

On The BEAM

By J. W. King, Sr.

This editor is indebted to Mr. Beeman Fisher, president of the Texas Electric Service Company, for a copy of the community development survey of Lorraine.

The survey was presented by the Texas Electric Service Company to the Texas Industrial Commission. The survey will give manufacturers and others seeking a new location the particulars about our community.

We hope that some good results come from it. It is possible that someone may be looking for a town just like Lorraine is pictured to be in the statistics shown in the survey. We would certainly welcome anyone who decides to locate here.

Some of the statistics shown in the survey for Lorraine are not very flattering but they are truthful. We who already live here can change those statistics to be more favorable to us if we will put our shoulders to the wheel and push. It will take some work on our part along with what the Texas Electric Service Company has done for the survey to do us the maximum amount of good.

It is true that since 1950 Lorraine has lost population. The bank does not have as much money on deposit as it had in 1950. Electric connections are fewer and so are water and telephones. There are fewer pupils in school.

Since 1960, however, almost everything shows that the cycle has started up again. The people of Lorraine, especially the leaders, need to shake the dust off their feet and get things moving more rapidly. You can count on this newspaper to help.

WE MADE A MISTAKE

It is nothing new when The Mitchell County News makes a mistake but occasionally we make one that really stands out. In the paper last week Neill's Supply Store advertised a 4-piece bedroom suite including box springs that had been on lay-away. Mr. Neill intended for the price to be \$149.50, instead we had him offering it for \$49.50 which would have been a considerable bargain. If you went to see the suite Saturday and discovered the price to be \$149.50 instead of the \$49.50 as advertised remember to put the blame on this newspaper and not Mr. Neill.

Neill's Supply Store carries a nice line of furniture and you can always find good bargains there.

COMPANION CLASS
Mrs. R. K. Thornhill was hostess for the July business and social meeting of the Companion Sunday School Class of the First Baptist Church Thursday afternoon.

Mrs. L. E. Crutcher, president, presided at the meeting which opened with the group singing "Wonderful Words of Life" led by Mrs. Dottie Marshall with Mrs. Thornhill at the piano. Mrs. Lucas offered prayer.

Mrs. Thornhill gave the devotional, reading Matthew 15:13-18. Jesus said, upon this rock I will build my church. Mrs. Thornhill urged the study of this passage found in Matt. 16:13-20. Here, she said, we find who founded the church, the type material from which it was made, and learn something of its purposes; we are assured of its ultimate triumph. You see the church to which we belong. Mrs. Thornhill said, it is divine in origin; it is eternal in its purpose; it is victorious in its consummation. Think of the tremendous responsibility that rests upon the Christian, Mrs. Thornhill continued. He is God's representative upon the earth. He is God's ambassador. He has the keys to the kingdom. Upon what he does with these keys will depend the eternal destiny of mankind.

During the business meeting Mrs. J. C. Hall read the minutes and gave reports for the secretary and treasurer. Mrs. Crutcher appointed a nominating committee to nominate a teacher for the next year. The committee is composed of Mrs. Dottie Marshall, C. A. Land and W. M. Teeters. The class voted to contribute to the memorial fund in memory of Mr. Harvey Leach.

Back in the days when teams of horses or mules did most of the work on the farm, the animals had to cooperate with each other in order to pull the load . . . Now it is necessary for farmers themselves to cooperate with each other to keep down costs and raise the price of farm produce.

One of our neighboring counties not far to the Northeast has become rather famous for the past few years for their Irish potato and other vegetable crops. Their situation is similar to ours or it was before they started raising vegetables. Reports are that farmers are doing right well in the vegetable raising business.

In our own territory we have the water and fertile land. A market for vegetables could be secured if farmers are interested in planting an acre or two on each farm.

This bank would be happy to help in establishing a market. Talk to us about it.
