VOL. XI, NO. 30

IOWA PARK, WICHITA COUNTY, TEXAS 76367

THURSDAY, APRIL 3, 1980

City, school set election Saturday

Saturday is election day for Iowa Park city residents and residents of the school district.

Polls for city and school voters will be open at 7 a.m. and remain open until 7 p.m. at Kidwell and Bradford elementary schools, and at the Valley View school for school voters also.

Candidates in both elections will be voted on at-large, with those receiving the most votes being declared winners.

Twenty four absentee votes were cast in the city election and 43 in the school's.

In the city election, voters will name a mayor and two aldermen.

Two trustees will be named in the school election.

Candidates for mayor, listed in the order they appear on the ballot, are Lloyd Smith, Marlin J. Sargent and Johnny Crawford, incumbent.

Aldermen candidates, in order they appear on the ballot, are Steve Coy, Carmen Lozipone, Buddie L. Johnson, C.E. (Bud) Thompson, Mrs. Earl F. (Lita) Watson, incumbent, and Harry W. Stokkus.

Candidates for school trustee, as they appear on the ballot, are Arnold Downes, incumbent G.R. (Rusty)

Rusk, Howard Klinkerman, Hazel Hambright, Bud Mercer, David W. Lawson, Collis John Ikey (who has informed the Leader he has withdrawn), Kenny G. Gilmore, Neena M. Lucas, Jimmy Howell, Jack Haley, and Christy McKenzie.

The Leader solicited information by means of a form given to each of the candidates, either by hand or by mail. While most of the candidates responded, some did not. The following are the responses received by the newspaper.

City candidates

Mayor

Lloyd Smith, 66, resides at 506 E. Bank. He has been a resident of Iowa Park 32 years, and is retired. He has never sought a public office before.

"I have plenty time to give to the office, and having worked in the field of management, for a number of years, I have a good knowledge of expenses, and how to solve problems. I have been in business for myself and do know how to work with the

public and for the best of the public interest," Smith said.

Marlin J. (Jim) Sargent, 44, lives at 504 Rebecca. He has been a resident of Iowa Park 12 years, and is operator of E&S Exxon Service.

Sargent has never sought or served in public office.

Johnny Crawford, 50, lives at 1518 Rita Lane. He is a 38-year resident of Iowa Park and is general manager of Crawford Painting and Drywall Company.

He is currently serving his second term as mayor of Iowa Park.

"The city is in the midst of a number of projects which I feel are both critical and important to each citizen of the community for the present and for the future, such as: water facilities.

"2. Finalization of rate making process and contractual language for future costs of our water purchases

Continued on page 4

Iowa Park High wins district literary meet

Iowa Park High School placed first in the District 4-AAA University Interscholastic League literary contest held last week at Midwestern State University campus.

It was the first time since 1971, the first year Iowa Park competed in the

AAA division after having been moved up from AA, for local scholars to win the district championship.

Iowa Park earned 146 points, followed by Hirschi 131, Vernon 115, Graham and Weatherford 70, Burkburnett 20 and Mineral Wells 10.

Eight students and the one-act play cast will now compete in the regional contests April 16-19 at Odessa. From there, they can qualify for state contests next month in Austin.

The one-act play earned 41 of the 146 points by being judged one of two acts to advance to the regional. First and second places are picked in the district competition.

Tracy Johnson was named superstar to head up individual cast honors. Lynne Wright earned Best Actress, while Mark Williams and Keith Fedo were honorable mention All-Star cast selections.

Other members of the cast are Kevin Davis, Paul Rowe and Carla Kent. Brenda Beebe is director.

Five individuals earned first places in the literary contests.

Jeff Shaw was first in persuasive speaking, Tracy Johnson was first in shorthand, Connie Heard in type-writing, Tony Bartow in ready writing and Terri Rowell in newswriting.

Second places went to Tonya Jones in shorthand, Ronnie Reusch in number sense and Norman Gwinn in science.

Gwinn also placed third in number

sense and will compete in both science and number sense at regional, as will Miss Johnson in one-act play and shorthand.

The one-act play cast will perform April 16 and 17 at Odessa. Bartow will compete in ready writing April 18, and the others on April 19.

Iowa Park last won the district literary meet in 1971, after competing in AA classification in both football and basketball. The change was effective at the beginning of the spring semester.

The local students went ahead and captured the coveted district spring meet trophy, earned by points from literary, track, tennis, volleyball and golf competition.

Civil defense sirens to be tested Tuesdays

Iowa Park's newly-installed civil defense sirens will be tested at 7 p.m. on the first Tuesday of every month, according to Bud Thompson, civil defense coordinator.

Thompson made the announcement at a civil defense committee meeting Monday evening.

He said that since the majority of members of the volunteer fire department have radios with which to be alerted when needed to fight fires, there was no need to use the sirens for any reason other than in emergencies. Tests will not be held when potential clouds are in the area.

Other than being sounded for testing, the sirens will be used only in cases of a tornado threatening the city, a train or truck accident resulting in leaking fumes which could be harmful to a person's health or an atomic attack.

Iowa Park has five civil defense sirens, but two of them are not working and are at the factory for repairs.

When sounded in an emergency, the sirens will emit an oscillating signal of three-minute duration. Each

Parents should cooperate when storm warning given

With the season's first tornado warning being issued Wednesday, Supt. Harold Cowley points out that cooperation and understanding of parents is needed.

He said numerous parents reached the schools, primarily elementary, after the warning was issued yesterday. They wanted to take their children with them.

Cowley said he understood the concern of the parents, but those same parents should understand the responsibility of the school officials under such conditions, as well.

Under storm conditions, children will not be allowed to leave the campus without a parent's signature, accepting the responsibility of the child. He said the rolls are checked, and every child must be accounted for, either present or a sign-out on record.

Supt. Cowley explained an alert network system which has been adopted by the schools, which he hoped would lessen the concern of parents.

Immediately when the weather bureau or local police station gives an alert that a tornado is threatening the area, each school principal is alerted. This is done by three different methods, Cowley said.

The first method is to contact each principal by telephone; the second is by a weather radio which has been equipped at each principal's office; and the third is the administration office dispatching a school-owned radio-equipped pickup to each campus.

Three of the schools, Kidwell, Bradford and the high school, held tornado drills yesterday after spotters spotted a funnel near Holliday. Each campus holds regular tornado drills for practice.

Whenever conditions are favorable for tornadoes, each community in this part of the country sets up a network of observers. Iowa Park volunteer firemen and police are dispatched to the outskirts of the community, and keep the central dispatcher's office informed of conditions by means of radio.

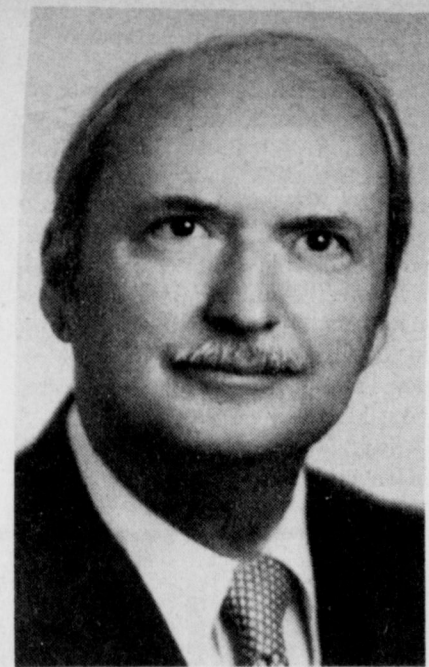

In case a tornado threatens Iowa Park, civil defense sirens will be sounded, lasting three minutes. That is when, according to Bud Thompson, civil defense coordinator, it is time to take immediate cover.

Horticulture class slates plant sale

The Iowa Park High School horticulture class will hold its annual plant sale Saturday, starting at 9 a.m.

Plants will range from hanging baskets to bedding plants. Tomato and pepper plants will be available in several different varieties.

The sale will be held at the school's greenhouse, just west of Johnson Road.

DR. EARLE W. CRAWFORD
... to deliver service.

Sunrise service slated Sunday

Dr. Earle Crawford, former pastor of the First Presbyterian Church in Wichita Falls, will be the preacher for the Easter Sunrise services to be held at the Little League Football Stadium at 6 a.m. Sunday. The service is sponsored by the Iowa Park Ministerial Alliance.

Dr. Crawford, who served the Wichita Falls church 28 years, is a native of Tennessee and a graduate of Princeton Theological Seminary. He has served on a number of boards and agencies within the Presbyterian Church and has been active in the Texas Council of Churches. He is presently the Chaplain of Presbyterian Manor in Wichita Falls.

Special music for the morning will be sung by the Iowa Park High School Choir, under the direction of Janet Walker.

Rev. Howell Farnsworth of the First Baptist Church will extend the welcome, and Presbyterian minister Norman Nettleton will say the invocation. Revs. Ken Cole of Faith Baptist and Clyde Markee of the Christian Church will also be on the program.

In case of rain, the service will at the First Baptist Church.

One new home permit issued

March's building permit total was less than half the previous month, because only one new home construction was applied for, according to records at the city hall.

Total building permits for March was \$42,907, as compared with \$98,032 issued in February.

Permits issued during March included: Barry Mahler, 622 N. Park, new residence, \$25,000;

Virginia Gambill, 300 E. Diamond, mobile home, \$1,400;

Toby Whitaker, 908 Park Plaza, addition, \$600;

Larry Culpher, 310 E. Bank, addition, \$150;

Eldon Alderson, 1202 S. Wall, conversion, \$165;

Ronald E. Ray, 901 E. Park, mobile home, \$6,000;

Rose Marie Reynolds, 1504 Karen, addition, \$7,592;

Jim Pendergrass, 308 W. Crystal, alteration, \$2,000.

Farr-Shierry nuptial vows exchanged in Wichita Falls

Arch candelabra entwined with emerald and glowing with cathedral candles dominated the altar decorations of Fairway Baptist Church in Wichita Falls Saturday evening for the wedding of Miss Jessica Farr and Donald Wayne Shierry. Complimentary additions to the soft illumination were two white baskets of peach carnations and emerald accented with brown silk bows. Church pews were marked with ivory lace bows.

A musical setting was provided by Mrs. Ron Hall, organist, who heralded the approach of the wedding party to the altar and accompanied their exit from the church with the traditional marches, Miss Annette Lowery, pianist, and Allen Briggs, vocalist.

Miss Lowery presented a concert of prelude selections and accompanied the vocalist for his solos, "Just the Way You Are", sung before the ceremony, "Always and Forever" following the marriage vows, and "You Decorated My Life" after the ring vows.

Dr. Artie Alexander, pastor of Fairway Baptist Church, was the officiating minister for the double-ring ceremony joining the daughter of Mr. and Mrs. Francis L. Farr of Wichita Falls and the son of Mr. and Mrs. Darell G. Shierry of Iowa Park in holy matrimony.

The bride was escorted to the altar by her father who presented her in marriage for both parents. She wore an exquisite formal gown of ivory chiffonette crepe and Chantilly lace. The blouson bodice was fashioned with a Renaissance neckline banded in lace and full bishop sleeves distinguished with crystal pleating from the shoulders to the lace-cuffed wrists. The pleats covered the bodice from a band of lace across the bustline to the lace-encircled waistline.

The full semi-circle skirt captured attention with a wide ruffle extending from the waist to the hemline that achieved an apron look. The ruffles encircled the entire hemline and cascaded into a semi-cathedral train.

The bride's headpiece was a cap of Chantilly lace clasping a lace-edged tulle veil that fell to fingertip length. She carried a white Bible completely covered with an Angela-style bouquet of white cymbidium orchids, white silk rosebuds, stephanotis and gypsophila.

Her jewelry included her late paternal grandmother's cameo for "something old" and her mother's opal necklace for "something borrowed". To complete bridal traditions, the garter was the "something blue" addition to her costume and she wore the sixpence in her shoe.

Composing the charming sextet of bridal attendants were a maid of honor and five bridesmaids.

Miss Teresa Kincaid of Henrietta participated in the wedding as maid of honor. Bridesmaids were Mrs. Kenneth Mobley of Albuquerque, N.M., Mrs. Allen Briggs of Wichita Falls, Mrs. Jimmy Talley of Dean, and two sisters of the bride, Mrs. Ivan Dimock of Abilene and Mrs. Ricky Maroney of Bedford.

They wore identical peach chiffonette crepe gowns styled with

semi-blouson bodices and tiny cap sleeves. Flattering self ruffles accented the scoop necklines and cascaded down one side of the softly full A-line skirts copying the motif of the bride's gown. Their harmonizing Lisa-style bouquets consisted of peach carnations, baby's breath and brown ribbon accents.

Miss Jenny Wyatt of Sonora, cousin of the bride, wore a peach chiffon frock fashioned especially for a young miss as she carried the flowers in a white basket.

For his wedding, the groom wore an ivory tuxedo and a peach-colored rosebud with baby's breath for his boutonniere. Fathers of the bride and groom wore ivory jackets with brown trim, brown vests and pants. Groomsmen, who also served as ushers, were attired in brown tuxedos with peach shirts.

Jeff Shierry of Wichita Falls attended his brother as best man. Groomsmen and ushers were Randy Hughes of Wichita Falls and Alan House of Iowa Park, who also lighted the candles for the ceremony, Ivan Dimock of Abilene, Rick Maroney of Bedford and Jimmy Talley of Dean.

Mothers of the bride and groom wore white cymbidium orchids to enhance their formal gowns. Mrs. Farr chose a coral Qiana dress patterned with a fitted bodice, chiffon sleeves and accordion pleated skirt. Mrs. Shierry wore a mint green knit dress featuring a matching chiffon yoke and sleeves.

The wedding reception was held in the Fellowship Hall of the church and hosted by the bride's parents. The registry and refreshment tables were covered with ivory satin cloths with full skirts falling to the floor from beneath swags of ivory net caught up with ivory lace bows, accented with baby's breath and streamers.

The lavishly-decorated five-tiered wedding cake on the refreshment table was the center of interest from every perspective. Two sets of sugar posts separating the tiers, cascades of peach petunias, bridal trumpets and roses and blue forget me nots, the bride's favorite flowers, enhanced the lofty dignity of the cake. The floral deluxe top ornament consisted of the same frosting flowers arranged in outstanding manner.

The centerpiece for the table was a branched silver candelabrum holding a bouquet of peach carnations, roses and baby's breath and white candles. The decor was completed with the crystal punch service and gold-embossed napkins engraved with the names of the newlyweds and their wedding date.

Miss Juli Nelson directed signatures of guests for the bride's book. Reception assistants were Misses Vivian Pruyn, Alice Anne McRae, Debbie Betterton, Barbara Boatman, Mrs. Dennis Fisher and Mrs. Jeff Shierry.

The bride was graduated from Rider High School. She is a senior at Midwestern State University where she is majoring in secretarial administration. She is a member of Alpha Phi and has served as treasurer, rush chairman and vice president. She served as secretary of the sophomore class and is serving in the same office for the senior class. She is also a two-year member of MSU Secretarial Association.

The groom was graduated from Iowa Park High School and received a B.B.A. degree in accounting from Midwestern State University. He is employed by the CPA firm of Montgomery, Birdwell and Co. in Graham where the couple will live.

Following the reception, the newlyweds departed for a wedding trip to Montego Bay, Okla. For travel, the bride wore an ivory knit dress with long sleeves, accordion pleated skirt and off-white linen vest.

The groom's parents gave the rehearsal dinner Friday evening at Gateway Inn.

Out-of-town guests were Mrs. Cherry Rich, Ft. Myers, Fla.; Messrs. and Mmes. R.M. Armstrong, A.C. Bowden, George Cross, Philip Larimore, Bill Miller, all of Lubbock.

Others were Messrs. and Mmes. Morris Ballew, Bonham, Morris L. Ballew, Houston, Robert Rick, Midland, Truman Lewis, Austin, Joe Farr, Grand Prairie, and James Tallant, Albuquerque, N.M.

Cook of the Week

Some recipes stand the test of time. Many of these were preserved by our mothers and grandmothers and have been passed down from generation to generation. When Barbara (Mrs. Gene) Gerstner married, her late grandmother gave her a collection of her treasured recipes and she shares five of those with us this week.

Mrs. Gerstner's grandmother evidently had an appreciation for the lowly, inexpensive cabbage that is always available in the grocery stores.

Cabbage was eaten in Europe, Africa and China thousands of years ago. Egyptians, Greeks and Romans adored it. It is said that Marcus Porcius Cato, the great Roman statesman, admired it so much that he wrote about it and praised it for its medicinal virtues.

Many legends have sprung up about the leafy vegetable, such as babes having been found in cabbage patches and young ladies drawing cabbages to learn about their future husbands. Romance and legend can indeed be found in it, but people appreciate cabbage for its health-giving minerals and vitamins and appetizing flavor.

Mr. and Mrs. Gerstner and their two sons, Michael 9 and Matthew 8, have lived in Iowa Park three and a half years. He works for PPG and she is a librarian aide at Valley View Elementary School this year and served as an aide in corrective math last year at the same school. She was coach of the Little Dribblers basketball team this year.

A member of the First Assembly of God Church, she is secretary of the Sunday school and also teaches a class. For hobbies, she enjoys cake decorating, cooking, bowling and jogging. She was graduated from Holliday High School.

GERMAN CABBAGE ROLLS

1 lb. hamburger meat
1/2 lb. mild sausage
1 cup white rice
1 onion, chopped
Salt and pepper
1 head cabbage
2-8 oz. cans tomato sauce
1/2 cup water

Mix all ingredients except cabbage, tomato sauce and water together and make small balls. Separate cabbage leaves and place in boiling water to soften. Place one ball of meat in center of cabbage leaf, roll and secure with toothpick. Place in Dutch oven; add tomato sauce and water. Bring to boil and simmer about 1-1/2 hours. Skim off fat as cooking.

ONE HUNDRED DOLLAR CAKE

Cream:
1/2 cup margarine
2 cups sugar
Add:
4 ozs. chocolate
3 egg yolks
Sift together three times:
2 cups flour
2 tps. baking powder
1/2 tsp. salt

Alternately add dry ingredients, 1 1/2 cups milk and 1 tsp. vanilla to creamed mixture. Beat egg whites and fold into the chocolate mixture. Add 1 cup chopped nuts. Bake in three 8" pans for 30 minutes at 350 degrees.

Mrs. Gene Gerstner

FROSTING

Mix:
1 lb. powdered sugar
1 stick margarine
2 ozs. chocolate
1 tsp. vanilla
Beat 1 egg white with 1 tsp. lemon juice and add to above mixture. Beat until smooth and add 1 cup chopped nuts.

POPOVER PIZZA

Brown:
1 lb. hamburger
1/2 onion, chopped
Add:
1 pkg. spaghetti sauce mix

1-15 oz. can tomato sauce
1/2 cup water
Let simmer 12 minutes

Put in 13x9x2 pan and top with 6 ozs. Mozzarella cheese and bake 10 minutes at 400 degrees.

Mix popover batter:

2 eggs
1 cup milk
1 T oil

1 cup flour
1/2 tsp salt

Put on top of meat mixture and sprinkle with 1/2 cup Parmesan cheese and bake for 30 minutes at 400 degrees.

GERMAN WEDDING SALAD

1/4 cup sugar
1 T flour
Pinch salt
1/2 cup pineapple juice
1 egg yolk, beaten
Cook until thickened, then cool
Boil 1/4 box Acene De Pepe; cool and add to other mixture.

Add:
1/2 large carton Kool-Whip
1 can mandarin oranges, drained
1 cup crushed pineapple, drained
1 cup nuts
1 jar cherries
Mix all together and chill

MARSHMALLOW BROWNIES

Grease and flour 13x9x2 inch pan
Melt over medium heat:
1-6 oz. pkg. butterscotch pieces
1/2 cup margarine
Let cool
Add:
1 1/2 cups flour
2/3 cup brown sugar, packed firmly
1/2 tsp salt
2 tps. baking powder
1 tsp. vanilla
2 eggs
Mix above well and add:
2 cups miniature marshmallows
2 cups semi-sweet chocolate pieces (12 ozs.)
1/2 cup chopped nuts
Spread in pan and bake for 20-25 minutes at 350 degrees.

Shipboard cruise is theme of annual OEA banquet

"A Cruise Aboard the OEA Friendship" was the theme of the annual banquet given by the Office Education Association of Iowa Park High School Friday night at the Wichita Falls Activities Center.

The purpose of the banquet was to honor employers, advisors and parents of OEA members.

The six "ports of call," training stations for students, recognized were Barbour Insurance Agency, Cryovac, City of Iowa Park, Iowa Park School/City Tax Office, Park Pharmacy and Wichita County Tax Office. Students who have been trained at the stations during the year include Lauri Long, Celeste Glenn, Lisa Lane, Angela Martinez, Heidi Black, Judy Cook, Renee Williams and Tena Posey.

Members of the "cruise staff" recognized were Mmes. Margarette Carnes, Lela Garrels, Estaleen Newman, Peggie Sullivan; Bill Stegar and Carl King, advisory committee; Bob Dawson, Harold Cowley, Richard Davis and Mrs. Bonnie Medlinger, OEA sponsor.

Lauri Long, Co-Op president, the "captain for the trip," welcomed guests and Steve Anderson served as emcee.

Special music was furnished by Janie Dickey, Meri Lynne McIlroy and Deena Hefner with accompaniment by Pam Forman. Other entertainment featured Joe Spruiell in "Impressions of Carmen" and dance lessons aboard the ship where guests were taught the hokey pokey.

During the evening, Michele Mueller was recognized for her outstanding accomplishments in OEA competition.

The wall decorations for the function included fish nets, shells, fish, birds and flowers, and table decorations featured sea shells, flowers and candles. Special island dishes were included on the menu for the evening.

ELECTIONS

Continued from page 1

from Wichita Falls.

"3. Negotiations for contractual revisions in existing 40-year water sales contract with Wichita Valley Water Authority.

"4. Patching and seal coating of streets.

"5. Street paving and curbing at West Clara, West Park Plaza and Colonial Heights Addition.

"6. Addition to existing police station.

"7. Considerations for future sanitary landfill accommodations.

"Due to my experience with the city the last four years, and my involvement and familiarity with these projects, I would like the opportunity and I feel it would be beneficial that I serve another term," Crawford said.

Aldermen

Carmen Lozipone, 31, lives at 1312 Sunset Street. He is a six-year resident of the city and is a credit adjuster for First Wichita National Bank.

Lozipone has never held nor sought an elective office.

"I would like to represent Iowa Park through the city council for better city government and to help the city grow and prosper in the coming years. I have a degree in business and management and would be able to use my education to help benefit the city," Lozipone said.

Buddie L. Johnson, 44, lives at 124 Garden Drive. A retired equipment operator, Johnson has lived here nine years.

He has never sought nor served in a public office.

"I have entered this alderman's race to give the citizens of Iowa Park another set of ideas.

"With my various exposure in the Armed Service, I will be able to provide a sound solution to the complex growing demands in the city. With a sound understanding in the field of real estate, I will be able to respond in making mature sound judgements in the area of proper land management for the city. I have completed many courses in higher education that will be of assistance in budgeting and effectively supporting the citizens of Iowa Park.

"I have these qualifications, I can provide that judgement the people of Iowa Park seek on its city council," Johnson said.

"something old" and her own original necklace for "something borrowed". To complete bridal traditions, the garter was the "something blue" addition to her costume and she wore the sixpence in her shoe.

Composing the charming sextet of bridal attendants were a maid of honor and five bridesmaids.

Miss Teresa Kincaid of Henrietta participated in the wedding as maid of honor. Bridesmaids were Mrs. Kenneth Mobley of Albuquerque, N.M., Mrs. Allen Briggs of Wichita Falls, Mrs. Jimmy Talley of Dean, and two sisters of the bride, Mrs. Ivan Dimock of Abilene and Mrs. Ricky Maroney of Bedford.

They wore identical peach chiffonette crepe gowns styled with

School trustee

Arnold Downes, 36, lives in the Kamay area and has resided in the district seven years. He is an accountant. Downes has never sought nor served in an elective office.

"My goal, as school trustee, would be to provide each student with the opportunity for the best possible quality education, at a reasonable cost to the taxpayer.

"My qualifications to help achieve this goal are: current involvement in the school system with children in the fourth and sixth grades, and participation in school functions; Education - BBA from Midwestern University with a major in accounting and minor in economics; Occupation - accountant with 12 years experience in budgets and cost controls," said Downes.

G.R. "Rusty" Rusk, 49, 521 West Clara, has lived here 30 years and is owner of Park Tank Truck Service. He is in his third year as school trustee.

"During the past three years that I have served as a member of the school board here in Iowa Park, I have tried to bear in mind how the people in our district would want me to vote on certain issues, and at the same time, maintain the best possible interest in our public school system.

"I will do my part to hold down the cost of operations of our school system and still maintain the highest standard of education, as I have tried to do in the past three years.

"I still have a son in school, attending the fifth grade," Rusk said.

Howard W. Klinkerman, 45, lives at 607 Coleman and is a dairyman and farmer. Except for 10 years teaching in Houston, he is a lifetime resident of Iowa Park, having returned 12 years ago.

Klinkerman has never sought nor served in an elected office.

"I have a vital interest in our school system, both as a parent with three children in school and one pre-schooler, and as a businessman and taxpayer of the Iowa Park School District. I am interested in maintaining and improving the excellent standards of our school in all areas - basic academic college preparatory, special education and vocational, and in all extracurricular activities - music, UIL academic contests, and athletics.

"I am a 1953 graduate of Iowa Park High School and hold an education degree from North Texas State University. I have been actively involved in the field of education for ten years and have a basic understanding of the problems and needs faced by the school district and its employees. As a businessman for the last twelve years, I fully realize the necessity of wise and prudent use of the school tax funds.

"I feel that I am well qualified to serve as a trustee of the Iowa Park School District and will strive to serve both the youth and the taxpayers of Iowa Park to the best of my ability," Klinkerman said.

Hazel Hambright, 48, lives at 304 W. Pecan. She has lived here 15 years and is a housewife. She has never served in an elected office, nor sought one.

"Born and raised in Texas, married to Fred L. Hambright, Sr. mother of six children, grandmother of seven children, my main concern for running is the welfare of all children in this community. Children need serious parental guidance. I believe decisions of the school board should reflect the desires of the people of the community. Graduated from Holliday High School in 1949. Completed tax school at H&R Block. Attended Vernon Junior College. As a resident, homeowner, I will be responsible for my share of costs to support the schools of this district," Mrs. Hambright said.

Bud Mercer, 54, lives at 314 E. Bank and is a 20-year resident of Iowa Park. He is an electrical contractor. He has sought, but never served, in an elected office.

"My wife and I moved back to Iowa Park in 1959 so our children could attend Iowa Park schools, as we have done. We felt that it was one of the best in the state. Having a daughter who graduated from Iowa Park High and a son who is a sophomore and my association with the administration in the past 20 years, I know it is one of the best in the state.

"I would like to see this system that we now have continued.

"My qualifications for serving on the school board are, businessman, taxpayer, served three years on tax equalization board, and a sincere desire to serve you as a trustee," Mercer said.

Kenny G. Gilmore, 25, resides at 707 E. Cash. The life-long resident of Iowa Park is part owner of Gilmore Inc. and is over the welding department. He has sought an elected office before but never served.

"I am seeking a seat on the school board so that I may serve our community and schools to the best of my ability.

"In regards to my qualifications, I am a lifelong resident of Iowa Park, I am a taxpayer and a concerned citizen. I have three children, one a second grade student at Kidwell Elementary and two more that will be starting in the next few years.

"I am part owner of Gilmore Inc. and operate and manage a welding shop and backhoe/oil field construction operation. I am familiar with cost and finances of businesses," Gilmore said.

Neena Lucas, 28, lives at 300 W. Pecan. A housewife, she has lived here 15 years. She has never sought nor served in an elected office.

"I have no conflicting interest and have formed no opinion, my main concern is the welfare for all children in the school system and to accomplish this parents must be involved in the school system. And I feel that every child deserves a good education.

"I attended the local schools myself and I am the wife of Tony Lucas, mother of three children in the school system, in 7th, 5th and 2nd grades," Mrs. Lucas said.

Jimmy Howell lives at Route 1, Box 154, Iowa Park. He is a 10-year

resident of the school district and is warehouse manager for Estes Chemical Co. He has never sought nor served in an elected office.

"I feel that I am qualified to be a school board member because I have been a school teacher for nearly fourteen years, and I feel that I know the needs of the students and the organization and management of the school system. I have worked for nearly ten years in the Iowa Park School system and I know the personal and understand the goals of the school system for quality education for our students. As a teacher I know some of the needs of our teachers and hope I can help them to provide a better education for our students. If I am elected or not elected to the school board, I want everyone to know I am interested in the future of each student in our school system," Howell said.

IRS Tax Tips

USE OF LABEL

Many simple errors that can cause weeks of delay in the processing of federal income tax returns could be avoided if taxpayers used the label and envelope that accompany their tax packages, the Internal Revenue said.

The peel-off label, which is encoded with the taxpayer's name, address and social security number, is designed to expedite processing at IRS Service Centers and prevent common errors that can delay issuance of refund checks.

One of the common and yet most troublesome errors that can be averted by use of the label is the listing of an incorrect or illegible social security number. Such an error can take weeks or even months to unscramble, the IRS said, and is one of the major causes of delayed refund checks.

The agency advised taxpayers to use the label, even if corrections are necessary. If such is the case - due to a change of address, for example - the correction should be marked directly on the label.

The IRS also noted that each label saves the government about ten cents in processing costs due to automation. Additional savings can be realized if taxpayers use the re-addressed, coded envelope, which speeds sorting of tax returns during the annual deluge of mail that arrives at the ten IRS service centers.

Speed Up Tax Refunds

Taxpayers can help speed up the processing of their Federal income tax return and receive their refund much faster by using the pre-addressed, peeloff label on their return, the Internal Revenue Service said. The label, which is located on the cover of the tax return package, lists the taxpayer's name, address, and social security number. If any of the information is incorrect, the taxpayer should make needed changes directly on the label.

Married taxpayers filing joint returns should be sure that both social security numbers appear on the label. If only one spouse's number is shown, the other number should be placed on the label, according to the IRS.

IRS encourages taxpayers to send their return in the coded envelope provided with the tax package and to make sure they have attached all required schedules and forms.

Chamber of Commerce

How is it run?

The members of the Iowa Park Chamber of Commerce, assisted and coordinated by the officers and staff, continually analyze the important elements relating to community progress.

Depending on the requirements of the individual community, some projects are continuous, others are established for the purpose of meeting specific short-term goals.

Although the generally accepted primary purpose of a Chamber is to exploit to the maximum the economic potential of a community, it must also be active in all aspects of community life - living conditions, educational, recreational, spiritual activities, and cultural development - since all of these have a vital effect upon economic progress.

Committees are appointed and maintained to carry on the many diversified functions of the chamber's community development programs.

NOT AN UNUSUAL SCENE ON CASH STREET DURING THE DAY
... city may put halt to front-of-store deliveries.

As I See It....

By BOB HAMILTON

The city is in one of those "danged if you do and danged if you don't" situations.

People for years have been complaining about traffic and parking conditions in the business district, especially on Cash Street. Well, this week city crews took steps to change the situation, and now city hall is catching the devil.

If you've not been on Cash Street this week, the angle of parking was changed to the same slant they have on Indiana Street in Wichita Falls.

I must agree, there are some problems with the change. But there are also positive improvements which cannot be ignored.

First and foremost, the new angle has just about cut the parking spaces in half. In fact, when some of our drivers really set their minds to it, in the past, they could probably have gotten three times as many vehicles parked against the curbs than they can now.

The new angle allows for only 11 vehicles on each side of the street.

We have one beauty shop in operation on the block, and another about to open. Most of those customers will be parked an average of two hours, I figure. Add to that the move in the near future of the Friendly Door, where members will want to park at least half the day.

Right away, one can easily see that competition for parking space will be a premium. Especially when the people working in the businesses must find parking, also.

Now to look at the brighter side.

One of the biggest complaints about the old style of parking was the fact that bumpers and license plates were virtually destroyed when they were eased or crammed against the two-step curbs on the north side of the street. The new slant, with a concrete slab to stop the car before it hits the curb stops that now.

Another major problem has always been that when one was backing away from the parking space, he had to cross his lane of traffic and go into the other lane before he could leave. This closed both lanes of traffic at one time.

Pulling away from the curb at a steep angle, with other cars parked very near your's, gave the driver problems in watching both oncoming lanes, and often accidents resulted. Actually, the biggest number of accidents I've witnessed was a car backing out, and running into a parked vehicle on the other side of the street.

There have also been lots of complaints about the tight parking in the past, when an opened door would dent the neighboring vehicle. Veteran vehicles of this street are easily recognized. This new angle completely solved that problem.

Unhungry thief

At least one thief won't go hungry for a while.

Charles Friday told Iowa Park police yesterday that during the previous night, someone had removed the hinges from a door on his truck while parked at 914 W. Louisa and removed several boxes of Owens sausage.

Paul's Stop and Shop reported theft of an eight-track cassette and a car stereo from his store last week.

CITY CREW HARD AT WORK ON CASH STREET

PAUL BARTOW and CINDY RILEY

June wedding date selected

The engagement of Miss Cindy S. Riley and Paul S. Bartow is being announced today by the young lady's parents, Mr. and Mrs. G.W. Riley of Kamay. Parents of the future groom are Mr. and Mrs. Floyd S. Bartow of Iowa Park.

Miss Riley was graduated from

Iowa Park High School and is employed by Raymond Hulin Rodeo Equipment Co. in Kamay. Her fiancé attended Iowa Park High School and works for C.E. Myers Construction Co. in Kamay.

June 27 is the date chosen by the couple for their wedding.

Water safety program given

Mike Dreyer, a paramedic from the American Red Cross spoke to members of Epsilon Eta chapter of Epsilon Sigma Alpha during their meeting Tuesday evening held at Texas Electric Reddy Room. He was introduced by Mrs. Carlton Hicks.

The speaker, whose work involves water and small craft safety, gave some important facts in regard to coronary pulmonary resuscitation which were effect to rescue, determining if person is conscious and tilting the head back so that breathing may occur.

Mrs. Bud Mercer, president, directed the business and announced the District VI meeting in Wichita Falls April 15.

Mrs. Phil McDonald, project chairman, announced a work meeting at Pace Park for April 19 and reported that the Easter Telethon brought in \$1,869.

Mrs. Carter Pirkle reminded members of the annual salad supper April 15 at First Christian Church. Hostesses for the meeting were Mmes. Kennie Jones, Robert Needham and Roy Reed. Seventeen members were present.

Fiber arts are explained

Mrs. Buddy Henderson presented a program on fiber arts for the Iowa Park Lioness Club Thursday evening in a meeting held in the home of Mrs. Keith Aulds.

She discussed the traditional fiber arts first and displayed two intricately-woven articles, the handwork of friends. One of the articles was a man's silk and cashmere sport coat done on a leclerc loom; the other was a coverlet done in a double weave on the most complex loom known to man.

Mrs. Henderson continued by discussing the contemporary fiber arts which she said "give freedom of expression the traditional arts did not have." To prove her point, she showed some basketry weaving which is more soft sculpture than the traditional container which characterized her baskets made of cane and sea grass twine.

A loom in the setting held one of Mrs. Henderson's finished weaving products titled "Storm on Ocean," and on another loom, she gave a short demonstration of modern weaving. She showed samples of the homespun yarn that she uses, also the accessories and the needles and crochet hooks that she makes herself to expedite her work.

Mrs. Wm. Nunn gave the devotion on "How to Make Faith Effective" and concluded with a poem "Six Sermons Walking."

Miss Judy Aulds presented a piano solo, "Rondo" by Clemente for the arts number.

Mrs. Sam Hunter directed the

business. The members voted to contribute \$100 to the Friendly Door for a service project.

A nominating committee composed of Mmes. Sam Hill, D.O. James and Grover Cleveland was elected.

An Easter motif was carried out on the lace-laid refreshment table.

Actors, musicians to appear Saturday

A group of talented actors and musicians of the Maranatha Repertoire Company, now touring for their sixth year, will appear at the Church of God Saturday at 7:30 p.m.

All young people are students at Southwestern Assemblies of God College located in the greater Dallas Fort Worth metroplex. They have performed in over 700 auditoriums, camps, churches, civic centers, conventions, parks and youth rallies throughout the United States, Europe, Canada and Mexico.

Dennis Whaley is the director and originator of the group. Maranatha has just recorded their second longplay album entitled "Our Fondest Memories". Their video ministries are now being used in several different languages abroad. They won the 1977 superior rating from the Texas Junior College one-act play contest and have plans to hold Good News Crusades in Europe again this summer.

The group will be sponsored by the young people of the church and the public is invited.

SCOTT SANDERS and HOLLY HUGHES

Announce engagement

Mr. and Mrs. Pete Hughes and Mr. and Mrs. Billy Sanders announce the engagement of their children, Holly Hughes, and Scott Sanders. The date of the wedding will be June 28.

Miss Hughes is a senior at Iowa Park High School where she belongs

to Home Economics Co-Op and works at Kidwell Elementary School as a teacher's aide.

The future groom was graduated from Iowa Park High School. He is employed as a welder at EGI in Wichita Falls.

Judy Aulds is recognized

Judy Aulds, daughter of Mr. and Mrs. Keith Aulds, has been selected as the Student of the Month by the Opti-Mrs. Club.

A senior at Iowa Park High School, she has made the Double A honor roll this year. She plans to attend Midwestern State University and major in accounting.

Judy is the reigning Miss Wichita County Farm Bureau Queen and is employed by Settle Drug Store.

In high school, she has been a member of A Cappella Choir three years and has served as attendance secretary this year. She belonged to the mixed choir and Madrigal Singers one year. A four-year member of the band, she is treasurer this year. She is a member of FHA and HERO 1.

A talented pianist, Judy has been playing for nine years. She received the Outstanding Theory Student award from Mrs. Bill Bates Piano Studio. She also participated in Sonatina, Guild and Baroque Festivals and received superior ratings.

A member of First Baptist Church,

JUDY AULDS

she sings in the sanctuary choir. She lists cooking, swimming and playing the piano as her hobbies.

Moslem world is studied

The United Methodist Women met in the Randolph Clark Memorial Chapel Tuesday morning. The interest center for the program featured a brass cross and open Bible on the altar flanked by tall candles.

Mrs. M.L. Hines spoke on "Our Individual Responsibilities" in giving the Lenten devotion. Mrs. Mike Jackson, accompanied by Mrs. James Sewell, sang "Above the Hills of Time the Cross is Gleaming" to close the devotional period.

Mrs. Travis Smith gave an enlightening talk on "The Islamic Religion and the Moslem World" to highlight the program. She quoted extensively from Dr. Najm Bezigam, associate professor of Middle East Studies at the University of Texas at Austin.

She told of the founding of Islam in the sixth century by Mohammed who later claimed that he had received messages from the angel Gabriel, and the messages were later incorporated in the Koran, the Mohammedan scripture. Mrs. Smith said that the Islamic religion spread throughout the Middle East and the northern coast of Africa and reached Iran in the eighth century where the She-ite sect became the state religion and has remained so ever since.

She remarked that in spite of the differences in Christianity and Islam,

Lion officers are nominated

First reading of nominations for officers to serve the coming fiscal year were read Tuesday at the Noon Lions Club meeting.

Nominations included: Bob Hamilton, president; Grover Cleveland, first vice president; Keith Aulds, second vice president; Bill Steger, third vice president; Richard Hill, secretary; Rollins Woodall, treasurer; James Morris, tailtwister; O.N. Newman, Lion tamer; Lester Brooks and John Sibley, holdover directors; and Clyde Markee and Leo Fields, new directors.

Election of officers will be held April 15, after the third reading of nominations. Fiscal year begins July 1 for Lions.

Program Tuesday was provided by Jeff Shaw, Iowa Park High senior, who explained the details of competition held in persuasive speaking in University Interscholastic League contests. Shaw placed first in the Dist. 4-AAA contest Saturday, qualifying for the regional contest.

Leo Fields was voted in as a new member of the club.

News

Just imagine a meal with home-grown, mouth-watering cucumbers, tomatoes, green beans, bell peppers, cantaloupes, radishes, onions and lettuce.

It's enough to make anyone, especially youngsters, jump with joy. And youngsters can take an active part in growing these tasty treats through a 4-H gardening project.

Jackie Hopkins, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System, says gardening is a good way for 4-H'ers to help their families beat the high cost of living and provide good, home-grown meals. With living costs expected to skyrocket during 1980, a productive garden can help families fight inflation.

Furthermore, a gardening project helps youngsters learn responsibility as well as learn about the growth and development of plants. Through gardening, young people can also learn the basics of insect and disease control.

You don't need a lot of space to have a garden, says Hopkins. You can plant vegetables in tubs or pots or any handy container that has good drainage. A window box can be used to grow lettuce, radishes and beets, and a five-gallon bucket or can is large enough for eggplants, tomatoes and peppers.

Plants grown in containers will have to be watered and fertilized more often than those grown in a typical garden. Soil should be a mix of organic matter, peat moss and sand.

Adequate mixes can be made at home or purchased at local garden centers or nurseries.

Vegetables can also be grown around the edges of flower beds. A border of lettuce, onions, carrots or parsley is attractive as well as edible. Plant tomatoes, peppers or eggplants with taller flowers and put beans or cucumbers against a fence or screen.

The first step to a successful garden is planning. Decide what and how much you want to grow and the garden location. Select a site that will get plenty of sunlight and drains well.

Once the garden soil has been tilled, you're ready to plant your favorite vegetables. Be sure to select adapted varieties. Information on these is available at the county Extension office.

Gardening can be both an enjoyable and worthwhile activity for young and old alike.

Schedule for:

Recreational Activities Center

Mr. Disco will provide music for a dance between 8 p.m. and midnight Saturday.

The RAC will be closed Sunday and Monday, and open 10 a.m. Tuesday and close at 9 p.m. Macrame and belly dancing will be held at 7:30 p.m.

Wednesday through Friday the RAC will open at 9 a.m. and close at 6 p.m. There will be no classes or meetings those days. Next Saturday the RAC will be closed.

Normal scheduling will resume after Easter week.

Party favors FD members

Friendly Door members who were honored Tuesday at a covered dish luncheon and birthday party were Raymond Good, Frances Marshall and Lucille Holm.

New members for March included L.J. Lane, Margaret Williams, Mr. and Mrs. Miles Thompson and Gertrude Harris.

Those who served as volunteers during the month were Beverly Lightsey, Mrs. M.E. Walls, Odessa Callaway and Roberta Cole.

A blood pressure check will be held Tuesday between 9 a.m. and noon under the direction of Roberta Cole.

Members of the Friendly Door are planning a trip to Branson, Mo. May 7. Myrna Robinson, site manager, stated that reservations would need to be made by April 15. Cost of the trip which includes everything but the food will be \$135.

The annual bazaar held Saturday was very successful, according to

Mrs. Robinson. A highlight of the occasion was drawing for the Texas Star quilt which was won by Dr. Richard Carver.

TOPS meets

Mrs. A.J. Wood Jr., who will take office as TOPS Club leader Monday night, appointed committees during this week's meeting.

Those named included Mmes. Randy Heidrich, weight recorder; E.T. Wells, assistant weight recorder; Lloyd Lowe, program chairman; C.O. Dodd, hospitality chairman; Gene Young, contest chairman.

Mrs. Pauline Steele was KOPS Queen and Mrs. Ralph Finney was TOPS Queen for the week.

For the program, Mrs. Effie Walsh read "The Dieter's Prayer". Eighteen members weighed in and secret pals were drawn for a three-month period.

The Living Word

The present revival of interest in the occult is testimony to the spiritual bankruptcy of mankind. Astrology, crystal-gazing, fortune-telling, palmistry and divination are reaching epidemic proportions. Horoscopes are published daily in an astonishing number of newspapers. All kinds of people will talk seriously about their sign in the Zodiac. One of the major weekly newspapers reported of occultism: "Yet for all its trivial manifestations in tea-leaf readings and rituals, for all the outright nuts and charlatans it attracts, occultism cannot be dismissed as mere fakery or faddishness. Clearly, it is born of religious impulse and in many cases it becomes in effect a substitute faith."

The teaching of the Word of God is quite clear with regard to such things. Sorcery was a sin for which persons were put to death under the Law of Moses: Exodus 22:18; Lev. 20:27. Of the person who puts confidence in astrologers and fortune tellers, God said, "If a person turns to mediums and wizards... I will set my face against that person" Lev. 20:6. When the Israelites went to the Promised Land and dispossessed the heathen and superstitious people who had dwelled there previously, God warned them against taking up their evils with regard to the "reading of the stars." "For these nations, which you are about to dispossess, give heed to soothsayers and to

diviners; but as for you, the Lord your God has not allowed you to do so." Deut. 18:14.

Astrology, with its presupposition of the influence of heavenly bodies on human affairs is altogether antagonistic to Christian faith in a personal God who created and controls this universe by the word of his power. Occultism is a denial of the providence of God in the affair of men. It is a form of idolatry in that it replaces the worship of the Creator with the worship of things which have been created. A fact pointed up to the Christian by the present interest in occultism is the felt need of men in our generation to believe that there is a world beyond the one in which we live and that there is some sort of spiritual help available to us as we live out our lives upon the earth. But the satisfaction for such a need cannot be satisfied through astrology and witchcraft. The satisfaction of man's real and deep spiritual longings is found only in the knowledge of the true God of the Bible and His will for our lives. We have all we need through the Bible, prayer and divine providence.
