BAIRD BEARS DEFEATED BY CROSS PLAINS SATURDAY

Cross Plains downed Baird here last Friday October 21st, 6 to 0. This was Baird's first conference defeat this year and the second time to be defeated, having been defeated by Abilene's "B" Squad here on Oct. 1st.

Up until Friday Baird and Albany were the only one's in the conference that had not suffered a defeat. Albany now stands in at the top on the undefeated list.

Cross Plains overpowered the Baird team featuring triple cut-backs and powerful line plunges. Their lone tally occurred after the ball had been carried deep into Baird's territory. Davidson, star half-back for the opponents, carried the ball over for a touchdown early in the second quarter. Their try for point was unsuccessful when the Baird line broke through before a pass could be completed.

Baird threatened to score twice, once when Melton went off left guard down close to the goal line to only be stopped by Cross Plains backs. Another when Atchison broke through the line only to be stopped by the safety man.

SYNOPSIS:

First downs: Baird 9, Cross Plains 11.

Punts: Baird 10 for 265 yards, Cross Plains 5 for 85 yards.

Passes: Baird tried 5, 4 incomplete, one intercepted. Cross Plains tried 6 had 6 incomplete and none intercepted.

Yards made in scrimmage: Cross Plains carried the ball 40 times for 196 yards; Baird 52 times for 153 yards; Penalties, Cross Plains, 20 yards; Baird, 10. Yards lost in scrimmage: Cross Plains, 17; Baird, 5.

Officials of the game were: Referee Adams, from Abilene Christian College, Umpire, Wilbanks, from Simmons University.

Glen Adams, Cross Plains Newspaper Man Dies

Glen Adams, 31, Cross Plains newspaper man and member of a pioneer Callahan county family, died at a Santa Anna hospital at 2 p. m. Monday. Attending physicians said death resulted from acute indigestion. Mr. Adams had been ill nine days.

He was born and reared at Cross Plains, the son of Mr. and Mrs. W. C. Adams, who survive. He also leaves his wife and a five-year old son, Wayne Lanier Adams; six sisters, Mrs. Frank Williams, Hamlin; Mrs. Ollie Dennis, Rochester; Mrs. Beulah Tyler, Clyde; Mrs. H. T. Reiger, Glade water; Mrs. Jeff Clark and Mrs. Bill Davidson, Cross Plains; two brothers, Charlie Adams, Lubbock; E. O. Adams, Cross Plains.

At the time of his death Mr. Adams was composing room superintendent for the Cross Plains Review, with which he had been connected for 11 years. Formerly he was manager of the publication.

Funeral services were held at Cross Plains Tuesday afternoon and burial made there. All business houses were closed during the hour of the funeral and hundreds of friends and relatives, many from a distance, attended the funeral.

Baby Boy of Mr. and Mrs. D. L. Pearce Dies

Clark Winton, the baby boy of Mr. and Mrs. D. L. Pearce, whose serious illness was reported in our last weeks issue of The Star died at 9:15 Thursday night, at the Griggs hospital, where for near a week everything that medical skill could do was done to stay the hand of death and restore to health this little boy, who was the first born, and only child of these young parents, but all was in vain and the little boy, who was conscious up to almost the last moment, quietly slipped away to join that numberless throng of little children in the beautiful beyond.

Clark Winton was born September 27, 1930 and died October 20, 1932. He was just a little past two years of age. Two happy years he spent in the home with the fond father and mother, tending and loving him more dearly as the days went by. He was a happy little fellow and by his winning smile and cherry wave of his tiny hand to all who passed his way, he made many friends, who with the father and mother will miss him, so sadly as the days and weeks will pass by and lengthen out into years, but our Heavenly Father, who is a refuge in the hours of sorrow will bring solace to the bereaved parents, grand parents, uncles and aunts with whom little Clark Winton was a special favorite.

Funeral services were held at the home Saturday afternoon at 2:30 conducted by Dr. J. T. Griswold pastor of the Methodist church after which the remains were carried to Admiral for burial. Wylie undertakers were in charge of the funeral arrangements.

Little Clark Winton was a grandson of Mr. and Mrs. M. Pearce and Mrs. Clark Smith, of Admiral.

Prizes Awarded In Clean-up Campaign

The Clean-up Campaign sponsored by the Home Economics Club here two weeks ago encouraged many people to clean their property of high weeds and other trash. The town did not enter into the campaign one hundred per cent, but we want to thank all of those who cooperated with us in making it a successful and worth while project. May we again urge property owners who have not yet cleaned up their premises to do so. May we use this means of especially thanking the Mayor, the City Council and Business Men for backing us in this project.

In awarding prizes for the cleanest property, it was a difficult matter for the judges. We are happy to announce the following winners:

First prize, J. H. Hammons, Prize given, sack of flour by McGowan Bros.
Second prize, L. G. Barnhill, Prize given, sack of sugar by A & P Store.
Third prize, V. G. Haggard, Prize given, 3lbs. coffee, by Tots Wristed.

WEDNESDAY CLUB

The Wednesday Club met Oct. 26th with Mrs. E. Cooke. A general discussion of the nine amendments to be voted upon Nov. 8th, was led by Mrs. Blackburn. The civic work for this year was considered after which a paper "The Liberation of America Literature" was read by Mrs. Jackson.

The club will meet with Mrs. Brightwell Nov. 2nd.

Our Admiral and Cottonwood correspondents weekly letters were received too late for publication this week.

COUNTY QUOTO IS 500 MEMBERS IN ANNUAL RED CROSS ROLL CALL

Saddles Stolen From Finley Ranch Recovered

Sheriff, R. L. Edwards has been notified by Earl McWilliams, former sheriff of Runnels county, now in the ranger service, that he has recovered Norman Finley's saddle, which with two other saddles were stolen from the Finley ranch east of Baird last May. The saddle was located in South Texas. The two other saddles, one belonging to Norman Finley's little son Gene Lee, and the other to his father, E. L. Finley of Abilene, and a saddle belonging to Jim McFarlane, stolen at the same time, were located at Sonora, by Sheriff R. L. Edwards a few days after the theft.

Mr. McWilliams, who was assigned to this special work of breaking up this ring of saddle thieves by Capt. Frank Hamer, of the Texas Ranger force, says eleven men have been arrested and 82 saddles recovered since investigations were started. Houston was apparently headquarters of the ring he said.

G. L. Batton of Cherokee, county, one of the eleven men arrested by McWilliams and his ranger contingent is under indictment on charges of burglary and theft in connection with the Finley saddles and is also charged with the theft of Jim McFarlane's saddle. His cases will be tried at the term of district court which convenes here Monday.

Wash House Burned At Ed Jarrett Place

The wash house at Ed Jarrett's residence in the northwest part of Baird was destroyed by fire last Friday afternoon. The fire started in some cotton which had been stored in the house. Several small children who were playing in the house at the time escaped by running over the burning cotton.

The house with all contents were burned and had it not been for the timely work of neighbors with buckets and the garden hoseholding the fire in check until the fire department arrived the house would probably have been burned also.

Mr. and Mrs. Jarrett requests The Star in their behalf, to thank all their neighbors and the fire boys for their valuable help at this time.

T. & P. Ry. Announces Low Excursion Rates

Unprecedented in the annals of railway passenger transportation, the Texas and Pacific Railway is offering drastically reduced round-trip rates for a mammoth Armistice Day Excursion from all points on the T. & P., it is announced by Frank Jensen, general passenger agent. The reduced round-trip rates, representing but a fraction of the usual one-way fare, are entirely unrestricted, and apply on all Texas and Pacific trains departing November 11 and 12 with a return limit of November 15, allowing three full days at destination if desired.

"While there have been many requests for an excursion of this character, the ridiculously low round-trip rates are being offered purely in the nature of an experiment," Mr. Jensen said. "The experiment is based on the theory that a sufficient volume of business can be created to enable the railroads to earn a sufficient amount to justify such reductions.

From Baird the round-trip rate to El Paso is only \$3.75 and to Dallas and Fort Worth it is only \$1.75. Pullman car fares also have been reduced for this occasion and children will be carried for half the adult fare.

EPISCOPAL SERVICE

There will be Communion Service and sermon at the Episcopal Church Sunday afternoon at 3:30 o'clock, conducted by Rev. Willis P. Gerhart. The sermon subject will be "God Self Made and God Made Man." All cordially invited to attend this service.

The quoto for Callahan County members in the Annual Red Cross Roll Call is set at 500 members. The call will begin on November 11th and close on November 24th. Perhaps never before has the need for funds by the Red Cross been so urgent as at this time.

Mrs. James H. Ross, county chairman of the Annual Roll Call, announces the following ladies as sub-chairman:

BAIRD: Miss Opal McFarlane, Sub-chairman.
PUTNAM: Mrs. J. M. Cribbs, Sub-chairman.
ZONE CHAIRMAN: Mrs. F. P. Shackelford, Mrs. Mary Thomason and Mrs. B. F. Britton. Mrs. Cribbs also had made the following appointments for community work:
Atwell: Mr. S. N. Foster.
Zion Hill: Fred Heyser.
Union: Mrs. J. B. White.
Cross Plains: Mrs. Bill Wagner, Chairman.
James C. Asbury, Baird, Publicity Chairman.
Eula: Mrs. F. L. Smith, sub-chm.
Denton: Mrs. George Allen, sub-chairman.
Cottonwood: Miss Hazel Respass, sub-chairman.

The Baird sub-chairman, Miss Opal McFarlane has not completed her appointments, but gives the following for community work:

Midway: Mrs. George Jones.
Belle Plaine: Mrs. J. E. Warren.
Admiral: Mr. Ed Davis.
Mrs. Ross has been unable to give us a full list of sub-chairman in the county this week, but will have all lists complete for publication next week.

Mrs. James H. Ross, chairman of the local chapter has summed up the national organization's relief activities during the past year as follows: "To prevent suffering in this period of unemployment and general economic depression, the Red Cross has made widespread distribution of wheat, flour, clothing, medicine and other supplies. More than 2,200 chapters have participated in community unemployment relief programs.

"Approximately 15,000,000 persons residing in every state in the Union have received flour through the Red Cross, while the clothing needs of tens of thousands of distressed families have been supplemented by the organization's present cloth and clothing distribution program. The task of converting government wheat and cotton into flour and garments was assigned to the Red Cross this year by Congress.

"After fifty-one years as the official national relief agency, the American Red Cross finds itself in 1932 carrying the largest peace-time load in its history," the chairman said.

TO THE PEOPLE OF BAIRD

After reading the above appeal of the American Red Cross to the millions of American people for membership and contributions to this great organization and for the purposes herein stated, considering also the much good it has done for the relief of stricken humanity in the past and help by the people, the Red Cross would have been powerless to have accomplished the end in view. I therefore personally appeal to our good people where it is at all possible to do their part in joining and contributing to this worthy cause.

H. SCHWARTZ,
Mayor.

At the Helm—In Time of Need!

SIXTY DISASTERS IN 1932 ADD TO NATION'S DISTRESS

Red Cross Spends \$2,760,000 To Help Victims of Catastrophes.

In a year of great misfortune caused by economic depression, in which the American Red Cross assumed heavy burdens of relief for the unemployed, the organization also responded to emergency needs in 60 disasters in the United States and its insular possessions.

During the twelve months ending June 30, 1932, the Red Cross gave aid to 75,000 families totalling 335,000 individuals, with expenditures of \$2,760,750. These people were in distress because of drought, flood, forest fire, tornado, snowstorm, mine explosion, or other similar great disaster.

Prolonged drought caused the Red Cross to go with help to 58,000 families in the northwest. Here in 144 counties in North and South Dakota, Montana, Nebraska, Washington and Iowa the Red Cross spent \$1,250,000 from its own treasury to feed and protect people through the winter and spring.

Other grave disasters were floods in southeastern states, where the organization spent \$192,000 from its treasury and \$66,000 local contributions to help 13,000 persons.

More than 50,000 people were homeless from floods in tributaries of the Mississippi river and again the Red Cross faced a long relief task, aiding these people. The national organization gave \$108,000 and local contributions were \$10,000.

The Red Cross always maintains a state of readiness to meet these sudden emergencies, and funds and other essentials to this work are applied, in part, by the annual roll call, held each year from Armistice Day to Thanksgiving Day. Every citizen can support this worthy activity through joining as a member in the local Red Cross chapter.

Vital To The West

In normal times, the mining industry is the foremost employer, purchaser of supplies and contributor to the government in a number of states. Its prosperity is related to that of every other business—the banker, manufacturer, farmer, storekeeper, all look to mines for a large share of their livelihood. In the pioneer days west in these days mining is necessary to the west's future development. The mines will come back. Their problems are gradually being solved. And in the meantime, it behooves every western state to do all it can

to encourage the mining industry, and make its struggle for existence easier, by providing constructive regulation and tax measure.

Better Times Will Come

The seasonal influences have been shown a steady upward tendency. Stocks of goods of all kinds are rapidly becoming depleted, necessitating new buying. The outward flow of gold has been checked and reversed. And, finally, conditions conditions abroad have definitely improved.

Best of all, is the feeling of confidence that is growing in the public mind. There can be no recovery without that. And when, along with it, the economic indicators point the right way, we can look forward with a feeling of hopefulness.

WITH BAIRD BAPTIST

A mighty good day Sunday and there were real signs of improvement. Now for a good old fashioned time next Sunday when the Holy Spirit will lead us up to the throne of the Father's rich grace; where we can have our souls fed.

There will be a meeting at Putnam next Tuesday, Nov. 1st, in which the Women of Callahan County Baptist will give a program. Mrs. John Cook will be in charge. The day promises to be a very fine one and we are urging all of our churches to be represented. Let's go up and serve the Almighty.

On Thursday and Friday of next week we are to have a District Workers Meeting at Hamlin. A splendid program has been arranged and the good church at Hamlin will furnish us bed and breakfast and our other meals will be served for 25 cents a piece. This will be a great time for fellowship.

The seven associations of this 17th district will meet together for a two days program. These associations are Stonewall, Haskell, Jason, Fisher, Sweetwater, Cisco, Breckenridge, and Callahan. It will be a good time for all who will go.

Next week is the time to load our car for the Orphans. Remember every body; that car will be on the track at Clyde next Tuesday, Nov. 1st, and at Baird, Wednesday, Nov. 2nd, and at Putnam, Thursday, Nov. 3rd. Here I am again urging everyone who will be on hand with something for the car. Let's feed the Orphans.

Come to see us next Sunday at the Baptist Church. Come to Sunday School and stay for the preaching

service and then come back for the evening service. We want you and you will be glad you came. You will help us and we will help you; so come.

Yours sincerely,
JOE R. MAYES.

1932 Government Borrowing May Collateralize Cotton

It is going to be natural for some borrowers to want to collateralize their loan to the Secretary of Agriculture. All loans must be paid by November 30th next or fully collateralized. The Government has ruled to allow farmers who have borrowed Crop Production Loans to put up enough cotton at 9c clear of all claim and labor expenses to cover their loan to the Government.

This plan of collateralization is often misunderstood to be full payment of obligation. This is not the truth. To collateralize cotton means to put up enough cotton at stipulated price as security or to stand good for the obligation. The Secretary of Agriculture is permitting Crop Loan Borrowers to put enough cotton at 9c clear of all expense, etc. to cover loan. This cotton must go through the Cotton Cooperative of Texas, or be stored in a Federal Bonded Warehouse, insured and storage paid six months in advance. Then the Warehouse must send receipts to the Crop Production Loan office, 500 Dallas, Texas. The borrower who collateralizes his cotton has to March 1st, 1933 to sell cotton or order sale at any time the market seems favorable. After the above date, the Secretary of Agriculture shall take charge of cotton and sell it.

Collateralization does not mean

payment but rather an extension. If cotton at any time sells for less than 9c at which it was collateralized, the borrower has to pay the difference up to the amount of the loan. If cotton brings over 9c when sold, the Government will refund to the borrower the amount over the loan. Upon full satisfaction of the amount of collateralized cotton, the rest of the crop will be released in due course of time to the farmer to use as he needs or sees best.

It is suggested one does collateralize cotton that sufficient margin over amount be put up that more than will not have to be secured if cotton does not bring 9c and furthermore, any over-payment will go to the borrower. It is better to have a paid note often and full release than tions can go down as easily as up. However, the Government has made collateralization possible and Government borrowers who insist upon same may do so by complying with the above information released to the Press.

The local Banks or Field Inspector for Crop Production Loan Office will be glad to further inform concerning procedure to follow in collateralizing cotton which simply means waiting on the market a little longer and taking cotton off the market right at this particular time.

Some counties have paid their loans in full—100%—some communities in most every county in South, Central, East and North Texas have to date made a 100% cash payment of their Government loans. There is nothing like a paid note and release from the Government obligation.

Government expense should be reduced to the minimum. Those borrowers who have not paid or fully collateralized thereby are adding hereafter additional Government expense. We earnestly request the collateralized his note that he do so at the earliest, humanly possible date, thereby assisting in reducing further Government expense on your account.

The Government allowance for ginning and picking expenses is the seed and \$4.00 per bale.

Borrowers who wish to see me to pay their loans or discuss any question pertaining to their loan may meet me at the Chamber of Commerce office, Baird, Texas every Friday afternoon.

H. L. JOHNSTON
Field Inspector.

Electric Refrigeration Offers You Greater "Bargain-Day" Savings

Your grocer each week offers Friday and Saturday prices that give you an opportunity for real cash savings—provided you buy for the whole week and are able to keep the perishables in fresh, healthful condition. Many times these savings amount to more than 25% . . . always they will aggregate several dollars each month!

With modern Electric Refrigeration you can capitalize on these "Week-end specials," for the new Frigidaire enables you to buy in quantity and refrigerate your week's groceries safely and economically. Spoilage is eliminated, so you gain the double advantage of eliminating loss from spoilage and profiting by exceptionally low prices.

Frigidaire users have found that this grocery saving alone bears out the truth of the statement, "It Pays for Itself." Then think of the many additional economies, conveniences and superiorities by which you'll benefit!

See one of our Trained Representatives for an interesting and valuable demonstration—or call in at your Electrical Dealer's. . . Your investigation will involve no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Tuesday Club

Mrs. C. L. McCleary entertained the Tuesday Club on last Tuesday evening with a Hallow'en bridge party. The rooms were appropriately spooky with ghosts, skeletons and witches in every corner. The Hallow'en tallies were pinned to the largest ghost which was electrically lighted from the inside, which gave it a very wierd and spooky appearance.

The tables were covered with orange and black table covers and each carried a small basket of orange and black candies.

High scores were won by Mrs. Ashby White and Miss Opal McFarlane.

A delicious refreshment course of sandwiches, tea and cakes was served to the following members and guests: Messrs Ashby White, Emory Wheeler Raymond Tyson, W. B. Jones, Grant Bowhus, Jr., Farris Bennett, Everett Hughes, Homer Driskill, Robert Walker, A. M. Cooper, Sam Gilliland, Jack Gentry and Misses Thelma White, Anita White, Opal McFarlane.
