Covers Scurry County Every Week

VOLUME ONE — SNYDER TEXAS, APRIL 12, 1929 — NUMBER THIRTY SIX

FAIR ASSOCIATION SETS DATE, SEPTEMBER 26-28

GREAT ENTHUSIASM OVER COMING EVENT MASS MEETING MONDAY AT 3 PM TO FURTHER PLANS

The Scurry County Fair Association is now preparing the way for the greatest fair that this county has had, the entire county is responding to the call for co-operation and with the executive board that shall have power in action, already named, the road to a great fair is paved with opportunities and possibilities.

A mass meeting has been called for Monday 15th, in the District Court room at three o'clock and every member of the board, every director and every man and woman interested are expected to be present.

September 26, 27 and 28 has been set as the date for this Fair and the chairman of each department will have the responsibility of seeing that their respective departments are fully represented.

There are about 37 directors appointed and from every community in the county. The executive board is composed of some of our most earnest proponents of our county's development they are: President, O. P .Thrane; J. J. Coonsman, Vice-President; Harry Winston, Second Vice-President; Harvey Shuler, Secretary and Treasurer; J. A. Merritt, Hugh Taylor and Joe Caton.

Those interested in making exhibits or entering the fair for any reason will communicate with the committees on the particular subject in which you are interested, these committeemen are given as follows: C. Wedgeworth, entertainment; J. A. Merritt, Agricultural; W. O. Logan, Community exhibits, Mr Logan also has the Boys Clubs; G. F. Smith, Publicity; Harry Winston, stock cattle, J. J. Coonsman, Beef; J. W. Scott, Dairy cattle; Tom Huffman, Swine; L. N. Perryman, Sheep and Goats; John Spear, Horses and Mules; John L. Webb, Dog show; C. C. Redman, Vocational; Mrs. Joe Caton, General Superintendent of Ladies department; Miss Jessie Lee Davis, Home Demonstration Clubs; Ernest Taylor, Finance.

The meeting Monday evening will be to further develop the plans and discuss the different features with the different committeemen who were appointed last week.

The following nemed directors were appointed: S. H. Ramsour, Arah; Warren Sturgeon, Bell; S. G. Lunsford, Bethel; H. Richter, Bison; M. W. Bavousett, Camp Springs; Roy Taylor, Canyon; H. M. Murphy, China Grove; J. C. Helms, Cottonwood Flat; W. J. Lewis, Countyline; Sherman Blakely, Crowder; L. N. Periman and J. A. Scrivner, Dermott; J. C. Beakley, Dunn; R. L. Gray, Durham; T. Corneilus Davis, Ennis; J. A. J. Jones and Rev. J. H. Tate, Fluvanna; A P., Gannaway, Gannaway; Rufus Mize, German; Guy E. Casey, Guinn; W. O. Moore, and BillStevvenson, Hermleigh; Jno. L. Webb, Independence; O. H. Holladay, and J. E. Murphy, Ira; A. Stahl, Lone Wolf; C. C. Harless Jr., Lloyd Mountain; L. D. Sturgeon, Plainview; L. W. Boren, Polar; T. J. Bryant, Pyron; George Bishop and Emmett Trevey, Sharon; M. B. Hamilton, Strayhorn; J. H. Allen, Triangle; G. L. Brumley, Turner; J. L. Carrell, Union; Hubert Robison, Woodard.

NOW BALL

The Snyder Tigers will begin work in the field of the great American sport next week. The boys are getting in trim for the season and it won't be long now until youcan hear the yells for Snyder. It is coming to be one of the greatest businesses in America as well as the national sport. New stars and Kings are made every year, world's records are broken every year and every player is trying to out do his previous records and smash into bigger pay. I wonder if there is a man woman or child over ten years of age that does not know what the subject is..

NEW CAR LICENSES

Hugh Mason, Hermleigh, Ford Coupe.

F. M. Brownfield, Snyder, Chrysler Sedan.

BIRTTHS REGISTERED

Mr. and Mrs. Clarence Kenedy, a y named Elmo, April 11.

Mr. and Mrs. Archie A. Bailey, a oy, April 11.

Mr. and Mrs. E. L. Fisher, a girl, April 11.

The present negro population of Texas is estimated at 779,000.

CHAUTAUQUA MAKES GOOD

The Chautauqua which has been in our midst for the past week has been accepted by our people wonderfully and they state that in all their travel over the country Snyder has shown more hospitalityy than any town in the entire circuit. This either speaks fine for our town people or the Chantauqua people have proven themselves worthy of our hospitality.

The Chautauqua has not been well attended and many who had season tickets did not attend regularly, possibly some of the programs were not as entertaining as they would like to have them but on a whole they were very fine, well rendered and educational.

Homer Springfield with his home talent did splendidly for his part of the program Wednesday night, featuring the little dancers, vocal music and instrumental solos.

The speech by Mr. Gardner was as fine as could be had and we regret most sincerely that more of our young people were not there to hear his discourse. He had a wonderful thought for the coming youth. Discussing the "Joy of the Job".

Smiling Through" was well rendered and considerably more people were there to hear and see them.

BULLOCK MAKES SHOWING

The County Superintendent, Pat Bullock is doing a wonderful part for the Scurry County schools and the State Superintendent has made a report of conditions of the schools of the county that should be in the hands of every patron in the county, it not only shows that our school work is on a higher standard and gaining higher higher standards but that our Superintendent is and has been busy. The consolidating methods have done more for the schools than most anything elise and there is a nice bonus offered to the schools that will co-operate in this step.

In our next week issue we will try to give you a report of the findings of the State Superintendent. Which you will want to read.

SNYDER MAN APPOINTED

A conference on immediate problems in the pink bollworm situation was held in the Colorado Chamber of Commerce office Friday by members of the State Claims Commission and John W. Brady of the supreme court of Austin, Texas, and G. J. Scholl of the Department of Agriculture of Austin.

The State Claims Commission is made up of Judge C. R. Buchanan of Snyder, and T. H. Talbot and W. A. Dublin of Mitchell county.

MISS EULA STIMSON ELECTED AT COLORADO

Miss Eula Stimson of Snyder has been elected by the chool board to teach the section of the fourth grade formerly taught by Miss Pauline Doremus of Calvert.

Miss Doremus resigned recently because of the illness of her mother. Miss Stimson who is an experienced teacher, comes to Colorado with good recommendations.

LOCAL MAN BREAKS ARM

G. A. Hagan, broke his arm this week while throwing at a chicken in his garden. Mr. Hagan must have been angry because it is said a mad man does not know his own strength.

Mrs. J. H. Hannabass, daughter of Mrs. J. H. McClinton has just returned from a visit to the coast country. Her daughter, Miriam accompanied her.

ZLIONS CLUB TO BACK PROPOSAL FOR BAND

The Lions Club in their regular luncheon Wednesday unanimously voted to sponsor the securing of a permanent band leader for a high school and municipal band.

Joe Stinson, Ernest Taylor and O. P. Thrane appointed a finance committee to work out details.

It is expected that more than 80 high school pupils will join the municipal band as that many have indicated their desires to be members.

Mrs. B. N. Wheeler of Idalou and Mrs. Earl Kerr of Hermleigh were Snyder visitors Wednesday.

Our Little Friends Are Returning

Copyright. W. N. U.)

FLUVANNA NEWS

Thomas Matlock is in Kansas on business.

M. E. Boren and family of Lamesa came Saturday. Mr.Boren returned Sunday, Mrs. Boren and daughters are spending the week with relatives.

E. H. Josey and family of Big Spring spent Sunday with his sister, Mrs. J. G. Landrum, and familly.

J. W. Sewalt and family of Post spent part of last week with relatives.

Miss May Frances Beaver is in Mineral Wells, as delegate to the Woodman Circle.

John Stavely and family went to Lubbock Monday to visit John A. Jr., who is in the sanitarium.

Mr. and Mrs. J. M. Hunnicutt left last Monday, in answer to a message that the latters mother was seriously ill.

Mr. and Mrs. Boss Stavely, accompanied by Professor E. O. Wedgeworth and Mrs. J. L. Dietz, carried their six year old son to Lubbock last Sunday to be operated on for appendicitis.

Mrs. H. L. Beasley was carried to the Snyder sanitarium last Friday. Mrs. Beasley has blood poison.

It is reported that L. G. Braswell, a former citizen of Fluvanna, is dead. We extend our sympathy to the bereaved ones.

Several of our Methodist young people went to Hermleigh last Sunday affternoon to a zone meeting of the Epworth League.

Harve Browning made a business trip to Post Tuesday.

Mr. Easley and son, Bill of Grand Tuiver, New Mexico, Mr. and Mrs. Flimings of Dallas, Mr. and Mrs. Homer Beasley of Cumby and Mr. and Mrs. Raymond Taylor of Cumby are at the sanitarium at Snyder with, their daughter and sister, Mrs. Beasley of Fluvanna.

CHURCH NOTES

FLUVANNA BAPTIST

Sunday School at 10 A. M.

On Friday evening March 10, Rev. D. G. Wells will begin a revival meeting. Every one is invited to attend these services.

SCHOOL NEWS

Our girls debating team, winners in the County Meet, both in Class A and Class B, are keeping in trim for the District Meet which is to be held at Abilene on April 19th and 20th, by debating neighboring school teams. The teams, composed of Ruth Truss and Nadine Haynes, was opponents to the Snyder boys on Wednesday of last week. The debate was held at Snder with three Snyder High School teachers judging.

On last Monday, the Southland debating team met our team at Post. This debate was a judgeless one, since judges were not available. The Southland team is a very strong one and we hope to meet them again at the State Meet.

Superintendent Wedgeworth, who has been so untiring in his efforts with the team, plans to take them to Abilene to participate in the District Meet. Our team is as efficient as any in this section.

Other practice debates will be held this week with Snyder boys and Southland girls. Ruth and Nadine, our debaters, are not only good debaters, they are equally as good students, making straight A's.

Other entries that will go to the District Meet will be Birline Boynton, winner in Senior girls declamation in this county, and Charlie Bley, the track and field favorite of this county. Charlie won five first places at the County Meet. (The highest possible) These students are also doing excellent work in the school room as well as in other outside activities.

Superintendent Wedgeworth and Mr. E. H. McCarter spent Sunday in Lubbock. They accompanied Mr. and Mrs. B. O. Stavely who carried their son to the Hospital for an operation. John A., who is a member of the first grade, is doing nicely at this time. He was taken with an acute attack of appendecitis on Saturday afternoon.

"The Little Clodhopper", presented by the Senior Class on last Thursday night, was a decided success. There was only standing room when the curtain went up. The large attendance enabled the Seniors to present the High School library with an eighteen volume set of English books. This gift was very appropriate and the faculty and High School appreciate it.. The Snyder High School Orchestra furnished music for the occasion. They were assisted by Superintendent Wedgeworth, the Originator of the orchestra.

As a result of the trustee election on last Saturday, Mr. John A. Stavely, Mr. Mert Noel and Mr. Will Noel were made the new members of the Board. Mr. Wallace Jones, Mr. Ed Lemons, and Mr. John Buchanan who have so faithfully and consistenitly fulfilled their dutie as trustees, will submit their places to their successors one day this week. Fluvanna boasts of a "live wire" school board that is always in favor of better schools for Fluvanna.

SNYDER CHOSEN AS 1930 CONVENTION CITY BY ABILENE PRESBYTERY

Snyder was chosen as host for the 1930 convention of the Abilene Presbytery, in closing session at Anson, Thursday at noon. More than 25 churches were represented at the two-day meeting at Anson.

Rev. J. Wood Parker of Post was elected moderator to succeed Rev. James Tate of Fluvanna. Rev. Fred S. Rogers of Stamford was reelected clerk of the Presbytery. Rev. S. B. McDowell, formerly of Temple, who recently took charge of the Presbyterian church at Breckenridge, was received into the Abilene association.

Plans for the Buffalo Gap Encampment, to be held this summer were presented by Dr. E. B. Surface, Abilene pastor, chairman of the program committee, and the reports were adopted.. In addition to a young people's standard conference, classes for adults and a church vacation school will be held in connection with the encampment.

Dr. S. T. John of St Louis spoke at the closing session on the pension program of the church.

Snyder representatives to the Anson convention were Rev. E. C. Lambert and Mr. Sam Wilborn.

SWEETWATER AS HOSTESS

Women from the far corners of West Texas, 257 of them, departed for their homes Thursday evening as the three-day session of the eight annual conference sixth district Congress of Mothers and Parent-Teachers Association was brought to a close.

"This has been the largest conference in the history of the sixth district," said Mrs. Sidney Gilmore of Sonora, president. "More delegates were in attendance than at some of the state meetings I have seen, and it was the most ernest, best planned and interesting program I have enjoyed in some time."

The final sessions included a variety of discussions on phases of parent-teacher work, fire prevention was discussed by Miss Ola Junniger. Mrs. Jiyn Dresen of Abilene gave an intereting account of the group organization perfected in the high school parent-teacher association of Abilene which has resulted in an increase in membership of from 30 to 300 and has even aroused interest among the students.

Mrs. I. E. Maddocks, state chairman of the summer round-up and Mrs. I. E. Ledbetter, state health chairman, gave detailed accounts of activities to be accomplished in thoses fields, particularly with reference to the examination of next fall's first year pupils and the correction of physical defects.

No officers were tobe elected at this session and th plac of holding the next convention will be decided later by the executive board.

Sweetwater Reporter

The reed is easily broken, just a simple twist of the wrist, but two reeds were twice as hard to break and a hand full of reeds could not be broken by the strength of strong man. I can't do much alone neither can both of us but if we all pull together, the Lord only knows what we can do. Why, remember what the Lord says about "where a few have met together in my name" It simply means that in unisen there is strength and that where the people pull together their will must be obeyed. The people are the law and the end of the law so long as their will is the will of God (and all law is based upon the principle of right and wrong or the law of God). Well, says one, havent we heard these things all our lives, what's the argument? There is no argument, CO-OPERATE WITH THE CHAMBER OF COMMERCE.

CONGRESS ON FARM RELIEF

(Continued from second page)

Senator Brookhart did not think $3000,000,000 would be enough. "We export around $2,000,000,000 and the government should advance at least $1,000,000,000", the Senator thought. Senator Caraway wished to know "what these broad powers were," and Mr. Hyde replied that as such a board had no precedent "it would have to make its own history."

Senator Norris almost stumped the Secretary on who should pay the loss in case a loss occured in disposing of the surplus. Mr. Hyde finally admitted that in case the $3,000,000,000 was not sufficient, Congress would meet again " in eight or nine months and provide for the situation." The Administration, he, thought, would deal liberally with the farm situation.

ELECTRIC COMPANY REDUCE THE RATES FOR SNYDER, FOUR SIMILAR REDUCTIONS IN FOUR YEARS

L. J. Gear, district manager of the Texas Electric Service Company, announced today that, effective with the next bills received by the customers of the company in Snyder, a new rate for residential electric servicewill be put info effect.

The new rate is known as a two-part rate, with a flat charge and two energy steps at 7c and 5c per kilowatt hour. The 7c rate applies to the first four kilowatt hours per month per room, and the 5c rate applies on all additional kilowatt hours per month.

This new form of rate was worked out by engineers of the Texas Electric Company after a thorough and careful study to provide for the many varied uses of electricty in Texas homes, many of which have come about during recent years, such as the electric refrigerator, radio, and other household necessities. The present low rate for combination range, lighting and water heater service will remain in effect.

The flat charge is based upon the number of rooms in a house. Premises with four rooms, or less than four rooms, according to this count, are classed as four-room homes and those with more than ten rooms are considered ten-room homes. The flat charge for a four-room house is 60c per month with an additional 10c per room up to ten rooms.

Since the Texas Electric Service Company has been operating in Snyder, electric rates have been steadily decreased, with a total of four reductions in residential and commercial lighting rates. From 16c per kilowatt hour the rate has dropped to 12½ per kilowatt hour and the new rate now in effect will place 7c and 5c electricity within the reach of the smallest home owner.

The company it not withdrawing the old schedule, which will be available to any of its present customers who wish to retain it.

This is the first time that a 7c and 5c rate for electric energy has ever been made possible to the residents of this community for general household use.

The new rate is made possible because of the operating economies which result from increased use of electric power by communities as a whole, and because towns are grouped and directed by one centrally located organization. The Texas Electric Service Company, and its predecessor, the West Texas Electric Company, have pioneered this class of service over a period of the last fifteen years until today its modern system of transmission lines serves large and small communities with continuing economies.

FARMERS PRODUCE COMPANY HAVE MOVED TO THEIR NEW LOCATION

The Farmers Produce Company which has been operating next door to the News has moved their location around on Bridge Street next door to the Times Signal and across the street from Higginbotham Lumber Company. They will have more room there and can better equip themselves to handle the business that is coming to them.

Mr. Bratton states that they were well pleased with the good business received during the past few days while the price of hens has been so high. They have been paying 22 cents per pound for heavy hens and have loaded two cars during that past week.

The new equipment that they have been installing will add to the business wonderfully.

The old stand just north of the banks will be used by them for handling wool, feed storage and other heavy business.They have enjoyed a splendid feed business and expect that in a short time to have everything that our people will need in that line, as yet they have only been handling the staple lines of feed but in the future they will handle, such as charcoal feeds, oyster shell butter milk and etc.

SCHUMAN-HEINK AT ABILENE

Mme. Schuman-Heink, under auspices of the Simmons Cowboy Band, sang Wednesday evening at the University Auditorium.

The famous contralto was accompanied by Joseph Lefkowitz, violinist and Josefin Hartmann Vollmer, pianist. The program included a group of old masters in English, one group of German songs in the native tongue and some of the best loved American

C. WEDGEWORTH AGAIN CHOSEN AS HEAD OF THE SNYDER SCHOOL SYSTEM

C. Wedgeworth again chosen by the Snyder Board of Education as Superintendent of the School system here. Mr. Wedgeworth's worthy stand for higher education, his thorough knowledge of school training and his untiring efforts to establish Snyder schools in the highest ranks of the state is being rewarded. The report of the department of education at Austin places Snyder in the highest ranks in Texas. The re-election to this place bespeaks for Snyder, their appreciation of his efforts here.

During the two years Mr. Wedgeworth has been connected with the Snyder school the affiliation units have been increased from 25 to 29½ and he hopes to add three units this season.

Mr. Wedgeworth, is always at the front when there is anything doing or to be done in and for this town and country and is always missed when absent from any meeting intended as a meeting for progress.

FARM NOTES
(W. O. Logan, County Agent)

The Panhandle-Plains Dairy Association held at a real dairy show at Plainview last week. It was credited with having the greatest number of exhibitors of any Dairy Show in the South except the National at Memphis, Tennessee. There were one hundred twenty five different exhibitors, showing three hundred and run higher for some animals showed five animals, of course the entries in two or more classes. The jerseys led with almost five to one over all the other breeds, combined.

The production contest proved to be very interesting, it brought out the fact that many of the cows would produce better than two pounds of butterfat per day. The winner produced two and forty one hundredth in the two milkings which is equal to almost three pounds of butter. Another thing was that in the five year old class purebreds won every place, while in the other classes one or two grades got in and showed up extra well. A grade won the contest for cows under three years of age.

Plainview erected a twenty thousand modern dairy barn for the Show and thought it would do three years at least. The second day of the Show, it was seen that two more barns were needed. Or rather two more buildings. Amarillo responded neighborly and contributed over seven hundred dollars in prizes. Besides nearly two hundred Amarilloans came down to the Show on a special. The entire Plains and many Counties in New Mexico sent large delegations. The entire show rests on the Counties included, and membership is composed of Dairymen and Business men or Commercial organizations that live in its radius. Any man interested in seeing dairying developed should contribute a small membership fee to the Panhandle-Plains Dairy Association, Mary Hopkins, Secretary at Plainview. Not only is the Organization sponsoring the Show but it is interested in stamping out the dreaded diseases, T. B. and Contagious Abortion, and also assisting in the testing and grading up of herds and better feeding and management. Then later on it plans to render real service in a selling plan of surplus stock, also it fosters local creameries and other means of disposing of the dairy products.

Scurry County is ready for testing, and other advanced steps in dairying, there should be a weeding out of many of the low proteing cows. The average fellow who keeps dairy cows don't make money, get above that class.

GIRL KILLED IN CAR WRECK

Miss Fannie Fargason, 18 year old daughter of L. R. Fargason, Hermleigh, was instantly killed early Tuesday morning when the car in which she was riding was wrecked just outside of town. She and her brother had recently moved to a farm west of town and she was coming into town alone when the accident occured. over and was resting upon her when found a few minutes later. Her back and neck were both broken. Just how the accident occured is not viewed alike by those who reached the scene early, but was probably caused byy a locked steering geer.

The funeral services were held at the First Baptist Church Wednesday afternoon, the Rev. Leslie in charge. The body was laid to rest in the Hermleigh cemetery.

THE JONES LAW

A law without teeth is not going to be respected by the law enforcers or the violaters, hence when Mr. Jones offerd this change, he was more for the teeth than for the law, a little law and lots of big teeth.

The purpose of the law does not seem to be directed directly to the small fellow, but reaching out after the man with the millions or big fellow. He fixed it so that in the discretion of the court the apprehended could be classed according to his deeds. If it was his first offense, it would be easy for him but if it was an habitual violater, a fine of $10.000.00 and five years imprisonment could be imposed. The law passed and is a sign. The big fellows do not particularly object to the fine, that, they are used to but they do not want to have to do that time. They will probably do lots of meditating. The Jones Act is very severe and was made especially

GERMGET is a Germacine to kill Germs in chickens drinking water. Sold by, G. G. Hollingsworth Grocery.

LIVE COMMUNITIES NOT ACCIDENTS

When you find high class public schools located accessable to your children; when you find a community of fine churches; when you find all the conveniences of modern life at your elbow, just stop and think that this is the result of successful home trade, which has made it possible to create a splendid center of civilization in your locality. If everybody had decided to trade away from home these things could not exist in your neighborhood.

In home trade, you are dealing with neighbors and friends. You are dealing with those who sorrow with you when your loved ones are sick. You are dealing with those who are ready to chip in and help as far as their means will allow them when you and your family are in distress; you are dealing with those who are your joint partners in the joys and sorrows of your home community. Disaster to you is disaster to them.

It is worth something that farm values depend, in some measute, at least, on the proximity of the property to a good town. Eliminate the country town, and land values surely will drop.

KNOW TEXAS

The total population on tenant farms in Texas is about 1,250,000. On owned farms it is 862,000.

About 1,000,000 persons residing in Texas were born in other states, Tennessee leading with 115,861 and Alabama next with 103,244.

The number of families in Texas has increased from 575,734 in 1900 to well over a million at present.

Eat and Save

By RING LARDNER

To the Editor:

These days most everybody are preaching economy in living and etc., but the great majorit" don't know how to go about it to lay something aside for a rainy day, of which God knows we have had enough of them on Long's Island this spring but anyway, I run acrost a married couple of man and wife the other day that has got 3 children all under 6 yrs. old and the man showed me where he had solved the high cost problem and was saveing enough weekly so as in a few yrs. he can quit work and not half to worry as they will be enough in the bank to insure he and his family vs. want in their old age.

This man is a plasterer by trade and only making $250 per week, as the Union don't allow him to work Monday, Wednesday, Friday and holidays and only ½ day Saturdays A. M. Well, 1 night this man and the old lady, as he called his wife, set down and had a serious talk and begin to figure things out and found they were only laying $190. per week to 1 side and spending all the rest of it. In a few yrs. at that rate they would be liveing on the bounty of the country.

So this bird said to his wife, "We have got to economize somewheres or ruin is staring us in the face as all I can skimp up in my profession is $250 per week and we ain't saveing only $190. of it, and whe we are liveing in the lapse of luxury suppose something happens to me so I couldn't plaster no more, where would you and the kiddies be at? So I propose that we start and run the house on the budget system."

So the Mrs. who had never seen the inside of a college asked him what was the budget system.

"Well," he says, "the word budget comes from 2 Lithuanian words, budg and et and it means I will give you $10. per week to buy the food and clothes and pay the rent and washing and services and etc., and I will take the other $240. and stick it in the old savelings bank every week and in a few yrs. we can give the world the laugh even if I can't plaster or get plastered no more."

So his Mrs. was tickled to death and said let's try it.

Well, she set down with a paper and pencil and figured. Follng is a typical expense account that she made out for a week:

MONDAY BREAKFAST: Anchovies, ripe olives, celery, clam broth, sword fish, ham and eggs, liver and bacon, lettuce and tomatoes and Coney Island dressing, honey dew a la mode, coffee and cigars and cognac. MONDAY LUNCHEON: Rum cocktail, terrapin, Rhode Island Reds, port, spinach and onions, toothpaste, coffee and cigars, Russian kummel. MONDAY DINNER: Caviar, Martinis, lobster, Guinea hen, O'Brien's potatoes, soot pudding, coffee and cigars, creme de menthe. Total expenses, $1.25.

On Tuesday, Wednesday and Thursday they was all too sick to eat anything.

FRIDAY BREAKFAST: Butterfish, weakfish, shrod, halibut, sea bass. FRIDAY LUNCHEON: Brook trout, perches, white fish, catfish, dogfish, whale, coffee and cigars, sherry. FRIDAY DINNER: Oysters, clams, crawfish, smelts, redhots, shrimp, blue gills, hook, line and sinkers, coffee and cigars. Total expenses, $1.25.

SATURDAY BREAKFAST: Talcum powder, porterhouse, smothered onions, Long's Island prairie dogs, snipe, squab, quail, pheasant, Watertown geese, bacon and eggs, soup and fish. SATURDAY LUNCHEON: Robins, thrush, larks, bob-o-link, parrots, canaries, owl eyes, coffee and cigars. SATURDAY DINNER: Sherry and egg. Total expenses, $1.25.

SUNDAY BREAKFAST: Ice cream, vaseline, cigars and coffee. SUNDAY DINNER: Crackerjack, peanuts, pop corn, caramels, milk chocolate, chewing gum, candies, coffee and cigars. SUNDAY NIGHT SUPPER: Belgian police dogs, Pomeranians, Yorkshire terriers, spaniels, mastiffs, Boston baked beans, greyhounds, wolf hounds, Airedales, setters, pointers, water and cigars, cognac. Total expenses, $1.25.

This left Mrs. Plasterer with $5.00 bucks per week to throw away on her and the kids as the husband could get along O. K. on his plasterers uniform, so she decided for the best way to do would be to let the kids run around bare and that left her with $1.00 per week to buy shoes, or 1 pair a week, and still leave her $1.00 to stick in the savelngs bank.

As for the clothes outside of the shoes and etc., my friend the plasterer's wife saved enough shells from the seafood to keep her children in shell glasses as they was all near sighted, and she saved enough bones of the fish to keep herself in corsets, and she saved enough fur off the dogs to make herself a coat and enough feathers off the birds to keep her in hats and enough leaves off the lettuce and anchovies to make her dresses, and all in all it will take a whole lot of tough luck for his family to find themselfs in the realms of poverty, and I give the details to your readers in the hopes that they profit by it, as all a person needs to beat the cost of liveing is a budget system and a thrifty wife.

How to Dodge the Sheriff

By RING LARDNER

To the Editor:

A great many of my creditors and their pals has probably been wondering that how come that we are loose as a couple years ago I was almost shaking hands with the referee in bankruptcy and where as I am now on my ft. again and got pretty near enough money to pay my last November grosery bill.

Well, friends, when I find out a good thing I am not the kind of a bird that will keep it to themself but I will pass it along and tell my pals about it so as they can take advantages and put themselfs out of the hole the same like I did.

Well about a year ago I was talking with my wife and myself 1 night and she says how is it that I and you are making about 200 berries per wk. more or LESS and we owe everybody in Illinois except the govt. and on the other hand here's the Quayles living next doors to us and him only getting 40 thousand per annum and yet they seem to enjoy themselfs a whole lot more than we and don't owe nothing.

So I said what of it.

"Well," she says, "I been reading the magazines a whole lot lately and I seen an ad in 1 signed by the Rainy Day Corporation and it's supposed to tell the husband and their wife how to get themselfs on their ft. and the course only costs $3.00 so why not let's subscribe for it and you don't have to pay in advance, but first you get the course and read it and then you can pretend like you don't care nothing about it and send it back to them and they refund you the 3 spot."

So I said all right like I usually do when she speaks to me at all and she sent for the course and it come in a form of 5 books, which I didn't have time to read and she read them and sent it back to them with the words that it was not no good, but at that it was good enough to get us out of our troubles and look at us now.

Well, the idear was this in a few words. In the first place most of our debts was owed in driblets like ten dollars and the book says: "If you owe ten dollars apiece to a whole lot of people in the same town, why the idea is to quietly move out of that town as far as you can and move to some other town, and the merchants and etc. back in the old town won't sew you because it would cost more than the debts is worth." So one night we quietly moved out of the old town and moved to Great Neck, and we haven't heard nothing since from people we owe money to.

Well the next lesson in the course was to get yourself a job that paid more money so 1 day I went down to N.Y. City and went in a man's office that I had heard about him, and I said I wasn't getting enough money in old Chi, so he said what old I want and I said I wanted a raise and he gave it to me.

So, as I say here we are living in Great Neck and getting more salary than out in old Chi and all our debts repudiated and they can't sew us on acct. of how much it costs on acct. of the distants and here we are liveing in the lapse of luxury in Long's Island and all as we half to do is to keep out of old Chi or go their incognito, and on acct. of the wife seeing the Rainy Day Corporation ad in this here magazine, which the pure reading matter was so bad that she felt like she had to read the ads.

Now gents I don't want you to take my testimony without no supports, so I will tell you about a couple of friends of mine along the same lines that was in as pretty a pickle like we and seen the same ad and got the same results as us or better as follows: beginning with a letter I got from a friend of mine name Chas. Clarke as follows:

"Dear Old Pal. You know how Mildred and I used to struggle along while I was earning $10 per week as clerk in the Bon Ton Market which my uncle owned it and I was the only heir. Well one day Mildred read me the Rainy Day Corporation ad in one of the magazines about how to pull yourself out of the rut so she wrote them and they wrote back advising me to quit being the clerk and become the prop. so one day I took a big cleaver and used it on my uncle and by the time I got through there wasn't enough left of him to be prop. of a soda fountain in Cuba so now I and Mildred is running the market and last year we layed away $1.65."

The other letter is from a carpenter friend of mine that lives at Fifth Avenue and 70 st. and in 2 yrs. he was only able to save $220,000 so 1 day him and his wife happened to see each other and begin talking and she seen this ad and wrote to the Rainy Day Corporation and they wrote back and told him to raze he—ll and get more money so he wrote to the union and told them he wouldn't carp no more unless they give him more money so they give him a raze and now he is making more than a st. car conductor and not haveing ½ as good a time.

That is the way it come off boys and girls and if you are satisfied to go along worring about financial matters why well and good but if my little talk has showed you the way out why I am satisfied without no further numerations only the knowledge that I helped drag you out of the Mever.

(© by the Bell Syndicate, Inc.)

The farmers of the country are all busy planting feeds and some are planting cotton. Well it is too early if the season is going to be good later. But.

DAIRY DEMOTING

Every town in the country big enough to have a paper and a Chamber of Commerce is trying to be the first town to get a creamery and a milk plant. If they got it they would be like the fellow that held the goat. It takes lots of milk to run a plant of that kind and there is not room enough for them all or but very few, now who is going to say what town shall have them and how close they will be put. The fact is that thousands of dollars of the farmers money will be taken in on a creamery or milk plant by some promotor who is after his promotion fee. When he gets that then you can go on with the plant. Seventy five percent of the small plants of this kind have either closed or operating at a loss. Two things are of the most important, first: You must have lots of milk to keep the plant going all the time. Second; there must be a market. But few people realize just what it means when they start talking plants of this character. Who is going to spend $20,000.00 to $40,000.00 in a plant of this kind, hoping that people will buy more cows, and knowing too that if they should buy cows and he should get started going good that some one in the nearest town would put up a similar plant without any knowledge of the out come and ruin both himself and the plant that is operating. These facts may not be appreciated but they are meant for your consideration. Ask your state agent what he thinks about it and its possibilities Ask him how much milk it will take to operate a milk plant successfully then consider the amount of milk available for such a plant and draw your conclusions.

As for the the creamery the only fellow who will profit by a creamery is the fellow who sells the supplies and who takes the victims money while he is spending what he came here with. The farmer will get the same price after as he did before the creamery was built. The man or set of men operating the creamery would want a little profit for themselves or they would not have started the business and naturally they will buy this cream as cheaply as sound business would determine. If they should attempt to raise the price of cream the bigger companies who are buying herewould soon put them right or out for they can and will pay as much or not getting any more cream.

Now when our people want to boost the cream industry, lets get at the bottom and the foundation, lets get in some better bulls and better cows, lets try to raise more of our balanced feeds and learn more about handling the dairy cow, lets get more cows, lets learn what to do with the waste and the by-products of the milk from our present system, what to feed, when to feed and how to feed.

Lets plan to have agreat deal more cream to sell, more milk to feed to more hogs, chickens and turkeys, etc. After we get these things and there is plenty of milk to operate a milk plant or a creamery you may be assured that the big companies are going to be the first to know it and will not ask you for a bonus or to buy stock or to help finance the proposition and when they do that then you will have reasons to believe it will be profitable to you.

CONGRESS ON FARM RELIEF

In this farm relief fight, booked to startabout April 15, at the special session. The farm committees have been hard at work. They had Mr. Hyde, the new Secretary of Agriculture, up before the committees to tell what he knew. Mr. Hyde being a good lawyer, came well prepared, and promptly told the senators he spoke only for himself.

But the solons would hardly let him finish reading his "short statement," before they they wanted to know how he "would deal with the exportable surplus." Secretary Hyde, in a schoolmasterly fashion, set down three parts to the farm problem: 1, A higher tariff; 2, Improved transportation; 3, Government aid to cooperate marketing. Boiled down, his program amounted to a farm board "with broad powers, and around $300,000,000 from the Government to be loaned to cooperatives."

HOW TO BOOST

Our merchants are here to stay. They chose to locate here because they believe in our future.

They are not here for a quick "clean up," but with a desire to see a steady growth of the town.

Nothing can contribute to the growth of any place like a strong mercantile backing. Our business men to be for themselves must be for our town.

You can help them to help the town—you can help yourself by trading at home.

And the best of it is, when you keep your money at home.

Society

FEDERATION NOTICE

The District Federation Meeting which will be held in Snyder, April 25-27, is for every citizen of Scurry County. Mrs. F. T. Collins, the President insists that you attend every session.

You will want to hear Miss Greathouse sing at the High School Auditorium and hear the splendid addresses and reports at the Methodist Church. The Tea is a courtesy, and all ladies of the town are invited. There will be four paid dinners and luncheons. All Snyder ladies, paying for tickets, are eligible, as long as seating space is available. Delegates must be seated first.

The Board Luncheon, at which time the President and Officers plan their work, is the only session closed to the public. Be sure to attend all sessions as Snyder perhaps will never be hostes again.

Mr. H. G. Towle,
General Chairman.

ANNIVERSARY BREAKFAST

At 7 o'clock on last Sunday morning, Mr. and Mrs. James R. Hicks celebrated their first wedding anniversary by being host and hostess to a number of their friends.

A most delightful breakfast was served in three courses. A lovely color scheme of pink and lavender was used in the table appointments and such flowers as pink hydrangea and lilacs made the decorations very beautiful. The breakfast table cover was of dainty lace and the table was centered with fresh ample blossoms. Pink candles, in attractive holders, were on either side of the blossoms.

Guests for the occasion were Mr. and Mrs. Lee T. Stinson, Mr O. P. Thrane, Mr. and Mrs E. P. Alford, Mrs. W. Frank, Miss Laura Clyde Cole of Rotan and Misses Stellla Cole and Evelyn Boone.

HOSTESS TO CLUB

Mesdames Lee Newsom, J. P. Nelson, Sam Hamlett and Miss Edith Grantham entertained members of the San Souci Club on Tuesday evening at the home of Mrs. Nelson.

A most intertaining parliamentary drill was conducted by Mrs. Nelson and a short business session was held, after which, games of bridge were enjoyed. High score prize was awarded Mrs. Forest Sears.

Refreshments were served to Mesdames Wayne Boren, Forest Sears W. H. Ritzenthaler, C. Wedgeworth, and Misses Hattie and Gertrude Herm, Faye and Myrtle Harrell, Cecile and Neoma Strayhorn, Marian Engle and Vera Nell Gratcham, guest.

ALPHA STUDY CLUB

Mrs. Wayne Williams was hostess to members of the Alpha Study Club at the home of Mr. W. G. Williams last Tuesday afternoon.

The song "Texas", which was written by Fannie Maloney, was sung by the club, and piano accompaniment by Mrs. Melvin Blackard.

The leader for the occasion was Miss Hattie Herm. A most interesting talk on "Outstanding Men and Events Between Administrations", was given by Mrs. J. E. Sentell; Mrs. Wayne Boren gave a reading, "Governor's Family"; Mrs. G. B. Clark Jr. talked on the introduction of Stark Young and a parliamentary drill was conducted by Mrs. Wayne Williams.

Delicious refreshments were served to Mesdames Forest Sears, Wayne Boren, Wraymond Sims, Howell Harpole, Ixon Joyce, Tom Gates, Homer Snider, J. E. Sentell, Clyde Boren, Ivan Dodson, Melvin Blackard, G. B. Clark Jr., Alfred McGlaun, J. M. Claunch, H. W. Hartman, H. M. Blackard and Misses Neoma Strayhorn, Hattie and Gertrude Herm and Blanche Mitchell.

ENTERTAINS CLUB

Mr. and Mrs. George Oldham entertained the Thursday night Bridge Club at their home Thursday night of last week.

After games of bridge, Mrs. G. B. Clark Jr. and Mrs. O. O. Harris were presented with ladies high score prizes and Messers Maurice Brownfield and Alfred McGlaun were awarded Men's high score prizes.

Dainty refreshments were served to Messers and Mesdames Wayne Boren, Clyde Shull, Maurice Brownfield, Forest Sears, G. B. Clark Jr., Ivan Dodson, Autrey Self, Alfred McGlaun, and Mrs O. O. Harris, Tom Gates and Misses Faye Harrell, Neoma Strayhorn, Claribell Clark and Messers Wraymond Sims, Albert Norred and J. G. Hicks.

THE M. S. C. CLUB

The Mother's Self Culture Club met at the home of Mrs. E. F. McCarty, Tuesday afternoon.

"Astronomy" was the subject of discussion, Mrs. E. F. Sears serving as leader. Mrs. Sears was assisted in the program by Mesdames George Northcutt, H. L. Davis, J. W. Ely, J. A. Woodfin, J. P. Avary, B. M. West and W F. Ferguson.

At the close of the program, a delicious refreshment course was served to sixteen members and two guests, Mmes. O. S. Williamson and J. B. Scott.

MRS. EZELL IS HOSTESS TO EL FELIZ

Mrs. Com Ezell was the charming hostess to members and guests of the El Feliz Club last Friday afternoon at her lovely home, fourteen miles north of Snyder.

Colorful spring flowers blended most beautifully and added to the attractiveness of the entertaining rooms. Games of forty-two were played and at tea, lovely refreshment plates were passed to Mesdames Hugh Boren, Bob Warren, H. J. Brice, W. H. Cauble, J. C. Darward, C. W. Harless, T. L. Lollar, R. H. Odom, W. M. Scott, A. L. Stoker, W. C. Miller, Fritz R. Smith, Guy Stoker, L. O. Smith, Wade Winston, and guests were Mesdames Ivan Dodson, R. H. Curnutte Sr., W. W. Lechner, George Harris, J. M. Harris, Hugh Taylor, Joe Monroe, A. J. Towle, W. R. Johnson, Roy Strayhorn, Edgar Wilson, Ernest Taylor, R. L. Gray, and Forest Sears.

MARRIAGE LICENSES

Mr. Elbert Perry and Miss Floy Lewis, April 6

Mr. Hubert Williams and Miss Myrtle Rinehart, April 6

Mr. Horace Ussery and Miss Juanita Whitworth, April 11.

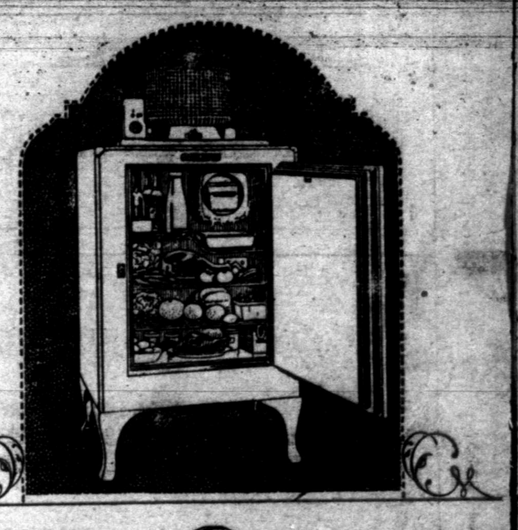

ELECTION RESULTS

School Board Election was held Saturday. Trustees, C. E. Ross, J. W. Scott and J. S. Bradbury were relected to their offices.

The following were the total votes received:

J. S. Bradbury	193
J. W. Scott	187
C. E. Ross	174
Will Clements	131
Gay McGlaun	137
Frank Sentell	115
