

Health Care Task Force Is Formed In Fisher County

The Chairman of the Fisher County Economic Development Commission, Dr. David Morris, today announced the establishment of the Fisher County Health Care Task Force. The appointment of the health Care Task Force is the second step outlined in the April EDC Health Conference's initial report.

Serving as the committee's first chairman is Mrs. Beverly Rister of rural Fisher County. Mrs. Rister is a computer specialist

with Midwest Electric Cooperative.

Twenty health care professionals gathered in Fisher County in early April and for four days were targeted at helping Fisher County develop an effective health care system that could be copied by other rural counties in Texas and the United States.

The draft report of that conference is to be presented to the new Task Force this Thursday, June 9 at 7:30 p.m. in the

Midwest Electric Cooperative Meeting Room in Roby. Greg Wortham, Legislative Aide to Representative Steven Carriker will introduce the findings of the initial study.

Dr. Morris also announced that through Robert Musgrove at Texas State Technical Institute, a grant from TSTI, Sweetwater, has been provided to the Health Care Task Force. This grant is making available the consultant services of Dr. Ella Herriage of

Texas Tech University and Mr. Ron Stovall of the Texas Department of Health. Their functions will be to provide technical assistance to the citizen Task Force.

In his charge to the Task Force, Dr. Morris asked the members to direct attention towards health services for persons 55 years or older who have lived in Fisher County for 9 months or more during the past year. Morris emphasized that the proposals of the

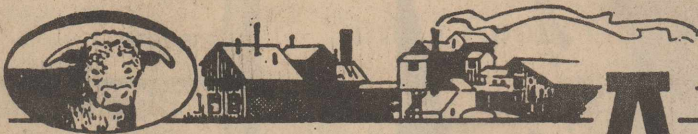

Task Force should be "comprehensive, available, and affordable."

"When in place, our model health care system will serve as one of the two incentives to encourage retired senior citizens to relocate from the urban areas of the U. S. to Fisher County. The second incentive is affordable housing and is the work of another EDC citizens task force."

Chairman Rister announced that the following persons have agreed to serve on the EDC Health Care Task Force: Mr. Frank Mitchell, RISD Superintendent Jimmie Laurie, Dr. Maurice Callan, Sheriff

Mickey Counts, Dr. Jerry Marshall, Commissioner Billy Henderson, Jerry Branson, Mike Harrell, Dr. Alice Pangle, Cleburne Murdock, Mrs. Barbara Patterson, Mr. Charles Meek, Ms. Caroline Hawthorne, Ms. Betty Ehlers, Mr. Bob Rister, Dr. Ernie Adkins, Ms. Alice Ballenger, Mr. Ed Skelley, Joe Dale Burk, Bryan Cooper, Tommie Jack Stuart, Flo McCombs, J. T. Palmer, Alvin Petty, Mr. Pete Hohon, Richard Spencer, Albert Mayberry, Dick Gruben, Barbara Rasco, Jackie Gardener, Harold Patterson, Barbara Hohon, Judy Stephens, and Annie Mae Weems.

State Capital Highlights

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Comptroller Bob Bullock last week predicted Texas will have sufficient revenues to maintain current spending levels without a tax increase for the next two years.

A real plus in the state's economic growth has been helped in part by Texas ranchers and farmers who made \$2 billion more last year.

Ongoing efforts led by Rep. Dudley Harrison and Sen. Bill Sims with assistance from other top agricultural leaders are aimed at increasing those profits.

Simply stated, much Texas produce is shipped out of the state for processing. If it's processed here, more profits stay here.

The Texas Agricultural Diversification Program, passed last session by Harrison and Sims, has \$500,000 to award small grants to firms which can match an amount with private dollars.

The funds are seed money for expanding textile plants, flour mills, slaughterhouses, and retail facilities.

"Kill It Myself"

No state agency will approve grant applications. Instead, a panel comprised of top farm and ranch leaders oversees the funding.

Harrison, a conservative, often called "The Wiley Ol' Fox" by other lawmakers, and Sims sit as ex-officio members to monitor the program's cost effectiveness.

"It's not going to be another give-away. If it's not cost-effective, then I'll kill it myself," Harrison vowed.

Mauro Seeks State Share

Former U.S. Sen. Ralph Yarborough was a key state's witness in a lawsuit last week over whether parties involved in a West Texas oil lease owe the state millions of dollars in delinquent royalty payments.

Texas Land Commissioner Garry Mauro seeks to halt payment of oil royalties to the owners and says the state and owner should split the \$161 million which has been produced by the lucrative four-acre lease since 1934.

Mauro says Texas has received only \$10 million and is demanding the balance be paid to the state.

Yarborough was an assistant attorney general in 1935 when the state approved a deal whereby the owner assigned the lease to another businessman.

The question now is whether the owner illegally assigned the lease to himself behind a dummy operation, a move that Yarborough said, if known, would have killed the 1934 settlement.

Probe Sought for Senator

Though it smacks of politics more than a mission of good government, the Texas GOP called for an official budget probe of state Sen. Richard Anderson, D-Marshall.

After Anderson admitted some-one in his office ran up more than \$1,000 on the state phone bill for calls to his campaign offices, the Republicans asked the attorney general and Travis County district attorney, both Democrats, to investigate all of Anderson's state office expenses.

Political Vendetta

Some veteran observers feel there is a whiff of vendetta here.

In 1986, Anderson narrowly won a Northeast Texas special election which ultimately pitted U.S. Sen. Phil Gramm's realignment movement against Texas Democratic Party chairman Bob Slagle's machine, right in Slagle's backyard.

Since then, Anderson is regarded by some as Slagle's protege senator, and he has hired several staffers also close to Slagle. Anderson was hospitalized last week, but Slagle said Anderson would repay the state for a careless mistake by an overzealous staffer.

The GOP tried to make political hay once before when Anderson was arrested for DWI. Now they'd like to make this an issue all the way to the November balloting, and mudball Slagle to boot.

Other Highlights

- Former Gov. Mark White and his partners have dissolved their law firm which was based in Houston, Dallas and Austin. White hasn't said what line of business he will next pursue.

- Gov. Bill Clements said he would not call a special session in 1988 to deal with school financing, but would wait until the regular session opens next January.

- Supreme Court Chief Justice Thomas Phillips, a Republican, announced endorsements by seven former House speakers: Bill Clayton, Rayford Price, Price Daniel, Robert Calvert, Byron Tunnell, Reuben Senterfitt and Jim Lindsey.

- Secretary of State Jack Rains, the state's top elections officer, drew criticism over his judgment and partisanship after he announced plans to attend the Republican National Convention.

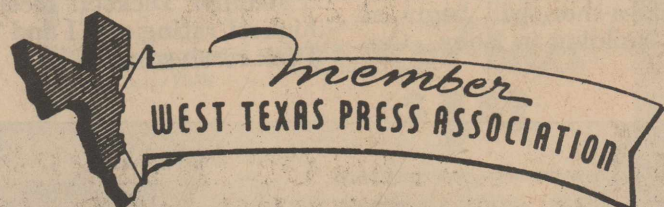

- Federal Judge William Wayne Justice, who wrote the court order calling for reform of the Texas prison system, now has a plan to phase out reform monitoring in 1990.

FISHER COUNTY CHURCH DIRECTORY

How Much Is It Worth?

There is a great difference of opinion about the worth of a piece of art. One man thinks it the worthless scribbling of a child—another may find it to be a masterpiece.

There is a similar difference from one person to another regarding personal values. One may prize honesty above all other virtues, another may feel that loyalty is more important. The kinds of values one holds is strongly conditioned by one's upbringing. The church plays a vital role in shaping these values for those who are fortunate enough to have been reared to attend regularly.

Just as it takes education to appreciate art properly, so it takes a religious education to make moral choices. Don't leave such matters to chance—make sure your children receive the kind of religious education of which you approve. Attend the church or synagogue of your choice this week.

Three Fisher County women have been included in the 1987 edition of *Outstanding Young Women of America*.

Laura Lee Crow, daughter of Mr. and Mrs. Calvin Crow of Rotan, now lives in Dallas and is an executive with Southwestern Bell Telephone Company, and was named to the list of America's Outstanding young women.

Tisa Lynn Lovett, student at Texas Tech University and daughter of Mr. and Mrs. Dwight Lovett of Rotan, was also named to the list.

Elizabeth Jackson of Roby, wife of Coach Kent Jackson and daughter of Mr. and Mrs. Carroll Burham of Lubbock, was also included on the 1987 list.

Now in its 23rd year, the OYWA program is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in many fields of endeavor, such as service to the community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation. Achievements in these areas are

the result of dedication, responsibility, and a drive for excellence-qualities which deserve to be recognized and remembered.

The women listed, along with other outstanding young women throughout North America, were selected after 150,000 nominations were received from political leaders, university and college officials, clergymen, business leaders, as well as from various civic groups, and community organizations.

Each young woman will be represented by her biographical entry in this prestigious annual awards publication.

TAX PLANNING

A FEW BUSINESS IDEAS

Managers of small businesses can benefit from what other small businesses have been through. The following ideas are generated, in part, by the mistakes other businesses have made.

* One day you or your heirs will want to sell the business. See that such a transfer is properly provided for in the following documents:

1. your will
2. a sales agreement to transfer the business
3. insurance to fund a buy-sell
4. a trust if minor children are involved

* If you solicit investment money from outsiders without registering with the proper authorities, you could be in violation of investment laws. Check with your attorney.

* Avoid having a partner if possible. If you can't hire the expertise you need, or borrow the money you need, perhaps a partnership is unavoidable. Keep in mind that all partnerships terminate sooner or later; death, disability, retirement, or disgruntlement will end the partnership.

* Have your insurance agent meet with you at least annually on your premises to discuss all necessary insurance coverage changes.

* Formal employee pension plans for small companies can be very expensive to administer. As an alternative, consider establishing an IRA for each staff member. Even at 6% earnings, a thirty-year-old person can accumulate over \$220,000 in his or her IRA by age 65.

* Let us help you keep your accounting fees at a minimum. We will work with you to plan your record system and to train your staff to do tasks which you might normally pay us to do.

News From Down South

By Bertha Warren

Hello from down south!

Theater On The Brazos met Monday night to discuss the next production and found a lot of excitement about having a children's play, so watch the paper for the title, and time of audition and rehearsal.

Edna Gordon of Snyder went to Florida the first of May to visit her son and family, Giles, and Tonya and granddaughter and was there for the birth of another granddaughter born May 13. Her name is Kali. Mother and baby are doing fine. While there they all celebrated Edna's birthday. She returned home June 3rd. Ernest and Estell O'Donald visited the E.M. O'Donalds Saturday. Also visiting them was Doris Burnett of Sweetwater. Circle has gone to Brady for a few days to see Don, Nancy and family.

Bobby and Frances Morgan went to Pecos Saturday to see their daughter Linda, John and B.J. Clark. They returned home Monday.

Lowell and Helen Thornburg attended funeral services for their friend Mrs. Ray (Clemmie) Shapard at Quitique, Texas Friday. They spent the weekend at Hereford with Marion and Gale Carter and family. Granddaughter Linda came back home with them to spend a few days.

Buster Palmer is in the hospital in Midland. We certainly hope he will be able to return home soon. Mable Warren and Jay and Rose Mary Donham went to Midland Monday to visit him. Mable went to Nita Hendrix then the two of them went to Kermit for her granddaughter Darla Jones graduation. Darla is the daughter of Bill and Lita Jones. They got to see Elmer and Bessie Jones and they were doing fine.

The Sardis Cemetery sure does look nice after the work day Saturday, the 4th. Buster Palmer mowed on Friday then Saturday morning several people worked until noon then had lunch at the community building. Those working Saturday were Alex Noles, Martin, Geraldine, Terry and Tember Palmer. Dutch Parks, P.R. Warren, Rodney Green and Mable Warren. Sure hope I didn't leave any one out as that can be a lot of hard work. Everyone deserves a big thank you for a job

well done. Any one wishing to send a memorial gift or a donation may send it to Geraldine Palmer, Roby, Texas, 79543.

We were saddened last Wednesday night to learn of the death of Lillian Smith "granny" to most of us. We had visited her in the hospital late Wednesday afternoon and she was doing so much better. She had just turned 89. Services were at 2 p.m. Friday at Weathersbee Funeral Home Chapel with Rev. F.E. Healer officiating and burial was in the Rotan Cemetery. She had lived in Fisher County from 1930 to 1952. She moved to Rising Star about 3 years ago from Cimarron, N.M. along with Max and Melba.

Survivors include a daughter Mrs. Max (Melba) Ratliff, a stepdaughter, Billie Burns of Stamford; a brother Finis Ellison of Waco; two sisters, Mary Sutton and Cloe Bailey, both of Rising Star; two grandchildren; nine step grandchildren; 19 great-grandchildren and two great-great grandchildren. She will be missed as she was loved by all who knew her.

Erna Lee Jones of Sweetwater and Carla and Cristi Goner of Sugarland went to El Paso for the graduation of Shelley Goner, daughter of Calvin and Ginger.

Call and let us know what's going on in your world.

PUBLIC NOTICE TO WATER CUSTOMERS OF THE CITY OF ROTAN CITY OF ROBY D.P. & R. WATER CORP. SYLVESTER-McCAULEY WATER SUPPLY SYSTEM

The Environmental Protection Agency (EPA) has adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate and inform consumers on this issue in light of the fact that our drinking water may be a potential source of lead exposure. This is being done even though tests have shown that our water system is not in violation of the current standard.

There are also other potential sources of lead contamination. Lead can accumulate in the body from food and by being inhaled from the air.

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

1. If your home or water system has lead pipes, or
2. If your home

has copper pipes with lead solder, and if the home is less than five years old, or if you have soft or acidic water, or if water sits in the pipes for several hours.

Ways to avoid potential lead exposure are to 'flush' faucets before use and to use cold water for drinking and cooking. You may wish to have your tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing. Lead is a soft metal, dull gray in color. If lead pipes are present they will scratch easily and will be shiny when scratched.

Calculations based upon Texas Department of Health laboratory test results show the water is not in violation of standards. The treated water is not corrosive and, therefore, should not dissolve lead. The City of Rotan, City of Roby, D.P. & R. Water Corp. and Sylvester-McCauley Water Supply System continues to monitor their water to verify that it complies with the standards.

More information can be obtained from the EPA or the City of Rotan, City of Roby, D.P. & R. Water Corp. or Sylvester-McCauley Water Supply System. The EPA has a toll-free hotline dedicated to the subject: 1-800-426-4791. More information is available from the City of Rotan by calling 915-735-2251, the City of Roby by calling 915-776-2271, D.P. & R. Water Corp. by calling 915-735-2562 or by calling the Sylvester-McCauley Water Supply System 915-993-4557.

Snyder-Sweetwater

Hustling Around Hobbs By Joy Walker

We have had another week with almost no rain, but some places like Comanche and Stephenville have had way too much. We sure didn't need all that and we really were lucky to miss all the hail that Abilene got last Thursday.

The little cotton around here looks so good, and a light shower would make it look even better, and still the weatherman predicts rain, so maybe

Mr. and Mrs. David Etheredge and Dustin from Levelland have been here visiting with the J.W. Etheredges. They came Wednesday and stayed until Friday. Skyler and Chase Etheredge (children of Mr. and Mrs. Todd Etheredge of Snyder) visited with their grandparents Friday through Sunday. Randy, Vicky and Cody Etheredge also visited with the Etheredges and their company.

Mrs. Opal Phillips, Mrs. Louise Lemons and Mrs. Bea Hardin all went to Rotan together on Friday and ate lunch there. Saturday, Mr. and Mrs. Rudolph Martinez went to Lubbock and attended the 5th anniversary of the Diocese of Lubbock, to which St. Joseph Parish of Rotan belongs. Sunday they went to the Willow Park Inn in Snyder and attended a retirement party for Parker Wetsel, who is retiring from the REA. They visited with the Steve Warrens after the party. They heard from their son Jeffrey, who is in Germany, who hoped to be home in June, but

now he may not be here until some time in August, so they are all disappointed.

Tuesday we went to the Abilene Diagnostic Clinic at Humana Plaza. Mrs. Donnie Gruben took us, and Mr. and Mrs. Wilber Griben and Evette met us there. We are going in Humana Hospital on Monday and they will be doing some extensive tests on Jimmy.

Wednesday, Mr. and Mrs. Blake Walker from Ennis Creek visited with us, also Brother Pat Anderson and his wife Joyce from Cross Roads. That night Faye and Pat Patterson from Snyder visited for a short while, and Mr. and Mrs. Andrew Williams.

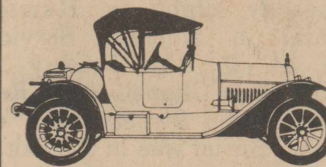

Thursday Mr. and Mrs. Sig

Lloyd and Mr. and Mrs. Harold Caraway all from San Angelo visited with us, and Mrs. Iva Lee Hillis from Sweetwater, and Mr. and Mrs. Blake Walker. So all of Jim's sisters and his brother were here, and we had a real good visit. Mrs. Wilber Gruben came over for the evening. Odell Rains visited with us Sunday evening, and we really enjoyed his visit.

Mr. and Mrs. Doc Davis from Snyder also were here Sunday evening. We are looking for Mark and Melody to arrive here just any time, and Melody plans on staying while Mark will have to return to Lytton Springs because of his school. His is a year round job, so he needs to be there.

I know that I have missed

some of you this week, but had to get this typed before Monday. See you next week.

GIVE YOUR ELECTRIC METER A TURN FOR THE BETTER.

You can slow down the wheels on your Electric Meter and lower Summer Cooling Bills when you follow these helpful tips:

- ☐ Set your thermostat on 78° or higher and use ceiling or portable fans to help circulate the air.
- ☐ Have your air conditioner serviced annually and once a month, check the filter. A dirty filter can keep your air conditioner from working efficiently.
- ☐ Keep doors, windows, and drapes firmly closed to keep cool air in and heat out.
- ☐ Protect ceiling and walls with adequate insulation. Make sure cracks around windows, doors, pipes and wiring are tightly sealed with caulking and weatherstripping.
- ☐ Use heat producing appliances, like ranges, dishwashers, and dryers during the cooler part of the day.
