NUMBER 98

DEMOCRATIC PLATFORM DEMANDS ENACTMENT OF IMPORTANT LAWS

(By Associated Press)
WACO, Tex., Sept. 4.—The state convention at the morning session unanimously adopted all the resolutions submitted by the platform committee. These include:
Prohibiting teaching German in public schools and publication of German papers and periodicals.
New and more adequate blue sky law.
Texas senators and representatives to ask for \$50,000,000 for drought sufferers of state.
Pipe lines transporting gas be made public carriers under control of railroad commission.
Violation of election laws no matter where committed to be tried at seat of government.
Instructing secretary of state to refuse to certify to nomination of Archie Parr in twenty third senatorial district. To certify instead name of D. W. Glasscock.
For further purification of ballot, to make impossible repetition of conditions in Duval County.
Indorsing report of committee appointed, recommending abolishing of offices and departments designed to save for the state \$1,000,000 yearly.
Amend constitution to permit soldiers, marines and seamen to voting.
Urge constitutional amendment exempting these from poll tax payments discharged after January 31, from army or navy.

(By Associated Press)
WACO, TEX., Sept. 4.—Approval of the report of the platform committee and the formal nomination of Governor Hobby and the state officers were the only duties facing the democratic state convention when it resumed its meetings today and the probabilities were that an early adjournment would be reached.
Further debate on some of the resolutions adopted by the platform committee was expected in the convention while a number of amendments to the platform were expected to be further debated on the suffrage resolution. The committee recommended the submission both of state and national constitutional amendments to the people. There was a sentiment among some of the men to restrict the recommendations to state submission while a number of the women who have been most active in suffrage work were inclining toward limiting the recommendation to the national amendment on the grounds that if should be adopted and work for the state submission.
The convention has been harmonious and if there were men who resented the participation of women, the resentment was well concealed. The attendance was small comparatively.
Gov. W. P. Hobby was formally nominated by the state convention this afternoon amid great enthusiasm. Following the nomination of Hobby as the candidate of the democracy for governor of the state the other candidates were all nominated and the convention adjourned.

ORGANIZATION CANDIDATES IN NEW YORK WIN

(By Associated Press)
NEW YORK, Sept. 4.—With women voting for the first time in a statewide primary, the organization candidates of both parties were almost universally successful yesterday. The vote generally was light and no analysis was available early today which would show the division of the vote between the sexes, but the granting of critical equality resulted in nothing revolutionary.
On the face of incomplete returns the victory of Governor Charles S. Whitman over Attorney General Martin E. Lewis was even more of a landslide than it appeared early in the returns. The figures were: Whitman 197,427, Lewis 78,909, with 1,734 districts out of 5,781 missing.
Alfred L. Becker, deputy attorney general, who sought the nomination for attorney general, made the best showing of any of the organization candidates, but was defeated by Senator Charles D. Newton. Becker appealed to the republicans of the state, with the endorsement of Theodore Roosevelt, as the nemesis of German plotters and propagandists. The vote from 3,133 districts was: Newton 58,305, Becker 7,654.
Alfred E. Smith, president of the board of aldermen of New York City, snowed under William Church Osborn, for the democratic gubernatorial nomination. With 3,229 districts missing Mr. Smith's vote was 149,108 and Osborn's was 29,148. Osborn ran independently without organized support. The democrats had no other contest for state officers.

SEVERAL KILLED IN A WRECK ON MIDLAND VALLEY

(By Associated Press)
MUSKOGEE, OKLA., Sept. 4.—Several persons are reported injured in a wreck of Midland Valley passenger train number six, eastbound at Stone Bluff, 26 miles west of here at one o'clock this morning. Four coaches left the rails. All wires are down and details are meagre. A relief train left for the scene from Haskell at 10:30 and another from Muskogee at 11:30.

Prussian Dream Of World Mastery Has Been Banished

(By Associated Press)
CHICAGO, Sept. 4.—The Prussian dream of world mastery has been banished by industrial achievements as well as by the courage of armed forces, Lord Reading, British ambassador to the United States, said in a message read by Colville Barclay, British charge d'affaires, here at the United States government war exposition today, celebrated as British day.

"ON LAST LAP AND CLOSE TO WINNING POST"

(By Associated Press)
LONDON, Via Montreal, Sept. 4.—Paris newspapers today print the following semi-official statement: "The hour seems close at hand when the superb efforts of the Allies will begin to bear fruit, one of our great chiefs said yesterday. 'We are on the last lap and close to the winning post.'"

Lenine's Condition Reported Critical; Bullet Is Removed

(By Associated Press)
LONDON, Sept. 4.—The condition of Nikolai Lenine, the bolshevik premier, against whose life an attempt was made last Friday, has become highly critical, according to a dispatch from Moscow to the Central News Agency. The crisis is expected to last three days. Surgeons have removed a bullet from Lenine's body.

WILCOX NOMINEE OF REPUBLICANS IN WISCONSIN

(By Associated Press)
MILWAUKEE, WIS., Sept. 4.—On the face of returns received from about one-half of the state early today State Senator Roy P. Wilcox has defeated Governor E. L. Philipp for the republican gubernatorial nomination in the primary election held yesterday. While the lead of Wilcox over Governor Philipp is narrow the former's managers claim that when the final returns are in he will be victor by a safe plurality. Philipp ran far behind his vote of two years ago in Milwaukee county.

BRITISH SUBMARINE SINKS GERMAN U-BOAT

(By Associated Press)
LONDON, Sept. 4.—The sinking of a German submarine by a British submarine is reported by the Central News. The British craft fired two torpedoes. Both took effect. The German U-boat sank within fifteen seconds.

NONINDICATION INTIMATED HUN COUNTER STROKE

(By Associated Press)
LONDON, Sept. 4.—Today there was still no sign of the expected counter stroke on the western front which must soon be delivered if General Ludendorff wishes to save the situation. Prisoners speak of a great mysterious army headed by General Von Mackensen, which is ready to pounce on the Allies, but its whereabouts is unknown.

Germans Flee Du Nord Canal Region Enemy More Than Ever Disorganized

GENERAL MARCH DISCUSSES PLANS AND MOVEMENTS

ESTIMATED 250,000 TROOPS WERE LANDED IN FRANCE DURING AUGUST.
GRAVES AT VLADIVOSTOK
Thirty-Sixth Division Has Completed Debarcation at French Port.

(By Associated Press)
WASHINGTON, Sept. 4.—Arrival of Major General William S. Graves and his staff at Vladivostok to take command of all American forces fighting on the new eastern front, was announced today by General March.
General Graves took with him from the United States forty-three officers and 1,288 men who will join the regiments from the Philippines already on the ground.
General March announced today that the total embarkation of American soldiers for all fronts, including Siberian expedition had passed the 1,000,000 mark August 31.

In answer to a question General March said it was estimated that more than 250,000 troops had landed in France during August. The record for monthly shipment he added was 285,000.
The chief of staff identified the American unit which participated in the Flanders advance as the Thirtieth division, composed of troops from Tennessee, North Carolina and South Carolina.

Military Situation.
"Taking up the military situation General March said the object of the Canadian drive across the old Canal du Nord, which was now within 7.2 miles of the British advance, resulting to unofficial advances.
The French advance north of Soissons resulted in the capture of Tenny Sorby was participated in by the Thirtieth division, composed of Michigan and Wisconsin troops under Major General DeWitt.

Turning to questions as to location of various American troops, General March said the 39th division, composed of troops from Louisiana, Mississippi and Arkansas, was now in process of being landed in France.
The chief of staff said the thirty-sixth division composed of Texas and Oklahoma troops has completed its debarcation. The 25th division composed of Missouri and Kansas troops is stationed in the Vosges.
In this action east of Arras, General March said the British had crossed the so-called Hindenburg line on an eight mile front. He added that the maximum advance had been made since the drive started in Picardy and extended northward for fourteen miles.

DEATH SENTENCE OF TEN NEGROES COMMUTED TODAY

(By Associated Press)
WASHINGTON, Sept. 4.—Death sentences of ten negro soldiers who participated in the riot at Houston, Texas, August 23, 1917, have been commuted to life imprisonment by the president today.
In six other cases the president affirmed the death sentences because the condemned men had been found guilty of having deliberately and with great cruelty murdered a white man. This action, announced today by the war department, concludes the cases of twenty-nine negroes given the death penalty for their part in the riot. Thirteen were executed and the president was called upon to review the findings in sixteen cases.
The president found that the ten whose sentences he commuted had not been convicted of personally and directly causing deaths. The soldiers involved were not named in the war department's statement.

CALL TO OKLAHOMA BANKS FOR STATEMENT

OKLAHOMA CITY, OKLA., Sept. 4.—A call for the condition of all state banks at the close of business August 31 was issued today by State Bank Commissioner J. D. Lanford.

IN ORDER TO SECURE CONSERVATION OF WHITE PAPER, WHICH STOCK AT THE PRESENT TIME IS LOW, AND DURING THE PERIOD OF THE WAR WILL PROBABLY GO LOWER, THE WAR INDUSTRIES BOARD AT WASHINGTON HAS ISSUED THIS ORDER:

"Discontinue sending newspapers after date of expiration of subscription unless subscription is renewed and paid for."

The order carries with it as well as that all subscriptions must be paid for in advance. The object of this order is that newspapers shall only consume white paper for supplying actual paid in advance subscribers. In conformity with this war order the WICHITA DAILY TIMES has no alternative but that subscriptions be paid in advance and that all renewals be promptly paid for upon expiration or delivery must be discontinued.

RAIN PREVENTS OPENING OF WORLD'S SERIES

(By Associated Press)
CHICAGO, Sept. 4.—Today's game of the world's series was postponed until tomorrow on account of rain.
Fair weather is predicted for tomorrow and the diamond is being protected by canvases.

WIDER SCOPE FOR ESTABLISHMENT OF EXEMPTION CLAIM

(By Associated Press)
WASHINGTON, Sept. 4.—Much broader grounds for the establishment of claims for exemption from military service are provided in new regulations now being worked out by a joint War and Navy committee.
The regulations are based upon the change of a few words in the original draft law made in passing the new man power act.

The regulations are intended to be construed in a liberal manner and the law now provides persons may be given deferred classification when engaged in occupation of a necessary commercial, agricultural, or industrial character, which can be established as necessary to the maintenance of the national interest.
This section, officials pointed out today, with the regulations constructing it will definitely allow district exemption boards to exempt bankers and essential farm employees, men engaged in necessary commercial enterprises and essential workers for Red Cross and kindred organizations.

The organizations will not attempt specifically to define the status of registrants who shall be entitled to exemption but will allow the boards to work out the details after the authorization has been given them. It was said that the regulations would straighten out completely a situation arising since district boards in various localities have been tied out by that railroads and banks are not industries and that an importer of necessary war materials and his staff are not engaged in industry.
Since the requirement that a man exempted because of his occupation must be of such importance as to threaten the continuation of the enterprise in which he has been attached has been retained however, the sum total of exemption is next expected seriously to affect the net men power which will finally be placed in class one.

THREE KILLED; 75 INJURED IN EXPLOSION TODAY

(By Associated Press)
CHICAGO, Ill., Sept. 4.—Three persons were killed and seventy-five injured this afternoon by the explosion of a bomb in the Adams street entrance to the \$13,000,000 Federal Building. Hundreds of windows were shattered in neighboring structures and some of the injuries occurred in those. Policemen threw a cordon around the building as quickly as possible and compelled those who would have rushed into the building to wait until examination. It was rumored that the perpetrator of the deed had been caught but this was not confirmed at the time.

CAPTURE OF LENS IS CONFIRMED IN LATE DISPATCHES

(By Associated Press)
LONDON, Sept. 4.—The city of Lens has been definitely evacuated by the Germans, according to reports from northern France today. The British, it is stated, are ready to occupy it and only wait the raising of gas fumes remaining there.
Patrols protected against the fumes have entered the city, it is stated, and found it clear of the enemy.

SEVERAL THOUSAND MORE PRISONERS ADDED TO LISTS

(By Associated Press)
WITH THE FRENCH ARMY IN RETREAT, Sept. 4.—The Germans are in retreat on the French front east of the Canal Du Nord. French cavalry was in pursuit during the night and this morning had pushed to within two miles of Guiscard on the Noyon Ham road.
Exploiting their successes of yesterday the British today pushed forward to the canal du Nord and are establishing posts on the western bank. Attempts to cross the canal have in every case been met with heavy machine gun fire and it is evident the enemy intends to stand here as long as possible.

(By Associated Press.)
WITH THE BRITISH ARMIES IN FRANCE, Sept. 4.—British troops were reported this morning to have taken the town of Moeuvres, 3 1/2 miles southeast of Quant but the capture of the place was not confirmed. The Germans are in full flight in the region of the Canal Du Nord and appear to be more than ever disorganized. A thousand more prisoners were captured last night by Field Marshal Haig's forces.

(By Associated Press.)
The British have driven home their push through the Wotan line as far as the Canal Du Nord and as yet their progress is not reported checked.
Already the wedge they have driven into the German defenses in the sector between the railway centers of Douai and Cambrai is a menacing one to the enemy who must stop the British on the canal line here if he hopes to save these bases—vital points in the German defensive system in the west.

Disorganization in the German ranks is reported in unofficial advices from the front however and there seems to be more than a possibility that the enemy command will not be able to reconstruct its defensive formations even in time to hold up the British temporarily along the canal positions.
The main force of the British push seems to be in the direction of Cambrai along both the Bapaume-Cambrai and Arras-Cambrai roads, and in the terrain lying between these highways. In this area they are reported today to have captured the towns of Inchy-En-Artois and Moeuvres. This represents an advance of between 3 1/2 and 4 miles since yesterday beyond the southern section of the famous "switch" line at Quant.

Further south the British likewise have reached the line of the canal well down to Peronne on the Somme, making their front along this artificial waterway cover an extent of more than twenty miles. A number of attacks are reported to have even crossed the canal along its southern length, just to the north of Peronne.

The menace to both Cambrai and Douai may be indicated by the fact that the British are within five and a half miles of the outskirts of the former city and not more than six miles distant from Douai. At Inchy-En-Artois they are a little more than two miles from the Bourlon wood position which General Byng was temporarily anchored in his drive at Cambrai last fall, marking what was virtually his nearest approach to the city.

In the north the British have entered the village of Bapaume and the ridge to the east and also Leclercq. Field Marshal Haig's forces have entered the Vosges southwest of Bapaume and northeast of Peronne the enemy still is retreating.

The British have reached Molains and there has been fighting in the streets of the village. Other British forces have started moving in a southeasterly direction down the canal to meet another force coming up from Arras and are clearing up the Germans in that locality.

Bridges Are Destroyed.
The Germans have destroyed the canal bridges at several places, including that to the east of Bourges, fearing that they might be rushed and crossed.
In the north the Germans still are in retreat and in many villages in various localities the torch has been applied.

Numerous explosions also have been reported in the Vosges, apparently blowing up their works and stores.
The destruction of the Canal Du Nord crosses very clearly shows that the Germans are entirely on the defensive and have definitely decided at least for the present to take the defeat administered without counter attack.

The Germans in their full flight before the British show up undoubtedly even more disorganized than heretofore. Their general confusion is being constantly increased by the fire from the British guns.

Several thousand more prisoners were captured by the British during the operations last night and last night.

GENERAL MANGIN'S ARMY IS BUSY OVERCOMING BITTER RESISTANCE
(By Associated Press)
PARIS, Sept. 4.—General Mangin's army has been busily engaged in the last three days overcoming bitter resistance by the Germans to its advance in the southern area of the battle front. His progress was marked time in some instances and at points retreated slightly but they now have succeeded in getting the better of the enemy's defenses and have resumed their slow but sure advance. The forward push is threatening the important town of Coucy Le Chateau and has pushed further eastward in the flank movement to the north of Soissons.

While the western front battle is in full swing with the Germans hard pressed in the Vosges, the British are in the center of the central powers on the eastern front. The British line west of Cambrai is almost where it was last March when the German offensive began.

GENERAL MANGIN'S ARMY IS BUSY OVERCOMING BITTER RESISTANCE
(By Associated Press)
PARIS, Sept. 4.—General Mangin's army has been busily engaged in the last three days overcoming bitter resistance by the Germans to its advance in the southern area of the battle front. His progress was marked time in some instances and at points retreated slightly but they now have succeeded in getting the better of the enemy's defenses and have resumed their slow but sure advance. The forward push is threatening the important town of Coucy Le Chateau and has pushed further eastward in the flank movement to the north of Soissons.

While the western front battle is in full swing with the Germans hard pressed in the Vosges, the British are in the center of the central powers on the eastern front. The British line west of Cambrai is almost where it was last March when the German offensive began.

Revival Continues. The revival meeting at the Factory Methodist church will continue all this week.

GERMAN IDEA OF VICTORY DEFINED BY CROWN PRINCE

TO 'HOLD OUR OWN AND NOT LET OURSELVES BE VANQUISHED,' HE SAYS.

SPEAKS OF AMERICANS

Would Believe That U. S. Soldiers Do Not Know What They Are Fighting For.

By Associated Press. AMSTERDAM, Sept. 4.—The German idea of victory as defined by the German crown prince, in an interview published in the Hollaender Az Est, is an intention to 'hold our own and let ourselves be vanquished.'

Excuses German Retreat. In discussing the present operations on the western front the crown prince said: 'The enemy attacks and the withdrawal on our front at several places is often wrongly interpreted in some circles.'

Speaks of Victory. 'We speak of a "open victory," the crown prince said. 'The word victory must not be understood to mean that we want to annihilate the enemy but only that we mean to hold our own and not let ourselves be vanquished.'

Reverting to the question of what nation wanted the war, he declared that 'it was clear that England could take advantage of the opportunity.'

Repeating to the question of what he thought of the English, he said: 'I am aware of those accusations. Do I need to say that not a word of them is true?'

Repeating to the question of what he thought of the English, he said: 'I am aware of those accusations. Do I need to say that not a word of them is true?'

OFFICIAL

BRITISH TROOPS AT LINE OF CANAL DU NORD

By Associated Press. LONDON, Sept. 4.—In their push beyond the Drocourt-Queant line British troops have reached the line of the Canal du Nord, says Field Marshal Haig's official statement today.

Continuing their advance in Flanders, the British are approaching Neuve Chapelle and Laventie. In the same region they have gained possession of Sully-sur-Lautin and Nieppe.

Generally our troops have reached the line of the Canal du Nord and north of the Arras-Gommes road and have occupied Ecoust-St. Quentin.

In their advance the French took the Chapelle wood, northeast of Cheilly, and approached the town of Crisolles, three miles north of Noyon.

Along the Aisne the French captured the Chapelle wood, northeast of Cheilly and further south French elements advanced pursuing the enemy and are approaching Crisolles.

GERMAN PRISONERS EXPECTING ARRIVAL GREAT RESERVE ARMY

By Associated Press. LONDON, Sept. 4.—The progress of tremendous events on the battle front in France is being followed with almost breathless eagerness by the whole British nation.

Disastrous as the defeat already has been to the German position, it is not admitted that the probability of some defenses being organized behind the enemy lines in an attempt to check the Allied advance.

The World Moves On

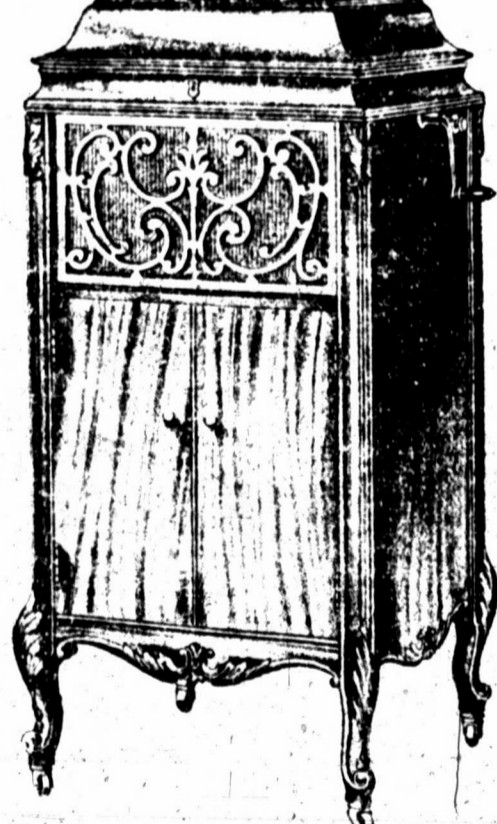

Printers thought the typesetting machine was not practical— The horse breeder said the automobile would never be in general use—

Even congressmen said "heavier-than-air" flying machines were impossible— The last to be disturbed by the wheels of progress is the single-record phonograph manufacturer, who says the playing of all records on one machine "cannot be done."

"Cannot Be Done" is now in the scrap heap, for— The Brunswick does it! It attracts the eye. It pleases the ear. It plays all records at their best.

It is All Phonographs in One. Hear the Brunswick First—Decide for yourself. The Brunswick All Phonographs in One.

\$100.00 Would Earn

In a 500 barrel well \$100 would earn \$900.
 In a 1000 barrel well \$100 would earn \$1,800.
 In a 2000 barrel well \$100 would earn \$3,600.
 In a 5000 barrel well \$100 would earn \$18,000.

Acreage Counts

Best opportunities are always found in acreage. All of our properties are in large tracts. Several wells may be drilled on each tract. We are protected against offsets. We meet government regulations.

Capital Stock \$45,000

SHARES SELLING AT PAR

We are organizing No. 4 Company on 8 acres just west of Burkburnett Refinery. We will drill TWO WELLS on this property. During the past few weeks more than 2,000 people have purchased stock in our Acreage properties. Each person is contented, happy, satisfied because they have no uneasiness about government restrictions.

FOUR VITAL POINTS

We have organized a series of companies, No. 1, 2, and 3, for development on acreage. No. 4 now organizing. Others to follow.

YOU SHOULD BUY WITH US:

1. Because will drill now.
2. Because our capitalization is lower.
3. Because our acreage is larger than others.
4. Because we are close in line with Big Gushers.

Market Report

AT THE THEATRES

Cotton Market

By Associated Press.
NEW YORK, Sept. 4.—A renewal of realizing and southern hedge selling caused a further sharp reaction in the cotton market during today's early trading. The opening was firm at an advance of five to seventy points with October selling at 36.75 and January at 35.75 on higher Liverpool cables. Liverpool buying and support from Wall street sources which may have been influenced by the favorable war news. Offerings were heavy with October casing off to 25.00 and January to 24.50, or 5 to 65 net lower. The southern selling was supposed to reflect increased spot offerings at the higher prices established by the bullish government report figures published yesterday.

Rallies of 35 or 40 points followed the early break and the market later in the morning was comparatively quiet with fluctuations irregular. The weekly report of the weather bureau was sufficiently mixed to be considered a stand-off, although holding out some hope that recent rains would increase yields to some extent should future weather be favorable. All day October ruled around 35.00 and January 35.10 or about 20 or 25 points net lower.

The cotton market closed barely steady.

New Orleans Cotton

NEW ORLEANS, Sept. 4. Irregularity prevailed in opening of the cotton market today, prices being 4 to 75 points over the close of yesterday. The demand soon slackened and the market reacted rather sharply, standing 40 to 55 points under yesterday's final prices at the end of the first half hour of trading.

The market turned quiet and steady with small movement in price. Toward noon the trading minutes were at a net decline of 40 points.

Further easiness developed and in the trading up to 1 o'clock there was a net decline of 25 to 30 points.

The cotton market closed steady at a net decline of 134 to 143 points.

Liverpool Cotton

LIVERPOOL, Sept. 4. Cotton spot quiet; market steady. Good middling 24.85; middling 23.85; low middling 23.75; good ordinary 23.75; ordinary 23.50. Sales 2,000, including 500 American. Futures closed unsettled. September 25.80; October 25.50; November 25.30; December 24.10; January 24.95.

New York Stocks

By Associated Press.
NEW YORK, Sept. 4.—Stocks were firm at the opening of today's market but developed moderate reactionary tendencies before the end of the first half hour as a result of bearish suggestions. Rally was again the chief sustaining influence, led by the transcontinental group, which rose large fractions.

United States Steel was virtually unchanged on its initial offering of 5,000 shares but soon yielded half a point. Baldwin Locomotive, Studbaker and the petroleum were especially strong. Texas Company gaining three points.

Revival of speculative interests in steel, coppers and oils was observed in the afternoon some of these issues rising over best quotations of the morning. Tobacco and other specialties also improved but further selling of rails caused another setback.

Grain Market

By Associated Press.
CHICAGO, Sept. 4.—Forecasts of frosts in Wisconsin gave some appearance of strength at times today to the corn market. Opening prices, which varied from unchanged figures to 5¢ off, with September \$1.54 1/2 to \$1.54 3/4, and October \$1.56 1/2 to \$1.56 3/4, were followed by a material upturn all around but then by declines that in the September and October deliveries reached well below yesterday's finish.

Oats showed firmness owing to an absence of selling pressure. After opening 1/2¢ off to 3/4¢ up, with October 71 1/2¢, the market hardened out later to 72 1/2¢, and the government report which indicated that the bulk of the crop would not be safe from frost until September 15 or 20 led to a fresh upturn. Nevertheless the close was unchanged, September \$1.55 1/2 to \$1.55 3/4, and October 1.56 1/2 to \$1.56 3/4, 5¢ off to 5¢ advance compared with 24 hours before.

Provisions were dull and irregular.

ROMANCE AND WAR IN STRONG FEATURE

Both romance and war are welded in interesting scenes in "To Hell With The Kaiser," a tremendous screen production which will be the special attraction at the Majestic today and Thursday. This screen classic, a master-drama has been built along intimate dramatic lines rather than the spectacular and a romance with an American hero and heroine runs parallel with the expose of the Kaiser's machinations toward the conquest of the world.

DUSTIN FARNUM IN "NORTH OF FIFTY-THREE"

Although Dustin Farnum already has two automobiles, he is ordering a third from the East.

Mr. Farnum, who is to be seen in the William Fox photoplay "North of Fifty-Three," at Gen today, found that his motor car about Los Angeles was hampered by persons who abuse the traffic regulations. Consequently the third Farnum car will be of battle strength so that it can ruthlessly run down all law breakers.

DE SAULLE CASE BASIS FOR FEATURE PLAY

Thursday and Friday the William Fox photoplay, "Woman and the Law," will be presented at the Empress Theatre.

Based on the internationally sensational De Sauller domestic tragedy which attained world wide prominence, this picture represents the heights of graphic and realistic screen presentation, it is said.

Written and directed by R. A. Walsh, it shows with that director's famous fidelity to detail, the tragic ending of an international romance that began in South America, unfolded in France, and came to its moral pointing termination in New York City.

GLADYS BROCKWELL IN "THE DEVIL'S WHEEL"

"The Devil's Wheel," William Fox features, starring Gladys Brockwell, the attraction of the Empress today.

The story of the photodrama deals with the adventures of a gently reared young French girl, whom force of circumstances throws into the life of the Parisian underworld. There she becomes the queen of the Apaches and falls in love with their leader. The picture is remarkable for its color and fidelity to life. The production, which is turned out with all the splendor and thoroughness for which Mr. Fox is famous, was staged by Edward J. Le Saint.

Miss Brockwell gives an excellent portrayal of the Apache girl.

FEATURE PLAY ON AT PLAZA TONIGHT

"A College Widow," one of the best features in the repertoire of the Cinderella Girls, playing at the Plaza this evening.

A number of special song hits are included in tonight's program.

MAJESTIC

TODAY AND TOMORROW

"To Hell With the Kaiser"

WITH LAWRENCE GRANT taking the part of THE KAISER
OLIVE TELL

The international star of LEST WE FORGET as the American Heroine.

The scenes beggar description on paper. The Kaiser's council chamber is shown, Belgian's villages are burned and destroyed, actual warfare in the trenches, a fleet of aeroplanes are shown in battle with rival aircraft.—In the realm of fancy the picture ends with the Kaiser going to his final destination.

With the exception of MY FOUR YEARS IN GERMAN "TO HELL WITH KAISER" is the best war picture that has been released to date.

Southern Woman's Magazine

A magazine chock full of interesting and entertaining reading. Some of the special features are—

"The Devil to Pay," a serial story of fascinating mystery and romance, begins in this number. The plot turns on the misplaced love and loyalty of a beautiful girl—on the ghostly voice of a murderer already dead himself—on some lost letters and the forgotten combination of a safe—and on the strangely tragic failure of a hangman's rope. The whole story is a baffling bit of love and mystery that holds its readers breathless through all the varying phrases of its plot. The author of the story, Frances Nimmo Green, is a Southern writer, already known everywhere for the strength and charm of her books. This new story will run through five numbers of the Southern Woman's Magazine.

In this number also begins a two-part serial, "The Broken Pitcher," a love tale of Charleston, by Nathalia Whalley Jenkins, a deliciously fresh and poetic little story, and one that takes a charming hold on its reader's fancy.

Of two splendid and human stories from the battlefields of France, one, "With the Friends in France," tells of the work of the Quaker Relief Unit, as set down in the simple, everyday records in the diary of Owen Stephens, the earnest young son of Charles H. and Alice, Barber Stephens, the well-known artists and illustrators.

"News From the Front," by George W. Simmons, is written also from the very heart of the great conflict. The article is graphically illustrated with photographs taken by the writer himself.

In this issue also there is a new installment of a department of Southern news, "Straight From the Heart of Dixie," which constantly grows in interest and humanness. There is, too, a generous addition to the magazine's monthly list of war recipes, not only on the regular department page "For Patriotic Housewives," but in other cooking features of the magazine. On a page for "Better Mothers," also, all women who read its pages will be helped and interested by the detailed advice on baby health and happiness, and on childhood betterment.

There is a page for little children, too, by Maude McGhee Hankins, of Daddy Gander fame, a practical and most helpful article on canning, and a page of jokes.

"THE DEVIL'S WHEEL"

At Last—

After being disappointed the second time, we have succeeded in receiving "The Devil's Wheel," so don't imagine you have seen it as it has never been shown in Wichita Falls before.

Story of a girl who loses all memory and becomes a most vicious Apache despite her refined bringing up. DO WE ALL POSSESS TWO NATURES?

Another one of those Monkey Comedies. Just ask someone who saw it yesterday, something new and almost startling, you'll almost believe yourself and the monk on equal terms.

Offers Unusual Opportunity
 Oil Guaranteed or Money Refunded
 Read Our Subscription Contract
 SUBSCRIPTION

I, _____ of _____ Texas, hereby subscribe and pay to John O'Neil, organizer of the Burkburnett-O'Neil Oil Company, _____ Dollars in full payment for _____ shares of the par value of \$100 each, fully paid and non-assessable, of beneficial interest in said company and its property, subject to the following terms, conditions and agreements:

It is stipulated and agreed that the full amount secured by this subscription shall be deposited in trust in the First National Bank of Burkburnett, Texas, and shall not be used for any purposes except under the terms and conditions hereinafter set out.

In consideration of said payment, the said John O'Neil binds and obligates himself that he will, and at his own cost and expense, drill a well for oil on either Lots 9 and 10 in Block 2 of the Akers Addition to Burkburnett, or on a 7.12 acre tract out of the Wm. P. B. Dabose Survey, and being out of the N. E. corner of a 20 acre tract leased by him from J. G. Hardin, and if said well will be a producing well, fully equip same and supply the necessary tankage for handling this product of said well.

If oil in paying quantities is produced from said well, then the said John O'Neil shall cause to be filed and recorded under the laws of Texas, a corporation to be known as the Burkburnett-O'Neil Oil Company, with a capital of \$100,000.00 fully paid, and shall transfer to said company the oil and gas lease on said 7.12 acre tract, and an undivided three-fourths interest in and to an oil, gas and other minerals, in or under said Lots 9 and 10, Block 2, of the Akers Addition to Burkburnett, Texas, together with said well and all equipment connected with same, and shall issue to the above named subscriber capital stock in said corporation of a par value equal to the amount paid by him, as above shown, whereupon, the said John O'Neil shall be entitled to and shall at once have and receive, the amount paid to said bank in accordance with the terms hereof.

If oil in paying quantities is not produced from said well, the amount paid, as above shown, by the above named subscriber shall be at once returned to him in full, unless said John O'Neil shall, within twenty days from the date said well is completed, begin the drilling of a second well, and drill same under the same terms and conditions as above set out, in which event if oil is produced in paying quantities, said corporation shall be organized and said stock issued, and said stock issued, and money paid over, in accordance with the above, but if oil is not secured from same in paying quantities, then said money shall be returned to the above named subscribers.

Dated _____ day of _____, 1918. _____ Subscriber.

Make all checks payable to First National Bank of Burkburnett, Texas.

J. A. KEMP URGES IMPORTANCE OF IRRIGATION PLAN

SAYS WICHITA FALLS SHOULD TAKE THE LEAD IN THIS MATTER.

MUST FIRST ORGANIZE

Calls Attention to Great Value of Moment to This Immediate Section.

"With the funds to carry out the project assured, by the national interest in reclamation of lands to provide homes for the soldiers who return from France, whether the Chamberlain-Smith bill passes or not, there is nothing left in the way of a successful organization of an irrigation district for the Wichita Valley territory and Wichita Falls should take the lead," said J. A. Kemp this morning in discussing the necessity of immediate organization of an irrigation district and providing machinery to put the irrigation project through.

"The Wichita River has been dammed and the flood waters of years past been stored up in an adequate reservoir, such as will be built if the project carries, the crop failures which have been prevalent throughout the Wichita river valley would not have happened. Farmers would have made from \$100 to \$200 an acre if they had planted nothing but cotton, there would have been no lack of pasture land for cattle and furthermore the city would have had an abundant water supply for anything that might have been needed. Of course it is too late to leave what might have been, but it is just the time to prepare to make any such crop disasters and water famines impossible in future.

Must First Organize.

"We must first organize and provide funds for putting the preliminary machinery in operation. An engineer, to make a survey of the course of the Wichita River, and to determine contiguous lands to be available for an irrigation district is of course the first necessity. The engineer will determine the size of the dam, the reservoir and will provide the plans for the project. An organization with officers and directors, to be in charge of the work is necessary, and it will be necessary to have a strong organization to preclude any possibility of the bond issue failing to pass.

"According to the best information available, the Chamberlain-Smith bill which is now before both houses of Congress, is sure to be passed, and may come up at any time. I understand that Senator Smoot, was the cause of the bill's being laid aside at the last session of Congress, because he said he had not read the bill, is now in favor of the bill, because he believes it will provide a means of giving returned soldiers farm land to cultivate, an irrigation district will work to reclaim lands at present semi-arid and not under cultivation. This bill provides national funds to purchase bond issues voted by irrigation districts to be used for the purpose of reclaiming lands. The bill doesn't pass right at present we can secure funds to finance the district at any time when the district is organized because of the great interest now taken in development of farm lands, and the cry for more production.

"Our task at present is to organize and be ready to take advantage of the government action. We must see to it that the farm lands around Wichita Falls become more or less devoted and semi-deserted. Now is the time to act, and Monday night when the mass meeting is held at the court house, every farmer, stockman or other business man can have an opportunity to share in one of the most important organizations, if not the most important that has ever come before the citizens of Wichita county."

LIONS CLUB TO PARTICIPATE IN RED CROSS DRIVE

Plans for the participation of the Lions Club in a drive for funds for the Red Cross for operating expenses during the winter were made at the regular weekly luncheon of the club today. W. M. McGregor, the county chairman of the Red Cross, and Fred Weeks were present for the purpose of asking the club's cooperation and this was heavily given. The president, C. E. Rodgers, the other officers and the board of directors of the club will form a committee to meet with the Red Cross directors and a committee from the Rotary on in Mr. McGregor's office at 4 o'clock this afternoon to make the arrangements for the drive.

Secretary Williams reported the progress made on the soldiers' club rooms, and the opening was announced for Saturday night, September 7. The Lions and Rotarians will form a committee of welcome to be present at the club opening.

Postponement of the sing song, announced for tomorrow night, until next week was announced, as Sam Losh, sing song director, failed to arrive today, and the weather was such that it would be impossible to hold the open air sing song tomorrow night. These were the other business matters to come before the club, outside the regular routine. The attendance was good.

Wichita Banks Have Wired Deposits for Fourth Liberty Loan

Wichita county banks have already wired their total deposits to the Federal Reserve Bank at Dallas and will receive their quota in the Fourth Liberty Loan in a short time, these quotas to be based on the deposits in the banks at the close of business August 31. This will mean, in all probability, a very heavy quota for Wichita county, as the banks at Wichita Falls have been swelled perceptibly during the past month by the oil boom at Burkburnett. Outside oil companies have paid big cash sums for oil leases and much additional outside money has been brought in by the numerous oil companies who are selling stocks.

The organization of the machine to put over the Fourth Liberty Loan has been perfected, the committee waiting on the assignment of county quota. R. E. Shepherd will probably continue as campaign manager, with J. A. Kemp as the county chairman. The drive for the loan will begin September 28.

Miss Katherine Cook, Piano and voice lessons. Fall terms begin Sept. 16th. Studio 1106 Burnett. Phone 549.

MAY REGISTER BY MAILING CARD TO PERMANENT HOME

Men who will register on September 12, that is men from 18 to 21 years of age and from 21 to 45, who are in Wichita Falls temporarily and who desire to send their cards to their home before registration day, the clerk of the Wichita county board announces. There will be a heavy registration and the board will be very busy, and those matters must be attended to early. Registrants in the coming draft are urged to ask for cards to be sent out of town by the latter part of the week or the first of next. Registrants expecting to be out of town on September 12 should also make arrangements now for registering.

The board also announces that all Class 1 men should make their arrangements to leave in September. All Class 1 men, except those registered on August 24, will be sent on calls up to September 31, from present indications and the August registrants will be called the first week in October.

Wichita county board is called to order at 8 o'clock on October 1st. The board is called to order at 8 o'clock on October 1st. The board is called to order at 8 o'clock on October 1st.

LOCAL CITIZENS NOT RESPONSIBLE FOR OIL MUDDLE

For several days there has been much comment and some criticism, of a number of citizens for a part they were supposed to have taken in the matter of the Burkburnett oil situation, and to clear this matter up the committee of five appointed to work out the details for the government program received this morning from W. G. Williams, federal fuel administrator in the oil division. The message is sent from Fort Worth and is as follows:

"I call your attention to the fact that some of your citizens are credited with having brought the Burkburnett situation to the attention of the federal authorities. Mr. W. F. McMurphy, of Bartlesville, Okla., brought this matter to the attention of the bureau of conservation, and no citizens of the state of Texas advised us in the matter until after the arrival of inspectors Donnelly and Dwyer. (Signed) "W. G. WILLIAMS."

MORE UNSKILLED WORKMEN NEEDED AT LEE HALL, VA.

Unskilled workmen in unlimited number are wanted at Lee Hall, Virginia, for work in the navy yards and a car of workmen will leave Wichita Falls on Monday, September 9, for this point. D. W. Mason, the examiner for the Wichita Falls district, is ready to take applications of workmen for this work. He announces that the wages are \$10 to the government standard, that board can be accepted for \$1 a day, and that transportation and meals, while enroute, will be furnished free to men working as much as 30 days. The men are not obligated to sign up for a certain period, but work can be secured for as long as one year.

Men must be between 20 and 55 to be accepted for this work. No men in class 1 of the draft can be accepted. All men who will register on September 12, may register at Wichita Falls before leaving, as arrangements have been made with the local board to do this.

Any further information may be secured by applying to the local office of the U. S. Employment Service, Department of Labor, on the ground floor of the city hall.

FAMILY REUNION AT HOME OF JACK GOTCHER

Mr. and Mrs. Will Young, of Cleburne; Mrs. George Schultz and daughter, Marguerite, of New Orleans; Mr. and Mrs. T. A. Evans, of Honey Grove; and Mr. and Mrs. Fred Stahl, and daughter Catherine, of Childers, who have been guests of Mr. and Mrs. Jack Gotcher in a delightful family reunion for the past week, returned to their homes Tuesday afternoon. The family was together at the home of Mr. and Mrs. Gotcher for the first time in about seven years and the occasion was one of unusual pleasure. On Wednesday evening of last week, the guests were honored with a reception and luncheon at the Gotcher home.

Work With Eye Comfort

Bookkeepers, stenographers, shipping clerks and others whose eyes are subjected to continuous, severe strain should consult us periodically as to their eyesight. Such consultation and examination will cost nothing and will be of great value in maintaining eye efficiency and health as well. Your eyes are vital; keep them valuable. See us today and find out all about them.
