Storm Flags Go Up As Hail And Dust Hit State

FIESTA QUEEN—Carolyn Symes, center, a junior at Monterey High School in Lubbock, was selected by judges to reign as queen of the Fiesta Pan Americana held here yesterday. She is shown with the girls selected as runner-ups in the contest, who were the queen's ladies-in-waiting. They are Carol Caldwell, left, A Littlefield high school junior, and Deanne Devers, right, Snyder High School. The coronation ceremonies were held at 2:30 o'clock yesterday in the high school auditorium. (Lee Watson photograph)

SNYDER SPOTLIGHT

By WACIL McNAIR

We can say with certainty that the firemen know how to put on a barbecue. The meal itself was the center of attraction when the Mid-West Texas Firemen's Association held its feed Thursday evening in the Towle Memorial Park pavilion. No long-winded speeches (no speeches at all, in fact) and nothing else to delay the principal activity.

Perhaps that is standard procedure for firemen. They can't get themselves involved in side issues and delaying tactics while performin gtheir duties. Their system is entirely satisfactory for a barbecue.

* * *

The mix-up in dates concerning the Snyder-Rotan baseball game the other day reminds us of a problem faced by a couple of high school basketball teams a few years ago. As you probably read on the sports page, Snyder thought Rotan was coming here Wednesday for a baseball game, but Rotan thought the game was booked for Thursday. They finally played Thursday.

The two basketball teams referred to above didn't reach a solution so easily. Each thought the game was to be played on the home court of the other, and the schools were located some distance apart. Their school buses met each other on the highway, and they wound up with a visiting team at each gymnasium, but no home team.

* * *

Politics is beginning to simmer on the home front, after boiling for several months at the national and state levels. There won't be as many races locally as in the past, because county offices have gone into four year terms. That means that only part of the local offices will be open in each primary. Those elected this year will be in office four years, while those not "running" will be in the race two years from now.

* * *

Snyder was fortunate enough to be host to a second large gathering of high school students Saturday when the Fiesta Pan Americana was held here. This big event followed the West Texas Music Festival by only a month. The music festival, of course, is our very own, having been established here last year. The Fiesta came our way by invitation, and is rotated among participating schools.

* * *

Weather prophets have been scarce hereabout during the past week. At this time we don't feel constrained to take matters into our own hands.

Sons Of Republic

VICTORIA, Tex., April 14 (AP)—The anual meeting of the Sons of the Republic of Texas will be held April 20 in Houston, Joseph Wearden of Victoria, president, said today.

The program will open with a dinner at 6:30 p.m.

About 1,500 Here For Fiesta Event

About 1,500 students and teachers of Spanish from 30 schools in West Texas and Eastern New Mexico attended the Fiesta Pan Americana here yesterday sponsored by the Llano Estacado chapter of the American Association of Teachers of Spanish.

In a wide series of contests Monterey and Tom S. Lubbock high schools of Lubbock predominated in winning, although there were some winners from almost every school represented.

Carolyn Symes, Monterey high school, Lubbock, was chosen queen of the fiesta, and her runner-ups who served as ladies-in-waiting were Carol Caldwell, Littlefield, and Deanne Devers, Snyder, in that order.

Lee Edelman, Snyder, won first place in a contest held on the cooking of Spanish chicken, while Clarice Cornett, Brownfield, took first place in the cooking of enchilados, and Hinda Kahn, Tom S. Lubbock, took first place in cooking pralines.

Judy Jersig, Hereford, took first place in Spanish rice cooking, and Mary Hoffman, Matthews junior high, first place in the Spanish rice contest for junior high schol students. Mary Sue Hand, Matthewsjunior high, took first place in that division of the pralines cooking contest, and the enchiladas contest in the junior high classification ended in a tie for first place between Brenda Sparks and Tommy Thomas, both of Rotan Junior High School.

In the music contest Karleen Roberts, Snyder, won first place, and in the vocal chorus contest Tom S. Lubbock, Clovis, and Snyder high schools placed in that order.

In the vocal ensembles contest, Tom S. Lubbock won first place with a trio, and Plainview won second with a girls duet.

Mary Pfingsten, Lubbock, won the solo singing contest.

In photography contests, Zan Smith, Tom S. Lubbock, won first place in the black and white division, and Nelson DeLovan and

Murder With Motor Vehicle Charge Filed

A complaint alleging murder with a motor vehicle has been filed against James A. Doyle, identified as driver of an automobile involved in a collision near Camp Springs last Tuesday night.

Renal Rosson, district attorney, said that a motion was being filed to dismiss an indictment against Doyle alleging driving while intoxicated. Rosson said that an error was made in drawing up the indictment, and that it was not discovered until the indictment had been returned. Rosson said that the new complaint would be referred to the grand jury.

Mrs. W. H. Tally was killed and her husband was injured in the collision near Camp Springs.

Johnson Backed For Presidency

BY BO BYERS

AUSTIN, April 14 (AP)—Mayor Tom Miller and financier E. H. Perry Sr., who voted for President Eisenhower, became co-chairmen of a "Johnson for president committee" today to boom Sen. Lyndon Johnson as a full-fledged candidate.

Miller is a long-time fund raiser for the Democratic Party. Perry has been a steadfast supporter of both Johnson and Gov. Shivers.

Miller and Perry said they agreed to serve as co-chairmen at Johnson's request.

Their selection was an obvious stategic move for Johnson to discredit Gov. Shivers' charge that Johnson appears too closely aligned with the liberal faction to merit support of conservative Democrats in Texas as a favorite son candidate for president.

Shivers and Johnson both seek control of the May 22 state Democratic convention. The victor will say who heads the Texas delegation to the national convention. Both Shivers and Johnson have indicated willingness to accept that job.

Miller said in a radio and TV speech he was "proud to accept the co-chairmanship of the Johnson for president committee."

Johnson arrived unexpectedly from Washington yesterday and was reported at his ranch near Johnson City.

Austin financier E. H. Perry Sr. was reported asked to serve as the other chairman.

Miller is a close friend of Johnson.

Without referring to Gov. Shivers by name, Miller said:

"Those who want the Texas voice to be heard with respect nationally will certainly not turn around now and fight to keep a Texan off the national ticket."

Shivers, in the position of challenging Johnson for the chairmanship of the Texas delegation to the national Democratic convention, has said he might support Johnson as a presidential candidate if the senator does not align himself too closely with the liberal faction of Texas Democrats, such as the PAC, NAACP or DAC.

Miller, whose speech came within 24 hours after Johnson paid Austin a surprise visit, denied Johnson is siding with any faction.

"Many Texans have protested factional groups trying to take over the Democratic party," he noted. "We can't fight factions by becoming a faction or championing a factional candidate.

Lyndon Johnson is not a factional candidate.

Benson Blasts Measure

AUGUSTA, Ga., April 14 (AP)—Secretary of Agriculture Benson today called the politically explosive farm measure "a bad bill" but said President Eisenhower still was undecided whether to sign or veto it.

The White House said, meanwhile, the President will announce a decision regarding the bill early next week, possibly Monday.

At a news conference after a long meeting with Eisenhower, Benson said he felt the President "is nearing his decision," but added:

"I am quite sure it has not been made in his own mind yet. It is a very difficult decision to make."

Earlier this week the President said he did not think the bill measured up to the standards of good legislation. But he had said still earlier that he would not insist on perfection if he could get farm legislation he considered generally good.

A reporter asked Benson: "With all the administration objections to this bill, do you really think there is a serious chance that the President might sign it?"

Benson smiled and replied: "I think there is always a serious chance until the President makes up his mind and makes his decision."

Eisenhower will end a week's working vacation here tomorrow afternoon and fly back to Washington. He plans to confer with Benson at the White House Monday morning. The chief executive's decision on the farm bill could be announced after that.

Benson said Eisenhower probably will accompany his decision with a public statement, but the secretary said there had been no decision yet on whether the President will make a television-radio adress to explain whatever action he takes.

Filtration Plant Sets Open House

An open house to exhibit to the public the city's water filtration plant and other facilities will be held all day next Thursday at the plant at Thirty-second Street and Avenue M.

The city council Friday night approved city expenditure of money to pay for free coffee and refreshments to be served to visitors of the plant during the open house.

Harold Bennett, mayor, said: "The city has a fine water processing system and it is important that the citizens of the community see and understand the facilities necessary to guarantee an ample supply of highly pure water."

"The plant is one of the finest of its kind anywhere," Roy Dunlap, city manager, said.

The council also approved Friday night the final payment on cost of construction of the plant. The final payment was for $27,278 to be made to the Houston Fire & Casualty Co. All local equipment suppliers and contractors have been paid for their services or materials used in construction of the plant, city officials said.

Man Wielding Knife Is Killed By Police

SAN ANTONIO, April 14 (AP)—A 25-year-ild man armed with a butcher knife was killed by a hail of police bullets today.

Bernardo Castellano was dead on arrval at a local hospital. He was hit by five bullets, fired when he advanced on an officer with the knife.

The shooting followed minutes after Castelano, an unemployed laborer, had beaten up his comon-law wife and her 73-year-old landlady, police reported.

Peace Justice B. B. Brotherman, called as coroner, returned a verdict of justifiable homicide.

Det. Charles Ruble fired three shots at the man, then had to jump away to avoid being slashed.

WEATHER

SNYDER TEMPERATURES: Friday's high 93; Low. 51; Saturday's 7:30 a.m. reading 65.

WEST TEXAS: Fair, cooler Pecos Valley Sunday. Monday fair, a little warmer.

3 Rescued From Lake

Swirling dust hit the Snyder area late Saturday as storm warnings were hoisted in North and East Texas.

Strong westerly winds kicked up dust that reduced visibility to about five blocks in Snyder, and stirred huge waves on Lake J. B. Thomas, 20 miles southwest of the city.

A rescue detail from the Snyder Fire Department was called to Lake Thomas shortly after 7 p.m. upon receipt of a report that some fishermen were stranded in a boat without a motor.

Three men, who had been towed to the west end of the lake by a motor boat earlier, were caught in their boat for some four or five hours when huge waves built up on the lake. However, the firemen learned that the men had been towed to safety.

The men in the stranded boat were identified as Pat Patterson of Ropesville and Elmer Wilson and Bill Preston, both of Meadow. No injuries were reported.

Thick dust clogged the atmosphere in Big Spring at dusk, but it was clearing there at 10 p.m. There were reports of strong winds and blowing dust all the way from the Panhandle into Southwest Texas.

Meanwhile, thunderstorms hit some areas in North Central Texas, and warnings of possible thunderstorms and tornadoes were posted for a big area of Northeast Texas.

By The Associated Press

One boy was killed Saturday night as pockets of high winds, rain and hail battered North Texas points and the Weather Bureau warned of looming thunderstorms and possible tornadoes in East and Northeast Texas.

The victim was Ronnie Green, third grader at Aledo, near Weatherford.

High winds carried away part of a barn at the farm of his father, A.J. Green, and crushed it against a shed 100 yards away where the child and a Negro worker, Louis Townsend, 22, had taken refuge.

Townsend suffered only minor injuries.

What were described as tornado-like winds—possibly a tornado—struck near Midlothian in the Fort Worth-Dallas area Saturday night.

First reports said it unroofed the Tom Ferguson house and did considerable damage to outbuildings and fences at the hime of Jack Anderson and his mother. Mrs. Perry Aday, wife of the Midlothian constable, said there were no immediate reports of injuries.

A mild dust storm moved in on West Texas behind the Pacific cool front which triggered showers in the North Central and northeastern sections of Texas. Visibility in late evening was less than a mile at several points because of dust.

In the wind and hail storm which hit the Weatherford-Aledo area, hailstones larger than golf balls fell along wth .62 inch of rain.

The Weather Bureau announced a severe storm warning in effect until midnight in an area 70 miles on either side of an almost straight line from Palestine, Tex., to Texarkana to 45 miles southwest of Little Rock, Ark.

A second warning of severe weather was issued for the area just north of Grapevne near Dallas at 8:20 p.m. It was cancelled at 8:45 p.m. when the Weather Bureau said that disturbance was dissipating.

At 9:30 p.m. the bureau said the dangerous conditions also were lessening in the East Texas area.

Lebanese Deaths

BEIRUT, Lebanon, April 14 (AP)—Seven persons were killed today when their house was dynamited by raiders in Yareen about a mile from the Israeli border, Lebanese security sources said.

Expansion Of City Planned

Opening of a new residential development south of Towle Park which would eventually become part of the city of Snyder was made possible Friday night by a tentative agreement reached between Prentis Bass and the city council.

Bass requested city permission to tie onto an existing city water main and extend the main at his cost through the proposed development to provide water for the residences.

Although the city has formerly adhered closely to a policy of not extending city utility services beyond the city limits, the council made the tentative agreement to permit the development. The agreement to be drawn up in contract from the approval of both Bass and the city later, will stipulate that Bass pay all expenses of installation of the necessary water distribution mains, and that the city sell him water at the end of the present main.

Bass said that he proposes to begin sale of lots for the housing development as soon as details can be worked out.

He also agreed that the city would have control of the lines he installs and that all installations would meet city specifications.

After the development is brought into the city limits, the city could then enter into an agreement with Bass to repay him for the utility lines under contracts similar to ones now enforce with other developers here.

The council also agreed at the request of Fred Cullum, another developer, to stand the full cost of a proposed 10-inch water main on Houston Avenue from Thirty-

See EXPANSION, Page 2

Strobel Cleared In House

WASHINGTON, April 14 (AP)—Peter A. Strobel was exonerated by a 4-3 vote of a House committee today of having used his official position as commissioner of public buildings for private gain.

But six of the seven committee members agreed that Strobel's private business interests had placed him in an "inconsistent and untenable position" which he finally realized by resigning.

Strobel, a New York civil engineer, resigned as boss of the government's billion - dollar real estate holdings last Nov. 8 at the conclusion of hearings by a House Judiciary subcommittee into alleged conflicts between his official and private interests.

He was appointed head of the Public Buildings Service in April 1954 by Edmund F. Mansure, then chief of the General Services Administration, with the understanding that he would be permitted to retain a financial interest in his engineering consultant firm of Strobel & Salzman.

Last fall's hearings produced testimony that Strobel, while a federal official, did business with other engineering firms on behalf of his firm and engaged in official activitly involving Strobel & Salzman clients.

In reporting their findings today three committee Republicans and one Democrat coneluded Strobel did not engage in any conduct that was unethical or in violation of the federal conflict of interest laws.

Ike Undecided On Farm Bill

AUGUSTA, Ga., April 14 (AP)—A White House official said President Eisenhower still was undecided today whether to sign or veto an election-year farm bill he doesn't like, but will announce a decision early next week.

Eisenhower and Secretary of Agriculture Benson discussed the politically controversial bill for more than two hours here this morning. Presidential press secretary James C. Hagerty told newsmen afterward that Eisenhower reached no conclusion.

Benson said after a long conference with Eisenhower that he is "quite sure" the President still is undecided whether to sign or veto the farm bill.

"The President wants to continue to study all the technical details of the bill prior to making a decision," Hagerty said.

But he added: "I would think it would be fair to write that he (Eisenhower) will act on the farm bill early next week."

Hagerty announced that the President will end a week's working vacation here tomorrow and fly back to Washington, arriving there probably in the early evening.

Eisenhower has said the bill does not meet the test of a good piece of legislation. And Benson said on arrival here that he still regarded the measure as unacceptable.

ROBERT R. PATTERSON

Patterson To Run For State Post

Robert R. Paterson, state representative from the 90th legislative district, announced Saturday that he would be a candidate for reelection to the 55th legislature in the Democratic primary.

Patterson, 44, is a Snyder lawyer and has served one term in the legislature. The 90th district is composed of Borden, Garza, Crosby, Kent and Scurry Counties.

"People generally are more interested in the state government than they have been in years, and their interest and awareness will be reflected in a constructive session of the legislature," Patterson said.

"The legislature is charged with the constitutional duty and responsibility of setting the policy for the operation of the state government. I hope that the 55th session will take a long, hard look at the overall picture, with the view of developing a more efficient governmental structure."

Patterson served as a member of the judiciary, oil and gas, motor traffic, and claims and accounts committees in the 54th Jegislature.

Fine For Influence Peddling Is Sought

TYLER, Tex., April 14 (AP)—The board of directors of the State Bar of Texas endorsed proposed legislation today calling for a $10,000 fine and a possible two year jail sentence for legislators who accept employment for pay to influence actions of state officials, departments or agencies.

The resolution was one of several recommendations made by the special state bar committee headed by former Governor Dan Moody which ended a two-day meeting today.

Escaped Honey Bears Have Sour Disposition

DALLAS, April 14 (AP)—If you see a pair of furry animals the size of house cats playing in the trees in the Dallas area, take warning: their temper doesn't match their name.

They are honey bears and escaped last night from the Marsalis Park Zoo.

Despite their sweet name, they have a sour disposition. They've bitten several zoo attendants.

CITY OFFICIALS TAKE OATH—Five members of the Snyder city council who took the oath of office Friday night are shown above repeating the oath read by K. O. Pitner, right, city secretary. From left are: J. H. Mixon, councilman, Harold Bennett, mayor, Dr. Robert H. Hartgrove, Steve Birdwell, and J. W. Phillips, councilmen. Mixon, Bennett and Birdwell were newly elected to their offices, while Phillips and Hargrove were reelected to their posts for another term. (Lee Watson photograph)

PREPARE CANCER CRUSADE—The annual educational and fund raising crusade of the Scurry County unit of the American Cancer Society will be held here next week. Some of the workers in the crusade are pictured above receiving materials for the campaign from their chairman, Mrs. Worth Sayner, right. Seated from left are: Mrs. Gene Dulaney, Mrs. Harold Brown, Mrs. F. F. LeFeuver, and Mrs. Ed Schulz, a group captain. (Lee Watson photograph)

Cancer Group Will Conduct County Drive

Arrangements have been completed for the annual crusade of the Scurry County unit of the American Cancer Society for next week.

The crusade will have a dual purpose—education and fund raising—and will attempt to reach 5,000 homes in Scurry County, R. B. Fulcher, general chairman, said.

Tuesday has been named Cancer Crusade Day nationally, and Harold Bennett, mayor, will sign a proclamation tomorrow to add emphasis to the importance of the day locally, Fulcher said.

Along with their fund raising efforts the workers in the crusade will distribute educational materials which outline the seven danger signals of cancer.

House-to-house chairmen for the crusade are: Mrs. Worth Sayner, Mrs. W. B. Lee, Mrs. Ed Bolger, Mrs. Tom Hartley, and Mrs. E. A. Brooks. Each of the chairmen will have group captains to head the various divisional drives.

Shepperd Is Ready To Join NY Fight

AUSTIN, April 14 (AP)—Atty. Gen. Shepperd is ready to help New York if the U. S. Supreme Court is asked to rehear the Slochower case.

The court ruled last Monday that Brooklyn College could not discharge Professor Slochower for refusing to tell a Senate Investigating Committee if he had been a Communist.

Cardiff, Wales, was first occupied as a Roman fort in the First century.

FIESTA

Continued From Page 1

Dwain Fuller both of Monterey tied for first place in the color division.

In the prose and poetry contest for junior high students, Alice Maldorado, Rotan, won first place; Norman Dot, Andrews, won first place in the first-year high school division; and Sam W. Lytal, Tom S. Lubbock, first in the second-year high school class.

I the handicrafts contest, textiles class, the embroidery contest was won by Gail Lambert, Matthews junior high, Lubbock, and Wanda Crafton, Tom S. Lubbock, in the high school division. In the costumes division Eleanor Clayton, Tom S. Lubbock, won first place. First place in a doll dress contest were won by Alice Maldonado, Rotan junior high, and Bonnie Graves, Tom S. Lubbock. Johnny Gonzales, Matthews junior high, won first in the junior high woodcarving contest, and Almedia Ratliff, Monterey, won first in the high school class.

All three first places in a pottery contest were won by Monterey students with Reeda Ivy winning first place, Judy Blank, second, and Gerald Tuberville, third.

School scrapbook awards in this order were won by Monterey, Tom S. Lubbock, and Snyder, with Plainview winning an honorable mention.

In vocabulary Barbara Woodson, Monterey, was first and Barbara McMennamy, Snyder second, for first-year students.

For second-year students in the vocabulary contest Carol Businger, Monterey, Celia Burnett, Tom S. Lubbock, and Garry Cunningham, Tom S. Lubbock, shared first place honors, Joyce James, Amarillo, second, Mary Presley, Midland, third, and Larry Williams, Snyder, honorable mention.

For third - year students Anne Brooks of Midland won first place.

In extemporaneous speaking Paul Cook, Monterey, won first in the first-year class; Diane Abbott, Monterey, in the second-year class, with Will Livingston, Snyder taking third place; and Howard Graves, Amarillo, first place in the third and fourth-year class.

In handicrafts, a Tom S. Lubbock student won first place in models contest; Pete Gonzales, Odessa junior high, first place in leather work, Gene Calvert, Monterey, first in metal crafts. In the poster contest Sharon Morgan, Snyder, won first place in the junior high school class, and Vivian Lowe, Tom S. Lubbock, first place in the high school class.

First places in the three divisions of the illustration contests were won by Jerry Thomas, Rotan, Margaret McDaniels, Midland and Carol Cromer, Lubbock.

In the creative writing contest, English division, Jan Cauthens, Monterey, won first, Jo Long, Tom S. Lubbock, second, Joyce Courtney, Amarillo, third, and Toni Best of Snyder, honorable mention.

In the Spanish creative writing division, Diane Abbot, Monterey, won first place.

The solo dance contest was won by Midland high school students, with Tom S. Lubbock students winning second place. In folk dancing Monterey took first place, Snyder, second, Brownfield third.

In the couples dancing contest the winners were Andrews first, Clovis, N.M., second, and Snyder third.

In group dancing Snyder won first place and Clovis second.

In the essay contest, Spanish division, Viola Hinojas, Snyder, won first place, and Flora Millis, Tom S. Lubbock, won first place in the English division, with Helen Carrell, and Toni Best, both of Snyder, winning honorable mentions.

No site was selected for the next Fiesta Pan Americana, but Clovis, N.M., submitted the only bid for the next such festival.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

COGDELLL MEMORIAL

ADMISSIONS: J. C. Barnett, 3729 Avenue U; Jeanette Rylander, 2003 Avenue E; Lyda Shipp, Route 1 Box 201; Billy Jo Ainsworth, 1002 Twenty-seventh Street; Katherine Williams, Route 3 Box 60; Ann Hataway, Route 2; Lillian Rister, 906 Thirtieth Street; George Sater, 2401 Avenue U.

DISSMISSALS: J. W. Patterson, 3111 Avenue V; Mrs. Edna Carroll, Box 1498; Helen Ivison, Snyder; F. B. Hollis, Route 2; Mrs. W. B. Archie, Snyder; Mrs. Ann Davis, 2349 Sunset; Mrs. Jimmy Helms and baby, 1203 Twenty-fourth Street; Billy Watkins, Box 294; Joyce McCaleb, 3718 Dalton

BATTENFIELD-JONES

ADMISSIONS: L. C. Harper, Clairemont Route; Thomas Grigsby, Box 1564; Mrs. S. G. Langford, Route 3.

DISMISSALS: Vernest Tippen, Box 152; Mrs. Troy Green, 606 Thirty-fourth Street; Mrs. Louis J. Beurlein, 413 East Twentieth Street; Jackie White, 206 Thirty-fifth Street; H. O. Skinner, 707 Twenty-seventh Street; B. D. Townsend, Box 1106.

Evaporation Control Plan Is Explained

SAN ANTONIO, April 14 (AP)—Evaporation of water from small surface reservoirs can be reduced by 45 per cent, an Australian physical chemist said today.

The statement was made by W. W. Mansfield of Melbourne, main speaker at the first International Water Evaporation Control Conference.

The conference, sponsored by Southwest Research Institute of San Antonio, was attended by some 100 persons. All phases of water evaporation were discussed.

Mansfield's experiments in Australia are said to have reduced evaporation over small surface reservoirs by 45 per cent. The water-saver is a thin film of waxy substance that covers the water surface.

Known as "hexadecanol," it cannot be seen with a microscope and is the exact thickness of a molecule, or one ten-millionth of an inch. It is obtained from sperm oil.

One of the chief problems up to now, Mansfield explained, has been an adequate means of distributing the substance on the water's surface.

Cost of application of the substance to surface water ranges ranges from 70 cents to 80 cents per acre. It was stated that 2.2 pounds of the substance will cover a 320-acre area for six weeks. The hexadecanol is said to be harmless to fish, animals, people and vegetation and is not affected by wave action. Dust breaks through the thin film but does not affect it.

Texas, it was pointed out, loses some 7.5 million acre-feet of water (an acre foot is an acre square and a foot deep) annually while it uses approximately eight million acre-feet.

Worth Of Salk Polio Vaccine Is Defended

WASHINGTON, April 14 (AP)—Dr. David E. Price, acting chief of the U.S. Public Health Service, said today there is "overwhelming evidence" that Salk polio vaccine is "safe and effective."

Price was commenting on a report by German medical advisors that American and German children in Germany who have been inoculated with the vaccine, or a German serum, are spreaders of polio.

U.S. Army medical leaders in Germany have challenged the report, but West German Communists are using the statements to support their "Ami (American) go home" campaign.

Price said many millions of children have received the vaccine and he added there was great public and professional confidence in it.

Thugs Get $35,000

FLORA, Miss — (AP) — Three masked white youths, brandishing shotguns, robbed the Bank of Flora of about $35,000 today and fled in a waiting automobile.

Bank At Wingate Hit By Burglars

WINGATE, Tex., April 14 (AP)—Two men were arrested and charged with attempting to steal a 3,600-pound safe from the Wingate Security Bank today.

Sheriff Don Atkins said C. F. Addington, 40, and T. E. Dyer, 39, both of Lubbock, were charged with burglary.

They were taken to the Ballinger, Tex., jail.

No money was taken from the safe.

Addington was captured shortly after he and Dyer left Wingate, Runnels County, in a red and white automobile. Dyer was arrested in mid - afternoon about eight miles south of Lubbock.

Two men had moved the safe to the sidewalk and were preparing to load it into a trailer hitched to their car when they saw two residents of the town. They fled in the automobile, with the trailer stil attached, J.L. Moreland, Wingate police chief, said.

Roadblocks were set up in Runnels and surrounding counties.

A car fitting the description of the burglars' but without the trailer drove near a road block in Colorado City, turned around and sped away. It was chased by police.

When the cars got out of town, a man identified as Addington jumped from the car and hid in some brush along the road. Police captured him. The other man in the car got away.

Moreland said the trailer was found on a side road and he said it probably snapped off the car on a sharp curve.

Wingate is a small town about 45 miles northeast of San Angelo with a population of between 200 and 300.

Monte Carlo Jewel Theft Is Reported

MONTE CARLO, April 14 (AP)—A report circulated here today that Mrs Mathew McCloskey of Philadelphia, wife of the national treasurer of the Democratic party, was robbed of $50,000 in jewelery. But neither McCloskey nor his wife would confirm it.

The McCloskeys are guests at the forthcoming wedding of Prince Rainier and Grace Kelly. He is a prominent Philadelphia contractor, publisher of the Philadelphia Daily News, and a personal friend of the Kelly family.

"I'm still in hopes," was Mrs. McCloskey's cryptic statement to reporters.

"I'm handling it this way because I don't speak French," McCloskey said.

They are staying at the swank Hotel de Paris, which has been reserved for wedding guests at the orders of the prince.

A detective visited them this afternoon, but hotel officials and Monacan police denied any knowledge that a robbery had occurred.

McCloskey gave his reply as to the way he was handling the report when asked if he was refusing confirmation because he is a wedding guest and felt it would be bad publicity for the wedding.

EXPANSION

Continued From Page 1

seventh Street to Fortieth Street in exchange for a building site for a future elevated water tank that the city will need to maintain water pressure in southwest Snyder if the area continues to develop.

The site the city is to receive from Cullum is lot five of block seven Park Place addition, and is 150 feet by 181.4 feet. Present city water system expansion plans call for the elevated storage tank as part of future growth of the of the system.

The term of George R. Killam, corporation court judge, expires today, and Killam, an announced candidate for the office of county attorney, appeared before the council and stated that he could not accept re-appointment to his present position.

A council committee composed of J. H. Mixon, Steve Birdwell, and Dr. Robert H. Hargrove was appointed by Harold Bennett, mayor, to seek applicants for the job and report their findings at a special meeting at 5:30 o'clock tomorrow afternoon.

W. W. Park, city attorney whose term also expires today, was reappointed to the position for another year.

The council confirmed the appointment of Roy Dunlap, city manager, as Scurry County civil defense director. The commissioners court of the county had earlier approved Dunlap's appointment to the position.

An ordinance was passed on first reading to set up uniform personnel regulations for city employes.

The council re-appointed James Rosser and R. A. Schooling as members of the Colorado River Municipal Water District board of directors for two-year terms. Other members of the board representing Snyder are Lyle Deffebach and W. J. Ely who have one more year of their present terms.

BIRTHS

Mr. and Mrs. Morris Hataway, Route 2, are the parents of a seven pound, eight ounce daughter, born at 6:30 p.m. Friday in the Cogdell Memorial Hospital.

Grace And Prince Go To Champagne Dinner

MONTE CARLO, April 14 (AP) — Grace Kelly and Prince Rainier III danced cheek to cheek tonight at a champagne dinner given by her parents.

The dinner of Mr. and Mrs. John B. Kelly of Philadelphia at Monaco's famous casino gave 100 wedding guests their first opportunity to blossom out in full regalia.

Diamond necklaces appeared almost to be required for admission.

The dinner was in an expensive cabaret, housed in buildings forming the casino.

JAMES R. NORVELL

San Antonio Judge Seeks Wilson Post

James R. Norvell, Associate Justice of the Fourth Court of Civil Appeals, San Antonio, announced his candidacy for the Texas Supreme Court, place three. He is seeking the Democratic nomination for the place vacated by Associate Justice Will Wilson, who announced his candidacy Monday for Attorney General.

"The continuous improvement of the administration of Justice by our courts has been my constant objective. Equal justice before the law must not be hindered, delayed or denied to any person. Our State faces varied grave and complicated problems, many of which must be solved by the Judiciary. In all humility I hope to make some worthwhile contribution to a solution of these problems. As a judge, I am requesting a promotion so that I might be of greater service to this State and its people. I submit my candidacy for the Supreme Court upon a written record of sixteen years judicial service."

Judge Norvell, 53, has served on the Fourth Court of Civil Appeals bench for the past 16 years. Prior to his election in 1940, he was engaged in private law practice in Edinburg.

His State Bar activities include Chairmanship of the Committee of Administration of Justice and service on various section of that Committee. Judge Norvell is also immediate past Chairman of the Judicial Section of the State Bar. Legal writings he has authored have been published in the Texas Law Review, Southwestern Law Journal and South Texas Law Journal.

Seven out of ten passengers between the United States and South America travel by air.

Lee Prepared To Fight Income Tax

SALT LAKE CITY, April 14 (AP)—Utah Gov. J. Bracken Lee's income tax is due Monday, and the governor says he is "ready to go to the highest court to prevent the government from collecting it."

Lee, a Republican, contends it is unconstitutional for the federal government to use tax revenue to aid foreign nations.

"There is no provision anywhere in the Constitution granting the U.S. government the right to appropriate taxpayers' money for support of foreign nations," he said today. "My refusal to pay my tax is intended to force a court case of that contention.

"I intend to fight in every district court in the counry and in the Supreme Court, if necessary, to prove my case."

Yesterday Lee received a letter from Secretary of the Treasury Humphrey, who said the government would "proceed in the usual manner to collect the taxes" if the governor doesn't pay up before the deadline Monday.

Lee said he wrote to the secretary, "asking him to clarify what this 'usual manner' is.

"I want to know if he means that they'll just move in and confiscate my property without due process—like they've done in the past at times—or if they'll have a court order."

Lee said he feels the federal government will not take any action "at least until after the November elections," and said he is not going to wait to be ordered into court.

"I have my atorneys preparing briefs and I expect to take the case into court in about 60 days," Lee said. "At that time I will ask the government for a declaratory judgment."

Lee said he will take the case first to U.S. District Court in Salt Lake City.

The governor filed his income tax return last January but did not enclose the money he owes on earnings other than his salary of $10,000 from which the federal withholding tax already had been taken.

He declined to say how much tax money is involved under his "other income," most of which comes from investments.

Lec is completing his second term as governor. He was first elected in 1948 after a 12-year tenure as mayor of Price, his home town.

Jury Is Deadlocked On Trial Of James

A jury failed to agree on a verdict here Friday in the trial of Calvin Monroe James of Odessa.

James was tried in 132nd District Court on an indictment alleging forgery and passing a forged instrument. The jury was dismissed after reporting that it was deadlocked.

Sailors To Be Honored

AUSTIN, April 14 (AP)—Three sailors of the Texas Navy will be honored anew at 4 p.m. tomorrow when the monuments on their graves are dedicated at the state cemetery by the Sons of the Republic of Texas.

The bodies of midshipman Fielding Culp, Capt. Robert Oliver and Lt. Charles Fuller were disinterred last year and reburied at the state cemetery. They had been buried in New Orleans where they died in 1842.

The era of the Texas Navy is a dramatic one in the state's history, punctuated with a mutiny, charges of piracy by the Texas Army and outstanding acts of bravery.

The high point in the Texas Navy's history was in December, 1841, when Commodore Edwin Moore and his fleet captured three Mexican schooners in the Gulf.

President Sam Houston, an Army man, was never overly enthusiastic about the Texas Navy and charged its commodore with "piracy" and "mutiny." Moore was later exonerated by the Texas Congress.

Uvalde And Duval Cases Postponed

UVALDE (AP) — Judge Ross Doughty said yesterday that 19 cases transferred from Duval to Uvalde County are being postponed at the request of the defense.

The cases had been set for April 16. Some 16 are against C. T. Stansell Jr., Duval County auditor, charging forgery. Another charges him with theft.

The other two cases charge E. S. Martinez, trustee of School District 18, with alleged misappropriation.

GRIEVING FAMILY—The family of Jerry Thomas, one of the five Marine recruits who drowned on a night march at Parris Island, S.C., is grief stricken as the body of the dead Alexandria, Va., youth arrives at National Airport in Washington, D.C., en route to burial. Thomas' step father, Alston T. Coughlin, comforts the youth's mother, right, while his married sister, Marlene Emelio, and brother, Richard, offer aid to the 17-year-old Marine's tearful sweetheart, Joan Hall.

Russian Leaders Leave For London

LONDON, April 14 (AP) — Soviet Premier Nikilai Bulganin and Communist party chief Nikita Khrushchev rode toward Britain tonight, the first top Soviet leaders to visit a major Western nation since the Bolshevik Revolution.

The "Kremlin twins, B and K", as they have been called by the British press, were all smiles on leaving Moscow's green and white stuccoed station by special train today.

At Kaliningrad — formerly the east Prussian city of Koenigsberg—they will board the Soviet cruiser Ordjonikidze tomorrow. No foreign or Soviet newsmen will be permitted to see the embarkation.

Bulganin and Khrushchev seemed in good spirits as they were seen off by Foreign Minister V. M. Molotov, Deputy Premiers A. I. Mikoyan and L. M. Kaganovich, and a party of dignitaries and diplomats amid a glare of television lights.

They showed none of the animosity voiced in sections of the Russian press that "some forces" in the West were attempting to sabotage their trip.

There was one Russian suggestion that even the Prince Rainier-Grace Kelly wedding in Monaco had been timed to take the spotlight off the Russians' arrival in Portsmouth next Wednesday, the same day as the wedding.

This capital, which is used to international visitors, has built up an intense interest over the tour.

On one hand Britons want to give them a welcome in the hope their visit will help ease international relations. On the other they are worried whether the thousands of anti-Communist refugees may threaten the safety of the visitors.

Orders from No. 10 Downing St., Prime Minister Eden's residence, have gone out to safeguard Bulganin and Khrushchev at all costs. Peace between East and West may depend on it.

The biggest single security operation in the history of Scotland Yard is in full swing. Thousands of police checks have been made of Polish and other exiles.

In Britain there are about 180,000 East European refugees who have lost family and friends behind the Iron Curtain and hate the Soviets.

The Yard fears that one fanatic might hate enough to throw a bomb or pull a trigger. It knows it took only one Serb to shoot down the Archduke at Sarajevo and start World War I.

Man Takes Dive To Keep His Promises

MONESSEN, Pa. (AP)—To prove he wasn't all talk, 24-year-old James Reese plunged more than 80 feet into the Monongahela river from a high-level bridge.

At a hospital, where he was reported in fair condition suffering from exposure, Reese told police he had been telling people for days that he would make the jump but no one would believe him.

Big Estate Left

HOUSTON, April 14 (AP)—Mrs. Lilliam Timpson left an estate valued at $1,165,789, an inventory approved by probate Judge Clem McClelland showed today. She was the widow of Paul Timpson, former president and chairman of Houston Bank and Trust Co. she died Nov. 11, 1955, at 85. Virtually all the estate was left to her family.

Singers Here To Appear At Rotary Meet

Robert Clinton, the madrigal singers of Snyder High School, and A. T. Nicholas, will represent Snyder on the program at the seventh annual conference of District 183, Rotary International, in Levelland.

Registration begins at 2 p.m. today in Levelland's San Andres Hotel. Conference work sessions will start Monday morning, with several outstanding regional speakers to take part on the program.

Over 500 Rotarians and their wives from 40 cities are expected to be in Levelland for the event.

Dist. Gov. Rigdon Edwards of Sweetwater predicted that the conference would be one of the outstanding events of its type in history. Among speakers will be O. D. A Oberg of Sidney Australia, vice president of Rotary International; Phil Lovejoy of Utica, N. Y., general secretary of Rotary International, and William B. Todd of Fort Worth, director of Rotary International.

Oberg will appear as the personal representative of the international president. Edwards, as well as the district governor nominee, Rex Webster of Lubbock, will be on hand for the conference.

Burnett Roberts of Levelland is conference chairman, and Bishop Kelling of Levelland is attendance shairman.

Man Hopes To Wed Girl That He Shot

PASADENA, Calif. (AP) — Allen Dale Elgin Jr., 20, still hopes to marry the girl he shot last month in a lovers' quarrel.

The Monrovia, Calif., youth has pleaded guilty to a deadly weapons assault charge and was ordered to appear May 2 for probation hearing and sentencing in the shooting of Judy Ann Frechette, 16.

A deputy district attorney told the court Elgin apparently shot Miss Frechette when she refused to marry him.

The girl, recovered from an abdominal wound, said she was considering Elgin's renewed offer of marriage.

To the people of Scurry and Borden Counties I announce my candidacy for a second term as District Judge.

As your district Judge over the past term I have made a sincere effort to be fair alike to all lawyers and all litigants to the prosecution and defense alike in criminal matters. As to my success in this effort I will be glad to discuss with anyone privately or publicly the record of any case, and all cases that I have tried. As your District Judge I have presided at the trial of an exceedingly large number of contested cases. I was assigned by the Presiding Judge of this Supreme Judicial District to try contested cases at Monahans, Andrews, Sweetwater, Abilene and Dallas. My record for cases tried, appealed, affirmed or reversed, in and out of the district, compares favorably with the record of other judges in this area of longer tenure in office.

If it is the will of you, the people of this the 132nd Judicial District, that I shall be your District Judge for the ensuing term, I will guarantee to you that each of you will have equal rights in the Court.

Missouri Dark Horse

Talk of Sen. (William) Stuart Smyington of Missouri as 1956 Democratic presidential nominee may well step up with the public hearings he opens on or about April 16 on our air defenses. He will conduct them as chairman of a Senate Armed Service subcommittee created especially for this investigation.

Witnesses from the Defense Department, also those from the airplane industry, will be running up against a man who is, or should be, able to meet them on their own ground. Mr. Symington was Assistant Secretary of War for air in 1946-47, then served for over two and a half years as the first Secretary of the Air Force, then was chairman of the National Security Resources Board.

Before entering public service "Stu" Symington, now 54, had ben an executive or head of various manufacturing enterprises. If he should get the presidential nomination this year, he would be the first Democratic nominee who had been previously a successful businessman.

In 1952 Symington swept the Democratic Senatorial primary in Missouri with almost 369,000 votes to 181,000 for J. E. Taylor, supported by President Truman, and 44,000 for a third candidate, John A. Johnson. In the election he defeated the Republican incumbent, James P. Kem, by over 150,000 votes while the state was giving Gen. Eisenhower a majority of almost 30,000 for President. Sen. Kem had hardly been regarded in Washington as one of the strongest G. O. P. Senators.

Sen. Symington has a better-than-average attendance record in the Senate, missing 38 Yea-and-Nay votes in 1953-55 while the average Senator missed 52. On some votes he has reflected the prevailing sentiments of the business community, on others he hasn't voted as might have been expected of a sucessful manufacturer. For instance, he was against turning the offshore oil deposits over to the states, for increasing unemployment compensation, and against ending federal regulation over gas and oil prices at the source, although he was for selling the Government rubber plants.

At times he has been for, at other times against, an increased amount of public housing. All in all, by his voting record he seems to be about as firmly fixed in the middle of the road as President Eisenhower.

Affair At Algeciras

Well, sir, the great armada bearing the fair Grace Kelly Monacoward for her wedding with Prince Whatshisname almost met an international contretemps when it put in at Algeciras, Spain. We are happy to report that a member of the world-roving tribe of Texans stepped into the situation and soon had things straightened out.

It seems the mayor of the town went out to the harbor with 15 Spanish newsmen to welcome Miss Kelly. The 15 newsmen posseessed no English, the mayor spoke some English, Miss Kelly possessed no Spanish and her studio representative knew only one word in that musical language, "amigo."

There was a terrific howdydo as the 15 newsmen questioned Miss Kelly in their native tongue while her beautiful face registered total incomprehension, and the studio man went around saying "Amigo!" The English-speaking Spanish mayor was lost somewhere in the shuffle.

At this point the Lone Star Flag of Texas was borne to the front and center, and order quickly restored. Aboard the Constitution was the charming Jinx Falkenburg, a widely-known radio-TV reporter, who happened to be born in Barcelona, Spain, and is conversant with the language of the grandees. Jinx quickly unjinxed the snafu, and in tribute to her skill the 15 Spanish newsmen kissed her as they left the ship, the lucky stiffs.

How did Texas get in there? Quite simply, as it happens. Miss Falkenberg in private life is the wife of Colonel John Reagan (Tex) McCrary Jr. who first opened his Irish blue eyes in the town of Conroe, Texas.

So we Texans are proud to have had a part in the great clarification at Algeciras, even if the work was done by a mere Texas in-law. We are glad that somebody finally made some sense out of at least one phase of the greatest publicity stunt Hollywood has ever brought off. Amigo, indeed!

Annual Spring Eclipse

LETTERS FROM THE READERS

To The Daily News:

I am not going to be always warting the Daily News to print letters for me.

Nonetheless, the other one you printed did a million dollars worth of good.

I took note of David Lawrence's packed court write up which also recalls other things to my mind. Example: The Committee for Education also is chosen by Ike. Probably all they too are in accord with Ike's Supreme Court's and Brownell's packed court, one mind—desegregaton ideas—so?

It becomes a sort of conspiracy to force us to desegregation whether we like it or not, along with the so-called civil rights program. It's become a sort of political pact, etc.

God said to me it's a scourge they bring upon the nation. Consult your dictionary for the meaning of this word and you have America's exact predicament.

But here's what stirred me up. I heard one radio commentator sat the committee for education reports the majority of Americans' want desegregation, but in some areas opposition holds it back.

And that is a laugh, a downright falsehood. The editor, Grover C. Hall, is right. There's more northerners against than for it They are bound to know this.

So, why don't we yell, or start raising cain, lawfully of course, for a national vote on it? Just until Ike gives us a national vote.

Would you pass this on to others? Also, folks, let us have faith in God.

Mrs. H. O. Miles

* * *

To The Daily News:

The letters I notice in the paper were against drinking and to vote against it. The way I look at it, drinking is like eating. If you eat too much it is a sin, and if you drink too much it is a sin.

If you vote beer and whiskey in, then the minors can't get it, but if you've got bootleggers in town, then they can buy it as long as they've got the money. Like in towns I know you can pick up the phone and have it delivered to your door and you can buy beer and whiskey in Snyder right now. So you may as well vote it in. Then the married men and women could not slip off to Big Spring and step out and have a big time. I can give colors of cars and makes and car tag numbers.

I think drinking won't hurt anybody if they drink it right, but lots of folks drink but they don't want anybody to know it. They just don't have the guts to admit that they drink. They want to hide out and drink. The beer and whiskey would bring in lots of trade and money into the county for schools and roads.

Clarence Goebel
Rt. 2, Hermleigh

* * *

To The Daily News:

People are asking every day, "When is Snyder going to get a public library for people during the summer when you can't go to a school library?" We've needed a public library in Snyder, because sometimes people need reference for some important business. Some people just like to read for fun, and some like to read to get more education. Sometimes when you are reading your favorite book you learn something you didn't know.

Some people say it will take money to build a public library. I agree on that, but it will be only a few cents per person.

We need a library also for people who are ill. There are many that are ill most all of the time. They like to read, too. I think it would cheer them up to get to read some good interesting books. My mother is ill. She has to stay in bed most of the time. Almost all she can do is read.

I think we need a public library, because it might help someone. It would help me a lot.

Margie Baird
Seventh Grade
Snyder Junior High School

* * *

To The Daily News:

I'm a girl 13 years old. I believe that's just the age to want to read a lot. I have a sister, 11, who doesn't care much for reading during school. She reads a lot in the summer. I guess she's like me in a way. She would rather read for pleasure than for such things as making a book report. During the school year the only books she can read are in her classroom. After she has read these there are no more to read.

Here at school I can get most of the books I want to read, but the trouble is I don't have time to leave class as often as I need to get them. After going to school and getting homework, there just isn't time for all the reading I would like to do.

After school is out in May, I would rather read. But we have no library.

I remember when I lived in Odessa last summer. I went to the library every week and checked out six or seven books. I always took both my sisters to the library.

Do you see now why we need a public library? I'm sure all children and adults alike would enjoy it very much.

Snyder Junior High School

Hollywood Today

By BOB THOMAS

HOLLYWOOD, April 14 (AP)—The screen's least active young star, Montgomery Clift, is back in Hollywood making a movie.

Clift, still pencil-slim at 35, has returned to town for MGM's Civil War epic, "Raintree County." He is not one to push his acting career. In his nine years in films this is only his ninth movie.

His last one here was the great "From Here to Eternity." Many actors would have followed up such a classic with other films. Not Clift. He absented himself from Hollywood for two years. His only film activity was an Italian-made picture with Jennifer Jones.

Its not because Clift hasn't had offers. He and Marlon Brando are the most-sought of the young actors. Clift's agent estimates that the actor has turned down four million dollars' worth of salary since his last film.

How come? I pinned him down on Lot No. 3 at MGM, where the big Western street had been made over for a pre-Civil War, Fourth of July celebration.

"I just haven't found the stories I want to do," he explained. "When I don't find anything I'm excited about doing, I don't work.

"Now it looks as if I'm going to be very busy. After this one, I'll probably do 'The Devil's Disciple' with Laurence Olivier and Burt Lancaster. Then two or three others I may do right afterward."

But that doesn't mean that he'll move here. His home is still New York, though it is merely a base of operations. During his two-year absence, he did a great deal of traveling, especially in Europe. Fortunately for him, he has invested his money wisely, so he can afford to take long vacations.

Clift gets solid female support in "Raintree County" from Elizabeth Taylor, his co-star in "A Place in the Sun," and Eva Marie Saint. Miss Taylor, with as fetching a drawl as you've ever heard, represents the South, and Miss Saint the North.

1 YEAR AGO

Four hundred women attended the opening session of the district 7 convention of the federated women's clubs here.

5 YEARS AGO

The Scurry County Farm Bureau held its annual barbecue, with about 350 persons attending.

BUCKLEY

London, Washington Fail To Recognize Soviet As Big Power In Middle East

By WALTER LIPPMANN

While nothing in the Middle East has gotten better, it is, I think, becoming clearer what is the fundamental question of high policy which will have to be answered in London and Washington. The question is whether and how they will recognize the fact that the Soviet Union is now present as a great power in the international affairs of the Middle East.

This question is as painful and difficult as is the somewhat similar question in the Far East, that of the recognition of Red China. Both in China and in the Middle East the question is how policy is to come to terms with the hard and unpleasant fact that an unfriendly great power is now present in what has ben traditionally a friendly sphere of influence. It is this unaswered question which is at the root of the hesitations and the differences in London and in Washington.

The reason that there are no clear and firm decisions being taken is that every decision involves the question of what the Soviet Union will do about it. We are not genuinely in diplomatic contact with the Soviet Union about the Middle East. We do not know what we are able to do without her, in spite of her, or with her.

* * *

Last week the United States made two important moves in the Middle East. One of them was to go to the U.N. and to ask that the Security Council instruct Mr. Hammarskjold to work on the improvement of the Palestine armistice. This move required the concurrence of the Soviet Union, which could have used its veto, and in the end the concurrence was obtained. Almost simultaneously Washington, under pressure from London, decided to send Mr. Loy Henderson, a high diplomatic officer, to the coming meeting of the members of the Baghdad Pact. This pact, which we have blessed but joined, does not recognize the Soviet presence in the Middle East. It is in fact designed to exclude the Soviet Union's participation in the affairs of the Middle East.

Here then we have two different lines of policy being followed at the same time. One aims to induce the Soviet Union to concur in the maintenance of peace and eventually in the arrangement of a settlement. This, one may say, is the line that the Eisenhower administration would like to follow. The other line, that of the Baghdad Pact and also of the 1950 Tripartite Declaration about Palestine, would not recognize the Soviet Union in dealing with the Palestine conflict or with the strategic and economic problems of the Middle East.

We have to ask ourselves how long we can continue on these two incompatible lines of policy. There exists today a Moscow - Cairo axis which rests on the fact that both the Soviet Union and Egpt have a common interest. They both wish to overturn the policy of the Baghdad Pact and of the Tripartite Declaration—the policy of excluding the Soviet Union and of claiming for the West the ultimate responsibility for the whole area.

* * *

Can we expect to succeed both in the U.N. and at Baghdad? Can we have collaboration at the U.N. and non-recognition and exclusion outside the U.N.? Is it not evident that the attempt to follow both lines simultaneously must lead to the frustrations we are experiencing and to the equivocations and indecisions which everyone is complaining about?

It is, of course, easier to see the dilemma of our incompatible policies than it is to see how the dilemma can be resolved. For we do not know whether the Soviet Union would, if invited, be willing to collaborate.

At the U.N. meeting in New York last week Mr. Sobolev, the Soviet representative, drew a sharp line between stablizing the Arab-Israeli armistice and attempting to make a settlement. Presumably then, Moscow does not now want war but neither does it want peace. The present situation, with its fierce passions and its high tensions, seems to suit Moscow. Why? Presumabaly again, because it is an anti-Israel coalition that the Arab states are the most united and at the same time the most dependent upon the Soviet Union.

Egypt, which is the prime mover among the Arabs, depends upon the Soviet Union for something more than arms. It depends on the Soviet Union for its veto in the U.N. and above all for its capacity to interpose military power if Britain and the United State were to resort to force to maintain the status quo. Co. Nasser, one might say, depends on Moscow to keep the green light burning for his advances. The Soviet Union is acting as a protector of Egypt and of Saudi - Arabia in their campaign to subvert the British and American position in Israel, Jordan, Irag, and the Persian Gulf. The Moscow-Cairo axis is operating to nullify the Baghdad Pact, the Tripartite Declaration, and to frustrate the whole policy of excluding the Soviet Union from the Middle East.

If there are to be serious discussions when Messrs. Bulganin and Khrushchev visit London next week, nothing would seem to be more important than to find out whether they have any willingness to collaborate in the Middle East, and if so, on what terms.

Epidemic Of Colds, Virus Due To Erupt In Monaco

(Editor's Note: Inez Robb is in Monaco for the wedding of Actress Grace Kelly and Prince Rainier III. This is her second dispatch from that storied Mediterranean principality reporting on festivities leading the marriage next Wednesday.)

BY INEZ ROBB

MONTE CARLO — A frightful epidemic of sudden colds and quick virus is expected to fell large numbers of Monegasques next Wednesday and Thursday, the days on which their sovereign, Prince Rainier 111, and Grace Kelly are married first by civil and then by a religious ceremony.

The victims will be those citizens with brave pretentions to social standing in Palace circles who have failed—perish forbid!— to receive an invitation to either one or both ceremonies.

Every Monegasque who claims membership in the first families of Monaco stoutly insists at the moment that he has been invited. Many, to save face, have made an elaborate public event of purchasing and dispatcheng a wedding gift to palace. Others have ordered an impressive array of glad-rags to be worn, apparently, while viewing the televised ceremony from their sick rooms.

Come to think of it, local doctors probably should stand by for the epidemic to begin as early as Sunday night when the Societe des Bains de Mer is giving a gala dinner and entertainment in honor of Rainier 111 and Miss Kelly that promises to be the biggest thing since Ben Hur or the winning of the West.

Only 270 guests, hand-picked by His Serene Highness, will be wined, dined and entertained by the Societe, the poetic name for the group that operates Monte Carlo's and Monaco's most famous financial institution, its gambling Casino.

The interior of the International Sporting Club, nee Casino, is rapidly being transformed into such a splendid version of the 17th century Colonnades of Versailles that Louis XIV, the Sun King, might have difficulty recognizing his old home.

"Tens of millions of francs" are being spent on the transformation, in the words of Henry Astric, director of divertissements at the Casino.

M. Astric is obviously out to top MGM, Miss Kelly's Hollywood employers, even if it breaks the bank at Monte Carlo. Statistics given the press on the number of workmen and the amounts of materials required to work this transformation indicate that if so minded, the Societe could just as readily have built a second Empire State Building.

Apres Grace, le deluge!

Stars of the French stage and of Russian ballet by the gross will perform. Jean Cocteau, member of the French Academy, has written the address of welcome.

However, the only talent listed on the program to arouse local interest is Stan Rubin and his Tiger Town Five, a strictly American combo, here by special invitation of Prince Rainier.

I am regarded as un-American, if not a phony, because I have never heard a hoot or toot of Rubin and his Tigers, and am thus unable to tell earger Monegasques whether the performs rock'n' roll, la jazz hot or whether he plays it cool.

No matter how many millions the Casino spends on its princely party, it stands to get it back during the week with a series of galas open to such peasants as con scrounge up from $14 to $23 per head. That ought to help get the Casino and Louis XIV off the hook.

WASHINGTON LETTER

Senator Observes His Wedding Anniversary

BY JANE EADS

WASHINGTON—The Democratic senator from Illinois and Mrs. Paul Douglas celebrated their 25th wedding anniversary in what they consider the most pleasurable way of all . . . a quiet evening at home with dinner prepared by their daughter, Jean.

Emily Taft Douglas, who also served a term in Congress, said that when they got married they thought they were going to live a very peaceful, quiet life of a college professor and his wife. At the time they were living near the University of Chicago where Douglas was professor of economics.

"We both agreed however that we should help build democracy at the grass roots," she said, and they've been in the thick of it ever since with very little time or opportunity for living a peaceful, quiet life anywhere.

Douglas began his political career by first winning a seat in the Chicago City Council. His wife, the daughter of the late famed sculptor Lorado Taft, says she first served a political apprenticeship in the League of Women Voters, and since serving in Congress, has in her husband's words, "been a marvelous aide and ally in all political adventures." She has stumped the state with him on his campaigns, appears regularly on Illinois TV and radio programs and is much in demand personally as a speaker before women's groups.

She says that at home she's a combination chauffeur-housekeeper. In fair weather, she and her daughter, Jean, a Swarthmore graduate now teaching in a private school for retarded children here, play tennis almost every morning. Jean is in on all the family planning. Her mother told me they both consulted their daughter before deciding to run for Congress. When Jean was younger the parents planned all their spare time to center around her interests. Mrs. Taft relates with amusement one such occasion. She and the senator had very much wanted to go to a concert but thought it more fitting to buy tickets and take Jean to the circus, only to find at the last minute Jean had plans of her own. The Douglases had to go to the circus without their daughter!

No Curtains Here

SANTA FE, N. M. (AP)—Gov. John F. Simms supplied Capitol reporters with a humorous reminder of his policy of open statehouse meetings. He gave each a goldfish bowl with two fish.

Gilt Edged Worker

BALTIMORE (AP)—There is only one name listed under "Assayers" in the Baltimore classified directory. He assays gold and silver, of course.

His name—Mogul.

25 YEARS AGO

(Taken from the files of the Scurry County Times, April 6, 1931)

The weather man thundered and lightned Wednesday night but he failed to help Scurry County as much as we felt he would. Even so, Snyder received exacly a quarter of an inch of rain, and other parts of the county are said to have received enough to at least raise the hope that April will bring plenty of showers to make a good plalnting season.

* * *

A $2 per capita apportionment for county schools arrived in the superintendent's office this week bringing the year's total to $19,424.50. Eleven dollars and a half of the $17.50 yeary quota has now been received. This week's amount was $3,726. Vouchers are being mailed this week.

* * *

O. P. Thrane is the Scurry County director for the West Texas Chamber of Commerce for the year that will begin with the annual convention of the organization in Lubock May 14-15-16, according to Winfield Holbrook, chairman of the WTCC elections committee. The Snyder banker has taken an active part in the West Texas body since its organization, and has had a leading hand in shaping its policies.

* * *

Several hundred more jackrabbits were added to the death column in Scurry County Tuesday, when a drive was made from the Midway filling station, on the Sweetwater highway. This was the fifth important drive held in the county this season. Another drive is planned for the Camp Springs country today, but the rain may help folks to forget about the excessive rabbit crop for a few days.

LITERARY GUIDEPOST

OFF THE BOOK BEAT—More than half the people of North and South Dakota, West Virginia, Mississippi and Idaho are without any local public library service.

More than a third of the proole of Oklahoma, New Mexico, Kansas, Kentucky, Florida, Iowa, Nebraska, Virginia and Maine are also without any local public library service.

There are only three states where this service is availalble to the entire population: Delaware, Massachusetts and Rhode Island.

These are the figures of 1953 given by the American Library Assn. in connection with its support of a bill in Congress, the Library Services Bill, to provide Federal grants to states totaling about $37,700,000 for five years to stimulate and increase the work performed by libraries and to extend their benefits.

To meet ALA standards, a state should spend $1.50 per capita as a minimum, $2.25 for "reasonably good service" and $3 for "superior service." One state spends exactly $1.50: New York. Ohio spends .27 cents over the minicents. All others spend less.

W. G. Rogers

Texas Exports Over Half Of Gas Put On Market In 1955

By MAX B. Skelton

HOUSTON, April 14 (AP)—Texas last year exported over half the natural gas it placed on the market.

Some 28 companies moved 2,416 billion cubic feet of gas out of the state.

Texas' 1955 output, 48 per cent of the nation's production, was 5,740 billion cubic feet, of which 4,451 billion was used for pressure maintenance, repressuring, and cycling or was burned in the field for lack of a practical market outlet.

Of the gas marketed, 3,869 billion cubic feet went to transmission lines, 432 billion was used as plant fuel and on the leases, and 152 billion went into the production of carbon black.

An oil editor this week suggested that Texas would receive greater return for its gas if it would keep more of its production at home.

Thomas Ponder of Petroleum Refiner told an oil recovery conference at Texas A&M the unit value of natural gas increases 12½ times when used to make petrochemicals.

He said the increase is only 2½ times when used as fuel.

Ponder said Texas' exported gas last year had a value of 496 million dollars.

"If that gas had been kept in the state and made into petrochemicals its value would have jumped to 6.2 billion dollars," he said.

Ponder said the average petrochemical sells for about 9½ cents a pound.

"In 1955 over 32 billion pounds of petrochemicals were produced and were sold for more than three billion dollars," he said. "The average petrochemical requires about three-quarters cents worth of natural gas to manufacture. This is increasing the value of examples;

A pound of anti-freeze selling at about 3½ cents requires natural gas valued at less than three-quarters of a cent.

Acrylonitrile, a petrochemical intermediate used in synthetic fibers, sells for about 27 cents a pound, needs for its production natural gas valued at a little over 1½ cents.

Ethyl alcohol sells for about 31-3 cents a pound and requires natural gas valued at about 1 cent.

Formaldehyde sells for about 4 cents a pound and uses about ¼ cent in natural gas.

Polyethylene, one of the best known plastics, sells for about 40 cents a pound and requires in its manufacture about 1 cent in natural gas.

Ponder said one of the newest petrochemicals, UREA, has common use in production of plastic material, as an animal feed supplement and as fertilizer material. UREA sells for about 6 cents a pound and requires natural gas valued at less than ½ cent.

Crosby Field Has New Well

Bond Oil Corp. No. 2 Robertson has been completed in the recently opened Forbes (Glorieta) field of Southwest Crosby County.

Operator reported a daily pumping potential of 116 barrels of oil, plus 15 per cent water, through perforations from 3,761 to 3,764. Gravity of the oil was 38.5 degrees. Pay section was washed with 500 gallons of acid.

Location is 330 feet from north and east lines of section 19, block B-9, EL&RR survey.

Mitchell Venture On Production Test

Pearson - Sibert Oil Co. of Texas No. 1 Foster, basal San Andres prospect 8¾ miles southwest of Westbrook in West Mitchell County, was on production test.

The project pumped 19.03 barrels of oil and 44.45 barrels of water on 20-hour test. Another 20-hour gauge showed 29.8 barrels of oil and 24.8 barrels of water.

Location is 330 feet from south and east lines of section 44, block 29, T-1-N, T&P survey.

Ector Dual Find Finals

One mile west of San Andres stripper wells in the Goldsmith field of Northwest Ector County, McDonald Oil Corp. and W. R. Goddard have completed a dual well from the upper Clear Fork and San Andres.

The oiler, No. 2 Cummins, was completed from the San Andres for a 24-hour flowing potential of 606 barrels of 34 gravity oil, through 24-64-inch choke and perforations from 4,820 to 4,380 feet, after 20,000 gallons of fracture fluid.

Earlier, operators finaled the well as second upper Clear Fork producer in the West Goldsmith field, for a daily flow of 199 barrels of 37 gravity oil, through a ¼ - inch choke and perforations from 5,646 to 5,672 feet.

Location is 1,650 feet from south and 330 feet from east lines of section 20, block 45, T-1-N, T&P survey.

Dry Wildcat To Be Plugged In Martin

Warren Petroleum Corp., Oil Division, No. 1 Flynt Ranch, Northwest Martin County wildcat, failed to show oil, gas or water on Devonian drillstem test.

Two-hour test from 12,452 to 12,691 feet recovered 100 feet of drilling mud. Hole was to be plugged.

Location is 660 feet from south and east lines of labor 8, league 249, Hartley County School Land survey, 25 miles north of Midland.

DAR Meets Monday

WASHINGTON, April 14 (AP)—The 65th Continental Congress of the Daughters of the American Revolution will convene here Monday, an expected 5,000 strong at least.

State Group To Listen To Gas Report

DALLAS, April 14 (AP)—The Texas Independent Producers and Royalty Owners Assn., will hear its gas committee's recommendation on government practices at its annual meeting here tomorrow through Tuesday.

The gas committee said it would recommend to "remove or nullify governmental and industry practices injurious to gas producers and royalty owners and to enable indspendents to survive intact such adverse restrictions until they can be terminated or modified."

Another major topic will be imports. The association said TIPRO will decide whether to recommend legislation in Congress.

About 1,000 delegates are expected. Speakers include Olin Culberson of the Railroad Commission; Jerome Kuykendall, chairmen of the Federal Power Commission; and Jake Hamon of Dallas, chairman of the American Petroleum Institute.

Others participating include Bryan Payne of Tyler, independent oil operator; William Murray Jr., Railroad Commission chairman; and French Robertson, president of the Texas Mid-Continent Oil and Gas Assn.

A. P. King Jr., retiring president, will be honored at a reception tomorrow night. An award will be presented Monday to N. D. Bartlett, long - time oil editor of the Amarillo News - Globe.

Oilwell Completions Increase This Year

AUSTIN, April 14 (AP)—The Railroad Commission said today oil well completions in Texas have increased about 10 per cent over last year.

Completions total 4,783, compared to 4,270. Dry holes increased by 144 this week and pushed the year's total to 2,254, is 14 per cent more than last year's 1,934.

The commission said 183 successful wells were in previously-unproven territory this year, compared with 153 for a like period last year.

Well plugging is about 5 per cent higher of last year's total, 3,140 to 2,649.

The commission reported an increase in the total average calendar day allowable for the week to 3,368,571.

Midland Gets New Ellenburger Well

Forest Oil Corp. and Cities Service Oil Co. No. 6-B-3 Roberts is a new Ellenburger well in the Virey (multipay field of West Midland County.

The oiler was completed for a 24-hour flow of 617 barrels of 52.4 gravity oil, plus two-tenths on one per cent water, through ½-inch choke and from open hole at 13,142-13,256 feet, after 5,000 gallons of acid.

Location is 660 feet from north and 1,980 feet from east lines of sction 15, block 41, T-3-S, T&P survey.

OIL NEWS

Wildcats Slated In Four Counties

Wildcats have been staked for immediate drilling in four West Texas counties.

Mark A. Bidelbach, et al of San Angelo No. 1 Edward J. Ashe is a 5,000-foot wildcat in Southwest Irion County, four miles north of Barnhart.

It is 660 feet from north and west lines of the east half of section 40, Washington County railroad Company survey and one and three-eighths miles southeast of an active wildcat.

In Northeast Andrews County, J. C. Williamson of Midland will drill a 12,500-foot Devonian wildcat as No. 1-11 University.

Drillsite is 19 miles northeast of Andrews and 660 feet from south and 1,980 feet from east lines of section 11, block 5, University Lands survey and one and three-quarter miles south of production in the Glasco (Devonian) field.

Dave Harris, et al of Midland will drill a 7,200-foot Ellenburger wildcat in Southwest Nolan County, eight miles west of Maryneal.

No. 1 D. D. Feldman is 660 feet from south and east lines of section 199, block 1-A, H&TC survey and two miles northwest of the Nena Lucia (Strawn reef) field.

Murray Petroleum Co., et al of San Angelo No. 1 R. L. Henderson is a 7,500 - foot Ellenburger wildcat in Schleicher County, 15 miles north and slightly west of Eldorado.

Drillsite is 1,980 feet from north and 660 feet from east lines of section 1199, Georgetown Railroad Co. survey, A-69, certificate 11.

Ector Test At 13,795

Drilling continued below 13,795 feet in dolomite at Magnolia Petroleum Co. No. 1 Ratliff, East Ector County wildcat, five miles northeast of Odessa.

Drillstem test in Ellenburger from 13,735 to 13,755 feet, open one hour, recovered 1,000 - foot water blanket and 40 feet of drilling mud with a salty taste.

Location is 660 feet from south and west lines of the southeast quarter of section 38, block 42, T-1-S, T&P survey.

No. 1 Ratliff had indicated possible production on earlier drillstem tests of the Ellenburger, Fusselman, Devonian and Permian.

Hockley Well Fails In Pennsylvanian

Honolulu Oil Corp. No. 1-D Ellwood Estate is a dry Pennsylvanian wildcat in Southeast Hockley County, four miles south of Smyer.

Operator found water on a drillstem test from 10,138 to 10,180 feet. Tool was open four hours. Recovery was 540-foot water blanket and 310 feet of mud-cut salt water.

Drillsite was 694 feet from north and west lines of labor 1, league 5, Wilbarger County School Land survey.

Re-Entry Of Fisher Test Is Scheduled

Hayden Farmer of Olney will reenter and deepen from 6,062 to 6,600 feet for a test of the Strawn at No. 1 S. A. Willingham, wildcat failure in West Fisher County.

Location is 660 feet from north and east lines of section 43, block 3, H&TC survey and four and one-quarter miles southeast of the recently opened Burnett (Ellenburger) pool. It is 14 miles southwest of Rotan.

The project originally was drilled by Humble Oil & Refining Co. and plugged in May, 1943.

Southwest Howard Venture Scheduled

W. W. Holmes, et al of Amarillo will drill No. 1-B Patterson as a 4,500-foot project one mile southeast of the Moore field in Southwest Howard County.

Drillsite is 990 feet from south and 330 feet from east lines of section 26, block 33, T-1-S, T&P survey. It is separated from the Moore pool by a 3,220-foot failure.

New Mexico Area Leads Rig Count

A sudden burst of activity in Lea County, New Mexico, put that area into first place in rotary rig activity, ahead of all other counties in the Permian Basin of West Texas and Southeast New Mexico.

Operators were using 39 rotary units in Lea County on April 10, according to the semi - monthly survey conducted by the Reed Roller Bit Co. The leading total resulted from an 11-rig increase.

For the first time in almost a year, Andrews County dropped into second place, with 76 rotaries, March 25, Andres had 80.

The overall Basin total was 590 on April 10, an increase of 30 over the previous survey total.

Other counties reporting more than 20 rigs, were: Crane 48, Ector 49, Gaines 34, and Midland 22.

Areas included in the Reed survey, with last two counts, are:

County	April 10	March 25
Andrews	76	80
Borden	10	8
Brewster	2	2
Cochran	1	3
Coke	7	6
Chaves	4	5
Concho	1	1
Crane	48	38
Crockett	12	14
Culberson	2	1

Ector	49	45
Eddy	4	4
Fisher	14	10
Gaines	34	32
Garza	6	3
Glasscock	0	2
Hockley	2	2
Howard	17	14
Irion	3	3
Kent	4	3
Lamb	2	0
Lea	89	77
Loving	0	2
Lubbock	2	4
Lynn	1	3
Martin	2	1
Midland	22	19
Mitchell	3	4
Nolan	17	18
Pecos	14	12
Reagan	15	13
Reeves	3	4
Runnels	11	14
Scurry	10	13
Schleicher	5	15
Sterling	2	2
Stonewall	12	5
Sutton	2	2
Tom Green	6	6
Terry	9	8
Upton	19	20
Vel Verde	3	3
Ward	12	4
Winkler	13	12
Yoakum	11	9
Spraberry	15	14
Permian Basin	590	560

Two Wells In Ector Final

Tide Water Associated Oil Co. has completed two more wells in the Ector County portion of the Headlee (multipay) field.

No. 7 McKnight, new Ellenburger well, 330 feet from south and 1,980 feet from east lines of section 7, block 41, T-2-S, T&P survey, was finaled for a daily flow of 381 barrels of 31 gravity oil, through ¼-inch choke.

Production was from open hole at 13,165-13220 feet, after 10,000 gallons of acid.

No. 2 McKnight, 660 feet from north and east lines of section 7, block 41, T-2-S, T&P survey, finaled for a daily flow of 476 barrels of 46.2 gravity oil, through 14-64-inch choke and perforations from 11,870 to 11,970 feet, opposite the Devonian. Pay was fractured with 75,000 gallons.

AIRLINER RAISED—The Northwest Orient Airlines stratocruiser that crashed and sank in Puget Sound, Wash., April 2 with the loss of 5 lives, is raised from the water. Civil Aeronautics Board will study the wreckage to try to determine the cause of the vibration which forced the big plane down soon after its takeoff.

LEWIS ACKERS

Abilene Man To Speak At Local Church

Lewis Ackers of Abilene will be speaker for evening services of the First Christian Church here today, climaxing a special event which will start with a banquet at 5:30 p.m.

Ackers is known as one of the foremost leaders in men's work of the Christian Church, both in Texas and nationally. He is a pioneer rancher who has travelled throughout the country speaking to groups of men. Several years ago he held the post of president of the State Convention of the Disciples of Christ, one of the highest honors which can be conferred. He received further recognition when he was named a director of Texas Christian University.

All members of the church are being urged to attend the banquet. Church leaders said that April 15 marks one of the most fruitful years in the history of the church here. The program will feature achievements of the First Christian Church through the years, with emphasis upon the accomplishments during the past year. The Rev. John Reaves, pastor, and his family will be honored at the event.

Rev. Reaves is completing his first year as pastor here. Honors also are planned for a long line of faithful members of the past, and present members will be recognized, including new members.

Transports Due

SAN FRANCISCO, April 14 (AP)—Two transports are due Saturday from Far Eastern ports with 2,622 military men returning home after service at stations in the orient. They are the Gen. Mann from Inchon and Yokohama and the Gen. Aultman from Manila and Guam.

Student Here Competes For Scholarships

Three West Texas high school seniors are among the 90 students qualifying for the final competition for scholarships from the Educational Fund for Children of Phillips Petroleum Co. Employees. They qualified for the Scholastic Aptitude Test of the College Entrance Examination Board to be given May 19, after which final selection of 50 winners will be made in June.

Local area students who will take the aptitude test are: Larry L. Melton, son of Mr. and Mrs. A. L. Melton of Odessa; Walter (Buddy) R. Phillips, son of Mr. and Mrs. W. M. Phillips, Jr. of Andrews, and Linda C. Milam, daughter of Mr. and Mrs. J. M. Milam of Snyder.

Each of the 50 scholarship awards provides $500 annually during four years of college attendance, subject to the maintenance of a satisfactory record by the awardee.

The scholarship fund was established in 1939 for the purpose of aiding children of employees of Phillips Petroleum Co. and its subsidiaries in obtaining a college or university education.

High school students from 51 towns in 12 states will take the 1956 aptitude test. Qualifying students who do not receive scholarships may apply for loans for higher education from a separate educational loan fund.

Bandit Loses Part Of Loot For Fines

LOS ANGELES, April 14 (AP)—Police today arrested a short, stocky ex-convict and reported the recovery of all but $22 of $5,800 taken in a bar holdup yesterday.

Paul Proger, 33, was booked on suspicion of robbery. Police said he was traced after a bartender Harold Zubkoff identified a police identification picture.

Officers said they found a shotgun, a revolver and six sticks of dynamite in Proger's room. Most of the money was there, too, and police said Proger explained what happened to the remainder:

"I had to pay $22 in parking fines on tickets I picked up while casing the bar."

MEADE F. GRIFFIN

Griffin Asks New Term In Court Post

Meade F. Griffin, Associate Justice of the Supreme Court of Texas, today made his announcement that he will be a candidate for his second term on the Court. Justice Griffin is a native Texan, having been born in Callahan County, in the little town of Cottonwood. Although his record on the bench during his first term speaks for his ability as a jurist, Judge Griffin has run the gamut of the legal profession as a small town "country lawyer", count attorney, county judge, district attorney, chief of the Prosecution Subsection, War Crimes Branch, Judge Advocate General's Department, U. S. Army, Weisbaden, Germany; and finally appointment to the State's highest court in 1949 and election to his first term in 1950. Further, Judge Griffin is a veteran of both World War 1 and 11, and is a graduate of the First Officers Training Camp, Leon Springs, Texas, in 1917.

In announcing for Place No. 1 on the Court, Judge Griffin says: "My only platform is that I shall continue to write the law in the cases coming before me without prejudice, bias or partiality. I shall give each case serious study and consideration, and then decide it to the best of my ability." He says the people of Texas have been most kind to him; that he appreciates their confidence in him in permitting him to serve them on the Supreme Court and will endeavor to continue to merit this confidence.

Rickenbacher Named To Advisory Post

AUGUSTA, Ga., April 14 (AP)—President Eisenhower today appointed Edward V. Rickenbacker, board chairman of Eastern Air Lines, to be a member of the National Advisory Commitee on Aeronautics.

The World War I flying ace was named to serve the remainder of a term expiring Dec. 1, 1958. He succeeds Ralph Damon, deceased.

Children Knocked Out Of Bed By Car

LOUISVILLE, Ky., April 14 (AP)—Ralph Ritter's three children received a rude awakening early today.

A skidding automobile crossed their lawn, climbed several steps, went through the living room door, through the room and wall and stopped against their bed.

Paul D. Arnold, 4, Shelbyville, told police he lost control of the vehicle when a tire blew.

Elmer, Patsy and Frances Ritter were nudged out of bed, but not injured. Arnold suffered only a leg cut. His car and the house are total wrecks.

Californian Files Peephole Law Suit

LOS ANGELES (AP)—Harry Macofsky asked $40,000 damages because, he said, a process served poked the papers through a peephole in his door and popped him right in the eye.

Macofsky said he didn't open the door, only the peephole. The papers, rolled into a tight tube, caused him a painful injury which impaired his sight, he said.

Las Vegas, Nev. was starting point for 191,923 airline passengers in 1955.

Hybrid corn gives the United States a third more corn on 32 per cent of the land used in 1931.

U. S. used 230 million pounds of oleomargarine in 1931; 1,200,000,000 pounds in 1952.

Five Called For Induction Into Service

Five men have been called to report for induction into the armed forces Tuesday from Selective Service local board No. 96, which serves Scurry, Nolan and Fisher Counties.

Scheduled to report at Room No. 8 in the Post Office Building in Sweetwater at 5:30 a.m. Tuesday are Eldon Sowders Dowell of Iowa Park (registered from Fisher County), Kenneth Lee Funderburg, Sweetwater; Bobby James Sanderson, Blackwell; James Phillip Franklin, Louisville, Ark. (resistered from Scurry County), and Paublo Hernandez, Buckhoits.

Local Board No. 96 also has a call for five men in May. Scheduled to report on May 16 are Arthur B. Tucker, Corpus Christi (voluntary induction); William Albert Masters, Rotan; Sammy Clayton Brown, Roscoe; Archie Ambers McCright, Sweetwater, and Phillip Parvin Land, Snyder.

Registrants who have recently registered with Local Board No. 96 upon reaching the age of 18, are as follows:

Richard Elam, Ira; Gus H. Tolleson, Hermleigh; Thomas A. Park, Sweetwater; Raymond J. Stone, Sweetwater; Charles W. Yeager, Sweetwater; Eddie C. James, Knapp; Julius O. Decker, McCaulley; James W. Harvey, Sweetwater; Tommy G. Gary, Snyder; Robert J. Barker, Rotan; Doyle L. Chandler, Snyder; Wilma E. Chisom, Snyder.

Also Henry C. Meyer III, Sweetwater; Terry C. Gardner, Sweetwater; Hipolta P. Perez, Sweetwater; Jimmy D. Young, Roscoe; Silver D. Burnett, Sweetwater; Edwin C. Etheredge, Sweetwater; Frank Ortiz, Snyder; Elijah W. Austin, Jr., Hamlin; Billy W. Morris, Snyder; Byron L. Holley, Sweetwater, Alton Davis, Sweetwater; Weldon G. Ellison, Sweetwater; Billy D. Nemir, Roscoe; Johnnie L. Whitworth, Sweetwater; John G. Kincheloe, Snyder; Royce L. Eaton, Roby.

Also, Jessie C. Villa, Sweetwater; Eddie J. Williams, Roscoe; Frederick W. Boen, Rotan; Leo C. Poore, Sweetwater; Carlos R. Holdridge, Sweetwater; Jesse C. DeLeon, Rotan; Harold V. Hooks, Snyder; Leonard K. Hays, Dunn; Raymond L. Alexander, Jr., Snyder; Tommy L. Richardson, Snyder; John D. Hamblen, Snyder; Ismall M. Ybarra, Sweetwater.

Dille Gets Right Spelling From Son

AMERICAN FALLS, Idaho (AP)—Tom Dille had no luck when he consulted his encyclopedia for the spelling of a Pacific island with a long name.

Underterred, he consulted Tom Jr., who'd been there with the Air Force.

The son peeled off his shirt and revealed this bold tatoo: "Kwajalein." Spelled right, too.

EXAMINE FARM BILL VOTE—Rep. Harold Cooley (D-NC), left, and House Speaker Sam Rayburn (D-Tex) look over the tally sheet in Washington after the House passed an administration-opposed farm bill by a vote of 237-181.

Roping Contest Set Here

Fifteen of the world's top calf ropers will compete in a matched roping here April 22, Garrett Harrell, president of the Scurry County Rodeo Association, has announced.

The roping will be held at the Scurry County Rodeo arena at 2 p.m. on the announced date.

This will be the second matched roping held in Snyder. Last year's roping was won by Jim Bob Altizer of Del Rio. Altizer will be back again this year, competing with such other ropers as Toots Mansfield, Troy Fort, Don McLaughlin and Doyle Riley.

The ropers will rope four calves each for a purse of $1,500. In adition to the matched roping, there will be a jackpot roping open to all.

Buck Jackson of Pecos, willknown announcer in the rodeo world, will be back again this year to announce the event.

Tickets will be on sale at the gate, Harrell said.

PROMISE FIGHT TO CHANGE FARM BILL—Sen. William Knowland (Calif), left, and Rep. Joseph Martin (Mass), Republican leaders in Congress, discuss the farm bill after a meeting with President Eisenhower. Eisenhower told them the compromise measure put together by senate-house conference committee does not meet "the test of a good bill."

Producers To Study Milk Marketing Plan

WICHITA FALLS, April 14 (AP)—About 150 milk producers from five counties voted last night to study a proposed federal milk marketing order for this milkshed.

The agreement to name committees to consider the proposition was voted after 3½ hours of discussion.

"If you want to join us, we'll invite you in," said W. K. Frey, manager of the Abilene-Central West Texas Dairy Assn. "I think you'll find so many benefits after you get in you'll wonder why you didn't get in a long time ago."

Meeting Of FHA

FORT WORTH, April 14 (AP)—"Faith for the future" will be the theme of the annual state meeting of the Texas Assn., Future Homemakers of America here April 20-21. The association said today some 3,000 delegates are expected.

Corny Story Is Told About Bryan Tornado

BRYAN (AP)— Tornadoes have been accused of many things, but the one that struck this city has brought a new one.

The story goes that a farmer living just outside the city had a crib full of ear corn. A wall of the crib had a knot hole in it about the size of a corn cob.

When the tornado hit the barn, it siphoned out every last ear through the knothole, covering the countryside with shucks and cobs and leaving the shelled grain on on the barn floor.

Farm Exports Keep Moving

By OVID A. MARTIN

WASHINGTON, April 14 (AP)—There seems to be an impression that exports of U. S. farm products have dwindled to virtually nothing.

Such is not the case. Foreign shipments of products of American farms have been running at favorable levels.

As farm officials point out, the impression that U. S. exports are small undoubtedly has been created by a sudden drop in shipments at the end of the Korean War and the ensuing accumulation of nine billion dollars worth of surpluses.

Letters received by the Agriculture Department from farmers as well as criticism of government foreign trade policies by some congressmen indicate a general belief that this country has lost out in world markets for food and fiber products.

Viewed in historical perspective, farm exports are encouraging.

Department reports show that agricultural exports in 1955 totaled $3,370,000,000, measured in terms of average prices received for the exported commodities during the 1952-54 period. This was 22 per cent above the 31-year (1924-55) average of $2,760,000,000, measured by the same prices.

It is true that the 1955 exports were 14 per cent below the 1952 Korean War peak of $3,920,000,000. But exports that year were influenced by abnormal factors, the principal one being "scare buying" by countries fearing the conflict in Asia might develop into another full-scale war.

When the war scare faded, foreign countries reduced stocks and U. S. farm exports in 1953 fell to $2,840,000,000.

Farm exports last year were only four per cent below the $3,490,000,000 average of the prosperous late 20s, and about the same as the $3,380,000,000 average of 1946-50 when a large part of the foreign shipments were financed under foreign aid programs.

All of these comparisons are made in terms of average prices or the 1952-54 period, so as to avoid distortions.

Help has been provided by special government pricing programs which made it easier for U. S. exporters to sell abroad.

American cotton in particular has suffered greatly from the fact that it is priced above foreign offerings in world markets. Cotton exports have been running 65 per cent below last year.

But cotton sales abroad should pick up sharply after Aug. 1, when the government will start selling its stocks abroad on a competitive bid price.

If exports of farm products in general are above the average, why then are surpluses piling up?

The answer is simple: American agriculture—taking advantage of latest technological developments—expanded its productive capacity during and after World War II to meet abnormal demands of the conflict and of the rehabilitation period afterward. It is continuing to expand.

Excess supplies pile up to create the huge stocks held by the government.

Agriculture either must find new outlets at home and abroad or cut production. Either way out is difficult.

Dust Storm Hurts Crops

DUMAS, Tex., April 14 (AP)—Farmers and agricultural agents had only bad news after the second violent dust storm caused severe damage to thousands of acres of farm and ranch land this week.

Moore County farm agent Martin Gossett and Tom Beck of the Soil Conservation Service said farm land was in a critical condition and on the brink of extreme damage if rain did not come soon.

About 25,000 acres were seriously damaged in a Feb. 24 storm and damaged anew by the storm last Sunday. The April 8 storm also severely damaged 10,000 acres not damaged before. Blowing sand and high winds caused damage also to irrigated wheat.

Beck estimated 80,000 to 100,000 acres of Moore County would blow severely if another violent dust storm occurred before a good rain.

At Perryton, northeast of here, damage was reported "moderate" to "severe" after last Sunday's dust storm. Some fields of wheat were blown out. Some fields west and northwest of Perryton blew in spite of having been chiseled recently.

Most tractor accidents occur when the machines are driven too fast, says the National Safety Council.

Farmers May Get Benefits

WASHINGTON, April 14 (AP)—Farmers may get some extra benefits this year even if President Eisenhower vetoes the controversial farm bill now awaiting action at the White House.

Agricultural circles here and elsewhere are discussing the possibility that the administration, in the event of a veto, might raise price supports to 82½ per cent of parity on certain basic crops.

This would not give farmers the estimated two billion dollars in additional benefits contained in the bill passed by Congress last Wednesday, but it would give them some extra income before they go to the polls to vote in the general election next fall.

Rice is now supported at 75 per cent of parity, wheat at 76 per cent and corn at 81. The support price for cotton, another basic crop, has not yet been fixed for this year but Secretary of Agriculture Benson has indicated it would be about 86 per cent of parity, if existing law remains unchanged.

Speculation about a possible rise in support levels was based on the fact that the administration was willing to compromise on a flexible support system ranging from 82½ to 90 per cent of parity just before the showdown voting began in Congress last week.

Existing law, which would continue in effect if Eisenhower vetoes the new bill, empowers the administration to support prices of basic crops at from 75 to 90 per cent, a provision opposed by Eisenhower.

Parity is a price deemed fair to the farmer in relations to his own living and production costs. It is fixed periodically by the Agriculture Department under statutory formulas.

Farm experts here said the government has authority under the present law to raise support levels as high as 90 per cent of parity if it is considered in the national interest.

Credit Association Will Meet April 18

The twenty-second annual meeting of the Sweetwater Production Credit Association will be held April 18 in the municipal auditorium in Sweetwater.

Registration will begin at 9 a.m. A barbecue will be held at noon. Entertainment will be by the Stamps Ozark quartet.

Walter L. Booth, president, will preside over the meeting. E. W. Wilman, Roscoe, will give a report on the board of directors. H. G. Pitts, secretary - treasurer, will present a report on the financial condition and operating statement of the association.

Killed In Accident

BEAUMONT, April 14 (AP)—James Moore, 19, of Call, was killed last night when the truck he was driving and another truck collided 43 miles southwest of here near Winnie, Tex. Seven pasengers in the truck driven by Moore were injured seriously and taken to Beaumont. The driver of the other ruck was not seriously injured.

State Quail Restoration May Be Hurt

AUSTIN, April 14 (AP)—Dusty, dry weather is retarding natural growth and threatening the new Texas bobwhite quail restoration program.

"It is going to take some good rains before long to get food and cover started for the 1956 bobwhite crop," said W. J. Cutbirth Jr., assistated executive secretary of the Game Commission.

"It would be nothing short of tragic, now that we have interested so many landowners in providing habitat for quail, to have the elements turn negative."

Cutbirth said the general habitat program, with commission field men serving as counsellors, has created hundreds of new projects throughout Texas.

The new state quail farm at Tyler, an experimental project to supplement natural sources for seed stock, now is operating with most of the 800 pair of bobwhites producing eggs. Distribution of young birds is scheduled for early summer.

Landowners or outdoor groups interested in trying the pen raised approach may now apply for these birds by writing to commission headquarters in Austin. Applications will be processed by local game wardens who will determine whether habitat is adequate or whether native birds already populate the affected area to capacity.

Game wardens will release pen raised quail to qualifying persons, and the birds will be tagged so the restocking program can be evaluated. The price will be 50 cents each this year.

The game commission will dedicate the state quail farm near Tyler April 20.

Agreement Is Signed

BEAUMONT, April 14 (AP)—Herman Weber Inc., of Beaumont, signed an agreement with the Operating Engineers Local 450 last night. It was the first accord in the 14-day old strike of 10,000 workers in the Beaumont, Port Arthur and Orange area.

Work on three struck projects in Beaumont and one in Port Arthur will start Monday, said herman Weber, president of the firm.

The union was granted a 17½ cent an hour increase—the wage hike it asked for before the strike started.

Mediation efforts were recessed indefinitely Thursday after Commissioner James Hubbard of the Houston Federal Mediation Office found no basis for continuation of talks betwen Pipefitters Local 195 and the Gulf Coast Piping Contractors Assn.

The Snyder Daily News

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THIS HAS BEEN a big year for Snyder athletic teams against our neighboring rivals — the Big Spring Steers.

Tiger and Steer teams have met on field or battle nine times during the current school year and on each occasion the Bengals emerged victorious.

It all started, of course, last fall when the Tigers defeated the Steers in a rugged football contest, 26-14.

Then the two teams got together twice during the basketball season with the Tigers winning both, 48-47 and 62-55.

The Tigers Friday completed their four - game sweep over the Steers in baseball with an 8-6 triumph. Previously the Tiger diamonders had won over the Steers by 11-6, 4-0 and 5-0 margins.

To make it a perfect year with the Bovines, Coach J. P. Ward's Tiger netters defeated the Steer racqueteers in two dual matches, 4-0 and 6-0.

Webb Air Force Seeks City League Berth

The City Baseball League may have a Big Spring entry this summer. No, the reason that we may have a BS team with us this summer isn't because Snyder High School enjoyed tremendous success with the Howard County schoolboys the past season.

The team seeking entrance into the City League here is Webb Air Force Base of Big Spring.

Ex-Snyderite Charlie McNew is a member of the Webb Air Force nine. He is the brother of the current Tiger catcher, Don McNew.

WAFB put in its application Friday upon learning that the City League here needed one other team to round out the field.

A City League meeting will be held Tuesday at which time league officials will take action on the WAFB application.

Teams already in the fold are Snyder Furniture, Sun Oil and Hermleigh.

As you know, the Tiger baseballers will start playing for keeps this week.

The pre-district record of 15-5 is fine and dandy but the Tigers aren't going to be satisfied unless they can keep up their winning ways in District 3-AA play.

The Bengals open up Tuesday against the pre-season favorite and the defending champions, Abilene, at the Pony League Park here.

It will certainly help the Tiger cause if local fans overflow the stands for Tuesday's game. Abilene, of coures, will be heavily favored in the game here but if everyone cooperates, the Tigers could very well walk off with the decision Tuesday.

Abilene Due To Have Big Following Here

Abilene will probably be pretty well represented here, fan-wise, and we certainly don't want to let the Eagle cheering section "outdo" us in Tuesday's tilt.

Proof of what good some backing will do may be derived from last Thursday's Tiger - Rotan game here. Rotan had a pretty large following here for the game and we're sure the encouragement these fans offered throughout the game had something to do with the underdog Yellowhammers battling the Tigers right down the wire before meeting defeat.

It would help, too, to have a portion of the Tiger band out to aid in the backing.

We just don't want to overlook any angles that might bring victory to the Tiger baseballers Tuesday.

Attention Little Leaguers of the 11 and 12 year old age group.

Little League officials here noted after registration Thursday and Friday that there is a shortage of 11 and 12 year olds to take part in the tryouts.

The National League had only six 12-year olds and 10 in the 11 year group to register. Many more are needed in these two age groups. The American League, too, is in need of more boys in these age groups although she did have a bigger turnout in the registration Friday and Saturday.

For further details on how to get into the Little League program, consult story elsewhere in this section.

Junior High Thinlies Fare Well In Meets

The Snyder Junior High and high school freshman track and field teams returned home late Saturday after a busy weekend of activity at Andrews and Abilene.

Snyder placed third in a field of eight teams at Andrews Friday night with 44 1/6 points. Andrews won the meet with 89 1/6 with Monohans second with 45 5/6.

The remaining totals were Lamesa, 30; Brownfield, 23; Kermit, 21 1/6; Fort Stockton, 12; and Denver City, 8 1/6.

All points registered in the 7th 8th and 9th grades were combined in the Andrews meet.

The locals picked up 5 points at Abilene yesterday. Jimmy Allen placed third in the 220-yard dash, Bill Dubose third in the high jump and the 440-yard relay team finished fourth for Snyder's five points at Abilene.

North Abilene won the Abilene meet.

Snyder winners at Andrews were as follows:

9TH GRADE

Jimmy Allen, 3rd in 220-yard dash and 4th in 100-yard dash; Bill Dubose, first in high jump with a leap of 5 feet 4½ inches, a new meet record; 440-yard relay team, 2nd.

8TH GRADE

Dick Hayes, first in the 50 and 100-yard dashes in 5.9 and 11.1 respectively; and first in discus with 135 feet 7¾ inches, a new record; Coleman John, 3rd in 100-yard dash; Mike LaFountain, 2nd in low hurdles; Gladson, 4th in high jump; Tommy Minton, 3rd in discus; and both the 440 and 880-yard relay teams finished third.

7TH GRADE

Bobby Brown, 2nd- in broad jump; Jesse Crawford, 4th in 50-yard dash; and sprint relay team, 4th.

Snyder's Dick Hayes was high point man of the Andrews meet with 17½ points.

Local Gun Club Slates Trap Shoot Today

The new self - angling trap recently installed by the Canyon Gun Club of Snyder will be put into use for the first time today at the club's rifle range southwest of town where an invitational trap shoot is on tap.

Firing will get underway at 1:30 p.m.

The self - angling trap, electrically operated, was built at a cost of approximately $2.000.

Wayne Stephens, president of the Canyon Gun Club, revealed Saturday that a Winchester representative, Jim Stotts of Dallas, will put on a shooting exhibition today.

Stephens also said several national trap shooters will be on hand for the shoot.

Prizes to be given away today include chickens, hams, fishing reels and many others.

Ammunition and birds will be furnished by the hosts in today's shooting.

The Canyon Gun Club rifle range is located approximately 8 miles southwest of Snyler. The best way to reach the rifle range is to go to Union, turn left and then take the next right hand paved road where signs will direct the remainder of the way.

Senators Win, 7-1

RICHMOND, Va., April 14 (AP)—Dick Brodowski clinched his position as a starter on the Senators' staff today by restricting Richmond to five hits as Washington defeated the Virginians 7-1, in an exhibition game.

Washington (A)	021 100 201	7 7 0
Richmond (IL)	001 000 000	1 5 4

Brodowski and Courtney, FitzGerald (5); Nardella, Starr (6) and Thacker. L—Nardella.

Home runs—Washington, Killebrew, Olson.

EYE DISTRICT OPENER—Pictured is the 1956 Tiger baseball squad which has swept to a 15-5 record in pre-district competition. The Tiger diamonders now have their sites set on their District 3-AA opener Tuesday against Abilene here. From left to right, the Tiger baseballers are: FRONT ROW—Dale Catets, student manager; Roger Hensley, Terry Lee, David Hale, Joe Reaves, Tommy Prichard, Jerry Taylor, Gale Courtney, student manager Jimmy oDn Hardy. MIDDLE ROW—Coach Speedy Moffett, Neal Boyd, James Patterson, Don McNew, Mickey McGrew, Gary Vice, Jackie Tucker, Tim Roberts and assistant coach Horrace Bostick. TOP ROW—Milton Ham, Alan Snead, Pat Fowler, Ronnie Baker, Bill Phillips and Dwayne Prince. (Lee Watson Photograph)

Tigers Shade Big Spring, 8-6; Open 3-AA Play Here Tuesday

Snyder High School's brilliant pre-district record in baseball is by the boards now and from now on the Tiger diamonders will be playing for keeps.

The Tigers wound up their non-district schedule last Friday with an 8-6 win over Big Spring, bringing their season record to 15 wins agaisnt five defeats.

Coach Speedy Moffett's charges swing into District 3-AA play Tuesday against the Abilene Eagles at Pony League Park.

Abilene also closed its pre-district play Friday, overwhelming the Odessa Broncs, 12-3. The defending champion Eagles have won 14 and dropped two this season.

The Eagles are again the 3-AA favorites. The Warbirds advanced to the state finals last year and they are returning their team almost to the man.

Two of the Eagles, third baseman Freddie Green and pitcher Altus Scott were named on the All-State tournament team last year. Four others made the second team.

Only defeats suffered by the Eagles were to North Side of Fort Worth and Monterey of Lubbock. The Tigers have bowed twice each to Odessa and Midland and once to Tom S. of Lubbock.

Moffett isn't definitely decided on his starter for Tuesday's crucial opener but at present he is leaning toward his senior right hander, Alan Snead, who is sporting a 4-1 record.

Altus Scott is almost sure to be the Eagle starter in Tuesday's game here. Scott is unbeaten this season with a 7-0 record.

While the Eagles and Tigers are meeting Tuesday, Vernon and Wichita Falls, the other two members of District 3-AA, will be getting together at Vernon. Wichita Falls owns a 6-4 record to Vernon's 5-1.

The Tigers, after Tuesday's opener, will go to Vernon Saturday in their next outing.

Ronnie Baker, who subdued Abilene last year, 3-2, won his fourth game against one loss Friday in stopping Big Spring on six hits.

The Tigers pushed across four runs each in the second and third innings and then held off a late surge by the Steers to capture the decision.

Snead led the 10-hit Tiger attack with two booming homeruns over the left field wall in Steer Park. Snead connected for his circuit smashes in his first two trips to the plate in the second and third innings, both coming with the bases bare.

Catcher Don McNew chipped in with three hits to aid the Tiger cause Friday, including a double and triple.

Baker, in going the route, struck out 12 and walked three.

Hermleigh Captures 123-B Cinder Crown; Ira Second

The Hermleigh Cardinals took eight of 14 events enroute to winning the District 123-B track and field meet held yesterday at Tiger Stadium.

The Cardinals rolled up 68 points to 46½ for second place Ira. Loraine finished third with 26½ and Fluvanna fourth with 11. Westbrook, the fifth member of 123-B, was not represented.

Morris Light led Hermleigh to victory with 17¼ points. Light won the 180-yard low hurdles and the high jump, placed second in the 120-yard high hurdles and pole vault and ran a leg on the winning 440-yard relay team.

In addition to Light, there were three other double winners. Billy Mac Davidson of Hermleigh won the 100 and 220-yard dashes; Tommy Echols of Ira won the shot put and discus; and Robbie Robinson of Hermleigh took the 120-yard high hurdles and the pole vault.

Other winners were Delbert Hattaway of Fluvanna in the 440-yard dash, Clyde Wilcox of Hermleigh in the 880-yard run; Ferrell Bryant of Ira in the broad jump; and Eddie Galvan of Loraine in the mile run.

Hermleigh won the 440-yard relay with Ira capturing the mile relay.

The most impressive time of the day was Davidson's 10.1 clocking in the 100-yard dash. In the field events, Light's 5-10 leap in the high jump stood out.

Hermleigh also won the junior division held in conjunction with yesterday's meet, compiling 62 points to 16 for Ira and 7 for Loraine.

Junior division winners were A. Williams, Hermleigh, in 50-yard dash (6.5); Everett of Ira in broad jump (15-8); Roemisch, Hermleigh in 75-yard dash (9.2); Roemisch, Hermleigh, in 100-yard dash (12.0); Hermleigh in 440-yard relay (54.4); Roemisch, Hermleigh, in shot put (38-2); Williams, Hermleigh, in high jump (4-8½); and Neblet, Hermleigh, in pull ups (15).

Following is the summary of yesterday's 123 - B meet (high school division):

100-yard dash—1. Billy Mac Davidson, Hermleigh; 2. Delbert Hattaway, Fluvanna; 3. Ferrell Bryant, Ira; 4. Bill Narrell, Loraine. Time—10.1.

220-yard dash—1. Billy Mac Davidson, Hermleigh; 2. Delbert Hattaway, Fluvanna; 3. Ferrell Bryant, Ira; 4. Bill Narrell, Loraine. Time—23.1.

440-yard dash—1. Dibert Hattaway, Fluvanna; 2. James Autry, Ira; 3. T. J. Hillis, Hermleigh; 4. Eddie McHaney, Hermleigh. Time—55.2.

880-yard run—1. Clyde Wilcox, Hermleigh 2. John Miles, Loraine; 3. Duane Rosser, Ira; 4. Clayton Clever, Loraine. Time—2:10.6.

120-yard high hurdles 1. Robbie Robinson, Hermleigh; 2. Morris Light, Hermleigh; 3. Bill Stribling, Loraine; 4. Dub Etheredge, Hermleigh. Time—16.5.

180-yard low hurdles—1. Morris Light, Hermleigh; 2. (Tie) Robbie Robinson, Hermleigh, and Eddie Galvan, Loraine, 4. Bill Stribling, Loraine. Time—23.0.

Discus—1. Tomy Echols, Ira; 2. Billy Mac Davidson, Hermleigh; 3. Clyde Wilcox, Hermleigh; 4. Donald May, Hermleigh. Distance—106-2.

High jump—1. Morris Light, Hermleigh; 2. James Autry, Ira; 3. Billy Blair, Loraine; 4. Billy Farmer, Ira. Height—5-10.

Broad jump—1. Ferrel lBryant, Ira; 2. Clayton Clever, Loraine; 3. Tommy Echols, Ira; 4. James Aulry, Ira. Distance—18-11½.

Pole Vault—1. Robie Robinson, Hermleigh. 2. Morris Light, Hermleigh; 3. Mabin Richardson, Ira; 4. (Tie) Powell Tarter, Hermleigh, and Bobby Walker, Ira. Heigh 10-6.

Mile run—1. Eddie Galvan, Loraine; 2. Bobby Walker, Ira; 3. Donald May, Hermleigh; 4. Robert Neblet, Hermleigh. Time—5:05.8.

Shot put—1. Tommy Echols, Ira; 2. Robbie Robinson, Hermleigh; 3. Jerry Ford, Ira; 4. John Miles, Loraine.

440-yard relay—1. Hermleigh (Robinson, Wilcox, Light, Davidson); 2. Ira; 3. Loraine. Time—49.0.

Mile relay—1. Ira (Richardson, Aurty, Ford, Rosser); 2. Hermleigh; 3. Loraine. Time—4:05.

ACC Thinlies Win North Texas Meet

DENTON, April 14 (AP)—Abilene Christian College set 3 of 7 new records to win the college-university division of the North Texas Relays today with 40 5-6 points.

Other scores: North Texas 28 1-6, Southwest Texas 20½, TCU 16, Howard Payne 14, West Texas 8, Baylor 5, Sam Houston and Southeastern Oklahoma 3, and Hardin-Simmons 2½.

Fort Worth North Side edged Highland Park 20-19 in the high school division, accounting for two new records and tying one.

ACC broke Houston's 1955 record of 41.5 in the 440-yard relay with a 41.2, topped Oklahoma's 1953 two-mile relay time of 7:53.2 with a 7:45.1 and turned in a 1:26.0 in the 880-yard relay to snap Houston's 1955 mark of 1:26.2.

TCU's Bill Curtis ran the high hurdles in 14.1 seconds to break the old mark of 14.5. Bob Burch of North Texas hurled the discus 164 feet 2 1-3 inches to top the 148 feet, 6⅛ inch record held by Gene Branscome of North Texas. West Texas' Ray Burrus broke the shot put record with a 51 foot 2⅞ inch toss, topping the 50 foot 2¼ inch standard set by Billy Whatley of Southwest Texas.

In the pole vault, the 13 foot 10 inch height was cleared by Bobby McBride, Southwest Texas, and Elden Hill, Howard Payne. The old mark was 13 feet 3¾ by Hendrik Krueger of Oklahoma.

In the high school division, Fort Worth North Side established new records with 43.5 in the 440 relay, 3:25.0 in the mile relay and North Side's Jim Thomas tied the 100-yard record in 10 flat.

New Leagues Set Openers

By The Associated Press

Two more leagues with Texas members open the season this week, bringing the state's professional baseball amost to full stature.

The Southwestern League, covering parts of Texas and New Mexico and with 10 members, opens Tuesday night. This is a makeover of the Longhorn and West Texas-New Mexico Leagues.

Opening the campaign will be Midland at Plainview, Pampa at Ballinger, Clovis at Carlsbad, Roswell at El Paso and Hobbs at San Angelo.

Pampa, Plainview, El Paso and Clovis of the West Texas New Mexico league combined with Midland, San Angelo, Roswell, Hobbs and Carlsbad of the Longhorn to make pu the Southwestern League, with Ballinger as a new member.

Thursday night Amarillo, another former West Texas-New Mexico League member, makes its debut in the Class A Western league.

April 24 the last Texas club to swing into action will be Paris. This North Texas city is a member of the Class D Sooner State League.

Bucs Blank Tigers

PITTSBURGH, April 14 (AP) — Sinker ball specialist Ronnie Kline of the Pittsburgh Pirates survived a shaky start today and went on to shut out the Detroit Tigers 2-0 on five hits.

Berry Wins Highs In Amarillo Relays

AMARILLO, April 14—(Special)—The Amarillo Sandies won the 7th annual Amarillo Relays here today, compiling 37 points to 28 for second place Odeessa for top honors in the Class AA division.

Other team totals showed Midland with 22; Northwest Classen of Oklahoma City, 20½; Capitol Hill of Oklahoma City, 18; Pampa, 10; Tom S. Lubbock, 9; Snyder, 5; Palo Duro, 2; Borger, 1½; and Vernon, 1.

Powell Berry gave Snyder all its points by winning the 120-yard high hurdlees in 15.1.

Wahoo McDaniel of Midland was high point man of the meet with 10 points coming on first places in the shot put and discus.

Colorado City won the Class A Division with 28 points with Canyon second at 23. Hereford was third with 19, Dumas fourth with 17 and Phillips fifth with 11.

No records were set in the AA division as a 45-mile wind slowed times and distances. One record was set in the A division, Jerry Poage of Happy leaping 22 feet 5 inches in the broad jump.

Following are the winning times and distances in the Class AA division:

Discus—Wahoo McDaniel, Midland, 153 feet 9 inches.

Shot put — McDaniel, Midland, 51 feet 10 inches.

Pole vault—(2-way tie) W. A. Kennedy, Odessa, and Bill Hooten, Capitol Hill, 11 feet 6 inches.

High Jump—(2-way tie) Jack Gorrell, Odessa, and David Woodson, Capitol Hill, 6-2.

120-yard high hurdles — Powell Berry, Snyder, 15.1.

100-yard dash — Keith LaFon, Amarillo, 10 flat.

440-yard dash — Billy Walker, Amarillo, 51.2.

180-yard low hurdlees — Paul Meade, Classen, 20.8.

440-yard relay — Amarillo, 44.3.

880-yard run — Jim Parr, Amarillo, 2:03.1.

Broad jump — Bobby Polk, Tom S., 22 feet 3½ inchees.

220-yard dash — Dickie Mauldin, Pampa, 22.6.

Mile run—Tommy Wall, Odessa, 4:59.9.

Mile relay — Amarillo, 3:23.5.

Cubs 11, Chisox 8

CHICAGO, April 14 (AP)—The Chicago Cubs, led by Walt Moryn's four hits in as many official trips to the plate, pounded four Chicago White Sox hurlers for 12 blows today to win their city series opener 11-8.

Kid Baseballers Set Tryout Dates

Tryouts in Little League and Pony League will get underway tomorrow with season openers less than a month away.

Registration was completed Friday night for newcomers to the Little League. The National League showed 71 newcomers while the American had 89.

Pony League registration will be held in conjunction with tryouts that will commence tomorrow night. The Pony tryouts will be held under the lights at the park just south of the Pony League diamond in Towle Memorial Park.

All boys who haven't played Pony League ball in Snyder are invited to attend the tryout sessions opening tomorrow. Tryouts will be held Monday, Tuesday and Thursday nights of this week.

Boys attending the Pony tryouts are asked to bring their birth certificates with them. The tryout sessions will begin at 7:30.

Local Little League officials will still accept boys names for the tryout sessions although Friday was to have been the deadline for registration.

The Little League tryouts will open with the 12-year olds tomorrow. All boys who are 12 years of age who aren't affiliated with a local LL team are invited to the tryout sessions. Boys who haven't registered but who would like to take part in the tryouts are asked to bring their birth certificates to the tryout sessions.

The American League tryouts will be held at the rodeo grounds at 5 p.m. tomorrow while the National League will hold its workouts at 4 p.m. at West Elementary school.

All boys living west of the Big Spring and Clairemont Hiways will attend the National League tryouts while boys living east of these two hiways will report to the American tryouts.

The 11-year olds will report for tryouts Thursday with the 10 and under reporting next week.

League officials indicated Saturday a shortage of 11 and 12-year olds for the tryout sessions.

State Gal Golf Set Tuesday

LAREDO, Tex., April 14 (AP)—A field of possibly 150 will tee off Tuesday in the twenty-third annual Texas Women's Public Links Golf Tournament with Joanne Bruni, 16-year-old Laredo star, as defending champion.

Registration started today with 65 already in the field and more than that number due to check in tomorrow.

A scotch foursome is scheduled Sunday with qualifying Monday. The 32 low qualifiers will enter match play Tuesday. The tournament runs through Saturday.

A full entertainment program has been set for the week with a Noche Mexican (Mexican Night) Wednesday and a fashion show Friday as the features.

Besides the tournament there also will be a driving and putting contest.

Miss Bruni won the state title last year at Harlingen when she defeated Mrs. Bert Silsbee of Harlingen in the finals. It was her first major golf championship although she had been winning tournaments since she was 13.

Ford, Fleck Head American Links Team

FORT WORTH, April 14 (AP)—PGA champion Doug Ford and national Open champion Jack Fleck head a 7-man team that will play the Canadian PGA in international team matches here May 7-8.

Cary Middlecoff of Dallas, Gene Littler, Mike Souchak, Ted Kroll and Tommy Bolt of Houston are other members of the team.

The Canadian team is made up of Al Balding, Gordon Bryson, Jack Kay, Bill Kerr, Stan Leonard, Bill Mahwinney and Murray Tucker.

The matches will be played over the Colonial Country Club Course after the Colonial National Invitation Tournament ends.

Texas Amateur Golf Dates Set

DALLAS, April 14 (AP)—Some 21 former champions are expected for a dinner June 5 inaugurating the 50th Texas Amateur Golf Tournament.

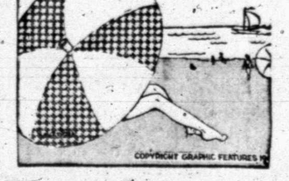

The golden anniversary tournament will be held at the Dallas Country Club where in 1906 the first tournament was staged. H. L. Edwards won it.

The dinner of champions is due to have these former winners: 1916, George Aldredge; 1920, Louis Jacoby; 1921-22, C. L. Dexter Jr., 1924-25, Tommy Cochran; 1927, Lewis Levinson; 1928, Jack Speer; 1929, Dennis Lavender; 1931-32-33, Gus Moreland; 1935, Harry Todd; 1936-39, Don Schumacher; 1934-37-49, Reynolds Smith; 1938-46, Bobby Riegel; 1940-41, Billy Coffey; 1942, Ray Kenney; 1947, Earl Stewart Jr.; 1948, Dick McCreary; 1951, Joe Conrad; 1952, Billy Erfurth; 1953, Jimmie Connally; 1954, Ernie Vossler; 1955, David Goldman.

The tournament runs from June 5 to 9. An 18-hole qualifying round will determine the 64 for the championship flight.

Majors Open Tuesday; New Faces Dot Rosters

Few Rookies Due For Starting Roles

By JOE REICHLER

NEW YORK, April 14 (AP)—Approximately 75 freshmen remain on major league rosters today but of these not more than a handful are likely to be in the starting lineups when the season opens next Tuesday.

The lucky ones include shortstop Luis Aparicio of the Chicago White sox, second baseman Charley Neal of Brooklyn, catcher Dan Kravitz of Pittsburgh, left fielder Frank Robinson of Cincinnati, shortstop Don Buddin and third baseman Frank Robinson of Cincinnati, shortstop Don Buddin and third baseman Frank Malzone of Boston and outfielders Dick Tettlebach and Whitey Herzog of Washington.

There's a possibility that other rookies, such as shortstop Jerry Lumpe of the New York Yankees, catcher Lew Berberet of Washington and third baseman Sam Esposito of the Chicago White Sox may also be in the opening lineups. Up to now, however, the respective managers have preferred to keep their starting squads a deep, dark secret.

Many New Faces

Despite the comparatively small number of recruits, the starting lineups will show many new faces.

The Chicago Cubs, for instance, will have three. Don Hoak and Walt Moryn, obtained from Brooklyn in exchange for Randy Jackson last winter, will be at third and right field, respectively. Monte Irvin, the former New York Giants slugger, has proved a bargain at the $10,000 draft price and will be stationed in left field.

The Giants will open with Daryl Spencer, an Army returnee, at second in place of the retired Davey Williams and Dusty Rhodes, confined exclusively to pinch - hit roles in previous years, had been promoted to a regular spot in left field. He will be the cleanup hitter, to boot.

Except for Neal, who has impressed everybody with his spectacular fielding, at second, the Dodgers will not present any new faces although Junior Gilliam, the ousted second baseman, will be in the lineup in left field in place of Sandy Amoros. It looks like Jackie Robinson will get the nod over Jackson at third.

Hard-Hitting Rookie

Kravitz, a hard-hitting rookie from New Orleans, apparently has won the first-string catching job with the Pirates. Other lineup changes include Bobby del Creco in center and Curt Roberts at second. Both, however, had seen previous service with the Pirates in 1954.

The St. Louis Cardinals will have a new left fielder, but Hank Sauer's is an old, familiar face. The former Cub slugger has earned a starting berth with his hitting during the exhibition games.

Philadelphia's lone newcomer to the regular lineup is second baseman Ted Kazanski, the former $100,000 bonus player who has spent the last two years in the minors. The 22-year-old infielder batted .307 at Syracuse last year and has been impressive in spring games. Ray Jablonski is back at third base for Cincinnati after a spell at San Diego, with more confidence at bat and in the field. The Reds are extremely high on Robinson, their rookie find, whom they're boosting for first - year honors.

The Milwaukee Braves will open with the identical lineup that finished the 1955 season, but they boast several fine looking youngsters in outfielder Wes Covington, first baseman Frank Torre and second baseman Felix Mantilla.

Brand New Outfield

Washington, with Roy Sievers switched from left field to first base, will feature a brand new outfield. Besides rookies Tettlebach and Herzog, acquired from the Yankees in the Mickey McDermott deal, the Nats probably will have Karl Olson in center field. Olson is one of the five players obtained from Boston in the Bob Porterfield - Mickey Vernon trade. Infielder Herb Plews and Berberet ex-Yankees, also appear to have made the team.

Except for second baseman Spook Jacobs recalled from Columbus, the Kansas City Athletics will present the same lineup although Hector Lopez has been switched from third to center field and Jim Finigan from second to third.

The presence of Larry Doby, the ex-Cleveland clouter, in center field, adds plenty of power to the White Sox lineup. Manager Marty Marion also is satisfied with Aparicio, the 22-year-old Venezuelan who is stepping into the shoes of the departed Chico Carrasquel.

Added Punch

The Indians believe Carrasquel will give them added punch at short and Jim Busby will provide the speed they lacked in center. They think that Vic Wertz, back at first base after a polio siege, will supply the left-handed power they lost by the departure of Doby.

Detroit's lineup change is at second base where Reno Bertoia, the Italian-born bonus players, appears to have the inside track over veteran Fred Hatfield.

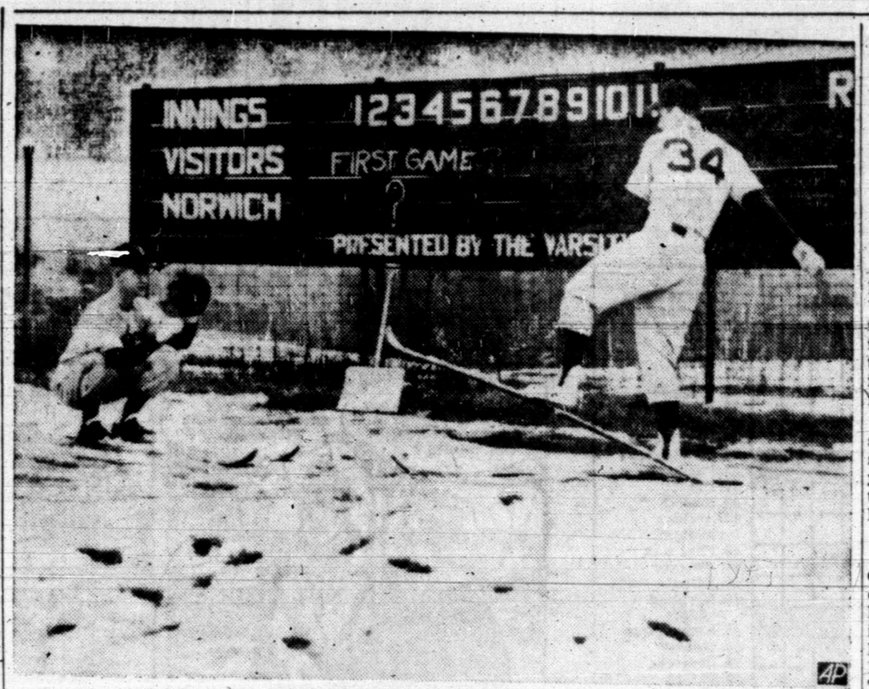

The Red Sox may be the only cub with two rookies in the opening game lineup. Buddin and Malzone, a pair of Louisville graduates, appear to have won the shortstop and third base jobs from holdovers Billy Klaus and Grady Hatton. Another change may be at first where it will be either Vernon, the ex-Washingtonian, or sophomore Norm Zauchin, depending upon the opposition. If a righthander starts for Baltimore, it will be Vernon. Otherwise, Zauchin will open.

Baltimore's lineup is still uncertain. The only rookie with a chance to get in there is Tito Francona, the slugging young outfielder purchased from Vancouver. There may be changes at second and third, however.

It's no surprise that not a single rookie pitcher has been nominated for the openers but some of them are expected to receive starting assignments in the near future. The most promising young pitcher appear to be Pat Scantlebury and Tom Acker of Cincinnati, Bob Trowbridge and Red Murff of Milwaukee, Jim Owens of Philadelphia, Art McMahan and Mel Waters of Pittsburgh, Joe Margoneri of the Giants, Don Drysdale and Ken Lehman of Brooklyn, Dave Siler of Boston, Bud Daley of Cleveland, Troy Herriage of Kansas City, Bill Fischer and Joe Dahlke of the White Sox, Pete Wojey of Detroit, Don Ferrarese of Baltimore and Hal Griggs and Connie Grob of Washington.

Have Shown Enough

An unusual number of catchers have shown enough to stick around for a while, at least. The best of these, in addition to Karavitz and Berberet, are Earl Averill Jr. (Indians), Haywood Sullivan (Red Sox), Earl Battey (White Sox), Joe Lonnett (Phillies) Hal Smith (Cards) and Darrell Johnson (Yankees).

AP

CALL IT THE SKIBALL SEASON—Baseball players from Norwich University in Northfield, Vt., gag it up on skiis on their snow-covered field as the score board tells the sad story. Much of Vermont is still covered with the heaviest snow blanket in years due to several late season storms. Snowbound players are Jack Keehane (left) of Port Leyden, N.Y., and Ronny Kutz of New Cumberland, Pa. The schedule says Norwich's first home game is only two weeks away but the field is covered with two feet of the soggy snow.

1956 Outlook Brighter Than In Several Years--Giles Says

By WARREN GILES
President, The National League

CINCINNATI, April 14 (AP)—The outlook for baseball, and particularly the National League, looks brighter to me this year than at any time since I entered the league office in 1951.

I have detected more enthusiasm and general interest in baseball this spring than has been apparent for a long time. Tangible evidence is at hand to substantiate that feeling—increased advance ticket sales reported by all major league clubs, the gratifying attendance this spring at exhibition games and, most important of all, the keen interest and anticipation of the man in the street.

People now are coming to realize that there is no substitute for seeing a ball game "live", from a seat in the ball park. It is my feeling that fans will be coming out to the parks this year to satisfy their appetites for baseball.

Helpful Now

While I have felt that television, because of its novelty appeal, had an adverse effect on attendance, I feel that this year baseball will capitalize on the interest TV has stimulated.

National League fans will see I believe, an exciting and close race. It will be more difficult for any club to win in the National League in 1956 than it has in many years.

It is most unlikely that any club will jump off to a commanding lead such as the Dodgers enjoyed last year when they won 20 of their first 22 and practically ended the race before it began. Had it not been for that, the National League would have enjoyed the tight race which everyone predicted at this time last year. The clubs from second through seventh were so evenly matched they beat each other so consistently that no club could string together enough wins to challenge the Dodgers.

Second Division Improved

Based on my observation of all eight clubs in spring training, I think last year's second-division clubs have improved more than the first-division teams. Add to this the fact that there was only 1½-games difference in the performance of Brooklyn and Milwaukee from June 15 to the close of the season—and the fact that the battle for fourth place ran right up to the last two or three days of the season.

Barring injuries to key men, I predict a decrease in the number of games the pennant winner will win and predict an increase in attendance. It is my guess that a club which wins 90 games can win the pennant. I fully expect the great baseball interest to express itself at the box office not only in the National League but in the American League and the minors too.

Yankees, Dodgers Are Heavy Favorites In Flag Races

By JACK HAND

NEW YORK, April 14 (AP)—The Brooklyn Dodgers and New York Yankees, World Series rivals in five of the last nine years, are the favorites to repeat in October as the clubs finish their spring training shakedown cruise and move into Tuesday's openers.

For the first time since 1952, the same cities that finished the old season will begin the new. Three years ago Milwaukee replaced Boston in the National. Then came Baltimore and finally Kansas City in a series of exciting shifts.

Three new managers have taken over the job of chasing the Dodgers after the 1955 runaway in the National League. Freddie Hutchinson at St. Louis, Billy Rigney at New York and Bobby Bragan at Pittsburgh are the newcomers. The American League managerial cast remains the same.

Trades Add Spice

Interesting trades, particularly in the American League, add spice to the new season. Both the Yankees and Boston Red Sox loaded up on Washington's veterans while peeling off a stack of young talent for the Senators. Cleveland finally landed its much-needed shortstop, Chico Carrasquel, from Chicago but gave up Larry Doby to the power-hungry White Sox.

Except for the deal that brought Ransom Jackson to Brooklyn from Chicago for Don Hoak, Russ Meyer and Walt Moryn, the National clubs remained pretty much standpat, banking on their farm systems.

A healthy smattering of rookies, perhaps the best crop for quality in recent years, will dot the box scores as the club sstart their 154 game race.

Both the Yanks and Dodgers are even money to win with Cleveland 2 to 1 in the American and Milwaukee 2½ to 1 in the National, according to the word from Las Vegas. Digging deep into their stockpile of generosity, the oddsmakers quote 100 to 1 against Baltimore and Washington in the American and Chicago and Pittsburgh in the National.

With a break from the weatherman, who is an onery cuss this spring, the eight openers should draw about 250,000 fans. No special openers will be held this season. Washington and Cincinnati, early birds on alternate years, break with the pack. There was a time in mid-winter when Washington planned an early opening but it was moved back when it became certain that President Eisenhower would be available to toss out the first ball.

Robin Roberts of the Phillies will be making his seventh opening-day start at Brooklyn against the world champions, thus tying Bobby Feller's record among active players. However, Roberts will have to keep going until his grandchildren can warm him up to break the all-time, opening-day mark of Walter Johnson, who pitched 14 of them or even Grover Alexander's mark of 12. Roberts' record is 3-3 on opening day.

If Ned Garver gets the call from Detroit Manager Bucky Harris, against Kansas City, he, too, will be pitching his seventh opener. However, it's between Garver and Frank Lary at the moment.

Here is Tuesday's schedule:

NATIONAL LEAGUE
Philadelphia at Brooklyn
Pittsburgh at New York
Chicago at Milwaukee
St. Louis at Cincinnati

AMERICAN LEAGUE
New York at Washington
Baltimore at Boston
Cleveland at Chicago
Kansas City at Detroit

Radio-TV A Big Problem--Frick

By WILL GRIMSLEY

NEW YORK, April 14 (AP)—Commissioner Ford Frick termed the television-radio monster baseball's No. 1 problem today as the major leagues prepared to launch the 1956 season with a "new, forward look."

"We are confronted with a giant-sized operation without any ground rules," the white-maned diamond czar added, as he relaxed in his plush Radio City tower. "We are without a law or a basis for dealing with the matter."

"We are in the unique position of being sued on the one hand for restricting broadcasts and telecasts and on the other for not restricting them.

"It's important to us and to the survival of the minor leagues that we get this problem cleared up as promptly as possible."

"Healthy and Kicking"

Except for the TV-radio problem, the one-time sports writer who succeeded A. B. (Happy) Chandler as baseball commissioner on Sept. 20, 1951 says the game is "healthy and kicking."

"I think our greatest achievement in recent years has been that we have adopted the forward look," Frick added. "We have torn way from outmoded beliefs that there should be no tinkering with franchises or procedures.

"We have opened up new frontiers, we have become more modern in our thinking and our dealings with each other and, personally, I will not be happy until we have a major league setup in the United States stretching from California to New York and from Canada to the Gulf of Mexico."

See Western, Southern Clubs

The commissioner said he feels it inevitable that the big population centers of the West, including Los Angeles and San Francisco, and those of the South such as Miami and Dallas, must be brought into the major league orbit.

"I don't know how this is to be accomplished ,whether we have 10 teams in each league at first or three major leagues, but it's bound to come."

Frick listed these aims for a bigger and greater sport:

1. Expansion of the major leagues to take in more of the heavily-populated centers.

2. A more modern, more realistic agreement between the major and minor leagues.

3. Improved ball parks and parking areas to meet increased demands.

4. A sound, healthy minor league system which, he says, "after all, is the foundation of baseball."

Hermleigh Is Grade School Track Champ

Hermleigh won the district grade school track and field meet held Thursday at Hermleigh piling up 46 points to 31 for second place Loraine.

Ira with 14½ points and Westbrook with 7½ were next in line in scoring.

Larry Denson of Hermleigh was high point man of the meet with 14¼ points. Denson won the 100-yard dash in 11.5 seconds and broad jump with a leap of 15 feet one inch.

Other winners were as follows:

50-YARD DASH—Preston Brow Hermleigh, 6.5.

75-yeard dash—Parnell, Loraine, 8.9.

440-yard dash relay Hermleigh (Denson, Brown, McHeny and Ubando).

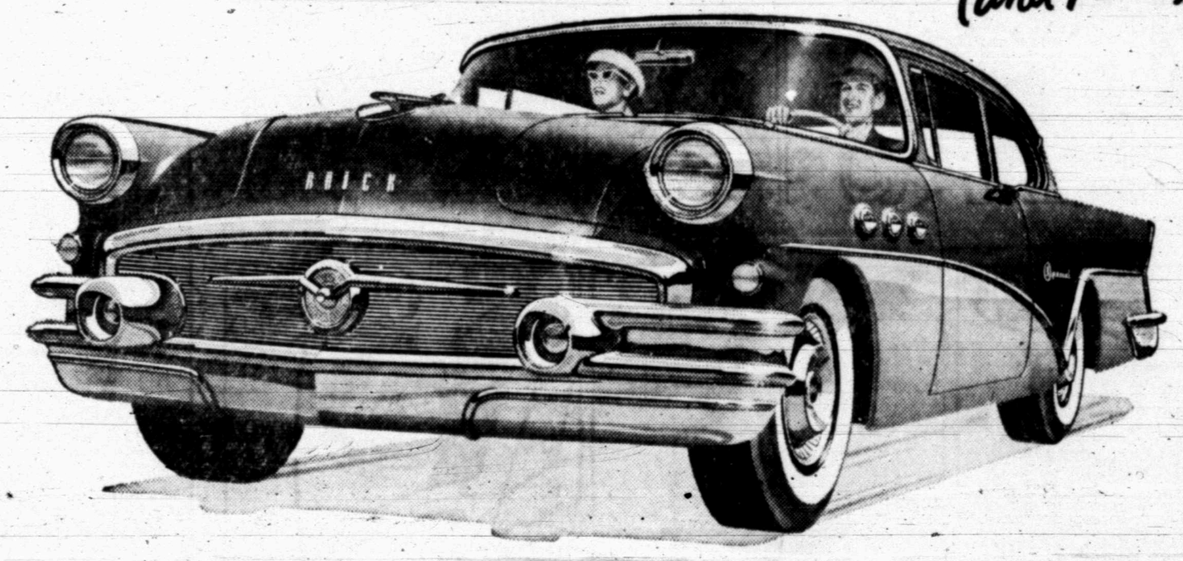

660-yard run—Reagan, Loraine.

Pull ups—Mike Rodriquez, Hermleigh, 20.

Short put—Lopler, Ira, 36 feet 9 inches.

High - jump—Parnell, Loraine.

TODAY'S BIG SPECIAL
at a price that will open your eyes
(and Purse)

IF YOU'RE in the market for a real buy, take a good look at *this* one.

It's a 1956 Buick SPECIAL—which means, of course, it's a *big* car.

But look again at the price news it carries.

It tells you *this big Buick* SPECIAL *can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars.* (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series.

Even *that*, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones.

To understand the *big* reason, you've got to know something about how much more *pure automobile* you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflow.†

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

†*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

State Drivers Given Warning

By The Associated Press

Texas motorists who want to avoid fines of up to $200 for not having their vehicles safety-checked had just a few hours Sunday to get the silver sticker on their windshields.

A spot check Saturday showed thousands of cars still not inspeted to see if brakes, windshield wiper, lights and horn were in proper working condition.

Midnight Sunday is the deadline.

Capt. N. C. Pugh of the Department of Public Safety at Houston estimated about 20,000 out of the 400,000 vehicles in Harris County had not been inspected.

Patrolmen will begin handing out tickets Monday, Pugh warned. He expected a large number of vehicles to be inspected Sunday and by Monday morning, he said, about 2 per cent of the cars in his county will lack the stickers.

About 15,000 of the 90,000 vechiles in Jefferson County had not been inspected, said Joe White of Beaumont, in charge of inspections.

White said long lines of cars waited Saturday at most of the 55 inspection stations in the county.

Dallas County motorists jammed stations Saturday. The State Department of Public Safety estimated less than 5,000 Dallas County cars would need stickers by Sunday.

In 15 Central Texas Counties about 15,000 cars remained uninspected of the 200,000 registered. Inspections were slightly ahead of last year.

The Department of Public Safety at Corpus Christi said about 8,000 cars remained to be inspected.

W. W. Eddleman, inspector in Tarrant County, said about 12,000 uninspected cars were in Fort Worth and the county.

Defendants Pass By Body Of Reckless Joe

LOUISVILLE, Ky. (AP)—Twenty-four defendants, including three speeders, paraded before Judge Charles I. Boone and "Reckless Joe," in police court at nearby Shively.

"Reckless Joe" was a dummy, neatly dressed in a dark blue suit and resting in an open casket.

"I think it made a terrific impact," the judge said later about his reminder that speed and crime don't pay.

Life Savings Are Stolen

CANTON, Tex., April 14 (AP)—Sheriff Forest Sides said today officers had been unable to find a trace of two thugs who tied up an elderly couple Thursday night and robbed them of their $1,500 life savings.

Mr. and Mrs. Garfield Johnson of Board, eight miles northwest of Wills Point in Van Zandt County, were attacked about 6 p.m. Thursday. Mrs. Johnson is about 60 and her husband about 70.

The couple told officers they went to milk the cows and when they returned to the house two men were waiting in a bedroom. They said the men tied Johnson's hands and feet and forced Mrs. Johnson to lead them to the money buried in the dirt floor of a smoke house.

After getting the money, Sides said, the thugs tied up Mrs. Johnson, taped the mouths of both, cut phone wires and left by foot.

WHICH ONE'S THE WINNER?—It seems strange for both winner and loser to laugh, but that's what happened when Herbert Paschen, left, who won the Democratic nomination for Illinois governor, visited headquarters of his defeated opponent, Morris B. Sachs, in Chicago. Laugh was provoked when a bystander asked about "a break on a suit as Sachs." Sachs, a clothing merchant, quipped "everyone will be treated as a customer."

Radio Units Bought For Local Police

The city of Snyder purchased three new DuMont mobile radio units in the meeting of the council Friday night.

The units, to cost $475 each, have already been installed in police patrol cars.

Roy Dunlap, city manager, recommended purchase of the DuMont units.

"The city has used for approximately three months both Motorola and DuMont mobile radio units at the request of Motorola representatives, but we found that the DuMont units have a wider range of coverage, have better volume, and are all-round better radios," Dunlap said.

Additionally the radios were purchased on the lower of two bids submitted.

Cost of $475 each for the DuMont sets will be paid to the Jay R. Huckabee Electronics Engineering firm of Snyder.

Motorola's bid on three units was $542 each. Only two bids were submitted.

The Census Bureau predicts 16 million Americans over 64 in 1960.

THE SNYDER DAILY NEWS

VOL. 6, No. 299 | SNYDER, TEXAS, SUNDAY, APRIL 15, 1956 | SECTION B

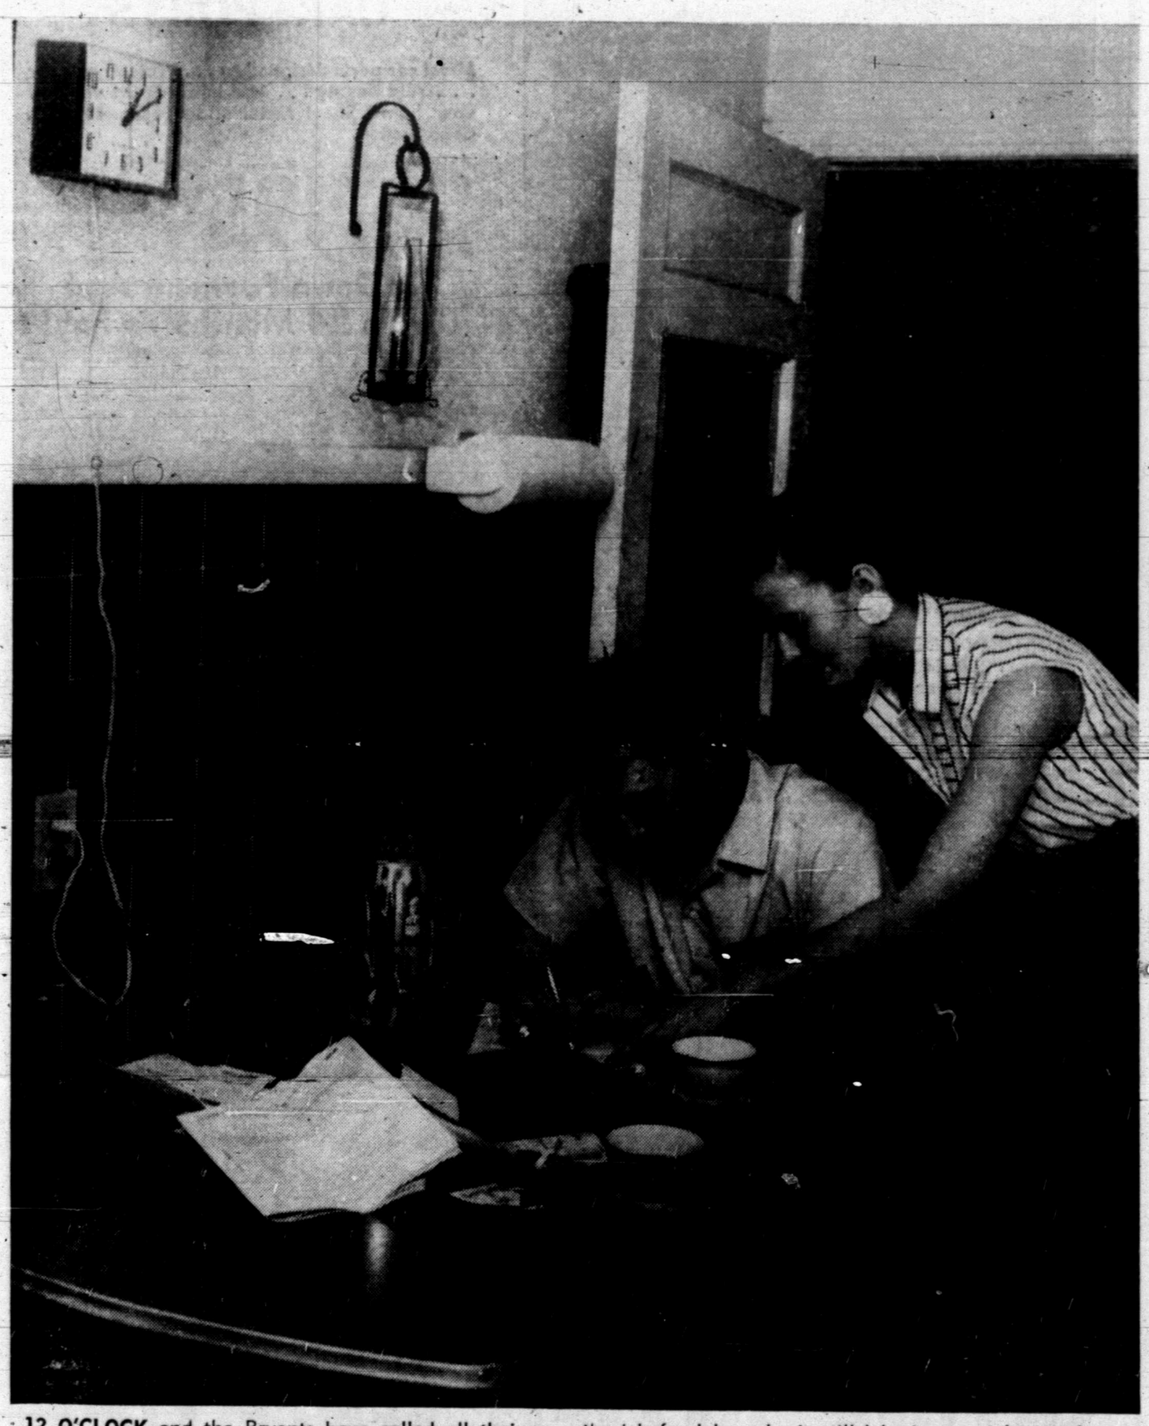

6 O'CLOCK—Ah, this will be a snap That apears to be the idea Mr. and Mrs. John R .Bryant, 2008 Twenty-sixth Street have as they begin the job of filling out their income tax return in the picture above. But, as the following pictures show, the snap job turned out to be a real task before the night was over. (Lee Watson photographs)

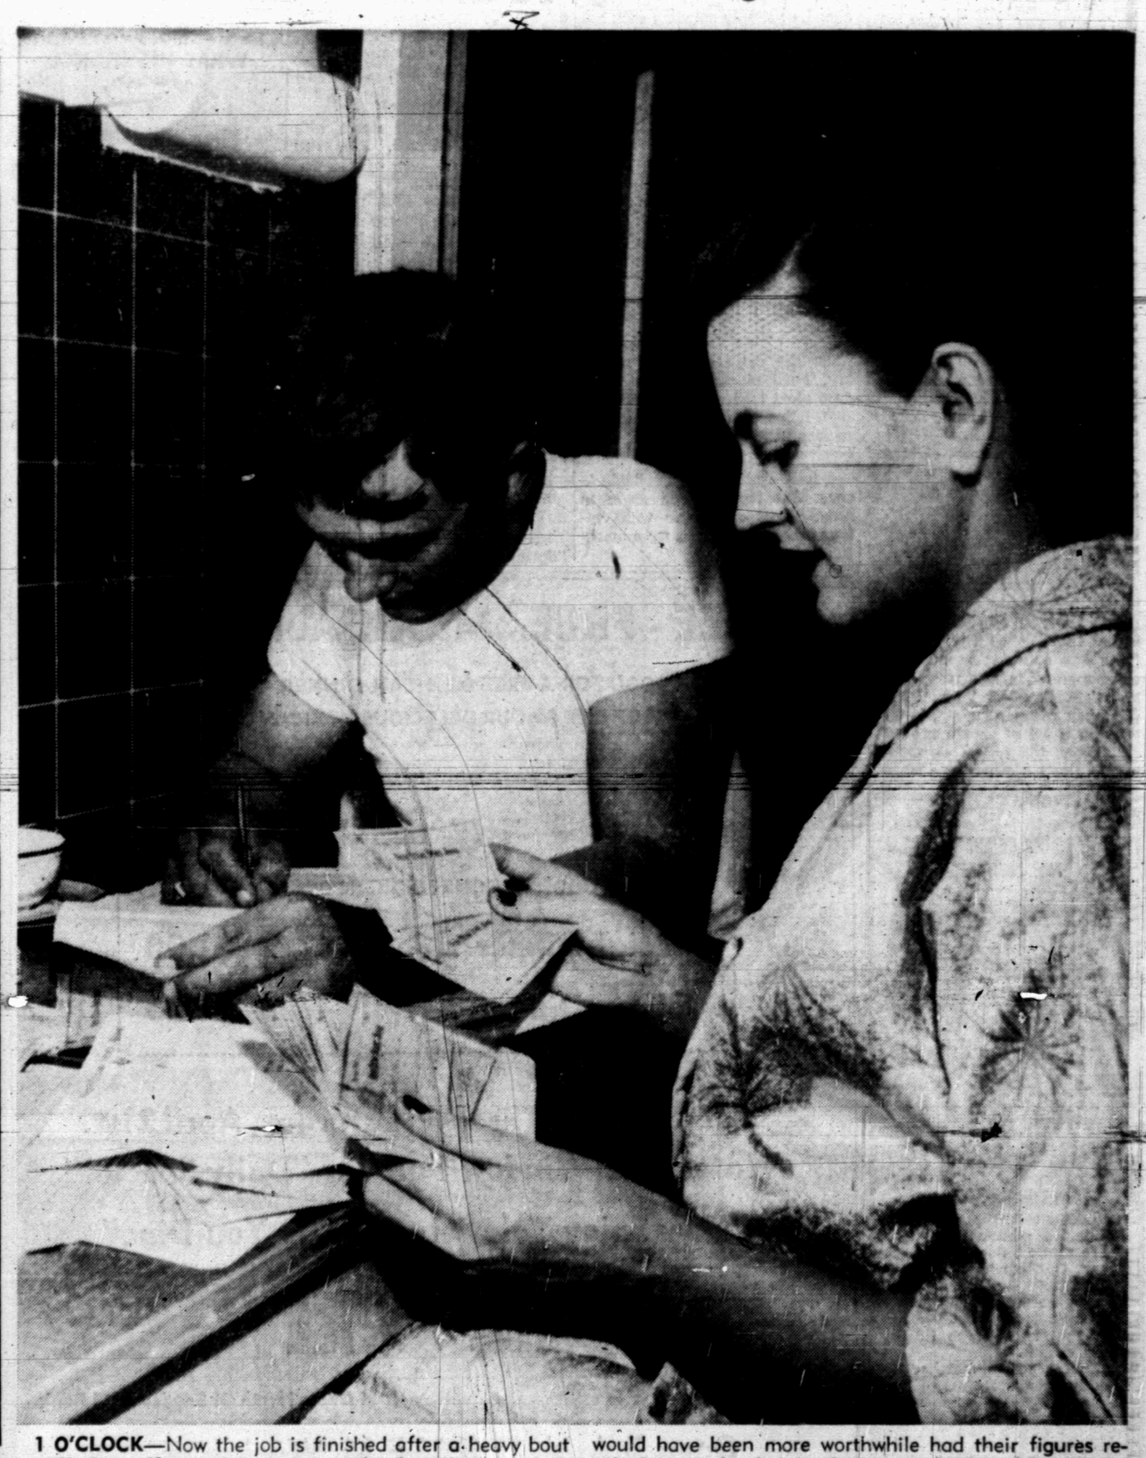

9 O'CLOCK, and the task is growing in scope all the time. John Bryant has come to the head scratching point and turned the pencil work over to his wife, June, who after a cup of coffee is ready to finish the job in a flash. Many readers will see themselves reflected in these pictures, because today is the last day for filling out income tax returns. But because today is Sunday the Internal revenue department has extended the deadline until tomorrow.

Battle Of The Long Form

12 O'CLOCK and the Bryants have called all their resources into the struggle with the long form. Cancelled checks, bill payment receipts, bank statements, and assorted proofs of expenditures seem only to complicate the job for John, who is still laboring over the tax form while June looks through the checks trying to remember where all that money went during the year.

1 O'CLOCK—Now the job is finished after a heavy bout with the coffee maker and a pack of cigarets, as well as the income tax blank. It's long past their regular bedtime, however, and the task which started out to be easy has taken more than half the night. John said it would have been more worthwhile had their figures resulted in a refund claim, but as many income tax payers who do the same job today will find out, a refund is a difficult thing to figure out in making your income tax return.

ENGAGEMENT ANNOUNCED—Mr. and Mrs. H. T. Torrence announce the engagement and approaching marriage of their daughter, Bobbie, to Johnny Shackelford, son of Mr. and Mrs. C. C. Shackleford of Westbrook. The wedding is planned for June 1. (Craft Studio Photograph)

MISCELLANY

By LOUISE BLANCHARD

(This is the last in a series of articles dealing with the question of a library for Scurry County.)

Now, here's a situation you won't come across often — if you don't vote for each one of the three items on the Jaycee's petition at the bond election on April 21st, by 1961 this country will be without any debt or project, and the result will probably be that the oil companies will insist on cutting their taxes. Never before have we heard of such a happy state — if you vote for building a library, establishing a park and putting in an east-west runway at the airport it will cost you about 50 cents extra per year for 5 years, that is if you own a $15,000 house (in other words 4½ cents per hundred dollar evaluation) and if you vote against them, the result will be there just won't be anything to spend money on! Now, a county isn't like a family—if a family spends little, then supposedly with the money they've saved eating hamburger instead of steak they can take a trip to Europe or get a Cadillac—but not so with a county — it can't give you any money, the best that it can do is create jobs. But you've got to have something to work on, haven't you? Now, if you vote for a library, runway and park, then there will be jobs available and if you want to apply for one of them, no one's stopping you.

The above is not just what we've dreamed up — it's true, and if you want to check, phone County Judge Edgar Taylor, because that's where we got our information. To quote his exact words, he said, "If these three projects don't carry, the result is going to be alarming because in 5 years time the country will owe no money, and there will be no projects and therefore no way of getting money into the hands of the people in the county."

If every man, woman, child and chicken in this county isn't yet convinced that we can afford to have a library and bookmobile, a park and adequate airport, then a surgical operation must be needed to work the change!

With this thought in mind we phoned a long time Scurry County resident whose opinion we value highly, and asked her, "Why is there any oposition at all to this when there seems no sense at all to it." She replied, "Yes, I know what you mean all right, but I'll tell you a lot of people are worried about the future — supposing we don't always have such a high county income, and supposing we then have to maintain a huge library, what then?"

We posed this very question to Judge Edgar Taylor, and here was the answer; "There cannot be such a drain on the county funds because of a state statute which says that no more than 5 cents per hundred dollar value can ever be levied for library maintenance, and like rules apply to all other county projects. So, if county income goes down, then the amount the county can spend goes down also."

We asked Judge Taylor if we could quote him further, and he said, "You can. Say, that this county is lagging way behind in all but road and school facilities. We should have a coliseum (right now there's is no building in the county which will hold more than 1000 people); we should also have a municipal golf course, more parks, a hotel and office building."

We then went on to discus the fact that all the towns and counties around us are improving their facilities — and if we don't it won't be a matter of not going ahead, or simply standing still, but of going backwards, that is in relation to our neighbors.

And yet, if those of us who believe in the future of this county do not bestir ourselves to get out and vote for this bond election on Saturday, April 21st, then it may fail, and with it will go one more opportunity to help ourselves and others. There is indeed "a tide in the affairs of men, which, taken at the flood, leads on to fortune."

House Plant Care

House plants should be watered when the surface of the soil is dry. Feed plants lightly with a good plant food every few months. Dust foliage with a soft brush occasionally.

A beet aspic is now available in cans. Cut the ruby red aspic in round slices and serve with cottage cheese and greens for a luncheon salad.

Sinfonietta Will Present Final Civic Music Program

The Civic Music Association will present The Saint Louis Sinfonietta today at 4:30 in the High School Auditorium as their last presentation of the season.

Paul Schreiber will be conductor of the orchestra. The schedule of the program is as follows: Overture to "The Marriage of Figaro" by Wolfgang Amadeus Mozart ;"Symphony No. 5 in B flat Major" by Franz Schubert, consisting of "Allegro, Andante con moto," "Menuetto and Allegro Vinaci; "Aigeuner Weisen" by Pablo de Sarasate; "Introduction and Allegro" by Maurice Ravel. The last selection will be a Kern Collection by Jerome Kern, consisting of "Smoke Gets in Your Eyes", "The Night Was Made for Love", "She Didn't Say Yes", "They Didn't Believe Me", "All the Things You Are", "The Jockey on the Carrousel", "Long Ago and Far Away", "Bill", "You Are Love" and "Old Man River."

Kenneth Gordon will be the violinist on Zigeunerweisen and Christine Stavrache will be harpiest on the Introduction and Allegro.

WHAT'S GOING ON

Mr. and Mr. H. F. Rogers and Jane, 807 Twenty-sixth Street, spent Friday night and Saturday in Abilene in the home of relatives.

Mr. and Mrs. John E. Burns Jr. and Ronnie of Midland, recently spent the night in the home of his parents, Mr. and Mrs. J. E. Burns, Sr., Lamesa Highway.

Mrs. George Chamblee and George, 1912 Coleman, have recently returned home after spending a month in the home of her parents, Mr. and Mrs. Ross Davis in Fort Smith, Ark.

Mrs. Joe Strayhorn and Neoma, 2111 Thirtieth Street, have returned home after spending several days in San Angelo and Houston. They visited in the home of Mrs. Strayhorn's daughters in both cities. They were the guests of Mr. and Mrs. Walter Cork in San Angelo and Mr. and Mrs. J. W. Templeton in Houston.

E. A. Crowder has returned from his month's visit in the homes of Mr. and Mrs. Ray Crowder in San Angelo and Mr. and Mrs. Nick Beard in Waco.

Mr. and Mrs. F. G. Hayes of Albany are spending the weekend in the home of Mr. and Mrs. Turner Hayes, west of city.

OUR 2nd. ANNIVERSARY!

We're proud of the past two years our company has been a part of Snyder and are very grateful to our many customers and friends who are directly responsibile for making these successful years possible.

MRS. J. K. SHELTON
(Craft Studio Photograph)

Faye Jean Crawford Is Wed In Candlelight Ceremonies

Before an altar decorated with baskets of pink and white gladoli, candelabra and greenery on April 14 at 8 p.m. Faye Jean Crawford became the bride of J. K. Shelton. The double ring ceremony was performed in the Calvary Baptist Church in Midland with the Rev. Charles B. Hidges, pastor of the Trinity Baptist Church in Midland, officiating.

The bride is the daughter of Mr. and Mrs. A. B. Crawford, Lubbock Highway, and the groom is the son of Mr. and Mrs. H. M. helton, Monahans.

Given in marriage by her father, the bride wore a flower designed gown of imported chantilly lace over taffeta. A short lace jacket having three quarter length sleeves and a Peter Pan collar was completed by short gloves. The closely fitted lace bodice tapered to a deep point in the front with panels of chantilly lace. Het waltz length skirt had bouffant sides of alternating tiers of lace ruffles and sheer imported tulle. The fingertip length veil was of illusion and fell from a crown edged with seed pearls. The bride carried a white orchid, shadowed with carnations with carnations with white streamers.

Maid of honor was Nell Crawford, sister of the bride, who wore a street length dress of nylon with raised flower designs over taffeta. Her net picture hat was crowned with daisies sprinkled with crystallette. She wore a corsage of pink carnations. Bridesmaids were Joyce Barr, Midland, and Jean Mullican, Midland. They wore identical dresses to that of the maid of honor.

Best man was Larry Boren, cousin of the groom, of Colorado City. Groomsmen were Eldon Daylon, Midland and Bobby Jones, Snyder.

Mrs. William H. Johnson, Midland, was the organist and Mrs. Herbert Bratcher, Big Springs, was the soloist, who sang "The Lord's Prayer" and "The Day of Golden Promise."

The reception was held in the banquet room of the church following the ceremony. The table was covered with a white lace cloth over blue.

Chrystal candleholders held two blue candles. A miniature bride and groom surmounted the three-tiered cake which decorated the center of the table. Mrs. Marion Nix served the cake and Mrs. Kenneth Newsome presided at the crystal punch bowl. Anita Wilson registered the guests in the brides guest book.

For traveling, the bride wore a grey suit with pink accessories. She wore the orchid from her bouqquet. After a short trip to Denver, Colo., the couple will be at home in Monahans.

Both the bride and groom are graduates of Midland High School.

Sausage Sandwich

A hot sandwich of sausage and apples is a satisfying luncheon entree that's quick and easy to prepare. Shape sausage meat into patties about ½ inch thick. Fry and remove from pan but keep hot. Core unpeeled apples and cut in thick slices. Saute apple slices in a little sausage fat. Place a sausage patty and a slice of apple on buttered toast. If desired, garnish with bacon curls and serve with cole slaw.

Sauce For Tuna

Try this sauce with tuna fish. Mix 4 tablespoons butter, 3 tablespoons flour, 1 cup milk, 2 teaspoons prepared mustard, 1 teaspoon each prepared horseradish, lemon juice and salt, 1 tablespoon grated onion and ¼ teaspoon pepper. Place tuna in casserole dish and pour sauce over. Top with ½ cup of grated cheese and 1 tablespoon breadcrumbs and bake for one-half hour in the oven set at 350 degrees F. Delicious.

Mix mashed cooked carrot with mashed cooked parsnip, butter or margarine, salt and pepper.

INTERNATIONAL DESIGNER PATTERN

S-294

by JOHN CAVANAGH of GREAT BRITAIN

TO ANY WOMAN who is 5' 3" or less, a "Varden Petite" label in a dress is immediate identification of superb high styling scaled to her own petite proportions. This shirtwaist model by this famous house is pretty proof that fashion need not be sacrificed for size but can be made to measure up to any measurements. The bodice has a high bosom of wide unstitched pleats, and a button placket that extends below the waistline, two details that add height. The skirt front has unpressed pleats, but the back is a smooth flare. Easy to step-into and to make because it is an accurately cut, hand made pattern, it is wonderful in striped or plaid fabric, in wool crepe, shantung, taffeta, or novelty cotton. This pattern is cut to DESIGNER MEASUREMENTS, not Standard Pattern Measurements. Size 12 requires 5⅜ yards of 36 inch material for dress with short sleeves and 1⅛ yards of 35 inch material for interfacing. To order Pattern 1248, state size; send $1.00; address SPADEA FASHIONS, INC., P. O. Box 535, G. P. O., Dept. S-13, New York 1, N. Y. Add 25c for Airmail handling. New 144 page Pattern Booklet XII - 50c

Local Club Sets Meeting

The Desk and Derrick will hold a dinner Monday night at 7:30 p.m. at the Hilander for instalation of officers.

Mrs. LaVerne Montgomery of Lubbock, will be the installation officer. Mrs. Montgomery is married and has two children, a daughter, 14, and a son, 8. She is the secretary-treasurer and office manager for Rocket Petroleum Co., Inc. in Lubock. Her Desk and Derrick activities include 1953 vice-president, 1954 president and 1955 member of the Board of Directors. She is also a member of the Lambda Iota Chapter of Beta Sigma Phi Sorority and an active worker in the First Baptist Church, Lubbock.

Officers that will be installed are Mrs. John C. Newman, president; Lou Morgan, vice-president; Trudy Woods, corresponding secretary; and June Bryant, recording secretary.

MRS. LAVERNE MONTGOMERY
installation officer

Pleasant Hill Club Meets In Hall Home

The Pleasant Hill Home Demonstration Club met Thursday with Mrs. Cecil Hall, Route 2.

After a short business meeting, Mrs. Jervis Bullard gave the program.

Refreshments of cupcakes and punch were served to 11 members, one new member, Mrs. Jerry Vernon of Harmleigh, and three visitors, Mrs. Jess Hall, Mrs. Tom Echols and Mrs. Roy Sheppard.

The next meeting will be on April 26 in the home of Mrs. Burton Echols.

Apore The Rinse

Spare the rinse and you may spoil the wash. It is very importnt to make sure that your water is at the proper temperature for washing. The first rinse should be just as hot as the washing water. Why? Because cooler water is said to harden the soap, thus causing it to cling to the fibers which makes them yellow and weak prematurely.

Bed Spring Blues

Creaking bed springs aren't the best lullaby in the world. If you're suffering from this sort of nighttime nuisance, try rubbing soap on the open springs. Soap will lubricate the metal and keep the springs from squealing.

Small fry like creamed spinach when it is topped with bits of crisply-cooked crumbled bacon.

FOR GOOD EATING

Baked Corned Beef with Horseradish Sauce
American Fried Potatoes
Creamed Spinach
Orange Luncheon Salad
Cherry Pecan Upside-Down Cake

* * *

BAKED CORNED BEEF WITH HORSERADISH SAUCE

4 pounds corned beef
1 cup brown sugar
Whole cloves

Cover corned beef with cold water, heat to boiling and skim. Reduce heat and simmer meat until tender 3 to 4 hours. Remove from water, place on rack in roaster. Rub brown sugar over corned beef. Insert whole cloves into meat in diagonal rows and bake in moderate oven (350F.) until browned. Serves 10 to 12.

* * *

HORSERADISH SAUCE

¼ cup prepared horse - radish, drained
¾ teaspoon salt
¼ teaspoon pepper
1 tablespoon vinegar
½ cup heavy cream, whipped

Mix first 4 ingredients thoroughly and fold into whipped cream. Makes 1 cup sauce.

CHERRY PECON UNSIDE-DOWN CAKE

1 cup butter
2 cups sugar
1 cup pecan meat, chopped
2 cups pitted tart cherries, well drained
2½ cups sifted cake flour
3 teaspoons baking powder
¼ teaspoon salt
2 eggs, well beaten
2-3 cup milk
1 teaspoon vanilla
Whipped cream
Fresh cherries

Melt 1-3 cup butter in heavy skillet, add ½ cup sugar and stir until dissolved. Add nuts and cherries. Sift flour, baking powder and salt together. Cream remaining butter with remaining sugar until fluffy. Add eggs and beat thoroughly. Add sifted dry ingredients and milk alternately in small amounts, beating well after each addition. Add vanilla and pour batter over mixture in skillet. Bake in moderate oven (350 F.) 1 hour. Remove from oven and turn onto large platter. When cool, cover with whipped cream and garnish with fresh cherries.

Officers Of Twilight Garden Club Elected

The newly formed Twilight Garden Club elected their officers Thursday evening in a meeting at the home of Mrs. Hollis Fields.

Miss Leah Davis, president; Mrs. Hollis Fields, first vice-president; Mrs. J. E. Craven, second vice-president; Mrs. Tommy Holt, recording secretary; Mrs. Jack Dillon, parliamentarian, and Mrs. S. S. Steinberg, reporter.

Mrs. Jack Gore, of the Snyder Garden Club, was a guest of this meeting.

For best flavor, cook liver shortly after you buy it.

MR. AND MRS. LEONARD ALLEN HALE
(Wolfe Studio Photograph)

Fawvor-Hale Double Ring Wedding Vows Repeated

In a double ring ceremony on April 7 at 4 p.m. in the Saint Elizabeth's Catholic Church, Mary Esther Fawvor became the bride of Leonard Allen Hale. The Rev. Edward Chrisman, pastor, officiated in the ceremony. The church was decorated with two baskets of white gladoli.

The bride is the daughter of Mr. and Mrs. W. B. Fawvor of Lufkin and the groom is the son of Mr. and Mrs. O. O. Hale of Sun Oil Camp, Snyder.

Given in marriage by her father, the bride wore a cream colored princess style street length dress with a low scalloped neckline and short sleeves. She wore black patent shoes and a black picture hat. For something old and borrowed the bride wore a pair of earrings. Something blue was a blue garter. Her corsage was a white orchid.

Maid of honor was Lula Belle Thibodeauz of Sour Lake, Tex. She wore a blue princess style dress with three quarter length sleeves and a corsage of white gardinias.

Best man was Hubert O'Neal of Snyder. Ushers were Mr. and Mrs. James Nett also of Snyder. Miss Dotty Dugas was the organist.

A the reception, which was held in the home of the groom's parents, the house was decorated with white glads and the two-tier cake, with a miniature bride and groom, adorned the center of the table. Helen Harrison served the cake.

After the wedding the couple returned to Lubbock, where they are both attending Texas Tech. They both are graduates of Snyder High School.

Out-of-town guests were Mr. and Mrs. W. B. Fawvor, Jr., Colorado City; Mrs. Bart Stewart, Brenham; Mrs. Jewel Harris, Henderson; Mr. and Mrs. K. B. Hale, Midland; Miss Helen Harrison, Lubbock; Miss Avella Beick, Lubbock and Phil Houston, Perryton.

Miss Truman Is Surprised At Decisions To Be Made

NEW YORK (AP)—Margaret Truman says she never dreamed how many more decisions would have to be made—and how fast she'd have to make them—after the big one was out of the way.

She said she waited a "decent interval" before giving the answer to her fiance, Clifton Daniel.

Once she did, though, she found, it was just the beginning.

First off, she said, friends and family wanted to know right away her choices of silver, crystal and china patterns. There also were the details of her trousseau, furnishings for her home and also, where her new home was to be.

She said she never anticipated all the breathless newspaper hullabaloo over every tiny detail of everything, but she had one accidental stroke of good luck.

"I bought my clothes in February, and I was never smarter in my life."

This was before the announcement of her engagement. Now she couldn't even buy a pair of gloves without getting reams of publicity.

She and Daniel couldn't go house-hunting until after the engagement was announced—"Miss Truman is rather a conspicuous person to take house - hunting," said Daniel — and after the announcement she found she didn't have time.

So after their wedding trip to the Bahamas, they'll settle for the time being in Miss Truman's present apartment in the Hotel Carlyle.

Right now she's busy clearing closet space to make room for a man's wardrobe, too.

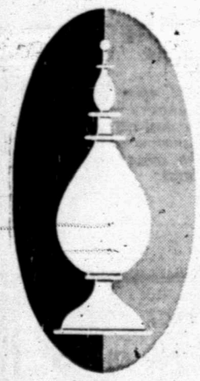

As for her wedding April 21 in Independnce, Mo., she said she has been leaving details of the reception up to her mother and 'Mom has everything well in hand."

She said she'd received a lot of letters asking why she refuses to be married in the traditional white gown. Her answer:

"(A) I don't like white gowns. Never did, although I have nothing against them for others. (B) I look horrible in white."

The will to live

Disease is a manifestation of living things struggling for their existence. Tiny organisms invade higher orders of life in a desperate search for a suitable place in which to live. When a pathogenic organism achieves success and begins to reproduce, its host is taken ill. The disease may be called tuberculosis, measles, typhoid fever, or some other more or less familiar name. Fortunately, humans, although far outnumbered, have the ability to destroy undesirable organisms by the millions. Our business is to compound and supply the medicines needed to fight disease. We consider it a privilege to serve you.

NEW HEADBOARD HELPS BEDROOM'S APPEARANCE

By BILL BAKER

With the addition of a smart new headboard, your bedroom can take on a whole new appearance. And, with the help of my pattern package number 117, you'll be able to give your room the new look for only a few hours of time and a few dollars for materials.

Like all pattern in this do-it-yourself series, heavy-weight paper pattern pieces are included in your package. Like a woman's dress pattern, all you'll have to do is tack down each exact-size section, trace and cut.

Don't worry about experience—even the novice woodworker can turn out a professional-look unit. And you won't need a lot of shop equipment, either. A saw, screwdriver and some sandpaper are your only requirements.

You'll notice that I've designed the headboard as a single unit. Two, however, will fit a double bed. Each section is 40 inches long and 42 inches from floor to top shelf.

Easy - to - make upholsterd sections — the pattern tells you how to make them — hide a deep book shelf. With the addition of a special hinge, the headboard pulls out and forms the back rest.

In addition to the book shelf, the headboard also includes a deep storage area for extra pillows and blankets.

Now here's how you can get your pattern package: send your name and address (clearly printed), together with only one dollar ($1) in check, cash or money order, to Bill Baker, (Snyder Daily News), P.O. Box 1111, Los Angeles 53, California. Remember to ask for pattern 117.

GIVES ROOM A NEW LOOK

TEEN TALK

By GERRY LYN HUGHES

Last week S.H.S. was filled with the preparations for the annual Pan American Fiesta which was held Saturday. The purpose of the fiesta is to encourage the use of Spanish and Latin-American customs. Friday morning the Spanish Club was in charge of the assembly program. Betty Morgan, Sara Dennis, Barbara Taylor, Connie Connell, Clinta Blackard, Wilda Livinston, Jo Ann Miller, and Redge Herde, were among those on the program. Dr. DWane Collins spoke on the customs of the Latin American countries. He was dressed like a cowboy in their native costume. Yesterday approximately thirty schools entered in contests of various kinds, including cooking, art, dancing, prose, extemporaneous speaking, and vocabulary. Sixteen princesses competed in the race for the queen. They were judged on their poise, personality, and beauty. Deanne Devers was the princess from Snyder. The queen's throne was green velvet draped with gold braid hanging from the ceiling. Her chair was covered with a gold sequined cloth. The queen was entertained with the winners of the various contests. After the coronation the queen and her court were honored with a tea in the cafeteria.

* * *

Last Monday the posters for the annual cheerleader contest were up and the campaign for the 1956-57 cheerleaders has begun. Monday will be the time-scheduled for try-outs and the election will be held Tuesday. Mike Ridley is the only freshman who is running. Sophomores are Sammy Spikes, Deanne Devers, Lawanna Row, Dottie Dugas, Nell Crawford, and Dana Scarborough. Juniors include Rita Grimmett, Eldon Fowler, Juanez Teaff, and Betty McKinney.

* * *

The Senior Play "Stardust" will be held on Thursday and Friday nights of next week. Tickets may be purchased from any member of the senior class. Adults are seventy-five cents and students are fifty cents. The proceeds will go to the fund for the senior trip.

* * *

Toni Best was hostess for a chicken spaghetti supper in her home last Monday. Tossed salad, garlic bread, apple pie, a la mode, and ice tea were served to the following girls: Clinta Blackard, Joyce Blakely, Chiva Boss, Judy Broman, Sue Clark, Wanda Crook, Ann Fish, Sittie Harrell, Gerry Lyn Hughes, Jane Joyce, Doris Lewis, Linda Milam, Jo Ann Miller, Judy Miller, Shelby Smith, Juanez Teaff & Pat Taylor, and Pat Wade.

* * *

Janell Moore was hostess for a oke party in her home Wednesday. Refreshments of strawberry shortcakes and Cokes were served to the following girls: Patsy Harless, Emma Lee Duncan, Jane Duncan, Judy Duncan, Mickie Camp, Sara Dennis, Jo Ann Morgan, and Karen Crooks.

Warning Is Sounded On Long-Winded Talk

TABIONA, Utah (AP) — The Uintah Basion Telephone Assn. has an answer to long-winded conversations on party telephones.

It has installed a device in seven Utah communities which warns party line users after four minutes: You have one minute to finish your conversation.

At the end of the minute the connection automatically is cut.

Massage Suede

An emery board makes an ideal scraper for scuffed suede pocketbooks or shoes. Sand away the matted down nap by rubbing the emery board gently over the surface.

Local Girl Will Represent Plains In Universe Contest

Jane DeWald of Snyder will represent the South Plains Sports Show in the Miss Texas Universe contest to be held at Lake Whitney in June.

Miss DeWald, who is a student at Texas Tech, was runner-up in the contest held Thursday at the South Plains Sports Show in Lubbock.

Doris Fields, a Lubbock High School student, was crowned queen at the Lubock event, but she is ineligible to compete in the Miss Texas Universe contest because she is under 18 years of age.

Another Snyder, entrant, Toni Best, placed fifth in the contest at Lubbock.

Several entrants from Snyder appeared in the contest, and local sports goods dealers, in cooperation with the Chamber of have a booth at the sports show, which closes today.

Miss DeWald, who lives with an aunt and uncle, Mr. and Mrs. Loy Logan, Sweetwater Highway, is a member of Delta Delta Delta at Texas Tech.

AMUSEMENT

Two Comedians Are Losing Their TV Wives This Season

By BOB THOMAS

HOLLYWOOD (AP)—Two comedians are losing their TV wives this season. Nanette Fabray is shedding Sid Caesar, and now Jean Hagen has announced her split with Danny Thomas.

Of the two "divorces" the Thomas-Hagen one seems more serious. While Fabray is a great asset to Caesar's Hour," her skits are played strictly for laughs and there is little continuity from one show to the next. Besides, she was preceded by Imogene Coca as Caesar's "wife."

It's different with "Make Room for Daddy." The family relationship is more realistic, and Jean has been Danny's only spouse.

But the actress has determined to abandon her TV husband and kids, despite the handsome pay she draws.

"The loot is wonderful," she admitted. "And I have loved doing the show. But three years is long enough. I want a chance to do different things.

"In a few of the shows I've been able to do some departures. But I've still been playing the same character. The only real thrill I get out of acting is doing a variety of roles. Otherwise I'd just as soon be working in a shoe factory."

Jean said she had come to her decision several months ago, but had been asked by ABC to withhold it until plans for next season were settled. Gossips predicted there might be friction between her and Danny because of her desire to leave. She indicated such is not the case.

"Danny understands my reasons," she remarked. "When we finished our last show, we had a litle celebration which he called 'Jean's quitting party.'"

Having done the last of 90 films for the show, she is turning to other matters. Her first assignment is playing Mrs. Lou Gehrig opposite Wendell Corey on "Climax" next Thursday. She plans a return to films. The only one she was able to do in the past three years was "The Big Knife," in which she played a philandering wife.

How will they explain her absence on "Make Room for Daddy?" (The show has been renewed for next year.)

Jean doesn't know. There have been plans to kill her off and portray Danny as a widower rearing two children. Or Danny might be supplied with a new wife. It's quite a problem.

Jukebox Star Is Key Man In Battle

NEW YORK, April 14 (AP) — Sammy Davis Jr., jukebox sensation and nightclub star, is key man now in a Broadway battle of the season.

Sammy made his theatrical debut a couple of weeks ago in the musical "Mr. Wonderful." The critics reported him wonderful, the rest of the show anything but.

But the public, ga-ga over Sammy, has been turning out in droves despite the critics — which sometimes happens — and may make the show a hit after all.

Slim-hipped Sammy, who rocketed up with a blend of singing, dancing and mimicry, feels that about 60 per cent of the audience gathering daily at the Broadway Theater are his fans "and the rest of the theatergoers get sort of caught up in the sheer force of what goes on."

Serious and reflective behind the frenetic on-stage mien, he says that perhaps some of the adverse criticism that "Mr. Wonderful" got was because of changes made during the tryout period.

The story concerns a timid young entertainer in a trio who is unambitious about trying the big time but finally does. The device enables Sammy Jr's father and Will Mastin — the pair with whom he has worked for years — to accompany him in the show.

But, Sammy discloses, the original story had more drama when the young performer's timidity was linked to the fact that he was a Negro.

'Marty' Sets New Order For Movies

By CHARLES MERCER

NEW YORK, April 14 (AP)—The critical and boxoffice success of the movie "Marty" has turned a once-established order of events upside down. This movie, written by Paddy Chayefsky, demonstrated:

A good television drama can be translated into the movie form, filmed at low cost in New York instead of Hollywood with relatively unknown actors under the direction of a TV-schooled director—and cop most of the prizes from Hollwood to Cannes.

You're going to see more television-inspired movies. Specifically you'll be seeing them under the banner of Jonathan Productions, the brainchild of two young men whose names thus far have been synonymous with television: Robert Alan Aurthur, a writer, and David Susskind, a producer.

They have now begun filming on Manhattan's West Side Aurthur's movie adaptation of his own successful TV drama, "A Man is Ten Feet Tall," a hard-hitting story of the New York waterfront. It will be released by Metro-Goldyn-Meyer.

Aurthur said the other day while filming on location in New York's Pennsylvania Railroad freight yards that it took him three days to write the TV script for "A Man is Ten Feet Tall," but he labored for 3½ months on the movie script.

"This is not just an adaptation," he said. "I never had written a movie script and I had a lot to learn."

Crew and cast are infused with tremendous enthusiasm. They're frankly out to prove that a movie can be made better in New York than in Hollywood.

Aurthur also has completed a play, "A Very Special Baby," which will come to Broadway in the fall and star Ezio Pinza. After completing "A Man is Ten Feet Tall," he will go to work on the movie version of another of his successful TV dramas, "Shadow of a Champ." Kirk Douglas will star in this picture.

Aurthur is an interesting example of the success that television can bring to a young man these days.

"Five years ago I had nothing," he said, "I was married and we had one kid. I was in the hole about $25,000—money I'd borrowed on which to write. We didn't own a stick of furniture and we were living in a house in Easthampton, Long Island.

"The kid was making so much noise that I couldn't concentrate on writing. I'd go up to the attic and write with gloves on."

A whale shark may be 60 feet long.

TOP NEW WESTERN CAST—John Agar and Mamie Van Doren share a Western romance in Universal-International's Technicolor, "Star In The Dust," adapted for the screen from a prize-winning western novel by Lee Leighton.

'Medic' Rescheduled

NEW YORK (AP) — The controversial "Medic" TV film that showed a birth by caesarean section has been edited and rescheduled for showing next Monday night on NBC. The entire 90-second operation scene has been deleted.

Best, Coward Co-Star

NEW YORK (AP) — Edna Best will costar with Noel Coward in "The Happy Breed" on the May 5 "Ford Star Jubilee" show over CBS-TV.

Dallas Bank Lowers Its Rediscount Rate

DALLAS (AP)—The Dallas Federal Reserve Bank was among those raising the rediscount rate yesterday on bank loans. The rate may be the highest in 23 years.

Watrous Irons, president, said rates in the district were boosted from 2½ to 2 per cent.

"I believe that this is the highest discount rate in the 11th District in about 23 years," Irons commented.

The raise was ordered in an effort to curb strong inflationary pressures caused by heavy bank and consumer borrowing.

Estimate Given On Tax Returns

WASHINGTON (AP)—With the income tax deadline only two days away, the Internal Revenue Service today estimated that between six and seven million individual taxpayers still must file their 1955 returns.

The service expects that around 3½ billion dollars more will pour into the government coffers before Monday midnight.

The penalty for late filing is 5 per cent of the amount of the tax for each month or fraction of a month. In addition, interest will accrue at the rate of 6 per cent annually on the amounts unpaid by the due date.

The government has estimated conservatively that the tax on income from individuals for 1955 will run about 33½ billion dollars. There is a possibility the take will be higher than expected and further raise the administration's hopes for achieving a balanced budget at the end of this fiscal year June 30.

The deadline Monday affects individuals subject to filing returns, even though the tax due has been withheld from their pay checks.

Besides salaried persons and wage earners, the final date for returns applies to professional and self-employed persons who may have been paying their tax on a quarterly basis. Others who must meet the deadline Monday are:

Farmers who filed their 1955 tax declaration by last Jan. 16. They now must file a final return and pay the balance of their 1955 tax.

Partnerships, which must file an information return for 1955.

Executors, who must file estate income tax returns for last year and pay the first quarterly installment for 1956 taxes.

Trustees, who must file last year's trust income tax return and pay the entire tax.

Donors of gifts in 1955, who must file a gift tax return and pay the proper tax. Those who received gifts must file information returns showing the amount of gifts received last year.

Self - employed persons eligible for Social Security benefits also must pay by Monday midnight the Social Security tax of 3 per cent on their earnings up to $4,200 in 1955, if they have not already done so.

Besides meeting the deadline for 1955 returns, a substantial percentage of taxpayers also must file estimates of their 1956 tax and pay at least one-fourth of the amount due if it has not already been paid.

Farmers May Receive New Money Crop

DALLAS (AP)—U. S. farmers may soon get a new money crop—growing plants to make hormones for medical use.

These plants, close relatives of the Mexican yam, would yield starting chemicals from which chemists can make cortisone, the hormone that combats arthritis, and sex and other hormones.

The prospects were outlined to the American Chemical Society by Dr. M. E. Wall of the U. S. Department of Agriculture's eastern regional utilization branch, Philadelphia.

Mexican yams, plants of the species Dioscorea, are rich in the basic chemicals from which many hormones are made.

Some of these species have been tested for growth in the United States at Beltsville, Md.; Savannah, Ga.; Coconut Grove, Fla.; and Baton Rouge, La., with prospects fairly bright now that they can be grown in this country, Dr. Wall said.

Dr Wall, H. A. Walens and S. Serota are studying two chemicals isolated from a Dioscorea plant found in Mexico by Drs. H. S. Gentry and S. Correll of the Department of Agriculture.

These chemicals may provide a way of making cortisone by entirely chemical steps, instead of a method using partly chemical and partly microbial steps, Dr. Wall said.

This same species of plant also contains the raw material ordinarily used now in making cortisone synthetically.

Other scientists are investigating whether this plant can be grown in the United States. That study will take about two years.

If it will grow here, and is a good source of hormone material, then farmers will have a hormone money crop. Demand for the hormones is high, and increasing.

Officials May Hike Size Of Truce Team

WASHINGTON (AP)—American officials expect the United Nations truce supervision team in the Middle East to be doubled if present U.N. peace efforts are successful.

The United States is backing the U.N. mission to the limit. The little White House at Augusta, Ga. announced yesterday President Eisenhower had sent personal messages to Premier Gamal Abdel Nasser of Egypt and Prime Minister David Ben-Gurion of Israel.

Indications were that he was urging restraint on both sides in the critical situation.

The messages were sent Monday in connection with Eisenhower's public statement, announced then, which in effect told both Arabs and Israelis the United States is determined to oppose any aggression in the area.

What American officials most fear is not that either leader would deliberately start a war now but that a continuance of bloody border incidents would precipitate a general conflict neither side could stop.

The Palestine truce supervision organization under Canadian Gen. Edson Burns plays an important role in trying to avoid such incidents.

Dispatches from Cairo last night were somewhat optimistic about the U.N. peace mission, being handled personally by Secretary General Dag Hammarskjold.

One of his aims is to obtain withdrawal of forces from border areas. Another is to try to obtain guarantees of complete freedom of movement for the U.N. truce supervision team.

Slaughter Is Charged In Police Car Theft

HOUSTON (AP)—Richard Slaughter has been charged with stealing the police car of the officer who had him under arrest.

Patrolman W. C. Munro had arrested Slaughter near a disturbance and put him in the car. When Munro turned his back, Slaughter took off, fast.

Five shots from the cop only made Slaughter speed up. The car was found later where Slaughter allegedly abandoned it near his home.

LEGAL NOTICES

NOTICE OF ELECTION
FOR THE ISSUANCE OF BONDS
THE STATE OF TEXAS
COUNTY OF SCURRY

TO THE RESIDENT QUALIFIED ELECTORS OF SCURRY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 21st day of April, 1956, in Scurry County, Texas, in obedience to an ELECTION ORDER entered by the Commissioners' Court of Scurry County, Texas, on the 30th day of March, 1956, and which order is as follows, to-wit:

ORDER FOR BOND ELECTION
THE STATE OF TEXAS
COUNTY OF SCURRY

ON THIS, the 30th day of March, 1956, the Commissioners' Court of Scurry County, Texas, convened in special session at the regular meeting place thereof, in the Courthouse at Snyder, Texas, the following members of the Court, to-wit:

EDGAR TAYLOR, County Judge, Presiding; and

T. B. KNIGHT, Commissioner, Precinct No. 1;

CULLEN H. TOOMBS, Commissioner, Precinct No. 2;

L. L. "PAT" MOORE, Commissioner, Precinct No. 3;

DOYLE PARMER, Commissioner, Precinct No. 4;

being present, and among other proceedings had by said Court, were the following:

WHEREAS, the Commissioners' Court of Scurry County, Texas, deems it advisable to submit to the resident qualified property taxpaying voters of said County, who own taxable property in said County, and who have duly rendered the same for taxation, the following propositions for the issuance of bonds, to-wit: (a) $90.000 bonds for the purpose of purchasing, contructing, equipping and improving buildings and other permanent improvements to be used for County Library purposes; (b) $65.000 bonds for park purposes, to-wit: purchasing and/or improving lands for County parks; and (c) $50.000 bonds for the purpose of enlarging and improving the County Airport; therefore

BE IT ORDERED BY THE COMMISSIONERS' COURT OF SCURRY COUNTY, TEXAS:

That an election be held in said County on the 21st day of April, 1956, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election there shall be submitted to the qualified electors who own taxable property in said County, and who have duly rendered the same for taxation, for their action thereupon, the following propositions for the issuance of bonds, to-wit:

PROPOSITION NUMBER 1

"SHALL the Commissioners' Court of Scurry County, Texas, be authorized to issue the bonds of said County in the principal sum of NINETY THOUSAND DOLLARS ($90,000), to mature serially within any given number of years not to exceed FIVE (5) years from date thereof, to bear interest at a rate not to exceed TWO AND ONE-HALF PER CENTUM (2½ per cent) per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, for the purpose of purchasing, constructing, equipping and improving buildings and other permanent improvements to be used for County Library purposes, pursuant to authority conferred by the Constitution and laws of the state of Texas, including Senate Bill 253, Chapter 194, passed at the Regular Session, 54th Legislature, 1955?"

PROPOSITION NUMBER 2

"SHALL the Commissioners' Court of Scurry County, Texas, be authorized to issue the bonds of said County in the principal sum of SIXTY FIVE THOUSAND DOLLARS ($65,000), to mature serially within any given number of years not to exceed FIVE (5) years from date thereof to bear interest at a rate not to exceed TWO AND ONE-HALF PER CENTUM (2½ per cent) per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, for park purposes, to-wit: purchasing and/or improving lands for County parks, pursuant to authority conferred by the Constitution and laws of the State of Texas, including Section 9 of Article 8 of the Constitution, Chapter 1, Title 22, and Article 6081e, Vernon's Annotated Civil Statutes of Texas, 1925, as amended?"

PROPOSITION NUMBER 3

SHALL the Commissioners' Court of Scurry County, Texas, be authorized to issue the bonds of said County in the principal sum of FIFTY THOUSAND DOLLARS ($50,000), to mature serially within any given number of years not to exceed FIVE (5) years from date thereof, to bear interest at a rate not to exceed TWO AND ONE-HALF PER CENTUM (2½ per cent) per annum, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity for the purpose of enlarging and improving the County Airport, pursuant to authority conferred by the Constitution and laws of the State of Texas, including Articles 46d-1 to 46d-22, inclusive, Vernon's Annotated Texas Statutes, as amended?"

The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly Chapter 1, Title 22, Revised Civil Statutes of 1925, as amended, and all persons who are legal voters of said Scurry County, Texas, and who are resident property taxpayers of said County, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.S. Election Code, adopted by the Fifty-second Legislature in 1951, and that printed on such ballots shall appear the following:

PROPOSITION NUMBER 1

FOR THE ISSUANCE OF $90.000 LIBRARY BONDS AND THE LEVY OF TAXES IN PAYMENT THEREOF"
AGAINST THE ISSUANCE OF $90.000 LIBRARY BONDS AND THE LEVY OF TAXES IN PAYMENT THEREOF"

PROPOSITION NUMBER 2

FOR THE ISSUANCE OF $65,000 PARK BONDS AND THE LEVY OF TAXES IN PAYMENT THEREOF"
AGAINST THE ISSUANCE OF $63.000 PARK BONDS AND THE LEVY OF TAXES IN PAYMENT THEREOF"

PROPOSITION NUMBER 3

FOR THE ISSUANCE OF $50.000 AIRPORT IMPROVEMENT BONDS AND THE LEVY OF TAXES IN PAYMENT THEREOF"
AGAINST THE ISSUANCE OF $50.000 AIRPORT IMPROVEMENT BONDS AND THE LEVY OF TAXES IN PAYMENT THEREOF"

AS TO EACH of the foregoing propositions, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the three propositions; or, in the alternative, each voter may vote on the propositions by placing an "X" in the square appearing on the ballot beside the expression of his choice.

THE POLLING PLACES and Presiding Officers of said election shall be, respectively, as follows:

Precinct number - Voting place and Presiding Judge.

1. N. E. Snyder at Courthouse, M. L. Andress
2. Cottonwood Flat at Schoolhouse J. C. Hardin
3. Ennis Creek at Schoolhouse, H. B. Walker
4. Dermott at Schoolhouse, W. P. Herring

16. Loyd Moultain at School Building, L. S. Cross
17. N. W. Snyder at Courthouse, Guy Glenn
18. S. W. Snyder at Courthouse, J. E. Lemond
19. Crowder at Derrick Motel, J. E. Woodson
20. S. E. Snyder at Courthouse, Edgar Wilson

SPECIAL CANVASSING BOARD:
Cecil Bowen, Martin Brooks, Arthur Blanchard

THE MANNER of holding said election shall be governed by the General Laws of the State of Texas regulating general elections.

A COPY of this order, signed by the County Judge of said County and certified to by the County Clerk shall serve as proper notice of said election.

NOTICE of said election shall be given by posting and publication of a copy of this order, at the top of which shall appear the words NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS". Said notices shall be posted in each of the election precincts of the County of Scurry, and at the door of the County Courthouse, not less than fourteen (14) days prior to the date on which said election is to be held; and be published on the same day in each of two successive weeks in a newspaper of general circulation published in the County of Scurry, the first publication to be not less than fourteen (14) days prior to the date set for said election.

The above and foregoing order, having been read in full, it was moved by Commissioner Parmer and seconded by Commissioner Moore that the same do pass. Thereupon, the question being called for, the following members of the Court voted AYE": Commissioners Knight, Toomos, Moore and Parmer; and none voted NO".

PASSED AND APPROVED, this the 30th day of March, 1956.

(s) Edgar Taylor
County Judge, Scurry County, Texas
(s) T. B. Knight
Commissioner, Precinct Number 1
(s) Cullen H. Toombs
Commissioner, Precinct Number 2
(s) L. L. "Pat" Moore
Commissioner, Precinct Number 3
(s) Doyle Parmer
Commissioner, Precinct Number 4

IN WITNESS WHEREOF, I have hereunto signed my name officially and affixed the seal of the Commissioners' Court of Scurry County, Texas, this the 30th day of March, 1956, pursuant to authority given by law and the above order of the Commissioners' Court of said County.

(s) Edgar Taylor
County Judge, Scurry County, Texas

STATE OF TEXAS
VS. NO. 2044

J. W. McCoach, if living, and if dead, the unknown heirs of the said J. W. McCoach; the unknown heirs of the unknown heirs of the said J. W. McCoach; J. H. Stallings et ux Hazel Stallings; Mrs. Helen Ivancovinch; F. M. Barton; and J. W. Barton

In the County Court of Scurry County, Texas March term, A.D. 1956.

On this the 27th day of March A.D. 1936, W. W. Wood, Roy Stewart and Harry Allen, Special Commissioners, appointed by the Court to assess damages of Defendants by reason of the construction, reconstruction, and opening of Highway No. —, upon, across, and through certain real estate described in Plaintiff's petition reference to which is here made, to which real estate, the fee simple title is in the said J. W. McCoach if living and if dead the unknown heirs of the said J. W. McCoach; the unknown heirs of the unknown heirs of the said J. W. McCoach; J. H. Stallings et ux Hazel Stallings; Mrs. Helen Ivancovinch; F. M. Barton; and J. W. Barton as is more fully set out in said petition of the State of Texas, acting by and through the Commissioners' Court of Scurry County, Texas, vs. J. W. McCoach, if living, and if dead, the unknown heirs of the said J. W. McCoach; the unknown heirs of the unknown heirs of the said J. W. McCoach; J. H. Stallings et ux Hazel Stallings; Mrs. Helen Ivancovinch; F. M. Barton; and J. W. Barton filed with the Honorable County Judge of Scurry County, Texas, on the 27th day of March, A.D. 1956, said Commissioners having been sworn to assess said damages fairly and impartially, and in accordance with law, do hereby appoint as the time and place for hearing said parties on the matter, the Office of the County Judge of Scurry County, Texas at Snyder, Texas, in said County on the 23rd day of May, A.D. 1956; a copy of this order shall be served by publication in the Snyder Daily News upon each of the above named Defendants and service thereof shall be notice to said Defendant(s) and each of them, to appear at said time and place at Ten o'Clock, A.M., at the Court House for the purpose of offerin any evidence they may desire as to the amount of damages to be assessed against th State of Texas, and to be paid to the said J. W. McCoach, if living, and if dead, the unknown heirs of the said J. W. McCoach; the unknown heirs of the unknown heirs of the said J. W. McCoach; J. H. Stallings et ux Hazel Stallings; Mrs. Helen Ivancovinch; F. M. Barton; and J. W. Barton (and each of them respectively) for the right-of-way and strip of land described in said Plaintiff's original petition filed with the County Judge of Scurry County, Texas.

WITNESS OUR HANDS this the 27th day of March, A.D. 1956.

(s) W. W. Wood
(s) H. B. Allen
(s) Roy Stewart
Special Commissioners

LEGAL NOTICE

THE STATE OF TEXAS
COUNTY OF SCURRY

ON THIS the 9th. day of April A. D. 1956, at a regular session of the Commissioners' Court of said County, a quorum being present, there came on to be heard and considered the petition of R. B. Sears, J. W. Dubose, Wm. L. Stone, and nine (9) other persons, whose names are signed thereto, petitioning and requesting the Commissioners' Court of said County to order an election to be held in: Scurry County, Texas hereinafter called "Election District," by the qualified voters and election officers thereof, to determine whether or not:

THE SALE OF ALCOHOLIC BEVERAGES OF ALL TYPES SHALL BE PROHIBITED OR LEGALIZED WITHIN SAID COUNTY, AND IT BEING SHOWN TO THIS Court that the said petition is properly signed by the required number of qualified voters, who reside in said election district, and that election for said purpose has not been held therein within one year next preceding the date hereof, the Court is of the opinion and feels that it is its duty to grant said request and petition.

It is therefore ordered, adjudged and decreed by this Court that said request for said election be granted and that an election be held on the 5th. day of May A. D. 1956, at each and all the voting places in said election district, as provided for by law, to determine whether or not

FOR LEGALIZING THE SALE OF ALL ALCOHOLIC BEVERAGES
AGAINST LEGALIZING THE SALE OF ALL ALCOHOLIC BEVERAGES

It is further ordered that said election shall be held in all respects to the manner and form provided for by law, and that the County Clerk of said County shall post or cause to be posted at least one copy of this order in each election precinct in said election district for at least six days prior to the day of said election.

Witness our hands and seal of this Court, this 9th day of April A.D. 1956.

Presiding: (s) Edgar Taylor, County Judge.

Present: s) T. B. Knight, Commissioner, Precinct No. 1.
s) Cullen H. Toombs, Commissioner, Precinct No. 2.
(s) L. L. "Pat" Moore, Commissioner, Precinct No. 3.
(s) Doyle Parmer, Commissioner, Precinct No. 4.
