Eileen was left in charge of the little boys when her parents, Mr. and Mrs. John J. Murphy, went to visit. About 1 a. m., she awoke to find smoke filling the room from a fire beneath the floor.

A crib on which Edmund Murphy, 2, was lying was aflame. Picking the baby she ran out on a second story veranda and deposited him. BEER REPORT TO SENATE

WOMAN UNDER ARREST; TWO MEN SOUGHT

SUSPECT ADMITS SHE WAS PRESENT WHEN BROWN MURDERED

(By The Associated Press)

DECATUR, Jan. 30.—A woman who admitted having been present at the shooting of Deputy Sheriff Joe Brown was under arrest today and officers were hot on the trail of two men involved in the slaying. One of the fugitives fired the shots which killed the Wise county officer at his Rhome office last Friday.

The flight from Rhome after the slaying and her subsequent arrest Sunday afternoon at Childress were retold to Wise county authorities here today by the woman, Mrs. A. C. Hunsucker, Quitaque tourist camp proprietor.

To File Charges

County Attorney Jenning Brown prepared charges to file in connection with the killing.

Taken To Decatur

The woman, who fled in a car with two men who killed the Wise county deputy after he had arrested them as oil theft suspects was brought here early today.

With her was a 16-year-old girl of Dallas, and an unemployed man of Memphis, Texas, who were also arrested at Childress.

The woman insisted she did not know the identity of the two men who forced her to take them from Quitaque early Friday. They called each other "Joe" and "Reed," she said.

Calling her about 3 a. m., Friday, Mrs. Hunsucker related, the men said they were in trouble and had to have her car. She told them to take it but they insisted that she go along, although they agreed to permit Doyle Meeks, her employe, to accompany them.

At the outskirts of Rhome, the

OFFICERS SEARCH FOR ROBBER BAND

TEXARKANA, Jan. 30 (AP)—Officers of two states hunted today for a band of robbers who staged two holdups Saturday night and kidnaped J. L. Shaver, 45, toll keeper of the Fulton bridge.

Four men in a green sedan robbed the toll bridge cash register of the day's receipts, amounting to about $200. They forced Shaver into the car and drove with him to a point two miles from Texarkana, where they released him unharmed.

He said he was held prisoner in the back seat between two of the robbers. One was armed with two pistols and the other with a sawed-off shotgun.

The same robbers were blamed for the holdup of the union station here in which $118 was taken from the ticket agent W. B. Edwards. They forced him to lie on the station floor while getting the money.

TWO THOUSAND SNOWBOUND

WINTER STORMS WEST COAST; FIFTY HOMES ARE FLOODED

(By The Associated Press)

SAN FRANCISCO, Jan. 30. —Caught in a sudden and terrific blizzard, more than 2,000 persons were snowbound in the San Bernardino mountains of southern California today as winter stormed the Pacific coast for the seventeenth consecutive day.

In the lowlands of Long Beach, Calif., 50 families waited for flood waters to leave the homes from which they were rescued by life boats yesterday. Nearby Los Angeles expected more rain after experiencing the greatest precipitation in 17 years—8.41 inches since January 1.

Reno Without Power

Reno, Nevada, was without power for the third day as a result of broken lines in the high Sierra Nevada mountains which darkened the city Saturday night.

Snowfall broke all records for Yosemite National park with a season's total of 148 inches, since settled to much less.

In the north, gales and high water were reported subsiding along the Oregon coast, while storm conditions prevailed in Washington.

Every available snowplow in southern California was turned to the rescue of the hundreds marooned along the rim of the World drive in the San Bernardino mountains after they watched the Lake Arrowhead winter sports carnival yesterday.

ONLY MINOR INJURIES SUFFERED IN WEEK-END AUTOMOBILE CRASHES HERE

Only minor injuries were suffered in automobile collisions here Saturday, Sunday, and this morning, police reports indicated.

Mrs. M. K. Foster, 2110 Sixteenth street, suffered minor bruises, a lacerated lip, and shock when an automobile driven by her son, M. K. jr., 18, and a taxicab, owned by Bill Izzard and driven by Red Bryant, 40, of 1407 Avenue G, collided at 9:45 o'clock Sunday morning at Sixteenth street and Avenue T, police reported.

Police attributed the crash partly to a "blind corner." The cab driver said brakes of his machine were faulty, police wrote. Young Foster was driving a Dodge sedan eastward on Sixteenth street and Bryant a Ford northward on Avenue T when they collided, police stated.

A Studebaker sedan driven by J. B. Skinner, 48, of 2410 Twenty-first street, overturned after hitting a curb in a collision with a Ford coupe driven by Charles Rhodes, 37, of Lubbock at 8:05 o'clock this morning at Tenth street and Avenue I, police reported. Skinner was going eastward on Tenth street and Rhodes northward on Avenue I.

Dr. V. O. Marshall, 50, of the Leader building, driving a Chevrolet coach northward on Avenue G, and J. McWilliamson, 40, of 802 Avenue K, piloting a Ford pickup southward on the avenue, figured in a collision at 6 p. m. Saturday at Avenue G and Broadway, according to police.

A parked automobile was hit by another machine about 12:45 a. m. Sunday at Main street and Avenue Q. Police arrested the driver.

NAZI CABINET SWORN IN BY HINDENBURG

SOCIALIST CHIEFTAIN IS SURROUNDED BY CONSERVATIVES

(By The Associated Press)

BERLIN, Jan. 30.—Adolf Hitler, national socialist party chieftain, was appointed chancellor of Germany today and selected a cabinet which was sworn in immediately by President Paul Von Hindenburg.

The Nazi leader has achieved his ambition, but actually it is a compromise cabinet.

Conservatives Named

The president made him chancellor of Germany but surrounded him with conservatives like Alfred Hugenberg, the nationalist chief, Franz Seldte and Franz Von Papen, the former chancellor and confidant of the president.

On his part Hitler swore an oath of allegiance to the republican constitution, reserving for himself in the cabinet the posts of minister of interior and minister without portfolio.

As one more safeguard the president left the army in the hands of General Werner Von Blomberg, a regular army man who was military expert for the German delegation to the disarmament conference.

Immediately the Nazis filled two of the most important political jobs with their own men. Walter Funk is the new head of the government press department and Clemens Lammers is state secretary in the office of the chancellor.

Political observers generally agreed that the new cabinet will encounter opposition from organized labor, but that is to be expected. The centrist reichstag members went into conference this morning to consider their position.

The new cabinet depends upon centrist support or toleration, the alternative to which probably would be dissolution of the reichstag and indefinite postponement of a new election.

AUSTIN, Jan. 30 (AP)—Further delay before the senate committee on governor's nominations makes its recommendation regarding confirmation of three appointments to the board of education appeared probable today.

Senator Roy Sanderford of Belton said he had additional "data" to present in support of his protest against confirmation. A meeting of the committee was called for this afternoon. The appointments being considered were those of Tom Garrard of Lubbock, C. H. Chernosky of Houston and Ben Tisinger of Garland. They were named by former Governor R. S. Sterling.

Four Shot Down By Jealous Man

HUSBAND KILLS THREE BEFORE HE SUICIDES; FIFTH IS WOUNDED

(By The Associated Press)

ARDMORE, Okla., Jan. 30—Four persons were dead and a fifth was wounded as a result, officers said today, of a jealousy-maddened husband's murderous outburst.

Jesse Buckelew, 29, unemployed laborer, shot and killed his estranged wife, Flossie Buckelew, 25, her sister, Rica Webb, 22, and Glenn Fitzgerald, 41, oil field lease boss, and wounded Perry Owen, 30, before taking his own life.

The shootings occurred at Pike City in western Carter county Sunday.

As officers reconstructed the tragedy, Buckelew, described by Pike City acquaintances as extremely jealous of all who knew his wife or her sister, went first to Fitzgerald's home.

Officers said Fitzgerald was called to his door and shot with a shotgun.

Apparently, Buckelew then took Fitzgerald's automobile and drove to Owen's home.

Owen, suspicious of so early a caller, opened the door cautiously, possibly saving his life by so doing. Owen was wounded about the eye by a shotgun charge that grazed his head.

Then, officers said, Buckelew walked to his wife's home, shooting her as she lay in bed asleep, and then pursued and killed the sister, who fled after the first shot.

Buckelew's body was found at his wife's bedside, two shotguns lying nearby.

DEBT PROBLEM CONSIDERED

ROOSEVELT TALKS TO SIR RONALD LINDSAY ABOUT CONFERENCE

(By The Associated Press)

WARM SPRINGS, Ga., Jan. 30—The Roosevelt idea for restoration of world trade and financial stability in return for relief to the war debtors will soon be on its way across the seas.

In this remote southern mountain village the next president of the United States talked things over in plain language yesterday with Ambassador Sir Ronald Lindsay of Great Britain who sails Tuesday for London to relay the message.

"Very Satisfactory"

The announcement from the three hours conference simply said:

"The British ambassador and Mr. Roosevelt have had a wholly informal and unofficial but very satisfactory conversation concerning tentatively the arrangements for the coming meetings in Washington. It is hoped that it will be possible to start these meetings early in March."

That was all, but there is no reason here to believe that Mr. Roosevelt budged in any way from his determination to talk separately and personally with individual representatives of the European debtors on the question of relief.

Also, there is no sign to indicate that he intends to deviate from his announced policy to link the forthcoming world economic conference agenda with the debts conference.

SARA TEASDALE, NOTED LYRIC POET, IS FOUND DEAD IN BATHTUB SUNDAY

(By The Associated Press)

NEW YORK, Jan. 30—As physicians sought to learn today what caused the death of Sara Teasdale, noted lyric poet, her friends prepared to scatter her ashes on the sea Wednesday.

Miss Teasdale, whose verses won critical acclaim, was found dead yesterday in her Fifth avenue apartment. Her body lay in a bathtub filled with warm water.

Whether death was due to drowning or a heart attack was a question that waited upon an autopsy. A nurse who cared for her during a nervous breakdown, which followed an attack of pneumonia, said Miss Teasdale had questioned her about ways to commit suicide.

Miss Teasdale was 48 and her thoughts in latter years had been growing more sombre. Her death shocked friends, who recalled her deft talent for achieving striking imagery without ornamental metaphor.

Born in St. Louis, Miss Teasdale was formerly the wife of Ernest B. Filsinger, foreign trade expert and writer. They were married in St. Louis in 1914 and divorced in Reno in 1929.

"Sonnets to Duse and Other Poems," published in 1900, was her first work to attract attention. "Helen of Troy and Other Poems" "Rivers to the Sea," "Love Songs" (which won the 1917 Pulitzer prize) "Flame and Shadow" and "Dark of the Moon" were among her other works.

MEASURE GETS APPROVAL OF COMMITTEE

QUICK ACTION LOOMS IN SENATE AFTER BILL SUBMITTED

(By The Associated Press)

WASHINGTON, Jan. 30. —Brushing aside proposals for further hearings, the senate finance committee sent the Collier-Blaine 3.05 per cent beer and wine bill speeding back to the senate today with a favorable report.

The Volstead modification bill was approved 12 to 5 within little more than an hour of consideration in executive session.

To Submit Report

Chairman Smoot said he would submit the committee's report today, which will put the bill before the senate, ready for action as soon as the parliamentary situation permits.

Clearing the way for speedy action on the bill, the committee voted to confine its consideration to revenue features.

The committee turned down, without a record vote, Chairman Smoot's proposal for new hearings on the policy of modifying the Volstead act.

Secretary Mills Called

After reaching the decision not to open hearings, the committee called Secretary Mills into an executive session to discuss the revenue provisions of the revised beer and wine bill.

Mills estimated the bill would produce between $125,000,000 and $150,000,000 a year on the basis of a $5 per barrel tax.

This was the same estimate he submitted last month to the house ways and means committee when the bill was confined to beer of 3.2 per cent.

Hawkins Acquitted Of Murder Charges

PLAINVIEW, Jan. 30. (AP)—Joe Hawkins has been acquitted of a murder charge for the shooting in Crosby county of his father-in-law, S. M. Walker, in a disagreement precipitated by a dog fight.

Hawkins claimed to have acted in self defense. He said Walker was advancing toward him with a hoe when the fatal shot was fired. Trouble started between the men when Walker tried to stop a dog fight at Hawkins place.

Finds Way To Crash Tin Pan Alley

BY JULIA BLANSHARD
NEA Service Writer

NEW YORK, Jan. 30—Tin Pan Alley still is man's domain.

But sunny, smiling, determined little 23-year-old Ann Ronell, from Omaha, Nebraska, has crashed it!

She has made good in a big way with four popular song hits and a score of others. With her "Rain on the Roof" "Willow Weep for Me," "The Baby's Birthday Party" and "Give Me Back My Heart," even the most anti-feminist old member of Tin Pan Alley had to relent and with one accord she has been acclaimed as one of its own.

"I've always composed songs, even back in grade school," Ann told me. "While I was in college at Radcliffe, I interviewed Gershwin and then and there made up my mind to stick at it until I succeeded."

She came to New York first in 1929, trying to sell a song.

"I found out that it is impossible to even have your songs heard by the right people, unless you have a pull," she said. "Let a girl try to crash into the song-writing game and men will say, 'Isn't she cute,' 'When can I have a date,' or 'This is too tough a game for a nice girl like you!'

Many Difficulties

"Even if a girl hangs on until she gets an opportunity to play her songs, the chances are that she plays them to the wrong person, she is told they are too jazzy or not jazzy enough, she is advised to collaborate with some prominent person she couldn't possibly get to or given other useless advice.

"The truth is that everybody has written at least one song in his life. Everybody around Tin Pan Alley is trying to peddle a song. The office boy, elevator man or his sister-in-law, the cleaning woman's son or the newsie's mother all have songs up their sleeves. The result is that no unsolicted songs have a chance!"

Discovering all this when she was 19 disappointed Ann Ronnell, but didn't discourage her. She simply finished college, came to New York, took a small apartment and got herself a job accompanying radio and stage stars for their rehearsals, and spent her spare time working on her own songs.

"It was the musical composition that interested me most, at first. But since I didn't know any lyric writers, I wrote my own, perforce," Ann told me.

Defeat Helps Her

That "perforce" rather explains Ann. She has a matter of-fact way of facing defeat by merely trying something else, knowing it is only temporary. Not being able to market her song, she supported herself by playing for others to rehearse songs. In that very change she found her path to success. For, in playing for such stars as Marilyn Miller, Dorothy Stone and the stars in Whoopee to practice, she was invited to parties where she met three men whom she wanted to give her songs a hearing, George Gershwin, Vincent Youmans and Irving Berlin. They did. Her songs were published. Success was hers!

Ann looks like a school girl, young, with a mop of gorgeous chestnut hair, wide-spaced hazel eyes and a wide mouth that gives you a pleasant grin, like a merry urchin. She wears blue or brown suspender dresses, with gingham or white blouses with Eton collars and bow ties, low heeled shoes, no jewelry except a little cameo ring she's always worn, and perhaps a dozen or so slender metal bracelets that jangle a bit as she strides along. She's an outdoors-walking type of girl, prefering her own easy gait to street cars or taxis, though "Rain on the Roof" was composed on the back of a letter from home, while riding downtown in a taxi.

Not Domestic

She loves to dance, hates tea parties, likes the theater and parties where you play games. Reads magazines, but not books—no time! She is a ping pong addict and it is a brave opponent who takes her on. She can't cook and doesn't want to learn and only sews when she has to, an odd button or a torn collar or some such necessity.

She has been in the movies, did a few shorts in Hollywood. Flew out but came back on the train. Two hours in the air is enough at one time, she thinks. Loves to travel. Europe twice, Havana once, Bermuda once, and across the United States several times. She radiates health, never has been even seasick. Doesn't use make-up, except lipstick, for she doesn't have to. Always has a birthday cake—insists on it, because she was born on Christmas day and that's the only way she can get her family and friends to remember it!

"It is impossible to establish any kind of routine for writing songs," she said. "Sometimes you catch yourself humming a melody. Sometimes something impresses you, the way the willows did my first year at Radcliffe. It was several years before I wrote about them. But "Willows Weep For Me" came from that impression."

One thing she is adamant about. She will not read anybody else's songs. Because she never wants anyone to say she copied from them. She has hundreds sent her. Never opens one. Somebody else sends them back, with a short note. To everyone she gives the same advice:

"The only way to get songs published is to know the right people. Work out your way of getting to know them. But it is easier than to waste a life-time trying to crash Tin Pan Alley on your own."

Ann Ronell ... who had songs to sell but had to play compositions of others before she got her break.

Mrs. J. D. Welch, who is ill at the Lubbock Sanitarium, is resting well today. She is the wife of the pastor of Central Baptist church.

Class Teacher Has Birthday Surprise

As a surprise for the class teacher, Mrs. Walter P. Jennings, on her birthday, members of the First Christian Women's class attended a tea Saturday afternoon in the home of Mrs. C. C. Crenshaw, 1901 Twenty-Ninth street. There were about sixty in attendance.

Mrs. S. J. McFarland gave a humorous sketch of Mrs. Jennings' life and Mrs. H. W. Moore sang "I Love a Little Cottage." Mrs. R. A. Mills presented Mrs. Jennings with a gift from the class. Mrs. S. S. McKay was program chairman.

Tea was served with the tiered birthday cake. Candle light was used in the dining room.

IRONING BOARD COVER

Says a resourceful housewife: "My husband uses my ironing board for pressing his trousers. When I want to iron the dainty baby clothes and keep them perfectly sanitary, I do not have to take time to lace a new, clean cover on the board. Through the holes for laces I have put elastic. This enables me to slip the clean cover on in less than a minute and it is tight and smooth. I can remove it just as quickly."

Tiny toques made entirely of feathers are smart and comfortable on the bit of head which they cover.

Co-Ed Bakes Her Way Through School

(By Central Press)

"Where are you going, my pretty maid?" "I'm going cake-baking, sir," she said.

Miss Evelyn Barnes, resourceful Pocatello co-ed of the University of Idaho, Moscow, Idaho, is cake-baking her way through school.

She made 500 cakes this past summer—delicious ones, thanks to her home economics course—and they proved so popular that she opened an out-of-doors tea room for customers, on the shady back lawn of her home.

Evelyn earned her university tuition and spending money as the number of her customers grew, and her cake baking activities were increased to include sandwiches and tea parties on her lawn. She added beach parasols—vivid ones—to the ensemble, and installed neat tables and chairs. Business men and society women called and partook of the refreshments, and Evelyn baked more cakes and served more sandwiches.

Miss Barnes is a senior student at the university, home economics expert and a member of the Phi Upsilon Omicron, national honorary home economics fraternity, and the Gamma Phi Beta, national sorority.

VARIOUS ITEMS FOUND ON BILL RUN UP BY HOUSE MEMBERS

WASHINGTON, Jan. 30 (AP)—House members may not be able to get shaves and haircuts free as do senators, but they did spend $3,238,000 on a payroll last year—and that doesn't include the more than $4,000,000 they got themselves.

These figures included in the annual report of South Trimble, clerk of the house. It showed that—like the senate—the house in the last fiscal year had some expenses that might surprise the man who knows nothing about congress.

Headache Tablets

For example, there was $19.80 for 2,000 headache tablets, $13.08 for a carton of fizzy sedative.

There was, too, $70.13 for water coolers—ice water is supposed to be piped into each office—and $1,288.47 for 446,400 pounds of ice to keep the water coolers cool. The paper cups they drank water from cost $349. The towel bill was $3,187.98 and the soap purchases amounted to $524.54.

Garner Effects Cut

And too, the house parliamentarian whose monthly salary is $375 got an additional $1,000 for preparing a special digest of house rules. The $4,000 allowed for the speaker's car, however, was not spent since Garner said he preferred taxicab in the interest of economy.

The monthly payroll in Garner's office amounted to about $1,735. That included the salaries of the chaplain, the parliamentarian and a floor messenger.

On the big payroll for clerk hire there were 86 members who had in their offices drawing money persons with the same surname as their own.

Japan's Withdrawal Depends On League

TOKYO, Jan. 30. —(AP)—Foreign Minister Yasyua Uchida was authoratively reported today to have sent notice to the League of Nations that Japan's decision on whether to withdraw from the league will depend on the character of the proposed league's report on the Manchurian issue.

Count Uchida sent a message to Geneva which these sources said authorized the Japanese delegation to inform league officials that if paragraph four of article 15 of the league covenant was applied to the Manchurian controversy, Japan's decision on continuing membership would depend on the nature of the report called for in that paragraph.

SLAYER SEARCH

(Continued From Page One)

woman related, an officer stepped out into the road and Meeks stopped the car. She said they were taken to a barbershop.

The officer had called the sheriff's office at Decatur and was told by the long distance operator that she would call him back.

At that moment, said Mrs. Hunsucker, the smaller of the two men, addressed as "Reed" drew a gun and struck at the officer. The woman said in the scuffle the man was thrown into her lap.

Mrs. Hunsucker said she ran out the back door as she heard one shot. She ran around the building and was called by one of the men to get in the car, which she did.

Later she admitted she might have been led through the barbershop to the waiting automobile.

"A Tough Break"

A short distance from Rhome, she said, one of the men declared they had a "tough break."

Four miles south they turned to the left and drove through a wheat field. They drove a long distance, Mrs. Hunsucker related. The men cut down fences and some telephone lines. At one time they wandered along the banks of a river or creek. Once they stopped near a farm house to repair a tire.

The men did not discuss the affair in her presence, Mrs. Hunsucker declared, but frequently moved away from the car to confer over something.

Men Abandon Car

Finally they reached a lake, the woman said, and she saw a sign that said "Lake Worth" although officers are convinced it was Lake Dallas. The men got out o fthe car, giving her $3 when she protested she had no money to buy gasoline.

She decided to go to Denton and drove for a long time, reaching the outskirts of a city she found later to be Fort Worth.

Mrs. Hunsucker said she went to Dallas to get the girl, whom she had known for three or four years. The girl formerly lived in Quitaque. The pair then drove to Midway, near Huntsville, to visit A. C. Hunsucker, who is serving a three year term for theft, the woman said. Her husband has been at the Ferguson prison farm since last January.

Early Sunday they started for home, selecting a route through Albany and Vernon. At the latter place they picked up a hitchhiker.

As they reached Childress two men stopped the car and one said to the man, "we want you."

Mrs. Hunsucker said the hitchhiker got out of the car and talked to the men. The girl said, "we'd better get out of here," the woman related, and they drove to a filling station, leaving the hitchhiker with the men.

The woman bought two gallons of gasoline and drove out of town but was overtaken a short distance by the men who proved to be officers.

E. L. Pitts, county judge, issued the following statement in behalf of the home service appeal:

"We strongly urge the hearty cooperation of the citizenship of Lubbock in support of the Salvation Army work, so ably, patiently, effectively done under the leadership of Captain and Mrs. Wilson. Our City-County Welfare association has worked in conjunction with them for two years and we know something of their work. However, the work of the City- County Welfare association, which is supported by taxation, is limited by law to the citizens of our own county who have lived here a definite length of time, while a major part of the work done by the Salvation Army is to help unfortunate, and distressed transient people, and those who have lived in the county less than six months. Captain and Mrs. Wilson are doing a work that no other agency is undertaking, and the work they do is essential to Christian citizenship."

BEER REPORT

(Continued from Page One)

ing from the executive session said he did not revise his estimates because of the inclusion of wine by the senate judiciary committee.

The bill as approved by the judiciary committee would permit wine of 3.05 per cent but many wine producers have contended it would be impossible to make wine of such a low alcoholic content.

The $5 a barrel rate, the treasury secretary said, would produce more revenue than any other tax level.

The vote 12 to 5 by which the bill was reported follows:

For: Watson, Indiana; Reed, Pennsylvania; Shortridge, California; Bingham, Connecticut; La Follette, Wisconsin and Hastings, Delaware; all Republicans, and Harrison, Mississippi; King, Utah; George, Georgia; Walsh, Massachusetts; Barkley, Kentucky, and Hull, Tennessee, Democrats.

Against: Smoot, Utah, and Keyes, New Hampshire; Republicans, and Connally, Texas; Gore, Oklahoma, and Costigan, Colorado, Democrats.

The amendment offered in the senate by Senator Borah (R., Ida.), for an excess profit tax ranging from 10 to 30 per cent was rejected without a record vote.

A proposal to increase the tax from $5 to $6 a barrel was similarly defeated.

ILLUSION:
In this startling trick, the magician seemingly pushes a huge threaded needle through the body of an assistant, pulling the needle out the other side, followed by the thread.

EXPLANATION:
Under the clothes of the victim is a pipe, extending around one side of his body from front to back. The needle, which is flexible, is inserted in the front end of the pipe, is carried around the body and emerges from the pipe in back. This operation is performed so quickly that the audience does not notice that the needle and thread are momentarily shortened during the act.

CAMELS

It's fun to be fooled— ...it's more fun to KNOW

We like tricks...but we prefer to keep them out of business.

Here's one that's interesting...The *illusion* that by some obscure magic certain cigarettes are "COOLER" than others.

THE EXPLANATION: Coolness is determined by the speed of burning. Fresh cigarettes burn slowly. They're cool. Parched, dry cigarettes burn fast. They're hot.

Camels are carefully wrapped in *moisture-proof* cellophane...in the famous, air-tight Humidor Pack. Camels are *cool* because they're *fresh*.

A cigarette blended from choice non-irritating tobaccos also gives a cooler effect than one that is harsh and acrid. The finer the tobacco the less irritating it is, and therefore the "cooler."

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is why Camels are cool and mild, non-irritating—full of flavor. This is why Camels have given more pleasure to more people than any other cigarette ever made. It's the tobacco that counts.

Keep the famous *welded* Humidor Pack on your Camels. It assures you a fresh, cool smoke.

NO TRICKS ..JUST COSTLIER TOBACCOS

Thought For Today

Also unto thee, O Lord, belongeth mercy: for thou renderest to every man according to his work.—Psalms 62:12.

A God all mercy is a God unjust.—Young.

Heroism

There is something about a tale of heroism at sea that puts it in a class by itself.

To landsmen the sea is an ominous mystery, even at best. When it gets in an angry mood it inspires terror as few other things do. The mere thought of men defying its perils in frail boats in order to save the lives of strangers is profoundly stirring. The bravery of seamen is so casual, so matter-of-fact, that it almost puts the rest of us to shame.

The other day the American steamer, American Merchant, picked up an S O S call from the British steamer Exeter City, out in the mid-Atlantic. A terrific winter gale was blowing; it was so violent that although the steamers were only 15 miles apart it took the American Merchant three hours to reach the Exeter City.

The British ship was foundering, with bridge and chartroom washed away and water pouring into the hold through a smashed fore hatch. The sea was too violent for lifeboats. Getting two big steamers alongside was a risky job calling for the highest degree of seamanship.

* * *

But Captain Stedman, master of the American Merchant, managed it somehow. He lost a lifeboat, but he finally got a line aboard the Britisher, and after 12 hours of perilous labor he got the 22 men from the sinking ship aboard his own steamer. Then, with the Exeter City plunging to the bottom, he headed for New York with the survivors.

Stories of this kind aren't uncommon, and never have been, since first men started voyaging across great waters. And the impressive thing about them is not the way in which sailors unfailingly combine great professional skill with high courage; it is the way in which such manifestations are taken for granted—the way seamen risk their lives for the sake of others without making any fuss about it or striking any heroic attitudes or letting on that the whole business is in the least out of the ordinary.

These acts of heroism are among the human race's best recommendations. That so many men can be found who are ready on a second's notice to take their lives in their hands in the midst of foaming waves and great darkness—isn't this the visible outward sign of a true inward divinity?

WHAT this country needs, in its effort to secure substantial yet sensible reductions in the expenditure of tax funds, is a thorough and published checkup on what's going on in Washington and then a thorough checkup on what's going on in the various state capitals.

The people of this country would be shocked to death if they really knew how some of their money is being spent and on what it is being spent.

* * *

The Plainsman hasn't a great deal of admiration for Congressman Tom Blanton of Abilene, simply because the Congressman is so fiery at times that he becomes practically unreasonable.

But Mr. Blanton hit the nail on the head in Congress the other day when he disclosed that since 1910 the government has spent $250,000 in developing one type of potato and the fact that the chief of the Bureau of Plant Industry is paid a salary of $6,400 every year, plus $750 he receives as a lecturer from the University of Maryland.

Doubtless Mr. Blanton's discovery is typical of scores of cases in the capital city.

* * *

THE Associated Press is a news gathering and disseminating agency run as a co-operative proposition; the United Press and the International News service the only other organizations similar to the Associated Press, are privately owned news agencies operated for profit. Probably none of the three could survey the Washington situation as it should be surveyed, and still look after the business for which they are operated.

But it's a shame they can't undertake the job and then turn over their findings, in news form, to every newspaper in the country for publishing purposes.

* * *

William Randolph Hearst has a far-flung organization of good news men.

Bob Scripps and Roy Howard have also.

What The Plainsman would like to see is either the Hearst or Scripps organization 'get hot' on the proposition—or band together and do it—for the good of the country.

After they got through at Washington they might well turn their attentions to every state government under the Stars and Stripes, releasing their findings to the newspapers in several states.

* * *

SOME of the jobs that are being held in Washington and some of the salaries being paid to political cousins to hold them constitute a crime to high heaven.

And if the people knew about them there'd be the dickens to pay in a hurry.

A pair of love birds over in Littlefield were laying their matrimonial plans the other evening.

"Darling", said the bride-to-be, "after we are married you'll have a woman in the house who really knows how to cook".

He looked surprised.

"But, dearest", he said happily, "I didn't know that you were a good cook".

She shrugged her shoulders.

"I'm not", came the reply, "but after we're married my mother is coming to live with us!"

THE snappy new models that Lubbock automobile dealers are showing and the recent death of 80-year-old Mrs. O. H. P. Belmont, in Paris, together serve as reminders of the great growth of the automotive industry within the past thirty years.

Mrs. Belmont, who was before her marriage to Belmont the wife of William K. Vanderbilt, was probably the greatest entertainer, hostess and social dictator in New York's long history. And 'way back in 1899 she called upon the automobile, then something new, to help her make a success of a party.

* * *

On the lawn of her great marble villa at Newport, Mrs. Belmont gathered Gotham's Social '400'.

At intervals she had placed such objects as baby carriages and boxes.

Then she played her trump card, an automobile parade—the first in the history of the now giant industry.

Mrs. Belmont's idea of boxes and baby carriages was to prove to the satisfaction of her guests that motor cars could be safely maneuvered to miss stationary objects in their path!

And history says the party was a howling success.

A LUBBOCK man, down town Saturday, stopped to talk with his pastor whom he had chanced upon.

Noticing the pastor carried a brief case, he jokingly said:

"What have you got there, parson, your lunch?"

"No", laughed the preacher, "they're my sermons—although you might call them food for thought".

"Yeah", said the parishoner, "I reckon you could. They're what you might call 'dried tongue'."

Now, Are There Any Other Questions?

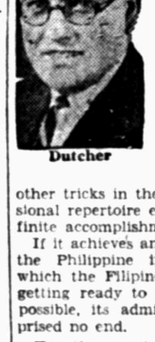

Cheer Up! For Congresss Can't Be This Bad Again; Lame Duck Amendment Dooms All Future "Do-Nothing" Sessions

By RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Jan. 30.—The one sweetly consoling thought which buoys up most of us during this amazingly futile session of Congress is in fact that it can never happen again.

Otherwise, there would surely be a louder cry for the Fascists, the Communists or the Technocrats to come a-running to Washington.

Dutcher

Even the favorite descriptive word of Congressman La-Guardia, to wit "lousy," is inadequate when applied to this short session. Congress has floundered, wallowed, stewed in its own juice, run around in circles, tied itself up in knots, stuck its head in the sand and performed all the other tricks in the famous congressional repertoire except that of definite accomplishment.

If it achieves anything more than the Philippine independence bill, which the Filipinos apparently are getting ready to kill as quickly as possible, its admirers will be surprised no end.

Taxation, major economies, unemployment, farm and debt relief, prohibition repeal, banking reform and the other big ones apparently are to be passed—right along to the next Congress.

* * *

Several reasons may be given for this record in addition to the inadequacy or impotence of leadership both in Congress and higher places. Chiefly: 1. Short sessions are short and always so jammed that not much legislation is to be anticipated. 2. Imminence of the Roosevelt administration with its promise of action, its popular mandate and its big congressional majorities persuades the politicians and the less desperate citizens that they might as well wait. 3. The Senate filibuster and the threat of others is both a hampering and a dampening factor. 4. Lame ducks are cluttering up both houses and represent a definite hindrance.

And the only pleasant fact, while everybody indulges in what has been called "fiddling around while Rome burns," is that the states are rapidly ratifying the lame duck amendment, assuring that it will be put in the constitution and removing all future danger of those several factors which now gum up the works.

Then there will be no more short sessions, no more four-month waits for a president-elect to take office—he will enter in January, no more filibusters—because sessions will be unlimited—and no more lame ducks. Congress may even regain some of its prestige.

* * *

Some congressmen are active in all sorts of ways. The other night a couple of them and another fellow who is not in Congress were having a party in an apartment. Someone dropped a cigaret onto an awning below and the fire wagons arrived soon thereafter. So the congressmen began to holler and accuse the firemen of peeking through windows to see ladies in their nighties. Then they threw ice cubes down at the firemen. Policemen soon came to the apartment. The other fellow, meanwhile, had passed out from overstimulation. The congressmen pointed to his recumbent from and whispered: "Sh-sh! That's Senator ———." So the copper tiptoed quietly out.

One of the two most-tatooed men in the United States is a widely known official in the government service. He is tatooed all over—everywhere except where it would show in street clothes. In his youth he ran away, sailed the seven seas and came back that way. Now he doesn't like it much. He says there's another man more tattoed than he, but won't tell who it is.

And remember that of every $100 you pay your Uncle Sam in income tax it costs $2.17 to collect it. So don't go making it any harder for him.

THE CAPITOL WHIRLIGIG

INTERESTING NEWS, COMMENT FROM AUSTIN

AUSTIN, Jan. 30 (AP)—A warm political fight is brewing in the mesquite, cactus and citrus country down by the Rio Grande over the election of a successor in congress to John N. Garner of Uvalde, who will become vice president March 4.

Gordon Griffin of McAllen in Hidalgo county has announced his candidacy for the post. Griffin is a leader in the Good Government league party in his county and as such has incurred a measure of disfavor among the regular Democratic faction of Hidalgo county.

Local Issues Warm

Griffin has not yet announced whether he will enter the Democratic primary but his friends here believe he will. Rep. H. L. Leonard of McAllen, a member of the Good Government league, points out that Griffin is a Tennesseean, son of a Confederate soldier and has consistently voted the state and national Democratic tickets. The division in Hidalgo county is on local, rather than state or national issues, Leonard asserts.

Fifteenth district leaders believe that Griffin has an excellent chance of getting into the Democratic run-off primary if he decides to run as a Democrat. Leonard believes that he has a "good chance" to win in the run-off.

West Has Support

Many of the veteran Democratic chieftains in the Garner district are supporting State Representative Milton West of Brownsville. One of these is State Senator Archie Parr of Benavides. West expresses confidence tha he will be the winner. But even West believes that Griffin probably will reach the run-off.

A powerful state figure who may yet make the race is Robert Lee Bobbitt of Laredo, former attorney general and one-time speaker of the state house of representatives. Bobbitt, whose Democratic regularity is questioned, is reported still flirting with the idea of throwing his hat into the ring.

Others In Race

Other Democrats who either have entered the race or who have been suggested as likely candidates are Moulton Cobb of Mission, Charles R. Tips of Three Rivers, R. R. Mullen, jr., of Alice, Oscar Dancy of Brownsville, Noble C. Cofer of Brownsville, F. W. Pulliam of Crystal City and W. A. Dannelley of Hebbronville.

One reason why Griffin looms as such a strong candidate is that Hidalgo county contains approximately 30 per cent of the population of the district and the Good Government league was the majority party in that county at the last general election.

Gobbler Has Watch And Chain On Leg

KERRVILLE, Jan. 30—Somewhere in the hill country a turkey gobbler is wearing a watch and chain. The story was recently told by a Kerrville hunter.

The gobbler came so close to him, that he made a grab in order to catch him alive. The turkey struck the hunter with its foot, snapping the man's watch chain. The bird made off with the watch and chain wound around its leg.

And What Next?

LONDON—A ban on the historic game of marbles is the demand made by a deputation of parents to the education authorities of North London.

Marbles, say the parents, are now an instrument of gambling. Youngsters rich in marble wealth act the part of bookmakers for their classmates. The game is to hold out the marble as a target, and the "bookmakers" shout the odds.

Kisses And Cash

INDIANAPOLIS—A jury decided Mrs. Marie Winiger is entitled to collect $100 from a detective agency because her husband kissed her as they stood in the doorway of a downtown building. The agency employed to shadow Karl Hamilton made a mistake in identity and trailed Lawrence Winiger instead. They reported the Winigers' kiss to Mrs. Hamilton.

Choose Weapons

OKLAHOMA CITY — An Oklahoma statute against dueling will be repealed if State Rep. E. Landingham of Oilton has his way. He's introduced a bill to kill it.

Tender Knees

CHICAGO—Only the sturdiest of Chicago golfers are expected to appear on the links this spring and summer in shorts and bare knees, instead of slacks and knickers.

It's because of the mosquitoes and weather.

"Chicago golfers," said one one commentator, "are too conservative, the weather is too cool, and the mosquitoes too numerous."

Judge Fortified

HAMMOND, Ind.—Judge William J. Murray of the criminal court believes in taking no unnecessary chances.

After he felt he had been endangered by the gestures of attorneys coming too close to his bench he erected a sign telling them what to do in the future.

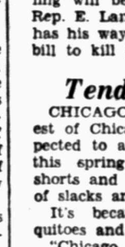

The sign instructs them to come no closer than three feet.

REPATRIATES AIDED

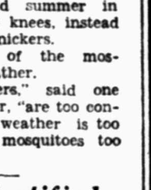

MEXICO CITY, Jan. 30—A fund of half a million pesos is being raised for the relief of repatriates who are returning from the United States. President Abelardo L. Rodriguez headed the list of subscribers with a donation of five thousand pesos.

MALATIA, Turkey (AP)—Turkish archeologists have unearthed here ruins of a Hittite palace which lead them to believe that this city of eastern Turkey once was the capital of the ancient empire. One of the relics was a stone lion weighing a ton.

Stork Calls Doctor Every Other Day

IUKA, Miss., Jan. 30 (AP)—Dr. A. F. Whitehurst of Iuka has been designated by the state bureau of vital statistics as Mississippi's champion stork doctor.

Records at the state capitol reveal that Dr. Whitehurst attended 165 births in Mississippi in 1931 and 115 during the first nine months of 1932. Situated as he is in northeast Mississippi, the bureau said, the doctor also was called to attend births in Tennessee and Alabama.

LANDS ON MARSH

BERLIN. — Sometimes when a plane is in difficulty, it can't be too particular about the landing field it chooses. Consequently, a German inventor has invented a tractor tread for amphibians which will enable landing in marsh land. The treads make it possible for the plane to pull out of soft muddy ground. They do not, however, move fast enough to allow the plane to take off again. They must be removed for takeoffs.

THREE BASKETBALL GAMES ARE SCHEDULED HERE THIS WEEK

SPYING ON SPORTS

BY COLLIER PARRIS

There will be no baseball meeting tonight. The announcement is authorized by John Dalrymple, president of the Lubbock baseball club, and is passed on for the information of those who have been invited to attend tonight's general meeting.

* * *

Postponement of the meeting was ordered until Friday night of this week, at which time Marty Fiedler, owner and president of the Albuquerque Baseball club and co-organizer of the West Texas-New Mexico league, will be here.

* * *

Fiedler had been notified of tonight's meeting and invited to attend. In a long distance telephone conversation last night he said it would be impossible for him to be here tonight, but that he could come later in the week. Believing that his presence would be an important factor in keeping public interest alive, authorities decided to postpone the meeting until he could be here.

* * *

We have Mr. Fiedler to thank for the revival of baseball in this section—if it is revived; and we have several good reasons to believe it will be revived. He's a spark plug, a hard worker, a man with a personality and the vim and vigor necessary in baseball business. However, if there is a hitch in the plans, we can't blame Marty. He's done and is doing more than any other individual, and it will be Lubbock's own fault if we don't keep the box scores on West Texas-New Mexico league games this summer.

* * *

So the invitation extended for tonight's meeting holds good for Friday night. The session will be held at Hotel Lubbock. It is hoped that the crowd there will be big enough to warrant hiring of the ball room. We are requested to say that you, all you baseball fans, are NOT asked to attend the meeting in order that agents may get you on the dotted line. No, that will come later.

* * *

The basketball card for this week promises no little excitement. Two good ball clubs are coming to Lubbock for a three-day run.

* * *

The college games Wednesday and Thursday nights may, and should, draw the biggest crowds, but the high school game tomorrow night will be just about as thrilling. The Plainview Bulldogs will be here with the avowed intention of taking the hide off the Lubbock Westerners.

* * *

Plainview and Lubbock met in the quarter-final round of the Lubbock invitation tournament Saturday morning and it was a pitiful game. It also was the greatest upset of the tournament. Plainview was dopped to beat the Westerners anywhere from ten to 20 points. The result was: Lubbock 47; Plainview 26.

* * *

The Westerners had a great day. Plainview who looked so good over Slaton the night before had a terrible morning. Which goes to show that you can depend about as much on basketball dope as you can on football dope. Amarillo's Sandies, who didn't enter the tournament, had not too much trouble defeating Lubbock last week by a good score. Next evening they went to Plainview by 20 points. Plainview also had defeated Pampa, another strong club which gave Lubbock plenty of trouble. Then Lubbock unmercifully trounced Plainview.

* * *

Slaton players and fans who saw and experienced the awful 47 to 9 beating by Plainview Friday night should have revelled at Plainview's discomfiture Saturday. The tables were completely turned. The Bulldogs added insult to injury by laughing in the faces of the downtrodden Tigers. Which was all right so far as competition is concerned. But the Bulldogs were laughed at when the Westerners took charge of their own tournament. It augers well for a combat Tuesday evening when Plainview attempts to stage a comeback. The Bulldogs are mad as far through.

* * *

Tech's opponents Wednesday and Thursday night are the Oklahoma City university Goldbugs. The Goldbugs will be paying their first visit to Lubbock, and they rate pretty high up in their neighborhood. A couple of busy night's face Dell Morgan's Matadors.

MORE PAY ASKED BY JOHNNY ALLEN

NEW YORK, Jan. 30 (AP)—Johnny Allen, young right hander of the New York Yankees, can be added to the holdout list on the basis of reports received here today from [illegible] and Vernon Gomez were the only players on the Yankee roster who were given increases but both [illegible] on the grounds that they felt their work in 1932 entitled them to bigger salary boosts. Gomez came to terms several days ago and the Yankees probably will be able to swing Allen into line with a minimum of trouble.

The Giants announced receipt of the signed contract of Catcher Gus Mancuso who came to Bill Terry's club in an off-season trade with the St. Louis Cardinals.

LUBBOCK HIGH TEAM MEETS PLAINVIEW

MATADORS WILL PLAY OKLAHOMA CITY U. GOLDBUGS HERE

Two college games and a high school battle feature this week's basketball card in Lubbock.

The high school contest precedes the others and bids to be one of the most exciting of the week. The Plainview High school Bulldogs oppose the Lubbock Westerners Tuesday night at the high school gymnasium.

Cage Dope Upset

Plainview lost to Lubbock in the quarter-final round of the recent Lubbock invitation tournament in the greatest upset of the local season. Previously Plainview had defeated all opponents with apparent ease and was a favorite to carry on to the finals. Lubbock's victory evidently roused the Bulldogs to fighting attention, as they were bold in their challenge for Tuesday night.

The Oklahoma City university Goldbugs make their first appearance in Lubbock Wednesday night to start the two-game series with the Texas Tech Matadors. After losing to the West Texas Buffs, to whom it is no disgrace to lose, the Matadors have been worked hard in order to maintain an even keel for the season's games. To date they have a record of six victories and four defeats.

HOPPE WILL MEET BILLIARDS CHAMP

CHICAGO, Jan. 30 (AP)—Willie Hoppe, perennial champion at 18.1 balkline billiards, has challenged the winner of the world three-cushion championship tournament here, and all four players still in the running for the title, have accepted.

Hoppe offered a side bet of $1,000 that he could defeat the title winner, and Welker Cochran of San Francisco, himself a master of balkline, J. N. Bozeman, jr., of Vallejo, Calif., Augie Kieckhefer of Chicago, and Johnny Layton of Sedalia, Mo., felt so confident that each stated willingness to play Hoppe for a side wager of $5,000.

FOUR REMAIN IN BILLIARDS MEET

CHICAGO, Jan. 30 (AP)—Four players today remained in the battle for the world three-cushion billiards championship, but after tonight's match between Johnny Layton of Sedalia, Mo., and Augie Kieckhefer of Chicago, the defending titleholder, there will be only three.

The California duo, Welker Cochran of San Francisco, and J. N. Bozeman, jr., of Vallejo, went into the final week of the tournament tied for first place with five victories against one defeat. Tied for second were Layton and Kieckhefer, at four victories in six starts.

Neither of the leaders was scheduled for action today, the afternoon schedule calling for a pair of matches between players of lower ranking. In the first engagement, Tiff Denton of Kansas City, and Allen Hall of Chicago, were matched. Folowing them were Clarence Jackson of Detroit and Frank Scoville of Buffalo, N. Y.

GRAY SETS PACE OF CAGE SCORERS

(By The Associated Press)

Jack Gray and Bill Kubricht of the University of Texas and Captain Joe Moody of the Texas A. and M. Aggies are pacing the large field of Southwest conference basketball scorers.

Gray is the leader with 23 field goals and 16 free shots for a grand total of 62 points. Kubricht and Moody are tied for second place with 57 points each.

The scoring leaders follow:

Player—	FG	FT	PTS.
Gray, Texas	23	16	62
Moody, A. and M.	23	11	57
Kubricht, Texas	24	9	57

Mangin, Bell Win Doubles Victory

MIAMI, Fla., Jan. 30 (AP)—Gregory Mangin of Newark, N. J., and Berkeley Bell of New York captured the doubles championship of the All-South tennis tournament here with a straight set victory 6-1, 6-2, 6-3, over George M. Lott of Chicago and Jimmy Van Alen of Palm Beach.

Mangin's sensational serving and sizzling placement shots—he scored thirty placements during the match—stood out as the biggest factor in the victory. Bell scored 14 placements.

The defeat shattered Lott's chances for a twin victory in the tournament. He won the singles title by defeating Clifford Sutter of New Orleans, 6-4, 6-2, 3-6, 6-3.

SLAUGHTER TO MEET JONES

LEATHER-PUSHERS TO FACE BUSY WEEK IN EASTERN ARENAS

NEW YORK, Jan. 30 (AP)—A middleweight carnival at Cleveland opens a busy week for the nation's leather-pushers tonight.

Topping the Cleveland card is a 12-round duel between Gorillo Jones of Akron, O., and Sammy Slaughter of Terre Haute, Ind., with National Boxing association recognition as American champion awaiting the winner. Jones was recognized as world's champion by the N. B. A., until he was beaten by Marcel Thil in Paris.

In the semi-final Ben Jeby east side Hebrew who is recognized as world king at 160 pounds by the New York State Athletic commission, faces Paul Pirrone of Cleveland over the 12-round route. Jeby's title, however, will not be at stake.

Canzoneri Headlined

Tony Canzoneri, lightweight champion, is headlined in Madison Square Garden's Friday night card. He will meet Billy Townsend, Vancouver welterweight, in a 10-round non-title match. Canzoneri obtained special permission from the state commission to engage in an overweight bout upon his promise to defend the lightweight crown a little later.

Midget Wolgast of Philadelphia, recognized in some quarters as world's flyweight champion, meets Jackie Wilson of Homewood, Pa., in an overnight match at Pittsburgh Friday night.

TWO NEW SKATE CHAMPS CROWNED

OCONOMOWOC, Wis., Jan. 30 (AP)—Two new champions today led the amateur speed skaters of the United States.

Melvin Johnson, sturdy Detroiter won the men's championship from Jimmy Webster of St. Paul who was unable to score a point in a game effort to retain the crown Kitty Klein, dark-haired stenographer of Buffalo, N. Y., was the speediest of the women who participated in the two-day contest which ended yesterday at Fowler Lake.

John received a total of 110 points, winning the title from a Detroit teammate, Charles Delphier, whose point total was 90.

Miss Klein owed victory to a tremendous spurt in the final event for women—the mile—in which she beat off the determined challenge of Rose Marie Brady of Detroit.

OPEN WORK ON BALL PARK

WORKERS WILL CLEAR SITE FOR PROPOSED GRANDSTAND HERE

Clearing of grounds on which to be built the new Lubbock ball park was to start today, and it was thought by officials of the newly organized Lubbock Baseball club that actual construction of a grandstand would get under way within the next week or so.

The park where Lubbock will play its West Texas-New Mexico league games, provided plans for the league materialize, is located on the Plainview highway a few blocks north of the Ave. H underpass. The land was offered by the City of Lubbock for the purpose of building a baseball park, and the city was to put a squad of men to work toward getting the ground in shape.

A meeting of committees and fans called for tonight has been postponed until Friday night of this week, at which time Marty Fiedler, owner-president of the Albuquerque club, will be here to head the program. Mr. Fiedler, invited to tonight's meeting, informed local authorities last night that he could not arrive in time for the meeting, but could come later in the week. One of the most important factors in the organization of the league, Mr. Fiedler's presence here this week is calculated to increase interest among local fans.

RAZORBACKS TO MEET FROGS AND BAYLOR BATTLES AGGIES

BY BILL PARKER
Associated Press Sports Writer

Southwest conference basketball this week-end will be short and sweet—or if you like, tough and colorful. There will be a two-game series Friday and Saturday at Fort Worth between the University of Arkansas Razorbacks and the Texas Christian Frogs. A third game will be Saturday night at College Station between Baylor and the Texas Aggies.

This schedule means there will be no change in the conference leadership. The University of Texas Longhorns, on top with five wins and no defeats, will ride the crest for at least another week while they battle examinations.

Frogs Can Advance

By sweeping the Arkansas series, Texas Christian can jump from third to second place, replacing the Southern Methodist Mustangs who will remain idle. By taking both games, Arkansas can go from fourth to third position and drop the Christians to fourth place.

Arkansas and Texas Christian opened their conference season with defeats. Arkansas dropped two consecutive games to the University of Texas. Texas Christian lost a hard fought opener to Southern Methodist. Since those defeats, Arkansas has trimmed Rice twice, and Texas Christian was successful against Texas A. and M. and Rice. Both quintets are set for their series this week-end.

The Aggies got a real surprise at Waco Saturday night. Favored to win by several points, the Aggies had to shoot a pair of free shots in the last minute to take a 20 to 19 decision. These two teams appear evenly matched, and are sure of a torrid battle when they meet at College Station.

Baylor, suffering from three successive defeats, will be battling to break into the percentage column.

RETAINS NET TITLE

MELBOURNE, Australia, Jan. 30 (AP)—Jack Crawford today retained his Australian lawn tennis singles championship as he defeated Keith Gledhill, eighth ranking player of the United States, 2-6, 7-5, 6-3, 6-2 in the finals.

The United States ranks as Germany's best customer for musical instruments.

GENE SARAZEN HEADS LIST IN MATCH

LEADING GOLFERS TO PLAY IN TOURNEY AT MIAMI, FLA.

MIAMI, Fla., Jan. 30 (AP)—Gene Sarazen, British and American open champion, heads the list of 32 of the country's outstanding professional golfers who plan to play in the classic international four-ball team match tournament here February 19-22.

The purse, previously $5,000, was cut this year to $2,600 but the committee in charge confined its invitations to—and received acceptances from—leading golfers who have won every major title in the past several years.

Dudley Not Entered

Big E dDudley of Augusta, Ga., co-winner of the 1932 four-ball, notified the committee he could not play this year because of pressing duties at his home club. His winning partner, however, Tommy Armour of Detroit, will enter the event.

Pairings of the 32 players into 16 teams will be made later. Play will be on a basis of the best ball on each hole.

Olin Dutra of Los Angeles, metropolitan, U. S. G. A. champion sought for some time as an opponent for Sarazen in a special match, will cross the country for the classic. Others include:

Walter Hagen of Detroit, Paul Runyan of White Plains, N. Y., Willie MacFarlane of Tuckahoe, N. Y., Craig Wood and Charlie Guest of Deal, N. J., Denny Shute of Cleveland, John Revolta of Menominee, Mich., Harry Cooper of Chicago, John Golden of Noroton, Conn., Johnny Farrell of Mamaroneck, N. Y., Cyril Walker of New York, and Horton Smith of Joplin, Mo.

Local Contractor Given School Job

W. S. Moss, Lubbock contractor, was awarded the job of building the Aiken school in Floyd county, destroyed by fire during December. Contract was for $7,223.51, according to reports from Floydada where the contract was let.

The building will have four class rooms and a combination auditorium and gymnasium. The gym floor will be four feet below the surface of the school grounds.

Minor changes in plans were made to get bids within the limit of funds provided by insurance. Insurance settlement was $7,500.

DUEL BETWEEN GLENN CUNNINGHAM, GENE VENZKE TO BE FEATURE OF MEET

NEW YORK, Jan. 30 (AP)—Headed by Gene Venzke, Pennsylvania's greatest freshman miler, the east's track stars who tuned up at Boston Saturday and in varous preliminary meets, stand by to repel an invasion from the west this week in the annual Millrose A. A. games in Madison Square Garden.

With Venzke in the field the big race of the meet, the Wanamaker mile, regains some of the color of a few years ago when it was the "mile of the century" every time it was run. The Pottstown, Pa., youngster who holds the world indoor mile record of 4:10, faces a battle against Glenn Cunningham of Kansas, national collegiate A. A. mile champion with a record of 4:11 1-10 and the first American finisher in the olympic 1500-meter run.

Venzke did only 4:17 3-5 in winning the K. of C. mile at the Prout Memorial games at Boston Saturday but he was not pressed much by Brendan Moynahan and Frank Crowley, who finished 30 and 60 yards behind respectively.

The winners of the other featured races at Boston, Bernie McCafferty of Newark in the Prout Memorial 600; George Bullwinkle of New York in the Chevrus 1000, Joe McCluskey of Fordham in the two mile and Dick Bell of Massachusetts Tech in the sprint, also are slated to appear in the Millrose meet against powerful opposition. In addition to a number of experienced indoor campaigners, Frank Wykoff of Los Angeles, one of the greatest outdoor sprinters, will try the board floor for the first time and a flock of other newcomers to the eastern indoor circuit will appear.

Mrs. Hill And Mrs. Drennan Hold Lead

MIAMI, Fla., Jan. 30 (AP)—Mrs Opal S. Hill of Kansas City and Mrs. Estelle Drennan of Tulsa Okla., co-medalists, led contestants into today's match play in the Miami-Biltmore women's golf tournament or the Grace Doherty trophy.

The westerners held identical cards of 44-44—88 to tie for the medal prize. Another Oklahoman Mrs. Tom Wallace of Sapulpa, with 43-48—91 was the runner-up.

Mrs. H. B. Sterrett of Hutchinson, Kans., last year's winner, was forced out of the tournament because of a foot injury.

She said she expected to be recovered sufficiently to compete in the La Gorce women's tournament later in February.

MEAT, POTATOES *and* GRAVY

MANY a meal is built around these three standbys — meat, potatoes and gravy. Invariably they are the first dishes that come to your mind as you plan your dinner.

But in spite of their hunger-satisfying and nourishing qualities, this time-honored triumvirate can become monotonous unless it is supplemented by other dishes.

However, it is often a problem to find these "side dishes" in your own head. Of course you can quiz your neighbor, or ask the members of your family what they would like. But even this source of information is often lacking in ideas.

The thing to do is read the advertisements in your newspaper. Every Friday evening and Saturday morning your local markets display their foodstuffs on those printed pages. You'll read of new vegetables and fruits that have "just arrived." Your appetite will be aroused by the tasty creations of national food manufacturers. With pencil and paper you can make your market list and menus before you step out of the house.

Speaking of monotony, consider this. There are 11 different cuts of beef, 9 cuts of veal, 7 of lamb, 10 of pork; there are at least 20 different breakfast cereals sold in every store, 16 different canned vegetables, 6 canned fruits, a dozen or more canned meats and fish, numberless varieties of cakes and crackers. Why should there be monotony in meals with such a variety of foods available at your store and so many of them advertised in your paper?

BAND MASTERS HOLD CONFAB

McCRACKEN IS AGAIN NAMED PRESIDENT OF TEXAS ASSOCIATION

WACO, Jan. 30 (AP)—Everett McCracken, Baylor university band master, was reelected president of the Texas Band Masters association in convention here. The meeting ended yesterday.

Other officers reelected were Earl Irons of Arlington, vice-president; D. O. Wiley, Simmons university director, treasurer; R. J. Dunn of Texas A. and M. college, secretary; and E. M. Shepperd of Temple, chaplain. Lyle Skinner, director of instrumental music in the Waco schools, was elected sergeant at arms.

To Promote Band

A committee was appointed to promote an all-state band composed of the best high school talent in Texas. It was suggested that the band be of 100 pieces and hold its first meeting at Lampasas in August at the band teachers' school.

The association went on record as favoring expansion of high school curriculum in the state to include four units of band music.

District officers elected were: Southern—Joe Berryman of Edinburg, president; Warren E. Reitz of San Antonio, vice-president; R. A. Tampke of San Marcos, secretary-treasurer.

Eastern—Joel Trimble of Corsicana, president; Walter Honeycutt of Marlin, vice president; Dean Shank of Waxahachie, secretary.

Western—Earl Irons of Arlington, president; Earl Ray of Wink, vice-president; and D. O. Wiley of Abilene, secretary-treasurer.

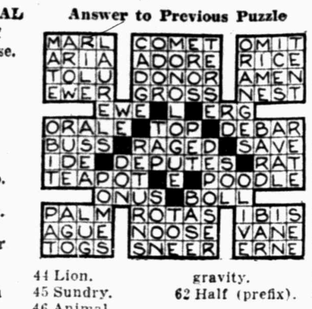

An entertainment feature Sunday was a concert by the Baylor university band.

PLAN MORE PLANES

TOKYO.—The conflict in Manchuria and Shanghai has brought home to Japanese military experts more than ever the value of aircraft in warfare. At present the Navy Department is discussing with the Japanese treasury budgets which include about $21,000,000 for five new naval air bases and provisions for one 13,000-ton aircraft carrier allowed in the London agreement.

BRITISH LABOR WORKS ANEW

MINORITY TIGHTENING LINES FOR LONG PARTY BATTLE

BY EDWARD STANLEY

LONDON, Jan. 30. (AP)—England's labor party has gone into the new session of parliament with something of the feeling Noah must have experienced when the dove brought back the first sprigs of green.

By-elections which labor has won or contested closely, the dole difficulties of the conservative majority and accessions from the further splits among the liberals, constitute the laborites' signs of hope since the tory deluge washed them out of office more than a year ago.

Has Bold Program

That flood swept all except a handful of laborites out of the house of commons, but since then the party has devoted much time to heart-searching and to reorganization. Furthermore, it has developed a bolder program.

Sir Stafford Cripps, discussing the future of the party, suggested that its past led many "to regard its aim as being organized state charity rather than a fundamental change of the whole economic system."

Too much stress, he believes, was put on the dole, old-age pensions, workmen's compensation and similar matters, obscuring the more important economic features, such as "cooperation, planning and control."

The organization is rid, too, of the internal bickerings which marred the MacDonald-Snowden reign over the party. There is great bitterness in the party against MacDonald and Snowden, who are regarded as traitors, but the leaders say it is a good thing they are out of the party.

Loses Left Wingers

The labor party also has shed its revolutionary wing under the leadership of James Maxton. This action, too, is something of a relief.

In the main the few members in the commons under the independent banner can be counted in the labor fold, but it is safer not to do so. Some of the original Maxton group refused to split away and have remained in the regular ranks.

Still another point aiding the labor party has been the record of this government. In foreign affairs it has hardly improved Henderson's success; at home it faces the largest unemployment in the nation's history.

Election Far Away

Again, the virtual dissolution of the liberal party, a split into half a dozen groups, tends to increase the labor ranks rather than those of the conservatives.

Meantime, the conservatives and MacDonald's national laborites keep a firm hand on the helm. Some observers think an election can be expected within two years but not sooner.

Helps Blind to See

A pair of telescopic magnifying glasses which provides vision to many who have heretofore been considered blind has been evolved by Dr. William Feinbloom of New York shown above, with the new spectacles. After seven years of experimentation, Dr. Feinbloom declares about 40 per cent of the present classified blind population will be helped with the new lenses.

FARMERS SEEK PROTECTION

TEXAS GROUP FORMED; ASKS RELIEF FROM FORECLOSURES

MIAMI, Jan. 30 (AP)—Four hundred farmers and ranchmen from Hemphill, Roberts and Gray counties Saturday afternoon organized to seek relief from mortgage foreclosures.

B. F. Jackson, prominent ranchman of this county, was named president.

Maj. E. A. Simpson, Amarillo attorney, addressing the meeting, urged the men not to go to extremes of violence practiced in other sections of the country but to go about getting their relief peaceably by calling on their state and national legislators for emergency relief.

He pointed out that a moratorium on debts is a possibility and urged that such organizations as the one formed here pass the strongest kind of resolutions to their congressmen and representatives.

Gene Howe, Amarillo publisher, said that conditions now are worse than in war time and that emergency action is more necessary now.

EL PASO, Tex.—It is rather hard to believe, but Fred Logan charges Amelia Gonzales with the theft of an entire house. Logan reported to detectives that thieves took an entire house piece by piece. He identified the plumbing fixtures which were taken from Gonzales and another man after a running fight.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Jan. 30 (AP)—Cotton opened easier in fairly good trading today. Liverpool came in considerably worse than due and first trades here were five to six points down. Private cables said the lower Liverpool was due to unfavorable political developments on the continent. Cotton here continued to ease off after the start on hedge-selling and selling by ring traders. March declined to 6.01, May to 6.14 and July to 6.25, or 8 to 9 points down from Saturday's close.

Near the end of the first hour the market was a shade steadier, rallying one to two points from the lows.

Following the moderate spurt of activity in the first hour, the market became quieter but prices gradually improved in sympathy with steadier stocks and due to a little short covering. Around noon, May traded up to 6.18, July to 6.30 and October to 6.48, or 4 to 5 points above the early lows, but still 4 points under the previous close.

At noon the market was quiet and steady, holding at the highs.

NEW YORK REPORT

NEW YORK, Jan. 30 (AP)—Cotton opened barely steady, 7 to 10 points decline on lower Liverpool cables and March liquidation. March 6.03; May 6.15; July 6.28; Oct. 6.46; Dec. 6.60; Jan. 6.64-old.

Houses with Liverpool and continental connections were sellers at the opening and the pressure proved sufficient to send prices down to 6.01 for March and 6.26 for July or about 9 to 11 points net lower. There was also some scattered southern selling but offerings were absorbed by covering and trade buying, and prices rallied 4 or 5 points from the lowest. March was holding around 6.04 at the end of the first half hour.

The market held steady later. There was not much selling pressure after initial offerings had been absorbed on further trade buying and covering. March sold up to 6.07 and July to 6.32, with the market at midday showing net declines of about 3 to 5 points.

Grain Market

CHICAGO REPORT

CHICAGO, Jan. 30 (AP)—Downturns predominated in grain values early today. The weakness was associated with uncertainties in financial and legislative circles and with 3,500,000 bushels increase of the amount of wheat on ocean passage.

Opening at 1-4 decline to a shade advance, wheat later sagged all around. Corn started unchanged to 1-8 lower and subsequently held near the initial limits.

Stock Market

WALL STREET REPORT

NEW YORK, Jan. 30. (AP)—The stock market drifted on an almost even keel today.

The list remained extremely sluggish, but rails showed a little firmness as the session wore on, and a somewhat easy tendency noted elsewhere in the list was soon overcome.

Norfolk and Western rose 1 1-2 points in a small turnover, and Delaware and Hudson and Canadian Pacific, about a point. Union Pacific, off a little at the start, recovered. U. S. Steel common was steady, and the preferred, up a fraction. American Telephone, off a major fraction in the early dealings, erased its loss before midday.

HARD TO ENTER

EL PASO, Tex.—Anastacio Vega found that it is almost as hard to enter Federal Prison as it is to get out. Several weeks ago Vega was fined $100 for violation of the prohibition law. He pleaded with the judge to let him have a month to pay the fine because his wife was going to have a baby. The judge agreed. When Vega reported at the federal detention farm to serve 30 days in default of the fine he had to plead with the doorman, who thought he was joking, to let him in.

Jones was found guilty of stealing an automobile by means of a "spider," an electrical device for starting cars without the ignition key. He confessed to six other cases of auto theft and received a three-year sentence for each case, but the sentences will run concurrently.
