INSURANCE AGAINST WRONGDOING. This is an interesting and controversial gimmick now gaining favor with top management officials, although there are grave doubts whether it is really in the public interest. The recent Penn Central Railroad financial collapse brought to light that company executives had used \$300,000 (per year) of the firm's money to purchase for themselves \$10 million worth of insurance immunity against civil and criminal penalties for their wrongful acts.

"AT SIXES AND SEVENS"—a term meaning disorganized and confused. Could it be applicable to our oil and gas situation as the nation faces a growing "energy gap?" This thought came to mind when I noted that the value of Texas crude oil produced all time to January 1, 1970 is \$76,676,776,000.

RAILWAY PASSENGER SERVICE FOR EAST TEXAS. In accordance with the National Rail Service Act approved by Congress last year, the Department of Transportation has now completed its report on the proposed National Rail Passenger System and it is encouraging that two East Texas routes are included. One route running north and south, part of the Chicago to Houston line, would use Missouri - Pacific tracks from Texarkana through Atlanta, Jefferson, Marshall, Longview, and Jacksonville. An east-west route, part of the New Orleans to Los Angeles line, would go through Shreveport, Marshall, and Longview. There are alternative routes which could be followed, so there is no firm assurance at this time that either East Texas route will be adopted by the National Rail Service Corporation. It is encouraging that the final report mentions both and I have contacted Secretary of Transportation Volpe on several occasions in support of both routes serving our area and will continue to work for improved rail passenger service.

BANK CREDIT CARD INTEREST CHARGES can go as high as 66% per year when you use your credit card to borrow cash rather than to purchase food or merchandise.

OCEAN POLLUTION is clearly a threat to worldwide fishing and recreation industries, but of basic importance to all life on this planet is the fact that the microscopic phytoplankton in the oceans produce a large portion of our oxygen supply. Estimates are that trees and other, green plants within the borders of the U. S. produce 60% of the oxygen we use each year — the rest of the oxygen required to preserve the present level of about 23% oxygen in the atmosphere comes from the oceans. If ocean dumping kills more of the marine life that produces oxygen we might be in for real trouble. Recognizing this threat to our existence, a number of bills have already been introduced in the Congress to ban ocean dumping (which now amounts to about 50 million tons of wastes per year). This top priority legislation will have my strong support.

LEGISLATIVE ROUND-UP. For constituents interested in legislation recently introduced by me and discussed in previous newsletters, the bill numbers are as follows: H. R. 3648, to prohibit Small Business Loans to liquor dealers; H. R. 3650, to establish a general service pension for World War I Veterans; H. J. Res. 283, to permit prayer and Bible reading in public meetings; H. J. Res. 297, to add the words "So help me God" to the President's Oath of Office; H. R. 3651, to increase from 22 to 24 the maximum age at which young people may receive social security education benefits, and H. R. 3649, to prohibit the broadcasting of advertisements for alcoholic beverages.

FEDERAL ANTI-BOMB EFFORTS were greatly strengthened last year by passage of the Organized Crime Control Act. Explosive materials are being tightly controlled and special agents are being trained to apprehend and prosecute those responsible for savage and inhuman terrorist bombings.

Mr. and Mrs. W. T. Lewis visited during the week end with their daughter, Mrs. Sam Russell and Mr. Russell of Dallas.

Miss Michaelle Roberts of Mt. Pleasant, visited during the week end with her grandparents, Mr. and Mrs. C. F. Faulkner and Sherry.

Austin. — Legislators have cleared major emergency finance hurdles and are moving to other fronts to hold down the size of the tax bill.

A \$34.9 million appropriation bill to avert reduction in aid to needy families with dependent children passed both houses and went to Comptroller Robert S. Calvert for certification.

Before he would accept the bill, Calvert advised passage of another which would re-align priorities in the state's massive omnibus tax clearance fund. In effect, this would permit turning over to welfare some \$35 million that normally would go to the teacher retirement fund between April and August.

Teachers association and retirement fund leaders had no formal objection to the latter, although it would cost the retirement fund an estimated \$100,000 to \$600,000 in short-term interest. However, the fund will be repaid in full when the ultimate new tax bill goes into effect on September 1.

While these measures were moving methodically through the House and Senate, the House passed a bill to establish a \$185 million bond plan to finance construction on eight new college campuses. Bond would be repaid from tuition, and would cost taxpayers little. Final approval of the plan in the Senate would relieve the tax bill of a heavy load in order to build new institutions already authorized by the 1969 Legislature.

Still another potentially important money bill won quick Senate approval. It would require all cities and counties, population 10,000 and above, to report to the state all welfare spending for the medically needy. If federal officials will agree, Lt. Gov. Ben Barnes proposes subsequent legislation to require all these local funds be routed through the state treasury, where hopefully they would attract an extra \$100 million in two-to-one matching federal aid.

"PEOPLE'S LOBBY" FORMS — A new liberal group — including representatives of labor, ethnic and environmental interests — has organized an "issues-oriented" people's lobby.

About 300 attended the organizational meeting. Former U. S. Sen. Ralph Yarborough and former U. S. Atty. Gen. Ramsey Clark were the main speakers.

Congressman Bob Ackhardt of Houston was named temporary chairman and State Sens. Barbara Jordan of Houston and Joe Bernal of San Antonio, temporary vice-chairmen. Twelve steering committee members were chosen to work with them.

By a divided vote, the group decided to steer clear of candidate endorsement (although there was plenty of speculation at the meeting that Yarborough may run for governor in 1972) and concentrate on specific legislative goals.

COURTS SPEAK — Houston's Kirkwood Civic Club, which insures enforcement of deed restrictions and sponsors lawn-lawn beautification contests, is not exempt from the state franchise tax, says the State Supreme Court.

A letter terming a woman an "undesirable" renter (filed with

an apartment association) was a privileged communication and not libelous, High Court ruled in another Harris County case.

Supreme Court dismissed for want of jurisdiction a San Antonio - Bexar County dispute over a cancelled incorporation election for "Hills and Dales Community" along Interstate 10.

Brownsville lawyer disbarred by a district judge lost his appeal to the Supreme Court.

In a Cherokee County deed interpretation case, High Court concluded that iron ore which can be produced only by surface-depositing strip-mining is not a mineral.

Third Court of Civil Appeals held that Humble Oil and Refining Company is entitled to get back \$92,000 in taxes paid the state, plus interest, on oil and gas leases at Corpus Christi Naval Air Station.

Third Court agreed that Merton Independent School District had the right to annex Barnhart ISD.

OPEN MEETINGS AMENDMENT PROPOSED — A bill to require notice before and posting of minutes afterward concerning closed-door meetings of public agencies was heard by the House State Affairs Committee.

Closed meetings now can be held legally to discuss personnel, real estate or security matters.

Bill by Rep. Dave Allred of Wichita Falls would not ban these meetings, but would require notice in advance that they are to be held. Within three days, under the bill, minutes sketching the action which took place in the closed meeting would have to be made public. Bill went to subcommittee for study.

Meanwhile, Sen. Mike McKool of Dallas introduced a bill (S3 314) to require publishers, broadcasters and billboard concerns to charge their "lowest" rate for political advertising. Bill proposes \$100 fine and recovery action for "excess charge."

FIRST BILL SIGNED — First bill of the legislative session — reopening voter registration through February — was signed into law by Governor Smith.

Voters who register this month cannot take part in elections before April 1. Those who registered before the close of the old deadline, in January, can vote by March 1.

SHORT SNORTS

Legislature has resolutions calling on U. S. Secretary of Agriculture to allow Texas more time to comply with federal meat inspection standards before taking over the inspection program.

Governor Smith offered the services of the Texas medical disaster team to earthquake-hit California.

Senate approved constitutional amendments to require annual sessions of the legislature, repeal of the annual voter registration requirement and to allow 18-year-olds to vote in all elections.

A fish kill (with rotenone) is scheduled at Lyndon B. Johnson Reservoir near Marble Falls, March 27-28, to rid the lake of rough fish. Hundreds of fishermen are expected to be there with nets.

Public hearings on master plans for the initial development of five new state parks will be held here February 24 and 26.

4-H Girls Prepare And Serve Meal

"To prepare and serve a meal for a large crowd can be fun as well as rewarding" agree Marcelle Abernathy and Vicki Hinson. These girls are members of the Bogata 4-H Club, and planned, prepared and served a buffet style dinner at the Rivercrest Homemaking Department on Feb. 2.

The Bogata 4-H food and nutrition projects groups, their adult leaders, Mmes. P. C. Abernathy, Earl Martin, and Wayne Tippit; all Rivercrest High School State Homemaking Degree Candidates; the Rivercrest Homemaking teachers, Mrs. Frank Stubblefield and Mrs. Blanton Gage; Mrs. Smiley Hinson, Vicki's mother, and Mrs. Beth Dannheim, county home demonstration agent, were the dinner guests.

Vicki, a candidate for the State Homemaking Degree of Achievement and 4-H Club member, presented a method demonstration on quick dishes, the 1971 Show theme. Marcelle, a 4-H Junior leader, presented a method demonstration on correct table setting and the advantage of the buffet-style service. Both girls pointed out the importance of de-

tail planning of your grocery list, shopping trip, food preparation and service. Following these suggestions, the guests enjoyed a meal of beef casserole, congealed salad, hot rolls, iced tea and cake.

Vicki and Marcelle both feel that with proper planning and preparation meals for large crowds or family members can be served easily, inexpensively and nutritiously.

Rev. Roy Crossland attended the graveside rites of the Rev. Bob Massey of Grand Prairie at Winnsboro, Tuesday afternoon.

Mr. and Mrs. Flavil Yates of Baytown were here during the week end to visit his sister, Mrs. L. B. Kaylor and Mr. Kaylor.

Public Schools Week Mar. 1-5

A state-wide radio and television campaign, and news editorials are announcing this year's Texas Public Schools Week — dates set for March first through fifth. The annual observation will this year mark 117 years of public schools in Texas.

Educators and Texas Masonic Lodges (sponsors of the event) are hoping for a record turn-out of parents of school-age children, as well as other interested citizens.

The state-wide campaign for Texas Public Schools Week is encouraging everyone in the state to attend or visit a public school during the observation dates set.

Deborah Hall 1971 B. C. Homemaker For Rivercrest

Rivercrest High School's 1971 Betty Crocker Homemaker of Tomorrow is senior Deborah Hall. The daughter of Mr. and Mrs. Dured Hall of Talco, she is president of the Rivercrest Student Council, secretary of the Drama Club, head cheerleader, manager of the Rebelette basketball team, past third vice-president of FHA, and a member of the National Honor Society and annual staff.

Selected for her performance in a written knowledge and attitude examination administered to senior girls on December 1, Debbie received a certificate and a specially designed charm from General Mills, sponsor of the annual education program. Additionally, she is now eligible for state and national honors, including one of 102 college scholarships totaling \$110,000.

The national first-place winner — the 1971 Betty Crocker All-American Homemaker of Tomorrow — will receive a \$5,000 educational grant. She will be chosen this spring from 51 Homemakers of Tomorrow representing each state and the District of Columbia at the close of an expense-paid educational tour of Washington, D. C. and Colonial Williamsburg, Va.

State judging centers on scores of school winners in the Dec. 1 test, with personal observation and interviews during the tour added factors in national selections. Each State Homemaker of Tomorrow will receive a \$1,500 grant.

All judging and selection of winners is done by Science Research Associates, Chicago, which also constructed and graded the written examination.

W. S. Ritcherson is a patient in the Red River County Hospital at Clarksville.

The names of Mr. and Mrs. Harold Bonham, Mr. and Mrs. J. C. McGonigal and Mrs. Lyndon Reed were omitted from the list of those attending the funeral of Mrs. Leona Stewart at Cooper. Also the names of Mrs. Lucy Walls, John David Wright and Mrs. Odell Belcher from among those attending the services of Everett Blackburn.

School Board Dress Code

The Board of Trustees of the Talco-Bogata Schools met in special session at Rivercrest on Tuesday, February 16 at 7:00 p. m. for the purpose of discussing the school's dress code for students and employees. As a result of the meeting approval was given to the following change in the dress code for girls and women employees of the district: As of Monday February 22, girls and women employees may wear pant suits to school. The suits may be worn from February 22, 1971 through March 31, 1971. Pant suits will not be worn after March 31st of this school year. If students and women employees abide by the prescribed pant suit established by the school administration, consideration will be given to permitting pant suits to be worn next school year.

The administration has established the following pant suit regulation:

1. The top and bottom of the pant suit is to be of the same material and fabric. (Double knit or heavy material recommended)
2. The top and bottom will be a coordinating suit.
3. The top must cover the major portion of the hips.
4. The suit will not be tight or form fitting. (Jump suits or western wear not accepted).

The administration of the school stated that if students and women employees do not cooperate with this venture that a strong recommendation will be made not to allow pant suits for the 1971-72 school year.

School Trustee Election Apr. 3

Three school trustees will be elected in the April 3rd Trustee Election to be held in the Talco-Bogata School District. All three incumbent members whose terms are expiring: Dr. E. E. Brooks and James Gaddis of Bogata and Alex Waddell of Talco have filed for places on the ballot.

Other prospective candidates may make application for a place on the ballot at the superintendent's office at Rivercrest until Wednesday, March 3rd at 5:00 p. m. when the ballot list will be closed.

Rebelettes Reach Region Play-offs

The Rivercrest Rebelettes are in Region Playoffs for the sixth straight time. Not many teams can boast a record anything close to that of the Rivercrest Rebelettes, who have already won the District (15-AA) for the sixth straight time.

With a 27-2 season record and a perfect 8-0 district standing, the Rebelettes prove again that they are no doubt one of the greatest basketball teams in the state. This can be backed up by their 122-22 record over this six year period. Feb. 20 the Rebelettes will go into Region II Championship play at Denton.

Holiday Changes 1971 Calendar

Monday, February 15 was one of several new holidays to be observed now due to an act of Congress. From now on, with four exceptions, all legal holidays will fall on Monday; Christmas, New Years Day, July 4, and Thanksgiving will remain the same.

Changed to fall on Mondays are: George Washington's Birthday (Feb. 22) to third Monday in February; Memorial Day (May 30) to last Monday in May; Columbus Day (Oct. 12) to the second Monday in October; Veterans' Day (Nov. 11) to fourth Monday in October.

These are the four long week ends you can count on from now on. But in 1971, by a quirk of the calendar, we get a few bonuses. New Year's Day, Christmas and July 4 come on week ends and give an extra day to enjoy.

OES Initiation Service Observed

Mr. and Mrs. R. J. Rosson of Hughes Springs and Mr. and Mrs. Cecil Griggs of Jacksonville came Tuesday night to see their old friend, V. L. Taylor, initiated into the Order of the Eastern Star in Talco Chapter. Other Eastern Stars from out of town were Mr. and Mrs. Baker of Mt. Pleasant, C. O. Whiteman of Clarksville and Mr. and Mrs. Sebe Mankins, Mr. and Mrs. Roberts, Mr. and Mrs. James Gaddis, Mrs. Willie Roberts, Mrs. Johnny Gill and Mrs. Yancy Kinsey, all of Bogata. Mrs. Mankins filled a station in the absence of one officer. Worthy Matron Mrs. Frank Sloan and Worthy Patron Sidney Frugia presided. The hall was decorated in the Valentine motif. The secretary's desk held a huge red amaryllis plant with two large blooms. Other red and white flower arrangements adorned the hall.

Following the initiation the Worthy Matron read a humorous poem about Abe Lincoln. The birthday of Mrs. Ivy Smith was observed by singing the birthday song to her and she was presented a gift by her secret pal, Mrs. C. H. Dickinson. A letter was read from the Worthy Grand Matron informing each Eastern Star member that no pant suits in any form will be permitted in the lodge hall at any OES function. Many nice talks were made.

After Chapter closed lovely refreshments were served in the dining room where the table carried out the Valentine theme, the focal point being a large decorated cake and upon the center red heart was written in white "Happy Birthday, Ivy." Hostesses were Mrs. Dickinson, Mrs. J. A. Davis and Mrs. Zela Neugent.

Mr. and Mrs. Jerry Jones were in Hot Springs, Ark., Sunday and Monday.

Mr. and Mrs. Billy Joe Pope have returned to their home in Smackover, Ark., after spending the week here with Mr. and Mrs. Fred Sifford and in Bogata with Mr. and Mrs. Bob Pope.
