Attitude, Not Years, Determine Age, Speaker Tells B&PW Club

Mrs. Zoe Henry of Canyon, assistant state director of the National Retired Teachers Association, was guest speaker at the Wellington Business and Professional Women's Club, Tuesday, April 27.

Her program, "The Golden Years," was based on the opening lines of a poem by Robert Browning: "Grow Old Along with me, the Best is yet to be."

She said that no one grows old by merely living a number of years and that some people are born old. She handed out a prescription which one could check to see if she is guilty of the following:

- Whining and sniffling, feeling neglected, interfering when grandchildren are corrected, taking sides in family disagreements and being critical, nosy and bossy.

- Face the inevitable fact,

that no amount of cosmetics can make me beautiful or give me a youthful look.

- Concentrate on inner loveliness.

- Stay near to the heart of God. His spirit lives in the growing-old house.

Mrs. D.R. McKinney presided for the business meeting. It was voted to give an additional \$100.00 to the M.D. Anderson Hospital from the club.

Mrs. Claud Smith was the program chairman and Mrs. Ernest Harwell and Mrs. L.C. Sweat helped her by decorating the tables. Spring flowers were used and napkins were printed with umbrellas and spring flowers. Program booklets were of small napkins to match. Mrs. Smith led in the collect and Mrs. Sweat was song leader and Mrs. Truman Estes pianist as the group sang "April Showers".

Antique white furniture that has yellowed either through age or wax build-up, should be treated carefully when cleaning. Furniture should only be waxed once or twice a year and daily dusting generally removes accumulated dirt. To remove wax build-up, try applying synthetic turpentine but do so very carefully — use it on a small, inconspicuous area before coating the entire piece.

To prevent losing diaper pins when changing the baby, keep one of those small, inexpensive terry cloth stuffed toys nearby as a pin cushion. This not only delights the baby when not in use but also keeps pins safely in one place.

Public Opinion Poll Canvassed

Commissioners Court
members, in their April 12
meeting, canvassed the
opinion poll, held along with
the April 3 bingo election.

By a 476-131 vote, those
expressing an opinion said
they would prefer paying all
taxes, county, school, city
and hospital, in one place.

In the next question, they
said by a 435-152 count
they do feel that the city,
county, school and hospital
should contract with the
central appraisal office to
set up one central place for
payment of taxes.

Voting 369 to 206, those
voting in the poll told the
commissioners they agree
that with the central
appraisal district in con-
tracting with the county tax
assessor to appraise, assess
and collect the taxes.

This outcome was reported
by County Judge Bob
Watson.

The commissioners had
already approved a contract
between the appraisal office
and the tax assessor-collector
or on the latter proposal by
the time the commissioners
court meeting and opening
the public opinion ballot
boxes rolled around.

Several voters expressed
opinions other than those
listed on the ballots.

One voter proposed that
two or three counties
consolidate for the service.

Another declared "I don't
think we need an appraisal
office." "Unfortunately it's
the state law," said the
judge. "People who believe
the appraisal office is not
needed should write their
state legislators."

The commissioners also
canvassed the bingo election
and in a corrected vote
added three to the number
approving legalizing bingo
in the county, for an
approval vote of 432-245.

The commissioners also
authorized that bids be
called for a copy machine for
the court house to replace

one that is obsolete and
outdated.

The franchise for a right
of way with El Paso Natural
Gas was approved for an
additional 25 years.

The court also passed a
resolution supporting the
request from District At-
torney David McCoy for an
assistant district attorney.
The commissioners are
trying to find a source of
money to fund this.

flowers and butterflies.

The program opened with
the class singing "An April

comed the audience, then

pasture team members are
Dale Tarver, senior; Steve
Knoll, senior; David Kidd,
junior and Jackie Kidd,
junior.

The boys and their
advisor, Jimmy Brown,
vocational ag instructor will
left Samnorwood Monday in
order to have two days to
practice at the site of the
contest. They are due to
return Friday.

This is the 31st annual
National FFA Judging
contest, which is always
held in Oklahoma City. It is
also the first trip to the

national for any of this
group, for a Future Farmer
can compete only once in a
contest. He can, however,
return to the national if he is
competing in the other
contest the following year.

It is conducted along lines
similar to the state contest,
with the same type of
information required,
Brown said.

There will be fun on the
side for the Oklahoma City
visitors. They will tour the
Cowboy Hall of Fame and
other trips will be set up for
them.

A banquet will honor The
Future Farmers Thursday
night.

In the state land and
range contests recently at
Tarleton State College,
Stephenville, Scot Martindale
was second high individual
in the land contest, with 264
points out of a possible 280.
The team placed 4th.

In the range contest: Dale

Tarver was 8th and Steve
Knoll 9th with identical 303
points. Places were deter-
mined by Tarver's higher
placing in the plant
identification phase of the
contest, Brown said.

At the Area I contest, held
at West Texas State
University along with the
WTSU invitational; Donald
Wood was high point man in
the land judging with 264
points; Tony Maxwell of
Wellington was second high
with 256; and Stan Tate 7th
with 247.

The team placed first in
both the area I and WT
invitational phases.

The Samnorwood range
team placed 1st in Area I
and 2nd in the WT

Invitational. Dale Tarver
was high point man in the
contest and Steve Knoll was
5th.

The Texas Tech invita-
tional held just before the
state contest served as a
practice contest for the
latter event.

The top 15 men were
listed in the land contest,
and Samnorwood has four of
these: Scot Martindale, high
man with 260 points out of a
possible 280; Tommy Barker,
5th high with 255; Stan
Tate 12th high with 246; and
Steve Knoll 15th high with
237.

Norwood's FFA plant
team placed first in the area
I division and third in the
invitational phase. This

gave the team the top place
possible, as the plant
contest does not go beyond
the area level.

David Kidd was 7th high
contestant with 503 points
out of a possible 611; and
Jackie Kidd was 10th with
417 points and Tony Carter
was the third member.

Immediately after return-
ing to Samnorwood Friday,
part of the boys will leave
for Lubbock to attend the
Area FFA Convention. Two
members, Knoll and Tarver,
are working toward Lone
Star Farmer Degrees and
several others are seeking
proficiency awards.

At General Telephone... We're Not Simply Talking About Service Improvements We're Making Them In Wellington

At General Telephone, better service isn't just a goal, it's
a solid commitment. General Telephone spent over 354
million dollars in 1981 on capital expenditure projects
(i.e. new electronic switches, expanded cable projects,
modernization), and GTE will spend over 410 million
dollars in 1982 to provide you the best telecommunica-
tions available.

For Wellington this investment in service improvement is
working as shown below. General Telephone is working
hard to continually provide you with the best of service.

The Texas Public Utilities Commission (PUC) has
established certain standards in public hearings, and
our service results are listed against those standards.

We Want Your Letter

The Wellington Leader encourages readers to
comment on issues of local, regional, state, national
or international interest with letters to the editor.
The best letters are brief and discuss only one topic.
All letters to the editor must be signed. The letter
must include the signer's address and phone num-
ber, although this information will not be published
with the letter.

Does your dog hate baths? Rub baking soda into his coat

Dear Friends,

It has been my honor to serve as your Congressman for almost eight years
now. Before that, I served for twelve years in the Texas House and Senate. I
am grateful for your continued support and for the faith you've shown in
re-electing me as your advocate in Washington.

This year, I again need your help to continue our effort to provide you com-
petent, personalized representation. With your help, I want to continue the
fight to cut runaway government spending, balance the budget, rebuild our
national defense and restore the economy to health. As a member of the
House Appropriations Committee, I am in a unique position to translate your
concerns into action.

I've traveled continually throughout our huge district and know many of
you and your families on a first-name basis. I've answered thousands of your
letters, visited you at home and at work, and spoken to your organizations.
I've fought hard to find solutions for your problems. And I've spoken for
you in the halls of Congress and throughout the large, impersonal federal
bureaucracy.

We've accomplished a great deal together. There is still much to be done.
We must reduce the federal deficit and balance the budget to lower interest
rates and provide a stable, productive economy. We must strengthen the
pillars that support the basic economy of the 13th Congressional District:
agriculture, energy and small business. That means we must restore the
profitability to farming and ranching and we must eliminate the excessive
federal tax bite for the petroleum industry. We must lower the record interest
rates that are strangling our small businesses. We must strengthen our defense
so that no hostile nation can threaten the precious freedom we've won at so
great a cost. And we must continue the fight to make government the Servant,
not the Master, of our people.

The key issues in the November election are these:
1. Who has the personal experience, the knowledge of the district, and the
legislative ability to fight and win your battles in Congress?
2. Who has the kind of respect and influence with the leaders of both
parties in Washington and Austin that ensures your voice is heard?
3. Who has a proven record of legislative and personal accomplishment
that will benefit the people of the 13th District of Texas?

We face difficult times, both as individuals and as a Nation. We do not
expect to find any easy answers to the problems of our economy, or to the
troubling domestic and foreign issues we face.
But I believe our greatest days are yet to come.

The dream of liberty that America represents must continue—will con-
tinue—and I am dedicated to representing the people of the 13th District in
every forum and at every opportunity in order to perpetuate that dream.
My pledge to you is simple: Honest, tireless service. Competence. An Open
Door. Solid, responsible, respected representation.

As we open our campaign, I know that I will be talking to many of you in
the coming days. I will also be listening.
I ask for your continued faith, support and vote in the November election.

Sincerely,

Jack Hightower

Mrs. Allen J. Peters have registered as candidates for membership in the National Fraternity of Student Musicians, sponsored by the National Guild of Piano Teachers, Teacher Division of The American College of Musicians, of which their teacher is a members.

The piano students played in the National Piano Playing Auditions, at Memphis Thursday, April 29 and will strive for pledges, local, district, state, national or even international honors which the mother organization will confer according to the number of standard classic, romantic and modern pieces chosen from the masters of piano-forte literature each student can creditably perform in the presence of an imported examiner of note from another state.

Over 100,500 piano pupils of the nation will participate in this annual national piano-playing event being held in 700 towns and cities.

Those qualifying will be certificated, given a gold or bronze embossed pin, a year's Membership in the National Fraternity of Student Musicians and Piano Hobbyists of the World.

Begun at Hardin-Simmons University, Abilene in 1929, national headquarters are now at Austin.

who participated were Leslie Birkey, Larrie Black, Hattie Blacksher, Douglas Daniel, Ginger Daniel, Rhonda DeVoss, Lanny Hammons, Leslie Hammons, Karen Mote, Ronny Mote, Linda Murdock, Mark Myrick, Darla Noakes, Diana Noakes, Barbara Reynolds, George Reynolds, James Reynolds, Paula Reynolds and Jonny Settle.

Kloette Camp Plays in WT Honors Recital

WTSU—Several West Texas State University music students were selected by members of the music faculty as outstanding in their areas of performance and presented an Awards Day Honors Recital at 4 p.m. on Monday, May 3, at Mary Moody Northern Recital Hall.

Among the students featured in the recital was Kloette Camp, a senior music education major from Wellington, piano, playing "Etude, Op. 33, No. 8" by Rachmaninoff, and "Sug-gestion Diabolique, Op. 4, No. 4" by Prokofieff.

An ostrich can't fly, but it can outrun many horses.

It is proposed that said waters be diverted at a point on either bank of an unnamed tributary of Salt Fork Red River, both points being located S 22 degrees W, approximately 3500 feet from the NE corner of the aforesaid survey, at a maximum diversion rate of 1.3 cfs (600 gpm) using one portable pump.

The applicants have requested that the storage requirements of Texas Water Development Board Rule 156.02.15.016 (TAC 303.36) be waived, all of the foregoing being more fully set out in the application.

Application No. 4207 was accepted for filing on April 26, 1982, and a hearing thereon will be held by the Commission in the Stephen F. Austin State Office Building at 1700 North Congress Avenue in Austin, Texas, on June 11, 1982, at 10 o'clock a.m. Any person who intends to offer prepared testimony at the public hearing shall prefile the testimony with the Chief Clerk of the Commission not less than five days prior to the hearing, and shall serve copies of prepared testimony on the applicant, the Executive Director and Public Interest Advocate of the Department of Water Resources and all other persons who have filed written protests or written requests not less than eight days prior to the hearing. The Commission may authorize the late filing of prepared testimony upon a showing of good cause and extenuating circumstances. Any person who desires to receive prepared testimony shall file a written protest or a written request with the Commission not less than eight days prior to the hearing.

Those opposing the granting of this application may appear at the hearing and/or not less than eight days before the hearing date, may file written protests with the Commission and serve copies on the applicant with proof of service to be provided to the Commission. Written protests shall contain the name and address of the protestant, an identification of the pending application, the basis of protestant's interest, location of protestant's diversion point(2) or property, if applicable and any amendments or adjustments to the application which would result in a withdrawal of the protest. The written protest will be noted by the Commission but will not be considered as evidence since the right to cross-examine is absent. No protestant will be admitted as a party to the proceeding unless the protestant complies with Commission Rule 155.04.00.001 (TAC 267.1) which requires a justiciable interest and actual or representative presence at the hearing. Due to the technical nature of the hearing, it may be advisable for the protestant to have an expert witness, such as an engineer, available at the hearing. Persons desiring further information in connection with this application may contact George V. Basham III, P.O. Box 13087, Capitol Station, Austin, Texas 78711.

Mixed Drink Rebate \$216

Collingsworth County has received \$216 as its 15% of the mixed drink tax remittance for the first quarter, January through March 1982.

This comes from the office of the Comptroller of Currency.

Total mixed drink sales in the county for the period were \$1,444.25.

State Comptroller Bob Bullock said collection of the state's 10 percent mixed drink tax during the first quarter of 1982 was up 21% over the same period last year.

Texas cities and counties each receive a 15% rebate of the tax collected on mixed drinks sold within their boundaries under the law that legalized the sale of mixed drinks in the state.

The mixed drink tax is collected by the Alcoholic Beverage Commission and the city-county rebates are sent out quarterly by the Comptroller's office.
