THIRD HIGH SCHOOL CONFERENCE

Citizens to Give Career Tips to Pupils Thursday

Colorado High students Thursday will learn first hand about careers in 13 vocational and professional fields.

It will be the school's third annual Career Conference, sponsored by Colorado City Chamber of Commerce in cooperation with school and student officials.

Counselors for the special career guidance will be business and professional men and women from Colorado City.

Students will attend two 50-minute sessions — their number one and two choices in vocational fields — for the special counseling.

The two conference sessions will follow a general assembly in which Dr. Morris Wallace, head of education department at Texas Tech, will be principal speaker.

General vocational and professional fields in which the

students will receive first hand data and tips include:

General business, secretarial business, skilled trades for men, skilled trades for women, homemaking, medical, teaching, engineering communications, agriculture, fine arts.

Dealers and Service Men Attend Dinner

Myers Auto Parts, in cooperation with Ramco Piston Ring Company, sponsored a dinner for 42 automobile dealers and service men in Civic House Party Room Thursday night.

professional and social service.

Directing the Career Conference are the Chamber of Commerce education committee, chaired by Supt. Frank Wilson; Charles Graham, principal of High School, and the High School Student Council.

The conference will begin at 8:45 a.m. with Dr. Wallace as keynote, emphasizing the place of education for careers.

Immediately after the assembly, the students will divide into groups for counseling in their selected fields. There will be 50-minute sessions for each of two selections.

The 13 broad fields were selected for the conference after a special survey of Colorado High students, who listed 64 specific jobs and professions of interest.

Faculty and student council leaders have met with Chamber of Commerce officials in setting up the conference, which is included as regular school curriculum for students.

In a recent final preparatory meeting were Supt. Wilson, Principal Graham, Billie Bobo, Rhetta Biggs, Annel Holman and Nancy Hamner, students; and Martin Weaver of Kiwanis education committee.

Removed from the conference this year, so the counseling can be completed in half a day is the military.

New for the '58 conference, too, will be a luncheon and See CAREER, Pg. 7

Four Wheels, Tires Stolen From Pickups

Thieves took tires and wheels from four pickup trucks in two nights here during the last week.

One wheel and tire were taken from each of the vehicles. Three tires were 670x15 size and one was 67x16 according to police.

Three of the thefts took place Monday night. Reporting thefts then were Mrs. Carson Combs, 1224 Locust, from a GMC pickup parked at the Combs home; Grady Beach, 321 E. 11th St., from a Chevrolet pickup; and W. C. Hooks, 544 E. 13th St., from a Chevrolet pickup.

Fourth theft was reported by J. M. Beechum 1024 Chestnut, from his Ford pickup over the weekend.

Tires taken with wheels Monday night were size 670x15. The Beechum tire was size 650x16.

The flurry of tire and wheel thefts followed reports here last week of loss of hubcaps from a pickup owned by Leonard Henderson.

Also last week two power windows were reported around a car parked in 500 block of E. 16th St. But the pair were gone when police arrived.

FRIDAY AT PRIMARY

Orientation Set For New Pupils

Children who enter the first grade next fall and their parents will have a special orientation Friday at Primary School.

Supt. Frank Wilson said the special pre-schooling will begin at 9 a.m.

All children who will be six years of age on or before next Sept. 1 are urged to attend the orientation with the parents. Lunch in the Primary School cafeteria will be included in the Friday pre-schooling.

The superintendent said letters for the first grade orientation are being mailed to parents who were listed in the last school census.

"However, we emphasize that this orientation is for all children who will be entering the first grade next year and their parents," Wilson stated, "and those who do not receive letters are urged to attend too."

The Friday orientation for first graders will be the second orientation of the week. Tuesday sixth graders moving to Junior High next fall will receive special instructions.

And in between the two orientations will be the annual Career Conference Thursday at Colorado High. Then, Friday night is the annual Colorado High Senior Play.

Infact, May school calendar is just about filled with special events, according to the superintendent.

Orientation for seventh graders moving next year into the eighth grade is scheduled for May 12.

Individual rooms of the third grade will be given special orientation between May 12 and May 16 for their move next fall to Hutchinson Elementary.

May 13 is the installation date for Primary Parent-Teacher Association officers. One-day later, May 14, Hutchinson PTA will install officers.

Annual Wolverine garden party is set for the evening of May 16.

Colorado High's baccalaureate service is scheduled May 18 in First Baptist Church with Rev. Jack Selcraig as speaker.

April High Month for Late Years

Building permits for new construction within Colorado City limits soared past the quarter-million-dollar mark during the first four months of 1958.

Total for all types of building permits — including residential, commercial and additions to existing structures — was \$260,250.

The dollar figure passes the \$300,000 mark when new construction just outside Colorado City is included in the total.

Breakdown of the building permits for construction within the city, according to records of City Building Inspector Barney Wren, show the following for the year's first quarter:

Residential — \$90,500; commercial — \$156,000; additions to existing structures — \$14,250.

The city issued six building permits in January, six permits in February, 10 permits in March and four in April.

Although April counted the smallest number of permits, it was the big dollar month in building values.

The four April permits were issued for \$187,000 in new construction — one of the highest single month totals for the city in years.

Making the big total for April were the following permits:

\$30,000 Phillips 66 service station at corner of Walnut and W Sixth, issued to Oscar Sherman.

\$13,000 brick residence at 1335 Elm, issued to John Harvey, contractor.

\$19,000 residence at 735 E. 16th Street, issued to Ed Marshall, contractor, for John Turner.

\$125,000 remodeling of Colorado City's Baker Hotel, issued to Jess Pierce, contractor, for Worth Investment Company of Fort Worth.

Actual construction work on the new Phillips 66 Station, will not begin until after moving of three frame residences in the 500 block of Walnut.

The station will be another new business location in the shopping area that has developed during the last few years north of the downtown business district. In that development are Corner Drug, Better Cleaners, Safeway, Southwestern Bell Telephone, Bridgford - Steakley Dental Clinic, Shell Pipe Line offices.

SUPPORT YOUR CHAMBER

Your Chamber of Commerce has a membership drive currently underway and we at Southwestern Bell Telephone Co. urge each and every merchant to join! Your Chamber is dedicated to better livability of your community and creating a stronger business and agriculture economy.

The local Chamber, under the able management of Ernest Lormer, has 117 major and minor projects for 1958-59. The program of work was suggested by the people of the community in a series of committee meetings.

And it's up to each of us to support this program of work through our financial contributions and hard work.

Every person has a stake and a responsibility in the community and we at Southwestern Bell Telephone Co. are proud to be members of the Chamber of Commerce working toward a greater Colorado City.

Mother's Day Reminder

Sunday, May 11, will be Mother's Day. Unfortunately, we all won't be able to drop in and wish our Mother a "Happy Mother's Day." The next best thing — as I see it — is to call her on the telephone.

Lots of sons and daughters call home on Mother's Day. That's why I suggest that you place early and call by number. In that way you'll avoid delay.

So don't forget — plan now on a Long Distance call on May 11 to make Mother's special day even happier.

On And Off The Job

On the job, telephone people here in Colorado City have a responsible part in keeping the town's telephone system working properly to serve you.

But quite a few telephone people go even farther than that in serving the community.

For example, Wire Chief Lynn Bishop is a Lions Club worker in his spare time. And office clerk Peggy Williams, is Lions Club Sweetheart of the job.

Whatever our jobs, whatever our favorite community activities, we telephone people share a common interest with you — making Colorado City the best possible place to live in and raise our families.

Call by number. It's twice as fast.

chievous one-winged angel, Pilon.

Richard is one of the most versatile athletes in CHS. He has quarterbacked the Wolves squad for two years. Last year he made Honorable Mention All-District and this year he made second team All-District and Honorable Mention All-Area. His junior year Richard was elected one of the ten most valuable juniors. This year he was chosen the Most Popular Boy at the annual Howl Night presentation.

Jane Merritt, daughter of Mr. and Mrs. D. M. Merritt, portrays the part of Augusta Applegate, an 80 year old, aristocratic, miserly woman. Jane is one of the most active students in Colorado High. She is a three year member of the annual staff. As a sophomore she served as copyist, and her junior year she was assistant editor. This year she is editor of the annual staff. Jane is a two year member of Quill and Scroll. A three year member of the Wolverines, she served the group as secretary for 1956-57 and as president for 1957-58.

Jane was elected as one of the ten most valuable juniors last year. This year she was chosen most likely to succeed at the annual Howl Night.

The three-act comedy-fantasy is a play of subtle humor and quiet charm blended with the inimitable Bettye Knapp's light-hearted touch.

Two angels descend to earth to pick up two elderly souls but their mission is complicated by a mischievous would-be angel, Pilon. The two elderly souls who were supposed to be picked up are Augusta Applegate, a wealthy and sarcastic spinster, and Herman Howell, a kindly retired sailor, played by Joe Maddox.

Herman is ready to go, but Augusta has spent a lifetime accumulating her wealth and naturally hates to part with it.

Unconsciously on the side of the angels, however, is Augusta's two nieces, Orpha Teel played by Nelwyn Moser and Millie Bromsley played by Helen Adams.

The two nieces try vainly to interest Augusta in giving her money to them. Orpha is a social climber and a widow with designs on a rich husband for her grown daughter, Ruthie, portrayed by Elaine Higginbotham.

Another person with an eye on Augusta's money is June, the daughter of Millie and Baxter, played by Melba Rogers. June is engaged to marry a handsome lad, Richard White, portrayed by Barton Smith.

Pilone, in his mischief making, eventually manages things so Augusta gives her money away at just the right moment but not before he gamely manipulates the romances of three couples involved.

Pilone discovers that he has been granted a very special power. He is able to make people fall in love simply with his kiss.

'49 Club to Study Various Current Topics for 1958-59

The 1949 Study Club voted to study information concerning various current subjects for 1958-59.

"Information Please" was named program theme for next year's study at the club's regular business meeting last Thursday in the home of Mrs. Garland Green.

The course of study will include such topics as youth, health, home life, current events and fashions.

During the business session Mrs. Joe Salter, president, presided. Plans were made for the forthcoming barbecue May 16 at the home of Mr. and Mrs. Gwan Strange of Westbrook. The annual fete will be the final meeting of the year and honor members husbands.

The resignation of Mrs. Joe Mundy was accepted with regrets.

The club voted to send Mrs. H. Jene Steakley, as a delegate from the 1949 Club, to the state meeting in Fort Worth which will convene May 4 and run through May 8.

The afternoon meeting opened with members repeating the Club Collect directed by Mrs. Bill Carter, leader.

Members answered the roll call with a safety rule.

"Traffic Safety" — on the highway, in the airway — was the program topic for the meeting.

Mrs. Jimmy Harrison directed a quiz of "Traffic Rules."

Mrs. Willie Landau presented "Traffic Safety in the Airway."

"Worry about our crowded skyways has now become a nightmare," Mrs. Landau stated. "The worst disaster in the 30 year history of American commercial aviation was the collision of two transport planes June 30, 1956, almost three miles up in the thin emptiness over the Grand Canyon."

"The crash rocked the aviation world. It happened near noon on a summer day in normal weather and a reasonably clear sky — and it brought quick death to 128 people."

"Air traffic control, long a worry, has become the bottleneck of aviation," she said. "What holds flying back now is not weather, not speed of sound — not economics, not accidents, but the traffic problem."

"Airline pilots report, on the average, four near misses a day. Flying people are, therefore, trying to do something about it. As traffic increases it grows into a major public affair."

"The supervision of aircrafts is called Airway Traffic Control," Mrs. Landau stated. "Air traffic control might not seem necessary since the sky extends from horizon to horizon and up to outer space."

"The supervision of aircraft at airports is called A. T. C., and the controlled airspace over an airway is a control area — and at an airport a — control zone."

"The Civil Aeronautics Administration of the Department of Commerce operates the Federal Airways System. It includes more than 90,000 miles of airways in the United States, Alaska and Hawaii," Mrs. Landau said.

The hostess served a desert plate following the business meeting and program.

Those attending the afternoon meeting were Mrs. Joe Bell, Mrs. Carter, Mrs. Harrison, Mrs. Jack Jordan Jr., Mrs. Jimmie Kelley, Mrs. Landau, Mrs. Fielding E. Lee Jr., Mrs. Salter, Mrs. Steakley, Mrs. Gwan Strange, Mrs. Fred McKay, Mrs. Jack McKenney and Mrs. Ben Sparks.

The opening prayer was spoken by Mrs. J. B. Buckner. Mrs. Earl McMullen read the calendar of prayer.

Mrs. McMullen presided during the business meeting and members made plans for the circle to sponsor the Intermediate Girls' Auxiliary during G. A. focus week. A progressive supper will highlight the week.

AT SILVER TEA PROGRAM

More Mental Doctors Needed Mrs. Croft Informs '21 Club

A glaring need for more doctors for the mentally ill was pointed out by Mrs. Le-land R. Croft of Odessa last Friday at the silver tea and health program of the 1921 Study Club at First Methodist Church in Fellowship Hall.

"Mental Health" was the program topic presented by Mrs. Croft for members and guests of the club.

Guests were welcomed by Mrs. M. J. Dawson, president. Mrs. Croft was introduced by Mrs. E. L. Dorn. In introducing Mrs. Croft, Mrs. Dorn told the group the idea for the Mental Health Development Association, which was organized by Mrs. Croft, originated in a Sunday school class taught by Mrs. Croft.

"There is no need for more buildings right now in the state for mental patients, but all hospitals are under-staffed," Mrs. Croft stated. "There is only one doctor to 171 patients."

"Each patient sees the doctor for only 30 minutes out of the month."

Mrs. Croft quoted Dr. Menninger, of the Menninger Institute, "Kansas is saving millions by investing in brains instead of bricks."

"Statistics have changed in the last two years," Mrs. Croft emphasized. "Because of outstanding work of Dr. Sloan, conditions at the Big Spring State Hospital are better than they were two years ago, but more staff members are badly needed."

"There is more insanity in United States than any other country in the world."

"One out of every 10 persons in this country will become mentally ill."

Mrs. Croft stated her aim as head of MHDA. "To get legislature to pass laws granting more money for hospitals."

In closing Mrs. Croft spoke of the work being done by Mrs. Nita Tripp, who accompanied her to Colorado City. Mrs. Tripp is an authority on the problem of juvenile delinquency and has done outstanding work in the care of the aged. She spoke of a proposed home for old people.

Mrs. Croft closed her talk with a quotation from the 25th chapter of Matthew.

The tea hour preceded Mrs. Croft's talk.

Mrs. W. R. Martin presented piano selections during the tea hour.

Mrs. Dawson, president, and Mrs. Lee Lavender, incoming president, presided at the tea table.

Those attending the silver tea and mental health program were Mrs. R. P. (Pete) Ainsworth, Mrs. Clarence M. Collins, Mrs. Frank Ramsdell, Mrs. Sam L. Majors Sr., Mrs. Ruth Alhart, Mrs. A. A. Her-rington, Mrs. Charles F. Wakefield, Mrs. Chester Hart, Mrs. Jay McCollum, Mrs. O. E. (Oscar) Rhode, Mrs. Frank W. Wilson, Mrs. U. G. Hard-son.

Also, Mrs. C. L. Root Sr., Mrs. J. F. Quinney, Mrs. Jas. O. Jarman, Mrs. R. H. Rat-liff Sr., Mrs. V. R. Trulock, Mrs. J. L. Pidgeon, Mrs. Joe H. Smoot Jr., Mrs. John H. Chinn, Mrs. Laurence Rudd, Mrs. Carl Echols, Mrs. E. V. Grantland, Mrs. Joh. M. Wor-rell, Mrs. Clay Smith.

Also, Mrs. B. R. Wilkinson, Mrs. J. W. Adams Jr., Mrs. Jess Craddock, Mrs. Alva Hickman, Mrs. Dorn, Mrs. Martin, Mrs. Dawson, Mrs. Lavender and Rev. Clarence Collins.

IN LEGISLATIVE RACE

Temple Dickson States Platform

Temple Dickson announced recently his entry into the race for State Representative of the 91st District, comprising Nolan, Fisher and Mitchell counties.

Dickson was born in Sweetwater in 1934, and was married last fall to the former Kathy Kerbow of Sweetwater. He is now in his last year in the University of Texas Law School, where he is in the top 10 per cent of his class.

He has been on the law School honor roll every semester and is a member of Phi Alpha Delta, honorary legal fraternity.

Dickson did his undergraduate work at the University of Texas, where he majored in government and history. He spent two summers in Washington, D. C., studying government at the American University and working in the capitol.

He is the son of the late R. Temple Dickson, a former state representative and Sweetwater lawyer, and M. I. Dickson, who resides in Sweetwater.

Dickson stated, in making his announcement:

"I believe that I am qualified by education, experience, and personal integrity for this position of trust in our government. I am neither bound nor obligated to any special interest group.

"I have decided to run because it is my conviction that the people of the 91st District want a candidate who will not be unduly influenced by such a group, and one who will represent all the people fairly.

"Due to the current oil situation, and increasing costs in our government, we are told that a new state tax is inevitable next term. I realize that there are many new and legitimate costs; our teachers must be paid adequate, farm to market roads are necessary, but, on the other hand, I believe that many automatic appropriations and expenses could be made more flexible.

"Further, I see situations in the government where there are needless duplications of service and consequent waste. The recent special session of the Legislature cost the taxpayer two million dollars and there was striking lack of accomplishment.

"Consequently before I will cast my vote for an added tax burden upon the people of this district, I must be convinced that the money realized at present is not being needlessly squandered.

"I believe that encouragement by the federal government into areas of traditional state control should be strictly limited.

"As a further step in lessening the dishonesty which has plagued us, I am for putting teeth into our lobby laws (which, at present, they lack), and I would be in favor of requiring legislators, and state officials, to report income and connections with special interest groups.

"If I am elected, I solemnly promise that I will represent you honestly, fairly and conscientiously. I most humbly ask for your vote and support," his statement concluded.

Carter Rites Set Monday In Dallas

Funeral services for Major, William David Carter, 72, will be held Monday, 2 p. m. in Dallas.

Carter died Thursday in the local hospital shortly after suffering a heart attack at his home at 929 Walnut.

Carter, who had lived here about eight months, is the father of Bill Carter of Colorado City, sand and gravel co. owner.

Born in Newfoundland, Oct. 23, 1885, Carter was married to Josephine Burry, July 29, 1915 at St. Johns, Newfoundland.

The Carters came to the United States in 1927 and settled in Corsicana a number of years later.

Mr. Carter was a minister of the Salvation Army, devoting majority of his life to that work until his retirement in 1951.

New Student Officers

These three students will take top offices Monday when Colorado City High's student body officers for 1958-59 are installed. They are, left to right, Jerry Treadwell, president; Judy Bilberry, secretary-treasurer, and Kenny Simmons, vice president.

THREE HOURS FOR JUNIORS

51 Students at Colorado High Take Merit Scholarship Test

Fifty-one Colorado City High junior students took the National Merit Scholarship test Tuesday at high school. Test period was for three hours 15 minutes, from 9 a.m. until 12:15 p.m., according to Principal Charles H. Graham. An estimated five million dollars in merit scholarships and other awards are at stake in the national program, now beginning its fourth year. Approximately \$12,000,000 in merit scholarships have been awarded in the initial three years. Students taking the test here Tuesday were: Glen Houck, Royce Feaster, Eddie Albert, Troy Scarborough, Emilio Ybarra, Ken Oliver, Dorothy Blair, Patricia Neff, Franchon Neils, Ann Lewallen, Nancy Beasley, Joe Carrasco, Don Welter, Dale Mathis, Carolyn Shimer, Joe Merritt, Buzz Cade, Bob Graham, Charles Pruitt, Cal Wayne Moore, Michael Dorn, Jerry Lady, Penny Williams, Jerry Treadwell, Vicki McCabe, Kaye McKinnon, Joan Blassingame, Rosemary Thomas, Joyce White, Nancy Hamner, Mary Hazard, Marilyn Horton, Daisy Adams, Margaret Hubbard, Emma Lea Blassingame, Glenda Brown, Irene Norman, Judy Zimmerman, Billie Edwell, Lucky Merket, Mike Schoolcraft, Johnny Smith, Carl Rhode, Glenda Owens, Kenny Simmons, Glenda Yancy, Rhetta Biggs, Jacqueline Smith, Linda Harrison, Jackie Joiner and Truman Stinson.

The National Merit Scholarship qualifying test is a three-hour measure of educational growth and aptitude. Emphasis, according to Graham, is on broad intellectual skills and the understanding and ability to use what has been learned, rather than on sheer knowledge of facts.

A group of 10,000 students—the highest scorer in each state—will advance to the Merit Scholarship semi-finals next fall. Semi-finalists will then take a second examination.

Those who repeat their high performance on the second examination will become finalists in the program and will indicate their choice of college and course of study. Winners will be announced in spring of 1959 after evaluation of grades, citizenship and extracurricular achievements of the finalists.

The scores may be used in high school to help students make decisions about college and the most appropriate courses to major in. Many students throughout the country, who do not expect to win have registered for the test in order to learn more about their individual strengths and weaknesses.

The test results will however, enable students as individuals, to compare their scores with other students across the nation. The names of all program finalists will be sent to colleges and universities and other scholarship organizations throughout the country. In this way many non-winning finalists are helped in winning scholarships awarded directly by colleges and other organizations.
