

Wheat Prospects Of 1941 Look Better Than They Did Year Ago

AROUND TOWN

Sights and Faces Seen

Miss Estelle Gilliland of San Francisco, Calif., daughter of Mr. and Mrs. Matt Gilliland, was traveling to Hereford on Christmas day by train, and was about 100 miles on her way when the conductor told her to get off the train at Mojave and get a package there for her. The gift was from her father, who wanted to surprise her. He did. The package was sent from Hereford, and Miss Gilliland received it only after considerable scheming on the part of Sank Ramey, who says that this comes under the head of "unusual service."

Merlin Kaul of Westway bought a turkey for Christmas dinner and on Monday before Christmas the turkey disappeared. Mrs. Kaul on her new gathering round saw a turkey near Maurice Tannahill's house just before noon Monday and told her husband about it and he and Jack Hurford went that afternoon to catch it. They spent the entire afternoon chasing that turkey and bore it home triumphantly. Just as they turned in at the gate, the turkey they thought was lost strolled calmly across the road in front of them. And very disgustedly, Mr. Kaul took Tannahill's turkey home. He'd like to forget the incident now, but the neighbors won't let him.

Arch Conklin and son, have just finished several months of work in painting the ledges, frames, ceilings, floors and doors of the 218 outside openings in the Court House. Also included were ledges and cornices.

The Hereford basketball team plays tonight at Amarillo Junior College gym at 8:30 with Canadian River Gas as the opponents. Regular players who expect to go include Bud Posey, Mac Best, Bunky Daniel, Grant Fuller, Jr., J. C. Vaughn, Roger Baumann and Ray Nunn.

Jack Smith Gets Sharpshooter Awards

Jack Smith, son of Mrs. Vera Smith, is evidently doing alright in his work in the U. S. Marine Corp at San Diego, Calif. He has recently won two medals, one giving him sharpshooter rank in pistol and rifle, and one expert rank in bayonet. Jack was third in his group in pistol and second in rifle.

Still Greater Development Of Potato Industry Seen For 1941

With the close of 1940, potato growers can look backward to the greatest year yet experienced by the potato industry here. Total yields, total acreage, and number of growers, all increased spectacularly during the past year, and growers are looking forward to even greater development during 1941.

Last year began with growers unorganized, faced with the prospect of a large crop to harvest and knowing the inadequacy of home methods of grading and marketing. During the year the Hereford Potato Growers' Association was organized, a warehouse was built and washing and grading machinery installed. Still later a second warehouse was built; this one by C. M. Carpenter.

The potato acreage, boosted by growers who came here, is larger than most people estimate. Estimates ranged from 3,000 acres, general

This territory enters the New Year with vastly better prospects for a good wheat harvest than it had at this time last year. This condition is due largely to the ice storm of November which left from three to four inches of moisture in the ground to compensate for the damage to things above the ground.

Moisture last fall came about a month sooner than it did in 1939. At this time a year ago the area was just emerging from the Christmas snow and cold which sent the temperature down several degrees below zero.

A comparatively small acreage had been planted before last November but much has been drilled since; and this area's 1941 wheat crop, if there are no adverse weather conditions, will be harvested chiefly from this late sowing.

The winter outlook for the wheat belt of the United States is also bright. The government estimates that a total of 46,217,000 have been planted as compared with 43,820,000 acres a year ago.

In addition to an acreage increase, the outlook for 1941 as a whole was brightened when the government, as of December 1, reported a general condition of 84 per cent, compared with 55 per cent on the same date a year ago.

A still higher condition prevails today, according to reports of the Santa Fe Railway on their territory, with a good supply of surface and subsoil moisture. The situation all over the Southwest is probably the best in ten years.

Lesson in Perspective for Prospective Pilots

Remember how the railroad tracks seemed to meet in the distance? Well, nowadays a string of airplanes has the same effect. The imaginary line of the wing tips is drawing towards a point in the distance. These are some of the training craft at the "West Point of the Air," Randolph Field, Texas. The planes will be used for training the 500 flying cadets.

Most, But Not All Workers Covered By Social Security Act

All employment except for specifically excluded types of work is covered under the old-age and survivors insurance provisions of the Social Security Act, according to Dewey Reed, manager of the Amarillo Social Security Board field office. For instance, he said, cooks, maids, butlers, chauffeurs, and gardeners, who are employed by private families, are not covered. If these same workers should obtain jobs in hotels, restaurants, service stations or in other commercial or industrial establishments, they would be covered by this Federal Insurance system.

Covered employment, generally speaking, is a job in a factory, shop, mine, mill, store, office, American ship, national or State bank, building-and-loan association, or other place of business. Jobs not covered are, in general, as follows: Agricultural labor; domestic service; Government work; work for an educational, charitable, or religious non-profit organization; work on railroads (this is covered by the Railroad Retirement System); work in the fishing industry; work as a newsboy; certain kinds of professional work; work performed for a son, daughter, spouse; or for a parent if the child is under 21.

Reed pointed out that in order to qualify for monthly old-age primary insurance benefits, a worker (a) must be 65 years old or over; (b) must have worked on a job or jobs covered by the Social Security Act; and (c) must have received a certain minimum amount of pay from such jobs during certain periods of time.

The amount of pay he must have earned to qualify for benefits is \$50 or more in each of a certain number of calendar quarters. The quarters in which a worker earns \$50 or more on covered jobs are called "quarters of coverage," with the quarters beginning January 1, April 1, July 1, October 1.

With 36 building and remodeling permits issued having a total value of \$110,745, according to records of the City Office, Hereford enjoyed one of the largest growths in home and business building that it has had in many years.

The figure is higher than 1939 by about \$7,000, but 1939 had the post office on the list, accounting for about \$50,000 of the 1939 figure. 1940 building was done almost exclusively by home folks and more than doubles 1939's home and business building.

Let's Cook Something

RECIPE FOR CHILI

- 2 pounds ground beef (preferably young)
- 1 large onion
- 1 tablespoon crisco
- 1 tablespoon butter
- 2 heaping tablespoons chili powder dissolved in 1 pint of water
- 1 large can of red beans (or 2 small cans)
- 1 number 3 can tomatoes
- Salt to taste

Melt the crisco in skillet, add onion and brown 15 minutes. Add the meat and brown all together 20 minutes. Put these ingredients in a large kettle and add all the other ingredients plus 1 quart of hot water. Cook slowly 5 or 6 hours, stirring occasionally and adding a pint of water at intervals. It shouldn't be too thick so you'll have to judge the amount of water to add. When finished there should be about one half gallon or three quarts of chili.

Open House Given To Compliment Mrs. White Of Corpus Christi

Among the many happy affairs during the holidays given to compliment visitors in Hereford was the open-house held at the home of Mr. and Mrs. R. L. Borge honoring her sister, Mrs. Charles White of Corpus Christi. Mrs. White was formerly Mrs. J. W. Boultinghouse, wife of the late Rev. Boultinghouse who was pastor of the First Christian Church here for a time. Mrs. White and children, Jimmy and Billie, and another sister of Mrs. Borge's, Mrs. A. L. Sears also of Corpus Christi, have been visiting here the past week.

The Borge home was decorated throughout in Christmas greenery, red candles and flowers. Mrs. F. M. Kester greeted the guests and headed the receiving line which was made up of Mesdames White, Sears and Borge. Mrs. W. E. Dameron presided at the refreshment table which was centered with an arrangement of red flowers against a lace background. Mrs. H. M. Redford presided at the guest book.

Methodist Young People Entertain College Group

Churches of Hereford celebrated the Christmas season with various services and forms of entertainment ranging in all ages from the tiniest with Santa Claus as a highlight to the eldest with sacred programs, white gifts and social gatherings.

One of the highlights for the young people of the Methodist Church was the twilight tea given at the church Sunday evening. With college students home for the holidays as honor guests an informal get-together and program was enjoyed.

The basement of the church was decorated in the Christmas colors and in the red and white of Hereford High School. Miss LaNelle Scheidegger poured tea from a decorated table featuring the red and white colors in flowers, candles and other appointments. Miss Mary Ann Acker and Mrs. W. J. Stanford assisted at the tea table. Others assisting were Mrs. J. B. Jones, Mrs. Hall Beavers, Mrs. H. V. Williamson and Mrs. John McLean.

A program of fun and frolic carrying out the happy Yuletide spirit was directed by Rev. and Mrs. Marvin Norwood. Immediately after the tea the group adjourned to the auditorium of the church where a special service for the young people of the church was presented.

They included Mesdames W. J. Stanford, John Patton, Bruce Plummer, Wes Bradley, Cliff Estes and Mrs. Spradley.

Decorations carried out A & M color of maroon and white. Maroon candles surrounded by Christmas greenery centered the table. Favors were red and white candy sticks attached to place cards.

Holiday Party Given At Roberson Home

Among the holiday parties given during the past two weeks was the forty-two party at the home of Mr. and Mrs. Jeff Roberson Thursday night.

Christmas decorations gave evidence of the season and appointments for the games and refreshments repeated the motif used in decorating. High score award in the games went to R. G. Blue.

Enjoying the party were Messrs. and Mesdames Gordon Witherspoon, Carl Williams, Joe Kendall, Art Manjoet, E. S. Ireland, Hall Beavers, C. E. Young, Earl Lance, Bob Higgins, A. O. Thompson, H. V. Williamson, T. W. Roberson, R. G. Blue, Mrs. Velma Hodges, Mrs. Eunice Caldwell and the hosts.

Among the many holiday parties given to compliment out-of-town visitors was the bridge dinner given Friday night by Mr. and Mrs. N. E. Milburn at their recently completed new home on "B" Street with Mrs. Helen Walker of San Angelo, who is spending the holidays with her sister, Mrs. Knox Kinard, and Mr. and Mrs. Rudolph Zwielf of Shiprock, New Mexico who were guests of his sister, Mrs. Grant Fuller and family, named as honor guests.

Holiday decorations all over the house gave a pleasing background for color contrasts in a Mexican theme with Fiesta shades predominating. The spaghetti dinner with all its delectable accompaniments was served

buffet style from a table laid with a beautiful hand colored cloth, centered with a green bowl overflowing with colorful fruit and lighted by yellow tapers. Small tables for four were laid in bright cloths in the Fiesta colors and the table service throughout was in Fiesta ware.

After the dinner games of bridge provided entertainment with Mr. and Mrs. J. C. McCracken playing high for score awards. Guest prizes were presented to Miss Walker and Mr. and Mrs. Zwielf.

Guests included Messrs. and Mesdames Knox Kinard, R. R. Wills, J. C. McCracken, Sylvester Slagle, J. W. Witherspoon, Glenn Weir, George W. Stambaugh, Grant Fuller and the honor guests.

Batemans Entertain With Holiday Dinner

With the Christmas season comes the spreading of good will and the extending of hospitality and other forms of social courtesies that seem to take on special significance at the Yuletide. One such courtesy was that given by Mr. and Mrs. A. R. Bateman Sunday evening when they entertained with a holiday dinner party at their home on Ross Avenue.

Red and white were combined to carry out the season's colors with poinsettias and pepper plants giving the floral accent.

Guests were served from a large table laid with lace and centered with poinsettias. Places were marked at small tables for twenty four guests.

Those enjoying the lovely affair were Messrs. and Mesdames O. E. Easley, W. L. Davis, J. C. McCracken, J. W. Witherspoon, J. A. Pitman, E. B. Hedrick, H. A. Close, S. P. Rosson, C. C. Ackler, H. K. Fox, Miss Elroyse Pitman, Mac Pitman and the hosts.

plaintiff is the owner in fee simple of the following described lands situated in Deaf Smith County, Texas, to-wit: All of Sections numbers, 75, 85, 95, and 96, in block K-4, and all of sections 5 and 6, in Block K-7 and that he acquired and perfected his title thereto as to and against each and all of the defendants under the ten year statute of limitation and that he is now in possession thereof, and that he has had and held the continuous, peaceable, and adverse possession of said lands, cultivating, using and enjoying the same since July 29th, 1919, down to the present time, during which time said lands have been inclosed with fences, and at no time was there as much as 5000 acres embraced in one enclosure, and that no suit has been filed by the defendants or either of them against plaintiff questioning his right to the possession of said land.

That on June 26th, 1908, while J. D. Thompson was the owner of said lands, he gave the defendant, Colorado, Hereford and Gulf Railroad Company a railroad right-of-way deed across said sections 5 and 6, which is of record in book 3, at page 253, deed records of Deaf Smith County, Texas, 50 feet on each side of a center line to be there-after located by a surveyor, which said deed provided that unless said right-of-way was located, a railroad bed graded and used, within 12 months, from June 26th, 1908, the said lands would revert back to and vest in grantor, and on March 8th, 1909, said Thompson conveyed all of each of said sections of land by deed recorded in book 26, at page 278, deed records of Deaf Smith County, Texas, to J. W. Aylor, now deceased, through and under whom plaintiff's title derived, and the said railroad company did not so use said right-of-way, but has long since abandoned the same.

That on June 15th, 1910, J. W. Aylor, who was then the owner of said six sections of land, executed to Mary L. Thompson a note for \$25,000.00 of said date, due on or before March 8th, 1914, and at said time executed a deed of trust to J. L. Fuqua, as trustee, on said sections 96 and 6 which is recorded in book 16, at page 178 deed of trust records of Deaf Smith County, Texas, and on said date, executed to J. D. Thompson 16 notes, all dated June 15th, 1910, for \$1660.55 each, all due March 8th, 1914, and on said date executed and delivered to said Fuqua, as trustee, his 16 deeds of trust, each to secure one of the said \$1660.55 notes, on portion of said sections 75, 95, 85, and 5, and that said deeds of trust are each of record in the deed of trust records of Deaf Smith County, Texas, in book 16 at pages 179, 180, 181, both inclusive, and pages 191 to 198, both inclusive.

That thereafter all of said notes, together with the deed of trust liens securing them, were sold, assigned and transferred to

the defendant, W. T. Kemper, and although they have all been paid, the said liens securing them have not been released, and constitute clouds on plaintiff's title, and that they are barred by both the four and ten year statute of limitation.

That the said Southern Rock Island Plow Company recovered judgement against W. S. Day for the sum of \$1577.43, with interest thereon and cost of suit, and caused the same to be abstracted and filed and recorded, on January 17th, 1932, in the judgement records of Deaf Smith County, Texas, in book 3, at page 35, and the said defendant and stockholders are asserting and claiming that it fixes a lien on said sections 95 and 96, and clouds plaintiff's title thereto, in that the said Day did not own any right, title, interest or estate in and to said lands, upon which a judgement lien could be affixed, and if it did, both the three and four year statutes of limitation have barred it.

Plaintiff seeks judgement against the above named defendants divesting them of all right, title, interest and estate in and to said six sections of land, and vesting said title and quieting the same in plaintiff; and for cancellation and annulment of said deeds of trust and record thereof and said right-of-way deed, and record thereof, and said abstract of judgment, and record thereof and removing the same as clouds on plaintiff's title to said land.

HEREIN FAIL NOT, and have

you before said Court at its afore-said next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at Office in the City of Hereford, this 30 day of December, 1940.

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF DEAF SMITH COUNTY, GREETING:

You are hereby commanded to summon U. J. Fox, Mittie Fox, W. A. Cullen, Wm. A. Cullen, Lela M. Parks, Lila M. Parks, Henry K. Young, Lela M. Parks, J. C. Meacham, J. E. Clark, Grace Bailey, Ella M. Owens, Harold Johnston, F. H. Leightner and Severt Nelson and the unknown heirs and legal representatives of them or either of them, if she or he be dead; the Colorado, Hereford & Gulf Townsite Co., a defunct corporation, and its stockholders, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County, Texas, to be held at the Court House thereof, in the city of Hereford, on the first Monday in February, 1941, the same being the 3rd day of February, 1941, then and there to answer a petition filed in said court on the 1st day of January, 1941, in a suit numbered on the docket of said Court as No. 2541, wherein Geo. G. Hopkins is plaintiff, and U. J. Fox, Mittie Fox, W. A. Cullen, Wm. A. Cullen, Lela M. Parks, Henry K. Young, Lela M. Parks, J. C. Meacham, J. E. Clark, Grace Bailey, Ella M. Owens, Harold Johnston, F. H. Leightner, and Severt Nelson, and the unknown heirs and legal representatives of either of them, who may be dead; and the Colorado, Hereford & Gulf Townsite Co., a defunct corporation, and said petition alleging in substance that plaintiff sues said defendant, Colorado, Hereford and Gulf Townsite Co., a defunct corporation and its unknown stockholders; and all other of said defendants, and the unknown heirs and legal representatives of them or any or either of them, if they, or any or either of them be dead, in trespass to try title to the following described land situated in Deaf Smith County, Texas, to-wit:

All of Section No. 23, Block K-7, containing 647.2 acres; and for the title to and possession of said land; and in the alternative alleges that on February 24th, 1931, said land was conveyed to plaintiff, by General Warranty Deed, which was, on March 4th, 1931, duly recorded in the deed records of Deaf Smith County, Texas, and on said date under said deed went into possession of said land and has continuously since said date, to the present time, held peaceable and adverse possession thereof, with claim of ownership under said deed, cultivating using and enjoying the same, and paying all taxes thereon, each year as the same became due and payable, and before any of said taxes became delinquent, and in case he did not own said land, and have a good title thereto, as to and against the rights of defendants, he has perfected his title under the five-year statute of limitation.

Plaintiff further pleads that while said section of land was owned by said corporation, it platted the same into a townsite, named it "Scherer" and recorded said plat in the deed records of Deaf Smith County, Texas, and thereafter, by deed dated June 25th, 1909, which is a link in the plaintiff's chain of title to said land; said corporation sold and conveyed said section of land to plaintiff, but recited therein that all of said section was conveyed "same and except about 15 lots heretofore sold by said Company."

That the only lots that had been theretofore so conveyed out of said townsite of "Scherer" are the following lots, to the following parties on the following dates:

Lot 6 & Block 20, to J. E. Clark, on Jan. 11, 1909;
Lot 7, Block 21, to Grace Bailey, on Jan. 11, 1909;
Lot 16, Block 90, and Lot 12, Block 100, to J. C. Meacham, on March 9, 1909;
Lot 1, Block 111, to Lila Parks, on Sept. 5, 1908;
Lot 6, Block 118, to Ella M. Owens, on Dec. 10, 1908;
Lot 6, Block 125, to Severt Nelson, on March 27, 1909;
Lots 1 and 2, in Block 154, to Henry K. Young, on Feb. 10, 1909;
Lots 5 and 6, in Block 51, to Sam Johnston, on March 9, 1909;
"Hotel Lot, Block, Hotel

as, and thereafter, by deed dated June 25th, 1909, which is a link in the plaintiff's chain of title to said land; said corporation sold and conveyed said section of land to plaintiff, but recited therein that all of said section was conveyed "same and except about 15 lots heretofore sold by said Company."

That the only lots that had been theretofore so conveyed out of said townsite of "Scherer" are the following lots, to the following parties on the following dates:

Lot 6 & Block 20, to J. E. Clark, on Jan. 11, 1909;
Lot 7, Block 21, to Grace Bailey, on Jan. 11, 1909;
Lot 16, Block 90, and Lot 12, Block 100, to J. C. Meacham, on March 9, 1909;
Lot 1, Block 111, to Lila Parks, on Sept. 5, 1908;
Lot 6, Block 118, to Ella M. Owens, on Dec. 10, 1908;
Lot 6, Block 125, to Severt Nelson, on March 27, 1909;
Lots 1 and 2, in Block 154, to Henry K. Young, on Feb. 10, 1909;
Lots 5 and 6, in Block 51, to Sam Johnston, on March 9, 1909;
"Hotel Lot, Block, Hotel

Block" to F. H. Leightner, on March 9, 1909.

The said deed is a link in plaintiff's title to said section of land, and said exception in said deed is uncertain of meaning, clouds plaintiff's title to said land, and should be construed and reformed by the court to mean that the above described lots were the only lots intended to, and that were excepted in said conveyance of said section of land.

Plaintiff seeks judgment against defendants for title to and possession of said section of land, such construction and reformation of said deed, and divesting them of the title thereto and vesting and quieting the same in plaintiff.

HEREIN FAIL NOT, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Hereford, this 1st day of January, 1941.

R. L. THOMPSON,
Clerk of the District Court
of Deaf Smith County,
Texas.

HEREFORD

BULL

Here's a Christmas gift idea which was concocted by Gerlie E. Haskett in the Children's County News. She says: "The world would have been better off if someone had given Hitler a defective ladder for a Christmas present when he was still in the paper hanging business."

We all agree that Gerlie has

something, and it is equally interesting to note the wide acceptance given President Roosevelt's speech of last Sunday night. The President hit the nail on the head. Many, many people who were against a third term are in agreement that Roosevelt delivered such an address as no other man in the United States could have originated. Out in this country the people seem to be in unity with his ideas. Unity is something our country needs now more than at any time since 1917. Every day someone tells me that we shall be at war within 90 days. I contend we have technically been at war ever we traded England that first "obsolete" destroyer. Like everyone else, I hope it goes no further than the involving of materials and supplies. If we face two alternatives: War—or the fate of France, I personally favor war. The people of France are just now getting a real taste of what Hitler meant when he de-

clared in "Mein Kampf" that all other peoples than the Nazi would be slaves. Within the next three months France is likely to again take arms in open rebellion, it depends upon how tight the heel of the Nazi boot has clamped down upon them.

Other than the prospects of an armed clash, probably with Japan, the outlook for 1941 seems a little above the average for Deaf Smith County. Prices are going up and if we can just manage to raise a fair crop of cattle, wheat, potatoes, etc., economic returns should be good.

Troy Womble, who observed his birthday on Jan. 1, will on Jan. 28th observe 50 years on the Texas Plains. Troy rolled into Clarendon just 50 years ago on that date; he was riding in a freight car which brought the family belongings from Tennessee. He recalls that the night he arrived marked the "Last Big Indian Scare" in the Panhandle. There weren't any Indians, but everyone thought the Red Skins were running wild and had barricaded to meet the attack. Many old timers will recall this incident, since barricades were erected in Clarendon, Amarillo, Sulphur Park near here, La Plata, Tule Camp and any number of other places.

Are there any collectors of calendars around here? If anyone has a collection which dates away back why not bring it in and let us make a display here at The Brand office. Calendars sure have changed since 1875, that is they have changed in their general art. Calendar collecting would be a swell hobby.

Here's a New Year Wish that makes sense:
HEALTH—enough to make work a pleasure.
WEALTH—enough to supply our needs.
STRENGTH—enough to overcome our difficulties.
HOPE—enough to be confident of the future.
FAITH—enough to make real the things of life.
LOVE—enough to see good in our neighbors.
PATIENCE—enough to toll until some good is accomplished.
