NUMBER 4

McGarraugh Services Held On Sunday

Funeral services were held Sunday afternoon at the Methodist church for Clyde Edward McGarraugh, who died Friday night at his farm home six miles northeast of Perryton. He had been ill for about three months.

Mr. McGarraugh, born Nov. 20, 1889, had farmed near Perryton since 1920. He was 62 years of age, and a member of the Christian Science church.

Mrs. J. E. Kirkman of Amarillo, Christian Science reader, officiated at the final rites.

Active pallbearers were Carl Ellis, Harold Kershaw, George Dietrich, H. C. Brillhart, Daniel Newman, J. O. Carter and W. L. Scott.

Honorary pallbearers were H. T. Cutter, W. B. LaMaster, Fred Hudson, L. E. King, Dewey Allen, Alfred Buller, Harry Evans and Jerry Slaughter.

He is survived by his wife, Bessie; three sons, Lonnie and Earl of Perryton and Lloyd of Gruver; four daughters, Mrs. Lucille Crocker, Mrs. Ruby Frohlich and Mrs. Lola Wallace, all of Denver, and Mrs. Della Feichter of Wichita, Kansas; and 18 grandchildren.

Interment was in the Ochiltree cemetery.

School Attendance Cut by Sickness

A mild epidemic of colds and influenza has swept over Perryton during the week, causing a rush at both hospitals. The wave of sickness has been reported in many Panhandle towns and schools have been closed in a few places because of the influenza. Gilbert Mize, Perryton school superintendent said Tuesday that there has been an average of 10 per cent of the students out with sickness since last week. This means that nearly 100 students are absent each day.

Still No Manager For C. of C.

The Chamber of Commerce is still without a secretary-manager, a vacancy created when Lee Little resigned January 1.

However, Irvin Buchanan, C. of C. president, says the organization has several men in mind for the post.

A list of managers was received this week from the West Texas Chamber of Commerce and these men are being contacted. Of the 11 men mentioned by the WTCC, nine are experienced and two have no Chamber of Commerce experience.

In addition to these eleven, there have been three direct applications, Buchanan said.

"We are taking a little time to fill this job," Buchanan said. "We want to be sure we get the right man, and are making a careful check into qualifications," he added.

Oldsmobile Goes On Display at Putman Motor

Major style changes and important mechanical improvements characterize the Oldsmobile 1952 models being introduced today throughout the United States. The Putman Motor Co., local Oldsmobile dealers, will have a new Oldsmobile on display beginning today.

The "Rocket" engine in the Series 98 and the Super 88 has been boosted to 160 horsepower. The Deluxe 88 model has a 145 horsepower "Rocket" engine.

New styling and more luxurious interiors in the 98, a new Super range for increased performance of Hydra-Matic drive, and GM power steering are featured on the 1952 models.

The overall length of the 98 has been increased from 208 to 213 inches and the wheelbase is now 124 inches. A rear stabilizer bar has been added in the rear, improving car handling and stability and minimizing side sway.

Retail Merchants Committee Set

Charley Pyle of Burk's was named chairman of the Retail Merchants Committee of the Chamber of Commerce at the directors' meeting Monday night.

Other members of the committee are A. P. McCelvey, Tom Evans, Virginia McWilliams, G. W. Acker, Virgil Castle and J. D. Johnson.

The Retail Merchants Committee sets the closing dates for business firms and plans merchandise promotions for the year.

The Chamber of Commerce has set Tuesday, February 5, for the annual membership drive. The

PREPARE FOR "MOTHER'S MARCH"—These members of Beta Sigma Phi sorority have made plans for conducting the "Mother's March" next Tuesday night for the March of Dimes campaign. They are shown above with a "wishing well" for March of Dimes contributions which has been placed on Main street. Beta Sigma Phi members pictured are, left to right, Mrs. Jim Wright, Mrs. Jack M. Allen, Mrs. Viola Miller, Mrs. Jack Woodward, Mrs. Clyde Ragsdale, Mrs. Pat Miller and Mrs. Fred Huebner.

'Mother's March' in Perryton Tuesday Night Will Climax County March of Dimes Campaign

A "Mother's March" to boost the March of Dimes in Perryton will be staged Tuesday night, Jan. 29, sponsored by the Beta Sigma Phi sorority. This solicitation drive, which has been carried out successfully in hundreds of cities in past years, will be held here for the first time.

The "Mother's March" will begin at 6:30 p. m. Tuesday. The members of the sorority have been assigned to 12 different sections of town and will call at the homes of families wishing to donate to the March of Dimes.

If a person wants to make a contribution, all they need to do is turn on their porch light, or leave a light burning so that the workers will know to call at your home.

The fire siren will be blown and the public address sound truck will go through the streets to remind people of the drive.

Rules, Prizes Announced for Livestock Show

Rules and prizes have been announced for the Ochiltree County Junior Livestock Show, to be held on February 11 in connection with the Registered Hereford Show and Sale.

This year, the Angus and Hereford entries will be judged separately, and the Grand Champion and Reserve Champion selected from the two animals in each division.

The Shorthorn division will be shown separately, and the top two animals will compete with the top Angus and Hereford calves for the championship.

There are 14 Hereford calves, 12 Angus and two Shorthorn, according to Hood-Willis.

The Grand Champion of the show will receive \$25 and a rosette; the Reserve Champion gets \$10 and a rosette.

The heavyweight winner in each class will win \$15; second place winner gets \$12.50; third place \$10 and fourth place \$7.50.

First place Shorthorn winner receives \$7.50 and the second place winner gets \$5.

The American Hereford Association will add 20 per cent to the winnings of all Hereford calves. The American Aberdeen Angus association will pay \$10 to the grand champion if it is an Angus.

See No. 4, Page 6

Farm Bureau, Wheat Assn. Are Sponsors

A safflower meeting, to be held in connection with the annual meeting of the Ochiltree Farm Bureau and the Ochiltree Wheat Improvement Association, will be held at the school auditorium on Tuesday night, January 29. W. H. Lance, Farm Bureau president, stated that all farmers and anyone else interested in agriculture are welcome to come. The meeting begins at 7:30 p. m.

Purpose of the safflower meeting is to learn more about the production of the crop, its uses, the market for it, and the processing, Lance said.

Interest in safflower as a cash crop for this area has grown tremendously since last year, when a trial planting was made by about 200 farmers. A local market for the safflower crop has been assured through the Equity by the American Safflower Co. of Longmont, Colo.

Present for the meeting will be G. M. Severson, University of Nebraska chemistry department, who will speak on the new uses found for safflower oil and meal; Al Hoffman, head of the University of Nebraska agronomy department, to speak on the production of the crop; Dr. Murray Kinnman, USDA Experiment Station at College Station, who will also speak on production; and W. M. Sheets of the American Safflower Co., who will speak on the processing and the market outlook for safflower.

Preceding the safflower program, the Farm Bureau will hold their annual meeting, elect officers and transact other business.

National Youth Week to Open Monday Night

Rev. Roy McAuley of McPherson College is guest speaker for National Youth Week observance in the combined program of the Waka Church of the Brethren, the First Christian church and the First Methodist church of Perryton. At the Nazarene church of Perryton, Rev. J. T. Meador of Bethany Peniel College will be the guest minister for this week.

The combined youth services

Mrs. Ragan Is Candidate for County Clerk

Mrs. Sue Ragan has authorized the Herald to announce her candidacy for reelection to the office of County Clerk, subject to the action of the voters in the July Democratic Primary.

Mrs. Ragan was appointed County Clerk by the commissioners court on May 15, 1947, to fill the unexpired term of Mrs. Beulah McEver, who resigned at that time. Mrs. Ragan filled out this unexpired term and won the office in the 1948 election, unopposed, and was returned to the office in the 1950 election.

During her tenure of office, she has capably discharged her duties as both county and district clerk and is worthy of every consideration of the voters.

She has been a resident of Ochiltree county since 1927. Her husband, the late Glen Ragan, was killed in an automobile accident in 1941.

Mrs. Ragan served as clerk of the Ochiltree County Selective Service Board from June, 1943, to May, 1947, when she resigned to take the county clerk position.

See No. 3, Page 6

REV. ROY McAULEY

will be conducted at 7:30 each evening, Monday, January 28, through Friday, Feb. 1, with the exception of Thursday evening.

The following schedule of meetings will be the order of the week: Monday night, First Christian Church; Tuesday and Wednesday nights, First Methodist Church; Thursday at 6 p. m. sharp, Youth Banquet at Waka, Church of the Brethren, over in time to attend the John Anglin Concert; Friday night, First Christian Church.

County Entered In West Texas Voting Contest

Ochiltree county has been entered in the West Texas Chamber of Commerce Fundamentals of Citizenship contest, designed to create more interest and participation in voting. There are 32 counties entered in the contest as of this week.

The contest will end following the general election in November. The winning county in each population group will be determined by portion of population that pays the poll tax and votes in the primary and general elections, and that attends party precinct conventions, and the campaign conducted by the sponsoring Chamber of Commerce to promote the campaign.

The Chambers of Commerce get credit in the contest for work done by Junior Chambers of Commerce.

The categories include (1) counties with a population of 50,000 or over (2) counties between 20,000 and 50,000; (3) counties between 10,000 and 20,000; (4) counties under 10,000 population.

Entered in the same group

Survey Teams For Sanitation Are Available

AUSTIN, Texas—State Health Officer Geo. W. Cox today spelled out in one-two-three order the requirements for a city-wide sanitation drive that will "show results in fewer flies, fewer rats, and less disease."

His plan in brief: Apply the idea of a good spring cleaning outside as well as inside the house.

The long-time exponent of clean environment said the State Department of Health would, on request, send a team of sanitation experts to survey any Texas town for health hazards.

"An untrained person might fail to see the significance of horse lots, surface toilets, or stagnant water holes where flies and mosquitoes can breed. Our people, by training and experience, know how to locate and correct hazards to community health," the health officer said.

The survey would include a check on the manner of garbage storage, collection, and disposal, and a look into foodhandling establishments to see if their foods are coming from safe sources.

The team, according to the doctor's plan, would make a study of the local water supply. Contaminated? If so, what's the reason and how can it be corrected most efficiently?

They would investigate the sewerage system. Do lines extend into all areas of the city? Are all residences connected? Is the plant itself adequate to accommodate the city? How is the sewage processed?

Residential and business districts would be inspected for sanitary violations, and each property owner would be strictly accountable for cleaning up his premises, with the city hauling away accumulations of trash.

"If we all begin work right now, using tested and proved methods, we can cut down the incidence of diseases caused by insanitary environments, contaminated water, and improperly handled foods. We can stage a fight against flies and stop them from spreading disease."

"We're here to help," the doctor said.

Sealing operations on the Pribilof Islands, Alaska, netted 60,000 skins in 1950, about 10,000 fewer than in 1949.

Russian Menu Leaves a GI's Stomach Flat

By JIM BECKER

Newsfeatures

HONOLULU — "This stuff," said one GI as he dipped black bread into a plate of borscht, "is for Russians and officers—not for us walking soldiers."

He was facing a standard Russian army meal, his second of the day, with a third to come.

It was all part of the Army's plan to acquaint training soldiers at Schofield Barracks with the food the Russian soldier eats all the time.

One day during each training period the GI's get a Russian breakfast, Russian lunch and Russian dinner. The post exchanges are closed to keep them from slipping out and augmenting the simple fare.

Here's a Day's Menu

For breakfast, Army cooks dished up pea soup with meat, rice porridge with boiled beets, black bread and tea.

Lunch was borscht with boiled potatoes, sour cream and more black bread.

Dinner brought vegetable-macaroni soup, fish stew with boiled cabbage, tea and black bread.

The reactions were mixed. Some of the soldiers actually enjoyed the stuff. Pvt. Robert Bennett of Kittanning, Pa., came back for seconds. Others did too.

"The bread is pretty tasty although it could use some butter," Bennett said. "And the borscht isn't bad. But I think it would get pretty monotonous eating it all the time."

Not Like Mom's Cooking

Pvt. Kenneth W. Flynt, Mt. Olive, Miss., said "It beats nothing."

But Pvt. William Bennett of Superior, Wis., puddled around in his food and gave it up.

Sgt. Robert Kahuna of Laie, Oahu, who supervised the cooking of the meals, said he had to throw most of the breakfast a-

way. "They came in, looked, and went out," he said.

"But by dinner the boys had worked up an appetite and put it away pretty good."

Kahuna said the regular menu, for the day had called for cream-chipped beef on toast for breakfast, roast chicken for lunch and curried veal for dinner.

The Russian meal idea started at Schofield several months ago when Secretary of the Army Frank Pace looked at the wide variety of foods ordinarily served out loud how they would take to standard Russian army fare.

Intelligence produced the menus and the the cooks got to work.

The training battalion led by Lt. Col. Wesley A. Keyson of Pittsburgh was selected for the test. It was a good choice. Keyson, whose parents are Mr. and Mrs. Alex K. Kluchanovich of 148 Watson Ave., Pittsburgh, is used to Russian food.

"My mother used to cook these things at home," he said.

Pianist Gets Bird

ESTHERVILLE, Ia. (AP)—Alec Templeton, the blind pianist, did better than a lot of Iowa hunters—he got his pheasant.

This occurred recently when Templeton came to Estherville to appear in a concert. A pheasant struck the car in which Mr. and Mrs. Templeton were riding. Templeton picked up the bird and had it prepared for his dinner at an Estherville hotel. He remarked that the pheasant struck his car "in the pitch of E flat."

This One Got Away

PALM BEACH, Fla. (AP)—Sen. Herbert Lehman (D-N. Y.) lost an 8-foot sail fish to a shark on a recent fishing trip in the waters off Palm Beach.

Lehman had hooked the sail and was about to pull it aboard after an hour's tussle when a mammoth shark darted up, grabbed the tail of his prize and pulled it right off the hook.

Salmon accounts for 75 per cent in volume of the Alaskan fishing industry.

Six Men Inducted Tuesday; Ten Go For Reexamination

Six men were inducted into the armed forces Tuesday, and ten men will go for re-examination on Friday from local Selective Service Board No. 99.

The six men sent for induction Tuesday are Bryce Elkins, Canadian; Billy M. George, Canadian; Oren Ray Smith, Perryton; Lloyd Eugene Rudy, Canadian; Dwayne Lee Bennett, Canadian; and Thomas G. Gross, Gruver.

The men now classified 4-F

who will be sent Friday for re-examination are Ted Kellin, Foltz; Kenneth W. Mahaffey, Spearman; Charles N. Strawberry, Gageby; Tomas W. Acree, Spearman; Bobby L. Meier, Booker; Roy L. Stapp, Darrouzett; Sam E. Wyant, Briscoe; Arnold Lee Hill, Canadian; and George E. Born, Darrouzett.

There will be 13 men inducted on February 4 and 22 men will be sent for physical examination the same day.

Sequoia and Kings Canyon National Parks, which adjoin each other in California, have more mule deer than any other National park.

It pays to use classified ads.

Mennonites Go To Waka Sunday

The Perryton Mennonite church has been invited to worship with the Mennonite church north of Waka on Sunday, January 27.

No church services will be held at the local church on that date, stated Rev. Richard Showalter, pastor.

Attending the Stock Show in Denver last week were Mr. and Mrs. Harlan Hawk, Mr. and Mrs. Perry Bostick, Mr. and Mrs. H. C. Brillhart, Mr. and Mrs. Woodrow Brillhart, Mr. and Mrs. Wilford Lance, Mr. and Mrs. Van W. Stewart, Mr. and Mrs. H. C. Brillhart, Jr. and Mr. and Mrs. Murphy White of Canyon.

Pipeline Workers To Be Honored At Safety Dinner

Employees at the Natural Gas Pipeline Co. of America booster station west of Gray will be honored at a dinner tonight at the Hotel Perryton Coffee Shop. The men worked the entire year of 1951 without experiencing an accident involving a loss of time.

The safety record of the entire organization was improved in 1951, as 1950 improved over the preceding year. The local station is one of several locations along the 26 and 24 inch lines which extend from the Texas Panhandle to the Chicago market delivering gas.

At the dinner the safety program will be discussed and reviewed. The employees of pipeline district 123, who work in the Panhandle of Oklahoma, also had an admirable safety record in 1951. They experienced only one minor accident involving a loss of time.

Four employees of the company will be honored guests. They are Ray Bowles and Noel Keith, who completed 15 years of service with the company in 1951. They will be presented with service award pins, booklets, and certificates indicating the number of years of service.

Roy Leatherman, Guy Ragsdale and Troy Mowdy will be honored in similar fashion for having completed five years of service. Leatherman and Ragsdale work in the compressor station while Mowdy is in the pipeline division.

County Registers 98.3 Per Cent Of 1950 Births

Ochiltree county had a 98.3 per cent birth registration during 1950 as compared with the census tabulations for that year according to a report issued through the State Health Department.

Texas had 96 births out of every 100 registered during 1950, the state record disclosed.

A new law enacted several years ago makes registering births of children mandatory.

Neighboring counties had a better record. Hansford county is credited with registering every birth during 1950, as was Hemphill county. Lipscomb county, however, had a 93.8 per cent registration compared with 100 per cent in 1940.

One-Room School Decline

DES MOINES, Ia. (AP)—There is a direct relationship between increased farm mechanization and a decline in the number of one-room rural school houses.

Modern farm machinery is enabling individuals to farm larger acreages, so that larger farms are becoming the rule. This means, of course, fewer farm families and children in any rural area.

The U. S. Geological Survey says the so-called "saber-tooth tiger" of 25,000,000(m) years ago was neither a true tiger nor a cat.

Grass Planting Time Is Near

It will soon be grass planting time for farmers and ranchers of this area, and those needing assistance should be in touch with the local Soil Conservation District, where grass seed may be bought at cost.

Ralph Headlee of the SCS office says the district has on hand 4,500 pounds of blue gramma; 4,500 pounds of buffalo; 1,500 pounds of side oats gramma; 300 pounds of sand love; 4,500 pounds of Western wheat grass, along with small quantities of brome, ladino clover, orchard grass, perennial rye, and blue panicum for irrigated land.

There is considerable work done each year in grass seeding of this area, Headlee said. Most of the grass is seeded on eroded land and shallow land for soil conservation purposes.

The Soil Conservation District has two new grass drills and an older drill available for use. Officers of the SCD are Roger Pearson, Martin McCarter, Harlan Hawk, Herman Hargrove and S. L. Brillhart.

Car Damaged In Saturday Wreck

Damage estimated at \$77.90 was done to a 1949 Ford car driven by E. R. Thurman in an accident Saturday afternoon about six miles south of Perryton.

Also involved in the accident was a semi-trailer truck driven by James H. Moss of Houston, hauling a large boiler.

Thurman told Sheriff Ray Phagan, who investigated the accident, that he was traveling north on highway 83, when the truck passed him. The truck pulled over in front of Thurman, forcing his car off the road and hitting the left front fender, Thurman said.

No damage was done to the truck.

Explorer Scouts Plan Hike

The Explorer Scouts met Wednesday at the Legion hall and made plans for a hike to be held Saturday and Sunday, January 26-27.

After planning the hike, the Scouts worked on advancement tests. There were 14 Scouts and adviser Troy Sullivan present.

Ethiopia is one of the oldest Christian nations on earth.

OPS Meeting Here Tonight

F. R. Eggel, OPS specialist from the Lubbock district, will hold a meeting tonight at the courthouse for merchants selling automotive parts, farm machinery and services related to those fields.

Eggel will discuss ceiling price regulations 34, 67 and 100 which are pertinent to those merchants.

C. M. Erickson of the OPS visited Perryton Tuesday, having 13 firms on his list requiring new OPS pricing charts. He also held a meeting at the courthouse Tuesday night for merchants selling dry goods, hardware, furniture and electrical appliances.

Marriage Licenses

Jan. 16: Charles Richard Scott and Mary Ann Penner.

The U. S. Bureau of Land Management says Halogeton, stock-killing weed of the Southwest, can be curbed by keeping the soil fertile and covered with other vegetation.

MEET THE YOUNGSTERS —

Denise Strong is 15 months old and is the daughter of Mr. and Mrs. Richard Strong. Her paternal grandparents are Mr. and Mrs. Joe Strong of Denton and her maternal grandparents are Mr. and Mrs. S. L. Brillhart of Perryton.

Fur-sealing on the Pribilof Islands netted the U. S. Treasury \$1,593,277(m) in the 1950 fiscal year.

Little Bill Cross Has A Disability

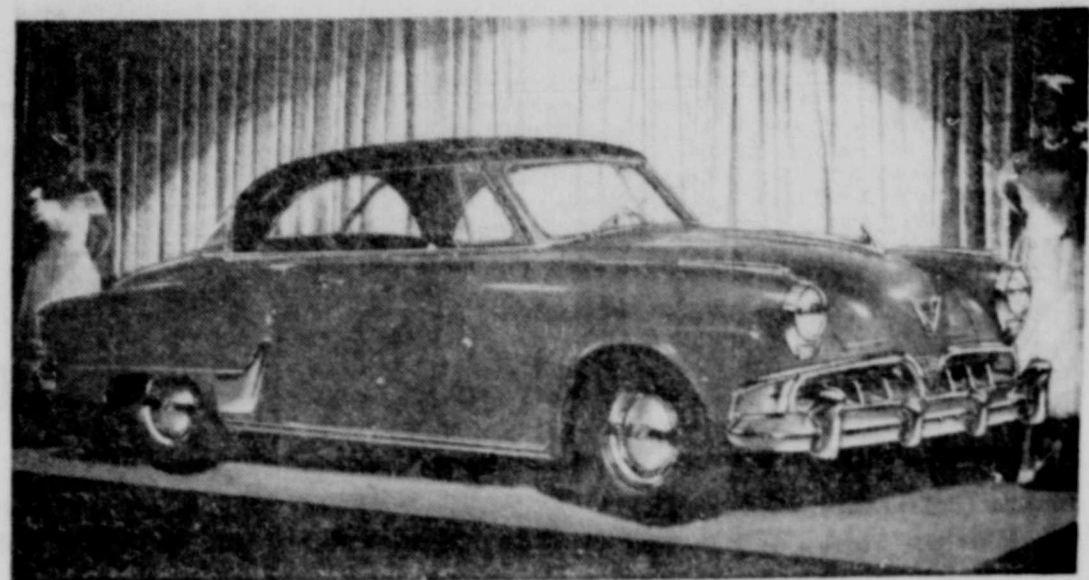

Bill Cross of mighty midget football didn't have a physical.

Little Bill, who is nine years of age, was rejected by the physical examiners after reporting that he was 7, according to Phelps, clerk of No. 99.

His disability—

cers.

JUST LIKE OLD TIMES—On a clear, normal day, there are houses visible beyond this highway sign, and Perryton can be clearly seen in the background. On Monday, however, visibility was limited to a few hundred feet because of the dust, and in this particular spot on the highway 83, huge clouds of dust were blowing across the highway from an adjoining field. Monday reminded lots of people of the early 1930's.

GRASS FIRE—Several acres of grass burned Tuesday afternoon at the county park west of town, and the fire came quite close to the Veterans Memorial Building. Above are members of the Perryton Fire Department putting out the blaze. In the right foreground is fireman Jim Davis.

No. 8 Continued from Front Page

which gives a dual range for performance in city and on the open road, is optional equipment on the 75 series, and is standard equipment on the 62 and 60 series.

Cadillac power steering is available at extra cost. This mechanism eliminates as much as 75 per cent of all normal steering effort, provides handling ease and yet does not interfere with the driver's "road feel."

Numerous changes have sharpened and smartened the exterior design and the interiors have been made even richer. The exterior features the "fish-tail" design introduced by Cadillac several years ago.

Schell of Aubrey, Texas, and Lawrence, at home.

In announcing her candidacy, Mrs. Ragan said, "I have only one thing to emphasize, and that is that I will continue to serve the people of this county to the very best of my ability."

"With the new equipment that has been added in the clerk's office, we can give faster service than ever before, and the policy of better service will be maintained."

"I will appreciate all the votes and support given me in the forthcoming election."

Irrigation water will be moved 500 miles through the Central Valley project of California when it is completed.

Thieves Get Day-Old Calf

Thieves didn't wait long Sunday to steal a calf belonging to Harold Carnes.

The whiteface calf was born Sunday and was stolen Sunday night from a pen at the stock yards, less than a day old.

Carnes told Sheriff Ray Phagan that he left the cow and calf at 7 p. m. and when he returned at 9:30 p. m., the calf was gone.

Traces of blood were found on the fence where the calf had evidently been pulled out of the pen.

The Ochiltree Wheat Improvement Association will hold their business meeting at the same time.

Officers of the Farm Bureau are W. H. Lance, president; Roger Pearson, vice president; Mrs. James Hardy, secretary; Martin McCarter and Virgil Olmstead, directors.

The Wheat Improvement Association officers are L. R. Conner, president; W. H. Lance, vice president; Hood Willis, secretary; and R. H. Holland, treasurer.

"We invite everyone to attend this meeting," Lance said. "We believe every farmer can learn something from this program and at the same time help our community."

Production of 3,236,000 (m) cases of canned fish in 1950 was the lowest in Alaska since 1921.

Dusty Monday Brings Memories Of Early '30's

An old fashioned duster visited the Perryton area Monday, bringing back memories of 15 years ago. The dust fogged constantly all day long, with the wind from the southwest blowing about 30 miles per hour.

The wind shifted around to the north Monday night, and brought a cold wave Tuesday and Wednesday. Low reading Wednesday morning was 6 degrees.

Many fields were reported blowing during the duster Monday, and there has been some loss of wheat due to blowing, according to the local Soil Conservation office.

Fields are in danger of heavy blowing because of the current dry condition of the soil, and because of the lack of cover on many fields, according to Ralph Headlee of the SCS. He points out that summer fallowed fields have nothing on them to keep the soil from moving, and that once the soil becomes dry and powdery, it is hard for moisture to penetrate the earth.

Baked Food Sale

Epsilon Sigma Alpha sorority will sponsor a baked food sale on Saturday, January 26, at the Best Way Grocery store. The sale will begin at 10:00 a. m. and continue throughout the day.

One-Third of PHS Students On Honor Roll

Approximately one-third of the students in high school made the semester honor roll, as reported this week by high school principal Kenneth Gibson. There were 15 students on the A honor roll and 57 students on the B honor roll for a total of 72. There are 218 students enrolled in high school.

Named to the A honor roll, which means the student made no grade less than A during the first semester, were the following:

Seniors: Pat Stephens, Junior: Donna Girouard, Marian Hardy, Donna Helton, Marilyn Richardson.

Sophomores: Myrtle Pearson, Ann Osborne, Janice Miller, Valda Day, Kay Caylor, Pat Carter and Don Bell.

Freshmen: Sue Williams, Gene Good and lone Martin.

The following students made the semester B honor roll:

Seniors: Mary Britton, Ellen Newman, Frances Payne, Maxine Green, Jim Freeman, Veneta Taylor, Lenora Taylor, Arthur Boese, Dennis Taylor, Alma Diehl, Helen Payne, Dorothy Portwood, Rosamond Schroeder, Virginia Thrasher and Linda Waggoner.

Juniors: Dean Burkhardt, Patsy Cheek, Leland Drennan, Pat Halpain,

Merle Hulsey, Florence Wanda Kile, Don Pearson, Donna Bell, Rice, Lyndol Riley and Thompson.

Sophomores: Shirley Smith, Gloria

hals, Peggy Blackmon, Witt, Larry Stephens, Lanahan, Don Johnson, Bell, Allene Waggoner, Halpain, Caroline McLean, Leatherman, and Bobby

Freshmen: Barbara Hawk, Jane

Charlotte Flowers, James man, Don Dear, Lyndol Marvin Flowers Jim Flathers, Bobby Hicken, Ileen Jones, Virgie Wood, Pat Wood.

CARD OF THANKS

We wish to thank those who sent food and help many ways during the and death of our husband, father, Clyde E. McGowan, Mrs. Clyde E. McGowan and children.

Rev. McAuley is assistant professor of English at the McPherson College, McPherson, Kansas and also pastor of the Monitor Community Church, Conway, Kansas. He has worked extensively with youth and is well qualified to lead in these youth services. Rev. McAuley has submitted a series of appealing subjects which he is to discuss each evening.

The major emphasis of his messages is the application of the Christian way of life in the daily situations of youth.

All youth of the community who are not in services of their own church are invited to participate in this National Youth Week program each evening either in the combined youth services or at the Church of the Nazarene.

On Wednesday evening only the adults of the community are invited to attend the combined youth services which will be conducted on that evening at the First Methodist church.

with Perryton and Ochiltree county are Spur, Crosbyton, Stanton, Albany, Junction, and Tulla.

No. 6 Continued from Front Page

at high speeds. There is greater rear deck length, making more luggage space available in the trunk.

The new Hydra-Matic Super Drive has an added range which gives the driver the choice of operating in the more economical Drive range or the increased performance of the Super range. The axle ratio used with the Hydra-Matic Drive is reduced approximately 5 per cent, which gives improved fuel economy and adequate performance.

Hydraulic steering is available on the 98 and Super 88 at extra cost. It takes over the work of guiding or parking the car, used in conjunction with the regular mechanical steering linkage.

Exterior changes are minor, except in the 98, where high rear fenders and long deck creates a new styling silhouette.

No. 9 Continued from Front Page

Damaged was the work bench, a number of tools, and the wall in the southwest corner of the building. The records of the business, kept in a steel filing cabinet nearby, were not damaged.

No. 4 Continued from Front Page

The North Plains Hereford Breeders Association will give \$100 special award to the grand champion and \$50 special award to the reserve champion, provided it is a Hereford.

Percy Powers and Daniel Newman will give a registered heifer calf to the owner of the grand champion, if an Angus. Roger Pearson and L. E. Conner will give a club steer to the exhibitor of the reserve champion if it is an Angus.

Halters will be awarded by the Chamber of Commerce, sponsors of the show, to the first, second and third place winners for the best trained calf.

C. J. Frantz and Son will give a club calf to the boy having the best all-around exhibit for the two-day show.

Don Good, member of the Kansas State College faculty, will judge the calves.

No. 5 Continued from Front Page

committee will be named and final arrangements made this week, according to Irvin Buchanan, C. of C. president.

...WITH THE FINEST PERFORMANCE OF ALL TIME!

Featuring 3 of Cadillac's Greatest Engineering Achievements!

THE NEW 190 H. P. CADILLAC ENGINE

Here is the most powerful, the most durable, and the most efficient automotive engine ever offered in a Cadillac car. Its power increase alone is almost 20%—and its new four-throat carburetor, larger exhaust valves, wider exhaust ports and new dual exhaust system make this engine one of the most dynamic performers of all time.

Fifty years ago, the first Cadillac car made its bow to the public. Today, as a fitting climax to those fifty years of progress, we are presenting in our showrooms the Golden Anniversary Cadillac—by far the finest car ever to bear this distinguished name. . . . It is easily the most beautiful of all Cadillacs. Numerous changes have sharpened and smartened the exterior design—while the wholly-new interiors are a revelation in comfort and luxury. . . . Performance is the finest of all time. The great Cadillac engine has a power increase of almost twenty per cent—and is even smoother and quieter in its operation. . . . There's a new Hydra-Matic Drive that gives the proper power application for every need. At a flick of the finger, you can have extra power and acceleration for city traffic and mountain driving—or wonderfully smooth, quiet, gas-saving performance for the open road. . . . And there's a new "power steering" mechanism, optional at extra cost, which reduces normal steering effort by as much as twenty-five per cent! . . . If ever it could be said of a car's performance that it is "out of this world," it can be said of the performance of the new Cadillac. The Golden Anniversary Cadillac is available in three series—the "Sixty-Two," the "Sixty Special" and the "Seventy-Five." . . . These new creations are now on display in our showrooms—and we invite you to see and inspect them at your earliest convenience.

THE NEW HYDRA-MATIC DRIVE

By introducing an entirely new performance range, Cadillac's Hydra-Matic provides the proper power for every need . . . extra acceleration and responsiveness for city and mountain driving; smooth, quiet, gas-saving performance for the open road. Optional at extra cost on Series 75. Standard equipment on all other models.

THE NEW CADILLAC POWER STEERING

This "power steering" mechanism eliminates as much as twenty-five per cent of all normal steering effort. It provides incredible handling ease, and yet does not interfere in any way with the driver's "road feel" or directional control. Available as an option at extra cost.

Birth Records 328 Births In Boys Outnumber Girls

The county recorded 328 births during 1951 to parents living in Perryton and immediate vicinity. A check of courthouse records reveals. There were 165 boys and 163 girls, and two twins.

Boys, Garry Lee and Terrence, were born June 10 to Mrs. Walter Welch, and twin boys, Roy Dean and Gene, were born to Mr. Leroy Throckmorton.

During the year were:

Lee, daughter of Mr. Lewis Getz, Jan. 1; Mr. and Mrs. Morrison Jan. 5; Weylin Lee, Mr. Joe Duke, Jan. 5; Billy Mr. and Mrs. Ivan Gil-12.

Boese, Dr. and Mrs. Reese Jan. 7; Kenneth Jackson, Mrs. Ellis Kelly, Jan. 15; Ann, Mr. and Mrs. James Jan. 16; Donald Neal, Mrs. Gene Cudd, Jan. 24; Harold, Mr. and Mrs. Jackson, Jan. 10; Paul and Mrs. John C. Ter-25; Wesley Barrett, Mr. Wesley Cox, Jan. 27; Namon, Mr. and Mrs. Green, Feb. 25; Deanna and Mrs. Dean Bennett,

Mr. and Mrs. Billy March 3; Larry Dean, Mr. Virgil Smith, March 7; Ernie, Mr. and Mrs. Roy March 4; Infant Flowers,

Mr. and Mrs. William Flowers, March 7.

Gayle Stephanie, Mr. and Mrs. Gene Brothers, March 8; Donald Lynn, Mr. and Mrs. Henry Pshigoda, March 20; John William, Mr. and Mrs. Max McLarty; Kaylene Gayle, Mr. and Mrs. Martin Pope.

William Daniel, Mr. and Mrs. John Dieball, March 24; Virginia Marie, Mr. and Mrs. Everett Odum, March 28; Myron Dale, Mr. and Mrs. H. E. Ratzlaff, March 6; Marvin Charles, Mr. and Mrs. Marvin Genuchi, March 20.

Brenda Carol, Mr. and Mrs. Orville Whitney, April 3; Jeri Collett, Mr. and Mrs. Robert Duncan, April 4; Quinn Dale, Mr. and Mrs. Daniel Newman, April 9; Cassi Aline, Mr. and Mrs. Roger Pearson, April 10.

Samuel Leonard, Mr. and Mrs. Albert Littau, April 12; Jesse Doyle, Mr. and Mrs. Clifford C. Gray, April 13; Barbara Ann, Mr. and Mrs. John R. Arnett, April 13; Lyndon Jake, Mr. and Mrs. E. L. Boese, April 19; Judy Beth, Mr. and Mrs. Otha Castle, April 20.

Thomas Warren, Mr. and Mrs. Warren Cudd, April 22; Stephen Roy, Mr. and Mrs. Roy Johnson, April 25; Vickie Ann, Mr. and Mrs. Kenneth Leatherman, April 28; Lorena Jean, Mr. and Mrs. Everett Cowan, April 29; Glenda Gayle, Mr. and Mrs. Allie Mitchell, April 5.

Teressa Lynn, Mr. and Mrs. Weldon Wright, April 19; Carol Joyce, Mr. and Mrs. W. J. Gerbrandt, April 19; Richard Don, Mr. and Mrs. Paul McWhorter, April 25; Ronda Krae, Mr. and Mrs. Bob Schuster, May 26.

Cynthia Lee, Mr. and Mrs. Carl F. Stephens, May 23; Dale Scott, Mr. and Mrs. John Doores, May 29; Janet Lynn, Mr. and Mrs. Billy Whitten, May 29; Patricia Louise, Mr. and Mrs. Eldon Gurley, May 13; Robert Duane, Mr. and Mrs. Billy D. Strouse, June 1.

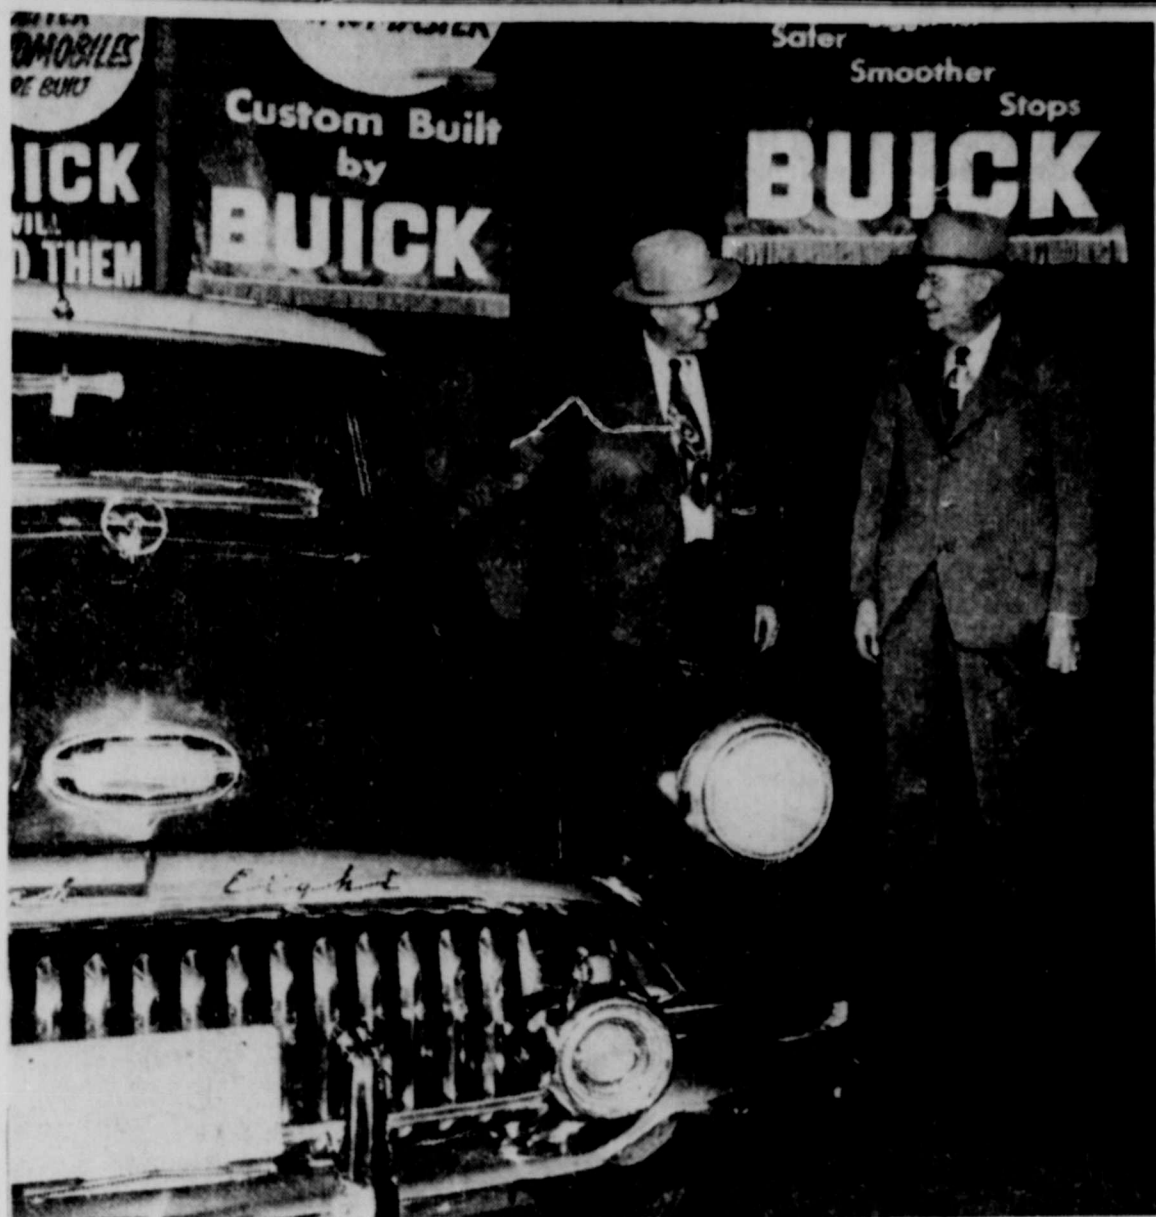

Bobbie Lynn, Mr. and Mrs. Bob Turner, June 5; Jackie Ann, Mr. and Mrs. John Englert, June 8; Steve Ernie, Mr. and Mrs. Vernon Smith, June 13; Mary Caryl, Mr. and Mrs. George Merrick, June 14.

Gary Lynn, Mr. and Mrs. Robert Mitchell, June 27; William Reece, Mr. and Mrs. Reece Taylor, June 28; Charles Rex, Mr. and Mrs. O. C. Watson, June 6; Margaret Blanche, Mr. and Mrs. Milton Todd, June 8.

Robert Wayne, Mr. and Mrs. Glen Knight, June 8; Terry Lynn and Garry Lee, sons of Mr. and Mrs. Walter Welch, June 10; Lyndol Gayle, Mr. and Mrs. Marvin Felix, June 13.

David Neil, Mr. and Mrs. Calvin Janzen, June 13; Ginger Colleen, Mr. and Mrs. Bob Loving, June 16; Susan Denise, Mr. and Mrs. Albert Dory, June 27; Charlotte Lynn, Dr. and Mrs. D. B. Pearson, Jr., July 10.

Iowa Farms Get DP's

DES MOINES, Ia. (AP)—Two German displaced brothers and their families have been reunited on adjoining Iowa farms near McClelland.

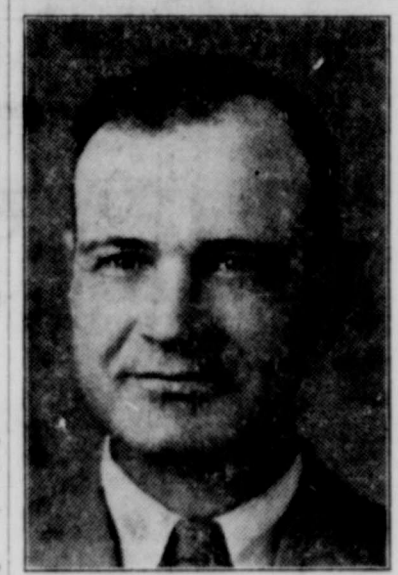

The German brothers are Otto and Christfried Nawrocki. They were sponsored by St. John's Evangelical and Reformed Church in Council Bluffs.

Christfried Nawrocki, 24, and

his family arrived in New York recently from the Schleswig-Holstein region in the British Zone of Germany. He said he was one of 300 DP's on the ship. He said things had been "very tough" in Germany. "I was unable to get work for the last three years," he related. "If it had not been for relief organization, I fear what might have happened. We cooked, ate, lived in a room 12 by 12 feet. It was not pleasant."

The Aztec name "cacahoahtl" was contracted by the Spaniards to "cacao" and corrupted in English to "cocoa."

The U. S. Fish and Wildlife Service killed 66,281 coyotes in 1950.

Tubeless Tires
that Protect Against Blowouts and Seal Punctures

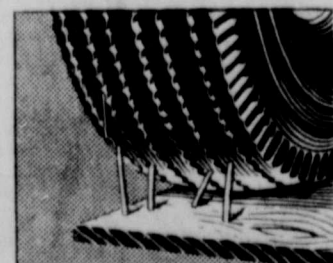

Because it has no inner tube, the B.F. Goodrich Tubeless Tire does what no tire—no tire and safety tube combination—has ever done before.

That's why hundreds and hundreds of inner tubes are piling up at B.F. Goodrich retailers as motorists toss away their inner tubes to get peace-of-mind at last.

Every patch and hole in those

tubes tells a story you know of delay and inconvenience due to punctures, of the fear and danger that go with sudden blowouts—two hazards that lurk in every conventional tire with inner tube.

So add your inner tubes to the pile—get new B.F. Goodrich Tubeless Tires that seal punctures and protect against blowouts! They fit your present rims. Convenient terms.

HERE'S WHY
—you see more every day!

EVER stop to ask yourself why you see more and more husky GMC's on every highway every day? Why so many cost-wise buyers are singling out GMC's as their first choice?

The answer is, "GMC" spells profit to the man whose business depends on the performance of his trucks.

To light-truck users, "GMC" means the highest horsepower in its class—for GMC 1/2- to 2-tonners are second to none in pulling power.

And to commercial haulers, "GMC" means America's most popular Diesel

—for efficiency, for long-lasting, fleet-footed power and lowest operating cost.

And in between, throughout the GMC line—from the smallest gasoline-powered pickup truck to the latest Diesel—the story's the same:

Power, brakes, comfort, safety and stamina—the right combination of everything essential to low-cost hauling—in the right vehicle for your loads.

Before you buy another truck—come in. See for yourself why GMC is the best truck buy you can make today.

Free Official Highway Map Is Now Available

AUSTIN—Need an official Texas map? You will have an opportunity to get one when you register your car this year. The Texas Highway Department in cooperation with the County Tax Assessor-Collector is once again offering a free Official Highway Map to each registrant through a post card plan inaugurated last year.

This service on the part of the Highway Department and County Tax Assessor-Collector is intended to provide a means by which the Texas car owner can get something extra for his registration fee. These cooperating state and county agencies feel that every motorist who desires one of the colorful official maps is certainly entitled to it.

The Official Highway Travel Map not only shows the 40,000 miles of state highways but many of the Texas scenic highlights for the next vacation or week-end trip. Check-full of information, the map encourages everyone to "See Texas First."

Here is the way you may take advantage of this opportunity. Every Texas resident who registers his vehicle in the state will be offered a return addressed post card at the same time he purchases the 1952 license plates. If the car owner so desires, he may affix a two-cent stamp to the card along with his name and address and mail it to the Highway Department. In return, a free copy of the colorful Official Highway Travel Map will be dispatched to the addressee.

Christian Science

7th and Colgate
Services 11 a. m. each Sunday
Public Cordially Invited

Truth must be more than believed; it must be understood and lived, according to the Lesson-Sermon titled "Truth" to be read in all Churches of Christ, Scientist, on Sunday, January 27.

These familiar words of Jesus comprise the Golden Text: "Then said Jesus to those Jews which believed on him, If ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free" (John 8:31, 32).

One of the Bible citations says: "I exhort therefore, that, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men; for this is good and acceptable in the sight of God our Saviour" (1 Timothy 2:1, 3).

From the Christian Science textbook will be read this reference: "The purpose and motive to live right can be gained now. This point won, you have started as you should. You have begun at the numeration-table of Christian Science, and nothing but wrong intention can hinder your advancement. Working and praying with true motives, your Father will open the way. Who did hinder you, that ye should not obey the truth?" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 326).

Mr. and Mrs. Glen McGibbon and Mr. and Mrs. R. R. Ward attended the Stock show at Denver, Colo. from Thursday of last week until Sunday.

*Pointing
the way*

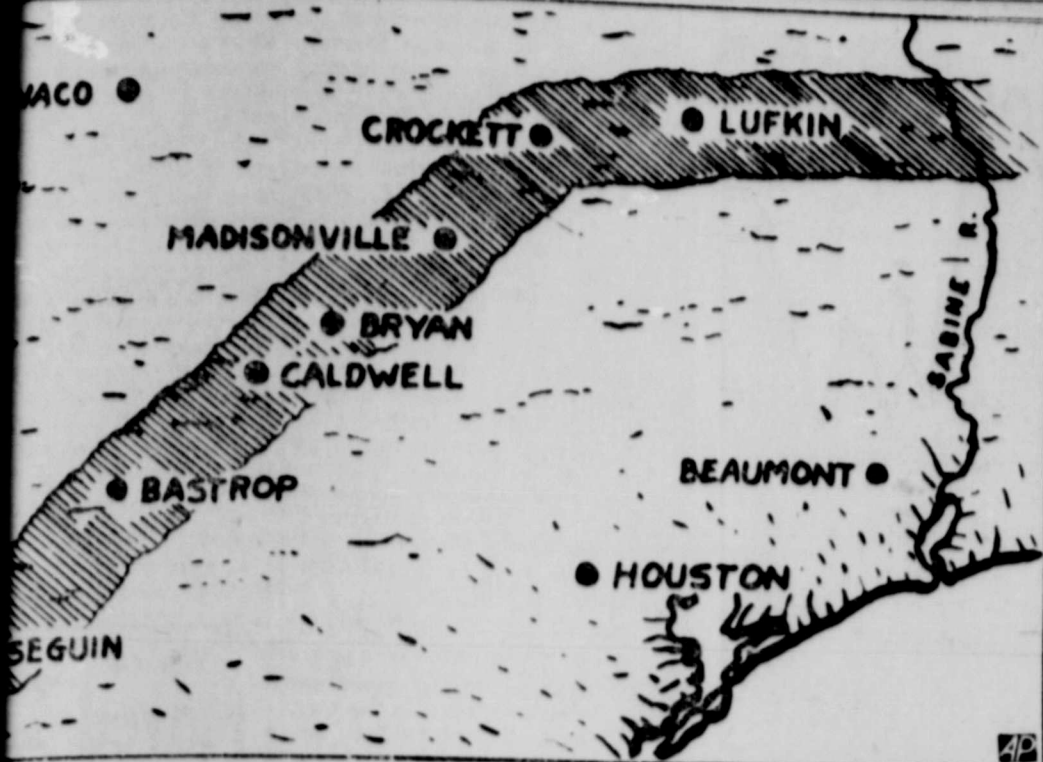

That critical hour when every woman and every man must have counsel will surely come. How important then to have made a path to the Church and to your pastor. Our ministers are serious and their counsel good. They are as near as your telephone. The minister knows how to help women and men know themselves. But better still, he knows the way of access to God. There is no comfort like that which comes from Heaven. Why not visit your church and let your pastor show you the way, in the light and will and gracious assistance of God. Heaven is not far away for the seeking soul. Jesus said, "Seek and ye shall find, knock and it shall be opened unto you."

This page made possible through the generosity of the firms and public-spirited individuals listed here.

ROOM IN OIL LEASES—This is the East Texas area where a big flurry of oil leasing was touched off by the Woodley Petroleum Co. strike in Georgetown limestone in Southern Houston County. The trend runs from Sequin in Guadalupe County to the Sabine River dividing Texas and Louisiana. (Photo)

Oil Docks

HOUSTON (AP)—The docks in Houston handled the biggest tonnage of cargo in their history for the year ended June 30, 1951. The tonnage was 4,947,272 tons and discharged. The first six months of 1952 reports were 17 per cent more than the corresponding period of 1951.

THE TEXAS POLL

Ambassador to Vatican Is Not Popular With Texas Citizens

By JOE BELDEN
Director, The Texas Poll

AUSTIN, Texas — The weight of public opinion in Texas leans against the appointment of a United States ambassador to the Vatican. But according to results from the Texas Poll, there is no clearcut, majority opposition to President Truman's intention to submit to the Senate a nominee for the new post in Rome.

General Mark Clark, the President's selection as ambassador, has just withdrawn his name in the wake of clamorous protests over the country. The White House, however, has announced that Mr. Truman intends to send up another name. Here is how Texans feel about the idea:

28 per cent approve.
39 per cent disapprove.
That is 67 per cent expressing an opinion. The remaining 33 per cent break down in this way:
13 per cent say it makes no difference to them—and advocates of the plan may claim that these people are in effect in favor.
20 per cent—a rather large group as most surveys go—would express no opinion.

The replies were in answer to this question, asked of a cross section of adults including people of all faiths: "Do you approve or disapprove of the United States sending an ambassador to the Vatican, that is, the Catholic Church, in Rome?"

Protestant leaders in Texas have been among the most vehement in their displeasure with the President's move. Among Protestant laymen interviewed, however, barely half expressed outright disapproval. Of equal interest is the finding that Catholics in the state, who might be

expected to give strong support to having an American ambassador at the Holy See, the majority approving is only 51 per cent. But among Catholics there are 21 per cent who say "it makes no difference," as against only 8 per cent of the Protestants.

Here is a comparison of the answers from Protestants and Catholics separately:

	Protestants	Catholics
Approve	22%	51%
Disapprove	49%	14%
Makes no difference	8%	21%
No opinion	21%	14%

Should President Truman seek re-election this year, the issue could well come into the campaign. Here is an indication of the weight that this controversy might have with Texas voters: the tabulation below shows that among qualified voters in Texas opposition to a Vatican ambassador is considerably stronger than among non-voters.

	Voters	Non-Voters
Approve	29%	27%
Disapprove	45%	31%
Makes no difference	11%	16%
No opinion	15%	26%

Red Film Predicted

LINDEWERRA, Germany (AP)—German Communists are faking propaganda movies to show that the East is a land of refuge from the terrorist west. Dock workers at this little border town in the U. S. Zone can tell you how it's done. The other day they noticed that a ferry which plies the Werra river between here and the Soviet Zone was chugging toward the dock ahead of schedule. "Go back! Go back!" they yelled. "You're an hour early. We can't handle you now."

As they waved their arms angrily to motion the ferry back they saw a camera crew perched on the ferry filming their protestations. A few days later the dock workers saw the same camera crew set up across the stream in the Soviet Zone. Three men in civilian clothes waded out into the stream toward them, then turned and started swimming back to the Soviet Zone shore. The camera crew went into action. The dock workers predict the finished production will show how three men "escaped" their "pursuers" in the "terror-ridden" U. S. Zone and were received in the Soviet Zone with open arms.

Orville L. Flaming and J. J. Flaming of Borger visited in the home of their sister ad her family, Mr. and Mrs. Kenneth McLain and children, over the week end.

Farm Project For Athletes

By HAROLD V. RATLIFF

Newsfeatures

BROWNWOOD, Texas—Out along Pecan Bayou is a living, growing memorial to one of the greatest coaches in Texas history.

It's a tiny farm and it has made possible the continuance of athletics at Daniel Baker College.

Tyson Farm they call it, named for Paul Tyson, football coach of Daniel Baker who died in Sept. 1950, just before his team was to open the season.

Readey Caskey, Daniel Baker's one-man coaching staff who took over when Tyson died, originated the project.

Caskey, at the end of the last regular school year, was informed that Daniel Baker couldn't provide athletic scholarships for the next term. Daniel Baker had just been accepted into the Big State Conference.

The thing that worried him the most was having to pass the bad news on to the nine boys he had recruited. Then came the idea. Since Daniel Baker provided agriculture scholarships, he asked that his prospective basketball players be admitted in that manner. And since the athletic dormitory would be vacant, he asked that rooms be provided for the nine youngsters. That left the problem of board, which Caskey said he would provide one way or another.

W. O. Cross, president of Daniel Baker, approved the plan, pending final arrangements by Caskey to provide the board.

Readey spent two weeks going up and down Pecan Bayou for a

plot of irrigated land, one portion of his board providing plan. Finally he found 4½ available acres and H. M. Gilley, the owner, donated the use of them.

Everybody pitched in. The farm began producing more vegetables. The students used the practical experience to supplement what they learned in the classrooms, and in addition, sale of the vegetables and their use at the college training table made possible the keep of the athletes. And he bought a bus to transport his basketball team.

The Australian Preference

SYDNEY (AP)—Recent Gallup polls in Australia show that the Australians favor immigration, like trade unions, read travel and mystery novels and favor price control.

When it comes to sports, two out of three adult Australians prefer to leave it to the teenagers. Among those who do indulge, tennis is the most popular until the age of 50. After that something called "lawn bowls" takes over in popularity.

Happy Though Working

LOS ANGELES (AP)—Want the key to happiness while at work? "Forget yourself; do the job in the best way possible," says Dr. George F. J. Lehner, associate professor of psychology at the University of California at Los Angeles.

Don't concentrate on what kind of impression you're making. That's ego-centered and brings anxiety and negative results. If you try to do the job as well as you know how and accept criticism and profit from it, the job will become easier. And you'll be a better person to work with.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: WELDON H. CLACK, Defendant
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 11th day of February, A. D. 1952, at or before 10 o'clock a. m., before the Honorable District Court of Ochiltree County, at the Court House in Perryton, Texas.

Said plaintiff's petition was filed on the 29th day of November, 1951.

The file number of said suit being No. 1263.

The names of the parties in said suit are: BLANCHE E. CLACK as Plaintiff, and WELDON H. CLACK as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce and custody of children, plaintiff alleging she was lawfully married to defendant September 24, 1932, at Hollis, Oklahoma, and lived with defendant as his wife from said date until on or about August 22, 1951, since which time she has not cohabited with defendant as his wife. As the fruits of said marriage there was born three children, all of said children residing with plaintiff. Said children being aged 17 years, 15 years and 10 years respectively. Plaintiff alleges by reason of the

improper and cruel conduct of defendant and his conduct toward her is of such a nature that their further living together as husband and wife is insupportable to her. That no Community Property was accumulated of said marriage other than personal effects of small value which the parties have partitioned between themselves and are in possession of the respective parties entitled thereto. Reference is made to the original petition filed in this court and the same made a part of this citation for all purposes.

Issued this the 28th day of December, 1951.

Given under my hand and seal of said Court, at office in Perryton, Texas, this the 28th day of December A. D. 1951.

From where I sit... by Joe Marsh

Ed Got Red In His Own "Hot Water"

Big Ed started a "Pay-Your-Bill" campaign last week and ended up with a slightly red face. Ed's been our Water Commissioner for ten years, and for ten years now he's been getting riled up over slow payments of bills.

So, he finally decided to do something drastic about it. Last week he sent notices that if the slackers didn't pay up by Friday, he'd shut off their water.

Naturally, some still didn't square accounts. Ed ordered their water turned off, and 14 homes

went without all week end—the Commissioner's among them. Seems Ed forgot to pay his bill.

From where I sit, Ed's mistake is one we all make at times. We are too quick to accuse others while forgetting our own faults. Lots of us do it, for instance, over a difference in taste for a soft drink or a friendly glass of beer. Let's respect each other's preferences and we'll all stay out of "hot water."

Joe Marsh

Dimes or Dollars

The March of Dimes, a national campaign against polio, was built years ago on the premise that if enough people gave a dime, enough money would be raised to carry out an effective program of research and treatment against the dread disease. It seems to us that the March of Dimes, like everything else, should recognize inflation, and ask for more. The Ochiltree county goal this year is \$3,000, which means 50 cents for every man, woman and child in the county.

This shouldn't work too much of a hardship on anyone. Certainly the value of the March of Dimes program is recognized. In Ochiltree county alone, thousands of dollars has been spent to help polio patients the past few years, and the treatment of a polio victim is a tremendous expensive undertaking, beyond the means of most families.

The March of Dimes makes their money go a long way. Patient care, professional education and research are all financed by your local contributions. Unfortunately, the National Foundation in the past four years has gone into debt trying to do the job.

The local March of Dimes campaign is getting a lot of help. The school children, the business men, the civic clubs, theatres, and the Beta Sigma Phi are all helping raise the funds.

Climax to the drive will come on Tuesday night, Jan. 29, when the "Mothers March" will be conducted.

When the "Mothers March" reaches your home Tuesday night, please respond. It means so much to so many people.

Mrs. Luther Wade, Mrs. Val McLanahan and Mrs. Anna Wooten visited in Guymon, Sun-
Mr. and Mrs. Bill Tandy visited her parents, Mr. and Mrs. J. O. Roberts of Rotan, last week end.

From the SIDELINE

with HAROLD HUDSON

We received an interesting "statement of policy" from Ruthelle Bacon, Republican Chairman of the 18th Congressional District, this week in answer to the question: "Whom do you as Republican Chairman, favor for the Republican Presidential nominee—Eisenhower, Stassen, Taft or Warren?"

Her "statement of policy" went into great detail as to how important it is this year for Republicans to select the right man, how much responsibility the party has this year, etc., but she wound up by saying exactly nothing as to which candidate she prefers.

Here we thought we were going to get the low-down on which prospect is favored by 18th District Republicans, but found out that the district chairman has no choice. This is certainly not indicative of Republican policy on the national level, where a top-notch fight is developing between followers of the four prospective nominees.

The writer of the letter about sportsmanship at Perryton high

school basketball games came in this week and was identified. We are publishing the letter, in full, in this issue.

Speaking of sportsmanship, Cy LaMaster of the Highland Park schools in Dallas sent us a copy of a program which the school issues to every spectator for home games. The program carries the list of players of both teams, and also has the following: "Join us in our sportsmanship program! Sportsmanship is a quality of honor illustrated in our actions. It is an application of that part of our personal standards found in the area above and beyond requirements of agreements, rules and normal procedure."

"In athletics it is basic that fairness and honesty be common, usual, and widespread. Each of us (athlete, student, or adult fan) must do his part to see that the rules of the game be observed in letter and spirit and that we accept the results graciously."

"The coaches have agreed on the officials and have invited them to work the game. They are unbiased, and the mistakes they make are due to the fact that the game is most difficult to officiate. They are our guests. We are obligated to accept their decisions in a courteous manner."

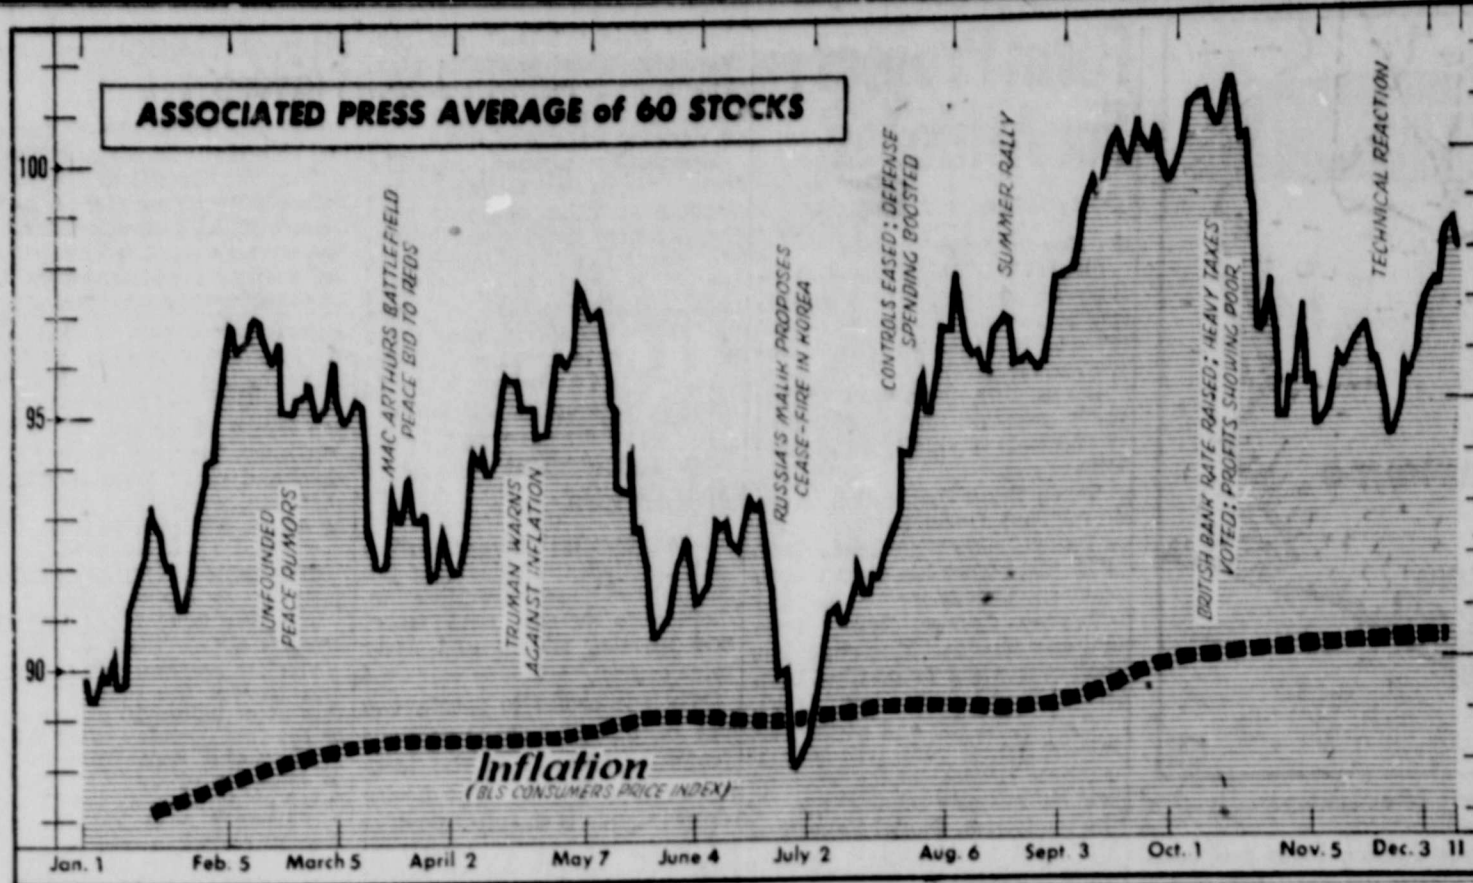

Cy says the use of this reminder on sportsmanship has done wonders toward cutting out the booing of officials and opponents at Highland Park. He says they give one of the programs to everyone that comes through the door that can read. He didn't explain how they find out right quick when a person is literate or not.

Sam was walking down the street with a Bible under his arm when he met his pal, Bill. "Where are you headed?" asked Bill. "Well," replied Sam. "I've been hearing so much about New Orleans — pretty girls, strip shows, free-flowing liquor and gals who live easy off guys like me—I'm going down there to try it out."

"But what's the idea of taking a Bible along?" asked Bill. "If it's as good as they say it is," said Sam. "I might stay over Sunday."

We wonder how the rain-making program is doing in this area. Ochiltree county is mighty dry right now, and while we realize that the county didn't sign up with Dr. Krick and his rainmakers, they tell us that Hansford Lipscomb and Beaver counties are pretty dry right now too. Looks like if Dr. Krick is going to make rain around us, now would be a good time to do it.

We were quoted out of a woman's magazine the other day a finding of someone, pre-

Wolf Creek Philosopher Economists Don't Believe Themselves

(Ed. note: The Wolf Creek Philosopher is off on economics this week, which is as good as anything else for him to be off on.)

Dear editor: After the old year is definitely over and I'm convinced the new year is well underway, along about this time, I generally get to speculating on what's gonna hap-

pen in an economic sort of way in the months ahead, is it gonna be better or worse, and this morning I was out here speculating as hard as I could without being inconsistent with my philosophy of not doing all your thinking or working in one lump, when a newspaper blew across my face, I was reclining under a tree at the time on the south side of

sumably a woman, who has discovered that the happiest husbands are the ones who help their wives wash and dry the dishes. Without wishing to disagree with the ladies, and never will we be guilty of underestimating the power of a woman, we believe the gal that made this experiment hand-picked her subjects.

To date, we have never seen a man washing and drying dishes that even looked happy. Even when we are drafted into this chore, which usually comes late at night after a party at our house, we seldom feel like whistling while we work. We don't like to wash and dry dishes, and from casual observation, we are not alone in this dislike. While we extend deepest sympathy to the women bent over a sink full of dirty dishes, we're just low enough to find something else

urgent to do when it comes time for us to help.

Along the same line, a friend told us the other day that the reason women's work is never done is because they do not get busy and do it. They wait for their husbands to come home and help do it. Remember, we didn't say this. It was quoted to us.

What a difference a word makes: The Hudson Newsletter says there's a world of difference in choosing the right word and the word that is almost right. For example, you can call a woman a kitten, but not a cat... You can call her a mouse but not a rat. You can get by with calling her a chicken, but not a hen—a cluck but not a goose. You'll please her by calling her a vision, but beware of calling her a sight.

the barn, dodgin the wind and dust and my wife hollerin at the back door for me, and later in the mornin I got to wonderin if any rain clouds was formin and since it was necessary to remove the paper in order to see I went ahead and removed it, noticed there wasn't any clouds, and since I wasn't ready to get up anyway, I glanced over the paper and noticed an article on what the economic outlook is for 1952.

According to a group of ten of the nation's outstanding economists, 1952 is gonna be a good year. But they go further than that, they tell in detail how much the stock market is gonna go up, how much it's gonna go down, how much department store sales will increase (7 per cent), how much farm prices will go up (1 per cent), etc.

Now it's good to know this in advance, but what has always puzzled me is why an economist don't have more faith in his own predictions. If I could tell in advance what the stock market was gonna do, you wouldn't catch me holdin down an economist's job. I'd quit and clean up on the stock market. If I knew in advance what the price of what was gonna be this fall, you wouldn't catch me workin any land, I'd use my foreknowledge and take things easy from here

on out. In fact, when I guess say what the market is gonna do, he ain't business raisin the ought to just start sellin.

But I have noticed find many economists their bank roll on their and consequently I am As far as I know, 1952 is an answerable problem, 1951 was, but I got makin it through the right and I expect to guess economists are predictors, they don't know more about how a catna come out than any but they got to live. Yours faithfully

Lightning Flashes

PITTSFIELD, Mass.—The General Electric Laboratories here have turned up some interesting facts in their studies with artificial lightning.

In the first place, lightning bolts don't come from the blue, and those lightning flashes don't hit the earth. Actually they jump skyward at a rate of about 18,000 miles per second. It could go three-quarters of the way around the world while you said "Look out!"

It works like this: As a lightning charge is being built up in the clouds, an opposite charge is building up on earth. The stroke travels slowly from the cloud and is invisible to the naked eye. Then when it makes contact with the ground, it spurts toward the sky in a quick flash.

East of Boyd

By Mrs. Aldeen Rodgers

The weather continues dry and is much too windy most of the time.

Royce Rodgers visited Monday night with Arthur Stickler, Jr. and attended the 4-H Banquet at Beaver with Arthur Jr. and his parents, Mr. and Mrs. Arthur Stickler.

Miss Anita Watkins took care of the smaller Trimmell children while Mr. and Mrs. Howard Trimmell and David attended the 4-H Banquet. Mr. and Mrs. Jay Pierce and son Ronald also attended the banquet.

The 4-H Banquet was a very successful affair with a record-breaking crowd of over 600 persons in attendance. This is an annual event and awards were given to the outstanding 4-H members of Beaver County.

Mr. and Mrs. Aldeen Rodgers and Patricia Ann Rowbotham were in Beaver Monday transacting business and also visiting in the John A. Beck home.

The Turpin Basketball teams won both games over Tyrone Tuesday night on the Turpin court.

John Winter and Aldeen Rodgers were business visitors in Liberal Thursday.

Mrs. W. H. Williams and Mrs. F. B. Whittet attended the meeting of the Business and Professional Women's Club at Liberal, Kansas Thursday evening at which Miss Donna Cowan, international farm youth exchange student, was the principal speaker. Miss Cowan spent some time in France, England and Holland last summer.

During the business meeting several new members were voted into the club; Mrs. Williams and Mrs. Whittet being two of the new members.

Hugh Williams was absent from school two days last week because of illness.

Little Patricia Ann Rowbotham was ill with the flu part of last week.

Mr. and Mrs. George Kirton returned Saturday from a trip to Albuquerque, N. Mexico, where they visited a relative of Mrs. Kirton's who has been seriously ill. Mrs. Marilyn Rowbotham stayed with Jerry Williamson while his parents were gone.

Bill Nichols and James Rod-

"CAR" INSPECTOR STUMPED—One San Antonio inspector who is checking cars in the Texas motor vehicle inspection set-up wasn't helped at all by the extension in deadline recently granted. This lumber carrier must be inspected somehow, but the inspection station says it can't issue a sticker. All four wheels turn so alignment can't be checked. Eight-foot high headlights don't fit the rules either. And there's no windshield wiper. But, the brakes checked out perfectly. (UPI)

gers were in Liberal Friday evening.

Visitors at Aldeen Rodgers Saturday were John Beck and Helen of Beaver, Mr. and Mrs. John Winter, Fred Whittet and Jerry Williamson.

Mr. and Mrs. John Winter shopped in Perryton Saturday.

Sunday afternoon callers at Aldeen Rodgers were Hugh Williams, Mr. and Mrs. Leslie Beckwith, Mr. and Mrs. Henry Cooper, Mrs. T. J. Wahl, Mrs. Ray Wahl, Betty and Ruby Wahl and Beverly Beard.

Misses Betty Wahl and Beverly Beard of Beaver visited Sunday at Betty's parents, Mr. and Mrs. T. J. Wahl. The girls are nurses in the Beaver Hospital.

Mrs. T. J. Wahl was hostess at a Stanley party at her home Thursday afternoon.

Mr. and Mrs. Gene Akers and daughters and Mr. and Mrs. Joy Hergert and daughter of Perryton visited Sunday evening at the George Kirton home.

Only 28 Hunters Bagged in Texas During Season

AUSTIN, Texas—The Chief Clerk of the Texas Game & Fish Commission said incomplete casualty reports from the recent major hunting seasons show that at least 28 hunters died from accidents.

All but six of the tentative total died from gunfire. Five drowned and one died of a broken neck sustained in a fall from a deer stand in a tree.

At least six other persons died from heart attacks attributed to over exertion while hunting.

The Chief Clerk said the total for the last season would approximate that of the previous season when at least 35 were listed as having died from assorted causes including heart attacks.

The number wounded during the recent season was estimated at "in excess of 50."

The Chief Clerk said the totals to date show that 13 hunters died from self-inflicted wounds and that seven were killed by guns handled by others.

In addition, one hunter was mistaken for a turkey, dying from a shot through the head by a .300 calibre bullet.

The Chief Clerk observed that, while the casualty total remained high, the number of accidents from hunters being mistaken for game appeared to be less than usual.

The seven fatal wounds which were self-inflicted included such common causes as leaning on the gun barrel, crawling through a fence, removing a gun from a

Specialists Say Can't Tell Bull Just by Looking

COLLEGE STATION—Cattlemen are finding that looks alone are not always the most reliable consideration when breeding stock is bought. Many ask for a record of performance on each beef animal they buy and are finding that tested stock pays well.

According to U. D. Thompson, assistant animal husbandman, Texas Agricultural Extension Service, the progeny testing program on bulls conducted by the Texas Agricultural Experiment Station at Balmorhea and more recently at Bluebonnet Farm and in cooperation with Texas Tech at Pantex Farms, shows the value of the program. Animals very similar in outward appearance, he says, responded differently in the tests. Rate of gain and maturity varied considerably between the different lots tested

and both are very important in meat production.

Thompson emphasizes that type, quality, size, growth ability, disposition, and the milk production of the mothers of both the cows and bulls to be used in the herd for replacements should be considered when purchases are made. Large well-developed cows tend to produce large calves he adds and mammary development is considered a mighty important part of a well-developed cow.

Cows should be culled from the herd that do a poor job of raising their calves. Thompson emphasizes that herd culling should be continuous and cattle that show evidences of disease should be removed from the herd as soon as they are discovered.

Cows that do not pay their way are too expensive to maintain because of the present high labor and feed costs. Finally Thompson says, select stock that will produce fast-growing animals that yield desirable carcasses when they are marketed. Performance tests assure buyers that they are getting this kind

Dear Editor:

For several months now I have been building up a head of steam, and when I attended the Perryton-Dalhart basketball games last night, January 8, something had to give, and so I'm blowing off steam in the form of a complaint which I sincerely hope you will publish as your feature editorial or sports editorial in the Ochiltree County Herald in the very near future.

The reputation of the people of Perryton is at stake, so I believe the stakes are high enough to warrant publishing in the free press of a sometimes-too-taken-

for-granted free country. We have caused two sports officials to cancel their contracts with the school in recent weeks because of the poor sportsmanship attitude of the crowds at our sports contests. I might sympathize a tiny bit with the crowd when our teams lose game after game, but I simply cannot stomach the hissing and booing displayed by the adults — yes, adults, even when we are winning! Why, Brooklyn can't even hold a match, much less a candle, to Perryton's booing.

It is becoming increasingly hard for our local school author-

GOVERNMENT TESTS PROVE WORMING HOGS MEANS MORE PROFIT

By Dr. D. H. LeGear

Tests made by the U. S. Department of Agriculture at the Beltsville Experiment Station proved that infestations of large round worms seriously affected the growth of pigs. In this experiment pigs were intentionally infected with worms and after four months of feeding they were butchered and examined. One pig found to be harboring 109 round worms actually weighed 8 1/4 lbs. less at slaughter than it did four months earlier at the beginning of the feeding period. Its control mate, which was kept free of worms, had gained 96 lbs. during the same period. This shows that the badly worm-infested pig actually represented a loss of 104 3/4 lbs. of pork. This is a pretty strong argu-

ment in favor of keeping your hogs free of worms by regular worming.

Now, that a one day herd treatment is available greater profits from your hogs are possible. And the new type hog worm powder can be fed in slop. Simply mix with feed or slop and the hogs worm themselves. You don't have to dose each hog separately. No fuss or extra work and the new hog worm powder does not affect the appetite of the hogs. . . . they go right on eating and gaining without a set-back.

This new, safe and economical hog worm powder contains Phenothiazine and Oil of Chonopodium (American Worm Seed), combined with Areca Nut. It is generally available.

HOBBS MOTOR CO. • 123 South Ash

FIRST CHEVROLET BUYER—The 1952 Chevrolet automobiles went on display Saturday and the first owner of a 1952 Chevrolet is H. C. Brillhart, left, shown with Ellis Kelly of the Perryton Motor Co. Brillhart had an order in for a black club coupe and was surprised to learn that his car was one of the first two shipped to the local firm. Large crowds viewed the new Chevrolet models Saturday.

ities to hire sports officials, and when the day comes—and believe me it is in the foreseeable future—when sports officials refuse to call athletic games of any kind in Perryton, the city shall have received a black eye which might take several generations or decades to overcome or live down.

Sure, our boys and girls do some booing, too. And why shouldn't they when mama and papa (and I use those words loosely) set such a shining example of sportsmanship for them to follow? One mama or papa can undo more teaching of good sportsmanship in youngsters in one minute than a school teacher can build in a lifetime.

So mama and papa, sit down and read this over again—slowly. Then, the next time you stand up to boo an official or an-

MARRIED 79 YEARS—Mr. and Mrs. Tom E. Rose celebrated their 79th wedding anniversary at their home in Huron community, near Whitney, on Jan. 16. Although no special celebration was planned, scores of friends and relatives dropped in on the Roses. "Uncle Tom" said he felt chipper for his 99 years, but "Aunt Ester", 97, has been ill recently and had to remain in bed. The Roses are believed to be the longest-married couple in the U. S. (P Photo)

other team's player, applaud instead. Sure, officials make mistakes, but haven't you ever made one? If not, then you belong at the helm of this great country instead of H. S. T. (Who incidentally, I didn't vote for in 1948).

Name withheld by request.

(Ed. note: This is the letter we mentioned in last week's Herald. Anyone have any comments to make?)

Old Classmate

CINCINNATI, O. (AP)—A pair of grandparents who had some unused tuition coming to them from the University of Cincinnati decided recently to use it up.

Mr. and Mrs. W. E. Wulforst had withdrawn from school in 1923 because of a change in Mr. Wulforst's employment after he had earned a bachelor of science degree in 5 1/2 years of evening school study. In the meantime they have raised a family of three and now have three grandchildren.

Although the university now has a five year limit on credit memos for tuition the crumbling yellow slips were honored and grandma and grandpa are now back in school.

LIQUID OR TABLETS—SAME FAST RELIEF

Yeast Breads Demonstrated At Taz HD Club

"One must be very careful about the temperature of the liquids, room and oven when making yeast breads, because yeast bacteria are easily killed by heat," stated Mrs. Mary Watson Jones, agent, at the regular

meeting of the Taz Home Demonstration Club held Friday afternoon, January 18, in the home of Mrs. Harvey Urban.

A very interesting demonstration was given on whole wheat rolls, using half whole wheat

flour and half white flour and one and a half the amount of leavening called for in the recipe.

Mrs. Jones advised using farm products such as milk, eggs and butter for a more nourishing and better tasting product.

During the business meeting plans were completed for a party to be held the night of February 8 in the McMillen Community center for members of the club and their families.

Hot rolls, butter, jelly, chicken salad and coffee were served to the following guests and members: Mrs. Sam McLain, Mrs. A. C. Dial, Mrs. Ford, Mrs. Chester Barnes, Mrs. Carl Philipp, Mrs. William Flowers, Mrs. Warren

Gum, Mrs. C. D. Trew and daughters, Mrs. Mike Downey, Mrs. Dick Stansberry and sons, Mrs. John Hardy and daughter, Mrs. Mary Watson and the hostess.

The next meeting will be February 1 at 2 o'clock in the home of Mrs. John Hardy.

Hostess To Huntoon Club

Mrs. Martin Duke was hostess to the Huntoon Home Demonstration Club, Wednesday, January 16.

Mrs. Mary Watson Jones, agent, demonstrated whole wheat rolls. Using the basic roll recipe, Mrs. Jones illustrated different ways of making quick-rising rolls.

The refreshment plate consisted of a salad served with hot rolls, jelly and coffee.

Those present were Mesdames E. W. Cook, Jim Latham, M. S. Hummer, D. D. Hummer, J. S. Thrasher, Orville Cook, O. R. Collins, Mrs. Rhodie Stollings and the hostess, Mrs. Bob Urban and son were visitors.

Dinner Honors

Janice Schuster

Mrs. O. A. Schuster entertained with a dinner party at the Perryton Hotel, Tuesday evening, honoring her daughter Janice on her eleventh birthday. Mrs. Bob Schuster and Helen Schuster assisted with the entertaining.

The dinner table was centered with a large birthday cake encircled with flowers.

Those present were Connie LaMaster, Janie Putman, Barbara Stollings, Sue Ann Brashears, Kara Bess Apple, Barbara Jo Burns, Janalee Bell, Linda Dawn Schuster, Hope Watson, Stacy Ellis, Jane Headlee and the honoree.

Marvin Genuchi Speaks To Sorority

Marvin Genuchi was guest speaker at a meeting of the Xi Lambda Chapter of Beta Sigma Phi sorority, Tuesday evening, in the home of Lorene Richardson, 414 South Baylor Street.

Mr. Genuchi spoke on "A Musical Evening" and discussed the music of late 1800, early 1900 and the present time. He was assisted by Coke Harlow, pianist.

Hostesses for the evening were Maurine Bostick, Mary Jane Luthi and Carol Jines.

Those present were Mrs. Carl Ellis and Mrs. D. D. Shanks, honorary members, Mr. Genuchi and Mr. Harlow, guests and Opal Archer, Glenna Bell, Sylvia Boxwell, Eulene Brillhart, Juanita Brillhart, Lena Mae Brillhart, Doris Mae Chase, Beth Fuelscher, Doris Harlow.

Helen Hergert, Violet Hergert, Ruby Hocking, Jane Hudson, Janice LaMaster, Viola Miller, Alta McGarrough, Helen McGregor, Neida Rose Sanford, Lorene Richardson, Betty Schackelford, Marguerite Schollenberger, Gwen Wade and the hostesses.

Sorority Meets

Monday Evening

Epsilon Sigma Alpha sorority held their regular meeting, Monday evening, in the Harvester Room of the Hotel Perryton.

Mrs. Bob Turner presided for the business meeting during which \$25.00 was donated to buy lunch for one school child. Plans were completed for a baked food sale to be held at the Best Way Grocery store, Saturday Jan. 26, beginning at 10:00 a. m.

"Public Speaking" was the program subject presented by Beulah Owens.

Those attending were Mrs. Don Enterline, Mrs. LaVaun Pattison, Mrs. Kenneth Turner, Mrs. Glen Johnson, Mrs. Joe Cagle, Mrs. Turner and Miss Owens.

Mrs. Joe Cagle will be hostess for the next sorority meeting on February 4.

The word "argosy" comes from "ragusy" which referred to ships from Ragusa, a famous port in the Middle Ages but now the town of Dubrovnik on the Yugoslavian seacoast.

Ceramic Club Meets Tuesday Evening

Mrs. Rolland Shearer, 521 S. Amherst, was hostess to the Perryton Ceramic Club, Tuesday evening at 7:30 o'clock.

During the meeting Mrs. Frank Holdeman demonstrated decorating bowls and pitchers with grape designs.

Those attending were Mrs. Elmo Bennett, Mrs. J. W. Chase, Mrs. Bill Traylor, Mrs. E. S. Lyell, Mrs. R. Martin, Mrs. Marshall Stone, Mrs. Holdeman and the hostess.

Mrs. Marshall Stone, 1013 S. Baylor, will be hostess for the next meeting on Tuesday evening, February 12, at 7:30 p. m.

Friendly Circle Club

Meets In Hardy Home

The Friendly Circle Home Demonstration Club met Jan. 22 in the home of Mrs. Byrl Hardy.

Mrs. Lee Edge, president, presided over the business meeting. Mrs. Allen Wagner gave the club constitution and by-laws. Mrs. Earl Schwalk gave a talk on the THDA constitution and by-laws.

All demonstrators were appointed for the year.

Refreshments were served to Mrs. Virgil Devers, Mrs. Earl Schwalk, Mrs. Allen Wagner, Mrs. Royal Faries, Mrs. Lee Edge, Mrs. George Rogers, the hostess and two guests, Mrs. James Hardy and Mrs. Paul Hardy.

The next meeting will be February 12 in the home of Mrs. Allen Wagner.

A poultry producer at Petaluma, Calif., has developed an egg cleaning machine that washes and dries 2,700 eggs per hour with less breakage than hand cleaning methods.

Lipscomb County Council Meets January 14

LIPSCOMB—Lipscomb County Council met at the courthouse Monday, January 14, with Mrs. Ray Altmeier, council chairman, presiding.

Club reports were given by presidents of Booker, Darrouzett, Follett, Higgins, Loland and Lipscomb clubs.

Letters of thanks for Christmas gifts to Girl's Town and the Abilene State Hospital were read. Mrs. Max Blau, chairman of the finance committee, gave a report on the budget for 1952. The Standing Rules of Council were read by the secretary, Mrs. Ed Burton. Mrs. Oscar Peterson, THDA chairman, gave a report stating the District meeting would be held at Pampa, May 8, and the State meeting at Kingsville on August 26-28. Plans were made for the training meeting on Crafts and Designs to be held on January 25.

Those present were Mrs. F. S. Robertson and Mrs. Max Blau, Booker; Mrs. Ed Burton, Mrs. Alex Schoenhals and Mrs. L. M. Roper, Darrouzett; Mrs. Ray Altmeier, Mrs. Earl Lovell, Mrs. Chris Peil and Mrs. Jake Herbert, Follett; Mrs. Oscar Peterson, Mrs. Gaines Gourley and Mrs. Kelly Gagg, Higgins; Mrs. Edward Akers, and Mrs. Homer Gifford, Loland; Mrs. Pete Busard, Prairie View; Mrs. E. J. Tarbox and Mrs. Pat Murphy, Lipscomb and Mrs. Clyde Pugh, home demonstration agent.

Terry Shackelford Is Party Honoree

Mrs. Gordon Shackelford entertained with a party, Tuesday afternoon, honoring her son Terry on his fifth birthday. Mrs. Drew Ellis assisted with the entertaining.

Games were played. Flags were given as favors.

Birthday cake and ice cream were served to James and David Pitts, Joe Staley Champion, Johnnie Champion, Bob Boxwell, Bob McCutcheon, Joseph LaMaster, Kenny Sims, Douglas Miller, Clifford Ray Phelps, Adrian Allred, Jack Watson, Steve Dunkle, Scott, Sally and Steve Sanford, Billy Max Miller, Deanna Phelps, Jan Lee, Linda Ellis, Zaffrin and

Black HD Club Meets Tuesday At Clements Home

A good collection for the March of Dimes was taken up at the Black Home Demonstration Club when they met Tuesday in the home of Mrs. E. D. Clements with Mrs. Bill Brown as co-hostess.

Club members also decided to have a bake sale with the Waka Club on Saturday, February 23 for the purpose of aiding the Brownies of Waka. A Come-As-You-Are party is to be held in the near future.

Mrs. C. U. Pope was elected year book chairman; Mrs. O. J. Crain, exhibit chairman, and assistant reporter; Mrs. Bill Brown, marketing chairman; Mrs. J. C. Hayden, program chairman; and Mrs. Herbert Butt, expansion chairman and finance chairman. Mrs. Fred Moses and Mrs. O. J. Crain were in charge of the program; the former reading the "By Laws of Our Club" and the latter discussing the "Texas Home Demonstration Association."

Mrs. Wayne Bryan was honored for an anticipation shower which was held immediately after the program. Pink carnations and a stork placed inside a diaper centered the lace covered table which was surrounded with gifts. The honoree opened them and passed them around for the other members to enjoy with their refreshments, which were individual name cakes, ice cream coffee, chicken sandwiches and mints and nuts placed in pink and blue diapers. Mrs. J. C. Hayden took flash bulb pictures of the group for the scrapbook.

Those present were Mesdames: Roy Leicht, G. A. Burger, O. J. Crain, Bob Skinner, L. L. Rawls, Fred Moses, J. C. Hayden, Wayne Bryan, Bill Brown, Herbert Butt, Sam Hicks, and E. D. Clements. The next meeting will be with Mrs. O. J. Crain on February 5th.

Betty Brownlee, Kay and Susie Carpenter, Bryna Crum and the honoree.

The 45th annual invitation track meet of the Millrose A. A. will be held Saturday, Jan. 26, in Madison Square Garden.

The University of Arizona scored a 167-0 victory over Camp Harry Jones during the 1950 football season.

PHILIP MANGONE... The boxy jacket and pleated skirt from an important suit silhouette for spring shown here in navy and white check with sailor collar, navy skirt and blouse.

Celebrates Fifth Birthday Monday

Bryna Crum, daughter of Mr. and Mrs. Norman Crum, 302 South Coigate, celebrated her fifth birthday, January 21, with a party at her home.

Mrs. Willard Miller and Mrs. Clyde Carpenter assisted Mrs. Crum with the party.

Favors were rubber balls. A "Bozo at the Circus" theme was carried out in table decorations. Cup cakes, topped with a lighted candle, ice cream and an orange drink were served to Gil Mize, Ann Beck, Vaneta Kay Brown, Susie and Kay Carpenter, Nancy Crum, Tony Miller, Linda Ellis, Terry Shackelford, Johnny Davis, Jimmie McAnally, Jenette Cudd, Steve Spencer, Johnnie Champion, Sally Sanford, Jimmie Carter and the honoree.

Rangerettes Get Sportsman Trophy

The Rangerettes brought home the sportsmanship trophy from the Gruver basketball tournament last week, and placed two members on the all-tournament team.

Named to the all-star group was Betty Schnell, forward, and Marilyn Richardson, guard.

The Rangerettes won their first game, defeating Spearman, 36-23, then lost to Claude, eventual champions, by a 38-21 score. Their second loss was to Stinnett by a score of 39-24.

Sanford Hospital Births

Mr. and Mrs. Melvin Drum, daughter, Cynthia Kay, born January 16.

Mr. and Mrs. Irvin Drake, Jr., son, Thomas Irvin, born Jan. 17.

Mr. and Mrs. V. A. Wilborn, son, Vaughter Anderson Wilborn, Jr., born January 18.

Can't Bear It

BANFF, Alta. (AP)—A woman and her son leaving the upper Hot Springs Pool recently were startled—to put it mildly—when a mother grizzly with two cubs stood in the road a few yards away. Hurrying back to the Hot Springs office, they telephoned a warning to the folk at their own house nearby.

The woman's husband discharged a shot gun into the air to get the bears headed for the mountain bush again.

Bird Man

CARLSBAD, N. M. (AP)—Jimmie Cox not only doesn't mind getting a bird but he actually goes after them.

Superintendent of New Mexico's game farm at La Huerta, Cox will soon go to the Middle East for six months of study and collection of exotic game birds.

Among other birds he hopes to bring back to New Mexico 500 chukars to provide the state with a chukar hunting season within ten years. The chukar is a fast and elusive bird of the partridge family and about 2½ times the size of a quail.

An English law of the 15th Century forbade anyone under the rank of baron to wear shoes with leather soles.

University of Arizona trainer Art Badenoch says he uses close to seven miles of adhesive tape during the football season.

Stop the Clock

BERKELEY, Calif. (AP)—Have you wanted to stop the clock when time seemed to be getting away from you?

If you could get off the earth and hurtle through space at the speed of light—186,000 miles per second—earth time would never change for you, says Dr. William B. Fetter, associate professor of physics at the University of California.

"Similarly," says the professor, "if it were possible to send your wrist watch flying through space at the speed of light, it would never tick off another second of earth time."

RESOLUTIONS OF RESPECT

IN MEMORY OF Brother Clyde E. McGarraugh who died January 19, 1952.

ONCE again a Brother Mason, having completed the designs written for him on life's trestle

board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward the white stone with the new name written thereon.

And Whereas, the All-wise and Merciful Master of the Universe has called from labor to refreshment our beloved brother, and he having been a true and faithful member of our beloved Order therefore be it

RESOLVED, That the chapter of Ochiltree Lodge, No. 910, A. F. & A. M., of Perryton, Texas, in testimony of our loss, be draped in mourning for thirty days, and that we render to the family of our deceased brother our sincere condolence in their deep affliction and that a copy of these resolutions be sent to the family.

FIRE DAMAGE—Firemen inspect damage done Thursday by a fire at Witt Repair Shop, 9 1/2 South Birch. Mrs. Vernon Witt, center, discovered the fire at 3 p. m., but was unable to extinguish it with a small fire extinguisher. Firemen pictured above are Sammy Phelps, Fire Chief Tom Waugh, Gus Henshaw and Lester Norris. Damage was estimated in excess of \$750.

Drought Hits Birds

RIVERSIDE, Calif. (AP)—Southern California deserts, in the throes of one of the longest dry spells on record, 7 years, are turning an uncolorful gray and even the most drought resistant

shrubs are dying.

Even with the return of normal rainfall, it will take nature many years to replace these plants, said Edmund C. Jaeger, naturalist and authority on desert flora and fauna.

Jaeger said that desert birds have been especially hard hit during the current dry spell. When the plants die the insects disappear, and they are an absolute necessity in the diet of many birds. "If the mature birds find a scarcity of insects they won't nest," he said. "This means that the birds, naturally short-lived, will die without reproducing."

New Jersey sportsman William G. Helis, Jr., has a string of 28 thoroughbreds at Gulfstream Park in Florida.

New War-Dead Site

NEW DELHI (AP)—Concentration of 600 World War II graves from civil and cantonment cemeteries in West Pakistan into a new Karachi cemetery will finish by the end of 1951, said Brig. Gen. H. N. Obbard, chief administrative officer of the Imperial War Graves Commission.

"In India, about 1,200 war graves still remain to be concentrated, of which the majority will be re-buried in a new war cemetery in Madras and the remainder in existing war cemeteries at Gauhati, Assam, and Ranchi, Bihar," he added in a statement.

HEALTH FOR ALL

Cold Complications

Two of the most painful complications of the common cold are an earache and sinus trouble. And they are frequent complications of a cold.

Earaches don't always follow a cold, of course, and may start up without any "cold" signs, just the sudden aching of the ear. Most people have at one time or another experienced a sudden earache that just hurts awfully bad and then by the time you get to the doctor there is no ache left at all; that type of earache is often caused by a tiny blister, blob, which forms in the ear, flares up for a brief period and then subsides without any aftereffects.

More serious and more prolonged is the inflammation of the middle ear which is called otitis media, which may follow a cold. This earache starts up a little slower, usually with a feeling of fullness in the ear which you can relieve by swallowing or yawning. If you have a cold at the time you probably hear bubbling and cracking noises in your ear when you blow your nose.

But then the inflammation usually flares up with yawning no longer relieving the pressure, and you may get a severe headache along with a ringing, roaring or buzzing in your ear or ears. When the middle ear becomes completely filled with liquid, your hearing is not good and your own voice sounds unusually loud to you.

That is every indication that you have a complication from your cold or else a well-developed earache. It may last a few days or more than a week and you need to stay in the house, eat a light diet and drink plenty of water. If you have a fever, you should be in bed.

But you should not put a thing in your ear without your doctor's advice. Aspirin may help relieve the pain or quiet the disturbing noises or it may be that stronger drugs, such as codeine or morphine, may be necessary; they should be taken only upon a doctor's advice, of course.

Ear drops, hot water bag, or electric pad may offer relief, as your doctor prescribes, but used promiscuously they may make matters worse. The sulfa drugs and penicillin are often prescribed for such an earache but it is still necessary in many cases for your doctor to puncture the tympanic membrane, sometimes more than once.

Earaches and sinus infections can lead to very serious complications themselves and deserve the most professional medical attention; they should never be "treated" by haphazard, guessing home remedies.

There are many varied treatments for sinusitis, that distressingly painful inflammation of the air cavities which join the nose. These cavities (sinuses) are lined with mucous membrane, a continuation of the same wet tissue that lines the nose, and frequently fill with infected material from the nose during or after a cold. The sinuses lie above, behind and below the eyes.

The treatment that is ideal for one sinus patient will often prove inadvisable for another. Irrigations, packings, mists of penicillin or streptomycin and surgical treatment are all entitled to a place in the medical relief of sinusitis, depending upon

your doctor's preference for your particular case. There is no one method that has been accepted as the preferred treatment of all cases.

Your doctor will explain the different methods to you and what results can be expected from each. When sinusitis sufferers get together, they almost always are interested in treatment that has been successful for someone else; such is the pain and suffering in many cases of sinusitis, that the patient is willing to "try" anything. With sinuses forming a direct communication with the brain, the wrong treatment can certainly do more harm than good. Individual treatments must vary as greatly as individual nasal structures do and you must have confidence in your physician and his choice of method of relieving the congestion known as sinusitis.

West of Gray

By Mrs. D. W. Springmeyer

The REA reached the Hubert Hood home this week.

Tuesday evening the Gray Church had a missionary, Rev. and Mrs. Norman Parish and children, Norman Jr. and Kenneth, of Columbia, South America bring the message.

The young people from the People's Chapel of Perryton entertained with a few songs.

The six churches represented were the Bethel Baptist Church of Hardesty, the People's Chapel of Perryton, the Balko Apostolic of Balko, the Full Gospel of Perryton, the Church of Christ and the Gray Church.

The county road equipment company is building and grading up the road in the Gray community by the Springmeyer, Cecil Watson and McDonald farms.

Mr. and Mrs. Dave Springmeyer and Clifford Miller made a business trip to Beaver Monday.

At the Workers Conference in Hooker Thursday night there were one hundred and eighty men present.

The W. M. U. ladies of the Bethel Baptist Church will meet in the home of Mrs. J. D. McDonald Tuesday afternoon.

Gerald Gibson celebrated his birthday January 14 and Kenneth Hood celebrated his birthday January 19.

We were sorry to hear about the illness of Mrs. A. B. Pennington, who is in the Perryton Hospital. We hope that she is recovering and will soon be home.

Some of the men from the Bethel Baptist Church will work on the church Tuesday.

Looting Stops

SINGAPORE (AP)—An American shipping lines representative has returned from Indonesia with reports that looting—for a long time the scourge of shippers—has virtually ceased in Jakarta's main port of Tanjung Priok.

T. J. Cokey of American President Lines, said Tanjung Priok is the "best operated port in Indonesia today."

Gerald Staley, 31-year-old right hander, pitched the St. Louis Cardinals to 19 victories last season. The recent draft of minor league players by the majors required 82 pages to name the players on minor league rosters.

Switzerland was founded in 1307. The meeting of the representatives of the three cantons on a mountain led Rutli in 1307.

City Taxes

Without Penalty

The City of Perryton

M. M. CUDD, Tax Assessor - Collector

Notice

TAXPAYERS

Your 1951 TAXES are now due and must be paid before the first day of February, 1952 to avoid penalty.

Notice in regard to you POLL TAX as we do not have any poll tax assessed on the 1951 tax rolls it is impossible for us to know who has paid without checking our monthly reports, so if you want to vote make sure you have your poll tax receipt.

WARNING: Midnight January 31st is deadline for issuing Poll Tax receipts.

EXEMPTIONS: (1) If you have become 60 years of age before January 1, 1951, no exemption is necessary. (2) If you have become 21 since January 1, 1951, exemption is necessary and may be obtained at any time, however the exemption must be obtained 30 days before any election that you wish to vote in. (3) If

you moved from another state to this county since January 1, 1951, you must have an exemption; and you must have lived in the state a year and the county six months prior to election to be eligible for that exemption. (4) If you become 60 years of age during 1951, you must pay a Poll Tax before February 1 in order to vote in coming elections. (5) If you are in doubt, check today with the Ochiltree County Tax Assessor-Collector office.

1952 Automobile license fees CANNOT be paid before February 1, 1952—however, they must be paid between February 1 and April 1, 1952.

Pay Your Taxes Now!

Your County and State Taxes are deductible from your income tax.

MILLIONTH DISPLACED PERSON FINDS NICHE — Alexander Ranezay, 47, publicized last fall as the one-millionth displaced person when he and his family entered the U. S. from Czechoslovakia, works at his new job in a Los Angeles furniture factory. The Ranezays, with their two daughters, first settled in Texas, but moved to California after a misunderstanding with the Texas family that sponsored their immigration. Ranezay, happy with his work, said the "old country" method of operating a lathe was by use of a foot treadle. (P) Photo

1951 School Taxes Due!

1951 taxes for the Perryton Independent School District are due and payable on or before January 31, 1952.

Taxes which are not paid by that time will become delinquent on February 1, 1952, and will take a penalty, with interest to be added until paid.

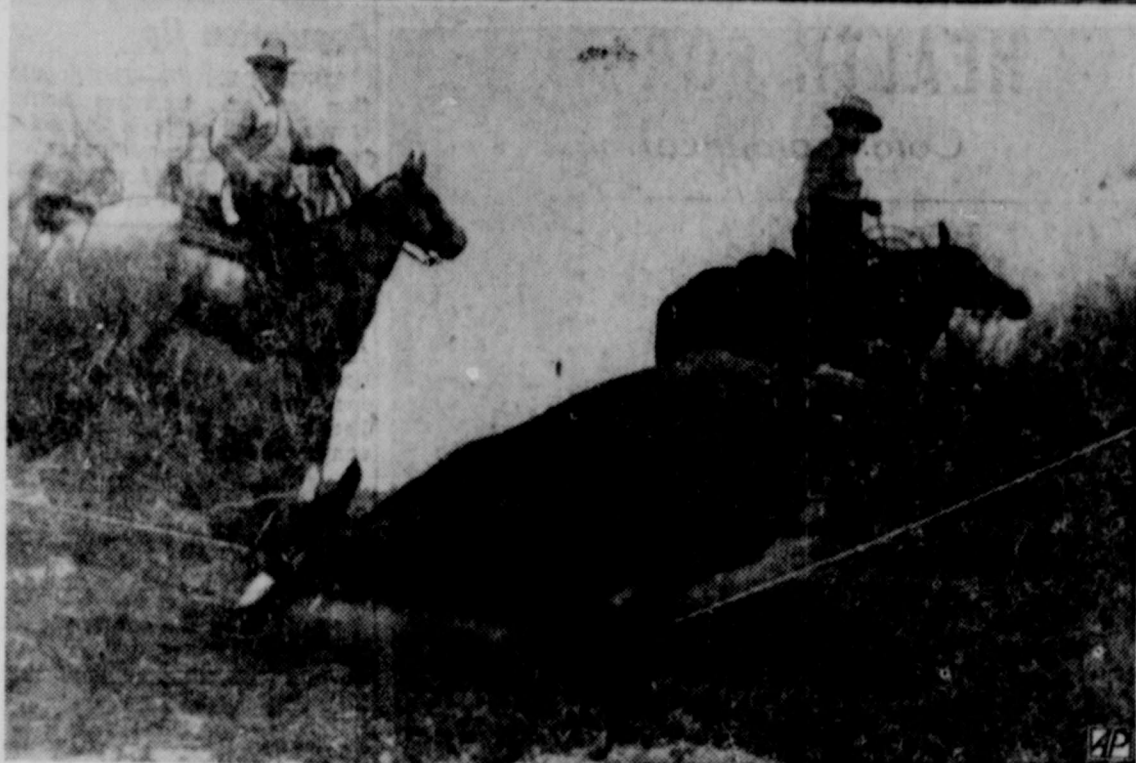

All property owners in the district are urged to pay their taxes before the end of the payment time.

Perryton Independent School District

Orlan Bell — Collector

for money. However, he subsequently explained the needs of the British people for materials and equipment. The darkness of the situation in the Near East was not minimized and he did not attempt to soft-pedal the great responsibilities that are faced on the European continent and in the Far East. In my opinion, his words reflected full recognition that this country is expecting value received for additional foreign expenditures; that the American people are not going to pour out funds for foreign aid unless they retain the reins of control on the expenditures. I also feel that his speech was intended as a clear warning that the English speaking people must remain united if they are to meet the full requirements that will be required by the aggressive communism that now plagues the world. The full import of his remarks will be made more clear by the demands that will be made upon Congress within the next few months.

As I stood in the chamber during the ceremonies, the terrible thought occurred to me that if Russia should drop an atomic bomb at that particular instant, practically the entire officialdom of the United States, the head of the British Government, and prominent officials from the other governments of the world would be wiped out in one fell

MAVERICK STEER CAPTURED—This scoundrel hit the dirt after a four-mile chase in the bottoms of the White Oak bayou near Houston, when Deputy Charlie Asbeck put his rope on the critter. Two years old, the maverick steer has been roaming the bayou banks for a year and a half—getting fat on his exclusive pasture. (L.P. Photo)

swoop. At this thought I immediately began to search the chamber for representatives of the Russian Embassy and was unable to locate any.

FARMERS AND RANCHERS: In a prior newsletter I called attention to the attempt by certain groups in this country to do indirectly what the Congress would not do directly. That is, extend the coverage of interstate commerce to all segments of American business. Such procedure would place many of the small businesses under regulatory measures to which they are not subject unless they are engaged in interstate commerce. Until recent years a business man, farmer or rancher could decide for himself whether he would engage in interstate commerce, but under the late decisions and administrative rulings, this right of election has been practically lost. The farmer and rancher is at present under interstate commerce regulations. This means that he is subject to regulation by all federal laws, including the Fair Labor Standards Act, which is the act that provides, among other things, minimum wages and maximum hours. The only reason that the farmers and ranchers are not subjected to the minimum wages and maximum hours provisions of the Act is because of an express exemption contained in the Act. Should this express exemption be repealed, either directly or by inference, the farmer and

rancher would be required to comply with the minimum wages and maximum hour provisions, including the provision for time and a half and double time. The farm and ranch organizations should keep this matter primarily in their thoughts, as it is most important to all. A repeal of that express exemption could do untold damage to the farmer and rancher, especially those in our section of the country. The forces that advocate such repeal are still at work, but most of us here who are interested in agriculture are on the alert concerning this, and want you to be the same.

THE TIDE LANDS: You can expect the Tide Lands issue to be pressed hard within the next few weeks in the Senate. The vote on the bill will be a pretty good indicator of its chances to pass over the almost certain presidential veto.

Food Outlook: Plenty to Eat At Higher Cost

By CECILY BROWNSTONE
Associated Press Food Editor

Mrs. America can count on 1952 menus featuring everything from soup to nuts—and plenty of it. It looks as if there would be even more food available in the next 12 months than there was in '51. But the chances are that by the middle of the new year, it will cost somewhat more than it did in 1951 to set the family table. U. S. government agricultural economists say the trend to higher prices shows no sign of letting up.

Starting with breakfast, there will be plenty of cereal food products around. But the cost of cereals at the grocery store probably will reflect 1951's higher grain prices.

There will be lots of milk to pour on your bowl of oatmeal or corn flakes, or to drink (even though fluid milk is expected to advance in price), but there will be less butter for your bread.

Like a couple of eggs, with a strip of bacon or some frizzled ham, after your cereal? The U. S. larder should hold even larger supplies of eggs than heretofore, and 1951's outstandingly large pork crop will provide good eating for the first half of '52.

Sugar in your coffee? A record world output means that you'll probably have plenty to sweeten the taste of that high-priced beverage.

Going on to lunch and dinner, it may cheer you to know that supplies of beef are showing an increase. Better get out recipes for Swiss steaks, pot roasts, and stews, since much of the beef will be grass-fed and need long slow cooking. Look up some Italian recipes, too, because there's an increase in veal. And what better to do with veal cutlets or shanks than to cook Scallopine a la Marasala or Ossi Buchi Milanese?

You can also look forward to a few more lamb chops—but not many, because lamb production is not expected to rise far above the extremely low level at which it's been.

Turkey every Sunday may give chicken a run for the money. Farmers are paying heed to the growing popularity of small turkeys and raising increasing numbers of these delicious young birds for year-round consumption.

When you change to fish for a main dish in '52, you'll find more fresh and frozen, a little less canned, than in '51.

Large packs of canned and frozen vegetables will help round out meals. So will white potatoes. Sweet potato supplies are short and will bring high prices until the 1952 crop is harvested. As usual there will be plenty of dry beans and peas.

Grapes and cranberries from fall harvesting are in large supply; but so far it looks as if we

Rangers Beat Follett, Lose To Guymon

The Rangers beat Follett Friday night, 47-43, and lost one to Guymon Tuesday night by a 41-23 score. This brings the season mark to 9 wins, 9 losses.

In the Follett game, the Ran-

gers were behind at the end of the first period, but pulled out front at the half, 24-15. They led by five points at the end of the third period and kept their lead to the final gun.

B. R. Fletcher and Charles Patterson tied for high point honors with 12 apiece.

In the Guymon game, the Rangers were behind only 29-28 at the end of the third period, then

four regulars fouled out and Guymon went into the lead. The final score was 41-32.

Laurel Lovett was high point man for the Rangers with 9.

The first sawmill in the West is believed to have been built in 1827 at Fort Vancouver, Washington by the Hudson Bay Co.

Boat Builders

MOOSONEE, Ont. (AP) — The hardy Roman Catholic missionaries who serve the Indians of James Bay and Hudson Bay have completed a major engineering job.

Three lay brothers of the Oblate Order have constructed a 59-foot, 35-ton power-boat in a shed beside the frame palace of Bishop Henri Belleau.

Christened the Notre Dame de L'Esperance (Our Lady of Hope), the new vessel returns the seagoing "fleet" of the Oblate missionaries to its full complement of three ships.

would have fewer apples and pears than in '51.

There will be as much canned fruit available as last year, as well as good supplies of canned fruit juices.

We probably will eat more dried fruit in 1952 than we did in '51 because we have larger supplies at lower prices.

What else besides fruit for dessert? The news is that there will be enough ice cream to meet our increased demand for it—although production of this favorite dessert will mean a smaller quota of butter.

RED SHIELD AWARD TO PRESS OF TEXAS—Lt. Col. John A. Morrison, right, Texas commander of The Salvation Army, presents the Army's Red Shield Award to Brad Smith, Weslaco, president of the Texas Press Association. The gold plaque is inscribed: "To the Press of Texas in appreciation of outstanding and sympathetic coverage of the human welfare and religious activities of The Salvation Army." The shield was presented in Austin at the 5th annual Mid-Winter meeting of TPA. "How well you have told our story is evidenced by the fact that last year The Salvation Army in Texas spent one and one-half million dollars in a far-reaching spiritual and welfare program throughout the state," Colonel Morrison said. "You let the people know the need, and they furnished the means to meet that need."

THIS NAME has stood the TEST OF TIME

For three generations, the name "Ford" has held the confidence of the American people—particularly of America's farmers.

To the farmers in this community the Ford name is a promise of sterling value; a pledge of lasting satisfaction; a symbol of leadership in farm power and transportation.

The name "Ford" on a tractor today means volume production resources unique in the farm equipment field. That's why we can sell the Ford Tractor for a low price and give you a generous measure of extra value for that price.

And don't forget that a Ford Tractor, after years of use, will sell for more at trade-in time!

News From ANTHONY

By Mrs. Carl Carter

Mrs. Leon Morris, Mrs. Vernon Ratzlaff, Mrs. Ralph Bobbitt and Mrs. Leroy Bobbitt, were among the 26 Home Demonstration Club women of the community who prepared and served the annual 4-H Banquet last Monday evening at Beaver in the Legion Hall. The Achievement Banquet is prepared and served by the Home Demonstration Council each year to the members of the 4-H clubs of the county and their parents. This year there were more than 600 people who were served the meal and who enjoyed the program of awarding the noteworthy members, and the program in song given by the Goodwill College Choir. There are only a few members in this community who are eligible to be 4-H members. The past year there were only Kay Myers, Patricia Savoy, and Cleta Carter, who were members. The Anthony Home Demonstration club gives a 4-H jacket as an award each year for the best record book displayed for the first year work. Their jacket went to Coleen Machino. These youngsters are beginning to look forward to this event for each year.

Members of the Beaver County Chorus, who were not ill, went to Forgan Tuesday night to give several numbers in song to the Forgan PTA. There was a nice crowd and they served nice refreshments at the close of the meeting. Those Anthony members able to attend were Mrs. Glen Myers, Mrs. Carl Carter and Mrs. Leroy Bobbitt.

Floyd Myers took his wife to Halstead, Kans., to the clinic on Wednesday morning. He returned on Friday. Mrs. Myers stayed for further treatment.

Mrs. Glen Myers, Mrs. Ralph Bobbitt, Mrs. Leon Morris and Mrs. Leroy Bobbitt drove to Beaver Wednesday morning where they picked up Miss Reynolds and Eldon Nelson, County agents, and took them to Woodward to the district meeting of the Rural Progress Committees, with Mr. Bowman of Stillwater. This meeting was for information for the years work which will be reported in March.

We were sorry to hear of the injury of Elvin Gregg in the Beaver Sale Ring last Wednesday. A steer gave Elvin a rough time when he could not get away from the animal after the steer had struck him down from the back. He suffered a broken jaw bone in two places, as well as several deep cuts and bruises. From all reports he is doing as well as he could at this time and doesn't seem to have too much pain. Hope he is able to get out of the hospital soon.

We were sorry to hear of the death of the father of Mrs. Lloyd Brown. Mrs. Brown's father was Joe Hall, who made his home with the family for years near Turpin, but who in later years lived in the home of a son in Englewood, Colo. Mr. Hall has been in a hospital the most part of the last two years, and was in the hospital in Englewood when he passed away. Our sympathy goes out to the Brown family.

Lester Janzen has been very sick with the flu out at Goodwell school, and his parents went out there and brought him home with them for the week-end. Mrs. Janzen joined them here when her school was out for the week-end. We are glad he is better, and hope he is able to return to school soon. Other visitors in the Janzen home during the week were Miss Virginia and some of her nurse friends of Perryton, Mr. and Mrs.

ENTERS SENATE RACE—Price Daniel, Texas Attorney General, has entered the race for the U. S. Senate against Tom Connally. Daniels' announcement was made Monday night in a state-wide radio speech. He has achieved widespread fame in his fight for the Texas tidelands, in his campaign against organized crime and for his leadership in the Texas legislature while serving as Speaker of the House. He enlisted in the Marine Corps as a private and served in the South Pacific during World War II.

Johnnie Davis and family, and Mr. and Mrs. Jim Wallace.

Mrs. Leon Morris and Mrs. Carl Carter enjoyed attending the meeting of the Beaver OES Thursday evening when they had their District Deputy present. There was a large crowd out to welcome the district deputy.

The Glen Myers are about to get straightened up after a case of the sore throat at their house. They had an excuse to go to town every day for penicillin shots all last week. We are glad they are feeling better.

After two or three phone meetings this week, our men are about ready to get started putting up our own neighborhood line. Of course we would be happy for a line into some switchboard, but until that day

comes, a small line will help. Mr. and Mrs. LaVern Davis took their daughter to Oklahoma City to the Balyeat Clinic Saturday evening. They left the baby with the Johnnie Davis while they are away. We do hope the little girl can be helped at this clinic. She has had to miss so much school this year.

Mrs. Alta Ford has been visiting in the home of her brother, Leslie Bobbitt, this week. Mr. Bobbitt and the Leroy Bobbitts took her back to her home at Cherokee Sunday. They were to drive on to Enid on business, before returning.

The Leon Morris visited in the Buck Sharp home at Hartley on Saturday and drove on to visit the Hampton's at Stinnett, before coming home. They found Mrs. Hampton improving satis-

Population Up

SINGAPORE (AP)—The population of this thriving British crown colony city has jumped 82 per cent in the last 20 years. Population in 1931 was 557,745. It's now estimated at 1,015,453.

Iowa Farm Ownership

DES MOINES (AP)—More Iowa farmers owned the farms they operated in 1950 than any previous time in 23 years of record keeping, the annual state farm census shows.

For the whole state, 17,201,421 acres were owned by farmer-operators. That's 49.6 per cent of the farm land.

factorily from the car wreck she was in some time ago.
