FIRE AT LYMAN'S AUTO

A fire that apparently started in a television set gutted the interior of Lyman's Automotive Sunday afternoon.

Fire Destroys Lyman's Auto Supply

Fire that started in the office area of Lyman's Auto Supply Sunday afternoon Jan. 22 destroyed much of the interior of the building before the firemen could bring the blaze under control about an hour after it was discovered. Mr. and Mrs. Lyman Daniel are the owners.

Two firemen fighting the blaze, Tommy Hudson and Walter Clements III, suffered smoke inhalation and were taken to Collingsworth General Hospital, where they remained until Tuesday. They are still under their doctor's care.

An estimate of the loss suffered in the fire has not been arrived at, Daniel said Tuesday evening, and insurance adjusters are still working at the scene.

Daniel said the fire is believed to have started from a television set in the office.

Daniel said Tuesday that he will rebuild, beginning work as soon as the adjusters give the go-ahead.

The shop section of the building located in the south part of the building, was divided by a fire wall from the part where merchandise displays, the office and storage areas are located and most of the shop damage was from smoke.

Daniel said he will reopen this portion at an early date.

All records of the business were saved, and the office will be moved into the shop when it can be cleaned up and electrical wiring installed for the

Sen. Sarpalius to Speak At Chamber Banquet Sat.

State Senator Bill Sarpalius from the 31st Texas District will be the speaker and several groups of volunteers will be the guests of honor when Collingsworth Chamber of Commerce holds its annual banquet Saturday, January 28.

The event will be held in Bura Handley Community Center beginning at 7:15 p.m. The Rev. Howard McCann, pastor of Fundamental Baptist Church, will give the invocation.

After the barbecue dinner, Bill Hatch, master of ceremonies, will welcome those attending and present by groups those who are members of volunteer fire departments from Wellington, Samnorwood and Dodson; Collingsworth Volunteer Ambulance Service, Collingsworth General Hospital Auxiliary, Thomas Nursing Center Auxiliary, and those from the Home Delivered Meals who have more than 20 volunteer hours.

The Outstanding Farmer/Rancher award given each year at the chamber banquet by Salt Fork Soil and Water Conservation District will be presented by Tommy Hudson, chamber president.

The 1984 officers and directors will be introduced by Billy Jackson and Hatch will introduce Senator Sarpalius.

Senator Sarpalius is no stranger to Collingsworth County. He spent 7 years at Boys Ranch and began his visits here while he was the state president of Future Farmers of America.

Now in his second term as a member of the Texas Senate, he saw his landmark DWI legislation go in effect in January 1984. It is the toughest crackdown on drunk driving in the state's history and has brought Sarpalius national acclaim.

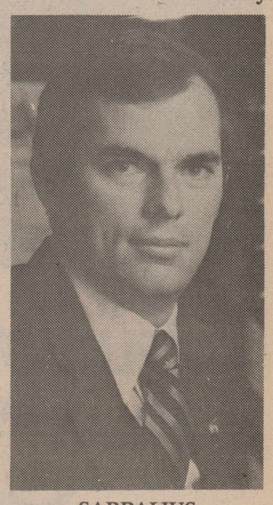

A friend of Texas farmers and ranchers, he has sponsored legislation that included the popular gasohol bill; winning a $1.2 million appropriation for technical assistance for the State Soil and Water Conservation Service and agricultural subcommittee interim study of soil and water conservation in the state. He works for the passage of a strong water development program for Texas.

He has worked successfully for legislation to benefit education, to implement the new work release program to relieve prison overcrowding and he gained final approval on legislation aimed at protecting the Panhandle from the threat of nuclear waste.

The 1984 officers include Hudson, president, Charles Darter, 1st vice-president; Yates Parker, 2nd vice-president; and Mrs. Dorothy McGill, treasurer.

New directors are Zeb Roberson, David Brown and Cliff Goss. Holdover members are Billy Jackson, Bill Hatch, Nick Gilley, James Shepard, Charles Britten, Danny Morris, Jerry Duncan, Don Reeves and Walter Clements.

Howard Murdock and Tommy Thomas are retiring directors. Mrs. Margaret Vines is executive secretary.

County Designated Disaster Area

The office of Senator John Tower announced Thursday, Jan. 19, that Collingsworth County was designated a natural disaster area based on losses caused by severe drouth for the period April 1, 1983 through December 31, 1983.

This makes available to farmers and ranchers certain loan relief through the Farmers Home Administration, and makes available feed corn to eligible livestock men. The latter program is administered through the ASCS.

Bob Weatherly, ASCS executive, explained that the feed corn is available only for foundation herds, that is, cows and bulls and replacement heifers out of those cows.

"All these cows must have been owned 6 months," said Weatherly. "All of the feed that the farmer or rancher raised, including hay, grain or any PIC grain they have, including grain sorghum or wheat, counts against the available corn the rancher can get. He must have used all that up before he is eligible for the corn.

"The corn, if they do become eligible for it, must be picked up at their own expense at Plainview. The government won't pay any handling charge.

"The very maximum available is 10 pounds per day per animal unit.

"The maximum length of time they will be eligible to get the corn is until the normal time that we have grazing. That would usually be the middle of April.

"Remember, this is just for cow foundation herds. These yearlings--steers and heifer yearlings--are not eligible," he pointed out.

He emphasized that the buyer of the government feed corn is responsible for its transportation. "The government's responsibility ends when they buy the corn. All transportation, all

Darter, McDanel Announce

Two more candidates have filed to have their names placed on the ballot in the Democratic Primary Election, according to Doug Seal, Democratic County Chairman.

Charles Darter, incumbent county attorney, filed for re-election on Wednesday, January 18.

James McDanel became the third candidate to file for Commissioner of Precinct 3, the others being Bill Lowe, incumbent, and the Rev. Elvis Pitts.

Two candidates have filed with Seal for Democratic Party precinct chairmen, Helen Fires for voting precinct 1, and Raymond Horton, voting precinct 9.

Undefeated Rockets Lead District

Wellington Skyrockets are winners of the 1st half of District 2-AA basketball play, finishing with a 5-0 record.

Wellington Rockettes, although they finished the first half tied for second place, still have their eyes on the 2-AA girls crown.

"We have won three games and lost two in the first round," said girls coach Dale Morris.

The way we play the round robin schedule, and the way we play in two halves we still have a good shot to get in the playoffs, especially if we play like we have played the last three or four ball games."

Skyrocket Coach Gano Wilson was ill and out of school Wednesday morning, after his team had ended the first half with a perfect record.

Sub-freezing weather caused cancellation of scheduled games with Memphis and Panhandle, and these were made up Monday night and Tuesday night, January 23 and 24. Both were road games.

District leaders in girls basketball are Quanah and Clarendon who are tied for first place while Wellington is tied with Panhandle for second.

For this reason, our game with Quanah Friday night, Jan. 27 is a big game with us, Morris pointed out.

"We've got to go down there and continue to play hard."

Shamrock girls are ranked fourth in the district and Memphis fifth.

Ranked as they are in top position, the Skyrockets are counting every game an important one and crucial to their record.

Varsity boys and girls and JV boys and girls will play at Quanah Friday.

The teams will meet Shamrock in Rocket Gym Tuesday, Jan. 31, then host Memphis Friday, Feb. 3. Their next game will be away from home, when they travel to Clarendon. All these will include junior varsity boys and girls as well as varsity teams.

Council Approves Water Farm Lease

The Wellington City Council voted unanimously Monday, Jan. 23, to lease its water well farm 7 miles north of town to Tommy Coleman for a cash in advance lease of $2,775 for the 1984 year.

The lease is for a three-year period, and the breakdown for this year shows $2250 to be for the farm lease plus $525 for 40 acres of wheat the city acquired in the settlement with the previous lessee.

For the next two years, Coleman will pay $2,250 per year lease, city manager Glen Taylor explained.

The city council received 6 bids on the water well farm.

The city also received $480 from Hubert Brooks for lease on the land fill farm southwest of town. There is only about 40 to 50 acres of cultivated land on the place, and this deminishes each time a new landfill is dug.

Taylor reviewed briefly the financial statement.

Hospital Gets Good Financial Checkup

Collingsworth General Hospital received a clean bill of health in its annual audit review at board meeting Monday, Jan. 23.

The audit showed that the hospital took in about $250,000 more than it spent in the fiscal year ended Sept. 30, 1983, CPA Russell Altmiller of Olney, told the hospital board.

Altmiller said the hospital's financial condition was considerably improved from last year.

Last year the hospital showed a loss from operations of $76,410. The loss this year was reduced to $14,549. The operating loss does not count the $269,102 in taxes which the hospital took in, $2,761 in donations and $183 in interest. After those three figures are added in, the hospital showed net income of $257,497.

In addition, the hospital was able to pay off $103,845 in short term notes and spend $50,877 in building and equipment improvements.

One dark spot in the financial picture was the increase in bad debts last year. The 1982 figure for bad debts and indigent care was $35,639 while the amount jumped to $58,741 in 1983.

Altmiller said the hospital's bad debts were near the average of 19 hospitals that he had surveyed. Bad debts ran about 15% of non-Medicare and non-

In other business at the board meeting, Dr. K.N. Kumar told the board that effective January 1, he would no longer require financial support for his office. In the agreement under which Dr. Kumar came to Wellington, the hospital agreed to pay some of his office expenses and to guarantee an income. The hospital never had to pay anything on the income guarantee, but it did pay some office expenses.

"Our expenses for the first few years of Dr. Kumar's office have been more than made up by increased patient admittances and revenues, and the arrangement has been a very good investment for the hospital," administrator Perry Foster said. Board members also told Dr. Kumar that they thought the hospital had benefitted far more than he from the agreement.

In other business, the board heard a report from Dr. Jose Diaz on laboratory management. Dr. Diaz said he could not manage the hospital's lab and make the hospital more money than it was already making. He said that the hospital would lose money if he took over the management and he recommended that the hospital maintain its current lab policies.

Present were board members Robert Owens, Bill Patrick, Loretta Wright, Corky Bowen, Emory Ewing, Dr. J.M. Orr and Yates Parker.

Medicaid bills in his survey, and Collingsworth General's this past year were 13.5%.

Admissions and total patient days for the hospital were both down about 2 percent from last year. In fiscal 1983 the hospital admitted 737 patients, and total patient days were 4,681.

Altmiller said that he did not expect much change in the hospital's financial situation as a result of Diagnostic Related Group (DRG) payments by Medicare this year. Under the new system, Medicare pays a specified amount to the hospital for each patient based on his diagnosis, no matter how long the patient stays or what services he needs. Under the new system, the hospital will lose money on some patients and make money on others.

ton in 1969 from Ft. Worth where he was an attorney at General Dynamics contract division.

He was appointed district attorney for the 100th judicial district in 1974, serving until December 1980. In June 1982 he was appointed to his present post of county attorney.

JAMES McDANEL

James McDanel filed Tuesday morning, January 24, as a candidate for Commission of Precinct 3, according to Doug Seal, Democratic County Chairman.

He is the third candidate to file for the office, the others being Bill Lowe, who is asking re-election, and Rev. Elvis Pitts.

McDanel, 65, lives one-half mile west of Wellington on 8th Street, inside Precinct 3.

McDanel was a butcher and in charge of markets in grocery stores, and for 9 years the owner of City Grocery.

Since he retired from that business, McDanel has been a self-employed carpenter and paint contractor.

A resident of the county 42 years, he came here in 1939 from Duncan, Okla., and worked for Fred Cox, Sr., on his farm at Loco until 1942. He then learned the butcher's trade at the old Wellington Ice Co. Locker Plant under Stanley Larson.

From 1956 to 1958, he was employed as a salesman for Amarillo Packing Co., first in Wichita Falls and later for the North Plains territory, living at Canyon.

He was in charge of the market at City Grocery when it was owned by Luther Sullivan and Raymond Patton. He owned the store for 9 years, until December 1, 1978.

He is a former member of Wellington Kiwanis Club.

office machines.

Walls and roof of the building remain intact, although there is some exterior damage.

The fire was discovered about 4:40 p.m. when a silent fire alarm alerted a Sheriff's Department dispatcher at the county jail, next door to the auto supply building.

Sheriff Kenneth Maxwell went to check just as Daniel, who had been at the office earlier, returned. They attempted to put out the small blaze in the office with fire extinguishers, but the fire gained headway.

Daniel said that when he and Maxwell entered the office, the TV and the wall immediately behind it were burning.

Firemen arrived at the building only a few minutes after they received the call, Daniel said.

Fire Chief Danny Gray said the oxygen that entered the building as doors were opened and when the office windows were blown out by the force of the heat, greatly accelerated the blaze.

All Wellington fire-fighting units, two pumpers and a booster truck, were called in, with an ambulance on stand-by.

Hudson and Clements along with Jeff Langford and Buster Hughs, were feeding hoses into the building through windows when smoke surged out on them. None was wearing an air pack, which were used by those going inside the building.

The building housing Lyman's Auto Supply is approximately one and one-half years old and is of modern metal construction Daniel said he had fire proofed the building as much as it is possible to do.

This building, replaced an older building that stood on the location several decades,

Mr. Lockhart was born east of Wellington February 15, 1896, the son of the late A.S.J. and Tinnie Brewer Lockhart.

Both parents had come to the county in 1888, and their families were among the first to file on land here.

All of his adult life, until he retired about 15 years ago, Mr. Lockhart farmed a mile east of town. In retirement he continued to raise and exhibit at the county fair prize-winning flowers and vegetables.

Besides farming, he was a barber and operated a barber shop in Wellington a number of years ago.

He was keenly interested in old settlers reunions and other gathering of pioneers, and won many prizes as the oldest person present who was a native of the county.

He was married to Clara Neese January 9, 1916 at Wellington. She preceded him in death November 28, 1974.

Mr. Lockhart was a member of the Church of the Nazarene and served on the official board for a long period of time.

Survivors are three daughters, Mrs. Emma Lee Herring of Panhandle, Mrs. Maudine Judd of Amarillo, and Mrs. Velda Brown of Oklahoma City; two sons, Eldon Lockhart of Amarillo and Travis Lockhart of Wellington; a son-in-law, Buford Riley of Wellington; 14 grandchildren, 24 great grandchildren and three great great grandchildren.

1954 Study Club Elects New Officers, Hears Book Review

A 1984-85 slate of officers was named, then a program was presented by Mrs. James Williams when 1954 Study Club met Thursday, Jan. 12, with Mrs. Lynn Wright as hostess.

Mrs. Jerry Nix was elected president for the coming year during the business meeting, conducted by Mrs. Lois Ratliff, the current president.

Mrs. Ratliff was named first vice-president; Mrs. Fred Cox, second vice-president; Mrs. Wright, secretary-reporter; Mrs. John R. Nash, treasurer; Mrs. Velton Sorgee, corresponding secretary; Mrs. Bill Hatch, parliamentarian; and historian, Mrs. A. J. Fires.

Mrs. Williams, the program speaker, reviewed the book, "The Dollmaker," by Harriette Simpson Arnow.

She revealed the life of Gertie Nevel, her husband and their 5 children, who moved from the quiet, peaceful country life in Kentucky to the crowded noisy apartment living in Detroit.

"She helped to support her family by whittling ax handles and making other types of handles. But there was a special piece of cherrywood that she cherished and moved with them to Detroit, knowing that some day she would whittle something special," Mrs. Williams said.

"After suffering grief that involved her youngest daughter in a serious train accident, she began to carve a head from the cherry wood."

The reviewer left the group to decide the mystery of what the finished project was.

During the business meeting, a donation was made to the General Federation of Women's Clubs International Headquarters in Washington, D.C. A visit to the Satellite Center was scheduled for Thursday, Jan. 26 at 2:30.

COLLINGSWORTH COUNTY AGENT REPORT

by Nancy Janes

Coupons can offer a real bonus for grocery shoppers. They can also cause shoppers to waste their money and time.

Coupons entice some shoppers to purchase products that give more convenience than they need, products they don't ordinarily buy, products with less nutrition for the money spent, and more of a product than can be used in a resonable amount of time.

Remember that manufacturers use coupons to introduce new products and build brand loyalty, and grocers offer coupons to attract your business to their store. Coupons are a legitimate form of advertising. But, they are not always the best value.

Here are some tips for successful shopping with coupons:

Before you go to the store, do your "homework." Study the food advertisements and check your current food supplies. Shopping wisely with coupons requires a high level of price-consciousness in order to determine whether a product is a good buy or not.

Make a shopping list of the things you need and select coupons for the products on your list.

Once you get to the store, don't buy a product simply because you have a coupon. Compare prices for the time, the item with a coupon, the store brand and the generic brand to determine which is the least expensive. Use the unit prices on the shelves to make this comparison.

Even with a cents-off coupon, a generic or store brand will often be less expensive, although you may want to purchase the national brand for special occasion dishes.

Eliminate "junk" foods if their only value is for redeeming a coupon. Just as with every other food purchase, read the nutritional labels on coupon items.

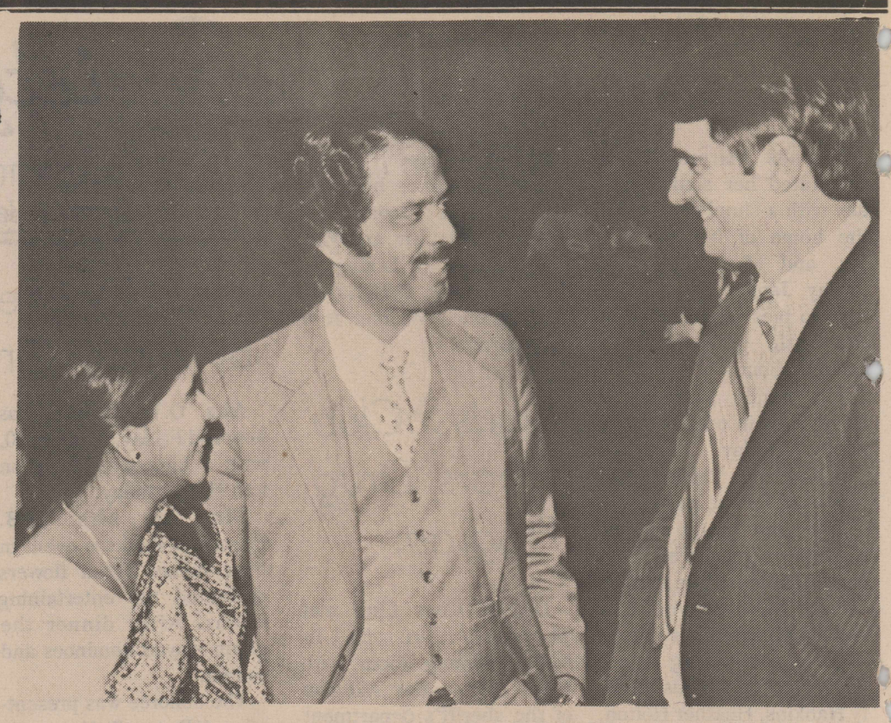

To make the most of coupons for products you need, combine coupons with store specials for additional savings.

Also, if the store offers double or triple coupons you can usually save more by buying several small packages of the same item rather than one large package, if you have more than one coupon.

Finally, watch for errors at the checkout counter. Make sure you are charged the advertised price rather than the regular price on sale items, and that your coupon savings are accurately deducted from your total.

To learn more about coupons, attend "Coupons-Who Benefits" leader's training Friday, January 27, at 2:30 p.m. in the County Extension Office. The program is free and open to the public.

Education programs conducted by the Texas Agricultural Extension Service serve all people regardless of age, socio-economic level, race, color, sex, religion or national origin.

DR. AND MRS. G.N. PILLAI, PERRY FOSTER

Dr. and Mrs. G.N. Pillai Meet Area People at Reception Sat.

A reception given Saturday afternoon, January 21, introduced Dr. and Mrs. G.N. Pillai, an Amarillo cancer specialist, to the people of the Wellington area.

Hosts at the reception were the board members of Collingsworth General Hospital, Perry Foster, hospital administrator, and the Hospital Auxiliary.

Dr. Pillai is the medical staff consultant in oncology and internal medicine, who comes to the hospital on a regular schedule to treat and visit with patients requiring these services.

Because of the interest the community has shown in this step taken by the hospital, it was the desire of the hosts that he meet the people of the area.

Accompanying Dr. Pillai here were his wife, and small daughter, Rati Pillai, and Mrs. Pillai's mother, Indira Saran, who is visiting her daughter's family.

Joining them was Dr. C.A. Sivaram who came to the staff of an Amarillo Hospital a month ago from British Columbia, Canada.

Mrs. Pillai and Mrs. Saran wore sarais, the dress of their native India to the delight of women attending.

The reception table was laid with an ivory colored linen cloth, edged in a wide band of lace. The large arrangment of mixed flowers that formed the centerpiece were later presented to Dr. and Mrs. Pillai.

Members of the table committee were Mrs. Bura Handley, Mrs. Emory Ewing and Mrs. J.D. Coleman.

Despite the weather, approximately 75 guests called.

Candles were lighted by Anna Gallarate of Torino, Italy. She was a foreign exchange student who lived with the Brock family, graduating with honors from Caprock High School in 1982.

The bridal attendants wore floor length dresses of red taffeta caught up at the hem with white lace to make a wide scallop effect.

Other Editors Say . . .

'Haves' and 'have-nots'

The country may be split evenly, along ideological lines, more closely than in many years when the national elections are decided in November, if recent polls are a reliable indicator.

And the split may be sharply defined between the "haves" and the "have-nots."

The Washington Post reports that in a December Post-ABC poll, almost exactly half the voters polled identified themselves as having family income "more than $20,000 a year" or of "under $20,000" and the political views of these two groups were sharply divided.

Three of every five in the upper income group told the polisters they were "better off" financially than when the Reagan Administration came to power, and two-thirds of the lower income group said they were "worse off."

Five of every eight of the lower income people said cutbacks in social programs have created serious hardships for many people...fewer than half of the upper income group agreed.

By almost 2 to 1 the lower income people said Democrats would do a better job than Republicans in coping with the nation's most serious problems in the next five years; but by 3 to 2 the higher income people trust Republicans to do a better job.

The gaps are almost as great in the two economic groups concerning foreign policy.

And over-all the poll sample split 48 to 45 percent in Reagan's favor, indicating an extremely close general-election match-up.

Observers also believe this indicates an increasingly large percentage of voter turn-out in the 1984 national elections, reversing a downward trend in recent decades...62.8 percent of eligible voters took part in elections in 1960, and that percentage dropped to 53.9 percent in 1980. But growing voter-interest is indicated by the polls as the 1984-elections approach, and the percentage of eligible voters at the polls in November could move back up toward 60 percent...a significant change in the numbers..but if the ideological split is as close as indicated in the early polling, the election could be "too close to call."

If that is true, the result of the 1984 elections could depend on which side is most successful in getting out the vote.

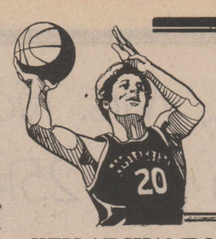

In Texas two years ago, state Democrats upset Republican plans with a big swing in the key gubernatorial campaign, when Republican Governor Bill Cements, seeking re-election after his first term as the first Republican incumbent in the statehouse since Reconstruction days, was defeated by his Democratic Party opponent. Governor Clements was apparently a victim of increased voter turn-out. In losing the 1982 election, he received 282,000 more votes for Governor than he did in winning election in 1978...but the Democrats swamped Clements by turning out 531,000 more votes than they had been able to muster in losing the 1978 election.

All indications point to a higher voter-turnout nationally in 1984 than in 1980. Big voter turn-outs have traditionally favored the Democratic party. In the December Washington-Post-ABC poll when Reagan was matched against Mondale, Reagan led by 58 percent to 37 percent among voters in the over-$20,000 a year income bracket, and Mondale led by 59 to 36 percent among the lower-income bracket.

On that basis the election might hinge on whether there are more poor folks than wealthy ones.

Commissioners Act on Routine Work

A series of motions, most of them routine from the beginning of the calendar year, were passed by the Commissioners Court in its Monday, Jan. 9 meeting.

According to minutes of the County Clerks office, the action included:

The officers of the county were placed on a salary basis, rather than fee basis, for the 1984 years.

The Collingsworth County Grievance Committee was named for 1984, with those serving on the committee determined by drawing. Members are R.L. Hunnicutt, Vaneita Null and Bill Janes.

The county judge was designated to co-ordinate implementation of the Revenue Sharing regulations and another resolution authorized him to sign the landfill contract authorized the county clerk and county treasurer to issue a check for $240 paid from the general fund.

The commissioners authorized a check to be paid to Greenbelt Electric Co-op Inc., in the amount of $17,131.81 to be paid for right-of-way for Highway US 83. This is to be paid from the Road and Bridge fund on receipt of a statement. It is for a highway widening project now under way.

The final order approved a check for $500 to the Post Office for stamps to be used by county offices.

Can-Sur-Mount Program Thursday

The Collingsworth Chapter, American Cancer Society, will hear two guest speakers Thursday, Jan. 26, at 7:30 p.m., Rita Owens, president, announced. The meeting will be in the Heritage Room.

Onita Thomas and Eloise Ashcraft, both of Clarendon, will discuss Can-Sur-Mount, a support program for families of cancer victims. The second portion of their program will cover good nutrition and exercises for cancer patients.

Sandy St. John, from the American Cancer Society Staff in Amarillo, will be here for the program.

Mrs. Owens stressed that the meeting is for every interested person in the area, but it is especially hoped that all cancer patients or those who have a cancer patient in the family will be there.

Children's Play Reset for Thursday

The new date for the children's play, "The Clown Who Ran Away," is Thursday, Jan. 26, according to Gay McAlister, the director.

The play is presented annually by her Speech II class.

Two performances are scheduled. The first will be at 1 p.m. for elementary students and pre-schoolers.

The 7:30 performance will be for parents, children and others who could not come at 1 p.m., for children who would like to see it a second time, or all others who are interested.

Dwight Bowen Joins North Plains Co-op

Dwight Bowen recently joined the staff of North Plains Electric Co-op, Inc., at Perryton and he and his family have moved there.

Manager of North Plains Co-op is Pat McAlister.

Both Bowen and McAlister formerly were with Greenbelt Electric Co-op.

Mrs. Bowen was employed by Owens Enterprises several years.

Their older daughter, Dee Dee Heisler, is a student in West Texas State University. Their son, Ronny Heisler is in junior high and the younger daughter, Rhonda, is in high school.

Saturday Enrichment Places Open

Saturday enrichment classes still have openings in the creative writing and science classes that will begin Satuday, January 28.

The science class, taught by Mrs. Adolf Schmidt, will meet at 10 a.m. in the elementary school building. The course will consist of each child selecting an area of science that child is interested in, to work on and complete this individual project.

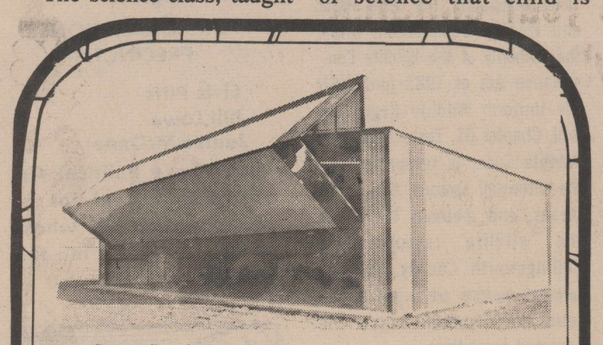

Mrs. Schmidt emphasized that each project will need parental help. The projects will be displayed at Texas Public Schools Week Open House on March 6. The fee for this course is $10 for grades three through 8.

Mrs. Lois Ratliff's class in creative writing will be conducted at 2 p.m. each Saturday in her home at 1811 East Avenue. She will teach the children to write character sketches, plot descriptions and poetry composition.

The fee will be $10 for grades four through 8.

The Psalmist wrote long ago that the life of man is like a dream, like grass
. . . which is renewed in the morning:
in the morning it flourishes
and is renewed;
in the evening it fades and withers.

As any really honest person must do, the psalmist was confessing that, so far as one's earthly vision is concerned, the life of man has no real meaning. "Our years come to an end like a sigh;" they are; they vanish, and they are no more.

One must look somewhere else other than within this natural universe to find any secure source of meaning for his life. For every part of the universe is like man himself; it too passes away. The answer of the Psalmist remains the only answer and that is, to look to the Power which calls man and his world into existence and out of it.

Let the favor of the Lord our God
be upon us,
and . . . the work of our hands establish thou it.

EVERYONE IN THE CHURCH . . . THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Fourmentin, Nix Win at Stock Show

Two veteran exhibitors took grand champion, reserve champion and showmanship honors in the annual Collingsworth Youth Steer and Heifer Show Saturday, Jan. 21. Extension Agent Don Reeves announced winners.

Patricia Fourmentin had the Grand Champion steer and the Grand Champion and Reserve Champion heifers.

Darvin Nix exhibited the Reserve Champion steer and received 1st place in competition for the showmanship award.

Patricia showed the Grand Champion of the show for the second consecutive year. The 1984 winner was a 1240 pound Limousine Cross in the heavy weight division, made up principally of exotic breeds.

The champion was a full brother of the steer belonging to Mark Fourmentin, Patricia's brother, which three years ago was judged Reserve Champion of his division in the Houston Livestock Show. He brought Fourmentin more than $23,000 in the steer sale that followed the show.

Patricia is the daughter of Mr. and Mrs. Richard Fourmentin.

Umberto Jaimes showed the second place steer in the Heavy weight division. This was a 1075 pound purebred Hereford steer from Martin Herefords at Panhandle Jaimes is the son of Mr. and Mrs. (to kum) Jaimes.

The third place steer in this category belonged to Tim Hartman, son of Mr. and Mrs. Ronnie Hartman. The steer was a Brahman cross bred by the Sid Ewing ranch in Childress county, weighing about 950 pounds.

Patricia's two Limousine cross Herefords were judged Grand Champion and Reserve Champion. The Grand Champion was shown by Darvin Nix for Patricia and she showed the Reserve Champion.

In the light weight steer division Nix exhibited the 1st place steer which was also named Reserve Champion. This was a black white face steer weighing about 1040 pounds classified in the English breeds. Nix is the son of Mr. and Mrs. Jerry Nix.

Second place went to Tommy Thomason, who showed a 900 pound Polled Hereford that came from the Wallace Field herd at Shamrock. He is the son of Mr. and Mrs. Troy G. Thomason.

Patricia took 3rd place in this category with her Chianina-Hereford-Angus Cross, a 1100 pound steer.

For the second year, Nix won 1st place in the Showmanship contest; Patricia was second, Hartman third and Thomason fourth.

Reeves said the steers in this year's show are a little larger and have a little more finish than last year's winner.

Robert Harris, Extension Agent from Armstrong County was the show judge.

All of these young exhibitors will take their steers to the Fort Worth Exposition and Livestock Show or to the Houston Livestock Show. Those going to Fort Worth will leave next week. Calves held for the Houston Show will go to that event in late February.

Samnorwood PTO Projects Picked

Norwood PTO met Monday, Jan. 23 at the school cafeteria.

Betty Throckmorton, president, was in charge of the meeting.

Business included approving submissions by teachers on what they would like to have for their classrooms from the profits of the PTO carnival.

Those receiving equipment will be the elementary grades, home economics department, agriculture department, English and annual staff departments, math department and the cafeteria.

Supt. Garland Cavitt informed all parents and PTO members of the urgency of writing letters to state representatives asking them to halt a proposed 9½ hour classroom day for children.

Kindergarten, first and second grades presented a program entitled "The Toy Shop," under the direction of Jane Thomas and Delta Henard. These grades also won the room count.

The next meeting is scheduled Monday, Feb. 27 at 7 p.m. in the cafeteria.

COUNTY—

handling charge, any processing such as cubing or converting it to mixed feed, is at their expense," said Weatherly, who explained that corn has to be processed before being fed to cattle.

Cost of the corn is $2.05 per bushel to the farmer at Plainview.

Not many Collingsworth livestock men will want the corn, Weatherly believes.

"We don't have that many cow operations. Most of ours are steer and heifer operations. There's not over 40 to 50 foundation cow herds in the county."

Weatherly said his office has the applications for purchase of the corn and will be glad to process them for anyone who wants to buy the government corn.

Senator Tower's office said the Farmers Home Administration Administrator is directed to immediately make emergency loan assistance available to eligible farmers and ranchers.

However, Hodges said Tuesday night the information his office should receive concerning operation of the program had not arrived at that time, although he was aware the county had been declared a disaster area.

He said that his office can make loans on the lost part of the crop.

A farmer must have at least 30 percent loss in order to qualify for the loans, Hodges said. This must be 30 percent of the major crop, or if there is no major crop on the farm, then it must be a 30 percent loss on all crops.

The loan would amount to 80% of the 100 % of the loss. Normal yield on the farm is considered in figuring the loan, said Hodges.

Newspaper Couple Dies In Kansas

Winney Lee Fain Allingham and her husband, J. Paul Allingham, retired newspaper publishers have died in Atchison, Kansas.

Mrs. Allingham's death came unexpectedly Thursday, January 19. Her husband died in an Atchison hospital Sunday, January 22.

Joint graveside services for the couple were held at 2:30 p.m. Tuesday in Llano Cemetery, Amarillo, with the Rev. W.A. Appling of St. Paul Methodist Church officiating.

Mrs. Allingham was the daughter of the late Mr. and Mrs. T.T. Fain and was born at Wellington. She graduated from Wellington High School. She was a sister of Everett Fain of Lutie and Watters Fain of Memphis. Two sisters had preceded her in death, Mrs. Bob (Olivia) Oldham, and Mrs. Penny (Jo Frances) Pendergraft.

Mrs. R.R. Crawley, Earl Alexander and J.L. Alexander are cousins.

Both Mr. and Mrs. Allingham began their newspaper careers on the Amarillo Globe News.

She had worked in the advertising department, going there after she graduated from Baylor Belton College for Women.

Mr. Allingham was associated with the Globe-News 24 years, starting as a paper boy in 1927 and working up to become general manager and head of the advertising department in 1947. The couple left Amarillo in 1951 when they purchased the historic Atchison Globe.

Under their ownership the paper became one of the first newspapers in the country to use offset printing and became a test plant for computerized printing equipment.

The Allinghams sold the paper in 1979.

Mr. Allingham grew up in Amarillo, graduated from Amarillo High School and attended Amarillo College.

He was president of the Midwest Newspaper Executives Association and the Texas Panhandle Press Association. He served as a trustee of the William Allen White Foundation at the University of Kansas at Lawrence.

Mr. and Mrs. Allingham were honored in 1981 by Benedictine College of Atchison with the Cross of St. Benedict. The award recognizes outstanding service to the school and community.

Altie McCann Scholarship Fund Opened

A scholarship fund honoring the late Altie McCann has been established with an account at the Wellington State Bank.

The Altie McCann Scholarship Fund will be used to help a Wellington High School graduate attend college or technical school.

Mrs. McCann worked for many years at Wellington State Bank and was active in the Greater Mt. Zion Baptist Church.

"Altie began working when she was 14 and worked hard all her life," Dr. Joe Horn of Plainview, one of those working on the fund said. "She was not a person who sought publicity and no plaques on buildings will honor her contribution to the community, but she was a saintly lady who shouldered the sorrows as well as shared the joys of those whose lives she touched."

Those wishing to donate to the fund may do so at Wellington State Bank.

Firemen Open Drive for New Truck

A report of activities of Wellington Volunteer Fire Department for 1983 and announcement of a 1984 project, securing a new small fire truck, were announced by Chief Danny Gray Tuesday, Jan. 24.

The 25-member department will be among the volunteers honored at the Chamber of Commerce banquet for volunteerss.

Gray said both the city and county have said they do not have the money to purchase the truck at this time.

Firemen launched a campaign to secure quick-attack one-ton fire truck at their regular meeting Monday, Jan. 23, and the 22 men present dug down in their pockets and raised $480 within a few minutes.

Cost of the truck they want is approximately $16,000. Accounts will be opened at Wellington State Bank and City State Bank to which donations may be made.

"This truck can get around at a fire better than the big trucks," Gray said. "It can run to small fires where a big truck isn't needed, but it will carry all our equipment,

"We feel so strongly about this that we are going out to raise the money ourselves and we hope the people of the county will join us," the chief continued.

Gray discussed the proposed truck for members of Kiwanis Club Friday, Jan. 20.

"This truck will count on our fire insurance key rate, because it will be counted as a booster truck.

"If our key rate were to jump, it would cost every fire insurance policy holder from $20 to $25 a year. For this amount we could pay for the truck in one year and it would be a one-time expense."

Gray reported that in 1983, the department answered 58 fire calls, 21 to city fires and 37 to rural fires.

There were 16 residential fires and 2 business fires; 28 grass fires, two cotton fires, four barn fires and one electrical pole fire.

There was one fire-related death.

"We spent 829 man hours fighting fires, 194 hours, 12 minutes in the city and 634 hours, 48 minutes in the country," Gray continued.
