SIXTY-SECOND YEAR

Sonora, Texas, Friday, September 19, 1952

FIFTIETH-WEEK

What's going on in Sonora

Sonora's City Water Department is furnishing four carloads of water daily for the Santa Fe in San Angelo. The water shortage has become so acute in San Angelo that the railroad was unable to operate some of its steam engines without an outside water supply. Two of the city's four pumps were turned on during loading of the 42,000 gallons of water Thursday and were filling the reservoir faster than water was being taken out. R. M. McCarver, city utilities superintendent, estimates that Sonora can furnish San Angelo up to two million gallons a day in an emergency, and around one million gallons daily as a regular procedure. . . . Mrs. Beatrice Simon of La Junta, Colo. was here Tuesday visiting Mr. and Mrs. Artie Joy. A. Z. Joy returned with her to Colorado, and from there to Cheyenne, Wyoming, where he will enroll for his second year at the University of Wyoming. . . . Ben R. Mittel has leased three sections at Event, north of Lampasas and will have some sheep, goats, and possibly cattle up there October 1. The country Mittel leased recently had a big rain and offers plenty of grass. . . . The R. L. Hallums were in Del Rio Sunday visiting the James T. Bartons. . . . Things are getting about ready for the right-of-way on the Menard road. . . . Bill Drennan suffered face burns last week when the steam cleaner he was lighting at Sonora Motor Company exploded. Fortunately he was wearing glasses at the time. . . . Korean veterans may get applications for combat pay at the Post Office. Combat pay is \$45 per month extra and is paid only to servicemen who were actually under hostile fire for at least six days out of a given month. . . . Mr. and Mrs. Don Nicholas are making their home in Irvin, Texas, between Dallas and Fort Worth. Nicholas is an engineer at a ceramics plant. . . . The Texas March of Dimes fell short last year and the state received \$77,500 from the National Foundation. . . . George H. Neill, chairman of the local U. S. O. Drive, reports that he has received \$200 toward the Sutton County goal of \$500. . . . According to a very reliable source there is a standing offer of 91½ cents per pound for mohair anywhere in Texas. A carload sold last week in Junction for 96 cents, and it is thought the price will go up some more in a few days. Last week a neighboring warehouse almost sold some for \$1 but a temporary slack in the market held up the deal.

Girl Scouts Hold Training Session

An all-day training session for Girl Scout leaders was conducted here last week by Gerene Stanner. A covered dish luncheon was served to fifteen at Girl Scout Hall. Leaders and assistants for local Girl Scout work were appointed as follows: Second grade- Mrs. Mat Adams and Mrs. V. J. Glasscock; Third grade- Mrs. Tommy Smith and Mrs. Harold Scherz; Fourth grade- Mrs. Boyd Moore and Mrs. J. Wray Cambell. Fifth grade- Mrs. E. V. Smith and Mrs. Singleton.

Series Of One-Car Accidents Cause Few Injuries Last Week

Three on-car accidents last week involving "loss of control" resulted in three demolished autos, one sprained back, and in five people believing in God as they never had before.

Friday afternoon at 2 o'clock a Chrysler sedan belonging to and driven by William Gray Braddock, 35, of Abilene, "went out of control" on a curve 1.2 miles north of Sonora on Highway 277. Braddock was not injured. He is a contractor working in Del Rio and Colorado City.

Friday night at 8 o'clock Mrs. Dorothy Massey Smith, 21, and her two-year-old son were coming toward Sonora when Mrs. Smith's car struck a bridge abutment 14 miles south of Sonora on Highway 277. Mrs. Smith said she drove too far to the right. The car glanced off the abutment, struck the left guard rail and caromed into the ditch on the right of the road. Mrs. Smith and son were brought to Sonora by Chris Haines. They were not injured.

Saturday morning at 4 o'clock three United Nations exchange flying cadets were enroute to Del Rio when their car went "out of control" and overturned on a curve 6 miles south of Sonora on Highway 277. John Tait, England, Claude Aproux, France, and Maurice Havorcrt, Denmark, were in the 1950 Ford. Havorcrt sprained his back. The men were brought here for first aid and later taken to Good-fellow Base Hospital.

Investigations were conducted in all three wrecks by Highway Patrolmen Herman Moore and Douglas Womack.

Junior Team Holding Daily Practice

Daily workouts for thirty-five junior footballers are being held by Coach Oliver Wuest, assisted by Coach John Kenner. . . . Those coming out for Junior football this year and their weights are: Tommy Sessom 111; Allen Wall 103; Artie Adams 121; Bobby Smith 113; Johnny Wright 92; Tommy Adams 133; Vivian Vasquez 135; Simon Hernandez 115; Santiago Gonzales 125; Nick Berna 102; Junior Castro 100; Sam Galindo 115; C. Hernandez 135; Flavio Duran 104; Juan Morin 103; Armando Badillo 103; Eddie Sosa 85; Torevio Chavez 120; George Ed Hill 107; Jerry White 97; Pee Wee Garrett 96; Ben Mittel 117; Robert Wall 83; Burl Davis 100; George Johnson 144; Shannon Ratliff 133; Kenneth Fukua 109; Pascal Allison 84; Robert Lanier 74; Charles Copher 135; Jimmy Smith 98; Frank Sessom 79; Joe Fields 73; Jerry Baldwin 70; Dan Carter Cauthorn 85.

Sixth grade- Mrs. W. W. Renfroe and Miss Marjorie Dameron.

Girls, Boys Will Compete At '53 Fort Worth Show

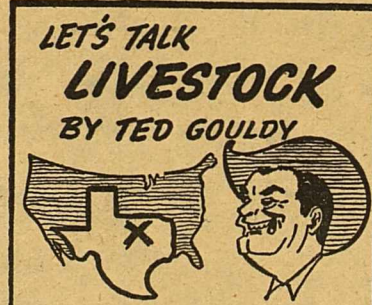

It will be the Junior Livestock Show and not the Boys' Livestock Show at the 1953 Southwestern Exposition and Fat Stock Show at Fort Worth January 30-February 8-in other words, girls and boys will take part in the same competition.

Previously, the only way a girl's livestock entry could compete was in the open classes, which (as the name implies) are open to the world and therefore the girl's entry was showing against the entries of adult contestants. This has been the situation for many years. However, back in the late 1920's, the entries of girls and boys were in the same department.

The Stock Show directors, in changing the Boy's Show to the Junior Show, feel that it is only fair that a girl who raises an animal under exactly the same conditions that a boy does should be allowed to show the animal in junior competition, said President-Manager W. R. Watt. The change meets with the approval of the officials of the State Extension Service.

The Junior Show is open to any Texas FFA or 4-H Club member and applies to steers, lambs, pigs and dairy calves. Junior exhibitors from other states will continue to compete in the open show.

W. A. Bill King, assistant manager of the Stock Show and livestock superintendent, announced that a poultry judging contest is being added to the grass judging contest for juniors and these events will be open to all FFA and 4-H Club members regardless of their state. The judging contests will be held on the second Saturday, which will be February 7. Official 4-H Club and FFA Day will be, as in the past, the first Saturday, Jan. 31.

Ft. Worth-Biggest run of cattle since 1948 went to market Monday at the nation's 12 major markets-over 137,000 head. Over 82,000 sheep and lambs went to market, Fort Worth had 13,500, Omaha and Denver both had 20,000, Western and Northwestern lambs were on the move at those points.

Stocker cows active at Fort Worth, a load at \$23, many from \$14 to \$19. Most other cattle and calves weak to 50 cents off, some spots on medium killing and medium stocker calves \$1 off. Only high quality stockers getting reliable play from buyers. Packers say meat is not moving well and free-

Continental To Deepen No. 2 Mayer To 9,500

Continental Oil Company will deepen its No. 2 Sol Mayer, Sutton County wildcat originally slated to 9,500 feet to test the Ellenburger.

The project will be drilled to 10,000 feet with rotary. Now bottomed at 9,465 feet in Ellenburger dolomite and chert, the project was running Schlumberger. It had recovered 210 feet of mud with no shows of oil, gas, or water, on a drillstem test between 9,095-275 feet.

Location is 660 feet from the south and 1,980 feet from the west lines of McMullen cts 4.

Conoco No. 1 Mayer, 22,550 feet north-northeast of No. 2 Mayer, was drilling below 8,239 feet in lime.

Norsworthy No. 1 Clarkson, wildcat in section 46-14-TW&NG, was drilling below 5,585 feet in lime. Sinclair No. 1 Hunt, wildcat C SE NE 3-C-HE&WT, was drilling below 4,823 feet in lime and shale.

WSCS Holds Meeting Here

One hundred sixteen ladies from Sonora and surrounding towns in the San Angelo district met here last Thursday at the Methodist Church for a day of information and inspiration sponsored by the Women's Society of Christian Service.

Speakers for the days included Mrs. R. O. White, district secretary of missionary education; and Mrs. Robert Lee of Mason, district secretary of literature. Mrs. White previewed study plans for the ensuing year, and Mrs. Lee discussed the sale of study books and supplementary materials.

Theme of the seminar was "Proclaim The Good News." The first session opened with a hymn and prayer by the Rev. W. H. Marshall of Sonora.

Mrs. Kermit Winkle of Richland Springs lectured on "Home Missions and Human Rights" and Mrs. White spoke on "Foreign Mission Study."

At noon, women of the Sonora church served a lunch.

After lunch Mrs. Harold Deaton, district vice-president, presented "Program Building", and Mrs. Roy Shilling, of Big Lake, taught a short course on "A Preface to Bible Study."

Mrs. M. A. Hamby, district secretary of youth work, and Mrs. Madden Read, district secretary of children's work, met secretaries in their respective fields.

"A Lamp Unto My Feet", a playlet, was presented by the Merton group as the closing worship service.

Other officials present were Mrs. Floyd Henderson, of Ozona, district president, and Mrs. G. M. Boswell, of San Angelo, secretary of promotion.

zers and coolers are holding heavy supplies of meat.

Hogs rallied Monday 25 to 50 cents, and sows were 50 cents above last week's close at Fort Worth.

Very firm market for sheep and lambs of all kinds. Not many good fat lambs in the Fort Worth receipts. Northern and Western markets reported lambs lower Monday.

Good and choice slaughter steers and yearlings sold at \$25 to \$32, and common to medium kinds sold for \$15 to \$24, with cull yearlings \$12 to \$15. Fat cows sold from \$14.50 to \$18 and canners and cutters cashed at \$9 to \$14.50. Bulls sold from \$13 to \$20.

Good and choice slaughter calves sold from \$20 to \$26.50, a few heavies to \$27. Plain and medium butcher sorts sold at \$15 to \$19, and culls sold from \$12 to \$15.

Good and choice stocker calves sold mostly at \$23 to \$27.50, and plain and medium sorts sold from \$17 to \$22. Stocker yearling steers sold from \$27 down, feeder kinds from \$26 down. Heifers calves and yearlings sold usually \$1 to \$2 or more under similar steers. Stocker cows sold from \$14 to \$23.

Hog top Monday was \$20.25 to \$20.50, and sows sold from \$15 to \$17.50.

Good and choice fat lambs sold from \$24 to \$27, and culls ranged downward to \$9 to \$12. Stocker and feeder lambs sold from \$10 to \$18.50, and stocker and feeder yearlings sold from \$10 to \$14. Aged weathers sold from \$10 down, and two-year-olds sold from \$12.50 down. Slaughter ewes sold from \$6 to \$7 and old bucks from \$6 to \$6.50.

Sonora Drops Penner 12-6

Sonora's hopes of getting off to a winning start this season lost in Brackettville Friday night with the ball on the Brackettville one-yard line, and third down. At that point time ran out leaving the Broncos on the short end of a 12-6 score.

Both teams were very evenly matched. Neither could score during the first half, although each made one penetration.

The Tigers started the fireworks in the third quarter with a 77 yard drive ending when Tiger fullback Jaso waltzed through Sonora's left tackle for 28 yards. The Tigers missed the point after score and lead 6-0.

The Broncos flashed right back with a sustained drive downfield with George Wright carrying over for the score. Ratliff's kick was outside the uprights.

The game was strictly offense, especially from the time the score was tied. Brackettville took the ball on the kickoff and marched right down for another score 70 yards away, running the total up to 12-6.

Sonora came right back and was going away for either a tie or a win when time ran out. The real difference between winner and loser in this game was in who made the first score. Had Sonora been able to strike first, the situation probably would have been reversed.

The game was non-district.

Humble Football Broadcast To Start Saturday

Humble Oil & Refining Co.'s will inaugurate its 19th season of broadcasting Southwest Conference football games on September 20.

This fall, as in seasons past, Humble football crews will travel to every stadium in and out of the state where Conference games are played, to bring listeners complete broadcast coverage of about 45 games over statewide networks.

Three networks, comprising 72 stations, will be used to carry the games to practically every point in Texas within range of a radio station. And schedules are so arranged that listeners have a choice of afternoon and night games-as many as six on some week-ends.

Humble play-by-play announcers will include these well-known personalities, whose voices are familiar to every football-lover in the Southwest: Kern Tips, Ves Box, Charlie Jordan and John Ferguson. They will be assisted by color announcers Alec Chessner, Dave Russell, Eddie Barker and Bob Walker.

To furnish the complete radio coverage typical of Humble broadcasts, these announcers will be kept moving on close-connection schedules for the next two and a half months, traveling as far as Los Angeles and Lansing, Michigan, on some week-ends.

Four games are scheduled on Humble's kick-off broadcast program next Saturday, 1:50 p. m. is broadcast time for the TCU-Kansas game, which will be broadcast from Lawrence, Kansas, by announcers Kern Tips and Alec Chessner. Stations KPRC, Houston; WBAP-WFAA-520, Ft. Worth-Dallas; WOAI, San Antonio; KGKL, San Angelo, will carry the game.

Also at 1:50 p. m. John Ferguson and Dave Russell will broadcast the Baylor-Wake Forest game from Waco. Stations carrying it will be WACO, Waco; KNOW, Austin; KABC, San Antonio.

The Texas A. & M.-University of Houston game at Houston will have Ves Box and Bob Walker as announcers and will be broadcast at 8:00 p. m. over stations KAHT, Houston; WFAA-WBAP-570, Dallas-Ft. Worth; KTSA, San Antonio.

The day's final broadcast, at 8:05 p. m., will feature the Texas-LSU game at Baton Rouge. Charlie Jordan and Eddie Barker will announce it over stations KTRH, Houston; KRDL, Dallas; KABC, San Antonio.

Mrs. Sam Crites of Graford spent the weekend with her daughter, Mrs. John Wesley Joy.

Jack Slone left Sunday to enroll at Texas Tech at Lubbock.

Mr. and Mrs. John Bennett of Christoval were guests of his brother, G. G. Bennett, and his cousin, D. C. Bruce last weekend.

Steven Brown, Jr. Buried Sunday

Funeral services were held at 10 o'clock Sunday morning at the Rocksprings Methodist Church for Steven B. Brown, Jr., who was killed instantly Friday morning in a car-bus collision near Odessa.

A former resident of Rocksprings, Brown was a chief district accountant for the Texas Highway Department. He was a member of the Val Verde Masonic Lodge in Del Rio.

He is survived by his wife, his parents, two sons and a daughter; two sisters, Mrs. Tommy Morris of Toyahvale and Mrs. Walter Levern of Uvalde; and one brother, Horace Brown of Rocksprings.

Relatives and friends attending the funeral from Sonora were his uncle and aunt, Mr. and Mrs. Paul Turney, Jack Turney, Harold Fries, Mr. and Mrs. Libb Wallace, James D. Trainer, Shelley Lowe, W. L. Davis and G. H. Davis.

A. A. Cowser of Sonora was a pallbearer.

KNOTHAID SEZ

"Knothaid", as the author of this column prefers to call himself, purports to be something of an expert on sports of all types, and herewith submits his first column. We imagine he will begin working for the Bronco as soon as that newspaper begins publication, but until then The Devil's River News will use his material if and when he turns it in-Editor.

The brons heard the word Monday when coach turned started workouts for big lake. He sez nobody ever made a bale of good cotton without choppin out them July weeds.

Footballs al right if you dont take it too serious. So far there aint no danger of that. But the picture ant all black, the boys were really diggin for the owls and looked good this week. They bumped Mr. Mayer all over the field but hes still there waitin for 'em to practice some more.

The Pep Squad girls as per usual are routin for the team. Decorated their cars up Tuesday night and had a parade wednesday at noon, you better get there early tonight or there wont be a seat left.

The Juniors added another boy this week, a fifth grader, Dan Carter Cauthorn, 10 years old. That makes 35 juniors out. Ozona took a look at the roster and threw in the towel on the game they were supposed to play thru-

An improved team of Broncos will open its home season here tonight at 8 o'clock in a non-district game against the Reagan County Owls.

The boys from Big Lake came from behind last week to trounce the Ozona Lions 19-7, while Sonora lost to Brackettville 12-6.

The two teams are about evenly matched. Each has about the same reserve strength, and Big Lake has about a five pound-per-man weight advantage in the starting lineup. Sonora averages 157 and Big Lake averages 162.

In last week's game between the Owls and Ozona, the Lions jumped to a first period lead when Charles Hale of Ozona intercepted an Owl pass and ran 80 yards for the score. Wilburn Conklin converted. The Owls came back in the second quarter with Jerry Thompson going over from the five. In the third period the Owls made it 12-7 on a pass from Charles Martin to Eddie Compton, who ran 82 yards for the tally. In the fourth heat the Owls again worked the ball down the hard way and Compton bucked over the last yard to score and the point.

The Owls made 144 yards rushing to the Lions' 83, and 82 yards passing to the Owls 130.

The new memorial library and headquarters building recently completed in Austin by the Texas Medical Association in Austin is dedicated to better health for all of Texas. The modern two-story edifice, covering almost a city block, houses facilities which serve not only the 6,000 doctors of medicine who are members of the Association, but the general public as well.

Formal opening of the building will be held September 19, 20, and 21, with distinguished guests from throughout the state and nation in attendance at the dedication ceremonies. A thirty minute broadcast summarizing the entire three-day program will be carried over the Texas State Network on Sunday afternoon, September 21.

Get a Real Truck—a GMC!

Full-pressure lubrication to all main bearings—force-fed even to the piston pins!

Airplane-type main & rod bearings for extra durability and extra service under heavy pressures and high speeds!

Deep, rigid frame construction—just like the big GMC's—backboning the rugged, truck-built chassis!

Recirculating ball-bearing steering mechanism for "passenger car" ease in handling!

"Shockproof," four-point cab mounting—same as heavy-duty GMC's—for longer truck life and greater driver protection!

Long, pillow-action springs that smooth the going—cushion the load!

Luxury-type seat cushions—deep coil springs like the big GMC road-liners—that mean extra driver comfort and efficiency!

THERE'S no mystery to the extra years of dependable performance you get from a GMC truck.

In 1/2- to 2-ton GMC models you will find many of the same extra-value heavy-duty features that make larger GMC's today's standout performers on the road—features you do not get in other trucks of this size.

That's why you can expect more from a GMC—you get more value for your money. Come in and get the full story.

The Crystal Ball

Predictions For Saturday's
Collegiate Games
By Ed Mayer, Jr.

It's that Time of the year again so here we go. I'm going out on a limb and try to pick the top twenty games of the week this year. For this week the Crystal Ball says:

TCU, 27,	Kansas, 7,

"RULES OF THE ROAD"
EXPLAINED

With the death-laden Labor Day weekend just past and the usual series of football weekends coming up, the thoughts of many Texans are turning toward traffic safety. There can be no doubt but that a better acquaintance among drivers with the "rules of the road" and other traffic safety regulations could greatly reduce the death toll of our highways.

To obtain correct and authoritative information about driving is a simple matter. A letter or postcard to the Department of Public Safety, Driver's License Division, Austin, Texas, will bring an official publication, the "Texas Driving Handbook", to anyone who requests it.

Aside from considerations of personal safety, proper driving habits and observance of traffic laws will help prevent financial loss. This is true in spite of the fact that most people now carry liability insurance as a protection under the Texas "Drivers Responsibility Act." Jury verdicts in personal injury cases tend to go higher and higher, and the likelihood of suffering an adverse judgement for an amount in excess of the limits of your liability policy is ever present.

Fault, or liability, is determined by applying the law to the particular facts of an accident. In Texas the law is in several forms: the statutes as enacted by the Legislature, the ordinance of each city and town, and the court decisions in cases similar to the one to be decided.

A negligent or intentional act is necessary in order to impose legal liability for damages. Where both parties to an accident are negligent, the court will very likely say that both are at fault, and that each just pay for his own damages.

Two of the most important legal rules pertaining to accidents are those having to do with "proper look-out" and "proper control". Driving in a lawful manner and complying with all ordinary traffic rules is not always sufficient. In addition, the driver is expected by law to be alert to all that is happening around him.

If an accident should occur and the driver has not been alert—has failed to keep a proper look-out—he may be charged with "improper look-out" as a traffic violation and also held liable in damages to the other driver. The courts call a "proper look-out" such a look-out as a reasonably prudent driver would have kept under the same circumstances.

LET'S TALK
LIVESTOCK
BY TED GOULDY

Ft. Worth-Biggest run of cattle since 1948 went to market Monday at the nation's 12 major markets—over 137,000 head. Over 82,000 sheep and lambs went to market. Fort Worth had 13,500, Omaha and Denver both had 20,000, Western and Northwestern lambs were on the move at those points.

Stocker cows active at Fort Worth, a load at \$23, many from \$14 to \$19. Most other cattle and calves weak to 50 cents off, some spots on medium killing and medium stocker calves \$1 off. Only high quality stockers getting reliable play from buyers. Packers say meat is not moving well and freezers and coolers are holding heavy supplies of meat.

Hogs rallied Monday 25 to 50 cents, and sows were 50 cents above last week's close at Fort Worth. Very firm market for sheep and lambs of all kinds. Not many good fat lambs in the Fort Worth receipts. Northern and Western markets reported lambs lower Monday.

Good and choice slaughter steers and yearlings sold at \$25 to \$32, and common to medium kinds sold for \$15 to \$24, with cull yearlings \$12 to \$15. Fat cows sold from \$14.50 to \$18 and canners and cutters cashed at \$9 to \$14.50. Bulls sold from \$13 to \$20.

Good and choice slaughter calves sold from \$20 to \$26.50, a few heavies to \$27. Plain and medium butcher sorts sold at \$15 to \$19, and culls sold from \$12 to \$15.

Good and choice stocker calves sold mostly at \$23 to \$27.50, and plain and medium sorts sold from \$17 to \$22. Stocker yearling steers sold from \$27 down, feeder kinds from \$26 down. Heifers calves and yearlings sold usually \$1 to \$2 or more under similar steers. Stocker cows sold from \$14 to \$23.

Hog top Monday was \$20.25 to \$20.50, and sows sold from \$15 to \$17.50.

Good and choice fat lambs sold from \$24 to \$27, and culls ranged downward to \$9 to \$12. Stocker and feeder lambs sold from \$10 to \$18.50, and stocker and feeder yearlings sold from \$10 to \$14. Aged wethers sold from \$10 down, and two-year-olds sold from \$12.50 down. Slaughter ewes sold from \$6 to \$7 and old bucks from \$6 to \$6.50.

Sonora, Texas, Friday, September 19, 1952

**Music Club
Opens Season
With Dinner**

The Sonora Music Club opened its year's activities Thursday night with a buffet supper at the Sonora Woman's Club.

The table was laid with a cut-work cloth over pale green satin centered with a bouquet of peach gladioli. Quartet tables were centered with yellow mums and places were marked by cards edged in gold and with gold music notes next to the name.

Mrs. E. S. Mayer, club president, greeted guests and introduced Mrs. H. Leo Tucker of Abilene, president of the Sixth District, Texas Federation of Music Clubs. Mrs. Tucker gave a brief history of the National Federation and explained different projects of the group. Mrs. Tucker said the clubs were founded in 1898 and there are now 5,000 clubs with 500,000 members.

Mrs. A. E. Prugel read the Music Federation Collect. Mrs. Edwin Murphy played the hymn of the month, "Come Ye Disconsolate."

Edward Aldwell played piano solos, "Prelude" and "Fugue" by Bach, and two selections from Pinto's "Memories of Childhood."

**Woman's Club
Will Stress
Americanism**

The Sonora Woman's Club met Friday, Sept., 5, to discuss plans for an Americanism Campaign for Sutton County. An Americanism Department has been created by the General Federation of Women's Clubs to help combat the threat of communism in our country.

The local club plans to participate in a local, non-partisan, "get-out-the-vote" campaign. The club will try to contact every registered voter in Sutton County and assist in getting them to the polls in November.

A national contest is being conducted among women's clubs and the local club hopes to win the first prize of \$350. Patriotic programs will be sponsored by the Sonora Woman's Club and others organizations are being urged to stress "The American Way" in their programs.

Mrs. Ben Cusenbary was appointed chairman of the Americanism

Hostesses were Mrs. Gay Copeland, Mrs. Louie Trainer and Mrs. George Barrow. Guests included Mrs. Robert Mayer, A. C. Elliott, W. D. Bradley, Jr., Roy E. Aldwell, Dorothy Baker and Josie McDonald.

Members attending were Mes. Earl Lomax, W. P. McConnell, Jr., John Bunnell, O. G. Babcock, W. T. Hardy, Nancy B. Wilson, Sterling Baker, Alfred Schwiening, Jr., Bennie Emert, S. M. Loeffler, Rex Lowe, Ben Mittel, Dave Locklin and A. E. Prugel.

HAVE YOU SEEN THE LEOPARD?

By W. H. Marshall

The circus came to town for one evening and little Jonny's father took him to see it. He was told of a big spotty leopard in a cage. His mother, his aunt, his uncle, and his big sister all gave him dimes to spend; and he got a whip, and a flag, and a cowboy hat, and popcorn, and lemonade.

They sat close to the ring and he saw everything that happened in the big top; and then they went outside, and father took him into all the side shows, and right down the alley where the animals were.

When they left the circus he was so tired he could hardly keep his eyes open. Father remarked, "well, you certainly had a good time," and the child replied, "Yes, Daddy, but I didn't see the leopard." When they arrived home, mother said, "did you see all the great big elephants?" and he replied, "Yes, mama, but I didn't see the leopard." Uncle inquired, "Did you like that wonderful trapeze performance high up in the air?" He replied, "Yes, uncle, I did; but I didn't see the leopard." Sister said, "Weren't the little midgets cute?" And he replied, "Yes, they were; but I didn't see the leopard." Aunt said, "Didn't you love all those beautiful horses galloping around, and those clever people standing on their backs?" He replied, "Yes, aunt, I loved it; but I didn't see the leopard."

Some people pass through the world like little Jonny at the circus. They get many good things out of life, but there is some particular thing that they want, and yet they manage to miss it. They put off getting it or doing it, or they let unimportant obstacles stand in the way.

VETERANS ADMINISTRATION

Q - A friend of mine, the widow of a serviceman who was killed in Korea, is planning to remarry soon. She has been getting indemnity payments as a result of his death. Will the payments stop after she remarries?

A - No. The remarriage of the widow will have no effect on the indemnity payments, and she will continue to receive them.

Q - Is VA medical treatment available to World War II veterans studying under the GI Bill?

A - A veteran-student is entitled only to such medical treatment from VA as he would otherwise get by virtue of his military service. The World War II GI Bill makes no special provision for medical treatment of trainees.

Q - I recently received a gift of several hundred dollars from my son. In figuring out my annual income-for purposes of getting a VA pension-do I count the gift as income?

A - Yes. Gifts are counted in determining annual income for pension purposes.

Q - I lost a leg in service, and I recently obtained an automobile with special attachments, with VA paying \$1,600 toward the cost of the car. Is the car exempt from taxation by my State, because it was purchased with federal funds?

A - No, unless the State law provides for such exemption. Even though VA paid part of the cost of the car, you still are required to

pay city, county or state taxes, if they are called for.

Stop wasting time and money for things that you do not really want and go out and get the things that you do want. A real wish-something that you know is not either wrong or manifestly foolish-comes from God; and God will open the way if you let Him. There really is not much use in seeing the whole circus if you do not see the leopard.

YOUR HEALTH

Fear of cancer cannot help its victim and unreasonable fear should be replaced by intelligent action concerning this disease, is the opinion of Dr. Geo. W. Cox, State Health Officer.

The doctor said in a statement this week that cancer can usually be cured in its earlier stages. This has been demonstrated by the fact that many persons have been treated successfully by surgery, radium, or x-ray and are living now, many years after a definite diagnosis of early cancer was made. Many people postpone diagnosis when they suspect cancer either because they dread to head the truth or because they believe that cure is impossible.

"In the treatment of cancer, time is the most important factor," Dr. Cox said. "To produce satisfactory results, treatment must begin early in the course of the disease while the cancer is still confined to a small area. Persons suspecting cancer should consult their physician as soon as they notice an unexplainable lump, unusual discharge, a persistent sore on any part of the body, or any change in the appearance of a mole or wart. It is often disastrous to wait for pain since this is a late symptom that usually doesn't occur until the malignant growth has made considerable advance."

The value of early diagnosis cannot be stressed too strongly—according to Dr. Cox and that is one reason why regular periodic examinations are recommended particularly for those of middle or old age.

Crusty Pears

Pare and halve 3 fresh ripe pears roll in 1 cup cornflakes which have been crushed into fine crumbs. Place in buttered baking dish, cut side up. Dot with butter. Bake in moderately hot oven (400 Deg F.) about 25 minutes. Serve with Lemon Spice Sauce.

Lemon Spice Sauce

1/2 cup sugar
1 tablespoon cornstarch
1 cup fruit juice
1-8 teaspoon salt
2 tablespoons butter
1 1/2 tablespoons lemon juice
1-8 teaspoon nutmeg
Mix sugar and cornstarch together. Add fruit juice gradually and cook, stirring constantly until sauce is clear and slightly thickened. Add butter, lemon juice, nutmeg and salt. Serve over hot baked fruit. Makes 6 servings.

Come On In and Order One...Today!

There are many people in this community who want a Cadillac ever so badly—and who are almost persuaded to order one—

—but who, for one reason or another, are just holding back and waiting.

To all these people we wish to say: "Come on in and order your Cadillac today!"

Every day you wait is simply postponing, still further, the wonderful time when you can enjoy the many delightful things a Cadillac will bring you.

There is, for instance, the deep feeling of pride which comes from owning a car which is universally acknowledged to be the Standard of the World...

... the great satisfaction that comes from driving a car so quiet you can "whisper and be heard"; so easy to handle that driving is no conscious effort at all; so comfortable and restful that a day at its wheel is the essence of relaxation...

... the comforting confidence that comes from knowing your car is so soundly-engineered and so beautifully-built that you can keep it and enjoy it over almost any period you may care to designate...

... and, finally, the happy knowledge that you probably paid less for your Cadillac than hundreds of thousands of people who are driving other makes of cars—for there are numerous models produced by other manufacturers which actually cost more than the lowest-priced Cadillac!

Isn't all this too much to miss for even one needless day? Owners of Cadillacs will tell you it is—out of their own experience. Time and again, people who have just moved up to Cadillac have said to us—"Why did I wait so long to enjoy all this?"

That's why we urge you to come in today and start down the happy road to Cadillac ownership. You have already missed too much—too long!

MEDICINE'S CONTRIBUTIONS to mankind are reflected in the number of years added to man's life span as shown in the chart above. According to Dr. T. C. Soil Conservation District News

News of Edwards Plateau Soil Conservation District
Prepared by Local SCS Personnel

H. H. Lawler planted 34 acres of cultivated land on his Fort Terrett ranch to irrigated pasture this week.

Lawler is using a mixture of grasses and a legume consisting of six pounds of Kentucky "31" rescue, six pounds of perennial ryegrass and three pounds of Madrid clover per acre. This pasture mixture, when established will furnish grazing for livestock during the cool season months when most native vegetation is dormant.

Irrigated pastures such as this are excellent for improving and protecting the soil and while furnishing a high yielding forage for livestock.

Lawler plans to plant an additional 30 acres to a pasture mixture of orchard grass, Harding grass and Madrid clover. These grasses are taller growing grasses than perennial ryegrass and rescue, for this reason Lawler is planting the orchard and Harding grass in another field. When the tall and short grasses are planted separately more even distribution grazing can be obtained.

The Edwards Plateau Soil Conservation District received 40 pounds of Wimmera ryegrass and 80 pounds of two strains of Italian ryegrass seed this week. The seed was given to the District by the Soil Conservation Service for the purpose of trial plantings and observation.

Wimmera rye is introduced from Australia where it has grown under 15 to 17 inches annual rainfall. It has been reported that good winter grazing is obtained from this grass when rains come in the fall. Wimmera is an annual that is reported to be extremely persistent, coming back from seed when given a chance.

The trial planting will be made on Lawler's ranch under irrigation where the palatability and growth habits can be observed. Should the grass prove worthwhile dry-land plantings will be made.

PARDON MY GUST!

POWER STEERING

ROADMASTER
CUSTOM BUILT BY **BUICK**

BENEATH that big broad bonnet is the reason for this headline.

It's a four-barreled automatic carburetor—Airpower by name—which has a way of gulping in what the dictionary defines as "a sudden blast of wind" when extra power is needed.

And the way this gorgeous performer can step out as this occurs is something you'll always remember.

For ordinary driving, two barrels are all you need—and two barrels are all that are working. They give you an extra thrifty flow of fuel for round-town cruising.

When extra power is wanted in a hurry—the "reserves" swing into action—feeding extra fuel and extra air in an ever-thrifty mixture, which delivers the greatest horsepower in Buick history.

This is one of many distinctions that endear ROADMASTERS to fine-car owners.

It's a car as rich in finish as it is in power—a car of expansive room—restful silence—level in gait—beautifully responsive to your mood and will.

And it offers the effortless ease of Power Steering* especially engineered by Buick to save your strength in

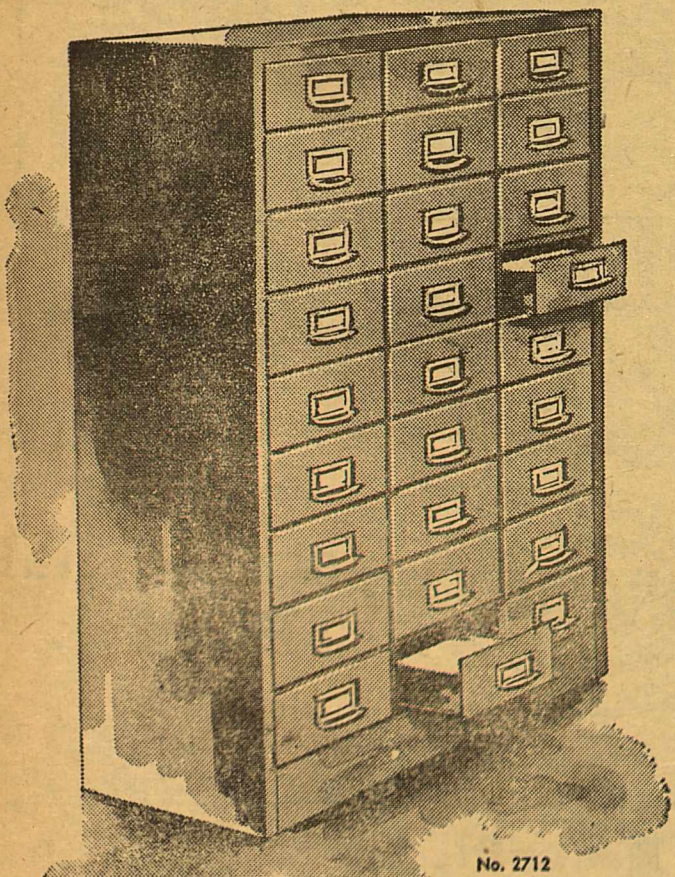

parking and slow-motion maneuvers, and still let you feel a proud sense of command and a sure sense of control on the highway.

There's just one question we'd like to ask: When are you going to come in and enjoy the ride of your life?

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on ROADMASTER and SUPER only.

OUR WEEK HAS TEN DAYS

... AND WE ARE PROUD OF IT!

We are at the service of the community 4 more working days each week than the average retail store. Doing our job in serving the health needs of the community is the reason for our long hours.

Many patients visit the doctor's office during evening hours. A high percentage of the doctor's house calls are made at night. The prescription needs of these patients must be served. The most effective antibiotic... the most potent pain-killer... is of no value unless it is available to the patient when he needs it.

We will continue our 10-day work week, just as we have done these many years past. It's our responsibility to our community... and we are proud of it.

SOLDIERS THREE

HERE ARE THREE champions of defense... two marines and their mascot, "Head Space"! And don't say the puppy doesn't count. He does. For little "Head Space" takes the place of the beloved pets these boys have left at home. He's a morale builder—doing a first-class job for defense!

And you're doing a defense job every day by your purchase of United States Defense Bonds. For you know that by Bonds and other forms of saving you are making yourself and your family financially secure. And when you are strong financially our country has the strong economy that must go hand in hand with military strength to make us all safe. In these restless times remember—Peace is only for the strong!

So today, where you work, sign up to buy Bonds through Payroll Savings—the easy plan that saves for you before you even draw your pay. Thousands have found it one sure way to save.

HERE'S HOW E BONDS NOW EARN MORE MONEY FOR YOU!

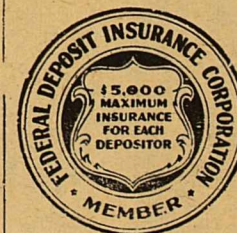

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before... thanks to 3 brand-new money-earning features announced by the U. S. Treasury.

1. Now every Series E Bond you buy begins earning interest after only 6 months. It earns 3%, compounded semiannually, when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start!
2. Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!
3. During the 10-year extension period, every unmatured bond earns at the new, higher interest (average 3% compounded semiannually). Your original \$18.75 can now repay you \$33.67. \$37.50 pays back \$67.34. And so on.

Start now! Invest more savings in better-paying Series E Bonds—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank!

PEACE IS FOR THE STRONG...
FOR PEACE AND PROSPERITY, SAVE

Here's a reminder! Those United States Defense Bonds you bought in 1942 reach maturity this year! Yep—that seventy-five dollars is now one hundred dollars! A tidy profit! But—did you know—you can let that Bond go on earning interest for you? That's right—you don't have to redeem it at maturity. If you prefer, you may continue to hold it at interest for as long as ten more years. What's more, it will earn a full 3% interest compounded semiannually each and every six months. And remember to keep on investing MORE in Bonds, too.
