THE SNYDER DAILY NEWS

VOL. 8, NO. 24 — SNYDER, TEXAS, TUESDAY, MAY 28, 1957 — EIGHT PAGES—PRICE 5c

BOY'S STATE DELEGATES—Five of the six Scurry County boys who will attend the American Legion sponsored Boy's State in Austin in June are pictured above at the meeting here last night of the American Legion at which they officially received delegate credentials to the meeting. From left are Larry Page, Snyder, Jimmy Cloud, Snyder, Tommy Echols, Ira, Bill Jennings, Snyder and Gene Smith, Fluvana. Arlon Groves, Hermleigh delegate, was unable to attend last night. Cost of $65 for each boy is paid by the sponsoring institutions. All boys attend under auspicies of the Amercian Legion and the Legion sponsors two, the Veterans of Foreign Wars, The Snyder Kiwanis Club, the Snyder Junior Chamber of Commerce, and the Snyder Rotary Club one each. Killer Loose On Ship

SAN FRANCISCO (AP)—A Navy enlisted man went berserk on a cargo vessel at Treasure Island today and shot one man to death and wounded two others.

Then he held four other men hostages on the bridge of the attack cargo ship Uvalde for more than two hours. They finally were able to slip away unhurt.

The navy identified the berserk man as Jimmie Henderson, a tall Negro.

Navy officers said that at a court-martial yesterday he was convicted of stealing a watch and was sentenced to four months in the brig. He was classified as a "prisoner at large," awaiting confirmation of the sentence.

The dead man was reported to be Ens. Arthur Lusk Morris.

Listed as wounded were Ens. Harrison R. D. Lee, shot in the abdomen and arms; and Jake H. Verdek, metalsmith 3rd class, beaten with a hammer.

The killer, armed with a .45 caliber pistol, still was on the Uvalde's bridge.

Cmdr. Herman J. Schnurr, chief chaplain at the Navy installation, went aboard the Uvalde in an attempt to talk the man into surrendering.

Marines kept everyone at a considerable distance from the ship.

One report said Ens. Richard Harrison had been shot in the abdomen and was in serious condition.

The name of the dead was not announced immediately.

Asked who did the shooting, the Navy spokesman replied: "We don't know yet. One man was killed, one was wounded and four are being held hostage on the flying bridge of the Uvalde."

Treasure Island is a man-made island in San Francisco Bay, dredged from the bay bottom to form the site of the 1939 Golden Gate International Exposition. It has since been a Navy facility.

141 To Get Diplomas Tonight

Diplomas will be presented to 141 graduating seniors tonight at commencement exercises for Snyder High School.

This is the largest class ever to graduate from the school, and with the large class a large crowd is expected. The program will be at 8 p.m. in the high school auditorium.

Graduating students were given tickets to distrubute to their parents and others they wished to attend. No one will be admitted to the auditorium without a ticket.

Arrangements are being made for overflow, however, through use of closed circuit television. Three large rooms — the choral room, band room, and speech room — all of them on the ground floor of the high school building and just off the hallway which runs next to the auditorium, will be equipped with television receivers, and cameras will be operated in the auditorium by the high school science department.

The auditorium will seat about 1,100 persons. The three rooms will take care of about 300 additional persons.

Main speaker for the commencement program will be Dr. Chess Lovern, pastor of the First Methodist Church in Lubbock. He will be introduced by Dr. Cecil Yarbrough, superintendent of schools here.

T. D. Wiman, Jr. high school principle, will preside at the program. Processional will be by Mrs. Bob Womack.

Invocation will be by Keith McCormick, president of the graduating class, followed by the salutatory address, "Reaffirming Our Faith in the Contributions of Our Faculty and Students," by Joel Hamlett. The high school girls chorus, diracted by Bob Clinton, will then sing.

Afterward, the co-valedictorians, Sam Martin and Ronnie Smith, will make their talks. Martin's subject will be "Observing the Osmatic Relationships We Hold with Our Peers." Smith's will be "Seeking Horizons of Success in a World Unknown."

Wiman will then make presentation of scholarships and other awards. They will include presentation of the annual National Arion Awards to one outstanding band student and one outstanding choral student. There are several scholarships which have been announced for some of the graduates.

The main address will follow, after which Dr. Yarbrough will present graduates for the awarding of diplomas. Making diploma awards will be Dr. Wilton N. Jones, vice-president of the school board of education. The benediction will be by Rita Grimmett.

Large Crowd Turns Out For Promotional Exercises Here

An overflow crowd of some 1,500 persons last night attended promotional exercises for the Snyder junior high school, held in the high school auditorium.

To handle the crowd, which was too large for the auditorium, faculty members set up closed circuit television facilities in some of the high school rooms and telecast the promotional ceremony.

The valedictory address was made by Sue Taylor, who led the class with a grade average of 97.5. Salutatory address was by Tommy Minton, who had an average of 97.25. Runners-up were Judy Wallace and Charlotte Flake, tied for third, and Ramona Hewitt and Linda Gayle Miller, tied for fourth.

There were 88 other students given honorable mention because they had yearly grades of 90 or above.

Steve Melton, president-elect of the high school student council, spoke to the students on "Making the Most of High School." Music was by the junior high choir, under direction of Mrs. Landis Lee.

Diplomas were presented to a total of 265 students by Dr. Cecil Yarbrough, superintendent of schools.

The promotional exercise was arranged by a committee headed by Mrs. Helen Martin, chairman, and composed of Martha Zeck, Joe Craft, James Stewart, Ace Amos, and Mary Lou Devenport.

After the promotional exercise a party was given in the high school cafeteria for those being promoted into high school and their parents. The party was arranged by a parents' committee headed by Mrs. Wraymond Sims.

During the promotional program, Herman Trigg, junior high principal, who presided, made several awards.

In addition to the awards to the

Killed In Crash

NEW BRAUNFELS (AP)—Aubrey Bolding of San Antonio was killed last night when his car crashed into a tractor-trailer on Highway 81 near here.

Meeting On Foundation Drive Set

Another activity in the Scurry County Industrial Foundation campaign has been planned for Wednesday morning.

A special meeting for Snyder merchants has been set for 7 a.m. in the Hilander.

At that time the industrial foundation program will be reviewed, and those attending will be invited to participate and help carry the campaign to others.

Workers reported that considerable progress has been made in the campaign during the past week.

However, many persons who have expressed interest in the foundation program have not yet purchased their stock reciepts. At the Wednesday meeting, leaders in the campaign hope to accept purchases and to make arrangements for personal contacts of those who are unable to attend the meeting.

All Snyder merchants have been invited to attend the meeting, and others who are interested in the foundation will be welcome.

The foundation hopes to advance its campaign far enough to apply for a charter by the end of the month.

The meeting Wednesday will be a continuation of a series of activities in behalf of the foundation which have been in progress since April 25, when the foundation drive was launched.

AT LEGION MEETING

County Youths Honored Here

Scurry County delegates to Boys State and Girls State were honored at a meeting of the American Legion at the Veterans Club last night.

The boys and girls, their families and special guests, were present for a ham supper at the outset of the session.

Principal speaker for the event was Maj. George Killam of the Air Force Reserve. Killam discussed the probable fighting tactics which might be employed in the event there is a major war in the future.

He emphasized the role that the Air Force and submarine services will play in such a war, and noted that regardless of which side launched the attack, some of the war would be fought on the home land.

He said government leaders have the responsibility to develop diplomatic relations to avert war. This fact, he said, helps make the Boys State and Girls State programs important, because it inables boys and girls to learn more about their government.

Mrs. Hilton Lambert explained the Girls State program, and Hilton Lambert, division commander, told the boys and girls some of the things they might expect to learn on their trip.

"The rights we have are founded on a democratic foundation, and it will be your job to keep it democratic," Lambert said.

Edgar Taylor, county judge, and Dr. Cecil Yarbrough, superintendent of Snyder Schools, spoke briefly.

Another highlight of the program was the presentation of a wheel chair to the Legion and VFW by the Auxiliary. Mrs. Bess Nichols, who made the presentation, expresed appreciation to persons who had bought magazine subscriptions during a drive the Auxiliary conducted to help purchase the wheel chair. The Legion and VFW now have 14 wheel chairs for avail-

Mrs. Ida May Mears Dies Here

Mrs. Ida May Mears, 72, who lived at 2208 Avenue L, died at 12:30 p.m. Monday in the Cogdell Memorial Hospital.

Mrs. Mears, who came to Scurry County in an ox wagon at the age of six, had been a resident of Fluvanna and Snyder for 66 years. She was a native of Hillsboro, and was married to Jim Mears on March 22, 1905 in Snyder.

Mrs. Mears had been a member of the Church of Christ since she was 12 years old.

She is survived by her husband, Jim Mears; three daughters, Mrs. Wanda Lockhart and Mrs. Mary Faye Clements, both of Snyder, and Mrs. Lucille Boren of Lodi, Calif.; two sons, Nathan Mears of Post and Wayne Mears of Hayward, Calif.; one sister, Mrs. Carrie Ainsworth of Fluvanna; nine grandchildren and four great-grandchildren.

Funeral services will be held at the Twenty-fifth Street Church of Christ, but the time had not been announced at noon today.

Burial will be in the Fluvanna Cemetery, under direction of Bolger Funeral Home.

Pallbearers will be Gray Parks, Jimmy Smith, Neil Holder, Charlie Hunnicutt, Dee Lockhart, Sid Freeman, J. T. Stephens and Joe Parks.

Killed Yesterday

CENTER, Tex. (AP)—Lynn Kinney, 5, daughter of Mr. and Mrs. Jack Kinney, was killed yesterday by a car.

Texas A&M Coach Quits

COLLEGE STATION (AP) — Ken Loeffler, brought to Texas A&M to revive its basketball fortunes and who stepped into recruiting charges, resigned today—provided the college will pay off his contract.

Presdint D. W. Williams accepted the resignation and said: "It is worth this amount to clear the air of all charges and questions concerning all members of our athletic staff and prepare the way for free development of an aggressive and well-rounded athletic program at the college."

The amount outstanding on the contract is $7,214. Loeffler's contract ran until next April 1.

A&M is being punished for football recruiting practices. Under an NCAA ruling, the college is banned from post-season bowl games. The Southwest Conference imposed a similar ban against A&M but then withdrew the punishment.

Workers Laid Off

PHILADELPHIA (AP)—More than 750 Pennsylvania Railroad maintenance workers will be laid off June 1 as a result of a 10 per cent drop in freight business and delays in requested rate increases, the PRR said today.

BEFORE MONDAY

More Paving Can Be Added

As much as 25 to 30 more blocks of street paving in Snyder can be added to the city's paving project this summer if property owners along unpaved streets' petition for the paving by next Monday, Roy Duplap, city manager, said today.

Dunlap said that the city would have to have the signed petitions in the city hall by the regular council meeting for May next Monday night at 7:30 o'clock to enter the new streets into this year's paving program.

The petitions will require the signatures of at least 50 per cent of the property owners on the Streets to be paved.

Any size paving project will be included if the street connects to presently paved streets from one block up to as many blocks as can be petitioned.

In the paving program which the city has contracted to the Brown & Root construction company, the paving of a 31-foot-wide street will cost the property owners on each side of the street $3.13 per linear foot in front of each individual's property. The $3.13 per linear foot includes all the cost of curb and gutter on one side of the street, and one-third of the pavement on the street. The city pays for one third of the paving, and for cost for cost of paving intersections.

On a 37-foot-wide street the total cost to the individual property owner, will be $3.48 per linear foot in front of his property.

Under terms of the contract with Brown & Root, the property owner may either pay cash for his cost at the completion of the paving, or may pay for the paving over a period of four years.

If he chooses to use the extended payment plan, one fourth of the entire cost to him will be due to be paid 10 days after the pavement has been completed and accepted by the city of Snyder, with three other annual payments. On the other three payments an interest of six per cent will be charged by the contractor.

"We hope that several more blocks of paving can be added to the project by next Monday," Dunlap said.

The city's share of the paving costs are being paid from bond funds voted by the citizens of Snyder last year.

At the present no petitions are out, but anyone who wishes to attempt to get his street included can pick up copies of the petition at the city hall.

The Monday night deadline is necessitated by the time necessary to complete legal steps involved in including streets in the paving project. Usually about 60 days are necessary to complete the legal procedures.

Founder Of College Dies

NEW YORK (AP)—Dr. Maurice J. Lewi, 99, a sprightly physician devoted to cigars, whisky and the human foot, died yesterday at his hotel apartment.

Lewi was founder and president of the New York College of podiatry. He was credited with almost singlehandedly raising podiatry—the treatment of foot ailments—to professional status.

Even in his later years, Lewi continued his custom of staying up late, attending the theater and opera and playing poker with friends into the small hours of the morning.

He smoked 12 to 14 cigars a day until a doctor recently talked him into cutting down to 8. He drank whisky regularly. He once said with a twinkle in his blue eyes:

"I do as I please and I never waste energy resisting temptation."

Tax Exemptions

OKLAHOMA CITY (AP)—Sales tax exemptions on two items used by farmers were almost a reality today after a stormy night in the Senate's latest session of the year. Exemptions for feed and used farm machinery were approved by the Senate 25-17 last night and the measure is ready for signature by Gov. Raymond Gary.

Test Device Is Exploded

ATOMIC TEST SITE, Nev. (AP)—The United States exploded a brilliant device into the desert darkness today, opening its summer series of Nevada tests.

The 10-kiloton device flared an unearthly light over the test center. A tremendous mushroom cloud erupted into the predawn sky. Shot time was 4:55 a.m.

The rising cloud blended at its base against low-hanging blue clouds on the northern horizon.

The top of the cloud coiled and boiled into the sky and drifted away from its stem.

The first faint rays of the sun cappad the soaring mass with a creamy mantle. Below the cloud cap the familiar dirty brown mushroom stem held firm and then began to lose its shape.

Spectacular as was the explosion, it was small compared with other tests carried out here during the five years the United States has tested atomic weapons on the Nevada desert.

The power of today's device is equal to the energy of 10,000 tons of TNT. This is about half the size of bombs which destroyed the Japanese cities of Hiroshima and Nagasaki in World War II. Bombs of more than 20 kilotons have been tested here.

As the blast went off from atop a 500-foot tower at Yucca Flat 70 miles northwest of Las Vegas, 31 aircraft streaked into the radioactive field to photograph the mushroom cloud and to track its path as the light wind carried it away.

In observation posts ringing the test site were 200 military personnel. The test was witnessed by newsmen from a site 11 miles away.

This explosion, delayed since May 16 by adverse winds was intended to provide the Atomic Energy Commission with information on radiation measurements, flash effects, and fall-out.

The entire series, which will continue until Sept. 1 and will include more than 15 shots, is designed "to attain new knowledge important to the defense of the United States and the free world."

The fireball of today's device did not touch the desert floor beneath the disintegrated steel tower.

Snyder's School Budget Approved

The budget for the 1957-58 school year was approved for the Snyder Independent School District yesterday afternoon by the district board after it held its annual budget hearing.

About 25 persons other than school board members attended the hearing. The session lasted only a few minutes. Included in those attending the hearing were a number of tax representatives of oil companies which have properties in the district.

There is little difference in the budget for the next school year and that for this. The operating budget is slightly lower, while debt service is a little higher to make the total budget slightly higher next year.

Total budget for the 1957-58 school year is $2,361,340, while that for this school year was $2,297,048.

The operating budget will be $1,786,263, compared to this year's 1,786,918. Debt service, which includes interest and sinking fund requirements brought about by building programs, will be $575,077, while this year it was $510,130. Supplementing next year's budget will be a $24,000 Ford Foundation grant given by the Fund for the Advancement of Education in connection with the schools' staff utilization work.

The total tax rate for operation, maintenance, and interest and sinking fund will be $1.42 per $100 valuation, the same as it was this year. Total valuation is about $137 million. Per capita apportionment from the state will be $76.80 per student on 4,150 students.

The estimated disbursements in the 1957-58 operating budget: administration, $92,060; instruction, salaries, $1,193,213, supplies, $87,431; other school services, $137,122; operation of plant, $137,186; maintenance of plant, $66,321; fixed charges, $13,208; community services, $1,000; summer school, $690; public adult education, $300; capital outlay, $57,822.

Floods Are Tapering Off In State Today

By The Associated Press

Torrential rains lashed scattered parts of South and Southwest Texas Monday, but tapered off Tuesday. Major flooding subsided in North Texas.

Cloudbursts dumped up to 8 inches of rain as thunderstorms plagued South Texas and the southwestern part of the state for a second day. At least three tornado funnels were reported sighted, but there were no damage reports.

John Syring, 7, was feared drowned near Kenedy after a wall of water swept him off the pickup truck he was riding. The truck bogged down in a muddy creek bed before a torrential rain described as thunderous dumped 3½ inches of rain in 40 minutes at Kenedy.

The boy's father, R. J. Syring, and his other two sons, 5 and 9, escaped, but John could not be found.

Rain fell during the night at Dalhart in the Panhandle, at Houston, Laredo and Cotulla. Skies were generally cloudy to partly cloudy. The Weather Bureau forecast scattered rain and thunderstorms Tuesday and Tuesday night as warm Gulf air moved over the state.

Thousands of persons remained homeless, however, in Texas, Oklahoma and Arkansas as rivers and streams continued to overflow or run near bankful from earlier torrential rains.

Some of the 2,100 persons driven out by the flooding Trinity River in Dallas hoped to return to their homes today. In nearby Fort Worth, where 4,000 fled the surging river during the weekend, water began receding in all areas. The flood victims were not expected to be able to return before the end of the week, however. The river was receding slowly.

The Arkansas River continued to cause damage. Gov. Orval Fabus of Arkansas said he would appeal for federal aid.

The Arkansas spilled over low-lying farms from Fort Smith 150 miles eastward to Little Rock. Crest forecasts were revised upward a foot or two. Civil defense estimated 1,000 persons have been evacuated, mainly in North Little Rock and including the 400 persons comprising the population of Moffett, Okla., just across the river from Fort Smith.

WEATHER

SNYDER TEMPERATURES: High Monday, 80 degrees; low, 55 degrees; reading at 7:30 a.m. today, 59 degrees.

West Texas—Partly cloudy and mild through Wednesday with scattered showers and local thunderstorms.

Many Dance In Protest

DES MOINES (AP)—About 50 residents of 50th St. in the north part of Des Moines got out in the street and danced last night. They weren't happy, they were mad.

It was their way of protesting against the use of the street as a Highway 6 detour while the regular route was being widened. They said there are 100 children in the area and claimed their lives were endangered by the traffic.

The protestors didn't have a dancing permit and finally the police told them to take their record players inside.

"We got by with it for about two hours," said Mrs. Edna L. Davis, a spokesman.

Trucks and cars were let through between dance numbers.

PAUL KEATON ... General Chairman

LYLE DEFFEBACH ... Advance Gifts Chief

Two Posts Filled For UF Campaign

Two key posts for the 1957 Scurry County United Fund campaign have been filled.

Paul Keaton will serve as general campaign chairman, and Lyle Deffebach will be chairman of the advance gifts division for the 1957 drive.

The appointment of Keaton and Deffebach, and their acceptance, was announced Monday afternoon by H. A. Johnson Jr., chairman of the UF campaign committee. Johnson served as general chairman for the campaign last year.

The new chairmen said that organization work for the 1957 campaign, which will raise funds to support participating agencies for 1958, will begin promptly. They hope to have their forces organized for an effective campaign in the fall.

Both Keaton and Deffebach have been actively interested in the United Fund since its organization.

Choral officers, Steve Free, president; John Waver, vice-president. The choir, directed by Mrs. Landis Lee, was recognized for its winning sweepstakes.

Girls volleyball captains by periods, Kay Keller, Jean Fisher, Betty Roe, Marsha Stone, Flo Watson, Pat Bills.

Office assistants, Judy Wallace and Jimmy Don Robinson, medal winners, with merit awards going to Ginny Sims, Jerry Townsend, Dickie Clemmer, Marilyn LaRue, Carolyn Loyd, Jesse Crawford, Lisa Brice, Reginald Scarborough, Darvis Cormier, Linda Gayle Miller, Graydon Hicks, Sonya Gillean, Charles Merritt.

Library assistants, Shirley Dyess and Ramona Hewitt, medal winners, with merit awards to Junellen DeArmon, Donna Kropp, Pat Murphy, Becky Perkins, Paula Keaton, Wanda Wolfe, Karen Roberson June Osborne Linda Orr, Lannette Miller, Carol Moore, Katy Gage.

Cheer leaders, Sue Hill, Pat Bills, Sandra Williams.

Judge Gets Lecture From Angered Woman

TAMPA, Fla. (AP) — A Tampa mother, angered by Judge L. A. Grayson's treatment of her son, gave him a lecture in Criminal Court yesterday.

"God will pass judgment on you some day," she said.

Grayson did not dispute that point, but declared, "I will handle the passing of judgment down here until God intervenes."

The son, John J. Richards, 19, had pleaded guilty to burglary. Grayson ordered a presentence probation investigation.

Apparently the mother, whose name was not learned, was disturbed because Grayson ordered the son held in jail while the investigation is being made.

2 Trophies Are Won By Night Hawks

Two trophies were among the winnings Sunday of members of the Night Hawks, Snyder organization of stock car enthusiasts, in drag races held at Big Spring.

Trophy winners were Morris Francis, winning the 1-C stock car race with a 1957 Chevrolet with a 265-horse engine, making about 84 miles per hour, and Chili Childress in the B-gas race with a 1941 Ford with a 270-horse Corvette engine, making about 90 miles per hour.

In all, the club had five cars entered in the stock class, two in the class for factory hot rods, and one in the gas class.

The club will have several members going to Colorado City Sunday for races. The Big Spring races are held every fourth Sunday. Some members also go to races at Abilene, San Angelo, and Hobbs, N.M. There are usually about 10 entering races.

The Night Hawks organization now has about 18 members. Those interested in the organization have been asked to contact either Bill Dennis, Childress, or Richard Hart.

Houston Is Ruled Out In Hearing

DALLAS (AP)—Houston's efforts to share any new airline service between Dallas and the West Coast were overruled yesterday in the Civil Aeronautics Board hearing on Dallas' application for competitiva airline service to the West.

Backed by Eastern and National Airlines, Houston contended any new service should be a leg of a Houston-West Coast route.

Harold Russell, attorney for Eastern, said his firm objects to the hearing and considers it illegal.

CAB Examiner Thomas Wrenn overruled a motion by Russell for postponement.

National also entered a similar objection.

Peter Craig, American Airlines attorney, said he will object to some testimony and exhibits which other parties have announced they will bring to the hearing.

Dallas is seeking (1) authorization for competitive airline service to Los Angeles, San Francisco and Oakland; El Paso, Amarillo, Midland-Odessa and Lubbock; (2) nonstop trunkline service to Albuquerque and Santa Fe; Abilene, San Angelo and Big Spring; and (3) direct, single carrier trunkline service to Las Vegas, Nev.

Braniff, Eastern, Continental, Delta, California Eastern, and National are seeking to serve the regions if the CAB decides to allow such competitive service.

Opposition is expected to come from American and Western.

Postman Puts Mail To Rest In Cemetery

UNION, N.J. (AP) — A mailman who allegedly believed in putting extra loads of mail to rest in Hollywood cemetery was arrested by postal inspectors here yesterday.

Albert Mueller, 28, dumped circulars, magazines and postcards from his sack on three occasions when the load was especially heavy, the inspectors said.

They quoted Mueller as saying, "I failed to deliver the mail only on days when it was heavy." He was charged with destruction of mail.

Respect Individuality

ABILENE (AP)—Rep Omar Burleson advised graduates at Abilene Christian College last night "respect our own individuality and not just become a number." Burleson spoke to 230 students receiving degrees.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Mrs. Ethel Eiland, 2806 Avenue U.

DISMISSALS — W. M. Johnson, route 3; J. W. Jeffries, Gen. Del.

COGDELL MEMORIAL

ADMISSIONS — Gene Griffin, 3606 Avenue U; Dan R. Rogers, route 1.

DISMISSALS — James Ellis, Snyder; Mrs. W. A. Cogdell, Jr., and baby, Box 212; Grady Craig, Snyder; Mrs. Howard Harrington and baby, 2217 Fortieth Street; Brown baby, 2811 Avenue N; Danny Arrieca, Snyder.

New Pact Is Approved By Soviet Union

LONDON (AP) — Moscow radio says Soviet troop movements outside their bases in Hungary will be carried out only with the approval of Hungarian authorities under a new agreement signed by Hungary and the Soviet Union.

The treaty, signed yesterday in Budapest, also was said to provide that "Hungarian courts will deal with crimes committed by Soviet troops or members of their families."

The number of troops and the places where they will be determined on the basis of "special agreements," the broadcast added.

Neither Moscow radio nor an announcement in Budapest gave the strength of Soviet forces in Hungary, which crushed last fall's anti-Russian revolt. They now are believed to total perhaps 150,000 men.

"The agreement stresses the temporary character of the presence of Soviet troops on the territogy of Hungary," Moscow radio said, "also that this circumstance in no way infringes on the sovereignty of the Hungarian state and that Soviet troops do not interfere in the internal affairs of Hungary."

It said a commission made up of three Russians and three Hungarians will deal with disputes.

The Soviet Union has signed similar treaties with Poland, Romania and East Germany in the past six months.

The agreement was signed by Defense Minister Georgi K. Zhukov and Foreign Minister Andrei A. Gromyko for the Soviet Union and Defense Minister Geza Revesz and Foreign Minister Imre Horvath for Hungary.

Damage Suit Filed In Insurance Case

DALLAS (AP)—A five million dollar damage suit was filed yesterday against eight majority stockholders of Physicians Life and Accident Co. by two minority stockholders.

The plaintiffs, C. L. Hall and Charles L. Meador, said they were entitled to the sum for what they claimed were wrongful acts toward the company.

Defendants were listed as R. A. Stuart, James T. Valentine, Dallas M. Parnell, George S. McGhee, G. B. Hamman, Richard C. Coke and F. H. Owen.

It also named former Gov. Coke R. Stevenson, an official of Physicians Life.

Women Are Training As 'Meter Maids'

PHILADELPHIA (AP)—A class of 10 women began training yesterday as "meter maids," with a police superintendent taking care of the legal instruction and a fashion expert on hand to provide the feminine touch.

The meter maids will go on duty next Monday enforcing the city's parking regulations. If the system works out as hoped, more will be hired, says Police Commissioner Thomas J. Gibbons.

TOO WET TO PLOW—Symbolic of the dilemma confronting Southwestern farmers is this farm implement half submerged by flood waters. For more than seven years farmers have been plagued by a devastating drought. Rains this spring have broken the drought in many areas but the torrential downpours have caused flooding and left fields too wet for spring plowing and planting. The photograph above was taken on a farm near Irving, Tex. It was one of the many farms inundated by the swollen Trinity River.

Eisenhower Not Happy With Solons

WASHINGTON (AP)—President Eisenhower was pictured today as "not happy" that House Republican leaders are battling to restore only about 350 million dollars of a 2½-billion-dollar cut in new defense appropriations.

GOP Leader Martin (Mass.) so described Eisenhower's attitude after he and other Republican congressional leaders had their regular weekly meeting with the President.

Martin was asked whether Eisenhower was satisfied with the House Republican Policy Committee's decision to try for restoration of about 350 million dollars of the cut.

"No he is not happy. He thinks we should have at least $1,200,000,000," Martin said.

"But we have got to face realities—and the fact that we have a strong Democratic House."

Martin talked with newsmen at the White House. Senate Republican Leader Knowland of California, who was with him, said the administration's hope is that if the House restores about 350 million dollars, the Senate—when it acts on the bill—will put back "substantially" more.

Knowland added, however, that in the Senate there are "some practical problems facing us."

Knowland, who has called for trimming the administration's over-all $71,800,000,000 budget by about three billion dollars, alluded to the strong economy tide running in Congress this year.

Deputy Secretary of Defense Donald Quarles sat in with the President and the congressional leaders at today's White House session.

Depository Named By Snyder Schools

The Snyder school board has named the West Texas State Bank as depository for funds of the Snyder Independent School District for the next two years.

The board announced the intention of establishing a rotation plan, alternating between the two Snyder banks every two years for depository purposes.

Services Set For Hamilton

Funeral services for William Henry Hamilton, pioneer resident of Borden County, were to be held at 3 p.m. today in the Fluvanna Baptist Church. Mr. Hamilton died Sunday evening.

The Rev. Glenn Jackson was to officiate at the services. He was to be assisted by the Rev. Calvin Partain of Lubbock.

Mr. Hamilton is survived by his wife, Mrs. Fronia Hamilton, two sons, Park Hamilton and Hoy Hamilton, both of Snyder; two sisters, Mrs. Dora Humberson of Brownwood and Mrs. Leona Favors of Crockett; one brother, Edgar Hamilton of Groveton.

Four grandchildren also survive.

Burial was to be in the Fluvanna Cemetery, under direction of Bell Funeral Home.

Pallbearers were to be E. C. Browning, Mert Jones, Roy Heeder, H. O. Skinner, Frank Miller and Doc Minnick.

One Fined On Assault

A fine of $5 was assessed on plea of guilty to a charge of assault and battery in corporation court here this morning.

Lena Lane, who lives at Fifteenth Street and Avenue F, was fined $5 when her attorney, Pat Beene, entered the plea of guilty.

Complaint charging that Mrs. Lane struck another woman, Mrs. Charlie Hale, 711 Fifteenth Street, in a melee about 5:30 o'clock yesterday afternoon at the address, had been filed in corporation court by Mrs. Hale.

Earlier Mrs. Lane had posted a bond of $50, and $45 of that bond was refunded after the fine was set at $5. James Rosser of the law firm of Sentell, Rosser and Blanchard, was corporation court judge in the case in the absence of Arthur Blanchard, corporation court judge.

Third Crash Victim

ABILENE (AP)—Gen. Curtis LaMay, outgoing chief of the Strategic Air Command, will be honored with a Chamber of Commerce dinner here tomorrow.

Opinion On Code Given By Steakley

AUSTIN (AP)—State employes or officials who fail to comply with the new code of ethics law could be removed from their jobs, Secretary of State Zollie Steakley said yesterday.

About 200 employes and officials have complied with the law's provision to file a sworn statement for being an officer, agent or member of a firm or corporation "under the jurisdiction of a state regulatory agency."

Steakley said individual department or agency heads have "police" authority to see their employes comply although none is specifically set out in the law. No official or department is set up to force officials to comply, he said.

The code of ethics law was one of the "good government" measures passed by the 55th Legislature and signed by Gov. Price Daniel. Attacked in both Houses as "ineffective" and "not having any teeth," the bill does have penalties for violation, Steakley said.

"I think I would have legal grounds to fire one of my employes who did not comply with the code of ethics law," he said in an interview.

Steakley said he has not filed an affidavit because he did not think it was necessary. Many other top state officials also have not filed sworn statements.

In a letter mailed to all state departments, Steakley said he attached a suggested form which "may be used in filing the sworn statement required" by the law.

Response to Steakley's letter from the Department of Public Safety, State Board of Insurance Commissioners and other departments was fair although most employes had little or nothing to list.

Appointment Made

SOUTH BEND, Ind. (AP)—The University of Notre Dame announced today its president, the Rev. Theodore M. Hesburgh, has been appointed by Pope Pius XII as a permanent representative of Vatican City to the new International Atomic Energy Agency.

YOUTHS

Continued From Page One

able for use by people in Scurry County.

Youths who will go to Boys State include Jimmy Cloud of Snyder, Tommy Echols of Ira, Gene Smith of Fluvanna, Bill Jennings of Snyder, Larry Page of Snyder, Arlon Groves of Hermleigh. The Rotary Club, Jaycees, Kiwanis Club and VFW each is sponsoring one boy, while the Legion post is sponsoring two.

Girls who are going to Girls State include Doris Lewis, Wilda Livingston and Paula Dupree. Alternates are Janelle Moore, Carolyn Murphy and Toni Best. The Altrurian Daughters Club is sponsoring one Girls State delegate, while the Legion Auxiliary is sponsoring two.

In other business, awards for signing 25 or more Legion members were presented to Thurman Higgins, Hilton Lambert and Milton Mapes. Commander Frank Stephenson received a special gold pin for signing 110 Legion members.

Plans were made for the Memorial services to be Held Sunday at 5 p.m. Flags will be put on graves for veterans throughout the county Sunday morning.

The Memorial service will be preceded by the annual Buddy Poppy sale on Saturday.

The Legion voted to send four boys to the summer Boy Scout camp at the Buffalo Trail Council Ranch, and to sponsor a team in the girls softball league, which opens play Thursday night.

Montreal is 300 miles nearer Liverpool than is the port of New York.

WOMEN

Modern Teacher Just Doesn't Measure Up, Article Claims

By DOROTHY ROE
AP Women's Editor

"Goodby pencils, goodby books, goodby teacher's dirty looks. . . ."

That used to be the national juvenile theme song along about this time of year.

Today's students are less outspoken, but more bitter, says Sally Carrighar, in an article entitled "Murder in the Schoolroom" in the current issue of Harper's magazine. She holds that modern teachers don't measure up to the old-fashioned variety, and that they use phony techniques which don't fool the children for a minute.

Teachers have always been open targets for barbed criticism. But almost everybody I know remembers at least one great teacher who helped change the course of his life.

I remember my English teacher in Webb City, Mo., High School. By today's standards she probably would never have been able to land a job. She didn't bother much about hairdos, cosmetics or grooming. She walked with a stoop, and wore shapeless dresses.

Patiently, ploddingly, determinedly she drummed into our skittering minds a yardstick by which to measure and appreciate great literature.

Toward the end of my senior year she inquired tentatively of me what I planned to study in college. I said I guessed I'd take education and be a teacher. Most of the women in my family had been teachers at one time or another. There weren't many occupations open to women.

She said, rather timidly, that teaching was a hard life, and why didn't I try to write? This was a new idea, and I examined it curiously. From that day, my favorite teacher turned into a slave-driver. She slashed at my theme papers like a dyspeptic copyreader. She made me write reports over and over until they won her grudging approval.

After graduation, she compelled me to apply for a scholarship at the State University.

When the scholarship came through her face shone like a full moon. She patted my shoulder and said: "We did it!"

I never saw her again, but I hope she's still teaching somewhere. I'm sure it wouldn't be Heaven to her if she couldn't teach.

Picnic Is Held By Elementary School

An end-of-school picnic was held last night at the exhibit barn in Towle Memorial Park by the faculty of West Elementary School and families.

Silas Devenport, principal of the School, was presented a lounge chair as a gift from the faculty.

About 30 teachers and their families attended.

Student Is Good Will Ambassador

FREDERICK, Md., (AP) — A success story of our times is that of Mara Eksteins, Latvian refugee and Hood College senior, who has been chosen to return to her native Europe as an American student ambassador of good will.

Mara, who became an American citizen only a year ago, has won a Fulbright scholarship for study of French at the University of Paris.

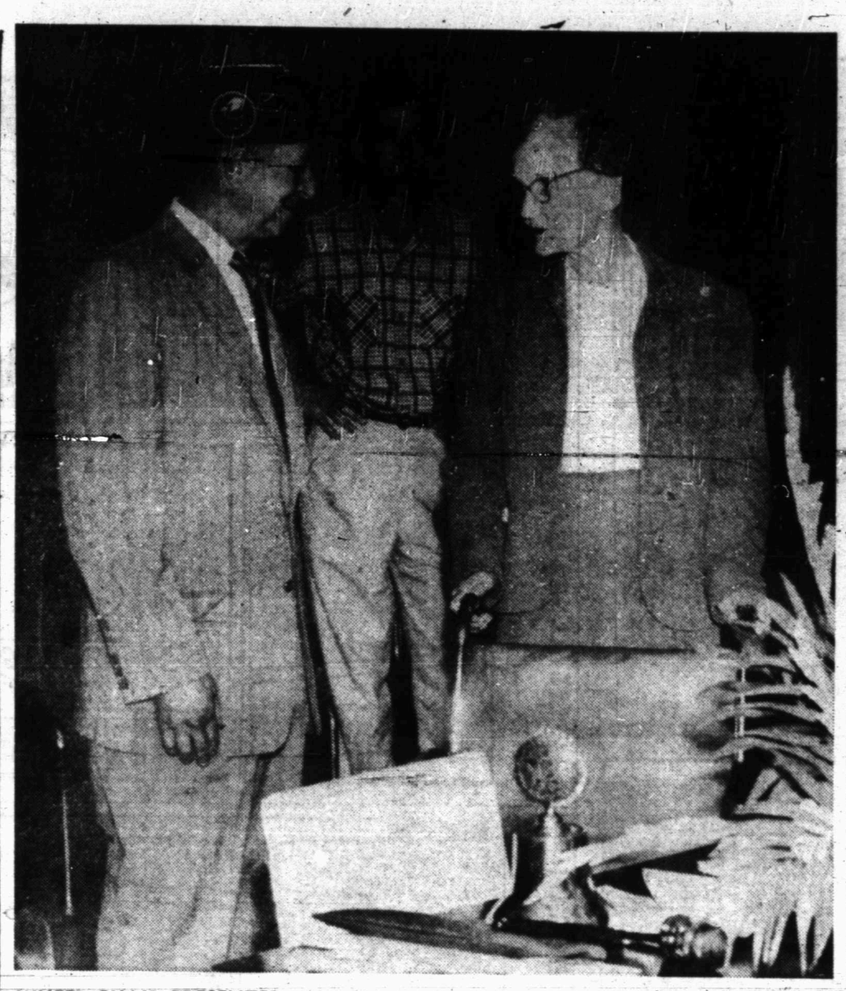

Now looking like a typical American college girl, pretty Mara has packed a great deal of drama into her short life. It began 13 years ago, in 1944, when her family fled their native Latvia during the Russian invasion of the little Baltic country. With her parents and her brother Juris, little Mara made a frenzied flight to freedom via the Baltic Sea, settling near Leipzig, Germany. Here Mara and her brother attended a German school, subjected to the Nazi regimentation, while their father worked as a farmer.

When the war was over, the Eksteins were moved to another international camp nearby, and once again found themselves in Russian territory. Once again they fled the Iron Curtain and spent four years in a Latvian colony established by the American occupantion forces.

Mara was ready to enter high school when the family, sponsored by the World Lutheran Federation, boarded a crowded refugee ship for New York. They spoke little English and at first found the New World frightening.

WHAT'S GOING ON

WHEEL CHAIR PRESENTED—Mrs. Bess Nichols, of the American Legion Auxiliary, is shown above presenting a wheel chair to the commanders of the American Legion, Frank D. Stephenson, left, and Veteran's of Foreign Wars, Milton Mapes, center, in ceremonies at the Veteran's Club House last night. The auxiliary purchased the chair from profits of a magazine subscription sale held recently here. The chair is the fourteenth to be put to use by the two clubs here. The clubs also have crutches and hospital beds for persons who need such equipment in Scurry County. (Lee Watston photograph)

Party Is Given For Mrs. Dillard Harley

A surprise birthday party was given recently for Mrs. Dillard Herrley in her home at 2900 Avenue E.

The group played games, and refreshments of coffee, cokes, and cake were served.

Attending were Mr. and Mrs. Dub Wright and sons, Mr. and Mrs. Bill Glass and children, Mr. and Mrs. Dale Stuard and daughter Mr. and Mrs. Bobby Roemisch, Mr. and Mrs. Rex Robinson, Mrs. Dell Buttrell, Sheila Kay Herrley, and Dillard Herrley.

Girls Are Following Our Pilots

INDIANAPOLIS, (AP) — The Civil Aeronautics Administration employs an unusual group of 20 or more imitation airplane pilots as its Technical Development Center here.

The "pilots" operate blips upon a radar screen, which represent airplanes flying in the area of a congested airport.

All the make-believe pilots are women. And they work at the modest rate of $1.64 an hour.

The CAA recruits for this work the wives, sweethearts and acquaintances of the men employed at the center. With their help the CAA is able to stimulate air traffic conditions at any airport, adjust procedures, move airway aids and try out new methods to improve safety.

The women have charge of 18 projectors which throw blips of light of a screen. The moving dots of light represent airplanes approaching or leaving. Also on that screen is a map of the airport area being studied. Both the map and the moving light spots are televised onto radar screens in an adjoining room which represents an airport "control tower," with its air traffic control experts.

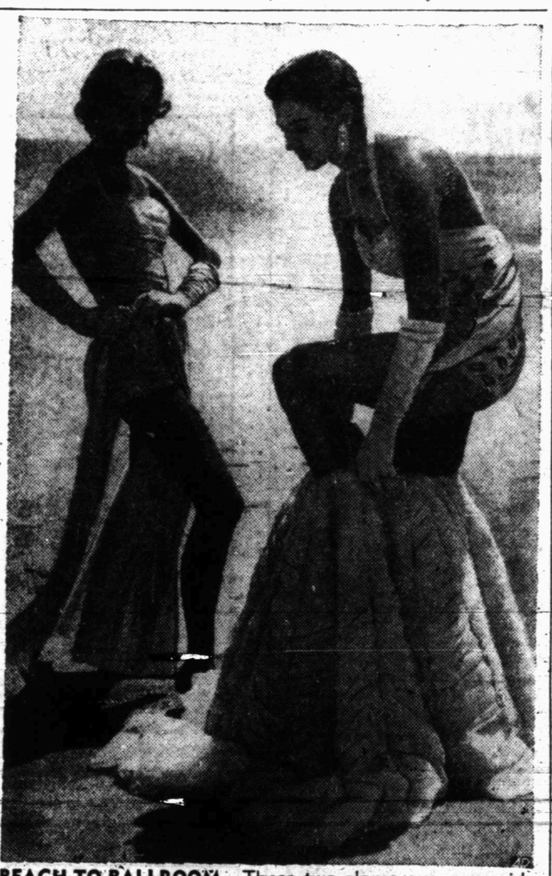

CAA technicians have developed the projectors so that they can simulate the performance of any kind of airplane, from a Cub to a jet fighter. The system has built-in "wind drift." The climbing radius, speed and other performance characteristics of any plane can be pre-set.

The women pilots talk through headsets and microphones with the controllers in the make-believe control tower, exactly as though they were real pilots in airplanes approaching the control point.

"It would be tremendously expensive to study actual conditions around an operating airport, so the CAA does it in Indianapolis without ever flying a real plane," a CAA spokesman explained.

"It would also be expensive to have full time employees sitting around waiting to make like pilots while the engineers cut and try new ideas in traffic control.

"So the CAA recruited the women. They spend a few or many hours at the center, as circumstances may require, and go home when their flying is done."

BEACH TO BALLROOM—These two glamorous mermaids go from the beach to the dance in style, merely by adding evening skirts to their swim suits. Left is a suit of silver lame with matching ankle-length skirt; right, suit of white lace lastex over nude nylon, with foamy skirt of layers of shirred white nylon. Designed by Fred Cole of California.

DATE DATA

By BEVERLY BRANDOW

Do some boys have good dating manners while others do not? Do some boys show their dates respect and other boys treat them must as "another fellow?"

Yes. Boys vary and their dating approaches vary with them, but what some girls don't realize is that John Doe may be several kinds of boy all rolled up in one person. With Dorothy he may be gental and full of compliments, eager to please and to pamper.

With Gay he may be rough and tumble, sharing his dirty jokes and expecting her to fend for herself getting into and out of the car or in retrieving a dropped purse or a hat blown off.

Most boys are puddy in the hands of a clever girl. By a girl they like, they can be molded into any sort of creature she desires. If she expects to be shown good dating manners and lets it be known in a quiet subtle way, she will be treated accordingly.

If she does not respect herself to the point that she considers herself worthy of attention, the boy, too, will come to feel that she is not worthy of extra special consideration.

Whether the boy drives sanely or like a maniac, whether he cusses in her presences, whether he honks for her in front or greets her at her door depend almost entirely on the girl and her attitudes and the feeling she imparts to the boy.

How do your dates behave toward you? It is a reflection upon your personality, and if that reflection is not a good one, you'd better get busy.

Daughter Honored By Mrs. Rodgers

Mrs. H. W. Rodger, Rt. 2 Snyder, honored her daughter, Jo Ann, with a party on her seventh birthday last Saturday.

Games were played and refreshments of ice cream, cake, and punch were served.

Guests were Janie and Johnny Macbeth, Glenda, Linda and Vickie Marsh, Maurice and Jackie Clement, Roy Bartels, Gayle Thornburg, Carol Sue Hammett, Barbara Burklow, Karen and Connie Rodgers, Mrs. Syble Burklow and Mrs. Billy Clement.

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often causes restless nights and miserable tired-out feelings. When these discomforts come on with overexertion or stress and strain — you want relief — want it fast! Another disturbance may be mild bladder irritation following wrong food and drink — often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

Tigers Nip Pecos, 1-0, In Regional Opener

Baker, Ham- Star In Win

By BUCK FRANCIS
News Sports Editor

Superb pitching by Ronnie Baker and a timely hit by Milton Ham brought the Tigers a hard-fought 1-0 decision over the Pecos Eagles yesterday in the opening game of the regional playoff series before an estamated crowd of 1,500 fans at Towle Memorial Park.

Baker tossed a three-hitter at the power laden Eagles in registering his fourth straight shutout.

Ham toted the "big stick" by knocking in the only run of the game with a line-drive triple over the right fielder's head with two away in the seventh inning.

Ham's three-bagger found Joe Reaves on-base and Reaves scored easily on the blow.

Before the Tigers finally dented home plate in the seventh, they had mustered a scoring threat in every inning; but strong-armed Eugene Walker, the Pecos hurler, was able to work himself out of each jam.

The Tigers touched Walker for eight hits but htey couldn't bunch them. The Bengals hit safely in every inning with exception of the third and they put two runners on base in that inning, one on an error and another on a hit-batsman.

But the Tigers were not to be denied in the seventh. With one away, third baseman Travis McLain of the Eagles bobbled Neil Boyd's sharply hit ground ball and Boyd was safe at first. Reaves then forced Falls at second for the second out.

Ham, however, sent the Tiger fans home happy by slamming a Walker fast ball over right fielder Jimmy Lackey's head. the ball rolled to the far corner with Reaves racing home with the winning run, Ham pulling up at third with a triple.

Baker, who hasn't been scored on since April 16, pitched masterfully all the way though, striking out 13 and issuing only two bases on balls.

The Tigers backed Baker up with erroless play afield.

One of the trree hits Baker gave up came on the first pitch of the game. Royce Cassell lined a double to deep center on Baker's first toss but that is as far as he got. Baker whiffed the next three to leave Cassell stranded at second.

The Eagles got only one other runner as far as second. Travis McLain walked in the fifth and advanced to second on a sacrifice but got no further.

After the first-inning blow, the Eagles didn't get another hit until the sixth when Robert Hinson singled to left. The third Pecos hit came in the seventh, a single to right by Bill Mitchell.

The Tigers made several scoring threats with the most serious threats coming in the first and sixth innings. The Bengals loaded the bases with one away in the first. Gary Vice led with a double, Reaves got an infield hit and Ham walked to jam the base paths.

But Jimmy Allen froced Vice at the plate and Tommy Prichard popped out to end the threat.

In the sixth, Prichard singled to right to lead off and raced all the way to third on Tom Falls' sacrifice bunt. The alert Prichard kept right on going after rounding second when he noticed no one was covering third. The Pecos third baseman had come in on the bunt and left the hot-corner bag unprotected.

The rally died, however, when Walker retired the next two Tigers, leaving Prichard left stranded at third.

The Tigers missed another scoring chance in the second when Coleman John looped a single to short center with one away. The Tiger backstopper was thrown out attempti..g to steal second. This proved costly since Baker followed with a double down the right field line.

Second game of the series will be played Friday at Pecos, starting at 3:30 p.m. If a third game is necessary, it will be played Saturday, also at Pecos.

Cincinnati Redlegs Finally Solve Milwaukee 'Jinx'

By ED WILKS
The Associated Press

Winning on the road and hanging on to pocket extra-inning games may not guarantee Cincinnati a pennant—but it doesn't figure to hurt them either.

The Redlegs, looking more and more like champs, combined those two knacks to finally knock off Milwaukee's slipping Braves last night, twice shrugging off blown leads for an explosive, five-run 10th inning that produced an 11-6 victory.

It was the first of the season for Cincinnati against the Braves—who had beaten the Redlegs seven in a row. Cincy has now won 15 straight on the road.

The extra-inning victory, the fourth of the season for the Redlegs who have won every overtime session they've had to play so far, kept Cincinnati two games ahead of the Brooklyn Dodgers, who beat Philadelphia 5-1 on Don Drysdale's two-hit pitching.

The St. Louis Cardinals, with Stan Musial 3-for-5, belted Chicago's Cubs 6-2.

In the American, the pesky Kansas City Athletics thumped first-place Chicago 7-1. The second-place New York Yankees walloped Boston 17-8, and Detroit pushed Cleveland into third 11-5. Washington defeated Baltimore 3-2 in 11 innings in completing a game suspended April 21, then shelled the Orioles 10-6 in a regularly scheduled contest.

An eighth-inning home run by Hank Aaron and a ninth-inning shot by Del Crandall tied it at 6-all for the Braves.

But Cincinnati hustled back to rock reliever Ernie Johnson, who had taken over from Lew Burdette. A pinch single by Smoky Burgess scored the clincher; Hersh Freeman won it in relief.

The Phillies got just two singles off Drysdale, both in the second inning as Ed Bouchee and Joe Lonnett connected for the run. Duke Snider's two-run homer broke a 1-1 tie and Gino Cimoli's two-run jolt wrapped up Drysdale's fourth victory—and Robin Roberts' sixth defeat.

Musial's eighth home run, with a man on, capped a four-run Cardinal fifth that broke a 1-all deadlock.

The A's got started against the Sox and Jim Wilson with Lou Skizas' seventh home run, added a pair of unearned markers and then bagged it with a four-run sixth that included a two-run single by Vic Power.

Bill Skowron hit a two-run homer and two-run single for the Yankees, who had 13 hits.

A double by Al Kaline, three walks, a squeeze bunt and a two-run single by winning reliever Paul Foytack brought the Tigers four runs in the seventh against loser Early Wynn.

Jim Lemon's home run won the April 21 completion for the Senators, who had led 2-1 when the lights failed last month. Lemon then drove in four runs with a homer and sacrifice in the regularly scheduled game.

J. M. Newton Named Girls League Prexy

J. M. Newton was elected president of the City Girls Softball League last night at the organizational meeting held at the Fire Station.

Other officers elected were Clyde Godwin, vice-president, and Mrs. Earl Davis, secretary-treasurer.

Named to the board of directors were Earl Davis, Prentis Osburn, Gene Vaughn, Mary Lou Davenport, Juanita Farren, Raymond Prather and J. C. Bullard. The elected officers will also serve on the board.

A committee was appointed to draw up the rules and bylaws of the league. Mickey Brous was named chairman of this committee. Others on the committee are Derwood Porter, Mrs. E. H. Vaughn and Marvin Hanson.

The rules and bylaws committee will have their report ready for approval by Saturday.

Opening games in the City League will be played Thursday night. Four girls teams will compete in the league.

1st Place At Stake In City League

First place in the City League will be at stake tonight when Sun Oil and Hermleigh clash at Towle Memorial Park.

Game time will be at 7:30.

Hermleigh currently is leading the league with a 2-0 record. Sun is close behind with 2-1. The lone loss Sun has suffered was administered by Hermleigh.

Don Ballard for Sun and Ted Masters for Hermleigh are the probable starting hurlers.

SPORTS IN BRIEF

SULPHUR SPRINGS (AP)—Paul Jones, who played football under Texas A&M Coach Bear Bryant at Kentucky, yesterday was named head coach and athletic director at Sulphur Springs High School. Jones formerly was assistant football coach at Allen Academy.

RULE (AP) — A three-sport star from Rule High School, Sonny intent to attend Baylor University. Whorton, a halfback, played high school basketball and participated in track.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THERE COULDN'T HAVE been a more fitting climax, speaking from the Tiger standpoint, to yesterday's game that opened the regional championship playoff series at Towle Memorial Park.

It was one of the best played high school games ever played here and it easily drew the biggest crowd to witness a baseball game in Snyder. There was no way of counting the number of patrons on hand for the thrilling battle but conservative estimates had it at 1,500.

The big crowd was just about ready to settle down for an extra-inning contest when Milton Ham drove his game-winning triple into right field with two away in the seventh.

Both teams used every bit of strategy in trying to get a run to take the lead but none came until Ham's triple scored Joe Reaves with the lone marker.

Ronnie Baker, as usual, pitched his heart out in the game and for the second straight game he did not allow an opponent to advance beyond second base.

We don't know how Baker felt when he was "rudely" greeted by a long double off the bat of the first Pecos batsman to face him, Royce Cassell, but Ronnie didn't seem to let it upset him.

Many fans, I'm sure, were afraid that the leadoff double would rattle the crafty left hander. But Baker came right back to strike out the next three Eagles and he didn't give up another hit until the sixth inning.

The strong wind blowing in to the plate hampered play somewhat. The wind might have been responsible for some of the hits but then it, too, robbed batsmen of other hits. All in all we figure everything was balanced out in this respect.

The wind, coming in from left field, favored a right hander more than it did a lefty, but even so Pecos righty Eugene Walker hurled himself a fine ball game.

Walker is a definite starter for the second game of the series Friday at Pecos. Just who Tiger coach Speedy Moffett will go with is unknown at the moment.

It would help immensely if a lot of you Tiger fans would show pu Friday at Pecos for the game. You know the Bengals won't have an easy time and they'll need all the encouragement they can get.

That wonderful backing the Tigers received yesterday kept spurring the Bengals on and it was helpful in the end.

Joe McIntosh and Tony Poulos, the two out-of-town umpires hired for the game, agreed after the game that it was one of the best played and most hard fought games they had seen.

McIntosh, the plate umpire, had a lot of praise for the Tiger battery, pitcher Ronnie Baer and catcher Coleman John.

"That little catcher of yours really caught a fine game," McIntosh said.

"Baker is a smart pitcher," McIntosh added, "he seemed to know just where to throw the ball."

Well, congratulations Tigers for yesterday's victory but you know as well as we do that the job isn't yet finished. Let's don't sweat out a third game at Pecos.

Garland 9 Qualifies For Regional

By The Associated Press

Snyder beat Pecos 1-0 Monday to start the regional round in Texas schoolboy baseball.

Garland licked Paris 6-2 to win its bi-district series and will clash with Nacogdoches starting Wednesday to determine if it advances to the state tournament in Class AAA.

Other regional playoffs in Class AAA have Bryan and Bay City playing at Bryan and South San Antonio entertaining Cuero, both Tuesday.

IN LITTLE LEAGUE

Cards Run Up Season High

The Rotary Cardinals ran up the highest score of the season last night in Little League when they romped to a 25-1 decision over the Quarterback Club Giants.

In the other Little League game last night, the Holder Construction Indians edged past the West Texas State Bank Athletics, 8-6.

The Cardinals scored 16 runs in the second inning enroute to their lopsided win. The Cards banged out 17 hits with Robert Sterling leading the way with four-for-five.

The Indians spotted the Athletics a 5-2 lead before battling back for their win.

IN BRITISH AMATEUR

Morey Advances To 4th Round

FORMBY, England (AP)—Dale Morey of Indianapolis, making his first appearance this year in the British Amateur golf Championship, breezed into the fourth round today with an easy second round victory and a default.

Morey, top favorite in the U.S. contingent, whipped Ernest Crimes, a little-known English player, 4 and 3, in the second round after drawing a bye through the first round. His next opponent, D. T. Dobie of Kenya, scratched. Dobie had been given a default in the second round although he never appeared here.

Morey thus jumped ahead of six other Americans, including Jimmy McHale and Frank Strafaci, who reached the third round. Four of them won second round matches today and two advanced yesterday. Four other Americans were eliminated in the second round.

The third round matches were to be placed this afternoon.

Robert Reynolds of Colora, Md., whose acquittal in a court martial caused civilian demonstrations recently in Taipei, Formosa, walks from a plane with his wife and daughter Shirley, 7, after arriving at Travis Air Force Base, California. Reynolds, a medical supply specialist, will receive a 30-day leave before reporting for duty at Ft. Benning, Georgia.

WITH WATCH RECORDER

Actress Gets Magazine Tips

LOS ANGELES (AP) — Actress Francesca de Scaffa used a hidden wrist watch reecording device to help her collect information and tips on folk for Confidential magazine, the county grand jury was told.

A 142-page transcript of testimoney—sprinkled with such stellar names as Ava Gardner, Kirk Douglas, Kim Novak, Desi Arnaz, Herb Jeffries, Sonny Tufts, Lizabeth Scott, Mickey Rooney, Anita Ekberg and Marilyn Monroe—became a public document yesterday.

Filed in Superior Court, the transcript of secret hearings which resulted in indictment of 11 persons included testimony that Confidential publisher Robert Harrison bought a recording device disguised as a wrist watch so Miss de Scaffa could record conversations and that the Venezuela-born actress, former wife of actor Bruce Cabot, earned $30,000 to $40,000 for her tips.

The grand jury's investigation of so - called scandal magazines brought indictment of Mius de Scaffa, Harrison; Mrs. Marjorie Meade, Harrison's niece and head of a firm the indictment said fronted for Confidential in Hollywood and her husband, Fred Meade; Michael Tobias of New York, Marjorie's brother and vice president of her firm; Mrs. Edith Tobias, Harrison's sister and mother of Michael; Mrs. Helen Studin, another Harrison sister and Dan Studin, her huuband, Confidential's circulation manager; Confidential editor A. P. Govoni; Robert Kable, head of the firm that printed the magazine; and Richard Cox, Kable's sales manager.

All, along with various corporations, are charged with criminal libel.

Confession In Slaying Is Reported

HUNTINGTON, W. Va. (AP)—A 40-year-old paroled convict admitted today he beat to death the wife of a prominent Huntington contractor, Detective Chief Herman Frazier said.

The nude body of Mrs. Ruby H. Miller, 58, was found yesterday in a blood-spattered bedroom of her fashionable South Side home. A blood - stained hammer lay nearby.

Frazier said Elmer David Bruner made a statement admitting killing the woman but hadn't signed it yet. Frazier said the statement came after four hours of questioning Bruner, who was also sought in connection with an armed robbery.

Frazier said Bruner had keys to a car stolen from the Miller home in his possession. He was arrested at his home and charged with murder a few hours after the body was found.

Bruner admitted breaking into the house by cutting a screen in a window, Frazier said. He was ransacking a bedroom when he heard someone come into the house. Bruner said he opened the bedroom door and was confronted by Mrs. Miller holding a shotgun. He wrested the gun from her and "picked up something and began hitting her with it," Frazier related.

Texas Canyon Oil Firm Sale Okayed

HOUSTON (AP)—A. F. Lavender, president of Texas Canyon Oil Co., said yesterday stockholders had approved the sale of the concern to Ambrosia Minerals of Nevada for two million dollars.

Lavender said the transaction was made through a six for one stock exchange.

The sale reportedly gave Ambrosia 2.2 million barrels of oil reserves, 36 producing wells in the Yates field and in Shakelford and Milam counties, and about 2,000 acres of undeveloped leases in Brazos and Zapata counties.

Princess Is Ill

LONDON (AP) — A "feverish chill" kept Princess Margaret at home today.

Daniel To Call Special Session

AUSTIN (AP)—Still groggy legislators, who wound up the 55th Legislature last week, today faced a return trip here for more law making before the year is over.

Gov. Price Daniel said yesterday it was his intention to call a special session "later this year so the Legislature will have an opportunity to finish up" several measures which did not pass during the 136-day session.

The lobby registration law, state law enforcement commission, regulation of those who practic before state agencies, and a plan for conservation storage in federal reservoirs were measures which were not passed and were cited by the governor.

"Texas will have a strict lobbyist registration act before the next regular session of the Legislature," Daniel declared.

He said the Legislature "enacted some of the most constructive legislation in the history of Texas ...however, time ran out before it could complete action" on several issues.

Daniel said the date would depend upon other matters including action and reports of the Travis and Dallas County grand juries investigating alleged legislative payoffs.

"I hope he calls it during football season," said Rep. Murray Watson Jr. of Mart, one of the few legislators still here. Speaker Waggoner Carr said he had no comment.

"I have hopes also of a statutory plan by which the second phases of our water program, conservation storage in federal projects, can be accomplished without a constitutional amendment. This proposal is now being studied," the governor said in his prepared statement.

Some observers believed the "statutory plan" reference implied a direct appropriation bill or possible new taxes.

Sen. George Parkhouse, who introduced the proposed amendment, had considered a property tax, a water-users tax, a direct appropriation by cutting part of the farm to market roads funds and even a tax on pleasure boats and motors. However, these proposals were abandoned and a plan was substituted in which the state would issue up to 100 million dollars in bonds to buy the storage space. Both Houses passed the measure in different forms and the compromise conference report failed to be adopted before time expires.

Miner Is Rescued

HARLAN, Ky. (AP)—Trapped in the lonely depths of an abandoned mine, 50-year-old Cantrell Owens put his faith in God and sat down to pray.

He had walked into the shaft Saturday, looking for scrap copper. As he wound his way through, his miner's light went out.

"I began groping my way through the mine," he said. "The more I walked the more confused I became."

That's when he decided to pray and hope for the best.

Thanks to a sharp-eyed search party that spotted tobacco grains and some footprints, Owens was rescued from the pit yesterday.

His only complaints were of mild hunger and a cough.

After his wife notified authorities he was missing Sunday, the search party was organized.

They explored more than a mile of the pit Sunday, but bad air forced them to give up.

They returned with oxygen masks yesterday and found Owens about a mile and a half from the entrance.

His first comment was, "Gee, it's good to see the sunlight again."

Husband Gets Divorce But She's Still Wed

LOS ANGELES (AP)—Elayne C. Bessman, 31, helped her husband Sheldon get their marriage annulled yesterday, but when it was all over she still was married.

Bessman, 35, married Elayne twice, in 1943 and 1956. He claimed the second one didn't count because Elayne wasn't legally divorced from Jerome Marks, a Los Angeles man who got in the act by marrying her in 1948.

The judge agreed, saying the divorce Elayne got from Marks in Las Vegas, Nev., last year was invalid because she was a resident of Hollywood at the time.

The judge suggested she could untangle her marital record by getting a second divorce from second husband Marks, this time in California.

Services Are Set For Health Officer

MCALLEN (AP)—Funeral services were to be held today for Dr. James O. Wharton. He died here Sunday at the age of 77.

Dr. Wharton, McAllen health officer and a practicing physician for more than 50 years, was a member of the board of the Child's Clinic here. He suffered a coronary ailment.

Hearing On Doctor Set

WICHITA FALLS (AP)—A district court hearing has been set for June 4 on a request to revoke the suspension of the license of Dr. Luther Parnell, 70, chargee by the Texas State Board of Medical Examiners with performing illegal abortions.

The hearing was ordered by Judge Graham B. Purcell Jr. Attorneys for Parnell also asked for a permanent order after a final hearing.

The physician's attorneys claimed that no competent evidence was presented at the state board hearing, that he was denied the right to subpoena witnesses, and that he was denied the right to cross examine a medical investigator.

Parnell's attorneys also claimed the board's complaint was amended without notice to Parnell and that he was not informed of it until the board revoked his license May 22 in Fort Worth.

Missile Tracking Ships Are Ordered

EL PASO (AP)—A government electronics contractor yesterday said his firm has a rush order to deliver ships to track intercontinental ballistic missiles.

Jame Wynne, Jr., vice president of Century Electronics Co., said his company is outfitting five ship for such use. The range of an ICBM is reported at 1,500 to 5,000 miles.

Wynne said the sea-going tracking stations will operate in the missile range off Florida. He said two ships will be delivered "by the end of the summer" and the other three by the end of the year.

COHEN ARRESTED — Mickey Cohen, attired in a riding outfit, talks to a friend from the Hollywood police station after he, was arrested for failing to go on a green light. Cohen refused to sign the traffic ticket and was taken to the station. He was released after posting $50 bail.

Maryland Governor Returns From Trip

ANNAPOLIS, Md. (AP) — Gov. Theodore R. McKeldin of Maryland returned home yesterday from a five-week trip to Europe and Africa.

While in Africa, McKeldin received an honorary doctor of laws degree from the University of Liberia and a decoration from the Liberian government.

"I also was made a chief of the Hedo Hodo tribe, which entitles me to 100 wives," the governor said. "I don't know what I'm going to do about that."

Court-Martial Starts Today At Lackland For Instructor

SAN ANTONIO, Tex. (AP) — A court-martial was ordered to convene at Lackland Air Force Base today to try a basic training instructor on charges of assaulting trainees.

Airman William E. P. Roberts Jr. 22, of Key West, Fla., is accused of tossing one basic trainee out of his bunk during an inspection, and of kicking another in the face. Basic Airman Robert Dinsenbacker of Brooklyn, N. Y., was the alleged victim of the bunk-tossing incident last August.

Dinsenbacker later was hospitalized and died. The San Antonio Express said the cause of his death was listed at the time as heat exhaustion complicated by a kidney ailment.

Roberts, a member of the 3726th Training Squadron, was released yesterday from the base hospital where he had been held for psychiatric observation.

Michael Rizik of San Antonio, civilian counsel assisting in his defense, said the charges against Roberts were based on what he called "military fears" following the court-martial last year of Matthew McKeon, a Marine drill instructor at Parris Island, N. C. McKeon's court-martial came after he led a night disciplinary march on which six recruits drowned.

The airman's father, William E. P. Roberts Sr., a retired Army major, also was to assist in his son's defense along with an Air Force officer.

The unit to which Roberts is assigned as one formerly commanded by Col. James A. Smyrl, who was reassigned last March to duties as an assistant operations officer after he said he disagreed with a new base policy of allowing basic trainees to take 10 to 28 requited hours of physical training by going horseback riding or roller skating at civilian-owned concessions.

Smyrl later was given an unsatisfactory efficency rating. Under Air Force regulations, officers receiving such ratings muut appear before a board of officers which determines their fitness to continue in the service. Smyrl reportedly was waiting a review of the rating and possible board action.

Brownsville Judge Being Tried Today

BROWNSVILLE (AP)—A witness testified yesterday his car was hit from the rear at an intersection by a vehicle driven by Cameron County Court-at-Law Judge Clarence Bennett. Bennett is on trial on a charge of driving while intoxicated.

The witness, Terry Moore, was the first of six to testify. Testimony was to be resumed today.

Two others said the judge appeared to be drunk at the time of the accident. They were John A. Garcia, a service station attendant at the intersection, and police officer Ricardo Lopez.

County Commissioner Johnny Ginn of Brownsville testified he had a "couple of highballs" with Bennett at the Ginn home earlier in the evening of the accident.

He said Bennett appeared to be sober when he arrived at his house. He said he and the judge consumed about a half of a half-pint bottle of gin and that he did not think Bennett was drunk when he left.

Special Judge Polk Hornaday of Harlingen turned down defense motions to disqualify Asst. Atty. Gen. Riley Fletcher from prosecuting. Fletcher was appointed by the attorney general after a request by Dist. Atty. F. T. Graham.

Organizes Coalition

HELSINKI, Finland (AP)—Parliament Speaker V. J. Sukselainen has organized a minority coalition government, ending a three-month Finnish Cubinet crisis.

Named Consultant

WASHINGTON (AP) — Dr. Walter Splawn, former president of the University of Texas and professor of economics at Baylor, has been named consultant of the legislative House Interstate and Foreign Commerce Committee. Splawn was a member of the Interstate Commerce Commission before his retirement several years ago.

'Troubled Souls' Seeking Out Graham

NEW YORK (AP)—"Troubled souls" of fast-paced New York City—night club dancers, stage actors and desk-chained career men—are seeking out Billy Graham these days to bare their tales of frustration.

"They're sick inside," Graham said.

They catch him at many times, at many places, and they grab his arm, and start pouring out their stories. He's found them waiting outside his hotel room, or they snag him in a lobby or corridor.

Each is a case history in human disillusionment, and they form a poignant sidelight to Graham's New York crusade, where thousands are listening to his advice nightly—16,500 of them last night at Madison Square Garden.

Graham insists their names be kept confidential, but will describe their plights in a general way. Here are a few:

1. A bartender was held up, tied and threatened with death if he moved. While he lay there, frightened, a noon radio program told of the "Morning Bible Hour" Graham is conducting in a Times Square auditorium. The bartender showed up there next morning and "accepted Christ as his savior."

2. A leading male actor telephoned Graham, said he felt as if his success was leading nowhere, and wanted help. Graham agreed to have dinner with him. They talked. Graham prayed with him. Graham said he believed the actor is moving toward a "newer, fuller life" with God.

3. A calypso dancer, in the middle of the night, called the Graham offices and said she was going to murder her husband. She was persuaded to change her plans, and ended up promising to go to Graham's meeting next night.

4. A blonde stage star, in a current production, stopped Graham in a Garden hallway, crying, pleading for guidance. She had been a Texas church member, but quit church when she came here to pursue her career, rose to the top, and now is a narcotic addict. Graham said that after his talk with her she "found Christ" that night, and "new peace and strength."

Graham said the problem is that the individuals have become "spiritually dead. Why? Because their souls haven't been in contact with Christ, and until it is, their souls are dead."

He said he had found this condition with many film and Broadway personalities who have sought him out—"They seek peace, joy and happiness, but they don't have it. They seek it the wrong way."

In his sermon last night, Graham used Exodus 20:1-5, concerning the First Commandment: "Thou shalt have no other gods before me." It was the first of a series of Graham sermons on the commandments.

He said there are "thousands of gods in America. There are gods all around you. You've got to choose between Jesus Christ"—he raised his arms upward—"or one of these other things." His arm swept in a circle.

At the end of the service, 529 persons came forward in response to Graham's plea to "commit and surrender all" to Christ. This raised the total of such decisions to 8,242 in 12 nights.

THOMPSON CLEANERS
No. 1—1003 - 24th St. No. 2—1405 Ave. S

Easy Carpet Cleaning Discovery Hailed
What is said to be the easiest and "cleaningest" home rug cleaner, known as Blue Lustre, is now available after years of research.
Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.
Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as ½ gallon of consentrate cleans three 9 x 12 rugs.

IT'S FICTION

Latest Villain Is The Newsman

By INEZ ROBB

Lo, how are the mighty fallen!

It is all but impossible to pick up a novel these days without discovering no later then the second page that the villain—and what a heel, what a cad, what a scoundrel he!—is an unscrupulous, Machiavellian, amoral newspaper repotar. Dirt mean, and not to be trusted as far as you can toss a tomcat—which he strongly resembles—by the tail.

Twenty-five years ago, newmen were the blithe-hearted darlings of fiction and of stage, screen and radio. "Young Man of Manhattan," "Five Star Final" and "Front Page" established the members of my profession as gay, haremscarem scamps, full of strategems and gin. Irresponsible, maybe, but lovable, witty, dashing and full of derring-do and scotch.

Well, sir, the only point of resemblance between the fictional newsman of a quarter of a century ago and the fictional newsman of today is his irresponsibility. Only there is nothing lovable or gay about the irresponsibility of reporters, circa 1957. The fictional newsman of today is an irresponsible incendiary willing to set the world on fire for a fast buck and a big headline.

Well, yes, there is another resemblance between the 1930 and the 1957 model, to hear the fictioneers tell it. The reporter will still drink anything, including varnish with a naptha chaser.

In this harsh decade, reporters are definitely "out of suits with fortune." I have just finished Alec Waugh's "Island in the Sun" and find that once more an American reporter is the perfidious deus ex machina whose inflammatory and unreliable screeds lead to murder, bloodshed and hell-to-pay in a British colony.

Carl Bradshaw, Waugh's reporter, is about as lovagle as a boa constrictor. But he isn't anything, really, compared to the snake pit of newsmen invented by Nicholas Monsarrat in "The Tribe That Lost Its Head." Indeed, Bradshaw is an Eagle Scout juxtaposed to the corrupt and rascally knaves that Monsarrat has invested with police cards in his opus.

Land sakes, after reading Monsarrat's book, in which newmen invent, inflame and goad to unspeakable Mau Mau horrors a primitive tribe in a backwash of Empire (British), I almost resigned and got a job as a respectable shoplifter.

Then it occurred to me that in 25 years of traveling around the world on news assignments, I had never met anyone who even slightly resembled any of Monsarrat's caricatures.

But then, in the era in which the fictional reporter was a charming, devil-may-care type, always loaded to the gills and always winning Pulitzer prizes, I never met any of that brand, either. I never knew a reporter in my life to write a Pulitzer prize story while crocked.

Indeed, I have never worked in a newspaper office where it wasn't a firing offense if the boss caught a reporter carrying a loaded bottle into the office. Probably authors confuse us with the Madison Avenue advertising agency boys and their charcoal-gray tongues.

Oh, well, maybe if we just ignore the matter, the reporter as conspirator and malefactor will disappear as did the antecedent charm boy and his bourbon.

(Copyright, 1957, by United Feature Syndicate, Inc.)

Bay Horse Almost Runs Over Woman

ROSWELL, N. M. (AP)—The official form stated: "Vehicle make and model—a bay mare."

A 19-year-old had a bit too much liquid refreshment. He boarded a rented horse and headed into Bottomless Lakes State Park.

A woman claimed the galloping steed almost ran her down. The "vehicle" rider was charged with disorderly conduct and paid a $30 fine.

Project Is Quiet After Two Killed

GUNTHERSVILLE, Ala. (AP) — It was quiet today around a construction project where gunfire killed two men and wounded six others.

The shooting yesterday resulted in a $250,000 damage suit filed in Marshall Circuit Court here against United Mine Workers, District 50.

The court action was filed by Gulf States Construction Co. Inc., of Atlanta, whose workers clashed with UMW pickets at a plant being constructed for the Cotton Producers Assn.

Gulf States also was granted a temporary injuction against mass picketing at the plant.

The suit named James L. Ledbetter and Ed Payton, UMW representatives, as the chief defendants. Ledbetter and Payton could not be reached immediately for comment.

The suit charged the UMW with conspiring to violate the laws, and to prevent Gulf States from working at the plant "by use of violence, threats, intimidation, mass picketing and the shooting of the plaintiff's work superintendent and the murder of one workman."

State, county and city officers were investigating the shooting that killed 22-year-old John Leroy Ward of Parsons, Kan., and the Rev. William Clinton Harrison, also 22, an itinerant minister who was in the picket line.

Five persons are being held in Marshall County Jail. Ed Bonner, a union organizer, has been charged with carrying a concealed weapon. The others are being held without charge pending further investigation.

Rifles, pistols and dynamite were seized.

Most seriously wounded in the shooting at the plant was Russell William Smith, 52, an official of the construction company.

Others hospitalized were Glenn Mathis, Parsons, Kan.; William Humphrey, Kiowa, Kan., super intendent of construction; and Theodore Leon Doyle, 28, Greenville, Miss. Two others were less seriously hurt.

Some construction workers had been picketing since May 20. They were seeking recognition of the UMW as bargaining agent.

The shooting broke out as several cars filled with workers approached a barricade of railroad ties before the entrance to the plant.

Mrs. J. T. Cunningham, who lives nearby, said "The shooting broke out as these cars drove up to the barricade. I called the police. You could hear the bullets."

Mrs. Cunningham said the shooting lasted for possibly five minutes.

Gulf States said no demands had been made on owners of the firm by the UMW members. Approximately 50 workers had been reported at the project before the shooting.

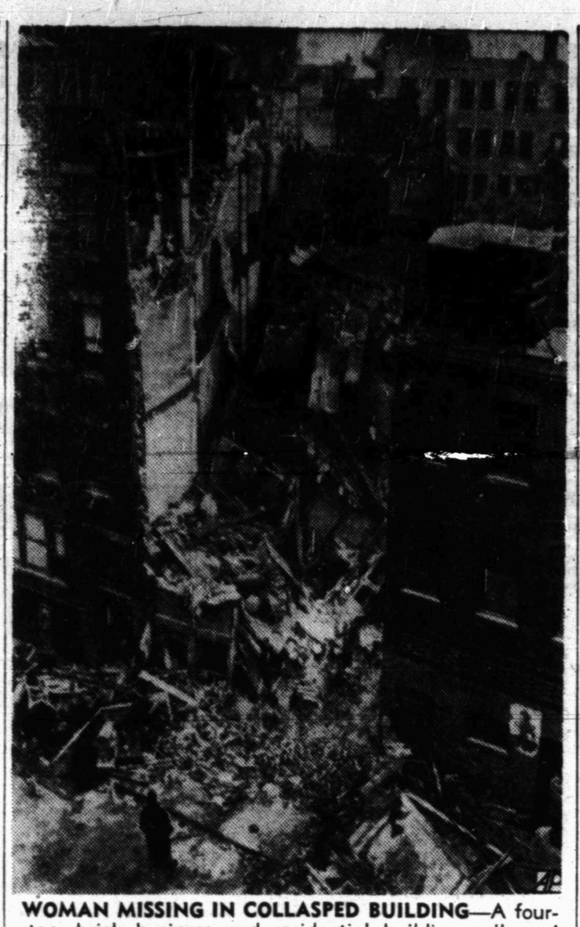

Hot Weather Hits Workers

MONTERREY, Mexico (AP) — Some 12,000 braceros stranded here en route to Texas were among those suffering from one of the worst heat waves in years.

The farm workers, mainly from the states of San Luis Potosi, Coahuila and Durango, obtained water from a single tank car provided daily by the national railways. They crowded under the few shady trees during the day to escape the heat.

Officials said many did not yet have contracts to work in the United States and could not move north. Fears of an epidemic of typhoid and other diseases were expressed unless the workers receive adequate water supplies, food and shelter.

A light rain dropped temperatures slightly Sunday, indicating the record heat wave may end soon.

WOMAN MISSING IN COLLASPED BUILDING—A four-story brick business and residential building collapsed in the south part of Boston and a 63-year-old woman, Mrs. Susan Johnson, was believed to be trapped in the wreckage. Eight other persons residing in the 150-year-old structure escaped.

Emergency Is Declared On Rio Grande

MCALLEN (AP)—An emergency period was declared yesterday by special water master K. M. Smith as the Rio Alamo poured more water into the Rio Grande below Falcon Dam than Mexico could divert.

Smith asked U.S. water users to pump in order to keep the water from flowing on to waste in the Gulf of Mexico. Pumpers get a lower rate for use of water when pumping during an emergency period as outlined by a court order.

Water was swirling inao the Rio Grande from the Rio Alamo at a rate of 13,600 cubic feet per second late yesterday. Flow of the Rio Grande at Rio Grande City rose to 16,680 cfs.

Rains in northern Mexico brought the added supplies. Only light rains fell in the Lower Rio Grande Valley through yesterday.

Above Falcon Dam, however, rains on the Rio Grande watershed brought three rises, all moderate. Laredo measured a flow of 37,430 cfs, Eagle Pass 30,100 cfs and Del Rio 13,300 cfs.

Total water stored in the reservoir dropped to 1,337,800 acre feet after weekend celeases. Releases were cut off early yestrday.

Honor For LeMay

HAMLIN (AP)—Henry Eakin, 38, of Rotan died yesterday, the third victim of a car-train crash in early morning fog here Sunday. Killed outright were his wife and granddaughter, Patricia Beasley, 11 months.

Money Entrusted To Boy Is Stolen

NEWARK, N.J. (AP) — Fifteen-year-old Harry Finan was robbed of $907 entrusted to him by the St. Rose of Lima Parochial School yesterday, police reported.

Police said the boy was carrying the money to the bank in a cigar box when an older boy knocked him down and grabbed the box. The money was mostly from a student collection for an excursion to the Bronx Zoo.

U. S. To Launch 6 Satellites

By ALTON L. BLAKESLEE
AP Science Reporter

WASHINGTON (AP) The United States plans to shoot up six satellites during the International Geophysical Year. Each will be geared to seek out specific new facts about things in space that affect the way we live.

The first one has a window to look at the sun, and microphones to hear and count thousands of meteors the size of dust specks. Or horribly bigger, puncturing ones to endanger future space travelers.

Instruments for this first satellite are about perfected, a visit to the Naval Research Laboratory shows. Here the complete satellite balls are being assembled.

Congress has granted 39 million dollars so far for the U. S. part of IGY global studies. About half is going for satellites.

The Department of Defense is in charge of developing and shooting the rockets to raise the moon. This involves indirect costs for the Navy, Air Force and Army. Universities also are spending funds designing map satellite instruments.

Even if the total satellite cost were 51 million, that still figures to a nickel a citizen for each satellite, or 30 cents for the set of six.

So far, four different groups of experiments are planned.

Group 1: Experiments will study rays from the sun, meteors, density of air in space, temperatures and pressures there, and shape of the earth.

Group 2: Cosmic rays and meteors.

Group 3: Magnetic fields around the earth, and air density.

Group 4: How much energy and heat come into and from the earth; or else a study of clouds over the earth to aid in weather predictions. Which study will be chosen is yet undecided.

Due to weight limits, each satellite can be rigged only for one group of studies. If the first shot fails, an identical moon will be fired again. If that fails, the third shot will be rigged for Group 2 experiments, and so on.

The Group 1 satellite will have a special window in its shell to look at the sun. It will measure and report the intensity of a particular kind of ultraviolet or suntan rays which are all soaked up by our own thick atmosphere and never reach the earth.

These rays exert a controlling influence on long-range radio communications on earth, and probably on climate trends too. They might be pretty lethal to space travelers.

Space is full of tiny meteors. One estimate is that 1,000 tons of dust from "shooting stars" falls on earth daily. The dust perhaps helps ionize or electrify our upper air, could provide seeds for raindrop formation.

Four microphones inside the first moon will count these hits, broadcasting the interstellar score back to earth. Tiny ones won't puncture the shell. Two gas chambers in the moon will indicate any meteors that do puncture the shell.

Temperatures inside and outside the moon will be measured and reported. The moon will also tell about air density and shape of the earth.

The Group 2 moon will have different gizzards, rigged to count how many cosmic rays it runs into, and where. It will store the cosmic ray count on a miniature tape recorder, and broadcast the knowledge when it passes over strategically located receiving stations on the earth below.

Tomorrow: A moon that wears a hat.

Studio Story Editor Is Put On Probation

LOS ANGELES (AP)—Russell J. Burton, story editor for a Hollywood studio, has been placed on probation five years for an assault on his former wife, Pamela Joan Burton.

Burton, 36, was arrested in West Los Angeles last Jan. 13 after assertedly trying to stab his 26-year-old wife with a screwdriver and to hold her in a gutter filled with rain water. Mrs. Burton, daughter of writer F. Hugh Herbert, subsequently got their marriage annulled.

Judge Allen T. Lynch ordered Burton to pay a $400 fine as a condition of his probation, to compensate his ex-wife for injuries suffered in the attack and to submit to psychiatric treatment.

OLDSMOBILE
GEARED TO SOUTHWESTERN LIVING

"and just wait 'til you see inside... it's the prettiest car we've ever owned!"

ANNE: It certainly *is* beautiful . . . from any angle!

BETTY: But what I like best is the wonderful feeling I get when I'm driving. Heavenly comfort! And the things they're doing with colors and fabrics these days! Honestly, I feel just like a queen!

ANNE: You should! I'm not trying to pry, but I'll bet it cost a king's ransom.

BETTY: Wouldn't you be surprised! It cost a *lot less* than we expected. And, Ed says it will cost less in the long run, too, because an Olds holds its value.

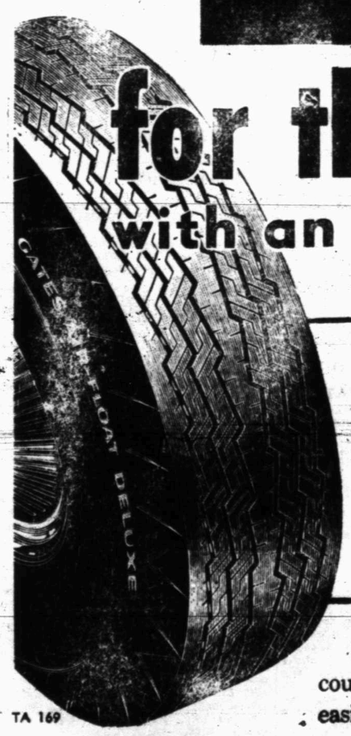

ANNE: Leave it to you to have your cake and eat it, too!

BETTY: And why not? Ed, bless his practical streak, wanted an Olds for its extra value and the Rocket Engine. So, who am I to say "no" to the prettiest thing on wheels? You ought to pass the word along to Johnny.

ANNE: You can say that again! I will tonight!
