In Football Contest

Feminine Duo Top Winners

Feminine predictors opened the new contest season in the same vein as last year with a duo sharing the top wins for the week. Linda Blackman and Jane Alexander missed three games each when many contestants were missing five or more. They were still tied after the tie-breaker was figured

and thus will equally divide first and second place monies. Each predicted the Maroon Gang to capture a 14-7 victory.

Seven contestants missed four games each but Bob Reed proved the nearest to the actual score of the tie-breaker. Off eight points, he picked

it 34-7. Others who missed four games and their tie-breaker predictions are Marsha George, 9 off, 36-6; Jim Werner, 13, 28-6; Suzan Sanders, 21, 18-14; Everette Heller, 22, 20-7; Cary McLain, 28, 20-13 and James McLain, 31, 12-8.

Mmes. Blackman and Alexander share the early season lead with 13 correct predictions each. Contestants with 10 or more points are listed elsewhere in this issue.

The football guessing game is fun and open to everyone. It takes no football expertise to be a winner - much of the success comes from lucky guesses.

Turn to the contest pages in The Hart Beat. Pick a winner in each of the games listed within the ads of sponsoring merchants. Circle the corresponding number on the official entry blank found on that page. Predict a tie-breaker score and fill in the entry blank with name and address.

Deposit entry blank in collection envelopes found in the places of business of those merchants named on the contest pages. They are the ones who make the contest possible; they are the ones who really appreciate your business.

Don't forget, each week the three best predictions are good for cash prizes. Five dollars goes to the top winner with \$3 and \$2 to second and third, respectively.

Grand prize winner at the end of the season will receive \$50.

Vocational Ag advisor Vic Jeter met with the school board Monday evening and presented a review of his vocational agriculture program for the 1979-80 school year. Approval was granted for his stock shows and judging events scheduled for the current year.

Board members granted seven additional transfers for the 1979-80 school year.

Unanimous approval was given to the appointments of the board of directors of the Castro County appraisal unit in compliance with SB 621 in the following manner: Hart ISD to appoint one member; Nazareth, one member; Dimmitt, one from within the city limits, one from precinct 2 and one from precinct 3.

In other action, the board approved a budget of \$1,188,123 for the 1979-80 school year and raised the tax rate from 62.5 to 65 cents. The tax rate had not been increased the previous year and was approved because of (1) local fund assignment was increased by the State \$18,000 which means Hart schools will receive \$18,000 less from the State on the minimum foundation program. (2) two and a half more teachers were added to the school system to offer more subjects. (3) homestead and over 65 exemptions on property will only be partially paid to the schools by the State for the loss of revenue and (4) inflation has become more severe each year in the operation of Hart schools. Inflation has caused the values in Hart School District to increase which has been helpful to the financial situation.

An enrollment given by Superintendent Ted Averitt showing 619 as of Sept. 10, 1979.

Band Parents Selling Pecans

Hart Band Parents will begin selling shelled pecans Monday, Sept. 17 and continue through Friday, Sept. 28. Band students will take orders.

Persons who are not contacted but would like to place orders for pecans may contact any band member or band parent. Delivery date is Oct. 8.

Price of pecans is \$3.50 per pound; \$10.45 for three pounds and \$15.50 for five pounds. Proceeds from the sale will be used in financing the 1980 band trip.

"Get ready for Thanksgiving and Christmas baking," is the advice of Band Parents and students.

Immunization Clinic Sept. 26

An immunization clinic has been scheduled for Wednesday, Sept. 26 in Hart Elementary School. Vaccines will be available for the protection against childhood diseases such as polio, diphtheria, lock jaw, whooping cough, measles, rubella and mumps.

There will be no charge.

Violators Warned

Attention is being called this week to Ordinance #33 which was approved April 9, 1968 concerning traffic in the City of Hart during a fire. A final warning is being issued too, that persons who violate this ordinance will be issued citations.

The ordinance, reprinted in this issue, prohibits persons from following

fire apparatus closer than 500 feet, regulates parking within the vicinity of a fire and prohibits crossing a fire hose.

City Patrolman Vernon Ellis asks everyone to read the ordinance through and to adhere to the rules set forth in the ordinance or expect to be fined.

Ham Supper Slated Friday

Xi Mu Iota is serving supper. Ham and the trimmings will be served from 5:30 to 7:30 p.m. Friday, Sept. 14 prior to the first home football game. The supper will be held in the school cafeteria.

Tickets may be purchased from any

sorority member or at City Hall. Adult meals are \$3; students in kindergarten through 12 years may eat for \$1.50. Tots under five will not be charged.

Profits from the supper will be used in one of the sorority's service projects.

LONGHORN BAND OFFICER, elected last week, are, left to right, front row, Melissa Kittrell, freshman representative; Suzahn Rowland, sophomore representa-

tive; Glen Snitker, president; Theresa Kittrell, treasurer. Back row, Lana Tucker, drum major; Laurey Franks, vice president and Melissa Snitker, secretary.

SHERYL McLAIN

Cook Of The Week

Cheerleading is a favorite thing with the young miss who shares this spotlight this week. Sheryl McLain, 13-year-old daughter of Mr. and Mrs. Cleve McLain, shares recipes which have been taste approved by her grandmother, Mrs. Lett McLain.

An eighth grader, Sheryl is a cheerleader who loves to play basketball and track. She participated in Little Dribblers basketball before she reached junior high and the privilege of playing at school.

Riding horses is another of her favorite pastimes. All her family has enjoyed that sport. She has two sisters, Dana and Jill, and three brothers, James, Cary and Benny.

Sheryl is the fourth generation descendant of a pioneer family, Mr. and Mrs. J.C. McLain, whose fifth generation descendants also live in Hart.

She attends First Baptist Church.

Teresa's Topics

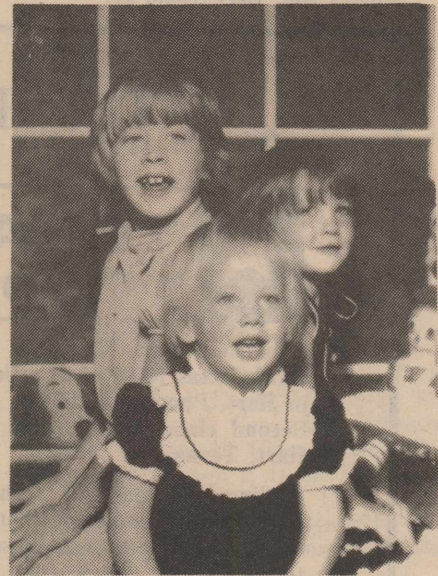

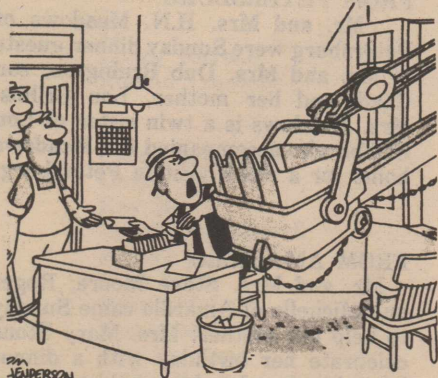

Teresa Criswell, CEA

Send your child back to school with well-made, well-fitting shoes that protect pliable young feet from the pounding they take. Your child's feet and shoes can affect the way he performs in the classroom and participated on the playground.

Buy the best quality shoes you can afford for your children. Materials and construction will vary with price, but do some judging, too. Buy on sale, if possible, but only if you can get the right fit-not just because the shoes are on sale. Look for the shoes that do the following: (1) protect the feet; (2) hold the foot steady and secure; (3) allow for some room to grow and some wiggle room; (4) allow the foot to breathe.

When buying shoes, don't ask for the size you think the child needs. Have both feet measured while the child is standing. There should be one-half to three-fourths inch space between the end of the longest toe and the tip of the shoe to allow for growth and wiggle room. Also, check foot shape and girth (thickness). The shoe's widest part should be able to slightly pinch up the upper part of the shoe across the widest part of the foot when the child is

standing. The heel should fit snugly and firmly so you can't insert a finger between the heel and back of shoe. The upper part of the shoe shouldn't gape widely when the foot is bent. If the shoe fits from the heel to the ball of the foot, the arch of the shoe will fit the arch of the foot. Also, children shouldn't wear hand-me-down shoes. It forces children's feet to contort to the footprint in the shoe.

HART BEAT PRESENTS - Cally Lacy and Amy, Stacy and Billie Faye Helton, grandchildren of Mrs. Doris Lacy and great-grandchildren of Mr. and Mrs. W.C. Lacy and Mr. and Mrs. LeRoy Shive. Cally is the son of Mr. and Mrs. Carl Lacy of Edmonson. Other grandparents are Mrs. Cathrine David of Plainview and Darwin Stanford of Archer City. His great-grandparents are also Mrs. Alta Stanford of Archer City and Mr. and Mrs. Troy Stone of Newcastle. Amy, Stacy and Billie Faye are children of Mr. and Mrs. Charles Helton of Tulia. Mr. and Mrs. Edwin Stark of Kress are also his grandparents.

TEACHER PROFILE

This week's teacher profile reflects on Steve Thomson, Band Director of Hart Schools. Born and raised in Kingfisher, Okla., Mr. Thomson has two brothers and one sister still living in Oklahoma. He has a wife named

Fourth Grade Geography Class Studying About 'Home'

Fourth grade geography students are studying Hart and Castro County and are keenly interested in the knowledge they have thus far learned.

One day the group walked to Smith's Potato Shed and were given a tour through the shed, watching as the potatoes were unloaded, washed,

sorted and boxed. They seemed very impressed with the hand-sewing of the sacks.

Mr. Smith explained that potatoes grown in Hart are sent all over the United States.

Another day, Mrs. G.R. (Ray) Bennett visited class and entertained students with stories of her school days in a two room school. She showed pictures and clothing worn by students of yesterdays. As a special treat, she showed the boys and girls a small bottle with a cane bottom chair carved inside. Her father carved the chair when she was young.

Students express their thanks to Mr. and Mrs. Smith and to Mrs. Bennett for making geography meaningful and fun.

BIRTHDAYS CELEBRATED

Rev. and Mrs. Don Blackman and Dennis were in Plainview Saturday to help celebrate the birthdays of her nephew, his wife and son, Mr. and Mrs. Richard Leaf and Richard Wayne.

TO VERNON

Mrs. Bobby Spencer and daughter, Shelly of Plainview took her mother, Mrs. Dub. Bruington, her grandmother Mrs. Lou Cribbs and her aunt Mrs. R.D. Flasher of Van Alstyne to visit relatives in Vernon last week. They visited in the homes of Mr. and Mrs. J.F. Belew and family and Mr. and Mrs. Vernie Feemester.

RECENT GUESTS

Visiting recently with Mr. and Mrs. Lester Lancaster were Mr. and Mrs. J.W. Franklin of Lubbock.

Cristi, and a two-month old son named Matthew. Before coming to Hart, Mr. Thomson was assistant band director, at Tulia. He attended college at Southwestern Oklahoma State University. We asked him how he liked Hart, he replied, "I like Hart".

DAFFYNITIONS

These people were asked what they would do with a Corm:

Donna Reyna - Put it in my purse.
 Teresa Coronada - Keep it as a souvenir.

Chris Hanes - Plant it and let it grow?

Mr. Knox - Water it, feed it, and give it to my kids.

A Corm is - A scaly underground stem of certain plants.

RETURN HOME

Mr. and Mrs. Ronnie Bailey, Jon and Dawn returned to their home in Japan Saturday after spending a month with her parents, Mr. and Mrs. Lester Lancaster and his parents, Mr. and Mrs. Everett Bailey of Plainview, who visited in the Lancaster home Wednesday.

GUESS THE SCORE ON THIS GAME:

TIE BREAKER Hart _____ Nazareth _____

Longhorns Trample Dogs, 41-6

By Monty Upton

Hart Longhorns roasted the 'Dogs from Anton in a 41-6 ballgame that really wasn't as close as the score.

Following a 22 yard kickoff return by Melvin Washington to the Hart 44, the Horns used only four plays to punch across the first score. Three of those were halfback Keith Newsom runs of 18, 27 and 4 yards behind blocking of guards Danny Rodriguez and Marlin Marble and center Scott Jones. Then a half-the-distance Bulldog penalty took the ball to the 3½. At that point, QB Derek Rich hit end Chad Black for the 6 pointer with less than a minute and a half gone from the clock. On the PAT kick attempt, the Jones hike was a bit high but Rich used it to advantage as he scampered in to add 2 more points.

With good defensive pressure from Jones, Marble, Daniel Higgins and noseguard Jesse Gonzalez, Hart forced the punt in a 4th and 19 situation from the Dog's 26. Taking over at their own 48, the Horns soon were knocking at the door using runs mainly by fullback M. Washington to drive to the 35 before Washington coughed up the ball.

However, Anton and Hart both had trouble keeping that ball as the Dogs fumbled it away on their next 2 possessions surrounding a Hart drive that penetrated to the Anton 19 before dying. The first of those fumbles by Anton was recovered by Isaias Ponce

at their 39 and the second was recovered by Higgins at the Anton 31. The next Horn possession suffered from Hart penalties (12 for 107 yards on the night) and came to an end, again following penetration to the 19.

With continued pressure and a couple of QB sacks by Marble, Washington and linebacker Lorenzo Valenzuela, Anton punted again but this time Valenzuela lost the handle and Anton took over. Horn defense, with Valenzuela and Black at linebackers and tough secondary coverage by corner John Barretero, Newsom and Phil Foster alternating with Gonzalez at noseguard made the possession short-lived as Dog QB Decker's pass came down in the hand's of corner Manuel Castaneda. Unable to capitalize, Hart gave up the ball.

Anton then threw for the first 1st down of their game as Decker hit end Dutton for 20 yards. But Decker got decked by the Horn's Marble and gave up the fumble to Black. From 44 yards out, the Horns pulled a switch as Newsom threw a flea-flicker to QB Rich that was good for 34 yards and M. Washington got the final 10 for the 11 on the next carry with 2:3 left in the half. Newsom added the PAT kick. Another unsuccessful Anton possession and the clock ran out with the Horns on the Dogs 26, leaving the score 15-0.

The second half opened with Anton

ownership but tailback D. Garcia bobbled the ball and Hart's Luis Portillo came up with it. On the second play Rich hit Newsom for a 17 yard TD with only 24 seconds gone, then Newsom added his own PAT kick.

Anton's next series also ended with a fumble that Benny McLain caused and Newsom came up with but Hart had no better luck. After moving to the Dogs 5 on a halfback pass of 43 yards from Newsom to flanker Isaias Ponce, Newsom never found the handle on a Rich pitchout. Hart's next possession also ended with a fumble as Rich had trouble holding the ball. This possession led to Antons only score of the evening as they used Hart penalties and 8 plays to move 21 yards to pay dirt on a 2 yard scamper by Garcia. The point after run failed.

Hart really exploded in the remaining 6 minutes 51 seconds. The Horns required only 5 plays to score from their own 45. Helping his own cause with a 31 yarder and two lesser runs, Newsom burst across from the 9 only a minute and 51 seconds after the Dog TD. PAT kicked failed.

Unable to move that ball, a 5 yard punt gave the Horns the ball at the Anton 21. This time it only took one play to cash in. Freshman Leonard Washington got that on a quick scamper and Newsom added the point after kick with just 3:01 left.

However, Hart wasn't through yet.

After another punt Hart used runs by Valenzuela and Rich and a couple of Anton penalties to march to the 9. From there Rich hit end Phillip Hawkins for the score just as the clock ran out. The PAT kick failed leaving the final at 41-6.

Next Friday the Longhorns take on the highly regarded Shallowater Mustangs on Horn stomping grounds and are looking for revenge of last years loss to them at their place. Come on out and support the Horns.

Allocate Your Taxes

A lot of people frequently object to the use of their taxes for specific purposes. For example, many people objected to the use of their taxes to support the war in Vietnam.

I would like to propose a change in our tax system as follows.

As a first step I would like for the government to list on each federal income tax form a breakdown of how the government spent its income during the previous year.

To begin with the breakdown would be just large categories, such as military, health, education, welfare, debt interest, debt retirement, administrative expenses, etc. The percent of each expenditure compared to total expenditures would be shown.

The taxpayer would then be asked to indicate which expenditures he approved and which he disapproved. The extent of his approval or disapproval would be shown by entering a percentage figure.

For instance, if the government had spent 34% of its total budget on the military, the taxpayer might enter 17% indicating he thought the expenditures should be cut in half. Or he might enter zero to indicate he felt government should completely disband the military. Or he might enter 100% to indicate that the protection of our country is the only legitimate function of government.

Statisticians could then determine the extent to which the taxpayers approved of the military, welfare, and other governmental expenditures.

The second step I would recommend would be to allocate a person's taxes to those categories that he approved.

In the many cases where the taxpayers did not indicate their preferences, their money could go into a general fund. This would be used at the discretion of the legislators.

The third step would be to limit the discretion of the legislators. This might not be necessary. But, if the people indicated that they wanted only 10% of the budget to be spent on welfare and the legislators were spending 40%, it might be necessary to impose limits.

For instance, the legislators might be limited to an increase of 50% or 100% over

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 6, 1979

PROPOSITION NO. 1 ON THE BALLOT (H.J.R. 108)

House Joint Resolution 108 proposes an amendment to the Texas Constitution relating to the appointment and terms of notaries public. The proposed amendment would:

- Require the Secretary of State to appoint a convenient number of Notaries Public for the state; and
- Authorize terms of office of Notaries Public of not less than two years nor more than four years.

A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the appointment of notaries public for the state and for a term of not less than two years nor more than four years as provided by law."

PROPOSITION NO. 2 ON THE BALLOT (H.J.R. 133)

House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would allow the Legislature to enact laws:

- To provide for legislative review of the process of rulemaking by agencies in the executive department;
- To prescribe conditions for rules to take effect;
- To provide for suspension, repeal, or expiration of rules;
- To prescribe procedures; and
- To delegate powers to either or both houses or to committees of either or both houses.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for legislative review of

the process of rulemaking by agencies in the executive department."

PROPOSITION NO. 3 ON THE BALLOT (S.J.R. 13)

Senate Joint Resolution 13 proposes an amendment to the Texas Constitution authorizing the Legislature to provide for the guarantee of loans used to purchase farm and ranch real estate for qualified borrowers. The proposed amendment would allow the Legislature to provide for, issue, and sell general obligation bonds called "Farm and Ranch Loan Security Bonds" of the State of Texas not to exceed 10 million dollars. All money received from the sale of such bonds would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture without further appropriations. These funds would be used to guarantee loans for the purchase of farm and ranch real estate. The commissioner of agriculture would use these funds, under provisions to be prescribed by the Legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, to acquire real estate mortgages or deeds of trust on lands purchased with guaranteed loans. These funds would also be used to advance to the borrower a percentage of the principal and interest due. The Legislature may also authorize the commissioner of agriculture to sell at foreclosure any land acquired in the manner authorized by this amendment. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans. The proposed amendment appropriates an amount that is sufficient to pay the principal and interest on the bonds that mature or become due during the fiscal year less the amount in the interest and sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the guarantee of loans for purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of Texas."

the amounts allocated by the taxpayers.

Perhaps no limits would be necessary. Legislators voting for much larger outlays for specific items than

the taxpayers (voters) had allocated might find themselves voted out of office at the next election.

AVISO PUBLICO

Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION ESPECIAL 6 DE NOVIEMBRE DE 1979

PROPOSICION NO. 1 EN LA BOLETA (H.J.R. 108)

La Resolución Conjunta #108 de la Cámara de Representantes propone una enmienda en la constitución de Tejas referente al nombramiento y a los plazos de los notarios públicos.

- La enmienda propuesta:
- Requerirá que el Secretario de Estado nombre a un número conveniente de notarios públicos para el estado; y
 - autorizará para que los plazos oficiales para notarios públicos sean por no menos de dos años y por no más de cuatro años.

La provisión temporal de la enmienda constitucional propuesta declara que la enmienda entrará en vigor el 1° de enero de 1980; que cada persona que haya sido nombrada como notario público antes del 1° de enero de 1980 continuará ejerciendo como notario público hasta vencerse el plazo por el que fue nombrado; y que esta provisión temporal se vencerá el 1° de enero de 1982.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para el nombramiento de notarios públicos para el estado para un plazo de no menos de dos años ni de más de cuatro años, según lo provisto por la ley."

PROPOSICION NO. 2 EN LA BOLETA (H.J.R. 133)

La Resolución Conjunta #133 de la Cámara de Representantes propone una enmienda en la constitución de Tejas para proveer una revisión del proceso reglamentario en las agencias del departamento ejecutivo. Esta enmienda propuesta permitirá a la Legislatura el decretar leyes:

- Para proveer una revisión legislativa del proceso reglamentario en las agencias del departamento ejecutivo;
- Para prescribir condiciones para que las leyes sean puestas en vigor;
- Para suspender, revocar o expirar las reglas;
- Para prescribir procedimientos; y
- Para delegar autoridad a cualquiera o a ambas cámaras, o a los comités de cualquiera o de ambas cámaras.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para proveer una revisión legislativa del

proceso reglamentario en las agencias del departamento ejecutivo."

PROPOSICION NO. 3 EN LA BOLETA (S.J.R. 13)

La Resolución Conjunta Senatorial #13 propone una enmienda en la constitución de Tejas para autorizar a la Legislatura para que provea una garantía de préstamos, a las personas calificadas, para la compra de bienes raíces agrícolas y ganaderas. De esta manera, la enmienda propuesta podría permitir a la Legislatura el proveer, emitir y vender bonos de obligación general llamados "Farm and Ranch Loan Security Bonds" (Bonos de Seguridad Para Préstamos Agrícolas y Ganaderos) del Estado de Tejas, sin exceder la cantidad de \$10 millones de dólares. Todo dinero recibido de la venta de estos bonos sería depositado en un fondo diferente en la Tesorería Estatal y sería administrado por el comisionado de agricultura, sin más apropiaciones. Estos fondos garantizarían préstamos para la compra de bienes raíces agrícolas y ganaderas. El comisionado de agricultura usaría estos fondos bajo las provisiones prescritas por la Legislatura, con el propósito de garantizar préstamos para la compra de bienes raíces agrícolas y ganaderas; para adquirir hipotecas de bienes raíces o escrituras de bienes raíces compradas con préstamos garantizados. Estos fondos serían usados también para adelantar un porcentaje del principal y del interés debido en esos préstamos, a la persona que califique para el préstamo. La Legislatura también podría autorizar al comisionado de agricultura para que venda cualquier terreno adquirido mediante esta enmienda. El comisionado de agricultura requeriría al menos un 6 por ciento de interés en dichos préstamos. La enmienda propuesta apropiaría la cantidad suficiente para pagar el principal y el interés de los bonos que vayan adquiriendo más valor, o que se venzan durante el año fiscal, menos la cantidad del fondo de interés y amortización al final del año anterior.

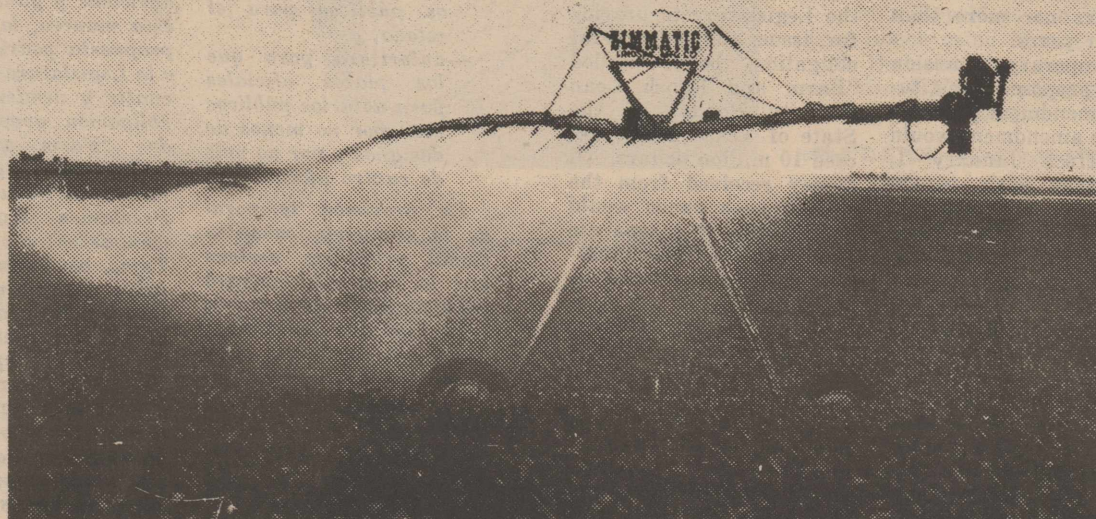

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para autorizar a la Legislatura para que por medio de la venta de bonos de obligación general del Estado de Tejas, provea una garantía para que las personas calificadas puedan obtener préstamos para la compra de bienes raíces agrícolas y ganaderas."

NATIONAL HONOR SOCIETY OFFICERS for 1979-80 are Lana Tucker, president; Marci Wescott, treasurer;

Cindy Brooks, secretary-reporter and Donna Reyna, vice president.

Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot. You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100% Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

If you're considering center pivot irrigation, consider Zimmatic Low Pressure, the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.
