Collingsworth General Hospital board approved the purchase of a new telephone system for the hospital at regular board meeting Tuesday, March 15.

Pending final contract negotiations by hospital administrator Perry Foster, the board unanimously approved purchase of the \$28,595 phone system from Centel Business Systems.

The hospital will own the new telephone equipment. Currently, the hospital is paying over \$300 per month in equipment rental charges to General Telephone.

The new phone system will provide improved internal communications in the hospital, especially between the nurses station and patient rooms, and will allow any patient to have a phone in his room if he chooses.

The board also called the board member election for Saturday, April 2. Three members will be elected to regular two-year terms.

Election judges appointed Tuesday are Olan Farris, Dodson, Lenora Phillips, Samnorwood; Bonnie Hall, Quail; and Donna Maxwell.

Greenbelt Electric Co-op Files for Increase

On Friday, March 4, 1983, Greenbelt Electric Cooperative, Inc., headquartered in Wellington, filed an application for an increase in its rates with the Public Utility Commission of Texas.

GTE Changes Billing Date For Wellington

General Telephone announced today a change in telephone billing dates for customers in Wellington. This change is being initiated to more efficiently handle customer service in Wellington. The date that some customers in Wellington normally receive their telephone bill was changed as of February, 1983. The date shown on customers' monthly statements will reflect the new billing date. Future telephone bills from General Telephone will be issued on the new date each month.

---See GTE, page 2

David Pruitt, General Manager of Greenbelt Electric, explained that the request is for an additional \$333,441 annually or 10.65% overall increase above current rates. "The amount of increase varies depending on the type of service, but our average residential customer will see his bill increase \$2.39 per month (3.3%)," Pruitt added.

"This is the first increase in rates for Greenbelt Electric since 1980. I realize our customers' bills have gone up considerably since 1980 but that total increase has been for purchased power, and went directly to our wholesale supplier. This is the first time in that period that the Cooperative has sought to increase its revenues. Last year with the slow down in the economy,

the effects of three years of inflation caught up with us. The Cooperative has certain financial criteria it is obligated by mortgage agreement to maintain and during the last three years its become impossible.

"I'm very proud of our record of holding off an increase for three years. It has not happened by accident. The board of directors, employees, and I have sought out every way to utilize our dollars to the best potential. We have sought out the most economically operating vehicles that fit our needs, put special emphasis on preventive line maintenance to control overtime costs, and reduced our employment force by 11%.

"But with everything we do here our major cost factor is purchase power. In December 1982 62.2% of our total expenses were for wholesale power. That is

where our emphasis must be, in seeking ways to control that large cost, and we are doing that. Along with twelve other Cooperatives, we are studying the possibility of changing suppliers. We are looking at several alternatives to our present set up and one or more look promising. My goal remains to seek out the best long term deal for Greenbelt consumers.

"At our Annual Meeting

in April 1982 I told those attending that we were studying the need for a rate increase. Since that time we have analyzed every aspect of our operation and it is the opinion of the Board of Directors and myself that this increase is necessary to keep Greenbelt Electric viable as a supplier of electric service to our area."

He points out that this request for a rate increase is made reluctantly.

Owens Heads Panfork Board

Ralph Owens is the new president of Panfork Baptist Camp Board, which operates the annual Panfork Baptist Encampment and its growing complex of buildings 7 miles northeast of Wellington.

He succeeds the Rev. Alvin Hiltbrunner, pastor of Central Baptist Church, Pampa. This unexpired term ends in September.

The encampment serves Southern Baptist churches throughout the top of Texas area.

The Rev. S.L. Yielding, camp director, announced that a new swimming pool is being constructed at the camp.

"This will be 50 x 70 feet, with 500 square feet more than the old pool. It is of gunite construction.

Only 4 1/2 feet deep, Rev. Yielding pointed out that it is strictly for swimming, not for diving.

It is due to be completed in approximately three weeks.

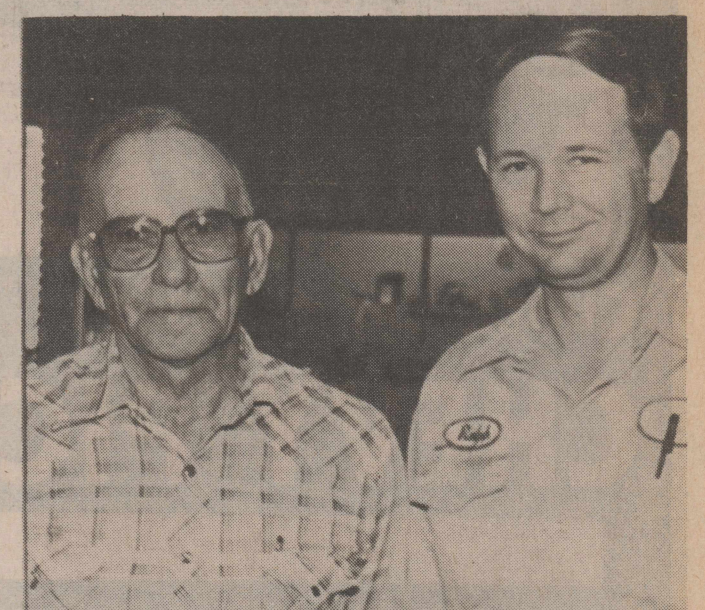

Two churches have construction projects at the camp.

First Baptist Church Pampa is due to complete its new cabin within the next two weeks.

It is 60 x 144 feet in size and of metal construction, which is now being used for all new structures at the encampment.

This cabin will accommodate 88 people and will have an assembly room with dormitories on each end. "It will be the nicest one out there," said Rev. Yielding. The building will have refrigerated air conditioning and will be located immediately to the left of the encampment entrance.

Travis Baptist Church in Memphis will begin its new cabin later this month. 30 x

50 feet in size. It is a co-educational dormitory with an assembly room at center and dormitories at each end. Each dormitory will accommodate 16 people.

On Friday and Saturday, April 1 and 2, a retreat will be held for pastors and staff members and their wives.

May 15 has been

designated Panfork Day in Baptist Churches throughout the top of Texas area.

Other Panfork Camp officers include the Rev. Stanley Hughes, 1st Baptist Church Wellington, vice-president; the Rev. Jerry Howell, 1st Baptist, Miami, secretary; and Rev. Yielding treasurer.

Palm Sunday Service Set

The Collingsworth County Ministerial Alliance will sponsor the annual Easter season union service on Palm Sunday, March 27, according to Joe Mack, president of the association and minister of 1st Christian Church.

The services will be at 7:30 p.m. in First United Methodist Church.

The preacher for the service will be the Rev. Stanley Hughes, pastor of First Baptist Church.

"Although Rev. Hughes has been with the church for

several years, the community has not been fortunate yet to have heard him share from the Word of God in one of these union meetings. We look forward to a great blessing on Palm Sunday evening," said Mack.

A free will offering will be taken and the funds will be used by the ministerial alliance to provide gasoline, food or other transportation items for transients who experience trouble while passing through Wellington.

Carla Nunnelley in Golden Spread Game

Wellington Rockette Carla Nunnelley has been selected to play in the Golden Spread High School All-Star Games in Amarillo Thursday through Saturday, March 17-19, according to her coach, Dale Morris.

These games will be held in conjunction with the 15th annual Converse National Women's Invitational Tournament in the Amarillo Civic Center.

The Wellington 2-AA All-district player whose position is point guard, is a three year letter player and was selected for all-district two years.

She is 5'2" tall and this year averaged 9.1 points per game, according to Coach Morris. She has made

42.2% of her field goals attempted and 65% of her free throws.

Carla averages three rebounds per game and four steals.

She is the daughter of Mr. and Mrs. Carroll Nunnelley.

Until last year the Chamber of Commerce held only one High School All Star Game the final night of the Converse NWIT.

"By expanding the high school games to one each the first two nights of the tournament and a championship game on Saturday, we will be able to spotlight more of the fine high school girls playing on the High Plains," Ed Mills, high school all star game coordinator, said.

CARLA NUNNELLEY

Instead of involving 30 girls from the area, the expanded format will allow 40 high school girls to play

in a mini-tournament within the collegiate tournament sponsored by Converse and the Chamber of Commerce.

The traditional East-West game has been dropped in favor of a three game tournament comprised of four teams based on school classification.

Thursday night high school all stars from Class 5A will be pitted against all stars from Class 2A schools. Friday night a team made up of players from Class 3A schools will play a team comprised of all star players in a combined 4A and 1A team.

Reggie Parsons will coach the 2A team and Eddie Gibson will coach 3A.

Ward to Preach In Revival Here

Revival services are slated at Fundamental Baptist Church from Sunday, March 20, through Friday, March 25.

A former Wellington man, the Rev. John Henry Ward, pastor of Bethel Baptist Church, Carlsbad, N.M., will preach.

Services will be conducted at 11 a.m. Sunday morning and 6:30 in the evening. Week night services will be at 7:30 p.m.

There will be special music each night and a nursery will be provided, said the Rev. Howard McCann, pastor.

"Rev. Ward is the son of Mr. and Mrs. Raymond Ward of Wellington. He pastored here during the early years of this church. He is not a stranger to the folks of Wellington and Collingsworth County," said Rev. McCann.

For the past 13 years, Rev. Ward has successfully been the pastor of Bethel Baptist Church, Carlsbad, N.M. starting a Christian Education School, and maintaining an average Sunday School attendance over 200.

Refunds May Be Available For Veterans

Information is being passed by Sgt. Richard D. Hall, N.P.D. of a bill passed in Congress recently which will give all World War II veterans a dividend of 65 percent per \$1,000 of their GI insurance for each month of service.

This refund is due regardless of whether or not the insurance is still carried. This dividend cannot be received unless it is requested.

The Veterans Administration is urging all World War II veterans to apply regardless of whether any insurance was held. The VA will check for eligibility. The refunds are not going to make anyone rich but a couple hundred of dollars would be welcome.

For example, a veteran who had \$10,000 in insurance would be entitled to dividends as follows: 12 months-\$70; 24 months-\$156; 36 months-\$234; 48 months-\$312.

Submit your name, branch of service, current address, date of discharge, dates of service, Social Security number, service serial number, city, state and zip code to V.R. Presser, Captain, United States Navy, Veterans Center, Box 8079, Philadelphia, Penn. 19101.

Sgt. Hall said the bill has not been widely publicized so veterans are advised to spread the word.

GIRL SCOUT News

GIRL
SCOUTS

Girl Scout Troop 26 has been making field trips and visiting in our community. To earn their Gift of Water patch, the troop was led on a tour of our water department by Eddie Davis.

The girls learned where Wellington gets its water and how it is stored and how the level is kept up.

The third graders visited Dr. Bill Estes dental office during National Dental Health Week.

The girls received toothbrushes with instructions on how to use them.

With Hattie Blacksher as his patient, Dr. Estes showed how he checked teeth and the use of his instruments.

The group learned how to clog in order to earn one of their badges. Carolyn Devoss and Rhonda DeVoss taught this to the eager girls. It was a lot harder to learn than they thought.

Mrs. Fred Cox led the girls on a tour in early March of Collingsworth County Museum. They

learned how Collingsworth County appeared in earlier days and drew pictures of how they thought it looked.

Last week Frances Schmidt told the girls the German culture and language to enable them to earn

another Dabblers badge.

On Sunday, March 6, the troop attended services at First Baptist Church with other Scouts for the worship service. This began Girl Scout Week.

Members and Leaders of this troop are Holly Hudson, Chasity Gray, Charity Gray, Reagan Linville, Candace Sexton, Kim Henard, Diana Lindsey, Joyce Harris, Kellye Barton, Jana Pruitt, Ashley Spillman, Shanna White, Hattie Blacksher, Jennifer Hale, Paula Britten, Marie White, Norma Spillman, Saunna Blacksher and Kathy Linville.

Bertha Mae Keller Retires From 1st Baptist Church

Mrs. Harold (Bertha Mae) Keller, an officer in 1st Baptist Church 23 years, retired recently.

The church honored her at a fellowship and in appreciation for her work, she was presented a plaque and a money tree.

"I thoroughly enjoyed working for the church," said the former secretary, secretary-treasurer and then treasurer.

In return, members of 1st Baptist Church are certain that she knows as much about the operation of the church as anyone presently associated with it.

It was her first job away from home--and it became her only one. Her other business experience had been keeping books for her husband.

"When Carolyn (Dr. Carolyn Reeves) got out of high school, I felt a void in my world. Harold was working in town, too. This job at the church came open and I applied for it," Mrs. Keller recalls.

There have been many facets to her work, but the part she probably has enjoyed most is working with people.

Mrs. Keller has been associated with 7 pastors in the 23 years. Dr. Glenn Hickey was pastor when she came, and he was followed by the late Rev. A.B. Ernest, then by the Rev. Leroy Gaston. Dr. Roy Collins came next, and he was succeeded by the Rev. Ted Savage. When he left the church, Rev. Collins returned. The Rev. Mickey Fugitt was the next pastor, and he was succeeded by the present pastor, the Rev. Stanley Hughes.

Three of these men have been in mission work: Dr. Hickey went from Wellington to work in Brazil; Rev. Savage came from the mission field in Africa; and Rev. Gaston entered home mission work in Oregon.

Mrs. Keller worked for 5 years in the old church building, which stood for many years at the corner of 11th Street and East Avenue, present site of the Joe Rountree home.

Therefore, she has watched the entire present church complex go up--an edifice whose value is approximately a half million dollars. She witnessed such church milestones as the opening

the cornerstone of the old building and the placing of the cornerstone of the new, burning the church notes and dedication of the new church sanctuary.

"I'm going to take it easy," Mrs. Keller says of her future plans. She will not be idle. She plans to do some volunteer work, and already she finds herself the incoming secretary of Collingsworth General Hospital Auxiliary.

Mr. and Mrs. Keller have two children, Dr. Reeves of Hattiesburg, Miss., and Elmer Harold Keller of Wellington.

Baptist Youths On Ski Trip at Glorietta, N.M.

Thirty-five boys and girls and their sponsors from First Baptist Church returned late Tuesday from a ski trip to Glorietta Baptist Encampment, New Mexico.

They skied at Santa Fe Ski Basin. Religious services were held at Glorietta each night.

The group left Wellington early Saturday.

The youths, from grades 7 through 12, were Dudley Owens, Stephanie Barton, Lee and Mike Souder, Karen Mote, Ginger Daniel, Renee Danile, Al Forrester, Derek Seal, Bradley Campbell, Bobby Wilkerson, Mike Myrick, Wesley Reeves,

Kelly Goforth, Brian Pelt, Bryan Wilbur, Barry Bowen, Kacy Davis, Nicole Linville, Nancy Davis, Margo Duncan, Christie Whitten, Candy Canada, Rusty Bawcom, Kim Morris, Tina Bawcom, Leslie Birkey.

Sponsors were Kenneth and Donell Davis, Ralph and Rebecca Owens, Kathy Fields, Beth Lennon and Ron and Rebecca Long.

COLLINGSWORTH COUNTY EXTENSION AGENT REPORT

HYPERTENSION-A MAJOR HEALTH CONCERN

Hypertension, or abnormally high blood pressure, is one of the most prevalent health problems in the United States and is

also one of the major contributors to heart attacks and strokes.

Although progress has been made to increase public awareness and to develop effective ways of treating it, the problem still remains a major health concern.

High blood pressure often has no clear signs or symptoms and a person can have it and not know it. That is why it is important to get your blood pressure checked regularly and if it is high, to follow the treatment your doctor prescribes. Guidelines concerning hypertension that people should follow are:

1. Define their risk status, including diabetes, obesity and family history of the disease.

2. Check blood pressure regularly, whether or not they are in a high risk group.

3. If pressure is slightly high, begin a program of moderate exercise; lose weight, if needed, and reduce salt intake as necessary.

4. Stop smoking and cut down alcohol intake.

5. If over 40, get a doctor's advice on exercise and take a stress test.

6. Do not drastically alter your diet by cutting out all fat or salt containing foods, or by following only a high fiber diet. If you cut out dairy products because they contain salt, you will also lose calcium, which is essential to blood pressure regulation.

7. If sodium sensitive, follow a prescribed medical diet.

We appreciate your patronage—if you all hadn't been such good customers and good people, we couldn't have stayed in business.

Wellington has been a good place to raise our children, Patti (Mr. and Mrs. Lewis Holiman, Dallas), Mike (Mr. and Mrs. Mike Hughs, Desoto), and Connie (Mr. and Mrs. Earl Lynn Feemster, Wellington), and we appreciate all of the people whose work in church and civic organizations made it a good place.

We have enjoyed participating in the community, and we should say here that while we're quitting business, we're not quitting the community—we will continue to live here and we want to remain active in civic activities.

Our sincere thanks to each of you for 36 years of friendship.

Thank you

We wish to express appreciation to the many friends and neighbors who participated in the area-wide wave of support which was lavished on us during the events leading to Wanda's death.

We feel that your efforts, so volubly demonstrated by your many flowers, cards, phone calls, visits to us both at home and in the hospitals and, most of all, your prayers (both individually and in organized Church and community wide all-Church manner) had to prolong her ultimate departure from us and, in the final days made the inevitable a little more bearable, both for her and for us.

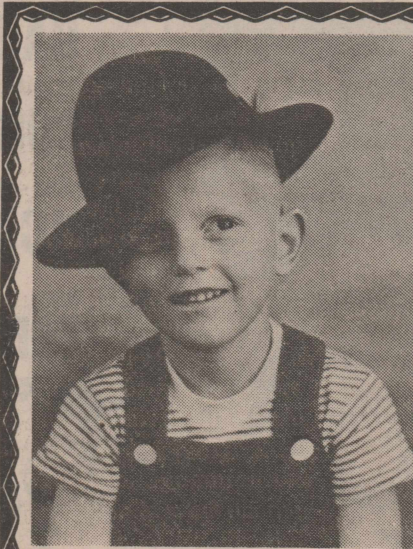

An especial thanks goes to any of you who gave blood or will give blood in her honor to the blood bank in order to replenish some of the many units which were used to prolong her life.

Thanks so much to each of the many housewives who showered us with the many delights of their culinary ability throughout the period of her illness.

May God's richest blessings be bestowed on each of you.

Managing Family Economy Always Begins at Home

In spite of concerns about the national debt, government spending and income taxes, for most of us "the economy" begins at home.

According to Nancy Granovsky, a family resource management specialist, "the family remains the basic living unit, and the basic economic unit in this country."

"In fact, recent research indicates that economic status—including poverty status—is largely dependent on changes in family composition such as divorce, marriage or remarriage, the birth of children, children leaving home and widowhood," states Granovsky.

Granovsky is one of several family resource management specialists with the Texas Agricultural Extension Service who are concerned with assessing and improving the economic

well-being of Texas families.

Assessing family economic status involves research on income and poverty status, consumer spending, credit use, family savings patterns, economic decision-making and other factors related to the economic behavior of families. These economic behaviors affect the standard of living for Texas families.

Many Texas families lack the time, energy, or money to fulfill their expectations for a desirable standard of living, says Granovsky.

Other families have problems using resources when those resources are subject to changing influences from within or outside the family. The growth of children into teenagers for example, the sudden dependence of a relative, or a change in family composition, can

alter the family economy.

Outside factors such as the national economic climate, inflation, and unemployment also have a dramatic effect on available resources, she adds.

Data about Texas families and their economic resources are used as a basis for program planning and to help individual families cope with changing economic resources.

"Improving the economic well-being of families through education for effective financial management is the primary goal of our program," says Granovsky.

Programs conducted through county Extension centers include teaching families to utilize record keeping and manage financial resources, providing computer assistance to analyze family spending patterns, and offering educational programs on estate planning credit use reduction and savings plans.

Girls Scouts Hold Tacky Party on Neighborhood Level

The Wellington Girl Scout Groups which make up the Wellington Neighborhood participated in a tacky party in February at the community building.

Cadette Troop No. 133 began the party with a "style" show.

This humorous event put the group in a laughing mood as each had brought a sack of "tacky" clothes to dress themselves in.

The proceeds of this party went to the Juliette Low World Friendship Fund to help other Girl Scouts around the world.

"Tacky" awards were handed out. Winners were Reagan Linville, Ashley Spillman, Dena Lacy and Pam McLean.

Refreshments of cookies and pop were served.

Troops participating were 26, 73, 70, 12, 80 and 133, which includes the girls in the second through seventh grades.

The annual Girl Scout Cookie sale has been completed. Troop 26 still has cookies available which they will sell downtown this week.

Top sellers in the neighborhood were Jennifer Thomson, Ashley Spillman and Holly Hudson.

Eddie Orr and Sheryl Sheer Wed in Formal Church Rites

Miss Sheryl Jane Sheer and Edward Keith (Eddie) Orr were married in First United Methodist Church of Wellington on Saturday, February 26. The Reverend Tom Thomson, pastor, performed the double ring ceremony at three o'clock in the afternoon.

The bride is the daughter of Mr. and Mrs. J.D. Sheer of Wellington. The bridegroom is a son of Mrs. V.K. Orr, Jr., of Wellington and the late Mr. Orr.

Altar decorations included a brass arch candelabra holding white tapers, flanked by brass spirals of white tapers. Greenery decorated the candelabrum. The white unity candle was placed to the left beneath the spiral. Pews were marked by white bows.

Mrs. Dan Henard, organist, played traditional wedding music and accompanied Mrs. Clinton Oldham of Samnorwood as she sang "Wedding Song" before the ceremony and "The Lord's Prayer" later in the rites.

Mr. Sheer gave his daughter in marriage. Her wedding gown, designed by her mother, was of delicate white satin. The fitted bodice had a sweetheart neckline appliqued with Chantilly lace roses accented with seed pearls. The Guinevere sleeves extended to the elbows and were edged with lace ruffles. Her skirt, with flared gores creating fullness, dipped to a chapel train, a border of Chantilly lace roses encircled the hem and train.

Her veil was a mantilla of scalloped Chantilly lace, and she carried a cascading bouquet of white baby carnations, stephanotis, baby's breath and greenery attached to the Bible which her mother carried at her own wedding.

The bride presented white roses from her bouquet to her mother and to the bridegroom's mother.

For the traditional something old, she wore a strand of pearls belonging to her mother; for something borrowed, she wore attached to her left sleeve a diamond pendant belonging to a friend. Her something blue was a garter and in her shoe was a penny bearing her birth year.

Mrs. Kevin Meek of Clarendon was the matron of honor, and the bridesmaid was Mrs. Jackie

MRS. EDDIE ORR

Clinkscale of Dalhart, formerly of Wellington, sister of the bridegroom.

Their dresses of sky blue satin were designed with lantern sleeves and flared skirts. Each carried a nosegay of blue and white carnations.

Kent Clark of Wellington was the best man and Jackie Clinkscale of Dalhart was the groomsmen.

Melanie Martindale of Samnorwood was the flower girl wearing a floor length blue satinique dress and carrying a white basket filled with rose petals. The ring bearer was Michael Orr, brother of the bridegroom who carried the satin and lace pillow topped with flowers, ribbons and rings.

Serving as both candlelighters and ushers were Jackie Clinkscale, Dalhart and Ron Wagner of Amarillo, both brothers-in-law of the bridegroom. Special usher for the bride's mother was Tony Carter of Lutie.

Guests were registered by Mrs. Ron Wagner of Amarillo, sister of the bridegroom.

After the ceremony, Mr. and Mrs. Sheer were hosts at a reception in the church fellowship hall.

The bride's table was laid with a white lace cloth with a white underlay. The tiered white cake was decorated with roses and topped with a

wedding bell and bridal couple. The cake rested atop a lighted flowing blue fountain, surrounded by blue and white tulle ruffles. Silver and crystal appointments were used. The bride's bouquet and the nosegays of her attendants formed the centerpiece.

A white lace cloth covered the groom's table, which held a traditional German Chocolate cake. A miniature golfer denoted his hobby. Coffee was served from a silver service and the centerpiece was an arrangement of blue silk flowers and lighted votive candles in crystal holders.

Serving at the bride's table were Miss Donnie Knoll, Mrs. Redgie Souder and Mrs. Auther Jones. At the groom's table were Mrs. Tony Stephens and Mrs. Ron Wagner.

Others in the house party were Mrs. John Stages, Jr., Miss Judy Barber, Mrs. Kenneth Martindale, Mrs. Paul Schaub, Mrs. Gary Tarver and Mrs. Marvin Knoll, all of Samnorwood.

The bride graduated from Crosbyton High School and attended Texas Tech University and Clarendon Junior College. She is employed in the bookkeeping department of Wellington State Bank.

A party was given in Armarillo Saturday, March 5, to honor Mrs. Floyd (Jewel) Branum on her 89th birthday.

A highlight of the party was the presence of a cousin, Annie L. Roll of Wichita, Kansas. It was only recently that she learned she was a member of the family.

Mrs. Branum has 6 children and only one, Larry R. Branum of Indianapolis, Ind., was unable to attend.

He was in Armarillo twice in January to be with his mother when she had lung surgery. She has made a good recovery and was able to recite two poems and entertain her family with her amazing memory and sense of humor.

They Hear You, But...

Congressman Jack Hightower said last week that he had received more mail—25,000 pieces—on the issue of bank account interest withholding than he had received on any other issue since he'd been in office.

And he said that it was the same all over Capitol Hill. Congressmen have been deluged with bank-sponsored form letters and cards, and some individual letters, asking lawmakers to reverse provisions in last year's legislation that would require banks and savings and loans to withhold 10% of the interest you earn on any account.

The Capitol's mail room is running more than a week behind in deliveries to Congressional office because of the volume, Hightower said.

He said that he had always answered letters individually, but that he was having to answer these with a form letter because of the staff time involved in personal replies.

In response, Hightower and a majority of legislators have signed on to a bill which would repeal this provision of the Tax Equity and Fiscal Responsibility Act of 1982.

But the Reagan administration and Senator Bob Dole (R-Kansas), chairman of the Senate finance committee, are adamantly opposing repeal.

The word on Capitol Hill is that Dole struck a deal with bank lobbyists during debate on the "tax reform" package last summer. The bankers' representatives agreed to the provisions then, but have since had a change of heart and banks and savings and loans across the country have mounted a huge campaign to persuade their customers to lean on their congressmen. Now Dole and the administration are mad at what they see as a renege on the part of the bankers.

If unchanged, the law goes into effect on July 1. The battle over this piece of legislation will be interesting to watch this spring since it affects each of our pocketbooks. It proves once again the old saw that 90% of American politics is how we slice the economic pie.

—Henry Wells

Dame Edith Evans still pursued her acting and singing career at the age of 87.

Business and Professional Women's Club furnishes part of the canteen and other organizations have been asked to assist.

Mrs. Wilson may be reached by calling 447-2871 and Mrs. Wright by calling 447-2077.

The bloodmobile will come from the Red River Regional Red Cross Blood Center, which provides all the blood and blood products for 35 participating hospitals serving over 350,000 people in a 20,000 square mile area of Texas and Oklahoma.

One of these hospitals is Collingsworth General.

"The policy of Red Cross is to place blood and blood products in the hospital, for patients, at less than the cost involved, Mrs. Wright explained. "The total ex-

pense of our Red Cross Blood Program for collection, laboratory processing, typing and tests for such things as hepatitis, and the 24-hour distribution of blood and blood products to your local hospital average more than \$20 per unit. Only a portion of this expense is added to the patient's hospital bill as "Blood

Service." In addition, the hospital will bill the patient for their laboratory expense for crossmatching, transfusion, etc.

"All this is made possible because so many of the people involved are volunteers, just as those who volunteer here on March 31."

Tiny Tot Revue Slated March 29

The 1954 Study Club is sponsoring its annual Tiny Tot Revue on Tuesday, March 29, in the High School Auditorium.

Enrollment of children will be held Monday, March 28, at 4 p.m. in the high school foyer, according to Mrs. Lynn Wright. "Please do not come before 4 p.m. as children arriving earlier will interfere with school," she emphasized.

Children from babies through kindergarten are eligible to enter.

There will be 6 divisions: babies under one year; one year-olds, two years, three years, four years and the combines 5-6 year olds.

Each child entering will

receive a small gift.

Prizes will be awarded to the boy and girl who win in each division.

The registration fee will be \$1 for the first child and this includes the mother's admission ticket. The fee for each additional child will be 50 cents.

General admission for adults will be \$2 for adults and students 12 years and over and \$1 for students under 12.

Pictures of the children will be made before the revue begins.

This is not a part of the revue, but is made available as a courtesy. It is a private transaction between the mothers and the photographer.

Anyone wanting additional information should call Mrs. A.J. Fires, Tiny Tot coordinator at 447-5474.

Some believe stopping up the keyhole will prevent nightmares.
