Statewide Voter Registration Promotion Led By Newspapers

This week marked the opening of a statewide newspaper campaign organized by Secretary of State John L. Hill to promote voter registration in Texas. One feature of the registration drive is the publication of an application form which voters may cut out and mail to the county tax assessor-collector, who acts as the registrar of voters. The form is printed on page 11 of today's paper. The deadline for registration is January 31.

Hill has organized the registration drive in his capacity as chief election officer of the state, a title which the Texas legislature conferred on the Secretary of State last year, along with placing upon him important new responsibilities in the administration of the state's election laws. In commenting on the drive, Hill said that one of his purposes is to publicize new laws affecting voting rights, which otherwise might go unnoticed by the average citizen.

One of the new laws enacted in 1967 makes registration necessary, for the first time in Texas history, for persons over 60 years old who live in rural communities and towns under ten thousand pop-

ulation. Heretofore, persons over 60 were required to register only if they lived in a city having more than ten thousand inhabitants. Many tax assessor-collectors have expressed a fear that lack of information concerning this new requirement will bring about disenfranchisement of many elderly voters through their failure to register.

In order to vote in statewide elections, a person must meet the following qualifications on the day of the election: he must be over 21 years old and must be a citizen of the United States; he must have resided in Texas for one year immediately preceding the election; and he must have resided in the county for six months immediately preceding the election. In order to vote in local elections (county, school district, etc.), he must also have resided in the county for six months immediately preceding the election. Residence in the city for six months is required for voting in a city election.

A new law enacted in 1967 permits voters who move from one Texas county to another within the period of six months preceding an election to vote on statewide offices and issues

if they have lived in the state for a year. Formerly, a voter was totally disfranchised for a six-month period following removal to another county unless the county from which he moved was in the same congressional legislative or judicial district as the county to which he moved. A constitutional amendment adopted in 1966 authorized enactment of the new legislation.

The Texas Election Code enumerates "idiots and lunatics, and all persons convicted of any felony except those restored to full citizenship and right of suffrage or pardoned" as classes of persons who are not qualified to vote.

Texas voters must register annually. The 1968 voting year will begin on March 1, 1968, and will end on February 28, 1969. The registration period for the 1968 voting year began last October 1 and will end on January 31, 1968. Any citizen of Texas who now possesses the necessary qualifications for voting or who will attain them by February 28, 1969, may register during the current registration period.

Except for three limited classes of voters, all persons

Politics Promise Year Of Action

AUSTIN-- Any way you look at it, 1968 shapes up as the most action-packed political year for Texas in more than a decade.

It will start with a wide-open governor's race in the Democratic primary, perhaps the roughest since 1956. Also, there may be some other close races for less exciting offices. And of course, the presidential

Geo. Mahon Featured Speaker At 'Young Borrowers' Banquet

George Mahon, Chairman of Committee on Appropriations US Congress was honored guest Friday, Jan. 5, for a banquet of the Young Borrowers of Farmers Home Administration of Congressional District 19, held in the South Plains College gym.

Serving as Master of ceremonies was Milton Marrow of Hockley County. Invocation was given by Joe Don Phillips of Hockley County and a welcome to Young FHA Borrowers was given by Dr. Marvin Baker president of South Plains College.

Speaking on the various loans that the FHA offers were Gaylan Baldwin of Cochran County, Operating Loan; Donald Puryear, Terry County, Farm Ownership; Mrs. Homer Smith, Gaines, Rural Housing; Roy Oggerly, Lamb County, Economic Opportunity Loan; and Eddie Wallace, Bailey, Community Service.

L. J. Cappelman, FHA State Director, Temple, Texas commended the district for the work being done in West Texas through the organization.

Howard Bertsch, FHA National Administrator from Washington, D. C., expressed his appreciation to the rural people for making the organization such a success, by taking advantage of the opportunities offered through FHA.

Mr. and Mrs. Bill Grey, of Dawson County, presented Congressman and Mrs. George Mahon to the audience of approximately 1100. Mrs. Grey presented Mrs. Mahon with an arrangement of flowers complimented with small replicas

of agriculture products grown in this area, among which were a cow, sheep, pig, and a bale of cotton.

Following the recognition of the county supervisors, Mr. Grey introduced Congressman Mahon, who stated that this meeting was "one of the highlights of the 33 years in which he had been serving."

He commented that the

attendance at the meeting "shows that the association here is well-organized and the organization is what it takes to get the job done."

"Occasionally we are disappointed when we are out visiting, but not so tonight. I told the boys I wanted to shake hands with the guests tonight, but the attendance was far greater than I expected," Cong. Mahon

laughingly said. "The organization of the Young Borrowers of FHA has come alive to me since coming here and seeing how you young people have been working together."

"The progress which American agriculture has made is unbelievable. Agriculture has to supply food and clothing for 200 million Americans and FHA is an organization working together to help do this. No organization can operate without credit and credit is a big value working through the FHA. We must have stability of credit and flexibility of program to succeed. A total of 99 percent of the FHA loans are now being repaid."

Mahon continued, "We must see that there is a profit to the farm family, because agriculture is an industry which must survive. May it survive to help make our country greater."

"There is much talk about the dollar drain. We MUST have a tighter budget next year, but we also need to rejoice over the good things in America."

In closing, Mahon said, "It has been good to see 'our' West Texans again. We can stand a deficit in the budget, but we can't stand a deficit in patriotism and in love of our country. In my opinion, our country will continue to grow. In 1968 let us say 'Let us work and pray for America, God Bless Her, land that we love.'"

To Protect Public Health And Promote City

In a regular session Tuesday night, Olton city councilmen approved a new health ordinance, reviewed the audit for last year, looked over the budget for next year, heard reports on insurance policies and approved a purchase of a

1000 gallon tank to be used for street spraying.

Councilmen adopted a new health ordinance which is designed to protect the public health and promote public welfare of the city.

The ordinance, which is published in today's issue of The Enterprise, requires owners or occupants of lots in the city to keep lots free from junk, weeds, rubbish, brush and other unsightly or unsanitary matter. If owners or occupants do not willingly do so, lots may be cleaned up at the expense of the city, and such expenses will be assessed on the real estate. A ten day notice will be given property owners to give them ample time to comply with the ordinance.

The audit of last year was examined and approved, followed by approval of the next year's budget.

Mayor Parley Myers reported that the block and half of Avenue M had been engineered and priced, based on last paving project contract by High Plains Pavers, had been submitted. Paving will be done when the Highway 70 project is being

done, scheduled for this summer.

In other action, J. D. Goodman was granted a renewal of his license to operate a junk dealership, and accepted the resignation of Susan Cannon, city librarian.

The council approved a motion by Robert Dennis to allow city employees a five day sick annually which would be accumulative up to a maximum of 25 days. The sick leave would be restricted to sickness and accident of the employee.

In final action, the council appointed Jerry Smith, Chief of Police, to be on duty from 8 a. m. to 6 p. m. with night officer coming on duty at that time. Smith, who is on call 24 hours a day, said persons who need to get in touch with police during the night are to call the Littlefield police and they will radio Olton police.

Mayor Myers also instructed police that they were not to be at the hospital except on official business, when called or when ill.

Contract Extended

Three Teachers Hired By Board

Olton school board approved extension of school business administrator, hired three new teachers and heard reports on attendance and lunchroom.

Elmer Moore, business administrator, was given a 10 month extension to the present contract. The action extended Moore's contract to June 30, 1970.

Teachers hired were Mrs. A. J. Spain, who will replace Mrs. Grady Sharp, fifth grade teacher; Mrs. Ed Miller, who will teach English in high school and Gerald Davis who will teach American History, English and History were formerly taught by Mrs. Peggy Scott.

It was pointed out that a loss of 25 elementary students, 14 junior high students and four high school students--a total of 43 students--had been noted since the last report of attendance Dec. 12.

Absentees from the school from influenza and colds reached an all-time high Monday, with 156 reported absent.

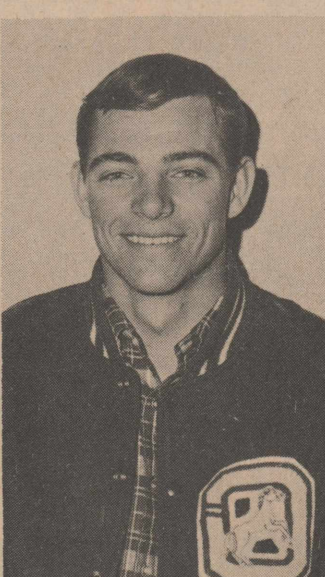

In other action, the school lunchroom showed to be operating with a profit for the month of December, minutes of the last meeting were approved and accounts payable were discussed and approved.

Lack Of Interest

Why does it matter whether or not I support my hometown? Why should I care whether a handful of business people enjoy prosperity or not? It certainly doesn't affect me if they aren't able to stay in business here!

You hear this attitude expressed and implied in many ways-but can a person or a family afford to see his town wither and die? Can anyone really stay in his own little corner and ignore the rest of the world without suffering a personal loss?

Following are the comments of the editor of The Petersburg Post, in which a local situation is stated. The People of Olton are in a good position to see a tremendous decline, also-and this will take place in our town if the people don't care enough to do something about it.

"With this issue of the Petersburg Post we begin our seventh year in Petersburg.

"During the six years of publishing the Post we have seen Petersburg prosper then start a steady decline. In 1962 when we purchased our newspaper equipment there was only one vacant building in Petersburg, that a rundown lumber yard. There were two drug stores, two furniture stores, two dry-goods stores and four grocery stores.

"Take a look at Petersburg today. Lack of interest in town, laziness and petty jealousies among the citizens have just about wiped Petersburg off the map. With everyone yelling let's do something... then sitting back and waiting for someone else to do it.

"We have worked and offered our cooperation to any and all projects for the betterment of the town and community. We have tried to present both sides of every issue and expressed our opinion in most.

"By the end of the month Petersburg will be without a family department store with the closing of Hagood's. Within the next year other stores will close, unless something is done, and that something should have been done last year or year before.

"Stop and think for a minute - Just what are you doing for Petersburg and the community? Are you working on a solution... or are you a part of the problem? From our point of view there are too many local residents that would rather go to Lubbock to spend their money than to see a neighbor make a nickel... and there are merchants that are just as bad about the same thing.

"We have spent week after week trying to convince some of the local merchants

to try a little promotion and advertising and honestly I think they won't advertise what they have for fear they might sell it then have to buy some more or put out a little effort waiting on customers. If you want to sell it...better let it be known that you have it.

"And to the rest of the citizens it is going to be rough to have to drive to Lubbock for a loaf of bread or spool of thread or a pair of socks to wear to this fine school building you are going to be paying for, because without a town that school is going to be mighty expensive at tax paying time. And without a town the school will soon go too. So school personnel should stop and think about this matter also, because without a school they won't have jobs here.

"We stand ready to cooperate, publicize, work or anything else within our power to promote the growth and progress of Petersburg, but... we can't do it all by ourselves. When the rest of the population decide they are ready to do something, then we can get together and with a little work and promotion, industry can be secured, new cash crops can be grown, harvested and sold, additional businesses can be brought to town, but until you are ready to accept some community responsibility Petersburg will continue to decline.

DON'T YOU THINK OUR TOWN IS WORTH THE FEW CENTS THAT YOU CLAIM TO SAVE AFTER DRIVING ELSEWHERE TO SHOP?

It will take every citizen, merchant, working together to continue to have a town here. Stop and think what no town would mean to you and your property!!

If you substitute "Olton" when Petersburg is mentioned in the article from The Petersburg Post, you don't have a 100 per cent factual account, but this is something we should think about.

Don't you miss some businesses? Some have disappeared during the past two or three years.

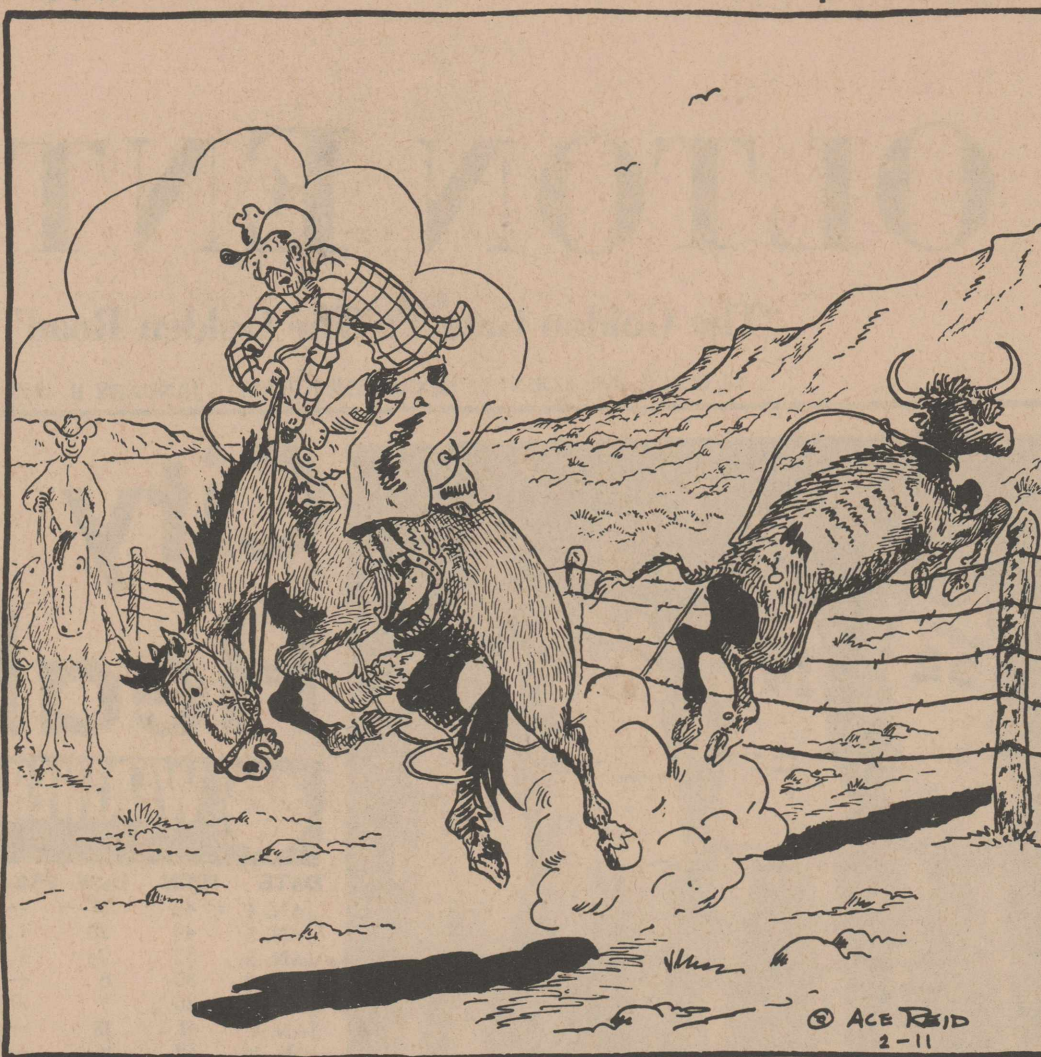

The main thing mentioned that does NOT hold true when applied to Olton is the description of the business people.

Ours are friendly and courteous, and do everything they can to provide you with the merchandise you need.

You will be doing them and yourself and your property value a big favor if you will trade at home, too.

Southwestern Public Service Co. Increase Generating Capability

Power Plant additions which will increase the company's electric generating capability by 225,000 kilowatts make up the major investments in a \$17,818,000 construction program for 1968 were announced today by Roy Tolk, president of Southwestern Public Service Company.

"We have invested more than \$200-million in new equipment in the last ten years for just one purpose, meeting the needs of our customers. Our 1968 program is another step in a continuing effort to assure our 45,000 square mile service area of the electric power necessary for it to reach its full growth potential," Tolk said in announcing the electric company's 1968 plans.

The company's generating capability will go to 1,717,000 kilowatts, twice what it was ten years ago, with the completion of a 210,000 kilowatt addition to Nichols Station, northeast of Amarillo, and the installation of a 15,200 kilowatt gas turbine in the Guymon, Oklahoma area.

The Guymon installation will be used principally for peaking purposes during periods of high usage, but will also provide area protection, complementing transmission line power sources in the Oklahoma Panhandle. The plant will be operated by remote control from Guymon and can be brought up to full production in a matter of minutes.

In view of the concern about reliability of service which is prevalent in some areas of the nation and in political circles in Washington, Tolk pointed out that Southwestern Public Service Company will have adequate reserve capabilities in 1968.

Water and electricity will begin combining forces for efficiency and economy in 1968 with the beginning of the utilization of the Sanford Dam Project by the 11 member cities of the Canadian River Municipal Water Authority. The major pumping on this system will be done electrically on a controlled peak system supervised at the Southwestern Public Service Company's dispatching center in Amarillo, with the most efficient generating units being utilized, thus keeping production costs as low as possible.

Other improvements planned in the 1968 program will strengthen the electric company's 4200 mile transmission system which interconnects 10 major power plants and provide for additions to distribution facilities in communities throughout the service area.

"1967 was a year of decision on the High Plains and this is the basis of our optimism for 1968 and other years to come. The thoughtful consideration and financial support which has been given this year to plans and programs to bring imported water to this area typifies the initiative of the people of this region. This 'It can be done' spirit benefits the world and the nation - as well as this region, for no other area is better suited to agricultural development. With supplemental water, this territory will play a major role in feeding the world, and the diversified development of agriculture and industry will make it one of the most productive areas of the nation," Tolk concluded.

Sue's Views

Column Writing

BY SUE CANNON

How does one write a column while trying to watch a television program, listen to two little boys telling all sorts of tales and four others trying to do home-work?

If one is smart, one doesn't! But- here I am trying to collect my thoughts in all the racket and get a column written early. Necessity is the mother of invention I've heard and it is necessary that this column be written early because our news editor, Marie Harris has assumed her new duties with the Plainview Herald and no longer with us.

I finally talked our girl Friday, Mozelle, into assuming Marie's duties up to a certain extent. (Actually, what I am hoping is that she will find out that she CAN do the job and continue as news editor.) I know she is capable but she doesn't and I just want her to have time to find out.

I was looking through the mountain of exchange newspapers we received this weekend (since it was so doggone cold and I didn't want to get out) and found several items which I enjoyed very much and thought you might enjoy them also.

"Here's one I heard while watching the Cotton Bowl game on television! The reason all the Aggie jokes are so short is so the Texas Tech students can understand them."

Now if I'm not in dutch with at least ONE of my sisters -- I'll be surprised!

One is married to a graduate of A&M and the other is a student at Texas Tech! How's that for trouble?

Joyce, the one that is married to an Aggie, got to the point where if we said, "have you heard . . ." she'd stop us and say "No and I don't want to either!" We just about run her crazy with Aggie jokes, but it was all in fun.

Here's a thought-provoking little story taken from another paper:

"If you cannot absolutely refrain from drinking, start a saloon in your own home.

Be the only customer and you won't have to buy a license. Give your wife \$12 to buy a gallon of whiskey.

There are about 126 snorts

to a gallon. Buy all your drinks from your wife at 40 cents a snort and, if the gallon is gone in four days, your wife will have \$38.40 to put in the bank and \$12 to start business again.

Now, if you live 10 years and continue to buy all your booze from your wife and then die, your widow will have about \$34,944 on deposit -- enough to bury you respectably, bring up your children, buy a house, marry a decent fellow and forget that she ever knew you!"

Actually the sad part about this little story is probably the truth to it. There is an awful lot of money spent foolishly that could be put to very good use in our society today.

Which brings me to the last of my little items:

"When we say we have a high standard of living in this country, I wonder if we don't have it confused with a standard of living high."

COURTS SPEAK-- A Negro mathematician at the spacecraft center in Houston who had a plate yanked out of his hand by a private club manager is entitled to \$900 in damages for "battery", State Supreme Court agreed. Decision reversed lower courts.

Fourth Court of Civil Appeals, in a Webb County case, agreed the state has the right to regulate picketing in labor-management dispute. Labor group unsuccessfully attacked a ban against more than two pickets at a time within 50 feet of the struck establishment or other pickets.

COOPER DAM ROW RESOLVED-- Controversy with federal authorities over Cooper Dam and Reservoir (Sulphur River in Northeast Texas) has been resolved to the state's interest.

New contract omitted the controversial water quality requirements, according to Joe G. Moore Jr., executive director of Texas Water Development Board.

Long-range issue of federal requirements concerning release of "flushing" water to control downstream water pollution statewide still is very much alive.

ATTENTION COTTON FARMERS . . .

If You Cannot Sell Now . . . Use Form "A" Loan

The area cotton industry has made great strides in 1967 in re-establishing itself in the Marketplace. We urge you to personally see that your product moves into the channels of trade, rather than allow it to become government property.

However, if you feel that it is not feasible for you to sell your cotton now, the Form "A" Loan is available to you as an orderly marketing tool. Your county A.S.C.S. office will help you place your cotton in the loan. Under this loan you retain title to your cotton, and have an opportunity to sell it until July 31, 1968.

TO PUT YOUR COTTON IN THE FORM "A" LOAN COSTS AT LEAST \$1.00 PER BALE LESS THAN OTHER LOAN PROGRAMS AVAILABLE TO YOU. Also, it provides that you keep title and full control of the cotton.

Shower Fetes Miss Mallow

Miss Shirley Mallow, bride-elect of Lewis Brown, was honored with a shower in the home of Mrs. Emmett Palmer Thursday afternoon, Jan. 4.

Mrs. Palmer greeted the guests and presented them to the honoree; her mother Mrs. J. T. Mallow, and the mother of the groom-to-be, Mrs. Durward Brown of Plainview.

Guests were registered by Miss Vicki Rogers of Plainview.

Mrs. Ike Moore and Mrs. Claude Fargason served the guests from a table covered with white organdy overlaid with white net. The centerpiece was a candelabra with seven white candles with blue and white flowers at the base. From this extended blue streamers inscribed with "Lewis and Shirley" in silver glitter.

Service of silver and china was used in serving spiced tea, coffee and white cake topped with wedding bells tied with blue ribbons.

Hostesses were Mmes. Clyde Emberton, Lester Cox, Ike Moore, R. A. Burgess, Lewellen Hooper, Ben Sisemore, Robert Graham, John Downey, Truitt McEachern, Andy Huddleston, Rollo Harrell, Clyde Harrell, Claude Fargason, Harold Goree, Grady Pillow, Herbert Walker, Clarence Gaither, Bob Parker, Howard Adams, and Owen Pinkerton. The hostesses gifts were stainless steel cook ware and a stainless steel electric skillet.

Out of town guests were the groom-to-be sisters. Mrs. Ronny Wise of Santa Rosa, Calif. and Mrs. Jim Wilmet of Tulsa; his grandmother, Mrs. H. Ray Brown of Silverton; his aunt, Mrs. Milton Dudley of Silverton; and the bride-elects aunts, Mrs. C. M. Leatherman of Floydada and Mrs. G. L. Lewis of Amarillo.

Miss Shirley Mallow and Lewis Brown will be married at the First Baptist Church in Halfway, Jan. 20.

Recently Mrs. H. Hollis Young visited her mother, Mrs. John M. Lance of Chillicothe.

OLTON PRESENTS--Kerry Garrison, four years old, and Jana Garrison, 22 months, children of Mr. and Mrs. Harvey Garrison of Friona. Maternal grandparents are Mr. and Mrs. H. R. Curtis. Great grandmother is Mrs. Maude Funderburk. Paternal grandparents are Mr. and Mrs. S. H. Garrison of Hereford.

Mr., Mrs. T. G. Butler Celebrate Anniversary

Mr. and Mrs. T. G. Butler were honored recently on their 50th wedding anniversary. Hosts for the occasion were the couple's children, Mrs. Ozella Buck of Lubbock, and Mr. and Mrs. Austin Meriwether of Lockney.

Guests were registered by the couple's son-in-law, Austin Meriwether. A large gold candle with the number "50" surrounded by gold poinsettias marked the register table. An arrangement of gold mums adorned the coffee table.

The party table was laid

with a white cutwork cloth. An arrangement of large yellow mums in a silver holder was the centerpiece. The cakes were decorated with miniature wedding bells. Silver appointments completed the table decor. Presiding at the table were Mmes. Glen Exter, Ancil Miller, Elmo Bryant, Rufus DeBerry and Gary Buck, grandson of the couple.

MR. AND MRS. W. G. LOCKE

Moved To Plains In 1929

A ten-year-old girl who had just moved to Oklahoma from the Ozarks, was a dinner guest at the home of her aunt the first Sunday after moving to Oklahoma and there she met her husband-to-be.

Allie Hicks Locke, who was born near Ozark, Ark., Feb. 18, 1897 moved to California when she was a small baby and returned to Arkansas when she was five, moving to Harmon County, Okla. at the age 10, where she met Will Locke. Will Locke, born in Vernon in 1894 moved to Greer County, Okla. in 1898 when his father filed on a place close to the Navajo Mountains.

"We lived in a log cabin that had dirt floors. I remember one time the stopper came out of our syrup barrel and syrup was all over the floor -- even came out the front door."

He recalled having seen about 500 Indians camped in the little town of Navajo, where they had come to trade with the white men.

"The tribe of Kiowa Indians, who lived on the other side of the north fork of the Red River, wouldn't let the white men on their land to gather mesquite wood to burn. We didn't have coal then, you know. So the white men would band together and go over the river during the night and get a wagon load of mesquite."

"One time my dad was stopped by an Indian who wanted him to pay him one dollar for the wagon load of mesquite he had. Dad got the city marshal and he ordered the Indian back across the river. We never did have any trouble with the Indians as I recall," said Mr. Locke.

In 1905, the Locke family sold out and went to Tulsa where they farmed about eight miles northeast of town.

"There were two houses between ours and Tulsa," stated Mr. Locke. "And there were no railroads, not even to Plainview, Lubbock or anywhere. Kress didn't exist at that time either."

The Lockes sold out in 1907 and went back to Oklahoma. to Hollis.

Allie and Will were married June 3, 1917, in Hollis and both taught school several years after their marriage. Mrs. Locke taught nine years and he taught six years, then moved to a farm in Oklahoma in order to rear their family. Their daughter Mardena was six years old and she walked two-and-a-half miles to school.

In 1929, Mr. Locke came out west with a group of school teachers who were going hunting. And after seeing the plains, which at that time was yielding a bale to the acre of cotton and grain that was very good, Mr. Locke returned to Oklahoma and sold his place and furniture and the little family moved to a farm west of Olton.

"There were no irrigation wells then, only windmills. We farmed with horses and we all worked in the fields. The only thing we watered was a small garden spot close to the windmills," Mrs. Locke said.

"Seemed like it was colder then than it is now. There was more snow too. Snow fell knee deep on the level back then," Mr. Locke stated. "I can remember one April, it came up a cold rain and cattle froze to death all over the plains. I don't know if the condition of the cattle had something to do with it or not, but I believe we just have milder weather now."

In 1935, following Mardena's graduation from high school the Lockes rented their farm out and went to Oregon, where they had intended to make their home so that Mardena might attend college and live at home, as she was only 15 years of age. However, things were just as bad financially in Oregon at that time in history and the family moved on to California and eventually back to Olton, where they resumed their farming duties.

In 1945, Mr. Locke, in partnership with O. C. Armistead established Olton Auto Supply. Three years later, Mr. Armistead sold his interest to Witt Laceywell, who later sold to Mr. Locke, who is now sole owner.

The Lockes' real interest, aside from their own family, Mardena and Helen, and their grandchildren, Vicki, Judy and Mike Ogletree, is in the church and the work of church-supported homes for orphaned children.

Over the past 12 or 15 years, children from Portales; N. M. and Tipton, Okla. children's homes have spent their summer vacations with the Lockes. Also through the years, the Lockes have donated funds and time to these homes. "We've always loved children and they never did get on our nerves. Although some summers giving these youngsters a vacation in our home meant that we would not take one, we were happy to do so --for we enjoyed them as much as they enjoyed visiting," they commented.

The Lockes are members of the Church of Christ and Mr. Locke served the Olton congregation as an elder for a span of 25 years.

Government investigations disclose that practically every railroad grade crossing accident is caused by carelessness. The flasher lights are flashing; the gates are coming down. You can beat the train if you hurry, but what does it profit a man to beat a train one or a hundred times if he ultimately loses once?

Don Spains Spend Three Days At Nassau

Mr. and Mrs. Don Spain returned Sunday from a trip to the Bahama Islands. They went from Dallas on a plane chartered by the Charles Pfizer Pharmaceutical Company for dealers of their products.

Spade Homecoming Plans Are Made

Those persons who have attended school at Spade or lived in the Spade community are invited to attend the annual Spade Community Homecoming, Feb. 10 to renew old acquaintances, eat a delicious barbecue meal and view an exciting basketball game.

Since the first homecoming 10 years ago, the Ex-Students Association and the senior classes have strived to specialize in two things--prepare and serve the best food and present the best entertainment and homecoming ballgames possible. It is hoped this year's homecoming will be the biggest and best ever.

The highlight of this year's homecoming will be the crowning of a homecoming queen chosen by the high school student body.

Registration will begin at 4:30 p. m. at the Spade School. The senior class, their parents and sponsor will begin serving the meal at 5 p. m. The menu will consist of barbecue, brown beans, potato salad, homemade

pie, bread, tea and coffee. Price of the meal will be \$1.50 for adults and 75¢ for children through 12 years of age. Proceeds will go to the Senior class.

A meeting of the Ex-Students Association will be at 6 p. m. The ballgames will begin at 7 p. m. The Spade girls will play Anton followed by the Spade Longhorns vs. the Anton Bulldogs.

During half-time of the boys' game, the homecoming queen will be crowned. A prize will be given to the Ex-Students traveling the farthest distance. Also recognized will be the persons from the earliest graduating class.

Officers of the Ex-Students Association are: Lee Verne (Hamilton) Smith, president; Duane Gray, vice-president; Patsy (Wood) Bradley, secretary-treasurer.

The senior class is composed of Steve Byars, Bobby Adams, Debbie Hall, Julie Johnson, Artur Chapa, Helen Cooper, Larry Vrabel, Linda Ramage, and Danny Lamleth.

WHO, ME?
'little shaver'?
you must mean
'little SAVER'..

I've even got my own account...

My folks are pretty smart, even if I do say so myself. They opened a savings account in my name and have trained themselves to put a little something (sometimes a lot!) into it every pay-day. And day by day it earns interest! This way, when I'm ready for college, or need something special, I'll have a "bundle." Lucky me!

Spain Seeks Re-Election As County Commissioner

A. J. Spain, Commissioner of Precinct One, has authorized the Enterprise to announce his candidacy for re-election, subject to the Democratic Primary of May 4, 1968.

I would like to thank you people of Precinct One for allowing me to be your County Commissioner.

After seven years in office there is not much for me to say except that I shall continue to do my best for all concerned.

I appreciate your friendship, and cooperation in my efforts in the past and request your continued support.

SHORT SNORTS— John C. White has announced for a 10th term as Texas Commissioner of Agriculture.

State Securities Board reports handling a record volume of \$650,400,000 in permits to sell securities during the year, an increase of \$100,000,000 over 1966.

B. F. Masters, president emeritus of Kilgore College, resigned from the State Board of Education effective January 1.

Texas Commission on Alcoholism estimates there are 300,000 alcoholics in the state and wants that one out of 10

who drinks is an incipient alcoholic.

Texas Water Development Board is putting together a number of studies made since the preliminary water plan was unveiled in 1966 for meeting the water needs of 30,000,000 Texans to the year 2020.

Despite an approximate increase of 14 per cent in Texas hospitals' costs in the past year, Texas Hospital Association Executive Director O. Ray Hurst says the total cost per patient day in general hospitals here still is four to six per cent below the nation average of \$55.82.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

Think that you've changed much in the last few years? Look any older? If you think you haven't changed it might be interesting to get down the old photo albums and take a look. As for looking older? I'm inclined to believe some people look younger!

During the Christmas holidays a cousin of mine who used to live here - long time ago - was with us for a day and we came across a few old pictures. We got a lot of laughs. (Before I go on, the cousin is Bertha Faye McAlpine Holde-man and some of you went to school with her.)

We snickered over pictures of my mother and daddy and my little sister, made when Donna was only two or three or four. In those days Mother was a size 16 instead of size 10 as she is today. (That's a switch, isn't it?) The dresses were so stylish too! Hemlines way down!

Daddy was several pounds heavier too, which made for more amusement. And Donna! Margie and I used to think that was the cutest kid ever born - until ours were born, that is. I made one whole album of just Donna. Anyway, I had not looked at those pictures for several years and didn't know that Donna's little Karl looked like her mother! (See, you can even learn things from looking at old pictures.)

Had all my fun spoiled when we started finding pictures of me, though. It isn't near so much fun! There's a few I'd like to tear up.

Boss Lady has some pictures of ME and I have some pictures of HER that we're keeping for a mutual blackmailing pact.

Old school annuals can also entertain you. Why not dig yours

out of the cellar or bring them down from the attic and spend an evening "remembering when".

If I keep on with this I'm going to tell my age but most of you know it anyway. When have you Olton-graduates-of-years-gone-by looked at your old annuals? Remember when we had the old red building? Remember when the first grade was in a separate little white frame building?

Remember Miss Wells? Mr. Webb? And how about Miss Mattie Devin? Remember Mrs. Gowdy? And Mrs. Taylor - later to be Mrs. Surratt? Miss Hampton? How about Mrs. Hardison in the lunch room? And Mrs. Barnes before that? That's some you may remember if you get to looking at old pictures.

Guess who I found today in my West Texas State annual? Our own superintendent. I won't show MY annual to anyone if HE won't show his. Maybe I'd better get off this "remembering when" RIGHT NOW.

Act Establishes Clean Air Role

"Probably the most important new feature in the present clean air law is the authority vested in local governments to take an active role in air pollution control work."

This statement is one of many emphasized in a recent analysis of the Clean Air Act of Texas, 1967 compiled by officials of the Texas Air Control Board, which is available to anyone interested in the Act.

Charles R. Barden, executive secretary to the Air Board, said the analysis was made to clearly misconceptions stirring in some quarters over the Act, and is meant to give clear picture that the new Act is a much-improved law over the old one of two years past, that it will work toward the benefit of local residents for cleaner air and that its enforcement procedures can and will be carried out.

The analysis report points out that "from the standpoint of local governments, this (authority) enables them (local governments) to establish and execute their own air pollution control programs, in addition to enforcing the State program.

The report also stresses that the record of the Air Control Board "reflects that the Board has given primary consideration to the protection of the health and welfare of the people of this state.

Further, the term "undesirable levels" of pollutants is now defined to bring the Act more in line with the standard definition of air pollution recommended by the Public Health Service of the U. S. Department of Health, Education and Welfare.

In answer to critics of the state legislation who claim the law fails to give local officials enough authority to act against firms guilty of air pollution, Barden said:

"It is spelled out in the Act that local governments are authorized to bring civil action within their own air control programs. A local government (an incorporated city or town or a county) may go on public or private property to make inspections and may bring enforcement actions under the Act.

"A city may also adopt its own air pollution control ordinances if they are consistent with the Act and the Board's regulations and orders."

Barden said authority is also given to local governments to enter into cooperative agreements with each other for air pollution inspections and enforcement, technical aid, educational services and transfer of money between agencies for certain air pollution control activities."

Mrs. Keeble was scheduled to have surgery today.

Hatley Announces For Sheriff's Office

Don Hatley of Littlefield has announced his candidacy for the office of sheriff of Lamb County. Incumbent Sheriff Dick Dyer withdrew from the race upon the advice of his physician. At present time, Hatley's only opponent is E. D. "Dub" McNeese.

Hatley is son of Mrs. Effie Hatley and the late W. A. Hatley, long time residents of Olton. He and his wife, Mary, daughter of Mr. and Mrs. W. D. Pryor of Sudan, have four children, three daughters, Scarlett, 16, Donna, 14 and Shannan, 12; and one son Kerry Lynn, 4.

Hatley, 35, was reared at Olton and attended school here, having moved here with his parents from Paducah when he was two years old.

A Democrat, Hatley has seven years of law enforcement experience and has completed four law schools for peace officers. While attending a recent school, he worked as a criminal deputy for Hale County sheriff's office the past several months while maintaining residence in Littlefield.

Entering the U. S. Air Force Security Service in 1947, after his high school years, Hatley served six years and is a Korean war veteran. After receiving his honorable discharge, with a tech sergeant's rating, he began work as a law officer in Hobbs, N. M. where he received the Outstanding Policeman Award in 1955.

He went to Littlefield in 1957 and worked with the Police Force under Chief F. A. Fitzgerald. Hatley has been a five-year 100 percent member of Littlefield Lions Club and held position of a Lions director three years receiving a pin from the district governor.

He helped organize Lamb County Sheriff's Posse and was vice president its first year. He is a full-time member.

Hatley played on the Outsiders Baseball Team, which functioned to help obtain the Colt League Baseball Park for boys. He was a member of the now-inactive Littlefield Jaycees, working to help needy people.

DON HATLEY

He has been in the gasoline station and fertilizing business several years.

Hatley and his family, who own their home in Littlefield have lived in the city for 11 years and are members of First Baptist Church.

Motorcyclists Must Wear Protective Headgear Now

The law governing the wearing of protective headgear for motorcycle operators and passengers went into effect Jan. 1, announced Major Luther Moore, Regional Commander of the Texas Department of Public Safety.

Major Moore stated, "Effective Jan. 1, 1968, no person may operate a motorcycle on a public street or highway of this state unless he wears protective headgear which has been approved by the Department of Public Safety, nor may any person carry a passenger on a motorcycle on a public street or highway of this state unless the passenger wears protective headgear which has been approved by the Department of Public Safety, nor may any person ride as a passenger on a motorcycle on a public street or highway of this state unless he wears a protective headgear which has been approved by the Department of Public Safety."

The Major also added, any peace officer may stop and detain any motorcycle operator or passenger for the purpose of inspecting his protective headgear to determine if the headgear is of a style and

make approved by the Department.

A person who violates this law is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$10.00 nor more than \$50.00

REGISTRATION

Continued From Page 1
wishing to vote at any time during the 1968 voting year must register by the January 31 deadline, even though they may not yet possess full qualifications for voting. The only registration permitted after January 31 is (1) by persons who move into Texas after October 1, 1967, (2) by persons who become 21 years old after January 31, 1968, and (3) by former aliens who are naturalized after January 31, 1968. The first and second classes may also register during the regular period. Registration certificates issued to persons not yet qualified to vote are marked to show the date on which they will become qualified.

Any person eligible to register may apply for registration by mailing an application form to the county tax assessor-collector of the county of his residence. Registration certificates will be mailed before the

beginning of the voting year on March 1 to persons who apply by mail.

Voters may also register by applying in person at the county tax assessor-collector's office or at the city hall.

The husband, wife, father, mother, son or daughter of a voter may act as the voter's agent in applying for registration if the relative is a qualified voter in the same county. Except for these listed relatives, which do not include those related by marriage, no one may act as agent for another in applying for registration.

Voters who have not already applied for registration are urged to cut out the application form which appears in this issue, fill in all the blanks, and mail it to the county tax assessor-collector without delay.

Additional forms may also be obtained from the county tax assessor-collector or city hall.

RIGHT IN THE BASKET -- Olton cagers sunk enough "right in the basket" Tuesday night to win over Hale Center Owls.

NEW BOOK ON CAPITOL-- Winston Churchill once said, "We shape our buildings and they shape us." His quote is used in the handsome new book, "The Texas Capitol, Symbol of Accomplishment."

This 168-page volume is illustrated with color photographs and reproductions of historic documents. It was written and produced by the Texas Legislative Council in cooperation with the State Highway Department, at the direction of the 1965 Legislature.

It's so "hot off the presses" that it records some significant events of the 1967 session of the Legislature. "The Texas Capitol" reaches back graphically to those 18 days at Washington-on-the-Brazos in 1836 when Texas' independence was de-

clared. That story is followed by a brief history of the Republic and the joining of the Union in 1845.

From that point on, the reader will find himself engaged in the story of the state's growth through the development of its government and the men who have guided it the past 122 years. Pictures and stories acquaint the reader with the present-day Capitol complex and surroundings.

This book should be read by every Texan who has seen, plans to see, or wishes he could see the State Capitol. It is available from the Travel and Information Division of the Texas State Highway Department in Austin. Price, \$2.00.

Olton Mustangs Remain Unbeaten

Olton remains undefeated in district basketball play and will meet Dimmitt, the only other undefeated team in the district, here Friday night.

Olton defeated Hale Center 71-49 here Tuesday night and Dimmitt shut out Friona 75-51.

Pat Bodkin was high scorer for the Mustangs with 22 points.

In Tuesday night play, the Olton Fillies lost to Hale Center 51-43. Kathline Carson was high scorer of the game with 26 points.

The Olton Mustang basketballers soundly put Abernathy down in play here Friday night. Charles A. McClain led in scoring with 13 points and Kenneth Johnson sunk 10.

Pat Bodkin and Kenneth Johnson tied in the rebound department with 13 points each. Final score was Olton 43, Abernathy 32.

Varsity girls managed to scrape by the Abernathy girls 45-40.

Lynn McGill led with 18 points, followed by Kathline Carson, who deposited 14 and Leslie Norfleet with 13.

Tied in rebounds were Pam

Foster and Diana Malone, each with five points.

Junior Varsity Girls, playing at Dimmitt Thursday, won easily over the Dimmitt girls, 39-25.

Myrtle Givens led with 10 points and Brenda Johnson had six points to her credit. Susan Nicholas and Leslie Holladay were tied with 5 points each in rebounds.

Junior Varsity Boys were run over by the Dimmitt boys, 64-33.

Larry Buckner led with a total of 10 points and Gale McClain sunk eight.

Junior Varsity Boys lost Friday night to Abernathy 47-32, with Gale McClain leading scoring with 17.

At the Springlake Tourney this weekend, the Freshmen girls won over Friona 30-24, with Connie Hall high scorer. They also won over Dimmitt, 29-28. However, Springlake won over them 27-26 and Muleshoe 34-25.

They came home with a third place from the tourney.

PAT BODKIN goes up and sinks one for the undefeated Olton Mustangs in play against Hale Center Owls here Tuesday night.

7th Graders Win Trophy At Muleshoe Tourney

The "holiday rust" was obvious as the seventh grade Colts took the floor in the first row of the Muleshoe Tourney against Plainview's Estacado Junior High.

After spotting the opponents 10 points in the early stages of the game the Colts fought back to tie it up before Estacado posted a 25-24 win. The scoring was led by Danny Harris's 18 points.

In the next two games the Colts had smooth sailing as they dumped Booker T. of Plainview 44-28 and Farwell 35-20.

Against Booker T. Danny Harris poured in 26 points, backed by Otto Vera's 6 points and Keith Workman and Eddie Nelson's 4 points. Danny Harris hit a season high in his performance against Farwell, pitching in 13 field goals and one free throw for 27 points.

Keith Workman's rebounding, and the ballhandling of Otto Vera, Tim Givens, and Max Moss were contributing factors in the tournament.

"I felt that we were probably the best team in the tournament but a few bad breaks in the opening game kept us out of the championship bracket. Danny Harris's 18, 26, and 27 point performances would have to be regarded as outstanding in anybody's books and I would doubt if it weren't some kind of a school record for a seventh grade athletic" Coach Saul said.

Seventh and Eighth Grade Colts returned to District play last Monday night and neither were successful in bringing home a victory.

Seventh graders were hit hard by the flu bug over the weekend and only nine of the 15-member traveling squad made the trip. Danny Harris, (The team's leading scorer and rebounder) and Eddie Nelson (the team's third leading scorer) were among those not making the trip" Coach Saul said.

"Floydada won the game 30-17 but I was very proud of the boys for the way they hustled". The scoring was led by Otto Vera's 7 points, and Keith Workman's 6 points.

Eighth grade Colts performed very well and carried the fight to them until the last few minutes of the game before bowing 44-31. "Floydada has probably the best 8th grade team I've seen all year and the game the Colts played was outstanding. We now have a seven and five record and three of

Freshmen Boys Beat Friona

Freshmen boys picked up their first win Thursday as they defeated Friona 23-21 in a defensive battle. Luis Rey and Mike Parsons led the scoring with 10 and seven points respectively.

The Mustang freshmen defeated Springlake 41-23 in the semi-finals. Springlake had defeated the team in the first game of the season. Mike Parsons and Luis Rey led the scoring with 14 and 11 points respectively. Mickey Crowder added nine points. Greg Smith pulled down 10 rebounds.

In the finals of the tournament, Olton lost to Dimmitt, 37-22. Defeat was brought about by losing the ball on walks, bad passes or double dribbling 27 times in the ballgame.

Freshmen won second place in the tournament. Mickey Crowder and Luis Red led in scoring with six points each.

Olton played several basketball games last week. Twelve to be exact - in three days!

The varsity won both of theirs by defeating Abernathy. The Mustangs stomped the Antelopes 43-32 in their fifth district game of the season. Now they stand 5-0 in district play with the unbeaten Dimmitt Bobcats. Charles A. McClain netted 13 points while Kenneth Johnson helped with 10. Johnson and Pat Bodkin rebounded with 13 apiece.

Our Fillies were led by Lynn McGill's 18 points, Kathline Carson's 14 points, and Leslie Norfleet's 13 points to defeat Abernathy 45-40. Now they added another district win to their district standings. There are several teams with losses, so any one could still win the girls' first half division. Pam Foster and Diana Malone jumped for five rebounds each to help the Fillies defeat Abernathy.

The junior varsity traveled to Dimmitt Thursday, Jan. 4, and they came home with one loss and one win.

The junior varsity Mustangs fell to Dimmitt 64-33. Larry Buckner raked in 10 points, while Gale McClain had 8.

A victory against the Dimmitt girls' team seemed to

make our junior Fillies quite happy. The defeated, Dimmitt team had 25 points and the winning Fillies scored 39 points. Myrle Givens netted 10 points and Brenda Johnson scored 6. Susan Nicholas and Leslie Holladay led with five rebounds each in that department.

Only the junior Mustangs played the Abernathy junior varsity Friday afternoon before the Varsity games. They lost 47-32 and Gale McClain dropped 17 points.

Both junior varsity teams play at Floydada tonight following the freshmen games. The Mustangs go against Dimmitt tomorrow before the two varsity games.

Our freshmen teams were involved in the Springlake tournament over the weekend.

In the first game for the girls, they played against Friona. They won 30-24 and Connie Hall was high with 20 points.

Their second game was with Dimmitt and the opposing team fell to Olton 28-29. Connie Hall was high point with 22.

Springlake squeaked by Olton 27-26 in the freshmen game. Connie Hall was again high scorer with 24.

The girls won third place even though they fell to Muleshoe 25-34. And once again

Connie Hall netted 24.

We're glad to announce that Mr. David Howton will soon be mingling among his students once again. Next Monday will be his first day back in school since his long absence caused by health conditions. Welcome, Mr. Howton! You've really been missed!!

Eddie Hooper and Benny Akin were mentioned on the All-State Team.

Eddie Hooper was selected to a guard position on the second team according to the Lubbock Avalanche-Journal.

Benny Akin selected as an honorable mention back in the Fort Worth Star Telegram. Congratulations to two fine Mustang players.

Being a sophomore and being eligible for State Choir tryouts is an honor all itself. But placing fifth in the tryouts makes it an honor and a half. Leslie Holladay, Alto II, did just this and it's something to be proud of. Congratulations, Leslie!!

The perfect gift for the beatnik who has everything is a garbage truck to put it in.

ALL FOR FUN

Our bookkeeping teacher frequently lectured his students on the importance of keeping their personal checking accounts in order.

"An overdrawn account is

inexcusable," Mr. Howton drummed into them.

One day the inevitable happened. He received a notice from his bank that his account was overdrawn. Penciled lightly across one corner were the words: "Hi, Teach!"

A teacher asked her first grade class how Noah spent his time on the ark. As there was no response from the class she prompted: "Do you suppose he did a lot of fishing?" "What?" answered one six-year-old. "With only two worms?"

Some tasks have to be put off several times before they will slip your mind.

WHO'S WHO?

Bobby: So you finally set a record!!?

Glenda: All it takes is a "hello"!!?

Stacy: What's it like in the working class?!!

Wanice: And they lived happily ever after!!

Mr. Murphy: There sure must be some slow runners in the world!!?

Cheri Dorris: What happens to you when the doorbell rings? And afterwards!!??!!

Judi B.: And what do fingers taste like, coated with popcorn!!?

Rickey Smith: See! Your theory doesn't always work out?!!?

Jane Ann: Were you really sick, Monday? Phil says you were all right!!

Sunya: "Let's kiss and make up."??!

Carroll: Shape up or ship out!!??

Mary Bess: Problems just seem to find you.

Jan C.: It looks as if you found out in time!!??

Leslie H.: They call it "self control"!!?

Rickey: Having any car trouble lately??

Thursday Services Held For Longtime Resident

Last rites were held today, Jan. 11, for Jimmy C. Dear, 68, longtime resident.

Dear was born April 9, 1899. He died Jan. 9, 1968 having lived near Olton for 30 years. He had been a member of the Baptist Church for 50 years.

Services were held in the First Baptist Church with the Rev. John E. Lewis, pastor, and the Rev. M. B. Baldwin, pastor of the First Baptist Church of Earth, officiating. Interment was in Olton Cemetery with Parsons Funeral Home in charge of the arrangements.

Dear married the former Ruth Ogden May 2, 1921 in Olton. He was preceded in death by an infant son, Wilburn Bennett Dear.

He is survived by his wife, Ruth, of the home; a son, J. W. of Springlake; two sisters, Mrs. C. D. Nichols and Mrs. Guy Purselley, both of Fort Worth and seven grandchildren.

Pallbearers were Vernon Britton, Wilbur Schreier, J. Frank Daugherty, Joe Edd Carson, Benny Moore and Fred Long. Honorary pallbearers are Frank Daugherty, C. E. Bley,

G. H. Bley, W. K. Britton, Les Kennedy, Gordon Thomas, W. E. Miller and C. W. Phillips.

C.D. Moses

Dies In Ft. Worth

Funeral services were held Wednesday, Jan. 3, at Lucas Funeral Home of Fort Worth for Charley David Moses, 51, who died in that city Jan. 1. Burial was at Ladonia.

Moses was born in Hunt County in April 1916.

He is survived by three sons, Gary Bibwell Moses of Hurst, Johnny Moses of Arlington and David Moses of Hart; three daughters, Mrs. Sharon Jackson of Worland, Wyoming, Mrs. Janice Slate of Fort Worth and Miss Charlene Moses of Hart; four brothers, H. L. Moses, J. J. Moses, A. D. Moses and Forest Moses, all of Olton and two sisters, Mrs. Rich Hammond of Mishawaka, Ind. and Mrs. Dorothy Robinson of Granbury.

BUDDY EBSEN AND IRENE RYAN (JED & GRANNY) will appear at the Houston Livestock Show and Rodeo February 21, 22, 23.

Specialized Flying Training Now Available

Five new categories of specialized flying training can now be taken under the GI Bill, the Veterans Administration and the Federal Aviation Administration announced recently.

FAA district offices are accepting requests from certified flying schools that want to offer the following types of FAA-approved training to veterans who already hold pilot certificates:

- * "Class" ratings to cover additional aircraft categories.
- * Additional ratings to be added to instructor certificates.
- * Proficiency training needed to prepare for an airline transport rating.
- * Proficiency training needed for a certificate as a rotorcraft external load operator or chief pilot.
- * Proficiency training needed for a certificate as an agricultural aircraft operator or supervisor.

Flying training was authorized for veterans under the Veterans Pension and Readjustment Assistance Act of 1957 (Public Law 90-77), but two conditions were specified:

First, the eligible veteran must have a valid private pilot certificate (or have completed the necessary flying training leading to such a certificate,) and be medically qualified for a

commercial pilot certificate. Second, the flight school courses must meet FAA standards and be approved by FAA and the appropriate State authority.

At the time the law was passed, FAA inspected and certified only those flying training courses leading to pilot certificates, instructor certificates and instrument ratings.

The number of applications from veterans for the more advanced courses caused FAA to amend its rules to include them.

Those taking approved flying training are reimbursed quarterly for 90 percent of the cost of the course they are taking.

HemisFair Manager Seeking Young Workers

The fun and excitement of employment at a World's Fair is available to more than 1,500 young Texans.

B. F. Agee, manager of personnel for HemisFair 1968, has announced that a statewide recruiting program has started to hire at least that many young persons for employment from March 15 to October 6, 1968.

Agee is working with Texas Employment Commission Offices throughout the state to find accountants, ticket sellers, ticket takers, hostesses, security guards, maintenance personnel, secretaries, general clerical help, writers, guides, ushers and parking lot attendants.

Another 1,500 employees are being sought by restaurants, concession stands and

exhibition halls on the 92.6-acre site of the international exposition.

Texas Employment Commission offices in all parts of the state will accept applications for HemisFair work, and forward them to Agee, TEC applicants also will be available for consideration by exhibitors, concessionaires and restaurateurs who are hiring their own help.

"Since the goal of HemisFair is to be the best international exhibition ever held," Agee said, "we will need people who are young in heart and spirit, energetic, not afraid of hard work and who enjoy being of service."

The need now is for workers who can work from March 15 to October 6, 1968. The pro-

Mrs. Robertson Services Held Today In Plainview

Funeral services were held this afternoon, Jan. 11, in Lemons Funeral Chapel for Mrs. Lon C. Robertson, mother of Earl Robertson, Mrs. Robertson died Jan. 10, at 10:30 a. m. in Plainview Hospital.

A. Robertson of Hale Center and Clarence B. Robertson of Plainview; six grandchildren and three great-grandchildren.

Morris Rites Held Wednesday

William Vinson Morris, 65, of Green Forest, Ark. died Monday morning in the Methodist Hospital, Lubbock. Funeral services were held Jan. 10 at the First Methodist Church, Littlefield under the direction of the Hammond Funeral Home.

Morris had lived in the Edmonson and Post communities before moving to Arkansas.

Survivors are his wife, Corneila; three daughters, Mrs. Lila Mae Abran of Modesto, California; Mrs. Modell Farrar of Brownfield, and Mrs. Elva Jean Jones of Santa Anna, California; two sons, J. D. Morris of Chandler, Arizona and Dillard Mac Morris of Alton, Illinois; three brothers, A. D. Morris of Halfway, D. C. Morris of Post, and O. V. Morris of Tulsa; one sister, Mrs. Dillard Thompson of Plains; 17 grandchildren and one great grandchild.

Local Woman's Sister Dies

Mrs. Arthur Nafzger received word this week of the death of a sister, Mrs. Arthur Hattendorf of Ocheyedan, Iowa. Mrs. Hattendorf, the former Marie Rueter, was a former resident of the Westside Community east of Olton.

Mrs. Hattendorf was born July 16, 1900 in Illinois. She died of a heart attack, Jan. 9, 1968. Services are scheduled for Friday.

Survivors include her husband, two sons, Louis of Worthington, Minn. and Clarence of Dennison, Iowa; four sisters, Mrs. Nafzger, Mrs. Ben Hartwig and Mrs. Harry Bremer, both of Ocheyedan, Iowa and Mrs. Johnny Mask of Boulder, Nev.; four brothers, Henry Rueter, Walter Rueter, Art Rueter and Ed Rueter, all of Ocheyedan, Iowa.

Heavy Burden On U.S. Dollar

With the devaluation of the British pound, it becomes clear that the U. S. must reassess its money policies. Through much of contemporary history, the pound--and, more recently, the dollar-- have served as monetary buffers for the world. Now the dollar bears a greater burden as the world's key reserve and trading currency.

Granted we have the will to make it do so, the dollar can very well withstand this economic shock, for it is true that America's economy and its currency are both far stronger than Britain's in many ways.

Still, current federal policies place the dollar under psychological as well as economic strain, and inflation threatens. There is, for example, a chronic payments deficit that is likely to worsen in 1968 if prices continue to rise. Underlying the price rises is a pattern of wage increases that is about double our productivity. Finally, despite a circumstance of near-full employment, the nation is facing a budget deficit of as much as \$29 billion.

It is a time for the display of some real American guts. It appears that we all must submit to more taxes on incomes, and in any case there must be severe cuts in some of our well-intentioned spending programs.

A recent survey on federal spending, conducted by the Chamber of Commerce of the United States, showed that 96 per cent of 13,000 members who responded favor a reduction in spending in the current fiscal year.

This overwhelming opinion should be regarded as an indication of a mandate of the people. It is within the power of President Johnson to put a ceiling on spending. Congress can pass new legislation to supercede legislation providing for current appropriations responsible for excessive spending, and hold the line on new money bills.

Naturally, some of our favored federal programs are going to get hurt. But consider this: All of Britain is hurting now because of its economic troubles.

It could happen here.
