Talco Presses Drive To Collect Taxes

The drive of the City of Talco gained momentum Thursday when the City Council hired Bird Old of Mount Pleasant as their tax attorney and authorized him to collect delinquent taxes owed the city.

Old said that the first letters to delinquent taxpayers would be sent August 17, and that 10 days would be allowed for reply. In the event that no addresses are available for city property owners, or if no reply is received within 10 days, the taxpayers will be cited by publication, Old said.

The principal amount of the tax, penalty and interest will be collected.

The council agreed that delinquent taxpayers should be allowed to make arrangements to pay back taxes on a monthly installment plan, if necessary, rather than in one lump sum.

The Talco Board of equalization met with the council Thursday before the council went into session and advised that they had made a survey of the city, and that 11 mobile homes were located within the city limits as of January 1, 1976, and had not been added to the tax rolls. The board was to meet again August 18.

United Methodist Women To Meet

United Methodist Women of the North Texas Conference will meet on August 28-29 for a retreat at Lake Bridgeport Conference Center on Lake Bridgeport. The meeting begins at 1:00 p.m. on Saturday and will be concluded by 1:00 p.m. on Sunday.

Points of concern are: Freedom; Community; and

Talco Mayor Jerry Jones advised the city council that he was trying to work out an arrangement with the City of Mount Pleasant whereby the City of Talco would use their equipment for improving streets in Talco. The council has already purchased 100

barrels of oil, which will be mixed with gravel, for surfacing streets.

In other business, the council reappointed Dr. E. L. Miller as the City Health Officer, and paid \$1948 in bills for the general operation of the city, and \$962.15 owed by the Talco Water Department.

Andersons Married 70 Years

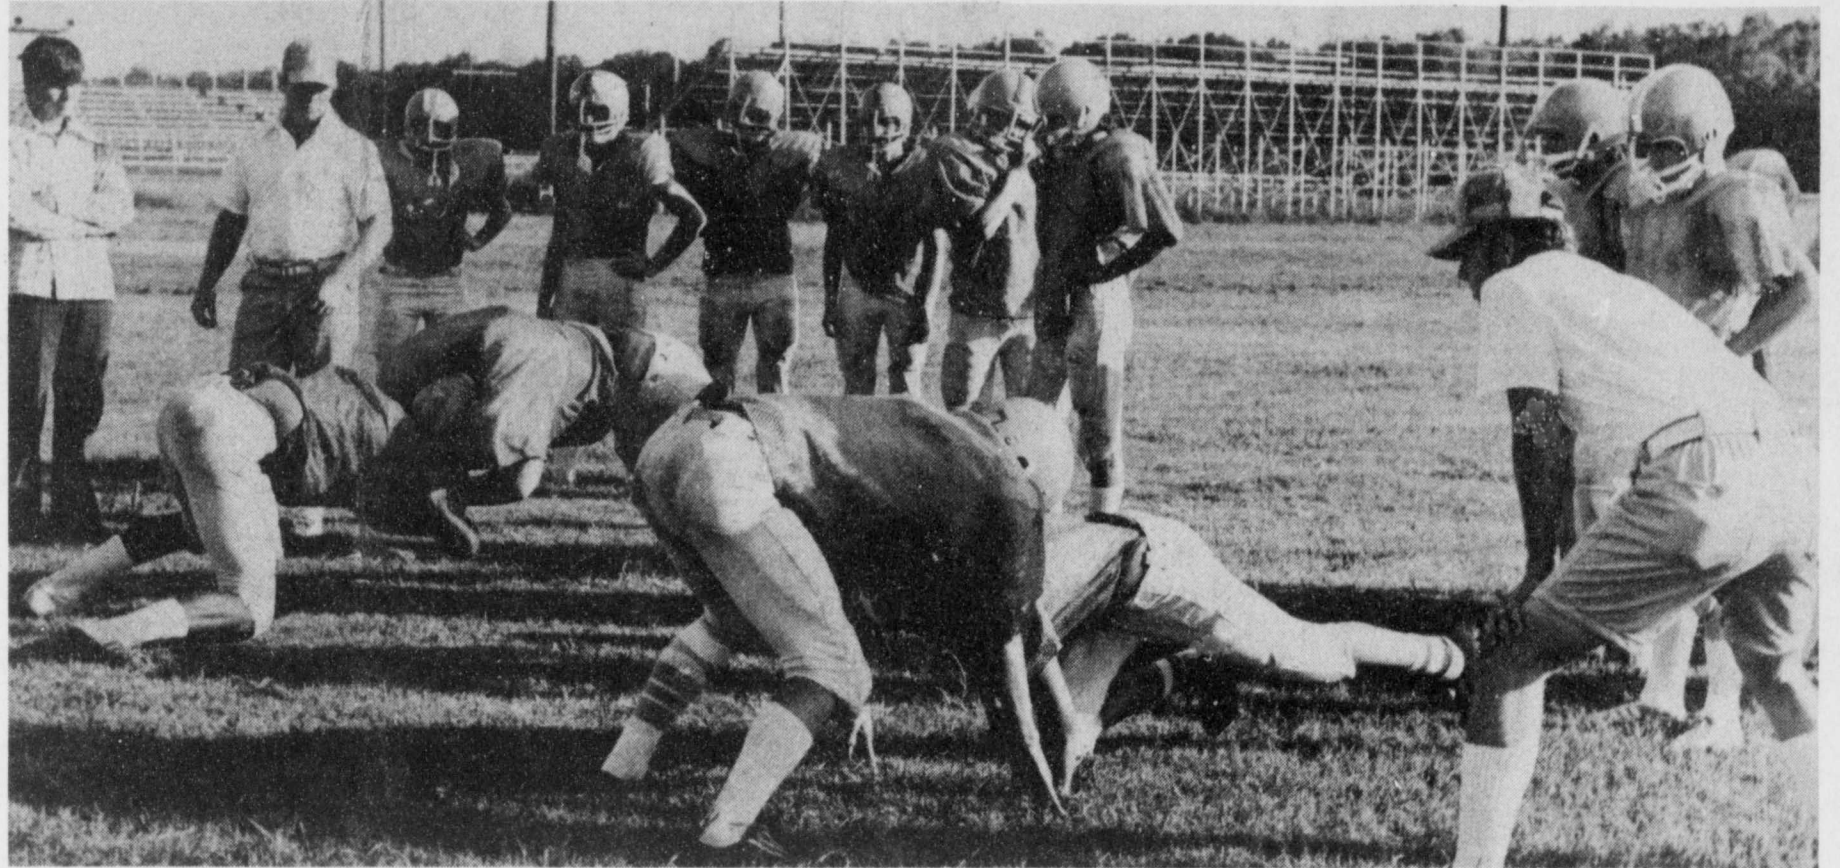

Mr. and Mrs. R. T. (Pick) Anderson celebrated 70 years of marriage on August 14, 1976, in Canton, Texas.

Their six children are Ulysses Anderson, Deport; Velma Floyd, Dallas; Gladys Hadley, Canton; Roy Anderson, Clardy; Virginia Ragsdill, Allen; and Billy Anderson, Dallas.

Visiting with Mr. and Mrs. Anderson were Mr. and Mrs.

Roy Anderson, Mr. and Mrs. Bobby Woodard and Bob Jr., and Mrs. Gladys Hadley.

Mr. and Mrs. Anderson moved to Canton in 1970 after being lifetime residents of Lamar County. Anderson was constable for many years in Precinct One in Lamar County. Mrs. Anderson is at home on Stacy Street and he is in Town and Country Nursing Home.

Walter Allen Killed In Farming Accident

Walter Allen, 58, of Deport, was killed in a farming accident on his place near Milton Friday. Allen was caught in a hay baler and killed at approximately 2:30 p.m. He was found by his son-in-law, Lamar

County Deputy Sheriff Carl Wolfe, at 9:45 p.m.

The Deport Volunteer Fire Department was called to the scene of the accident and removed the body from the baler. Lamar County Justice of the Peace Chester Oakes ruled Allen's death as accidental.

Deport Fire Chief Duane Glover said that Allen was pulled into the machine from underneath, where he had apparently crawled to make repairs.

The tractor was still running when Wolfe discovered the body. Deport firemen had to use a hacksaw to remove the body from the baler.

Funeral services were at 2:00 p.m. Sunday at the First Baptist Church in Deport. The Rev. Royce Litchfield and Elder Harley Stripland officiated with Grant Funeral Home making the burial in Highland Cemetery.

Allen was born September 21, 1917, in Clinton. He married the

former Miss Hope Chapman on August 22, 1938, at Clinton.

He is survived by his widow; two daughters, Mrs. Carl Wolfe of Deport and Mrs. Jimmy Stripland of Greenville; five grandchildren; one sister, Mrs. John Julian of Caddo Mills; and two brothers, Alfred Allen and J. D. Allen, both of Deport.

Beef Research And Information Order Hearing Scheduled

A public hearing, with sessions in six cities across the country, has been scheduled by

the U. S. Department of Agriculture (USDA) to consider a proposed research and information order for beef.

The Secretary of Agriculture was authorized to issue such an order by the Beef Research and Information Act enacted into law in May. Such an order would establish a Beef Board, composed of producers, which could conduct a research and information program for cattle and beef, funded by assessments on sales of cattle.

The proposed order to be considered at the hearing was submitted to USDA by the Beef Development Taskforce composed of representatives of several national and state beef and dairy organizations.

According to an official in USDA's Agricultural Marketing Service (AMS), the purpose of the hearing, to be held in September and October, is to receive evidence concerning the need for a national beef research and information program and the provisions it should contain. The hearing will help the Secretary of Agriculture determine whether the proposed order furthers the objectives of the enabling legislation, and will provide opportunity for public examination of all provisions contained in the proposal. Any interested person may testify at any of the sessions, which will be continued beyond one day if necessary.

Each hearing session will begin at 9:30 a.m., local time, as follows:

September 14, Dallas, Texas, Baker Hotel, 1400 Commerce Street.

Posted in the offices of both the Prairiland and Rivercrest High Schools is the following sign: "Those of you who think you know everything are particularly annoying to those of us who do." There is no clue as to which school came up with the sign first, but we consider it to be well placed in areas where one or more college degree resides.

If nothing else, the error we made in this column last week when we said Mrs. Vera Grogan of our Bogata office is 73 rather than 71, which is correct, proves that we don't discriminate when we make errors.

Scrimmage games this week pit the Rivercrest Rebels against the Clarksville Tigers at 7:00 p.m. in Clarksville, and the Prairiland Patriots against Valiant, Oklahoma at Prairiland.

land at 7:00 p.m. The junior varsity teams will scrimmage first, then the varsity teams.

It is with a great deal of pleasure that we can announce that our own teams for press coverage of the Rivercrest and Prairiland football teams have been lined up. As usual, Bob and Pat Wright will cover the Rivercrest squad, so that's not news, just information. At Prairiland, however, we have lined up Roy White, who is the minister of the Church of Christ and a teacher at Prairiland to shoot action pictures of the game, and the Rev. Fred Hunter, pastor of the United Methodist Church in Deport to keep the statistics. We are going to call it the "Holy Press." White and Hunter are helping because they are interested in the students, the school, and the sport, because they certainly can't buy a round of hamburgers on what we can pay them to do it.

Schools Serving Reduced Price Meals

The Talco-Bogata Schools will serve reduced-price meals during the 1976-77 school year for 20 cents to children who are unable to pay the full price, and are not eligible for free lunches and free milk under the National School Lunch and Special Milk Program.

Local School Officials have adopted the following size and income scale to assist them in determining eligibility.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free lunches and free milk or reduced price meals for their children. They may do so by filling in the applications forms that will be sent home to parents when school begins. Applications may be submitted anytime during the school year. The form is simple to complete and the information provided on the application will be confidential and will be used

Under provisions of the policy, principals will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the principal, he may make a request either orally or in writing for a hearing or appeal to Superintendent Talmadge Morgan who is designated as the Hearing Official. The policy also provides that there will be no identification of, or discrimination against any student unable to pay for meals and milk, or unable to pay full-price for meals. A complete copy of the policy is on file in the Superintendent's office for review by interested persons.

Carter-Mondale Texas Campaign Dates Not Set

Democratic National Committeewoman Billie Carr said that she has received many calls from around the state from people wanting information about when the Carter-Mondale campaign would officially begin in Texas. Jimmy Carter told the Democratic National Committee at their meeting July 16th in New York City, "Don't wait to be called. Each of you go back to your states and start the work you know has to be done. Each of you consider

yourself a chairperson of my campaign." The national Carter campaign is now looking over each state and will select one person to go into each state as the official coordinator for the national campaign.

Atlanta has informed Mrs. Carr that they will be making an announcement this coming weekend about a state coordinator who will come from another state into Texas to coordinate the Carter-Mondale campaign. That person will be in the state sometime in the

week of August 16th, so shortly thereafter your county chairperson will start receiving calls and will be given the go-ahead for establishing Carter-Mondale activities. In the meantime, she urges that all Democrats work for voter registration.

She announced that a meeting of the Texas Democrats will be held in Austin, August 21st, at the Stephen F. Austin Hotel, beginning at 10:30 a.m.

Ladybugs Attend Haven Tea

Eighteen local women attended the tea party hosted by Red River Haven Nursing Home for the purpose of organizing the Volunteer Service Corps known as the "Ladybugs". Guests were greeted by Mrs. Larry Gifford, Social and Rehabilitative Director for the home, and were given an outline of the opportunities available in the areas of service.

The Ladybugs began service Monday of this week and have carried off their jobs in a very professional manner. Each will wear a tunic in order to be easily recognizable to the residents. Awards will be given

for various numbers of hours served. Officers will be elected at a later meeting and will be installed in a formal ceremony.

Those attending the tea were Bobbie Ruth Hervey, Wanda Minshew, Wootie Harville, Helen Barnett, Dumpy Barnard, Sharon Skaggs, Minnie Bell Borders, Mae Partridge, Jo Ann Lampard, Betty Mullin, Joyce Smith, Ruth Babb, Linda Williams, Hontas Pettit, Zelma Mauldin, Diane Holmes, and Lora Brumley. Others who were unable to attend the tea may join the Ladybugs at any time by calling Marijo Gifford, 632-5479.

Bogata And Talco Receive Sales Tax Checks

The City of Bogata is to receive \$1,006.95 and the City of Talco is to receive \$1,129.97 for sales tax collected from retail sales. The August rebate checks were mailed from the state comptroller's office August 13.

City of Deport did not receive a check this month.

Casting Out the Devil

And in the synagogue there was a man, which had a spirit of an unclean devil, and cried out with a loud voice, Saying, Let us alone; what have we to do with thee, thou Jesus of Nazareth? Art thou come to destroy us? I know thee who thou art; the Holy One of God.
And Jesus rebuked him, saying, Hold thy peace, and come out of him. And when the devil had thrown him in the midst, he came out of him, and hurt him not.

Shower Curtains Can Be Made From Sheets

By Wilma Hall

Take advantage of August bedding sales to buy sheets for decorative purposes as well as bed use.

Sheets are reduced seven to sixteen percent, depending on the store and manufacturer.

Brighten up a bathroom with a colorful cloth shower curtain made from one flat sheet. This sheet, used with a plastic liner or an old clean plastic shower curtain, will make a tub-size curtain. Permanent pressed sheets make their care a breeze, but pre-wash before using for decorative purposes.

To make a shower curtain out of a sheet, first turn the bottom edge one-half inch to the wrong side, then fold up a three-inch hem and stitch. Pressing after each turn or fold of the sheet will assure an even hem.

If the sewing machine has a decorative stitch, use it for added appeal.

The second step is to turn the top edge one inch to the wrong side then turn it one inch again to form a double one-inch hem and stitch.

To hem the sides, turn each

edge down one-half inch, then turn once more one inch and stitch.

Identify holes for hanging the fabric curtain by placing liner against the wrong side of the sheet with top edges even and mark. Make a three-eighths-inch button hole at each mark.

Place hooks through the button holes in the curtain and then through holes in the liner.

Scratched mahogany woodwork can be repaired by painting the scratches with iodine and polishing.

Eastern Star Has Salad Supper

Talco Chapter, No. 846 Order of the Eastern Star enjoyed a salad supper in memory of their founder, Rob Morris, when they met in the Masonic Hall Tuesday evening.

Worthy Matron, Colean Dixon and Worthy Patron, James Gieger presided. Eleven officers and one member, Mrs. Ruby Cogburn were present. The Worthy Matron extended a warm welcome to Mrs. Cogburn since she had been unable to attend chapter for about a year because of illness. Ivy Smith protomed secretary and read a thank-you card from Mrs. Melba Reed thanking the Chapter for her gift, cards and prayers while she was in the hospital.

She also read greetings from the Worthy Grand Matron and Patron and an important notice for all voters to pre-register by October 18, 1976 to be able to vote in Grand Chapter.

Worthy Patron James Gieger told the most interesting story of the life of the founder, Rob Morris. Mrs. J. R. Lee was reported to not be feeling well in the Golden Years Nursing Home and she was sent a get-well card from the Chapter. Also Mrs. R. W. Prestidge, mother of Mrs. Rufene Cook was reported to have suffered a heart attack.

Before the closing ceremony, the Worthy Matron reminded each member to make an effort to attend the "Symbols of Freedom" Session at Grand Chapter to be held in the Tarrant County Convention Center in Fort Worth on October 25-28.

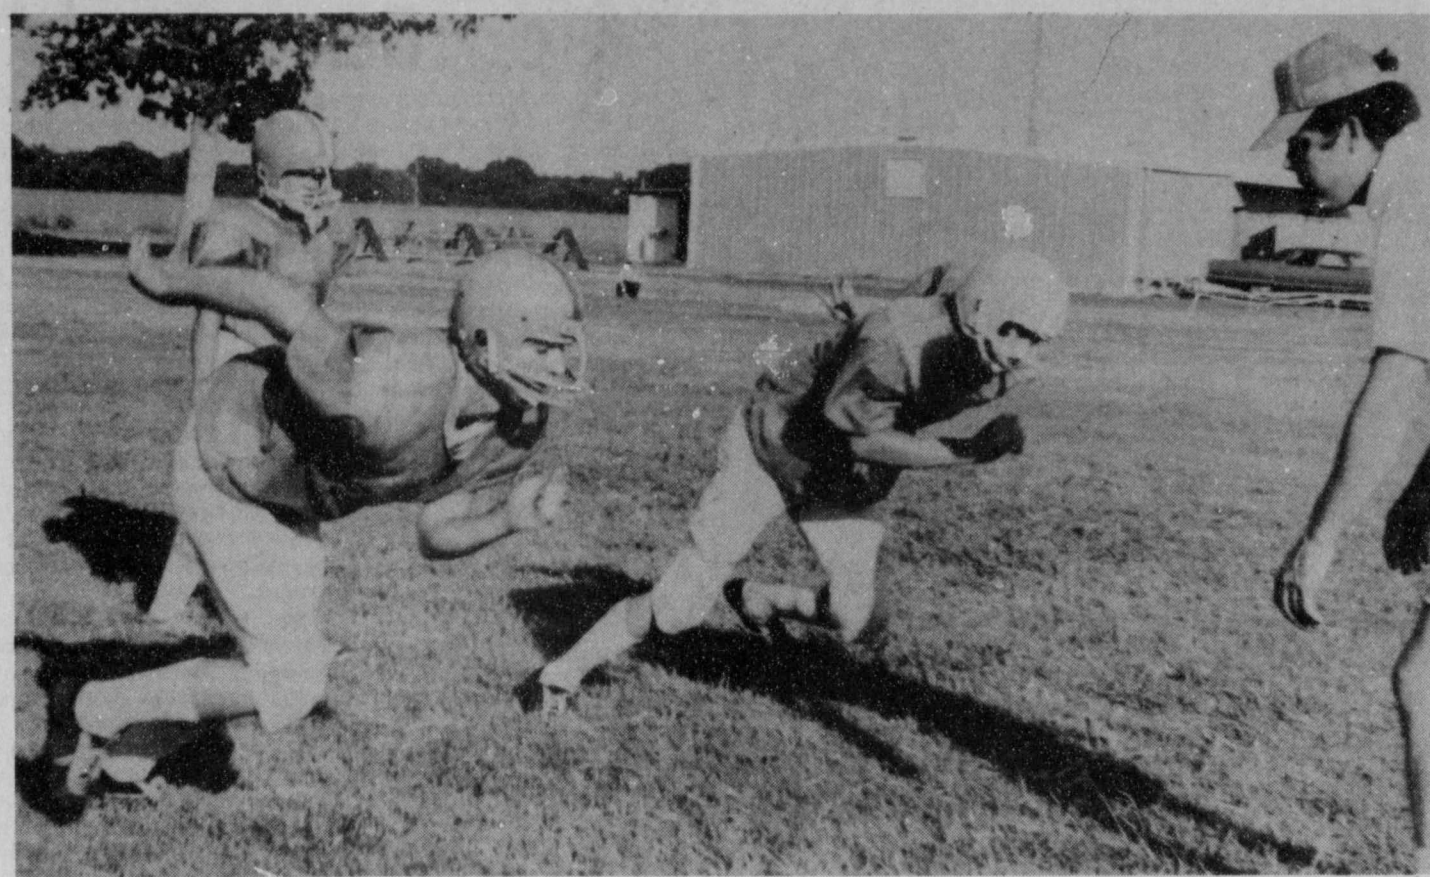

A salad supper with coffee or soft drinks was served in the dining room after Chapter closed.

Pierce To Wed Allums Saturday

Mr. and Mrs. H. G. Pierce extend a cordial invitation to relatives and friends to attend the wedding of their daughter, Suzette, to Donald Allums, son of Mrs. Mildred Allums and the late Arnold Allums.

The couple will be wed at 7:30 p.m. Saturday, August 21, 1976 in the First Baptist Church in Bogata.

A reception to honor the couple will be held immediately following the wedding ceremony in Fellowship Hall of the church.

Mow Weedy Pastures

For producers who haven't sprayed pastures to control weeds, mowing in late summer is a good means of reducing weed seed production, says Bob Moody, county agent for the Texas Agricultural Extension Service.

Mowing will prevent or slow down weed seed production, and it also removes old mature forage so plants can produce new tender regrowth.

Weeds use water and fertilizer needed by pasture plants. They also shade pasture plants and slow their regrowth. Some weeds, such as thistles, also prevent cattle from grazing large areas because of their spiny leaves, explains Bob Moody.

If possible, especially with beef cows, graze a pasture heavily just before mowing in order to use all the forage available. In many cases animals will eat some weeds and tall grasses which would be wasted if mowed before grazing.

Rather than mowing all of your pastures at one time and removing the forage and then getting poor regrowth due to dry weather, try mowing one-third to one-half of your pastures every 10 days to two weeks, Moody adds.

Plant Now For Spring

If you're planning a cover of Texas bluebonnets for the home landscape next spring, seed should be planted as soon as possible.

"Seeds must be sown by late August if blossoms are wanted next spring," emphasizes Everett Janne, landscape horticulturist for the Texas Agricultural Extension Service.

"Late summer planting is essential as bluebonnets are actually winter annuals," explains the Texas A&M University System specialist. They germinate in late summer, exist as a small rosette of leaves throughout the winter while developing a good root system, and then grow rapidly during the spring rainy season to produce acres of blue flowers."

Many seeds are wasted each year due to improper planting, notes Janne. Just tossing the seed into a grassy area along the road or in the corner of the yard does little else than provide expensive food for birds.

Germination is also a problem. Poor germination usually occurs unless something is done to soften the hard seed coat to allow moisture to penetrate.

"The oft recommended practice of puncturing the seed with a needle or ice pick will work but is rather time consuming as well as hard on the hands. Scratching the seed coat between two layers of sandpaper that have been glued to boards will also help," says Janne.

JIMMY SLOAN works with players on warm up exercises at the Friday workout at Rivercrest. Sloan is a native of Talco and has been coaching in Mount Vernon. He will assume the duties of Ray Miller in Talco as junior high coach. (Staff Photo).

Ready to Begin?

Horace Greeley, destined to become a prominent news personality, was assigned to interview a public figure who didn't have much to offer. "I've got nothing to say," said the Senator to the young reporter. "I know that," replied Greeley. "But are you ready to begin the interview?"

Do-it-yourself energy management to keep your dollars from flying out the windows...doors...attic...walls...chimney.

The following are helpful maintenance tips on jobs that can be done around your home to save valuable energy and save valuable money! These are all things that can be done easily and, for the most part, with a minimum of materials. Being an experienced handyman is not a requirement.

1. Weatherstrip doors and windows. Weatherstripping kits are available, or it can be purchased by the running foot.
2. Insulate unfinished attics. There are a number of materials available for this do-it-yourself job, or contact your insulation contractor.
3. Insulate finished attics. You can insulate wherever you or your contractor can reach, such as attic spaces and outside walls.
4. Insulate crawl space walls.
5. Clean or replace filters on heating and air conditioning units at least every month and have periodic check-ups on these units to keep them in top operating condition.
6. Turn your thermostat to 68° in the winter and 78° in the summer and still maintain a comfortable home while saving energy.
7. Make certain your fireplace damper is tightly closed when not in use.
