

Former Resident Buried Tuesday

W. A. Kennedy, 78, a former resident of this section, died at the home of his son in Clovis, New Mexico, Sunday afternoon after an illness of several weeks duration.

Funeral services were held at Valley View church Tuesday afternoon, conducted by Rev. Hester of Snyder, a former pastor of the deceased. He was laid to rest in the Valley View cemetery by the side of his wife and three sons who preceded him in death.

Mr. Kennedy formerly resided north of Loraine for 14 years, and also spent three years in the city of Loraine. He left here about six years ago and has made his home with his son in New Mexico.

Mr. Kennedy was well known throughout this section.

To Welcome New Methodist Pastor

At a special conference at the Baptist church Wednesday night it was decided to dismiss preaching services at the Baptist church Sunday morning. All Baptists are urged to attend church services at the Methodist church Sunday morning to help welcome the new pastor. Sunday school will be held as usual.

SINGERS TAKE NOTICE

The fifth Sunday singing will be held at the First Baptist Church in Loraine beginning at 2:30 sharp, the same being the 20th day of November, 1931. Everybody invited. There will be some good singers there. Be sure and come if you enjoy good singing.

W. O. Kinnison, Pres.

J. S. Franklin and Houston Shurtliff are planning to feed 700 sheep this winter. They will feed a ration of maize, cotton seed meal and hogani.

Tom Jackson is planning to tan some hides this winter. A terracing demonstration will be held at the Lowe farm at Lowe Friday.

Cotton Report

A total of 25,167 bales of cotton had been ginned in Mitchell county up to eleven o'clock Thursday. The gin reports are divided as follows: Loraine 6,566; Colorado 13,206; Westbrook 3,294; Buford 2,100.

PLEASANT VALLEY NOTES

Sunday School met at the regular hour Sunday with a little better attendance. The young people's class have entered a contest in getting new members and if you get an invitation be sure and listen to what they have to say for it is going to be an interesting contest.

Several from this community attended a call session of the Nolan County singing convention at Roscoe Sunday.

The Lone Star school is progressing nicely on their second week with about eighty-five on roll. This promises to be the best term Lone Star has ever had.

Next Sunday is our regular singing evening. Everyone is invited to come. There will be plenty of new song books.

Bennett Blair was on the sick list last week but is up and going at present.

Editor's Note: We appreciate the news letter from your community and want to receive one every week. We want the news from every community in the Loraine territory.

Spanish Club To Present Play

The Spanish Club will present a three-act comedy drama on November 27, 1931, in the high school auditorium. The setting of the play is in sunny-old California, the title is "The Rose of El Monte", and the following is the cast of characters: Col. Dumbarton, owner of El Monte, Jim Marshall, Wong, Chinese servant, J. C. Angel, Miller Boone, nephew of Dumbarton, Garland Cary, The Rose of El Monte, Bessie Nelle Johnson, Jim Steele, the ranch foreman, Glenn Thomas, Mrs. Goodwin, a New York widow, Oneta Roberts, Darlene, her daughter, Christine Riden, Esteban, a Mexican boy, Leonard Davis, Ramona, Indian girl, Suda Ruth Crowover, Gloria, the girl from the desert, Edna Pearl Nelson, Pete Anderson, of Ranch Laguna, Clay Dean, Scene: Patio of the El Monte ranch house near the Mexican border.

See next week's paper for advertisement.

Gleaners S. S. Class

The Gleaners Sunday school class of the Methodist church met at the home of Mrs. T. R. Bennett Nov. 10 with Mrs. Thomas Hall and Mrs. Piquet as joint hostesses.

he devotional was led by Mrs. G. A. Hutchins, who read the 13th chapter of 1st Corinthians, followed by a prayer by Mrs. Bennett.

During the business session Mrs. Glass resigned as president and Mrs. William Martin was elected in her place.

The class voted to pay \$5 on the pastor's salary.

After the class was dismissed by the Lord's prayer a social hour was enjoyed, conducted by Mrs. Piquet.

A contest was conducted and Mrs. Jermy Land won first prize and Mrs. John Mahon the consolation prize.

Refreshments consisting of a salad course and ice tea was served by the hostess at the close of the meeting.

The next meeting will be held at Mrs. Roy Edwards, with Mrs. G. A. Hutchins assisting, on Dec. 8.

Tigers vs. All-Stars

Sunday afternoon at two o'clock, the Tigers met the All-Stars on their own field North of Roy Baird's residence. The game was a hard fought one with the Tigers coming out on top by a score of 48 to 6. Mahon and Marshall starred for the Tigers, and Hubbard for the All-Stars.

Assist Seed Loan Borrowers

Dallas, Texas, Nov. 10—Confirmation of the announcement in Washington of added facilities through the cooperatives for assisting seed loan borrowers was given here today by R. J. Murray, general manager of the Texas Cooperative Association upon receipt of advice from Washington. Mr. Murray states that the special Seed Loan Pool has been created in the Texas Association and that the organization places its full facilities at the disposal of seed loan borrowers in the liquidation of their mortgages and the opportunity to hold cotton for higher prices. Mr. Murray states that information and instructions have been communicated to the association's numerous branch offices in connection with assisting the borrower in determining collateralization values on the basis of the eight cents a pound collateralization privilege.

Expression, Music Pupils In Recital

Expression pupils of Mrs. W. W. Rowland, assisted by the music pupils of Mrs. Taylor, were presented in a recital at the high school auditorium last Friday night.

The program was taken from daily lessons of the pupils and did not require any extra time for preparation. This, however, did not detract from the program as the repeated encores was evidence that it was well received by the audience.

Miss Jeff Parker consented to give a number which was very well received. Leon Crutcher and Bessie Nell Johnson closed the program with a unique one-word play which was very interesting, but the ending of which was not in the least surprising.

McKenzie Rites Said at Colorado

Funeral service for Fred E. McKenzie, prominent ranchman of this section and resident of Colorado for more than a half-century, was held from the family residence Tuesday. Rites were to be conducted by the Rev. W. M. Elliott, Presbyterian pastor, and Rev. O. C. Reid, pastor of the First Baptist church.

Mr. McKenzie, 73, died Monday from apoplexy, with which he was stricken Saturday. He had been in ill health for several months.

Mr. McKenzie was born in Prohetstown, Ill., October 27, 1858, and moved to Colorado in 1880. He established and owned until his death the Lazy X ranch in the southeast part of Mitchell county, and the community there bears his name. He was recognized as one of the county's most successful ranchmen and was a member of the American Shorthorn Breeders association. In addition to his ranch interests, he was a large city property holder.

BAPTIST NOTES

A number of our Methodist brethren and several from the Bethel Baptist Church worshipped with us last Sunday. We are always glad to welcome visitors and invite you to come often.

Mr. Lester Jarrett favored us with a special song at the Sunday morning service.

On last Saturday a number of our men met at the church and completed the work of installing gas, and some repair work was done at the church that day. The women served a lovely lunch at the noon hour to the men who did the work. We are now ready for the cold weather and we appreciate the unselfish service rendered.

Our pastor, Rev. A. C. Hardin, will move back to Loraine in the near future as he finds he is not physically able to keep up his course of study in Simmons University and his pastoral work too. We will be glad to have him live in our midst, but regret that on account of his health he is forced to give up his school work.

Rev. Hardin has just returned from Waco where he attended the State Convention and from his interesting report of the convention Sunday morning we are sure they had some mountain top experiences.

—Reporter.

Poor Quality

"No," said the shopkeeper, "we can't take a gramophone back after a year. Is there anything wrong with it?"

"Aye," answered the Scot. "Teh needle's broken."

New Methodist Pastor At Loraine

Appointments in the West Texas conference of the Methodist church were read Sunday night at Vernon. Rev. J. E. Harrell will come to Loraine to take the place of Rev. Cochran. Rev. O. P. Clark of Sweetwater was retained as Presiding Elder of the district.

Rev. L. A. Webb was sent to Colorado, and Rev. J. I. Kelley on Colorado circuit. Rev. Ben Hardy was returned to Roscoe.

The people of Loraine regret to see Rev. and Mrs. Cochran leave, but at the same time will welcome Rev. Harrell and family.

Pastime Bridge Club

On Wednesday evening, Nov. 11, Mrs. Clyde Bennett honored members of the Pastime Bridge Club and a number of guests with a patriotic party at her home.

The evening's entertainment consisted of games of "bridge" and "42" and radio music. Miss Fern Coon won high score in bridge. After a number of games the hostess served a dainty salad plate and hot chocolate. Favors of small American flags were on each plate. Special guests were Mrs. Blair of Abilene, Mrs. Hall Hooker, Mrs. Joe Bennett, and Misses Inez Mayes, Kate Spurger, Josephine Cook, and Julia T. a r t t. Members present were Mrs. Ed Williams, and Misses Viola Brown, Lola and Mildred Coffee, Fern and Ruth Coon and Estha Edwards.

Heavy Rain Fell Here Monday

One of the heaviest rains ever seen in this country in November fell during the day Monday and Monday night. The total precipitation has been estimated at three inches.

The main street of the town took the form of a young river during the rain and delayed traffic considerably. The night rain was accompanied by an electrical display and a strong wind. Small hail fell for a time but no damage has been reported from it.

The outlook for the 1932 crop is getting brighter. The best season is in the ground now than has been at this time of year for a long time.

Farmers and stockmen are rejoicing because the rain will give new life to winter weeds and grass for pasturage.

On account of Thanksgiving Day coming on Thursday next week we are going to publish The Mitchell County News on Wednesday instead of Friday in order that it may reach our subscribers before the holiday. In order to do this we must have all copy for news and advertisements in our office not later than Tuesday noon. Please bear this in mind and if you have something to report or a ad please get it to us just as early as you possibly can. We will appreciate it.

We are planning to change our publication day from Friday to Thursday and we would like to have an expression from our patrons, especially the merchants, as to what they think of the plan.

In order to do this we will have to get all of our copy in the office one day earlier than we do now, which day would be Wednesday noon.

If the paper were published on Thursday it would reach the subscribers on Thursday and would give them more time to read it before coming to town on Saturday.

Bridal Shower For Mrs. Griffin

Tuesday afternoon of this week Mrs. Clyde Smith, Mrs. William Martin and Miss Josephine Cook hostesses for a bridal shower given at the home of Mrs. Clyde Smith, in honor of Mrs. Floyd Griffin, nee Miss Pauline Thompson. Seventy-five guests were present.

The weather man added greatly to the occasion by giving us a day of perfect sunshine.

Friends and relatives of bride and groom came from far and near bringing their beautiful and useful gifts.

Mrs. Kirk Taylor, sister of the bride, was asked to render several piano numbers to which she responded with very appropriate selections. Mrs. W. R. Martin sang two songs, accompanied by Mrs. Taylor on the piano. Mrs. W. W. Rowland gave some readings, all of which were enjoyed by all present.

The bride arrived at four o'clock and was ushered to a very special chair where she was presented with the basket of plenty by Ruth Marshall and Auto Mac Land, and told that among other things we had to be thankful for was our good friend Pauline.

After the gifts were passed and admired the bride expressed her joy and appreciation in very appropriate words.

BAUMAN NOTES

There was a small crowd at Sunday School last Sunday, only about half the number on roll. Let us everyone get up next Sunday morning with the determination in our hearts to go to Sunday School. You know it takes a depression sometimes to drive God's people back into the fold. In times of prosperity and plenty we have a tendency to draw away from God. The Old Testament is full of scripture telling of how God would have to punish His people and show them He was still Supreme.

Since Friday night of last week the Bauman community has had a good soaking with rain. The land is in excellent condition for breaking. The rains coming now are hard on those who still have a little cotton to pick. Some hail was reported to have fallen Monday night.

Monday marked the beginning of the second week of the Bauman school. The enrollment was greatly increased this week, although there are a few more yet to enter.

The Bauman Parent Teacher Association will hold their first meeting of the year this afternoon (Friday) Nov. 20, at 3:30. The meeting will be at the school house. This is an organization of which Bauman community is proud. This year they want every parent in the district to take part in this organization. One purpose of the meeting will be to launch a Red Cross Roll Call campaign. There will be a speaker here probably from Colorado. There was a great amount of money spent by the Red Cross in this county last year. Many of the people receiving help were farmers. We want everyone that will do so to come to this first meeting. Come to the first and you won't miss the rest.

Reporter.

Editor's Note: We wish to thank our correspondent from the Bauman community for the nice news letter. We want to receive one every week.

We would like for our correspondents to sign their real name to the letter every week. We will not publish your name if you do not want us to, but for our own benefit we want you to sign your name.

Thank You.

Fire Damaged Spikes Home

Fire about eleven o'clock Sunday morning did considerable damage to the roof of the H. C. Spikes residence in the West part of the city. The house is occupied by Mr. and Mrs. Claud Spikes.

Mr. and Mrs. Spikes left home about ten thirty to go to Snyder to visit his father and were not at home when the fire broke out. Firemen and others succeeded in removing all the furniture from the house and none of it was damaged a great deal.

Origin of the fire is unknown but it seems that it started in the ceiling. Practically the entire roof was destroyed and the paper in all the rooms was also ruined.

Both the house and furniture was covered by insurance.

A. Callahan and family are moving to Loraine this week. They will make their home at the Winstead place in West Loraine.

A. & M. Specialist Spoke On Dairying

"Little things in dairying become big things when they are neglected," declared E. R. Eudaly, A. & M. Dairy Specialist, in speaking to farmers and dairymen at the courthouse Friday night. "Since I have been here I found one dairyman who was running short of milk simply because he let the water in his water trough get so low the cows could not reach it one day last week and the production dropped and they haven't come back yet. If my cows were going to have to do without feed or water I would rather do without the feed for milk is 85 per cent water."

"The time of the year is coming when milk production is going to drop off and in most cases it will be lack of water. A cow can only use about one fourth of the water she drinks in making milk. That means that the average cow will have to drink 105 pounds of water and she simply will not drink that much when the water is ice cold as it is so many times during the winter. The result is the production falls off. I would suggest that every dairyman make arrangements to give his cows fresh well water that is not too cold during the winter."

"Another thing that often causes trouble for the dairyman is the lack of proper minerals in the ration. I find that most of you men are feeding good rations in regard to the protein content but some of them are lacking in bonemeal. If the ration doesn't contain enough lime and phosphorus the cow draws on her own bone system for the minerals. Unless these are supplied and the cow is given a good rest before calving she does not have time to build up the minerals in her body and the result is that with the second calf, her production is lower on account of deficient minerals."

"Another important thing in dairying is silage," Mr. Eudaly said. "It is difficult for a cow to drink enough water for maximum production in winter. Silage and green pasture are both high in water and help supply it. Green pasture is often 90 per cent water. A cow will eat fifty pounds a day which means that she will get 40 pounds of her 105 pounds of water in her feed."

"Any time production drops rapidly, watch out. If you can't find the trouble then call in the county agent and see if he can locate the trouble. It may be one of the little things you have overlooked," he concluded.

New Bagging

In our opinion all farmers of the South should demand the use of cotton bagging to wrap their cotton in the place of the imported jute bagging now in use generally. This would help use the surplus cotton and would eventually raise the price of cotton.

The price of cotton bagging is not much higher than jute, and in using the cotton bagging we patronize home cotton mills, something that everyone should endeavor to do.

Why send your money out of the country when you can get as good a product at home? It does not make any difference with your ginner which bagging you use and now is the time for farmers to ask their ginner to use cotton bagging for the 1932 crop.

Friday the thirteenth was a Jonah to the News last week. In making up the forms the front page was printed where the back page should have been. Not being used to the makeup in the chases used in the shop was the cause of the error and it was not discovered until the papers had been printed.

Such errors rarely happen in a newspaper shop but sometimes they do. We are going to try to avoid such errors in the future.

The Fire Sale at the Clyde Wilson Toggery, which started last Saturday, proved to be a great drawing card for Loraine. Many people from neighboring towns have visited Loraine during the week and while they were here they have visited other stores in the city and bought merchandise.

Loraine merchants are offering some real bargains to the buying public now and most of them are doing a good business, especially those who have been doing advertising through the columns of The Mitchell County News.

Lessons of Adversity

This is a period of organized protest.

It wouldn't be, perhaps, were it not also a period of depression. And that may be merely another way of saying that an occasional depression is a healthy change of diet for the body politic.

When the people are busy making money, they tolerate uneconomical practices in their own enterprises and pay no attention whatever to unhealthy extravagances that creep into government. They have no time to waste in a study of the methods by which their government is administered; unless there is a serious breakdown in the protection they demand from the constabulary of the state, they seldom think of the governmental machine and the men they have selected to operate it.

But let a first class depression come along, let nickels and dimes become respectable representatives of the monetary system, and there is an immediate change in the people's attitude. Their interest in the methods and practices of government immediately becomes alert and active.

Right now at least fifty bodies of organized taxpayers are vociferously and volubly voicing their protests against extravagant practices of government that have existed for years and years. Representatives of an organization typical of the kind recently appeared before the Legislative Tax Survey Committee to demand a consolidation of the offices of county tax collector and assessor and abolition of county treasurer. Asked why they chose this particular time to protest against a condition that had existed for years, they replied it had never before been so difficult to liquidate tax obligations.

A LITTLE FUN

She: "How did you come to be discharged from the Army?"

He: Well, when the enemy was coming toward us, our captain yelled, "Shoot at will!" and not

knowing which one to shoot at, I asked the captain "Which one is Will?"

The transport stole out at Ho-

THE LADIES' SHOPPE
ROSCOE, TEXAS

boken at dead of night. When the colored troops came up on deck at reveille early the next morning, the Atlantic, so gigantic, stretched away on every side.

An excited doughboy from the Delta of the Mississippi took one look and cried:

"De whole levee's done busted."

"John," said the Missus, "explain this tariff to me."

"My dear," he replied, "that would be harder than trying to explain to you why I was late to dinner and why I didn't have more money when you wanted a new hat."

An Englishman observed to an American abroad; "Deucedly push-

ing country, your h'America; but h'ts too bad weally that you 'ave no titled leisirely class, don't you know—a class quite removed fr m trade, don't you know."

"We have 'em all right, all right," said the American, "We call them tramps!"

Brig and Bird

Customer (an Englishman): "The parrot you sold me hasn't been in the house a day before it began to swear dreadfully."

Dealer: "Well, madam, you asked for one that would talk like a learn."

LOCALS

Mrs. Lillie Wasson and son Roy and daughter Bertha Lee, of Pasadena, California, spent last week end in the home of Mr. and Mrs. H. B. Wilson.

Mr. and Mrs. Marvin J. Martin and little daughter Locita, and her little friend Frances Riden, Mr. and Mrs. H. B. Wilson, and Mr. and Mrs. T. C. Wilson and little daughter attended the Nazarene Assembly at Sweetwater Sunday.

Miss Maude Walker of Lorraine, and Mr. Maurice Miller of Roscoe, were married in Clovis, New Mexico, last Monday.

Mr. and Mrs. W. A. Reid attended the Nazarene assembly at Sweetwater Sunday.

Mr. and Mrs. Herman Finley and little son Durwood, of Coahoma, visited in the home of Mrs. W. H. Finley Sunday. Mrs. Finley returned home with them where she will remain until Christmas.

Master Wayne and Winsett Coffey of Lamesa visited their grandparents, Mr. and Mrs. T. J. Coffey, last weekend.

Mr. and Mrs. Fletcher Willis and baby daughter, with Mrs. Willis' mother, Mrs. Anderson, were up from Abilene Tuesday and Wednesday visiting with relatives.

W. O. Kennison attended to business in Lamesa last week.

R. B. Ferguson left Monday for Tulsa, Oklahoma, to attend a convention of the Standard Telephone & Telegraph Company.

Mrs. C. A. Cosby, Palo Pinto county home demonstration club member, is selling peanut candy made from farm grown peanuts. Last year her profit from these sales exceeded \$100.

Superintendent Clyde Bennett reports that the teachers in the Lorraine school have joined the Red Cross 100 per cent.

Mrs. W. O. Kennison visited her daughter in Dallas last week returning Monday. She reports a very pleasant trip.

W. E. Edmiston was a Fort Worth business visitor this week.

Homer Smith made a business trip to Silver City, N. M., this week. He was accompanied by Mrs. Smith and Mrs. Jerry Walker and daughter.

Mayor Philips would like for someone to tell him just how it happened. During the big rain of this week he had a large wash pot in his back yard that caught full of water, and also a big, fat red worm. Mr. Philips says from the position of the vessel it would have been impossible for Mr. Redworm to have crawled up from the outside, and the only solution he has of the worm's presence is that it just rained in.

Price Cut

Farmer Bill—I see you've reduced the fine for speeding from \$10 to \$5.

The economies effected in government as a result of the depression-inspired protests of these taxpaying organizations will extend over into the coming period of prosperity. Government will be more efficient, and less expensive as a result of the remedies that were conceived under

the spur of adversity. Indeed, the good that comes out of the depression in time may suffice to wipe out all of the losses it inflicted upon the citizenship of the state.

Lessons learned in the school of adversity invariably are worth all they cost.
