It's a Pipe!

Dozens of girls are reportedly taking to pipe-smoking at Tulane University in New Orleans. Witness technique of Pretty convert Rose Lapeyere.

Late News

CAIRO, Nov. 17. (AP). — A daughter was born today to the Egyptia King Farouk, and his young Queen Farida.

"Witch Slayers" of Girl Sentenced to Life Imprisonment

HOUGHTON, Mich., Nov. 17 (AP). —Mr. and Mrs. Wilfred Pichette were sentenced today to life imprisonment for the "witch slaying" of Marion Doyle, housekeeper, in their home October 22.

Pichette told officers he borrowed $2,000 to purchase "divine rights" from a band of gypsies and that he and his wife beat the 20-year-old girl to death with a flat iron because he believed the housekeeper was "possessed of the devil."

Mrs. Sloan Chairman For Christmas Seal Sale Campaign

Mrs. W. H. Sloan will be general chairman for the 1938 Christmas Seal campaign, according to the announcement made this week by the Midland County Public Health Board affiliate with the State Tuberculosis association.

The sale of Christmas Seals will open officially Thanksgiving Day and continue until Christmas. This will be the 32nd annual sale of the Christmas Seals. Accompanying the sale will be an intensive educational campaign to direct public attention to the problem of tuberculosis, and the modern methods of combating the disease.

"I know that the Christmas Seal campaign can count on the wholehearted cooperation of the people of this community," said Mrs. Sloan. "The work of preventing tuberculosis and promoting good health, which is made possible by the red double-barred cross Seals, is so well known here that we can count on a generous response."

In this campaign the local association is joining with 1,500 other organizations and 1,200 smaller committees in the United States, all affiliated with the National Tuberculosis association in the campaign to eradicate the White Plague which annually takes 70,000 lives in this country.

3 PTA Delegates Attend Convention

Three Midland PTA's have each sent a delegate to the state PTA convention in Lubbock this week. Mrs. Richard Gile was delegate from the North Ward PTA and spent Tuesday and Wednesday at the convention. Mrs. S. A. Debnam, president of South Ward PTA, represented that group and Mrs. Dan R. Carter represented Junior High PTA. Mrs. Carter is also vice president of the sixth district.

"Parental Quests" was the theme of the convention attended by approximately 900 delegates.

Dr. J. M. Gordon, dean of literature and arts at Texas Tech college, Cameron Beck of the school of business practice and speech, New York City, and Mrs. Rebecca O. Nelson, Tyler public school, parent education director, were among the chief speakers.

A tea at the college and a dinner were social features of the convention program.

ABA Chief Raps Taxes, Pensions

Mounting Cost of Government Scored In Houston Address

HOUSTON, Nov. 17. (AP). — American Bankers Association today adopted a resolution urging the limited chartering of banks, elimination of overlapping taxation by the state and federal government and reaffirmed its stand on a dual system of banking, branch banking and autonomy of laws of separate states with respect to banking.

HOUSTON, Nov. 17. (AP)—Phillip A. Benson of Brooklyn, N. Y., newly elected president of the American Bankers association, in his first public utterance since his election yesterday, cried out last night against old age pensions and the mounting cost of government.

"From time immemorial there have been those who wanted something for nothing," he said. "The slow and painful road to toil had no appeal. Give us, they say, substantial pensions and we will agree to spend the money and consume goods."

Benson said apparently those who sought state old age pensions had lost sight of the fact they would be taking something they had not earned. He charged the government was taking a larger and larger share of the products of industry each year.

"No one would curtail the ordinary and necessary functions of government," he said. "Our lives, liberties, fortunes and well being depend on them. But to extend government beyond its regular sphere, to widen its activities, to increase greatly the number who derive support from it, creates an additional burden on industry and one that it should not have to bear."

Benson's address was delivered to the savings division of the ABA a few hours after the convention had unanimously elevated him from the first vice presidency to succeed President Orval W. Adams of Salt Lake City, Utah. Robert M. Hanes of Winston-Salem, N. C., was elected first vice president and P. D. Houston of Nashville, Tenn., was elected second vice president.

Turning from old age pensions to the rising tax collections of local, state and national governments, Benson said:

"True, some of the money goes for relief and for public works, but regardless of its use, the burden rests on all wage earners and all property owners. I know there are some who think the rich pay all the taxes, but that isn't so. It isn't true either that government has some magic way of getting money. Government hasn't discovered how to get something for nothing.

"The country as a whole can not be helped by the purchase of vast quantities of a metal — silver — and storing it away in a vault. On the contrary, the country is harmed by it."

Rotary Governor Addresses Members Midland Club Today

District Governor Linton Estes, from Wichita Falls, made his official visit to the Midland Rotary club today, spent two hours before noon going over administrative problems with officers and committee chairmen and then addressed the membership at the noon luncheon.

Rotary has no place under dictatorships, the representative of Rotary International declared, mentioning the fact that one of Adolf Hitler's first acts was to bar Rotary from Germany and that the organization also is on shaky soil in another country ruled by a dictator.

International peace and understanding has been fostered through the organization, with its more than 200,000 members in over 5,000 clubs throughout the world, he said. Tribute was paid to the accomplishments in community work and to the fellowship in the Midland club, the only thing lacking being a better attendance record.

Governor Estes pledged his best service to the clubs in district 127 during his tenure of office. The speaker kept his audience laughing with his homely wit and humor. Rotarians A. B. Knickerbocker and Joe Pyron of Odessa and Allen White of Big Spring were present. Other guests were Jimmie Lynch of Texarkana, Peterson of Montana, Clint Myrick, Bill Collyns and L. M. Freels of Midland.

Myrick, on behalf of the Lions club, extended an invitation for Rotarians to hold joint meeting with Lions on next Wednesday, at the Methodist educational building, in the annual Thanksgiving session.

Lynch, scheduled to do "danger for safety" automobile stunts later in the afternoon, asked and answered seven questions as to what to do in case of automobile emergencies.

Midland Group to Bio Spring Banquet

Employes of Carnett's Radio Sales stores at Lamesa, Midland, and Big Spring stores and their guests were honored at a banquet in Big Spring Tuesday evening, given by the owner, W. D. Carnett.

Attending from here were Mr. and Mrs. Tex Arnold, Jake Arnold, Pete Warlick, and E. Cook.

To Lima Parley

Five of 12 delegates named by President Roosevelt to the Dec. 9 Lima, Peru, conference of American Republics: Top, Adolf A. Berle, assistant secretary of state and key figure in shaping of New Deal foreign policy; center, left, the Rev. John F. O'Hara, president Notre Dame University; right, Mrs. Elsie F. Musser, Utah peace worker; lower, left, R. Henry Norweb, minister to Dominican Republic; right, Laurence A. Steinhardt, ambassador to Peru.

Cotton Gin at Stanton Burning

Fire was devastating a cotton gin at Stanton shortly after noon today, reports here said. High winds were making the fight against the blaze difficult. With one of the local fire trucks torn down for repairs, it was not feasible to send the new truck to the scene, although hose and other equipment were rushed.

FROM WEDDING TRIP.

Mr. and Mrs. Ernest Nance are at home here following their return Tuesday night from a wedding trip.

FDR Speech Is Ridiculed By Hitler

Says President Is Imagining Menace To United States

BERLIN, Nov. 17 (AP).—Adolf Hitler's Voelkischer Beobachter in captions said today President Roosevelt in his White House press conference pictured an imaginary menace to America to further an armaments program.

"Roosevelt's imaginary 'menace' to America," the caption read in one of the few German morning papers to print a brief account of Tuesday's interview. "Suspicions cast on other powers in the interest of United States armaments."

It was the first reaction printed in Germany to the United States president's announcement that air force plans contemplated defense of both North and South America. Yesterday was a Protestant holiday, the Day of Atonement, and most government officials were en route to Duesseldorf for the funeral of Ernst vom Rath, slain diplomat.

The Lokalanzeiger, another of the post-holiday newspapers to carry an account of the interview, printed the headline, "President Roosevelt's lust of power."

German Jews, most of them in seclusion and an estimated 40,000 under arrest, tonight fearfully awaited their ultimate fate.

These were immediate factors in their fears and hopes:

1. Funeral tomorrow of a nazi diplomat whose assassination by a young Jew in Paris last week started the latest wave of anti-Semitic violence and repressive decrees.

2. A United States protest on behalf of American Jews following President Roosevelt's denunciation of anti-Jewish actions.

3. The suspension of normal government business today because of the Protestant Day of Atonement.

The Jews believed the government would use the funeral of Ernst vom Rath as an occasion to issue further restrictions promised by Field Marshal Goering and Propaganda Minister Goebbels.

Some Jews professed to have received a warning—in what way they did not explain—that another "spontaneous demonstration" such as last Thursday's might be organized in connection with services for vom Rath, a secretary of the German embassy in Paris slain by the 17-year-old Herchel Grynszpan.

Good Attendance Is Reported at Lecture

Good attendance was reported at the lecture on Hawaii presented at the First Christian church Wednesday evening by Rev. H. C. Shipley, ex-missionary to foreign lands and former lyceum lecturer.

Illustrating his talks with pictures, Mr. Shipley told of the religion of the Hawaiian people and interestingly described their practices.

"It was as good as would be found on any lyceum course," Rev. John E. Pickering, Christian pastor, said in discussing the lecture.

Mr. Shipley, who served his church in foreign lands many years ago was one of its most powerful preachers in the years before the turn of the century, according to the Midland pastor. He has also lectured extensively with lyceum organizations in Kansas, Missouri, Illinois and Iowa.

Westmount Discovery Southeast Of Lovington Hits Gas Increase

By FRANK GARDNER.

Logging increase in gas in sand from 3,956-64, Westmount Oil Company No. 1 Amerada-State, southeast of Lovington in Lea county, New Mexico, this morning was reported to have blown out. Total depth now is 3,986 feet in anhydrite, and operators are trying to kill the gas by pumping in water. Gas volume is estimated at 10,000,000 cubic feet per day. Previously, the well had logged air from 2,900 to 3,000, with big gas at 3,230 and more gas from 3,308-19. The well is in section 12-17s-36e.

Barnsdall Oil Company No. 1 Humble-State, wildcat three miles farther northwest, is drilling past 1,870 feet in red rock.

Shell No. 1 Harwood permit, two miles north of Milnesand in southern Roosevelt county, this morning was scheduled to take a drillstem test from 4,265 to 4,378 feet. An unconfirmed report stated that a section of solid anhydrite had been cored from 4,276-86.

Running 10 3/4-Inch Pipe.

Adams & Bradley No. 1 Ohio-Glenn Crain, three and a half miles north of the Seminole pool in central Gaines, this morning had halted drilling at 2,240 feet in anhydrite and was running 10 3/4-inch casing. It had topped anhydrite at 2,200, datum of plus 1,213, which was said to be not unfavorably low.

Humble No. 51 J. S. Means, east edge extension in the Andrews Means pool, pumped 835 barrels of 27.9-gravity oil on 24-hour test, with gas-oil ratio of 240-1. Total depth is 4,512 feet in lime, where it has been treated with 10,000 gallons.

South of Shafter Lake in Andrews, Texas No. 1-H State, after a 53-hour shutdown while fishing for bit at 4,641, recovered bit and bailed 17 bailers of sulphur water and two barrels of oil. It now is ing to the rig.

drilling ahead past 4,647 feet in lime.

Montecito Corporation No. 3 Mrs. Emma Cowden, west edge well in the Emma pool of southern Andrews, flowed 129.94 barrels of 34-gravity oil through 3/4-inch choke on 2-inch tubing in 24 hours. Gas-oil ratio was 402-1. The well topped pay at 4,120, reached total depth of 4,224, and was treated with 6,500 gallons, then shot with 400 quarts.

Anderson Prichard No. 2 Emma Cowden, north offset to Montecito No. 3 Cowden, found second cement job around 7-inch pipe not holding and has been cemented a third time. Farther east, Anderson-Prichard No. 1 Cowden is drilling below 4,170 feet in lime, with showing of gas logged from 4,150-70.

Ohio 2 Fairman Gauged.

Ohio No. 2 Fairman, in the Denver pool of Yoakum, flowed 425.64 barrels of 32-gravity oil on 24-hour test, with ratio of 1,150-1. It was acidzed first with 1,500, then with 4,000 gallons in pay section between 4,977 and 5,160, total depth.

Texas No. 1-B Miller has been completed for natural flow of 352.84 barrels of 33.5-gravity oil per day, after treating with 3,000 gallons, bottomed at 5,070. Pay was topped at 4,983.

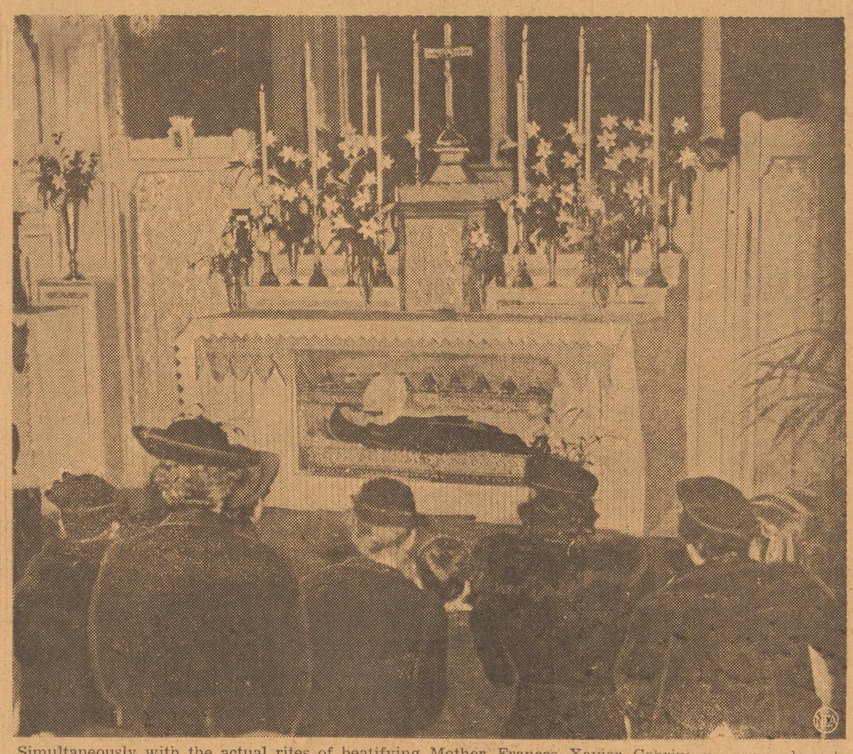

Shell No. 1 J. M. Ruyts, mile southeast outpost to the Bennett pool of southeastern Yoakum, swabbed 48 barrels of fluid, 70 per cent oil and 30 per cent water, during the past 24 hours. It is bottomed at 5,266 feet in lime.

J. L. Crump and Black Brothers No. 4-B Bennett, pool well, this morning was drilling ahead below 5,005 feet in lime after quick action on the part of crew and Dowell acidizing workers nearby prevented fire which consumed a 250-barrel tank of circulating oil from spread-

Recall U. S. Embassy Attache

While Church Beatified American Nun

Simultaneously with the actual rites of beatifying Mother Frances Xavier Cabrini in Rome, devout worshippers at special masses in the Mother Cabrini High School in New York visited the body, reposing in the glass-enclosed altar

To Follow Ambassador To Capital

Interest in Nazis Thought Dropped By Commerce Dept.

WASHINGTON, Nov. 17. (AP). — Richard Patterson, assistant secretary of commerce, said today that Douglas Miller, commercial attache at Berlin, is returning to the United States on a routine visit.

BERLIN, Nov. 17 (AP).—Douglas Miller, commercial attache at the United States embassy, was called to Washington today, less than 24 hours after the departure of Ambassador Wilson.

Calling home of Miller was regarded by the American colony as a significant indication the United States department of commerce has lost interest in Germany for the present.

No successor has been named to Miller but his assistant, Robert Stephenson, was authorized to carry on his duties.

BRITISH AGREE TO FIND JEWISH HAVEN.

LONDON, Nov. 17 (AP).—The British government was said by a high authority today to have agreed to try to operate a plan offered by United States Ambassador Kennedy for removing thousands of Jews from Germany.

Prime Minister Chamberlain told the house of commons the matter of finding new homes for such refugees was being treated as one of urgency.

He said the problem had been taken up with the governors of a number of British colonies and said he hoped to make a statement on the whole question next week.

FUNERAL SERVICES HELD FOR VOM RATH TODAY.

DUESSELDORF, Nov. 17 (AP).—Nazi leaders in the presence of Adolf Hitler today paid tribute to Ernst vom Rath, whose slaying in Paris touched off the anti-Jewish campaign, as the newest martyr of national socialism.

Foreign Minister Ribbentrop delivered the funeral oration, and vowed the fight against international Jewry would be unremitting.

LARGE CROWD OF FATHERS AND SONS ATTEND SPECIAL SERVICES; SUNDAY SCHOOLS TO BE HONORED TONIGHT

The revival in progress at the First Baptist church was marked by two well attended services Wednesday. At the evening service there were three confessions of faith in Christ. The pastor announced that on Friday morning his subject will be "Shall We Know Each Other in Heaven?" This evening his subject will be "Repentance," at which time the Sunday school workers will be guests of honor. Tomorrow evening the subject will be "The New Birth." At which time the public schools are our invited guests. At each service, Brother Chase Murph leads in a worshipful service of song. A splendid special is rendered at each evening service.

Last night the pastor's subject was "Fathers and Sons." The text was, "Master, I have brought unto thee my son who has a dumb spirit." The highest thought in the Bible is the fatherhood of God. We are taught to pray, "Our Father who art in heaven." The greatest character known in history is the son. The greatest ideal of a son is to so live that his righteous father will be well pleased with him. The fatherhood of God and the sonship of Christ are written in golden letters throughout the New Testament.

"Fatherhood carries a responsibility in which up to this time we have failed. God's ideal is for a father to be the priest of his own household. God expected the Hebrew father to teach religion to his household. Today, if there is any religious teaching the mother must do it. Every home should have in it a family altar over which the husband and father should preside. Now since there is a general breaking down of all modest reserve and moral restraint the need for religious instruction is greater than ever. Fathers should take of their great opportunities just here.

However bad his manners might be, the father is the bread-winner, the taxpayer and the provider for the home. No man has failed in this life who has provided for and educated and trained and sent into the world a family of children to bless humanity.

"If any person should be touched by the cross of Christ, it is a father. They can somewhat realize what it cost God in sorrow and love to give his only begotten son to die, if a father piles up this world's good and loses his boys in the process, what satisfaction will it be? Lot became rich and prominent, but he lost his children. If a man gains this world's honor and loses his son where is his satisfaction. If you fathers value your sons, let me plead with you give them more of yourselves and teach them the principles of right living and the precepts of Jesus.

"The father of our text came to Jesus as Jesus came down from the mount of Transfiguration, great crowds had gathered round the disiples who were trying to cast out the evil spirits. The father told Jesus the whole pitiful story. The spirit had often cast him into the fire and into the water and was called a deaf and dumb spirit. A boy who will not hear is possessed with a deaf spirit. A boy that will talk freely about everything except religion has a dumb spirit.

"The spirit of idleness is an evil spirit. A boy raised not to work

in the sight of his boy. It would be an awful thing to land in hell with your boys. It would be a glorious thing to land in heaven with your sons. God grant that this may be your reward."

raised for the jails, the chain gangs and the penitentiary. Idleness is the greatest curse that ever came to a boy. The spirit of drinking is a dumb spirit. A boy feels that it is smart and clever to drink. It produces a good feeling but in the end it is wretchedness. Will the fathers of our city patronize the church, or the whisky dealer? Men do not support both for very long. When a man buys a bottle of intoxicating drinks he is helping to support the liquor dealer. The spirit of drinking that comes into our boys should be rebuked by our fathers

"The spirit of profanity gets into our boys. Dirty, unclean words flow out of their mouths like sewerage out of a sewer pipe. They think it smart. Some mouths should be swabbed with carbolic acid. What does a men get out of profanity? The man who steals gets his loot. The drinker gets a certain feeling of elation. The gambler gets a thrill. Every other sin produces something that satisfies some craving of our human nature. But when the devil fishes for the profane man, he uses a hook with no bait.

"The spirit of lust gets hold of our boys. "Lust when it has conceived, it bringeth forth sin, and sin when it is finished bringeth forth death." No possible good can come from lust. The meanest man on earth is a man who will go out and in his sinful passion become infected with an infectious disease and then transmit that disease to an innocent wife and unborn children. Lust always brings a harvest of tragedy, of heartache and of death.

"The purpose of the evil spirit in the boy is to bring about his death. The reason the boy likes to play in fire and water is that the devil is seeking their death by burning or drowning. The devil tried to get Jesus before he was out of the cradle. The devil is not better pleased than when a boy with a bottle of whisky starts away in an automobile. If the devil gets the boys before they are brought to Jesus, he not only gets a life, but he gets a soul as well.

"The trouble with that father and that generation is the trouble today. Jesus said, "Faithless and perverse generation." They had lost faith in God. The fathers of today do not have the faith that brings their boys to Sunday school; that reads the Bible with them; that brings them to church. The perverse man is one who knows the way and will not walk in it, the things to do and will not do them. They ought to confess Christ for their own sake as well as the boys, but they will not. They ought to be members of the church where they live, and they know it, but they will not. They are perverse.

Jesus said, "bring him to me." Fathers today read that as "send him to me." If a man brings his boy, he must come himself. Noah's religion broke out in his family. His boys were in the Ark of safety. If your boys are not in the Ark of salvation there is something wrong.

"A man can lead his boy to heaven or to hell. Every man can be a hero

4-Day Safety Lane Will Be Opened in Midland Tomorrow

A four-day Safety Lane, under supervision of the Safety Division of Texas state police, will be opened here tomorrow morning, lasting through next Tuesday.

New and up-to-date equipment has been procured by the officials in charge of the lane and will be used throughout the four days of work in checking cars. The testing equipment is new to traffic safety work in Texas, where more than 2,000 cars are being tested daily. Each lane is composed of three sections, making it possible for an automobile to be completely inspected in a very few minutes.

The first unit determines light range and focus. Officers search for defects in light, muffler, windshield wipers and steering apparatus, through the medium of the special light testing machine. Wheel alignment tests are next in line of inspection. The accurate machinery determines if wheels are out of line and points to the defective unit. A new device which analyzes the braking power of each wheel is also included in the equipment.

Six specially trained state officers accompany the Safety Lane and operate the various phases of it under the direct command of Sergeant W. M. King. Local officers and safety workers will assist in sponsoring the safety program.

It will be necessary to block only one side of a street, which does not interfere with the flow of traffic except in one direction. Wall street, in the block just south of the court house, will probably be the scene of the lane.

Vehicles successfully passing the tests are given appropriate stickers signifying that they are safe if driven sanely. Vehicles with mechanical defects are marked with a red sticker, however, these are permitted another test when the faults are corrected.

Redditt Declares O'Daniel Plan of 'RFC' Won't Work

AUSTIN, Nov. 17 (AP).—Senator John Redditt, Lufkin, chairman of the senate finance committee, said today the final draft of recommendations for slashing from $2,000,000 to $3,000,000 off the annual departmental appropriations would be made between December 29 and January 1.

He said the committee had checked about 85 per cent of the government departments.

Commenting on Governor-elect O'Daniel's proposal to set up a state agency designed to make loans for stimulating industry, Redditt said:

"It can't be done."

HAS APPENDECTOMY.

Miss Evelyn Gossett of the Ryan Hospital staff underwent an appendectomy Wednesday night.

Congratulations To:

Mr. and Mrs. Milton Abbott on the birth of a son in a Midland hospital this morning. The baby weighed 7 pounds, 10 ounces.

Bulldogs Prepare for Game In Crane Tomorrow Night

The Midland high Bulldogs, with two of their ace backs on the injured list, will taper off tonight with a final practice before a game tomorrow night with the Crane Golden Cranes on the Crane field.

Jay Francis' injured leg has not responded to treatment nearly as rapidly as had been expected and he will probably not get to play more than a few minutes, if at all. He is suffering from a pulled muscle in the groin, suffered in the Odessa game, and is far from being in shape to play. Gordon Geddes, other injured back, received a broken hand playing against Pecos and seems definitely out of consideration for the game tomorrow night.

Otherwise, the team is in good physical condition and all regular starters will be ready to go. Francis will probably start the game but is likely to be relieved by Jim White before playing very much of the battle. Temple Harris will be playing in Geddes' position.

The Crane club is generally recognized as one of the toughest in the district and the Bulldogs are likely to have a harder time defeating them than they had last week against Pecos.

In two brothers named Howard, one a halfback and the other an end, the Cranes boast one of the best passing combinations in the district. Halfback Howard is left-handed and has caused opposing clubs much trouble this year with his portside hurling. Not only is he a top passer, he is also reputed to be a dangerous ball carrier.

Running most of their plays from the double wing formation, the Cranes present three above-average ball carrying backs in Howard, Chaffin and Pendleton.

As has been the case in most of their games this year, the Bulldogs will be outweighed in the game with the Golden Cranes. Comparative weights show the Crane boys will carry about a five pound per player advantage over the Midland team.

Several hundred fans, headed by the band and pep squad, are expected to follow the team to Crane to witness the boys in their next to last game of the season.

The Bulldogs are scheduled to wind up the season here next Thursday afternoon with the Monahans Green Wave but at present the possibility of playing the game Wednesday night is being considered.

Watch for Car No. 20!

The driver of every twentieth car in this country will be in an accident resulting in the death or injury of a man, woman or child this year, if accidents continue at their present rate, according to a bulletin issued by a well known life insurance company.

Year after year the terrific toll of motor vehicle accidents in the United States has been increasing. In one year about 36,000 people died because of someone's recklessness or carelessness, and more than 1,000,000 were injured—many crippled for life.

The basic principles of better driving should be adopted by every motorist to halt this astounding rate of accidents.

Ten miles an hour may be too fast on icy roads, whereas 45 may not be too fast on certain highways. High speed is out of place:

(1) After dark or when pavements are wet or icy.

(2) When you plow past crossroads or through villages at the same rate at which you travel while on the open highway.

(3) When you approach an intersection, or when you see children playing in the street.

(4) When you pass a school building, or streets near school buildings at hours when pupils are on the streets and drivers are taking them to and from school.

(5) When you round a curve or turn a corner.

For safe driving, you should know how quickly you can stop your car. At 60 miles an hour, your car is traveling 88 feet each second; you travel four lengths between the time you realize the necessity to stop and the time you can place your foot on the brake. This is the "reaction distance" of the average driver. You cover at least eleven more car lengths before you can stop—nine times as far as at 20 miles an hour. If you strike anything, the impact is the same as if you drove off of the 12-story Petroleum building.

You are likely to drive too fast on long trips. After traveling a while, you are apt to "step her up a little." The hum of the engine and monotony of the road dull your sense of caution. Your reaction distance increases!

School yourself to properly meet driving emergencies. Don't be the twentieth driver!

The Town Quack

News really does get around. I learned yesterday that Lawrence Beauchamp has quit the hardware and Terry Elkin has quit the gin. I think both of them have been off of those jobs for two and a half or three months, but I finally got straight on 'em.

* * *

Claude Neely, who used to be with a bank here, is back from an eight year stay in New Mexico and is greeting old friends over at the Ever Ready.

* * *

One of the dogs recently advertised for was found living under an assumed name at a local tourist camp.

* * *

I hope Midland will have a large delegation of fans to follow the Bulldogs over to Crane Friday night. If I wasn't afraid some drunk would come along and run into me, I would go over there myself. I'm mighty timid on the highway at night.

* * *

Bill Collyns said my comment on putting the younger men to work in the chamber of commerce was good enough for an editorial. I told him it was better in my column, if he wanted people to see it.

* * *

An article appeared in the West Texas Today magazine telling how democratic Clarence Scharbauer is, and how he is available at all times for people wanting to see him. He hasn't been seen around the hotel since the article came out. I know of three men who had planned to borrow a dollar from him, and they haven't been up early enough to catch him.

Greasewood Club Plans Activities For December

Greasewood home demonstration club, in the ranching section of Midland county, held its monthly all-day meeting with Mrs. John Hargis and Mrs. Ray Hargis on Wednesday.

A covered dish luncheon was served at noon.

In the afternoon, Miss Mary Jo Weigers, home demonstration agent gave a demonstration on the different forms of hem-stitching.

The club voted to hold a Christmas social for members and their husbands on December 2.

Mrs. Frank Midkiff was elected counselor, during the day's business session, taking the place made vacant by the resignation of Mrs. Dick Ethridge who has moved away. Mrs. Tyson Midkiff was elected assistant counselor.

The club will meet with Mrs. Dick Midkiff, December 7, to make Christmas candies in an all-day session.

Present were: Mmes. Geo. Baker, Warren Skaggs, Smith, Dwight McDonald, Paul McDonald, Dick Midkiff, Tyson Midkiff, Frank Midkiff, a visitor, Mrs. Binge, Miss Weigers, and the hostesses.

Quebec Housing Starts.

QUEBEC. (U.P.). — Work has been started on 75 homes financed under the new national housing act and when completed the homes will sell for between $3,000 and $4,000.

Personals

Mrs. Mary Abdou of Colorado is visiting her daughter, Mrs. C. A. Jones, here.

Mrs. H. W. Davenport of Lenorah, Martin county, was in Midland Wednesday.

Mrs. Ode Hazlewood and daughter, Brenda Ann, were visitors to Midland Wednesday from Stanton.

Mrs. Jim Tom visited Mrs. Alfred Tom here Tuesday. She is from Stanton.

Check COLD DISCOMFORTS

AT the first sign of a cold, make up your mind to avoid as much of the sniffling, sneezing, soreness and stuffy condition of your nostrils as possible. Insert Mentholatum in each nostril. Also rub it vigorously on your chest. You'll be delighted with the way Mentholatum combats cold misery and helps restore comfort.

MENTHOLATUM Gives COMFORT Daily

No. 183,610
SHERIFF'S SALE

THE STATE OF TEXAS,
County of Midland.

NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable District Court of Harris County, on the 1 day of November, 1938, by J. W. Mills, Clerk of said District Court of Harris County, Texas, for the sum of Eight Hundred Fifty and 16/100 Dollars and costs of suit, under a judgment, in favor of Peden Company, a corporation, in a certain cause in said Court, No. 183,-610 and styled Peden Company, a corporation, vs. Cragin & Son, Inc. and F. E. Cragin, individually, both jointly and severally, placed in my hands for service, I, A. C. Francis, as Sheriff of Midland County, Texas, did, on the 9 day of November, 1938, levy on certain Real Estate, situated in Midland County, Texas, described as follows, to-wit:

Lot 3 and West half Lot 2, Block 25, High School Addition to the town of Midland, Midland County, Texas,

and levied upon as the property of Cragin & Son, Inc. and F. E. Cragin, individually, both jointly and severally, and that on the first Tuesday in December, 1938, the same being the 6 day of said month, at the Court House door, of Midland County, in the town of Midland, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Cragin & Son, Inc. and F. E. Cragin, individually, both jointly and severally.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Midland (Texas) Reporter-Telegram, a newspaper published in Midland County.

Witness my hand, this 9 day of November, 1938.

A. C. FRANCIS,
Sheriff, Midland
County, Texas.
By Ola Dublin Haynes, Deputy.
Nov. 10-17-24.

Newcomer Honored By Mrs. Noyes at Party Wednesday

Honoring Miss Mildred Gentry who recently came to Midland from Dallas, Mrs. Iva Noyes entertained with an evening party at her home, 215 N. Colorado, Wednesday evening. Miss Gentry has a circle of friends here, having been the guest of Mrs. W. H. Street during a visit here last year.

A Thanksgiving motif was suggested in appointments for the party.

Games of bridge and tripoli furnished amusement for the guests.

Present were: The honoree, Mr. and Mrs. C. A. Jones and her mother, Mrs. Mary Abdou of Colorado, Mr. and Mrs. J. L. Rush, Mr. and Mrs. Leon Tullos, Mrs. W. H. Street, Miss Pearl Metcalfe, the hostess, and John Ross, Leon English, and W. E. Shipp.

BACKACHE, LEG PAINS MAY BE DANGER SIGN
Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait. Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

YOU CAN CUT
Easier
WITH A
SHARP KNIFE
... and

YOU CAN SEE *Easier* WITH A *Better Sight* LAMP

You know how much easier it is to cut up a chicken or to trim a steak with a sharp knife. You don't have to work as hard, for the sharp blade saves your energy and saves your time.

A good light makes seeing easier, for you use up energy in seeing, just as surely as you use your energy in working with your hands. With a Better Sight Lamp, the effort needed to read a book, for example, is much less than if the light is poor or glaring.

Go to any store which sells Better Sight Lamps and see for yourself how much easier it is to see under the diffused, glareless light of one of these modern lamps.

Good Light Makes Print Stand Out

Light acts as a magnifier, causing the letters on a page to stand out more clearly. This means that your eyes have less work to do when reading, and that you can read longer without tiring.

REDDY KILOWATT Says—

Good light is one of the smallest items of household expense. A few pennies a day will cover the additional cost of having plenty of light in your home.

Mrs. Adams Hostess To Slam Club With Party Wednesday

Mrs. G. W. Adams was hostess to the Slam club at the home of Mrs. R. L. Bailey, 1101 W. Indiana, on Wednesday afternoon with three tables of bridge.

Awards in the games were presented to Mrs. E. M. Bryan for high cut, to Mrs. Joe Dobson for high score among club members, to Mrs. J. C. Webb for second high, to Mrs. T. W. Taylor for travel prize and to Mrs. F. N. Bentley for guest prize.

The hostess served a refreshment plate at the close of the bridge hour.

Club members attending were: Mmes. W. G. Attaway, Bryan, Bailey, Dobson, Robert King, Webb, and the hostess.

Guests included Mrs. Bentley, Mrs. J. L. Sneed and three who joined the club, Mrs. E. L. Jones, Mrs. Theo Ferguson, Mrs. T. W. Taylor.

The club will meet next Wednesday with Mrs. W. G. Attaway.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

N. Y. Tests Prove Women Can Lose FAT

Ask Your Doctor If It Isn't Good Way. Read EVERY Word

NEW YORK, N. Y.: A test conducted by a prominent N. Y. physician and a nationally known newspaper woman proved there is a harmless, effective way to lose fat, if you'll only STICK TO IT and give it a fair trial.

In 40 days 25 women lost a total of 286 lbs. EVERY woman lost fat—the average loss per woman being 11 1-2 lbs. The women first of all ate sensibly. And for proper functioning they took a little daily dose of Kruschen Salts. If you have the slightest doubt about this Plan just ask your own doctor about its safety and merit.

And this is important to know: Kruschen is not just one salt as some people may ignorantly believe. Rather, it's a blend of 6 active mineral salts (see on box) which, when dissolved in water, make a healthful mineral drink similar to the waters of famous Euronean Spas where wealthy fat women have gone for years.

Here's the Kruschen Plan: Just take a half teaspoonful of Kruschen in hot water every morning for better functioning. Go light on fatty foods and sweets—eat plentifully of lean meats, fresh fruits and green vegetables. Plan to do this faithfully for 28 days and see if you don't lose fat and feel healthier and younger. A jar costs but a few cents and makes 5 gallons of a most highly efficient mineral health water. At Palace Drug Store and druggists everywhere. (Adv.)

The Linwood
A NEW HAMILTON

HERE is a new watch with a new feature! It's the watch with the two-way curve. Its spherical dial and case add the modern note of streamlining to this accurate and dependable Hamilton. The case is smartly curved to fit the natural contour of your wrist. 17 jewels, 14K gold-filled, $52.50.

Llano Hotel Building on Wall St.

Mrs. Schouten Is Guest Speaker At Wednesday Club

Mrs. F. H. Schouten, president of the City-County Federation, addressed members of the Woman's Wednesday club at their meeting with Mrs. Geo. Glass, 911 W. Texas, Wednesday afternoon at 3 o'clock. She discussed the aims of the Federation as well as the more general aims of the state Federation of Women's Clubs.

A two-part study program was presented. Mrs. Glass gave the first part, telling of "The History of Music," while Mrs. O. B. Holt spoke on "The Opera."

Members present were: Mmes. J. M. DeArmond, Elliott F. Cowden, Andrew Fasken, M. R. Hill, Holt, R. L. Miller, E. Erle Payne, John Perkins, W. E. Ryan, M. C. Ulmer, W. T. Walsh, W. G. Whitehouse, and the hostess.

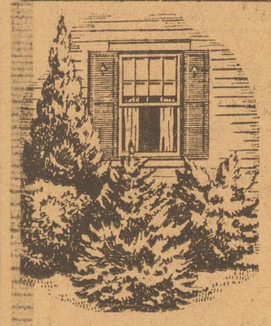

Pigeons lay their eggs in pairs, and each pair of eggs produces a male and a female.

MEN LIKE THIS MILK!

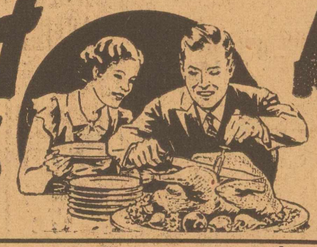

it has that natural flavor

- More and more, milk is becoming a man's drink. Men like our natural flavor milk better. It's better because it's *Frigid Filtered*. Try a bottle today. It costs no more. Frigid Filtration, a new hygienic process developed by Johnson & Johnson, permits milk filtration at 40° Fahrenheit, which removes sediment before it dissolves.

Rankin Waterworks Bonds Given Approval

AUSTIN, Nov. 17. — The attorney general's department this week approved issuance by the City of Rankin of $24,000 in bonds to purchase and make improvements on the waterworks system in that city.

The bonds carry an interest rate of 4 per cent, and are payable at the office of the state treasurer, $1,000 annually on Aug. 1, from 1942 through 1965.

Population of U. S. Placed at 130-Million

WASHINGTON, Nov. 17. (AP)—The Census Bureau estimated officially the population of continental United States exceeded 130,000,000.

Based on birth and death statistics for the first half of 1938, the bureau figured 130,215,000 persons lived in this country July 1. This number did not include an estimated 62,700 in Alaska, 405,000 in Hawaii, 1,806,000 in Puerto Rico, 52,800 in the Panama Canal Zone, 22,000 in the Virgin Islands, 22,700 in Guam and 11,700 in Samoa.

DRINK JAX
"THE BEST BEER IN TOWN"

The words "the," "and," and "of" occur most frequently in the English language.

There's a Good Reason You're Constipated!

When there's something wrong with you, the first rule is: *get at the cause.* If you are constipated, don't fiddle around with make-shift remedies. Find out what's giving you the trouble!

Chances are it's simple if you eat only what most people do: meat, bread, potatoes. It's likely *you don't get enough "bulk."* And "bulk" doesn't mean a lot of food. It's a *kind* of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If that fits you, your ticket is a crisp crunchy breakfast cereal—Kellogg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B_1.

Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in Battle Creek.

Modern Study Club Focuses Attention Of Group on Spain

Modern Study club held its monthly program meeting at the home of Mrs. R. C. Crabb, 1001 W. Missouri, Wednesday afternoon. Mrs. L. C. Link conducted the program on "Spain."

Mrs. A. H. Riley opened discussion of the subject with a paper on "Origin of Spanish People."

Mrs. F. C. Cummings, club president, discussed "Spanish Folk Songs" and sang in Spanish the selection "Nadie Me Quiere" or "Nobody Loves Me," the old maid's song. She was accompanied by Mrs. J. H. Chapple at the piano.

Under the title of "The Spanish Tragedy", Mrs. F. R. Schenck presented an interesting and informational paper on the present situation in Spain and its causes.

The parliamentary drill, which really was a lesson in parliamentary law, was given by Mrs. Link.

Preceding the program, a business session was held with Mrs. Cummings presiding. It was decided to postpone the husbands' night party from Nov. 18 until December 2.

Three guests were present. They were Mrs. Joe Bruns, Mrs. J. A. Terbet of Abilene, and Mrs. A. E. Stinson of Rochester, Indiana.

Members attending were: Mmes. P. F. Bridgewater, Chapple, Cummings, Link, H. E. McRae, Riley, Schenck, Tom Sealy, J. W. Skinner, S. S. Stinson, Fred Turner, M. A. Park, C. K. LaGue, and the hostess.

The South American capybara is the world's largest rodent. It weighs 120 pounds and reaches a length of more than four feet.

Robyn Club Members Play Memory Selections

Robyn Club President, Elaine Hedrick, presided at the meeting of the group at the Watson studio Wednesday afternoon at 3:30 o'clock.

Marjorie Barron and Mary Mayfield presided at the attendance card, 25 boys and girls being present.

All musical numbers were played from memory.

Robert Lloyd and Edward Clark played a violin duet, "Under the Double Eagle."

Billie Ann Hill played a piano solo, "Summer Days", by Williams.

Bob Ward presented a guitar solo, "The Bass Singer."

"Three Blind Mice" by Thompson, a piano number, was played by Ann Ulmer.

Anna Lois Campbell played a violin selection, "My Old Arizona Home."

Marjorie Barron told the story of Schumann, the composer, from memory.

A piano number, "Butterflies Wink Their Primrose Wings" by Goodrich, was played by Jean Walsh.

Margaret Mims, piano student, played "The Music Box" extemporaneously.

Dorothy Ray Lynch was called upon to play scales.

Visitors were Tommie Jean Newsome and Leora Mann.

Thanksgiving Party At Odessa Favors Home Art Club

Home Art club members trekked to Odessa Wednesday morning for an all-day meeting at the home of Mrs. Geo. L. Wright. The occasion was altogether social, no program being presented.

A Thanksgiving theme prevailed in appointments for the day.

Yellow and white chrysanthemums were employed in house decorations.

Guests who left Midland at 10:30 o'clock were served dinner soon after arrival.

Centerpieces of fruit and nuts marked the one large and two small tables where dinner was served. Nutcups bore the figures of a Puritan boy and girl and Thanksgiving favors held fortunes for the individual guests.

Games were played and contests held in the afternoon and at the tea hour refreshments were served.

Club visitors were: Mrs. Wilson Van Tine of Bartlesville, Okla., and Mmes. R. L. Holbrook, Ernest Taylor, Jim Schroder, and Ray Herrod of Odessa.

Members attending were: Mmes. Ernest Neill, B. C. Girdley, Garth Neill, H. L. Albrecht, M. D. Cox, John B. Mills, Guy Brenneman, John Dunagan, N. W. Bigham, Julia Filson, and the hostess.

Cheese is milk coagulated by the use of rennet, an ingredient frequently used in infant foods.

Wednesday Luncheon Club Meets for Business Session

Omitting the usual luncheon, Wednesday Luncheon club members met with Mrs. Tom Switzer, 111 E. Michigan, Wednesday afternoon for a business session followed by bridge games.

Two guests, Mrs. James Burton and Mrs. T. N. Roberts were present.

At the close of two tables of bridge played, refreshments were served to the guests and the following members: Mmes. Chappell Davis, H. J. Kemler, Ross Williams, John Ward, Barney Greathouse, and the hostess.

The Great Lakes have a barely perceptible tide, which is called a seiche, and is partly due to atmospheric conditions.
