White House Ordered Evidence On Reds Destroyed: Jenner

WASHINGTON (AP)—Sen. Jenner (R-Ind) said today the Senate internal security subcommittee will try to fix responsibility for an order which, he said, the White House issued in 1944 for destruction of some naval intelligence files on Communist activities.

This new turn in the Communist-hunting subcommittee's probes was the aftermath of Jenner's account of the episode to a dinner gathering here last night attended by Vice President Nixon and some 400 other guests.

This is how Jenner, the subcommittee chairman, related the story of the files:

They had been built up by a Navy counter-intelligence unit in New York which had an undercover contact in the Communist organization, he said, and "had the basic information on Communists in the maritime units, Communists on the waterfront and Communists in the convoys that went to Russia itself."

Robert Morris, who later became counsel to the internal security subcommittee, in early 1944 was a naval lieutenant attached to the New York counter-intelligence unit.

Victor Kravchenko, an official of the Soviet purchasing commission who broke with his Communist government, sought out Morris to give him information, Jenner said.

However, after one contact, he added, Washington sent orders to "let Kravchenko alone."

Continuing, Jenner said word reached New York that the counter-intelligence unit was to be broken up. Morris went to Washington to protest but, Jenner went on, "within a few days" the members of the unit were scattered "to the four corners of the earth," and the files were ordered destroyed.

Morris was transferred to the headquarters of Adm. Chester Nimitz, commander of the Pacific Fleet.

Jenner said Morris told Nimitz about the breaking up of the intelligence unit and Nimitz took up the matter with Adm. Ernest J. King, then chief of naval operations, when King came to the Pacific on a visit a little later.

Jenner said he got the rest of the story recently from an officer whom he would not name but who was on Nimitz' staff. Jenner continued:

"Nimitz told King what Bob Morris had told him and asked if it could possibly be true that such an incredible order could have been issued. Adm. King replied that it was true.

"'But who,' demanded Adm. Nimitz, 'could possibly have given such an order?' Adm. King replied, "The White House.'"

However, last night Adm. Nimitz said by telephone from his Berkeley, Calif., home, "I have no recollection of the incident at all."

Morris said in an interview he had not previously known of the Nimitz-King conversation described by Jenner. He said the officer who told of it is now an admiral.

The $7.50-a-plate dinner was held in honor of Morris, who resigned as the subcommittee's counsel last December to take office as a New York City municipal judge.

Missing Boy's Body Found In Church Ruins

HUNTSVILLE (AP)—The body of a 19-year-old Sam Houston State College student was found today in the ruins of a church which was destroyed by fire Sunday.

James Edmund Davis Jr. of Huntsville was last seen while carrying equipment from the First Baptist Church during the $300,000 fire.

The body was found by Fire Chief Buddy Baldwin and Ben Gresham, a member of a church committee which had been named to work with an engineer in probing the ruins of the church.

The boy's father, James Edmund Davis Sr., reported his son missing yesterday after a car the youth had borrowed was found parked a half block from the fire scene.

Miss Wilma Jo Nunez said young Davis failed to keep a date he had with her a few hours after the blaze.

Bobby Suggs, Hearne, Tex., roommate of the youth said he last saw him Jan. 20 when the fall term of school ended. Suggs said he returned to campus Sunday night and that Davis' bed had not been slept in. None of Davis' clothes were missing from the room, Suggs said.

College officials said young Davis did not register this week for the spring term, although it was known he had telephoned his mother in Chicago last Thursday to send him registration money.

West Trying To Talk On Unification Of Germany

Demos To Support Bricker Substitute

WASHINGTON (AP)—Sen. Knowland of California, the Republican floor leader, announced today that a substitute for the Bricker treaty-power amendment will be introduced in the Senate today "with substantial" Democratic support.

Knowland declared at a news conference to say whether Sen. Bricker (R-Ohio), whose proposed constitutional amendment has aroused vigorous opposition from President Eisenhower, would join in offering the proposal. Other Senators said this seemed unlikely.

"It is now my belief that an amendment will be offered today with substantial bipartisan support—it will be introduced before the Senate adjourns," Knowland said.

The Californian said that "substantial progress" had been made overnight in attempting to find language on which influential Republicans and Democrats could agree.

He declined to say, however, whether Sen. George (D-Ga) was joining in offering the new version. George previously had proposed an amendment of his own which Bricker found unsatisfactory although administration leaders gave it a generally favorable reception.

Sen. Bricker (R-Ohio) himself said yesterday the differences with the administration on his proposal "grow out a fundamentally different philosophy of government."

Even if an agreement can be reached which provides a middle ground for many senators, the big question seemed to be—

Can Senate leaders muster the necessary two-thirds vote required for a proposal to change the Constitution?

Or will those taking extreme positions on both sides join forces to prevent enactment of a compromise?

Some sponsors of the original Bricker amendment already were conceding privately it could not pass.

Apparently the substance of George's proposal was acceptable to the administration, since Knowland and other GOP leaders talked to the president at the White House yesterday, then returned to the Capitol to push ahead with their substitute.

The first section of George's proposal states that any treaty or international agreement in conflict with the Constitution shall not have any effect. This is substantially the same as the first clause in Bricker's amendment; Eisenhower does not object to it.

Scouters Hold Installation In Banquet Here

Lyle Deffebach, Snyder insurance agent, was succeeded by Roy E. Carter, Kermit oilman, as president of the Buffalo Trail Council of the Boy Scouts in installation of officers at a banquet in the high school cafeteria here last night.

About 250 persons attended the banquet which was highlighted by presentation of a cigaret holder to Deffebach as an appreciation gift.

The gift presentation was made by H. L. Wren, a former council president.

Another highlight was presentation of Silver Beaver awards to three men for their outstanding work in the council. Recipients of the Silver Beaver awards were G. D. Foster, insurance agent of Colorado City; R. J. Kneidl, Sr., employe of the Mid-Continent Oil Co., Odessa; and the Rev. Clyde Lindsley, pastor of the First Christian Church of Midland.

A skit showing accomplishments of the council in the past year was enacted by Snyder Boy Scouts, and directed by Bob Eastus, Snyder district executive.

A general challenge for supporting the work of scouting and promoting the growth of boys in scouting was the main address given by Harold W. Lewman, Dallas, regional Scout executive for region nine.

Rumors are circulating in Cairo that ex-Queen Narriman may wed Farid El Atrash, one of Egypt's top movie stars after—and if—she gets a divorce from former King Farouk. Narriman is shown at her Heliopolis villa near Cairo earlier this month.

Eight Indicted By Grand Jury

The county grand jury adjourned this morning, returning eight bills of indictment against six persons charged with committing felonies.

Those indicted were Luis R. Rivera, 21, Snyder, charged with driving while intoxicated after a previous conviction for such; Robert William Allen, Midland, charged with forgery and passing a forged instrument; Tommy Earl Lindsey, 25, 2206 Twenty-first Street, charged with forgery and passing; Velma Baker, 29, Stephenville, charged with incest and perjury (two counts); Emmett D. Baker, 37, Mineral Wells, charged with incest;; and Dwayne Harper, believed to be now a resident of New Mexico, charged with removal of mortgaged property on two counts.

The grand jury also investigated the county jail and, for the first time, at least in the last several years, commended the sheriff for keeping the jail in neat, clean, and sanitary condition.

The written report, in part, said: "We find the grounds outside the jail to have been repaired and put in excellent condition, so that not only is the outside appearance of the jail neat and clean, but the grounds have been built up to prevent flooding in case of high water in Deep Creek; that the kitchen of the jail is kept in a clean and sanitary condition, and the food for prisoners is well cooked and wholesome; that the jail throughout is kept clean and immaculate and in a sanitary condition. The condition of the jail meets with the unanimous approval of all members of the grand jury, and we think Sheriff Homer Whisnand is to be commended for the excellent job he has done."

It was signed by John A. Stavely, foreman of the grand jury.

Actor Taking Quarters In White House

WASHINGTON (AP)—A onetime union official and Franklin D. Roosevelt admirer has moved into the White House.

He's been a Republican for years, however, and he's on the employer side of the bargaining table these days. Most people know him best as an actor and television producer. His name is Robert Montgomery.

Reporters noticed the handsome, strikingly well-dressed Montgomery had been around the executive offices quite a bit lately. Yesterday they asked how come and got the answer: he has been given a White House office—but no salary—so he'll be handy to advise President Eisenhower on radio and television techniques.

The Montgomery-to-Washington move didn't surprise the former Hollywood star's friends. Montgomery has been keenly interested in politics for a long time, and was a likely candidate for assistant secretary of the Navy if Thomas E. Dewey had been elected president in 1948.

The new semi-official job of radio-TV advisor is only part-time for Montgomery. He's continuing to produce his Monday night television drama show "Robert Montgomery Presents." But he spends a lot of time at the White House—Tuesday, Wednesday and Friday this week, for example, even though no major presidential speech is scheduled in the immediate future.

He has advised the President from time to time before this, beginning with his Christmas Eve message to the nation. He directed, in effect, Eisenhower's television chat with the public early this month, and made suggestions for improving delivery of the State of the Union address.

One idea that paid off: raising the President's reading stand a few inches so Eisenhower could see better and the television cameras would pick up more of his face than of his not-very-well-thatched head.

In his Hollywood days, Montgomery was a leading figure in the AFL Screen Actors Guild and became its president.

He is a native of Beacon, N. Y.

Molotov Not To Be Pinned To Subjects

BERLIN (AP)—The Western Big Three devised a concerted plan of attack by parliamentary procedure here today to pin the Russians down to immediate discussion of German reunification.

The plan worked out by U. S. Secretary of State Dulles, British Foreign Secretary Eden and French Foreign Minister Bidault was designed to block any debate on the new Soviet proposal for a world disarmament conference including the Chinese Reds.

Dulles, the chairman for today's session of the Big Four foreign ministers' conference, planned to recognize Bidault as the first speaker. The French diplomat's reported mission was to take the kickoff in trying to get the conference immediately down to the German question.

Eden would be next to speak. Diplomats said he had a detailed paper ready outlining how all-German elections should be held. They said it would cover not only safeguards of freedom during the actual voting but also conditions which should prevail before, during and after the balloting.

Under conference regulations, Molotov would have the right to take the floor directly after Eden finished. The big question today was whether he would join in the debate on Germany or try to drag the discussion back to his proposal at the close of yesterday's session that the Big Four call a disarmament conference of both United Nations members and "the non-member states" — in other words, Red China.

Molotov earlier yesterday had appeared to clear the way for the discussion on Germany by agreeing to postpone until later secret sessions his original proposals that the Chinese Reds be invited to a Big Five conference on world problems.

Dulles, Eden and Bidault had rejected such a conference, but finally said meetings with Asian nations on strictly Asian problems might be possible. Thus they were willing to talk further in secret—and later—while going ahead in the main conference sessions with the German and Austrian questions which they insist are the conference's main tasks.

Then came Molotov's disarmament maneuver. The conference adjourned immediately after he introduced his resolution, without debating it.

American sources viewed the new disarmament proposal as a Soviet propaganda trick to impress Red China and to put new pressure on the West for a meeting bypassing the United Nations, which won't admit Peiping.

Board Of Directors Sets Up 'Open Staff' At New Hospital

The county hospital board for Cogdell Memorial Hospital last night officially formed an "open staff" of physicians (which is, at least in some respects, a closed staff) for control of medical practice at the county project, which is to open for business Monday.

After discussing for about an hour the various definitions and interpretations of "open staff" and "closed staff," members of the hospital board voted unanimously to create an "open staff," consisting of an active staff and four sub-staffs. Membership on the sub-staffs would be dependent upon the desire of the active staff with the approval of the board.

Before acting upon the matter of staff creation, R. B. Fulcher, administrator, read from a book, "Hospital Organization and Management," some definitions of open and closed staffs. According to the reading, an open staff would have to consist of at least active and courtesy staffs, the latter composed of doctors invited to be members of such by the active staff.

The book defined a closed staff as one by which the practice of medicine in the hospital was controlled by the active staff, which could invite other physicians to practice in certain cases. The book also stated that the danger of a closed staff was that "favoritism may develop" and that some physicians would be barred from practice by lack of influence with the staff.

The staff organized differs from the type of open staff by which any patient may be treated by any physician he chooses, regardless of acceptance or rejection of the active staff. This was called "no staff."

The sub-staffs agreed on last night were: (1) consultant-specialists in various phases of medicine, each chosen by the active staff; (2) honorary—physicians who were once active but have retired; (3) associate—junior physicians and physicians who live here but do not want to be members of the active staffs and (4) courtesy — physicians who have been invited to be members of such by the active board, these not having a voice in staff decisions.

The hospital board last night voted to make official the action of the staff which met in secret session the night before as a "group of doctors" rather than as a staff. This action was to invite Dr. John Y. Battenfield, owner of Battenfield Hospital, and Dr. Wilton N. Jones, staff physician of Battenfield Hospital, to be members of the courtesy staff. Also, the board voted to include in this staff the three practicing dentists in Snyder, Dr. John Hamblen, Dr. D. K. Ratliff, and Dr. Robert H. Hargrove.

The eight appointed by the board to the active staff were the eight who have been acting in secret as a group: Dr. Charles Ray Cockrell, Dr. John Oliver Broaddus, Dr. Carl A. Dillaha, Dr. Thomas Hartley, Dr. Sherman Harvey Merritt, Dr. F. M. Middlebrook, Dr. Robert F. Wasson, and Dr. Harry Walter Ward.

Speaking to the board concerning the organized staff, Dr. Ward, present last night, said: "We can recommend acceptance or rejection of a prospective staff member, and the board can act on his application."

The group of doctors meeting Wednesday night, according to the administrator last night, agreed to have a doctor on emergency at the hospital from 7 o'clock each morning until 7 o'clock at night and to have one on call at other hours.

When this matter was brought to the floor last night, Dr. Ward said: "I am going to make a statement, but this is definitely not for quotation. I definitely do not want to be quoted on this, and I mean that my name must not appear behind the statement: At Sweetwater, the active staff assumes responsibility of having some doctor on call and available at all times."

Dr. Ward also made some other minor suggestions. He, chairman of the group which was later made a staff, was the only one of the group present.

A matter discussed at length but on which the administrator was never completely satisfied was the procedure adopted by the board for payment of bills. The procedure in brief was that the administrator pay the bills by voucher to be honored by the county treasurer, then the bills be approved by the board and all warrants be approved by the commissioners court. Income through the hospital would

Group Asks Road In Lake Thomas Area

The State Highway Commission yesterday agreed to study a proposal from five counties in this area that an extended state highway designation be made on a road from Colorado City in a northwesterly direction.

The proposal was made by a delegation from Scurry, Borden, Mitchell, Howard, and Ector Counties. It was for a designation to extend State Highway 208, which now runs from Robert Lee to Colorado City, west to the Big Spring-Snyder Highway, north and just below the dam at Lake Thomas to the Knapp church, west to the Turner school, and north to U. S. Highway 180, which runs from Snyder to Lamesa.

Under this plan, existing roads would be tied together into a state highway. All of the roads included in the proposal are paved except for a strip about seven miles long from the Big Spring Highway to the Knapp church and a strip about two and three-fourth miles long from the Scurry County line west to the Murphy school in Borden County.

The commission told the delegation that funds are limited for the building of highways and that the commission would study the proposal for its benefit to the most people.

The new roadway from the Big Spring Highway north, in addition to adding to the tie-in for a state highway, would give residents of Big Spring, Odessa, and other points south a shorter route to Lake Thomas, which is a joint project of Snyder, Big Spring, and Odessa.

Judges of all five of the counties represented attended the hearing, as well as many of the commissioners. Included in those attending from here were County Judge Edgar Taylor, commissioners Pat Moore, Clarence Wade, Cullen Toombs, and Doyle Parmer; Stanley Noah, first vice-president of the chamber of commerce; and Bob Crowell, chamber manager. Judge C. C. Nunnally of Borden County and others from that county also attended.

Restaurants Charge From Four To Fifteen Cents For Coffee

By STEVEN V. DAVID

NEW YORK (AP)—Fellow out in Kansas says he makes money in his restaurant selling coffee at a nickel a cup. Restaurateurs in big cities are pushing prices up to 15 cents a cup.

How come?

The answer seems to lie in how many cups you get out of a pound, what kind of profit margin you want, and your overhead costs.

Restaurant men started talking about 15-cent coffee when the retail price reached $1 a pound. Because of a short crop in Brazil, further hikes in ground coffee are expected.

But Paul Park of Liberal, Kan., says he's going to stand firm at a nickel a cup because he's making $90 a week on coffee in his restaurant at that price.

Another Kansan, Jim Lofland, has cut the price to 4 cents. He says that's his break-even point and that coffee "is just an accommodation for our customers anyway."

But things are different in New York.

"We get 48 cups from a pound of coffee and estimate it costs us 8½ cents to put a cup of coffee in front of a customer," said a spokesman for the Childs Co., large Eastern restaurant chain. "We've been charging a dime for years and still do. But look what's happened to basic costs in that time!

"Coffee was selling for 29 cents a pound when we went to a dime a cup. Now it's 99 cents. Waitresses are making 10 times as much now. The cost of cream has tripled and sugar is twice what it was. A cup that used to cost 8 cents now costs 36 cents."

At the swank Waldorf-Astoria Hotel, where one man does nothing but look after coffee brewing, you'll pay 15 cents for a cup in the coffee house. The Waldorf said it doesn't have the exact cost per cup but that it gets only 34 six-ounce cups from a pound.

One large factor in the food field has its own formula for making coffee in restaurants.

"We recommend 2½ gallons of water to a pound of coffee," a spokesman for the firm said. "Allowing for water absorbed by the grounds, that's the equivalent of 41 seven-ounce cups or 57 five-ounce cups.

"We figure that with cream and sugar, labor and breakage, it should cost a restaurant about 3 cents a cup. So at a dime, it's making a good American profit."

Restaurants, as indicated by Childs' comment, disagree.

A leading roaster said it fears restaurants will start diluting coffee.

"Some of them get 70 cups to a pound now," this source said. "We'd rather see them serve a smaller cup than dilute it. The last impression a customer gets in a restaurant is made by the coffee he has."

The American housewife may complain about the cost of coffee, but a spot check failed to find many who knew how many cups they get to a pound.

Mrs. Mike Mock Sr. of New York estimates that a pound yields 36 cups of coffee—"and that's strong coffee." Roasters say an average of 40 cups is about right.

Will she go on drinking coffee if prices go up?

"We'll probably drink less if it gets more expensive," she said. "We'd rather cut it out than make it weaker."

The outlook for substitutes for coffee appears to be good. The tea industry is beamingly optimistic. And General Foods reported today that orders for Postum have picked up sharply.

be turned into the county treasury.

Fulcher said he would later decide what request he would make to the board to change its meeting dates. It is scheduled now to meet on Thursdays immediately preceding second Mondays. The present schedule is Feb. 4, March 4, April 8, May 6, etc.

The next board meeting, called last night, is to be at 4 o'clock Sunday afternoon, when the board will hear recommendations of Fulcher for setting of room rates.

The board voted after long discussion to require from each patient upon admittance either a hospital insurance policy or a cash deposit. The deposit requirement was set at $75 for obstetric cases, $100 for those expecting major surgery, $50 for those expecting minor surgery, and $50 for medical (non-surgical) cases.

The board agreed there would be absolutely no exception to the deposit requirement except charity cases.

It was voted that drugs ordered locally by the hospital in lieu of drugs the project did not stock would be purchased on a rotation system from the four Snyder pharmacies. This system is to be by months with Harris Pharmacy for February, Hall Drug for March, Stinson Drug for April, and Snyder Drug for May, etc.

The entire board was present, except for the county judge, Edgar Taylor, an ex-officio member. They were W. W. Park, Bill Davis, Jack Martin, Elza Rollins, Pat Falls, and Nolan Watson, chairman. Park presided during the early part of the session in the absence of Watson who succeeded him upon arrival.

4 FFA Boys At Stock Show With Lambs

Four Snyder members of the Future Farmers of America left yesterday for Fort Worth, where they will enter lambs in the Southwestern Exposition and Fat Stock Show.

Kenneth Goforth, high school agriculture instructor, accompanied the boys on the trip. They are Buddy Drum and Tommy Pate, senior students, and Elwyn Weathers and Frankie Minton, juniors.

Each of the four future farmers is entering one Southdown fat lamb in the medium wool class. The lambs are just under the 110-pound weight limit in that class. Their lambs will be shown at 9 o'clock tomorrow morning. The show lasts until Feb. 7.

Drum last year won the cross-bred division in the junior livestock show here with a lamb. He also placed fifth at a San Angelo show and third at a Sweetwater show in the cross-bred class. Last October, Drum took two Southdowns to the State Fair in Dallas and placed in the top 20. Two years ago, Drum showed the grand champion lamb in the junior show here. He also had the champion lamb in the San Angelo show.

Weathers last year had the reserve champion steer in the show here, while Pate had the reserve champion hog.

Little Interest In Snyder Day At Fort Worth Stock Show

Little interest has been shown in the designation of a Snyder Day at the Southwestern Exposition and Fat Stock Show at Fort Worth, according to Bob Crowell, chamber of commerce manager.

For the past few years, there has been a Snyder Day at the show. Last year, interest was little, and it has been very small this year.

Crowell said there is a possibility of a Snyder Day this year if there is enough interest to warrant it. The show ends Feb. 7, so there is limited time, he said. He asked that any person interested in the day call the chamber office.

DeMolays And Rainbow Girls In Installation

Installation services for the Snyder DeMolays and Rainbow Girls will be held at 7:45 o'clock tonight at the West Elementary School.

The DeMolays will also hold a re-dedication service for all members. The group has the area "roving robe," an award to the chapter traveling the longest distance with the most members to visit other chapters.

Here's Way To Raise Money

WASHINGTON (AP)—The office cocktail party started out the way they usually do, but the guest of honor turned it into a fight against cancer.

The call went out last Jan. 8: everybody chip in $3 each for a going-away party Jan. 22 in honor of John Leddy.

Four days later Leddy, an economic defense official at the State Department slated for 18 months' leave, put out an office memo of his own. It said the party was a fine idea but he thought he had a better one.

After the arrangements were made, Leddy said, doctors had advised one of the co-workers, stricken with cancer, that a leg amputation was necessary.

How about taking the money that would have gone toward the party, Leddy suggested, and pooling it as a fund to combat their colleague's cancer?

The idea caught on. The pool today boasts more than $700, with more rolling in.

If Women Do Not Have Needed Device, They Invent One

HOUSTON (AP)—Women's ingenuity startled social security clerks here as they opened up mailed requests for name changes on social security cards.

One married woman yesterday pinned together her old card and a note with a diaper-size safety pin.

Other devices included two ordinary safety pins, a thumbtack, a carpet tack, an adhesive bandage and two bobby pins.

Bondsman Just Too Eager For Business

DALLAS, Tex. (AP)—Phillip Hodges, 200-pound bartender in a downtown tavern, sprinted into the sheriff's office and collapsed into a chair to catch his breath.

As he panted and wheezed, a professional bondsman rushed up. "Tell me what you done before the city gets here, Phillip," he said. "I know you done something."

It took Hodges several minutes to explain that he was just getting out of the rain.

Three Youngsters Caught Pulling Their Third Robbery Job

HOUSTON (AP)—Three burglars captured inside the Joy Bar yesterday trembled nervously as arresting detectives entered the place with drawn guns.

Earlier, police said, the trio had sawed the hinges off a poultry store's safe in a vain attempt at entry.

But police thought the trembling trio shouldn't have been so embarrassed at their amateurish methods. After all, they explained, the bar was just their third job.

Detectives also pointed to the ages of the captives: 10, 11 and 13.

Fire Destroys Home In North Snyder Today

The home and all the personal belongings of the family of Mr. and Mrs. Ernest Lee, one block north of the North Elementary School, was destroyed by fire about 2:30 o'clock this morning, Ivan Gatlin, fire marshal, said.

Gatlin estimated value of the FHA-type home at more than $8,500.

"The walls are still standing, but the house and its contents were a total loss," Gatlin said.

The fire marshal quoted Lee as saying that the family was asleep in the house when he and his wife were awakened by a noise about 2:30 o'clock.

"I went in another room and the roof was just about ready to fall in," Gatlin quoted Lee.

Mr. and Mrs. Lee had only enough time to get their three children out of the burning house and did not have time to save any of their clothing or personal belongings, Gatlin said.

Three pieces of fire fighting equipment were sent to the blaze but arrived too late to save the building.

The fire broke out in the almost completely destroyed building a second time about 6 o'clock this morning, and a third time at about 9 o'clock today, Gatlin said.

The house was insured.

Gatlin said the Lee family is badly in need of clothing and bedding. Arrangements have been made to stay with next-door-neighbor until other living accomodations can be made, Gatlin said.

He said some clothing already donated to the fire department for such emergencies had been taken to the family, and he stated that any other such donations would be relayed to the Lee family.

Members of the family in addition to Mr. and Mrs. Lee are an eight-year-old son, a six-year-old daughter, and a three-year-old son.

Lee moved to Snyder in 1942, and Mrs. Lee is a native of Snyder.

Police On Hand For Parking Ticket But Not Automobile Theft

PHOENIX, Ariz. (AP)—It was a rough day for Byron Arnold when he paid a brief visit to downtown Phoenix.

He received a ticket for overparking in a 24-minute meter zone.

But later somebody picked the lock on his car and went off with an expensive pair of shoes. Police weren't around when the theft occurred.

Man Tries To Pay For Coffee With TNT

EASTON, Md. (AP)—Claude M. Johnson, 27, walked into a diner here Saturday, tossed two sticks of dynamite on the counter for a cup of coffee, and told the waitress to "change that."

Yesterday he started serving a 60-day sentence when he couldn't pay a $250 fine imposed by Magistrate Charles E. Wheeler on charges of possessing dynamite without a license.

Harry E. Clark, state's attorney for Talbot County, said Johnson had been police chief at Buchanan, Va., where he is wanted on a nonsupport charge. The Magistrate offered Johnson the choice of paying the fine or returning to Buchanan to face the nonsupport charge. Johnson chose to stay.

Another Russian Is Free From Malenkov

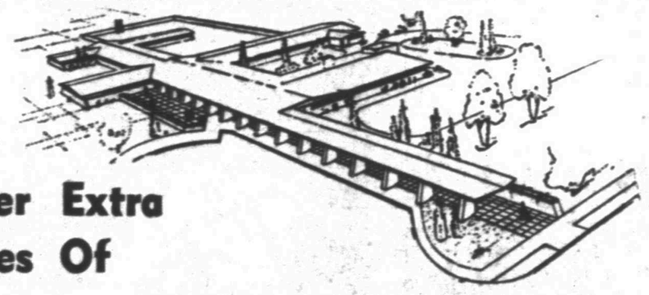

TOKYO (AP)—A secretary of the defunct Russian diplomatic mission in Tokyo has disappeared and the mission has asked Japanese police to search for him, police officials reported today.

The mission—which is not recognized by the Japanese government—told police that Yuri Alexandrovich Rastovorov, 34, was suffering from a "nervous breakdown."

But the newspaper Tokyo Shimbun said it had learned from a reliable source that Rastovorov disappeared last Monday because he feared for his life.

SOCIETY SCRIBBLINGS

For the name of the year, our nomination goes to ZAVALLA ZACHARIAS BOWEN.

It is for real, and Mr. Bowen lives in Snyder at 1008 Fourteenth Street. He's a roustabout for a major oil company, and there are strong odds that he gets as much gaff over his name as any other Texan on record. His father-in-law for example, referred to him as Zig-Zag when he was first baffled by the double Z.

But what do most people call him? Blackie.

Incidentally, Mr. and Mrs. Bowen, their two daughters and Mr. and Mrs. T. C. HOPPER, 1508 Twenty-seventh Street, visited Mr. and Mrs. B. E. Elrod in Wichita Falls last week end. Mr. and Mrs. Hopper had as guests Wednesday Mr. and Mrs. W. W. Early from Ballinger.

Mrs. R. J. RANDALS was definitely surprised to find her daughter-in-law, Mrs. JIMMY RANDALS, sitting in the living room when she returned from town yesterday morning. Mrs. Jimmy Randals had been in Fort Worth at the stock show with her husband. She made the unexpected trip back to collect her young daughter, Jina, left in the grandmother's care for a few days. She came the long way 'round, too-unintentionally, though. Her flight couldn't land here and she had to drive from Big Spring.

Both the Mrs. Randals, Jina, Marianne Randals and Mary Edith Scraborough planned to drive back to Fort Worth today. Jimmy Randals prize winning quarter horse, Poco Dell, is entered at the show.

Among the other Snyderites in Fort Worth for this show are Mr. and Mrs. WILSON CONNELL, Mr. and Mrs. JESSE EVERETT and Mr. and Mrs. D. M. COGDELL, JR.

His unit began "Operation Haven" in the first days after the fire which destroyed a large part of Pusan last month. The orphanage now under construction will contain six units, and will eventually be expanded to include 11 buildings.

Lt. Tinney has been in the army more than nine years, and in the Far East since October, 1952. His wife, Mrs. Betty Tinney, lives in Oklahoma City.

Your clothes dryer can help you freshen up your drapes without laundering.

Start by going over the drapes thoroughly with the vacuum cleaner. Use the round brush attachment to get between folds and pinch pleats where dust clings and work downward. When the dust is removed, fold the drapes and place in the dryer set for low heat. Ten minutes in the dryer should give the drapes a fresh look, and after a vigorous shake they will be ready for re-hanging.

Furniture covers and small rugs will profit by the same treatment.

Liver is a good source of iron, but it also provides other nutrients. Pork liver contains about three times as much iron as beef liver, about twice as much as calf liver. This creamed beef and liver main dish, served over hot rice or noodles if you like, provides a change from ordinary ways of serving liver.

½ pound hamburger
½ pound liver
1 small onion
1 tablespoon fat
1 tablespoon salt
3 tablespoons flour
2 cups tomato juice
3 cups cooked noodles

Pour boiling water over liver. Let stand five minutes, then grind the liver with the onion. Brown the hamburger in hot fat in a heavy skillet. Add liver and onion and season with salt. Cover and cook slowly for 10 to 15 minutes. Stir in the flour and add tomato juice stirring until thickened.

Can you give me a lemon pie recipe that uses no cornstarch? B. W.

1 to 2 teaspoons grated lemon rind

Cream the butter and sugar in the top of a double boiler. Add the whole eggs, egg yolks and lemon juice and mix thoroughly. Women Make Top Salesmen

By DOROTHY ROE
AP Women's Editor

Some of the best salesmen in the country are housewives, says Phil Meyers of Cincinnati, who hires 50,000 of them.

Meyers makes dresses. He sells 2½ million a year through women working in their spare time in their own communities. Using the door-to-door sales method, he has built up what is probably the biggest dress business in the world. He bases his entire operation on his faith in the honesty and industry of the average American woman.

What makes women want to do this kind of work?

"Women have to have a specific purpose in mind, for which they need a certain amount of money," says Meyers. "Maybe one woman wants a new dining room suite; another wants to earn college tuition for a son or daughter; another has set her heart on a new car. Her husband's income can't be stretched any further, so she goes to work to earn what she wants. And often she quits when she has reached her goal."

Meyers has another basic belief he thinks he has proved beyond question: the best person to sell anything to a woman is another woman.

He illustrates it this way:

"Women speak a different language from men. That may sound silly, but it's true. Ask any husband. He'll tell you he's way beyond his depth when his wife starts explaining how she saved $10 by buying two dresses for $25 instead of one for $15, and then spent the $10 for a new pair of shoes, since she has saved it anyway.

"Another woman understands that language perfectly, and probably uses it in her sales talk. A woman also knows what points are important to a woman who is buying a dress. She knows what kind of occasions the dress will be worn for, what kind of style will fit a certain kind of figure, and what new fashion points to emphasize.

"Women are wonderful. I couldn't do business without them."

Kefauver Upset After Low Bidder Is Given Contract; To Probe

WASHINGTON (AP) — Sen. Kefauver (D-Tenn) said he will ask Pentagon officials today to explain what he regards as "a dangerous policy of concentrating defense contracts in a single producer."

At his request, Chairman Saltonstall (R-Mass) called the Senate Armed Services Committee for a public inquiry into a 200-million-dollar contract for Army tanks with a General Motors subsidiary, Fisher Body Corp.

"This appears to be a dangerous departure from the principle of maintaining a very broad defense production base," Kefauver said in an interview, adding that destruction of a single plant could halt all production.

Fisher Body and the Chrysler Corp. were the only bidders on the contract.

Kefauver concedes that the Fisher Body bid was lower than Chrysler's but questions whether there will be an over-all saving as far as national defense is concerned.

Oklahoma City And Dallas Police Feuding

OKLAHOMA CITY (AP)—Chief of Detectives Wayne Harbolt, with tongue in cheek, came up with a solution to a feud raging between Oklahoma City and Dallas police over the handling of a murder case.

He suggested that he meet Capt. Will Fritz of the Dallas police in the center of the Red River bridge separating Oklahoma from Texas for a fight to the finish.

"He is only 5 feet 6 inches tall, joked Harbolt. "I know I can whip him."

Ever add up the TAXES you pay with your TELEPHONE bill?

YOU PAY $3.53 PER MONTH IN TAXES WITH THE AVERAGE TELEPHONE BILL

WHEN YOU PAY your telephone bill, here's the part that goes for the kind of taxes all businesses share — state, county, and city property taxes, income taxes, and other levies to support the cost of government. Last year, our total operating taxes in Texas amounted to $42,800,000, or $1.95 per telephone per month. Because these taxes are paid directly by the company, they are included in the basic price you pay for telephone service.

MOST PEOPLE THINK of telephone service as a necessity. Yet telephone service carries a Federal excise tax — in most cases a tax levied on "luxuries." This tax is levied directly against you — as a user of telephone service. The telephone company acts only as a collecting agent. Last year, Texans paid $34,700,000 in direct Federal taxes on telephone service, or $1.58 per month per telephone in Federal excise tax.

THE FEDERAL EXCISE TAX IS OVER AND ABOVE the rates you pay for telephone service. This wartime "luxury" tax adds 15 per cent to the cost of your local service and long distance calls under 25¢, and 25 per cent to long distance calls of 25¢ or more. When you subtract this tax from your bill and consider the real cost of telephone service alone, it is an even better bargain than you may have thought.

Games Tonight Probably Won't Change District Standing Any

Probably little will be changed in the standings of District 1-AAA basketball tonight. The Snyder Tigers will host Big Spring, and Breckenridge will go to Lamesa, but the game all district teams are watching is Plainview at Vernon.

Vernon, which has indicated some strength but so far has failed to get into the upper brackets in district standings, will have the district leaders in the Vernon gym trying to deal the Bulldogs their first loss.

All teams in the district have six games remaining. Plainview, now undefeated, would have to lose at least one game before any other team in the district would have a chance at the title. Only one team, Sweetwater, would have the chance then. The Sweetwater team has lost one game. The Bulldogs would have to lose three games before Snyder could get a crack at the title. That is possible, since Plainview still must meet Vernon, Snyder, Sweetwater, and Lamesa. Lamesa would have the same chance as does Snyder.

The Big Spring team last night gave Breckenridge its first district win, 46-41. The two are now tied for the bottom of standings with 1-5 records. Big Spring took an early lead in the game, but Breck took over by halftime and kept slightly ahead.

When the Tigers met the Steers in Big Spring, Snyder won 42-34 after a rough start in the game. The Tigers have since downed Vernon and Breckenridge and have lost to Plainview, Lamesa, and Sweetwater. They have scored 273 points to opponents' 292.

Big Spring has now lost to each team in the district except Vernon and has scored 277 points to 323.

For the season, the Tigers hold a 9-12 record and scoring record of 904 to 1,059.

Jimmy Bennett, Snyder scoring leader, has now tallied 233 points, while Reagan White has 156, Ray Courtney 148, Alan Snead 142, Don McNew 87, Jack Spikes 69, Steve Blair 38, Joel Tankersley 20, Billy Sellers 11, Wayne Shuffield four, and Hubert O'Neal two.

Sellers is still free throw leader with 71.4 per cent. Other top free throwers are Courtney with 65.6, Bennett with 65.3, McNew with 64.1 and White with 62.7.

The B team will open play against the Big Spring B here at 6:30 o'clock tonight. The A squads will play at 8 o'clock.

The Snyder B has won only one out of six district games but has tallied 267 points to opponents' 285. In season play the B squad holds a 5-8 record and has scored 589 to 580.

Jerry Taylor, that team's scoring leader, has 139 points, closely followed by Sellers with 134. Others are O'Neal with 98, Shuffield with 49, Eddie Stewart with 27, Orville Hooker with 26, Bernie Hagins with 15, Perry Bolger with 13, Willie Burleson with 10, and Douglas James and Randal DeShan with five. Taylor still leads that team in free throws with 65.6 per cent.

Two Teams At Tournament In Plainview For Jr. Varsities

A second Snyder team has decided to enter a basketball tournament in Plainview and was to begin play at 3:15 o'clock this afternoon.

It is the freshman squad, coached by Hal Battle, which was scheduled to meet a team from Happy in the first round of the freshman tourney.

There are two tournaments at Plainview, providing games for both freshman and junior high school teams. The Snyder junior high A squad was to play in the junior tourney at 2 o'clock this afternoon against Floydada.

The freshman team holds a 10-1 record and has scored 413 points to opponents' 319, averaging 37-29.

Milton Ham heads up scoring for the team with 154 points. Ham, who was chosen an all-tournament player in the recent San Angelo tourney, was top scorer in the event with 61 points in four games. The frosh team took second place in the tournament, losing in the finals to Lee of San Angelo.

The team's wins are two over Colorado City and Sweetwater and one each over the Fluvanna A squad, Big Spring, Edison of San Angelo, Lake View, and South Abilene.

Other games scheduled today in the freshman tourney at Plainview are Tulia vs. Abernathy, Floydada vs. Hale Center, and Olton vs. Plainview. The winners of the Snyder-Happy game and the Tulia-Abernathy game will meet in the championship semi-final round at 1:50 o'clock tomorrow afternoon, and the loser will play in consolation semi-finals at 9:10 o'clock tomorrow morning. Championship finals in the tourney will be at 8:50 o'clock tomorrow night, and consolation finals will be at 6:30 o'clock that night.

The junior high squad, coached by Jimmy Williams, has a 9-2 record, with two wins over Roscoe and Rotan and one each over Roby, Colorado City, and Lamesa. Losses were to Roby and Colorado City. The team has tallied 383 points to 205 for an average of 34-18. Israel Hinojos and Bud Morgan pace that team with 93 points each. If the team wins today's game, it will meet the winner of the Tulia - Plainview game at 8 o'clock tomorrow morning.

Members of the freshman team traveling to Plainview are Ham, Powell Berry, Floyd Blackwell, Dwayne Prince, Ronnie Smith, Robert Dabbs, and Tommy Pritchard.

Those on the junior high traveling squad are Morgan, Hinojos, Richard Pickett, Gale Courtney, John Ward, Bill Crowell, Jimmy Allen, and Bill Jennings.

New Scoring Record About To Be Made

NEW YORK (AP)—Fabulous Frank Selvy from Furman University figures to break basketball's all-time individual scoring for a three-year major college career record sometime within the next 10 days.

If he can keep up his most recent pace he will do it before the week is over.

Selvy is a scoring marvel, the likes of which never before has been seen on a basketball court. After 2½ seasons of play with the Greenville, S. C., school, he has scored 1,803 points. He needs just 86 more to pass Kansas' Clyde Lovellette's record and he has 15 regular-season games to play.

Last night against Presbyterian, he scored 48 points, the eighth time in 12 games this season that he's hit 40 or more and the fifth time he's been above 45. His average for the dozen contests is 39.5, exactly 10 points above the single-season record he set a season ago.

He has played twice since he paused for midterm exams. The first game after his rest he scored 45 points. Tonight he goes against Newberry and tomorrow against Clemson. Those 86 points may come in the two games. If they don't he's got two more games coming up next week — against Manhattan College in Madison Square Garden Thursday and against La Salle in Philadelphia Saturday.

Selvy's show last night helped Furman overpower Presbyterian 109-79 and bring their season's mark up to 6-6.

In the Rocky Mountain area, Colorado A&M took over first place in the Skyline Conference by whipping Montana 67-64 while Wyoming was suffering its first league loss, 62-46 against Utah State.

In the only other major games last night Penn State outlasted Pittsburgh 91-85 in three overtimes, St. Francis surprised St. John's 67-48 in an all-Brooklyn battle, and Creighton defeated the University of Scranton 87-65. Jesse Arnelle scored 31 points for Penn State before fouling out in the third overtime.

TCU, SMU Meet Saturday

By The Associated Press

Defending champion Texas Christian, beating its way back after a near-disastrous start in the Southwest Conference title drive, meets Southern Methodist Saturday night in the state's feature basketball game.

Arkansas plays Phillips Oilers Friday night in Bartlesville, Okla., and Baylor and Texas play intersectional opponents Saturday night.

But most attention will fasten on the resurgent Christians and the second-place Methodists.

The Froggies can supplant the Mustangs in a second-place tie with Rice in the conference standings and jump back into title contention with a win.

The Methodists have a 2-1 mark in conference play behind undefeated Texas (4-0) and deadlocked with Rice's Owls, winners of 4 and losers twice.

The Horned Frogs have a 2-2 conference record with opening losses to Rice and Texas and victories in later starts against Baylor and Texas A&M.

Big 'Un Rose's Arkansas Porkers and the Baylor Bears may have their hands full with Phillips' strong aggregation and the University of Oklahoma. But Texas is expected to have little trouble against the University of Houston Cougars in Houston.

Baylor, indeed, might have to step up its recent pace to make a game of it with Oklahoma in Waco, and Arkansas could do that and still lose.

Next week, mid-term examinations behind them, the Southwest Conference fives open full-scale warfare again. The schedule:

Feb. 1—Texas A&M vs Arkansas at Fayetteville.

Feb. 2—Texas vs SMU at Austin.

Feb. 6—SMU vs Texas A&M at Dallas, Texas vs Baylor at Waco, TCU vs Arkansas at Fort Worth, Rice vs Stephen F. Austin at Nacogdoches.

Snyder Girls Lose Volleyball

Two Snyder girls' volleyball teams fell last night to more experienced Lamesa teams. The Snyder A squad lost its game 42-11, while the B lost 69-13.

The Lamesa squads worked well as a team, setting up the ball and batting it over the net to the floor. Marian McDonald led the Lamesa A in its win with 15 points.

The Lamesa squad led Snyder 20-7 at halftime. The loss gave the Snyder A an 0-2 record. It has now scored 30 points to opponents' 83.

Scoring for Snyder last night was Mary Jon Angel with four points, Mickey Gillean with three, Sandra Scott, Doris Hataway, Ramona Thompson, and Carol McKinney with one each.

The B team's loss gave it a 1-1 record. It had previously downed the Midland B, while the Snyder A team lost to Midland. The B team has now tallied 47 points to 97.

Minnie Cox led the Lamesa B in its win with 17 points. Her team led Snyder 30-5 at the half.

Lynda Smith tallied three points for the Snyder B, while Gealene Robinson, Merle Neal, Rita Grimmett, Anita Forguson, and Jo Ann Crawford each had two.

The Snyder teams, coached by Mrs. Bertie Machel, will host Big Spring teams Feb. 11 in their next scheduled games.

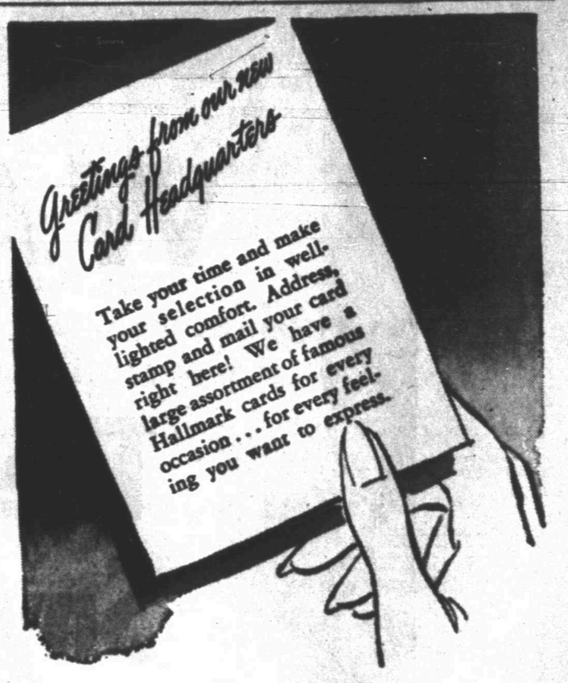

Catholics Shackle Protestant Churches With Colombian Order

BOGOTA, Colombia (AP)—Roman Catholic Colombia's government has issued orders reminding public officials that non-Catholic foreigners in Colombia must not engage in religious activity outside their church or chapel premises.

The orders were contained in a circular from Interior Minister Lucio Pabon Nunez. It cited a number of religious acts prohibited to non-Catholic foreigners under the constitution and an agreement with the Holy See.

It added that Protestants may not carry out public missionary work or educational work, except that they may teach children of non-Catholic foreigners.

Former Chinese POW Isn't Afraid Of Reprisals By Reds

Editor's Note — AP Correspondent Spencer Moosa talked to many of the freed Chinese POWs who streamed ashore on Formosa this week after release from Allied captivity in Korea. Then he picked Ling Yuan at random and asked him to tell his story from the beginning.

By SPENCER MOOSA

TAIPEH, Formosa (AP)—Ling Yuan is 19 but he looks like a schoolboy of 15 despite the corrosion of bitter memories.

Ling Yuan is one of the 14,209 Chinese who fought under the Red banner in Korea but, once captured, vowed never to return to Communist rule. This week they all came to Formosa.

This lad from faraway Szechwan province in western China can spread a smile across his slender, handsome face in spite of all he has seen of war and brutality.

I asked him his name.

"Ling Yuan," he said. "That's my real name and I have no fear of reprisals against my family for giving it. I'll also give you their exact address—20 Nan Chu Men, Chungking.

"I am not callous," he went on. "It's only that my family are past reprisals."

His father had been a cloth vendor by day and a tailor at home by night. Then late in 1949 the Communists came to Chungking.

Ling Yuan was out in the country when the Communists came to 20 Nan Chu Men.

They found his father's meager stock of cloth. He had hidden it to avoid its certain confiscation.

The Communists took his father, his mother and his sister, 12, away to a "people's court." Ling Yuan spat out the phrase "people's court."

Ling Yuan was a married man of 14 at the time. His family was old-fashioned and insisted on early marriages. He and his young wife were in the country with his wife's parents when the dread news came: all three sentenced to death and shot.

Ling Yuan changed his name and fled Szechwan province, but the Communists caught him in the draft and at 15 he found himself in Manchuria, next door to Korea.

Late in 1950, when Red China abruptly entered the Korean War, Ling Yuan crossed the Yalu River into North Korea as an ammunition carrier for the 188th Division of the 16th Red Army.

China's armies swept down toward the 38th Parallel. Then, just before his 16th birthday, came the chance to desert.

His outfit was near Chorwon on the Central Front the night he and a friend found themselves cut off from their company.

He said they smashed their weapons and kept walking south until they reached the motor pool of the U.S. 24th Division. There they surrendered.

From the front, Ling Yuan was shuttled southward to the southeast port of Pusan. Late in 1951, he was transferred to the smouldering prison island of Koje.

Inside the barbed wire compounds, he found the civil war between Nationalists and Communists still raged.

He did not talk about those days, when the two factions fought for control and blood ran in the compounds.

But he said he was one of the internal guards appointed by the anti-Red prisoners themselves.

In April 1952, the Allies began their screening to see who wanted to go back to Red China in event of an armistice. They asked Ling Yuan if he wanted to go back.

"The very thought made my blood curdle," he said. "All I could do was say over and over again, 'Even if you kill me I will not return to Communist China.'"

And so he was moved from Koje to Cheju Island with other non-Communist prisoners.

On Sept. 18, he arrived at the South Camp in the neutral zone for the "come home" interviews provided by the armistice terms. But his compound was one of those which refused to listen to Red persuasion teams.

He said 20 to 30 per cent of the Indian guards were pro-Communist and tried to talk the prisoners into going home.

"They told us," he said, "that regardless of whether we were questioned or not we would be sent back to Communist China."

After the period for explanations ended in December, Ling Yuan said the Indians screened his compound but not a single Chinese changed his mind.

On the tank landing ship bringing him to Formosa, he heard over the ship's public address system Jan. 23 that all prisoners had reverted to civilian status by order of the U.N. Command.

"Then," he added, "we docked at Keelung (Formosan port) and stepped on the soil of free China."

WHAT IS TRUTH?

Ted Norton

THIS IS THE QUESTION PILATE IN DERISION ASKED JESUS—"WHAT IS TRUTH?" (JOHN 18:38.) All truth comes from God; God's word is truth. "Scanctify them through thy truth: thy word is truth." (John 17:17).

TRUTH IS HARMONIOUS. There is no contradition of truth in any field—natural science, social science, or religion. This is so because God is the Author of all truth. God is the God of truth (Psalm 31:5). His word is Truth! Read Psalm 119:-105.

"ALL SCRIPTURE IS GIVEN BY INSPIRATION OF GOD, AND IS PROFITABLE FOR DOCTRINE, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works." (2Tim.3:16,17). The Scriptures do not contradict themselves—either in the Old Testament or in the New Testament. Why? They are inspired of God!

THE NEW TESTAMENT IS GOD'S LAW FOR ALL NATIONS. It is God's truth for all men! Its Author is Christ. The Old Testament was removed—made void by the Christ who fulfilled it and took it out of the way, nailing it to His cross (Col.2:14). There is profit from studying the Old Testament just as the New Testament writer says (1Cor.10:11). Men of all nations are now sanctified by the New Testament (New Will), see Heb. 10:10. There are no contradictions in it. Admittedly, there are some minor errors in translation, but there is no contradiction of truth!

SOME RELIGIOUS MEN CLAIM THE CHURCH IS AUTHORITY IN RELIGION. They also claim they believe the New Testament to be inspired of God. But the dogmas of their church contradict the New Testament; hence, it is readily recognized that the dogmas are not truth. The same religionists claim authority from so-called "inspired traditions of the apostles." But these so-called traditions of the apostles contradict the New Testament also! This is a "dead give-away" that the traditions are not truth!

THE CHURCH OF CHRIST HAS NEVER PRONOUNCED DOGMAS; SHE TEACHES WHAT THE NEW TESTAMENT SAYS (ITIM. 3:14,15). From the beginning at pentecost, the church of Christ has had no peculiar pronouncements. The Lord and His apostles and prophets were guided by the Holy Spirit to teach the will of God as it was revealed—a little at a time (1Cor.13:9; 14:29-33). Before the death of the apostles, some of them were inspired to write and their Scriptures are "inspired (1Cor.14:37; 2Tim.3:16,17).

REMEMBER, CHURCH DOGMAS, TRADITIONS, AND THE NEW TESTAMENT DO NOT HARMONIZE. They cannot all be truth! The New Testament is truth in the religion that pleases God! It harmonizes. Let all men teach and obey the New Testament, for in so doing they will conform to 1Peter 4:11.

"WHEREFORE BE YE NOT FOOLISH, BUT UNDERSTAND WHAT THE WILL OF THE LORD IS" (EPH.5:17 A.S.V.). This is good admonition for men today. God's will to all men is revealed in the New Testament. Men who study it with an honest desire to know God's truth will learn it (2Tim.2:15).

Nineteen hundred years ago, the church of Christ was established! Today, she has the same name, worship, organization, doctrine and life! Interested persons can learn all about the church of Christ by studying the New Testament.
