### Erby Cronister Acquitted of W. H. Barker Murder Charge

#### Verdict Returned After 8 Hours

Erby Cronister, charged with the murder of W. H. Barker, was acquitted Saturday night by the 69th District Court after about eight hours of trial. The trial, postponed after it finally got started after testimony starting Wednesday afternoon and finishing Friday noon Saturday.

Cronister still faces a charge in connection with the murder of C. W. Barker, 53, father of W. H. Barker, slain a few minutes after the shooting. Cronister testified in the trial that he shot Barker on May 6, 1948, on a farm in the county. No trial has been set.

Cronister entered a plea of not guilty to the charge. He was held in the county jail at a stock watering place in the shooting. Cronister testified to testimony in the trial that he shot Barker on May 6, 1948, on a farm in the county. No trial has been set.

Cronister returned from the trial where they had purchased a farm, the morning of the trial. He testified that he shot Barker and an associate of the Barker-Karpis gang. He followed the trial and the trial. He testified that he shot Barker and an associate of the Barker-Karpis gang.

#### Ranger Club Meets Thurs.

The meeting of the Ranger Club will be held Thursday night at the county court room. Herman Meadows, president, has announced. The meeting will be held at the county court room. Herman Meadows, president, has announced.

#### Reward Fund Boosted To \$225 During Week

The reward fund for information leading to the arrest and conviction of the vandals who smashed out the windows of a number of local automobiles on August 19 has grown to \$225, with two other men adding \$75 to the reward fund this week. Information regarding the persons who did this wanton damage may be turned in to the sheriff or may be given to the Herald, where it will be treated as confidential. Sheriff Ray Phagan stated Tuesday that no fresh leads had turned up on the case, but that officers are still working on it.

#### Don Stephenson Gets Appointment To Annapolis

Don Stephenson, son of Mr. and Mrs. J. H. Stephenson, Jr., has been announced by Rep. Eugene Worley for an appointment to the United States Naval Academy at Annapolis.

Kent Henderson of Phillips was named alternate. The Perryton youth was chosen on the basis of competitive examinations, and the appointment is for the fall term of 1950.

A graduate of Perryton high school with the class of 1947, Don is at present a junior at Texas Tech. Rep. Worley has named Richard Lawson and Bob Berry of Amarillo and Veri Neil of Pampa as appointees to West Point. Other Annapolis appointments were James Tipps of Phillips and Tod Persons of Quitaque.

Church services at the Primitive Baptist Church in Perryton are scheduled for Saturday night at 8 p. m. and Sunday morning at 10:30 a. m. with Elder W. A. Chastine of Springfield, Illinois in charge.

A cordial invitation to attend these services is extended to the public.

#### Over Inch of Rain In Area This Week

Well over an inch of rain has been received in the Perryton area since Friday, making things bright for wheat sowing time. The rainfall Friday night was measured at .74 inch in Perryton, with other parts of the county reaping much more. Chester Barnes, in the southwest part of the county, reported a 5-inch fall Friday night. Another 24 inch fell in Perryton Monday night, and 31 inch fell Wednesday morning for a total of 1.29 inches for the week.

NOT QUITE READY—The new gymnasium and auditorium of the Perryton schools will not be ready for the opening of the 1949-50 school term, but is expected to be ready for use in another month or two. The exterior work is virtually complete, and the interior is being completed as rapidly as possible. The seats for the auditorium have been shipped, and the fixtures for the gymnasium are on hand.

#### Ranger Football Squad Preparing for First Game; 48 Candidates Working Out at Night

Coaches Floyd Murry and Lewis Emerick lifted wraps off their 1949 Ranger grid machine this week, and Ranger Field has been alive each night with railbirds out to watch the gridders work out. Workouts are being held at night this week, with afternoon sessions scheduled to begin next week after school starts. After ten days of intensive training at the Western Life Boys Camp at Montezuma, N. M., many of the rough spots are worked off the team, although the emphasis is still on fundamentals.

Perryton faces a rugged schedule this year, with not a "breather" on it. All of their opponents are touted as being stronger than last year, while the Rangers, filled with light and inexperienced players, are given only an outside chance in the district race. The line, as tentatively selected will average only 151 pounds, while the backfield, with 190-lb. John King at fullback, will beat that about five pounds.

The squad numbers 48 boys, and it is planned to work all 48 together, with Lynn Hulsey, B. team coach, working his group on the field with the A squad. Since most of the positions are wide open, there will probably be much shifting of boys from the B squad up to the A squad and vice versa, Murry stated.

#### Dutch Supper to Honor Workers On Celebration

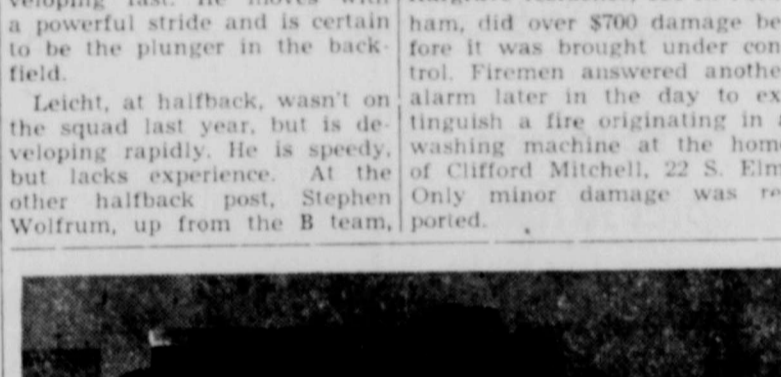

A Dutch supper for the Jaycees and all who helped on the Perryton Celebration this year will be held Thursday night, Sept. 8, in the VFW hall. At this time, the Jaycees will present a check to the Veterans Memorial Building committee, representing the net proceeds of the celebration this year. While final accounting has not been made, the total is approximately \$3,000, stated Dean McCutcheon, general celebration chairman this year.

Firemen Answer Two Calls Here Sunday

#### Firemen Answer Two Calls Here Sunday

The Perryton Fire Department answered two calls Sunday. An early morning blaze at the Jim Hargrave residence, 114 N. Fordham, did over \$700 damage before it was brought under control. Firemen answered another alarm later in the day to extinguish a fire originating in a washing machine at the home of Clifford Mitchell, 22 S. Elm. Only minor damage was reported.

#### Perryton Put Out of Baseball Title Race; Ineligible Players

Perryton's spot in the championship playoffs for the NPAA baseball league title faded away last week and with it came the end of the season for the locals. J. W. Standifer of Cactus, NPAA baseball commissioner, suspended three local players and manager Hank Richardson from league play because of alleged ineligibility of the players. Involved were star pitcher Milton Deason, catcher Glen Muir and outfielder Tom Riley. These three are not legal residents of Perryton, Standifer stated, and are consequently ineligible. He forfeited the Perryton victories over Sunray, Dalhart and Tucumcari, placing the locals down into seventh place. Perryton was tied for third in the league and had they won Sunday over Boise City, would have been assured of a playoff spot. After Standifer's notice that Perryton was counted out of any title possibilities, manager Richardson cancelled the Boise City game. Deason has played for Perryton for two seasons, while Muir and Riley have been members of

#### Another Dollar Day Sept. 7

Another Dollar Day—the monthly savings event in Perryton—will be held Wednesday, September 7. Local merchants have many specials on fall and winter merchandise which have been placed on the bargain counters for this one day only. In this issue of the Herald are contained many of the bargains—others may be found by shopping in Perryton on Dollar Day, September 7.

#### Football Reserved Seat Ticket Sale Starts This Week

Sale of reserved seat tickets for home Ranger football games will open Friday morning, with the tickets placed on sale at the Burk Drug. The Ranger Club is sponsoring the sale of these reserved seat tickets again this year.

The tickets will be sold for \$7.50 each, and the holder of the reserved seat ticket has the same seat for each of the home games. The price is the same as last year, and there are six home games instead of five.

Holder of these tickets must still pay the regular gate admission for each game.

The reserved seat section is in the north stands, between the 40-yard lines.

Proceeds from the sale of these tickets go into the stadium fund, started last year, to construct a new steel and concrete grandstand. There is \$1,812 in the stadium fund at the present time.

#### Six Home Games for Rangers This Year

There will be six home games for the Rangers this year, including conference contests with Hereford, Dumas and Canyon. Three opponents are on the schedule — Clarendon, McLean and Spearman, while Tulia, Canadian and Lefors are missing this year. The season opens Friday, Sept. 9, with Wellington in Perryton. The complete schedule is as follows: Sept. 9 — Wellington, here. Sept. 16 — Shamrock, there. Sept. 23 — Clarendon, here. Sept. 30 — Spearman, there. Oct. 7 — McLean, here. Oct. 14 — Open. Oct. 21 — Hereford, here. Oct. 28 — Dumas, here. Nov. 4 — Dalhart, there. Nov. 11 — Canyon, here. Nov. 18 — Phillips, there. \*Conference games.

#### Examination for Gray Mail Route To Be Held Soon

Announcement has been made of an examination for rural mail carrier at Gray, with the written examination for the position to be given in Perryton. Applications will be accepted at the local post office until Sept. 22, 1949.

On a standard daily route of 30 miles, the salary of a rural carrier is \$2,470, with \$20.00 per year additional for each mile or major fraction more than 30 miles. All rural carriers must furnish and maintain, at their own expense, their own automobile. They are allowed an equipment maintenance of 7 cents per mile.

The Gray route was carried by Bert Manning for many years, and since his recent death, Cody Harris has been carrying the route on a temporary basis since Mr. Manning's illness and death.

#### Voters Approve School Questions

Voters of the Perryton Independent School District, by a heavier than expected turnout, approved Saturday assumption of bonded indebtedness and tax equalization questions involving the district.

The bond assumption proposal was approved, 122 to 40. Vote on the tax rate proposition was 115 to 44 in favor.

The election was made necessary by law, after consolidation of the McMullen, Cedar Blumm, Ridge and Alfalfa common school districts with the Perryton district.

#### Faculty Meeting on Monday; Students Enroll Tuesday and Classes Will Begin Wednesday

The 1949-50 term for the Perryton Public Schools will open on Monday, September 5, superintendent Gilbert Mize has announced. A general faculty meeting will be held Monday, and students will not come to school until Tuesday. On Tuesday, pupils in elementary and junior high schools will enroll, receive their text books and be assigned class schedules. High school students, who enrolled August 29-30, will complete registration and receive textbooks.

School buses will operate Tuesday morning, and school will dismiss at noon that day. Classes for the entire school year will begin on Wednesday, September 7.

Registration places for the elementary and junior high students will be as follows: First and second grades on the main floor of the north building; third grade in the four north rooms on the top floor of the north building; fourth grade on the east side of the top floor, north building; fifth grade on the second floor of the center building; sixth, seventh and eighth grades on the main floor of the center building.

All pupils entering the first grade must bring their birth certificate when they register.

An enrollment of 1,100 students is expected this year, and the faculty has been increased from 45 teachers to 49. Two new classrooms and two restrooms have been made from the old junior high study hall to take care of some of the increased enrollment.

Largest increase in enrollment is in the lower grades. There are five sections in the first and second grades, four sections in the third, and three in the fourth and fifth. Smallest class in the school is expected to be the sophomore class in high school, with about 40 students.

#### Twelve New Teachers On Local Faculty

Twelve new teachers will be on the faculty of the Perryton schools this year, six in the elementary school, one in junior high, and five in senior high school.

New elementary school teachers are Miss Lois Neill, first grade; Mrs. Lola Thompson and Mrs. Flora Waggoner, second grade; Mrs. L. E. Thomas and Mrs. D. T. Trammell, third grade; and Mrs. Jesse Brownlee, fifth grade.

Robert Harlan, art teacher, is the new junior high teacher.

In high school, the new teachers are Frank H. Smith, journalism and English; Miss Madge Hall, English; Mrs. Nell Baummann, home making; Miss Betty Jo Cone, English and history; and Lynn Hulsey, science and physical education.

The complete faculty for the 1949-50 term is as follows: See No. 1, Page 6

### Newsmen Will Be Guests at State Fair

More than 2000 Texas newspaper and radio men will be guests of the 1949 State Fair of Texas when the \$35,000,000 exposition opens Oct. 8 for a 16-day run.

Opening Day is traditionally Press and Radio Day, when newsmen gather to view the newest wonders wrought by the fair and to report them to their readers.

Representatives of virtually all daily and weekly newspapers and radio stations in the state will be on hand for opening day festivities.

A number of Oklahoma newspaper men also have been issued invitations.

Most of the weekly newspaper editors who will attend the fair will wait until they return home to write accounts of the exposition for their readers, but representatives of the big dailies will file thousands of words to their newspapers describing the glories of the 64th State Fair of Texas.

The newspaper and radio men will be guests of the fair at the Texas-Oklahoma football classic; Spike Jones will give them a special late matinee performance of his Musical Depreciation Revue of 1950 in the Auditorium, and Joie Chitwood's daredevil drivers will entertain them with a program of "planned calamity" at the grandstand at 8 p. m.

The visitors will have a professional interest in the exhibition of statewide winners in the competition of Texas press photographers. The display will be open to the public for the first time on Press and Radio Day at the Museum of Fine Arts.

In between these events, newsmen will find plenty to occupy their time as they nose about among the outstanding commercial exhibits, the top-flight livestock show featuring 26 breeds, the special exhibits at the five Fair Park museums, the million-dollar Midway, and the "new look" poultry and agriculture shows.

### T. R. Shirleys Move to Perryton

Mr. and Mrs. T. R. Shirley, former residents, have moved back to Perryton after making their home in Spearman for the past 10 years.

Mr. Shirley was manager of the Equity elevator at Huntoon for several years, then went to Enid with the Union Equity for three years. He then went to Spearman as manager of the

Equity there, but resigned after one year when he purchased the Western Auto Store in Spearman. He sold the Western Auto Store this spring.

Mr. and Mrs. Shirley have a daughter, Gwendolyn, who has finished one year at Wayland College.

Mr. Shirley was president of the Chamber of Commerce in Spearman in 1940 and 1946. He is also active in the Lions Club and Baptist church.

The Shirleys live at 818 S.

Drake, purchasing the recently. At present Mr. Drake's business plans have not been announced.

Mrs. Martha Moore rolled in the San Jacinto School in Amarillo. She leaves Sunday and begins work next Tuesday. She has been employed for a year and a half at W. W. Drake.

Carter is strictly a Brooklyn booster, and believes the Bums will meet Cleveland in the series.

### Local Red Cross Chapter to Hold Program for Vets

The Ochiltree county chapter of the American Red Cross will present a forty-five minute musical program at the Amarillo Veteran's Hospital Sunday, September 4, Mrs. J. F. Cox, local Red Cross secretary has announced.

The Herndon quartet composed of Frank Herndon, Paul Gene Tucker, Rev. John Hulcy, and Troy Boilerjack will entertain with harmony numbers, and Mrs. Jim Anderson and Mrs. Debs Riley will present other vocal selections for the hospitalized veterans.

All local residents interested are cordially invited to accompany the local group of entertainers, and Mrs. Cox has requested that six local men volunteer for escort service to and from the program for wheel chair patients. She added that since the program is scheduled for the same day as the Boy's Ranch rodeo, many local citizens will be in Amarillo and will be able to take advantage of both occasions. The program is scheduled for 10 a. m. and the Perryton Red Cross group will arrive at the hospital at 9:30 a. m.

Persons who wish to assist with the program should telephone Mrs. Cox at 247 or 158.

Recent visitors in the home of Mr. and Mrs. F. A. Talley were Mr. and Mrs. Leo Paris and Mr. and Mrs. W. L. Lard of Miami; Mr. and Mrs. C. L. Gates and daughter, Patsy Ruth of Long Beach, Calif.; Franklin Lee Welch of Santa Ana, Calif.; Mrs. Charles Davis of Gruver, Mr. and Mrs. Talley's daughter, Mrs. John E. Burt of Ft. Worth and their son, Billy Talley of Amarillo and Keith Cloyd of Amarillo also visited in the Talley home.

### Malaya's Police at Full Strength

KUALA LUMPUR—The Federation of Malaya's police force is now at full strength—14,522 men—for the first time since the liberation in August, 1945.

At the time of the liberation the police force strength was 7,663 which was considered 289 below the approved pre-war establishment. With the declaration of an emergency in Malaya as a result of the outbreak of a Communist campaign last year it was decided to bring the total to its present peak.

### Sodowsky Rites Held Thursday, Christian Church

Funeral services were held Thursday afternoon in the First Christian church for Jacob O. "Jake" Sodowsky, long-time resident of Perryton, who died August 23 of a cerebral hemorrhage.

J. W. McKinney, minister of the church, officiated at the services. Active pall bearers were Henry McDonald, Clarence Neufeld, Joy Hergert, Irvin Hergert, A. P. McClevey and Vernon Hergert.

Honorary pallbearers were Sam Hergert, C. F. Jones, J. H. Neufeld, A. C. Witt and Lake Patton.

Born on March 15, 1895, he was a native of Oklahoma and came to Perryton in 1926 from Fairview, Oklahoma. Since that time he had worked as a mechanic and Maytag service man for the Plainview Hardware Co., except for one year as a mechanic for the O. O. Cox Implement Co.

He farmed land just east of Perryton for many years.

Survivors include his wife, Opal, and daughter, Mavalyn; a sister, Mrs. John Goss, Temple City, Calif., and three brothers, Evans Sodowsky, Van Nuys, Calif., T. J. Sodowsky, Ringwood, Okla., and Melvin Sodowsky, Huntington Park, Calif.

Out-of-town relatives present for the funeral services were T. J. Sodowsky, Ringwood, Calif., Mr. and Mrs. Willard Sodowsky, Fairview, Okla.; Lee S. Sodowsky, Ringwood, Calif.; Donald Sodowsky, Wichita, Kansas; Mr. and Mrs. Alvin E. Pate, Brownfield; A. E. Pate, Brownfield; A. W. Pate, Denver; L. D. Pate, Morris L. Pate and J. C. Pate, San Antonio; Mr. and Mrs. E. J. Reynolds, of Hereford; Mrs. Atwood Crosson, Tyler.

Mrs. Laura Elmore visited ten days in the homes of Mr. and Mrs. J. W. Smith and family of Greenville, Mr. and Mrs. Arvin Johnson of Garland, and Mr. and Mrs. George Smith of Dallas.

**GIFT HORSE.** Harriet Carter, sweetheart of Palo Duro Canyon who recently was named "Wheatheart of the Nation" at Perryton, is shown here as F. W. (Fist) Ansley, chairman of the Palo Duro Boosters Club, makes her a present of General Patton, the horse she has hired and ridden through the Canyon's beautiful trails for the last several years. The 18-year-old Amarillo beauty wanted to buy General Patton with part of her \$200 "Wheatheart" prize money, but the Palo Duro Boosters wouldn't take her money.

## Ford Dealer In National Safety Contest

Gene Akers has entered the A. & B. Motor Co. in a \$100,000 car safety contest sponsored by the Ford Motor Co. The local Ford agency is one of 6,400 Ford dealers throughout the nation who has entered his dealership in the contest during September and October.

In order to participate in the contest, motorists must bring their car or truck, of any make, to the local firm for a safety check at absolutely no cost or obligation. Free checks will be made on the brakes, steering, headlights, rear and stop lights, tires, windshield wipers, muffler, glass, horn and rear view mirror.

A safe driver reflector insignia will be placed on the car or truck and the motorist will be given a safety blank to participate in the contest.

The motorist must then complete in not more than 50 additional words the following statement:

"All cars and trucks should be safety-checked periodically because

Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords including five Ford trucks; 25 \$1,000 U. S. Savings Bonds, 100 \$100 bonds, 200 \$50 bonds and 350 \$25 bonds.

he was sure such a tour must have initial approval by military occupation, government and international soccer officials.

"You can't just decide to call in the Germans for an exhibition tour," he said. "First you must get the military authorities to agree to allow one. That, in this case, would be up to the British. Then you have to get the German government people to agree that the players should make the trip. Then the U. S. State Department must give its permission."

Besides that, the soccer executive says, there are sportsmen who must approve all this. Formal application must be made to the New York state Soccer association. This must be approved by the U. S. Soccer Football association.

One thing Dr. Manning says must be considered is how the Germans would be received by the Americans — the players they'd meet and the spectators who'd watch them compete. This would be the first time Germans have played here since the war.

Kraus said he was very interested in getting Germans to play in the United States. In return for the German visit, Kraus said, arrangements might be made to send one of the 26 major teams of the German-American Football association to Germany for an exhibition tour next summer.

The German-American Football association is an organization comprising American players of varied extraction. It won a War Department service flag during World War II. In all, 2,100 youths who belonged to the group fought in the war, 24 suffering casualties, Kraus says. The association has been functioning since 1923.

## German Soccer Team May Tour the U. S.

**U. S. Newsfeatures**  
NEW YORK—Provided a series of official barriers are crossed successfully, a Hamburg, Germany, soccer team will make a cross-country exhibition tour of the United States next spring.

Harry Kraus, president of the German-American association here, one of the largest soccer

groups in this country, says the tour will be arranged "in the interest of international sportsmanship."

However, Dr. G. Randolph Manning, foreign relations director of the United States Soccer Football association, says "there are many bridges to cross" before such a tour becomes a certainty. Dr. Manning, a council member of the International Football Federation, which controls soccer in 63 countries, said

## Red Oats Have Proved Good On Texas Fields

**COLLEGE STATION**—In general, the strains of red oats, or improved varieties derived from crosses of red oats, have been found satisfactory under Texas conditions. The Red Rustproof group is the most widely adapted, says Dr. J. E. Adams, head of the department of agronomy, Texas A. & M. College System. The early-maturing Fulgham varieties are adapted only to spring seeding in certain areas, although newly-developed varieties derived from crosses on Fulgham, are adapted to either fall or spring seeding.

The Red Rustproof group are a moderately hardy, winter-type adapted to either fall or spring seeding over most of Texas. They are well adapted to grazing without injury to the crop. While not truly rust resistant, rust develops more slowly and they are usually injured less than most rust-susceptible varieties. They are resistant to Helminthosporium blight. New Nortex is a pure line strain grown extensively in the South, and recommended throughout the North-Central and Rolling Plains areas. Ferguson 922 is a similar strain. Ranger, Rustler, Alber and Camellia are leaf (crown) rust-resistant varieties of this type which are adapted to South Texas. They are lacking in cold resistance and should not be grown north of the Austin area.

The Fulgham group are nearly as winter hardy as the Red Rustproof strains, but are more susceptible to sudden freezes because they respond more quickly to periods of warm weather. Growth is more upright and they are damaged more by grazing than winter types. Frazier, Kanota and Fulton are strains of Fulgham recommended only for spring seeding in the Panhandle. Fultex is a leaf-resistant variety especially suited for combining harvesting. It produces grain of high test weight and is well adapted to fall or spring seeding in the Rolling Plains area, and for spring seeding in North-Central Texas. Victorgrain is very similar to Fultex but has not yielded as well under Texas conditions.

The most winter-hardy varieties of oats are Wintok, Fulwin and Tennex. They produce prostrate, narrow-leaf winter growth similar to winter wheat. Because of their high susceptibility to rust, they are not well adapted to Texas conditions. Mustang is a new variety, in the winter-hardy group, and is resistant to leaf rust. It approaches Fulwin in winter hardiness and has also yielded well from spring seeding at Denton. (Seed of this variety is not yet commercially available.) Stanton is a yellow-grained variety resistant to leaf rust but susceptible to Helminthosporium blight. It has given satisfactory yields in the North-Central and Rolling Plains areas and is slightly more winter hardy than New Nortex.

These oat variety tests are being conducted by the Texas Agricultural Experiment Station and the Bureau of Plant Industry, Soils and Agricultural Engineering, USDA, in cooperation with the station superintendents at Denton, Temple, Greenville, Iowa Park, Chillicothe and Stephenville. I. M. Atkins, agronomist, at the Denton station is the small-grain research leader.

The county extension agents or the nearest Experiment Station can supply the per acre yield figures for the varieties tested. The information is given in progress report 1164, Texas Agricultural Experiment Station, April 1949. Your local county agent can also supply you with information on the prevention and control of rusts, smut and Helminthosporium blight.

The state name of Arizona comes from two Indian words—"ari" meaning small and "zonac" meaning spring.

## Sol Frakes, Early Day Resident, Dies In Calif.

Sol Frakes, an early day settler of the Gray community, died on Friday, August 19, at his home in Huntington Park, Calif. He was the brother of Mrs. George W. Powers and of Mrs. H. K. Skeen who died in Beaver last May.

Mr. Frakes came to Gray in 1904 and proved up a claim that

he still owned at the time of his death. He also worked as a barber in Perryton at various times.

A few days before his death he told friends that the happiest days of his life were those spent on his homestead and that he had never met as fine people as those living in the Panhandle.

The science of geography is due largely to developments started by Alexander von Humboldt, a German scholar born in 1769.

### Reflectors Must Be Installed, Say Patrolmen

A check made by state highway patrolmen Jack Shields and Bob Loving last week revealed that about half of the pickups in this area do not have the required red reflectors at the rear of their vehicle, and are consequently violating the state law.

"We haven't filed on any of those vehicles checked," Shields stated, "but we will after a reasonable time in which to secure the reflectors."

Shields pointed out that use of the reflectors is a safety factor just as much as the stop lights and tail lights. Proper equipment on all vehicles plays a large part in reducing accidents, Shields added.

The four-county area covered by patrolmen Shields and Loving has one of the best records in the state for traffic safety this year, with only one fatality, and that one a tractor accident on a Perryton street.

The patrolmen credit the cooperation of the residents of this area with the reduction of accidents this year.

### Dance Saturday Nite at Spearman

A dance, featuring the Western Swing Kings, will be held Saturday night, Sept. 3, in the Spearman Memorial Building.

Admission is \$2 per couple. The dance, which starts at 8:30 p. m., is sponsored by the Hansford county VFW post.

The Perryton baseball team for over 10 years. They are, however, ineligible to play for Perryton in the NPAA league. The league residence rules, drawn up this year, specify that a player must reside within 20 miles of the team he represents.

While the Sunray protest was made on August 7, the Perryton team was not notified until August 26, after they had won two more games, from Dalhart and Tucumcari. Richardson stated that the first he knew of the protest was a letter received Friday from Standifer.

There is no appeal in the commissioner's decision. It is final.

Cronister and Cook testified that the elder Barker reached for a gun which was on the cowl of the truck, and that Cronister grabbed his rifle from the rear of the Cook jeep and shot Barker. Then, they testified, young Barker grabbed the gun and Cronister shot him.

Witnesses for the state testified that when they reached the Barker truck, the gun in question, a .22 cal. rifle, was resting with the stock across the steering wheel column and the barrel hanging from a thong under the glove compartment.

Photographs taken on the scene by W. H. Lance showing the position of the gun, were not admitted as evidence.

The Cronister gun, a .270 Winchester rifle, which he surrendered to Deputy Ray Phagan on the day of the shooting, and the Barker rifle were introduced as evidence.

First witness in the trial was Sheriff Ray Phagan, who testified that Cronister came to his home at noon on the day of the shooting and told him that he had just shot Bill Barker and his son. The second witness, Ira Thornton, county road employee, told of finding the Barker bodies about 26 miles from Perryton, just off the Perryton-Canadian highway. The bodies were identified to him as those of the Barkers by Mrs. Cronister and her brother, Joe Parrack, who came along a few minutes after Thornton and Jay Moore arrived on the scene, he testified.

Mrs. Cronister, Ralph Cook, the key defense witness, W. H. Lance, J. H. Callihan and Ralph Hale were also witnesses.

In the line, Dean Morgan and Mickey Huston, lettermen, man the end posts, Laurel Lovett and Lowell Buxton, both freshmen, may break into the lineup soon.

At tackles, there are 140-lb. Donald Hedgepath and 157-lb. Bill Melvin. Hedgepath was a rugged guard last year, while Melvin is up from the B team. Frank Dutcher, Don Dietrich, and Dickie Stewart, all freshmen, are pressing these two very closely and will certainly see a lot of action.

The guards are Alfred Carter and Dean Mayberry. Carter, who played in the backfield for the B team last year, is the hardest worker on the squad and has grown a lot during the year. Mayberry, regular last year, was one of the best linemen on the team and is a fixture at the spot this year.

Close behind these two are Dan Mayberry, who is in his first year of football, and Ed Melvin, up from the B team.

A fixture at center is Delbert Trew, regular last year, who seems more rugged than ever and who will direct the defense.

Several more boys are expected to join the squad when school starts.

The first game is Friday night, Sept. 9, when the Wellington Skyrocks invade the Ranger Field.

### Volunteer to Be Counted As Allotment

Volunteer wheat will not be considered as allotment wheat until it matures and it can be grazed out during the winter and early spring, but it must be cut before the heads form grain.

This was one of the things learned last Thursday at the district ACA meeting in Amarillo, where administrators from 17 Panhandle counties met to have the current government support and allotment program explained.

If volunteer wheat is allowed to mature, the farmer automatically goes out of the support program, it was explained.

Another aspect of the allotment program was brought out which will concern several local wheat growers. If the farmer has three tracts of land, for example, two in Texas and one in Colorado, and decides to follow the allotment on two tracts but not the third, he is considered a non-cooperator on all his land.

Elliott Lee, county ACA secretary, stated that when measuring of wheat fields starts probably in January, only the portion seeded to wheat will be measured — not the "leave out" ground. If a farmer plants all his land to wheat and intends to plow up the "leave out" ground later, he is out of the program, Lee stated.

The only way wheat can be planted for pasture purposes is to mix it half and half with barley, oats or rye, Lee explained.

### Cars Damaged, No One Hurt in Sunday Wreck

Two automobiles were damaged, but no one was injured in a collision which took place early Sunday morning on state highway 70 about 12 miles south of Perryton.

Involved in the wreck were Paul E. Britt, driving a 1946 Ford coach, and Ben Hardy, in a 1946 Plymouth coach.

Britt was traveling north on the graded highway, and had Bill Curtis and Charles Richardson as passengers. Britt fell asleep at the wheel, investigating officers stated, and rammed into the back of the Hardy car, also going north.

Considerable damage was done to both vehicles, but neither turned over and no one was injured.

### Three More School Buses

Three more school buses than last year will be used this year to transport pupils to the Perryton schools. There are 13 buses in operation this year, while last year there were 10.

Bus drivers and routes for the 1949-50 term are J. D. Wright, Ridge; Walter Anderson, McMullen; Wayne Cudd, New Hope; T. F. Beard, north of Farnsworth; R. L. Showalter, south of Lone; Jess Daniels, north of Farnsworth; Clyde Devers, Huntoon; Mike Downey, Taz; Ferd Koehn, Farnsworth; Cecil Leicht, Lone Tree; Lonnie McGarrah, north and east of Perryton; Noah Pletcher, south of Lone Tree.

A driver for the Alfa bus has not been secured.

There were 1,445,370 deaths reported in the United States in 1947.

Instead of medals for bravery, soldiers of Annam, Indo-China, in 1640 received orders on the royal treasury for as much meat and other foods as they and their families could eat during the soldier's lifetime.

In 1900, only 4.1 per cent of the people in the United States were 65 years old or older.

In 1900, according to the census there were 1,327,000,000 in the world.

It is now estimated that there are about 11,000,000 Americans 65 years or older.

The earth's population was over two billion, more than double that in 1900.

Teacher's Neatness Lessons Pay Off

BILLINGS, Mont.—(AP)—During her 32-year teaching career, Miss Cora McCormick always stressed neatness to her pupils. That was one reason it distressed her so much when the weeds in her back yard took over and she was unable to cope with them. A neighbor — and former pupil — noticed Miss McCormick's plight. She called other former pupils of the now retired teacher.

Sunday morning at 9 o'clock sharp, former McCormick students began arriving at their one-time teacher's home. The menfolk cleared off the weeds, spaded up the grounds, sowed grass seed and had the new lawn all watered down by noon.

The women cooked food for "lawn party" guests at the house next door.

And all sorts of gifts arrived from other former pupils. There were flowers, a lawn chair, a cancelled bill from a tree surgeon and a guest book signed by three generations of Miss McCormick's former pupils.

Juanita Pietcher was in La Junta, Colo., Saturday night where she visited Dorothy Elgisti and Elizabeth Detwiler, who are nurses aides at the La Junta Hospital. The girls are former classmates of Juanita.

Soviet Has 250,000 Propagandists

MOSCOW—(AP)—There are about 250,000 propagandists of the Communist Party in the Soviet Union. Revealing this, "Pravda" said there had been a large growth in their numbers since the publication in 1938 of the "Short Course of History of the Communist Party of the Soviet Union."

Mr. and Mrs. Worley Adair and son, J. T., and Marie Evans returned home Sunday from California, where they were visiting relatives the past two weeks.

TEXAS POLL Polio Kills Few People. But Is Most Dread Disease to Texans

By JOE BELDEN

Polio kills few people, but it is the most dreaded disease to Texans, according to a statewide survey by The Texas Poll.

The survey indicates that 53 per cent of Texans fear polio more than any other disease. Only 5 per cent of the respondents named cancer as the worst affliction a person can have.

Texans are aware that polio causes more deaths than any other disease. But more than 100,000 Texans are paralyzed by the disease.

What disease or sickness do you think kills the most people in this country?

Heart disease	59%
Cancer	22%
Tuberculosis	9%
Polio	3%
Veneral disease	1%
Miscellaneous other	4%
Don't know	6%

The above tables add to more than 100 per cent because some persons named two diseases.

Answers in the second table indicate that the public is generally well informed as to the main causes of death. The State Health Department reports that both in the country as a whole and in Texas heart disease is the greatest killer, cancer second, apoplexy third, and nephritis (or kidney trouble) fourth.

The widespread fear of polio is way out of proportion to its standing as a killer. Even in bad polio years, like the present, health officials point out that only one in 5,000 Texans is stricken with polio.

Doctors say only 5 to 10 per cent of all those who get polio die because of it. Between 50 and 60 per cent regain their health completely, without being crippled in any way. About 15 per cent are badly crippled. The rest get by with minor physical defects.

Interviewers for The Texas Poll asked each person who said he dreaded polio more than any other disease this question: "Why do you think this disease so bad?" Two out of every three mentioned paralysis as the main reason for fearing the malady, and the rest were of the opinion that it was difficult if not impossible to cure.

Some health officials have begun to worry that fear and panic over polio may get out of bounds, causing more harm than the disease itself. Their only weapon, they say, is to fight this fear with facts.

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 4.

The Golden Text is: "There is a spirit in man; and the inspiration of the Almighty giveth them understanding" (Job 32:8.)  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For as many as are led by the Spirit of God, they are the sons of God" (Romans 8:14.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Spiritual living and blessedness are the only evidences, by which we can recognize true existence and feel the unspeakable peace which comes from an all-absorbing spiritual love" (page 264.)

# Panhandle Girl In Europe

By KATHERINE SHARP

When the Marshall Plan is scheduled to end, calls for increased French agricultural production—125 per cent of prewar—and sizeable exports of wheat, meat, butter and cheese to western Europe.

The French reason that they can never find markets for enough industrial exports to pay for their imports. So agricultural exports are necessary.

The Americans here wonder if France can really increase production as much as planned. Land under cultivation cannot be much increased. So output per man acre, excuse me hectare, must go up. This means fertilizer, machinery, new seeds, new methods, maybe a kind of county agent system.

But the poor weather this summer has dashed hopes of an increase in grain production this year, and a beginning on the French grain export program.

City folks have been having a hard time, too. The reservoirs that feed the hydro-electric plants are low on water. Parisians first had electricity cut off an hour each morning in July. Early this month more stringent rationing was imposed, a reminder of wartime troubles.

The Spanish, suffering a drought since 1945, have tightened rationing of electricity, almost stopping industry depending upon hydro-electric power. Italy, too, has electricity rationing.

In many small French towns, where rural electrification has not yet arrived, water to drink still comes from wells and springs, water for animals from streams.

So many rural French communities have literally seen their water supply dry up. Water has to be hauled in and is now being sold for a few francs—a fraction of a cent—a bottle. Does this remind you of pioneering in the Panhandle?

Tourists have enjoyed the warm, dry weather, except for those that object to temperatures sometimes above 90 degrees. Rain is a sightseeing deterrent, of course.

But some have been shocked by the effect of the drought on the Siene river waters. This almost legendary stream which winds through Paris has been bearing shoals of dead fish. The water has become so warm and the current so slow that gases from the river bed's lime have been released killing the fish.

If this Texan's report on French weather proves anything, it must be that a drought is a drought and the weather's vagaries an intimate and universal concern, on whatever side of the globe you happen to view them.

Mr. and Mrs. Harold Hudson spent from Thursday to Sunday visiting in Pueblo, Colo., with Mr. and Mrs. Robert N. Tipps.

"Sicilian Vespers" is the name given to a great massacre of the French in Sicily in 1282, so-called because they started on Easter Sunday at the vesper hour.

## Buyer's Market?

Much has been sounded recently on the return of the "buyer's market." Some will argue that it has arrived and others will contradict just that. The most apparent effects of it are found in more aggressive selling effort by both manufacturers and retailers, and in lower prices being announced and advertised in many lines. It is certain that this is the way competition works in our supply-and-demand economy.

The old crossroads emporium of a generation or so ago marked the nearest approach to monopoly in merchandising. It was a long trip to the next town, and local consumers had to be satisfied with what goods they were offered and the prices charged. That is not true today.

With arrival of the automobile and good roads things changed. We can and do shop around if we are not satisfied. More and more stores are coming into being. The early chain system pioneered a new and almost revolutionary idea—the idea being to lower the profit made on each sale, and to earn an adequate total profit by increasing the volume of business and speeding up the turnover of stock. The independent stores, faced with chain competition, followed the trend. They brought new and successful ideas of their own into play.

Today, the typical American community, and Liberal is no exception, is a true reflection of the competitive system. Along any city Main street are the chains, the independent, the variety shops—stores of every kind. Each is out to attract more customers—with better advertising, wider stocks, reasonable prices, improved service, more enticing styles, or some other inducement. That is what the "buyer's market" means, which we believe is here today. Majority of the merchants will tell you the same.—Liberal Daily Times.

## Wolf Creek Philosopher Wants Women to Read Constitution Carefully

(Ed. note: The Wolf Creek Philosopher is fooling around with fire this week, trying to give advice to women, but if he doesn't know any better by now, we can't help him, so are publishing his letter.)

Dear editor:  
Since I found me a place last week like I was talkin about out here where I can be in the shade all afternoon without movin regardless of where the sun is, due to the way the trees are lined up, I been spendin considerable time relaxin and enjoyin life, figurin there's not any use in everybody worrin about crops and the state of the world, ought to hold some minds in reserve in case a first-class crisis comes along, and while I was restin I got to thinkin about some of those five-percenters in Washington and the method they use to avoid answerin embarrassing questions.

Say one of em has been caught practically red handed stuffin dollar bills in his pocket and some Senators asks him whose money it was and he just says "on the advice of my council I decline to answer on the ground it might incriminate me," and that seems to settle the matter. Stumps the whole Senate.

According to the newspaper I read this in, this is entirely constitutional, and what I want to know is why this constitutional safeguarded ain't extended to

the rest of the people? It looks now like the politicians and their close friends are gonna get all the deep freezers, ain't no chance for a farmer gettin one, but I don't see any reason why this handy constitutional safeguard has to be reserved just for them. Why can't it be extended to every American citizen?

You take an ordinary hard-workin man like me. Maybe he gets tied up in an important discussion at the drug store or pool hall or cafe and don't get back home at the time he promised and his wife demands to know where he's been.

While he might have a good excuse, sometimes he gets caught off guard a little without no ready answer and if he could fall back on the Constitution and say he refuses to answer on the ground it might incriminate him, he would at least be enjoyin some of the mental privileges of the politicians, don't make no difference if he hasn't got a shot at the deep freezers.

But the trouble with this plan is that there ain't enough women who are familiar with the Constitution. They apparently ain't never heard of that section.

A politician, caught two inches short of red-handed, can lean back in the witness chair, blow a few smoke rings, and decline to answer a pressing question, and the Constitution seems to prevail, but you come home some time at 2 a. m. and try it on your wife.

What this country needs is a campaign to familiarize the Women with the Constitution. It's a great document but just ain't enough women got enough respect for it.

Yours faithfully,  
J. A.

ING THEIR TURN—This long line of trucks, loaded with cotton, are waiting their turn to be at the Port Compress Co. in Corpus Christi, Tex., Aug. 24. Texas' bumper cotton crop has in on this gulf town in such volume that the city's two compresses have slapped on an embargo. Compress is still receiving cotton shipped by trucks, but a wait of several hours is necessary truck can get up to the dock to be unloaded. The other compress will take no more cotton by truck.

**is Fight Market**  
 (P) — The Czechoslovakian government reports it is down the nation's black with sharp prosecutions

and more liberal free market sale of goods without ration coupons. Confiscations of black market goods were reported to have declined.  
 Mobile is the only seaport in Alabama.

**Red Schools Spread Propaganda**

HAMBURG, Germany — (P) — School children in the Soviet Zone are being used to spread Communist propaganda, British military government reported. Letters and drawings made by members of a Soviet Zone Youth Movement have been sent to the British zone in an unusual way. Police at Lauenburg, on the British-Soviet border, found two metal canisters in the river Elbe. The children's letters and drawings were inside the canisters. They were addressed to children in the British zone. West German newspapers have also reported that children in the bizon have received letters from children in the Soviet zone. The west newspapers commented that the jargon used showed that the letters were obviously dictated to the children in class by Communist-minded teachers.

**Cochran 4-H Club Sponsored By Housewife**

WINTERS, Texas—(P) — The Cochran, Texas, 4-H club is sponsored by a housewife — and it's a winner.  
 Mrs. O. D. Bradford of Cochran, near Winters, organized the club four years ago when boys interested couldn't find a man in the community to act as sponsor. "We had to scrape for six members needed to start," Mrs. Bradford, a jolly, dark-haired woman said.  
 "Even the county agent wasn't too enthusiastic over the idea. He had seen others start in and clubs die, so he was afraid ours might do the same. I finally persuaded him to let us try. The more others lost interest, the harder I worked."  
 She did her work well. The West Texas club, in four years, has grown from six to 29 active members. Ages of the boys range from 7 to 18 years.

"Mrs. Brad's boys" better than hold their own in competition with other clubs.  
 Although the Cochran club is the youngest group in Runnels county, it has won the county award for the outstanding club the past two years.

Last year they competed in shows at Dallas, Fort Worth, Abilene, San Angelo, Ballinger and Winters, winning 24 first places, 10 seconds, nine thirds, four fourths and four fifths. They showed two grand champions and two reserve champions.

Sales and prizes brought the boys an income of \$5,762 for the year.  
 "Mrs. Brad" as she is affectionately called by her friends says she isn't the type to "just sit and twiddle her thumbs." Between serving as sponsor and helping her husband in the store and filling station which they own, she finds time to be president of a sewing club, to belong to the Parent Teacher Association and the Band Mother's Club, and to serve as Red Cross chairman in her community. She cans a large supply of fruits and vegetables each year. She is in her thirties.

She is the former Lydia Wright of Weatherford. She attended high school there and worked for her father, who owned a grocery and cafe business. In the early 30's she came to Winters to visit a sister and in 1934 she was married to O. D. Bradford here.

"My ambition has always been eventually to live on a farm and ranch, but now Ob'e Dee, Brad, and I put into practice on our three acres what we learn in club meetings."

Ob'e Dee, the Bradford's 13 year old son, made an enviable record last year with his turkeys, winning a first place at the state fair. Capons, hogs and calves winning places in various shows swelled the list of his ribbons and proved a son could put forth his best effort working under his own mother's direction.

SERUM MAY HAVE CHEATED POLIO OUT OF VICTIM—Peggy Ann Best, 4, Tucumcari, N. M., smiles at her grandfather, Dr. C. O. Molander, Chicago, who gave her a special serum to lessen the severity of polio. She is apparently recovering in a Lubbock, Tex., hospital. Dr. Molander, who came to Lubbock after Peggy's sister, Sandra Jean, 7, died of polio, said the serum, in use 10 to 15 years, reduces the bulbar type mortality rate from 45 per cent down to 18 per cent. It was flown from Deutsch Serum Center, Chicago on his order. (P) Wirephoto

**Dog Goes to The Rescue**

ALTON, Ill.—(P) — Mrs. Pauline Hoffman, her son Gerhardt and her dog Ponto were driving through Rock Spring Park.

Suddenly Ponto began a series of maneuvers that meant he wanted to get out. The car was stopped. Ponto barked away, his ears tuned to faint cries in the distance.

Soon he ran back and, by sound and motion, indicated he wanted company on a return trip. The Hoffmans trailed him. They found a small cocker spaniel trapped in a hole. The best guess was that he had squirmed in after a rabbit and the earth caved in on him. Only his nose and one paw were in sight. He was dug out quickly while Ponto watched, head high and tail wagging.

Mr. and Mrs. Don Mizar are on a vacation trip to Colorado, New Mexico and Kansas. They will return in about ten days.

SCHOOL bells will be ringing soon and it's time to get your children ready for their annual trek back to the classrooms. New books, new clothes and new school supplies are important, but don't forget about better light for home study.

Plenty of good light is needed to prevent eyestrain, fatigue and drowsiness that lead to poor grades in school. See that the lamp your child uses for home study is equipped with bulbs totaling at least 100 watts, and that it is well-shaded to prevent glare. Better light means better grades!

**Here's Ideal Light for Home Study**

Home work's easy with a Better Sight Table Study Lamp like this. Its wide-angle shade and extra-tall standard spread light over a wide area. Its white glass diffusing bowl sifts out harmful glare. Equipped with a 150-watt bulb it provides plenty of light and the right kind of light for safer, easier seeing.

### Weekly Swings of SOUTHWEST FARM MARKETS

(USDA) Higher prices for some products contrasted with declining values on others at southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

All grains scored upturns for the week. No. 1 ordinary wheat sold 4 1/2 cents up at \$2.23 per bushel in bulk carlots at Texas common points. Yellow corn advanced 3 to 5 cents and white 1 to 2. Oats gained 1 to 1 1/2 cents and barley 2 to 5. No. 2 yellow milo sold a nickel higher at \$2.07 to \$2.12 per hundred pounds.

Wholesale dressed beef and pork sold steady to \$1 or more higher than a week ago at eastern markets, and lamb and mutton moderately to sharply higher.

More livestock of all kinds arrived at midwest markets Monday than a week earlier, and

more of all except hogs came in at southwest terminals.

This week's opening cattle prices were mainly unchanged to a little higher than a week before, but some stockers and feeders sold somewhat lower. Stocker yearlings ranged largely from \$17 to \$20 at Texas and Oklahoma markets Monday.

Hog prices were unchanged from last Monday at San Antonio, 50 cents to \$1 higher at Ft. Worth, and 50 to 75 cents lower at Oklahoma City. Top butchers brought \$20 at San Antonio and \$21 at Fort Worth and Oklahoma City.

Dean Slaughter, son of Mr. and Mrs. J. S. Slaughter, left Monday for Lexington, Mo., where he will be a sophomore at Wentworth Military Academy. Dean, former Ranger player, is co-captain of the Wentworth football team this year, and will participate in eight days training camp before school starts.

Quincy, Mass., was settled in 1625 and ranks among the oldest permanent settlements in New England.

FOLKS take a look at those bumper-guard grilles — built as a unit and proof against "locking horns" — and say "Hmmm! Nice!"

They sweep their eyes over tapering fenders, with a suggestion of jet power in their after contours — and say, "That's for me!"

They eye-measure windshields that are 48% bigger and rear windows with 56% more area — and know without being told they can see the road up closer, both fore and aft.

So they say — "That's for me — IF!"

"What does it cost me to get this handy-sized dandy with the roomiest interiors ever found on a Buick Special?"

"What do I pay for high-compression, high-pressure Fireball power from a big Buick straight-eight engine?"

"What's the tag on that swell Buick ride, with coil springing, extra-wide rims, seats between the axles and all that?"

"And what about Dynaflo Drive —"

understand I can have that at extra cost — how much?"

Well, sir, the news is good. Plenty good. Because this honey's priced well under your expectations. It's a straight-eight that's priced under a lot of sixes — over the years your investment will be no more than for any other car.

So better not stop with looking. Better price it too — delivered at your door. Your Buick dealer will give you the figures, even demonstrate.

## Wedding Vows Exchanged August 21 By Rhea Gene Trasper, Burl Rutz

On August 21, in a home ceremony, Miss Rhea Gene Trasper, daughter of Mr. and Mrs. Kenneth Trasper of Booker became the bride of Burl Rutz, son of Mr. and Mrs. Allie Rutz.

Mrs. Marie Thornburg of Liberal, Kansas, aunt of the groom, read the service at four o'clock in the home of the bride's parents.

"I Love You Truly," and "Because" were included in the program of music played by Miss Clarice Brown, pianist. The traditional wedding marches were used.

Vows were exchanged before the fireplace in the living room which was banked with pink gladioli. Baskets of gladioli and greenery stood at either side.

Given in marriage by her father, the bride was attractive in a street length dress of cream colored satin, with brown accessories. A corsage of red roses completed her ensemble.

Miss Alice Marie Purer, maid of honor, was dressed in blue satin. She wore a corsage of white carnations.

Russell Eccles served as best man. For her daughter's wedding, Mrs. Trasper chose a black afternoon dress. Mrs. Rutz, mother of the bridegroom, also wore black. Both wore white corsages.

Following the ceremony, the bride party was honored at a reception. The serving table was covered with a white satin cloth, appointed in crystal and centered with the wedding cake.

After the bride cut the first piece of cake, Mrs. Milford Rutz served the cake and Mrs. Dwight Trasper served punch.

Mr. and Mrs. Rutz will live on a farm east of Booker, where he is engaged in farming with his father.

## Hi-Bid Club Meets at Woods'

## Glarner-Ellzey Vows Exchanged In Impressive Ceremony On August 26

RAYMONDVILLE, Aug. 27—A formal ceremony in the First Methodist Church last evening at 8 o'clock united in marriage Miss Jean Mary Glarner, daughter of Mr. and Mrs. Milo J. Glarner, and Rev. Charles Homer Ellzey, son of Mr. and Mrs. Tom V. Ellzey, 2400 Tyler, Amarillo. Rev. H. J. H. Ellzey of Willsboro officiated at the double-ring ceremony, assisted by Rev. W. Clark Ellzey of Columbia, Mo., both brothers of the bridegroom.

Baskets of cream gladioli and candelabra bearing lighter tapers formed a background of palms formed the decorative setting.

Preceding the service, Henry Griffin, of McAllen, organist and cousin of the bride played "To the Evening Star" by Wagner and "Liebestraum" by Liszt. Michael Wilkomirski of McAllen, violinist, played "Meditation" from "Thais" by Massenet and "Serenade" by Schubert, accompanied by the Mr. Griffin. Lawrence Ellzey, brother of the bridegroom, sang "O Promise Me" by De-Koven and "O Perfect Love" by Barnby. The traditional wedding marches were used.

Attending the bride were Miss Joan Glarner, cousin of the bride and maid-of-honor, Mrs. Robert West Parr of Denton and Mrs. Marlin C. Harris of Cameron, bridesmaids, and Miss Kathryn Jane Glarner and Miss Carolyn Ann Glarner, sisters of the bride and junior bridesmaids.

Their gowns were of aqua taffeta, designed with high ruffled necklines, jabots and deek yokes extending over the shoulders. Their bouffant skirts were caught up in back with a bustle effect, and their mitts and bandeau bonnets were matching net. They carried arm bouquets of pink roses.

Tom V. Ellzey, father of the bride, was flower girl. Her dress was identical to those of the bridesmaids, and she carried an aqua net basket filled with rose petals.

Ushers and groomsmen were Gerald Sensabaugh, Jr., of Dallas, Robert V. Parr of Denton, Dr. Marshall Packard and Glen Harding. Given in marriage by her father, the bride wore her maternal grandmother's gown, fashioned in 1893. It was again worn by the bride's mother in 1925.

The dress, of gloria silk, was styled with long leg-o-mutton sleeves edged in lace. The stayed fitted bodice was finely tucked to a high waistline and the fullness above gathered into a shirred yoke of Valencia lace. The yoke was cut with round neckline and outlined with a narrow petal-like shirring of the same lace which also formed the short, full peplum. The heavily-lined circular skirt, gathered in the back giving a slight bustle effect, extended into a demitrain.

The bride's cathedral-length veil of cream illusion fell from four lace bandeaus in cap effect and outlined with clusters

## McMillen Club Plans Weiner Roast Sept. 3

The McMillen HD club met in the home of Mrs. John Schoonover on Thursday, August 25. During the business meeting it was decided to have a wiener roast at Ellis Matthews' at 7:30 o'clock on Saturday, September 3.

An interesting report on 4-H camp at Cimarron Canyon was given by Joyce Schoonover. She told about the "reflector ovens" used at the camp, stating that these were V-shaped pieces of bright metal which reflect heat from the campfire to both sides of food being cooked, causing both sides to brown evenly at the same time.

Members present for the meeting were Mesdames J. H. Woodward, G. E. Blackwell, J. Q. Davis, Lester Barnes, Sam Justice, John Schoonover. Guests were Mesdames Earl Organ, Dewey Allen and Laura Thompson.

## Miss Billie King Shower Honoree

Complimenting Miss Billie Louise King, fiancee of Olen Smith, a bridal shower was given last Friday evening in the home of Mrs. Augusta Mae Collingsworth, 222 Ash, who was assisted in the entertaining by Mrs. Margaret Mizer.

The refreshment table was lace covered and centered with a crystal punch service. Punch, mints, nuts and cookies were served to twenty-four close friends of the honoree.

### Lois Burger and Arlyn Heusinkveld Are Wed in Impressive Ceremony

Candelabra and arrangements of gladioli against a background of palms formed the decorative setting for the marriage of Miss Lois Burger, daughter of Mr. and Mrs. G. A. Burger of Perryton, and Arlyn Heusinkveld of Preston, Minnesota on the afternoon of August 21.

Dr. K. C. Behr of McPherson, Kansas, officiated at the double-ring service in the Waka Church of the Brethren.

"Always," "Bells of St. Mary's," and "Ah, Sweet Mystery of Life" were included in the program of music, played by Max Shank of Abilene, Kansas, preceding the exchange of vows.

Miss Pauline Best of Cloud Chief, Oklahoma attended the bride as maid of honor. Her dress was pink worn with a corsage of cream gladioli. Bridesmaids were Mrs. Eldon Gurley and Miss LaVerne Burger, sisters of the bride. Mrs. Gurley's dress was pink and Miss Burger wore blue. Both wore corsages of white carnations.

Miss Verla Hummer and Miss Beth Heusinkveld, sister of the bridegroom, lighted the candles. Little Miss Anne Burger, niece of the bride, was flower girl.

Donne Trammel of Preston, Minnesota was best man. Ushers were Melvin Christy and Jesse Holloway, of McPherson, Kansas; Eldon Gurley and David Burger, brother of the bride.

Mrs. Melvin Christy was in charge of the guest book at the church. Given in marriage by her father, the bride was gowned in white satin fashioned with a fitted bodice, square neckline and draped bertha. The long fitted sleeves terminated in points at the wrists, and the full skirt extended into a chapel train.

Her veil of illusion edged in lace, fell from a satin half hat emperored in seed pearls. She carried a white prayer book topped with yellow roses and showered with stephanotis and satin streamers.

Mrs. Burger chose a green crepe afternoon dress with brown accessories, for her daughter's wedding. Mrs. Heusinkveld wore blue crepe with white accessories. Both wore corsages of American Beauty gladioli.

Following the ceremony a reception was held in the home of the bride's parents. The mantle was banked with gladioli with candles on either side. Baskets of gladioli and greenery were used as further decoration in the living room.

The bride's table was laid with a white cloth and ornamented with the wedding cake. The top of the cake was decorated with wedding bells and joining hearts. The cake was framed in yellow rosebuds.

## Impressive Double Wedding Ceremony On Tuesday, August 16 at Apostolic Faith Church Unites Couples

Solemnized August 16 at 8 o'clock in the evening at the Apostolic Faith church was the double wedding of Misses Ruby Erlene and Florence Elizabeth Peterson, daughters of Mr. and Mrs. C. O. Peterson, Ruby Erlene was wed to Gilbert Linville Cowart, son of Mr. and Mrs. L. M. Cowart of Houston, and Florence Elizabeth exchanged vows with Joe Billy Sparks, son of Mrs. F. B. Burks of Milano, Texas. Rev. Earl Morgan, Meridian, Mississippi, officiated at the double-ring service.

The vows were exchanged before a trellis of huckleberry and fern. Flower girls were Judith Pletcher and Bonnie Holdeman. Train bearer was Daryl Kile, cousin of the bride and ring bearer was Charles Peterson, brother of the bride.

The attendants wore pastel colored dresses and carried bouquets to contrast with their gowns. Ushers were Robert Peterson, Winston Decker, Tommy Pletcher and George Decker.

The brides were given in marriage by their father. Ruby Erlene chose a dress of white bridal satin, fashioned with a fitted bodice, high neckline and yoke of illusion edged with white sequins and self covered buttons down the back, with long fitted sleeves. The full skirt extended into a cathedral train.

The bride veil of illusion fell from a tiara of satin embroidered with white sequins. She carried a bouquet of red roses and satin streamers.

Florence Elizabeth was gowned in white bridal satin. The bodice was fitted, with a high neckline and long fitted sleeves tapering into points. A tunic extended into a long train. Her veil was of illusion, lace edged and fell from a coronet of satin emperored in seed pearls. Her bouquet was of red roses showered with satin streamers.

## Dinner Party Is Compliment To Hurn Visitors

Mrs. Paul Neihoff, Beverly Hills, Calif., and Miss Lillian Spikes of Rogers, Ark., were honored Tuesday evening with a 7 o'clock dinner party at the Perryton Hotel.

Yellow roses decorated the table for 16 guests. Places were marked for the honor guests, Mr. and Mrs. W. C. Sanders, Mr. and Mrs. Warren Jenkins of Higgins; Mr. and Mrs. Ray Thomas, Mr. and Mrs. Jerome Woods, Mr. and Mrs. Van W. Stewart, Miss Doris Jines, Coke Harlow, Mike Murphy and the host.

### Lipscomb County HD Women Hold Annual Camp

LIPSCOMB — Lipscomb county home demonstration women held their annual encampment at Lake Marvin Wednesday and Thursday of last week with Mrs. Ed Burton, recreation committee chairman, as program leader.

A watermelon feed at the picnic area was the first attraction followed by group singing, games, and swimming.

The Wednesday evening program consisted of group singing directed by Mrs. Burton, a telephone conversation between two old maids by Mrs. Beatrice Dixon and Mrs. Clyde Pugh, a cracker eating contest by Mrs. Leo Schwab and Mrs. Edward Akers, story by Mrs. Chris Peil, games directed by Mrs. Fred Born and Mrs. Edward Akers, a track meet directed by Mrs. Ed Burton, a Negro minstrel by Mrs. Ed Burton and Mrs. Ray Altmiller, and devotional by Mrs. Ray Altmiller.

The Thursday morning program started with a hike, followed by written games. Mrs. Fred Born gave a demonstration on making trays.

Mrs. Ray Altmiller, chairman of the yearbook committee, led a discussion on the 1950 program for home demonstration clubs.

The following women enjoyed the outing: Mrs. Leo Schwab of Higgins, Mrs. Ray Altmiller of Darrouzett, Mrs. Ed Burton of Darrouzett, Mrs. Charles Herron of Follett, Mrs. Fred Born of Follett, Mrs. Jake Herber of Follett, Mrs. Edward Akers of Loland, Mrs. Beatrice Dixon of Lipscomb, and Mrs. Clyde Pugh, home demonstration agent.

### New Zealand Makes Loans to Veterans

AUCKLAND, New Zealand — (AP)—The New Zealand Government has loaned ex-servicemen \$258,000,000 for rehabilitation since World War II ended. Loans were made to buy farms, houses, businesses, and furniture.

Canada, with an area of almost 4 million square miles, covers a surface almost as large as Europe and larger than the United States, excluding Alaska.

Mr. and Mrs. Paul Loffin visited friends in Oklahoma City over the week end. Mrs. George Simmons of Amarillo accompanied them.

Young people of the Perryton Mennonite Church who attended the Mennonite Youth Retreat, held last week at Pueblo Mountain Park, near Beulah, Colo., were Donna Sweigart, Allene Wagner, Wilma and Margie Pletcher, Joe and Lonnie Kauffman. Wilma Pletcher served as matron in the girls dormitory during the retreat. They all reported having had a nice camp with plenty of studying, work, fun and good food.

### County Council Meets Saturday At Club Center

The Home Demonstration Club Council met Saturday in the Club Center with Mrs. John Schoonover, council president, in charge.

A report was given concerning the recent food sale held, and it was revealed that \$73.55 was the net profit.

Achievement Day will be held on Saturday, September 17, it was decided. All club members should attend bring something to be displayed, stated Mrs. Schoonover. The exhibits may be clothing, fancy work, hobbies or canned food, Mrs. Schoonover added.

Members learned at the meeting that Mrs. Virgie P. Wheeler, former HD agent, has completed a new home in Dumas and is having open house on September 6. She has invited her Ochiltree county friends to attend.

Attending the council meeting were Mesdames Martin McCarter, J. H. Woodward, Mike Downey, Etta Waggoner, Betty Downey, Norman Swink, Delbert Davis, Robert Loving, T. M. Osborne, J. E. Haden, Jim Latham, O. J. Crain, Allen Wagner, Geo. Rogers, Errol Flathers, J. H. Callihan and John Schoonover.

### Booker HD Club Presents Radio Program Saturday

"Preparing Chicken for the Freezer" was the subject of a Booker Home Demonstration club program over Station KEYE Saturday morning.

It was pointed out on the program that freezing will not improve the quality of chicken, but that many of the good live-bird qualities can be lost through incorrect methods of processing. Careful selection of a healthy bird, free from deformities, was stressed, and starving the bird from 12 to 14 hours before killing was recommended.

It was brought out in the discussion that the chicken should be hung by the feet and the jugular vein cut for proper bleeding. The third lobe of the brain should be pierced to loosen the feathers so that the bird can be plucked without hard-scalding.

The semi-scald method was recommended on the program with water at only 130 F. This method keeps the skin free from scalding and gives a much better color than when water at higher temperatures is used. The method also provides less dehydration of the carcass while in storage, the Booker club women told their radio audience.

Body heat should be removed quickly from the chicken and each piece wrapped in cellophane, it was recommended on the program. Air should be forced from each package and the end closed. Wrapping of each piece of chicken in cellophane will keep the air away from the meat and make it possible to remove pieces of the chicken without thawing the entire package.

Individual cellophane packages should be wrapped in a piece of aluminum foil with the large package placed in a stockenett covering to protect the foil. The label should give the name of the product and the date locker. Persons using a commercial locker should also include the number of the locker on the label. Chicken should be stored at 0 F. or lower temperature.

Participating on the program were Mrs. Max Blau, president of the Booker Club; Mrs. Max Suess, Mrs. Sam Robertson, Mrs. Henry Bechthold, and Mrs. Clyde Pugh, home demonstration agent.

Also included on the program was a vocal selection, "In the Garden of My Heart," by Mrs. Ivan Allen who was accompanied by Mrs. Henry Bechthold.

## School Opens Sept. 5

School days are here again — and with them the need for more than usual driving care. Think of each child in your path as your own—then cross that intersection, or turn down that street. Be careful!

Ochilree county has an outstanding safety record during school months. During recent years no deaths of school children have been caused during school hours by motorists. Continue this good record by constant, careful, alert driving. Parents, instruct your children to "look" before crossing any street.

**Balko FFA Boys Complete Cattle Spraying Project**

A total of 5,070 head of cattle were sprayed for flies during the summer months by the Balko FFA chapter, reports Bob Meisner, vocational agriculture teacher and chapter sponsor.

The spraying was done with a portable power sprayer unit, owned and operated by boys of the chapter.

702. Other boys who aided considerably in spraying operations were Galen Sargent, Thomas and Jack Wilson, Roy Kerns and Van Bartel.

The spraying was done as a community service with a number of buildings, farm premises and other livestock being sprayed.

The sprayer will be operated again next summer, and it is hoped that better service and insecticides will make it a better program, stated Meisner.

### 'Man and the Atom' Feature Of State Fair

"Man and the Atom" is the first display of this kind anywhere in the state. It is being shown at the State Fair at Oak Ridge, Tenn., from Sept. 8-23. W. H. Hitzel, president and general manager of the fair, has...

able future of atomic energy and which looks 25 or 50 years into the world of tomorrow. It reveals the principles of the Nuon plant around which industrial and other community life of that time will be centered. "Nuon" is a coined word combining the first syllables of nuclear and energy.

IN THE GOOD OLD SUMMERTIME—Judy Garland and Van Johnson exchange notes in the new musical, "In the Good Old Summertime", which comes to the Ellis on Tues.-Thurs., Sept. 6-8. The story concerns Judy, as an employee in a music store and Van as head clerk, with plenty of songs and music to help their romance along.

### 'In the Good Old Summertime' Is Garnished With Song Hits

Judy Garland follows up her big success in "Easter Parade" with another romantic comedy, "In the Good Old Summertime," which comes to the Ellis on Tues.-Thurs., Sept. 6-8.

### Takes Long Jaunt On Bicycle

NEW DELHI—A French cyclist arrived here recently after an 8,000-mile cycle tour covering 14 countries in eight months. He is on his way to Saigon.

Thirty-eight-year-old Lionel Brans set out from Paris Nov. 14. He travelled on a specially built bicycle with carriers attached to contain his clothing, food, water and spare parts. Himself a cycle manufacturer, the purpose of his tour is to prove the capabilities of his own machine. He also hopes to set up factories in the Near East and Asia.

In a talk to pressmen here, he said he was twice waylaid by bandits — once in the Yugoslav-Bulgarian border and later in Jordan, but he managed to escape. He encountered severe cold weather in Iran, necessitating his stay in hospital for a fortnight.

New York City is the dominant money center of the world, with annual banking transactions exceeding 300 billion dollars.

### Rabies Found In One-Fourth Of Head Tests

AUSTIN, Texas — The Texas State Department of Health during the first seven months of this year has a record of the examination of 2709 animal heads for rabies and of this number almost one fourth were found positive, said Dr. Geo. W. Cox, State Health Officer.

Rabies is transmitted to man through a bite or having a cut exposed to the saliva of a rabid animal. If a person is bitten, the offending animal should be penned, if possible for a period of at least ten days. If the animal is in the infective stage, he will die within this time. This does not mean that he may not be in the noninfectious or incubative stage and develop rabies later. All dogs bitten by a rabid animal should be confined six months. If it is necessary to kill the animal, this should be done in such a manner that the brain is not destroyed.

When sending a head to the State Laboratory it should be put in a container, sealed and packed in ice to prevent decomposition.

Dr. Cox said that rabies is a hard disease to eradicate, but that it could be done if all owners would have their dogs vaccinated each year and eliminate all stray dogs. If you have a dog, get him vaccinated the same as you have your children immunized against diphtheria and smallpox.

Rabies is commonly supposed to be a disease of warm weather, but it is more prevalent during the spring and fall because the dogs congregate and move about more, therefore the chance of exposure is greater during this time. It is true that more dogs are killed during the summer months, but the percentage of rabies is low.

### True Story of Treasure Hunt Told In Film

The true story of the search for \$20 million in treasure cached in the fabulous Lost Dutchman gold mine in Arizona's Superstition Mountains is told in "Lust for Gold," new picture coming to the Ellis on Sun.-Mon., Sept. 4-5.

Based on Barry Storm's book, "Thunder Gods Gold," the picture narrates a story of violent men and a lusty woman in the grip of a force more powerful than any of them, as they commit every crime in the book in the desperate game which has \$20 million in gold as its prize.

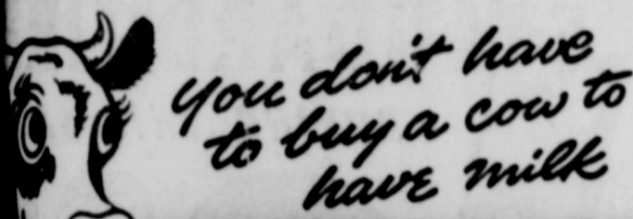

Glen Ford co-stars with Ida Lupino in the story.

**ADMITS SLAYING**—Sandra Peterson, 23, (above), former Massachusetts reform school inmate, has been charged with murder in the Aug. 25 slaying at Brady, Tex., of Lewis Patterson, Brady real estate man. She is shown after her arrest at San Angelo. She admitted in a signed statement to District Attorney Ralph Logan that she shot Patterson and left him in a ditch to die after the Brady man gave her and a girl companion a ride. (P Photo)

#### Low Blocking On Way Out

**UP Newsfeatures**  
HOT SPRINGS, Ark. — The practice of hitting 'em low is on its way out as far as football blocking is concerned, believes Notre Dame Coach Frank Leahy. "The defensive linemen are coming in higher than they used to," he told students at a coaching clinic here. "Consequently, the blocker has to aim higher. "Another advantage of blocking high in the T formation is that the blocker's face is in the defensive man's face. If his vision is so blocked, the defensive man can't see what the quarterback is doing with the ball."

The Bible was translated into the Gothic language almost 400 years after the death of Christ.

**MOANIN' MATTY**—Matty Bell, coach of the SMU Mustangs, is singing the blues this year, as usual, says his team will lose four games. The rest of the conference has his outfit tabbed as the ones to beat for the title.

**DOAK WALKER**—The big reason why the SMU Mustangs are scheduled to win their third SW conference football title this year is Doak Walker. The talented gridder, two-time all-American, is now a senior, a fact which relieves the other conference coaches no end.

#### Navy Plebs Face Seven

**UP Newsfeatures**  
ANNAPOLIS, Md. — The Naval Academy Plebe eleven will play seven games this fall, all at home. The team, unbeaten last season under Coach Ben Martin, is coached by Momdr. Asbury (Red) Coward of Wynnewood, Pa., this season.

Coward's assistants are Pete Williams of Miami, Fla., Bill Weir of Kerrville, Tex., Beaves Baysinger of Syracuse and Ken Knoelzen of Franklin, Pa., all members of the 1948 varsity team and currently ensigns since their graduation last June.

The schedule: October 8, Adm. Farragut Academy; 22, William & Mary Freshmen; 28, Bainbridge Naval School. November 5, Duke Freshmen; 11, Pennsylvania Freshmen; 19, Bulls School; 24, Wyoming Seminary of Kingston, Pa.
