Big Dollar Day Set For November 6

Earth's First Big Dollar Day Event will be staged Monday, November 6. This will doubtless be a big day for shoppers who come to Earth for Dollar Day Specials as Earth merchants begin early last week making preparations for the Big Event.

Monday's Dollar Day will mark the beginning of Earth's big all-out effort to be 100 per cent cooperative in a town-wide promotion to attract area shoppers to Earth to shop.

Dollar Day has been discussed for years by interested groups looking for some way to promote Earth as a better shopping center. However nothing definite and concrete was ever decided until at a town-wide meeting recently when the group voted to stage the Big Monthly Dollar Day Special Event.

All merchants attending the meeting voted to participate in the city-wide special promotion to be held the first Monday of each month.

Earth merchants are busy setting up special buys for the big kickoff Dollar Day Event, and the Earth Chamber of Commerce is hoping this will be met with 100 per cent participation among Earth merchants.

Dollar Day specials will appear in next week's issue of the Earth News-Sun and will be Box Holders to all the trade area. Merchants are asked to cooperate by getting advertisements in early Friday, Saturday or Monday.

Area shoppers are urged to read over these specials carefully and note prices carefully as we think we have the best prices in the area.

Dimmitt Residents Remain In Amarillo Jail In Lieu Of Bond

Three Dimmitt Residents remained in Potter County Jail in Amarillo Wednesday in lieu of bond set at \$2000 each on burglary charges.

Randall Lamar Follis, 21, of 806 SW 6th in Dimmitt and Charles Ray Houtchens, 30, of 311 N. Broadway in Dimmitt, were charged with burglarizing Hub Clothiers in Sunset Center on the night of September 14. More than \$2600 in clothing was taken. Bond was set at \$2000 each by Judge Roberts.

Houtchens, Follis and his wife, Mrs. Helen Marie Follis, 22, were all charged with burglarizing Price Supply Co., 400 NE 3rd, on the night of August 2. The loss was about \$5000 in cash and merchandise.

Residents of Dimmitt formed an almost steady parade late Saturday as they drove past the homes of Follis and Houtchens where lawmen sorted thousands of dollars in clothing, electrical appliances and other merchandise accumulated by the group during the past nine months.

Houtchens, a life-long resident of Dimmitt and that city's only commercial photographer, took officers upstairs above his photography studio to point out stolen items.

Follis and his wife of seven months were in the process of moving from one house to another. Stolen merchandise was located in both houses. Follis was a Dimmitt furniture salesman.

Funeral Services Held For Father Of Local Resident

L. R. Mason, 77, a resident of Garza County since 1920, died about 6:30 p.m. Wednesday at Plainview Hospital and Clinic, to which he was admitted about a month ago.

He had suffered a series of strokes since undergoing surgery shortly after entering the hospital, with one occurring Monday before his passing the following Wednesday.

Funeral services were held at 2 p.m. Friday at the First Christian Church of Post with burial in Terrace Cemetery under direction of Mason Funeral Home of Post.

Survivors are the widow, of Post; three daughters, Mrs. W. C. Maxcy of Earth; Mrs. Arvil Smith of Post and Miss Ruby Mason of Plainview; six sons, Thomas B. of Tahoka; Chester R. of Anaheim, California; C. Lee of Post; Robert L. of Lubbock; W. Benton of Shallowater and Harry W. of Cincinnati, Ohio; 26 grandchildren and 6 great grandchildren.

Serving as pallbearers were the following grandsons of Mr. Mason: Thomas B. Mason, Jr., Charles Ray Mason, Lonnie Mason, Derl Mason, Freddie Maxcy, Harry Lee Smith, Clinton Smith and Lexie Branscum.

Mr. and Mrs. F. M. Franks, Arch, N. M. visited Friday morning with Mrs. Roxie V. Seymour.

A clothes filled closet across one end of a bedroom was almost bare when the stolen suits, trousers, scarfs, shoes and other items had been removed. A television set suspended from the ceiling of the bedroom was removed by officers and a color television set was taken from the living room of the lavishly decorated and furnished apartment.

When all the stolen articles from Houtchens' home and studio had been removed and loaded into an Amarillo police panel truck and a pickup truck, the group then moved southward across Dimmitt past businesses that had been burglarized by the pair to Follis' new home.

Almost every item of furniture and clothing in both the Houtchens and Follis homes was new. Nothing taken by the trio had been disposed of. Careful searches of the houses, including forays into the attic, turned up nearly every item on the seemingly endless list of stolen merchandise.

Both Follis and Houtchens were able to identify the items that had been stolen. They could tell the officers from which store in which town the article had been taken.

Follis and his wife of seven months were in the process of moving from one house to another. Stolen merchandise was located in both houses. Follis was a Dimmitt furniture salesman.

The hows and whys of the crimes were not explained by any of the trio. Mrs. Follis tried to explain it when she said, "It was a matter of having too much and no responsibility."

"When you get something, you always want more," she said. "We always wanted more."

Houtchens and Follis began their burglary careers with a house burglary that netted them \$2868 in cash. The money was stolen from the home of Harmond Arnold in Dimmitt.

Arnold died several days earlier and the house was locked up. The pair believed the elderly semi-retiree had hidden money in the house. Their four-hour search of the premises turned up the bills hidden beneath a rug under the bed in which Arnold had slept.

It was this money that financed the marriage of Follis and Helen Marie. It was also this money, that smelled of mold when they found it, that financed the lavish redecoration of Houtchens' apartment.

Another burglary attempted by the pair in Dimmitt brought the Federal Bureau of Investigation into the picture. The trio fashioned a wire hook from metal and went to the First State Bank of Dimmitt where they spent almost an hour trying to fish out sacks of money from the bank's night depository. They were unsuccessful and left the hook behind.

Mrs. Follis admitted participating in three of the burglaries — those of the Price Supply Company of Amarillo, a dress shop in Farwell and a clothing store in Lubbock.

In the burglary at Lubbock the trio stole over \$800 in cash from Dunlap's.

An itemized list of the burglaries committed by Houtchens, Follis and his wife included Brown's Texaco, Bob's Supermarket, the Arnold home, Tremble Barbershop, McGowan's Garage, Kirkpatrick's Service Station and the Dimmitt High School, all in Dimmitt; the Littlefield High School, Hereford High School, a Muleshoe service station, a service station in Sudan, a service station in Lubbock, a lumber yard in Clovis where \$500 was taken and Paul's Carpet Mart, Price Supply Co., Hub Clothiers and the Sears-Roebuck store, all of Amarillo.

When the trio was arrested after an unsuccessful burglary attempt late Friday night, again at the Sears-Roebuck store at Sunset Center, they were broke. All of the money taken in the 21 burglaries, which netted them well over \$5000 in cash, had been spent. Most of the money went to pay the bills for higher living, they said.

Our Gold Medallion Home gives us more time for family recreation!

says the CLEO SMITH
family of Olton, Texas

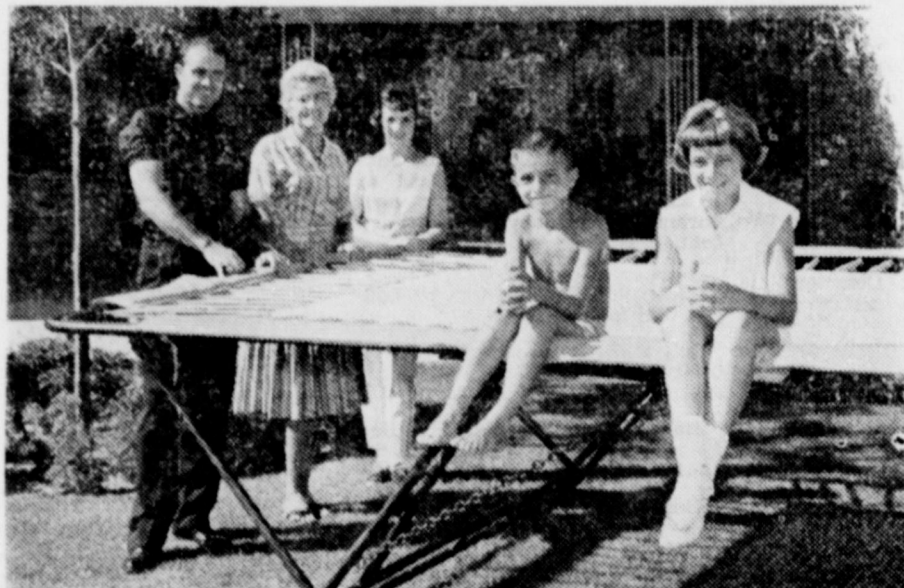

The Cleo Smith family is enjoying the finest in modern living — an all-electric Gold Medallion Home . . . even to the heating and water heating. Full wintertime comfort is gained with a 5-ton electric heat pump that not only heats in the winter but gives delightful summertime comfort during hot weather. Water heating is easily and economically accomplished with an automatic electric water heater. The Smith's home is another example of how easily complete electric living can be used for family comfort. The key is correct design, correct insulation and proper installation. Let your Public Service manager work with you when you are building a new home — do it right — make it a Gold Medallion all-electric home.

Mr. Smith poses next to 5-ton electric heat pump which adequately cools or heats the Smith's home — oftentimes does both — during spring or fall when days are hot and nights are cool.

This family portrait pictorially shows the delight the Smiths have with their all-electric Gold Medallion Home. They're a happy family and Reddy is proud that he contributes toward their happiness.

Outside fun is a regular pastime at the Smith home. Reddy Kilowatt is busy with the household chores while the Smiths relax at the trampoline.

Here is an outside picture of the Smith's lovely Gold Medallion home. Notice the wide overhanging roof which contributes to economy of summertime cooling.

All the Smiths enjoy their electric appliances. Here, Diane, demonstrates way in which she often bakes special recipes in the electric oven.

Donna, too, finds Reddy Kilowatt a willing household worker. All she has to do is push a button and the dishes get done cleaner and better than by old-fashioned hand dishwashing.

Mrs. Smith likes the cleanliness of electric cooking and the sparkling cleanliness of her electric range is proof only electric cooking cooks really clean.

Mark is one reason Mrs. Smith likes her electric clothes dryer. Here she shows how a pair of Mark's levis, after being washed electrically, are easily dried in the electric clothes dryer at a touch of a button.

Earth - Springlake Lions View Film On Acres of Cotton

A large number of Springlake Lions and their guests attended the Earth Lions Club meeting Tuesday at noon.

Billy Braden introduced the Springlake guests, Mrs. Hazel LaDuke and Mrs. Maggie Banks.

Mrs. H. S. Sanders and Mrs. Ross Middleton were also guests of the Earth Club.

Program chairman, Norman Hinchliffe introduced Mrs. Sanders, who spoke on the Town and Country Study Club Scholarship Fund. Mrs. Sanders stated that the

Town and Country Study Club had raised more than \$600 for the fund, through donations, teas, dinners, etc. A total of \$500 has been deposited in the bank to draw interest to send some other girl from this area to college. It is hoped that enough can be raised so that the interest drawn will be enough to send another girl to college.

Mrs. Sanders invited both the Springlake and Earth Lions Clubs to aid with the Scholarship Loan Fund.

Bringing the noonday program was a DeKalb representative from Lubbock who showed a film called "Acres of Cotton" which explained the work DeKalb was doing to produce a Hybrid cotton.

Immediately following the meeting the Lions began their candy sale to aid under privileged children. You will be given the candy for any donation you may make toward helping the crippled, blind and handicapped children.

Our Gold Medallion Home gives us more time for family recreation!

says the CLEO SMITH family of Olton, Texas

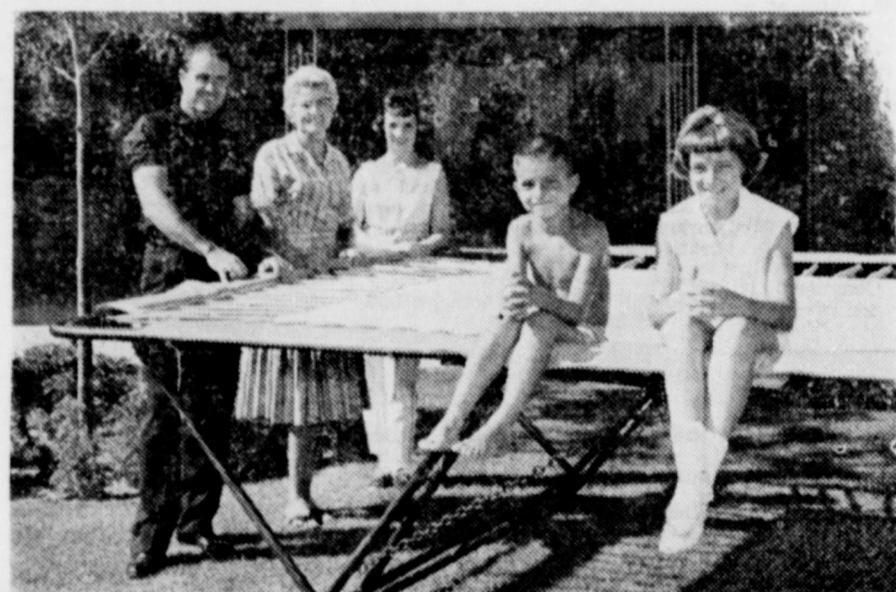

The Cleo Smith family is enjoying the finest in modern living — an all-electric Gold Medallion Home... even to the heating and water heating. Full wintertime comfort is gained with a 5-ton electric heat pump that not only heats in the winter but gives delightful summertime comfort during hot weather. Water heating is easily and economically accomplished with an automatic electric water heater. The Smith's home is another example of how easily complete electric living can be used for family comfort. The key is correct design, correct insulation and proper installation. Let your Public Service manager work with you when you are building a new home — do it right — make it a Gold Medallion all-electric home.

Mr. Smith poses next to 5-ton electric heat pump which adequately cools or heats the Smith's home — oftentimes does both — during spring or fall when days are hot and nights are cool.

This family portrait pictorially shows the delight the Smiths have with their all-electric Gold Medallion Home. They're a happy family and Reddy is proud that he contributes toward their happiness.

Outside fun is a regular pastime at the Smith home. Reddy Kilowatt is busy with the household chores while the Smiths relax at the trampoline.

Here is an outside picture of the Smith's lovely Gold Medallion home. Notice the wide overhanging roof which contributes to economy of summertime cooling.

All the Smiths enjoy their electric appliances. Here, Diane, demonstrates way in which she often bakes special recipes in the electric oven.

Donna, too, finds Reddy Kilowatt a willing household worker. All she has to do is push a button and the dishes get done cleaner and better than by old-fashioned hand dishwashing.

Mrs. Smith likes the cleanliness of electric cooking and the sparkling cleanliness of her electric range is proof only electric cooking cooks really clean.

Mark is one reason Mrs. Smith likes her electric clothes dryer. Here she shows how a pair of Mark's levis, after being washed electrically, are easily dried in the electric clothes dryer at a touch of a button.

Earth - Springlake Lions View Film On Acres of Cotton

A large number of Springlake
Lions and their guests attended
the Earth Lions Club meeting
Tuesday at noon.

Billy Braden introduced the
Springlake guests, Mrs. Hazel La-
Duke and Mrs. Maggie Banks.

Program chairman, Norman Hin-
chcliffe introduced Mrs. Sanders,

ners, etc. A total of \$500 has been

to aid with the Scholarship Loan
Fund.

Bringing the noonday program
was a DeKalb representative from
Lubbock who showed a film call-
ed "Acres of Cotton," which ex-

DOUBLE RETURN from these REA loans

Americans are getting a better-living bonus — plus their money back — from Rural Electrification Administration loans.

In the first place, Rural Electric Systems already have repaid nearly \$1 1/2-billion in principal and interest on their \$3 1/2-billion in REA loans. And their repayment record is 99.99% perfect — one of the finest in the history of banking.

Nearly 1000 Rural Electric Systems — mostly cooperatives — have invested these funds in 1 1/2-million miles of line and other facilities. Today nearly 17 million rural Americans, who found no other practical way to obtain electricity, depend on these rural systems for light and power.

Secondly, the Rural Electrification program has benefited all Americans:

- HIGHER RURAL LIVING STANDARDS — MODERN HOMES, BETTER SCHOOLS AND CHURCHES.
- MORE HEALTHFUL CONDITIONS FOR BOTH TOWN AND COUNTRY — A CENTURY OF PROGRESS IN JUST 25 YEARS.
- ABUNDANCE OF HIGH QUALITY FOOD FOR EVERYONE.

Springlake Wolverines Trampled By Kress Kangaroos Friday Night

By Bobby Sloan

Springlake Wolverines were trampled 27-14 Friday night in their second conference game of the season which was played at Kress. Both the Wolverines and the Kangaroos were unbeaten until Friday night so something had to break for one of the teams.

Springlake now stands 1-1 in District and 7-1 for the season. An overflow crowd of 2,200 fans were on hand to cheer both teams in their fight for victory.

It took two lightning fast touchdowns in the final quarter for the Kangaroos to win over the fighting Wolverines, as the game was tied 14-14 in the early part of the final period. Kress went into the victory column on a 55 yard scamper to paydirt by halfback Callendar and an 18 yard scoring toss from quarterback Chuk Saul to Callendar for the finishing touchdown. Saul passed to Callendar for two extra points after the last score with only 1:55 showing on the clock, which then flashed 28 points for Kress.

Springlake started the night's scoring after a game opening Kress drive stalled on the Wolverines 12. It took seven plays for the Wolverines to drive the distance. Hal Hudson ran twice to the 22, and then formed an almost unbeatable passing combo with halfback Ronnie Dent. Hudson fired passes to Dent for 5, 9, and 21 yards to put the ball on the Kress 32. From there he faded back about 10 yards and fired a strike to Dent on the one, who fell into the end zone with 1:37 left in the initial quarter. Jim Baldwin booted the point to make it 7-0.

The teams passed the ball around and then Curtis Foster grabbed Hudson's fumble, putting Kress in business on Springlake's 44, then Saul got 24 yards on a roll out that carried to the 26. Three plays later Jim Harris snagged Saul's pass in the end zone with 1:47 left in the half. Saul hit Mike Freeman for the extra points to put Kress in the lead 8-7.

At the beginning of the half, guard Dale Dent recovered a Kress fumble on the 27 yard line of Kress.

Hudson hit Dent with two passes that carried to the 8, and Hudson scampered around right end from there, for the tally with 9:11 left in the third quarter. Baldwin booted the extra point.

Later Foster recovered another fumble by Springlake on the Wol-

verine's 26. Two plays pushed to the 23 and Saul hit Callendar with an 18 yard pass to the 5. After two tries into the line, Saul went over right tackle for the tying score, but was stopped short when he tried to run for extra points.

Kress again set up business on their own 27, and the plays carried to Kress 45. Then Callendar took Saul's handoff and went straight up the field for the go ahead score but failed on the try for points.
