Aransas County jail under $2,000 bond, charged with burglary early Thursday morning, June 11, of Oak Inn on Highway 35 south. Oak Inn is owned and operated by Homer (Rusty) McCullaugh.

A third member of the group, a 16 year old boy is being held, pending charges.

Seven cases of assorted beer were taken from the place, also two cartons of cigarettes and $60 in change from the cigarette machine, juke box and bowling machine. A pickup truck was used to haul six cases of beer nearly to Port Aransas on the causeway, where it was hidden on the flats near the ferry. Deputy Sheriff Joe Earl Hunt took one of the youths to retrieve the beer Thursday afternoon.

Deputy Kilgore took Linder to Aransas Pass Friday to pickup $11 in change that Linder had hidden in a can near his home.

These men were taken into custody through close cooperation of local authorities and an alert unit of the Aransas Pass Police Department.

Mr. and Mrs. Clyde Harris of Montgomery, Ala., are visiting with Mrs. Harris' sister, Mrs. Ray Bennett at Taylor Oak Trailer Park.

Car Explosion Is Extinguished By Fire Department

The Rockport Volunteer Fire Department with their usual efficiency answered a call from Sam Mundine's home Tuesday morning at 11:45, after Mundine's 1959 Chevrolet exploded in his garage.

The car was not running at the time and there is no apparent reason for the explosion which blew out all the windows and caught the car afire. Mundine pulled the blazing car out with a pickup where the blaze was put out by the fire department.

Damage to the car was heavy.

Big Outboards To Race Here During Sea-o-rama

Saturday afternoon, June 20, at 2 p.m., between 15 and 20 big outboards will roar away from the starting point in Little Bay at Rockport on a two-hour enduro race, as part of the first day's events in Rockport's annual Sea-o-rama.

It will be the second annual Don Atkinson Memorial Race, named after a popular racing driver from Corpus Christi, killed while preparing for the same race a year ago, and his mother will be asked to present the trophy to the winning driver.

Races like this have been the savior of outboard racing in this area, according to Dr. William C. Triplett who, along with Bob McGinty, formed the Coastal Bend Water Activities Association and figured out this new index of performance race.

The rules closely resemble those of a typical sports car road race. Boaters with all sorts and sizes or rigs can enter and compete only against boats of their own class. The course is an erratic one, with turns and straightaways. Pit stops are mandatory. Each boat can carry only a certain amount of gasoline.

The LeMans start is used, with the driver and mechanic on shore. At the starting signal they dash for the boat and the race is on as soon as they can get started.

The races were the first of their kind ever held anywhere and they caught the fancy of the crowds, with the result that attendance is always good when one of them is staged.

Started in connection with the Buccaneer Days Festival at Corpus Christi, they have since been held here a number of times, and at Ingleside and Corpus Christi.

This year the Association held races at the Buccaneer Days festival, and has scheduled races at Rockport, for the Sea-o-rama, for the Corpus Christi Navy Relief fiesta; and for the Aransas Pass Shrimp-o-ree.

This type of racing was started, Dr. Triplett said, to give any boat owner a chance to take part in competition. Since the rules allow any type of boat (classified according to horsepower and qualified by rigid safety inspection checks before each race) to enter, it is not necessary to own a true race boat.

"Certainly these races have improved the skill of the drivers," Dr. Triplett said, "as noted by reduced lap times and more laps per race for all boats. Mandatory pit stops require a good, well trained pit crew to refuel and repair the craft in the least possible time. Some of the crews have their pit stops down to a point where they need only six to eight seconds, and at several times four seconds only."

During the past couple of years, Dr. Triplett said, drivers have spent 28 hours in competition in 14 races. This is a lifetime of competition for the usual closed course participant, he said. Normally such drivers would race only one to 20 minutes per race, he said.

Mr. and Mrs. Bert Lewallyn and son of Clifton, visited with Mr. and Mrs. C. A. Barber this week.

Security, Inc., will hold an open house in connection with the art show Friday and there will be another open house for artists at the new Rockport Gallery of Fine Arts on King Street. There will be a noon fish fry.

At 2 p.m. boat races are scheduled for Little Bay.

The Armadillo Handicaps will get under way at 3 p.m. on the Rockport waterfront, and chairman, Jack Sanders says there will be nine races.

At 7:30 p.m. Boy Scouts will stage an Indian War dance on one of the downtown streets as a preliminary to the street dance and the square dancing that will start at 8 p.m.

Sunday, June 21: There will be a water ski show at 9 a.m. and 2 p.m. The arts show will be open all day. There will be a barbecue at the Lions' Pit on the Rockport waterfront.

Their annual barbecue will also be served on July 4.

EASIEST, SUREST WAY TO RECORD TAX DEDUCTIONS

The butcher, the baker, the candlestick-maker . . . pay them all by check and you'll have an accurate record of expenditures, and legal proof of payment!

At income tax time your cancelled checks are especially important. For example, you can't deduct the actual cost of your food, but you can deduct a certain portion of what you paid, because it was tax. With cancelled checks you can accurately figure that deduction — and prove it's valid!

THANKS

To the citizens of Aransas County who gave me their vote and support in the June 6 Run-off election. And a special thanks to the many friends who donated their time and efforts in my behalf. To these I will be forever grateful.

As it is most important to the welfare of the community and the protection of it's children to have proper law enforcement, and since no law enforcement agency agency can operate efficiently without the cooperation of the citizens, I ask that each of you, along with me, continue to give these officials your fullest cooperation.

Sincerely yours,

E. A. Stautzenberger

DOLLARS TO DOUGHNUTS

If you want to save dollars, cook your doughnuts (and all your food) with efficient, low cost natural gas.

Chances are your doughnuts will be lighter and tastier too. Your natural gas range gives you even, perfectly-controlled heat, that starts instantly. And there's no "heat hangover" when you turn off the gas. When the gas is off, the heat is off too.

Research reports show that the cost of cooking with gas is actually 87% less than cooking by the other popular method!

Modern gas ranges are automatic marvels with heat controlled ovens and top burners that you can just set and forget. See them at your dealer's. It's dollars to doughnuts, you'll cook best with gas.

ORMAND GROCERY THEFT SOLVED

With the help of a license number and description of a car from the owner of a local drive in grocery store, co-operation of many law enforcement agencies and a car dealer in Laredo, Texas, the Jan. 8 theft of nearly $300 from Ormand's Grocery store was solved last week, according to City Chief of Police Bob Hewes.

The story goes like this: After the theft at Ormand's in January all local law enforcement agencies were alerted as to the description of the three persons involved in the theft. Many businesses in the southwest area were taken by the three culprits always in the same manner.

Approximately three weeks ago the same persons were involved in thefts from two drive in groceries in Alice, and again the drive in's were alerted as to the description of the subjects.

Tuesday, June 9, the three were back in Rockport again, apparently with the same intentions as they went into four local drive in groceries.

Mrs. Earle Harle at Earl's Drive In Grocery noticed the subjects at they entered their place of business and watched them closely and after they left she obtained the type and color of car and the license number.

An immediate search of the Rockport area was started by the Aransas County Sheriff's Department and the Rockport Police Department as well as several citizen band cars who heard the broadcast put out by Police Chief Bob Hewes, who has a CB radio in his police car, but the three eluded the police. Aransas Pass and Corpus Christi Police were alerted but no trace was found of the three.

Wednesday, Deputy Sheriff L. C. Vick from Seagraves, Texas came to Rockport after hearing of the search, as he had three such thefts in his county. Deputy Vick and Police Chief Hewes traced the couple Wednesday and Thursday and the search led to Robstown, Alice and Falfurrias but ended there. However, with the license number obtained by Mrs. Harle, an all states bulletin was ready to be released when word was received from Laredo that the subjects were trying to sell their car and the Webb County Sheriff's Department at Laredo apprehended the subjects.

Police Chief Bob and his wife, Margaret, who is the Police Matron for the City of Rockport went immediately to Laredo along with Deputy Vick who had gotten as far as Sinton on his trip back to Seagraves. At Laredo, Eusebio and Leandra Martinez were in custody of the Sheriff's Department. Saturday morning they were transferred back to Rockport by Hewes and his wife.

The pair has admitted taking money at Rockport, Alice, (two times,) Bandera, O'Donnell, Seagraves and Seminole. Their take was about $1,160 in cash and about $4,000 in checks which they always threw away, along with one transmitter radio and one hair dryer obtained from a hardware store in George West. These items Martinez says he gave away as presents.

The pair are in jail under $2,000 bond and several other departments have indicated that they would like to have them to clear up more thefts.

GOVERNMENT BOND SALES CONTINUE TO CLIMB IN COUNTY

Sale of Series E and H Government bonds are climbing in Aransas County, according to Fred Bracht, local chairman in charge of sales, who said that sales of $1350 in April brought the cumulative total for this year to $13,989, or 33% of the quota set for the county during 1964.

For many years Aransas County has been one of the top bond buyers in District No. 7, of which Allen Wood, Corpus Christi, is chairman. In most years, the county has far exceeded its quota.

Counties comprising the district included Aransas, Bee, Brooks, Jim Wells, Kenedy, Kleberg, Live Oak, McMullen, Nueces and San Patricio.

Princeton University's mascot is a tiger.

What's Going On At Live Oak Country Club

Golf Tips:—The back swing with a long iron is similar to that with a wood. At the top of the swing, the club is not taken back as far. The right hand is under the shaft and both hands are firm at the top of the swing. Swing the long iron down and through the ball. Halfway down, the wrists begin to uncock and unleash their power, the left arm in control and the right elbow close to the body.

Definition: — Casual water is any temporary accumulation of water which is visible before or after the player takes his stance and which is not a hazard of itself or is not in a water hazard.

Scotch foursome:—The regular Scotch foursome will resume this Sunday. It will be the beginning of a grand slam to be played over the Labor Day weekend. A $1.50 entry for regular foursome and an added 50 cents going to the grand slam for those wishing to enter the grand slam.

Golf Clinic:—A golf clinic for ages nine years to 18 years will be held starting Tuesday morning, June 23, through Friday, June 26. It will be from 10 a.m. to 11 a.m.

There will be a charge of $4.00 per pupil for the four-day clinic. Please register before Tuesday, June 23.

TO THE CITIZENS OF ARANSAS COUNTY:

Due to the lack of space, I was unable to have a note of thanks in last week's Pilot.

I want to take this opportunity to express my sincerest appreciation for the vote of confidence given me on June 6, by your electing me the Democratic Nominee for Sheriff of Aransas County.

You may rest assured that I will do everything in my power, through all assets available, to give you a better place in which to live, and a sheriff's department that you can point to with pride.

To my opponent, Mr. E. A. Stautzenberger, may I say, congratulations on a hard and well fought race.

Thank You

JOE EARL HUNT
